§ 1952.203 Compliance staffing benchmarks.

Under the terms of the 1978 Court Order in *AFL-CIO v. Marshall*, compliance staffing levels (benchmarks) necessary for a "fully effective" enforcement program were required to be established for each State operating an approved State plan. In September 1984 Minnesota, in conjunction with OSHA, completed a reassessment of the levels initially established in 1980 and proposed revised compliance staffing benchmarks of 31 safety and 12 health compliance officers. After opportunity for public comment and service on the AFL-CIO, the Assistant Secretary approved these revised staffing requirements on July 30, 1985.
