§570.210 24 CFR Ch. V (4–1–10 Edition)

(4) **Applying the individual activity standards.** (i) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, it will be disqualified only if the amount of CDBG assistance exceeds both of the amounts in paragraph (b)(3)(i) of this section.

(ii) The individual activity standards in paragraph (b)(3)(i) of this section shall be applied to the number of jobs to be created or retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the individual activity standards in paragraph (b)(3)(i) of this section.

(c) **Amendments to economic development projects after review determinations.** If, after the grantee enters into a contract to provide assistance to a project, the scope or financial elements of the project change to the extent that a significant contract amendment is appropriate, the project should be reevaluated under these and the recipient’s guidelines. (This would include, for example, situations where the business requests a change in the amount or terms of assistance being provided, or an extension to the loan payment period required in the contract.) If a reevaluation of the project indicates that the financial elements and public benefit to be derived have also substantially changed, then the recipient should make appropriate adjustments in the amount, type, terms or conditions of CDBG assistance which has been offered, to reflect the impact of the substantial change. (For example, if a change in the project elements results in a substantial reduction of the total project costs, it may be appropriate for the recipient to reduce the amount of total CDBG assistance.) If the amount of CDBG assistance provided to the project is increased, the amended project must still comply with the public benefit standards under paragraph (b) of this section.

(d) **Documentation.** The grantee must maintain sufficient records to demonstrate the level of public benefit, based on the above standards, that is actually achieved upon completion of the CDBG-assisted economic development activity(ies) and how that compares to the level of such benefit anticipated when the CDBG assistance was obligated. If the grantee’s actual results show a pattern of substantial variation from anticipated results, the grantee is expected to take all actions reasonably within its control to improve the accuracy of its projections. If the actual results demonstrate that the recipient has failed the public benefit standards, HUD may require the recipient to meet more stringent standards in future years as appropriate.

§570.210 **Prohibition on use of assistance for employment relocation activities.**

(a) **Prohibition.** CDBG funds may not be used to directly assist a business, including a business expansion, in the relocation of a plant, facility, or operation from one LMA to another LMA if the relocation is likely to result in a significant loss of jobs in the LMA from which the relocation occurs.

(b) **Definitions.** The following definitions apply to this section:

(1) **Directly assist.** Directly assist means the provision of CDBG funds for activities pursuant to:

(i) §570.203(b); or

(ii) §§570.201(a)–(d), 570.201(1), 570.203(a), or §570.204 when the grantee, subrecipient, or, in the case of an activity carried out pursuant to §570.204, a Community Based Development Organization (CDBO) enters into an agreement with a business to undertake one or more of these activities as a condition of the business relocating a facility, plant, or operation to the grantee’s LMA. Provision of public facilities and indirect assistance that will provide benefit to multiple businesses does not fall under the definition of “directly assist.” unless it includes the provision of infrastructure.

to aid a specific business that is the subject of an agreement with the specific assisted business.

(2) Labor market area (LMA). For metropolitan areas, an LMA is an area defined as such by the BLS. An LMA is an economically integrated geographic area within which individuals can live and find employment within a reasonable distance or can readily change employment without changing their place of residence. In addition, LMAs are nonoverlapping and geographically exhaustive. For metropolitan areas, grantees must use employment data, as defined by the BLS, for the LMA in which the affected business is currently located and from which current jobs may be lost. For non-metropolitan areas, an LMA is either an area defined by the BLS as an LMA, or a state may choose to combine non-metropolitan LMAs. States are required to define or reaffirm prior definitions of their LMAs on an annual basis and retain records to substantiate such areas prior to any business relocation that would be impacted by this rule. Metropolitan LMAs cannot be combined, nor can a non-metropolitan LMA be combined with a metropolitan LMA. For the HUD-administered Small Cities Program, each of the three participating counties in Hawaii will be considered to be its own LMA. Recipients of Fiscal Year 1999 Small Cities Program funding in New York will follow the requirements for State CDBG recipients.

(3) Operation. A business operation includes, but is not limited to, any equipment, employment opportunity, production capacity or product line of the business.

(4) Significant loss of jobs. (i) A loss of jobs is significant if: The number of jobs to be lost in the LMA in which the affected business is currently located is equal to or greater than one-tenth of one percent of the total number of persons in the labor force of that LMA; or in all cases, a loss of 500 or more jobs. Notwithstanding the aforementioned, a loss of 25 jobs or fewer does not constitute a significant loss of jobs.

