

Internal Revenue Service, Treasury**§ 1.501(e)-1**

instrument is required. A trust may meet the requirements of section 501(c)(9)(B) although the trust instrument fails to contain provisions the effects of which are to prohibit acts that are subject to section 4951 (relating to taxes on self-dealing), section 4952 (relating to taxes on taxable expenditures) or the retention of contributions subject to section 4953 (relating to tax on excess contributions to black lung benefit trusts).

[44 FR 52197, Sept. 7, 1979]

§ 1.501(d)-1 Religious and apostolic associations or corporations.

(a) Religious or apostolic associations or corporations are described in section 501(d) and are exempt from taxation under section 501(a) if they have a common treasury or community treasury, even though they engage in business for the common benefit of the members, provided each of the members includes (at the time of filing his return) in his gross income his entire pro rata share, whether distributed or not, of the net income of the association or corporation for the taxable year of the association or corporation ending with or during his taxable year. Any amount so included in the gross income of a member shall be treated as a dividend received.

(b) For annual return requirements of organizations described in section 501(d), see section 6033 and paragraph (a)(5) of § 1.6033-1.

§ 1.501(e)-1 Cooperative hospital service organizations.

(a) *General rule.* Section 501(e) is the exclusive and controlling section under which a cooperative hospital service organization can qualify as a charitable organization. A cooperative hospital service organization which meets the requirements of section 501(e) and this section shall be treated as an organization described in section 501(c)(3), exempt from taxation under section 501(a), and referred to in section 170(b)(1)(A) (iii) (relating to percentage limitations on charitable contributions). In order to qualify for tax exempt status, a cooperative hospital service organization must—

(1) Be organized and operated on a cooperative basis,

(2) Perform, on a centralized basis, only one or more specifically enumerated services which, if performed directly by a tax exempt hospital, would constitute activities in the exercise or performance of the purpose or function constituting the basis for its exemption, and

(3) Perform such service or services solely for two or more patron-hospitals as described in paragraph (d) of this section.

(b) *Organized and operated on a cooperative basis—(1) In general.* In order to meet the requirements of section 501(e), the organization must be organized and operated on a cooperative basis (whether or not under a specific statute on cooperatives) and must allocate or pay all of its net earnings within 8½ months after the close of the taxable year to its patron-hospitals on the basis of the percentage of its services performed for each patron. To *allocate* its net earnings to its patron-hospitals, the organization must make appropriate bookkeeping entries and provide timely written notice to each patron-hospital disclosing to the patron-hospital the amount allocated to it on the books of the organization. For the recordkeeping requirements of a section 501(e) organization, see § 1.521-1(a)(1).

(2) *Percentage of services defined.* The percentage of services performed for each patron-hospital may be determined on the basis of either the value or the quantity of the services provided by the organization to the patron-hospital, provided such basis is realistic in terms of the actual cost of the services to the organization.

(3) *Retention of net earnings.* Exemption will not be denied a cooperative hospital service organization solely because the organization, instead of paying all net earnings to its patron-hospitals, retains an amount for such purposes as retiring indebtedness, expanding the services of the organization, or for any other necessary purpose and allocates such amounts to its patrons. However, such funds may not be accumulated beyond the reasonably anticipated needs of the organization. See, § 1.537-1(b). Whether there is an improper accumulation of funds depends upon the particular circumstances of

§ 1.501(e)-1

26 CFR Ch. I (4-1-09 Edition)

each case. Moreover, where an organization retains net earnings for necessary purposes, the organization's records must show each patron's rights and interests in the funds retained. For purposes of this paragraph, the term *net earnings* does not include capital contributions to the organization and such contributions need not satisfy the allocation or payment requirements.

(4) *Nonpatronage and other income.* An organization described in section 501(e) may, in addition to net earnings, receive membership dues and related membership assessment fees, gifts, grants and income from nonpatronage sources such as investment of retained earnings. However, such an organization cannot be exempt if it engages in any business other than that of providing the specified services, described in paragraph (c), for the specified patron-hospitals, described in paragraph (d). Thus, an organization described in section 501(e) generally cannot have unrelated business taxable income as defined in section 512, although it may earn certain interest, annuities, royalties, and rents which are excluded from unrelated business taxable income because of the modifications contained in sections 512(b) (1), (2) or (3). An organization described in section 501(e) may, however, have debt-financed income which is treated as unrelated business taxable income solely because of the applicability of section 514. In addition, exempt status under section 501(e) will not be affected where rent from personal property leased with real property is treated as unrelated business taxable income under section 512(b)(3)(A)(ii) solely because the rent attributable to the personal property is more than incidental or under section 512(b)(3)(B)(i) solely because the rent attributable to the personal property exceeds 50 percent of the total rent received or accrued under the lease. Exemption will not be affected solely because the determination of the amount of rent depends in whole or in part on the income or profits derived from the property leased. See, section 512(b)(3)(B)(ii). An organization described in section 501(e) may also derive nonpatronage income from sources that are incidental to the conduct of its exempt purposes or functions. For

