Food and Drug Administration, HHS

§ 73.2575 Titanium dioxide.

(a) Identity and specifications. The color additive titanium dioxide shall conform in identity and specifications to the requirements of §73.1496(a)(1) and (b).

(b) Uses and restrictions. The color additive titanium dioxide shall be used only for coloring purposes as set forth in the labeling. It shall be free from impurities other than those named to the extent that such other impurities may be avoided by good manufacturing practice.

(c) Labeling. The color additive shall be labeled in accordance with §70.25 of this chapter.

(d) Exemption from certification. Certification of this color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from the certification requirements of section 721(c) of the act.
