However, the Under Secretary for Benefits may establish, by notice published in the Federal Register, exceptions to this rule, using factors such as postmark or the date the claimant signed the correspondence, when he or she determines that a natural or man-made interference with the normal channels through which the Veterans Benefits Administration ordinarily receives correspondence has resulted in one or more Veterans Benefits Administration offices experiencing extended delays in receipt of claims, information, or evidence from claimants served by the affected office or offices to an extent that, if not addressed, would adversely

(y) Former prisoner of war. The term former prisoner of war means a person who, while serving in the active military, naval or air service, was forcibly detained or interned in the line of duty by an enemy or foreign government, the agents of either, or a hostile force.

(1) Decisions based on service department findings. The Department of Veterans Affairs shall accept the findings of the appropriate service department that a person was a prisoner of war during a period of war unless a reasonable basis exists for questioning it. Such findings shall be accepted only when detention or internment is by an enemy government or its agents.

(2) Other decisions. In all other situations, including those in which the Department of Veterans Affairs cannot accept the service department findings, the following factors shall be used to determine prisoner of war status:

(i) Circumstances of detention or internment. To be considered a former prisoner of war, a serviceperson must have been forcibly detained or interned under circumstances comparable to those under which persons generally have been forcibly detained or interned by enemy governments during periods of war. Such circumstances include, but are not limited to, physical hardships or abuse, psychological hardships or abuse, malnutrition, and unsanitary conditions. Each individual member of a particular group of detainees or internees shall, in the absence of evidence to the contrary, be considered to have experienced the same circumstances as those experienced by the group.

(ii) Reason for detainment or internment. The reason for which a serviceperson was detained or interned is immaterial in determining POW status, except that a serviceperson who is detained or interned by a foreign government for an alleged violation of its laws is not entitled to be considered a former POW on the basis of that period of detention or internment, unless the charges are a sham intended to legitimize the period of detention or internment.

(3) Central Office approval. The Director of the Compensation and Pension Service, VA Central Office, shall approve all VA regional office determinations establishing or denying POW status, with the exception of those service department determinations accepted under paragraph (y)(1) of this section.

(4) In line of duty. The Department of Veterans Affairs shall consider that a serviceperson was forcibly detained or interned in line of duty unless the evidence of record discloses that forcible detention or internment was the proximate result of the serviceperson’s own willful misconduct.
(5) Hostile force. The term "hostile force" means any entity other than an enemy or foreign government or the agents of either whose actions are taken to further or enhance anti-American military, political or economic objectives or views, or to attempt to embarrass the United States.

(Authority: 38 U.S.C. 101(32))

(Authority: 38 U.S.C. 501)

(2) As used in 38 U.S.C. 110 and 1159 and implementing regulations, fraud means an intentional misrepresentation of fact, or the intentional failure to disclose pertinent facts, for the purpose of obtaining or retaining, or assisting an individual to obtain or retain, eligibility for Department of Veterans Affairs benefits, with knowledge that the misrepresentation or failure to disclose may result in the erroneous award or retention of such benefits.

§ 3.10 Dependency and indemnity compensation rate for a surviving spouse.

(a) General determination of rate. When VA grants a surviving spouse entitlement to DIC, VA will determine the rate of the benefit it will award. The rate of the benefit will be the total of the basic monthly rate specified in paragraph (b) or (d) of this section and any applicable increases specified in paragraph (c) or (e) of this section.

(b) Basic monthly rate. Except as provided in paragraph (d) of this section, the basic monthly rate of DIC for a surviving spouse will be the amount set forth in 38 U.S.C. 1311(a)(1).

(c) Section 1311(a)(2) increase. The basic monthly rate under paragraph (b) of this section shall be increased by the amount specified in 38 U.S.C. 1311(a)(2) if the veteran, at the time of death, was receiving, or was entitled to receive, compensation for service-connected disability that was rated by VA as totally disabling for a continuous period of at least eight years immediately preceding death. Determinations of entitlement to this increase shall be made in accordance with paragraph (f) of this section.

(d) Alternative basic monthly rate for death occurring prior to January 1, 1993. The basic monthly rate of DIC for a surviving spouse when the death of the veteran occurred prior to January 1, 1993, will be the amount specified in 38 U.S.C. 1311(a)(3) corresponding to the veteran’s pay grade in service, but only if such rate is greater than the total of the basic monthly rate and the section 1311(a)(2) increase (if applicable) the surviving spouse is entitled to receive under paragraphs (b) and (c) of this section. The Secretary of the concerned service department will certify the veteran’s pay grade and the certification will be binding on VA. DIC paid pursuant to this paragraph may not be increased by the section 1311(a)(2) increase under paragraph (c) of this section.

(e) Additional increases. One or more of the following increases may be paid in addition to the basic monthly rate and the section 1311(a)(2) increase.

(1) Increase for children. If the surviving spouse has one or more children under the age of 18 of the deceased veteran (including a child not in the surviving spouse’s actual or constructive custody, or a child who is in active military service), the monthly DIC rate will be increased by the amount set forth in 38 U.S.C. 1311(b) for each child.

(2) Increase for regular aid and attendance. If the surviving spouse is determined to be in need of regular aid and attendance under the criteria in § 3.352 or is a patient in a nursing home, the monthly DIC rate will be increased by the amount set forth in 38 U.S.C. 1311(c).

(3) Increase for housebound status. If the surviving spouse does not qualify for the regular aid and attendance allowance but is housebound under the criteria in § 3.351(f), the monthly DIC rate will be increased by the amount set forth in 38 U.S.C. 1311(d).

(4) For a two-year period beginning on the date entitlement to dependency and indemnity compensation commenced, the dependency and indemnity compensation paid monthly to a surviving spouse with one or more children below the age of 18 shall be increased by the amount set forth in 38 U.S.C. 1311(e), regardless of the number of such children. The dependency and indemnity compensation payable under this paragraph is in addition to any other dependency and indemnity compensation payable. The increase in dependency and indemnity compensation of a surviving spouse under this paragraph shall cease beginning with the first month commencing after the month in which all children of the surviving spouse have attained the age of 18.

Authority: 38 U.S.C. 1311(e)

(f) Criteria governing section 1311(a)(2) increase. In determining whether a surviving spouse qualifies for the section 1311(a)(2) increase under paragraph (c) of this section, the following standards shall apply.

(1) Marriage requirement. The surviving spouse must have been married to the veteran for the entire eight-year period referenced in paragraph (c) of this section in order to qualify for the section 1311(a)(2) increase.

(2) Determination of total disability. As used in paragraph (c) of this section,
the phrase “rated by VA as totally disabling” includes total disability ratings based on unemployability (§ 4.16 of this chapter).

(3) Definition of “entitled to receive”. As used in paragraph (c) of this section, the phrase “entitled to receive” means that the veteran filed a claim for disability compensation during his or her lifetime and one of the following circumstances is satisfied:

(i) The veteran would have received total disability compensation for the period specified in paragraph (c) of this section but for clear and unmistakable error committed by VA in a decision on a claim filed during the veteran’s lifetime; or

(ii) Additional evidence submitted to VA before or after the veteran’s death, consisting solely of service department records that existed at the time of a prior VA decision but were not previously considered by VA, provides a basis for reopening a claim finally decided during the veteran’s lifetime and for awarding a total service-connected disability rating retroactively in accordance with §§3.156(c) and 3.400(q)(2) of this part for the period specified in paragraph (c) of this section; or

(iii) At the time of death, the veteran had a service-connected disability that was continuously rated totally disabling by VA for the period specified in paragraph (c) of this section, but was not receiving compensation because:

(A) VA was paying the compensation to the veteran’s dependents;

(B) VA was withholding the compensation under the authority of 38 U.S.C. 5314 to offset an indebtedness of the veteran;

(C) The veteran had not waived retirement or for the good of the service;

(D) VA was withholding payments under the provisions of 10 U.S.C. 1174(h)(2);

(E) VA was withholding payments because the veteran’s whereabouts were unknown, but the veteran was otherwise entitled to continued payments based on a total service-connected disability rating;

(F) VA was withholding payments under 38 U.S.C. 5308 but determines that benefits were payable under 38 U.S.C. 5309.

For the purpose of this section the term dependency and indemnity compensation includes benefits at dependency and indemnity compensation rates paid under 38 U.S.C. 1318.

§ 3.12 Character of discharge.

(a) If the former service member did not die in service, pension, compensation, or dependency and indemnity compensation is not payable unless the period of service on which the claim is based was terminated by discharge or release under conditions other than dishonorable. (38 U.S.C. 101(2)). A discharge under honorable conditions is binding on the Department of Veterans Affairs as to character of discharge.

(b) A discharge or release from service under one of the conditions specified in this section is a bar to the payment of benefits unless it is found that the person was insane at the time of committing the offense causing such discharge or release or unless otherwise specifically provided (38 U.S.C. 5303(b)).

(c) Benefits are not payable where the former service member was discharged or released under one of the following conditions:

(1) As a conscientious objector who refused to perform military duty, wear the uniform, or comply with lawful order of competent military authorities.

(2) By reason of the sentence of a general court-martial.

(3) Resignation by an officer for the good of the service.

(4) As a deserter.
(5) As an alien during a period of hostilities, where it is affirmatively shown that the former service member requested his or her release. See §3.7(b).

(6) By reason of a discharge under other than honorable conditions issued as a result of an absence without official leave (AWOL) for a continuous period of at least 180 days. This bar to benefit entitlement does not apply if there are compelling circumstances to warrant the prolonged unauthorized absence. This bar applies to any person awarded an honorable or general discharge prior to October 8, 1977, under one of the programs listed in paragraph (h) of this section, and to any person who prior to October 8, 1977, had not otherwise established basic eligibility to receive Department of Veterans Affairs benefits. The term established basic eligibility to receive Department of Veterans Affairs benefits means either a Department of Veterans Affairs determination that an other than honorable discharge was issued under conditions other than dishonorable, or an upgraded honorable or general discharge issued prior to October 8, 1977, under criteria other than those prescribed by one of the programs listed in paragraph (h) of this section. However, if a person was discharged or released by reason of the sentence of a general court-martial, only a finding of insanity (paragraph (b) of this section) or a decision of a board of correction of records established under 10 U.S.C. 1552 can establish basic eligibility to receive Department of Veterans Affairs benefits.

The following factors will be considered in determining whether there are compelling circumstances to warrant the prolonged unauthorized absence.

(i) Length and character of service exclusive of the period of prolonged AWOL. Service exclusive of the period of prolonged AWOL should generally be of such quality and length that it can be characterized as honest, faithful and meritorious and of benefit to the Nation.

(ii) Reasons for going AWOL. Reasons which are entitled to be given consideration when offered by the claimant include family emergencies or obligations, or similar types of obligations or duties owed to third parties. The reasons for going AWOL should be evaluated in terms of the person’s age, cultural background, educational level and judgmental maturity. Consideration should be given to how the situation appeared to the person himself or herself, and not how the adjudicator might have reacted. Hardship or suffering incurred during overseas service, or as a result of combat wounds of other service-incurred or aggravated disability, is to be carefully and sympathetically considered in evaluating the person’s state of mind at the time the prolonged AWOL period began.

(iii) A valid legal defense exists for the absence which would have precluded a conviction for AWOL. Compelling circumstances could occur as a matter of law if the absence could not validly be charged as, or lead to a conviction of, an offense under the Uniform Code of Military Justice. For purposes of this paragraph the defense must go directly to the substantive issue of absence rather than to procedures, technicalities or formalities.

(d) A discharge or release because of one of the offenses specified in this paragraph is considered to have been issued under dishonorable conditions.

(1) Acceptance of an undesirable discharge to escape trial by general court-martial.

(2) Mutiny or spying.

(3) An offense involving moral turpitude. This includes, generally, conviction of a felony.

(4) Willful and persistent misconduct. This includes a discharge under other than honorable conditions, if it is determined that it was issued because of willful and persistent misconduct. A discharge because of a minor offense will not, however, be considered willful and persistent misconduct if service was otherwise honest, faithful and meritorious.

(5) Homosexual acts involving aggravating circumstances or other factors affecting the performance of duty. Examples of homosexual acts involving aggravating circumstances or other factors affecting the performance of duty include child molestation, homosexual prostitution, homosexual acts or conduct accompanied by assault or coercion, and homosexual acts or conduct taking place between service members of disparate rank, grade, or
§ 3.12

status when a service member has taken advantage of his or her superior rank, grade, or status.

(e) An honorable discharge or discharge under honorable conditions issued through a board for correction of records established under authority of 10 U.S.C. 1552 is final and conclusive on the Department of Veterans Affairs. The action of the board sets aside any prior bar to benefits imposed under paragraph (c) or (d) of this section.

(f) An honorable or general discharge issued prior to October 8, 1977, under authority other than that listed in paragraphs (h) (1), (2) and (3) of this section by a discharge review board established under 10 U.S.C. 1553 sets aside any bar to benefits imposed under paragraph (c) or (d) of this section except the bar contained in paragraph (c)(2) of this section.

(g) An honorable or general discharge issued on or after October 8, 1977, by a discharge review board established under 10 U.S.C. 1553, sets aside a bar to benefits imposed under paragraph (d), but not paragraph (c), of this section provided that:

(1) The discharge is upgraded as a result of an individual case review;

(2) The discharge is upgraded under uniform published standards and procedures that generally apply to all persons administratively discharged or released from active military, naval or air service under conditions other than honorable; and

(3) Such standards are consistent with historical standards for determining honorable service and do not contain any provision for automatically granting or denying an upgraded discharge.

(h) Unless a discharge review board established under 10 U.S.C. 1553 determines on an individual case basis that the discharge would be upgraded under uniform standards meeting the requirements set forth in paragraph (g) of this section, an honorable or general discharge awarded under one of the following programs does not remove any bar to benefits imposed under this section:

(1) The President’s directive of January 19, 1977, implementing Presidential Proclamation 4313 of September 16, 1974; or

(2) The Department of Defense’s special discharge review program effective April 5, 1977; or

(3) Any discharge review program implemented after April 5, 1977, that does not apply to all persons administratively discharged or released from active military service under other than honorable conditions.

(Authority: 38 U.S.C. 5303 (e))

(i) No overpayments shall be created as a result of payments made after October 8, 1977, based on an upgraded honorable or general discharge issued under one of the programs listed in paragraph (h) of this section which would not be awarded under the standards set forth in paragraph (g) of this section. Accounts in payment status on or after October 8, 1977, shall be terminated at the end of the month in which it is determined that the original other than honorable discharge was not issued under conditions other than dishonorable following notice from the appropriate discharge review board that the discharge would not have been upgraded under the standards set forth in paragraph (g) of this section, or April 7, 1978, whichever is the earliest. Accounts in suspense (either before or after October 8, 1977) shall be terminated on the date of last payment or April 7, 1978, whichever is the earliest.

(j) No overpayment shall be created as a result of payments made after October 8, 1977, in cases in which the bar contained in paragraph (c)(6) of this section is for application. Accounts in payment status on or after October 8, 1977, shall be terminated at the end of the month in which it is determined that compelling circumstances do not exist, or April 7, 1978, whichever is the earliest. Accounts in suspense (either before or after October 8, 1977) shall be terminated on the date of last payment, or April 7, 1978, whichever is the earliest.

(k) Uncharacterized separations. Where enlisted personnel are administratively separated from service on the basis of proceedings initiated on or after October 1, 1982, the separation may be classified as one of the three categories of administrative separation that do not require characterization of service by the military department concerned. In
such cases conditions of discharge will be determined by the VA as follows:

(1) **Entry level separation.** Uncharacterized administrative separations of this type shall be considered under conditions other than dishonorable.

(2) **Void enlistment or induction.** Uncharacterized administrative separations of this type shall be reviewed based on facts and circumstances surrounding separation, with reference to the provisions of §3.14 of this part, to determine whether separation was under conditions other than dishonorable.

(3) **Dropped from the rolls.** Uncharacterized administrative separations of this type shall be reviewed based on facts and circumstances surrounding separation to determine whether separation was under conditions other than dishonorable.

§3.12a Minimum active-duty service requirement.

(a) Definitions. (1) The term *minimum period of active duty* means, for the purposes of this section, the shorter of the following periods.

(i) Twenty-four months of continuous active duty. Non-duty periods that are excludable in determining the Department of Veterans Affairs benefit entitlement (e.g., see §3.15) are not considered as a break in service for continuity purposes but are to be subtracted from total time served.

(ii) The full period for which a person was called or ordered to active duty.

(2) The term *benefit* includes a right or privilege but does not include a refund of a participant’s contributions under 38 U.S.C. Ch. 32.

(b) Effect on Department of Veterans Affairs benefits. Except as provided in paragraph (d) of this section, a person listed in paragraph (c) of this section who does not complete a minimum period of active duty is not eligible for any benefit under title 38, United States Code or under any law administered by the Department of Veterans Affairs based on that period of active service.

(c) Persons included. Except as provided in paragraph (d) of this section, the provisions of paragraph (b) of this section apply to the following persons:

(1) A person who originally enlists (enlisted person only) in a regular component of the Armed Forces after September 7, 1980 (a person who signed a delayed-entry contract with one of the service branches prior to September 8, 1980, and under that contract was assigned to a reserve component until entering on active duty after September 7, 1980, shall be considered to have enlisted on the date the person entered on active duty); and

(2) Any other person (officer as well as enlisted) who enters on active duty after October 16, 1981 and who has not previously completed a continuous period of active duty of at least 24 months or been discharged or released from active duty under 10 U.S.C. 1171 (early out).

(d) Exclusions. The provisions of paragraph (b) of this section are not applicable to the following cases:

(1) To a person who is discharged or released under 10 U.S.C. 1171 or 1173 (early out or hardship discharge).

(2) To a person who is discharged or released from active duty for a disability adjudged service connected without presumptive provisions of law, or who at time of discharge had such a service-connected disability, shown by official service records, which in medical judgment would have justified a discharge for disability.

(3) To a person with a compensable service-connected disability.

(4) To the provision of a benefit for or in connection with a service-connected disability, condition, or death.

(5) To benefits under chapter 19 of title 38, United States Code.

(e) Dependent or survivor benefits—(1) General. If a person is, by reason of this section, barred from receiving any benefits under title 38, United States Code (or under any other law administered by the Department of Veterans Affairs based on a period of active duty, the
§ 3.13 Discharge to change status.

(a) A discharge to accept appointment as a commissioned or warrant officer, or to change from a Reserve or Regular commission to accept a commission in the other component, or to reenlist is a conditional discharge if it was issued during one of the following periods:

(1) World War I; prior to November 11, 1918. As to reenlistments, this subparagraph applies only to Army and National Guard. No involuntary extension or other restrictions existed on Navy enlistments.

(2) World War II, the Korean conflict or the Vietnam era; prior to the date the person was eligible for discharge under the point or length of service system, or under any other criteria in effect.

(3) Peacetime service; prior to the date the person was eligible for an unconditional discharge.

(b) Except as provided in paragraph (c) of this section, the entire period of service under the circumstances stated in paragraph (a) of this section constitutes one period of service and entitlement will be determined by the character of the final termination of such period of active service except that, for death pension purposes, §3.3(b)(3) and (4) is controlling as to basic entitlement when the conditions prescribed therein are met.

(c) Despite the fact that no unconditional discharge may have been issued, a person shall be considered to have been unconditionally discharged or released from active military, naval or air service when the following conditions are met:

(1) The person served in the active military, naval or air service for the period of time the person was obligated to serve at the time of entry into service;

(2) The person was not discharged or released from such service at the time of completing that period of obligation due to an intervening enlistment or re-enlistment; and

(3) The person would have been eligible for a discharge or release under conditions other than dishonorable at that time except for the intervening enlistment or re-enlistment.

§ 3.14 Validity of enlistments.

Service is valid unless the enlistment is voided by the service department.

(a) Enlistment not prohibited by statute. Where an enlistment is voided by the service department for reasons other than those stated in paragraph (b) of this section, service is valid from the date of entry upon active duty to the date of voidance by the service department. Benefits may not be paid, however, unless the discharge is held to have been under conditions other than dishonorable. Generally discharge for concealment of a physical or mental defect except incompetency or insanity which would have prevented enlistment will be held to be under dishonorable conditions.

(b) Statutory prohibition. Where an enlistment is voided by the service department because the person did not have legal capacity to contract for a reason other than minority (as in the case of an insane person) or because the enlistment was prohibited by statute (a deserter or person convicted of a felony), benefits may not be paid based on that service even though a disability was incurred during such service. An undesirable discharge by reason of the fraudulent enlistment voids the enlistment from the beginning.

(c) Misrepresentation of age. Active service which was terminated because of concealment of minority or misrepresentation of age is honorable if the veteran was released from service under conditions other than dishonorable. Service is valid from the date of entry upon active duty to the date of discharge.

(d) Honorable discharges. Determinations as to honorable service will be
made by the service departments and the finding shall be binding on the Department of Veterans Affairs, but, in the case of an alien, the effect of the discharge will be governed by §3.7(b).

§ 3.20 Surviving spouse’s benefit for month of veteran’s death.

(a) Where the veteran died on or after December 1, 1962, and before October 1, 1982, the rate of death pension or dependency and indemnity compensation otherwise payable for the surviving spouse for the month in which the death occurred shall be not less than the amount of pension or compensation which would have been payable to or for the veteran for that month but for his or her death.

[37 FR 6676, Apr. 1, 1972, as amended at 44 FR 45832, Aug. 6, 1979; 56 FR 57966, Nov. 15, 1991]

§§ 3.18–3.19 [Reserved]

§ 3.20 Surviving spouse’s benefit for month of veteran’s death.

(b) Where the veteran dies on or after October 1, 1982, the surviving spouse may be paid death pension or dependency and indemnity compensation for the month in which the veteran died at a rate equal to the amount of compensation or pension which would have been payable to the veteran for that month had death not occurred, but only if such rate is equal to or greater than the monthly rate of death pension or dependency and indemnity compensation to which the surviving spouse is entitled. Otherwise, no payment of death pension or dependency and indemnity compensation may be made for the month in which the veteran died.

(Authority: 38 U.S.C. 5111(c))

(c)(1) Where a veteran receiving compensation or pension dies after December 31, 1996, the surviving spouse, if not entitled to death compensation, dependency and indemnity compensation, or death pension for the month of death, shall be entitled to a benefit for that month in an amount equal to the amount of compensation or pension the veteran would have received for that month but for his or her death.

(2) A payment issued to a deceased veteran as compensation or pension for the month in which death occurred
§ 3.21 Monetary rates.

The rates of compensation, dependency and indemnity compensation for surviving spouses and children, and section 306 and old-law disability and death pension, are published in tabular form in appendix B of the Veterans Benefits Administration Manual M21–1 and are to be given the same force and effect as if published in the regulations (title 38, Code of Federal Regulations). The maximum annual rates of improved pension payable under Pub. L. 95–588 (92 Stat. 2497) are set forth in §§3.23 and 3.24. The monthly rates and annual income limitations applicable to parents’ dependency and indemnity compensation are set forth in §3.25.

[44 FR 45932, Aug. 6, 1979]

§ 3.22 DIC benefits for survivors of certain veterans rated totally disabled at time of death.

(a) Even though a veteran died of non-service-connected causes, VA will pay death benefits to the surviving spouse or children in the same manner as if the veteran’s death were service-connected, if:

(1) The veteran’s death was not the result of his or her own willful misconduct, and

(2) At the time of death, the veteran was receiving, or was entitled to receive, compensation for service-connected disability that was:

(i) Rated by VA as totally disabling for a continuous period of at least 10 years immediately preceding death;

(ii) Rated by VA as totally disabled continuously since the veteran’s release from active duty and for at least 5 years immediately preceding death; or

(iii) Rated by VA as totally disabled for a continuous period of not less than one year immediately preceding death, if the veteran was a former prisoner of war who died after September 30, 1999.

(Authority: 38 U.S.C. 5318(b))

(b) For purposes of this section, “entitled to receive” means that the veteran filed a claim for disability compensation during his or her lifetime and one of the following circumstances is satisfied:

(1) The veteran would have received total disability compensation at the time of death for a service-connected disability rated totally disabling for the period specified in paragraph (a)(2) of this section but for clear and unmistakable error committed by VA in a decision on a claim filed during the veteran’s lifetime; or

(2) Additional evidence submitted to VA before or after the veteran’s death, consisting solely of service department records that existed at the time of a prior VA decision but were not previously considered by VA, provides a basis for reopening a claim finally decided during the veteran’s lifetime and for awarding a total service-connected disability rating retroactively in accordance with §§3.156(c) and 3.400(q)(2) of this part for the relevant period specified in paragraph (a)(2) of this section; or

(3) At the time of death, the veteran had a service-connected disability that was continuously rated totally disabling by VA for the period specified in paragraph (a)(2), but was not receiving compensation because:

(i) VA was paying the compensation to the veteran’s dependents;

(ii) VA was withholding the compensation under authority of 38 U.S.C. 5314 to offset an indebtedness of the veteran;

(Authority: 38 U.S.C. 1318(b))
Department of Veterans Affairs § 3.23

(iii) The veteran had not waived retired or retirement pay in order to receive compensation;

(iv) VA was withholding payments under the provisions of 10 U.S.C. 1174(h)(2);

(v) VA was withholding payments because the veteran’s whereabouts were unknown, but the veteran was otherwise entitled to continued payments based on a total service-connected disability rating; or

(vi) VA was withholding payments under 38 U.S.C. 5308 but determines that benefits were payable under 38 U.S.C. 5309.

(c) For purposes of this section, “rated by VA as totally disabling” includes total disability ratings based on unemployability (§ 4.16 of this chapter).

(d) To be entitled to benefits under this section, a surviving spouse must have been married to the veteran—

(1) For at least 1 year immediately preceding the date of the veteran’s death; or

(2) For any period of time if a child was born of the marriage, or was born to them before the marriage.

(Authority: 38 U.S.C. 1318)

(e) Effect of judgment or settlement. If a surviving spouse or child eligible for benefits under paragraph (a) of this section receives any money or property pursuant to a judicial proceeding based upon, or a settlement or compromise of, any cause of action or other right of recovery for damages for the death of the veteran, benefits payable under paragraph (a) of this section shall not be paid for any month following the month in which such money or property is received until the amount of benefits that would otherwise have been payable under paragraph (a) of this section equals the total of the amount of money received and the fair market value of property received. Expenses incident to recovery, such as attorney’s fees, may not be deducted from the amount to be reported.

(h) Relationship to survivor benefit plan. For the purpose of 10 U.S.C. 1448(d) and 1450(c) eligibility for benefits under paragraph (a) of this section shall be deemed eligibility for dependency and indemnity compensation under 38 U.S.C. 1311(a).

§ 3.23 Improved pension rates—Veterans and surviving spouses.

(a) Maximum annual rates of improved pension. The maximum annual rates of improved pension for the following categories of beneficiaries shall be the amounts specified in 38 U.S.C. 1521 and 1542, as increased from time to time under 38 U.S.C. 5312. Each time there is an increase under 38 U.S.C. 5312, the actual rates will be published in the “Notices” section of the Federal Register. (1) Veterans who are permanently and totally disabled.

(Authority: 38 U.S.C. 1521(b) or (c))

(2) Veterans in need of aid and attendance.

(Authority: 38 U.S.C. 1521(d))
(3) Veterans who are housebound.

(Authority: 38 U.S.C. 1521(e))

(4) Two veterans married to one another; combined rates.

(Authority: 38 U.S.C. 1521(f))

(5) Surviving spouse alone or with a child or children of the deceased veteran in custody of the surviving spouse.

(Authority: 38 U.S.C. 1541(b) or (c))

(6) Surviving spouses in need of aid and attendance.

(Authority: 38 U.S.C. 1541(d))

(7) Surviving spouses who are housebound.

(Authority: 38 U.S.C. 1541(e))

(b) Reduction for income. The maximum rates of improved pension in paragraph (a) of this section shall be reduced by the amount of the countable annual income of the veteran or surviving spouse.

(Authority: 38 U.S.C. 1521, 1541)

(c) Mexican border period and World War I veterans. The applicable maximum annual rate payable to a Mexican border period or World War I veteran under this section shall be increased by the amount specified in 38 U.S.C. 1521(g), as increased from time to time under 38 U.S.C. 5312. Each time there is an increase under 38 U.S.C. 5312, the actual rate will be published in the “Notices” section of the Federal Register.

(Authority: 38 U.S.C. 1521(c), (h))

(d) Definitions of terms used in this section—(1) Dependent. A veteran’s spouse or child. A veteran’s spouse who resides apart from the veteran and is estranged from the veteran may not be considered the veteran’s dependent unless the spouse receives reasonable support contributions from the veteran. (Note that under §3.60 a veteran and spouse who reside apart are considered to be living together unless they are estranged.) A child of a veteran not in custody of the veteran and to whose support the veteran is not reasonably contributing, may not be considered the veteran’s dependent.

(Authority: 38 U.S.C. 1521(b))

(2) In need of aid and attendance. As defined in §3.351(b).

(3) Housebound. As defined in §3.351(d)(2), (f). This term also includes a veteran who has a disability or disabilities evaluated as 60 percent or more disabling in addition to a permanent and totally disabling condition. See §3.351(d)(1).

(4) Veteran’s annual income. This term includes the veteran’s annual income, the annual income of the veteran’s dependent spouse, and the annual income of each child of the veteran (other than a child for whom increased pension is not payable under 38 U.S.C. 1522(b)) in the veteran’s custody or to whose support the veteran is reasonably contributing (to the extent that such child’s income is reasonably available to or for the veteran, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the veteran.) There is a rebuttable presumption that all of such a child’s income is reasonably available to or for the veteran.

(Authority: 38 U.S.C. 1521(c), (h))

(5) Surviving spouse’s annual income. This term includes the surviving spouse’s annual income and the annual income of each child of the veteran (other than a child for whom increased pension is not payable under 38 U.S.C. 1543(a)(2)) in the custody of the surviving spouse to the extent that the child’s income is reasonably available to or for the surviving spouse, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the surviving spouse. There is a rebuttable presumption that all of such a child’s income is available to or for the surviving spouse.

(Authority: 38 U.S.C. 1541(c), (g))

(6) Reasonable availability and hardship. For the purposes of paragraphs (d)(4) and (d)(5) of this section, a child’s income shall be considered “reasonably available” when it can be readily applied to meet the veteran’s or surviving
spouse’s expenses necessary for reasonable family maintenance, and “hardship” shall be held to exist when annual expenses necessary for reasonable family maintenance exceed the sum of countable annual income plus VA pension entitlement. Expenses necessary for reasonable family maintenance include expenses for basic necessities (such as food, clothing, shelter, etc.) and other expenses, determined on a case-by-case basis, which are necessary to support a reasonable quality of life.

§ 3.24 Improved pension rates—Surviving children.

(a) General. The provisions of this section apply to children of a deceased veteran not in the custody of a surviving spouse who has basic eligibility to receive improved pension. Children in custody of a surviving spouse who has basic eligibility to receive improved pension do not have separate entitlement. Basic eligibility to receive improved pension means that the surviving spouse is in receipt of improved pension or could become entitled to receive improved pension except for the amount of the surviving spouse’s countable annual income or the size of the surviving spouse’s estate (See §3.274(c)). Under §3.23(d)(5) the countable annual income of a surviving spouse includes the countable annual income of each child of the veteran in custody of the surviving spouse to the extent the child’s income is reasonably available to or for the surviving spouse, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the surviving spouse.

(b) Child with no personal custodian or in the custody of an institution. In cases in which there is no personal custodian, i.e., there is no person who has the legal right to exercise parental control and responsibility for the child’s welfare (See §3.57(d)), or the child is in the custody of an institution, pension shall be paid to the child at the annual rate specified in 38 U.S.C. 1542, as increased from time to time under 38 U.S.C. 5312, reduced by the amount of the child’s countable annual income. Each time there is an increase under 38 U.S.C. 5312, the actual rate will be published in the “Notices” section of the Federal Register.

(c) Child in the custody of person legally responsible for support—(1) Single child. Pension shall be paid to a child in the custody of a person legally responsible for the child’s support at an annual rate equal to the difference between the rate for a surviving spouse and one child under §3.23(a)(5), and the sum of the annual income of such child and the annual income of such person or, the maximum annual pension rate under paragraph (b) of this section, whichever is less.

(2) More than one child. Pension shall be paid to children in custody of a person legally responsible for the children’s support at an annual rate equal to the difference between the rate for a surviving spouse and an equivalent number of children (but not including any child who has countable annual income equal to or greater than the maximum annual pension rate under paragraph (b) of this section) and the sum of the countable annual income of the person legally responsible for support and the combined countable annual income of the children (but not including the income of any child whose countable annual income is equal to or greater than the maximum annual pension rate under paragraph (b) of this section, or the maximum annual pension rate under paragraph (b) of this section times the number of eligible children, whichever is less).

§ 3.25 Parent’s dependency and indemnity compensation (DIC)—Method of payment computation.

Monthly payments of parents’ DIC shall be computed in accordance with the following formulas:
§ 3.26 (a) One parent. Except as provided in paragraph (b) of this section, if there is only one parent, the monthly rate specified in 38 U.S.C 1315(b)(1), as increased from time to time under 38 U.S.C. 5312, reduced by $.08 for each dollar of such parent’s countable annual income in excess of $800. No payments of DIC may be made under this paragraph, however, if such parent’s countable annual income exceeds the amount specified in 38 U.S.C. 1315(b)(3), as increased from time to time under 38 U.S.C. 5312, and no payment of DIC to a parent under this paragraph may be less than $5 a month.

(b) One parent who has remarried. If there is only one parent and the parent has remarried and is living with the parent’s spouse, DIC shall be paid under paragraph (a) or paragraph (d) of this section, whichever shall result in the greater benefit being paid to the veteran’s parent. In the case of remarriage, the total combined annual income of the parent and the parent’s spouse shall be counted in determining the monthly rate of DIC.

(c) Two parents not living together. The rate computation method in this paragraph applies to:
(1) Two parents who are not living together, or
(2) An unmarried parent when both parents are living and the other parent has remarried.

The monthly rate of DIC paid to such parent shall be the rate specified in 38 U.S.C. 1315(c)(1), as increased from time to time under 38 U.S.C. 5312, reduced by an amount no greater than $.08 for each dollar of such parent’s countable annual income in excess of $800, except that no payments of DIC may be made under this paragraph if such parent’s countable annual income exceeds the amount specified in 38 U.S.C. 1315(c)(3), as increased from time to time under 38 U.S.C. 5312, and no payment of DIC to a parent under this paragraph may be less than $5 monthly. Each time there is a rate increase under 38 U.S.C. 5312, the amount of the reduction under this paragraph shall be recomputed to provide, as nearly as possible, for an equitable distribution of the rate increase. The results of this computation method shall be published in schedular format in the “Notices” section of the FEDERAL REGISTER as provided in paragraph (f) of this section.

(d) Two parents living together or remarried parents living with spouse. The rate computation method in this paragraph applies to each parent living with another parent and to each remarried parent when both parents are alive. The monthly rate of DIC paid to such parents shall be the rate specified in 38 U.S.C. 1315(d)(1), as increased from time to time under 38 U.S.C. 5312, reduced to an amount no greater than $.08 for each dollar of such parent’s and spouse’s combined countable annual income in excess of $1,000 except that no payments of DIC to a parent under this paragraph may be less than $5 monthly. Each time there is a rate increase under 38 U.S.C. 5312, the amount of the reduction under this paragraph shall be recomputed to provide, as nearly as possible, for an equitable distribution of the rate increase. The results of this computation method shall be published in schedular format in the “Notices” section of the FEDERAL REGISTER as provided in paragraph (f) of this section.

(e) Aid and attendance. The monthly rate of DIC payable to a parent under this section shall be increased by the amount specified in 38 U.S.C. 1315(g), as increased from time to time under 38 U.S.C. 5312, if such parent is:
(1) A patient in a nursing home, or
(2) Helpless or blind, or so nearly helpless or blind as to need or require the regular aid and attendance of another person.

(f) Rate publication. Each time there is an increase under 38 U.S.C. 5312, the actual rates will be published in the “Notices” section of the FEDERAL REGISTER.

[52 FR 34908, Sept. 14, 1987]
§ 3.29 Rounding.

(a) Annual rates. Where the computation of an increase in improved pension rates under §§3.23 and 3.24 would otherwise result in a figure which includes a fraction of a dollar, the benefit rate will be adjusted to the next higher dollar amount. This method of computation will also apply to increases in old-law and section 306 pension annual income limitations under §3.26, including the income of a spouse which is excluded from a veteran’s countable income, and parents’ dependency and indemnity compensation benefit rates and annual income limitations under §3.25.

(b) Monthly or other periodic pension rates. After determining the monthly or other periodic rate of improved pension under §§3.273 and 3.30 or the rate payable under section 306(a) of Pub. L. 95–588 (92 Stat. 2508), the resulting rate, if not a multiple of one dollar, will be rounded down to the nearest whole dollar amount. The provisions of this paragraph apply with respect to amounts of pension payable for periods beginning on or after June 1, 1983, under the provisions of 38 U.S.C. 1521, 1541 or 1542, or under section 306(a) of Pub. L. 95–588.

(c) Monthly rates under 38 U.S.C. chapter 18. When increasing the monthly monetary allowance rates under 38 U.S.C. chapter 18 for certain individuals who are children of Vietnam veterans or children of veterans with covered service in Korea, VA will round any resulting rate that is not an even dollar amount to the next higher dollar.

§ 3.30 Frequency of payment of improved pension and parents’ dependency and indemnity compensation (DIC).

Payment shall be made as shown in paragraphs (a), (b), (c), (d), (e), and (f) of this section; however, beneficiaries receiving payment less frequently than monthly may elect to receive payment monthly in cases in which other Federal benefits would otherwise be denied.

(a) Improved pension—Monthly. Payment shall be made monthly if the annual rate payable is $228 or more.

(b) Improved pension—Quarterly. Payment shall be made every 3 months on or about March 1, June 1, September 1, and December 1, if the annual rate payable is at least $144 but less than $228.

(c) Improved pension—Semiannually. Payment shall be made every 6 months on or about June 1, and December 1, if the annual rate payable is at least $72 but less than $144.

(d) Improved pension—Annually. Payment shall be made annually on or about June 1, if the annual rate payable is less than $72.

(e) Parents’ DIC—Semiannually. Benefits shall be paid every 6 months on or about June 1, and December 1, if the amount of the annual benefit is less than 4 percent of the maximum annual rate payable under 38 U.S.C. 1315.

(f) Payment of less than one dollar. Payments of less than $1 shall not be made.

§ 3.31 Commencement of the period of payment.

Regardless of VA regulations concerning effective dates of awards, and except as provided in paragraph (c) of ...
this section, payment of monetary benefits based on original, reopened, or increased awards of compensation, pension, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran or a child of a veteran with covered service in Korea may not be made for any period prior to the first day of the calendar month following the month in which the award became effective. However, beneficiaries will be deemed to be in receipt of monetary benefits during the period between the effective date of the award and the date payment commences for the purpose of all laws administered by the Department of Veterans Affairs except that nothing in this section will be construed as preventing the receipt of retired or retirement pay prior to the effective date of waiver of such pay in accordance with 38 U.S.C. 5305.

(a) Increased award defined. For the purposes of this section the term increased award means an award which is increased because of an added dependent, increase in disability or disability rating, or reduction in income. The term also includes elections of improved pension under section 306 of Pub. L. 95–588 and awards pursuant to paragraphs 29 and 30 of the Schedule for Rating Disabilities except as provided in paragraph (c) of this section.

(b) General rule of applicability. The provisions of this section apply to all original, reopened, or increased awards unless such awards provide only for continuity of entitlement with no increase in rate of payment.

(c) Specific exclusions. The provisions of this section do not apply to the following types of awards.

(1) Surviving spouse’s rate for the month of a veteran’s death (for exception see §3.20(b))

(2) In cases where military retired or retirement pay is greater than the amount of compensation payable, compensation will be paid as of the effective date of waiver of such pay. However, in cases where the amount of compensation payable is greater than military retired or retirement pay, payment of the available difference for any period prior to the effective date of total waiver of such pay is subject to the general provisions of this section.

(3) Adjustments of awards—such as in the case of original or increased appropriations or the termination of any withholding, reduction, or suspension by reason of:

(i) Recoupment,

(ii) An offset to collect indebtedness,

(iii) Institutionalization (hospitalization),

(iv) Incompetency,

(v) Incarceration,

(vi) An estate that exceeds the limitation for certain hospitalized incompetent veterans, or

(vii) Discontinuance of apportionments.

(4) Increases resulting solely from the enactment of legislation—such as

(i) Cost-of-living increases in compensation or dependency and indemnity compensation,

(ii) Increases in Improved Pension, parents’ dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 pursuant to §3.27, or

(iii) Changes in the criteria for statutory award designations.

(5) Temporary total ratings pursuant to paragraph 29 of the Schedule for Rating Disabilities when the entire period of hospitalization or treatment, including any period of post-hospitalization convalescence, commences and terminates within the same calendar month. In such cases the period of payment shall commence on the first day of the month in which the hospitalization or treatment began.

§ 3.32 Exchange rates for foreign currencies.

When determining the rates of pension or parents’ DIC or the amounts of burial, plot or headstone allowances or accrued benefits to which a claimant or beneficiary may be entitled, income received or expenses paid in a foreign currency shall be converted into U.S. dollar equivalents employing quarterly
§ 3.40 Exchange rates established by the Department of the Treasury.

(a) Pension and parents’ DIC. (1) Because exchange rates for foreign currencies cannot be determined in advance, rates of pension and parents’ DIC shall be projected using the most recent quarterly exchange rate and shall be adjusted retroactively based upon actual exchange rates when an annual eligibility verification report is filed.

(2) Retroactive adjustments due to fluctuations in exchange rates shall be calculated using the average of the four most recent quarterly exchange rates. If the claimant reports income and expenses for a prior reporting period, the retroactive adjustment shall be calculated using the average of the four quarterly rates which were the most recent available on the closing date of the twelve-month period for which income and expenses are reported.

(b) Burial, plot or headstone allowances and accrued benefits. Payment amounts for burial, plot or headstone allowances and claims for accrued benefits as reimbursement from the person who bore the expenses of a deceased beneficiary’s last illness or burial shall be determined using the quarterly exchange rate for the quarter in which the expenses forming the basis of the claim were paid. If the claim is filed by an unpaid creditor, however, the quarterly rate for the quarter in which the veteran died shall apply. When entitlement originates during a quarter for which the Department of the Treasury has not yet published a quarterly rate, amounts due shall be calculated using the most recent quarterly exchange rate.

L. 190 as it constituted the sole authority for such enlistments during that period. This paragraph does not apply to officers who were commissioned in connection with the administration of Pub. L. 190.

(Authority: 38 U.S.C. 107)

(c) Commonwealth Army of the Philippines. (1) Service is included, for compensation, dependency and indemnity compensation, and burial allowance, from and after the dates and hours, respectively, when they were called into service of the Armed Forces of the United States by orders issued from time to time by the General Officer, U.S. Army, pursuant to the Military Order of the President of the United States dated July 26, 1941. Service as a guerrilla under the circumstances outlined in paragraph (d) of this section is also included. Except as provided in §§3.42 and 3.43, benefits based on service described in this paragraph are payable at a rate of $0.50 for each dollar authorized under the law.

(Authority: 38 U.S.C. 107)

(2) Unless the record shows examination at time of entrance into the Armed Forces of the United States, such persons are not entitled to the presumption of soundness. This also applies upon reentering the Armed Forces after a period of inactive service.
(d) Guerrilla service. (1) Persons who served as guerrillas under a commissioned officer of the United States Army, Navy or Marine Corps, or under a commissioned officer of the Commonwealth Army recognized by and cooperating with the United States Forces are included. (See paragraph (c) of this section.) Service as a guerrilla by a member of the Philippine Scouts or the Armed Forces of the United States is considered as service in his or her regular status. (See paragraph (a) of this section.)

(2) The following certifications by the service departments will be accepted as establishing guerrilla service:

(i) Recognized guerrilla service;

(ii) Unrecognized guerrilla service under a recognized commissioned officer only if the person was a former member of the United States Armed Forces (including the Philippine Scouts), or the Commonwealth Army. This excludes civilians.

A certification of Anti-Japanese Activity will not be accepted as establishing guerrilla service.

(e) Combined service. Where a veteran who had Commonwealth Army or guerrilla service and also had other service, wartime or peacetime, in the Armed Forces of the United States, has disabilities which are compensable separately on a dollar and a $0.50 for each dollar authorized basis, and the disabilities are combined under the authority contained in 38 U.S.C. 1157, the evaluation for which dollars are payable will be first considered and the difference between this evaluation and the combined evaluation will be the basis for computing the amount payable at the rate of $0.50 for each dollar authorized.

CROSS REFERENCE: Computation of service. See §3.15.

§ 3.41 Philippine service.

(a) For a Regular Philippine Scout or a member of one of the regular components of the Philippine Commonwealth Army while serving with Armed Forces of United States, the period of active service will be from the date certified by the Armed Forces as the date of enlistment or date of report for active duty whichever is later to date of release from active duty, discharge, death, or in the case of a member of the Philippine Commonwealth Army June 30, 1946, whichever was earlier. (5) Capitulation on May 6, 1942, except that periods of recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer or periods of service in units which continued organized resistance against Japanese prior to formal capitulation will be considered return to active duty for period of such service.

(b) Active service of a Regular Philippine Scout or a member of the Philippine Commonwealth Army serving with the Armed Forces of the United States will include a prisoner-of-war status immediately following a period of active duty, or a period of recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer. In those cases where following release from active duty as set forth in paragraph (a) of this section, the veteran is factually found by the Department of Veterans Affairs to have been injured or killed by the Japanese because of anti-Japanese activities or his or her former service in the Armed Forces of the United States, such injury or death may be held to have been incurred in active service for Department of Veterans Affairs purposes. Determination shall be based on all available evidence, including service department reports, and consideration shall be given to the character.
§ 3.42 Compensation at the full-dollar rate for certain Filipino veterans residing in the United States.

(a) Definitions. For purposes of this section:

(1) United States (U.S.) means the states, territories and possessions of the United States; the District of Columbia, and the Commonwealth of Puerto Rico.

(2) Residing in the U.S. means that an individual’s principal, actual dwelling place is in the U.S. and that the individual meets the residency requirements of paragraph (c)(4) of this section.

(3) Citizen of the U.S. means any individual who acquires U.S. citizenship through birth in the territorial U.S., birth abroad as provided under title 8, United States Code, or through naturalization, and has not renounced his or her U.S. citizenship, or had such citizenship cancelled, revoked, or otherwise terminated.

(4) Lawfully admitted for permanent residence means that an individual has been lawfully accorded the privilege of residing permanently in the U.S. as an immigrant by the U.S. Citizenship and Immigration Services under title 8, United States Code, and still has this status.

(b) Eligibility requirements. Compensation and dependency and indemnity compensation is payable at the full-dollar rate, based on service described in §3.40(b), (c), or (d), to a veteran or a veteran’s survivor who is residing in the U.S. and is either:

(1) A citizen of the U.S., or

(2) An alien lawfully admitted for permanent residence in the U.S.

(c) Evidence of eligibility. (1) A valid original or copy of one of the following documents is required to prove that the veteran or the veteran’s survivor is a natural born citizen of the U.S.:

(i) A valid U.S. passport;

(ii) A birth certificate showing that he or she was born in the U.S.; or

(2) Only verification by the U.S. Citizenship and Immigration Services to VA that a veteran or a veteran’s survivor is a naturalized citizen of the U.S., or a valid U.S. passport, will be sufficient proof of such status.

(3) Only verification by the U.S. Citizenship and Immigration Services to VA that a veteran or a veteran’s survivor is an alien lawfully admitted for permanent residence in the U.S. will be sufficient proof of such status.

(4) VA will not pay benefits at the full-dollar rate under this section unless the evidence establishes that the veteran or survivor is lawfully residing in the U.S.

(i) Such evidence should identify the veteran’s or survivor’s name and relevant dates, and may include:

(A) A valid driver’s license issued by the state of residence;

(B) Employment records, which may consist of pay stubs, W-2 forms, and certification of the filing of Federal, State, or local income tax returns;

(C) Residential leases, rent receipts, utility bills and receipts, or other relevant documents showing dates of utility service at a leased residence;

(D) Hospital or medical records showing medical treatment or hospitalization, and showing the name of the medical facility or treating physician;

(E) Property tax bills and receipts; and

(F) School records.

(ii) A Post Office box mailing address in the veteran’s name or the name of the veteran’s survivor does not constitute evidence showing that the veteran or veteran’s survivor is lawfully residing in the United States.

(d) Continued eligibility. (1) In order to continue receiving benefits at the full-dollar rate under this section, a veteran or a veteran’s survivor must be physically present in the U.S. for at
least 183 days of each calendar year in which he or she receives payments at the full-dollar rate, and may not be absent from the U.S. for more than 60 consecutive days at a time unless good cause is shown. However, if a veteran or a veteran’s survivor becomes eligible for full-dollar rate benefits for the first time on or after July 1 of any calendar year, the 183-day rule will not apply during that calendar year. VA will not consider a veteran or a veteran’s survivor to have been absent from the U.S. if he or she left and returned to the U.S. on the same date.

(2) A veteran or a veteran’s survivor receiving benefits at the full-dollar rate under this section must notify VA within 30 days of leaving the U.S., or within 30 days of losing either his or her U.S. citizenship or lawful permanent resident alien status. When a veteran or a veteran’s survivor no longer meets the eligibility requirements of paragraph (b) of this section, VA will reduce his or her payment to the rate of $0.50 for each dollar authorized under the law, effective on the date determined under §3.505. If such veteran or survivor regains his or her U.S. citizenship or lawful permanent resident alien status, VA will restore full-dollar rate benefits, effective the date the veteran or survivor meets the eligibility requirements in paragraph (b) of this section.

(3) When requested to do so by VA, a veteran or survivor receiving benefits at the full-dollar rate under this section must verify that he or she continues to meet the residency and citizenship or permanent resident alien status requirements of paragraph (b) of this section. VA will advise the veteran or survivor at the time of the request that the verification must be furnished within 60 days and that failure to do so will result in the reduction of benefits. If the veteran or survivor fails to furnish the evidence within 60 days, VA will reduce his or her payment to the rate of $0.50 for each dollar authorized, as provided in §3.652.

(4) A veteran or survivor receiving benefits at the full-dollar rate under this section must promptly notify VA of any change in his or her address. If mail from VA to the veteran or survivor is returned to VA by the U.S. Postal Service, VA will make reasonable efforts to determine the correct mailing address. If VA is unable to determine the correct mailing address through reasonable efforts, VA will reduce benefit payments to the rate of $0.50 for each dollar authorized under law, effective on the date determined under §3.505.

(e) Effective date for restored eligibility. In the case of a veteran or survivor receiving benefits at the full-dollar rate, if VA reduces his or her payment to the rate of $0.50 for each dollar authorized under the law, VA will resume payments at the full-dollar rate, if otherwise in order, effective the first day of the month following the date on which he or she again meets the requirements. However, such increased payments will be retroactive no more than one year prior to the date on which VA receives evidence that he or she again meets the requirements.

1. Who lived with the veteran continuously from the date of marriage to the date of the veteran’s death except where there was a separation which was due to the misconduct of, or procured by, the veteran without the fault of the surviving spouse; and

2. Except as provided in §3.55, has not remarried or has not since the death of the veteran and after September 19, 1962, lived with another person of the opposite sex and held himself or herself out openly to the public to be the spouse of such other person.

   (ii) Has been dissolved by a court with basic authority to render divorce decrees unless the Department of Veterans Affairs determines that the divorce was secured through fraud by the surviving spouse or by collusion.

(3) On or after October 1, 1998, remarriage of a surviving spouse terminated by death, divorce, or annulment, will not bar the furnishing of dependency and indemnity compensation, unless

(Authority: 38 U.S.C. 103(d))

(8) On or after January 1, 1971, the fact that benefits to a surviving spouse may previously have been barred because his or her conduct or a relationship into which he or she had entered had raised an inference or presumption that he or she had remarried or had been determined to be open and notorious adulterous cohabitation, or similar conduct, shall not bar the furnishing of benefits to such surviving spouse after he or she terminates the conduct or relationship, if the relationship terminated prior to November 1, 1990.

(9) Benefits under 38 U.S.C. 1781 for a surviving spouse who remarries after age 55. § 3.57 [Reserved]
(c) Adopted child. Except as provided in paragraph (e) of this section, the term means a child adopted pursuant to a final decree of adoption, a child adopted pursuant to an unrescinded interlocutory decree of adoption while remaining in the custody of the adopting parent (or parents) during the interlocutory period, and a child who has been placed for adoption under an agreement entered into by the adopting parent (or parents) with any agency authorized under law to so act, unless and until such agreement is terminated, while the child remains in the custody of the adopting parent (or parents) during the period of placement for adoption under such agreement. The term includes, as of the date of death of a veteran, such a child who:

1. Was living in the veteran’s household at the time of the veteran’s death, and
2. Was adopted by the veteran’s spouse under a decree issued within 2 years after August 25, 1959, or the veteran’s death whichever is later, and
3. Was not receiving from an individual other than the veteran or the veteran’s spouse, or from a welfare organization which furnishes services or assistance for children, recurring contributions of sufficient size to constitute the major portion of the child’s support.

(Authority: 38 U.S.C. 101(4))

(d) Definition of child custody. The provisions of this paragraph are for the purpose of determining entitlement to improved pension under §§3.23 and 3.24.

1. Custody of a child shall be considered to rest with a veteran, surviving spouse of a veteran or person legally responsible for the child’s support if that person has the legal right to exercise parental control and responsibility for the welfare and care of the child. A child of the veteran residing with the veteran, surviving spouse of the veteran who is the child’s natural or adoptive parent, or person legally responsible for the child’s support if that individual, the child shall be considered in the custody of the individual for purposes of Department of Veterans Affairs benefits.

2. The term person legally responsible for the child’s support means a person who is under a legally imposed obligation (e.g., by statute or court order) to provide for the child’s support, as well as a natural or adoptive parent who has not been divested of legal custody. If the child’s natural or adoptive parent has remarried, the stepparent may also be considered a person legally responsible for the child’s support. A child shall be considered in the joint custody of his or her stepparent and natural or adoptive parent so long as the natural or adoptive parent and the stepparent are not estranged and residing apart, and the natural or adoptive parent has not been divested of legal custody. When a child is in such joint custody the combined income of the natural or adoptive parent and the stepparent shall be included as income of the person legally responsible for support under §3.24(c).

3. A person having custody of a child prior to the time the child attains age 18 shall be considered to retain custody of the child for periods on and after the child’s 18th birthday, unless the person is divested of legal custody. This applies without regard to whether the child was entitled to pension prior to age 18, or whether increased pension was payable to a veteran or surviving spouse on behalf of the child prior to the child’s 18th birthday. The child’s custodian dies after the child has attained age 18, the child shall be considered to be in custody of a successor custodian provided the successor custodian has the right to exercise parental control and responsibility for the welfare and care of the child.

(Authority: 38 U.S.C. 501, 1521(c), 1541(c))

(e) Child adopted under foreign law—

1. General. The provisions of this paragraph are applicable to a person adopted under the laws of any jurisdiction other than a State. The term State is defined in 38 U.S.C. 101(20) and also includes the Commonwealth of the
Northern Mariana Islands. The term veteran includes, for the purposes of this paragraph, a Commonwealth Army veteran or new Philippine Scout as defined in 38 U.S.C. 3566.

(2) Adopted child of living veteran. A person residing outside any of the States shall not be considered to be a legally adopted child of a veteran during the lifetime of the veteran unless all of the following conditions are met.

(i) The person was less than 18 years of age at the time of adoption.

(ii) The person is receiving one-half or more of the person’s support from the veteran.

(iii) The person is not in the custody of the person’s natural parent unless the natural parent is the veteran’s spouse.

(iv) The person is residing with the veteran (or in the case of divorce following adoption, with the divorced spouse who is also a natural or adoptive parent) except for periods during which the person is residing apart from the veteran for purposes of full-time attendance at an educational institution or during which the person or the veteran is confined in a hospital, nursing home, other health-care facility, or other institution.

(3) Adopted child of deceased veteran. A person shall not be considered to have been a legally adopted child of a veteran as of the date of the veteran’s death and thereafter unless one of the following conditions is met.

(i) The veteran was entitled to and was receiving for the person a dependent’s allowance or similar monetary benefit payable under title 38, United States Code at any time within the 1-year period immediately preceding the veteran’s death; or

(ii) The person met the requirements of paragraph (e)(2) of this section for a period of at least 1 year prior to the veteran’s death.

(4) Verification. In the case of an adopted child of a living veteran, the requirements of paragraphs (e)(2)(ii), (iii) and (iv) of this section are for prospective application. That is, in addition to meeting all of the requirements of paragraph (e)(2) of this section at the time of initial adjudication, benefits are not payable thereafter for or to a child adopted under the laws of any jurisdiction other than a State unless the requirements of paragraphs (e)(2)(ii), (iii) and (iv) of this section continue to be met. Consequently, whenever Department of Veterans Affairs benefits are payable to or for a child adopted under the laws of any jurisdiction other than a State, and the veteran who adopted the child is living, the beneficiary shall submit, upon Department of Veterans Affairs request, a report, or other evidence, to determine if the requirements of paragraph (e)(2)(ii), (iii), and (iv) of this section were met for any period for which payment was made for or to the child and whether such requirements will continue to be met for future entitlement periods. Failure to submit the requested report or evidence within a reasonable time from date of request may result in termination of benefits payable for or to the child.

(Authority: 38 U.S.C. 101(4), 501)

§ 3.59 Parent.

(a) The term parent means a natural mother or father (including the mother of an illegitimate child or the father of an illegitimate child if the usual family relationship existed), mother or father through adoption, or a person who for a period of not less than 1 year
stood in the relationship of a parent to a veteran at any time before his or her entry into active service.

(b) Foster relationship must have begun prior to the veteran's 21st birthday. Not more than one father and one mother, as defined, will be recognized in any case. If two persons stood in the relationship of father or mother for 1 year or more, the person who last stood in such relationship before the veteran's last entry into active service will be recognized as the parent.

ADMINISTRATIVE

§ 3.100 Delegations of authority.

(a) Authority is delegated to the Under Secretary for Benefits and to supervisory or adjudicative personnel within the jurisdiction of the Veterans Benefits Administration designated by the Under Secretary to make findings and decisions under the applicable laws, regulations, precedents, and instructions, as to entitlement of claimants to benefits under all laws administered by the Department of Veterans Affairs governing the payment of monetary benefits to veterans and their dependents, within the jurisdiction of Compensation and Pension Service.

(b) Authority is delegated to the Director, Compensation and Pension Service, and to personnel of that service designated by him to determine whether a claimant or payee has forfeited the right to gratuitous benefits or to remit a prior forfeiture pursuant to the provisions of 38 U.S.C. 6103 or 6104. See §3.905.

(Authority: 38 U.S.C. 512(a))

§ 3.102 Reasonable doubt.

