

§ 200.74 Use of an alternative method to distribute grants to LEAs with fewer than 20,000 total residents.

(a) For eligible LEAs serving an area with a total census population of less than 20,000 persons (hereinafter referred to as “small LEAs”), an SEA may apply to the Secretary to use an alternative method to distribute basic grant, concentration grant, targeted grant, and education finance incentive grant funds.

(b) In its application, the SEA must—

(1) Identify the alternative data it proposes to use; and

(2) Assure that it has established a procedure through which a small LEA that is dissatisfied with the determination of its grant may appeal directly to the Secretary.

(c) The SEA must base its alternative method on population data that best reflect the current distribution of children from low-income families among the State’s small LEAs and use the same poverty measure consistently for small LEAs across the State for all Title I, part A programs.

(d) Based on the alternative poverty data selected, the SEA must—

(1) Re-determine eligibility of its small LEAs for basic grants, concentration grants, targeted grants, and education finance incentive grants in accordance with § 200.71;

(2) Calculate allocations for small LEAs in accordance with the provisions of sections 1124, 1124A, 1125, and 1125A of the ESEA, as applicable; and

(3) Ensure that each LEA receives the hold-harmless amount to which it is entitled under § 200.73.

(e) The amount of funds available for redistribution under each formula is the separate amount determined by the Secretary under sections 1124, 1124A, 1125, and 1125A of the ESEA for eligible small LEAs after the SEA has made the adjustments required under § 200.72(c).

(f) If the amount available for redistribution to small LEAs under an alternative method is not sufficient to satisfy applicable hold-harmless requirements, the SEA must ratably re-

duce all eligible small LEAs to the amount available.

§ 200.75 Special procedures for allocating concentration grant funds in small States.

(a) In a State in which the number of formula children is less than 0.25 percent of the national total on January 8, 2002 (hereinafter referred to as a “small State”), an SEA may either—

(1) Allocate concentration grants among eligible LEAs in the State in accordance with §§ 200.72 through 200.74, as applicable; or

(2) Without regard to the allocations determined by the Secretary—

(i) Identify those LEAs in which the number or percentage of formula children exceeds the statewide average number or percentage of those children; and

(ii) Allocate concentration grant funds, consistent with § 200.73, among the LEAs identified in paragraph (a)(2)(i) of this section based on the number of formula children in each of those LEAs.

(b) If the SEA in a small State uses an alternative method under § 200.74, the SEA must use the poverty data approved under the alternative method to identify those LEAs with numbers or percentages of formula children that exceed the statewide average number or percentage of those children for the State as a whole.

§ 200.76 [Reserved]**PROCEDURES FOR THE WITHIN-DISTRICT ALLOCATION OF LEA PROGRAM FUNDS****§ 200.77 Reservation of funds by an LEA.**

Before allocating funds in accordance with § 200.78, an LEA must reserve

§ 200.78

funds as are reasonable and necessary to—

(a) Provide services comparable to those provided to children in participating school attendance areas and schools to serve—

(1) Homeless children who do not attend participating schools, including providing educationally related support services to children in shelters and other locations where homeless children may live;

(2) Children in local institutions for neglected children; and

(3) If appropriate—

(i) Children in local institutions for delinquent children; and

(ii) Neglected and delinquent children in community-day school programs;

(b) Provide, where appropriate under section 1113(c)(4) of the ESEA, financial incentives and rewards to teachers who serve students in Title I schools identified for school improvement, corrective action, and restructuring for the purpose of attracting and retaining qualified and effective teachers;

(c) Meet the requirements for choice-related transportation and supplemental educational services in § 200.48, unless the LEA meets these requirements with non-Title I funds;

(d) Address the professional development needs of instructional staff, including—

(1) Professional development requirements under § 200.52(a)(3)(iii) if the LEA has been identified for improvement or corrective action; and

(2) Professional development expenditure requirements under § 200.60;

(e) Meet the requirements for parental involvement in section 1118(a)(3) of the ESEA;

(f) Administer programs for public and private school children under this part, including special capital expenses, if any, incurred in providing services to eligible private school children, such as—

(1) The purchase and lease of real and personal property (including mobile educational units and neutral sites);

(2) Insurance and maintenance costs;

(3) Transportation; and

(4) Other comparable goods and services, including non-instructional computer technicians; and

(g) Conduct other authorized activities, such as school improvement and coordinated services.

[67 FR 71735, Dec. 2, 2002]

§ 200.78 Allocation of funds to school attendance areas and schools.

(a)(1) An LEA must allocate funds under subpart A of this part to school attendance areas and schools, identified as eligible and selected to participate under section 1113(a) or (b) of the ESEA, in rank order on the basis of the total number of children from low-income families in each area or school.

(2)(i) In calculating the total number of children from low-income families, the LEA must include children from low-income families who attend private schools.

(ii) To obtain a count of private school children, the LEA may—

(A) Use the same poverty data the LEA uses to count public school children;

(B)(1) Use comparable poverty data from a survey of families of private school students that, to the extent possible, protects the families' identity; and

(2) Extrapolate data from the survey based on a representative sample if complete actual data are unavailable;

(C) Use comparable poverty data from a different source, such as scholarship applications;

(D) Apply the low-income percentage of each participating public school attendance area to the number of private school children who reside in that school attendance area; or

(E) Use an equated measure of low income correlated with the measure of low income used to count public school children.

(iii) An LEA may count private school children from low-income families every year or every two years.

(iv) After timely and meaningful consultation in accordance with § 200.63, the LEA shall have the final authority in determining the method used to calculate the number of private school children from low-income families;

(3) If an LEA ranks its school attendance areas and schools by grade span
