

§ 291.5

32 CFR Ch. I (7–1–11 Edition)

letter, asking the requester to provide the type of information outlined in paragraph (h)(2) of this section. DNA is not obligated to act on the request until the requester responds to the specificity letter. When practical, PAO shall offer assistance to the requester in identifying the records sought and in reformulating the request to reduce the burden on the Agency in complying with the Act.

(2) The following guidelines are provided to deal with “fishing expedition” requests and are based on the principle of reasonable effort. Descriptive information about a record may be divided into two broad categories.

(i) Category I is file-related and includes information such as type of record (for example, memorandum), title, index citation, subject area, date the record was created, and originator.

(ii) Category II is event-related and includes the circumstances that resulted in the record being created or the date and circumstances surrounding the event the record covers.

(3) Generally, a record is not reasonably described unless the description contains sufficient Category I information to permit the conduct of an organized, nonrandom search based on DNA’s filing arrangements and existing retrieval systems, or unless the record contains sufficient Category II information to permit inference of the Category I elements needed to conduct such a search.

(4) The following guidelines deal with requests for personal records. Ordinarily, when personal identifiers are provided only in connection with a request for records concerning the requester, only records retrievable by personal identifiers need be searched. Search for such records may be conducted under Privacy Act procedures. No record may be denied that is releaseable under the FOIA.

(5) The above guidelines notwithstanding, the decision of an office concerning reasonableness of description must be based on knowledge of its files. If the description enables office personnel to locate the record with reasonable effort, the description is adequate.

(i) *Reasons for not releasing a record.*

(1) The request is transferred to an-

other DoD component, or to another Federal agency.

(2) The request is withdrawn by the requester.

(3) The information requested is not a record within the meaning of the FOIA and 32 CFR part 286.

(4) A record has not been described with sufficient particularity to enable DNA to locate it by conducting a reasonable search.

(5) The requester has failed reasonably to comply with procedural requirements, including payment of fees, imposed by 32 CFR part 286 or this part.

(6) The DNA determines, through knowledge of its files and reasonable search efforts, that it neither controls nor otherwise possesses the requested record.

(7) The record is subject to one or more of the nine exemptions set forth in § 291.8, and a significant and legitimate government purpose is served by withholding.

§ 291.5 Responsibilities.

(a) The Director, DNA, as appellate authority, is responsible for reviewing and making the final decision on FOIA appeals.

(b) The DDIR, as IDA, is responsible for reviewing all initial denials to FOIA requests and has sole responsibility for withholding that information.

(8) Ensuring FOIA briefings are presented annually for DNA personnel.

(9) Submitting an annual report to OASD(PA), DFOI/SR, in accordance with the requirements of DoD Directive 5400.11.¹

(d) The Commander, FCDNA, is responsible for determining, based on current directives and instruction, what information in FCDNA custody may be released to FOIA requesters. (This responsibility may be delegated.) The Commander, FCDNA, is responsible for designating a representative to process FOIA requests. The Commander has the authority to release documents in response to the FOIA. When FCDNA releases information under the FOIA, it will forward a copy of the request, the response and the appropriate cost sheet to HQ, DNA, ATTN: PAO (FOIA). FCDNA will not deny requests for information under the FOIA; instead, it will forward to HQ, DNA, PAO a recommendation and justification for denying the FOIA request.

(e) The Director, AFRRI, is responsible for designating a representative to process FOIA requests and to forward them to HQ, DNA, (PAO) for coordination and preparation of a final response.

(f) The DNA GC shall coordinate on all DNA FOIA response except routine

interim letters which acknowledge receipt of the FOIA request. That office shall also ensure uniformity in the legal position and interpretation by DNA of the FOIA, and coordinate with the DoD GC, as necessary.

(2) Has information that meets requirements for withholding under Exemption 3, to include Restricted Data and Formerly Restricted Data, 42 U.S.C. 2162.

(3) Has information that may be declassified or sanitized. ISCM is also responsible for sanitizing DNA classified information from documents requested under the FOIA (refer to §291.6(b)(5)). In addition, ISCM is responsible for advising the Assistant Director for Technical Information (CSTI) to notify the appropriate authorities when information has been reclassified as a result of a DNA FOIA review.