It is the defined and consistently applied policy of the Department of Veterans Affairs to administer the law under a broad interpretation, consistent, however, with the facts shown in every case. When, after careful consideration of all procurable and assembled data, a reasonable doubt arises regarding service origin, the degree of disability, or any other point, such doubt will be resolved in favor of the claimant. By reasonable doubt is meant one which exists because of an approximate balance of positive and negative evidence which does not satisfactorily prove or disprove the claim. It is a substantial doubt and one within the range of probability as distinguished from pure speculation or remote possibility. It is not a means of reconciling actual conflict or a contradiction in the evidence. Mere suspicion or doubt as to the truth of any statements submitted, as distinguished from impeachment or contradiction by evidence or known facts, is not justifiable basis for denying the application of the reasonable doubt doctrine if the entire, complete record otherwise warrants invoking this doctrine. The reasonable doubt doctrine is also applicable even in the absence of official records, particularly if the basic incident allegedly arose under combat, or similarly strenuous conditions, and is consistent with the probable results of such known hardships.

(Authority: 38 U.S.C. 501)

§ 3.103 Procedural due process and appellate rights.

(a) Statement of policy. Every claimant has the right to written notice of the decision made on his or her claim, the right to a hearing, and the right of representation. Proceedings before VA
are ex parte in nature, and it is the obligation of VA to assist a claimant in developing the facts pertinent to the claim and to render a decision which grants every benefit that can be supported in law while protecting the interests of the Government. The provisions of this section apply to all claims for benefits and relief, and decisions thereon, within the purview of this part 3.

(b) The right to notice—(1) General. Claimants and their representatives are entitled to notice of any decision made by VA affecting the payment of benefits or the granting of relief. Such notice shall clearly set forth the decision made, any applicable effective date, the reason(s) for the decision, the right to a hearing on any issue involved in the claim, the right of representation and the right, as well as the necessary procedures and time limits, to initiate an appeal of the decision.

(2) Advance notice and opportunity for hearing. Except as otherwise provided in paragraph (b)(3) of this section, no award of compensation, pension or dependency and indemnity compensation shall be terminated, reduced or otherwise adversely affected unless the beneficiary has been notified of such adverse action and has been provided a period of 60 days in which to submit evidence for the purpose of showing that the adverse action should not be taken.

(3) Exceptions. In lieu of advance notice and opportunity for a hearing, VA will send a written notice to the beneficiary or her fiduciary at the same time it takes an adverse action under the following circumstances:

(i) An adverse action based solely on factual and unambiguous information or statements as to income, net worth, or dependency or marital status that the beneficiary or his or her fiduciary provided to VA in writing or orally (under the procedures set forth in §3.217(b)), with knowledge or notice that such information would be used to calculate benefit amounts.

(ii) An adverse action based upon the beneficiary’s or fiduciary’s failure to return a required eligibility verification report.

(iii) Evidence reasonably indicates that a beneficiary is deceased. However, in the event that VA has received a death certificate, a terminal hospital report verifying the death of a beneficiary or a claim for VA burial benefits, no notice of termination (contemporaneous or otherwise) will be required.

(iv) An adverse action based upon a written and signed statement provided by the beneficiary to VA renouncing VA benefits (see §3.106 on renouncement).

(v) An adverse action based upon a written statement provided to VA by a veteran indicating that he or she has returned to active service, the nature of that service, and the date of reentry into service, with the knowledge or notice that receipt of active service pay precludes concurrent receipt of VA compensation or pension (see §3.654 regarding active service pay).

(vi) An adverse action based upon a garnishment order issued under 42 U.S.C. 659(a).

(Authority: 38 U.S.C. 501(a))

(4) Restoration of benefits. VA will restore retroactively benefits that were reduced, terminated, or otherwise adversely affected based on oral information or statements if within 30 days of the date on which VA issues the notification of adverse action the beneficiary or his or her fiduciary asserts that the adverse action was based upon information or statements that were inaccurate or upon information that was not provided by the beneficiary or his or her fiduciary. This will not preclude VA from taking subsequent action that adversely affects benefits.

(c) The right to a hearing. (1) Upon request, a claimant is entitled to a hearing at any time on any issue involved in a claim within the purview of part 3 of this chapter, subject to the limitations described in §20.1304 of this chapter with respect to hearings in claims which have been certified to the Board of Veterans Appeals for appellate review. VA will provide the place of hearing in the VA office having original jurisdiction over the claim or at the VA office nearest the claimant’s home having adjudicative functions, or, subject to available resources and solely at the
option of VA, at any other VA facility or federal building at which suitable hearing facilities are available. VA will provide one or more employees who have original determinative authority of such issues to conduct the hearing and be responsible for establishment and preservation of the hearing record. Hearings in connection with proposed adverse actions and appeals shall be held before one or more VA employees having original determinative authority who did not participate in the proposed action or the decision being appealed. All expenses incurred by the claimant in connection with the hearing are the responsibility of the claimant.

(2) The purpose of a hearing is to permit the claimant to introduce into the record, in person, any available evidence which he or she considers material and any arguments or contentions with respect to the facts and applicable law which he or she may consider pertinent. All testimony will be under oath or affirmation. The claimant is entitled to produce witnesses, but the claimant and witnesses are expected to be present. The Veterans Benefits Administration will not normally schedule a hearing for the sole purpose of receiving argument from a representative. It is the responsibility of the VA employee or employees conducting the hearing to explain fully the issues and suggest the submission of evidence which the claimant may have overlooked and which would be of advantage to the claimant’s position. To assure clarity and completeness of the hearing record, questions which are directed to the claimant and to witnesses are to be framed to explore fully the basis for claimed entitlement rather than with an intent to refute evidence or to discredit testimony. In cases in which the nature, origin, or degree of disability is in issue, the claimant may request visual examination by a physician designated by VA and the physician’s observations will be read into the record.

(Authority: 38 U.S.C. 501)

(d) Submission of evidence. Any evidence whether documentary, testimonial, or in other form, offered by the claimant in support of a claim and any issue a claimant may raise and any contention or argument a claimant may offer with respect thereto are to be included in the records.

(e) The right to representation. Subject to the provisions of §§14.626 through 14.637 of this title, claimants are entitled to representation of their choice at every stage in the prosecution of a claim.

(f) Notification of decisions. The claimant or beneficiary and his or her representative will be notified in writing of decisions affecting the payment of benefits or granting relief. All notifications will advise the claimant of the reason for the decision; the date the decision will be effective; the right to a hearing subject to paragraph (c) of this section; the right to initiate an appeal by filing a Notice of Disagreement which will entitle the individual to a Statement of the Case for assistance in perfecting an appeal; and the periods in which an appeal must be initiated and perfected (See part 20 of this chapter, on appeals). Further, any notice that VA has denied a benefit sought will include a summary of the evidence considered.

(Authority: 38 U.S.C. 501, 1115, 1506, 5104)

§ 3.104 Finality of decisions.

(a) A decision of a duly constituted rating agency or other agency of original jurisdiction shall be final and binding on all field offices of the Department of Veterans Affairs as to conclusions based on the evidence on file at the time VA issues written notification in accordance with 38 U.S.C. 5104. A final and binding agency decision shall not be subject to revision on the same factual basis except by duly constituted appellate authorities or except as provided in §3.105 and §3.2600 of this part.

(b) Current determinations of line of duty, character of discharge, relationship, dependency, domestic relations questions, homicide, and findings of fact of death or presumptions of death
made in accordance with existing instructions, and by application of the same criteria and based on the same facts, by either an Adjudication activity or an Insurance activity are binding one upon the other in the absence of clear and unmistakable error.

§ 3.105 Revision of decisions.

The provisions of this section apply except where an award was based on an act of commission or omission by the payee, or with his or her knowledge (§3.500(b)); there is a change in law or a Department of Veterans Affairs issue, or a change in interpretation of law or a Department of Veterans Affairs issue (§3.114); or the evidence establishes that service connection was clearly illegal. The provisions with respect to the date of discontinuance of benefits are applicable to running awards. Where the award has been suspended, and it is determined that no additional payments are in order, the award will be discontinued effective date of last payment.

(a) Error. Previous determinations which are final and binding, including decisions of service connection, degree of disability, age, marriage, relationship, service, dependency, line of duty, and other issues, will be accepted as correct in the absence of clear and unmistakable error. Where evidence establishes such error, the prior decision will be reversed or amended. For the purpose of authorizing benefits, the rating or other adjudicative decision which constitutes a reversal of a prior decision on the grounds of clear and unmistakable error has the same effect as if the corrected decision had been made on the date of the reversed decision. Except as provided in paragraphs (d) and (e) of this section, where an award is reduced or discontinued because of administrative error or error in judgment, the provisions of §3.500(b)(2) will apply.

(b) Difference of opinion. Whenever an adjudicative agency is of the opinion that a revision or an amendment of a previous decision is warranted, a difference of opinion being involved rather than a clear and unmistakable error, the proposed revision will be recommended to Central Office. However, a decision may be revised under §3.2600 without being recommended to Central Office.

(c) Character of discharge. A determination as to character of discharge or line of duty which would result in discontinued entitlement is subject to the provisions of paragraph (d) of this section.

(d) Severance of service connection. Subject to the limitations contained in §§3.114 and 3.957, service connection will be severed only where evidence establishes that it is clearly and unmistakably erroneous (the burden of proof being upon the Government). (Where service connection is severed because of a change in or interpretation of a law or Department of Veterans Affairs issue, the provisions of §3.114 are for application.) A change in diagnosis may be accepted as a basis for severance action if the examining physician or physicians or other proper medical authority certifies that, in the light of all accumulated evidence, the diagnosis on which service connection was predicated is clearly erroneous. This certification must be accompanied by a summary of the facts, findings, and reasons supporting the conclusion. When severance of service connection is considered warranted, a rating proposing severance will be prepared setting forth all material facts and reasons. The claimant will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor and will be given 60 days for the presentation of additional evidence to show that service connection should be maintained. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final rating action will be taken and the award will be reduced or discontinued, if in order, effective the last day of the month in which a 60-day period from the date of notice to the beneficiary of the final rating action expires.

(Authority: 38 U.S.C. 5112(b)(6))

(e) Reduction in evaluation—compensation. Where the reduction in evaluation
of a service-connected disability or employability status is considered warranted. VA will notify the beneficiary at his or her latest address of record of the proposed reduction, furnish detailed reasons therefor, and allow the beneficiary 60 days to present additional evidence to show that the monetary allowance should be continued at the present level. Unless otherwise provided in paragraph (i) of this section, if VA does not receive additional evidence within that period, the award will be reduced or discontinued effective the last day of the month following 60 days from the date of notice to the beneficiary of the proposed reduction.

(Authority: 38 U.S.C. 1805, 1815, 1821, 1832, 5112(b)(6))

(h) Other reductions/discontinuances. Except as otherwise specified at §3.103(b)(3) of this part, where a reduction or discontinuance of benefits is warranted by reason of information received concerning income, net worth, dependency, or marital or other status, a proposal for the reduction or discontinuance will be prepared setting forth all material facts and reasons. The beneficiary will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence to show that the benefits should be continued at their present level. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final adverse action will be taken and the award will be reduced or discontinued effective as specified under the provisions of §§3.500 through 3.503 of this part.

(Authority: 38 U.S.C. 5112)

(i) Predetermination hearings. (1) In the advance written notice concerning proposed actions under paragraphs (d) through (h) of this section, the beneficiary will be informed that he or she will have an opportunity for a predetermination hearing, provided that a request for such a hearing is received by VA within 30 days from the date of the notice. If a timely request is received, VA will notify the beneficiary in writing of the time and place of the
§ 3.106

hearing at least 10 days in advance of the scheduled hearing date. The 10 day advance notice may be waived by agreement between VA and the beneficiary or representative. The hearing will be conducted by VA personnel who did not participate in the proposed adverse action and who will bear the decision-making responsibility. If a predetermination hearing is timely requested, benefit payments shall be continued at the previously established level pending a final determination concerning the proposed action.

(2) Following the predetermination procedures specified in this paragraph and paragraph (d), (e), (f), (g) or (h) of this section, whichever is applicable, final action will be taken. If a predetermination hearing was not requested or if the beneficiary failed without good cause to report for a scheduled predetermination hearing, the final action will be based solely upon the evidence of record. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant or beneficiary, death of an immediate family member, etc. If a predetermination hearing was conducted, the final action will be based on evidence and testimony adduced at the hearing as well as the other evidence of record including any additional evidence obtained following the hearing pursuant to necessary development. Whether or not a predetermination hearing was conducted, a written notice of the final action shall be issued to the beneficiary and his or her representative, setting forth the reasons therefor and the evidence upon which it is based. Where a reduction or discontinuance of benefits is found warranted following consideration of any additional evidence submitted, the effective date of such reduction or discontinuance shall be as follows:

(i) Where reduction or discontinuance was proposed under the provisions of paragraph (d) or (e) of this section, the effective date of final action shall be the last day of the month in which such action is approved.

(ii) Where reduction or discontinuance was proposed under the provisions of paragraph (h) of this section, the effective date of final action shall be as specified under the provisions of §§3.500 through 3.503 of this part.

§ 3.106 Renouncement.

(a) Any person entitled to pension, compensation, or dependency and indemnity compensation under any of the laws administered by the Department of Veterans Affairs may renounce his or her right to that benefit but may not renounce less than all of the component items which together comprise the total amount of the benefit to which the person is entitled nor any fixed monetary amounts less than the full amount of entitlement. The renouncement will be in writing over the person’s signature. Upon receipt of such renouncement in the Department of Veterans Affairs, payment of such benefits and the right thereto will be terminated, and such person will be denied any and all rights thereto from such filing.

(b) The renouncement will not preclude the person from filing a new application for pension, compensation, or dependency and indemnity compensation at any future date. Such new application will be treated as an original application, and no payments will be made thereon for any period before the date such new application is received in the Department of Veterans Affairs.

§ 3.109 Time limit.

(a) Notice of time limit for filing evidence. (1) If a claimant’s application is incomplete, the claimant will be notified of the evidence necessary to complete the application. If the evidence is not received within 1 year from the date of such notification, pension, compensation, or dependency and indemnity compensation may not be paid by reason of that application (38 U.S.C. 5103(a)). Information concerning the whereabouts of a person who has filed claim is not considered evidence.

(2) The provisions of this paragraph are applicable to original applications, formal or informal, and to applications for increased benefits by reason of increased disability, age, or the existence of a dependent and to applications for reopening or resumption of payments. If substantiating evidence is required with respect to the veracity of a witness or the authenticity of documentary evidence timely filed, there will be allowed for the submission of such evidence 1 year from the date of the request therefor. However, any evidence to enlarge the proofs and evidence originally submitted is not so included.

(b) Extension of time limit. Time limits within which claimants or beneficiaries are required to act to perfect a claim or challenge an adverse VA decision may be extended for good cause shown. Where an extension is requested after expiration of a time limit, the action required of the claimant or beneficiary must be taken concurrent with or prior to the filing of a request for extension of the time limit, and good
§ 3.110 Computation of time limit.

(a) In computing the time limit for any action required of a claimant or beneficiary, including the filing of claims or evidence requested by VA, the first day of the specified period will be excluded and the last day included. This rule is applicable in cases in which the time limit expires on a workday. Where the time limit would expire on a Saturday, Sunday, or holiday, the next succeeding workday will be included in the computation.

(b) The first day of the specified period referred to in paragraph (a) of this section shall be the date of mailing of notification to the claimant or beneficiary of the action required and the time limit therefor. The date of the letter of notification shall be considered the date of mailing for purposes of computing time limits. As to appeals, see §§ 20.302 and 20.305 of this chapter.

§ 3.114 Change of law or Department of Veterans Affairs issue.

(a) Effective date of award. Where pension, compensation, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran or child of a veteran with covered service in Korea is awarded or increased pursuant to a liberalizing law, or a liberalizing VA issue approved by the Secretary or by the Secretary’s direction, the effective date of such award or increase shall be fixed in accordance with the facts found, but shall not be earlier than the effective date of the act or administrative issue. Where pension, compensation, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran or child of a veteran with covered service in Korea is awarded or increased pursuant to a liberalizing law or VA issue which became effective on or after the date of its enactment or issuance, in order for a claimant to be eligible for a retroactive payment under the provisions of this paragraph the evidence must show that the claimant met all eligibility criteria for the liberalized benefit on the effective date of the liberalizing law or VA issue and that such eligibility existed continuously from that date to the date of claim or administrative determination of entitlement. The provisions of this paragraph are applicable to original and reopened claims as well as claims for increase.

(1) If a claim is reviewed on the initiative of VA within 1 year from the effective date of the law or VA issue, or at the request of a claimant received within 1 year from that date, benefits may be authorized from the effective date of the law or VA issue.

(2) If a claim is reviewed on the initiative of VA more than 1 year after the effective date of the law or VA issue, benefits may be authorized for a period of 1 year prior to the date of administrative determination of entitlement.

(3) If a claim is reviewed at the request of the claimant more than 1 year after the effective date of the law or VA issue, benefits may be authorized for a period of 1 year prior to the date of receipt of such request.

(b) Discontinuance of benefits. Where the reduction or discontinuance of an award is in order because of a change in law or a Department of Veterans Affairs issue, or because of a change in
interpretation of a law or Department of Veterans Affairs issue, the payee will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence. If additional evidence is not received within that period, the award will be reduced or discontinued effective the last day of the month in which the 60–day period expired.

§ 3.115 Access to financial records.

(a) The Secretary of Veterans Affairs may request from a financial institution the names and addresses of its customers. Each such request, however, shall include a certification that the information is necessary for the proper administration of benefits programs under the laws administered by the Secretary, and cannot be obtained by a reasonable search of records and information of the Department of Veterans Affairs.

(b) Information received pursuant to a request referred to in paragraph (a) of this section shall not be used for any purpose other than the administration of benefits programs under the laws administered by the Secretary if the disclosure of that information would otherwise be prohibited by any provision of the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 through 3422).

CLAIMS

§ 3.150 Forms to be furnished.

(a) Upon request made in person or in writing by any person applying for benefits under the laws administered by the Department of Veterans Affairs, the appropriate application form will be furnished.

(Authority: 38 U.S.C. 5102)

(b) Upon receipt of notice of death of a veteran, the appropriate application form will be forwarded for execution by or on behalf of any dependent who has apparent entitlement to pension, compensation, or dependency and indemnity compensation. If it is not indicated that any person would be entitled to such benefits, but there is payable an accrued benefit not paid during the veteran’s lifetime, the appropriate application form will be forwarded to the preferred dependent. Notice of the time limit will be included in letters forwarding applications for benefits.

(c) When disability or death is due to Department of Veterans Affairs hospital treatment, training, medical or surgical treatment, or examination, a specific application for benefits will not be initiated.

CROSS REFERENCE: Extension of time limit. See §3.109(b).

§ 3.151 Claims for disability benefits.

(a) General. A specific claim in the form prescribed by the Secretary must be filed in order for benefits to be paid to any individual under the laws administered by VA. (38 U.S.C. 5101(a)). A claim by a veteran for compensation may be considered to be a claim for pension; and a claim by a veteran for pension may be considered to be a claim for compensation. The greater benefit will be awarded, unless the claimant specifically elects the lesser benefit.

(b) Retroactive disability pension claims. Where disability pension entitlement is established based on a claim received by VA on or after October 1, 1984, the pension award may not be effective prior to the date of receipt of the pension claim unless the veteran specifically claims entitlement to retroactive benefits. The claim for retroactivity may be filed separately or included in the claim for disability pension, but it must be received by VA within one year from the date on which the veteran became permanently and totally disabled. Additional requirements for entitlement to a retroactive pension award are contained in §3.400(b) of this part.
§ 3.152 Claims for death benefits.

(a) A specific claim in the form prescribed by the Secretary (or jointly with the Commissioner of Social Security, as prescribed by § 3.153) must be filed in order for death benefits to be paid to any individual under the laws administered by VA. (See § 3.400(c) concerning effective dates of awards.)

(b) (1) A claim by a surviving spouse or child for compensation or dependency and indemnity compensation will also be considered to be a claim for death pension and accrued benefits, and a claim by a surviving spouse or child for death pension will be considered to be a claim for death compensation or dependency and indemnity compensation and accrued benefits.

(2) A claim by a parent for compensation or dependency and indemnity compensation will also be considered to be a claim for accrued benefits.

(c) (1) Where a child’s entitlement to dependency and indemnity compensation arises by reason of termination of a surviving spouse’s right to dependency and indemnity compensation or by reason of attaining the age of 18 years, a claim will be required. (38 U.S.C. 5110(e).) (See paragraph (c)(4) of this section.) Where the award to the surviving spouse is terminated by reason of her or his death, a claim for the child will be considered a claim for any accrued benefits which may be payable.

(2) A claim filed by a surviving spouse who does not have entitlement will be accepted as a claim for a child or children in her or his custody named in the claim.

(3) Where a claim of a surviving spouse is disallowed for any reason whatsoever and where evidence requested in order to determine entitlement from a child or children named in the surviving spouse’s claim is submitted within 1 year from the date of request, requested either before or after disallowance of the surviving spouse’s claim, an award for the child or children will be made as though the disallowed claim had been filed solely on their behalf. Otherwise, payments may not be made for the child or children for any period prior to the date of receipt of a new claim.

(4) Where payments of pension, compensation or dependency and indemnity compensation to a surviving spouse have been discontinued because of remarriage or death, or a child becomes eligible for dependency and indemnity compensation by reason of attaining the age of 18 years, and any necessary evidence is submitted within 1 year from date of request, an award for the child or children named in the surviving spouse’s claim will be made on the basis of the surviving spouse’s claim having been converted to a claim on behalf of the child. Otherwise, payments may not be made for any period prior to the date of receipt of a new claim.

§ 3.153 Claims filed with Social Security.

An application on a form jointly prescribed by the Secretary and the Commissioner of Social Security filed with the Social Security Administration on or after January 1, 1957, will be considered a claim for death benefits, and to have been received in the Department of Veterans Affairs as of the date of receipt in Social Security Administration. The receipt of such an application (or copy thereof) by the Department of Veterans Affairs will not preclude a request for any necessary evidence.

§ 3.154 Injury due to hospital treatment, etc.

VA may accept as a claim for benefits under 38 U.S.C. 1151 and § 3.361 any communication in writing indicating an intent to file a claim for disability compensation or dependency and indemnity compensation under the laws governing entitlement to veterans' benefits for disability or death due to VA hospital care, medical or surgical treatment, examination, training and rehabilitation services, or compensated work therapy program, whether such communication is contained in a formal claim for pension, compensation, or dependency and indemnity compensation or in any other document.

§ 3.155 Informal claims.

(a) Any communication or action, indicating an intent to apply for one or more benefits under the laws administered by the Department of Veterans Affairs, from a claimant, his or her duly authorized representative, a Member of Congress, or some person acting as next friend of a claimant who is not sui juris may be considered an informal claim. Such informal claim must identify the benefit sought. Upon receipt of an informal claim, if a formal claim has not been filed, an application form will be forwarded to the claimant for execution. If received within 1 year from the date it was sent to the claimant, it will be considered filed as of the date of receipt of the informal claim.

(b) A communication received from a service organization, an attorney, or agent may not be accepted as an informal claim if a power of attorney was not executed at the time the communication was written.

(c) When a claim has been filed which meets the requirements of § 3.151 or § 3.152, an informal request for increase or reopening will be accepted as a claim.

§ 3.156 New and material evidence.

(a) General. A claimant may reopen a finally adjudicated claim by submitting new and material evidence. New evidence means existing evidence not previously submitted to agency decisionmakers. Material evidence means existing evidence that, by itself or when considered with previous evidence of record, relates to an unestablished fact necessary to substantiate the claim. New and material evidence can be neither cumulative nor redundant of the evidence of record at the time of the last prior final denial of the claim sought to be reopened, and must raise a reasonable possibility of substantiating the claim.

(Authority: 38 U.S.C. 501, 5103A(f), 5108)

(b) Pending claim. New and material evidence received prior to the expiration of the appeal period, or prior to the appellate decision if a timely appeal has been filed (including evidence received prior to an appellate decision and referred to the agency of original jurisdiction by the Board of Veterans Appeals without consideration in that decision in accordance with the provisions of § 20.1304(b)(1) of this chapter), will be considered as having been filed in connection with the claim which was pending at the beginning of the appeal period.

(Authority: 38 U.S.C. 501)

(c) Service department records. (1) Notwithstanding any other section in this part, at any time after VA issues a decision on a claim, if VA receives or associates with the claims file relevant official service department records that existed and had not been associated with the claims file when VA first decided the claim, VA will reconsider the claim, notwithstanding paragraph (a) of this section. Such records include, but are not limited to:

(1) Service records that are related to a claimed in-service event, injury, or disease, regardless of whether such records mention the veteran by name,
as long as the other requirements of paragraph (c) of this section are met; (ii) Additional service records forwarded by the Department of Defense or the service department to VA any time after VA’s original request for service records; and (iii) Declassified records that could not have been obtained because the records were classified when VA decided the claim.

(2) Paragraph (c)(1) of this section does not apply to records that VA could not have obtained when it decided the claim because the records did not exist when VA decided the claim, or because the claimant failed to provide sufficient information for VA to identify and obtain the records from the respective service department, the Joint Services Records Research Center, or from any other official source.

(3) An award made based all or in part on the records identified by paragraph (c)(1) of this section is effective on the date entitlement arose or the date VA received the previously decided claim, whichever is later, or such other date as may be authorized by the provisions of this part applicable to the previously decided claim.

(4) A retroactive evaluation of disability resulting from disease or injury subsequently service connected on the basis of the new evidence from the service department must be supported adequately by medical evidence. Where such records clearly support the assignment of a specific rating over a part or the entire period of time involved, a retroactive evaluation will be assigned accordingly, except as it may be affected by the filing date of the original claim.

§ 3.157 Report of examination or hospitalization as claim for increase or to reopen.

(a) General. Effective date of pension or compensation benefits, if otherwise in order, will be the date of receipt of a claim or the date when entitlement arose, whichever is the later. A report of examination or hospitalization which meets the requirements of this section will be accepted as an informal claim for benefits under an existing law or for benefits under a liberalizing law or Department of Veterans Affairs issue, if the report relates to a disability which may establish entitlement. Acceptance of a report of examination or treatment as a claim for increase or to reopen is subject to the requirements of §3.114 with respect to action on Department of Veterans Affairs initiative or at the request of the claimant and the payment of retroactive benefits from the date of the report or for a period of 1 year prior to the date of receipt of the report.

(Authority: 38 U.S.C. 5110(a))

(b) Claim. Once a formal claim for pension or compensation has been allowed or a formal claim for compensation disallowed for the reason that the service-connected disability is not compensable in degree, receipt of one of the following will be accepted as an informal claim for increased benefits or an informal claim to reopen. In addition, receipt of one of the following will be accepted as an informal claim in the case of a retired member of a uniformed service whose formal claim for pension or compensation has been disallowed because of receipt of retirement pay. The evidence listed will also be accepted as an informal claim for pension previously denied for the reason the disability was not permanently and totally disabling.

(1) Report of examination or hospitalization by Department of Veterans Affairs or uniformed services. The date of outpatient or hospital examination or date of admission to a VA or uniformed services hospital will be accepted as the date of receipt of a claim. The date of a uniformed service examination which is the basis for granting severance pay to a former member of the Armed Forces on the temporary disability retired list will be accepted as the date of receipt of claim. The date of admission to a non-VA hospital where a veteran was maintained at VA expense will be accepted as the date of
receipt of a claim, if VA maintenance was previously authorized; but if VA maintenance was authorized subsequent to admission, the date VA received notice of admission will be accepted. The provisions of this paragraph apply only when such reports relate to examination or treatment of a disability for which service-connection has previously been established or when a claim specifying the benefit sought is received within one year from the date of such examination, treatment or hospital admission.

(Authority: 38 U.S.C. 501)

(2) Evidence from a private physician or layman. The date of receipt of such evidence will be accepted when the evidence furnished by or in behalf of the claimant is within the competence of the physician or lay person and shows the reasonable probability of entitlement to benefits.

(3) State and other institutions. When submitted by or on behalf of the veteran and entitlement is shown, date of receipt by the Department of Veterans Affairs of examination reports, clinical records, and transcripts of records will be accepted as the date of receipt of a claim if received from State, county, municipal, recognized private institutions, or other Government hospitals (except those described in paragraph (b)(1) of this section). These records must be authenticated by an appropriate official of the institution. Benefits will be granted if the records are adequate for rating purposes; otherwise findings will be verified by official examination. Reports received from private institutions not listed by the American Hospital Association must be certified by the Chief Medical Officer of the Department of Veterans Affairs or physician designee.

writings such as medical and scientific articles and research reports or analyses.

(2) Competent lay evidence means any evidence not requiring that the proponent have specialized education, training, or experience. Lay evidence is competent if it is provided by a person who has knowledge of facts or circumstances and conveys matters that can be observed and described by a lay person.

(3) Substantially complete application means an application containing the claimant’s name; his or her relationship to the veteran, if applicable; sufficient service information for VA to verify the claimed service, if applicable; the benefit claimed and any medical condition(s) on which it is based; the claimant’s signature; and in claims for nonservice-connected disability or death pension and parents’ dependency and indemnity compensation, a statement of income.

(4) For purposes of paragraph (c)(4)(i) of this section, event means one or more incidents associated with places, types, and circumstances of service giving rise to disability.

(5) Information means non-evidentiary facts, such as the claimant’s Social Security number or address; the name and military unit of a person who served with the veteran; or the name and address of a medical care provider who may have evidence pertinent to the claim.

(c) VA’s duty to assist claimants in obtaining evidence. Upon receipt of a substantially complete application for benefits, VA will make reasonable efforts to help a claimant obtain evidence necessary to substantiate the claim. In addition, VA will give the assistance described in paragraphs (c)(1), (c)(2), and (c)(3) to an individual attempting to reopen a finally decided claim. VA will not pay any fees charged by a custodian to provide records requested.

(1) Obtaining records not in the custody of a Federal department or agency. VA will make reasonable efforts to obtain relevant records not in the custody of a Federal department or agency, to include records from State or local governments, private medical care providers, current or former employers, and other non-Federal governmental sources. Such reasonable efforts will generally consist of an initial request for the records and, if the records are
not received, at least one follow-up request. A follow-up request is not required if a response to the initial request indicates that the records sought do not exist or that a follow-up request for the records would be futile. If VA receives information showing that subsequent requests to this or another custodian could result in obtaining the records sought, then reasonable efforts will include an initial request and, if the records are not received, at least one follow-up request to the new source or an additional request to the original source.

(i) The claimant must cooperate fully with VA’s reasonable efforts to obtain relevant records from non-Federal agency or department custodians. The claimant must provide enough information to identify and locate the existing records, including the person, company, agency, or other custodian holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records, the condition for which treatment was provided.

(ii) If necessary, the claimant must authorize the release of existing records in a form acceptable to the person, company, agency, or other custodian holding the records.

(2) Obtaining records in the custody of a Federal department or agency. VA will make as many requests as are necessary to obtain relevant records from a Federal department or agency. These records include but are not limited to military records, including service medical records; medical and other records from VA medical facilities; records from non-VA facilities providing examination or treatment at VA expense; and records from other Federal agencies, such as the Social Security Administration. VA will end its efforts to obtain records from a Federal department or agency only if VA concludes that the records sought do not exist or that further efforts to obtain those records would be futile. Cases in which VA may conclude that no further efforts are required include those in which the Federal department or agency advises VA that the requested records do not exist or the custodian does not have them.

(i) The claimant must cooperate fully with VA’s reasonable efforts to obtain relevant records from Federal agency or department custodians. If requested by VA, the claimant must provide enough information to identify and locate the existing records, including the custodian or agency holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records, the condition for which treatment was provided. In the case of records requested to corroborate a claimed stressful event in service, the claimant must provide information sufficient for the records custodian to conduct a search of the corroborative records.

(ii) If necessary, the claimant must authorize the release of existing records in a form acceptable to the custodian or agency holding the records.

(3) Obtaining records in compensation claims. In a claim for disability compensation, VA will make efforts to obtain the claimant’s service medical records, if relevant to the claim; other relevant records pertaining to the claimant’s active military, naval or air service that are held or maintained by a governmental entity; VA medical records or records of examination or treatment at non-VA facilities authorized by VA; and any other relevant records held by any Federal department or agency. The claimant must provide enough information to identify and locate the existing records including the custodian or agency holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records, the condition for which treatment was provided.

(4) Providing medical examinations or obtaining medical opinions. (i) In a claim for disability compensation, VA will provide a medical examination or obtain a medical opinion based upon a review of the evidence of record if VA determines it is necessary to decide the
claim. A medical examination or medical opinion is necessary if the information and evidence of record does not contain sufficient competent medical evidence to decide the claim, but:

(A) Contains competent lay or medical evidence of a current diagnosed disability or persistent or recurrent symptoms of disability;

(B) Establishes that the veteran suffered an event, injury or disease in service, or has a disease or symptoms of a disease listed in § 3.309, § 3.313, § 3.316, and § 3.317 manifesting during an applicable presumptive period provided the claimant has the required service or triggering event to qualify for that presumption; and

(C) Indicates that the claimed disability or symptoms may be associated with the established event, injury, or disease in service or with another service-connected disability.

(ii) Paragraph (4)(i)(C) could be satisfied by competent evidence showing post-service treatment for a condition, or other possible association with military service.

(iii) Paragraph (c)(4) applies to a claim to reopen a finally adjudicated claim only if new and material evidence is presented or secured.

(d) Circumstances where VA will refrain from or discontinue providing assistance. VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the claimant would substantiate the claim. VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would substantiate the claim. Circumstances in which VA will refrain from or discontinue providing assistance in obtaining evidence include, but are not limited to:

(1) The claimant’s ineligibility for the benefit sought because of lack of qualifying service, lack of veteran status, or other lack of legal eligibility;

(2) Claims that are inherently incredible or clearly lack merit; and

(3) An application requesting a benefit to which the claimant is not entitled as a matter of law.

(e) Duty to notify claimant of inability to obtain records. (1) If VA makes reasonable efforts to obtain relevant non-Federal records but is unable to obtain them, or after continued efforts to obtain Federal records concludes that it is reasonably certain they do not exist or further efforts to obtain them would be futile, VA will provide the claimant with oral or written notice of that fact. VA will make a record of any oral notice conveyed to the claimant. For non-Federal records requests, VA may provide the notice at the same time it makes its final attempt to obtain the relevant records. In either case, the notice must contain the following information:

(i) The identity of the records VA was unable to obtain;

(ii) An explanation of the efforts VA made to obtain the records;

(iii) A description of any further action VA will take regarding the claim, including, but not limited to, notice that VA will decide the claim based on the evidence of record unless the claimant submits the records VA was unable to obtain; and

(iv) A notice that the claimant is ultimately responsible for providing the evidence.

(2) If VA becomes aware of the existence of relevant records before deciding the claim, VA will notify the claimant of the records and request that the claimant provide a release for the records. If the claimant does not provide any necessary release of the relevant records that VA is unable to obtain, VA will request that the claimant obtain the records and provide them to VA.

(f) For the purpose of the notice requirements in paragraphs (b) and (e) of this section, notice to the claimant means notice to the claimant or his or her fiduciary, if any, as well as to his or her representative, if any.

§ 3.160 Status of claims.

The following definitions are applicable to claims for pension, compensation, and dependency and indemnity compensation.

(a) Informal claim. See § 3.155.

(b) Original claim. An initial formal application on a form prescribed by the Secretary. (See §§ 3.151, 3.152).

(c) Pending claim. An application, formal or informal, which has not been finally adjudicated.

(d) Finally adjudicated claim. An application, formal or informal, which has been allowed or disallowed by the agency of original jurisdiction, the action having become final by the expiration of 1 year after the date of notice of an award or disallowance, or by denial on appellate review, whichever is the earlier. (See §§20.1103 and 20.1104 of this chapter.)

(e) Reopened claim. Any application for a benefit received after final disallowance of an earlier claim, or any application based on additional evidence or a request for a personal hearing submitted more than 90 days following notification to the appellant of the certification of an appeal and transfer of applicable records to the Board of Veterans Appeals which was not considered by the Board in its decision and was referred to the agency of original jurisdiction for consideration as provided in §20.1304(b)(1) of this chapter.

§ 3.202 Evidence from foreign countries.

(a) Except as provided in paragraph (b) of this section, where an affidavit or other document is required to be executed under oath before an official in a foreign country, the signature of that official must be authenticated by a United States Consular Officer in that jurisdiction or by the State Department. Where the United States has no consular representative in a foreign country, such authentication may be made as follows:

(1) By a consular agent of a friendly government whereupon the signature and seal of the official of the friendly government may be authenticated by the State Department; or

(2) By the nearest American consul who will attach a certificate showing the result of the investigation concerning its authenticity.

(b) Authentication will not be required:

(1) On documents approved by the Deputy Minister of Veterans Affairs, Department of Veterans Affairs, Ottawa, Canada; or

(2) When it is indicated that the attesting officer is authorized to administer oaths for general purposes and the document bears his or her signature and seal; or

(3) When the document is executed before a Department of Veterans Affairs employee authorized to administer oaths; or

(4) When a copy of a public or church record from any foreign country purports to establish birth, adoption, marriage, annulment, divorce, or death, provided it bears the signature and seal of the custodian of such record and there is no conflicting evidence in the file which would serve to create doubt as to the correctness of the record; or

(5) When a copy of the public or church record from one of the countries comprising the United Kingdom, namely: England, Scotland, Wales, or Northern Ireland, purports to establish birth, marriage, or death, provided it bears the signature or seal or stamp of the custodian of such record and there is no evidence which would serve to create doubt as to the correctness of the records; or

(6) When affidavits prepared in the Republic of the Philippines are certified by a Department of Veterans Affairs representative located in the Philippines having authority to administer oaths.

(c) Photocopies of original documents meeting the requirements of this section will be accepted if they satisfy the requirements of § 3.204 of this part.

§ 3.203 Service records as evidence of service and character of discharge.

(a) Evidence submitted by a claimant. For the purpose of establishing entitlement to pension, compensation, dependency and indemnity compensation or burial benefits the Department of Veterans Affairs may accept evidence of service submitted by a claimant (or sent directly to the Department of Veterans Affairs) such as a DD Form 214, Certificate of Release or Discharge from Active Duty, or original Certificate of Discharge, without verification from the appropriate service department if the evidence meets the following conditions:

(1) The evidence is a document issued by the service department. A copy of an original document is acceptable if the copy was issued by the service department or if the copy was issued by a public custodian of records who certifies that it is a true and exact copy of the document in the custodian’s custody or, if the copy was submitted by an accredited agent, attorney or service organization representative who has successfully completed VA-prescribed training on military records,

(2) By a consular agent of a friendly government whereupon the signature and seal of the official of the friendly government may be authenticated by the State Department; or

(3) When the document is executed before a Department of Veterans Affairs employee authorized to administer oaths; or

(4) When a copy of a public or church record from any foreign country purports to establish birth, adoption, marriage, annulment, divorce, or death, provided it bears the signature and seal of the custodian of such record and there is no conflicting evidence in the file which would serve to create doubt as to the correctness of the record; or

(5) When a copy of the public or church record from one of the countries comprising the United Kingdom, namely: England, Scotland, Wales, or Northern Ireland, purports to establish birth, marriage, or death, provided it bears the signature or seal or stamp of the custodian of such record and there is no evidence which would serve to create doubt as to the correctness of the records; or

(6) When affidavits prepared in the Republic of the Philippines are certified by a Department of Veterans Affairs representative located in the Philippines having authority to administer oaths.

(c) Photocopies of original documents meeting the requirements of this section will be accepted if they satisfy the requirements of § 3.204 of this part.

(Authority: 38 U.S.C. 501)
and who certifies that it is a true and exact copy of either an original document or of a copy issued by the service department or a public custodian of records; and

(2) The document contains needed information as to length, time and character of service; and

(3) In the opinion of the Department of Veterans Affairs the document is genuine and the information contained in it is accurate.

(b) Additional requirements for pension claimants. In addition to meeting the requirements of paragraph (a) of this section, a document submitted to establish a creditable period of wartime service for pension entitlement may be accepted without verification if the document (or other evidence of record) shows:

(1) Service of 4 months or more; or

(2) Discharge for disability incurred in line of duty; or

(3) Ninety days creditable service based on records from the service department such as hospitalization for 90 days for a line of duty disability.

(c) Verification from the service department. When the claimant does not submit evidence of service or the evidence submitted does not meet the requirements of paragraph (a) of this section (and paragraph (b) of this section in pension claims), the Department of Veterans Affairs shall request verification of service from the service department. However, payment of non-service-connected burial benefits may be authorized, if otherwise in order, based upon evidence of service which VA relied upon to authorize payment of compensation or pension during the veteran’s lifetime, provided that there is no evidence which would serve to create doubt as to the correctness of that service evidence. If it appears that a length of service requirement may not be met (e.g., the 90 days wartime service requirement to receive pension under 38 U.S.C. 1521(j)), the Department of Veterans Affairs shall request a complete statement of service to determine if there are any periods of active service that are required to be excluded under §3.15.

§3.204 Evidence of dependents and age.

(a)(1) Except as provided in paragraph (a)(2) of this section, VA will accept, for the purpose of determining entitlement to benefits under laws administered by VA, the statement of a claimant as proof of marriage, dissolution of a marriage, birth of a child, or death of a dependent, provided that the statement contains: the date (month and year) and place of the event; the full name and relationship of the other person to the claimant; and, where the claimant’s dependent child does not reside with the claimant, the name and address of the person who has custody of the child. In addition, a claimant must provide the social security number of any dependent on whose behalf he or she is seeking benefits (see §3.216).

(b) Marriage or birth. The classes of evidence to be furnished for the purpose of establishing marriage, dissolution of marriage, age, relationship, or death, if required under the provisions of paragraph (a)(2), are indicated in §§3.205 through 3.211 in the order of preference. Failure to furnish the higher class, however, does not preclude the acceptance of a lower class if the evidence furnished is sufficient to prove the point involved.

(c) Acceptability of photocopies. Photocopies of documents necessary to establish birth, death, marriage or relationship under the provisions of §§3.205
through 3.215 of this part are acceptable as evidence if the Department of Veterans Affairs is satisfied that the copies are genuine and free from alteration. Otherwise, VA may request a copy of the document certified over the signature and official seal of the person having custody of such record.

(Authority: 38 U.S.C. 501)

(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900–0624)

§ 3.205 Marriage.

(a) Proof of marriage. Marriage is established by one of the following types of evidence:

(1) Copy or abstract of the public record of marriage, or a copy of the church record of marriage, containing sufficient data to identify the parties, the date and place of marriage, and the number of prior marriages if shown on the official record.

(2) Official report from service department as to marriage which occurred while the veteran was in service.

(3) The affidavit of the clergyman or magistrate who officiated.

(4) The original certificate of marriage, if the Department of Veterans Affairs is satisfied that it is genuine and free from alteration.

(5) The affidavits or certified statements of two or more eyewitnesses to the ceremony.

(6) In jurisdictions where marriages other than by ceremony are recognized the affidavits or certified statements of one or both of the parties to the marriage, if living, setting forth all of the facts and circumstances concerning the alleged marriage, such as the agreement between the parties at the beginning of their cohabitation, the period of cohabitation, places and dates of residences, and whether children were born as the result of the relationship. This evidence should be supplemented by affidavits or certified statements from two or more persons who know as the result of personal observation the reputed relationship which existed between the parties to the alleged marriage including the periods of cohabitation, places of residences, whether the parties held themselves out as married, and whether they were generally accepted as such in the communities in which they lived.

(7) Any other secondary evidence which reasonably supports a belief by the Adjudicating activity that a valid marriage actually occurred.

(b) Valid marriage. In the absence of conflicting information, proof of marriage which meets the requirements of paragraph (a) of this section together with the claimant's certified statement concerning the date, place and circumstances of dissolution of any prior marriage may be accepted as establishing a valid marriage, provided that such facts, if they were to be corroborated by record evidence, would warrant acceptance of the marriage as valid. Where necessary to a determination because of conflicting information, proof of termination of a prior marriage will be shown by proof of death, or a certified copy or a certified abstract of final decree of divorce or annulment specifically reciting the effects of the decree.

(c) Marriages deemed valid. Where a surviving spouse has submitted proof of marriage in accordance with paragraph (a) of this section and also meets the requirements of § 3.52, the claimant's signed statement that he or she had no knowledge of an impediment to the marriage to the veteran will be accepted, in the absence of information to the contrary, as proof of that fact.

(Authority: 38 U.S.C. 501)

Cross References: Marriages deemed valid. See § 3.52. Definitions; marriage. See § 3.1(d). Evidence of dependents and age. See § 3.204.

§ 3.206 Divorce.

The validity of a divorce decree regular on its face, will be questioned by the Department of Veterans Affairs only when such validity is put in issue
by a party thereto or a person whose interest in a claim for Department of Veterans Affairs benefits would be affected thereby. In cases where recognition of the decree is thus brought into question:

(a) Where the issue is whether the veteran is single or married (dissolution of a subsisting marriage), there must be a bona fide domicile in addition to the standards of the granting jurisdiction respecting validity of divorce;

(b) Where the issue is the validity of marriage to a veteran following a divorce, the matter of recognition of the divorce by the Department of Veterans Affairs (including any question of bona fide domicile) will be determined according to the laws of the jurisdictions specified in §3.1(j).

(c) Where a foreign divorce has been granted the residents of a State whose laws consider such decrees to be valid, it will thereafter be considered as valid under the laws of the jurisdictions specified in §3.1(j).

CROSS REFERENCE: Evidence of dependents and age. See §3.204.

§ 3.208 Claims based on attained age.

In claims for pension where the age of the veteran or surviving spouse is material, the statements of age will be accepted where they are in agreement with other statements in the record as to age. However, where there is a variance in such records, the youngest age will be accepted subject to the submission of evidence as outlined in §3.209.

CROSS REFERENCE: Evidence of dependents and age. See §3.204.

§ 3.209 Birth.

Age or relationship is established by one of the following types of evidence. If the evidence submitted for proof of age or relationship indicates a difference in the name of the person as shown by other records, the discrepancy is to be reconciled by an affidavit or certified statement identifying the person having the changed name as the person whose name appears in the evidence of age or relationship.

(a) A copy or abstract of the public record of birth. Such a record established more than 4 years after the birth will be accepted as proof of age or relationship if, it is not inconsistent with material of record with the Department of Veterans Affairs, or if it shows on its face that it is based upon evidence which would be acceptable under this section.

(b) A copy of the church record of baptism. Such a record of baptism performed more than 4 years after birth will not be accepted as proof of age or relationship unless it is consistent with material of record with the Department of Veterans Affairs, which will include at least one reference to age or relationship made at a time when such reference was not essential to establishing entitlement to the benefit claimed.

(c) Official report from the service department as to birth which occurred while the veteran was in service.

§ 3.210

Child’s relationship.

(a) Legitimate child. Where it is necessary to determine the legitimacy of a child, evidence will be required to establish the legitimacy of the marriage of the mother of the child to the veteran or to show that the child is otherwise legitimate by State laws together with evidence of birth as outlined in §3.209. Where the legitimacy of a child is not a factor, evidence to establish legitimacy will not be required: Provided, That, evidence is on file which meets the requirements of paragraph (b) of this section sufficient to warrant recognition of the relationship of the child without regard to legitimacy.

(b) Illegitimate child. As to the mother of an illegitimate child, proof of birth is all that is required. As to the father, the sufficiency of evidence will be determined in accordance with the facts in the individual case. Proof of such relationship will consist of:

(1) An acknowledgment in writing signed by him; or

(2) Evidence that he has been identified as the child’s father by a judicial decree ordering him to contribute to the child’s support or for other purposes; or

(3) Any other secondary evidence which reasonably supports a finding of relationship, as determined by an official authorized to approve such findings, such as:

(i) A copy of the public record of birth or church record of baptism, showing that the veteran was the informant and was named as parent of the child; or

(ii) Statements of persons who know that the veteran accepted the child as his; or

(iii) Information obtained from service department or public records, such as school or welfare agencies, which shows that with his knowledge the veteran was named as the father of the child.

(c) Adopted child. Except as provided in paragraph (c)(1) of this section evidence of relationship will include a copy of the decree of adoption or a copy of the adoptive placement agreement and such other evidence as may be necessary.

(1) In jurisdictions where petition must be made to the court for release of adoption documents or information, or where release of such documents or information is prohibited, the following may be accepted to establish the fact of adoption:

(i) As to a child adopted into the veteran’s family, a copy of the child’s revised birth certificate.

(ii) As to a child adopted out of the veteran’s family, a statement over the signature of the judge or the clerk of the court setting forth the child’s former name and the date of adoption, or a certified statement by the veteran, the veteran’s surviving spouse, apportionee, or their fiduciaries setting forth the child’s former name, date of birth, and the date and fact of adoption together with evidence indicating that
the child’s original public record of birth has been removed from such records. Where application is made for an apportionment under §3.458(d) on behalf of a child adopted out of the veteran’s family, the evidence must be sufficient to establish the veteran as the natural parent of the child.

(2) As to a child adopted by the veteran’s surviving spouse after the veteran’s death, the statement of the adoptive parent or custodian of the child will be accepted in absence of information to the contrary, to show that the child was a member of the veteran’s household at the date of the veteran’s death and that recurring contributions were not being received for the child’s maintenance sufficient to provide for the major portion of the child’s support, from any person other than the veteran or surviving spouse or from any public or private welfare organization which furnished services or assistance to children. (Pub. L. 86–195)

(d) Stepchild. Evidence of relationship of a stepchild will consist of proof of birth as outlined in §3.209, evidence of the marriage of the veteran to the natural parent of the child, and evidence that the child is a member of the veteran’s household or was a member of the veteran’s household at the date of the veteran’s death.

CROSS REFERENCE: Evidence of dependents and age. See §3.204.

(2) A clinical summary or other report showing fact and date of death signed by a medical officer.

(c) An official report of death of a member of a uniformed service from the Secretary of the department concerned where death occurs while deceased was on the retired list, in an inactive duty status, or in the active service.

(d) Where death occurs abroad:

(1) A United States consular report of death bearing the signature and seal of the United States consul; or

(2) A copy of the public record of death authenticated (see §3.202(b)(4) for exception) by the United States consul or other agency of the State Department; or

(3) An official report of death from the head of the department concerned, where the deceased person was, at the time of death, a civilian employee of such department.

(e) If the foregoing evidence cannot be furnished, the reason must be stated. The fact of death may then be established by affidavits of persons who have personal knowledge of the fact of death, have viewed the body of the deceased, know it to be the body of the person whose death is being established, setting forth all the facts and circumstances concerning the death, place, date, time, and cause thereof.

(f) If proof of death, as defined in paragraphs (a) through (e) of this section cannot be furnished, a finding of fact of death, where death is otherwise shown by competent evidence, may be made by an official authorized to approve such findings. Where it is indicated that the veteran died under circumstances which precluded recovery or identification of the body, the fact of death should be established by the best evidence, which from the nature of the case must be supposed to exist.

(g) In the absence of evidence to the contrary, a finding of fact of death made by another Federal agency will be accepted for the purposes of paragraph (f) of this section.

CROSS REFERENCE: Evidence of dependents and age. See §3.204.

§ 3.212 Unexplained absence for 7 years.

(a) If satisfactory evidence is produced establishing the fact of the continued and unexplained absence of any individual from his or her home and family for a period of 7 years or more and that a diligent search disclosed no evidence of his or her existence after the date of disappearance, and if evidence as provided in § 3.211 cannot be furnished, the death of such individual as of the expiration of such period may be considered as sufficiently proved.

(b) No State law providing for presumption of death will be applicable to claims for benefits under laws administered by the Department of Veterans Affairs and the finding of death will be final and conclusive except where suit is filed for insurance under 38 U.S.C. 1984.

(c) In the absence of evidence to the contrary, a finding of death made by another Federal agency will be accepted if the finding meets the requirements of paragraph (a) of this section.

CROSS REFERENCE: Evidence of dependents and age. See § 3.204.

§ 3.213 Change of status affecting entitlement.

(a) General. For the purpose of establishing entitlement to a higher rate of pension, compensation, or dependency and indemnity compensation based on the existence of a dependent, VA will require evidence which satisfies the requirements of § 3.204. For the purpose of reducing or discontinuing such benefits, a statement by a claimant or payee setting forth the month and year of change of status which would result in a reduction or discontinuance of benefits to that person will be accepted, in the absence of contradictory information. This includes:

(1) Veteran. A statement by the veteran setting forth the month and year of death of a spouse, child, or dependent parent.

(2) Surviving spouse. A statement by the surviving spouse or remarried surviving spouse setting forth the month and year of remarriage and any change of name. (An award for a child or children who are otherwise entitled may be made to commence the day following the date of discontinuance of any payments to the surviving spouse.)

(3) Child. A statement by the veteran or surviving spouse (where an additional allowance is being paid to the veteran or surviving spouse for a child), or fiduciary, setting forth the month and year of the child’s death, marriage, or discontinuance of school attendance. A similar statement by a child who is receiving payments direct will be accepted to establish the child’s marriage or the discontinuance of school attendance. Where appropriate, the month and year of discontinuance of school attendance will be required in addition to the month and year of death or marriage of a child.

(b) Date not reported. If the month and year of the event is not reported, the award will be reduced or discontinued, whichever is appropriate, effective date of last payment. The payee will be requested to furnish within 60 days from the date of request a statement setting forth the date of the event. Where payments are continued at a reduced rate, the award will be discontinued effective date of last payment if the required statement is not received within the 60-day period. Payments on a discontinued award may be resumed, if otherwise in order, from the date of receipt of a new claim.

(c) Contradictory information. Where there is reason to believe that the event reported may have occurred at an earlier date, formal proof will be required.
§ 3.214 Court decisions; unremarried surviving spouses.

Effective July 15, 1958, a decision rendered by a Federal court in an action to which the United States was a party holding that a surviving spouse of a veteran has not remarried will be followed in determining eligibility for pension, compensation or dependency and indemnity compensation.

Cross References: Abandoned claims. See § 3.158. Change in status of dependents. See § 3.651. Material change in income, net worth or change in status. See § 3.660. Evidence of dependents and age. See § 3.204.

§ 3.215 Termination of marital relationship or conduct.

On or after January 1, 1971, benefits may be resumed to an unmarried surviving spouse upon filing of an application and submission of satisfactory evidence that the surviving spouse has ceased living with another person and holding himself or herself out openly to the public as that person’s spouse or that the surviving spouse has terminated a relationship or conduct which had created an inference or presumption of remarriage or related to open or notorious adulterous cohabitation or similar conduct, if the relationship terminated prior to November 1, 1990. Such evidence may consist of, but is not limited to, the surviving spouse’s certified statement of the fact.

Cross References: Abandoned claims. See § 3.158. Change in status of dependents. See § 3.651. Dependency, income and estate. See § 3.660. Evidence of dependents and age. See § 3.204.

§ 3.217 Submission of statements or information affecting entitlement to benefits.

(a) For purposes of this part, unless specifically provided otherwise, the submission of information or a statement that affects entitlement to benefits by e-mail, facsimile, or other written electronic means, will satisfy a requirement or authorization that the statement or information be submitted in writing.

Note to Paragraph (a): Section 3.217(a) merely concerns the submission of information or a statement in writing. Other requirements specified in this part, such as a requirement to use a specific form, to provide specific information, to provide a signature, or to provide a certified statement, must still be met.

(b) For purposes of this part, unless specifically provided otherwise, VA may take action affecting entitlement to benefits based on oral or written information or statements provided to VA by a beneficiary or his or her fiduciary. However, VA may not take action based on oral information or statements unless the VA employee receiving the information meets the following conditions:

Cross References: Abandoned claims. See § 3.158. Change in status of dependents. See § 3.651. Material change in income, net worth or change in status. See § 3.660. Evidence of dependents and age. See § 3.204.

§ 3.216 Mandatory disclosure of social security numbers.

Any person who applies for or receives any compensation or pension benefit as defined in §§ 3.3, 3.4, or 3.5 of this part, or a monetary allowance under 38 U.S.C. chapter 18, shall, as a condition for receipt or continued receipt of benefits, furnish the Department of Veterans Affairs upon request with his or her social security number and the social security number of any dependent or beneficiary on whose behalf, or based upon whom, benefits are sought or received. However, no one shall be required to furnish a social security number for any person to whom none has been assigned. Benefits will be terminated if a beneficiary fails to furnish the Department of Veterans Affairs with his or her social security number or the social security number of any dependent or beneficiary on whose behalf, or based upon whom, benefits are sought or received, within 60 days from the date the beneficiary is requested to furnish the social security number.

(Authority: 38 U.S.C. 1832, 5101(c))

§ 3.250 Dependency of parents; compensation.

(a) Income—(1) Conclusive dependency. Dependency of a parent (other than one who is residing in a foreign country) will be held to exist where the monthly income does not exceed:

(i) $400 for a mother or father not living together;

(ii) $600 for a mother and father, or remarried parent and spouse, living together;

(iii) $185 for each additional "member of the family" as defined in paragraph (b)(2).

(Authority: 38 U.S.C. 102(a))

(2) Excess income. Where the income exceeds the monthly amounts stated in paragraph (a)(1) of this section dependency will be determined on the facts in the individual case under the principles outlined in paragraph (b) of this section. In such cases, dependency will not be held to exist if it is reasonable that some part of the corpus of the claimant's estate be consumed for his or her maintenance.

(b) Basic rule. Dependency will be held to exist if the father or mother of the veteran does not have an income sufficient to provide reasonable maintenance for such father or mother and members of his or her family under legal age and for dependent adult members of the family if the dependency of such adult member results from mental or physical incapacity.

(1) "Reasonable Maintenance" includes not only housing, food, clothing, and medical care sufficient to sustain life, but such items beyond the bare necessities as well as other requirements reasonably necessary to provide those conveniences and comforts of living suitable to and consistent with the parents' reasonable mode of life.

(2) "Member of the family" means a person (other than spouse) including a relative in the ascending as well as descending class, whom the father or mother is under moral or legal obligation to support. In determining whether other members of the family under legal age are factors in necessary expenses of the mother or father, consideration will be given to any income from business or property (including trusts) actually available, directly or indirectly, to the mother or father for the support of the minor but not to the corpus of the estate or the income of the minor which is not so available.

(c) Inception of dependency. The fact that the veteran has made habitual contributions to the father or mother,
or both, is not conclusive evidence that dependency existed but will be considered in connection with all other evidence. In death claims, it is not material whether dependency arose prior or subsequent to the veteran’s death. (See §3.1000(d)(3) as to accrued.)

(Authority: 38 U.S.C. 102(a))

(d) Remarriage. Dependency will not be denied solely because of remarriage (38 U.S.C. 102(b)(1)). Compensation may be continued if the parent submits evidence to show that dependency exists, considering the combined income and expenses of the parent and spouse.

§ 3.251 Income of parents; dependency and indemnity compensation.

(a) Annual income limitations and rates. (1) Dependency and indemnity compensation is not payable to a parent or parents whose annual income exceeds the limitations set forth in 38 U.S.C. 1315 (b), (c), or (d).

(2) Where there is only one parent, and the parent has remarried and is living with his or her spouse, dependency and indemnity compensation will be paid under either the formula in 38 U.S.C. 1315(b)(1) or the formula in 38 U.S.C. 1315(d), whichever will provide the greater monthly rate of dependency and indemnity compensation. The total combined annual income of the parent and spouse will be counted.

