(a) To respect and recognize the importance that livestock and land have in sustaining Navajo tradition and culture.

(b) Provide resources to rehabilitate range resources in the preservation of forage, soil, and water on the Navajo Partitioned Lands;

(c) Monitor the recovery of those resources where they have deteriorated;

(d) Protect, conserve, utilize, and maintain the highest productive potential on the Navajo Partitioned Lands through the application of sound conservation practices and techniques. These practices and techniques will be applied to planning, development, inventorying, classification, and management of agricultural resources;

(e) Increase production and expand the diversity and availability of agricultural products for subsistence, income, and employment of Indians, through the development of agricultural resources on the Navajo Partitioned Lands;

(f) Manage agricultural resources consistent with integrated resource management plans in order to protect and maintain other values such as wildlife, fisheries, cultural resources, recreation and to regulate water runoff and minimize soil erosion;

(g) Enable the Navajo Nation to maximize the potential benefits available to its members from their lands by providing technical assistance, training, and education in conservation practices, management and economics of agribusiness, sources and use of credit and marketing of agricultural products, and other applicable subject areas;

(h) Develop the Navajo Partitioned Lands to promote self-sustaining communities; and

(i) Assist the Navajo Nation with permitting the Navajo Partitioned Lands, consistent with prudent management and conservation practices, and community goals as expressed in the tribal management plans and appropriate tribal ordinances.

§ 161.4 To what lands does this part apply?

The grazing regulations in this part apply to the Navajo Partitioned Lands within the boundaries of the Navajo Indian Reservation held in trust by the United States for the Navajo Nation. Contiguous areas outside of the Navajo Partitioned Lands may be included under this part for management purposes by BIA in consultation with the affected permittees and other affected land users, and with the concurrence of the Resources Committee. Other affected land users include those holding approved assignments, permits, leases, and rights of way for activities such as: home sites, farm plots, roads, utilities, businesses, and schools.

§ 161.5 Can BIA waive the application of this part?

Yes. If a provision of this part conflicts with the objectives of the agricultural resource management plan provided for in § 161.200, or with a tribal law, BIA may waive the application of this part unless the waiver would either:
