

§ 910.34 Accommodations for the physically handicapped.

(a) Every *development* shall incorporate features which will make the *development* accessible by the physically handicapped. The standards in the “American Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by the Physically Handicapped,” published by the American National Standards Institute, Inc. (ANSI A 117.1-1961 (1971)), are recommended.

(b) Where a *development* includes a historic structure, the Advisory Council on Historic Preservation’s policy, “Supplementary Guidance—Handicapped Access to Historic Properties,” (45 FR 9757, Feb. 13, 1980), should be observed.

§ 910.35 Fine arts.

Fine arts, including sculpture, paintings, decorative windows, bas-reliefs, ornamental fountains, murals, tapestries, and the like, should be included in each *development*. PADC encourages commissions for original works of art which are appropriate for the *development*. For information and guidance, a reasonable expenditure for fine arts is deemed to be one half of one percent of the total construction cost of the *development*.

§ 910.36 Energy conservation.

All new *development* shall be designed to be economical in energy consumption. The Energy Guidelines of the Corporation, and the District of Columbia Energy Conservation Code Act of 1979 and its implementing regulations set forth the appropriate standards to be observed.

§ 910.37 Fire and life safety.

As a complementary action to satisfying required District of Columbia codes related to fire safety, it is highly recommended that all new *development* be guided by standards of the NFPA Codes for fire and life safety and that all buildings be equipped with an approved sprinkler system.

§ 910.38 Building exterior illumination.

Exterior illumination of a building shall be in conformance with the stand-

ards specified in the Pennsylvania Avenue Lighting Plan of the Corporation.

Subpart D—Glossary of Terms

§ 910.50 General.

The definitions appearing in this Glossary of Terms are applicable to this part 910 and to the *Square Guidelines*. In addition, definitions appearing in section 1201 of the Zoning Regulations of the District of Columbia are also applicable. Where a conflict between this subpart and section 1201 of the Zoning Regulations arises in terminology or interpretation, this subpart shall be controlling.

§ 910.51 Access.

Access, when used in reference to parking or loading, means both ingress and egress.

§ 910.52 Buildable area.

Buildable area means that portion of the established *development parcel* which can be devoted to buildings and structures. Generally, this area is bounded by any applicable *building restriction lines*, right-of-way lines and *development parcel lines*. It shall be the *buildable area* of a *development parcel* rather than “lot,” as it is established in the DC Zoning Regulations, that will be utilized to establish the maximum *gross floor area* of a *development* within specified portions of the Development Area.

§ 910.53 Building restriction line.

Building restriction line means a line beyond which an exterior wall of any building of a *development* may not be constructed or project, except that architectural articulation, minor architectural embellishments, and sub-surface projections are permitted.

§ 910.54 Build-to height.

Build-to height means a specified minimum *height of development* to which the exterior wall of a building in a *development* must rise. Minor deviations from the *build-to height* for architectural embellishments and articulations of the cornice and roof level are permitted, unless otherwise prohibited by the applicable Square Guidelines or the
