under a TERA adequately document essential transactions, furnish information necessary to protect its legal and financial rights, and enable the Secretary to discharge the trust responsibility if:

(1) Any other party violates the terms of any lease, business agreement, or right-of-way; or

(2) Any provision of a lease, business agreement or right-of-way violates the TERA.

§ 224.64 How may a tribe assume management of development of different types of energy resources?

In order for a tribe to assume authority for approving leases, business agreements, and rights-of-way for development of another energy resource that is not included in the TERA, a tribe must apply for a new TERA covering the authority for the development of another energy resource it wishes to assume. The Secretary's consideration of a new TERA will include a determination of the tribe's capacity to develop that type of energy resource and will trigger the public notice and opportunity for comment consistent with § 224.67.

§ 224.65 How may a tribe assume additional activities under a TERA?

A tribe may assume additional activities related to the development of the same type of energy resource included in a TERA by negotiating with the Secretary an amendment to the existing TERA to include the additional activities. The Secretary will determine in each case whether the tribe has sufficient capacity to carry out additional activities the tribe may wish to assume under an approved TERA.

§ 224.66 How may a tribe reduce the scope of the TERA?

A tribe may reduce the scope of the TERA by negotiating with the Secretary an amendment to the existing TERA to eliminate an activity assumed under the TERA or a type of energy resource development managed under the TERA. Any such reduction in scope must include the return of all relevant Departmental resources transferred under the TERA and any relevant records and documents.
