

## Office of the Secretary of Defense

## § 203.18

environmental conditions or laws, specific technical capabilities, or other relevant expertise.

### § 203.13 Procurement.

Procurements will be conducted as purchase orders in accordance with the FAR (48 CFR part 13). Under these procedures, procurements not exceeding \$100,000 are reserved exclusively for small businesses, and will be conducted as competitive procurements. Procurements below a value of \$2,500 are considered "micro-purchases." These procurements do not require the solicitation of bids and may be conducted at the discretion of the contracting officer.

### § 203.14 RAB/TRC reporting requirements.

The community point of contact of the RAB or TRC must submit a report, to be provided to the installation and to DUSD(ES), to enable the Department of Defense to meet DoD reporting requirements to Congress. This report should include a description of the TAPP project, a summary of services and products obtained, and a statement regarding the overall satisfaction of the community member of the RAB or TRC with the quality of service and/or products received.

### § 203.15 Method of payment.

The SAP set forth in FAR (48 CFR part 13) require purchase orders to be conducted on a firm-fixed-price basis, unless otherwise authorized by agency procedures. The Department of Defense anticipates all TAPP awards to be firm-fixed-price procurements.

### § 203.16 Record retention and audits.

The recipient technical assistance providers shall keep and preserve detailed records in connection with the contract reflecting acquisitions, work progress, reports, expenditures and commitments, and indicate the relationship to established costs and schedules.

### § 203.17 Technical assistance provider reporting requirements.

Each technical assistance provider shall submit progress reports, financial status reports, materials prepared for

the RAB/TRC, and a final report to the DoD installation for the TAPP project as specified by the specific purchase order agreement. The final report shall document TAPP project activities over the entire period of support and shall describe the achievements with respect to stated TAPP project purposes and objectives.

### § 203.18 Conflict of interest and disclosure requirements.

The Department of Defense shall require each prospective assistance provider on any contract to provide, with its bid or proposal:

(a) Information on its financial and business relationship with the installation, RAB/TRC members, or any/all potentially responsible parties (PRPs) at the site, and with their parent companies, subsidiaries, affiliates, subcontractors, contractors, and current clients or attorneys and agents. This disclosure requirement encompasses past and anticipated financial and business relationships, including services related to any proposed or pending litigation, with such parties.

(b) Certification that, to the best of its knowledge and belief, it has disclosed such information or no such information exists.

(c) A statement that it shall disclose immediately any such information discovered after submission of its bid or after award. The contracting officer shall evaluate such information and shall exclude any prospective contractor if the contracting officer determines the prospective contractor has a potential conflict of interest that is both significant and cannot be avoided or otherwise resolved. If, after award, the contracting officer determines that a conflict of interest exists that is both significant and cannot be avoided or resolved, the contract will be terminated for cause.

(d) Contractors and subcontractors may not be technical assistance providers to community members of RABs/TRCs at an installation where they are performing cleanup activities for the Federal or State government or any other entity.