(Authority: 38 U.S.C. 1315)

(3) Where the claim is based on service in the Commonwealth Army of the Philippines, or as a guerrilla or as a Philippine Scout under section 14, Pub. L. 190, 79th Congress, the income limitation will be at a rate of $0.50 for each dollar. See §3.100(b).

(Authority: 38 U.S.C. 1315)

(4) If the remarriage of a parent has been terminated, or the parent is separated from his or her spouse, the rate of dependency and indemnity compensation for the parent will be that which would be payable if there were one parent alone or two parents not living together, whichever is applicable.

(5) Where there are two parents living and only one parent has filed claim, the rate of dependency and indemnity compensation will be that which would be payable if both parents had filed claim.

(b) Basic rule. Payments of any kind or from any source will be counted as income unless specifically excluded. Income will be counted for the calendar year in which it is received and total income for the full calendar year will be considered except as provided in §3.260.

§ 3.252 Annual income; pension; Mexican border period and later war periods.

(a) Annual income limitations; old-law pension. Where the right to old-law pension is payable under section 306(b) of Pub. L. 95–588 (92 Stat. 2497), pension is not payable if the pensioner’s annual income exceeds the income limitations prescribed by §3.26(c).

(b) Annual income and net worth limitations; Pub. L. 86–211. Pension is not payable to a veteran, surviving spouse or child whose annual income exceeds the limitations set forth in 38 U.S.C. 1521, 1541 or 1542; or to a veteran, surviving spouse or child if it is reasonable that some part of the claimant’s estate be consumed for his or her maintenance. Where a veteran and spouse are living together, the separate income of the spouse will be considered as the veteran’s income as provided in §3.262(b).

(Authority: 38 U.S.C. 1543)

(c) Basic rule. Payments of any kind or from any source will be counted as income unless specifically excluded. Income will be counted for the calendar year in which it is received and total income for the full calendar year will be considered except as provided in §3.260.

(d) Veteran with a spouse. For the purpose of determining eligibility under paragraph (b) of this section the pension rates provided by 38 U.S.C. 1521(c)
may be authorized for a married veteran if he or she is living with or, if estranged, is reasonably contributing to the support of his or her spouse. The determination of "reasonable" contribution will be based on all the circumstances in the case, considering the income and estate of the veteran and the separate income and estate of the spouse. Apportionment of the veteran’s pension under §3.451 meets the requirement of reasonable contribution.

(e) Surviving spouse with a child—(1) Child. The term “child” means a child as defined in §3.57. Where a veteran’s child is born after the veteran dies, the surviving spouse will not be considered a surviving spouse with a child prior to the child’s date of birth.

(2) Veteran’s child not in surviving spouse’s custody. Where the veteran was survived by a surviving spouse and by a child, the income increments for a surviving spouse and child apply even though the child is not the child of the surviving spouse and not in his or her custody.

(3) Income of child. The separate income received by a child or children, regardless of custody, will not be considered in computing the surviving spouse’s income. Where the separate income of the child is turned over to the surviving spouse, only so much of the money as is left after deducting any expenses for maintenance of the child will be considered the surviving spouse’s income.

(4) Alternative rate. Whenever the monthly pension rate payable to the surviving spouse under the formula in 38 U.S.C. 1541(c) is less than the rate payable for one child under section 1542 if the surviving spouse were not entitled, the surviving spouse will be paid the child’s rate.

(f) Income over maximum; reduced aid and attendance allowance. Beginning January 1, 1977, veterans in need of regular aid and attendance who are not receiving pension because their income exceeds the applicable statutory limitation may be eligible for a reduced aid and attendance allowance. The amount payable is the regular aid and attendance allowance authorized by 38 U.S.C. 1521(d)(1) reduced by 16.6 percent for each $100, or portion thereof, by which the veteran’s annual income exceeds the applicable maximum income limitation. The reduced aid and attendance allowance is payable when:

(1) A veteran in need of regular aid and attendance is denied pension under 38 U.S.C. 1521 solely because the veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521(b)(3) and (c)(3); or

(2) Pension payable under 38 U.S.C. 1521 to a veteran in need of regular aid and attendance is discontinued solely because the veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521(b)(3) or (c)(3); and

(3) The veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521(b)(3) or (c)(3) by an amount not greater than the amount specified in 38 U.S.C. 1521(d)(2).

§§ 3.253–3.255 [Reserved]

§ 3.256 Eligibility reporting requirements.

(a) Obligation to report changes in factors affecting entitlement. Any individual who has applied for or receives pension or parents’ dependency and indemnity compensation must promptly notify the Secretary of any change affecting entitlement in any of the following:

(1) Income;

(2) Net worth or corpus of estate;

(3) Marital status;

(4) Nursing home patient status;

(5) School enrollment status of a child 18 years of age or older; or

(6) Any other factor that affects entitlement to benefits under the provisions of this part.

(b) Eligibility verification reports. (1) For purposes of this section the term eligibility verification report means a form prescribed by the Secretary that is used to request income, net worth (if applicable), dependency status, and any
§ 3.260 Computation of income.

For entitlement to pension or dependency and indemnity compensation, income will be counted for the calendar year in which it is received.

(a) Installments. Income will be determined by the total amount received or anticipated during the calendar year.

(b) Deferred determinations. Where there is doubt as to the amount of the anticipated income, pension or dependency and indemnity compensation will be allowed at the lowest appropriate rate or will be withheld, as may be in order, until the end of the calendar year when the total income received during the year may be determined.

(c) Proportionate income limitations; excess income. A proportionate income limitation will be established under the conditions set forth in paragraph (d) of this section except where application of a proportionate income limitation would result in payment of a lower rate than would be payable on the basis of income for the full calendar year.

(d) Proportionate income limitations; computation. Income limitations will be computed proportionately for the purpose of determining initial entitlement, or for resuming payments on an award which was discontinued for a reason other than excess income or a change in marital or dependency status. A proportionate income limitation will be established for the period from the date of entitlement to the end of that calendar year. The total amount of income received by the claimant during that period will govern the payment of benefits. Income received prior to the date of entitlement will be disregarded.

(Authority: Sec. 306(a)(2) and (b)(3), Pub. L. 95–588, 92 Stat. 2508–2509; 38 U.S.C. 1315(e))

(The Office of Management and Budget has approved the information collection requirements in this section under control numbers 2900–0101 and 2900–0624)

§§ 3.258–3.259 [Reserved]
§ 3.261

(e) Proportionate income limitations; spouse. In determining whether proportionate computation is applicable to a claim under Pub. L. 86–211 (73 Stat. 432), the total income for the calendar year of entitlement of both veteran and that of the spouse available for use of the veteran will be considered. If a proportionate income limitation is then applicable, it will be applied to both the veteran’s and the spouse’s income. The spouse’s income will not be included, however, where his or her total income for the calendar year does not exceed $1,200.

(f) Rate changes. In years after that for which entitlement to pension or dependency and indemnity compensation has been established or reestablished as provided in paragraph (d) of this section, total income for the calendar year will govern the payment of benefits. Where there is a change in the conditions of entitlement because of a change in marital or dependency status, entitlement for each period will be determined separately. For the period when the claimant was married or had a dependent, the rate payable will be determined under the annual income limitation or increment applicable to a claimant who is married or has a dependent. For the period when the claimant was unmarried or without a dependent, the rate payable will be determined under the annual income limitation or increment applicable to a claimant who is not married or has no dependent. Since these determinations will be based on total income for the calendar year, it is not material whether such income was received before or after the change of status.

(g) Fractions of dollars. In computing a claimant’s annual income a fraction of a dollar will be disregarded for the purpose of determining entitlement to monthly payments of pension and dependency and indemnity compensation.

§ 3.261 Character of income; exclusions and estates.

The following factors will be considered in determining whether a claimant meets the requirements of §§ 3.250, 3.251 and 3.252 with reference to dependency, income limitations and corpus of estate:

(a) Income.

§ 3.262 Evaluation of income.

(a) Total income. All income from sources such as wages, salaries, earnings, bonuses from employers, income from a business or profession or from investments or rents as well as the fair value of personal services, goods or room and board received in lieu thereof will be included.

(1) Salary is not determined by “takehome” pay, but includes deductions made under a retirement act or

§ 3.262 Evaluation of income.

(a) Total income. All income from sources such as wages, salaries, earnings, bonuses from employers, income from a business or profession or from investments or rents as well as the fair value of personal services, goods or room and board received in lieu thereof will be included.

(1) Salary is not determined by “takehome” pay, but includes deductions made under a retirement act or
plan and amounts withheld by virtue of income tax laws.

(2) The gross income from a business or profession may be reduced by the necessary operating expenses, such as cost of goods sold, or expenditures for rent, taxes, and upkeep. Depreciation is not a deductible expense. The cost of repairs or replacement may be deducted. The value of an increase in stock inventory of a business is not considered income.

(3) A loss sustained in operating a business, profession, or farm or from investments may not be deducted from income derived from any other source.

(b) Income of spouse. Income of the spouse will be determined under the rules applicable to income of the claimant.

(1) Parents. Where the mother and father, or remarried parent and spouse are living together, the total combined income will be considered in determining dependency, or in determining the rate of dependency and indemnity compensation payable to the parent. This rule is equally applicable where both parents have remarried and each is living with his or her spouse. If the remarriage of a parent has been terminated, or the parent is separated from his or her spouse, income of the spouse will be excluded.

(2) Veterans. The separate income of the spouse of a disabled veteran who is entitled to pension under laws in effect on June 30, 1960, will not be considered. Where pension is payable under section 306(a) of Pub. L. 95–588, to a veteran who is living with a spouse there will be included as income of the veteran all income of the spouse in excess of whichever is the greater, the amount of the spouse income exclusion specified in section 306(a)(2)(B) of Pub. L. 95–588 as increased from time to time under section 306(a)(3) of Pub. L. 95–588 or the total earned income of the spouse, which is reasonably available to or for the veteran, unless hardship to the veteran would result. Each time there is an increase in the spouse income exclusion pursuant to section 306(a)(3) of Pub. L. 95–588, the actual amount of the exclusion will be published in the "Notices" section of the FEDERAL REGISTER. The presumption that inclusion of such income is available to the veteran and would not work a hardship on him or her may be rebutted by evidence of unavailability or of expenses beyond the usual family requirements.

(c) Maintenance. The value of maintenance furnished by a relative, friend, or a charitable organization (civic or governmental) will not be considered income. Where the claimant is maintained in a rest home or other community institution or facility, public or private, because of impaired health or advanced age, money paid to the home or to the claimant to cover the cost of maintenance will not be considered income, regardless of whether it is furnished by a relative, friend or charitable organization. The expense of maintenance is not deductible if it is paid from the claimant's income, except as provided in paragraph (1) of this section in claims for dependency and indemnity compensation.

(d) Charitable donations. Charitable donations from public or private relief or welfare organizations will not be considered income except in claims for pension under laws in effect on June 30, 1960. In the latter cases, additional charitable allowances received by a claimant for members of his or her family may not be divided per capita in determining the amount of the claimant's income.

(e) Retirement benefits; general. Retirement benefits, including an annuity or endowment, paid under a Federal, State, municipal, or private business or industrial plan are considered income as limited by this paragraph. Where the payments received consist of part principal and part interest, interest will not be counted separately.

(1) Protected pension. Except as provided in this paragraph (e)(1), effective January 1, 1965, in determining income for pension purposes under laws in effect on June 30, 1960, 10 percent of the retirement payments received by a veteran, surviving spouse, or child will be excluded. The remaining 90 percent will be considered income as received. Where the retirement benefit is based on the claimant's own employment,
payments will not be considered income until the amount of the claimant’s personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(2) Pension: Pub. L. 86–211. Except as provided in this subparagraph, effective January 1, 1965, in determining income for pension purposes, under Pub. L. 86–211 (73 Stat. 452), 10 percent of the retirement payments received by a veteran, the veteran’s spouse, surviving spouse, or child will be excluded. The remaining 90 percent will be considered income as received. Where a person was receiving or entitled to receive pension and retirement benefits based on his or her own employment on December 31, 1964, the retirement payments will not be considered income until the amount of the claimant personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(3) Compensation. In determining dependency of a parent for compensation purposes, all payments will be considered income as received.

(4) Dependency and indemnity compensation. Except as provided in this subparagraph, effective January 1, 1967, in determining income for dependency and indemnity compensation purposes, 10 percent of the retirement payments received by a deceased veteran’s parent or by the parent’s spouse will be excluded. The remaining 90 percent will be considered income as received. Where a parent was receiving or entitled to receive dependency and indemnity compensation and retirement benefits based on his or her own employment on December 31, 1966, the retirement payments will not be considered income until the amount of the claimant’s personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(Authority: 38 U.S.C. 1315(g), 1503(a)(6))

(f) Social security benefits. Old age and survivor’s insurance and disability insurance under title II of the Social Security Act will be considered income as a retirement benefit under the rules contained in paragraph (e) of this section. Benefits received under noncontributory programs, such as old age assistance, aid to dependent children, and supplemental security income are subject to the rules contained in paragraph (d) of this section applicable to charitable donations. The lumpsum death payment under title II of the Social Security Act will be considered as income except in claims for dependency and indemnity compensation and for pension under Pub. L. 86–211 (73 Stat. 432).

(g) Railroad retirement benefits—(1) Parents, surviving spouses and children. Retirement benefits received from the Railroad Retirement Board will be considered as income under the rules contained in paragraph (e) of this section. (See paragraph (h) of this section as to waivers.)

(2) Veterans. Effective July 1, 1959, retirement benefits received from the Railroad Retirement Board were excluded from consideration as income in determining eligibility for disability pension. (45 U.S.C. 228r–1) This exclusion continues to be applicable to claims under laws in effect on June 30, 1960. For purposes of section 306 pension, such retirement benefits will be considered as income under the rules contained in paragraph (e) of this section.

(h) Retirement benefits waived. Except as provided in this paragraph, retirement benefits (pension or retirement payments) which have been waived will be included as income. For the purpose of determining dependency of a parent, or eligibility of a parent for dependency and indemnity compensation or eligibility of a veteran, surviving spouse, or child for pension under laws in effect on June 30, 1960, retirement benefits from the following sources which have been waived pursuant to Federal statute will not be considered as income:

(1) Civil Service Retirement and Disability Fund;

(2) Railroad Retirement Board (see paragraph (g)(2) of this section);

(3) District of Columbia, firemen, policemen, or public school teachers;

(4) Former lighthouse service.
§ 3.262  38 CFR Ch. 1 (7–1–11 Edition)

(i) Compensation (civilian) for injury or death. (1) Compensation paid by the Bureau of Employees’ Compensation, Department of Labor (of the United States), or by Social Security Administration, or by Railroad Retirement Board, or pursuant to any workmen’s compensation or employer’s liability statute, or damages collected because of personal injury or death, less medical, legal, or other expenses incident to the injury or death, or the collection or recovery of such moneys will be considered income as received, except as provided in paragraph (i)(2) of this section. The criteria of paragraph (i)(1) of this section are for application as to all medical expenditures after such award or settlement.

(2) For pension, effective October 7, 1966, and for dependency and indemnity compensation effective January 1, 1967, if payments based on permanent and total disability or death are received from the Bureau of Employees’ Compensation, Social Security Administration or Railroad Retirement Board, or pursuant to any workmen’s compensation or employer’s liability statute, there will be excluded 10 percent of the payments received after deduction of medical, legal, and other expenses as authorized by paragraph (i)(1) of this section. The 10 percent exclusion does not apply to damages collected incident to a tort suit under other than an employer’s liability law of the United States or a political subdivision of the United States, or to determinations of dependency for compensation purposes.

(j) Commercial insurance—(1) Annuity or endowment insurance. For pension, effective January 1, 1965, or for dependency and indemnity compensation, effective January 1, 1967, the provisions of paragraph (e) of this section apply. In such cases, 10 percent of the payments received will be excluded. In dependency and indemnity compensation claims, where the parent is receiving or entitled to receive dependency and indemnity compensation on December 31, 1966, and is also receiving or entitled to receive annuity payments on that date, or endowment insurance matures on or before that date, no part of the payments received will be considered income until the full amount of the consideration has been received, after which 10 percent of the amount received will be excluded. For compensation, the full amount of each payment is considered income as received.

(2) Life insurance; general. In determining dependency, or eligibility for dependency and indemnity compensation, or for section 306 pension the full amount of payments is considered income as received. For section 306 pension, effective October 7, 1966, and for dependency and indemnity compensation, effective January 1, 1967, 10 percent of the payments received will be excluded.

(3) Life insurance; old-law pension. For pension under laws in effect on June 30, 1960, 10 percent of the payments received will be excluded. Where it is considered that life insurance was received in a lump sum in the calendar year in which the veteran died and payments are actually received in succeeding years, no part of the payments received in succeeding years will be considered income until an amount equal to the lump-sum face value of the policy has been received, after which 10 percent of the payments received will be excluded. The 10 percent exclusion is authorized effective October 7, 1966.

(4) Disability, accident or health insurance. For pension, effective October 7, 1966, and for dependency and indemnity compensation, effective January 1, 1967, there will be excluded 10 percent of the payments received for disability after deduction of medical, legal, or other expenses incident to the disability. For compensation, after deduction of such expenses, the full amount of payments is considered income as received.

(k) Property—(1) Ownership. The terms of the recorded deed or other evidence of title will constitute evidence of ownership of real or personal property. This includes property acquired through purchase, bequest or inheritance except that, effective January 1, 1971, amounts in joint accounts in banks and similar institutions acquired by reason of the death of another joint owner shall not be considered income of a survivor for section 306 pension purposes. With the foregoing exception,
Department of Veterans Affairs

§ 3.262

if property is owned jointly each person will be considered as owning a proportionate share. The claimant’s share of property held in partnership will be determined on the facts found. In the absence of evidence to the contrary, the claimant’s statement as to the terms of ownership will be accepted.

(Authority: Sec. 306, Pub. L. 95–588; 92 Stat. 2508)

(2) Income-producing property. Income received from real or personal property owned by the claimant will be counted. The claimant’s share will be determined in proportion to his right according to the rules of ownership.

(3) Sale of property. Except as provided in paragraphs (k)(4) and (5) of this section, net profit from the sale of real or personal property will be counted. In determining net profit from the sale of property owned prior to the date of entitlement, the value at the date of entitlement will be considered in relation to the selling price. Where payments are received in installments, payments will not be considered income until the claimant has received amounts equal to the value of the property at the date of entitlement. Principal and interest will not be counted separately.

(4) Homes. Net profit from the sale of the claimant’s residence which is received during the calendar year of sale will not be considered as income under the following conditions:
   (i) To the extent that it is applied within the calendar year of the sale, or the succeeding calendar year, to the purchase price of another residence as his principal dwelling;
   (ii) Such application of the net profit is reported within 1 year following the date so applied, and
   (iii) The net profit is so applied after January 10, 1962, to a purchase made after said date.

This exclusion will not apply where the net profit is applied to the price of a home purchased earlier than the calendar year preceding the calendar year of sale of the old residence.

(5) Sale of property; section 306 pension and dependency and indemnity compensation. For pension under section 306 pension and for dependency and indemnity compensation, profit from the sale of real or personal property other than in the course of a business will not be considered income. This applies to property acquired either before or after the date of entitlement. Any amounts received in excess of the sales price will be counted as income. Where payments are received in installments, principal and interest will not be counted separately. For pension, this provision is effective January 1, 1965; for dependency and indemnity compensation, January 1, 1967.

(Authority: 38 U.S.C. 1503(a)(10); 38 U.S.C. 1315(g))

(6) Payments on mortgages on real property; section 306 pension. Effective January 1, 1971, for the purposes of section 306 pension, an amount equaling any prepayments made by a veteran or surviving spouse on a mortgage or similar type security instrument in existence at the death of veteran or spouse on real property which prior to the death was the principal residence of the veteran and spouse will be excluded from consideration as income if such payment was made after the death and prior to the close of the year succeeding the year of death.

(Authority: 38 U.S.C. 1503(a)(14))

(1) Unusual medical expenses. Within the provisions of paragraphs (l)(1) through (4) of this section there will be excluded from the amount of the claimant’s annual income any unreimbursed amounts which have been paid within the calendar year for unusual medical expenses regardless of the year the indebtedness was incurred. The term unusual means excessive. It does not describe the nature of a medical condition but rather the amount expended for medical treatment in relationship to the claimant’s resources available for sustaining a reasonable mode of life. Unreimbursed expenditures which exceed 5 percent of the claimant’s reported annual income will be considered unusual. Health, accident, sickness and hospitalization insurance premiums will be included as medical expenses in determining whether the claimant’s unreimbursed medical expenses meet the criterion for unusual. A claimant’s statement as to amounts expended for medical expenses
ordinarily will be accepted unless the circumstances create doubt as to its credibility. An estimate based on a clear and reasonable expectation that unusual medical expenditure will be realized may be accepted for the purpose of authorizing prospective payments of benefits subject to necessary adjustment in the award upon receipt of an amended estimate or after the end of the calendar year upon receipt of an income questionnaire.

(1) Veterans. For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by the veteran for unusual medical expenses of self, spouse, and other relatives of the veteran in the ascending as well as descending class who are members or constructive members of the veteran’s household and whom the veteran has a moral or legal obligation to support.

(2) Surviving spouses. For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by the surviving spouse for the unusual medical expenses of self, the veteran’s children, and other relatives of the surviving spouse in the ascending as well as descending class who are members or constructive members of the surviving spouse’s household and whom the surviving spouse has a moral or legal obligation to support.

(3) Children. For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by a child for the unusual medical expenses of self, parent, and brothers and sisters of the child.

(4) Parents. For dependency and indemnity compensation purposes there will be excluded unreimbursed amounts paid by the parent for the unusual medical expenses of self, spouse, and other relatives of the parent in the ascending as well as descending class who are members or constructive members of the parent’s household and whom the parent has a moral or legal obligation to support. If the combined annual income of the parent and the parent’s spouse is the basis for dependency and indemnity compensation, the exclusion is applicable to the combined annual income and extends to the unusual unreimbursed medical expenses of the spouse’s relatives in the ascending as well as descending class who are members or constructive members of the household and whom the parent’s spouse has a moral or legal obligation to support.

(m) Veteran’s final expenses; pension. In claims for pension under section 306, there will be excluded, as provided in paragraph (p) of this section:

(1) From the income of a surviving spouse, amounts equal to amounts paid for the expenses of the veteran’s last illness;

(2) From the income of a surviving spouse, or of a child of a deceased veteran where there is no surviving spouse, amounts equal to amounts paid by the surviving spouse or child for the veteran’s just debts, for the expenses of the veteran’s last illness, and burial to the extent such expenses are not reimbursed by the Department of Veterans Affairs. The term “just debts” does not include any debt that is secured by real or personal property.

(Authority: Sec. 306, Pub. L. 95–588; 92 Stat. 2508)

(n) Final expenses of veteran’s spouse or child; pension. In claims for pension under section 306, there will be excluded, as provided in paragraph (p) of this section:

(2) From the income of a spouse or surviving spouse, amounts equal to amounts paid by her as spouse or surviving spouse of the deceased veteran for the last illness and burial of a child of such veteran.

(Authority: Sec. 306, Pub. L. 95–588; 92 Stat. 2508)

(o) Final expenses of veteran or parent’s spouse; dependency and indemnity compensation. In claims for dependency and indemnity compensation there will be excluded from the income of a parent, as provided in paragraph (p) of this section, amounts equal to amounts paid by the parent for:

(1) The expenses of the veteran’s last illness and burial to the extent that
such expenses are not reimbursed under 38 U.S.C. ch. 23.

(2) The parent’s deceased spouse’s just debts, the expenses of the spouse’s last illness to the extent such expenses are not reimbursed under 38 U.S.C. ch. 51 and the expenses of the spouse’s burial to the extent that such expenses are not reimbursed under 38 U.S.C. ch. 23 or 51. The term “just debts” does not include any debt that is secured by real or personal property.

(Authority: 38 U.S.C. 1315(f))

(p) **Final expenses; year of exclusion.** For the purpose of paragraphs (m), (n) and (o) of this section, in the absence of contradictory information, the claimant’s statement will be accepted as to the nature, amount and date of payment, and identity of the creditor. Except as provided in this paragraph, payments will be deducted from annual income for the year in which such payments are made. Payments made by a veteran, the spouse or surviving spouse of a veteran, child or, in dependency and indemnity compensation claims, by a parent during the calendar year following the year in which the veteran, spouse or child died may be deducted from the claimant’s income for the year of last illness or burial if this deduction is advantageous to the claimant.

(q) **Volunteer programs—(1) Payments under Foster Grandparent Program and Older Americans Community Service Programs.** Effective May 3, 1973, compensation received under the Foster Grandparent Program and the Older Americans Community Service Programs will be excluded from income in claims for compensation, pension and dependency and indemnity compensation.

(1) Reimbursement for casualty loss of any kind in determining entitlement to parents’ dependency and indemnity compensation benefits. For purposes of paragraph (t) of this section, the term “casualty loss” means the complete or partial destruction of property resulting from an identifiable event of a sudden, unexpected or unusual nature.

§ 3.271 Computation of income.

(a) General. Payments of any kind from any source shall be counted as income during the 12-month annualization period in which received unless specifically excluded under §3.272.

(Authority: 38 U.S.C. 501)

(1) Recurring income. Recurring income means income which is received or anticipated in equal amounts and at regular intervals (e.g., weekly, monthly, quarterly, etc.), and which will continue throughout an entire 12-month annualization period. The amount of recurring income for pension purposes will be the amount received or anticipated during a 12-month annualization period. Recurring income which terminates prior to being counted for at least one full 12-month annualization period will be treated as nonrecurring income for computation purposes.

(2) Irregular income. Irregular income means income which is received or anticipated during a 12-month annualization period, but which is received in unequal amounts or at irregular intervals. The amount of irregular income for pension purposes will be the amount received or anticipated during a 12-month annualization period following initial receipt of such income.

(3) Nonrecurring income. Nonrecurring income means income received or anticipated on a one-time basis during a 12-month annualization period (e.g., an inheritance). Pension computations of income will include nonrecurring income for a full 12-month annualization period following receipt of the income.

(b) Salary. Salary means the gross amount of a person’s earnings or wages before any deductions are made for such things as taxes, insurance, retirement plans, social security, etc.

(c) Business, farm or professional income. (1) This includes gross income from a business, farm or profession as reduced by the necessary operating expenses such as cost of goods sold, or expenditures for rent, taxes, and upkeep, or costs of repairs or replacements. The value of an increase in stock inventory of a business is not considered income.

(2) Depreciation is not a deductible expense.

(3) A loss sustained in operating a business, profession, farm, or from investments, may not be deducted from income derived from any other source.

(d) Income from property. Income from real or personal property is countable as income of the property’s owner. The terms of a recorded deed or other evidence of title shall constitute evidence of ownership. This includes property acquired through purchase, gift, devise, or descent. If property is owned jointly, income of the various owners shall be determined in proportion to shares of ownership of the property. The owner’s shares of income held in partnership shall be determined on the basis of the facts found.

(e) Installments. Income shall be determined by the total amount received or anticipated during a 12-month annualization period.

(Authority: 38 U.S.C. 501)
(f) Deferred determinations. (1) When an individual is unable to predict with certainty the amount of countable annual income, the annual rate of improved pension shall be reduced by the greatest amount of anticipated countable income until the end of the 12-month annualization period, when total income received during that period will be determined and adjustments in pension payable made accordingly.

(Authority: 38 U.S.C. 501)

(2) When a claimed dependent is shown to have income which exceeds the additional amount of benefits payable based on the claimed dependency, but evidence requirements of §3.204, §3.205, §3.209, or §3.210 have not been met, the maximum annual rate of improved pension shall be determined without consideration of the claimed dependency. This amount shall be reduced by an amount which includes the income of the unestablished dependent. Adjustments in computation of the maximum annual rate of improved pension shall occur following receipt of evidence necessary to establish the dependency.

(Authority: 38 U.S.C. 501(a))

(g) Compensation (civilian) for injury or death. Compensation paid by the United States Department of Labor, Office of Workers’ Compensation Programs, Social Security Administration, or the Railroad Retirement Board, or pursuant to any worker’s compensation or employer’s liability statute, or damages collected because of personal injury or death, will be considered income as received. However, medical, legal or other expenses incident to the injury or death, or incident to the collection or recovery of the amount of the award or settlement, may be deducted. The criteria in §3.272(g) apply as to all medical expenditures after the award or settlement.

(Authority: 38 U.S.C. 501)

(h) Fractions of dollars. Fractions of dollars will be disregarded in computing annual income.

§3.272 Exclusions from income.

The following shall be excluded from countable income for the purpose of determining entitlement to improved pension. Unless otherwise provided, expenses deductible under this section are deductible only during the 12-month annualization period in which they were paid.

(Authority: 38 U.S.C. 501)

(a) Welfare. Donations from public or private relief, welfare, or charitable organizations.

(Authority: 38 U.S.C. 1503(a)(1))

(b) Maintenance. The value of maintenance furnished by a relative, friend, or a charitable organization (civic or governmental) will not be considered income. Where the individual is maintained in a rest home or other community institution or facility, public or private, because of impaired health or advanced age, money paid to the home or the individual to cover the cost of maintenance will not be considered income, regardless of whether it is furnished by a relative, friend, or charitable organization. The expense of maintenance is not deductible if it is paid from the individual’s income.

(Authority: 38 U.S.C. 501, 1503(a)(1))

(c) Department of Veterans Affairs pension benefits. Payments under chapter 15 of title 38, United States Code, including accrued pension benefits payable under 38 U.S.C. 5121.

(Authority: 38 U.S.C. 1503(a)(2))

(d) Reimbursement for casualty loss. Reimbursement of any kind for any casualty loss. The amount to be excluded is not to exceed the greater of the fair market value or the reasonable replacement cost of the property involved at the time immediately preceding the loss. For purposes of this paragraph, the term “casualty loss”
§ 3.272

means the complete or partial destruction of property resulting from an identifiable event of a sudden, unexpected or unusual nature.

(Authority: 38 U.S.C. 1503(a)(5))

(e) Profit from sale of property. Profit realized from the disposition of real or personal property other than in the course of business, except amounts received in excess of the sales price, for example, interest on deferred sales is included as income. In installment sales, any payments received until the sales price is recovered are not included as income, but any amounts received which exceed the sales price are included, regardless of whether they represent principal or interest.

(Authority: 38 U.S.C. 1503(a)(6))

(f) Joint accounts. Amounts in joint accounts in banks and similar institutions acquired by reason of death of the other joint owner.

§ 3.273 Rate computation.

The commencement date of change in benefit payments based on rate computations under the provisions of this section will be determined under the provisions of §3.31 or §3.660.

(a) Initial award. For the purpose of determining initial entitlement, or for resuming payments on an award which was previously discontinued, the monthly rate of pension payable to a beneficiary shall be computed by reducing the beneficiary’s applicable maximum pension rate by the beneficiary’s countable income on the effective date of entitlement and dividing the remainder by 12. Effective June 1, 1983, the provisions of §3.29(b) apply to this paragraph. Recomputation of rates due to changes in the maximum annual pension rate or rate of income following the initial date of entitlement are subject to the provisions of paragraph (b) of this section.

(b) Running awards—(1) Change in maximum annual pension rate. Whenever there is change in a beneficiary’s applicable maximum annual pension rate, the monthly rate of pension payable shall be computed by reducing the new applicable maximum annual pension rate by the beneficiary’s countable income on the effective date of the change in the applicable maximum annual pension rate, and dividing the remainder by 12. Effective June 1, 1983, the provisions of §3.29(b) apply to this paragraph.

(2) Change in amount of income. Whenever there is a change in a beneficiary’s amount of countable income the monthly rate of pension payable shall be computed by reducing the beneficiary’s applicable maximum annual pension rate by the beneficiary’s new amount of countable income on the effective date of the change in the amount of income, and dividing the remainder by 12. Effective June 1, 1983, the provisions of §3.29(b) apply to this paragraph.

(c) Nonrecurring income. The amount of any nonrecurring countable income (e.g., an inheritance) received by a beneficiary shall be added to the beneficiary’s annual rate of income for a 12-month annualization period commencing on the effective date on which the nonrecurring income is countable.

(Authority: 38 U.S.C. 501)

(d) Recurring and irregular income. The amount of recurring and irregular income anticipated or received by a beneficiary shall be added to the beneficiary’s annual rate of income for a 12-month annualization period commencing at the beginning of the 12-month annualization, subject to the
§ 3.274 Relationship of net worth to pension entitlement.

(a) Veteran. Pension shall be denied or discontinued when the corpus of the estate of the veteran, and of the veteran's spouse, are such that under all the circumstances, including consideration of the annual income of the veteran, the veteran's spouse, and the veteran's children, it is reasonable that some part of the corpus of such estates be consumed for the veteran's maintenance.

(b) Increased pension payable to a veteran for a child. Increased pension payable to a veteran on account of a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances, including consideration of the income of the child, the income of any person with whom the child is residing who is legally responsible for such child's support, and the corpus of estate of such person, it is reasonable that some part of the corpus of such estates be consumed for the child's maintenance.

(c) Surviving spouse. Pension payable to a surviving spouse shall be denied or discontinued when the corpus of the estate of the surviving spouse is such that under all the circumstances, including consideration of the surviving spouse's income and the income of any child for whom the surviving spouse is receiving pension, it is reasonable that some part of the corpus of the surviving spouse's estate be consumed for the surviving spouse's maintenance.

(d) Increased pension payable to a surviving spouse for a child. Increased pension payable to a surviving spouse on account of a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances, including consideration of the income of the surviving spouse and child and the income of any other child for whom the surviving spouse is receiving increased pension, it is reasonable that some part of the corpus of the child's estate be consumed for the maintenance of the child.

(e) Child. Pension payable to a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances, including consideration of the income of the child, the income of any person with whom the child is residing who is legally responsible for such child's support, and the corpus of estate of such person, it is reasonable that some part of the corpus of such estates be consumed for the child's maintenance.

§ 3.275 Criteria for evaluating net worth.

(a) General. The following rules are for application in determining the corpus of estate or net worth of a veteran, surviving spouse or child under § 3.274.

(b) Definition. The terms corpus of estate and net worth mean the market value, less mortgages or other encumbrances, of all real and personal property owned by the claimant, except the claimant's dwelling (single family unit), including a reasonable lot area, and personal effects suitable to and consistent with the claimant's reasonable mode of life.

(c) Ownership. See § 3.271(d).

(d) Evaluation. In determining whether some part of the claimant's estate (or combined estates under § 3.274(a) and (e)) should be consumed for the claimant's maintenance, consideration will be given to the amount of the claimant's income together with the following: Whether the property can be readily converted into cash at no substantial sacrifice; life expectancy; number of dependents who meet the definition of member of the family (the definition contained in § 3.250(b)(2) is applicable to the improved pension program); potential rate of depletion, including unusual medical expenses under the principles outlined in § 3.272(g) for the claimant and the claimant's dependents.
§ 3.276

(e) Educational expenses. There shall be excluded from the corpus of estate or net worth of a child reasonable amounts for actual or prospective educational or vocational expenses. The amount so excluded shall not be such as to provide for education or training beyond age 23.

(f) Agent Orange settlement payments. There shall be excluded from the corpus of the estate or net worth of a claimant any payment made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the In re Agent Orange product liability litigation, M.D.L. No. 381 (E.D.N.Y.). (January 1, 1989)

(g) Restitution to individuals of Japanese ancestry. There shall be excluded from the corpus of estate or net worth of a claimant any payment made as restitution under Public Law 100–383 to individuals of Japanese ancestry who were interned, evacuated, or relocated during the period December 7, 1941, through June 30, 1946, pursuant to any law, Executive order, Presidential proclamation, directive, or other official action respecting these individuals. (August 10, 1988)

(h) Radiation Exposure Compensation Act. There shall be excluded from the corpus of estate or net worth of a claimant any payment made under Section 6 of the Radiation Exposure Compensation Act of 1990.

(i) Monetary allowance under 38 U.S.C. chapter 18 for certain individuals who are children of Vietnam veterans or children of veterans with covered service in Korea. There shall be excluded from the corpus of estate or net worth of a claimant any allowance paid under the provisions of 38 U.S.C. chapter 18 to or for an individual who is a child of a Vietnam veteran or a child of a veteran with covered service in Korea.

(j) Victims of Crime Act. There shall be excluded from the corpus of estate or net worth of a claimant any amounts received as compensation under the Victims of Crime Act of 1984 unless the total amount of assistance received from all federally funded programs is sufficient to fully compensate the claimant for losses suffered as a result of the crime.

(k) Medicare Prescription Drug Discount Card and Transitional Assistance Program. There shall be excluded from the corpus of estate or net worth of a claimant payments received under the Medicare transitional assistance program and any savings associated with the Medicare prescription drug discount card.

§ 3.276 Certain transfers or waivers disregarded.

(a) Waiver of receipt of income. Potential income, not excludable under § 3.272 and whose receipt has been waived by an individual, shall be included as countable income of that individual for Department of Veterans Affairs pension purposes.

(b) Transfer of assets. For pension purposes, a gift of property made by an individual to a relative residing in the same household shall not be recognized as reducing the corpus of the grantor’s estate. A sale of property to such a relative shall not be recognized as reducing the corpus of the seller’s estate if the purchase price, or other consideration for the sale, is so low as to be tantamount to a gift. A gift of property to someone other than a relative residing in the grantor’s household will not be recognized as reducing the corpus of the grantor’s estate unless it is clear that the grantor has relinquished all rights of ownership, including the right of control of the property.

(Authority: 38 U.S.C. 501)
§ 3.277 Eligibility reporting requirements.

(a) Evidence of entitlement. As a condition of granting or continuing pension, the Department of Veterans Affairs may require from any person who is an applicant for or a recipient of pension such information, proofs, and evidence as is necessary to determine the annual income and the value of the corpus of the estate of such person, and of any spouse or child for whom the person is receiving or is to receive increased pension (such child is hereinafter in this section referred to as a dependent child), and, in the case of a child applying for or in receipt of pension in his or her own behalf (hereinafter in this section referred to as a surviving child), of any person with whom such child is residing who is legally responsible for such child's support.

(b) Obligation to report changes in factors affecting entitlement. Any individual who has applied for or receives pension must promptly notify the Secretary of any change affecting entitlement in any of the following:

(1) Income;
(2) Net worth or corpus of estate;
(3) Marital status;
(4) Nursing home patient status;
(5) School enrollment status of a child 18 years of age or older; or
(6) Any other factor that affects entitlement to benefits under the provisions of this Part.

(c) Eligibility verification reports. (1) For purposes of this section the term eligibility verification report means a form prescribed by the Secretary that is used to request income, net worth, dependency status, and any other information necessary to determine or verify entitlement to pension.

(2) The Secretary shall require an eligibility verification report under the following circumstances:

(i) If the Social Security Administration has not verified the beneficiary’s Social Security number and, if the beneficiary is married, his or her spouse’s Social Security number;

(ii) If there is reason to believe that the beneficiary or his or her spouse may have received income other than Social Security during the current or previous calendar year; or

(iii) If the Secretary determines that an eligibility verification report is necessary to preserve program integrity.

(3) An individual who applies for or receives pension as defined in §3.3 of this part shall, as a condition of receipt or continued receipt of benefits, furnish the Department of Veterans Affairs an eligibility verification report upon request.

(d) If VA requests that a claimant or beneficiary submit an eligibility verification report but he or she fails to do so within 60 days of the date of the VA request, the Secretary shall suspend the award or disallow the claim.

(The Office of Management and Budget has approved the information collection requirements in this section under control numbers 2900–0101 and 2900–0624)

§ 3.300 Claims based on the effects of tobacco products.

(a) For claims received by VA after June 9, 1998, a disability or death will not be considered service-connected on the basis that it resulted from injury or disease attributable to the veteran’s use of tobacco products during service. For the purpose of this section, the term “tobacco products” means cigars, cigarettes, smokeless tobacco, pipe tobacco, and roll-your-own tobacco.

(b) The provisions of paragraph (a) of this section do not prohibit service connection if:

(1) The disability or death resulted from a disease or injury that is otherwise shown to have been incurred or aggravated during service. For purposes of this section, “otherwise shown” means that the disability or death can be service-connected on some basis other than the veteran’s use of tobacco products during service, or that the disability became manifest or death occurred during service; or

(2) The disability or death resulted from a disease or injury that appeared to the required degree of disability
§ 3.301 Line of duty and misconduct.

(a) Line of duty. Direct service connection may be granted only when a disability or cause of death was incurred or aggravated in line of duty, and not the result of the veteran’s own willful misconduct or, for claims filed after October 31, 1990, the result of his or her abuse of tobacco products during service will not be service-connected under §3.310(a).

(b) Willful misconduct. Disability pension is not payable for any condition due to the veteran’s own willful misconduct.

(c) Specific applications; willful misconduct. For the purpose of determining entitlement to service-connected and nonservice-connected benefits the definitions in §§3.1 (m) and (n) of this part apply except as modified within paragraphs (c)(1) through (c)(3) of this section. The provisions of paragraphs (c)(2) and (c)(3) of this section are subject to the provisions of §3.302 of this part where applicable.

§ 3.302 Line of duty and misconduct.

(1) Venereal disease. The residuals of venereal disease are not to be considered the result of willful misconduct. Consideration of service connection for residuals of venereal disease as having been incurred in service requires that the initial infection must have occurred during active service. Increase in service of manifestations of venereal disease will usually be held due to natural progress unless the facts of record indicate the increase in manifestations was precipitated by trauma or by the conditions of the veteran’s service, in which event service connection may be established by aggravation. Medical principles pertaining to the incubation period and its relation to the course of the disease; i.e., initial or acute manifestation, or period and course of secondary and late residuals manifested, will be considered when time of incurrence of venereal disease prior to or after entry into service is at issue. In the issue of service connection, whether the veteran complied with service regulations and directives for reporting the disease and undergoing treatment is immaterial after November 14, 1972, and the service department characterization of acquisition of the disease as willful misconduct or as not in line of duty will not govern.

(2) The simple drinking of alcoholic beverage is not of itself willful misconduct. The deliberate drinking of a known poisonous substance or under conditions which would raise a presumption to that effect will be considered willful misconduct. If, in the drinking of a beverage to enjoy its intoxicating effects, intoxication results proximately and immediately in disability or death, the disability or death will be considered the result of the person’s willful misconduct. Organic diseases and disabilities which are a secondary result of the chronic use of alcohol as a beverage, whether out of compulsion or otherwise, will not be considered willful misconduct origin. (See §§21.1043, 21.5041, and 21.7051 of this title regarding the disabling effects of chronic alcoholism for the purpose of extending delimiting periods under education or rehabilitation programs.)

(3) Drug usage. The isolated and infrequent use of drugs by itself will not be considered willful misconduct; however, the progressive and frequent use of drugs to the point of addiction will be considered willful misconduct.
§ 3.302 Service connection for mental unsoundness in suicide.

(a) General. (1) In order for suicide to constitute willful misconduct, the act of self-destruction must be intentional.

2. A person of unsound mind is incapable of forming an intent (mens rea, or guilty mind, which is an essential element of crime or willful misconduct).

3. It is a constant requirement for favorable action that the precipitating mental unsoundness be service connected.

(b) Evidence of mental condition. (1) Whether a person, at the time of suicide, was so unsound mentally that he or she did not realize the consequence of such an act, or was unable to resist such impulse is a question to be determined in each individual case, based on all available lay and medical evidence pertaining to his or her mental condition at the time of suicide.

2. The act of suicide or a bona fide attempt is considered to be evidence of mental unsoundness. Therefore, where no reasonable adequate motive for suicide is shown by the evidence, the act will be considered to have resulted from mental unsoundness.

3. A reasonable adequate motive for suicide may be established by affirmative evidence showing circumstances which could lead a rational person to self-destruction.

(c) Evaluation of evidence. (1) Affirmative evidence is necessary to justify reversal of service department findings of mental unsoundness where Department of Veterans Affairs criteria do not otherwise warrant contrary findings.

2. In all instances any reasonable doubt should be resolved favorably to support a finding of service connection (see § 3.102).

RATINGS AND EVALUATIONS; SERVICE CONNECTION

§ 3.303 Principles relating to service connection.

(a) General. Service connection connotes many factors but basically it means that the facts, shown by evidence, establish that a particular injury or disease resulting in disability was incurred coincident with service in the Armed Forces, or if preexisting such service, was aggravated therein.
This may be accomplished by affirmatively showing inception or aggravation during service or through the application of statutory presumptions. Each disabling condition shown by a veteran’s service records, or for which he seeks a service connection must be considered on the basis of the places, types and circumstances of his service as shown by service records, the official history of each organization in which he served, his medical records and all pertinent medical and lay evidence. Determinations as to service connection will be based on review of the entire evidence of record, with due consideration to the policy of the Department of Veterans Affairs to administer the law under a broad and liberal interpretation consistent with the facts in each individual case.

(b) **Chronicity and continuity.** With chronic disease shown as such in service (or within the presumptive period under §3.307) so as to permit a finding of service connection, subsequent manifestations of the same chronic disease at any later date, however remote, are service connected, unless clearly attributable to intercurrent causes. This rule does not mean that any manifestation of joint pain, any abnormality of heart action or heart sounds, any urinary findings of casts, or any cough, in service will permit service connection of arthritis, disease of the heart, nephritis, or pulmonary disease, first shown as a clearcut clinical entity, at some later date. For the showing of chronic disease in service there is required a combination of manifestations sufficient to identify the disease entity, and sufficient observation to establish chronicity at the time, as distinguished from merely isolated findings or a diagnosis including the word "Chronic." When the disease identity is established (leprosy, tuberculosis, multiple sclerosis, etc.), there is no requirement of evidentiary showing of continuity. Continuity of symptomatology is required only where the condition noted during service (or in the presumptive period) is not, in fact, shown to be chronic or where the diagnosis of chronicity may be legitimately questioned. When the fact of chronicity in service is not adequately supported, then a showing of continuity after discharge is required to support the claim.

(c) **Preservice disabilities noted in service.** There are medical principles so universally recognized as to constitute fact (clear and unmistakable proof), and when in accordance with these principles existence of a disability prior to service is established, no additional or confirmatory evidence is necessary. Consequently with notation or discovery during service of such residual conditions (scars; fibrosis of the lungs; atrophies following disease of the central or peripheral nervous system; healed fractures; absent, displaced or resected parts of organs; supernumerary parts; congenital malformations or hemorrhoidal tags or tabs, etc.) with no evidence of the pertinent antecedent active disease or injury during service the conclusion must be that they preexisted service. Similarly, manifestation of lesions or symptoms of chronic disease from date of enlistment, or so close thereto that the disease could not have originated in so short a period will establish preservice existence thereof. Conditions of an infectious nature are to be considered with regard to the circumstances of the infection and if manifested in less than the respective incubation periods after reporting for duty, they will be held to have preexisted service. In the field of mental disorders, personality disorders which are characterized by developmental defects or pathological trends in the personality structure manifested by a lifelong pattern of action or behavior, chronic psychoneurosis of long duration or other psychiatric symptomatology shown to have existed prior to service with the same manifestations during service, which were the basis of the service diagnosis, will be accepted as showing preservice origin. Congenital or developmental defects, refractive error of the eye, personality disorders and mental deficiency as such are not diseases or injuries within the meaning of applicable legislation.

(d) **Postservice initial diagnosis of disease.** Service connection may be granted for any disease diagnosed after discharge, when all the evidence, including that pertinent to service, establishes that the disease was incurred in
service. Presumptive periods are not intended to limit service connection to diseases so diagnosed when the evidence warrants direct service connection. The presumptive provisions of the statute and Department of Veterans Affairs regulations implementing them are intended as liberalizations applicable when the evidence would not warrant service connection without their aid.

[26 FR 1579, Feb. 24, 1961]

§ 3.304 Direct service connection; wartime and peacetime.

(a) General. The basic considerations relating to service connection are stated in § 3.303. The criteria in this section apply only to disabilities which may have resulted from service in a period of war or service rendered on or after January 1, 1947.

(b) Presumption of soundness. The veteran will be considered to have been in sound condition when examined, accepted and enrolled for service, except as to defects, infirmities, or disorders noted at entrance into service, or where clear and unmistakable (obvious or manifest) evidence demonstrates that an injury or disease existed prior thereto and was not aggravated by such service. Only such conditions as are recorded in examination reports are to be considered as noted.

(Authority: 38 U.S.C. 1111)

(1) History of preservice existence of conditions recorded at the time of examination does not constitute a notation of such conditions but will be considered together with all other material evidence in determinations as to inception. Determinations should not be based on medical judgment alone as distinguished from accepted medical principles, or on history alone without regard to clinical factors pertinent to the basic character, origin and development of such injury or disease. They should be based on thorough analysis of the evidentiary showing and careful correlation of all material facts, with due regard to accepted medical principles pertaining to the history, manifestations, clinical course, and character of the particular injury or disease or residuals thereof.

(2) History conforming to accepted medical principles should be given due consideration, in conjunction with basic clinical data, and be accorded probative value consistent with accepted medical and evidentiary principles in relation to value consistent with accepted medical evidence relating to incurrence, symptoms and course of the injury or disease, including official and other records made prior to, during or subsequent to service, together with all other lay and medical evidence concerning the inception, development and manifestations of the particular condition will be taken into full account.

(3) Signed statements of veterans relating to the origin, or incurrence of any disease or injury made in service if against his or her own interest is of no force and effect if other data do not establish the fact. Other evidence will be considered as though such statement were not of record.

(Authority: 10 U.S.C. 1219)

(c) Development. The development of evidence in connection with claims for service connection will be accomplished when deemed necessary but it should not be undertaken when evidence present is sufficient for this determination. In initially rating disability of record at the time of discharge, the records of the service department, including the reports of examination at enlistment and the clinical records during service, will ordinarily suffice. Rating of combat injuries or other conditions which obviously had their inception in service may be accomplished pending receipt of copy of the examination at enlistment and all other service records.

(d) Combat. Satisfactory lay or other evidence that an injury or disease was incurred or aggravated in combat will be accepted as sufficient proof of service connection if the evidence is consistent with the circumstances, conditions or hardships of such service even though there is no official record of such incurrence or aggravation.

(Authority: 38 U.S.C. 1154(b))

(e) Prisoners of war. Where disability compensation is claimed by a former prisoner of war, omission of history or findings from clinical records made
upon repatriation is not determinative of service connection, particularly if evidence of comrades in support of the incurrence of the disability during confinement is available. Special attention will be given to any disability first reported after discharge, especially if poorly defined and not obviously of intercurrent origin. The circumstances attendant upon the individual veteran’s confinement and the duration thereof will be associated with pertinent medical principles in determining whether disability manifested subsequent to service is etiologically related to the prisoner of war experience.

(f) Posttraumatic stress disorder. Service connection for posttraumatic stress disorder requires medical evidence diagnosing the condition in accordance with §4.125(a) of this chapter; a link, established by medical evidence, between current symptoms and an in-service stressor; and credible supporting evidence that the claimed in-service stressor occurred. The following provisions apply to claims for service connection of posttraumatic stress disorder diagnosed during service or based on the specified type of claimed stressor:

(1) If the evidence establishes a diagnosis of posttraumatic stress disorder during service and the claimed stressor is related to that service, in the absence of clear and convincing evidence to the contrary, and provided that the claimed stressor is consistent with the circumstances, conditions, or hardships of the veteran’s service, the veteran’s lay testimony alone may establish the occurrence of the claimed in-service stressor.

(2) If the evidence establishes that the veteran engaged in combat with the enemy and the claimed stressor is related to that combat, in the absence of clear and convincing evidence to the contrary, and provided that the claimed stressor is consistent with the circumstances, conditions, or hardships of the veteran’s service, the veteran’s lay testimony alone may establish the occurrence of the claimed in-service stressor.

(3) If a stressor claimed by a veteran is related to the veteran’s fear of hostile military or terrorist activity and a VA psychiatrist or psychologist, or a psychiatrist or psychologist with whom VA has contracted, confirms that the claimed stressor is adequate to support a diagnosis of posttraumatic stress disorder and that the veteran’s symptoms are related to the claimed stressor, in the absence of clear and convincing evidence to the contrary, and provided the claimed stressor is consistent with the places, types, and circumstances of the veteran’s service, the veteran’s lay testimony alone may establish the occurrence of the claimed stressor experience. For purposes of this paragraph, “fear of hostile military or terrorist activity” means that a veteran experienced, witnessed, or was confronted with an event or circumstance that involved actual or threatened death or serious injury, or a threat to the physical integrity of the veteran or others, such as from an actual or potential improvised explosive device; vehicle-imbedded explosive device; incoming artillery, rocket, or mortar fire; grenade; small arms fire, including suspected sniper fire; or attack upon friendly military aircraft, and the veteran’s response to the event or circumstance involved a psychological or psycho-physiological state of fear, helplessness, or horror.

(4) If the evidence establishes that the veteran was a prisoner-of-war under the provisions of §3.1(y) of this part and the claimed stressor is related to that prisoner-of-war experience, in the absence of clear and convincing evidence to the contrary, and provided that the claimed stressor is consistent with the circumstances, conditions, or hardships of the veteran’s service, the veteran’s lay testimony alone may establish the occurrence of the claimed in-service stressor.

(5) If a posttraumatic stress disorder claim is based on in-service personal assault, evidence from sources other than the veteran’s service records may corroborate the veteran’s account of the stressor incident. Examples of such evidence include, but are not limited to: records from law enforcement authorities, rape crisis centers, mental health counseling centers, hospitals, or physicians; pregnancy tests or tests for sexually transmitted diseases; and statements from family members, roommates, fellow service members, or
clergy. Evidence of behavior changes following the claimed assault is one type of relevant evidence that may be found in these sources. Examples of behavior changes that may constitute credible evidence of the stressor include, but are not limited to: a request for a transfer to another military duty assignment; deterioration in work performance; substance abuse; episodes of depression, panic attacks, or anxiety without an identifiable cause; or unexplained economic or social behavior changes. VA will not deny a posttraumatic stress disorder claim that is based on in-service personal assault without first advising the claimant that evidence from sources other than the veteran’s service records or evidence of behavior changes may constitute credible supporting evidence of the stressor and allowing him or her the opportunity to furnish any evidence that it receives to an appropriate medical or mental health professional for an opinion as to whether it indicates that a personal assault occurred.

§ 3.305 Direct service connection; peacetime service before January 1, 1947.

(a) General. The basic considerations relating to service connection are stated in § 3.303. The criteria in this section apply only to disabilities which may have resulted from service other than in a period of war before January 1, 1947.

(b) Presumption of soundness. A peacetime veteran who has had active, continuous service of 6 months or more will be considered to have been in sound condition when examined, accepted and enrolled for service, except as to defects, infirmities or disorders noted at the time thereof, or where evidence or medical judgment, as distinguished from medical fact and principles, establishes that an injury or disease preexisted service. Any evidence acceptable as competent to indicate the time of existence or inception of the condition may be considered. Determinations based on medical judgment will take cognizance of the time of inception or manifestation of disease or injury following entrance into service, as shown by proper service authorities in service records, entries or reports. Such records will be accorded reasonable weight in consideration of other evidence and sound medical reasoning. Opinions may be solicited from Department of Veterans Affairs medical authorities when considered necessary.

(c) Campaigns and expeditions. In considering claims of veterans who engaged in combat during campaigns or expeditions satisfactory lay or other evidence of incurrence or aggravation in such combat of an injury or disease, if consistent with the circumstances, conditions or hardships of such service will be accepted as sufficient proof of service connection, even when there is no official record of incurrence or aggravation. Service connection for such injury or disease may be rebutted by clear and convincing evidence to the contrary.

§ 3.306 Aggravation of preservice disability.

(a) General. A preexisting injury or disease will be considered to have been aggravated by active military, naval, or air service, where there is an increase in disability during such service, unless there is a specific finding that the increase in disability is due to the natural progress of the disease.

(B) Wartime service; peacetime service after December 31, 1946. Clear and unmistakable evidence (obvious or manifest) is required to rebut the presumption of aggravation where the preservice disability underwent an increase in severity during service. This includes medical facts and principles which may be considered to determine
whether the increase is due to the natural progress of the condition. Aggravation may not be conceded where the disability underwent no increase in severity during service on the basis of all the evidence of record pertaining to the manifestations of the disability prior to, during, and subsequent to service.

(1) The usual effects of medical and surgical treatment in service, having the effect of ameliorating disease or other conditions incurred before enlistment, including postoperative scars, absent or poorly functioning parts or organs, will not be considered service connected unless the disease or injury is otherwise aggravated by service.

(2) Due regard will be given the places, types, and circumstances of service and particular consideration will be accorded combat duty and other hardships of service. The development of symptomatic manifestations of a preexisting disease or injury during or proximately following action with the enemy or following a status as a prisoner of war will establish aggravation of a disability.

(Authority: 38 U.S.C. 1154)

(c) Peacetime service prior to December 7, 1941. The specific finding requirement that an increase in disability is due to the natural progress of the condition will be met when the available evidence of a nature generally acceptable as competent shows that the increase in severity of a disease or injury or acceleration in progress was that normally to be expected by reason of the inherent character of the condition, aside from any extraneous or contributing cause or influence peculiar to military service. Consideration will be given to the circumstances, conditions, and hardships of service.

§ 3.307 Presumptive service connection for chronic, tropical or prisoner-of-war related disease, or disease associated with exposure to certain herbicide agents; wartime and service on or after January 1, 1947.

(a) General. A chronic, tropical, prisoner-of-war related disease, or a disease associated with exposure to certain herbicide agents listed in §3.309 will be considered to have been incurred in or aggravated by service under the circumstances outlined in this section even though there is no evidence of such disease during the period of service. No condition other than one listed in §3.309(a) will be considered chronic.

(1) Service. The veteran must have served 90 days or more during a war period or after December 31, 1946. The requirement of 90 days’ service means active, continuous service within or extending into or beyond a war period, or which began before and extended beyond December 31, 1946, or began after that date. Any period of service is sufficient for the purpose of establishing the presumptive service connection of a specified disease under the conditions listed in §3.309(c) and (e).

(2) Separation from service. For the purpose of paragraph (a)(3) and (4) of this section the date of separation from wartime service will be the date of discharge or release during a war period, or if service continued after the war, the end of the war period. In claims based on service on or after January 1, 1947, the date of separation will be the date of discharge or release from the period of service on which the claim is based.

(3) Chronic disease. The disease must have become manifest to a degree of 10 percent or more within 1 year (for Hansen’s disease (leprosy) and tuberculosis, within 3 years; multiple sclerosis, within 7 years) from the date of separation from service as specified in paragraph (a)(2) of this section.

(4) Tropical disease. The disease must have become manifest to a degree of 10 percent or more within 1 year from date of separation from service as specified in paragraph (a)(2) of this section, or at a time when standard accepted treatises indicate that the incubation period commenced during such service. The resultant disorders or diseases originating because of therapy administered in connection with a tropical disease or as a preventative may also be service connected.

(5) Diseases specific as to former prisoners of war. The diseases listed in §3.309(c) shall have become manifest to
§ 3.307

38 CFR Ch. 1 (7–1–11 Edition)

a degree of 10 percent or more at any time after discharge or release from active service.

