a card which can be used for work will be issued. If the authorization of the applicant to work is temporary or subject to termination by the Immigration and Naturalization Service, the SSA records may be so annotated. If the document(s) does not provide authorization to work and the applicant wants a social security number for a work purpose, no social security number will be assigned. If the applicant requests the number for a nonwork purpose and provides evidence documenting that the number is needed for a valid nonwork purpose, the number may be assigned and the card issued will be annotated with a nonwork legend. The SSA record will be annotated to show that a number has been assigned and a card issued for a nonwork purpose. In that case, if earnings are later reported to SSA, the Immigration and Naturalization Service will be notified of the report. SSA may also notify that agency if earnings are reported for a social security number that was valid for work when assigned but for which work authorization expired or was later terminated by the Immigration and Naturalization Service. SSA may also annotate the record with other remarks, if appropriate.
