

## § 435.50

## 20 CFR Ch. III (4-1-11 Edition)

### REPORTS AND RECORDS

#### § 435.50 Purpose of reports and records.

Sections 435.51 through 435.53 set forth the procedures for monitoring and reporting on the recipient's financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

#### § 435.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients must monitor subawards to ensure sub-recipients have met the audit requirements as delineated in § 435.26.

(b) SSA will prescribe the frequency with which the performance reports must be submitted. Except as provided in paragraph (f) of this section, performance reports will not be required more frequently than quarterly or, less frequently than annually. Annual reports are due 90 calendar days after the grant year; quarterly or semi-annual reports are due 30 days after the reporting period. SSA may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report will not be required after completion of the project.

(d) When required, performance reports must generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis

and explanation of cost overruns or high unit costs.

(e) Recipients will not be required to submit more than the original and two copies of performance reports.

(f) Recipients must immediately notify SSA of developments that have a significant impact on the award-supported activities. Also, notification must be given in the case of problems, delays, or adverse conditions, which materially impair the ability to meet the objectives of the award. This notification must include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) SSA may make site visits, as needed.

(h) SSA will comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

#### § 435.52 Financial reporting.

(a) *Authorized forms.* The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients:

(1) *SF-269 or SF-269A, Financial Status Report.* (i) SSA requires recipients to use the SF-269 or SF-269A to report the status of funds for all nonconstruction projects or programs. However, SSA has the option of not requiring the SF-269 or SF-269A when the SF-270, Request for Advance or Reimbursement, or SF-272, Report of Federal Cash Transactions, is determined to provide adequate information to meet its needs, except that a final SF-269 or SF-269A will be required at the completion of the project when the SF-270 is used only for advances.

(ii) SSA may prescribe whether the report will be on a cash or accrual basis. If SSA requires accrual information and the recipient's accounting records are not normally kept on the accrual basis, the recipient will not be required to convert its accounting system, but must develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) SSA will determine the frequency of the Financial Status Report
