

§ 106.220 Security training for all other OCS facility personnel.

All other OCS facility personnel, including contractors, whether part-time, full-time, temporary, or permanent, must have knowledge, through training or equivalent job experience, of the following, as appropriate:

- (a) Relevant provisions of the Facility Security Plan (FSP);
- (b) The meaning and the consequential requirements of the different MARSEC Levels including emergency procedures and contingency plans;
- (c) Recognition and detection of dangerous substances and devices;
- (d) Recognition of characteristics and behavioral patterns of persons who are likely to threaten security; and
- (e) Recognition of techniques used to circumvent security measures.
- (f) Familiarity with all relevant aspects of the TWIC program and how to carry them out.

§ 106.225 Drill and exercise requirements.

(a) *General.* (1) Drills and exercises must test the proficiency of facility personnel in assigned security duties at all MARSEC Levels and the effective implementation of the Facility Security Plan (FSP). They must enable the Facility Security Officer (FSO) to identify any related security deficiencies that need to be addressed.

(2) A drill or exercise required by this section may be satisfied with the implementation of security measures required by the FSP as the result of an increase in the MARSEC Level, provided the FSO reports attainment to the cognizant District Commander.

(b) *Drills.* (1) From the date of the FSP approval, the FSO must ensure that at least one security drill is conducted every 3 months. Security drills may be held in conjunction with non-security drills, where appropriate.

(2) Drills must test individual elements of the FSP, including response to security threats and incidents. Drills should take into account the types of operations of the OCS facility, OCS facility personnel changes, the types of vessels calling at the OCS fa-

cility, and other relevant circumstances. Examples of drills include unauthorized entry to a restricted area, response to alarms, and notification of appropriate authorities.

(3) If a vessel is conducting operations with the OCS facility on the date the OCS facility has planned to conduct any drills, the OCS facility may include, but cannot require, the vessel or vessel personnel to participate in the OCS facility's scheduled drill.

(c) *Exercises.* (1) From the date of the FSP approval, exercises must be conducted at least once each calendar year, with no more than 18 months between exercises.

(2) Exercises may be:

- (i) Full scale or live;
- (ii) Tabletop simulation;
- (iii) Combined with other appropriate exercises held; or
- (iv) A combination of the elements in paragraphs (c)(2)(i) through (iii) of this section.

(3) Exercises may be facility-specific or part of a cooperative exercise program.

(4) Each exercise must test communication and notification procedures, and elements of coordination, resource availability, and response.

(5) Exercises are a full test of the Facility Security Plan and must include substantial and active participation of relevant company and OCS facility personnel, and may include governmental authorities and vessels depending on the scope and the nature of the exercise.

§ 106.230 OCS facility recordkeeping requirements.

(a) Unless otherwise specified in this section, the Facility Security Officer (FSO) must keep records of the activities as set out in paragraph (b) of this section for at least 2 years and make them available to the Coast Guard upon request.

(b) Records required by this section may be kept in electronic format. If kept in an electronic format, they must be protected against unauthorized access, deletion, destruction,

amendment, and disclosure. The following records must be kept:

(1) *Training*. For training under § 106.215, the date of each session, duration of session, a description of the training, and a list of attendees;

(2) *Drills and exercises*. For each drill or exercise, the date held, a description of the drill or exercise, a list of participants, and any best practices or lessons learned which may improve the FSP;

(3) *Incidents and breaches of security*. Date and time of occurrence, location within the OCS facility, a description of the incident or breach, the identity of the individual to whom it was reported, and a description of the response;

(4) *Changes in MARSEC Levels*. Date and time of the notification received, and the time of compliance with additional requirements;

(5) *Maintenance, calibration, and testing of security equipment*. For each occurrence of maintenance, calibration, and testing, record the date and time, and the specific security equipment involved;

(6) *Security threats*. Date and time of occurrence, how the threat was communicated, who received or identified the threat, a description of the threat, to whom it was reported, and a description of the response;

(7) *Declaration of Security (DoS)*. A copy of each DoS for at least 90 days after the end of its effective period; and

(8) *Annual audit of the Facility Security Plan (FSP)*. For each annual audit, a letter certified by the FSO stating the date the audit was conducted.

§ 106.235 Maritime Security (MARSEC) Level coordination and implementation.

(a) The OCS facility owner or operator must ensure the OCS facility operates in compliance with the security requirements in this part for the MARSEC Level in effect for the OCS facility.

(b) When notified of an increase in the MARSEC Level, the OCS facility owner or operator must ensure:

(1) Vessels conducting operations with the OCS facility and vessels scheduled to arrive at the OCS facility

within 96 hours of the MARSEC Level change are notified of the new MARSEC Level and the Declaration of Security (DoS), if applicable, is revised as necessary;

(2) The OCS facility complies with the required additional security measures within 12 hours; and

(3) The OCS facility reports compliance or noncompliance to the cognizant District Commander.

(c) For MARSEC Levels 2 and 3, the Facility Security Officer (FSO) must inform all OCS facility personnel about identified threats, emphasize reporting procedures, and stress the need for increased vigilance.

(d) An OCS facility owner or operator whose facility is not in compliance with the requirements of this section must so inform the cognizant District Commander and obtain approval prior to interfacing with another vessel or prior to continuing operations.

§ 106.240 Communications.

(a) The Facility Security Officer (FSO) must have a means to effectively notify OCS facility personnel of changes in security conditions at the OCS facility.

(b) Communication systems and procedures must allow effective and continuous communications between the OCS facility security personnel, vessels interfacing with the OCS facility, the cognizant District Commander, and national and local authorities with security responsibilities.

(c) Facility communications systems must have a backup means for both internal and external communications.
