

were actually fully insured when they died.

(f) The rules are organized in the following manner:

(1) Sections 404.1310 through 404.1313 contain the rules on World War II veterans. We discuss who may qualify as a World War II veteran, how we determine whether the 90-day active service requirement for a World War II veteran is met, what we consider to be World War II active military or naval service, and what we do not consider to be World War II active military or naval service.

(2) Sections 404.1320 through 404.1323 contain the rules on post-World War II veterans. We discuss who may qualify as a post-World War II veteran, how we determine whether the 90-day active service requirement for a post-World War II veteran is met, what we consider to be post-World War II active military or naval service, and what we do not consider to be post-World War II active military or naval service.

(3) In § 404.1325 we discuss what is a *separation under conditions other than dishonorable*. The law requires that a World War II or post-World War II veteran's separation from active military or naval service be other than dishonorable for the veteran to get wage credits.

(4) Section 404.1330 contains the rules on members of the uniformed services. We discuss who may qualify as a member of a uniformed service.

(5) In §§ 404.1340 through 404.1343, we discuss the amount of wage credits for veterans and members of the uniformed services, situations which may limit the use of wage credits for World War II and post-World War II veterans, and situations in which the limits do not apply.

(6) Sections 404.1350 through 404.1352 contain the rules on deemed insured status for World War II veterans. We discuss when deemed insured status applies, the amount of wage credits used for deemed insured World War II veterans, how the wage credits affect survivors' social security benefits, and when deemed insured status does not apply.

(7) Sections 404.1360 through 404.1363 contain the rules on the effect of other benefits on the payment of social secu-

rity benefits and lump-sum death payments based on wage credits for veterans. We discuss what happens when we learn of a determination that a Veterans Administration pension or compensation is payable or that a Federal benefit is payable before or after we determine entitlement to a monthly benefit or lump-sum death payment based on the death of the veteran.

(8) Sections 404.1370 and 404.1371 contain the rules on what we accept as evidence of a World War II and post-World War II veteran's active military or naval service, including date and type of separation, and what we accept as evidence of entitlement to wage credits for membership in a uniformed service during the years 1957 through 1967.

WORLD WAR II VETERANS

§ 404.1310 Who is a World War II veteran.

You are a World War II veteran if you were in the active service of the United States during the World War II period and, if no longer in active service, you were separated from that service under conditions other than dishonorable after at least 90 days of active service. (c) The 90 days of active service is not required if the World War II veteran died in service or was separated from service under conditions other than dishonorable because of a disability or injury which began or worsened while performing service duties.
