(c) *Section 904(g)(1) recapture.* The amount of any U.S. source taxable income subject to recharacterization in a taxable year in which paragraph (a) of this section is applicable is the lesser of the aggregate balance in taxpayer's overall domestic loss accounts in each separate category (after reduction of such account in accordance with § 1.904(g)-1T(e)) or fifty percent of the taxpayer's U.S. source taxable income (as determined under paragraph (b) of this section).

§ 1.904(g)-3T Ordering rules for the allocation of net operating losses, net capital losses, U.S. source losses, and separate limitation losses, and for recapture of separate limitation losses, overall foreign losses, and overall domestic losses (temporary).

(a) *In general.* This section provides ordering rules for the allocation of net operating losses, net capital losses, U.S. source losses, and separate limitation losses, and for recapture of separate limitation losses, overall foreign losses, and overall domestic losses. The rules must be applied in the order set forth in paragraphs (b) through (g) of this section.

(b) *Step One: Allocation of net operating loss and net capital loss carryovers—(1) In general.* Net operating losses from a current taxable year are carried forward or back to a taxable year in the following manner. Net operating losses that are carried forward pursuant to section 172 are combined with income or loss in the carryover year in the manner described in this paragraph (b). The combined amounts are then subject to the ordering rules provided in paragraphs (c) through (g) of this section. Net operating losses that are carried back to a prior taxable year pursuant to section 172 are allocated to income in the carryback year in the manner set forth in paragraphs (b)(2) and (3), (c), and (d) of this section. The income in the carryback year to which the net operating loss is allocated is the foreign source income in each separate category and the U.S. source income after the application of sections 904(f) and 904(g) to income and loss in that previous year, including as a result of net operating loss carryovers or carrybacks from taxable years prior to the current taxable year.

(2) *Full net operating loss carryover.* If the full net operating loss (that remains after carryovers to other taxable years) is less than or equal to the taxable income in a particular taxable year (carryover year), and so can be carried forward in its entirety to such carryover year, U.S. source losses and foreign source losses in separate categories that are part of a net operating loss from a particular taxable year that is carried forward in its entirety shall be combined with the U.S. income
