

## §416.1044

than decisional accuracy. As a result, the percentage of correct decisions is significantly higher than what is reflected in the error rate established by SSA's quality assurance system.

(b) *Target level.* The State agency initial performance accuracy target level for combined title II and title XVI cases is 97 percent with a corresponding decision accuracy rate of 99 percent.

(c) *Intermediate goals.* These goals will be established annually by SSA's regional commissioner after negotiation with the State and should be used as stepping stones to progress towards our targeted level of performance.

(d) *Threshold levels.* The State agency initial performance accuracy threshold level for combined title II and title XVI cases is 90.6 percent.

### **§416.1044 How and when we determine whether the processing time standards are met.**

(a) *How we determine processing times.* For all initial title II cases, we calculate the mean number of days, including Saturdays, Sundays, and holidays, from the day the case folder is received in the State agency until the day it is released to us by the State agency. For initial title XVI cases, we calculate the mean number of days, including Saturdays, Sundays, and holidays, from the day the case folder is received in the State agency until the day there is systems input of a presumptive disability decision or the day the case folder is released to us by the State agency, whichever is earlier.

(b) *Frequency of review.* Title II processing times and title XVI processing times are monitored separately on a quarterly basis. The determination as to whether or not the processing time thresholds have been met is made at the end of each quarter each year. Quarterly State-by-State mean processing times are compared with the threshold levels for both title II and title XVI.

[46 FR 29211, May 29, 1981, as amended at 56 FR 11023, Mar. 14, 1991]

## 20 CFR Ch. III (4-1-11 Edition)

### **§416.1045 How and when we determine whether the performance accuracy standard is met.**

(a) *How we determine performance accuracy.* We determine a State agency's performance accuracy rate on the basis of decision and documentation errors identified in our review of the sample cases.

(b) *Frequency of review.* Title II and title XVI initial performance accuracy are monitored together on a quarterly basis. The determinations as to whether the performance accuracy threshold has been met is made at the end of each quarter each year. Quarterly State-by-State combined initial performance accuracy rates are compared to the established threshold level.

### **§416.1050 Action we will take if a State agency does not meet the standards.**

If a State agency does not meet two of the three established threshold levels (one of which must be performance accuracy) for two or more consecutive calendar quarters, we will notify the State agency in writing that it is not meeting the standards. Following our notification, we will provide the State agency appropriate performance support described in §§416.1060, 416.1061 and 416.1062 for a period of up to 12 months.

[56 FR 11023, Mar. 14, 1991]

#### PERFORMANCE MONITORING AND SUPPORT

### **§416.1060 How we will monitor.**

We will regularly analyze State agency combined title II and title XVI initial performance accuracy rate, title II initial processing time, and title XVI initial processing time. Within budgeted resources, we will also routinely conduct fiscal and administrative management reviews and special onsite reviews. A fiscal and administrative management review is a fact-finding mission to review particular aspects of State agency operations. During these reviews we will also review the quality assurance function. This regular monitoring and review program will allow us to determine the progress each State is making and the type and extent of performance support we will
