

any place and who was discharged or released under conditions other than dishonorable. Reservists or members of the National Guard called to Federal active duty or disabled from a disease or injury incurred or aggravated in line of duty or while in training status also qualify as a veteran.

Veteran-owned small business concern (VOSB) is a small business concern that is not less than 51 percent owned by one or more veterans, or in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; the management and daily business operations of which are controlled by one or more veterans and qualifies as “small” for Federal business size standard purposes. All service-disabled veteran-owned small business concerns (SDVOSBs) are also, by definition, veteran-owned small business concerns. When used in these guidelines, the term “VOSB” includes SDVOSBs.

Veterans Affairs Acquisition Regulation (VAAR) is the set of rules that specifically govern requirements exclusive to the U.S. Department of Veterans Affairs (VA) prime and subcontracting actions. The VAAR is chapter 8 of title 48, Code of Federal Regulations, and supplements the Federal Acquisition Regulation (FAR), which contains guidance applicable to most Federal agencies.

§ 74.2 What are the eligibility requirements a concern must meet for VetBiz VIP Verification Program?

(a) *Ownership and control.* A small business concern must be unconditionally owned and controlled by one or more eligible veterans, service-disabled veterans or surviving spouses, have completed the online Vendor Information Pages database forms at <http://www.VetBiz.gov>, and has been examined by VA’s Center for Veterans Enterprise. Such businesses appear in the VIP database as “verified.”

(b) *Good character.* Veterans, service-disabled veterans and surviving spouses with ownership interests in VetBiz verified businesses must have good character. Debarred or suspended concerns or concerns owned or controlled

by debarred or suspended persons are ineligible for VetBiz VIP Verification.

(c) *False statements.* If, during the processing of an application, CVE determines that an applicant has knowingly submitted false information, regardless of whether correct information would cause CVE to deny the application, and regardless of whether correct information was given to CVE in accompanying documents, CVE will deny the application. If, after verifying the Participant’s eligibility, CVE discovers that false information has been knowingly submitted by a firm, CVE will remove the “verified” status from the VIP database and notify the business by phone and mail. Whenever CVE determines that the applicant submitted false information, the matter will be referred to the Office of Inspector General for review. In addition, the CVE will request that debarment proceedings be initiated by the Department.

(d) *Federal financial obligations.* Neither a firm nor any of its eligible individuals that fails to pay significant financial obligations owed to the Federal Government, including unresolved tax liens and defaults on Federal loans or other Federally assisted financing, is eligible for VetBiz VIP Verification.

(e) *U.S. Small Business Administration (SBA) Protest Decisions.* Any firm registered in the VetBiz VIP database that is found to be ineligible due to an SBA protest decision or other negative finding will be immediately removed from the VetBiz VIP database. Until such time as CVE receives official notification that the firm has proven that it has successfully overcome the grounds for the determination or that the SBA decision is overturned on appeal, the firm will not be eligible to participate in the 38 U.S.C. 8127 program.

§ 74.3 Who does the Center for Veterans Enterprise (CVE) consider to own a veteran-owned small business?

An applicant or participant must be at least 51 percent unconditionally and directly owned by one or more veterans or service-disabled veterans.

(a) *Ownership must be direct.* Ownership by one or more veterans or service-disabled veterans must be direct

Department of Veterans Affairs

§ 74.3

ownership. An applicant or participant owned principally by another business entity or by a trust (including employee stock ownership plans [ESOP]) that is in turn owned by one or more veterans or service-disabled veterans does not meet this requirement. However, ownership by a trust, such as a living trust, may be treated as the functional equivalent of ownership by a veteran or service-disabled veteran where the trust is revocable, and the veteran or service-disabled veteran is the grantor, a trustee, and the sole current beneficiary of the trust. For employee stock ownership plans where 5 or fewer persons who are individuals, estates, or trusts own 50 percent or more of the total combined voting power of the corporation, the employee plan will be determined to be “excluded stock” and eligible parties must control 51 percent or more of the combined voting power of the corporation. For employee stock ownership plans where greater than 5 persons who are individuals, estates, or trusts own 50 percent or more of the total stock, eligible parties must control 51 percent or more of the combined voting power of the corporation, including the ESOP stock.

(b) *Ownership must be unconditional.* Ownership by one or more veterans or service-disabled veterans must be unconditional ownership. Ownership must not be subject to conditions precedent, conditions subsequent, executory agreements, voting trusts, restrictions on assignments of voting rights, or other arrangements causing or potentially causing ownership benefits to go to another (other than after death or incapacity). The pledge or encumbrance of stock or other ownership interest as collateral, including seller-financed transactions, does not affect the unconditional nature of ownership if the terms follow normal commercial practices and the owner retains control absent violations of the terms. In particular, CVE will evaluate ownership according to the following criteria for specific types of small business concerns.

