

Proc. 8484

Title 3—The President

IN WITNESS WHEREOF, I have hereunto set my hand this fifth day of March, in the year of our Lord two thousand ten, and of the Independence of the United States of America the two hundred and thirty-fourth.

BARACK OBAMA

Proclamation 8484 of March 15, 2010

National Poison Prevention Week, 2010

*By the President of the United States of America
A Proclamation*

Since 1962, during National Poison Prevention Week we alert American families about the dangers of accidental poisonings and provide information on safety measures that can prevent senseless injuries and deaths. With nearly two million poison exposures reported each year, we must take every precaution to guard against these preventable tragedies.

Sadly, more than half of all reported poisonings involve children under the age of six, and the vast majority take place in the home. Parents should keep household chemicals and medicines in child-proof containers, beyond the reach of their children. Thanks to safety regulations and awareness campaigns like National Poison Prevention Week, childhood death rates from unintentional poisonings have fallen considerably. However, adult death rates have steadily risen in recent years.

We must each remember to read labels thoroughly before taking medications, to keep medicines in their original packaging, and to dispose of them properly. Consulting a physician before combining prescription drugs or using them with alcohol also reduces our risks.

In the event of an accidental poisoning, crucial information and immediate action can save lives. Individuals can call the toll-free national poison control hotline at 1-800-222-1222 to be connected to one of dozens of local poison control centers, which are open 24 hours every day. These centers provide emergency assistance, offer guidance on poison prevention, and answer questions concerning potential exposure.

To encourage Americans to learn more about the dangers of accidental poisonings and to take appropriate preventive measures, the Congress, by joint resolution approved September 26, 1961, as amended (75 Stat. 681), has authorized and requested the President to issue a proclamation designating the third week of March each year as “National Poison Prevention Week.”

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, do hereby proclaim the third week of March of each year as National Poison Prevention Week. I call upon all Americans to observe this week by taking actions to protect their families from hazardous household materials and from the misuse of prescription medications.

IN WITNESS WHEREOF, I have hereunto set my hand this fifteenth day of March, in the year of our Lord two thousand ten, and of the Independence of the United States of America the two hundred and thirty-fourth.

BARACK OBAMA

Proclamation 8485 of March 24, 2010

Greek Independence Day: A National Day of Celebration of Greek and American Democracy, 2010

*By the President of the United States of America
A Proclamation*

Today, as we commemorate the 189th anniversary of Greece's independence, we reaffirm the ties that link our nations together as allies and warm friends. We also honor the accomplishments of Greek Americans and their immeasurable contributions to the United States.

It was the genius of America's forebears to enshrine the pre-eminent idea of democracy in our Nation's founding documents. Inspired by the governing values of ancient Greece, they launched the great American experiment. Thomas Jefferson, the principal author of our Declaration of Independence, later expressed his admiration for the Greeks and their heritage as they fought their War of Independence. Writing in 1823, he acknowledged Greece as "the first of civilized nations, [which] presented examples of what man should be."

The Hellenic influence on America's scholarly traditions reflects our Nation's high regard for Greece's lasting heritage. Our physicians uphold the timeless ethics of Hippocrates, and our students learn the mathematics of Euclid and Pythagoras. Our law schools use the Socratic Method, and the structures of ancient Greece have inspired many of our most cherished buildings and monuments. Greek Americans have also shaped our Nation as leaders in every sector of American life, and their community has strengthened the fabric of our country with its vibrant culture and unique traditions.

Above all, we were blessed to inherit the Hellenic ideal of democracy, which lives on today in Greece and America, and reinforces the enduring bonds between our two nations.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim March 25, 2010, as "Greek Independence Day: A National Day of Celebration of Greek and American Democracy." I call upon all the people of the United States to observe this day with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fourth day of March, in the year of our Lord two thousand ten, and of the Independence of the United States of America the two hundred and thirty-fourth.

BARACK OBAMA