(Authority: 38 U.S.C. 1112)

(6) Diseases associated with exposure to certain herbicide agents. (i) For the purposes of this section, the term “herbicide agent” means a chemical in an herbicide used in support of the United States and allied military operations in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, specifically: 2,4-D; 2,4,5-T and its contaminant TCDD; cacodylic acid; and picloram.

(ii) The diseases listed at § 3.309(e) shall have become manifest to a degree of 10 percent or more within a year after the last date on which the veteran was exposed to an herbicide agent during active military, naval, or air service.

(iii) A veteran who, during active military, naval, or air service, served in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, shall be presumed to have been exposed to an herbicide agent during active military, naval, or air service.

(iv) A veteran who, during active military, naval, or air service, served between April 1, 1968, and August 31, 1971, in a unit that, as determined by the Department of Defense, operated in or near the Korean DMZ in an area in which herbicides are known to have been applied during that period, shall be presumed to have been exposed during such service to an herbicide agent, unless there is affirmative evidence to establish that the veteran was not exposed to any such agent during that service. See also 38 CFR 3.814(c)(2).

(b) Evidentiary basis. The factual basis may be established by medical evidence, competent lay evidence or both. Medical evidence should set forth the physical findings and symptomatology elicited by examination within the applicable period. Lay evidence should describe the material and relevant facts as to the veteran’s disability observed within such period, not merely conclusions based upon opinion. The chronicity and continuity factors outlined in § 3.303(b) will be considered. The diseases listed in § 3.309(a) will be accepted as chronic, even though diagnosed as acute because of insidious inception and chronic development, except: (1) Where they result from intercurrent causes, for example, cerebral hemorrhage due to injury, or active nephritis or acute endocarditis due to intercurrent infection (with or without identification of the pathogenic microorganism); or (2) where a disease is the result of drug ingestion or a complication of some other condition not related to service. Thus, leukemia will be accepted as a chronic disease whether diagnosed as acute or chronic. Unless the clinical picture is clear otherwise, consideration will be given as to whether an acute condition is an exacerbation of a chronic disease.

(c) Prohibition of certain presumptions. No presumptions may be invoked on the basis of advancement of the disease when first definitely diagnosed for the purpose of showing its existence to a degree of 10 percent within the applicable period. This will not be interpreted as requiring that the disease be diagnosed in the presumptive period, but only that there be then shown by acceptable medical or lay evidence characteristic manifestations of the disease.

(Authority: 38 U.S.C. 501(a), 1116(a)(3), and 1821)
Department of Veterans Affairs § 3.309

to the required degree, followed with-
out unreasonable time lapse by definite
diagnosis. Symptomatology shown in
the prescribed period may have no par-
ticular significance when first ob-
served, but in the light of subsequent
developments it may gain considerable
significance. Cases in which a chronic
disease is shown to exist within a
short time following the applicable
presumptive period, but without evi-
dence of manifestations within the pe-
riod, should be developed to determine
whether there was symptomatology
which in retrospect may be identified
and evaluated as manifestation of the
chronic disease to the required 10-per-
cent degree.

(d) Rebuttal of service incurrence or ag-
gravation. (1) Evidence which may be
considered in rebuttal of service incur-
rence of a disease listed in § 3.309 will
be any evidence of a nature usually ac-
cepted as competent to indicate the
time of existence or inception of dis-
ease, and medical judgment will be ex-
ercised in making determinations rel-
ative to the effect of intercurrent in-
jury or disease. The expression “af-
firmative evidence to the contrary”
will not be taken to require a conclu-
sive showing, but such showing as
would, in sound medical reasoning and
in the consideration of all evidence of
record, support a conclusion that the
disease was not incurred in service. As
to tropical diseases the fact that the
veteran had no service in a locality
having a high incidence of the disease
may be considered as evidence to rebut
the presumption, as may residence dur-
ing the period in question in a region
where the particular disease is en-
demic. The known incubation periods
of tropical diseases should be used as a
factor in rebuttal of presumptive serv-
vice connection as showing inception be-
fore or after service.

(2) The presumption of aggravation
provided in this section may be rebut-
ted by affirmative evidence that the
preexisting condition was not aggra-
vated by service, which may include af-
firmative evidence that any increase in
disability was due to an intercurrent
disease or injury suffered after separa-
tion from service or evidence suffi-
cient, under § 3.306 of this part, to show
that the increase in disability was due
to the natural progress of the pre-
existing condition.

§ 3.308 Presumptive service connec-
tion; peacetime service before Janu-
ary 1, 1947.

(a) Chronic disease. There is no provi-
sion for presumptive service connec-
tion for chronic disease as distingui-
shed from tropical diseases referred
to in paragraph (b) of this section
based on peacetime service before Jan-
uary 1, 1947.

(b) Tropical disease. In claims based
on peacetime service before January 1,
1947, a veteran of 6 months or more
service who contracts a tropical dis-
ease listed in § 3.309(b) or a resultant
order or disease originating because
of therapy administered in connection
with a tropical disease or as a prevent-
ative, will be considered to have in-
curred such disability in service when
it is shown to exist to the degree of 10
percent or more within 1 year after
separation from active service, or at a
time when standard and accepted trea-
tises indicate that the incubation pe-
riod commenced during active service
unless shown by clear and unmistak-
able evidence not to have been of serv-
vice origin. The requirement of 6
months or more service means active,
continuous service, during one or more
enlistment periods.

(A) Were interned within 75 miles of the city limits of Hiroshima or within 150 miles of the city limits of Nagasaki, or

(B) Can affirmatively show they worked within the areas set forth in paragraph (d)(3)(vii)(A) of this section although not interned within those areas, or

(C) Served immediately following internment in a capacity which satisfies the definition in paragraph (d)(3)(vi) of this section, or

(D) Were repatriated through the port of Nagasaki.

(Authority: 38 U.S.C. 1110, 1112, 1131)

(e) Disease associated with exposure to certain herbicide agents. If a veteran was exposed to an herbicide agent during active military, naval, or air service, the following diseases shall be service-connected if the requirements of §3.307(a)(6) are met even though there is no record of such disease during service, provided further that the rebuttable presumption provisions of §3.307(d) are also satisfied.

AL amyloidosis

§ 3.310 Disabilities that are proximately due, or aggravated by, service-connected disease or injury.

(a) General. Except as provided in §3.300(c), disability which is proximately due to or the result of a service-connected disease or injury shall be service connected. When service connection is thus established for a secondary condition, the secondary condition shall be considered a part of the original condition.

(b) Aggravation of nonservice-connected disabilities. Any increase in severity of a nonservice-connected disease or injury that is proximately due to or the result of a service-connected disease or injury, and not due to the natural progress of the nonservice-connected disease, will be service connected. However, VA will not concede that a nonservice-connected disease or injury was aggravated by a service-connected disease or injury unless the baseline level of severity of the nonservice-connected disease or injury is established by medical evidence created before the onset of aggravation or by the earliest medical evidence created at any time between the onset of aggravation and the receipt of medical evidence establishing the current level of severity of the non-service-connected disease or injury. The rating activity will determine the baseline and current levels of severity under the Schedule for Rating Disabilities (38 CFR part 4) and determine the extent of aggravation by deducting the baseline level of severity, as well as any increase in severity due to the natural progress of the disease, from the current level.

(Authority: 38 U.S.C. 1110 and 1131)

(c) Cardiovascular disease. Ischemic heart disease or other cardiovascular disease developing in a veteran who has a service-connected amputation of one lower extremity at or above the knee or service-connected amputations of both lower extremities at or above the ankles, shall be held to be the proximate result of the service-connected amputation or amputations.

§ 3.311 Claims based on exposure to ionizing radiation.

(a) Determinations of exposure and dose—(1) Dose assessment. In all claims in which it is established that a radiogenic disease first became manifest after service and was not manifest to a compensable degree within any applicable presumptive period as specified in §3.307 or §3.309, and it is contended the disease is a result of exposure to ionizing radiation in service, an assessment will be made as to the size and nature of the radiation dose or doses. When dose estimates provided pursuant to paragraph (a)(2) of this section are reported as a range of doses to which a veteran may have been exposed, exposure at the highest level of the dose range reported will be presumed.

(Authority: 38 U.S.C. 501)

(2) Request for dose information. Where necessary pursuant to paragraph (a)(1) of this section, dose information will be requested as follows:

(i) Atmospheric nuclear weapons test participation claims. In claims based upon participation in atmospheric nuclear testing, dose data will in all cases be requested from the appropriate office of the Department of Defense.

(ii) Hiroshima and Nagasaki occupation claims. In all claims based on participation in the American occupation of Hiroshima or Nagasaki, Japan, prior to July 1, 1946, dose data will be requested from the Department of Defense.

(iii) Other exposure claims. In all other claims involving radiation exposure, a request will be made for any available records concerning the veteran’s exposure to radiation. These records normally include but may not be limited to the veteran’s Record of Occupational Exposure to Ionizing Radiation (DD Form 1141), if maintained, service medical records, and other records which may contain information pertaining to the veteran’s radiation dose.
in service. All such records will be forwarded to the Under Secretary for Health, who will be responsible for preparation of a dose estimate, to the extent feasible, based on available methodologies.

(3) Referral to independent expert. When necessary to reconcile a material difference between an estimate of dose, from a credible source, submitted by or on behalf of a claimant, and dose data derived from official military records, the estimates and supporting documentation shall be referred to an independent expert, selected by the Director of the National Institutes of Health, who shall prepare a separate radiation dose estimate for consideration in adjudication of the claim. For purposes of this paragraph:

(i) The difference between the claimant’s estimate and dose data derived from official military records shall ordinarily be considered material if one estimate is at least double the other estimate.

(ii) A dose estimate shall be considered from a “credible source” if prepared by a person or persons certified by an appropriate professional body in the field of health physics, nuclear medicine or radiology and if based on analysis of the facts and circumstances of the particular claim.

(4) Exposure. In cases described in paragraph (a)(2)(i) and (ii) of this section:

(i) If military records do not establish presence at or absence from a site at which exposure to radiation is claimed to have occurred, the veteran’s presence at the site will be conceded.

(ii) Neither the veteran nor the veteran’s survivors may be required to produce evidence substantiating exposure if the information in the veteran’s service records or other records maintained by the Department of Defense is consistent with the claim that the veteran was present where and when the claimed exposure occurred.

(b) Initial review of claims. (1) When it is determined:

(i) A veteran was exposed to ionizing radiation as a result of participation in the atmospheric testing of nuclear weapons, the occupation of Hiroshima or Nagasaki, Japan, from September 1945 until July 1946, or other activities as claimed;

(ii) The veteran subsequently developed a radiogenic disease; and

(iii) Such disease first became manifest within the period specified in paragraph (b)(5) of this section; before its adjudication the claim will be referred to the Under Secretary for Benefits for further consideration in accordance with paragraph (c) of this section. If any of the foregoing 3 requirements has not been met, it shall not be determined that a disease has resulted from exposure to ionizing radiation under such circumstances.

(2) For purposes of this section the term “radiogenic disease” means a disease that may be induced by ionizing radiation and shall include the following:

(i) All forms of leukemia except chronic lymphatic (lymphocytic) leukemia;

(ii) Thyroid cancer;

(iii) Breast cancer;

(iv) Lung cancer;

(v) Bone cancer;

(vi) Liver cancer;

(vii) Skin cancer;

(viii) Esophageal cancer;

(ix) Stomach cancer;

(x) Colon cancer;

(xi) Pancreatic cancer;

(xii) Kidney cancer;

(xiii) Urinary bladder cancer;

(xiv) Salivary gland cancer;

(xv) Multiple myeloma;

(xvi) Posterior subcapsular cataracts;

(xvii) Non-malignant thyroid nodular disease;

(xviii) Ovarian cancer;

(xix) Parathyroid adenoma;

(xx) Tumors of the brain and central nervous system;

(xxi) Cancer of the rectum;

(xxii) Lymphomas other than Hodgkin’s disease;

(xxiii) Prostate cancer; and

(xxiv) Any other cancer.

(Authority: 38 U.S.C. 501)

(3) Public Law 98–542 requires VA to determine whether sound medical and scientific evidence supports establishing a rule identifying polycythemia
vera as a radiogenic disease. VA has determined that sound medical and scientific evidence does not support including polycythemia vera on the list of known radiogenic diseases in this regulation. Even so, VA will consider a claim based on the assertion that polycythemia vera is a radiogenic disease under the provisions of paragraph (b)(4) of this section. (Authority: Pub. L. 98–542, section 5(b)(2)(A)(i), (iii)).

(4) If a claim is based on a disease other than one of those listed in paragraph (b)(2) of this section, VA shall nevertheless consider the claim under the provisions of this section provided that the claimant has cited or submitted competent scientific or medical evidence that the claimed condition is a radiogenic disease.

(5) For the purposes of paragraph (b)(1) of this section:
   (i) Bone cancer must become manifest within 30 years after exposure;
   (ii) Leukemia may become manifest at any time after exposure;
   (iii) Posterior subcapsular cataracts must become manifest 6 months or more after exposure; and
   (iv) Other diseases specified in paragraph (b)(2) of this section must become manifest 5 years or more after exposure.

(c) Review by Under Secretary for Benefits. (1) When a claim is forwarded for review pursuant to paragraph (b)(1) of this section, the Under Secretary for Benefits shall consider the claim with reference to the factors specified in paragraph (e) of this section and may request an advisory medical opinion from the Under Secretary for Health.

   (i) If after such consideration the Under Secretary for Benefits is convinced sound scientific and medical evidence supports the conclusion it is at least as likely as not the veteran’s disease resulted from radiation exposure in service, the Under Secretary for Benefits shall so inform the regional office of jurisdiction in writing, setting forth the rationale for this conclusion.

   (ii) If the Under Secretary for Benefits determines there is no reasonable possibility that the veteran’s disease resulted from radiation exposure in service, the Under Secretary for Benefits shall so inform the regional office of jurisdiction in writing, setting forth the rationale for this conclusion.

   (2) If the Under Secretary for Benefits, after considering any opinion of the Under Secretary for Health, is unable to conclude whether it is at least as likely as not, or that there is no reasonable possibility, the veteran’s disease resulted from radiation exposure in service, the Under Secretary for Benefits shall refer the matter to an outside consultant in accordance with paragraph (d) of this section.

   (3) For purposes of paragraph (c)(1) of this section, “sound scientific evidence” means observations, findings, or conclusions which are statistically and epidemiologically valid, are statistically significant, are capable of replication, and withstand peer review, and “sound medical evidence” means observations, findings, or conclusions which are consistent with current medical knowledge and are so reasonable and logical as to serve as the basis of management of a medical condition.

(d) Referral to outside consultants. (1) Referrals pursuant to paragraph (c) of this section shall be to consultants selected by the Under Secretary for Health from outside VA, upon the recommendation of the Director of the National Cancer Institute. The consultant will be asked to evaluate the claim and provide an opinion as to the likelihood the disease is a result of exposure as claimed.

   (2) The request for opinion shall be in writing and shall include a description of:

      (i) The disease, including the specific cell type and stage, if known, and when the disease first became manifest;

      (ii) The circumstances, including date, of the veteran’s exposure;

      (iii) The veteran’s age, gender, and pertinent family history;

      (iv) The veteran’s history of exposure to known carcinogens, occupationally or otherwise;

      (v) Evidence of any other effects radiation exposure may have had on the veteran; and
(vi) Any other information relevant to determination of causation of the veteran’s disease.

The Under Secretary for Benefits shall forward, with the request, copies of pertinent medical records and, where available, dose assessments from official sources, from credible sources as defined in paragraph (a)(3)(ii) of this section, and from an independent expert pursuant to paragraph (a)(3) of this section.

(3) The consultant shall evaluate the claim under the factors specified in paragraph (e) of this section and respond in writing, stating whether it is either likely, unlikely, or approximately as likely as not the veteran’s disease resulted from exposure to ionizing radiation in service. The response shall set forth the rationale for the consultant’s conclusion, including the consultant’s evaluation under the applicable factors specified in paragraph (e) of this section. The Under Secretary for Benefits shall review the consultant’s response and transmit it with any comments to the regional office of jurisdiction for use in adjudication of the claim.

(e) Factors for consideration.

Factors to be considered in determining whether a veteran’s disease resulted from exposure to ionizing radiation in service include:

(1) The probable dose, in terms of dose type, rate and duration as a factor in inducing the disease, taking into account any known limitations in the dosimetry devices employed in its measurement or the methodologies employed in its estimation;

(2) The relative sensitivity of the involved tissue to induction, by ionizing radiation, of the specific pathology;

(3) The veteran’s gender and pertinent family history;

(4) The veteran’s age at time of exposure;

(5) The time-lapse between exposure and onset of the disease; and

(6) The extent to which exposure to radiation, or other carcinogens, outside of service may have contributed to development of the disease.

(f) Adjudication of claim. The determination of service connection will be made under the generally applicable provisions of this part, giving due consideration to all evidence of record, including any opinion provided by the Under Secretary for Health or an outside consultant, and to the evaluations published pursuant to §1.17 of this title. With regard to any issue material to consideration of a claim, the provisions of §3.102 of this title apply.

(g) Willful misconduct and supervening cause. In no case will service connection be established if the disease is due to the veteran’s own willful misconduct, or if there is affirmative evidence to establish that a supervening, nonservice-related condition or event is more likely the cause of the disease.

(Authority: Pub. L. 98–542)

§ 3.312 Cause of death.

(a) General. The death of a veteran will be considered as having been due to a service-connected disability when the evidence establishes that such disability was either the principal or a contributory cause of death. The issue involved will be determined by exercise of sound judgment, without recourse to speculation, after a careful analysis has been made of all the facts and circumstances surrounding the death of the veteran, including, particularly, autopsy reports.

(b) Principal cause of death. The service-connected disability will be considered as the principal (primary) cause of death when such disability, singly or jointly with some other condition, was the immediate or underlying cause of death or was etiologically related thereto.

(c) Contributory cause of death. (1) Contributory cause of death is inherently one not related to the principal cause. In determining whether the service-connected disability contributed to death, it must be shown that it contributed substantially or materially; that it combined to cause death; that it aided or lent assistance to the production of death. It is not sufficient to show that it casually shared in producing death, but rather it must be
shown that there was a causal connection.

(2) Generally, minor service-connected disabilities, particularly those of a static nature or not materially affecting a vital organ, would not be held to have contributed to death primarily due to unrelated disability. In the same category there would be included service-connected disease or injuries of any evaluation (even though evaluated as 100 percent disabling) but of a quiescent or static nature involving muscular or skeletal functions and not materially affecting other vital body functions.

(3) Service-connected diseases or injuries involving active processes affecting vital organs should receive careful consideration as a contributory cause of death, the primary cause being unrelated, from the viewpoint of whether there were resulting debilitating effects and general impairment of health to an extent that would render the person materially less capable of resisting the effects of other disease or injury primarily causing death. Where the service-connected condition affects vital organs as distinguished from muscular or skeletal functions and is evaluated as 100 percent disabling, debilitation may be assumed.

(4) There are primary causes of death which by their very nature are so overwhelming that eventual death can be anticipated irrespective of coexisting conditions, but, even in such cases, there is for consideration whether there may be a reasonable basis for holding that a service-connected condition was of such severity as to have a material influence in accelerating death. In this situation, however, it would not generally be reasonable to hold that a service-connected condition accelerated death unless such condition affected a vital organ and was of itself of a progressive or debilitating nature.

§ 3.313 Claims based on service in Vietnam.

(a) Service in Vietnam. Service in Vietnam includes service in the waters offshore, or service in other locations if the conditions of service involved duty or visitation in Vietnam.

(b) Service connection based on service in Vietnam. Service in Vietnam during the Vietnam Era together with the development of non-Hodgkin’s lymphoma manifested subsequent to such service is sufficient to establish service connection for that disease.

§ 3.314 Basic pension determinations.

(a) Prior to the Mexican border period. While pensions are granted based on certain service prior to the Mexican border period, the only rating factors in claims therefor are:

(1) Claims based on service of less than 90 days in the Spanish-American War require a rating determination as to whether the veteran was discharged or released from service for a service-connected disability or had at the time of separation from service a service-connected disability, shown by official service records, which in medical judgment would have warranted a discharge for disability. Eligibility in such cases requires a finding that the disability was incurred in or aggravated by service in line of duty without benefit of presumptive provisions of law or Department of Veterans Affairs regulations.

(Authority: 38 U.S.C. 1512)

(2) Veterans entitled to pension on the basis of service in the Spanish-American War may be entitled to an increased rate of pension if rated as being in need of regular aid and attendance. Veterans who have elected pension under Pub. L. 86–211 (73 Stat. 432) who are not rated as being in need of regular aid and attendance may be entitled to increased pension based on 100 percent permanent disability together.
§ 3.315 Basic eligibility determinations; dependents, loans, education.

(a) Child over 18 years. A child of a veteran may be considered a "child" after age 18 for purposes of benefits under title 38, United States Code (except ch. 19 and sec. 8502(b) of ch. 85), if found by a rating determination to have become, prior to age 18, permanently incapable of self-support.

(b) Loans. If a veteran of World War II the Korean conflict or the Vietnam era had less than 90 days of service, or if a veteran who served after July 25, 1947, and prior to January 31, 1955, or after August 5, 1964, or after May 7, 1975, has less than 181 days of service on active duty as defined in §§36.4301 and 36.4501, eligibility of the veteran for a loan under 38 U.S.C. ch. 37 requires a determination that the veteran was discharged or released because of a service-connected disability or that the official service department records show that he or she had at the time of separation from service a service-connected disability which in medical judgment would have warranted a discharge for disability. These determinations are subject to the presumption of incurrence under §3.304(b). Determinations based on World War II, Korean conflict and Vietnam era service are also subject to the presumption of aggravation under §3.306(b) while determination based on service on or after February 1, 1955, and before August 5, 1964, or after May 7, 1975, are subject to the presumption of aggravation under §3.306(a) and (c).
The provisions of this paragraph are also applicable, regardless of length of service, in determining eligibility to the maximum period of entitlement based on discharge or release for a service-connected disability. (See also the minimum service requirements of § 3.12a.)  
(Authority: 38 U.S.C. 3702, 3707)  
(c) Veterans’ educational assistance. (1) A determination is required as to whether a veteran was discharged or released from active duty service because of a service-connected disability (or whether the official service department records show that the veteran had at time of separation from service a service-connected disability which in medical judgment would have warranted discharge for disability) whenever any of the following circumstances exist:  
(i) The veteran applies for benefits under 38 U.S.C. chapter 32, the minimum active duty service requirements of 38 U.S.C. 5303A apply to him or her, and the veteran would be eligible for such benefits only if—  
(A) He or she was discharged or released from active duty for a disability incurred or aggravated in line of duty, or  
(B) He or she has a disability that VA has determined to be compensable under 38 U.S.C. chapter 30 and—  
(ii) The veteran applies for benefits under 38 U.S.C. chapter 30 and—  
(A) The evidence of record does not clearly show either that the veteran was discharged or released from active duty for disability or that the veteran’s discharge or release from active duty was unrelated to disability, and  
(B) The veteran is eligible for basic educational assistance except for the minimum length of active duty service requirements of § 21.7042(a) or § 21.7044(a) of this chapter.  
(2) A determination is required as to whether a veteran was discharged or released from service in the Selected Reserve for a service-connected disability or for a medical condition which preexisted the veteran’s having become a member of the Selected Reserve when—  
(i) The reservist has been unable to pursue a program of education due to a disability which has been incurred in or aggravated by service in the Selected Reserve when—  
(A) Either the veteran would be eligible for basic educational assistance under 10 U.S.C. chapter 1606, and  
(B) He or she applies for an extension of his or her eligibility period.  
(3) The determinations required by paragraphs (c)(1) through (c)(3) of this section are subject to the presumptions of incurrence under § 3.304(b) and aggravation under § 3.306(a) and (c) of this part, based on service rendered after May 7, 1975.  
§ 3.316 Claims based on chronic effects of exposure to mustard gas and Lewisite.  
(a) Except as provided in paragraph (b) of this section, exposure to the specified vesicant agents during active military service under the circumstances described below together with the subsequent development of
any of the indicated conditions is sufficient to establish service connection for that condition:

(1) Full-body exposure to nitrogen or sulfur mustard during active military service together with the subsequent development of chronic conjunctivitis, keratitis, corneal opacities, scar formation, or the following cancers: Nasopharyngeal; laryngeal; lung (except mesothelioma); or squamous cell carcinoma of the skin.

(2) Full-body exposure to nitrogen or sulfur mustard or Lewisite during active military service together with the subsequent development of a chronic form of laryngitis, bronchitis, emphysema, asthma or chronic obstructive pulmonary disease.

(3) Full-body exposure to nitrogen mustard during active military service together with the subsequent development of acute nonlymphocytic leukemia.

(b) Service connection will not be established under this section if the claimed condition is due to the veteran’s own willful misconduct (See § 3.301(c)) or there is affirmative evidence that establishes a nonservice-related condition or event as the cause of the claimed condition (See § 3.303).

(2) For purposes of this section, a qualifying chronic disability means a chronic disability resulting from any of the following (or any combination of the following):

(A) An undiagnosed illness;

(B) A medically unexplained chronic multisymptom illness that is defined by a cluster of signs or symptoms, such as:

1. Chronic fatigue syndrome;

2. Fibromyalgia;

3. Irritable bowel syndrome.

(ii) For purposes of this section, the term medically unexplained chronic multisymptom illness means a diagnosed illness without conclusive pathophysiology or etiology, that is characterized by overlapping symptoms and signs and has features such as fatigue, pain, disability out of proportion to physical findings, and inconsistent demonstration of laboratory abnormalities. Chronic multisymptom illnesses of partially understood etiology and pathophysiology, such as diabetes and multiple sclerosis, will not be considered medically unexplained.

(3) For purposes of this section, “objective indications of chronic disability” include both “signs,” in the medical sense of objective evidence perceptible to an examining physician, and other, non-medical indicators that are capable of independent verification.

(4) For purposes of this section, disabilities that have existed for 6 months or more and disabilities that exhibit intermittent episodes of improvement and worsening over a 6-month period will be considered chronic. The 6-month period of chronicity will be measured from the earliest date on which the pertinent evidence establishes that the signs or symptoms of the disability first became manifest.

(5) A qualifying chronic disability referred to in this section shall be rated using evaluation criteria from part 4 of this chapter for a disease or injury in which the functions affected, anatomical localization, or symptomatology are similar.

(6) A qualifying chronic disability referred to in this section shall be considered service connected for purposes of all laws of the United States.
(7) Compensation shall not be paid under this section for a chronic disability:
(i) If there is affirmative evidence that the disability was not incurred during active military, naval, or air service in the Southwest Asia theater of operations; or
(ii) If there is affirmative evidence that the disability was caused by a supervening condition or event that occurred between the veteran’s most recent departure from active duty in the Southwest Asia theater of operations and the onset of the disability; or
(iii) If there is affirmative evidence that the disability is the result of the veteran’s own willful misconduct or the abuse of alcohol or drugs.
(b) Signs or symptoms of undiagnosed illness and medically unexplained chronic multisymptom illnesses. For the purposes of paragraph (a)(1) of this section, signs or symptoms which may be manifestations of undiagnosed illness or medically unexplained chronic multisymptom illness include, but are not limited to:
(1) Fatigue.
(2) Signs or symptoms involving skin.
(3) Headache.
(4) Muscle pain.
(5) Joint pain.
(6) Neurological signs or symptoms.
(7) Neuropsychological signs or symptoms.
(8) Signs or symptoms involving the respiratory system (upper or lower).
(9) Sleep disturbances.
(10) Gastrointestinal signs or symptoms.
(11) Cardiovascular signs or symptoms.
(12) Abnormal weight loss.
(13) Menstrual disorders.
(c) Presumptive service connection for infectious diseases. (1) Except as provided in paragraph (c)(4) of this section, a disease listed in paragraph (c)(2) of this section will be service connected if it becomes manifest in a veteran with a qualifying period of service, provided the provisions of paragraph (c)(3) of this section are also satisfied.
(2) The diseases referred to in paragraph (c)(1) of this section are the following:
(i) Brucellosis.
(ii) Campylobacter jejuni.
(iii) Coxiella burnetii (Q fever).
(iv) Malaria.
(v) Mycobacterium tuberculosis.
(vi) Nontyphoid Salmonella.
(vii) Shigella.
(viii) Visceral leishmaniasis.
(ix) West Nile virus.
(3) The diseases listed in paragraph (c)(2) of this section will be considered to have been incurred in or aggravated by service under the circumstances outlined in paragraphs (c)(3)(i) and (ii) of this section even though there is no evidence of such disease during the period of service.
(i) With three exceptions, the disease must have become manifest to a degree of 10 percent or more within 1 year from the date of separation from a qualifying period of service as specified in paragraph (c)(3)(ii) of this section. Malaria must have become manifest to a degree of 10 percent or more within 1 year from the date of separation from a qualifying period of service or at a time when standard or accepted treatises indicate that the incubation period commenced during a qualifying period of service. There is no time limit for visceral leishmaniasis or tuberculosis to have become manifest to a degree of 10 percent or more.
(ii) For purposes of this paragraph (c), the term qualifying period of service means a period of service meeting the requirements of paragraph (e) of this section or a period of active military, naval, or air service on or after September 19, 2001, in Afghanistan.
(4) A disease listed in paragraph (c)(2) of this section shall not be presumed service connected:
(i) If there is affirmative evidence that the disease was not incurred during a qualifying period of service; or
(ii) If there is affirmative evidence that the disease was caused by a supervening condition or event that occurred between the veteran’s most recent departure from a qualifying period of service and the onset of the disease; or
(iii) If there is affirmative evidence that the disease is the result of the veteran’s own willful misconduct or the abuse of alcohol or drugs.
(d) Long-term health effects potentially associated with infectious diseases. (1) A
report of the Institute of Medicine of the National Academy of Sciences has identified the following long-term health effects that potentially are associated with the infectious diseases listed in paragraph (c)(2) of this section. These health effects and diseases are listed alphabetically and are not categorized by the level of association stated in the National Academy of Sciences report (see Table to § 3.317). If a veteran who has or had an infectious disease identified in column A also has a condition identified in column B as potentially related to that infectious disease, VA must determine, based on the evidence in each case, whether the column B condition was caused by the infectious disease for purposes of paying disability compensation. This does not preclude a finding that other manifestations of disability or secondary conditions were caused by an infectious disease.

(2) If a veteran presumed service connected for one of the diseases listed in paragraph (c)(2) of this section is diagnosed with one of the diseases listed in column “B” in the table within the time period specified for the disease in the same table, if a time period is specified or, otherwise, at any time, VA will request a medical opinion as to whether it is at least as likely as not that the condition was caused by the veteran having had the associated disease in column “A” in that same table.

(e) **Service.** For purposes of this section:

1. The term *Persian Gulf veteran* means a veteran who served on active military, naval, or air service in the Southwest Asia theater of operations during the Persian Gulf War.

2. The *Southwest Asia theater of operations* refers to Iraq, Kuwait, Saudi Arabia, the neutral zone between Iraq and Saudi Arabia, Bahrain, Qatar, the United Arab Emirates, Oman, the Gulf of Aden, the Gulf of Oman, the Persian Gulf, the Arabian Sea, the Red Sea, and the airspace above these locations.

§ 3.318 Presumptive service connection for amyotrophic lateral sclerosis.

(a) Except as provided in paragraph (b) of this section, the development of amyotrophic lateral sclerosis manifested at any time after discharge or release from active military, naval, or air service is sufficient to establish service connection for that disease.

(b) Service connection will not be established under this section:

1. If there is affirmative evidence that amyotrophic lateral sclerosis was not incurred during or aggravated by active military, naval, or air service;

2. If there is affirmative evidence that amyotrophic lateral sclerosis is due to the veteran’s own willful misconduct; or

3. If the veteran did not have active, continuous service of 90 days or more.

§ 3.321 General rating considerations.

(a) Use of rating schedule. The 1945 Schedule for Rating Disabilities will be used for evaluating the degree of disabilities in claims for disability compensation, disability and death pension, and in eligibility determinations. The provisions contained in the rating schedule will represent as far as can practicably be determined, the average impairment in earning capacity in civil occupations resulting from disability.

(Authority: 38 U.S.C. 1155)

(b) Exceptional cases—(1) Compensation. Ratings shall be based as far as practicable, upon the average impairments of earning capacity with the additional proviso that the Secretary shall from time to time readjust this schedule of ratings in accordance with experience. To accord justice, therefore, to the exceptional case where the schedular evaluations are found to be inadequate, the Under Secretary for Benefits or the Director, Compensation and Pension Service, upon field station submission, is authorized to approve on the basis of the criteria set forth in this paragraph an extra-schedular evaluation commensurate with the average earning capacity impairment due exclusively to the service-connected disability or disabilities. The governing

---

norm in these exceptional cases is: A finding that the case presents such an exceptional or unusual disability picture with such related factors as marked interference with employment or frequent periods of hospitalization as to render impractical the application of the regular schedular standards.

(2) Pension. Where the evidence of record establishes that an applicant for pension who is basically eligible fails to meet the disability requirements based on the percentage standards of the rating schedule but is found to be unemployable by reason of his or her disability(ies), age, occupational background and other related factors, the following are authorized to approve on an extra-schedular basis a permanent and total disability rating for pension purposes: the Veterans Service Center Manager or the Pension Management Center Manager; or where regular schedular standards are met as of the date of the rating decision, the rating board.

(3) Effective dates. The effective date of these extra-schedular evaluations granting or increasing benefits will be in accordance with §3.400(b)(1) and (2) as to original and reopened claims and in accordance with §3.400(o) in claims for increased benefits.

(c) Advisory opinion. Cases in which application of the schedule is not understood or the propriety of an extra-schedular rating is questionable may be submitted to Central Office for advisory opinion.

[26 FR 1583, Feb. 24, 1961]

§3.323 Combined ratings.

(a) Compensation—(1) Same type of service. When there are two or more service-connected compensable disabilities a combined evaluation will be made following the tables and rules prescribed in the 1945 Schedule for Rating Disabilities.

(2) Wartime and peacetime service. Evaluation of wartime and peacetime service-connected compensable disabilities will be combined to provide for the payment of wartime rates of compensation. (38 U.S.C. 1157) Effective July 1, 1973, it is immaterial whether the disabilities are wartime or peacetime service-connected since all disabilities are compensable under 38 U.S.C. 1114 and 1115 on and after that date.

(b) Pension—(1) Nonservice-connected disabilities. Evaluation of two or more nonservice-connected disabilities not the result of the veteran's own willful misconduct will be combined as provided in paragraph (a)(1) of this section.

(2) Service-connected and nonservice-connected disabilities. Evaluations for service-connected disabilities may be
§ 3.324 Multiple noncompensable service-connected disabilities.

Whenever a veteran is suffering from two or more separate permanent service-connected disabilities of such character as clearly to interfere with normal employability, even though none of the disabilities may be of compensable degree under the 1945 Schedule for Rating Disabilities the rating agency is authorized to apply a 10-percent rating, but not in combination with any other rating.

§ 3.325 [Reserved]

§ 3.326 Examinations.

For purposes of this section, the term examination includes periods of hospital observation when required by VA.

(a) Where there is a claim for disability compensation or pension but medical evidence accompanying the claim is not adequate for rating purposes, a Department of Veterans Affairs examination will be authorized. This paragraph applies to original and reopened claims as well as claims for increase submitted by a veteran, surviving spouse, parent, or child. Individuals for whom an examination has been scheduled are required to report for the examination.

(b) Provided that it is otherwise adequate for rating purposes, any hospital report, or any examination report, from any government or private institution may be accepted for rating a claim without further examination. However, monetary benefits to a former prisoner of war will not be denied unless the claimant has been offered a complete physical examination conducted at a Department of Veterans Affairs hospital or outpatient clinic.

(c) Provided that it is otherwise adequate for rating purposes, a statement from a private physician may be accepted for rating a claim without further examination.

(60 FR 52864, Oct. 11, 1995, as amended at 66 FR 45632, Aug. 29, 2001)

§ 3.327 Reexaminations.

(a) General. Reexaminations, including periods of hospital observation, will be requested whenever VA determines there is a need to verify either the continued existence or the current severity of a disability. Generally, reexaminations will be required if it is likely that a disability has improved, or if evidence indicates there has been a material change in a disability or that the current rating may be incorrect. Individuals for whom reexaminations have been authorized and scheduled are required to report for such reexaminations. Paragraphs (b) and (c) of this section provide general guidelines for requesting reexaminations, but shall not be construed as limiting VA's authority to request reexaminations, or periods of hospital observation, at any time in order to ensure that a disability is accurately rated.

(Authority: 38 U.S.C. 501)

(b) Compensation cases—(1) Scheduling reexaminations. Assignment of a prestabilization rating requires reexamination within the second 6 months period following separation from service. Following initial Department of Veterans Affairs examination, or any scheduled future or other examination, reexamination, if in order, will be scheduled within not less than 2 years nor more than 5 years within the judgment of the rating board, unless another time period is elsewhere specified.

(2) No periodic future examinations will be requested. In service-connected cases, no periodic reexamination will be scheduled: (i) When the disability is established as static;

(ii) When the findings and symptoms are shown by examinations scheduled in paragraph (b)(2)(i) of this section or
§ 3.330 Resumption of rating when veteran subsequently reports for Department of Veterans Affairs examination.

Such ratings will be governed by the provisions of § 3.158, “Abandoned Claims,” and § 3.655, “Failure to report...

other examinations and hospital reports to have persisted without material improvement for a period of 5 years or more;

(iii) Where the disability from disease is permanent in character and of such nature that there is no likelihood of improvement;

(iv) In cases of veterans over 55 years of age, except under unusual circumstances;

(v) When the rating is a prescribed scheduled minimum rating; or

(vi) Where a combined disability evaluation would not be affected if the future examination should result in reduced evaluation for one or more conditions.

(c) Pension cases. In nonservice-connected cases in which the permanent total disability has been confirmed by reexamination or by the history of the case, or with obviously static disabilities, further reexaminations will not generally be requested. In other cases further examination will not be requested routinely and will be accomplished only if considered necessary based upon the particular facts of the individual case. In the cases of veterans over 55 years of age, reexamination will be requested only under unusual circumstances.

CROSS REFERENCE: Failure to report for VA examination. See § 3.655.

§ 3.328 Independent medical opinions.

(a) General. When warranted by the medical complexity or controversy involved in a pending claim, an advisory medical opinion may be obtained from one or more medical experts who are not employees of VA. Opinions shall be obtained from recognized medical schools, universities, clinics or medical institutions with which arrangements for such opinions have been made, and an appropriate official of the institution shall select the individual expert(s) to render an opinion.

(b) Requests. A request for an independent medical opinion in conjunction with a claim pending at the regional office level may be initiated by the office having jurisdiction over the claim, by the claimant, or by his or her duly appointed representative. The request must be submitted in writing and must set forth in detail the reasons why the opinion is necessary. All such requests shall be submitted through the Compensation and Pension Service that the issue under consideration poses a medical problem of such obscurity or complexity, or has generated such controversy in the medical community at large, as to justify solicitation of an independent medical opinion. When approval has been granted, the Compensation and Pension Service shall obtain the opinion. A determination that an independent medical opinion is not warranted may be contested only as part of an appeal on the merits of the decision rendered on the primary issue by the agency of original jurisdiction.

(d) Notification. The Compensation and Pension Service shall notify the claimant when the request for an independent medical opinion has been approved with regard to his or her claim and shall furnish the claimant with a copy of the opinion when it is received. If, in the judgment of the Secretary, disclosure of the independent medical opinion would be harmful to the physical or mental health of the claimant, disclosure shall be subject to the special procedures set forth in § 1.577 of this chapter.

§§ 3.331–3.339 [Reserved]

§ 3.340 Total and permanent total ratings and unemployability.

(a) Total disability ratings—(1) General. Total disability will be considered to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation. Total disability may or may not be permanent. Total ratings will not be assigned, generally, for temporary exacerbations or acute infectious diseases except where specifically prescribed by the schedule.

(2) Schedule for rating disabilities. Total ratings are authorized for any disability or combination of disabilities for which the Schedule for Rating Disabilities prescribes a 100 percent evaluation or, with less disability, where the requirements of paragraph 16, page 5 of the rating schedule are present or where, in pension cases, the requirements of paragraph 17, page 5 of the schedule are met.

(3) Ratings of total disability on history. In the case of disabilities which have undergone some recent improvement, a rating of total disability may be made, provided:

(i) That the disability must in the past have been of sufficient severity to warrant a total disability rating;

(ii) That it must have required extended, continuous, or intermittent hospitalization, or have produced total industrial incapacity for at least 1 year, or be subject to recurring, severe, frequent, or prolonged exacerbations; and

(iii) That it must be the opinion of the rating agency that despite the recent improvement of the physical condition, the veteran will be unable to effect an adjustment into a substantially gainful occupation. Due consideration will be given to the frequency and duration of totally incapacitating exacerbations since incurrence of the original disease or injury, and to periods of hospitalization for treatment in determining whether the average person could have reestablished himself or herself in a substantially gainful occupation.

(b) Permanent total disability. Permanent of total disability will be taken to exist when such impairment is reasonably certain to continue throughout the life of the disabled person. The permanent loss or loss of use of both hands, or of both feet, or of one hand and one foot, or of the sight of both eyes, or becoming permanently helpless or bedridden constitutes permanent total disability. Diseases and injuries of long standing which are actually totally incapacitating will be regarded as permanently and totally disabling when the probability of permanent improvement under treatment is remote. Permanent total disability ratings may not be granted as a result of any incapacity from acute infectious disease, accident, or injury, unless there is present one of the recognized combinations or permanent loss of use of extremities or sight, or the person is in the strict sense permanently helpless or bedridden, or when it is reasonably certain that a subsidence of the acute or temporary symptoms will be followed by irreducible totality of disability by way of residuals. The age of the disabled person may be considered in determining permanence.

(c) Insurance ratings. A rating of permanent and total disability for insurance purposes will have no effect on ratings for compensation or pension.

§ 3.341 Total disability ratings for compensation purposes.

(a) General. Subject to the limitation in paragraph (b) of this section, total-disability compensation ratings may be assigned under the provisions of §3.340.
§ 3.342 Permanent and total disability ratings for pension purposes.

(a) General. Permanent total disability ratings for pension purposes are authorized for disabling conditions not the result of the veteran’s own willful misconduct whether or not they are service connected.

(b) Criteria. In addition to the criteria for determining total disability and permanency of total disability contained in § 3.340, the following special considerations apply in pension cases:

(1) Permanent total disability pension ratings will be authorized for congenital, developmental, hereditary or familial conditions, provided the other requirements for entitlement are met.

(2) The permanence of total disability will be established as of the earliest date consistent with the evidence in the case. Active pulmonary tuberculosis not otherwise established as permanently and totally disabling will be presumed so after 6 months’ hospitalization without improvement. The same principle may be applied with other types of disabilities requiring hospitalization for indefinite periods. The need for hospitalization for periods shorter or longer than 6 months may be a proper basis for determining permanence. Where, in application of this principle, it is necessary to employ a waiting period to determine permanence of totality of disability and a report received at the end of such period shows the veteran’s condition is unimproved, permanence may be established as of the date of entrance into the hospital. Similarly, when active pulmonary tuberculosis is improved after 6 months’ hospitalization but still diagnosed as active after 12 months’ hospitalization permanence will also be established as of the date of entrance into the hospital. In other cases the rating will be effective the date the evidence establishes permanence.

(3) Special consideration must be given the question of permanence in the case of veterans under 40 years of age. For such veterans, permanence of total disability requires a finding that the end result of treatment and adjustment to residual handicaps (rehabilitation) will be permanent disability of the required degree precluding more than marginal employment. Severe diseases and injuries, including multiple fractures or the amputation of a single extremity, should not be taken to establish permanent and total disability until it is shown that the veteran after treatment and convalescence, has been unable to secure or follow employment because of the disability and through no fault of the veteran.

(4) The following shall not be considered as evidence of employability:

Authority: 38 U.S.C. 1155.

Incarcerated veterans. A total rating for compensation purposes based on individual unemployability which would first become effective while a veteran is incarcerated in a Federal, State or local penal institution for conviction of a felony, shall not be assigned during such period of incarceration. However, where a rating for individual unemployability exists prior to incarceration for a felony and routine review is required, the case will be reconsidered to determine if continued eligibility for such rating exists.

Authority: 38 U.S.C. 5313(c).

Program for vocational rehabilitation. Each time a veteran is rated totally disabled on the basis of individual unemployability during the period beginning after January 31, 1985, the Vocational Rehabilitation and Employment Service will be notified so that an evaluation may be offered to determine whether the achievement of a vocational goal by the veteran is reasonably feasible.

§ 3.342 Permanent and total disability ratings for pension purposes.

(a) General. Permanent total disability ratings for pension purposes are authorized for disabling conditions not the result of the veteran's own willful misconduct whether or not they are service connected.

(b) Criteria. In addition to the criteria for determining total disability and permanency of total disability contained in § 3.340, the following special considerations apply in pension cases:

(1) Permanent total disability pension ratings will be authorized for congenital, developmental, hereditary or familial conditions, provided the other requirements for entitlement are met.

(2) The permanence of total disability will be established as of the earliest date consistent with the evidence in the case. Active pulmonary tuberculosis not otherwise established as permanently and totally disabling will be presumed so after 6 months' hospitalization without improvement. The same principle may be applied with other types of disabilities requiring hospitalization for indefinite periods. The need for hospitalization for periods shorter or longer than 6 months may be a proper basis for determining permanence. Where, in application of this principle, it is necessary to employ a waiting period to determine permanence of totality of disability and a report received at the end of such period shows the veteran's condition is unimproved, permanence may be established as of the date of entrance into the hospital. Similarly, when active pulmonary tuberculosis is improved after 6 months' hospitalization but still diagnosed as active after 12 months' hospitalization permanence will also be established as of the date of entrance into the hospital. In other cases the rating will be effective the date the evidence establishes permanence.

(3) Special consideration must be given the question of permanence in the case of veterans under 40 years of age. For such veterans, permanence of total disability requires a finding that the end result of treatment and adjustment to residual handicaps (rehabilitation) will be permanent disability of the required degree precluding more than marginal employment. Severe diseases and injuries, including multiple fractures or the amputation of a single extremity, should not be taken to establish permanent and total disability until it is shown that the veteran after treatment and convalescence, has been unable to secure or follow employment because of the disability and through no fault of the veteran.

(4) The following shall not be considered as evidence of employability:
§ 3.343 Continuance of total disability ratings.

(a) General. Total disability ratings, when warranted by the severity of the condition and not granted purely because of hospital, surgical, or home treatment, or individual unemployability will not be reduced, in the absence of clear error, without examination showing material improvement in physical or mental condition. Examination reports showing material improvement must be evaluated in conjunction with all the facts of record, and consideration must be given particularly to whether the veteran attained improvement under the ordinary conditions of life, i.e., while working or actively seeking work or whether the symptoms have been brought under control by prolonged rest, or generally, by following a regimen which precludes work, and, if the latter, reduction from total disability ratings will not be considered pending reexamination after a period of employment (3 to 6 months).

(b) Tuberculosis; compensation. In service-connected cases, evaluations for active or inactive tuberculosis will be governed by the Schedule for Rating Disabilities (part 4 of this chapter). Where in the opinion of the rating board the veteran at the expiration of the period during which a total rating is provided will not be able to maintain inactivity of the disease process under the ordinary conditions of life, the case will be submitted under §3.321.

(c) Individual unemployability. (1) In reducing a rating of 100 percent service-connected disability based on individual unemployability, the provisions of §3.105(e) are for application but caution must be exercised in such a determination that actual employability is established by clear and convincing evidence. When in such a case the veteran is undergoing vocational rehabilitation, education or training, the rating will not be reduced by reason thereof unless there is received evidence of marked improvement or recovery in physical or mental conditions or of employment progress, income earned, and prospects of economic rehabilitation, which demonstrates affirmatively the veteran’s capacity to pursue the vocation or occupation for which the training is intended to qualify him or her.
Department of Veterans Affairs § 3.344

or unless the physical or mental demands of the course are obviously incompatible with total disability. Neither participation in, nor the receipt of remuneration as a result of participation in, a therapeutic or rehabilitation activity under 38 U.S.C. 1718 shall be considered evidence of employability.

(Authority: 38 U.S.C. 1718(f))

(2) If a veteran with a total disability rating for compensation purposes based on individual unemployability begins to engage in a substantially gainful occupation during the period beginning after January 1, 1985, the veteran’s rating may not be reduced solely on the basis of having secured and followed such substantially gainful occupation unless the veteran maintains the occupation for a period of 12 consecutive months. For purposes of this subparagraph, temporary interruptions in employment which are of short duration shall not be considered breaks in otherwise continuous employment.

(Authority: 38 U.S.C. 1163(a))

CROSS REFERENCE: Protection, total disability. See § 3.951(b).

§ 3.344 Stabilization of disability evaluations.

(a) Examination reports indicating improvement. Rating agencies will handle cases affected by change of medical findings or diagnosis, so as to produce the greatest degree of stability of disability evaluations consistent with the laws and Department of Veterans Affairs regulations governing disability compensation and pension. It is essential that the entire record of examinations and the medical-industrial history be reviewed to ascertain whether the recent examination is full and complete, including all special examinations indicated as a result of general examination and the entire case history. This applies to treatment of intercurrent diseases and exacerbations, including hospital reports, bedside examinations, examinations by designated physicians, and examinations in the absence of, or without taking full advantage of, laboratory facilities and the cooperation of specialists in related lines. Examinations less full and complete than those on which payments were authorized or continued will not be used as a basis of reduction. Ratings on account of diseases subject to temporary or episodic improvement, e.g., manic depressive or other psychotic reaction, epilepsy, psychoneurotic reaction, arteriosclerotic heart disease, bronchial asthma, gastric or duodenal ulcer, many skin diseases, etc., will not be reduced on any one examination, except in those instances where all the evidence of record clearly warrants the conclusion that sustained improvement has been demonstrated. Ratings on account of diseases which become comparatively symptom free (findings absent) after prolonged rest, e.g., residuals of phlebitis, arteriosclerotic heart disease, etc., will not be reduced on examinations reflecting the results of bed rest. Moreover, though material improvement in the physical or mental condition is clearly reflected the rating agency will consider whether the evidence makes it reasonably certain that the improvement will be maintained under the ordinary conditions of life. When syphilis of the central nervous system or alcoholic deterioration is diagnosed following a long prior history of psychosis, psychoneurosis, epilepsy, or the like, it is rarely possible to exclude persistence, in masked form, of the preceding innocently acquired manifestations. Rating boards encountering a change of diagnosis will exercise caution in the determination as to whether a change in diagnosis represents no more than a progression of an earlier diagnosis, an error in prior diagnosis or possibly a disease entity independent of the service-connected disability. When the new diagnosis reflects mental deficiency or personality disorder only, the possibility of only temporary remission of a superimposed psychiatric disease will be borne in mind.

(b) Doubtful cases. If doubt remains, after according due consideration to all the evidence developed by the several items discussed in paragraph (a) of this
§ 3.350 Special monthly compensation ratings.

The rates of special monthly compensation stated in this section are those provided under 38 U.S.C. 1114.

(a) Ratings under 38 U.S.C. 1114(k).

Special monthly compensation under 38 U.S.C. 1114(k) is payable for each anatomical loss or loss of use of one hand, one foot, both buttocks, one or more creative organs, blindness of one eye having only light perception, deafness of both ears, having absence of air and bone conduction, complete organic aphasgia with constant inability to communicate by speech or, in the case of a woman veteran, loss of 25% or more of tissue from a single breast or both breasts in combination (including loss by mastectomy or partial mastectomy), or following receipt of radiation treatment of breast tissue. This special compensation is payable in addition to the basic rate of compensation otherwise payable on the basis of degree of disability, provided that the combined rate of compensation does not exceed the monthly rate set forth in 38 U.S.C. 1114(d) when authorized in conjunction with any of the provisions of 38 U.S.C. 1114 (a) through (j) or (s). When there is entitlement under 38 U.S.C. 1114 (l) through (n) or an intermediate rate under (p) such additional allowance is payable for each such anatomical loss or loss of use existing in addition to the requirements for the basic rates, provided the total does not exceed the monthly rate set forth in 38 U.S.C. 1114(o). The limitations on the maximum compensation payable under this paragraph are independent of and do not preclude payment of additional compensation for dependents under 38 U.S.C. 1115, or the special allowance for aid and attendance provided by 38 U.S.C. 1114(r).

(1) Creative organ. (i) Loss of a creative organ will be shown by acquired absence of one or both testicles (other than undescended testicles) or ovaries or other creative organ. Loss of use of one testicle will be established when examination by a board finds that:

(a) The diameters of the affected testicle are reduced to one-third of the corresponding diameters of the paired normal testicle, or

(b) The diameters of the affected testicle are reduced to one-half or less of the corresponding normal testicle and there is alteration of consistency so that the affected testicle is considerably harder or softer than the corresponding normal testicle; or

(c) If neither of the conditions (a) nor (b) is met, when a biopsy, recommended by a board including a genitourologist and accepted by the veteran, establishes the absence of spermatozoa.

(ii) When loss or loss of use of a creative organ resulted from wounds or other trauma sustained in service, or resulted from operations in service for the relief of other conditions, the creative organ becoming incidentally involved, the benefit may be granted.

(iii) When loss or loss of use of a creative organ resulted from wounds or other trauma sustained in service, or resulted from operations in service for the relief of other conditions, the creative organ becoming incidentally involved, the benefit may be granted.

(iv) When loss of use of a creative organ is due to operation performed subsequent to service, will not establish entitlement to the benefit. If, however, the operation after discharge was required for the correction of a specific injury caused by a preceding operation in service, it will support authorization of the benefit. When the existence of disability is established meeting the above requirements for nonfunctioning testicle due to operation after service,
resulting in loss of use, the benefit may be granted even though the operation is one of election. An operation is not considered to be one of election where it is advised on sound medical judgment for the relief of a pathological condition or to prevent possible future pathological consequences.

(iv) Atrophy resulting from mumps followed by orchitis in service is service connected. Since atrophy is usually perceptible within 1 to 6 months after infection subsides, an examination more than 6 months after the subsidence of orchitis demonstrating a normal genitourinary system will be considered in determining rebuttal of service incurrence of atrophy later demonstrated. Mumps not followed by orchitis in service will not suffice as the antecedent cause of subsequent atrophy for the purpose of authorizing the benefit.

(2) Foot and hand. (i) Loss of use of a hand or a foot will be held to exist when no effective function remains other than that which would be equally well served by an amputation stump at the site of election below elbow or knee with use of a suitable prosthetic appliance. The determination will be made on the basis of the actual remaining function, whether the acts of grasping, manipulation, etc., in the case of the hand, or of balance, propulsion, etc., in the case of the foot, could be accomplished equally well by an amputation stump with prosthesis; for example:

(a) Extremely unfavorable complete ankylosis of the knee, or complete ankylosis of two major joints of an extremity, or shortening of the lower extremity of 3½ inches or more, will constitute loss of use of the hand or foot involved.

(b) Complete paralysis of the external popliteal nerve (common peroneal) and consequent footdrop, accompanied by characteristic organic changes including trophic and circulatory disturbances and other concomitants confirmatory of complete paralysis of this nerve, will be taken as loss of use of the foot.

(3) Both buttocks. (i) Loss of use of both buttocks shall be deemed to exist when there is severe damage by disease or injury to muscle group XVII, bilateral, (diagnostic code 5317) and additional disability making it impossible for the disabled person, without assistance, to rise from a seated position and from a stooped position (fingers to toes position) and to maintain postural stability (the pelvis upon head of femur). The assistance may be done by the person's own hands or arms, and, in the matter of postural stability, by a special appliance.

(Authority: 38 U.S.C. 1114(k))

(ii) Special monthly compensation for loss or loss of use of both lower extremities (38 U.S.C. 1114(l) through (n)) will not preclude additional compensation under 38 U.S.C. 1114(k) for loss of use of both buttocks where appropriate tests clearly substantiate that there is such additional loss.

(4) Eye. Loss of use or blindness of one eye, having only light perception, will be held to exist when there is inability to recognize test letters at 1 foot and when further examination of the eye reveals that perception of objects, hand movements, or counting fingers cannot be accomplished at 3 feet. Lesser extents of vision, particularly perception of objects, hand movements, or counting fingers at distances less than 3 feet is considered of negligible utility.

(5) Deafness. Deafness of both ears, having absence of air and bone conduction will be held to exist where examination in a Department of Veterans Affairs authorized audiology clinic under current testing criteria shows bilateral hearing loss is equal to or greater than the minimum bilateral hearing loss required for a maximum rating evaluation under the rating schedule.

(Authority: Pub. L. 88–20)

(6) Aphonia. Complete organic aphonia will be held to exist where there is a disability of the organs of speech which constantly precludes communication by speech.

(Authority: Pub. L. 88–22)
in both eyes with visual acuity of 5/200 or less or being permanently bedridden or so helpless as to be in need of regular aid and attendance.

(1) Extremities. The criteria for loss and loss of use of an extremity contained in paragraph (a)(2) of this section are applicable.

(2) Eyes, bilateral. 5/200 visual acuity or less bilaterally qualifies for entitlement under 38 U.S.C. 1114(l). However, evaluation of 5/200 based on acuity in excess of that degree but less than 10/200 (§ 4.83 of this chapter), does not qualify. Concentric contraction of the field of vision beyond 5 degrees in both eyes is the equivalent of 5/200 visual acuity.

(3) Need for aid and attendance. The criteria for determining that a veteran is so helpless as to be in need of regular aid and attendance are contained in § 3.352(a).

(4) Permanently bedridden. The criteria for rating are contained in § 3.352(a). Where possible, determinations should be on the basis of permanently bedridden rather than for need of aid and attendance (except where 38 U.S.C. 1114(r) is involved) to avoid reduction during hospitalization where aid and attendance is provided in kind.

(c) Ratings under 38 U.S.C. 1114(m). (1) The special monthly compensation provided by 38 U.S.C. 1114(m) is payable for any of the following conditions:

(i) Anatomical loss or loss of use of both hands;
(ii) Anatomical loss or loss of use of both legs at a level, or with complications, preventing natural elbow action with prosthesis in place;
(iii) Anatomical loss or loss of use of one arm at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place;
(iv) Blindness in both eyes having only light perception;
(v) Blindness in both eyes leaving the veteran so helpless as to be in need of regular aid and attendance.

(2) Natural elbow or knee action. In determining whether there is natural elbow or knee action with prosthesis in place, consideration will be based on whether use of the proper prosthetic appliance requires natural use of the joint, or whether necessary motion is otherwise controlled, so that the muscles affecting joint motion, if not already atrophied, will become so. If there is no movement in the joint, as in ankylosis or complete paralysis, use of prosthesis is not to be expected, and the determination will be as though there were one in place.

(3) Eyes, bilateral. With visual acuity 5/200 or less or the vision field reduced to 5 degree concentric contraction in both eyes, entitlement on account of need for regular aid and attendance will be determined on the facts in the individual case.