(1) *Ownership of a partnership.* In the case of a concern that is a partnership, at least 51 percent of every class of partnership interest must be uncondi-

tionally owned by one or more veterans or service-disabled veterans. The ownership must be reflected in the concern’s partnership agreement.

(2) *Ownership of a limited liability company.* In the case of a concern that is a limited liability company, at least 51 percent of each class of member interest must be unconditionally owned by one or more veterans or service-disabled veterans.

(3) *Ownership of a corporation.* In the case of a concern that is a corporation, at least 51 percent of each class of voting stock outstanding and 51 percent of the aggregate of all stock outstanding must be unconditionally owned by one or more veterans or service-disabled veterans.

(c) *Stock options’ effect on ownership.* In determining unconditional ownership, CVE will disregard any unexercised stock options or similar agreements held by veterans or service-disabled veterans. However, any unexercised stock options or similar agreements (including rights to convert non-voting stock or debentures into voting stock) held by non-veterans will be treated as exercised, except for any ownership interests that are held by investment companies licensed under part 107 of title 13, Code of Federal Regulations.

(d) *Profits and distributions.* One or more veterans or service-disabled veterans must be entitled to receive:

(1) At least 51 percent of the annual distribution of profits paid to the owners of a corporate, partnership, or LLC applicant or participant;

(2) At least 51 percent of the net profits earned by a joint venture in which the applicant or participant is the lead concern;

(3) 100 percent of the value of each share of stock owned by them in the event that the stock is sold; and

(4) At least 51 percent of the retained earnings of the concern and 100 percent of the unencumbered value of each share of stock owned in the event of dissolution of the corporation, partnership, or LLC.

(5) An eligible individual’s ability to share in the profits of the concern should be commensurate with the extent of his/her ownership interest in that concern.

§ 74.4

38 CFR Ch. I (7–1–11 Edition)

(e) *Change of ownership.* (1) A participant may remain eligible after a change in its ownership or business structure, so long as one or more veterans or service-disabled veterans own and control it after the change and the participant files a new application identifying the new veteran owners or their new business interest.

(2) Any participant that is performing contracts and desires to substitute one veteran owner for another shall submit a proposed novation agreement and supporting documentation in accordance with FAR Subpart 42.12 to the contracting officer prior to the substitution or change of ownership for approval.

(3) Where the transfer results from the death or incapacity due to a serious, long-term illness or injury of an eligible principal, prior approval is not required, but the concern must file a new application with contracting officer and CVE within 60 days of the change. Existing contracts may be performed to the end of the instant term. However, no options may be exercised.

(4) Continued eligibility of the participant with new ownership and the award of any new contracts require that CVE verify all eligibility requirements are met by the concern and the new owners.

(f) *Community property laws given effect.* In determining ownership interests when an owner resides in any of the community property States or territories of the United States, CVE considers applicable State community property laws. If only one spouse claims veteran status, that spouse's ownership interest will be considered unconditionally held only to the extent it is vested by the community property laws.

[75 FR 6101, Feb. 8, 2010, as amended at 76 FR 3022, Jan. 19, 2011]

§ 74.4 Who does CVE consider to control a veteran-owned small business?

(a) Control means both the day-to-day management and long-term decision-making authority for the VOSB. Many persons share control of a concern, including each of those occupying the following positions: Officer, director, general partner, managing partner,

managing member and manager. In addition, key employees who possess expertise or responsibilities related to the concern's primary economic activity may share significant control of the concern. CVE will consider the control potential of such key employees on a case-by-case basis.

(b) Control is not the same as ownership, although both may reside in the same person. CVE regards control as including both the strategic policy setting exercised by boards of directors and the day-to-day management and administration of business operations. An applicant or participant's management and daily business operations must be conducted by one or more veterans or service-disabled veterans. Individuals managing the concern must have managerial experience of the extent and complexity needed to run the concern. A veteran need not have the technical expertise or possess a required license to be found to control an applicant or participant if he or she can demonstrate that he or she has ultimate managerial and supervisory control over those who possess the required licenses or technical expertise. However, where a critical license is held by a non-veteran having an equity interest in the applicant or participant firm, the non-veteran may be found to control the firm.

(c)(1) An applicant or participant must be controlled by one or more veterans or service-disabled veterans who possess requisite management capabilities. Owners need not work full-time but must show sustained and significant time invested in the business. An owner engaged in employment or management outside the applicant concern must submit a written statement supplemental to the application which demonstrates that such activities will not have a significant impact on the owner's ability to manage and control the applicant concern. Applications from joint-ventures are exempt from the requirement to submit a supplemental written statement.

(2) An eligible full-time manager must hold the highest officer position (usually President or Chief Executive Officer) in the applicant or participant.

(3) One or more veterans or service-disabled veteran owners who manage
