

Bureau of Indian Affairs, Interior

§ 135.2

rate shall be due and payable on November 15, 1958.

§ 134.5 Payments to disbursing officer.

Payments under this part shall be made to the disbursing officer for the supervising engineer of the Indian Irrigation Service having jurisdiction over the irrigation system under which the land for which payment is made may lie. The sum so collected will then, after proper credit has been made to the land for which collected, be deposited in the Treasury of the United States to the credit of the respective funds used in constructing irrigation systems toward which reimbursement shall have been made.

§ 134.6 "Owner" defined.

The word "owner" as used in this part shall be construed to include any person, Indian or white, or any firm, partnership, corporation, association, or other organization to whom title to the land capable of irrigation, as provided in the act of February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), has passed, either by fee or trust patent, or otherwise.

§ 134.7 Modifications.

The act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a), cancelled all irrigation assessments for construction costs against lands in Indian ownership which were unpaid at that date and deferred all future assessments for construction costs until the Indian title to the land shall have been extinguished.

PART 135—CONSTRUCTION ASSESSMENTS, CROW INDIAN IRRIGATION PROJECT

Subpart A—Charges Assessed Against Irrigation District Lands

- Sec.
- 135.1 Contracts.
- 135.2 Annual rate of assessments.
- 135.3 Annual assessments.
- 135.4 Time of payment.
- 135.5 Penalty.

135.6 Refusal of water delivery.

Subpart B—Charges Assessed Against Non-Indian Lands Not Included in an Irrigation District

- 135.20 Private contract lands; assessments.
- 135.21 Time of payment.
- 135.22 Penalty.
- 135.23 Refusal of water delivery.

AUTHORITY: Sec. 15, 60 Stat. 338.

SOURCE: 22 FR 10644, Dec. 24, 1957, unless otherwise noted. Redesignated at 47 FR 13327, Mar. 30, 1982.

Subpart A—Charges Assessed Against Irrigation District Lands

§ 135.1 Contracts.

Under provisions of the act of Congress approved June 28, 1946 (60 Stat. 333-338), contracts were executed June 28, 1951, by the United States with the Lower Little Horn and Lodge Grass Irrigation District and the Upper Little Horn Irrigation District providing for the payment, over a period of 40 years, by each of the Districts of its respective share of the sum of \$210,726 expended for the construction of the Willow Creek storage works on account of non-Indian lands within the Districts entitled to share in the storage water, directly or by substitution.

§ 135.2 Annual rate of assessments.

Within the Lower Little Horn and Lodge Grass Irrigation District there are 3,196.8 acres for which the District is obligated by contract to pay its proper share of the total construction costs. Within the Upper Little Horn Irrigation District there are 1,554.7 acres for which the District is obligated by contract to pay its proper share of the total construction costs. There are 3,237.6 acres, more or less, covered by contracts with private landowners, obligating such owners to pay their proper share of such construction costs. The total per acre charge against all such lands is \$26.38. This amounts to an annual per acre rate of \$0.6595. For the purpose of this notice the annual per acre rate is hereby fixed at \$0.66. This annual per acre rate of assessment will continue for a 40-year period within which the total amount of construction costs of \$210,726 is to be repaid without

§ 135.3

interest. The amount of each annual installment chargeable against each of the Districts for the acreage covered by their respective contracts shall be determined by multiplying the total acreage, under each contract entitled to Willow Creek storage rights, either directly or by substitution, by the per acre annual rate.

§ 135.3 Annual assessments.

Notice is hereby given of an annual assessment of \$2,108.05 to be repaid by the Lower Little Horn and Lodge Grass Irrigation District for the 3,196.8 acres of irrigable land of the District, and an annual assessment of \$1,025.06 to be repaid by the Upper Little Horn Irrigation District for the 1,554.7 acres of irrigable land of the District. Against the amounts due annually by the Districts under this notice, there shall be allowed any credits due under section 6 of the act of June 28, 1946. Credits due on behalf of any land shall be reflected by the respective Districts when placing against such land the annual assessment on the tax rolls.

§ 135.4 Time of payment.

Annual assessments shall be paid by the Districts to the United States, one-half thereof on or before February 1 and one-half thereof on or before July 1 following, of each year commencing with the calendar year 1952.

§ 135.5 Penalty.

To all assessments not paid on the due date, there shall be added a penalty of one-half of one percent per month or fraction thereof, from the due date so long as the delinquency continues.

§ 135.6 Refusal of water delivery.

The right is reserved to the United States to refuse the delivery of water to each of the said Irrigation Districts in the event of default in the payment of assessments, including penalties on account of delinquencies.

25 CFR Ch. I (4-1-11 Edition)

Subpart B—Charges Assessed Against Non-Indian Lands Not Included in an Irrigation District

§ 135.20 Private contract lands; assessments.