example, income derived from the operation of a cafeteria or vending machines primarily for the convenience of its employees or the disposition of by-products in substantially the same state they were in on completion of the exempt function (e.g., the sale of silver waste produced in the processing of x-ray film) will not be considered unrelated business taxable income. See, section 513(a)(2) and § 1.513-1(d)(4)(ii). The nonpatronage and other income permitted under this subparagraph (4) must be allocated or paid as provided in subparagraph (1) or retained as provided in subparagraph (3).

(5) *Stock ownership*—(i) *Capital stock of organization.* An organization does not meet the requirements of section 501(e) unless all of the organization's outstanding capital stock, if there is such stock, is held solely by its patron-hospitals. However, no amount may be paid as dividends on the capital stock of the organization. For purposes of the preceding sentence, the term *capital stock* includes common stock (whether voting or nonvoting), preferred stock, or any other form evidencing a proprietary interest in the organization.

(ii) *Stock ownership as a condition for obtaining credit.* If by statutory requirement a cooperative hospital service organization must be a shareholder in a United States or state chartered corporation as a condition for obtaining credit from that corporate-lender, the ownership of shares and the payment of dividends thereon will not for such reason be a basis for the denial of exemption to the organization. See, e.g., National Consumer Cooperative Bank, 12 U.S.C. 3001 *et seq.*

(c) *Scope of services*—(1) *Permissible services.* An organization meets the requirements of section 501(e) only if the organization performs, on a centralized basis, one or more of the following services and only such services: data processing, purchasing (including the purchasing and dispensing of drugs and pharmaceuticals to patron-hospitals), warehousing, billing and collection, food, clinical (including radiology), industrial engineering (including the installation, maintenance and repair of biomedical and similar equipment), laboratory, printing, communications, record center, and personnel (including

Internal Revenue Service, Treasury**§ 1.501(e)-1**

recruitment, selection, testing, training, education and placement of personnel) services. An organization is not described in section 501(e) if, in addition to or instead of one or more of these specified services, the organization performs any other service (other than services referred to under paragraph (b)(4) that are incidental to the conduct of exempt purposes or functions).

(2) *Illustration.* The provisions of this subparagraph may be illustrated by the following example.

Example. An organization performs industrial engineering services on a cooperative basis solely for patron-hospitals each of which is an organization described in section 501(c)(3) and exempt from taxation under section 501(a). However, in addition to this service, the organization operates laundry services for its patron-hospitals. This cooperative organization does not meet the requirements of this paragraph because it performs laundry services not specified in this paragraph.

(d) *Patron-hospitals—(1) Defined.* Section 501(e) only applies if the organization performs its services solely for two or more patron-hospitals each of which is—

(i) An organization described in section 501(c)(3) which is exempt from taxation under section 501(a),

(ii) A constituent part of an organization described in section 501(c)(3) which is exempt from taxation under section 501(a) and which, if organized and operated as a separate entity, would constitute an organization described in section 501(c)(3), or

(iii) Owned and operated by the United States, a State, the District of Columbia, or a possession of the United States, or a political subdivision or an agency or instrumentality of any of the foregoing.

(2) *Business with nonvoting patron-hospitals.* Exemption will not be denied a cooperative hospital service organization solely because the organization (whether organized on a stock or membership basis) transacts business with patron-hospitals which do not have voting rights in the organization and therefore do not participate in the decisions affecting the operation of the organization. Where the organization has both patron-hospitals with voting rights and patron-hospitals without

such rights, the organization must provide at least 50 percent of its services to patron-hospitals with voting rights in the organization. Thus, the percentage of services provided to nonvoting patrons may not exceed the percentage of such services provided to voting patrons. A patron-hospital will be deemed to have voting rights in the cooperative hospital service organization if the patron-hospital may vote directly on matters affecting the operation of the organization or if the patron-hospital may vote in the election of cooperative board members. Notwithstanding that an organization may have both voting and nonvoting patron-hospitals, patronage refunds must nevertheless be allocated or paid to all patron-hospitals solely on the basis specified in paragraph (b) of this section.

