

Social Security Administration

§ 404.1910

§ 404.1904 Effective date of a totalization agreement.

Section 233 of the Social Security Act provides that a totalization agreement shall become effective on any date provided in the agreement if—

(a) The date occurs after the expiration of a period during which at least one House of Congress has been in session on each of 60 days following the date on which the agreement is transmitted to Congress by the President; and

(b) Neither House of Congress adopts a resolution of disapproval of the agreement within the 60-day period described in paragraph (a) of this section.

§ 404.1905 Termination of agreements.

Each agreement shall contain provisions for its possible termination. If an agreement is terminated, entitlement to benefits and coverage acquired by an individual before termination shall be retained. The agreement shall provide for notification of termination to the other party and the effective date of termination.

BENEFIT PROVISIONS

§ 404.1908 Crediting foreign periods of coverage.

(a) *General.* To have foreign periods of coverage combined with U.S. periods of coverage for purposes of determining entitlement to and the amount of benefits payable under title II, an individual must have at least 6 quarters of coverage, as defined in section 213 of the Social Security Act, under the U.S. system. As a rule, SSA will accept foreign coverage information, as certified by the foreign country's agency, unless otherwise specified by the agreement. No credit will be given, however, for periods of coverage acquired before January 1, 1937.

(b) *For quarters of coverage purposes.* (1) Generally, a quarter of coverage (QC) will be credited for every 3 months (or equivalent period), or remaining fraction of 3 months, of coverage in a reporting period certified to SSA by the other country's agency. A reporting period used by a foreign country may be one calendar year or some other period of time. QCs based on for-

ign periods of coverage may be credited as QCs only to calendar quarters not already QCs under title II. The QCs will be assigned chronologically beginning with the first calendar quarter (not already a QC under title II) within the reporting period and continuing until all the QCs are assigned, or the reporting period ends. Example: Country XYZ, which has an annual reporting period, certifies to SSA that a worker has 8 months of coverage in 1975, from January 1 to August 25. The worker has no QCs under title II in that year. Since 8 months divided by 3 months equals 2 QCs with a remainder of 2 months, the U.S. will credit the worker with 3 QCs. The QCs will be credited to the first 3 calendar quarters in 1975.

(2) If an individual fails to meet the requirements for currently insured status or the insured status needed for establishing a period of disability solely because of the assignment of QCs based on foreign coverage to calendar quarters chronologically, the QCs based on foreign coverage may be assigned to different calendar quarters within the beginning and ending dates of the reporting period certified by the foreign country, but only as permitted under paragraph (b)(1) of this section.

§ 404.1910 Person qualifies under more than one totalization agreement.

(a) An agreement may not provide for combining periods of coverage under more than two social security systems.

(b) If a person qualifies under more than one agreement, the person will receive benefits from the U.S. only under the agreement affording the most favorable treatment.

(c) In the absence of evidence to the contrary, the agreement that affords the most favorable treatment for purposes of paragraph (b) of this section will be determined as follows:

(1) If benefit amounts are the same under all such agreements, benefits will be paid only under the agreement which affords the earliest month of entitlement.

(2) If benefit amounts and the month of entitlement are the same under all such agreements, benefits will be paid only under the agreement under which

all information necessary to pay such benefits is first available.

(3) If benefit amounts under all such agreements are not the same, benefits will be paid only under the agreement under which the highest benefit is payable. However, benefits may be paid under an agreement under which a lower benefit is payable for months prior to the month of first entitlement to such higher benefit.

§ 404.1911 Effects of a totalization agreement on entitlement to hospital insurance benefits.

A person may not become entitled to hospital insurance benefits under section 226 or section 226A of the Act by combining the person's periods of coverage under the social security system of the United States with the person's periods of coverage under the social security system of the foreign country. Entitlement to hospital insurance benefits is not precluded if the person otherwise meets the requirements.

COVERAGE PROVISIONS

§ 404.1913 Precluding dual coverage.

(a) *General.* Employment or self-employment or services recognized as equivalent under the Act or the social security system of the foreign country shall, on or after the effective date of the agreement, result in a period of coverage under the U.S. system or under the foreign system, but not under both. Methods shall be set forth in the agreement for determining under which system the employment, self-employment, or other service shall result in a period of coverage.

(b) *Principles for precluding dual coverage.* (1) An agreement precludes dual coverage by assigning responsibility for coverage to the U.S. or a foreign country. An agreement may modify the coverage provisions of title II of the Act to accomplish this purpose. Where an agreement assigns coverage to the foreign country, it may exempt from coverage services otherwise covered by the Act. Where an agreement assigns coverage to the U.S., it may extend coverage to services not otherwise covered by the Act but only for taxable

years beginning on or after April 20, 1983.

(2) If the work would otherwise be covered by both countries, an agreement will exempt it from coverage by one of the countries.

(3) Generally, an agreement will provide that a worker will be covered by the country in which he or she is employed and will be exempt from coverage by the other country.

Example: A U.S. national employed in XYZ country by an employer located in the United States will be covered by XYZ country and exempt from U.S. coverage.

(4) An agreement may provide exceptions to the principle stated in paragraph (b)(3) of this section so that a worker will be covered by the country to which he or she has the greater attachment.

Example: A U.S. national sent by his employer located in the United States to work temporarily for that employer in XYZ country will be covered by the United States and will be exempt from coverage by XYZ country.

(5) Generally, if a national of either country resides in one country and has self employment income that is covered by both countries, an agreement will provide that the person will be covered by the country in which he or she resides and will be exempt from coverage by the other country.

(6) Agreements may provide for variations from the general principles for precluding dual coverage to avoid inequitable or anomalous coverage situations for certain workers. However, in all cases coverage must be provided by one of the countries.

§ 404.1914 Certificate of coverage.

Under some agreements, proof of coverage under one social security system may be required before the individual may be exempt from coverage under the other system. Requests for certificates of coverage under the U.S. system may be submitted by the employer, employee, or self-employed individual to SSA.
