

§ 96.360

33 CFR Ch. I (7-1-11 Edition)

(1) A company is newly set up or in transition from an existing company into a new company; or

(2) A new type of vessel is added to an existing safety management system and Document of Compliance certificate for a company.

(b) A responsible person for a company operating a U.S. vessel(s) that meets the requirements of paragraph (a) of this section, may send a request to a recognized organization authorized to act on behalf of the U.S. to receive an Interim Document of Compliance certificate that is valid for a period up to 12 months. To be issued the Interim Document of Compliance certificate the vessel's company must—

(1) Demonstrate to an auditor that the company has a safety management system that meets § 96.230 of this part; and

(2) Provide a plan for full implementation of a safety management system within the period that the Interim Document of Compliance certificate is valid.

§ 96.360 Interim Safety Management Certificate: what is it and when can it be used?

(a) A responsible person may apply for an Interim Safety Management Certificate when—

(1) A responsible person takes delivery of a new U.S. vessel; or

(2) Takes responsibility for the management of a U.S. vessel which is new to the responsible person or their company.

(b) An Interim Safety Management Certificate is valid for 6 months. It may be issued to a U.S. vessel which meets the conditions of paragraph (a) of this section, when—

(1) The company's valid Document of Compliance certificate or Interim Document of Compliance certificate applies to that vessel type;

(2) The company's safety management system for the vessel includes the key elements of a safety management system, set out in § 96.220, applicable to this new type of vessel;

(3) The company's safety management system has been assessed during the safety management audit to issue the Document of Compliance certificate or demonstrated for the issuance

of the Interim Document of Compliance certificate;

(4) The Master and senior officers of the vessel are familiar with the safety management system and the planned set up arrangements;

(5) Written documented instructions have been extracted from the safety management system and given to the vessel prior to sailing;

(6) The company plans an internal audit of the vessel within three months; and

(7) The relevant information from the safety management system is written in English, and in any other language understood by the vessel's personnel.

§ 96.370 What are the requirements for vessels of countries not party to Chapter IX of SOLAS?

(a) Each foreign vessel which carries more than 12 passengers, or is a tanker, bulk freight vessel, freight vessel, or self-propelled mobile offshore drilling unit of 500 gross tons or more, operated in U.S. waters, under the authority of a country not a party to Chapter IX of SOLAS must—

(1) Have on board valid documentation showing that the vessel's company has a safety management system which was audited and assessed, consistent with the International Safety Management Code of IMO Resolution A.741(18);

(2) Have on board valid documentation from a vessel's Flag Administration showing that the vessel's safety management system was audited and assessed to be consistent with the International Safety Management Code of IMO Resolution A.741(18); or

(3) Show that evidence of compliance was issued by either a government that is party to SOLAS or an organization recognized to act on behalf of the vessel's Flag Administration.

(b) Evidence of compliance must contain all of the information in, and have substantially the same format as a—

(1) Document of Compliance certificate; and

(2) Safety Management Certificate.

(c) Failure to comply with this section will subject the vessel to the compliance and enforcement procedures of § 96.380 of this part.
