An unaccompanied homeless individual with a disabling condition who has been continuously homeless for a year or more, or has had at least four episodes of homelessness in the past three years. To be considered chronically homeless, a person must have been sleeping in a place not meant for human habitation (e.g., living on the streets) and/or in an emergency shelter during that time.

Consolidated plan or ("the plan"). The document that is submitted to HUD that serves as the comprehensive housing affordability strategy, community development plan, and submissions for funding under any of the Community Planning and Development formula grant programs (e.g., CDBG, ESG, HOME, and HOPWA), that is prepared in accordance with the process described in this part.

Disabling condition. For the purposes of chronic homelessness, a disabling condition is a diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions. Emergency shelter. Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless in general or for specific populations of the homeless.

Extremely low-income family. Family whose income is between 0 and 30 percent of the median income for the area, as determined by HUD with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 30 percent of the median for the area on the basis of HUD's findings that such variations

§91.5

are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

Homeless family with children. A family composed of the following types of homeless persons: at least one parent or guardian and one child under the age of 18; a pregnant woman; or a person in the process of securing legal custody of a person under the age of 18.

(2) An individual who has a primary nighttime residence that is:

area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

Middle-income family. Family whose income is between 80 percent and 95 percent of the median income for the area, as determined by HUD, with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 95 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes. (This corresponds to the term "moderate income family" under the CHAS statute, 42 U.S.C. 12705.)

Moderate-income family. Family whose income does not exceed 80 percent of the median income for the area, as determined by HUD with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 80 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

§91.10 Consolidated program year.

(a) Each of the following programs shall be administered by a jurisdiction on a single consolidated program year, established by the jurisdiction: CDBG, ESG, HOME, and HOPWA. Except as provided in paragraph (b) of this section, the program year shall run for a twelve month period and begin on the first calendar day of a month.

(b) Once a program year is established, the jurisdiction may either shorten or lengthen its program year to change the beginning date of the following program year, provided that it notifies HUD in writing at least two months before the date the program year would have ended if it had not been lengthened or at least two months

before the end of a proposed shortened program year.

(c) See subpart E of this part for requirements concerning program year for units of general local government that are part of a consortium.

§91.15 Submission date.

(a) *General.* (1) In order to facilitate continuity in its program and to provide accountability to citizens, each jurisdiction should submit its consolidated plan to HUD at least 45 days before the start of its program year. (But see §92.104 of this subtitle with respect to newly eligible jurisdictions under the HOME program.) With the exception of the August 16 date noted in paragraph (a)(2) of this section, HUD may grant a jurisdiction an extension of the submission deadline for good cause.

(2) In no event will HUD accept a submission earlier than November 15 or later than August 16 of the federal fiscal year for which the grant funds are appropriated. Failure to receive the plan by August 16 will automatically result in a loss of the CDBG funds to which the jurisdiction would otherwise be entitled.

(3) A jurisdiction may have a program year that coincides with the federal fiscal year (e.g., October 1, 2005 through September 30, 2006, for federal fiscal year 2006 funds). However, the consolidated plan may not be submitted earlier than November 15 of the federal fiscal year and HUD has the period specified in §91.500 to review the consolidated plan.

(4) See §91.20 for HUD field office authorization to grant exceptions to these provisions.

(b) *Frequency of submission.* (1) The summary of the citizen participation and consultation process, the action plan, and the certifications must be submitted on an annual basis.

(2) The housing, and homeless needs assessment, market analysis, and strategic plan must be submitted at least once every five years, or as such time agreed upon by HUD and the jurisdiction in order to facilitate orderly program management, coordinate consolidated plans with time periods used for cooperation agreements, other plans, or the availability of data.