(3) *Services to other organizations.* An organization does not meet the requirements of section 501(e) if, in addition to performing services for patron-hospitals (entities described in subdivisions (i), (ii) or (iii) of subparagraph (1)), the organization performs any service for any other organization. For example, a cooperative hospital service organization is not exempt if it performs services for convalescent homes for children or the aged, vocational training facilities for the handicapped, educational institutions which do not provide hospital care in their facilities, and proprietary hospitals. However, the provision of the specified services between or among cooperative hospital service organizations meeting the requirements of section 501(e) and this section is permissible. Also permissible is the provision of the specified services to entities which are not patron-hospitals, but only if such services are de minimis and are mandated by a governmental unit as, for example, a condition for licensing.

(e) *Effective dates.* An organization, other than an organization performing clinical services, may meet the requirements of section 501(e) and be a tax exempt organization for taxable years ending after June 28, 1968. An organization performing clinical services may meet the requirements of section 501(e) and be a tax exempt organization for taxable years ending after December 31, 1976. However, pursuant to the

§ 1.501(h)-1

authority contained in section 7805(b) of the Internal Revenue Code, these regulations shall not become effective with respect to an organization which has received a ruling or determination letter from the Internal Revenue Service recognizing its exemption under section 501(e) until January 2, 1987.

[T.D. 8100, 51 FR 31615, Sept. 4, 1986; 51 FR 33593, Sept. 22, 1986]

§ 1.501(h)-1 Application of the expenditure test to expenditures to influence legislation; introduction.

(a) *Scope.* (1) There are certain requirements an organization must meet in order to be a *charity* described in section 501(c)(3). Among other things, section 501(c)(3) states that “no substantial part of the activities of [a charity may consist of] carrying on propaganda, or otherwise attempting to influence legislation, (except as otherwise provided in subsection (h)).” This requirement is called the *substantial part test*.

(2) Under section 501(h), many public charities may elect the *expenditure test* as a substitute for the substantial part test. The expenditure test is described in section 501(h) and this § 1.501(h). A public charity is any charity that is not a private foundation under section 509(a). (Unlike a public charity, a private foundation may not make any lobbying expenditures: If a private foundation does make a lobbying expenditure, it is subject to an excise tax under section 4945). Section 1.501(h)-2 lists which public charities are eligible to make the expenditure test election. Section 1.501(h)-2 also provides information about how a public charity makes and revokes the election to be covered by the expenditure test.

(3) A public charity that makes the election may make lobbying expenditures within specified dollar limits. If an electing public charity's lobbying expenditures are within the dollar limits determined under section 4911(c), the electing public charity will not owe tax under section 4911 nor will it lose its tax exempt status as a charity by virtue of section 501(h). If, however, that electing public charity's lobbying expenditures exceed its section 4911 lobbying limit, the organization is subject to an excise tax on the excess lob-

26 CFR Ch. I (4-1-09 Edition)

bying expenditures. Further, under section 501(h), if an electing public charity's lobbying expenditures normally are more than 150 percent of its section 4911 lobbying limit, the organization will cease to be a charity described in section 501(c)(3).

(4) A public charity that elects the expenditure test may nevertheless lose its tax exempt status if it is an action organization under § 1.501(c)(3)-1(c)(3)(iii) or (iv). A public charity that does not elect the expenditure test remains subject to the substantial part test. The substantial part test is applied without regard to the provisions of section 501(h) and 4911 and the related regulations.

(b) *Effective date.* The provisions of § 1.501(h)-1 through § 1.501(h)-3, are effective for taxable years beginning after August 31, 1990. An election made before August 31, 1990, under the provisions of § 7.0(c)(4) or the instructions to Form 5768, will be effective under these regulations without again filing Form 5768.

[T.D. 8308, 55 FR 35588, Aug. 31, 1990]

§ 1.501(h)-2 Electing the expenditure test.

(a) *In general.* The election to be governed by section 501(h) may be made by an eligible organization (as described in paragraph (b) of this section) for any taxable year of the organization beginning after December 31, 1976, other than the first taxable year for which a voluntary revocation of the election is effective (see paragraph (d) of this section). The election is made by filing a completed Form 5768, Election/Revocation of Election by an Eligible Section 501(c)(3) Organization to Make Expenditures to Influence Legislation, with the appropriate Internal Revenue Service Center listed on that form. Under section 501(h)(6), the election is effective with the beginning of the taxable year in which the form is filed. For example, if an eligible organization whose taxable year is the calendar year files Form 5768 on December 31, 1979, the organization is governed by section 501(h) for its taxable year beginning January 1, 1979. Once made, the expenditure test election is effective (without again filing Form 5768) for each succeeding taxable year for which