(i) HQ, DNA, CSLE will, upon request, ensure that photocopies are made of 50-page or larger documents being processed under the FOIA. (Copies are required only when documents are not available from other sources.)

(j) CSTI, Technical Library Division (TITL), will, upon notification from PAO that a document has been cleared for public release under the FOIA, retain the marked up document in its files, annotate the FOIA case number in the computerized data base and ensure that the document is made available to the public through the National Technical Information Service (NTIS).

(k) Commander, FCDNA; Director, AFRRI; and directors and chiefs of staff elements at HQ, DNA, will ensure that personnel are familiar with the procedures and contents of this part

prior to acting on FOIA requests. They will also make sure that FOIA actions forwarded to their offices for processing are closely monitored to ensure accountability and that their input to PAO is provided in a timely manner and in accordance with this part. (Refer to § 291.7(b)(2)). If the office(s) cannot meet the FOIA suspense, they must request an extension. In addition, they will ensure that, upon request by PAO, appropriate technical personnel sanitize information such as unclassified technical data, that is determined to be exempt from disclosure under the FOIA. (Refer to § 291.7(b)(5)).

§ 291.6 Procedures.

(a) If HQ, DNA personnel receive a FOIA request that has not been logged and processed through PAO, they will immediately handcarry the request to PAO. TDNM and AFRRI personnel will forward all FOIA requests to HQ, DNA, Attn: PAO. FCDNA will adhere to paragraph 6d and FCDNA Supplement to DNA Instruction 5400.7C.²

(b) When a FOIA request is received by PAO, HQ, DNA, the following procedures apply:

(1) The request will be date stamped, reviewed to determine if it meets the requirements of 5 U.S.C. 552, logged in, assigned an action number, suspended, and attached to a FOIA cover sheet with instructions for forwarding to the appropriate office. A copy of DD Form 2086 or DD Form 2086-1 will also be attached to the FOIA request.

(2) A copy of the request will be handcarried by PAO to the designated HQ, DNA, action office(s) or forwarded to AFRRI or FCDNA, as appropriate. The office or component providing input for the FOIA request must keep track of the request and meet the PAO suspense. The HQ, DNA input, or negative response, if there are no records available, will be handcarried to PAO. AFRRI will send the recommended response in daily distribution. FCDNA will telefax the proposed response in addition to mailing the original. All FOIA actions must include a completed

DD Form 2086 or 2086-1. Each office acting on FOIA requests will indicate on the form the search, review/excise and coordination time spent processing the FOIA action, and provide the number of pages copied.

(3) The DNA PAO will prepare the response to the requester and coordinate it with the offices that provided input, the GC, and if appropriate, ISCM, the IDA, the Director, DNA, OASD(PA), and outside agencies, if involved. The PAO will maintain files of all FOIA actions per DNA Instruction 5015.4B.

(4) If a request is received by a DNA office which does not have records responsive but office personnel believe another office would have the records requested, they must contact the other office to confirm the existence of the documents, forward the FOIA action to that office and notify PAO.

(5) *FOIAs involving classified information.* When ISCM or contractor security reviewers receive a classified document from PAO for processing under the FOIA, they will conduct a security review to determine if the document may be sanitized or declassified. Most DNA documents requested under the FOIA are queued on a first-come, first-served basis and shall be reviewed in that order. When security reviewers determine that part or all of the information in a classified document may be sanitized or declassified, they will ensure that the appropriate copies are ordered from the Defense Technical Information Center (DTIC). The DTIC copy will be marked up during review. Cases not placed in queue will be suspended by PAO. They may include documents with less than 10 pages or documents under suspense from other organizations which require a DNA review. All DNA documents reviewed will be marked with a special pen that does not permit photocopying of the classified portions. Security review must include a detailed response providing the appropriate exemption(s) and justification for withholding.

When the Field Command Security Division (FCSS) receives a classified document for processing under the FOIA, they will conduct a security review to determine if the document may be sanitized or declassified. When FCSS