(d) Ratings under 38 U.S.C. 1114(n). The special monthly compensation provided by 38 U.S.C. 1114(n) is payable for any of the conditions which follow: Amputation is a prerequisite except for loss of use of both arms and blindness without light perception in both eyes. If a prosthesis cannot be worn at the present level of amputation but could be applied if there were a reamputation at a higher level, the requirements of this paragraph are not met; instead, consideration will be given to loss of natural elbow or knee action.

(1) Anatomical loss or loss of use of both arms at a level or with complications, preventing natural elbow action with prosthesis in place;

(2) Anatomical loss of both legs so near the hip as to prevent use of a prosthetic appliance;

(3) Anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance with anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance;

(4) Anatomical loss of both eyes or blindness without light perception in both eyes.

(e) Ratings under 38 U.S.C. 1114(o). (1) The special monthly compensation provided by 38 U.S.C. 1114(o) is payable for any of the following conditions:

(i) Anatomical loss of both arms so near the shoulder as to prevent use of a prosthetic appliance;

(ii) Conditions entitling to two or more of the rates (no condition being considered twice) provided in 38 U.S.C. 1114(l) through (n);
(iii) Bilateral deafness rated at 60 percent or more disabling (and the hearing impairment in either one or both ears is service connected) in combination with service-connected blindness with bilateral visual acuity 20/200 or less.

(iv) Service-connected total deafness in one ear or bilateral deafness rated at 40 percent or more disabling (and the hearing impairment in either one of both ears is service-connected) in combination with service-connected blindness of both eyes having only light perception or less.

(2) **Paraplegia.** Paralysis of both lower extremities together with loss of anal and bladder sphincter control will entitle to the maximum rate under 38 U.S.C. 1114(o), through the combination of loss of use of both legs and helplessness. The requirement of loss of anal and bladder sphincter control is met even though incontinence has been overcome under a strict regimen of rehabilitation of bowel and bladder training and other auxiliary measures.

(3) **Combinations.** Determinations must be based upon separate and distinct disabilities. This requires, for example, that where a veteran who had suffered the loss or loss of use of two extremities is being considered for the maximum rate on account of helplessness requiring regular aid and attendance, the latter must be based on need resulting from pathology other than that of the extremities. If the loss or loss of use of two extremities or being permanently bedridden leaves the person helpless, increase is not in order on account of this helplessness. Under no circumstances will the combination of "being permanently bedridden" and "being so helpless as to require regular aid and attendance" without separate and distinct anatomical loss, or loss of use, of two extremities, or blindness, be taken as entitling to the maximum benefit. The fact, however, that two separate and distinct entitling disabilities, such as anatomical loss, or loss of use of both hands and both feet, result from a common etiological agent, for example, one injury or rheumatoid arthritis, will not preclude maximum entitlement.

(4) **Helplessness.** The maximum rate, as a result of including helplessness as one of the entitling multiple disabilities, is intended to cover, in addition to obvious losses and blindness, conditions such as the loss of use of two extremities with absolute deafness and nearly total blindness or with severe multiple injuries producing total disability outside the useless extremities, these conditions being construed as loss of use of two extremities and helplessness.

(1) **Intermediate or next higher rate.** An intermediate rate authorized by this paragraph shall be established at the arithmetic mean, rounded to the nearest dollar, between the two rates concerned.

   **(Authority: 38 U.S.C. 1114 (p))**

   (i) **Extremities.** (i) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one leg at a level, or with complications preventing natural knee action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114(l) and (m).

   (ii) Anatomical loss or loss of use of one foot with anatomical loss of one leg so near the hip as to prevent use of prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(m).

   (iii) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114(l) and (m).

   (iv) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one arm so near the shoulder as to prevent use of a prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(m).

   (v) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance, shall entitle to the rate between 38 U.S.C. 1114(m) and (n).

   (vi) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss or loss of use of one hand, shall entitle to the rate between 38 U.S.C. 1114 (l) and (m).
(vii) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(viii) Anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(ix) Anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(x) Anatomical loss or loss of use of one hand with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(xi) Anatomical loss or loss of use of one hand with anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(m).

(2) Eyes, bilateral, and blindness in connection with deafness and/or loss or loss of use of a hand or foot.

(i) Blindness of one eye with 5/200 visual acuity or less and blindness of the other eye having only light perception will entitle to the rate between 38 U.S.C. 1114 (l) and (m).

(ii) Blindness of one eye with 5/200 visual acuity or less and anatomical loss of, or blindness having no light perception in the other eye, will entitle to a rate equal to 38 U.S.C. 1114(m).

(iii) Blindness of one eye having only light perception and anatomical loss of, or blindness having no light perception in the other eye, will entitle to a rate between 38 U.S.C. 1114 (m) and (n).

(iv) Blindness in both eyes with visual acuity of 5/200 or less, or blindness in both eyes rated under subparagraph (2) (i) or (ii) of this paragraph, when accompanied by service-connected total deafness in one ear, will afford entitlement to the next higher intermediate rate of if the veteran is already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(v) Blindness in both eyes having only light perception or less, or rated under subparagraph (2)(i) or (ii) of this paragraph, when accompanied by bilateral deafness (and the hearing impairment in either one or both ears is service-connected) rated at 10 or 20 percent disabling, will afford entitlement to the next higher intermediate rate, or if the veteran is already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(vi) Blindness in both eyes rated under 38 U.S.C. 1114 (l), (m) or (n), or rated under subparagraphs (2)(i), (ii) or (iii) of this paragraph, when accompanied by bilateral deafness (and the hearing impairment in one or both ears is service-connected), will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114, or if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o).

(Authority: Sec. 112, Pub. L. 98–223)

(vii) Blindness in both eyes rated under 38 U.S.C. 1114 (l), (m) or (n), or under the intermediate or next higher rate provisions of this subparagraph, when accompanied by:

(A) Service-connected loss or loss of use of one hand, will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114 or, if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o); or

(B) Service-connected loss or loss of use of one foot which by itself or in combination with another compensable
disability would be ratable at 50 percent or more, will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114 or, if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o); or

(C) Service-connected loss or loss of use of one foot which is ratable at less than 50 percent and which is the only compensable disability other than bilateral blindness, will afford entitlement to the next higher intermediate rate or, if the veteran is already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(Authority: 38 U.S.C. 1114(p))

(3) Additional independent 50 percent disabilities. In addition to the statutory rates payable under 38 U.S.C. 1114 (l) through (n) and the intermediate or next higher rate provisions outlined above, additional single permanent disability or combinations of permanent disabilities independently ratable at 50 percent or more will afford entitlement to the next higher intermediate rate or if already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but not above the (o) rate. In the application of this subparagraph the disability or disabilities independently ratable at 50 percent or more must be separate and distinct and involve different anatomical segments or bodily systems from the conditions establishing entitlement under 38 U.S.C. 1114 (l) through (n) or the intermediate rate provisions outlined above.

(i) Where the multiple loss or loss of use entitlement to a statutory or intermediate rate between 38 U.S.C. 1114 (l) and (o) is caused by the same etiological disease or injury, that disease or injury may not serve as the basis for the independent 50 percent or 100 percent unless it is so rated without regard to the loss or loss of use.

(ii) The graduated ratings for arrested tuberculosis will not be utilized in this connection, but the permanent residuals of tuberculosis may be utilized.

(5) Three extremities. Anatomical loss or loss of use, or a combination of anatomical loss and loss of use, of three extremities shall entitle a veteran to the next higher rate without regard to whether that rate is a statutory rate or an intermediate rate. The maximum monthly payment under this provision may not exceed the amount stated in 38 U.S.C. 1114(p).

(g) Inactive tuberculosis (complete arrest). The rating criteria for determining inactivity of tuberculosis are set out in §3.375.

(1) For a veteran who was receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the minimum monthly rate is $67. This minimum special monthly compensation is not to be combined with or added to any other disability compensation.

(2) For a veteran who was not receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the special monthly compensation authorized by paragraph (g)(1) of this section is not payable.

(h) Special aid and attendance benefit; 38 U.S.C. 1114(r)—(1) Maximum compensation cases. A veteran receiving the maximum rate under 38 U.S.C. 1114 (o) or (p) who is in need of regular aid
and attendance or a higher level of care is entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See §3.352(b)(2) as to continuance following admission for hospitalization.) Determination of this need is subject to the criteria of §3.352. The regular or higher level aid and attendance allowance is payable whether or not the need for regular aid and attendance or a higher level of care was a partial basis for entitlement to the maximum rate under 38 U.S.C. 1114 (o) or (p), or was based on an independent factual determination.

(2) Entitlement to compensation at the intermediate rate between 38 U.S.C. 1114 (n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k). A veteran receiving compensation at the intermediate rate between 38 U.S.C. 1114 (n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k) who establishes a factual need for regular aid and attendance or a higher level of care, is also entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See §3.352(b)(2) as to continuance following admission for hospitalization.) Determination of the factual need for aid and attendance is subject to the criteria of §3.352:

(3) Amount of the allowance. The amount of the additional allowance payable to a veteran in need of regular aid and attendance is specified in 38 U.S.C. 1114(r)(1). The amount of the additional allowance payable to a veteran in need of a higher level of care is specified in 38 U.S.C. 1114(r)(2). The higher level aid and attendance allowance authorized by 38 U.S.C. 1114(r)(2) is payable in lieu of the regular aid and attendance allowance authorized by 38 U.S.C. 1114(r)(1).

(i) Total plus 60 percent, or housebound; 38 U.S.C. 1114(s). The special monthly compensation provided by 38 U.S.C. 1114(s) is payable where the veteran has a single service-connected disability rated as 100 percent and,

(1) Has additional service-connected disability or disabilities independently ratable at 60 percent, separate and distinct from the 100 percent service-connected disability and involving different anatomical segments or bodily systems, or

(2) Is permanently housebound by reason of service-connected disability or disabilities. This requirement is met when the veteran is substantially confined as a direct result of service-connected disabilities to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical areas, and it is reasonably certain that the disability or disabilities and resultant confinement will continue throughout his or her lifetime.

§3.351 Special monthly dependency and indemnity compensation, death compensation, pension and spouse's compensation ratings.

(a) General. This section sets forth criteria for determining whether:

(1) Increased pension is payable to a veteran by reason of need for aid and attendance or by reason of being housebound.

(2) Increased compensation is payable to a veteran by reason of the veteran’s spouse being in need of aid and attendance.

(3) Increased dependency and indemnity compensation is payable to a surviving spouse or parent by reason of being in need of aid and attendance.

(4) Increased dependency and indemnity compensation is payable to a surviving spouse who is not in need of aid and attendance but is housebound.

(5) Increased pension is payable to a surviving spouse by reason of need for aid and attendance, or if not in need of

aid and attendance, by reason of being housebound.

(Authority: 38 U.S.C. 1541(d), (e))

(6) Increased death compensation is payable to a surviving spouse by reason of being in need of aid and attendance.

(Authority: 38 U.S.C. 1122)

(b) Aid and attendance; need. Need for aid and attendance means helplessness or being so nearly helpless as to require the regular aid and attendance of another person. The criteria set forth in paragraph (c) of this section will be applied in determining whether such need exists.

(c) Aid and attendance; criteria. The veteran, spouse, surviving spouse or parent will be considered in need of regular aid and attendance if he or she:

(1) Is blind or so nearly blind as to have corrected visual acuity of 5/200 or less, in both eyes, or concentric contraction of the visual field to 5 degrees or less; or
(2) Is a patient in a nursing home because of mental or physical incapacity; or
(3) Establishes a factual need for aid and attendance under the criteria set forth in § 3.352(a).

(Authority: 38 U.S.C. 1502(b))

(d) Housebound, or permanent and total plus 60 percent; disability pension. The rate of pension payable to a veteran who is entitled to pension under 38 U.S.C. 1521 and who is not in need of regular aid and attendance shall be as prescribed in 38 U.S.C. 1521(e) if, in addition to having a single permanent disability rated 100 percent disabling under the Schedule for Rating Disabilities (not including ratings based upon unemployability under § 4.17 of this chapter) the veteran:

(1) Has additional disability or disabilities independently ratable at 60 percent or more, separate and distinct from the permanent disability rated as 100 percent disabling and involving different anatomical segments or bodily systems, or
(2) Is “permanently housebound” by reason of disability or disabilities. This requirement is met when the veteran is substantially confined to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical area, and it is reasonably certain that the disability or disabilities and resultant confinement will continue throughout his or her lifetime.

(Authority: 38 U.S.C. 1502(c), 1521(e))

(e) Housebound; dependency and indemnity compensation. The monthly rate of dependency and indemnity compensation payable to a surviving spouse who does not qualify for increased dependency and indemnity compensation payable under 38 U.S.C. 1311(c) based on need for regular aid and attendance shall be increased by the amount specified in 38 U.S.C. 1311(d) if the surviving spouse is permanently housebound by reason of disability. The “permanently housebound” requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will remain throughout the surviving spouse’s lifetime.

(Authority: 38 U.S.C. 1311(d))

(f) Housebound; improved pension; death. The annual rate of death pension payable to a surviving spouse who does not qualify for an annual rate of death pension payable under § 3.23(a)(6) based on need for aid and attendance shall be as set forth in § 3.23(a)(7) if the surviving spouse is permanently housebound by reason of disability. The “permanently housebound” requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will remain throughout the surviving spouse’s lifetime.

§ 3.352 Criteria for determining need for aid and attendance and “permanently bedridden.”

(a) Basic criteria for regular aid and attendance and permanently bedridden.
The following will be accorded consideration in determining the need for regular aid and attendance (§3.351(c)(3): inability of claimant to dress or undress himself (herself), or to keep himself (herself) ordinarily clean and presentable; frequent need of adjustment of any special prosthetic or orthopedic appliances which by reason of the particular disability cannot be done without aid (this will not include the adjustment of appliances which normal persons would be unable to adjust without aid, such as supports, belts, lacing at the back, etc.); inability of claimant to feed himself (herself) through loss of coordination of upper extremities or through extreme weakness; inability to attend to the wants of nature; or incapacity, physical or mental, which requires care or assistance on a regular basis to protect the claimant from hazards or dangers incident to his or her daily environment. "Bedridden" will be a proper basis for the determination. For the purpose of this paragraph "bedridden" will be that condition which, through its essential character, actually requires that the claimant remain in bed. The fact that claimant has voluntarily taken to bed or that a physician has prescribed rest in bed for the greater or lesser part of the day to promote convalescence or cure will not suffice. It is not required that all of the disabling conditions enumerated in this paragraph be found to exist before a favorable rating may be made. The particular personal functions which the veteran is unable to perform should be considered in connection with his or her condition as a whole. It is only necessary that the evidence establish that the veteran is so helpless as to need regular aid and attendance, not that there be a constant need. Determinations that the veteran is so helpless, as to be in need of regular aid and attendance will not be based solely upon an opinion that the claimant’s condition is such as would require him or her to be in bed. They must be based on the actual requirement of personal assistance from others.

(b) Basic criteria for the higher level aid and attendance allowance. (1) A veteran is entitled to the higher level aid and attendance allowance authorized by §3.350(h) in lieu of the regular aid and attendance allowance when all of the following conditions are met:

(i) The veteran is entitled to the compensation authorized under 38 U.S.C. 1114(o), or the maximum rate of compensation authorized under 38 U.S.C. 1114(p).

(ii) The veteran meets the requirements for entitlement to the regular aid and attendance allowance in paragraph (a) of this section.

(iii) The veteran needs a “higher level of care” (as defined in paragraph (b)(2) of this section) than is required to establish entitlement to the regular aid and attendance allowance, and in the absence of the provision of such higher level of care the veteran would require hospitalization, nursing home care, or other residential institutional care.

(2) Need for a higher level of care shall be considered to be need for personal health-care services provided on a daily basis in the veteran’s home by a person who is licensed to provide such services or who provides such services under the regular supervision of a licensed health-care professional. Personal health-care services include (but are not limited to) such services as physical therapy, administration of injections, placement of indwelling catheters, and the changing of sterile dressings, or like functions which require professional health-care training or the regular supervision of a trained health-care professional to perform. A licensed health-care professional includes (but is not limited to) a doctor of medicine or osteopathy, a registered nurse, a licensed practical nurse, or a physical therapist licensed to practice by a State or political subdivision thereof.

(3) The term “under the regular supervision of a licensed health-care professional”, as used in paragraph (b)(2) of this section, means that an unlicensed person performing personal health-care services is following a regimen of personal health-care services prescribed by a health-care professional, and that the health-care professional consults with the unlicensed
person providing the health-care services at least once each month to monitor the prescribed regimen. The consultation need not be in person; a telephone call will suffice.

(4) A person performing personal health-care services who is a relative or other member of the veteran’s household is not exempted from the requirement that he or she be a licensed health-care professional or be providing such care under the regular supervision of a licensed health-care professional.

(5) The provisions of paragraph (b) of this section are to be strictly construed. The higher level aid-and-attendance allowance is to be granted only when the veteran’s need is clearly established and the amount of services required by the veteran on a daily basis is substantial.

(Authority: 38 U.S.C. 501, 1114(r)(2))

(c) Attendance by relative. The performance of the necessary aid and attendance service by a relative of the beneficiary or other member of his or her household will not prevent the granting of the additional allowance.

[41 FR 29680, July 19, 1976, as amended at 44 FR 22720, Apr. 17, 1979; 60 FR 27409, May 24, 1995]

§ 3.353 Determinations of incompetency and competency.

(a) Definition of mental incompetency. A mentally incompetent person is one who because of injury or disease lacks the mental capacity to contract or to manage his or her own affairs, including disbursement of funds without limitation.

(b) Authority. (1) Rating agencies have sole authority to make official determinations of competency and incompetency for purposes of: insurance (38 U.S.C. 1922), and, subject to § 13.56 of this chapter, disbursement of benefits. Such determinations are final and binding on field stations for these purposes.

(2) Where the beneficiary is rated incompetent, the Veterans Service Center Manager will develop information as to the beneficiary’s social, economic and industrial adjustment; appoint (or recommend appointment of) a fiduciary as provided in § 13.55 of this chapter; select a method of disbursing payment as provided in § 13.56 of this chapter, or in the case of a married beneficiary, appoint the beneficiary’s spouse to receive payments as provided in § 13.57 of this chapter; and authorize disbursement of the benefit.

(3) If in the course of fulfilling the responsibilities assigned in paragraph (b)(2) the Veterans Service Center Manager develops evidence indicating that the beneficiary may be capable of administering the funds payable without limitation, he or she will refer that evidence to the rating agency with a statement as to his or her findings. The rating agency will consider this evidence, together with all other evidence of record, to determine whether its prior determination of incompetency should remain in effect. Reexamination may be requested as provided in § 3.327(a) if necessary to properly evaluate the beneficiary’s mental capacity to contract or manage his or her own affairs.

(c) Medical opinion. Unless the medical evidence is clear, convincing and leaves no doubt as to the person’s incompetency, the rating agency will make no determination of incompetency without a definite expression regarding the question by the responsible medical authorities. Considerations of medical opinions will be in accordance with the principles in paragraph (a) of this section. Determinations relative to incompetency should be based upon all evidence of record and there should be a consistent relationship between the percentage of disability, facts relating to commitment or hospitalization and the holding of incompetency.

(d) Presumption in favor of competency. Where reasonable doubt arises regarding a beneficiary’s mental capacity to contract or to manage his or her own affairs, including the disbursement of funds without limitation, such doubt will be resolved in favor of competency (see § 3.102 on reasonable doubt).

(e) Due process. Whenever it is proposed to make an incompetency determination, the beneficiary will be notified of the proposed action and of the right to a hearing as provided in § 3.103. Such notice is not necessary if the beneficiary has been declared incompetent.
§ 3.354 Determinations of insanity.

(a) Definition of insanity. An insane person is one who, while not mentally defective or constitutionally psychopathic, except when a psychosis has been engrafted upon such basic condition, exhibits, due to disease, a more or less prolonged deviation from his normal method of behavior; or who interferes with the peace of society; or who has so departed (become antisocial) from the accepted standards of the community to which by birth and education he belongs as to lack the adaptability to make further adjustment to the social customs of the community in which he resides.

(b) Insanity causing discharge. When a rating agency is concerned with determining whether a veteran was insane at the time he committed an offense leading to his court-martial, discharge or resignation (38 U.S.C. 5303(b)), it will base its decision on all the evidence procurable relating to the period involved, and apply the definition in paragraph (a) of this section.

§ 3.355 Testamentary capacity for insurance purposes.

When cases are referred to a rating agency involving the testamentary capacity of the insured to execute designations or changes of beneficiary, or designations or changes of option, the following considerations will apply:

(a) Testamentary capacity is that degree of mental capacity necessary to enable a person to perform a testamentary act. This, in general, requires that the testator reasonably comprehend the nature and significance of his act, that is, the subject and extent of his disposition, recognition of the object of his bounty, and appreciation of the consequence of his act, uninfluenced by any material delusion as to the property or persons involved.

(b) Due consideration should be given to all facts of record, with emphasis being placed on those facts bearing upon the mental condition of the testator (insured) at the time or nearest the time he executed the designation or change. In this connection, consideration should be given to lay as well as medical evidence.

(c) Lack of testamentary capacity should not be confused with insanity or mental incompetence. An insane person might have a lucid interval during which he would possess testamentary capacity. On the other hand, a sane person might suffer a temporary mental aberration during which he would not possess testamentary capacity. There is a general but rebuttable presumption that every testator possesses testamentary capacity. Therefore, reasonable doubts should be resolved in favor of testamentary capacity.

§ 3.356 Conditions which determine permanent incapacity for self-support.

(a) Basic determinations. A child must be shown to be permanently incapable of self-support by reason of mental or physical defect at the date of attaining the age of 18 years.

(b) Rating criteria. Rating determinations will be made solely on the basis of whether the child is permanently incapable of self-support through his own efforts by reason of physical or mental defects. The question of permanent incapacity for self-support is one of fact for determination by the rating agency on competent evidence of record in the individual case. Rating criteria applicable to disabled veterans are not controlling. Principal factors for consideration are:

(1) The fact that a claimant is earning his or her own support is prima facie evidence that he or she is not incapable of self-support. Incapacity for
self-support will not be considered to exist when the child by his or her own efforts is provided with sufficient income for his or her reasonable support.

(2) A child shown by proper evidence to have been permanently incapable of self-support prior to the date of attaining the age of 18 years, may be so held at a later date even though there may have been a short intervening period or periods when his or her condition was such that he or she was employed, provided the cause of incapacity is the same as that upon which the original determination was made and there were no intervening diseases or injuries that could be considered as major factors. Employment which was only casual, intermittent, tryout, unsuccessful, or terminated after a short period by reason of disability, should not be considered as rebutting permanent incapability of self-support otherwise established.

(3) It should be borne in mind that employment of a child prior or subsequent to the delimiting age may or may not be a normal situation, depending on the educational progress of the child, the economic situation of the family, indulgent attitude of parents, and the like. In those cases where the extent and nature of disability raises some doubt as to whether they would render the average person incapable of self-support, factors other than employment are for consideration. In such cases there should be considered whether the daily activities of the child in the home and community are equivalent to the activities of employment of any nature within the physical or mental capacity of the child which would provide sufficient income for reasonable support. Lack of employment of the child either prior to the delimiting age or thereafter should not be considered as a major factor in the determination to be made, unless it is shown that it was due to physical or mental defect and not to mere disinclination to work or indulgence of relatives or friends.

(4) The capacity of a child for self-support is not determinable upon employment afforded solely upon sympathetic or charitable considerations and which involved no actual or substantial rendition of services.

CROSS REFERENCE: Basic pension and eligibility determinations. See § 3.314.

§ 3.357 Civil service preference ratings.

For the purpose of certifying civil service disability preference only, a service-connected disability may be assigned an evaluation of “less than ten percent.” Any directly or presumptively service-connected disease or injury which exhibits some extent of actual impairment may be held to exist at the level of less than ten percent. For disabilities incurred in combat, however, no actual impairment is required.

§ 3.358 Compensation for disability or death from hospitalization, medical or surgical treatment, examinations or vocational rehabilitation training (§ 3.800).

(a) General. This section applies to claims received by VA before October 1, 1997. If it is determined that there is additional disability resulting from a disease or injury on or after October 1, 1997, see § 3.361.

(b) Additional disability. In determining that additional disability exists, the following considerations will govern:

(i) As applied to examinations, the physical condition prior to the disease or injury will be the condition at time of beginning the physical examination as a result of which the disease or injury was sustained.

(ii) As applied to medical or surgical treatment, the physical condition prior
to the disease or injury will be the condition which the specific medical or surgical treatment was designed to relieve.

(2) Compensation will not be payable under this section for the continuance or natural progress of a disease or injury for which the hospitalization, medical or surgical treatment, or examination was furnished, unless VA’s failure to exercise reasonable skill and care in the diagnosis or treatment of the disease or injury caused additional disability or death that probably would have been prevented by proper diagnosis or treatment. Compensation will not be payable under this section for the continuance or natural progress of a disease or injury for which vocational rehabilitation training was provided.

(c) Cause. In determining whether such additional disability resulted from a disease or an injury or an aggravation of an existing disease or injury suffered as a result of training, hospitalization, medical or surgical treatment, or examination, the following considerations will govern:

(1) It will be necessary to show that the additional disability is actually the result of such disease or injury or an aggravation of an existing disease or injury and not merely coincidental therewith.

(2) The mere fact that aggravation occurred will not suffice to make the additional disability compensable in the absence of proof that it resulted from disease or injury or an aggravation of an existing disease or injury suffered as the result of training, hospitalization, medical or surgical treatment, or examination.

(3) Compensation is not payable for the necessary consequences of medical or surgical treatment or examination properly administered with the express or implied consent of the veteran, or, in appropriate cases, the veteran’s representative. “Necessary consequences” are those which are certain to result from, or were intended to result from, the examination or medical or surgical treatment administered. Consequences otherwise certain or intended to result from a treatment will not be considered uncertain or unintended solely because it had not been determined at the time consent was given whether that treatment would in fact be administered.

(4) When the proximate cause of the injury suffered was the veteran’s willful misconduct or failure to follow instructions, it will bar him (or her) from receipt of compensation hereunder except in the case of incompetent veterans.

(5) Compensation for disability resulting from the pursuit of vocational rehabilitation is not payable unless there is established a direct (proximate) causal connection between the injury or aggravation of an existing injury and some essential activity or function which is within the scope of the vocational rehabilitation course, not necessarily limited to activities or functions specifically designated by the Department of Veterans Affairs in the individual case, since ordinarily it is not to be expected that each and every different function and act of a veteran pursuant to his or her course of training will be particularly specified in the outline of the course or training program. For example, a disability resulting from the use of an item of mechanical or other equipment is within the purview of the statute if it resulted from use of equipment specifically designated by the Department of Veterans Affairs in the individual case, since ordinarily it is not to be expected that each and every different function and act of a veteran pursuant to his or her course of training will be particularly specified in the outline of the course or training program. In determining whether the element of direct or proximate causation is present, it remains necessary for a distinction to be made between an injury arising out of an act performed in pursuance of the course of training, that is, a required “learning activity”, and one arising out of an activity which is incidental to, related to, or coexistent with the pursuit of the program of training. For a case to fall within the statute there must have been sustained an injury which, but for the performance of a “learning activity” in the prescribed course of training, would not have been sustained. A meticulous examination into all the circumstances is required, including a consideration of the time and place of the incident producing the injury.
§ 3.361 Benefits under 38 U.S.C. 1151(a) for additional disability or death due to hospital care, medical or surgical treatment, examination, training and rehabilitation services, or compensated work therapy program.

(a) Claims subject to this section—

(1) General. Except as provided in paragraph (2), this section applies to claims received by VA on or after October 1, 1997. This includes original claims and claims to reopen or otherwise readjudicate a previous claim for benefits under 38 U.S.C. 1151 or its predecessors. The effective date of benefits is subject to the provisions of §3.400(i). For claims received by VA before October 1, 1997, see §3.358.

(2) Compensated Work Therapy. With respect to claims alleging disability or death due to compensated work therapy, this section applies to claims that were pending before VA on November 1, 2000, or that were received by VA after that date. The effective date of benefits is subject to the provisions of §§3.114(a) and 3.400(i), and shall not be earlier than November 1, 2000.

(b) Determining whether a veteran has an additional disability. To determine whether a veteran has an additional disability, VA compares the veteran’s condition immediately before the beginning of the hospital care, medical or surgical treatment, examination, training and rehabilitation services, or compensated work therapy (CWT) program upon which the claim is based to the veteran’s condition after such care.
§ 3.361  

38 CFR Ch. 1 (7–1–11 Edition)

treatment, examination, services, or program has stopped. VA considers each involved body part or system separately.

(c) Establishing the cause of additional disability or death. Claims based on additional disability or death due to hospital care, medical or surgical treatment, or examination must meet the causation requirements of this paragraph and paragraph (d)(1) or (d)(2) of this section. Claims based on additional disability or death due to training and rehabilitation services or compensated work therapy program must meet the causation requirements of paragraph (d)(3) of this section.

(1) Actual causation required. To establish causation, the evidence must show that the hospital care, medical or surgical treatment, or examination resulted in the veteran’s additional disability or death. Merely showing that a veteran received care, treatment, or examination and that the veteran has an additional disability or died does not establish cause.

(2) Continuance or natural progress of a disease or injury. Hospital care, medical or surgical treatment, or examination cannot cause the continuance or natural progress of a disease or injury for which the care, treatment, or examination was furnished unless VA’s failure to timely diagnose and properly treat the disease or injury proximately caused the continuance or natural progress. The provision of training and rehabilitation services or CWT program cannot cause the continuance or natural progress of a disease or injury for which the services were provided.

(3) Veteran’s failure to follow medical instructions. Additional disability or death caused by a veteran’s failure to follow properly given medical instructions is not caused by hospital care, medical or surgical treatment, or examination.

(d) Establishing the proximate cause of additional disability or death. The proximate cause of disability or death is the action or event that directly caused the disability or death, as distinguished from a remote contributing cause.

(1) Care, treatment, or examination. To establish that carelessness, negligence, lack of proper skill, error in judgment, or similar instance of fault on VA’s part in furnishing hospital care, medical or surgical treatment, or examination proximately caused a veteran’s additional disability or death, it must be shown that the hospital care, medical or surgical treatment, or examination caused the veteran’s additional disability or death (as explained in paragraph (c) of this section); and

(i) VA failed to exercise the degree of care that would be expected of a reasonable health care provider; or

(ii) VA furnished the hospital care, medical or surgical treatment, or examination without the veteran’s or, in appropriate cases, the veteran’s representative’s informed consent. To determine whether there was informed consent, VA will consider whether the health care providers substantially complied with the requirements of §17.32 of this chapter. Minor deviations from the requirements of §17.32 of this chapter that are immaterial under the circumstances of a case will not defeat a finding of informed consent. Consent may be express (i.e., given orally or in writing) or implied under the circumstances specified in §17.32(b) of this chapter, as in emergency situations.

(ii) Events not reasonably foreseeable. Whether the proximate cause of a veteran’s additional disability or death was an event not reasonably foreseeable is in each claim to be determined based on what a reasonable health care provider would have foreseen. The event need not be completely unforeseeable or unimaginable but must be one that a reasonable health care provider would not have considered to be an ordinary risk of the treatment provided. In determining whether an event was reasonably foreseeable, VA will consider whether the risk of that event was the type of risk that a reasonable health care provider would have disclosed in connection with the informed consent procedures of §17.32 of this chapter.

(3) Training and rehabilitation services or compensated work therapy program. To establish that the provision of training and rehabilitation services or a CWT program proximately caused a veteran’s additional disability or
death, it must be shown that the veteran's participation in an essential activity or function of the training, services, or CWT program provided or authorized by VA proximately caused the disability or death. The veteran must have been participating in such training, services, or CWT program provided or authorized by VA as part of an approved rehabilitation program under 38 U.S.C. chapter 31 or as part of a CWT program under 38 U.S.C. 1718. It need not be shown that VA approved that specific activity or function, as long as the activity or function is generally accepted as being a necessary component of the training, services, or CWT program that VA provided or authorized.

(e) Department employees and facilities.

(1) A Department employee is an individual—

(i) Who is appointed by the Department in the civil service under title 38, United States Code, or title 5, United States Code, as an employee as defined in 5 U.S.C. 2105;

(ii) Who is engaged in furnishing hospital care, medical or surgical treatment, or examinations under authority of law; and

(iii) Whose day-to-day activities are subject to supervision by the Secretary of Veterans Affairs.

(2) A Department facility is a facility over which the Secretary of Veterans Affairs has direct jurisdiction.

(f) Activities that are not hospital care, medical or surgical treatment, or examination furnished by a Department employee or in a Department facility.

The following are not hospital care, medical or surgical treatment, or examination furnished by a Department employee or in a Department facility. The following are not hospital care, medical or surgical treatment, or examination furnished by a Department employee or in a Department facility within the meaning of 38 U.S.C. 1151(a).

(1) Hospital care or medical services furnished under a contract made under 38 U.S.C. 1703.

(2) Nursing home care furnished under 38 U.S.C. 1720.

(3) Hospital care or medical services, including examination, provided under 38 U.S.C. 8153 in a facility over which the Secretary does not have direct jurisdiction.

(g) Benefits payable under 38 U.S.C. 1151 for a veteran’s death.

(1) Death before January 1, 1957.

The benefit payable under 38 U.S.C. 1151(a) to an eligible survivor for a veteran’s death occurring before January 1, 1957, is death compensation. See §§3.5(b)(2) and 3.702 for the right to elect dependency and indemnity compensation.

(2) Death after December 31, 1956.

The benefit payable under 38 U.S.C. 1151(a) to an eligible survivor for a veteran’s death occurring after December 31, 1956, is dependency and indemnity compensation.

(Authority: 38 U.S.C. 1151)

§3.362 Offsets under 38 U.S.C. 1151(b) of benefits awarded under 38 U.S.C. 1151(a).

(a) Claims subject to this section. This section applies to claims received by VA on or after October 1, 1997. This includes original claims and claims to reopen or otherwise readjudicate a previous claim for benefits under 38 U.S.C. 1151 or its predecessors.

(b) Offset of veterans’ awards of compensation. If a veteran’s disability is the basis of a judgment under 28 U.S.C. 1346(b) awarded, or a settlement or compromise under 28 U.S.C. 2672 or 2677 entered, on or after December 1, 1962, the amount to be offset under 38 U.S.C. 1151(b) from any compensation awarded under 38 U.S.C. 1151(a) is the entire amount of the veteran’s share of the judgment, settlement, or compromise, including the veteran’s proportional share of attorney fees.

(c) Offset of survivors’ awards of dependency and indemnity compensation. If a veteran’s death is the basis of a judgment under 28 U.S.C. 1346(b) awarded, or a settlement or compromise under 28 U.S.C. 2672 or 2677 entered, on or after December 1, 1962, the amount to be offset under 38 U.S.C. 1151(b) from any dependency and indemnity compensation awarded under 38 U.S.C. 1151(a) to a survivor is only the amount of the judgment, settlement, or compromise representing damages for the veteran’s death the survivor receives in an individual capacity or as distribution from the decedent veteran’s estate of sums included in the judgment, settlement, or compromise to compensate for harm suffered by the survivor, plus the survivor’s proportional share of attorney fees.
(d) Offset of structured settlements. This paragraph applies if a veteran’s disability or death is the basis of a structured settlement or structured compromise under 28 U.S.C. 2672 or 2677 entered on or after December 1, 1962.

(1) The amount to be offset. The amount to be offset under 38 U.S.C. 1151(b) from benefits awarded under 38 U.S.C. 1151(a) is the veteran’s or survivor’s proportional share of the cost to the United States of the settlement or compromise, including the veteran’s or survivor’s proportional share of attorney fees.

(2) When the offset begins. The offset of benefits awarded under 38 U.S.C. 1151(a) begins the first month after the structured settlement or structured compromise has become final that such benefits would otherwise be paid.

(1) If a judgment, settlement, or compromise covered in paragraphs (b) through (d) of this section becomes final on or after December 10, 2004, and includes an amount that is specifically designated for a purpose for which benefits are provided under 38 U.S.C. chapter 21 (38 CFR 3.809 and 3.809a) or 38 U.S.C. chapter 39 (38 CFR 3.808), and if VA awards 38 U.S.C. chapter 21 or 38 U.S.C. chapter 39 benefits after the date on which the judgment, settlement, or compromise becomes final, the amount of the award will be reduced by the amount received under the judgment, settlement, or compromise for the same purpose.

(2) If the amount described in paragraph (e)(1) of this section is greater than the amount of an award under 38 U.S.C. chapter 21 or 38 U.S.C. chapter 39, the excess amount received under the judgment, settlement, or compromise will be offset against benefits otherwise payable under 38 U.S.C. chapter 11.

paragraph (a) of this section, unless lesions are first shown so soon after entry on active service as to compel the conclusion, on the basis of sound medical principles, that they existed prior to entry on active service.

(c) Primary lesions. Healed primary type tuberculosis shown at the time of entrance into active service will not be taken as evidence to rebut direct or presumptive service connection for active reinfection type pulmonary tuberculosis.

§ 3.371 Presumptive service connection for tuberculous disease; wartime and service on or after January 1, 1947.

(a) Pulmonary tuberculosis. (1) Evidence of activity on comparative study of X-ray films showing pulmonary tuberculosis within the 3-year presumptive period provided by § 3.307(a)(3) will be taken as establishing service connection for active pulmonary tuberculosis subsequently diagnosed by approved methods but service connection and evaluation may be assigned only from the date of such diagnosis or other evidence of clinical activity.

(2) A notation of inactive tuberculosis of the reinfection type at induction or enlistment definitely prevents the grant of service connection under § 3.307 for active tuberculosis, regardless of the fact that it was shown within the appropriate presumptive period.

(b) Pleurisy with effusion without obvious cause. Pleurisy with effusion without evidence of diagnostic studies ruling out obvious nontuberculous causes will qualify as active tuberculosis. The requirements for presumptive service connection will be the same as those for tuberculous pleurisy.

(c) Tuberculous pleurisy and endobronchial tuberculosis. Tuberculous pleurisy and endobronchial tuberculosis fall within the category of pulmonary tuberculosis for the purpose of service connection on a presumptive basis. Either will be held incurred in service when initially manifested within 36 months after the veteran’s separation from service as determined under § 3.307(a)(2).

(d) Miliary tuberculosis. Service connection for miliary tuberculosis involving the lungs is to be determined in the same manner as for other active pulmonary tuberculosis.

§ 3.372 Initial grant following inactivity of tuberculosis.

When service connection is granted initially on an original or reopened claim for pulmonary or nonpulmonary tuberculosis and there is satisfactory evidence that the condition was active previously but is now inactive (arrested), it will be presumed that the disease continued to be active for 1 year after the last date of established activity, provided there is no evidence to establish activity or inactivity in the intervening period. For a veteran entitled to receive compensation on August 19, 1968, the beginning date of graduated ratings will commence at the end of the 1-year period. For a veteran who was not receiving or entitled to receive compensation on August 19, 1968, ratings will be assigned in accordance with the Schedule for Rating Disabilities (part 4 of this chapter). This section is not applicable to running award cases.

[33 FR 16275, Nov. 6, 1968]

§ 3.373 [Reserved]

§ 3.374 Effect of diagnosis of active tuberculosis.

(a) Service diagnosis. Service department diagnosis of active pulmonary tuberculosis will be accepted unless a board of medical examiners, Clinic Director or Chief, Outpatient Service certifies, after considering all the evidence, including the favoring or opposing tuberculosis and activity, that such diagnosis was incorrect. Doubtful cases may be referred to the Chief Medical Director in Central Office.

(b) Department of Veterans Affairs diagnosis. Diagnosis of active pulmonary tuberculosis by the medical authorities of the Department of Veterans Affairs as the result of examination, observation, or treatment will be accepted for
§ 3.375 Determination of inactivity (complete arrest) in tuberculosis.

(a) Pulmonary tuberculosis. A veteran shown to have had pulmonary tuberculosis will be held to have reached a condition of “complete arrest” when a diagnosis of inactive is made.

(b) Nonpulmonary disease. Determination of complete arrest of nonpulmonary tuberculosis requires absence of evidence of activity for 6 months. If there are two or more foci of such tuberculosis, one of which is active, the condition will not be considered to be inactive until the tuberculous process has reached arrest in its entirety.

(c) Arrest following surgery. Where there has been surgical excision of the lesion or organ, the date of complete arrest will be the date of discharge from the hospital, or 6 months from the date of excision, whichever is later.

§ 3.376–3.377 [Reserved]

§ 3.378 Changes from activity in pulmonary tuberculosis pension cases.

A permanent and total disability rating in effect during hospitalization will not be discontinued before hospital discharge on the basis of a change in classification from active. At hospital discharge, the permanent and total rating will be discontinued unless (a) the medical evidence does not support a finding of complete arrest (§ 3.375), or (b) where complete arrest is shown but the medical authorities recommend that employment not be resumed or be resumed only for short hours (not more than 4 hours a day for a 5-day week). If either of the two aforementioned conditions is met, discontinuance will be deferred pending examination in 6 months. Although complete arrest may be established upon that examination, the permanent and total rating may be extended for a further period of 6 months provided the veteran’s employment is limited to short hours as recommended by the medical authorities (not more than 4 hours a day for a 5-day week). Similar extensions may be granted under the same conditions at the end of 12 and 18 months periods. At the expiration of 24 months after hospitalization, the case will be considered under § 3.321(b) if continued short hours of employment is recommended or if other evidence warrants submission.

§ 3.379 Anterior poliomyelitis.

If the first manifestations of acute anterior poliomyelitis present themselves in a veteran within 35 days of termination of active military service, it is probable that the infection occurred during service. If they first appear after this period, it is probable that the infection was incurred after service.

[26 FR 1592, Feb. 24, 1961]

§ 3.380 Diseases of allergic etiology.

Diseases of allergic etiology, including bronchial asthma and urticaria, may not be disposed of routinely for compensation purposes as constitutional or developmental abnormalities. Service connection must be determined on the evidence as to existence prior to enlistment and, if so existent, a comparative study must be made of its severity at enlistment and subsequently. Increase in the degree of disability during service may not be disposed of routinely as natural progress nor as due to the inherent nature of the disease. Seasonal and other acute allergic manifestations subsiding on the absence of or removal of the allergen are generally to be regarded as acute diseases,
healing without residuals. The determination as to service incurrence or aggravation must be on the whole evidentiary showing.

[26 FR 1592, Feb. 24, 1961]

§ 3.381 Service connection of dental conditions for treatment purposes.

(a) Treatable carious teeth, replaceable missing teeth, dental or alveolar abscesses, and periodontal disease will be considered service-connected solely for the purpose of establishing eligibility for outpatient dental treatment as provided in §17.161 of this chapter.

(b) The rating activity will consider each defective or missing tooth and each disease of the teeth and periodontal tissues separately to determine whether the condition was incurred or aggravated in line of duty during active service. When applicable, the rating activity will determine whether the condition is due to combat or other in-service trauma, or whether the veteran was interned as a prisoner of war.

(c) In determining service connection, the condition of teeth and periodontal tissues at the time of entry into active duty will be considered. Treatment during service, including filling or extraction of a tooth, or placement of a prosthesis, will not be considered evidence of aggravation of a condition that was noted at entry, unless additional pathology developed after 180 days or more of active service.

(d) The following principles apply to dental conditions noted at entry and treated during service:

(1) Teeth noted as normal at entry will be service-connected if they were filled or extracted after 180 days or more of active service.

(2) Teeth noted as filled at entry will be service-connected if they were extracted, or if the existing filling was replaced, after 180 days or more of active service.

(3) Teeth noted as carious but restorable at entry will be service-connected if they were filled during service. However, new caries that developed 180 days or more after such a tooth was filled will be service-connected.

(4) Teeth noted as carious but restorable at entry, whether or not filled, will be service-connected if extraction was required after 180 days or more of active service.

(5) Teeth noted at entry as non-restorable will not be service-connected, regardless of treatment during service.

(6) Teeth noted as missing at entry will not be service connected, regardless of treatment during service.

(e) The following will not be considered service-connected for treatment purposes:

(1) Calculus;

(2) Acute periodontal disease;

(3) Third molars, unless disease or pathology of the tooth developed after 180 days or more of active service, or was due to combat or in-service trauma; and

(4) Impacted or malposed teeth, and other developmental defects, unless disease or pathology of these teeth developed after 180 days or more of active service.

(f) Teeth extracted because of chronic periodontal disease will be service-connected only if they were extracted after 180 days or more of active service.

§ 3.382 [Reserved]

§ 3.383 Special consideration for paired organs and extremities.

(a) Entitlement criteria. Compensation is payable for the combinations of service-connected and nonservice-connected disabilities specified in paragraphs (a)(1) through (a)(5) of this section as if both disabilities were service-connected, provided the nonservice-connected disability is not the result of the veteran’s own willful misconduct.

(1) Impairment of vision in one eye as a result of service-connected disability and impairment of vision in the other eye as a result of non-service-connected disability and

(i) The impairment of vision in each eye is rated at a visual acuity of 20/200 or less; or

(ii) The peripheral field of vision for each eye is 20 degrees or less.

§ 3.400 Effective Dates

Except as otherwise provided, the effective date of an evaluation and award of pension, compensation or dependency and indemnity compensation based on an original claim, a claim reopened after final disallowance, or a claim for increase will be the date of receipt of the claim or the date entitlement arose, whichever is the later.

(Authority: 38 U.S.C. 5110(a))

(a) Unless specifically provided. On basis of facts found.

(b) Disability benefits—(1) Disability pension (§3.3). An award of disability pension may not be effective prior to the date entitlement arose.

(i) Claims received prior to October 1, 1984. Date of receipt of claim or date on which the veteran became permanently and totally disabled, if claim is filed within one year from such date, whichever is to the advantage of the veteran.

(ii) Claims received on or after October 1, 1984. (A) Except as provided in paragraph (b)(1)(ii)(B) of this section, date of receipt of claim. (B) If, within one year from the date on which the veteran became permanently and totally disabled, the veteran files a claim for a retroactive award and establishes that a physical or mental disability, which was not the result of the veteran’s own willful misconduct, was so incapacitating that it prevented him or her from filing a disability pension claim for at least the first 30 days immediately following the date on which the veteran became permanently and totally disabled, the disability pension award may be effective from the date of receipt of claim or the date on which the veteran became permanently and totally disabled, whichever is to the advantage of the veteran. While rating board judgment must be applied to the facts and circumstances of each case, extensive hospitalization will generally qualify as sufficiently incapacitating to have prevented the filing of a claim. For the purposes of this subparagraph, the presumptive provisions of §3.342(a) do not apply.

(2) Disability compensation—(i) Direct service connection (§3.4(b)). Day following separation from active service or date entitlement arose if claim is received within 1 year after separation from service; otherwise, date of receipt of claim, or date entitlement arose, whichever is later. Separation from service means separation under conditions other than dishonorable from continuous active service which extended from the date the disability was incurred or aggravated.

(ii) Presumptive service connection (§§3.307, 3.308, 3.309). Date entitlement arose, if claim is received within 1 year after separation from active duty; otherwise date of receipt of claim, or date entitlement arose, whichever is later. Where the requirements for service connection are met during service, the effective date will be the day following separation from service if there was continuous active service following the period of service on which the presumption is based and a claim is received within 1 year after separation from active duty.

(c) Death benefits—(1) Death in service (38 U.S.C. 5110(j), Pub. L. 87–825) (§§3.4(c), 3.5(b)). First day of the month fixed by the Secretary concerned as the date of actual or presumed death, if claim is received with 1 year after the date the initial report of actual death or finding of presumed death was made; however benefits based on a report of actual death are not payable for any period for which the claimant has received, or is entitled to receive an allowance, allotment, or service pay of the veteran.

(2) Service-connected death after separation from service (38 U.S.C. 5110(d), Pub. L. 87–825) (§§3.4(c), 3.5(b)). First day of the month in which the veteran’s death occurred if claim is received within 1 year after the date of death; otherwise, date of receipt of claim.

(3) Nonservice-connected death after separation from service. (i) For awards based on claims received prior to October 1, 1984, or on or after December 10, 2004, first day of the month in which the veteran’s death occurred if claim is
received within one year after the date of death; otherwise, date of receipt of claim.  

(ii) For awards based on claims received between October 1, 1984, and December 9, 2004, first day of the month in which the veteran’s death occurred if claim is received within 45 days after the date of death; otherwise, date of receipt of claim.  

(Authority: 38 U.S.C. 5110(d))  

(iii) Deaths on or after May 1, 1957 (in-service waiver cases) (§§ 3.358, 3.361, and 3.800). Where entitlement is established because of the correction, change or modification of a military record, or of a discharge or dismissal, by a Board established under 10 U.S.C. 1552 or 1553, or because of other corrective action by competent military naval, or air authority, the award will be effective from the latest of these dates:  

(1) Date application for change, correction, or modification was filed with the service department, in either an original or a disallowed claim;  

(2) Date of receipt of claim if claim was disallowed; or  

(3) One year prior to date of reopening of disallowed claim.  

(b) Difference of opinion (§ 3.105).  

(1) As to decisions not final prior to receipt of an application for reconsideration or to reopen, or prior to reconsideration on Department of Veterans Affairs initiative, the date from which benefits would have been payable if the former decision had been favorable.  

(2) As to decisions which have become final (by appellate decision or failure to timely initiate and perfect an appeal) prior to receipt of an application for reconsideration or to reopen, the date of receipt of such application or the date entitlement arose, whichever is later.  

(3) As to decisions which have become final (by appellate decision or failure to timely initiate and perfect an appeal) and reconsideration is undertaken solely on Department of Veterans Affairs initiative, the date of Central Office approval authorizing a favorable decision or the date of the favorable Board of Veterans Appeals decision.  

(4) Where the initial determination for the purpose of death benefits is favorable, the commencing date will be determined without regard to the fact that the action may reverse, on a difference of opinion, an unfavorable decision for disability purposes by an adjudicative agency other than the Board of Veterans Appeals, which was in effect at the date of the veteran’s death.  

(i) Disability or death due to hospitalization, etc. (38 U.S.C. 5110(c), (d); Public Law 87–825; §§ 3.358, 3.361, and 3.800.) (1) Disability. Date injury or aggravation was suffered if claim is received within 1 year after that date; otherwise, date of receipt of claim.

L. 86–211, where pension is payable for June 30, 1960, under the law in effect on that date, including an award approved after that date, if the election is filed within (generally) 120 days from date of notice of the award. The award will be subject to prior payments over the same period of time.

(3) January 1, 1965, as to pension payable under Pub. L. 86–211 (73 Stat. 432) as amended by Pub. L. 88–664 if there was basic eligibility for pension on June 30, 1960, under the law in effect on that date and an election if filed prior to May 1, 1965.

Except as provided in paragraph (o)(2) of this section and §3.401(b), date of receipt of claim or date entitlement arose, whichever is later. A retroactive increase or additional benefit will not be awarded after basic entitlement has been terminated, such as by severance of service connection.

§ 3.450 General.

(a) All or any part of the pension, compensation, or emergency officers’ retirement pay payable on account of any veteran may be apportioned.

(i) On behalf of his or her spouse, children, or dependent parents if the veteran is incompetent and is being furnished hospital treatment, institutional, or domiciliary care by the United States, or any political subdivision thereof.

(ii) If the veteran is not residing with his or her spouse, or if the veteran’s children are not residing with the veteran and the veteran is not reasonably discharging his or her responsibility for the spouse’s or children’s support.

(b) Except as provided in §3.458(e), no apportionment of disability or death benefits will be made or changed solely because a child has entered active duty with the air, military, or naval services of the United States.

(c) No apportionment will be made where the veteran, the veteran’s spouse (when paid “as wife” or “as husband”), surviving spouse, or fiduciary is providing for dependents. The additional benefits for such dependents will be paid to the veteran, spouse, surviving spouse, or fiduciary.

(d) Any amounts payable for children under §§3.459, 3.460 and 3.461 will be equally divided among the children.

(e) The amount payable for a child in custody of and residing with the surviving spouse shall be paid to the surviving spouse. Amounts payable to a surviving spouse for a child in the surviving spouse’s custody but residing with someone else may be apportioned.
§ 3.451 Special apportionments.

Without regard to any other provision regarding apportionment where hardship is shown to exist, pension, compensation, emergency officers’ retirement pay, or dependency and indemnity compensation may be specially apportioned between the veteran and his or her dependents or the surviving spouse and children on the basis of the facts in the individual case as long as it does not cause undue hardship to the other persons in interest, except as to those cases covered by § 3.458(b) and (c). In determining the basis for special apportionment, consideration will be given such factors as:

Amount of Department of Veterans Affairs benefits payable; other resources and income of the veteran and those dependents in whose behalf apportionment may be claimed; and special needs of the veteran, his or her dependents, and the apportionment claimants. The amount apportioned should generally be consistent with the total number of dependents involved. Ordinarily, apportionment of more than 50 percent of the veteran’s benefits would constitute undue hardship on him or her while apportionment of less than 20 percent of his or her benefits would not provide a reasonable amount for any apportionee.

[44 FR 45940, Aug. 6, 1979]

§ 3.452 Situations when benefits may be apportioned.

Veterans benefits may be apportioned:

(a) If the veteran is not residing with his or her spouse or his or her children and a claim for apportionment is filed for or on behalf of the spouse or children.

(2) Where a married veteran is receiving section 306 or improved pension and the amount payable is reduced under § 3.551(c) because of hospitalization, an apportionment may be paid to the veteran’s spouse as provided in § 3.454(b).

[Authority: 38 U.S.C. 501(a); 5307; 5503(a)]

(d) Where additional compensation is payable on behalf of a parent and the veteran or his or her guardian neglects or refuses to contribute such an amount to the support of the parent the additional compensation will be paid to the parent upon receipt of a claim.

(b) Where the spouse of the disabled person has been found guilty of conjugal infidelity by a court having proper jurisdiction.

(c) For purported or legal spouse of the veteran if it has been determined that he or she has lived with another person and held herself or himself out openly to the public to be the spouse of such other person, except where such relationship was entered into in good faith with a reasonable basis (for example trickery on the part of the veteran) for the spouse believing that the marriage to the veteran was legally terminated. No apportionment to the spouse will thereafter be made unless there has been a reconciliation and later estrangement.

(d) Where the child of the disabled person has been legally adopted by another person, except the additional compensation payable for the child.

(e) Where a child enters the active military, air, or naval service, any additional amount will be paid to the veteran unless such child is included in an existing apportionment to an estranged spouse. No adjustment in the apportioned award will be made based on the child’s entry into service.

(f)(1) For the spouse, child, father or mother of a disabled veteran, where forfeiture was declared prior to September 2, 1959, if the dependent is determined by the Department of Veterans Affairs to have been guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or its allies.
§ 3.459 Death compensation.

(a) Death compensation will be apportioned if the child or children of the deceased veteran are not in the custody of the surviving spouse.

(b) The surviving spouse may not be paid less than $65 monthly plus the amount of an aid and attendance allowance where applicable.

§ 3.460 Death pension.

Death pension will be apportioned if the child or children of the deceased veteran are not in the custody of the surviving spouse. Where the surviving spouse’s rate is in excess of $70 monthly because of having been the spouse of the veteran during service or because of need for regular aid and attendance, the additional amount will be added to the surviving spouse’s share.

(a) Civil, Indian and Spanish-American wars. Where pension is payable under 38 U.S.C. 1532, 1534, or 1536 apportionment will be based on the facts in the individual case in accordance with §3.451.

§ 3.459 (7-1-11 Edition)

(2) For any dependent of a disabled veteran, or surviving spouse where forfeiture of benefits by a person primarily entitled was declared after September 1, 1959, by reason of fraud, treasonable acts, or subversive activities.

(g) Until the estranged spouse of a veteran files claim for an apportioned share. If there are any children of the veteran not in his or her custody an apportionment will not be authorized unless and until a claim for an apportioned share is filed in their behalf.

[26 FR 7266, Aug. 11, 1961, as amended at 40 FR 21724, May 19, 1975; 44 FR 45940, Aug. 6, 1979]

§ 3.461 Dependency and indemnity compensation.

(a) Conditions under which apportionment may be made. The surviving spouse’s award of dependency and indemnity compensation will be apportioned where there is a child or children under 18 years of age and not in the custody of the surviving spouse. The surviving spouse’s award of dependency and indemnity compensation will not be apportioned under this condition for a child over the age of 18 years.

(b) Rates payable. (1) The share for each of the children under 18 years of age, including those in the surviving spouse’s custody as well as those who are not in such custody, will be at rates approved by the Under Secretary for Benefits except when the facts and circumstances in a case warrant special apportionment under §3.451. The share for the surviving spouse will be the difference between the children’s share and the total amount payable. In the application of this rule, however, the surviving spouse’s share will not be reduced to an amount less than 50 percent of that to which the surviving spouse would otherwise be entitled.

(2) The additional amount of aid and attendance, where applicable, will be added to the surviving spouse’s share and not otherwise included in the computation.

(3) Where the surviving spouse has elected to receive dependency and indemnity compensation instead of death compensation, the share of dependency and indemnity compensation for a child or children under 18 years of age will be whichever is the greater:

(i) The apportioned share computed under paragraph (b)(1) of this section; or

(ii) The share which would have been payable as death compensation but not

§ 3.504 Parents; aid and attendance.

If hospitalized at Department of Veterans Affairs expense as a veteran the date will be specified in §3.552(b) (1) or (3).

§ 3.551 Reduction because of hospitalization.

(a) General. Pension is subject to reduction as specified below when a veteran who has neither spouse, child nor dependent parent is hospitalized, unless the veteran is hospitalized for Hansen’s disease. The provisions of this section apply to initial periods of hospitalization and to readmissions following discharge from a prior period of hospitalization. If the veteran is hospitalized for observation and examination, the date treatment began is considered the date of admission. Special rules governing discontinuance of aid and attendance allowance are contained in §3.552. Except as otherwise indicated the terms “hospitalized” and “hospitalization” in §§3.551 through 3.556 mean:

1. Hospital treatment in a Department of Veterans Affairs hospital or in any hospital at Department of Veterans Affairs expense.

2. Institutional, domiciliary or nursing home care in a Department of Veterans Affairs institution or domiciliary or at Department of Veterans Affairs expense.

(b) Old-law pension. (1) Old law pension in excess of $30 monthly for a veteran who has neither spouse, child nor dependent parent shall continue at the full monthly rate until the end of the sixth calendar month following the month of admission for hospitalization. The rate payable will be reduced effective the first of the seventh calendar month to $30 monthly or 50 percent of the amount otherwise payable, whichever is greater. The reduced rate will be effective the first day of the seventh calendar month following admission. Payment of the amount withheld may be made on termination of hospitalization, as provided in §3.556. (Sec. 306(b))

2. Readmission following regular discharge. Where a veteran has been given an approved discharge or release, readmission the next day to the same or any other VA institution begins a new period of hospitalization, unless the veteran was released for purposes of admission to another VA institution.

3. Readmission following irregular discharge. When a veteran whose award is subject to reduction under this paragraph has been discharged or released from a VA institution against medical advice or as a result of disciplinary action, reentry within 6 months from the date of previous admission constitutes a continuation of that period of hospitalization and the award will not be reduced prior to the first day of the seventh calendar month following the month of original admission, exclusive of authorized absences. Reentry 6 months or more after such discharge or release shall be considered a new admission.

