

(iv) The analytical document used for stage or site specific analysis subsequent to the programmatic environmental impact statement shall also be an environmental impact statement when the subsequent tier itself may have a significant impact on the quality of the human environment or when an impact statement is otherwise required. Otherwise, it is appropriate to document the tiered analysis with an environmental assessment to fully assess the need for further documentation or whether a FONSI would be appropriate.

(2) [Reserved]

§ 775.10 Relations with state, local and regional agencies.

Close and harmonious planning relations with local and regional agencies and planning commissions of adjacent cities, counties, and states, for co-operation and resolution of mutual land use and environment-related problems should be established. Additional coordination may be obtained from state and area-wide planning and development “clearinghouses”. These are agencies which have been established pursuant to Executive Order 12372 of July 14, 1982 (3 CFR, 1982 Comp., p. 197). The clearinghouses serve a review and coordination function for Federal activities and the proponent may gain insights on other agencies’ approaches to environmental assessments, surveys, and studies in relation to any current proposal. The clearinghouses would also be able to assist in identifying possible participants in scoping procedures for projects requiring an EIS.

§ 775.11 Public participation.

The importance of public participation (40 CFR 1501.4(b)) in preparing environmental assessments is clearly recognized and it is recommended that commands proposing an action develop a plan to ensure appropriate communication with affected and interested parties. The command Public Affairs Office can provide assistance with developing and implementing this plan. In determining the extent to which public participation is practicable, the following are among the factors to be weighed by the command:

(a) The magnitude of the environmental considerations associated with the proposed action;

(b) The extent of anticipated public interest; and

(c) Any relevant questions of national security and classification.

§ 775.12 Delegation of authority.

(a) The ASN (I&E) may delegate his/her responsibilities under this instruction for review, approval and/or signature of EISs and RODs to appropriate Executive Schedule/Senior Executive Service civilians or flag/general officers. ASN (I&E), CNO, and CMC may delegate all other responsibilities assigned in this instruction as deemed appropriate.

(b) The ASN (RD&A) delegation of authority for approval and signature of documents under NEPA is contained in SECNAV Instruction 5000.2 series, which sets out policies and procedures for acquisition programs.

(c) Previously authorized delegations of authority are continued until revised or withdrawn.
