

## § 645.310

## 20 CFR Ch. V (4-1-11 Edition)

uses to support the allocability of regular personnel costs.

(8) *Special standards for third party in-kind contributions.* (i) Third party in-kind contributions count towards satisfying a cost-sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Cost sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost-sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost-sharing or matching purposes must conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it must be fair and reasonable.

(d) *Valuation of donated services—(1) Volunteer services.* Unpaid services provided to a grantee or subgrantee by individuals must be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates must be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) *Employees of other organizations.* When an employer other than a grant-

ee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services must be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (d)(1) of this section applies.

(e) *Valuation of third party donated supplies and loaned equipment or space.*

(1) If a third party donates supplies, the contribution must be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution must be valued at:

(i) the fair rental rate of the equipment or space for property donated by non-governmental entities, or

(ii) a depreciation or use-allowance based on the property's market value at the time it was donated for property donated by governmental entities.