(c) Section 306 pension. (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is being furnished hospital, nursing home or domiciliary care by the Department of Veterans Affairs, no pension in excess of $50 monthly shall be paid to or for the veteran for any period after the end of the second full calendar month following the month of admission for such care.

2. No pension in excess of $50 monthly shall be paid to or for a veteran having neither spouse nor child, or to a veteran who is married and has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within 6 months of a period of care for which pension was reduced under paragraph (c) (1) of this section.

3. Where section 306 pension is being paid to a married veteran at a rate for a veteran without dependents all or any part of the monthly amount of pension withheld in excess of $50 may be apportioned for a spouse as provided in §3.454(b).

(d) Improved pension prior to February 1, 1990. (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and
is receiving pension as a veteran without dependents, is being furnished domiciliary care by VA, no pension in excess of $60 monthly shall be paid to or for the veteran for any period after the end of the second full calendar month following the month of admission for such care. (38 U.S.C. 5503(a))

(2) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is furnished hospital or nursing home care by VA, no pension in excess of $60 monthly shall be paid to or for the veteran for any period after the end of the third full calendar month following the month of admission for such care. (38 U.S.C. 5503(a))

(3) No pension in excess of $60 monthly shall be paid to or for a veteran having neither spouse nor child, or to a veteran who is married or has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within six months of a period of domiciliary or nursing home care for which pension was reduced under paragraph (d)(1) or (2) of this section. (38 U.S.C. 5503(a))

(4) Where improved pension is being paid to a married veteran at the rate prescribed by 38 U.S.C. 1521(b) all or any part of the rate payable under 38 U.S.C. 1521(c) may be apportioned for a spouse as provided in §3.454(b). (Authority: 38 U.S.C. 5503(a))

(5) The provisions of paragraphs (d)(1), (2), and (3) of this section are not applicable to any veteran who has a child, but is receiving pension as a veteran without a dependent because it is reasonable that some part of the child’s estate be consumed for the child’s maintenance under 38 U.S.C. 1522(b).

(6) For the purpose of paragraphs (d)(1), (2), and (3) of this section, if a veteran is furnished domiciliary care by VA and then is transferred to VA-furnished domiciliary care, the period of hospital or nursing home care shall be considered as domiciliary care. Similarly, if a veteran is furnished domiciliary care by VA and then is transferred to VA-furnished hospital or nursing home care, the period of domiciliary care shall be considered hospital or nursing home care.

(e) Improved pension after January 31, 1990. (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is furnished domiciliary or nursing home care by VA, no pension in excess of $90 monthly shall be paid to or for the veteran for any period after the end of the third full calendar month following the month of admission for such care. (Authority: 38 U.S.C. 5503(a))

(2) No pension in excess of $90 monthly shall be paid to a veteran having neither spouse nor child, or to a veteran who is married or has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within six months of a period of domiciliary or nursing home care for which pension was reduced under paragraph (e)(1) of this section.

(3) Where improved pension is being paid to a married veteran at the rate prescribed by 38 U.S.C. 1521(b) all or any part of the rate payable under 38 U.S.C. 1521(c) may be apportioned for a spouse as provided in §3.454(b).

(4) For the purposes of paragraph (e)(1) of this section, if a veteran is furnished hospital care by VA and then is transferred to VA-furnished nursing home or domiciliary care, the period of hospital care shall not be considered as nursing home or domiciliary care. Transfers from VA-furnished nursing home or domiciliary care to VA-furnished hospital care then back to nursing home or domiciliary care shall be considered as continuous nursing home or domiciliary care provided the period of hospitalization does not exceed six months. Similarly, if a veteran is transferred from domiciliary or nursing home to a VA hospital and dies while so hospitalized, the entire period of VA care shall be considered as domiciliary or nursing home care. Nursing home or domiciliary care shall be considered as terminated effective the date of transfer to a VA hospital if the veteran is completely discharged from

297
VA care following the period of hospitalization or if the period of hospitalization exceeds six months.

(5) Effective February 1, 1990, reductions of improved pension based on admissions or readmissions to VA hospitals or any hospital at VA expense shall no longer be made except when required under the provisions of 38 CFR 3.552.

(6) The provisions of paragraphs (e) (1) and (2) of this section are not applicable to any veteran who has a child, but is receiving pension as a veteran without a dependent because it is reasonable that some part of the child’s estate be consumed for the child’s maintenance under 38 U.S.C. 1522(b).

(f) Computation of period. For purposes of computing periods of hospitalization in paragraph (c) of this section, authorized absences of 96 hours or less will be included as periods of hospitalization, and those of over 96 hours excluded. Also, for purposes of that paragraph, periods of treatment or care of 60 total days will be considered two calendar months of hospitalization and periods of 90 total days considered three calendar months, exclusive of authorized absences in excess of 96 hours.

(g) Proof of dependents. The veteran will be considered to have neither spouse, child nor dependent parent in the absence of satisfactory proof. Statements contained in the claims folder concerning the existence of such dependents will be considered a prima facie showing. If the necessary evidence is not received: (1) Within 60 days after the date of request where the award is subject to reduction under paragraph (b) of this section, or (2) prior to the effective date of reduction under paragraph (c) of this section, the veteran’s award will be reduced on the basis of no dependents. The full rate may be authorized from the date of request if the necessary evidence is received within 1 year after the date of request.

(h) Hospitalization—(1) General. The reduction required by paragraphs (d) and (e), except as they refer to domiciliary care, shall not be made for up to three additional calendar months after the last day of the third month referred to in paragraphs (d)(2) or (e)(2) of this section, under the following conditions:

(i) The Chief Medical Director, or designee, certifies that the primary purpose for furnishing hospital or nursing home care during the additional period is to provide the veteran with a prescribed program of rehabilitation under chapter 17 of title 38, United States Code, designed to restore the veteran’s ability to function within the veteran’s family and community; and

(ii) The veteran is admitted to a Department of Veterans Affairs hospital or nursing home after October 16, 1981.

(2) Continued hospitalization for rehabilitation. The reduction required by paragraph (d) or (e) of this section shall not be made for periods after the expiration of the additional period provided by paragraph (h)(1) of this section under the following conditions:

(i) The veteran remains hospitalized or in a nursing home after the expiration of the additional period provided by paragraph (h)(1) of this section; and

(ii) The Chief Medical Director, or designee, certifies that the primary purpose for furnishing continued hospital or nursing home care after the additional period provided by paragraph (h)(1) of this section is to provide the veteran with a program of rehabilitation under chapter 17 of title 38, United States Code, designed to restore the veteran’s ability to function within the veteran’s family and community.

(3) Termination of hospitalization for rehabilitation. Pension in excess of $60 monthly or $90, if reduction is under paragraph (e)(1) payable to a veteran under this paragraph shall be reduced the end of the calendar month in which the primary purpose of hospitalization or nursing home care is no longer to provide the veteran with a program of rehabilitation under chapter 17 of title 38, United States Code designed to restore the veteran’s ability to function within the veteran’s family and community.

(Authority: 38 U.S.C. 5503(a))

(i) Certain veterans and surviving spouses receiving Medicaid-covered nursing home care. Effective November 5, 1990, and terminating on September 30, 2011, if a veteran having neither spouse...
nor child, or a surviving spouse having no child, is receiving Medicaid-covered nursing home care, no pension or death pension in excess of $90 per month shall be paid to or for the veteran or the surviving spouse for any period after the month in which the Medicaid payments begin. A veteran or surviving spouse is not liable for any pension paid in excess of the $90 per month by reason of the Secretary’s inability or failure to reduce payments, unless that inability or failure is the result of willful concealment by the veteran or surviving spouse of information necessary to make that reduction.

§3.552 Adjustment of allowance for aid and attendance.

(a)(1) When a veteran who is already entitled to the aid and attendance allowance is hospitalized, the additional compensation or increased pension for aid and attendance shall be discontinued as provided in paragraph (b) of this section except as to disabilities specified in paragraph (a)(2) of this section. (See paragraph (k) of this section for rules applicable to a veteran who establishes entitlement to the aid and attendance allowance on or after date of admission to hospitalization).

(2) The allowance for aid and attendance will be continued during hospitalization where the disability is paraplegia involving paralysis of both lower extremities together with loss of anal and bladder sphincter control, or Hansen’s disease, except where discontinuance is required by paragraph (b)(2) of this section. In addition, in pension cases only, the aid and attendance allowance will be continued where the pensionable disability is blindness (visual acuity 2/200 or less) or concentric contraction of visual field to 5 degrees or less. Awards are, however, subject to the provisions of §3.551 (except where the disabling condition is Hansen’s disease).

(b)(1) Additional compensation for dependents under §3.4(b)(2) is payable during hospitalization in addition to the rates authorized by this section. The rates specified will also be increased by amounts authorized under 38 U.S.C. 1114(k) based on independently ratable disability, subject to the statutory ceiling on the total amount of compensation payable as set forth in §3.350(a).

(b)(2) Where a veteran is admitted for hospitalization on or after October 1, 1964, the additional compensation or increased pension for aid and attendance will be discontinued effective the last day of the month following the month in which the veteran is admitted for hospitalization at the expense of the Department of Veterans Affairs.

(2) When a veteran is hospitalized at the expense of the United States Government, the additional aid and attendance allowance authorized by 38 U.S.C. 1114(r) (1) or (2) will be discontinued effective the last day of the month following the month in which the veteran is admitted for hospitalization.

(3) Where a veteran affected by the provisions of paragraph (b)(1) and (2) or paragraph (k) of this section is discharged or released from the hospital against medical advice or as the result of disciplinary action, and is readmitted to such hospitalization within 6 months after that date, the allowance, additional compensation, or increased pension will be discontinued effective the day preceding the date of readmission. A readmission 6 months or more after such discharge or release will be considered as a new admission.

(Authority: 38 U.S.C. 5503(e))

(c) Reduction will not be made where the same monthly rate of compensation would be payable without consideration of need for regular aid and attendance. This can only be determined after careful review of the current maximum entitlement without regard to any amount for aid and attendance.

(d) Where entitlement by reason of need for regular aid and attendance is the basis of the monthly rate under 38 U.S.C. 1114(1) the award will be reduced
(e) Where a veteran is in receipt of section 306 pension, the aid and attendance allowance shall be reduced to the housebound rate of $61 monthly (or $76.25 if the veteran was age 78 or older on December 31, 1978). Where a veteran is in receipt of old-law pension, the total amount payable shall be reduced to $100 monthly. Where a veteran is in receipt of improved pension, the applicable aid and attendance rate shall be reduced to the otherwise applicable rate under 38 U.S.C. 1521(e). No reduction shall be made, however, for any case involving the disabilities specified in paragraph (a)(2) of this section.

(f) Where entitlement to the rate in 38 U.S.C. 1114(o) is based in part on need for regular aid and attendance reduction because of being hospitalized will be to the rate payable for the other conditions shown.

(g) Where a veteran entitled to one of the rates under 38 U.S.C. 1114 (l), (m), or (n) by reason of anatomical losses or losses of use of extremities, blindness (visual acuity 5/200 or less or light perception only), or anatomical loss of both eyes is being paid compensation at the rate under 38 U.S.C. 1114(o) because of entitlement to another rate under section 1114(l) on account of need for aid and attendance, the compensation will be reduced while hospitalized to the following:

1. If entitlement is under section 1114(l) and in addition there is need for regular aid and attendance for another disability, the award during hospitalization will be at the rate under 38 U.S.C. 1114(m) since the disability requiring aid and attendance is 100 percent disabling.

2. If entitlement is under section 1114(m), at the rate under 38 U.S.C. 1114(n).

3. If entitlement is under section 1114(n), the rate under 38 U.S.C. 1114(o) would be continued, since the disability previously causing the need for regular aid and attendance would then be totally disabling entitling the veteran to the maximum rate under 38 U.S.C. 1114(p).

(h) If, because of blindness, a veteran requires regular aid and attendance, but has better vision than “light perception only” the award under 38 U.S.C. 1114(m) will be reduced while hospitalized to the rate payable under 38 U.S.C. 1114(1).

1. If the disability meets the aid and attendance requirements of 38 U.S.C. 1114(l) and the intermediate or next higher rate was assigned for disability independently ratable at 50 percent or 100 percent, the award based on such entitlement will be reduced because of hospitalization to the amount payable under 38 U.S.C. 1114(s).

(j) The section 306 pension aid and attendance allowance authorized by §3.252(f) is subject to reduction for hospitalization under the provisions of this section in the same manner as the regular section 306 pension aid and attendance allowance. The amount payable shall not be reduced to less than the housebound rate of $61 monthly (or $76.25 monthly if the veteran was age 78 or older on December 31, 1978).

(k)(1) This paragraph is applicable to hospitalized veterans who were not entitled to the aid and attendance allowance prior to hospital admission but who establish entitlement to it on or after the date of hospital admission.

2. If the effective date of entitlement to the aid and attendance allowance is on or after the date of admission to hospitalization, the aid and attendance allowance shall not be paid until the date of discharge or release from hospitalization, unless the aid and attendance allowance is based on a disability specified in paragraph (a)(2) of this section. If the aid and attendance allowance is based on a disability specified in paragraph (a)(2) of this section, the aid and attendance allowance shall be paid during hospitalization.

3. If the aid and attendance allowance is not payable to a veteran under paragraph (k)(2) of this section, the veteran shall receive the appropriate reduced rate under paragraphs (d)
§ 3.556 Adjustment on discharge or release.

(a) Temporary Absence—30 days. (1) Where a competent veteran whose award was reduced under §3.551(b) is placed on non-bed care status or other authorized absence of 30 days or more the full monthly rate, excluding any allowance for regular aid and attendance, will be restored effective the date of reduction. The full monthly rate for an incompetent veteran, or for a competent veteran whose pension was reduced under §3.551(c), will be restored effective the date of departure from the hospital unless it is determined that apportionment for a spouse should be continued. In all instances, any allowance for regular aid and attendance will be restored effective the date of departure from the hospital.

(2) Upon the veteran’s return to the hospital, an award which is subject to reduction under §3.551(b) or (c) will again be reduced effective the date of the veteran’s return to the hospital. In all instances, any allowance for regular aid and attendance will be discontinued, if in order, effective the date of the veteran’s return to the hospital.

(b) Temporary absence—less than 30 days. A temporary absence of less than 30 days, including the day of departure, will not require adjustment of the award. This applies to any approved absence. Any allowance for regular aid and attendance for such periods will be authorized after the veteran has been discharged from the hospital.

(c) Adjustment based on need. Where an award of pension was reduced under §3.551(c), the full rate covering absences of less than 30 days may be restored, subject to prior payments, prior to discharge from hospitalization at the request of the Director of the hospital, center or domiciliary, where this action is necessary to meet the veteran’s financial needs, if the veteran has been hospitalized for more than 6 months and the periods of absence exceed a total of 30 days.

(d) Irregular discharge. When a competent veteran is given an irregular discharge, the full rate will be restored effective the date of release from the hospital. Payment of any amount withheld under §3.551(b) will not be authorized until the expiration of 6 months after termination of hospitalization unless the prior release is changed to a regular release. However, amounts not paid under paragraph (c) of this section covering absence of less than 30 days where the award was reduced under §3.551(c) will be authorized immediately.

(e) Regular discharge. When a veteran, either competent or incompetent, is given a regular discharge or release, the full rate, including any allowance for regular aid and attendance will be restored effective the date of release from the hospital, subject to prior payments. The award will be based on the most recent rating and, where the award was reduced under §3.551(b), will include, in the case of a competent veteran, any amounts withheld because of hospitalization. The amount withheld for an incompetent veteran will not be authorized until the expiration of 6 months following a rating of competency by VA. Any institutional award will be discontinued effective date of last payment, as provided in §3.501(j). Where an apportionment made under §3.551(c) is not continued, the apportionment will be discontinued effective the day preceding the date of the veteran’s release from the hospital, or, if adjusted, effective the date of the veteran’s release from the hospital, unless an overpayment would result. In the excepted cases, the awards to the veteran and apportionee will be adjusted as of date of last payment.

(f) Types of discharges. A discharge is considered regular if it is granted because of having received maximum hospital benefits. A discharge for disciplinary reasons or because of the patient’s refusal to accept, neglect of or obstruction of treatment; refusal to accept transfer, or failure to return from
authorized absence, is considered irregular.

§ 3.557 [Reserved]

§ 3.558 Resumption and payment of withheld benefits; incompetents with estates that equaled or exceeded statutory limit.

(a) Payments for the veteran will be resumed and apportionment awards discontinued under the applicable provisions of § 3.556(a), (d), and (e) upon authorized absence from the hospital for 30 days or more or a regular or irregular discharge or release. Care and maintenance payments to an institution will not be made for any period the veteran is not receiving such care and maintenance.

(b) Any amount not paid because of the provisions of former § 3.557(b) (as in effect prior to December 27, 2001), and any amount of compensation or retirement pay withheld pursuant to the provisions of § 3.551(b) (as in effect prior to December 27, 2001), will be awarded to the veteran if he or she is subsequently rated competent by VA for a period of not less than six months.

§ 3.559 [Reserved]

ADJUSTMENTS AND RESUMPTIONS

§ 3.650 Rate for additional dependent.

(a) Running awards. Except as provided in paragraph (c) of this section where a claim is filed by an additional dependent who has apparent entitlement which, if established, would require reduction of pension, compensation or dependency and indemnity compensation being paid to another dependent, payments to the person or persons on the rolls will be reduced as follows:

(1) Where benefits would be payable from a date prior to the date of filing claim, the reduction will be effective from the date of potential entitlement of the additional dependent.

(2) Where benefits would be payable from the date of filing claim, the reduction will be effective the date of receipt of the claim by the additional dependent, or date of last payment, whichever is later.

If entitlement of the additional dependent is not established, benefits previously being paid will be resumed, if otherwise in order, commencing the day following the effective date of reduction.

(b) New awards. If the additional dependent is found to be entitled, the full rate payable will be authorized effective the date of entitlement.

(c) Retroactive DIC award to a school child—(1) General. If DIC (dependency and indemnity compensation) is being currently paid to a veteran’s child or children under 38 U.S.C. 1313(a), and DIC is retroactively awarded to an additional child of the veteran based on school attendance, the full rate payable to the additional child shall be awarded the first of the month following the month in which the award to the additional child is approved. The rate payable under the current award shall be reduced effective the date the full rate is awarded to the additional child. The rate payable to the additional child for periods prior to the date the full rate is awarded shall be the difference between the rate payable for all the children and the rate that was payable before the additional child established entitlement.

(2) Applicability. The provisions of paragraph (c)(1) of this section are applicable only when the following conditions are met:

(i) The additional child was receiving DIC under 38 U.S.C. 1313(a) prior to attaining age 18; and

(ii) DIC for the additional child was discontinued on or after attainment of age 18; and
(iii) After DIC has been discontinued, the additional child reestablishes entitlement to DIC under 38 U.S.C. 1313(a) based on attendance at an approved school and the effective date of entitlement is prior to the date the Department of Veterans Affairs receives the additional child’s claim to reestablish entitlement.

(Authority: 38 U.S.C. 1313(b))

(3) **Effective date.** This paragraph is applicable to DIC paid after September 30, 1981. If DIC is retroactively awarded for a period prior to October 1, 1981, payment for the period prior to October 1, 1981 shall be made under paragraph (a) of this section and payment for the period after September 30, 1981, shall be made under this paragraph.

§ 3.654 Active service pay.

(a) General. Pension, compensation, or retirement pay will be discontinued under the circumstances stated in §3.700(a) for any period for which the veteran received active service pay. For the purposes of this section, active service pay means pay received for active duty, active duty for training or inactive duty training.

(b) Active duty. (1) Where the veteran returns to active duty status, the award will be discontinued effective the day preceding reentrance into active duty status. If the exact date is not known, payments will be discontinued effective date of last payment and as of the correct date when the date of reentrance has been ascertained from the service department.

(2) Payments, if otherwise in order, will be resumed effective the day following release from active duty if claim for recommencement of payments is received within 1 year from the date of such release: otherwise payments will be resumed effective date of last payment and prior to the date of receipt of a new claim. Prior determinations of service connection will not be disturbed except as provided in §3.105. Compensation will be authorized based on the degree of disability found to exist at the time the award is resumed. Disability will be evaluated on the basis of all facts, including records from the service department relating to the most recent period of active service. If a disability is incurred or aggravated in the second period of service, compensation for that disability cannot be paid unless a claim therefor is filed.

(c) Training duty. Prospective adjustment of awards may be made where the veteran waives his or her Department of Veterans Affairs benefit covering anticipated receipt of active service pay because of expected periods of active duty for training or inactive duty training. Where readjustment is in order because service pay was not received for expected training duty, retroactive payments may be authorized if a claim for readjustment is received within 1 year after the end of the fiscal year for which payments were waived.
§ 3.655 Failure to report for Department of Veterans Affairs examination.

(a) General. When entitlement or continued entitlement to a benefit cannot be established or confirmed without a current VA examination or reexamination and a claimant, without good cause, fails to report for such examination, or reexamination, action shall be taken in accordance with paragraph (b) or (c) of this section as appropriate. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant, death of an immediate family member, etc. For purposes of this section, the terms examination and reexamination include periods of hospital observation when required by VA.

(b) Original or reopened claim, or claim for increase. When a claimant fails to report for an examination scheduled in conjunction with an original compensation claim, the claim shall be rated based on the evidence of record. When the examination was scheduled in conjunction with any other original claim, a reopened claim for a benefit which was previously disallowed, or a claim for increase, the claim shall be denied.

(c) Running award. (1) When a claimant fails to report for a reexamination and the issue is continuing entitlement, VA shall issue a pretermination notice advising the payee that payment for the disability or disabilities for which the reexamination was scheduled will be discontinued or, if a minimum evaluation is established in part 4 of this title or there is an evaluation protected under § 3.951(b) of this part, reduced to the lower evaluation. Such notice shall also include the prospective date of discontinuance or reduction, the reason therefore and a statement of the claimant’s procedural and appellate rights. The claimant shall be allowed 60 days to indicate his or her willingness to report for a reexamination or to present evidence that payment for the disability or disabilities for which the reexamination was scheduled should not be discontinued or reduced.

(2) If there is no response within 60 days, or if the evidence submitted does not establish continued entitlement, payment for such disability or disabilities shall be discontinued or reduced as of the date indicated in the pretermination notice or the date of last payment, whichever is later.

(3) If notice is received that the claimant is willing to report for a reexamination before payment has been discontinued or reduced, action to adjust payment shall be deferred. The reexamination shall be rescheduled and the claimant notified that failure to report for the rescheduled examination shall be cause for immediate discontinuance or reduction of payment. When a claimant fails to report for such rescheduled examination, payment shall be reduced or discontinued as of the date of last payment and shall not be further adjusted until a VA examination has been conducted and the report reviewed.

(4) If within 30 days of a pretermination notice issued under paragraph (c)(1) of this section the claimant requests a hearing, action to adjust payment shall be deferred as set forth in § 3.105(h)(1) of this part. If a hearing is requested more than 30 days after such pretermination notice but before the proposed date of discontinuance or reduction, a hearing shall be scheduled, but payment shall nevertheless be discontinued or reduced as of the date proposed in the pretermination notice or date of last payment, whichever is later, unless information is presented which warrants a different determination. When the claimant has also expressed willingness to report for an examination, however, the provisions of paragraph (c)(3) of this section shall apply.

§ 3.656 Disappearance of veteran.

(a) When any veteran has disappeared for 90 days or more and his or her whereabouts remain unknown to the members of his or her family and the
§ 3.657 Surviving spouse becomes entitled, or entitlement terminates.

Where a surviving spouse establishes entitlement to pension, compensation, or dependency and indemnity compensation, an award to another person as surviving spouse, or for a child or children as if there were no surviving spouse will be discontinued or adjusted as provided in this section.

(a) Surviving spouse’s awards. For periods on or after December 1, 1962, where a legal surviving spouse establishes entitlement after payments have been made to another person as surviving spouse, the full rate payable to the legal surviving spouse will be authorized effective the date of entitlement. Payments to the former payee will be discontinued as follows:

(1) Where benefits are payable to the legal surviving spouse from a date prior to the date of filing claim, the award to the former payee will be terminated the day preceding the effective date of the award to the legal surviving spouse.

(2) Where benefits are payable to the legal surviving spouse from the date of filing claim, the award to the former payee will be terminated effective the date of receipt of the claim or date of last payment, whichever is later.

(b) Children’s awards. (1) Where a surviving spouse establishes entitlement and:

(i) Payments were being made for a child or children at a lower monthly rate than that provided where there is a surviving spouse, the award to the surviving spouse will be effective the date provided by the applicable law, and will be the difference between the rate paid for the children and the rate payable for the surviving spouse and children. The full rate will be payable for the surviving spouse effective the
day following the date of last payment for the children;

(ii) Payments were being made for a child or children at the same or higher monthly rate than that provided where there is a surviving spouse, the award to the surviving spouse will be effective the day following the date of last payment on the awards on behalf of the children.

(2) Where a surviving spouse has received benefits after entitlement was terminated and,

(i) The child or children were entitled to a lower monthly rate, the award to the surviving spouse will be amended to authorize payment at the rate provided for the children as if there were no surviving spouse, covering the period from the date the surviving spouse’s entitlement terminated to the date of last payment. The award for the child or children will be made effective the following day.

(ii) The child or children were entitled to a higher monthly rate, the award to the surviving spouse will be discontinued effective date of last payment. The award to the children will be effective the day following the date the surviving spouse’s entitlement terminated to the date of last payment. The full rate will be payable for the children effective the day following the date of last payment to the surviving spouse.

§ 3.658 Offsets; dependency and indemnity compensation.

(a) When an award of dependency and indemnity compensation is made covering a period for which death compensation or benefits under the Federal Employee’s Compensation Act, based on military service, have been paid to the same payee based on the same death, the award of dependency and indemnity compensation will be made subject to an offset of payments of death pension or compensation, or dependency and indemnity compensation over the same period in the case of the other spouse.

[41 FR 17387, Apr. 26, 1976]

§ 3.659 Two parents in same parental line.

The provisions of this section are applicable for periods commencing on or after January 1, 1957 in cases involving payments of death compensation or dependency and indemnity compensation, and in addition, for periods commencing on or after June 9, 1960, in cases involving payments of death pension based on death on or after that date.

(a) If death pension, compensation or dependency and indemnity compensation is payable based on the service of one parent, an award of such benefits to or on account of a child will be made subject to any payments of these benefits made to or on account of that child over the same period of time based on the service of another parent in the same parental line.

(b) Any reduction or discontinuance of an award to the child or to a surviving spouse will be effective the day preceding the commencing date of death pension, compensation, or dependency and indemnity compensation or, under the circumstances described in §3.707, the commencing date of dependents’ educational assistance under 38 U.S.C. ch. 35, to or on account of the child based on the service of another parent in the same parental line. Any increase to a surviving spouse or another child will be effective the commencing date of the award to the child.

CROSS REFERENCE: Two-parent cases. See §3.503(a)(7). Two parents in same parental line. See §3.703.

§ 3.660 Dependency, income and estate.

(a) Reduction or discontinuance—(1) General. A veteran, surviving spouse or
child who is receiving pension, or a
parent who is receiving compensation
or dependency and indemnity com-
ensation must notify the Department
of Veterans Affairs of any material
change or expected change in his or her
income or other circumstances which
would affect his or her entitlement to
receive, or the rate of, the benefit
being paid. Such notice must be fur-
nished when the recipient acquires
knowledge that he or she will begin to
receive additional income or when his
or her marital or dependency status
changes. In pension claims subject to
§ 3.252(b) or § 3.274 and in compensation
claims subject to § 3.250(a)(2), notice
must be furnished of any material in-
crease in corpus of the estate or net
worth.

(2) Effective dates. Where reduction or
discontinuance of a running award of
section 306 pension or old-law pension
is required because dependency of an-
other person ceased due to marriage,
annulment, divorce or death, or be-
cause of an increase in income, which
increase could not reasonably have
been anticipated based on the amount
actually received from that source the
year before, the reduction or dis-
continuance shall be made effective the
end of the year in which the increase
occurred. Where reduction or dis-
continuance of a running award of im-
proved pension or dependency and in-
demnity compensation is required be-
cause of an increase in income, the re-
duction or discontinuance shall be
made effective the end of the month in
which the increase occurred. Where re-
duction or discontinuance of a running
award of any benefit is required be-
cause of an increase in net worth or
corpus of estate, because dependency of
a parent ceased, or because dependency
of another person ceased prior to Octo-
ber 1, 1982, due to marriage, annul-
ment, divorce or death, the award
shall be reduced or discontinued effec-
tive the last day of the month in which
dependency ceased.

(Authority: 38 U.S.C. 5112(b))

(3) Overpayments. Overpayments cre-
ated by retroactive discontinuance of
benefits will be subject to recovery if
not waived. Where dependency and in-
demnity compensation was being paid
to two parents living together, an over-
payment will be established on the
award to each parent.

(b) Award or increase; income. Where
pension or dependency and indemnity
compensation was not paid for a par-
ticular 12-month annualization period
because the claim was disallowed, an
award was deferred under § 3.260(b) or
§ 3.271(f), payments were discontinued
or made at a lower rate based on ant-
icipated or actual income, benefits
otherwise payable may be authorized
commencing the first of a 12-month
annualization period as provided in
this paragraph. In all other cases, bene-
fits may not be authorized for any pe-
riod prior to the date of receipt of a
new claim.

(1) Anticipated income. Where pay-
ments were not made or were made at
a lower rate because of anticipated in-
come, pension or dependency and in-
demnity compensation may be awarded
or increased in accordance with the
facts found but not earlier than the be-
ginning of the appropriate 12-month
annualization period if satisfactory
evidence is received within the same or
the next calendar year.

(Authority: 38 U.S.C. 5110(h))

(2) Actual income. Where the claim-
ant’s actual income did not permit
payment, or payment was made at a
lower rate, for a given 12-month
annualization period, pension or de-
pendency and indemnity compensation
may be awarded or increased, effective
the beginning of the next 12-month
annualization period, if satisfactory
evidence is received within that period.

(c) Increases; change in status. Where
there is change in the payee’s marital
status or status of dependents which
would permit payment at a higher rate
and the change in status is by reason of
the claimant’s marriage or birth or
adoption of a child, the effective date
of the increase will be the date of the

308
event if the required evidence is received within 1 year of the event. Where there is a change in dependency status for any reason other than marriage, or the birth or adoption of a child, which would permit payment at a higher rate, the increased rate will be effective the date of receipt of notice constituting an informal claim if the required evidence is received within 1 year of Department of Veterans Affairs request. The rate payable for each period will be determined, as provided in §§3.260(f) or 3.273(c), (See §3.651 as to increase due to termination of payments to another payee. Also see §3.667 as to increase based on school attendance.)

(d) Corpus of estate; net worth. Where a claim has been finally disallowed or terminated because of the corpus of estate and net worth provisions of §§3.263 or 3.274 and entitlement is established on the basis of a reduction in estate or net worth, or a change in circumstances such as health, acquisition of a dependent, or increased rate of depletion of the estate, benefits or increased benefits will not be paid for any period prior to the date of receipt of a new claim.

§ 3.661 Eligibility Verification Reports.

(a) Determination and entitlement. (1) Where the report shows a change in income, net worth, marital status, status of dependents or change in circumstances affecting the application of the net worth provisions, the award will be adjusted in accordance with §3.660(a)(2).

(2) Where there is doubt as to the extent of anticipated income payment of pension or dependency and indemnity compensation will be authorized at the lowest appropriate rate or will be withheld, as provided in §3.260(b) or §3.271 (f).

(b) Failure to return report—(1) Section 306 and old-law pension—(i) Discontinuance. Discontinuance of old-law or section 306 pension shall be effective the last day of the calendar year for which income (and net worth in a section 306 pension case) was to be reported. (ii) Resumption of benefits. Payment of old-law or section 306 pension may be resumed, if otherwise in order, from the date of last payment if evidence of entitlement is received within the calendar year following the calendar year for which income (and net worth in a section 306 pension case) was to be reported; otherwise pension may not be paid for any period prior to the date of receipt of a new claim.

(ii) Improvement pension and dependency and indemnity compensation—(i) Discontinuance. Discontinuance of dependency and indemnity compensation (DIC) or improved pension shall be effective the first day of the 12-month annualization period for which income (and net worth in an improved pension case) was to be reported or the effective date of the award, whichever is the later date.

(ii) Adjustment of overpayment. If evidence of entitlement to improved pension or DIC for any period for which payment of improved pension or DIC was discontinued for failure to file an Eligibility Verification Report is received at any time, payment of improved pension or DIC shall be awarded for the period of entitlement for which benefits were discontinued for failure to file an Eligibility Verification Report.

(iii) Resumption of benefits. Payment of improved pension and DIC may be resumed, if otherwise in order, from the date of last payment if evidence of entitlement is received within the 12-month annualization period following the 12-month annualization period for which income (and net worth in an improved pension case) was to be reported; otherwise pension or DIC may not be paid for any period prior to receipt of a new claim.

§§ 3.662–3.664 [Reserved]

§ 3.665 Incarcerated beneficiaries and fugitive felons—compensation.

(a) General. Any person specified in paragraph (c) of this section who is incarcerated in a Federal, State or local penal institution in excess of 60 days for conviction of a felony will not be paid compensation or dependency and
indemnity compensation (DIC) in excess of the amount specified in para-
graph (d) of this section beginning on the 61st day of incarceration. VA will
inform a person whose benefits are subject to this reduction of the rights of
the person’s dependents to an apportionment if the VA is aware of their
existence and can obtain their addresses. However, no apportionment
will be made if the veteran or the dependent is a fugitive felon as defined in
paragraph (n) of this section.

(b) Definitions. For the purposes of
this section the term compensation
includes disability compensation under
38 U.S.C. 1151. The term dependency and
indemnity compensation (DIC) includes
death compensation payable under 38
U.S.C. 1121 or 1141, death compensation
and DIC payable under 38 U.S.C. 1151,
and any benefit payable under chapter
13 of title 38, United States Code. The
term release from incarceration includes
participation in a work release or half-
way house program, parole, and com-
pletion of sentence. For purposes of
this section, a felony is any offense
punishable by death or imprisonment
for a term exceeding 1 year, unless spe-
cifically categorized as a misdemeanor
under the law of the prosecuting jurisdic-
tion.

(c) Applicability. The provisions of
paragraph (a) of this section are appli-
cable to the following persons:

(1) A person serving a period of incar-
ceration for conviction of a felony
committed after October 7, 1980.
(2) A person serving a period of incar-
ceration after September 30, 1980 (re-
gardless of when the felony was com-
mited) when the following conditions
are met:
(i) The person was incarcerated on
October 1, 1980; and
(ii) An award of compensation or DIC
is approved after September 30, 1980.
(3) A veteran who, on October 7, 1980,
was incarcerated in a Federal, State, or
local penal institution for a felony
committed before that date, and who
remains so incarcerated for a convic-
tion of that felony as of December 27,

(d) Amount payable during incarcer-
ation—(1) Veteran rated 20 percent or
more. A veteran to whom the provisions
of paragraphs (a) and (c) of this section
apply with a service-connected dis-
ability evaluation of 20 percent or more
shall receive the rate of compensation
payable under 38 U.S.C. 1114(a).
(2) Veteran rated less than 20 percent. A
veteran to whom the provisions of
paragraphs (a) and (c) of this section
apply with a service-connected dis-
ability evaluation of less than 20 per-
cent (even though the rate for 38 U.S.C.
1114 (k) or (q) is paid) shall receive one-
half the rate of compensation payable
under 38 U.S.C. 1114(a).
(3) Surviving spouse, parent or child. A
surviving spouse, parent, or child, ben-
eficiary to whom the provisions of
paragraphs (a) and (c) of this section
apply shall receive one-half the rate of
compensation payable under 38 U.S.C.
1114(a).

(e) Apportionment—(1) Compensation.
All or part of the compensation not
paid to an incarcerated veteran may be
apportioned to the veteran’s spouse,
child or children and dependent parents
on the basis of individual need. In de-
termining individual need consider-
ation shall be given to such factors as
the apportionee claimant’s income and
living expenses, the amount of comp-
ensation available to be apportioned,
the needs and living expenses of other
apportionee claimants as well as any
special needs, if any, of all apportionee
claimants.
(2) DIC. All or part of the DIC not
paid to an incarcerated surviving
spouse or other children not in the sur-
viving spouse’s custody may be appor-
tioned to another child or children. All
or part of the DIC not paid to an incar-
cerated child may be apportioned to
the surviving spouse or other children.
These apportionments shall be made on
the basis of individual need giving con-
sideration to the factors set forth in
paragraph (e)(1) of this section.

(f) Effective dates. An apportionment
under this section shall be effective the
date of reduction of payments made to
the incarcerated person, subject to
payments to the incarcerated person
over the same period, if an informal
claim is received within 1 year after notice to the incarcerated person as required by paragraph (a) of this section, and any necessary evidence is received within 1 year from the date of request by the Department of Veterans Affairs; otherwise, payments may not be made for any period prior to the date of receipt of a new informal claim.

(g) Incarcerated dependent. No apportionment may be made to or on behalf of any person who is incarcerated in a Federal, State, or local penal institution for conviction of a felony.

(h) Notice to dependent for whom apportionment granted. A dependent for whom an apportionment is granted under this section shall be informed that the apportionment is subject to immediate discontinuance upon the incarcerated person’s release or participation in a work release or halfway house program. A dependent shall also be informed that if the dependent and the incarcerated person do not live together when the incarcerated person is released (or participates in a work release or halfway house program) the dependent may submit a new claim for apportionment.

(i) Resumption upon release—(1) No apportionment or family reunited. If there was no apportionment at the time of release from incarceration, or if the released person is reunited with all dependents for whom an apportionment was granted, the released person’s award shall be resumed the date of release from incarceration if the Department of Veterans Affairs receives notice of release within 1 year following release; otherwise the award shall be resumed the date of receipt of notice of release from incarceration, it shall be discontinued date of last payment to the apportionee upon receipt of notice of release of the incarcerated person. Payment to the released person shall then be resumed at the full rate from date of last payment to the apportionee. Payment to the released person from date of release to date of last payment to the apportionee shall be made at the rate which is the difference between the released person’s full rate and the sum of (i) the rate that was payable to the apportionee and (ii) the rate payable during incarceration.

(2) Apportionment granted and family not reunited. If there was an apportionment granted during incarceration and the released person is not reunited with all dependents for whom an apportionment was granted, the released person’s award shall be resumed as stated in paragraph (i)(1) of this section except that when the released person’s award is resumed it shall not include any additional amount payable by reason of a dependent(s) not reunited with the released person. The award to this dependent(s) will then be reduced to the additional amount payable for the dependent(s).

(3) Apportionment to a dependent parent. An apportionment made to a dependent parent under this section cannot be continued beyond the veteran’s release from incarceration unless the veteran is incompetent and the provisions of §3.452(c) (1) and (2) are for application. When a competent veteran is released from incarceration an apportionment made to a dependent parent shall be discontinuated and the veteran’s award resumed as provided in paragraph (i)(1) of this section.

(j) Increased compensation during incarceration—(1) General. The amount of any increased compensation awarded to an incarcerated veteran that results from other than a statutory rate increase may be subject to reduction due to incarceration. This applies to a veteran whose compensation is subject to reduction under paragraphs (a) and (c) of this section prior to approval of an award of increased compensation as well as to veteran whose compensation is not subject to reduction under paragraphs (a) and (c) of this section prior to approval of an award of increased compensation.

(2) Veteran subject to reduction under paragraphs (a) and (c) of this section. If prior to approval of an award of increased compensation the veteran’s compensation was reduced under the provisions of paragraphs (a) and (c) of this section, the amount of the increase shall be reduced as follows if the veteran remains incarcerated:

(i) If the veteran’s schedular evaluation is increased from 10 percent to 20 percent or greater, the amount payable

311
to the veteran shall be increased from one-half the rate payable under 38 U.S.C. 1114(a) to the rate payable under section 1114(a).

(ii) If the veteran’s schedular evaluation was 20 percent or more, none of the increased compensation shall be paid to the veteran while the veteran remains incarcerated.

(3) Veteran’s compensation not subject to reduction under paragraphs (a) and (c) of this section prior to award of increased compensation. If prior to the approval of an award of increased compensation the veteran is incarcerated in a Federal, State, or local penal institution for conviction of a felony the veteran’s compensation was not reduced under the provisions of paragraphs (a) and (c) of this section, none of the increased compensation shall be paid to the veteran for periods after October 7, 1980, subject to the following conditions:

(i) The veteran remains incarcerated after October 7, 1980 in a Federal, State, or local penal institution for conviction of a felony; and

(ii) The award of increased compensation is approved after October 7, 1980. If the effective date of the increase is prior to October 8, 1980, the amount payable for periods prior to October 8, 1980, shall not be reduced.

(4) Apportionments. The amount of any increased compensation reduced under this paragraph may be apportioned as provided in paragraph (e) of this section.

(k) Retroactive awards. Whenever compensation or DIC is awarded to an incarcerated person any amounts due for periods prior to date of reduction under this section shall be paid to the incarcerated person.

(l) DIC parents. If two parents are both entitled to DIC and were living together prior to the time of the DIC payable to one parent was reduced due to incarceration, they shall be considered as two parents not living together for the purpose of determining entitlement to DIC.

(m) Conviction overturned on appeal. If a conviction is overturned on appeal, any compensation or DIC withheld under this section as a result of incarceration for such conviction (less the amount of any apportionment) shall be restored to the beneficiary.

(n) Fugitive felons. (1) Compensation is not payable on behalf of a veteran for any period during which he or she is a fugitive felon. Compensation or DIC is not payable on behalf of a dependent of a veteran for any period during which the veteran or the dependent is a fugitive felon.

(2) For purposes of this section, the term fugitive felon means a person who is a fugitive by reason of:

(i) Fleeing to avoid prosecution, or custody or confinement after conviction, for an offense, or an attempt to commit an offense, which is a felony under the laws of the place from which the person flees; or

(ii) Violating a condition of probation or parole imposed for commission of a felony under Federal or State law.

(3) For purposes of paragraph (n) of this section, the term felony includes a high misdemeanor under the laws of a State which characterizes as high misdemeanors offenses that would be felony offenses under Federal law.

(4) For purposes of paragraph (n) of this section, the term dependent means a spouse, surviving spouse, child, or dependent parent of a veteran.

§ 3.666 Incarcerated beneficiaries and fugitive felons—pension.

If any individual to or for whom pension is being paid under a public or private law administered by the Department of Veterans Affairs is imprisoned in a Federal, State or local penal institution as the result of conviction of a felony or misdemeanor, such pension payments will be discontinued effective on the 61st day of imprisonment following conviction. The payee will be informed of his or her rights and the rights of dependents to payments while he or she is imprisoned as well as the conditions under which payments to him or to her may be resumed on his or her release from imprisonment. However, no apportionment will be made if the veteran or the dependent is a fugitive felon as defined in paragraph (e) of
Department of Veterans Affairs

§ 3.666

this section. Payments of pension authorized under this section will continue until notice is received by the Department of Veterans Affairs that the imprisonment has terminated.

(a) Disability pension. Payment may be made to the spouse, child or children of a veteran disqualified under this section:

(1) If the veteran continues to be eligible except for the provisions of this section, and

(2) If the annual income of the spouse or child is such that death pension would be payable.

(3) At the rate payable under the death pension law or the rate which the veteran was receiving at the time of imprisonment, whichever is less.

(4) From the day following the date of discontinuance of payments to the veteran, subject to payments made to the veteran over the same period, if an informal claim is received within 1 year after notice to the veteran as required by this section and any necessary evidence is received within 1 year from the date of request; otherwise payments may not be made for any period prior to the date of receipt of a new informal claim.

(b) Death pension. Payment may be made to a child or children where a surviving spouse is disqualified under this section:

(1) If surviving spouse is disqualified to child or children at the rate of death pension payable if there were no such surviving spouse; or

(2) If a child is disqualified, to a surviving spouse or other child or children at the rate of death pension payable if there were no such child, and

(3) From the day following the date of discontinuance of payments to the disqualified person, subject to payments made to that person over the same period if evidence of income is received within 1 year after date of request; otherwise payments may not be made for any period prior to the date of receipt of an informal claim.

(4) The income limitation applicable to eligible persons will be that which would apply if the imprisoned person did not exist.

(c) Resumption of pension upon release from incarceration. Pension will be resumed as of the day of release if notice (which constitutes an informal claim) is received within 1 year following release; otherwise resumption will be effective the date of receipt of such notice. Where an award or increased award was made to any other payee based upon the disqualification of the veteran, surviving spouse, or child while in prison, such award will be reduced or discontinued as of date of last payment and pension will be resumed to the released prisoner at a rate which will be the difference, if any, between the total pension payable and the amount which was paid to the other person or persons through the date of last payment and thereafter the full rate.

(d) Veteran entitled to compensation. If an imprisoned veteran is entitled to a lesser rate of disability compensation, it shall be awarded as of the first day of imprisonment in lieu of the pension the veteran was receiving if the veteran has neither spouse nor child. If the veteran has a spouse or a child, compensation will be awarded only after the veteran has been furnished an explanation of the effect of electing compensation on the amount available for apportionment. If the veteran then requests compensation, it shall be awarded from the date veteran requests the Department of Veterans Affairs to take such action.

(e) Fugitive felons. (1) Pension is not payable on behalf of a veteran for any period during which he or she is a fugitive felon. Pension or death pension is not payable on behalf of a dependent of a veteran for any period during which the veteran or the dependent is a fugitive felon.

(2) For purposes of this section, the term fugitive felon means a person who is a fugitive by reason of:

(i) Fleeing to avoid prosecution, or custody or confinement after conviction for an offense, or an attempt to commit an offense, which is a felony under the laws of the place from which the person flees; or

(ii) Violating a condition of probation or parole imposed for commission of a felony under Federal or State law.

(3) For purposes of paragraph (e) of this section, the term felony includes a high misdemeanor under the laws of a
§ 3.667 School attendance.

(a) General. (1) Pension or compensation may be paid from a child’s 18th birthday based upon school attendance if the child was at that time pursuing a course of instruction at an approved educational institution and a claim for such benefits is filed within 1 year from the child’s 18th birthday.

(2) Pension or compensation based upon a course of instruction at an approved educational institution which was begun after a child’s 18th birthday may be paid from the commencement of the course if a claim is filed within 1 year from that date.

(3) An initial award of DIC (dependency and indemnity compensation) to a child in the child’s own right is payable from the first day of the month in which the child attains age 18 if the child was pursuing a course of instruction at an approved educational institution on the child’s 18th birthday, and if a claim for benefits is filed within 1 year from the child’s 18th birthday. In the case of a child who attains age 18 after September 30, 1981, if the child was, immediately before attaining age 18, counted under 38 U.S.C. 1311(b) for the purpose of determining the amount of DIC payable to the surviving spouse, the effective date of an award of DIC to the child shall be the date the child attains age 18 if a claim for DIC is filed within 1 year from that date.

(b) Vacation periods. A child is considered to be in school during a vacation or other holiday period if he or she was attending an approved educational institution at the end of the preceding school term and resumes attendance, either in the same or a different approved educational institution, at the beginning of the next term. If an award has been made covering a vacation period, and the child fails to commence or resume school attendance, benefits will be terminated the date of last payment or the last day of the month preceding the date of failure to pursue the course, whichever is the earlier.

(c) Ending dates. Except as provided in paragraph (b) of this section, benefits may be authorized through the last day of the month in which a course was or will be completed.

(d) Transfers to other schools. When benefits have been authorized based upon school attendance and it is shown that during a part or all of that period the child was pursuing a different course in the same approved educational institution or a course in a different approved educational institution, payments previously made will not be disturbed.

(4) An initial award of dependency and indemnity compensation to a child in its own right based upon a course of instruction at an approved educational institution which was begun after the child’s 18th birthday may be paid from the first day of the month in which the course commenced if a claim is filed within 1 year from that date.

(5) Where a child was receiving dependency and indemnity compensation in its own right prior to age 18, payments may be continued from the 18th birthday if the child was then attending an approved educational institution and evidence of such school attendance is received within 1 year from the 18th birthday. Where the child was receiving dependency and indemnity compensation in its own right prior to age 18 and was not attending an approved educational institution on the 18th birthday but commences attendance at an approved educational institution after the 18th birthday, payments may be resumed from the commencing date of the course if evidence of such school attendance is filed within 1 year from that date.
§ 3.700

(e) Accrued benefits only. When a claim for accrued benefits is filed by or on behalf of a veteran’s child over 18 but under 23 years of age, who was pursuing a course of instruction at the time of the payee’s death and payment of accrued benefits only is involved, evidence of school attendance need not be confirmed by the school. When the payee’s death occurred during a school vacation period, the requirements will be considered to have been met if the child was carried on the school rolls on the last day of the regular school term immediately preceding the date of the payee’s death.

(f) Nonduplication. Pension, compensation or dependency and indemnity compensation may not be authorized:

(1) After a child has elected to receive educational assistance under 38 U.S.C. chapter 35 (see § 3.707 and § 21.3023 of this chapter); or

(2) Based on an educational program in a school where the child is wholly supported at the expense of the Federal Government, such as a service academy.

§ 3.668 [Reserved]

§ 3.669 Forfeiture.

(a) General. Upon receipt of notice from a Regional Counsel (or in cases under the jurisdiction of the Manila Regional Office, the Veterans Service Center Manager) that a case is being formally submitted for consideration of forfeiture of a payee’s rights under § 3.905 of this part or that the payee has been indicted for subversive activities, payments will be suspended effective date of last payment.

(b) Fraud or treasonable act—(1) Fraud. If forfeiture of rights is not declared, payments shall be resumed from date of last payment, if otherwise in order. If it is determined that rights have been forfeited, benefits shall be discontinued effective the commencing date of the award or the day preceding the commission of the act resulting in the forfeiture, whichever is later.

(2) Treasonable acts. If forfeiture of rights is not declared, payments shall be resumed from date of last payment, if otherwise in order. If it is determined that rights have been forfeited, benefits shall be discontinued the date of the forfeiture decision or date of last payment, whichever is earlier.

(c) Subversive activities. If the payee is acquitted of the charge, payments will be resumed from date of last payment, if otherwise in order. If the payee is convicted, benefits will be discontinued effective the commencing date of the award or the day preceding the commission of the act resulting in the forfeiture, whichever is later.

(d) Pardons. (1) Where the payee’s offense has been pardoned by the President of the United States, the award will be resumed, if otherwise in order, effective the date of the pardon if claim is filed within 1 year from that date; otherwise benefits may not be authorized for any period prior to the date of filing claim. The award will be subject to any existing overpayment.

(2) Payments to a dependent of the person whose benefits were declared forfeited before September 2, 1959, will be discontinued effective the day preceding the date of the pardon.

CONCURRENT BENEFITS AND ELECTIONS

§ 3.700 General.

Not more than one award of pension, compensation, or emergency officers’, regular or reserve retirement pay will be made concurrently to any person based on his or her own service except as provided in § 3.803 relating to naval pension and § 3.750(c) relating to waiver of retirement pay. Not more than one award of pension, compensation, or dependency and indemnity compensation
may be made concurrently to a depend-ent on account of more than one period of service of a veteran.

(Authority: 38 U.S.C. 5304(a))

(a) Veterans—(1) Active service pay. (1) Pension, compensation, or retirement pay on account of his or her own serv-ice will not be paid to any person for any period for which he or she receives active service pay.

(Authority: 38 U.S.C. 5304(c))

(ii) Time spent by members of the ROTC in drills as part of their activi-ties as members of the corps is not ac-tive service.

(iii) Reservists may waive their pen-sion, compensation, or retirement pay for periods of field training, instruc-tion, other duty or drills. A waiver may include prospective periods and contain a right of recoupment for the days for which the reservists did not receive payment for duty by reason of failure to report for duty.

(2) Lump-sum readjustment pay. (1) Where entitlement to disability com-pensation was established prior to September 15, 1981, a veteran who has re-ceived a lump-sum readjustment pay-ment under former 10 U.S.C. 687 (as in effect on September 14, 1981) may re-ceive disability compensation for dis-ability incurred in or aggravated by service prior to the date of receipt of lump-sum readjustment payment sub-ject to deduction of an amount equal to 75 percent of the amount received as readjustment payment.

(Authority: 38 U.S.C. 501)

(ii) Readjustment pay authorized under former 10 U.S.C. 3814(a) is not subject to recoupment through with-holding of disability compensation, en-titlement to which was established prior to September 15, 1981.

(Authority: 38 U.S.C. 501)

(iii) Where entitlement to disability compensation was established on or after September 15, 1981, a veteran who has received a lump-sum readjustment payment may receive disability compensa-tion for disability incurred in or aggra-vated by service prior to the date of receipt of the lump-sum readjust-ment payment, subject to recoupment of the readjustment payment. Where payment of readjustment pay was made on or before September 30, 1996, VA will recoup from disability compensa-tion an amount equal to the total amount of readjustment pay. Where payment of readjustment pay was made after September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of readjustment pay less the amount of Federal income tax withheld from such pay.

(Authority: 10 U.S.C. 1174(h)(2))

(iv) The receipt of readjustment pay does not affect the payment of dis-ability compensation based on a subse-quent period of service. Compensation payable for service-connected dis-ability incurred in a subsequent period of service will not be re-duced for the purpose of offsetting re-adjustment pay based on a prior period of service.

(Authority: 10 U.S.C. 1174(h)(2))

(3) Severance pay. Where the dis-ability or disabilities found to be serv-ice-connected are the same as those upon which disability severance pay is granted, or where entitlement to dis-ability compensation was established on or after September 15, 1981, an award of compensation will be made subject to recoupment of the disability severance pay. Prior to the initial de-termination of the degree of disability recoupment shall be at the full monthly compensation rate payable for the dis-ability or disabilities for which severance pay was granted. Following initial determination of the degree of dis-ability recoupment shall not be at a monthly rate in excess of the monthly compensation payable for that degree of disability. For this purpose the term “initial determination of the degree of disability” means the first regular schedular compensable rating in ac-cordance with the provisions of subpart B, part 4 of this chapter and does not mean a rating based in whole or in part on a need for hospitalization or a pe-riod of convalescence. Where entitle-ment to disability compensation was established prior to September 15, 1981,
compensation payable for service-connected disability other than the disability for which disability severance pay was granted will not be reduced for the purpose of recouping disability severance pay. Where entitlement to disability compensation was established on or after September 15, 1981, a veteran may receive disability compensation for disability incurred or aggravated by service prior to the date of receipt of the severance pay, but VA must recoup from that disability compensation an amount equal to the severance pay. Where payment of severance pay was made on or before September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of the severance pay less the amount of Federal income tax withheld from such pay. For members of the Armed Forces who separated under Chapter 61 of title 10, United States Code, on or after January 28, 2008, no recoupment of severance pay will be made for disabilities incurred in line of duty in a combat zone or incurred during performance of duty in combat-related operations as designated by the Department of Defense.

(Authority: 10 U.S.C. 1174(h)(2) and 1212(d))

(4) Improved pension. If a veteran is entitled to improved pension on the basis of the veteran’s own service and is also entitled to pension under any pension program currently or previously in effect on the basis of any other person’s service, the Department of Veterans Affairs shall pay the veteran only the greater benefit.

(Authority: 38 U.S.C. 1521(i))

(5) Separation pay and special separation benefits. (i) Where entitlement to disability compensation was established on or after September 15, 1981, a veteran who has received separation pay may receive disability compensation for disability incurred in or aggravated by service prior to the date of receipt of separation pay subject to recoupment of the separation pay. Where payment of separation pay was made on or before September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of separation pay. Where payment of separation pay was made after September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of separation pay less the amount of Federal income tax withheld from such pay. The Federal income tax withholding amount is the flat withholding rate for Federal income tax withholding.

(ii) The receipt of separation pay does not affect the payment of disability compensation based on a subsequent period of service. Compensation payable for service-connected disability incurred or aggravated in a subsequent period of service will not be reduced for the purpose of offsetting separation pay based on a prior period of service.

(iii) Where payment of special separation benefits under 10 U.S.C. 1174a was made on or after December 5, 1991, VA will recoup from disability compensation an amount equal to the total amount of special separation benefits less the amount of Federal income tax withheld from such pay. The Federal income tax withholding amount is the flat withholding rate for Federal income tax withholding.

(Authority: 10 U.S.C. 1174 and 1174a)

(b) Dependents—(1) Surviving spouse. Subject to the provisions of paragraph (a)(4) of this section, the receipt of pension, compensation, or dependency and indemnity compensation by a surviving spouse because of the death of any veteran, or receipt of pension or compensation because of his or her own service, shall not bar the payment to the surviving spouse of pension, compensation, or dependency and indemnity compensation because of the death or disability of any other veteran; however, other than insurance, concurrent benefits under laws administered by the Department of Veterans Affairs may not be authorized to a surviving spouse by reason of the death of more than one veteran to whom the surviving spouse has been married. The surviving spouse may elect to receive benefits based on the death of one such
spouse and the election places the right to benefits based on the deaths of other spouses in suspense. The suspension may be lifted at any time by another election based on the death of another spouse. Benefits payable in the elected case will be subject to prior payments for the same period based on the death of the other spouse where, under the provisions of §3.400(c), there is entitlement in the elected case prior to date of receipt of the election.

(Authority: 38 U.S.C. 5304)

(2) Children. Except as provided in §3.703 and paragraph (a)(4) of this section, the receipt of pension, compensation, or dependency and indemnity compensation by a child on account of the death of a veteran or the receipt by the child of pension or compensation on account of his or her own service will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other veteran.

(3) Parents. The receipt of compensation or dependency and indemnity compensation by a parent on account of the death of a veteran or receipt by him or her of pension or compensation on account of his or her own service, will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other person.

(Authority: 38 U.S.C. 5304(b))

§3.702 Dependency and indemnity compensation.

(a) Right to elect. A person who is eligible for death compensation and who has entitlement to dependency and indemnity compensation pursuant to the provisions of §3.5(b)(2) or (3) may receive dependency and indemnity compensation upon the filing of a claim. The claim of such a person for service-connected death benefits shall be considered a claim for dependency and indemnity compensation subject to confirmation by the claimant. The effective date of payment is controlled by the provisions of §3.400(c)(4).
(b) **Effect on child’s entitlement.** Where a surviving spouse is entitled to death compensation, the amount of which is based in part on the existence of a child who has attained the age of 18 years, and elects to receive dependency and indemnity compensation, the independent award of dependency and indemnity compensation to which the child is entitled will be awarded to or for the child without separate election by or for the child. Should such a surviving spouse not elect to receive dependency and indemnity compensation, the independent dependency and indemnity compensation to which a child who has attained 18 years of age is entitled, may be awarded upon application by or for the child. The effective date of award in these situations will be in accordance with §3.400(c)(4)(i).

(c) **Limitation.** A claim for dependency and indemnity compensation may not be filed or withdrawn after the death of the surviving spouse, child, or parent.

(d) **Finality of election.**

(1) Except as noted in paragraph (d)(2), an election to receive dependency and indemnity compensation is final and the claimant may not thereafter reelect death pension or compensation in that case. An election is final when the payee (or the payee’s fiduciary) has negotiated one check for this benefit or when the payee dies after filing an election but prior to negotiation of a check.

