

information from VA, regardless of the status of the person obtaining the information or of whether the information was obtained in accordance with §§1.460 through 1.499 of this part. This restriction on use bars, among other things, the introduction of that information as evidence in a criminal proceeding and any other use of the information to investigate or prosecute a patient with respect to a suspected crime. Information obtained by undercover agents or informants (see paragraph (c) of this section) or through patient access (see §1.469 of this part) is subject to the restriction on use.

(2) *Restrictions on disclosures—third-party payers and others.* The restrictions on disclosure in §§1.460 through 1.499 of this part apply to third-party payers and persons who, pursuant to a consent, receive patient records directly from VA and who are notified of the restrictions on redisclosure of the records in accordance with §1.476 of this part.

(Authority: 38 U.S.C. 7332(e) and 7334)

#### § 1.462 Confidentiality restrictions.

(a) *General.* The patient records to which §§1.460 through 1.499 of this part apply may be disclosed or used only as permitted by these regulations and may not otherwise be disclosed or used in any civil, criminal, administrative, or legislative proceedings conducted by any Federal, State, or local authority. Any disclosure made under these regulations must be limited to that information which is necessary to carry out the purpose of the disclosure.

(b) *Unconditional compliance required.* The restrictions on disclosure and use in §§1.460 through 1.499 of this part apply whether the person seeking the information already has it, has other means of obtaining it, is a law enforcement or other official, has obtained a subpoena, or asserts any other justification for a disclosure or use which is not permitted by §§1.460 through 1.499 of this part. These provisions do not prohibit VA from acting accordingly when there is no disclosure of information.

(c) *Acknowledging the presence of patients; responding to requests.* (1) The presence of an identified patient in a VA facility for the treatment or other

VA program activity relating to drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia may be acknowledged only if the patient's written consent is obtained in accordance with §1.475 of this part or if an authorizing court order is entered in accordance with §§1.490 through 1.499 of this part. Acknowledgment of the presence of an identified patient in a facility is permitted if the acknowledgment does not reveal that the patient is being treated for or is otherwise involved in a VA program or activity concerning drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia.

(2) Any answer to a request for a disclosure of patient records which is not permissible under §§1.460 through 1.499 of this part must be made in a way that will not affirmatively reveal that an identified individual has been, or is being diagnosed or treated for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia. These regulations do not restrict a disclosure that an identified individual is not and never has been a patient.

(Authority: 38 U.S.C. 7334)

#### § 1.463 Criminal penalty for violations.

Under 38 U.S.C. 7332(g), any person who violates any provision of this statute or §§1.460 through 1.499 of this part shall be fined not more than \$5,000 in the case of a first offense, and not more than \$20,000 for a subsequent offense.

(Authority: 38 U.S.C. 7332(g))

#### § 1.464 Minor patients.

(a) *Definition of minor.* As used in §§1.460 through 1.499 of this part the term "minor" means a person who has not attained the age of majority specified in the applicable State law, or if no age of majority is specified in the applicable State law, the age of eighteen years.

(b) *State law not requiring parental consent to treatment.* If a minor patient acting alone has the legal capacity under the applicable State law to apply for and obtain treatment for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia, any written consent for disclosure

## § 1.465

authorized under §1.475 of this part may be given only by the minor patient. This restriction includes, but is not limited to, any disclosure of patient identifying information to the parent or guardian of a minor patient for the purpose of obtaining financial reimbursement. Sections 1.460 through 1.499 of this part do not prohibit a VA facility from refusing to provide non-emergent treatment to an otherwise ineligible minor patient until the minor patient consents to the disclosure necessary to obtain reimbursement for services from a third party payer.

(c) *State law requiring parental consent to treatment.* (1) Where State law requires consent of a parent, guardian, or other person for a minor to obtain treatment for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia, any written consent for disclosure authorized under §1.475 of this part must be given by both the minor and his or her parent, guardian, or other person authorized under State law to act in the minor's behalf.

(2) Where State law requires parental consent to treatment, the fact of a minor's application for treatment may be communicated to the minor's parent, guardian, or other person authorized under State law to act in the minor's behalf only if:

(i) The minor has given written consent to the disclosure in accordance with §1.475 of this part; or

(ii) The minor lacks the capacity to make a rational choice regarding such consent as judged by the appropriate VA facility director under paragraph (d) of this section.

(d) *Minor applicant for service lacks capacity for rational choice.* Facts relevant to reducing a threat to the life or physical well being of the applicant or any other individual may be disclosed to the parent, guardian, or other person authorized under State law to act in the minor's behalf if the appropriate VA facility director judges that:

(1) A minor applicant for services lacks capacity because of extreme youth or mental or physical condition to make a rational decision on whether to consent to a disclosure under §1.475 of this part to his or her parent, guard-

## 38 CFR Ch. I (7-1-11 Edition)

ian, or other person authorized under State law to act in the minor's behalf, and

(2) The applicant's situation poses a substantial threat to the life or physical well-being of the applicant or any other individual which may be reduced by communicating relevant facts to the minor's parent, guardian, or other person authorized under State law to act in the minor's behalf.

(Authority: 38 U.S.C. 7334)

### § 1.465 Incompetent and deceased patients.

(a) *Incompetent patients other than minors.* In the case of a patient who has been adjudicated as lacking the capacity, for any reason other than insufficient age, to manage his or her own affairs, any consent which is required under §§1.460 through 1.499 of this part may be given by a court appointed legal guardian.

(b) *Deceased patients*—(1) *Vital statistics.* Sec. 1.460 through 1.499 of this part do not restrict the disclosure of patient identifying information relating to the cause of death of a patient under laws requiring the collection of death or other vital statistics or permitting inquiry into the cause of death.

(2) *Consent by personal representative.* Any other disclosure of information identifying a deceased patient as being treated for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia is subject to §§1.460 through 1.499 of this part. If a written consent to the disclosure is required, the Under Secretary for Health or designee may, upon the prior written request of the next of kin, executor/executrix, administrator/administratrix, or other personal representative of such deceased patient, disclose the contents of such records, only if the Under Secretary for Health or designee determines such disclosure is necessary to obtain survivorship benefits for the deceased patient's survivor. This would include not only VA benefits, but also payments by the Social Security Administration, Worker's Compensation Boards or Commissions, or other Federal, State, or local government agencies, or nongovernment entities, such as life insurance companies.
