formation in the management of the Presidio Trust Area and its natural, historic, scenic, cultural, and recreational resources pursuant to the Trust Act;

(e) Invite the cooperation and encourage the participation, where appropriate, of Federal, State, and local authorities and the public in Trust planning and decision-making processes that affect the quality of the human environment; and

(f) Minimize any possible adverse effects of Trust decisions and actions upon the quality of the human environment.

§ 1010.2 Purpose.

The regulations in this part incorporate and supplement the Council on Environmental Quality's (CEQ) regulations at 40 CFR parts 1500 through 1508 for implementing the procedural provisions of the National Environmental Policy Act of 1969, as amended (NEPA), and otherwise to describe how the Trust intends to consider environmental factors and concerns in the Trust's decision-making process within the requirements set forth in NEPA and CEQ regulations.

§ 1010.3 Definitions.

(a) The NEPA Compliance Coordinator, as designated by the Executive

Presidio Trust

§ 1010.5

Director, shall be the Trust official responsible for implementation and operation of the Trust's policies and procedures on environmental quality and control. The delegation of this responsibility shall not abrogate the responsibility of the Executive Director and the Board to ensure that NEPA and other applicable laws are followed, or the right of the Executive Director and the Board to overrule or alter decisions of the NEPA Compliance Coordinator in accordance with the Trust's regulations and procedures.

(b) The NEPA Compliance Coordinator shall:

(1) Coordinate the formulation and revision of Trust policies and procedures on matters pertaining to environmental protection and enhancement;

§ 1010.5 Major decision points.

(a) The possible environmental effects of a proposed action or project within the Presidio Trust Area must be considered along with technical, financial, and other factors throughout the decision-making process. Most Trust projects have three distinct stages in the decision-making process:

(1) Conceptual or preliminary study stage;

(2) Detailed planning or final decision stage;

(3) Implementation stage.

(b) Environmental review will be integrated into the decision-making process of the Trust as follows:

(1) During the conceptual or preliminary study stage, the NEPA Compliance Coordinator shall determine whether the proposed action or project is one which is categorically excluded under §1010.7, has been adequately reviewed in a previously prepared EA and/or EIS, or requires further NEPA review (*i.e.*, an EA or an EIS).

(2) If the proposed action or project is not categorically excluded and has not been adequately reviewed in a previously prepared EA and/or EIS, then prior to the Trust's proceeding beyond the conceptual or preliminary study stage, the NEPA Compliance Coordinator must determine whether an EIS is required. When appropriate, prior to the determination as to whether an EIS is required, the NEPA Compliance Coordinator may initiate a public scoping process in order to inform such a determination.