(2) Notwithstanding the provisions of paragraph (d)(1), effective November 2, 1994, a surviving spouse who is receiving dependency and indemnity compensation may elect to receive death pension instead of such compensation.

(Authority: 38 U.S.C. 1317)

(e) **Surviving spouse becomes entitled.** A surviving spouse who becomes eligible to receive death compensation by reason of liberalizing provisions of any law may receive death compensation or elect dependency and indemnity compensation even though dependency and indemnity compensation has been paid to a child or children of the veteran.

(f) **Death pension rate.**

(1) Effective October 1, 1961, where the monthly rate of dependency and indemnity compensation payable to a surviving spouse who has children is less than the monthly rate of death pension which would be payable to such surviving spouse if the veteran’s death had not been service connected, dependency and indemnity compensation shall be paid to such surviving spouse in an amount equal to the pension rate for any month (or part thereof) in which this rate is greater.

(2) Effective June 22, 1966, where the monthly rate of dependency and indemnity compensation payable to a surviving spouse who has children is less than the monthly rate of death pension which would be payable for the children if the veteran’s death had not been service connected and the surviving spouse were not entitled to such pension, dependency and indemnity compensation shall be payable to the surviving spouse in an amount equal to the monthly rate of death pension which would be payable to the children for any month (or part thereof) in which this rate is greater.

(Authority: 38 U.S.C. 1312(b))

**CROSS REFERENCE:** Deaths prior to January 1, 1957. See §3.400(c)(3)(i).

§ 3.703 Two parents in same parental line.

(a) **General.** Death compensation or dependency and indemnity compensation is not payable for a child if dependency and indemnity compensation is paid to or for the child or to the surviving spouse on account of the child by reason of the death of another parent in the same parental line where both parents died before June 9, 1960. Where the death of one such parent occurred on or after June 9, 1960, gratuitous benefits may not be paid or furnished to or on account of any child by reason of the death of more than one parent in the same parental line.

(b) **Election.** The child or his or her fiduciary may elect to receive benefits based on the service of either veteran. An election of pension, compensation or dependency and indemnity compensation based on the death of one parent places the right to such benefits based on the death of another parent in
suspension. The suspension may be lifted at any time by making another election.

(c) Other payees. Where a child has elected to receive pension, compensation, dependency and indemnity compensation or dependents’ educational assistance under 38 U.S.C. ch. 35 based on the death of a veteran, he (or she) will be excluded from consideration in determining the eligibility or rate payable to a surviving spouse or another child or children in the case of another deceased veteran in the same parental line. See §3.659(b).

CROSS REFERENCES: Two-parent cases. See §3.503(a)(7). Two parents in same parental line. See §3.659.

§ 3.704 Elections within class of dependents.

(a) Children. Where children are eligible to receive monthly benefits under more than one law in the same case, the election of benefits under one law by or on behalf of one child will not serve to increase the rate allowable for any other child under another law in that case. The rate payable for each child will not exceed the amount which would be paid if all children were receiving benefits under the same law. Where a child is no longer eligible to receive pension, compensation or dependency and indemnity compensation because of having elected dependents’ educational assistance under 38 U.S.C. chapter 35, the child will be excluded from consideration in determining the rate payable for another child or children.

(b) Parents. If there are two parents eligible for dependency and indemnity compensation and only one parent files claim for this benefit, the rate of dependency and indemnity compensation for that parent will not exceed the amount which would be paid to him or her if both parents had filed claim for dependency and indemnity compensation. The rate of death compensation for the other parent will not exceed the amount which would be paid if both parents were receiving this benefit.

§ 3.707 Dependents’ educational assistance.

(a) Child. The conditions applicable to the bar to payment of pension, compensation or dependency and indemnity compensation for a child concomitantly with educational assistance allowance under 38 U.S.C. chapter 35 are set forth in §21.3023 of this chapter.

(b) Spouse or surviving spouse. There is no bar to the payment of pension, compensation or dependency and indemnity compensation to a spouse concomitantly with educational assistance allowance under 38 U.S.C. ch. 35.

§ 3.708 Federal Employees’ Compensation.

(a) Military service—(1) Initial election. Where a person is entitled to compensation from the Office of Workers’ Compensation Programs, under the Federal Employees’ Compensation Act (FECA) based upon disability or death due to service in the Armed Forces and is also entitled based upon service in the Armed Forces to pension, compensation or dependency and indemnity compensation under the laws administered by the Department of Veterans Affairs, the claimant will elect which benefit he or she will receive. Pension compensation, or dependency and indemnity compensation may not be paid in such instances by the Department of Veterans Affairs.

(2) Right of reelection. Persons receiving compensation from the Office of Workers’ Compensation Programs

320
based on death due to military service may elect to receive dependency and indemnity compensation at any time. Once payment of dependency and indemnity compensation has been granted, all further right to FECA benefits is extinguished and only dependency and indemnity compensation is payable thereafter.

(3) Rights of children. Where primary title is vested in the surviving spouse, the claimant’s election controls the rights of any of the veteran’s children, regardless of whether they are in the claimant’s custody and regardless of the fact that such children may not be eligible to receive benefits under laws administered by the Office of Workers’ Compensation Programs. A child who is eligible for dependency and indemnity compensation or other benefits independent of the surviving spouse’s entitlement may receive such benefits concurrently with payment of FECA benefits to the surviving spouse.

(4) Entitlement based on 38 U.S.C. 1151. The provisions of this paragraph are applicable also in those cases in which disability or death occurs as a result of having submitted to an examination, medical or surgical treatment, hospitalization or hospital care, training, or compensated work therapy program. See §§3.358 and 3.361.

(b) Civilian employment—(1) Same disability or death. Where a person is entitled to compensation from the Office of Workers’ Compensation Programs based upon civilian employment and is also entitled to compensation or dependency and indemnity compensation under laws administered by the Department of Veterans Affairs for the same disability or death, the claimant will elect which benefit he or she will receive. On or after September 13, 1960, an award cannot be approved for payment of compensation or dependency and indemnity compensation concurrently with compensation from the Office of Workers’ Compensation Programs in such instances and an election to receive benefits from either agency is final. See §3.958. There is no right of reelection. (5 U.S.C. 8116(b)) A child who is eligible for dependency and indemnity compensation or other benefits independent of the surviving spouse’s entitlement may receive such benefits concurrently with payment of FECA benefits to the surviving spouse.

(2) Not the same disability or death. There is no prohibition against payment of benefits under the Federal Employees’ Compensation Act concurrently with other benefits administered by the Department of Veterans Affairs when such benefits are not based on the same disability or death.

§ 3.710 Civil service annuitants.

Department of Veterans Affairs benefits may be paid concurrently with civil service retirement benefits. However, payments will be considered income as provided in §3.262 (e) and (h).

§ 3.711 Improved pension elections.

Except as otherwise provided by this section and §3.712, a person entitled to receive section 306 or old-law pension on December 31, 1978, may elect to receive improved pension under the provisions of 38 U.S.C. 1521, 1541, or 1542 as in effect on January 1, 1979. Except as provided by §3.714, an election of improved pension is final when the payee (or the payee’s fiduciary) negotiates one check for this benefit and there is no right to reelection. Any veteran eligible to make an election under this section who is married to a veteran who is also eligible to make such an election may not receive improved pension unless the veteran’s spouse also elects to receive improved pension.

§ 3.712 Improved pension elections; surviving spouses of Spanish-American War veterans.

(a) General. A surviving spouse of a Spanish-American War veteran eligible for pension under 38 U.S.C. 1536 may elect to receive improved pension under 38 U.S.C. 1541. Except as provided by §3.714, an election of improved pension is final when the payee (or the payee’s fiduciary) negotiates one check for this benefit and there is no right of reelection.
§ 3.713 Aid and attendance. A surviving spouse of a Spanish-American War veteran who is receiving or entitled to receive pension based on need for regular aid and attendance shall be paid whichever is the greater: The monthly rate authorized by 38 U.S.C. 1536 (a) and (b) and 1544 or the monthly rate authorized by 38 U.S.C. 1541 and 544, as 38 U.S.C. 1541 and 1544 were in effect on December 31, 1978, based on the surviving spouse’s current income and net worth. Pension under 38 U.S.C. 1541 and 1544, as in effect on December 31, 1978, is not payable if the current size of the surviving spouse’s net worth is a bar to payment under § 3.252(b) or if the surviving spouse’s income exceeds the applicable limitation as in effect on December 31, 1978. Elections are not required for this purpose. The change in rate shall be effective the first day of the month in which the facts warrant such change.

(Authority: 38 U.S.C. 1536)

§ 3.714 Improved pension elections—public assistance beneficiaries.

(a) Definitions. The following definitions are applicable to this section.

(1) Pensioner. This means a person who was entitled to section 306 or old-law pension, or a dependent of such a person for the purposes of chapter 15 of title 38, United States Code as in effect on December 31, 1978.

(2) Public assistance. This means payments under the following titles of the Social Security Act:

(i) Title I (Grants to States for Old Age Assistance and Medical Assistance to the Aged).

(ii) Title X (Grants to States for Aid to the Blind).

(iii) Title XIV (Grants to States for Aid to the Permanently and Totally Disabled).

(iv) Part A of title IV (Aid to Families with Dependent Children).

(v) Title XVI (Supplemental Security Income for the Aged, Blind and Disabled).

(3) Medicaid. This means a State plan for medical assistance under title XIX of the Social Security Act.

(4) Informed election. The term “informed election” means an election of improved pension (or a reaffirmation of a previous election of improved pension) after the Department of Veterans Affairs has complied with the requirements of paragraph (e) of this section.

(b) General. In some States only a person in receipt of public assistance is eligible for medicaid. When this is the case the following applies effective January 1, 1979:

(1) A pensioner may not be required to elect improved pension to receive, or to continue to receive, public assistance; or

(2) A pensioner may not be denied (or suffer a reduction in the amount of) public assistance by reason of failure or refusal to elect improved pension.

(c) Public assistance deemed to continue. Public assistance (or a supplementary payment under Pub. L. 93–233, sec. 13(c)) payable to a pensioner may have been terminated because the pensioner’s income increased as a result of electing improved pension. In this instance public assistance (or a supplementary payment under Pub. L. 93–233,
sec. 13(c)) shall be deemed to have remained payable to a pensioner for each month after December 1978 when the following conditions are met:

1. The pensioner was in receipt of pension for the month of December 1978;
2. The pensioner was in receipt of public assistance (or a supplementary payment under Pub. L. 93–233, sec. 13(c)) prior to June 17, 1980, and for the month of December 1978; and
3. The pensioner’s public assistance payments (or a supplementary payment under Pub. L. 93–233, sec. 13(c)) were discontinued because of an increase in income resulting from an election of improved pension.

(d) End of the deemed period of entitlement to public assistance. The deemed period of entitlement to public assistance (or a supplementary payment under Pub. L. 93–233, sec. 13(c)) ends the first calendar month that begins more than 10 days after a pensioner makes an informed election of improved pension. (If the pensioner is unable to make an informed election the informed election may be made by a member of the pensioner’s family.) A pensioner who fails to disaffirm a previously made election of improved pension within the time limits set forth in paragraph (e) of this section shall be deemed to have reaffirmed the previous election. This will also end the deemed period of entitlement to public assistance.

(e) Notice of right to make informed election or disaffirm election previously made. The Department of Veterans Affairs shall send a written notice to each pensioner to whom paragraph (b) of this section applies and who is eligible to elect or who has elected improved pension. The notice shall be in clear and understandable language. It shall include the following:

1. A description of the consequences to the pensioner (and the pensioner’s family if applicable) of losing medicaid eligibility because of an increase in income resulting from electing improved pension; and
2. A description of the provisions of paragraph (b) of this section; and
3. In the case of a pensioner who has previously elected improved pension, a form for the purpose of enabling the pensioner to disaffirm the previous election of improved pensions; and
   (i) That a pensioner has 90 days from the date the notice is mailed to the pensioner to disaffirm a previous election by completing the disaffirmation form and mailing it to the Department of Veterans Affairs.
   (ii) That a pensioner who disaffirms a previous election shall receive, beginning the calendar month after the calendar month in which the Department of Veterans Affairs receives the disaffirmation, the amount of pension payable if improved pension had not been elected.
   (iii) That a pensioner who disaffirms a previous election may again elect improved pension but without a right to disaffirm the subsequent election.
   (iv) That a pensioner who disaffirms an election of improved pension shall not be indebted to the United States for the period in which the pensioner received improved pension.

(Authority: Pub. L. 96–272, sec. 310; 94 Stat. 500)

(f) Notification to the Social Security Administration. The Department of Veterans Affairs shall promptly furnish the Social Security Administration the following information:

1. The name and identifying information of each pensioner who disaffirms his or her election of improved pension.
2. The name and identifying information of each pensioner who fails to disaffirm and election of improved pension within the 90-day period described in paragraph (e)(4)(i) of this section.
3. The name and identifying information of each pensioner who after disaffirming his or her election of improved pension, subsequently reelected improved pension.

(Authority: 38 U.S.C. 501)

(a) Compensation. (1) A radiation-exposed veteran, as defined in 38 CFR 3.309(d)(3), who receives a payment
§ 3.750 38 CFR Ch. I (7–1–11 Edition)

under the Radiation Exposure Compensation Act of 1990, as amended (42 U.S.C. 2210 note) (RECA), will not be denied compensation to which the veteran is entitled under 38 CFR 3.309(d) for months beginning after March 26, 2002.

(2) A veteran who is not a “radiation-exposed veteran,” as defined in 38 CFR 3.309(d)(3), is not entitled to VA compensation for disability caused by a disease that is attributable to exposure to radiation for which the veteran has received a payment under RECA.

(b) Dependency and indemnity compensation. A person who receives a payment under RECA based upon a veteran’s death will not be denied dependency and indemnity compensation to which the person is entitled under 38 CFR 3.5 and 3.22 for months beginning after March 26, 2002.

(c) Offset of RECA payment against VA benefits. Notwithstanding paragraph (a) or (b) of this section, the amount of a RECA payment will be deducted from the amount of compensation payable pursuant to §3.309(d) or the amount of dependency and indemnity compensation payable.

RETIREMENT

§ 3.750 Entitlement to concurrent receipt of military retired pay and disability compensation.

(a) Definition of military retired pay. For the purposes of this part, military retired pay is payment received by a veteran that is classified as retired pay by the Service Department, including retainer pay, based on the recipient’s service as a member of the Armed Forces or as a commissioned officer of the Public Health Service, the Coast and Geodetic Survey, the Environmental Science Services Administration, or the National Oceanic and Atmospheric Administration.

(b) Payment of both military retired pay and disability compensation or improved pension—(1) Compensation. Subject to paragraphs (b)(2) and (b)(3) of this section, a veteran who is entitled to military retired pay and disability compensation for a service-connected disability rated 50 percent or more, or a combination of service-connected disabilities rated 50 percent or more, under the schedule for rating disabilities (38 CFR part 4, subpart B), is entitled to receive both payments subject to the phase-in period described in paragraph (c) of this section.

(2) Chapter 61 disability retirees retiring with 20 or more years of service. Disability retired pay payable under 10 U.S.C. Chapter 61 to a veteran with 20 or more years of creditable service may be paid concurrently with disability compensation to a qualifying veteran subject to the following:

(i) Any waiver required during the phase-in period under paragraph (c)(1)(ii) of this section; and

(ii) If the veteran’s disability retired pay exceeds the amount of retired pay the veteran would have received had the veteran retired based on length of service, the veteran must waive that excess amount of disability retired pay in order to receive VA disability compensation.

(3) Chapter 61 disability retirees retiring with less than 20 years of service. Veterans who receive disability retired pay under 10 U.S.C. Chapter 61 with less than 20 years of creditable service are not eligible for concurrent receipt.

(4) Improved Pension. A veteran may receive improved pension and military retired pay at the same time without having to waive military retired pay. However, in determining entitlement to improved pension, VA will treat military retired pay in the same manner as countable income from other sources.

(c) Waiver—(1) When a waiver is necessary. (i) A waiver of military retired pay is necessary in order to receive disability compensation when a veteran is eligible for both military retired pay and disability compensation but is not eligible under paragraphs (b)(1) or (b)(2) of this section to receive both benefits at the same time.

(ii) Except as provided in paragraph (c)(2) of this section, all veterans who are eligible to receive both military retired pay and disability compensation at the same time under paragraphs (b)(1) or (b)(2) of this section must file
Department of Veterans Affairs § 3.754

a waiver in order to receive the maximum allowable amount of disability compensation during the phase-in period. The phase-in period ends on December 31, 2013. After the phase-in period, veterans retired under 10 U.S.C. chapter 61 who are eligible for concurrent receipt must still file a waiver under the circumstances described in paragraph (b)(2)(ii) of this section.

(2) When a waiver is not necessary. Unless paragraph (b)(2)(ii) of this section applies, veterans who are entitled to receive disability compensation based on a VA determination of individual unemployability as well as veterans rated 100-percent disabled under the VA schedule for rating disabilities need not file waivers of military retired pay. The phase-in period does not apply to this group of veterans.

(3) How to file a waiver of military retired pay. A veteran may request a waiver of military retired pay in any written, signed statement, including a VA form, which reflects a desire to waive all or some military retired pay. The statement must be submitted to VA or to the Federal agency that pays the veteran’s military retired pay. VA will treat as a waiver an application for VA compensation filed by a veteran who is entitled to military retired pay.

(d) Elections and the right to reelect either benefit. (1) A veteran who has filed a waiver of military retired pay under this section has elected to receive disability compensation. A veteran may reelect between benefits covered by this section at any time by submitting a written, signed statement to VA or to the Federal agency that pays the veteran’s military retired pay.

(2) An election filed within 1 year from the date of notification of Department of Veterans Affairs entitlement will be considered as “timely filed” for effective date purposes. See §3.401(e)(1). If the veteran is incompetent, the 1-year period will begin on the date that notification is sent to the next friend or fiduciary. In initial determinations, elections may be applied retroactively if the claimant was not advised of his or her right of election and its effect.

§ 3.751 Statutory awards; retired service personnel.

Retired Regular and Reserve officers and enlisted personnel are not entitled to statutory awards of disability compensation from the Department of Veterans Affairs in addition to their retirement pay. However, under §3.750(c), eligible persons may waive an amount equal to the basic disability compensation and any statutory award otherwise payable by the Department of Veterans Affairs.

§ 3.752 [Reserved]

§ 3.753 Public Health Service.

Disability compensation may be paid concurrently with retirement pay to an officer of the commissioned corps of the Public Health Service, who was receiving disability compensation on December 31, 1956, as follows:

(a) An officer who incurred a disability before July 29, 1945, but retired for nondisability purposes prior to such date.

(b) An officer who incurred a disability before July 29, 1945, but retired for nondisability purposes between July 4, 1952, and December 31, 1956.

(c) An officer who incurred a disability between July 29, 1945, and July 3, 1952, but retired for nondisability purposes between July 4, 1952, and December 31, 1956.

§ 3.754 Emergency officers’ retirement pay.

A retired emergency officer of World War I has basic eligibility to retirement pay by the Department of Veterans Affairs under Pub. L. 87–875 (sec. 11(b), Pub. L. 85–857) from date of filing application therefor after October 24, 1962, if the following requirements are met:

(a) Emergency officers’ retirement pay would have been granted under Pub. L. 506, 70th Congress (Act of May
§ 3.800

Disability or death due to hospitalization, etc.

This section applies to claims received by VA before October 1, 1997. For claims received by VA on or after October 1, 1997, see §§ 3.362 and 3.363.

(a) Where disease, injury, death or the aggravation of an existing disease or injury occurs as a result of having submitted to an examination, medical or surgical treatment, hospitalization or the pursuit of a course of vocational rehabilitation under any law administered by the Department of Veterans Affairs and not the result of his (or her) own willful misconduct, disability or death compensation, or dependency and indemnity compensation will be awarded for such disease, injury, aggravation, or death as if such condition were service connected. The commencing date of benefits is subject to the provisions of § 3.400(i).

(Authority: 38 U.S.C. 1151)

(1) Benefits under paragraph (a) of this section will be in lieu of any benefits the veteran may be entitled to receive under the Federal Employees’ Compensation Act inasmuch as concurrent payments are prohibited. (See § 3.708.)

(2) Where any person is awarded a judgment on or after December 1, 1962, against the United States in a civil action brought pursuant to 28 U.S.C. 1346(b), or enters into a settlement or compromise on or after December 1, 1962, under 28 U.S.C. 2672 or 2677, by reason of a disability, aggravation or death within the purview of this section, no compensation or dependency and indemnity compensation shall be paid to such person for any month beginning after the date such judgment, settlement, or compromise on account of such disability, aggravation, or death becomes final until the total amount of benefits which would be paid except for this provision equals the total amount included in such judgment, settlement, or compromise. The provisions of this paragraph do not apply, however, to any portion of such compensation or dependency and indemnity compensation payable for any period preceding the end of the month in which such judgment, settlement or compromise becomes final.

(Authority: 38 U.S.C. 501)

(3) If an administrative award was made or a settlement or compromise became final before December 1, 1962, compensation or dependency and indemnity compensation may not be authorized for any period after such award settlement, or compromise whether before or after December 1, 1962. There is no bar to payment of compensation or dependency and indemnity compensation and no set-off because of a judgment which became final before December 1, 1962, unless specified in the terms of the judgment.

(i) If a judgment, settlement, or compromise covered by paragraph (a)(2) of this section becomes final on or after December 10, 2004, and includes an amount that is specifically designated for a purpose for which benefits are provided under 38 U.S.C. chapter 21 (38 CFR 3.809 and 3.809a) or 38 U.S.C. chapter 39 (38 CFR 3.808), and if VA awards 38 U.S.C. chapter 21 or 38 U.S.C. chapter 39 benefits after the date on which the judgment, settlement, or compromise becomes final, the amount of the award will be reduced by the amount received under the judgment, settlement, or compromise for the same purpose.

(ii) If the amount described in paragraph (a)(4)(i) of this section is greater than the amount of an award under 38 U.S.C. chapter 21 or 38 U.S.C. chapter 39, the excess amount received under
§ 3.802 Medal of Honor.

(a) The Secretary of the Department of the Army, the Department of the Navy, the Department of the Air Force, or the Department of Transportation will determine the eligibility of applicants to be entered on the Medal of Honor Roll and will deliver to the Secretary of the Department of Veterans Affairs a certified copy of each certificate issued in which the right of the person named in the certificate to the special pension is set forth. The special pension will be authorized on the basis of such certification.

(b) An award of special pension at the monthly rate specified in 38 U.S.C. 1562 will be made as of the date of filing of the application with the Secretary concerned. The special pension will be paid in addition to all other payments under laws of the United States. However, a person awarded more than one Medal of Honor may not receive more than one special pension.

(c) VA will pay to each person who is receiving or who in the future receives Medal of Honor pension a retroactive lump sum payment equal to the total amount of Medal of Honor pension that person would have received during the period beginning the first day of the
§ 3.803 Naval pension.

(a) Payment of naval pension will be authorized on the basis of a certification by the Secretary of the Navy.

(b) Awards of naval pension in effect prior to July 14, 1943, or renewed or continued may be paid concurrently with Department of Veterans Affairs pension or compensation; however, naval pension allowance under 10 U.S.C. 6160 may not exceed one-fourth of the rate of disability pension or compensation otherwise payable, exclusive of additional allowances for dependents or specific disabilities.

(c) New awards of naval pension may not be made concurrently with Department of Veterans Affairs pension or compensation.

(d) Naval pension remaining unpaid at the date of the veteran’s death is not payable by the Department of Veterans Affairs as an accrued benefit.

§ 3.804 Special allowance under 38 U.S.C. 1312.

(a) The provisions of this section are applicable to the payment of a special allowance by the Department of Veterans Affairs to the surviving dependents of a veteran who served after September 15, 1940, and who died on or after January 1, 1957, as a result of such service and who was not a fully and currently insured individual under title II of the Social Security Act.

(b) The special allowance is not payable: (1) Where the veteran’s death resulted from Department of Veterans Affairs hospitalization, treatment, examination, or training;

(2) Where the veteran’s death was due to service rendered with the Commonwealth Army of the Philippines while such forces were in the service of the Armed Forces pursuant to the military order of the President dated July 26, 1941, or was due to service in the Philippine Scouts under section 14, Pub. L. 190, 79th Congress.

(c) A claim for dependency and indemnity compensation on a form prescribed will be accepted as a claim for the special allowance where it is determined that this benefit is payable or where a specific inquiry concerning entitlement to the special allowance is received.

(d) Payment of this allowance will be authorized on the basis of a certification from the Social Security Administration. Award actions subsequent to the original award, including adjustment and discontinuance, will be made in accordance with new certifications from the Social Security Administration.

(e)(1) The special allowance will be payable only if the death occurred: (i) While on active duty, active duty for training, or inactive duty training as a member of a uniformed service (line of duty is not a factor); or

(ii) As the result of a disease or injury which was incurred or aggravated in line of duty while on active duty or active duty for training, or an injury which was incurred or aggravated in line of duty while on inactive duty training, as a member of a uniformed service after September 15, 1940, if the veteran was discharged or released.
§ 3.807 Dependents’ educational assistance; certification.

For the purposes of dependents’ educational assistance under 38 U.S.C. chapter 35 (see § 21.3020), the child, spouse or surviving spouse of a veteran or serviceperson will have basic eligibility if the following conditions are met:

(a) General. Basic eligibility exists if the veteran:
   (1) Was discharged from service under conditions other than dishonorable, or died in service; and
   (2) Has a permanent total service-connected disability; or
   (3) A permanent total service-connected disability was in existence at the date of the veteran’s death; or
   (4) Died as a result of a service-connected disability; or (if a serviceperson)

   (1) Death resulted from:
      (I) Disease or injury incurred or aggravated while on such active duty or active duty for training; or
      (II) Injury incurred or aggravated while on such inactive duty training; and
   (2) The deceased person was discharged or released from such service under conditions other than dishonorable.

(b) In all cases, other than listed in paragraph (a) of this section, the certification will be furnished at the request of the Secretary concerned.

(c) For the purposes of this section, line of duty is not a factor. The standards, criteria, and procedures for determining incurrence or aggravation of a disease or injury under paragraph (a) of this section are those applicable under disability and death compensation laws administered by the Department of Veterans Affairs.

(1) A veteran who is entitled to compensation under chapter 11 of title 38, United States Code, for a disability described in paragraph (b) of this section; or

(2) A member of the Armed Forces serving on active duty who has a disability described in paragraph (b) of this section that is the result of an injury or disability incurred or disease contracted in or aggravated by active military, naval, or air service.

(b) Disability. One of the following must exist:

(1) Loss or permanent loss of use of one or both feet;

(2) Loss or permanent loss of use of one or both hands;

(3) Permanent impairment of vision of both eyes: Central visual acuity of 20/200 or less in the better eye, with corrective glasses, or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance no greater than 20° in the better eye.

330
(4) For adaptive equipment eligibility only, ankylosis of one or both knees or one or both hips.

(Authority: 38 U.S.C. 3902)

(c) Claim for conveyance and certification for adaptive equipment. A specific application for financial assistance in purchasing a conveyance is required which must contain a certification by the claimant that the conveyance will be operated only by persons properly licensed. The application will also be considered as an application for the additional equipment to insure that the claimant will be able to operate the conveyance in a manner consistent with safety and to satisfy the applicable standards of licensure of the proper licensing authorities. Simultaneously with the certification provided pursuant to the introductory text of this section, a claimant for financial assistance in the purchase of an automobile will be furnished a certificate of eligibility for financial assistance in the purchase of such adaptive equipment as may be appropriate to the claimant’s losses unless the need for such equipment is contraindicated by a physical or legal inability to operate the vehicle. There is no time limitation in which to apply. An application by a claimant on active duty will be deemed to have been filed with VA on the date it is shown to have been placed in the hands of military authority for transmittal.

(d) Additional eligibility criteria for adaptive equipment. Claimants for adaptive equipment must also satisfy the additional eligibility criteria of §§17.156, 17.157, and 17.158 of this chapter.

(e) Definition. The term adaptive equipment means generally, that equipment which must be part of or added to a conveyance manufactured for sale to the general public to make it safe for use by the claimant and to assist him or her in meeting the applicable standards of licensure of the proper licensing authority.

(1) With regard to automobiles and similar vehicles the term includes a basic automatic transmission as to a claimant who has lost or lost the use of a limb. In addition, the term includes power steering, power brakes, power window lifts and power seats. The term also includes air-conditioning equipment when such equipment is necessary to the health and safety of the veteran and to the safety of others, and special equipment necessary to assist the eligible person into or out of the automobile or other conveyance, regardless of whether the automobile or other conveyance is to be operated by the eligible person or is to be operated for such person by another person; and any modification of the interior space of the automobile or other conveyance if needed because of the physical condition of such person in order for such person to enter or operate the vehicle.

(2) With regard to automobiles and similar vehicles the term includes such items of equipment as the Chief Medical Director may, by directive, specify as ordinarily necessary for any of the classes of losses specified in paragraph (b) of this section and for any combination of such losses. Such specifications of equipment may include a limit on the financial assistance to be provided based on judgment and experience.

(3) The term also includes other equipment which the Chief Medical Director or designee may deem necessary in an individual case.

§ 3.809 Specially adapted housing under 38 U.S.C. 2101(a).

A certificate of eligibility for assistance in acquiring specially adapted housing under 38 U.S.C. 2101(a) or 2101A(a) may be extended to a veteran or a member of the Armed Forces serving on active duty if the following requirements are met:

(a) Eligibility. A veteran must have had active military, naval, or air service after April 20, 1898. Benefits are not restricted to veterans with wartime service. On or after December 16, 2003, the benefit under this section is also available to a member of the Armed Forces serving on active duty.
§ 3.809a Special home adaptation grants under 38 U.S.C. 2101(b).

A certificate of eligibility for assistance in acquiring necessary special home adaptations, or, on or after October 28, 1986, for assistance in acquiring a residence already adapted with necessary special features, under 38 U.S.C. 2101(b) or 2101A(a) may be issued to a veteran who served after April 20, 1898, or to a member of the Armed Forces serving on active duty who is eligible for the benefit under this section on or after December 16, 2003, if the following requirements are met:

(a) The member of the Armed Forces serving on active duty or veteran is not entitled to a certificate of eligibility for assistance in acquiring specially adapted housing under §3.809 nor had the member of the Armed Forces serving on active duty or veteran previously received assistance in acquiring specially adapted housing under 38 U.S.C. 2101(a). A member of the Armed Forces serving on active duty or veteran who first establishes entitlement under this section and who later becomes eligible for a certificate of eligibility under §3.809 may be issued a certificate of eligibility under §3.809.

(b) A member of the Armed Forces serving on active duty must have a disability rated as permanent and total that was incurred or aggravated in line of duty in active military, naval, or air service. A veteran must be entitled to compensation under chapter 11 of title 38, United States Code, for a disability rated as permanent and total. In either case, the disability must:

(1) Include the anatomical loss or loss of use of both hands, or

(2) Be due to:

(i) Blindness in both eyes with 5/200 visual acuity or less, or

(ii) Deep partial thickness burns that have resulted in contractures with limitation of motion of two or more extremities or of at least one extremity and the trunk, or

(iii) Full thickness or subdermal burns that have resulted in contractures that have resulted in contractures with limitation of motion of one or more extremities or the trunk, or

(c) "Preclude locomotion." This term means the necessity for regular and constant use of a wheelchair, braces, or canes as a normal mode of locomotion although occasional locomotion by other methods may be possible.

§ 3.810 Clothing allowance.

(a) Except as provided in paragraph (d) of this section a veteran who has a service-connected disability, or a disability compensable under 38 U.S.C. 1151 as if it were service-connected, is entitled, upon application therefor, to an annual clothing allowance as specified in 38 U.S.C. 1162. The annual clothing allowance is payable in a lump sum, and the following eligibility criteria must also be satisfied:

(1) A VA examination or hospital or examination report from a facility specified in § 3.326(c) discloses that the veteran wears or uses certain prosthetic or orthopedic appliances which tend to wear or tear clothing (including a wheelchair) because of such disability and such disability is the loss or loss of use of a hand or foot compensable at a rate specified in § 3.350(a), (b), (c), (d), (f); or

(2) The Chief Medical Director or designee certifies that because of such disability a prosthetic or orthopedic appliance is worn or used which tends to wear or tear the veteran’s clothing, or that because of the use of a physician-prescribed medication for a skin condition which is due to the service-connected disability irreparable damage is done to the veteran’s outer garments. For the purposes of this paragraph “appliance” includes a wheelchair.

(b) Effective August 1, 1972, the initial lump sum clothing allowance is due and payable for veterans meeting the eligibility requirements of paragraph (a) of this section as of that date. Subsequent annual payments for those meeting the eligibility requirements of paragraphs (a) of this section will become due on the anniversary date thereafter, both as to initial claims and recurring payments under previously established entitlement.

(c)(1) Except as provided in paragraph (c)(2) of this section, the application for clothing allowance must be filed within 1 year of the anniversary date (August 1) for which entitlement is initially established, otherwise, the application will be acceptable only to effect payment of the clothing allowance becoming due on any succeeding anniversary date for which entitlement is established, provided the application is filed within 1 year of such date. The 1-year period for filing application will include the anniversary date and terminate on July 31 of the following year.

(2) Where the initial determination of service connection for the qualifying disability is made subsequent to an anniversary date for which entitlement is established, the application for clothing allowance may be filed within 1 year from the date of notification to the veteran of such determination.

(Authority: 38 U.S.C. 1162)

(d) If a veteran is incarcerated in a Federal, State, or local penal institution for a period of more than 60 days and is furnished clothing without charge by the institution, VA shall reduce the amount of the annual clothing allowance by 1/365th of the amount otherwise payable for each day the veteran was incarcerated during the 12-month period preceding the anniversary date for which entitlement is established. No reduction shall be made for the first 60 days of incarceration.

§ 3.811 Minimum income annuity and gratuitous annuity.

(a) Eligibility for minimum income annuity. The minimum income annuity authorized by Public Law 92-425 as amended is payable to a person:

(1) Whom the Department of Defense or the Department of Transportation has determined meets the eligibility criteria of section 4(a) of Pub. L. 92-425

The provisions of this section apply to the payment of a special allowance to certain surviving spouses and children of individuals who died on active duty prior to August 13, 1981, or who died as a result of a service-connected disability which was incurred or aggravated prior to August 13, 1981. This special allowance is a replacement for certain social security benefits which were either reduced or terminated by provisions of the Omnibus Budget Reconciliation Act of 1981.

(a) Eligibility requirements. (1) A determination must first be made that the person on whose earnings record the claim is based either died on active duty prior to August 13, 1981, or died as a result of a service-connected disability which was incurred or aggravated prior to August 13, 1981. For purposes of this determination, character of discharge is not a factor for consideration, and death on active duty subsequent to August 12, 1981, is qualifying provided that the death resulted from a service-connected disability which was

as amended other than section 4(a)(1) and (2); and

(2) Who is eligible for pension under subchapter III of chapter 15 of title 38, United States Code, or section 306 of the Veterans’ and Survivors’ Pension Improvement Act of 1978; and

(3) Whose annual income, as determined in establishing pension eligibility, is less than the maximum annual rate of pension in effect under 38 U.S.C. 1541(b).

(b) Computation of the minimum income annuity payment—(1) Annual income. VA will determine a beneficiary’s annual income for minimum income annuity purposes under the provisions of §§3.271 and 3.272 of this part for beneficiaries receiving improved pension, or under §§3.260 through 3.262 of this part for beneficiaries receiving old law or section 306 pensions, except that the amount of the minimum income annuity will be excluded from the calculation.

(2) VA will determine the minimum income annuity payment for beneficiaries entitled to improved pension by subtracting the annual income for minimum income annuity purposes from the maximum annual pension rate under 38 U.S.C. 1541(b).

(3) VA will determine the minimum income annuity payment for beneficiaries receiving old law and section 306 pensions by reducing the maximum annual pension rate under 38 U.S.C. 1541(b) by the amount of the Retired Servicemen’s Family Protection Plan benefit, if any, that the beneficiary receives and subtracting from that amount the annual income for minimum income annuity purposes.

(4) VA will recompute the monthly minimum income annuity payment whenever there is a change to the maximum annual rate of pension in effect under 38 U.S.C. 1541(b), and whenever there is a change in the beneficiary’s income.

(c) An individual otherwise eligible for pension under subchapter III of chapter 15 of title 38, United States Code, or section 306 of the Veterans’ and Survivors’ Pension Improvement Act of 1978 shall be considered eligible for pension for purposes of determining eligibility for the minimum income annuity even though as a result of adding the amount of the minimum income annuity authorized under Public Law 92–425 as amended to any other countable income, no amount of pension is due.

(d) If the Department of Defense or the Department of Transportation determines that a minimum income annuitant also is entitled to the gratuitous annuity authorized by Pub. L. 100–456 as amended, which is payable to certain surviving spouses of servicemembers who died before November 1, 1953, and were entitled to retired or retainer pay on the date of death, VA will combine the payment of the gratuitous annuity with the minimum income annuity payment.

(e) Termination. Other than as provided in paragraph (c) of this section, if a beneficiary receiving the minimum income annuity becomes ineligible for pension, VA will terminate the minimum income annuity effective the same date.

Department of Veterans Affairs § 3.812

incurred or aggravated prior to August 13, 1981.

(2) Once a favorable determination has been made under paragraph (a)(1) of this section, determinations as to the age, relationship and school attendance requirements contained in paragraphs (a)(1) and (b)(1) of section 156 of Pub. L. 97–377 will be made. In making these eligibility determinations VA shall apply the provisions of the Social Security Act, and any regulations promulgated pursuant thereto, as in effect during the claimant’s period of eligibility. Unless otherwise provided in this section, when issues are raised concerning eligibility or entitlement to this special allowance which cannot be appropriately resolved under the provisions of the Social Security Act, or the regulations promulgated pursuant thereto, the provisions of title 38, Code of Federal Regulations, are for application.

(b) Computation of payment rate—(1) Basic entitlement rate. A basic entitlement rate will be computed for each eligible claimant in accordance with the provisions of subparagraphs (a)(2) and (b)(2) of section 156 of Pub. L. 97–377 using data to be provided by the Social Security Administration. This basic entitlement rate will then be used to compute the monthly payment rate as described in paragraphs (b)(2) to (b)(6) of this section.

(2) Original or reopened awards to surviving spouses. The monthly payment rate shall be equal to the basic entitlement rate increased by the overall average percentage (rounded to the nearest tenth of a percent) of each legislative increase in dependency and indemnity compensation rates under 38 U.S.C. 1311 which became effective concurrently with or subsequent to the effective date of the earliest adjustment under section 215(i) of the Social Security Act that was disregarded in computing the basic entitlement rate.

(4) Subsequent legislative increases in rates. The monthly rate of special allowance payable to a surviving spouse shall be increased by the same overall average percentage increase (rounded to the nearest tenth of a percent) and on the same effective date as any legislative increase in the rates payable under 38 U.S.C. 1311. The monthly rate of special allowance payable to a child shall be increased by the same overall average percentage increase (rounded to the nearest tenth of a percent) and on the same effective date as any legislative increase in the rates payable under 38 U.S.C. 3531(b).

(5) Amendment of awards. Prompt action shall be taken to amend any award of this special allowance to conform with evidence indicating a change in basic eligibility, any basic entitlement rate, or any effective date previously determined. It is the claimant’s responsibility to promptly notify VA of any change in their status or employment which affects eligibility or entitlement.

(6) Rounding of monthly rates. Any monthly rate computed under the provisions of this paragraph, if not a multiple of $1, shall be rounded to the next lower multiple of $1.

(c) Claimants not entitled to this special allowance. The following are not entitled to this special allowance for the reasons indicated.

(1) Claimants eligible for death benefits under 38 U.S.C. 1151. The deaths in such cases are not service-connected.

(2) Claimants eligible for death benefits under 38 U.S.C. 1318. The deaths in such cases are not service connected.

(3) Claimants whose claims are based on an individual’s service in:

(i) The Commonwealth Army of the Philippines while such forces were in the service of the Armed Forces pursuant to the military order of the President dated July 26, 1941, including recognized guerrilla forces (see 38 U.S.C. 107).

(iii) The commissioned corps of the Public Health Service (specifically excluded by section 156 of Pub. L. 97–377), or

(d) Appellate jurisdiction. VA shall have appellate jurisdiction of all determinations made in connection with this special allowance.

(e) Claims—formal and informal. Formal claims for this special allowance must be filed on a form prescribed by the Secretary of Veterans Affairs. When informal claims or inquiries as to eligibility are received, the appropriate application form shall be provided. In such cases, the date of receipt of the informal claim or inquiry will be accepted as the date of claim for this special allowance if a formal claim on the prescribed form is received within one year from that date.

(f) Retroactivity and effective dates. There is no time limit for filing a claim for this special allowance. Upon the filing of a claim, benefits shall be payable for all periods of eligibility beginning on or after the first day of the month in which the claimant first became eligible for this special allowance, except that no payment may be made for any period prior to January 1, 1983.

§3.813 Interim benefits for disability or death due to chloracne or porphyria cutanea tarda.

(a) Disability benefits. Except as provided in paragraph (c) of this section, a veteran who served in the active military, naval or air service in the Republic of Vietnam during the Vietnam era, and who suffers from chloracne or porphyria cutanea tarda which became manifest within one year after the date of the veteran’s most recent departure from the Republic of Vietnam during such service, shall be paid interim disability benefits under this section in the same manner and to the same extent that compensation would be payable if such disabilities were service-connected.

(b) Death benefits. Except as provided in paragraph (c) of this section, if a veteran described in paragraph (a) of this section dies as a result of chloracne or porphyria cutanea tarda, the veteran’s survivors shall be paid interim death benefits under this section based upon the same eligibility requirements and at the same rates that dependency and indemnity compensation would be payable if the death were service-connected.

(c) Exceptions. Benefits under this section are not payable for any month for which compensation or dependency and indemnity compensation is payable for the same disability or death, nor are benefits payable under this section (1) when there is affirmative evidence that the disease was not incurred by the veteran during service in the Republic of Vietnam during the Vietnam era, (2) when there is affirmative evidence to establish that an intercurrent injury or disease, which is a recognized cause of the disease for which benefits are being claimed, was suffered by the veteran between the date of the veteran’s most recent departure from the Republic of Vietnam during active military, naval or air service and the onset of the claimed disease, or (3) if it is determined, based on evidence in the veteran’s service records and other records provided by the Secretary of Defense, that the veteran was not exposed to dioxin during active military, naval or air service in the Republic of Vietnam during the Vietnam era.

(d) Similarity to service-connected benefits. For purposes of all laws administered by VA (except chapters 11 and 13 of title 38 U.S.C.), a disease establishing eligibility for disability or death benefits under this section shall be treated as if it were service-connected, and the receipt of disability or death benefits shall be treated as if such benefits were compensation or dependency and indemnity compensation, respectively.

(e) Effective dates. Benefits under this section may not be paid for any period
§ 3.814 Monetary allowance under 38 U.S.C. chapter 18 for an individual suffering from spina bifida whose biological father or mother is or was a Vietnam veteran or a veteran with covered service in Korea.

(a) Monthly monetary allowance. VA will pay a monthly monetary allowance under subchapter I of 38 U.S.C. chapter 18, based upon the level of disability determined under the provisions of paragraph (d) of this section, to or for a person who VA has determined is an individual suffering from spina bifida whose biological mother or father is or was a Vietnam veteran or a veteran with covered service in Korea. Receipt of this allowance will not affect the right of the individual or any related person to receive any other benefit to which he or she may be entitled under any law administered by VA. An individual suffering from spina bifida is entitled to only one monthly allowance under this section, even if the individual’s biological father and mother are or were both Vietnam veterans or veterans with covered service in Korea.

(b) [Reserved]

(c) Definitions—(1) Vietnam veteran. For the purposes of this section, the term “Vietnam veteran” means a person who performed active military, naval, or air service in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, without regard to the characterization of the person’s service. Service in the Republic of Vietnam includes service in the waters offshore and service in other locations if the conditions of service involved duty or visitation in the Republic of Vietnam.

(2) Covered service in Korea. For the purposes of this section, the term “covered service in Korea” means a person who served in the active military, naval, or air service in or near the Korean DMZ between September 1, 1967, and August 31, 1971, and who is determined by VA, in consultation with the Department of Defense, to have been exposed to an herbicide agent during such service. Exposure to an herbicide agent will be conceded if the veteran served between April 1, 1968, and August 31, 1971, in a unit that, as determined by the Department of Defense, operated in or near the Korean DMZ in an area in which herbicides are known to have been applied during that period, unless there is affirmative evidence to establish that the veteran was not exposed to any such agent during that service.

(3) Individual. For the purposes of this section, the term “individual” means a person, regardless of age or marital status, whose biological father or mother is or was a Vietnam veteran and who was conceived after the date on which the veteran first served in the Republic of Vietnam during the Vietnam era, or whose biological father or mother is or was a veteran with covered service in Korea and who was conceived after the date on which the veteran first had covered service in Korea as defined in this section. Notwithstanding the provisions of § 3.204(a)(1), VA will require the types of evidence specified in §§ 3.209 and 3.210 sufficient to establish in the judgment of the Secretary that a person is the biological son or daughter of a Vietnam veteran or a veteran with covered service in Korea.

(4) Spina bifida. For the purposes of this section, the term “spina bifida” means any form and manifestation of spina bifida except spina bifida occulta.

(d) Disability evaluations. (1) Except as otherwise specified in this paragraph, VA will determine the level of payment as follows:

(i) Level I. The individual walks without braces or other external support as his or her primary means of mobility in the community, has no sensory or motor impairment of the upper extremities, has an IQ of 90 or higher, and is continent of urine and feces without the use of medication or other means to control incontinence.

(ii) Level II. Provided that none of the disabilities is severe enough to warrant payment at Level III, and the individual: walks with braces or other external support as his or her primary means of mobility in the community; or, has sensory or motor impairment of the upper extremities, but is able to
§ 3.814

38 CFR Ch. I (7–1–11 Edition)

grasp pen, feed self, and perform self care; or, has an IQ of at least 70 but less than 90; or, requires medication or other means to control the effects of urinary bladder impairment and no more than two times per week is unable to remain dry for at least three hours at a time during waking hours; or, requires bowel management techniques or other treatment to control the effects of bowel impairment but does not have fecal leakage severe or frequent enough to require wearing of absorbent materials at least four days a week; or, has a colostomy that does not require wearing a bag.

(iii) Level III. The individual uses a wheelchair as his or her primary means of mobility in the community; or, has sensory or motor impairment of the upper extremities severe enough to prevent grasping a pen, feeding self, and performing self care; or, has an IQ of 69 or less; or, despite the use of medication or other means to control the effects of urinary bladder impairment, at least three times per week is unable to remain dry for three hours at a time during waking hours; or, despite bowel management techniques or other treatment to control the effects of bowel impairment, has fecal leakage severe or frequent enough to require wearing of absorbent materials at least four days a week; or, regularly requires manual evacuation or digital stimulation to empty the bowel; or, has a colostomy that requires wearing a bag.

(2) If an individual who would otherwise be paid at Level I or II has one or more disabilities, such as blindness, uncontrolled seizures, or renal failure that result either from spina bifida, or from treatment procedures for spina bifida, the Director of the Compensation and Pension Service may increase the monthly payment to the level that, in his or her judgment, best represents the extent to which the disabilities resulting from spina bifida limit the individual’s ability to engage in ordinary day-to-day activities, including activities outside the home. A Level II or Level III payment will be awarded depending on whether the effects of a disability are of equivalent severity to the effects specified under Level II or Level III.

(3) VA may accept statements from private physicians, or examination reports from government or private institutions, for the purpose of rating spina bifida claims without further examination, provided the statements or reports are adequate for assessing the level of disability due to spina bifida under the provisions of paragraph (d)(1) of this section. In the absence of adequate medical information, VA will schedule an examination for the purpose of assessing the level of disability.

(4) VA will pay an individual eligible for a monetary allowance due to spina bifida at Level I unless or until it receives medical evidence supporting a higher payment. When required to reassess the level of disability under paragraph (d)(5) or (d)(6) of this section, VA will pay an individual eligible for this monetary allowance at Level I in the absence of evidence adequate to support a higher level of disability or if the individual fails to report, without good cause, for a scheduled examination. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant, death of an immediate family member, etc.

(5) VA will pay individuals under the age of one year at Level I unless a pediatric neurologist or a pediatric neurosurgeon certifies that, in his or her medical judgment, there is a neurological deficit that will prevent the individual from ambulating, grasping a pen, feeding himself or herself, performing self care, or from achieving urinary or fecal continence. If any of those deficits are present, VA will pay the individual at Level III. In either case, VA will reassess the level of disability when the individual reaches the age of one year.

(6) VA will reassess the level of payment whenever it receives medical evidence indicating that a change is warranted. For individuals between the ages of one and twenty-one, however, it must reassess the level of payment at least every five years.

(e) Effective dates. Except as otherwise provided, VA will award the monetary allowance for an individual suffering from spina bifida based on an original claim, a claim reopened after final disallowance, or a claim for increase as of the date VA received the
claim (or the date of birth if the claim is received within 1 year of that date) or the date entitlement arose, whichever is later.

(1) VA will increase benefits as of the earliest date the evidence establishes that the level of severity increased, but only if the beneficiary applies for an increase within one year of that date.

(2) If a claimant reopens a previously disallowed claim based on corrected military records, VA will award the benefit from the latest of the following dates: the date the veteran or beneficiary applied for a correction of the military records; the date the disallowed claim was filed; or, the date one year before the date of receipt of the reopened claim.

(f) Reductions and discontinuances. VA will generally reduce or discontinue awards according to the facts found except as provided in §§3.105 and 3.114(b).

(1) If benefits were paid erroneously because of beneficiary error, VA will reduce or discontinue benefits as of the effective date of the erroneous award.

(2) If benefits were paid erroneously because of administrative error, VA will reduce or discontinue benefits as of the date of last payment.

(Authority: 38 U.S.C. 501, 1805, 1811, 1812, 1821, 1831, 1832, 1833, 1834, 5101, 5110, 5111, 5112)

§3.815 Monetary allowance under 38 U.S.C. chapter 18 for an individual with disability from covered birth defects whose biological mother is or was a Vietnam veteran; identification of covered birth defects.

(a) Monthly monetary allowance—(1) General. VA will pay a monthly monetary allowance under subchapter II of 38 U.S.C. chapter 18 to or for an individual whose biological mother is or was a Vietnam veteran and who VA has determined to have disability resulting from one or more covered birth defects.

Except as provided in paragraph (a)(3) of this section, the amount of the monetary allowance paid will be based upon the level of such disability suffered by the individual, as determined in accordance with the provisions of paragraph (e) of this section.

(2) Affirmative evidence of cause other than mother’s service during Vietnam era. No monetary allowance will be provided under this section based on a particular birth defect of an individual in any case where affirmative evidence establishes that the birth defect results from a cause other than the active military, naval, or air service of the individual’s mother during the Vietnam era and, in determining the level of disability for an individual with more than one birth defect, the particular defect resulting from other causes will be excluded from consideration. This will not prevent VA from paying a monetary allowance under this section for other birth defects.

(3) Nonduplication; spina bifida. In the case of an individual whose only covered birth defect is spina bifida, a monetary allowance will be paid under §3.814, and not under this section, nor will the individual be evaluated for disability under this section. In the case of an individual who has spina bifida and one or more additional covered birth defects, a monetary allowance will be paid under this section and the amount of the monetary allowance will be not less than the amount the individual would receive if his or her only covered birth defect were spina bifida. If, but for the individual’s one or more additional covered birth defects, the monetary allowance payable to or for the individual would be based on an evaluation at Level I, II, or III, respectively, under §3.814(d), the evaluation of the individual’s level of disability under paragraph (e) of this section will be not less than Level II, III, or IV, respectively.

(b) No effect on other VA benefits. Receipt of a monetary allowance under 38 U.S.C. chapter 18 will not affect the right of the individual, or the right of any person based on the individual’s relationship to that person, to receive any other benefit to which the individual, or that person, may be entitled under any law administered by VA.

(c) Definitions—(1) Vietnam veteran. For the purposes of this section, the term Vietnam veteran means a person who performed active military, naval,
or air service in the Republic of Vietnam during the period beginning on February 28, 1961, and ending on May 7, 1975, without regard to the characterization of the person’s service. Service in the Republic of Vietnam includes service in the waters offshore and service in other locations if the conditions of service involved duty or visitation in the Republic of Vietnam.

(2) Individual. For the purposes of this section, the term individual means a person, regardless of age or marital status, whose biological mother is or was a Vietnam veteran and who was conceived after the date on which the veteran first entered the Republic of Vietnam during the period beginning on February 28, 1961, and ending on May 7, 1975. Notwithstanding the provisions of §3.204(a)(1), VA will require the types of evidence specified in §§3.209 and 3.210 sufficient to establish that a person is the biological son or daughter of a Vietnam veteran.

(3) Covered birth defect. For the purposes of this section, the term covered birth defect means any birth defect identified by VA as a birth defect that is associated with the service of women Vietnam veterans in the Republic of Vietnam during the period beginning on February 28, 1961, and ending on May 7, 1975. Notwithstanding the provisions of §3.209(a)(1), VA will require the types of evidence specified in §§3.209 and 3.210 sufficient to establish that a person is the biological son or daughter of a Vietnam veteran.

(d) Identification of covered birth defects. All birth defects that are not excluded under the provisions of this paragraph are covered birth defects.

(6) Conditions that are due to a fetal or neonatal infirmity with well-established causes or that are miscellaneous pediatric conditions are not covered birth defects. These include, but are not limited to, the following:

(i) Asthma and other allergies;
(ii) Effects of maternal infection during pregnancy, including but not limited to, maternal rubella, toxoplasmosis, or syphilis;
(iii) Fetal alcohol syndrome or fetal effects of maternal drug use;

(i) Conditions rendered non-disabling through treatment;
(ii) Congenital heart problems surgically corrected or resolved without disabling residuals;
(iii) Heart murmurs unassociated with a diagnosed cardiac abnormality;
(iv) Hemangiomas that have resolved with or without treatment; and
(v) Scars (other than of the head, face, or neck) as the only residual of corrective surgery for birth defects.

(e) Disability evaluations. Whenever VA determines, upon receipt of competent medical evidence, that an individual has one or more covered birth defects, VA will determine the level of disability currently resulting, in combination, from the covered birth defects and associated disabilities. No monetary allowance will be payable under this section if VA determines under this paragraph that an individual has no current disability resulting from the covered birth defects, unless VA determines that the provisions of paragraph (a)(3) of this section are for application. Except as otherwise provided in paragraph (a)(3) of this section, VA will determine the level of disability as follows:

(i) Levels of disability.

(1) Level 0. The individual has no current disability resulting from covered birth defects.

(ii) Level I. The individual meets one or more of the following criteria:

(A) The individual has residual physical or mental effects that only occasionally or intermittently limit or prevent some daily activities; or
(B) The individual has disfigurement or scarring of the head, face, or neck without gross distortion or gross asymmetry of any facial feature (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(iii) Level II. The individual meets one or more of the following criteria:

(A) The individual has residual physical or mental effects that frequently or constantly limit or prevent some daily activities, but the individual is able to work or attend school, carry out most household chores, travel, and provide age-appropriate self-care, such as eating, dressing, grooming, and carrying out personal hygiene, and communication, behavior, social interaction, and intellectual functioning are appropriate for age; or
(B) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of one facial feature or one paired set of facial features (nose, chin,
forehead, eyes (including eyelids), ears (auricles), cheeks, or lips.
(iv) Level III. The individual meets one or more of the following criteria:
(A) The individual has residual physical or mental effects that frequently or constantly limit or prevent most daily activities, but the individual is able to provide age-appropriate self-care, such as eating, dressing, grooming, and carrying out personal hygiene;
(B) The individual is unable to work or attend school, travel, or carry out household chores, or does so intermittently and with difficulty;
(C) The individual’s communication, behavior, social interaction, and intellectual functioning are not entirely appropriate for age;
(D) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of two facial features or two paired sets of facial features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).
(v) Level IV. The individual meets one or more of the following criteria:
(A) The individual has residual physical or mental effects that prevent age-appropriate self-care, such as eating, dressing, grooming, and carrying out personal hygiene;
(B) The individual’s communication, behavior, social interaction, and intellectual functioning are grossly inappropriate for age;
(C) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of three facial features or three paired sets of facial features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(2) Assessing limitation of daily activities. Physical or mental effects on the following functions are to be considered in assessing limitation of daily activities:
(i) Mobility (ability to stand and walk, including balance and coordination);
(ii) Manual dexterity;
(iii) Stamina;
(iv) Speech;
(v) Hearing;
(vi) Vision (other than correctable refraction errors);
(vii) Memory;
(viii) Ability to concentrate;
(ix) Appropriateness of behavior; and
(x) Urinary and fecal continence.

(f) Information for determining whether individuals have covered birth defects and rating disability levels. (1) VA may accept statements from private physicians, or examination reports from government or private institutions, for the purposes of determining whether an individual has a covered birth defect and for rating claims for covered birth defects. If they are adequate for such purposes, VA may make the determination and rating without further examination. In the absence of adequate information, VA may schedule examinations for the purpose of determining whether an individual has a covered birth defect and/or assessing the level of disability.
(2) Except in accordance with paragraph (a)(3) of this section, VA will not pay a monthly monetary allowance unless or until VA is able to obtain medical evidence adequate to determine that an individual has a covered birth defect and adequate to assess the level of disability due to covered birth defects.

(g) Redeterminations. VA will reassess a determination under this section whenever it receives evidence indicating that a change is warranted.

(h) Referrals. If a regional office is unclear in any case as to whether a condition is a covered birth defect, it may refer the issue to the Director of the Compensation and Pension Service for determination.

(i) Effective dates. Except as provided in §3.114(a) or paragraph (i)(1) or (2) of this section, VA will award the monetary allowance under subchapter II of 38 U.S.C. chapter 18, for an individual with disability resulting from one or more covered birth defects, based on an original claim, a claim reopened after final disallowance, or a claim for increase, as of the date VA received the claim (or the date of birth if the claim is received within one year of that date), the date entitlement arose, or December 1, 2001, whichever is latest. Subject to the condition that no benefits may be paid for any period prior to December 1, 2001:
(1) VA will increase benefits as of the earliest date the evidence establishes that the level of severity increased, but only if the beneficiary applies for an increase within one year of that date.

(2) If a claimant reopens a previously disallowed claim based on corrected military records, VA will award the benefit from the latest of the following dates: the date the veteran or beneficiary applied for a correction of the military records; the date the disallowed claim was filed; or, the date one year before the date of receipt of the reopened claim.

(j) Reductions and discontinuances. VA will generally reduce or discontinue awards under subchapter II of 38 U.S.C. chapter 18 according to the facts found except as provided in §§3.105 and 3.114(b).

(1) If benefits were paid erroneously because of beneficiary error, VA will reduce or discontinue benefits as of the effective date of the erroneous award.

(2) If benefits were paid erroneously because of administrative error, VA will reduce or discontinue benefits as of the date of last payment.

§ 3.816 Awards under the Nehmer Court Orders for disability or death caused by a condition presumptively associated with herbicide exposure.

(a) Purpose. This section states effective-date rules required by orders of a United States district court in the class-action case of Nehmer v. United States Department of Veterans Affairs, No. CV-86-6160 TEH (N.D. Cal.).

(b) Definitions. For purposes of this section—

(1) Nehmer class member means:

(i) A Vietnam veteran who has a covered herbicide disease; or

(ii) A surviving spouse, child, or parent of a deceased Vietnam veteran who died from a covered herbicide disease.

(2) Covered herbicide disease means a disease for which the Secretary of Veterans Affairs has established a presumption of service connection before October 1, 2002 pursuant to the Agent Orange Act of 1991, Public Law 102-4, other than chloracne. Those diseases are:

(i) Type 2 Diabetes (Also known as type II diabetes mellitus or adult-onset diabetes).

(ii) Hodgkin’s disease.

(iii) Multiple myeloma.

(iv) Non-Hodgkin’s lymphoma.

(v) Acute and Subacute peripheral neuropathy.

(vi) Porphyria cutanea tarda.

(vii) Prostate cancer.

(viii) Respiratory cancers (cancer of the lung, bronchus, larynx, or trachea).

(ix) Soft-tissue sarcoma (as defined in §3.309(e)).

(c) Effective date of disability compensation. If a Nehmer class member is entitled to disability compensation for a covered herbicide disease, the effective date of the award will be as follows:

(1) If VA denied compensation for the same covered herbicide disease in a decision issued between September 25, 1985 and May 3, 1989, the effective date of the award will be the later of the date VA received the claim on which the prior denial was based or the date the disability arose, except as otherwise provided in paragraph (c)(3) of this section. A prior decision will be construed as having denied compensation for the same disease if the prior decision denied compensation for a disease that reasonably may be construed as the same covered herbicide disease for which compensation has been awarded. Minor differences in the terminology used in the prior decision will not preclude a finding, based on the record at the time of the prior decision, that the prior decision denied compensation for the same covered herbicide disease.

(2) If the class member’s claim for disability compensation for the covered herbicide disease was either pending before VA on May 3, 1989, or was received by VA between that date and the effective date of the statute or regulation establishing a presumption of service connection for the covered disease, the effective date of the award will be the later of the date such claim was received by VA or the date the disability arose, except as otherwise provided in paragraph (c)(3) of this section. A claim will be considered a
claim for compensation for a particular covered herbicide disease if:

(i) The claimant’s application and other supporting statements and submissions may reasonably be viewed, under the standards ordinarily governing compensation claims, as indicating an intent to apply for compensation for the covered herbicide disability; or

(ii) VA issued a decision on the claim, between May 3, 1989 and the effective date of the statute or regulation establishing a presumption of service connection for the covered disease, in which VA denied compensation for a disease that reasonably may be construed as the same covered herbicide disease for which compensation has been awarded.

(3) If the class member’s claim referred to in paragraph (c)(1) or (c)(2) of this section was received within one year from the date of the class member’s separation from service, the effective date of the award shall be the day following the date of the class member’s separation from active service.

(4) If the requirements of paragraph (c)(1) or (c)(2) of this section are not met, the effective date of the award shall be determined in accordance with §§3.114 and 3.400.

(d) Effective date of dependency and indemnity compensation (DIC). If a Nehmer class member is entitled to DIC for a death due to a covered herbicide disease, the effective date of the award will be as follows:

(1) If VA denied DIC for the death in a decision issued between September 25, 1985 and May 3, 1989, the effective date of the award will be the later of the date VA received the claim on which such prior denial was based or the date the death occurred, except as otherwise provided in paragraph (d)(3) of this section.

(2) If the class member’s claim for DIC for the death was either pending before VA on May 3, 1989, or was received by VA between that date and the effective date of the statute or regulation establishing a presumption of service connection for the covered herbicide disease that caused the death, the effective date of the award will be the later of the date such claim was received by VA or the date the death occurred, except as otherwise provided in paragraph (d)(3) of this section. In accordance with §3.152(b)(1), a claim by a surviving spouse or child for death pension will be considered a claim for DIC. In all other cases, a claim will be considered a claim for DIC if the claimant’s application and other supporting statements and submissions may reasonably be viewed, under the standards ordinarily governing DIC claims, as indicating an intent to apply for DIC.

(3) If the class member’s claim referred to in paragraph (d)(1) or (d)(2) of this section was received within one year from the date of the veteran’s death, the effective date of the award shall be the first day of the month in which the death occurred.

(4) If the requirements of paragraph (d)(1) or (d)(2) of this section are not met, the effective date of the award shall be determined in accordance with §§3.114 and 3.400.

(e) Effect of other provisions affecting retroactive entitlement—(1) General. If the requirements specified in paragraphs (c)(1) or (c)(2) or (d)(1) or (d)(2) of this section are satisfied, the effective date shall be assigned as specified in those paragraphs, without regard to the provisions in 38 U.S.C. 5110(g) or §3.114 prohibiting payment for periods prior to the effective date of the statute or regulation establishing a presumption of service connection for a covered herbicide disease. However, the provisions of this section will not apply if payment to a Nehmer class member based on a claim described in paragraph (c) or (d) of this section is otherwise prohibited by statute or regulation, as, for example, where a class member did not qualify as a surviving spouse at the time of the prior claim or denial.

(2) Claims Based on Service in the Republic of Vietnam Prior to August 5, 1964. If a claim referred to in paragraph (c) or (d) of this section was denied by VA prior to January 1, 1997, and the veteran’s service in the Republic of Vietnam ended before August 5, 1964, the effective-date rules of this regulation do not apply. The effective date of benefits in such cases shall be determined in accordance with 38 U.S.C. 5110. If a claim referred to in paragraph (c) or (d) of this section was pending before VA
on January 1, 1997, or was received by VA after that date, and the veteran’s service in the Republic of Vietnam ended before August 5, 1964, the effective date shall be the later of the date provided by paragraph (c) or (d) of this section or January 1, 1997.

(Authority: Public Law 104-275, sec. 505)

(f) Payment of Benefits to Survivors or Estates of Deceased Beneficiaries—(1) General. If a Nehmer class member entitled to retroactive benefits pursuant to paragraphs (c)(1) through (c)(3) or (d)(1) through (d)(3) of this section dies prior to receiving payment of any such benefits, VA shall pay such unpaid retroactive benefits to the first individual or entity listed below that is in existence at the time of payment:

(i) The class member’s spouse, regardless of current marital status.

NOTE TO PARAGRAPH (f)(1)(i): For purposes of this paragraph, a spouse is the person who was legally married to the class member at the time of the class member’s death.

(ii) The class member’s child(ren), regardless of age or marital status (if more than one child exists, payment will be made in equal shares, accompanied by an explanation of the division).

NOTE TO PARAGRAPH (f)(1)(ii): For purposes of this paragraph, the term “child” includes natural and adopted children, and also includes any stepchildren who were members of the class member’s household at the time of the class member’s death.

(iii) The class member’s parent(s), regardless of dependency (if both parents are alive, payment will be made in equal shares, accompanied by an explanation of the division).

NOTE TO PARAGRAPH (f)(1)(iii): For purposes of this paragraph, the term “parent” includes natural and adoptive parents, but in the event of successive parents, the persons who last stood as parents in relation to the class member will be considered the parents.

(iv) The class member’s estate.

(2) Inapplicability of certain accrued benefit requirements. The provisions of 38 U.S.C. 5121(c) and §3.1000(c) requiring survivors to file claims for accrued benefits do not apply to payments under this section. When a Nehmer class member dies prior to receiving retroactive payments under this section, VA will pay the amount to an identified payee in accordance with paragraph (f)(1) of this section without requiring an application from the payee. Prior to releasing such payment, however, VA may ask the payee to provide further information as specified in paragraph (f)(3) of this section.

(3) Identifying payees. VA shall make reasonable efforts to identify the appropriate payee(s) under paragraph (f)(1) of this section based on information in the veteran’s claims file. If further information is needed to determine whether any appropriate payee exists or whether there are any persons having equal or higher precedence than a known prospective payee, VA will request such information from a survivor or authorized representative if the claims file provides sufficient contact information. Before releasing payment to an identified payee, VA will ask the payee to state whether there are any other survivors of the class member who may have equal or greater entitlement to payment under this section, unless the circumstances clearly indicate that such a request is unnecessary. If, following such efforts, VA releases the full amount of unpaid benefits to a payee, VA may not thereafter pay any portion of such benefits to any other individual, unless VA is able to recover the payment previously released.

(4) Bar to accrued benefit claims. Payment of benefits pursuant to paragraph (f)(1) of this section shall bar a later claim by any individual for payment of all or any part of such benefits as accrued benefits under 38 U.S.C. 5121 and §3.1000.

(g) Awards covered by this section. This section applies only to awards of disability compensation or DIC for disability or death caused by a disease listed in paragraph (b)(2) of this section.

§ 3.850 INCOMPETENTS, GUARDIANSHIP AND INSTITUTIONAL AWARDS

§ 3.850 General.

(a) Payment of benefits to a duly recognized fiduciary may be made on behalf of a person who is mentally incompetent or who is a minor; or, payment may be made directly to the beneficiary or to a relative or other person for the use of the beneficiary, regardless of legal disability, when it is determined to be in the best interest of the beneficiary by the Veterans Service Center Manager.

(Authority: 38 U.S.C. 5502)

(1) Unless otherwise contraindicated by evidence of record payment will be made direct to the following classes of minors without any referral to the Veterans Service Center Manager:

(i) Those who are serving in or have been discharged from the military forces of the United States; and

(ii) Those who qualify for survivors benefits as a surviving spouse.

(2) Unless otherwise contraindicated by evidence of record, immediate payment of benefits may be made to the spouse of an incompetent veteran having no guardian for the use of the veteran and his or her dependents prior to referral to the Veterans Service Center Manager. (Sec. 13.57 of this chapter.)

(b) When payments have been discontinued or withheld from a fiduciary, benefits may be temporarily paid to the person having custody of the minor or incompetent.

(c) Where a child is in the custody of a natural, adoptive or stepparent, benefits payable on behalf of such child may be paid to the parent as custodian of the child.

(d) Benefits due a minor or incompetent adult Indian who is a recognized ward of the Government, for whom no fiduciary has been appointed, may be paid to the proper officer of the Indian Service designated by the Secretary of the Interior to receive funds for said person.

§ 3.851 St. Elizabeths Hospital, Washington, DC.

Benefits due or becoming due any person who is a patient at St. Elizabeths Hospital will be paid to a duly appointed fiduciary of such person. The benefits payable to a veteran who has no spouse, child, or dependent parent will be paid by an institutional award in accordance with § 3.852 if there is no such fiduciary. Benefits payable to veterans' dependents who are patients at this hospital will be paid direct or to a fiduciary of such dependent, except that any awards now being paid to the superintendent will be continued while such dependent remains a patient.

§ 3.852 Institutional awards.

(a) When an incompetent veteran entitled to pension, compensation or retirement pay is a patient in a hospital or other institution, payments on his (or her) account will be made to the chief officer of a Department of Veterans Affairs or non-Department of Veterans Affairs institution:

(1) When no fiduciary has been appointed or when payments to an unsatisfactory fiduciary have been discontinued;

(2) When the Veterans Service Center Manager certifies that a fiduciary is not furnishing the chief officer funds required for the veteran's comforts and desires not otherwise provided by the institution.

(Authority: 38 U.S.C. 501(a); 5307; 5502)

(b) In an institutional award of pension, compensation or retirement pay there may be paid to the chief officer of a non-Department of Veterans Affairs institution on behalf of the veteran an amount not in excess of $60 per month. An institutional award of disability pension will not exceed $25 per month if the award is apportionable under § 3.454(a).

(Authority: 38 U.S.C. 501)

(1) All sums, otherwise payable in excess of the institutional award, apportionments or awards to fiduciaries, will be deposited in Personal Funds of Patients.
(2) There may be paid on behalf of a veteran, having no spouse, child or dependent parent and receiving care in a non-Department of Veterans Affairs institution, such additional amount, within the limit of the total payable and as may be certified by the Veterans Service Center Manager, needed for the benefit of the veteran and to pay for his (or her) care and maintenance. Moneys on deposit in Personal Funds of Patients will not be used for this purpose except as authorized by the Veterans Service Center Manager under §13.72 of this chapter.

(3) If the veteran has dependents, or more is payable under his (or her) rating, or there are funds to his (or her) credit in “Funds Due Incompetent Beneficiaries,” such additional amount as may be needed will be allowed on the basis of a certification by the chief officer with respect to need and amount required.

(c) Where there arises a situation as enumerated in paragraph (a)(1) of this section, apportionment to dependents will be under §3.451.

(Authority: 38 U.S.C. 5307)

(d) Any excess funds held by the chief officer of a non-Department of Veterans Affairs institution, not necessary for the benefit of the veteran, will be returned to the Department of Veterans Affairs or to a fiduciary, if one is serving. Upon death of a veteran with no surviving heirs, excess funds will be returned to the Department of Veterans Affairs.

§ 3.853 Incompetents; estate over $25,000.

(a) Effective November 1, 1990, through September 30, 1992, where a veteran:

(1) Is rated incompetent by VA, and

(2) Has neither spouse, child, nor dependent parent, and

(3) Has an estate, excluding the value of the veteran’s home, which exceeds $25,000, further payments of compensation shall not be made until the estate is reduced to less than $10,000. The value of the veteran’s estate shall be computed under the provisions of §13.109 of this chapter. Payment of compensation shall be discontinued the last day of the first month in which the veteran’s estate exceeds $25,000.

(b) Where payment of compensation has been discontinued by reason of paragraph (a) of this section, it shall not be resumed for any period prior to October 1, 1992, until VA has received evidence showing the estate has been reduced to less than $10,000, or any criterion of paragraph (a) (1) or (2) of this section is no longer met. Payments shall not be made for any period prior to the date on which the estate was reduced to less than $10,000, or a criterion of paragraph (a) (1) or (2) of this section was no longer met.

(c) If a veteran denied payment of compensation under paragraph (a) of this section is subsequently rated competent for more than 90 days, the withheld compensation shall be paid to the veteran in a lump-sum. However, a lump-sum payment shall not be made to or on behalf of a veteran who, within such 90-day period, dies or is again rated incompetent.

(Authority: 38 U.S.C. 5505)

§ 3.854 Limitation on payments for minor.

Benefits will not be authorized to a fiduciary recognized or appointed for a child, by reason of its minority, for any period subsequent to the day preceding the date on which the child will attain its majority under the law of the State in which the child resides. Payments on or after that date, if otherwise in order, will be made direct to the child, if competent, or, if incompetent and direct payment under §3.850 is not in order, to a fiduciary appointed for the child as a mentally incompetent adult.

[39 FR 34533, Sept. 26, 1974]
§ 3.855 Beneficiary rated or reported incompetent.

(a) General. Payments being made directly to a beneficiary who is or may be incompetent will not be routinely suspended pending certification of a fiduciary (or a recommendation that payments should be paid directly to the beneficiary) by the Veterans Service Center Manager or development of the issue of incompetency.

(b) Application. This policy applies to all cases including (but not limited to) the following:

(1) Notice or evidence is received that a guardian has been appointed for the beneficiary.

(2) Notice or evidence is received that the beneficiary has been committed to a hospital.

(3) The beneficiary has been rated incompetent by the Department of Veterans Affairs.

(Authority: Section 3, Pub. L. 85–857)

(2) Effective September 2, 1959, forfeiture of benefits may not be declared except under the circumstances set forth in § 3.901(d), § 3.902(d), or § 3.903. Forfeitures declared before September 2, 1959, will continue to be a bar on and after that date.

Where forfeiture for treasonable acts was declared before September 2, 1959, the Secretary may pay any part of benefits so forfeited to the dependents of the person provided the decision to apportion was authorized prior to September 2, 1959, except that the amount may not be in excess of that which the dependent would be entitled to as a death benefit.

(Authority: 38 U.S.C. 6104(c))

(e) Remission of forfeitures imposed prior to September 2, 1959. Where it is determined that a forfeiture for fraud which was imposed prior to September 2, 1959, would not be imposed under the law and regulation in effect on and after September 2, 1959, the forfeiture shall be remitted effective June 30, 1972. § 3.905 Declaration of forfeiture or remission of forfeiture.

(a) Jurisdiction. At the regional office level, except in VA Regional Office, Manila, Philippines, the Regional Counsel is authorized to determine whether the evidence warrants formal consideration as to forfeiture. In the Manila Regional Office the Veterans Service Center Manager is authorized to make this determination. Submissions may also be made by the director of a service, the Chairman, Board of Veterans Appeals, and the General Counsel. Jurisdiction to determine whether the claimant or payee has forfeited the right to gratuitous benefits or to remit a prior forfeiture is vested in the Director, Compensation and Pension Service, and personnel to whom authority has been delegated under the provisions of §3.100(c).

(b) Fraud or treasonable acts. Forfeiture of benefits under §3.901 or §3.902 will not be declared until the person has been notified by the Regional Counsel or, in VA Regional Office, Manila, Philippines, the Veterans Service Center Manager, of the right to present a defense. Such notice shall consist of a written statement sent to the person’s latest address of record setting forth the following:

(1) The specific charges against the person;

(2) A detailed statement of the evidence supporting the charges, subject to regulatory limitations on disclosure of information;

(3) Citation and discussion of the applicable statute;

(4) The right to submit a statement or evidence within 60 days, either to rebut the charges or to explain the person’s position;

(5) The right to a hearing within 60 days, with representation by counsel of the person’s own choosing, that fees for the representation are limited in accordance with 38 U.S.C. 5904(c) and that no expenses incurred by a claimant, counsel or witness will be paid by VA.

(c) Subversive activities. Automatic forfeiture of benefits under §3.903 will be effectuated by an official authorized to declare a forfeiture as provided in paragraph (a) of this section.

(d) Finality of decisions. A decision of forfeiture is subject to the provisions of §3.104(a) and §§20.1103 and 20.1104 of this chapter. The officials authorized to file administrative appeals and the time limit for filing such appeals are set forth in §19.51 of this chapter.

(e) Remission of forfeiture. In event of remission of forfeiture under §3.901(e), any amounts paid as an apportionment during periods of the previously forfeited beneficiary’s reentitlement will be offset.

§3.950 Helpless children; Spanish-American and prior wars.

Marriage is not a bar to the payment of pension or compensation to a helpless child under an award approved prior to April 1, 1944. The presumption, arising from the fact of marriage, that helplessness has ceased may be overcome by positive proof of continuing helplessness. As to awards approved on or after April 1, 1944, pension or compensation may not be paid to a helpless child who has married.

§ 3.951 Preservation of disability ratings.

(a) A readjustment to the Schedule for Rating Disabilities shall not be grounds for reduction of a disability rating in effect on the date of the readjustment unless medical evidence establishes that the disability to be evaluated has actually improved.

(Authority: 38 U.S.C. 1155)

(b) A disability which has been continuously rated at or above any evaluation of disability for 20 or more years for compensation purposes under laws administered by the Department of Veterans Affairs will not be reduced to less than such evaluation except upon a showing that such rating was based on fraud. Likewise, a rating of permanent total disability for pension purposes which has been in force for 20 or more years will not be reduced except upon a showing that the rating was based on fraud. The 20-year period will be computed from the effective date of the evaluation to the effective date of reduction of evaluation.

§ 3.952 Protected ratings.

Ratings under the Schedule of Disability Ratings, 1925, which were the basis of compensation on April 1, 1946, are subject to modification only when a change in physical or mental condition would have required a reduction under the 1925 schedule, or an increased evaluation has been assigned under the Schedule for Rating Disabilities, 1945 (looseleaf edition), after which time all evaluations will be under the 1945 schedule (loose-leaf edition) only. Such increased evaluations must be of an other than temporary nature (due to hospitalization, surgery, etc.). When a temporary evaluation is involved, the 1925 schedule evaluation will be restored after the period of increase has elapsed unless the permanent residuals would have required reduction under that schedule, or unless an increased evaluation would be assignable under a 1945 schedule (looseleaf edition) rating. In any instance where the changed condition represents an increased degree of disability under either rating schedule but the evaluation provided by the 1945 schedule (looseleaf edition) is less than the evaluation in effect under the 1925 schedule on April 1, 1946, the 1925 schedule evaluation and award are protected.

(a) In receipt of or entitled to receive benefits on December 31, 1958. Any person receiving or entitled to receive benefits under any public law administered by the Department of Veterans Affairs on December 31, 1958, may, except where there was fraud, clear and unmistakable error of fact or law, or misrepresentation of material facts, continue to receive such benefits as long as the conditions warranting such payment under those laws continue. The greater benefit under the previous law or the corresponding section of title 38 U.S.C., will be paid in the absence of an election to receive the lesser benefit.

(Authority: Section 10, Pub. L. 85–857)

(b) Emergency officers’ retirement pay. Any person who was receiving, or entitled to receive, emergency officers’ retirement pay, or other privileges or benefits as a retired emergency officer of World War I, on December 31, 1958, under the laws in effect on that day, will, except where there was fraud, clear and unmistakable error as to conclusion of fact or law, or misrepresentation of material facts, continue to receive, or be entitled to receive, emergency officers’ retirement pay at the rate otherwise payable on December 31, 1958, and such other privileges and benefits, so long as the conditions warranting such pay, privileges, and benefits under those laws continue.

(Authority: Section 11, Pub. L. 85–857)

(c) Service connection established under prior laws. In the absence of fraud, misrepresentation of material facts or clear and unmistakable error, all cases where compensation was payable on December 31, 1957, for disability service connected under prior laws, repealed by Pub. L. 85–56, including those service connected under the second proviso of
section 200 of the World War Veterans' Act, 1924, as amended, are protected by section 2316(b), Pub. L. 85–56 and section 10, Pub. L. 85–567 as to both service connection and rate of compensation, so long as the conditions warranting such status and rate continue. Any disability so service connected may be evaluated under the Schedule for Rating Disabilities, 1945 (looseleaf edition) and benefits awarded on the basis thereof, as well as special monthly compensation under 38 U.S.C. 1114, provided such action results in compensation payable at a rate equal to or higher than that payable on December 31, 1957. Where a changed physical condition warrants reevaluation of service-connected disabilities, compensation will be awarded under the provisions of 38 U.S.C. 1114.

§ 3.954 Burial allowance.

When any person who had a status under any law in effect on December 31, 1957, which afforded entitlement to burial benefits dies, the burial allowance will be paid, if otherwise in order, even though such status does not meet the service requirements of 38 U.S.C. ch. 23.

§ 3.957 Service connection.

Service connection for any disability or death granted or continued under title 38 U.S.C., which has been in effect for 10 or more years will not be severed except upon a showing that the original grant was based on fraud or it is clearly shown from military records that the person concerned did not have the requisite service or character of discharge. The 10-year period will be computed from the effective date of the Department of Veterans Affairs finding of service connection to the effective date of the rating decision severing service connection, after compliance with §3.105(d). The protection afforded in this section extends to claims for dependency and indemnity compensation or death compensation.

§ 3.960 Section 306 and old-law pension protection.

(a) General. Except as provided in paragraphs (b) and (c) of this section, any person eligible to elect improved pension under §3.711 or 3.712 who is in receipt of section 306 or old-law pension on December 31, 1978, shall in the absence of an election to receive improved pension, continue to receive such pension at the monthly rate payable on December 31, 1978.

(b) Termination. Pension payable under paragraph (a) of this section shall be terminated for any one of the following reasons:

(1) A veteran pensioner ceases to be permanently and totally disabled.

(2) A surviving spouse pensioner ceases to meet the definition of surviving spouse in 38 U.S.C. 101(3).

(3) A child pensioner ceases to meet the definition of child in 38 U.S.C. 101(4).

(4) A section 306 pensioner’s countable annual income, determined under
§ 3.1000

§§ 3.250 to 3.270, exceeds the applicable amount stated in §3.26(a).

(5) An old-law pensioner’s countable annual income determined under §§3.250 to 3.270 exceeds the applicable amount stated in §3.26(c).

(6) A section 306 pensioner has a net worth of such size that it is reasonable that some part of it be consumed for the pensioner’s maintenance. Evaluation of net worth shall be made under §3.263.

(c) Reduction. The pension rate payable under paragraph (a) of this section shall be reduced by the amount of any additional pension payable by reason of a dependent upon the loss of such dependent. A veteran or surviving spouse who no longer has any dependents shall not continue to receive either section 306 pension or old-law pension if countable annual income exceeds the appropriate rate in §3.26(a), (b), or (c).

(d) Finality of termination. Termination of section 306 pension or old-law pension for one of the reasons listed in paragraph (b) of this section precludes a person from thereafter establishing entitlement under any other pension program except the improved pension program.

ACCRUED

§ 3.1000 Entitlement under 38 U.S.C. 5121 to benefits due and unpaid upon death of a beneficiary.

(a) Basic entitlement. Except as provided in §§3.1001 and 3.1008, where death occurred on or after December 1, 1962, periodic monetary benefits (other than insurance and servicemembers’ indemnity) authorized under laws administered by the Department of Veterans Affairs, to which a payee was entitled at his or her death under existing ratings or decisions or those based on evidence in the file at date of death, and due and unpaid will, upon the death of such person, be paid as follows:

(Authority: 38 U.S.C. 5121(a))

(1) Upon the death of a veteran to the living person first listed as follows:

(i) His or her spouse;

(ii) His or her children (in equal shares);

(iii) His or her dependent parents (in equal shares) or the surviving parent.

(2) Upon the death of a surviving spouse or remarried surviving spouse, to the veteran’s children.

(3) Upon the death of a child, to the surviving children of the veteran entitled to death pension, compensation, or dependency and indemnity compensation.

(4) Upon the death of a child claiming benefits under chapter 18 of this title, to the surviving parents.

(5) In all other cases, only so much of the accrued benefit may be paid as may be necessary to reimburse the person who bore the expense of last sickness or burial. (See §3.1002.)

(b) Apportionments. (1) Upon the death of a person receiving an apportioned share of benefits payable to a veteran, all or any part of such unpaid amount is payable to the veteran or to any other dependent or dependents of the veteran.

(2) Where at the date of death of the veteran an apportioned share is being paid to or has been withheld on behalf of another person, the apportioned amount remaining unpaid for periods prior to the last day of the month before the veteran’s death is payable to the apportionee.

(3) Where the accrued death pension, compensation or dependency and indemnity compensation was payable for a child as an apportioned share of the surviving spouse’s benefit, payment will be made under the provisions of paragraph (a)(4) of this section, on the expenses of such deceased child’s last sickness or burial.

(c) Claims and evidence. Application for accrued benefits must be filed within 1 year after the date of death. A claim for death pension, compensation, or dependency and indemnity compensation, by an apportionee, surviving spouse, child or parent is deemed to include claim for any accrued benefits. (See §3.152(b)).

(1) If an application for accrued benefits is incomplete because the claimant has not furnished information necessary to establish that he or she is
within the category of eligible persons under the provisions of paragraphs (a)(1) through (a)(4) or paragraph (b) of this section and that circumstances exist which make the claimant the specific person entitled to payment of all or part of any benefits which may have accrued, VA shall notify the claimant:

(i) Of the type of information required to complete the application;
(ii) That VA will take no further action on the claim unless VA receives the required information; and
(iii) That if VA does not receive the required information within 1 year of the date of the original VA notification of information required, no benefits will be awarded on the basis of that application.

(2) Failure to file timely claim, or a waiver of rights, by a preferred dependent will not serve to vest title in a person in a lower class or a claimant for reimbursement; neither will such failure or waiver by a person or persons in a joint class serve to increase the amount payable to another or others in the class.

(Authority: 38 U.S.C. 5121(c); 5112(b))

(d) Definitions. (1) Spouse means the surviving spouse of the veteran, whose marriage meets the requirements of §3.1(j) or §3.52. Where the marriage meets the requirements of §3.1(j) date of marriage and continuous cohabitation are not factors.

(2) Child is as defined in §3.57 and includes an unmarried child who became permanently incapable of self-support prior to attaining 18 years of age as well as an unmarried child over the age of 18 but not over 23 years of age, who was pursuing a course of instruction within the meaning of §3.57 at the time of the payee’s death. However, upon the death of a child in receipt of death pension, compensation, or dependency and indemnity compensation, any accrued will be payable to the surviving child or children of the veteran entitled to death pension, compensation, or dependency and indemnity compensation. Upon the death of a child, another child who has elected dependents’ educational assistance under 38 U.S.C. chapter 35 may receive accrued death pension, compensation, or dependency and indemnity compensation, payable on behalf of the deceased child for periods prior to the commencement of benefits under that chapter.

(3) Dependent parent is as defined in §3.59: Provided, That the mother or father was dependent within the meaning of §3.250 at the date of the veteran’s death.

(4) Evidence in the file at date of death means evidence in VA’s possession on or before the date of the beneficiary’s death, even if such evidence was not physically located in the VA claims folder on or before the date of death, in support of a claim for VA benefits pending on the date of death.

(5) Claim for VA benefits pending on the date of death means a claim filed with VA that had not been finally adjudicated by VA on or before the date of death. Such a claim includes a deceased beneficiary’s claim to reopen a finally disallowed claim based upon new and material evidence or a deceased beneficiary’s claim of clear and unmistakable error in a prior rating or decision. Any new and material evidence must have been in VA’s possession on or before the date of the beneficiary’s death.

(e) Subsistence allowance. Subsistence allowance under the provisions of 38 U.S.C. ch. 31 remaining due and unpaid at the date of the veteran’s death, is payable under the provisions of this section.

(f) Dependents’ educational assistance. Educational assistance allowance or special restorative training allowance under 38 U.S.C. ch. 35, remaining due and unpaid at the date of death of an eligible surviving spouse or eligible child is payable to a child or children of the veteran (see paragraphs (a)(2), (a)(3) and (d)(2) of this section), or on the expenses of last sickness and burial (see paragraph (a)(4) of this section.) Benefits due and unpaid at the date of death of an eligible spouse are payable only on the expenses of last sickness and burial (see paragraph (a)(4) of this section).

(g) Veterans educational assistance. Educational assistance allowance under 38 U.S.C chapters 30, 32, or 34, and 10 U.S.C. chapter 1606 remaining
§ 3.1001

due and unpaid at the date of the veteran’s death is payable under the provisions of this section.

(Authority: 38 U.S.C. 5121)

(h) Clothing allowance. Clothing allowance under 38 U.S.C. 1162 remaining due and unpaid at the date of the veteran’s death is payable under the provisions of this section.

(i) Active service pay. Benefits awarded under this section do not include compensation or pension benefits for any period for which the veteran received active service pay.

38 CFR Ch. I (7–1–11 Edition) § 3.1001 Hospitalized competent veterans.

The provisions of this section apply only to the payment of amounts actually withheld on a running award under § 3.551(b) which are payable in a lump sum after the veteran’s death.

(a) Basic entitlement. Where an award of disability pension for a competent veteran without dependents was reduced because of hospital treatment or institutional or domiciliary care by the Department of Veterans Affairs and the veteran dies while receiving such treatment or care or before payment of amounts withheld, the lump sum is payable to the living person first listed as follows:

1. The veteran’s spouse, as defined in § 3.1000(d)(1);
2. The veteran’s children (in equal shares), as defined in § 3.57 but without regard to their age or marital status;
3. The veteran’s dependent parents (in equal shares), or the surviving dependent parent, as defined in § 3.1000(d)(3);
4. In all other cases, only so much of the lump sum may be paid as may be necessary to reimburse a person who bore the expenses of last sickness or burial. (See § 3.1002.)

(b) Claims. Applications must be filed with the Department of Veterans Af-

fairs within 5 years after the death of the veteran. If, however, any person otherwise entitled is under legal disability at the time of the veteran’s death, the 5-year period will run from the date of termination or removal of the legal disability.

(1) There is no time limit on the retroactive period of an award or for furnishing evidence.

(2) Failure to file timely claim, or a waiver of rights, by a preferred dependent will not serve to vest title in a person in a lower class or a claimant for reimbursement; neither will such failure or waiver by a person or persons in a joint class serve to increase the amount payable to another or others in the class.

(c) Lump sum withheld after discharge from institution. The provisions of paragraphs (a) and (b) of this section will apply in the event of the death of any veteran prior to receiving a lump sum which was withheld because treatment or care was terminated against medical advice or as the result of disciplinary action.

§ 3.1003 Returned and canceled checks.

Where the payee of a check for benefits has died prior to negotiating the check, the check shall be returned to the issuing office and canceled.

(a) The amount represented by the returned check, or any amount recovered following improper negotiation of the check, shall be payable to the living person or persons in the order of precedence listed in § 3.1000(a)(1) through (4), except that the total amount payable shall not include any
§ 3.1009  

payment for the month in which the payee died (see § 3.500(g)), and payments to persons described in § 3.1000(a)(4) shall be limited to the amount necessary to reimburse such persons for the expenses of last sickness and/or burial.

(1) There is no limit on the retroactive period for which payment of the amount represented by the check may be made, and no time limit for filing a claim to obtain the proceeds of the check or for furnishing evidence to perfect a claim.

(2) Nothing in this section will preclude payment to an otherwise entitled claimant having a lower order of precedence under § 3.1000(a)(1) through (4), if it is shown that the person or persons having a higher order of precedence are deceased at the time the claim is adjudicated.

(b) Subject to the limitations in § 3.500(g) of this part, any amount not paid in the manner provided in paragraph (a) of this section shall be paid to the estate of the deceased payee, provided that the estate, including the amount paid under this paragraph, will not revert to the state because there is no one eligible to inherit it.

(c) The provisions of this section do not apply to checks for lump sums representing amounts withheld under § 3.551(b) or § 3.557. These amounts are subject to the provisions of §§ 3.1001 and 3.1007, as applicable.

§§ 3.1004–3.1006 [Reserved]

§ 3.1007  Hospitalized incompetent veterans.

Where an award of disability pension for an incompetent veteran without dependents was reduced under §3.551(b) because of hospitalization, institutional or domiciliary care by the Department of Veterans Affairs, or an award of disability pension, compensation or emergency officers’ retirement pay was discontinued under former §3.557(b) (as applicable prior to December 27, 2001) because the veteran was hospitalized by the United States or a political subdivision and had an estate which equaled or exceeded the statutory maximum, and the veteran dies before payment of amounts withheld or not paid by reason of such care, no part of such amount will be paid to any person. The provisions of this section are applicable to amounts withheld for periods prior to as well as subsequent to the rating of incompetency. The term dies before payment includes cases in which a check was issued and the veteran died before negotiating the check.

(31 U.S.C. 125) However, the accrued amount will be payable only if the person on whose behalf checks were issued and the person claiming the accrued amount have not been guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or its allies.

(26 FR 1609, Feb. 24, 1961)

§ 3.1009  Personal funds of patients.

The provisions of this section are applicable to gratuitous benefits deposited by the Department of Veterans Affairs either before, on, or after December 1, 1959, in a personal funds of patients account for an incompetent veteran who was incompetent at the date of death. Where the veteran died after November 30, 1959:

(a) Eligible persons. Gratuitous benefits shall be paid to the living person first listed as follows:

(1) His or her spouse, as defined in §3.1000(d)(1);

(2) His or her children (in equal shares), as defined in §3.57 but without regard to their age or marital status;

(3) His or her dependent parents (in equal shares) as defined in §3.59 or the...
surviving parent, provided that the parent was dependent within the meaning of §3.250 at the date of the veteran’s death.

(4) In all other cases, only so much may be paid as may be necessary to reimburse a person who bore the expense of last sickness or burial. (See §3.1002.)

(b) Claim. Application must be filed with the Department of Veterans Affairs within 5 years after the death of the veteran. If, however, any person otherwise entitled is under legal disability at the time of the veteran’s death, the 5-year period will run from the date of termination or removal of the legal disability.

(1) There is no time limit for the submission of evidence.

(2) Failure to file a timely claim, or a waiver of rights, by a preferred dependent will not serve to vest title in a person in a lower class or a claimant for reimbursement; neither will such failure or waiver by a person or persons in a joint class serve to increase the amount payable to another or others in the class.

§ 3.1600 Payment of burial expenses of deceased veterans.

For the purpose of payment of burial expenses the term veteran includes a person who died during a period deemed to be active military, naval or air service under §3.6(b)(6). The period of active service upon which the claim is based must have been terminated by discharge or release from active service under conditions other than dishonorable.

(a) Service-connected death and burial allowance. If a veteran dies as a result of a service-connected disability or disabilities, an amount not to exceed the amount specified in 38 U.S.C. 2307 (or if entitlement is under §3.40(b), (c), or (d), an amount computed in accordance with the provisions of §3.40(b) or (c)) may be paid toward the veteran’s funeral and burial expenses including the cost of transporting the body to the place of burial. Entitlement to this benefit is subject to the applicable further provisions of this section and §§3.1601 through 3.1610. Except as provided in §3.1604(d)(5), payment of the service-connected death burial allowance is in lieu of payment of any benefit authorized under paragraph (b), (c) or (f) of this section.

(b) Nonservice-connected death burial allowance. If a veteran’s death is not service-connected, an amount not to exceed the amount specified in 38 U.S.C. 2302 (or if entitlement is under §3.40(b), (c), or (d), an amount computed in accordance with the provisions of §3.40(b) or (c)) may be paid toward the veteran’s funeral and burial expenses including the cost of transporting the body to the place of burial. Entitlement is subject to the following conditions:

(1) At the time of death the veteran was in receipt of pension or compensation (or but for the receipt of military retirement pay would have been in receipt of compensation); or

(2) The veteran has an original or reopened claim for either benefit pending at the time of the veteran’s death, and

(i) In the case of an original claim there is sufficient evidence of record on the date of the veteran’s death to have supported an award of compensation or pension effective prior to the date of the veteran’s death, or

(ii) In the case of a reopened claim, there is sufficient prima facie evidence of record on the date of the veteran’s death to indicate that the deceased would have been entitled to compensation or pension prior to date of death. If the Department of Veterans Affairs determines that additional evidence is needed to confirm that the deceased would have been entitled prior to death, it shall be submitted within 1 year from date of request to the burial allowance claimant for submission of the confirming evidence. If the confirming evidence is not received by the Department of Veterans Affairs within
1 year from date of request, the burial allowance claim shall be disallowed; or

3. The deceased was a veteran of any war or was discharged or released from active military, naval, or air service for a disability incurred or aggravated in line of duty, and the body of the deceased is being held by a State (or a political subdivision of a State), and the Secretary determines,

(i) That there is no next of kin or other person claiming the body of the deceased veteran, and

(ii) That there are not available sufficient resources in the veteran's estate to cover burial and funeral expenses; and

(Authority: 38 U.S.C. 2302(a))

4. The applicable further provisions of this section and §§3.1601 through 3.1610.

(Authority: 38 U.S.C. 501, 2302)

(c) Death while properly hospitalized. If a person dies from non-service-connected causes while properly hospitalized by VA, there is payable an allowance not to exceed the amount specified in 38 U.S.C. 2303(a) for the actual cost of the person's funeral and burial, and an additional amount for transportation of the body to the place of burial. For burial allowance purposes, the term hospitalized by VA means admission to a VA facility (as described in 38 U.S.C. 1701(3)) for hospital, nursing home, or domiciliary care under the authority of 38 U.S.C. 1710 or 1711(a); admission (transfer) to a non-VA facility (as described in 38 U.S.C. 1701(4)) for hospital care under the authority of 38 U.S.C. 1703; admission (transfer) to a State nursing home for nursing home care at the expense of the United States; or admission (transfer) to a State nursing home for nursing home care with respect to which payment is authorized under the authority of 38 U.S.C. 1711. (If the hospitalized person's death is service-connected, entitlement to the burial allowance and transportation expenses fall under paragraphs (a) and (g) of this section instead of this paragraph.)

(Authority: 38 U.S.C. 2303(a))

(d) Determinations. Where a claim for burial allowance would be or has been disallowed because the service department holds that the disability was not incurred in line of duty and evidence is submitted which permits a different finding, the decision of the service department is not binding and the Department of Veterans Affairs will determine line of duty. The burden of proof will rest upon the claimant.

(e) Persons not included. Except as provided in §3.1605(c) burial allowance is not payable in the following cases:

1. A discharged or rejected draftee or selectee.

2. A member of the National Guard who reported to camp in answer to the President's call for World War I or World War II service, but who, when medically examined was not finally accepted for active military service.

3. An alien who does not come within the purview of §3.7(b).

4. Philippine Scouts enlisted on or after October 6, 1945, under section 14, Pub. L. 190, 79th Congress.

5. Temporary members of the Coast Guard Reserve.

(f) Plot or interment allowance. A plot or interment allowance is payable to the person or entity who incurred the expenses in an amount not to exceed the amount specified in 38 U.S.C. 2303(b) (or if the entitlement is under §3.40 (c) or (d), an amount computed in accordance with the provisions of §3.40(c)) if the following conditions are met:

1. For claims filed on or after December 16, 2003:

   (i) The deceased veteran is eligible for burial in a national cemetery;

   (ii) The veteran is not buried in a national cemetery or other cemetery under the jurisdiction of the United States;

   (iii) The applicable further provisions of this section and §§3.1601 through 3.1610.

2. For claims filed before December 16, 2003:

   (i) The deceased veteran is eligible for the burial allowance under paragraph (b) or (c) of this section; or

   (ii) The veteran served during a period of war and the conditions set forth in §3.1604(d)(1)(ii)–(v) (relating to burial
in a state veterans’ cemetery) are met; or

(Authority: 38 U.S.C. 2303(b)(2))

(iii) The veteran was discharged from the active military, naval, or air service for a disability incurred or aggravated in line of duty (or at time of discharge has such a disability, shown by official service records, which in medical judgment would have justified a discharge for disability; the official service department record showing that the veteran was discharged or released from service for disability incurred in line of duty will be accepted for determining entitlement to the plot or interment allowance notwithstanding that the Department of Veterans Affairs has determined, in connection with a claim for monetary benefits, that the disability was not incurred in line of duty); and

(iv) The veteran is not buried in a national cemetery or other cemetery under the jurisdiction of the United States; and

(v) The applicable further provisions of this section and §§3.1601 through 3.1610.

(Authority: 38 U.S.C. 2303(b))

(g) Transportation expenses for burial in national cemetery. Where a veteran dies as the result of a service-connected disability, or at the time of death was in receipt of disability compensation (or but for the receipt of military retired pay or nonservice-connected disability pension would have been entitled to disability compensation at time of death), there is payable, in addition to the burial allowance (either the amount specified in 38 U.S.C. 2302 or the amount specified in 38 U.S.C. 2307 if the cause of death was service connected), an additional amount for payment of the cost of transporting the body to the national cemetery for burial. This amount may not exceed the cost of transporting the body from the veteran’s place of death to the national cemetery nearest the veteran’s last place of residence in which burial space is available. The amounts payable under this paragraph are subject to the limitations set forth in §§3.1604 and 3.1606.

38 CFR Ch. I (7–1–11 Edition)

§ 3.1601 Claims and evidence.

(a) Claims. Claims for reimbursement or direct payment of burial and funeral expenses under §3.1600(b) and plot or interment allowance under §3.1600(f) must be received by VA within 2 years after the permanent burial or cremation of the body. Where the burial allowance was not payable at the death of the veteran because of the nature of his (or her) discharge from service, but after his (or her) death the discharge has been corrected by competent authority so as to reflect a discharge under conditions other than dishonorable, claim may be filed within 2 years from date of correction of the discharge. This time limit does not apply to claims for service-connected burial allowance under §3.1600(a) or for the cost of transporting a veteran’s body to the place of burial under §3.1600(c) or §3.1600(g).

(Authority: 38 U.S.C. 904)

(1) Claims for burial allowance may be executed by:

(i) The funeral director, if entire bill or any balance is unpaid (if unpaid bill or the unpaid balance is less than the applicable statutory burial allowance, only the unpaid amount may be claimed by the funeral director); or

(ii) The individual whose personal funds were used to pay burial, funeral, and transportation expenses; or

(iii) The executor or administrator of the estate of the veteran or the estate of the person who paid the expenses of the veteran’s burial or provided such services. If no executor or administrator has been appointed then by some person acting for such estate who will make distribution of the burial allowance to the person or persons entitled under the laws governing the distribution of interstate estates in the State of the decedent’s personal domicile.

(2) Claims for the plot or interment allowance (except for claims filed by a State or an agency or political subdivision thereof, under §3.1604(d)) may be executed by:

(i) The funeral director, if he or she provided the plot or interment services, or advanced funds to pay for them, and if the entire bill for such or any balance thereof is unpaid (if the unpaid bill or the unpaid balance is less than the statutory plot or interment allowance, only the unpaid amount may be claimed by the funeral director); or

(ii) The person(s) whose personal funds were used to defray the cost of the plot or interment expenses; or

(iii) The person or entity from whom the plot was purchased or who provided interment services if the bill for such is unpaid in whole or in part. An unpaid bill for a plot will take precedence in payment of the plot or interment allowance over an unpaid bill for other interment expenses or a claim for reimbursement for such expenses. Any remaining balance of the plot or interment allowance may then be applied to interment expenses; or

(iv) The executor or administrator of the estate of the veteran or the estate of the person who bore the expense of the plot or interment expenses. If no executor or administrator has been appointed, claim for the plot or interment allowance may be filed as provided in paragraph (a)(1)(iii) of this section for the burial allowance.

(3) For the purposes of the plot and interment allowance plot or burial plot means the final disposal site of the remains, whether it is a grave, mausoleum vault, columbarium niche, or other similar place. Interment expenses are those costs associated with the final disposition of the remains and are not confined to the acts done within the burial grounds but may include the removal of bodies for burial or interment.

(b) Supporting evidence. Evidence required to complete a claim for the burial allowance and the plot or interment allowance, when payable, (including a reopened claim filed within the 2-year period) must be submitted within 1 year from the date of the Department of Veterans Affairs request for such evidence. In addition to the proper claim form the claimant (other than a §3.1604(d) claimant) is required to submit:

(1) Statement of account. Preferably on funeral director’s or cemetery owner’s billhead showing name of the deceased veteran, the plot or interment costs, and the nature and cost of services rendered, and unpaid balance.

(2) Receipted bills. Must show by whom payment was made and show receipt by a person acting for the funeral director or cemetery owner.

(3) Proof of death. In accordance with §3.211.

(4) Waivers from all other distributees. Where expenses of a veteran’s burial, funeral, plot, interment and transportation were paid from funds of the veteran’s estate or some other deceased person’s estate and the identity and right of all persons to share in that estate have been established, payment may be made to one heir upon unconditional written consent of all other heirs.

(5) Entitlement under §3.1600(b)(3). In addition to the other evidentiary requirements of this subparagraph, there must be written certification over the signature of a responsible official of the State (or political subdivision of the State) where the body was held that—

(i) There is no next of kin or other person claiming the body of the deceased veteran, and

(ii) There are not available sufficient resources in the veteran’s estate to cover burial and funeral expenses.

(Authority: 38 U.S.C. 2302(a))

§ 3.1602 Special conditions governing payments.

(a) Two or more persons expended funds. If two or more persons have paid from their personal funds toward the burial, funeral, plot, interment and transportation expenses, the burial and plot or interment allowance will be divided among such persons in accordance with the proportionate share paid by each, unless waiver is executed in favor of one of such persons by the
other person or persons involved. The person in whose favor payment is waived will not be allowed a sum greater than that which was paid by such person. (See §3.1601(a)(3).

(b) Person who performed services. A person who performed burial, funeral, and transportation services or furnished the burial plot will have priority over claims of persons whose personal funds were expended.

(c) Partial payment. Where partial payment of the expenses of the burial, funeral and transportation of the body are made from funds of the veteran’s estate and the balance from the personal funds of another person, the claim of the other person has priority.

(d) Escheat. No payment of burial allowance or plot or interment allowance will be made where it would escheat.

§ 3.1603 Authority for burial of certain unclaimed bodies.

If the body of a deceased veteran is unclaimed, there being no relatives or friends to claim the body, and there is burial allowance entitlement which is not based on §3.1600(b)(3), the amount provided for burial and plot or interment allowance will be available for the burial upon receipt of a claim accompanied by a statement showing what efforts were made to locate relatives or friends. The question of escheat of any part of such deceased veteran’s estate is not a factor in such a claim. Burial allowance may be authorized for cost of disinterment and reburial of unclaimed remains originally accorded pauper burial but not for initial expenses of a burial in a potter’s field. Burial in a prison cemetery is not considered a pauper burial.

[48 FR 41162, Sept. 14, 1983]

§ 3.1604 Payments from non-Department of Veterans Affairs sources.

(a) Contributions or payments by public or private organizations. When contributions or payments on the burial expenses have been made by a state, any agency or political subdivision of the United States or of a State or the employer of the deceased veteran only the difference between the entire burial expenses and the amount paid thereon by any of these agencies or organizations, not to exceed the applicable statutory burial allowance, will be authorized. Contributions or payments by any other public or private organization such as a lodge, union, fraternal or beneficial organization, society, burial association or insurance company, will bar payment of the burial allowance if such allowance would revert to the funds of such organization or would discharge such organization’s obligation without payment.

(Authority: 38 U.S.C. 2302; 2307)

(1) A contract or policy which provides for payment at death of a specified amount to a designated beneficiary other than the person rendering burial and funeral services will not bar payment of the burial allowance to the beneficiary even though the organization issuing the contract or policy retains an option to make payment direct to the person rendering burial and funeral services.

(2) The provisions of this paragraph do not apply to contributions or payments on the burial and funeral expenses which are made for humanitarian reasons if the organization making the contribution or payment is under no legal obligation to do so.

(b) Payment by Federal agency. (1) Where a veteran dies while in employment covered by the United States Employees’ Compensation Act, as amended, or other similar laws specifically providing for payment of the expenses of funeral, transportation, and interment out of Federal funds, burial allowance will not be authorized by the Department of Veterans Affairs.

(2) A provision in any Federal law or regulation permitting the application of funds due or accrued to the credit of the deceased toward the expenses of funeral, transportation, and interment out of Federal funds, burial allowance will not be authorized by the Department of Veterans Affairs.

(3) A provision in any Federal law or regulation permitting the application of funds due or accrued to the credit of the deceased toward the expenses of funeral, transportation, and interment out of Federal funds, burial allowance will not be authorized by the Department of Veterans Affairs.

(4) A provision in any Federal law or regulation permitting the application of funds due or accrued to the credit of the deceased toward the expenses of funeral, transportation, and interment out of Federal funds, burial allowance will not be authorized by the Department of Veterans Affairs.

(Authority: 38 U.S.C. 2302(b))

(3) Burial allowance is not payable for deaths in active service, or during the duty periods set forth in §3.6, or for other deaths where the cost of burial and transportation is paid by the service department.

(c) Payment of plot or interment allowance by public or private organization except as provided for by §3.1604(d). Where any part of the plot or interment expenses has been paid or assumed by a state, any agency or political subdivision of a State, or the employer of the deceased veteran, only the difference between the total amount of such expenses and the amount paid or assumed by any of these agencies or organizations, not to exceed the statutory plot or interment allowance, will be authorized.

(Authority: 38 U.S.C. 2303(b))

(d) Payment of the plot or interment allowance to a State or political subdivision thereof—

(1) Conditions warranting payment. All of the following conditions must be met:

(i) The plot or interment allowance is payable based on the deceased veteran’s eligibility for burial in a national cemetery (or, in claims filed prior to December 16, 2003, the deceased veteran’s service). See §38.620 of this chapter.

(ii) The deceased veteran is buried in a cemetery or a section thereof which is owned by the State, or an agency or political subdivision of the State claiming the plot or interment allowance.

(iii) No charge is made by the State, or an agency or political subdivision of the State for the cost of the plot or interment.

(iv) The veteran was buried on or after October 1, 1978.

(2) Claims. A claim for payment under this paragraph shall be executed by a State, or an agency or political subdivision of a state entitled to payment under this paragraph shall be paid the maximum statutory amount as a plot or interment allowance without regard to the actual cost of the plot or interment.

(Authority: 38 U.S.C. 2303(b))

(4) Priority of payment. A claim filed under this paragraph shall take precedence in payment of the plot or interment allowance over any claim filed for the plot or interment allowance under §3.1601(a)(2).

(Authority: 38 U.S.C. 2303(b))

(5) A plot or interment allowance may be paid to a state in addition to a burial allowance under §3.1600(a) for claims filed on or after December 16, 2003.

An amount may be paid not to exceed the amount payable under §3.1600 for the funeral, burial, plot, or interment expenses of a person who dies while in a hospital, domiciliary, or nursing home to which he or she was properly admitted under authority of the Department of Veterans Affairs. (See §3.1600(c)). In addition, the cost of transporting the body to the place of burial may be authorized. (a) Shipment by common carrier. (1) Charge for pickup of remains from place hospitalized or place of death but not to exceed the usual and customary charge made the general public for the same service.

(2) Procuring permit for shipment.

(3) Shipping case. When a box purchased for interment purposes is also used as the shipping case, the amount payable may not exceed the usual and customary charge for a shipping case. In any such instance any excess amount would be an acceptable item to be included in the burial allowance expenses.

§ 3.1609 Forfeiture.

(a) Forfeiture of benefits for fraud by a veteran during his lifetime will not preclude payment of burial and plot or interment allowance if otherwise in order. No benefits will be paid to a claimant who participated in the offense which caused the forfeiture by the veteran.

(b) Burial and plot or interment allowance is not payable based on a period of service commencing prior to the date of commission of the offense where either the veteran or claimant has forfeited the right to gratuitous benefits under §3.902 or §3.903 by reason of a treasonable act or subversive activities, unless the offense was pardoned by the President of the United States prior to the date of the veteran’s death.

[57 FR 29025, June 30, 1992; 57 FR 40944, Sept. 8, 1992]
§ 3.1612 Monetary allowance in lieu of a Government-furnished headstone or marker.

(a) Purpose. This section provides for the payment of a monetary allowance in lieu of furnishing a headstone or marker at Government expense under the provisions of §1.631(a)(2) and (b) of this chapter to the person entitled to request such a headstone or marker.

(b) Eligibility for the allowance. All of the following conditions shall be met:

1. The deceased veteran was eligible for burial in a National cemetery (See §1.620(a), (b), (c) and (d) of this chapter); or died under circumstances precluding the recovery or identification of the veteran’s remains or the veteran’s remains were buried at sea.

2. The veteran was buried on or after October 18, 1978.

3. The headstone or marker was purchased to mark the otherwise unmarked grave of the deceased veteran or, if death occurred prior to December 18, 1989, the veteran’s identifying information was added to an existing headstone or marker.

(c) Person entitled to request a Government-furnished headstone or marker. For purposes of this monetary allowance, the term “person entitled to request a headstone or marker” includes, but is not limited to, the person who purchased the headstone or marker (or if death occurred prior to December 18, 1989, the person who paid for adding the veteran’s identifying information to an existing headstone or marker), or the executor, administrator or person representing the deceased’s estate.

(d) Receipted bill. A receipted bill describing the headstone or marker (or the services rendered in adding the veteran’s identifying information to an existing headstone or marker) date of purchase, purchase price, the amount of payment and the name of the person who made such payment, shall accompany a claim for this monetary allowance.

(e) Payment and amount of the allowance. (1) The monetary allowance is payable as reimbursement to the person entitled to request a Government-furnished headstone or marker. If funds of the deceased’s estate were used to purchase the headstone or marker or, if death occurred prior to December 18, 1989, to have the deceased’s identifying information added to an existing headstone or marker, and no executor or administrator has been appointed, payment may be made to a person who will make a distribution of this monetary allowance to the person or persons entitled under the laws governing the distribution of intestate estates in the State of the decedent’s domicile.

(2) The amount of the allowance payable is the lesser of the following:

(i) Actual cost of acquiring a non-Government headstone or marker or, if death occurred prior to December 18, 1989, the actual cost of adding the veteran’s identifying information to an existing headstone or marker.

(ii) The average actual cost, as determined by VA, of headstones and markers furnished at Government expense for the fiscal year preceding the fiscal year in which the non-Government marker was purchased or the services for adding the veteran’s identifying information on an existing headstone or marker were purchased.

(3) The average actual cost of Government-furnished headstones and markers during any fiscal year is determined by dividing the sum of VA’s costs during that fiscal year for procurement, transportation, Office of Memorial Programs and miscellaneous administration, inspection and support staff by the total number of headstones.
and markers procured by VA during that fiscal year and rounding to the nearest whole dollar amount. The resulting average actual cost is published at the end of each fiscal year in the “Notices” section of the FEDERAL REGISTER.

(Authority: 38 U.S.C. 2306(d))

(4) The following applies to joint or multiple headstones or markers:

(i) When a joint or multiple non-Government headstone or marker is purchased subsequent to the veteran’s death, the amount set forth in paragraph (e)(2)(ii) of this section shall be available as reimbursement for the cost of the veteran’s portion of the joint or multiple headstone or marker.

(ii) When a joint or multiple non-Government headstone or marker is existent at the time of the veteran’s death, the allowance payable as reimbursement under paragraph (e)(2) of this section shall be determined based on the cost of the services for adding the veteran’s identifying information.

(f) Payment of allowance prohibited. This monetary allowance shall not be paid when a Government headstone or marker has been requested or issued under the provisions of §1.631(a)(2) and (b) of this chapter.

(g) Claims. There is no time limit for filing claims for monetary allowance in lieu of a Government-furnished headstone or marker.

(Authority: 38 U.S.C. 2306(d))

(b) The monetary allowance in lieu of a Government-furnished headstone or marker is not payable if death occurred on or after November 1, 1990.

Subpart C [Reserved]
disagreement in the Notice of Disagreement. The reviewer will consider all evidence of record and applicable law, and will give no deference to the decision being reviewed.

(b) Unless the claimant has requested review under this section with his or her Notice of Disagreement, VA will, upon receipt of the Notice of Disagreement, notify the claimant in writing of his or her right to a review under this section. To obtain such a review, the claimant must request it not later than 60 days after the date VA mails the notice. This 60-day time limit may not be extended. If the claimant fails to request review under this section not later than 60 days after the date VA mails the notice, VA will proceed with the traditional appellate process by issuing a Statement of the Case.

(c) The reviewer may conduct whatever development he or she considers necessary to resolve any disagreements in the Notice of Disagreement, consistent with applicable law. This may include an attempt to obtain additional evidence or the holding of an informal conference with the claimant. Upon the request of the claimant, the reviewer will conduct a hearing under §3.103(c).

(d) The reviewer may grant a benefit sought in the claim notwithstanding §3.105(b), but, except as provided in paragraph (e) of this section, may not revise the decision in a manner that is less advantageous to the claimant than the decision under review. A review decision made under this section will include a summary of the evidence, a citation to pertinent laws, a discussion of how those laws affect the decision, and a summary of the reasons for the decision.

(e) Notwithstanding any other provisions of this section, the reviewer may reverse or revise (even if disadvantageous to the claimant) prior decisions of an agency of original jurisdiction (including the decision being reviewed or any prior decision that has become final due to failure to timely appeal) on the grounds of clear and unmistakable error (see §3.105(a)).

(f) Review under this section does not limit the appeal rights of a claimant. Unless a claimant withdraws his or her Notice of Disagreement as a result of this review process, VA will proceed with the traditional appellate process by issuing a Statement of the Case.

(g) This section applies to all claims in which a Notice of Disagreement is filed on or after June 1, 2001.