In addition to 4,751.5 acres of non-Indian land included within the two irrigation Districts dealt with in subpart A, there are 3,237.6 acres of land, more or less, in non-Indian ownership under private ditches, covered by repayment contracts executed pursuant to the act of June 28, 1946 (60 Stat. 333-338), obligating such owners to pay their proper share of such construction costs. The total per acre charge against all such lands is \$26.38. This amounts to an annual per acre rate of \$0.6595. For the purposes of this notice the annual per acre rate is hereby fixed at \$0.66. This annual rate of assessment will continue for a 40-year period within which the total amount of construction cost of \$210,726 is to be repaid without interest. The amount of each annual installment chargeable against the lands covered by each of the several contracts with individual landowners whose lands are served under private ditches, shall be determined by multiplying the total acreage, under each contract entitled to Willow Creek storage rights, either directly or by substitution, by the per acre annual rate. Against the amounts due annually by the individual landowners whose lands are served by private ditches, under this notice there shall be allowed any credits due under section 6 of the act of June 28, 1946. Credits due on behalf of any land shall be reflected in any statement submitted to the landowners.

§ 135.21 Time of payment.

The amount of each annual installment, payable under the private landowner contracts, determined as provided in this part shall be paid by the landowners to the United States, on or before November 15 of each year commencing with the calendar year 1951.

§ 135.22 Penalty.

To all assessments not paid on the due date there shall be added a penalty

Bureau of Indian Affairs, Interior

§ 137.1

of one-half of one percent per month or fraction thereof, from the due date so long as the delinquency continues.

§ 135.23 Refusal of water delivery.

The right is reserved to refuse the delivery of water to any landowner in the event of default in the payment of assessments, including penalties on account of delinquencies.

PART 136—FORT HALL INDIAN IRRIGATION PROJECT, IDAHO

Sec.

- 136.1 Repayment contracts.
- 136.2 Construction costs.
- 136.3 Repayment of construction costs.

AUTHORITY: Sec. 9, 46 Stat. 1063.

SOURCE: 22 FR 10645, Dec. 24, 1957, unless otherwise noted. Redesignated at 47 FR 13327, Mar. 30, 1982.

§ 136.1 Repayment contracts.

A rehabilitation program was established on the Fort Hall Unit of the Fort Hall Project in 1936. Based upon the estimated construction costs, contracts were signed by all non-Indian landowners within the project, including such landowners within the Little Indian Unit, now a part of the Fort Hall Unit. Under the terms of their contracts, the landowners agreed to repay to the Government their pro rata share, on an acreage basis, of all expenditures for construction and other necessary improvements for carrying out the approved program, payments not to exceed \$7.50 per acre, based upon an estimated expenditure of \$450,000.00 for a project then considered as covering approximately 60,000 acres.

§ 136.2 Construction costs.

The program of rehabilitation has now been completed at a cost of \$419,186.52. This amount, chargeable on an equal per acre basis against 60,000 acres, amounts to a rate of \$6.986 per acre, which rate is hereby determined to be the per acre cost to be repaid to the United States under the 1936 contracts.

§ 136.3 Repayment of construction costs.

Under the terms of the contracts, the landowners agreed to repay the construction cost in forty (40) equal annual installments. Therefore, the annual per acre installment is hereby fixed at seventeen and one-half cents (17½ cents) per acre, due and payable on December 1st of each year, the first payment being due on December 1, 1955. Under section 4 of the repayment contracts of the landowners and the act of March 10, 1928 (45 Stat. 210), the charges remain a lien against the lands until paid.

PART 137—REIMBURSEMENT OF CONSTRUCTION COSTS, SAN CARLOS INDIAN IRRIGATION PROJECT, ARIZONA

Sec.

- 137.1 Water supply.
- 137.2 Availability of water.
- 137.3 Construction charges.
- 137.4 Future charges.
- 137.5 Construction costs limited.
- 137.6 Power development.
- 137.7 Private ownership defined.
- 137.8 Indian lands excluded.

AUTHORITY: Sec. 5, 43 Stat. 476.

SOURCE: 22 FR 10645, Dec. 24, 1957, unless otherwise noted. Redesignated at 47 FR 13327, Mar. 30, 1982.

§ 137.1 Water supply.

The engineering report dealt with in section 1 of the act of June 7, 1924 (43 Stat. 475) and other available records show that the storage capacity of the San Carlos reservoir created by the Coolidge Dam and the water supply therefor over a period of years will provide for the irrigation of only 80,000 acres of lands in Indian and public or private ownership within the San Carlos irrigation project, the balance of the water supply needed for the additional 20,000 acres of the project to be provided for by recaptured and return flow water and by means of pumping the underground supply. The cost of providing the proposed supply and of operating the works for this latter acreage to be equally distributed over the entire 100,000 acres of the project regardless of where the works are placed and operated.