(ii) A job is considered to be lost due to the provision of CDBG assistance if the job is relocated within three years of the provision of assistance to the business; or the time period within which jobs are to be created as specified by the agreement between the business and the recipient if it is longer than three years.

(c) Written agreement. Before directly assisted a business with CDBG funds, the recipient, subrecipient, or a CBDG (in the case of an activity carried out pursuant to §570.204) shall sign a written agreement with the assisted business. The written agreement shall include:

(1) Statement. A statement from the assisted business as to whether the assisted activity will result in the relocation of any industrial or commercial plant, facility, or operation from one LMA to another, and, if so, the number of jobs that will be relocated from each LMA:

(2) Required information. If the assistance will not result in a relocation covered by this section, a certification from the assisted business that neither it, nor any of its subsidiaries, has plans to relocate jobs at the time the agreement is signed that would result in a significant job loss as defined in this rule; and

(3) Reimbursement of assistance. The agreement shall provide for reimbursement of any assistance provided to, or expended on behalf of, the business in the event that assistance results in a relocation prohibited under this section.

(d) Assistance not covered by this section. This section does not apply to:

(1) Relocation assistance. Relocation assistance required by the Uniform Assistance and Real Property Acquisition Policies Act of 1970, (URA) (42 U.S.C. 4601–4655);

(2) Microenterprises. Assistance to microenterprises as defined by Section 102(a)(22) of the Housing and Community Development Act of 1974; and

(3) Arms-length transactions. Assistance to a business that purchases business equipment, inventory, or other physical assets in an arms-length transaction, including the assets of an existing business, provided that the purchase does not result in the relocation of the sellers’ business operation (including customer base or list, goodwill, product lines, or trade names) from one LMA to another LMA and
§ 570.300 General.

This subpart describes the policies and procedures governing the making of community development block grants to entitlement communities and to non-entitlement counties in the State of Hawaii. The policies and procedures set forth in subparts A, C, J, K, and O of this part also apply to entitlement grantees and to non-entitlement grantees in the State of Hawaii. Sections 570.307 and 570.308 of this subpart do not apply to the Hawaii non-entitlement grantees.

72 FR 46370, Aug. 17, 2007

§ 570.301 Activity locations and float-funding.

The consolidated plan, action plan, and amendment submission requirements referred to in this section are those in 24 CFR part 91.

(a) For activities for which the grantee has not yet decided on a specific location, such as when the grantee is allocating an amount of funds to be used for making loans or grants to businesses or for residential rehabilitation, the description in the action plan or any amendment shall identify who may apply for the assistance, the process by which the grantee expects to select who will receive the assistance (including selection criteria), and how much and under what terms the assistance will be provided, or in the case of a planned public facility or improvement, how it expects to determine its location.

(b) Float-funded activities and guarantees. A recipient may use undisbursed funds in the line of credit and its CDBG program account that are budgeted in statements or action plans for one or more other activities that do not need the funds immediately, subject to the limitations described below. Such funds shall be referred to as the “float” for purposes of this section and the action plan. Each activity carried out using the float must meet all of the same requirements that apply to CDBG-assisted activities generally, and must be expected to produce program income in an amount at least equal to the amount of the float so used. Whenever the recipient proposes to fund an activity with the float, it must include the activity in its action plan or amend the action plan for the current program year. For purposes of this section, an activity that uses such funds will be called a “float-funded activity.”

(1) Each float-funded activity must be individually listed and described as such in the action plan.

(2)(i) The expected time period between obligation of assistance for a float-funded activity and receipt of program income in an amount at least equal to the full amount drawn from the float to fund the activity may not exceed 2.5 years. An activity from which program income sufficient to recover the full amount of the float assistance is expected to be generated more than 2.5 years after obligation may not be funded from the float, but may be included in an action plan if it is funded from CDBG funds other than the float (e.g., grant funds or proceeds from an approved Section 108 loan guarantee).

(ii) Any extension of the repayment period for a float-funded activity shall be considered to be a new float-funded activity for these purposes and may be implemented by the grantee only if the extension is made subject to the same limitations and requirements as apply to a new float-funded activity.

(3) Unlike other projected program income, the full amount of income expected to be generated by a float-funded activity must be shown as a source of program income in the action plan containing the activity, whether or not some or all of the income is expected to be received in a future program year (in accordance with 24 CFR 91.220(g)(1)(i)(D)).

(4) The recipient must also clearly declare in the action plan that identifies the float-funded activity the recipient’s commitment to undertake one of the following options:
