

Postal Regulatory Commission

§ 3050.21

request, the Commission may, after reasonable public notice, order that answers or objections be presented orally or in writing.

(c) *Procedures for processing a notice or petition.* To better evaluate a notice or petition to change an accepted analytical principle, the Commission may order that it be made the subject of discovery. By request of any interested person, or on its own behalf, the Commission may order that the petitioner and/or the Postal Service provide experts on the subject matter of the proposal to participate in technical conferences, prepare statements clarifying or supplementing their views, or answer questions posed by the Commission or its representatives.

(d) *Action on the notice or petition.* (1) After the conclusion of discovery procedures, if any, the Commission shall determine whether to issue a notice of proposed rulemaking based on the petition and the supporting material received. Such notice shall be evaluated by procedures that are consistent with 5 U.S.C. 553. Interested parties will be afforded an opportunity to present written comments and reply comments, and, if the Commission so orders, to present oral comments as well.

(2) If accepted by the Commission, the change proposed in the notice of proposed rulemaking shall be published in a final rule in the FEDERAL REGISTER and on the Commission's Web site.

§ 3050.12 Obsolescence of special studies relied on to produce the Postal Service's annual periodic reports to the Commission.

The Postal Service shall provide a list of special studies whose results are used to produce the estimates in its annual periodic reports to the Commission. It shall indicate the date the study was completed and whether the study reflects current operating conditions and procedures. The Postal Service shall update the list annually.

§ 3050.13 Additional documentation required in the Postal Service's section 3652 report.

At the time the Postal Service files its section 3652 report, it shall include a brief narrative explanation of any changes to accepted analytical prin-

ciples that have been made since the most recent Annual Compliance Determination was issued and the reasons that those changes were accepted.

§ 3050.14 Format of the Postal Service's section 3652 report.

The Postal Service's Cost and Revenue Analysis (CRA) report shall be presented in a format reflecting the classification structure in the Mail Classification Schedule. It shall also be presented in an alternative, more disaggregated format capable of reflecting the classification structure in effect prior to the adoption of the Postal Accountability and Enhancement Act.

§ 3050.20 Compliance and other analyses in the Postal Service's section 3652 report.

(a) The Postal Service's section 3652 report shall include an analysis of the information that it contains in sufficient detail to demonstrate the degree to which, in the fiscal year covered by its report, each of its products (market dominant and competitive) comply with all of the applicable provisions of title 39 of the United States Code and the regulations promulgated thereunder, and promote the public policy objectives set out in title 39 of the United States Code.

(b) Its analysis shall be applied to products individually, and, where appropriate, to products collectively.

(c) It shall address such matters as non-compensatory rates, discounts greater than avoided costs, and failures to achieve stated goals for on-time delivery standards. A more detailed analysis is required when the Commission observed and commented upon the same matter in its Annual Compliance Determination for the previous fiscal year.

§ 3050.21 Content of the Postal Service's section 3652 report.

(a) No later than 90 days after the close of each fiscal year, the Postal Service shall submit a report to the Commission analyzing its cost, volume, revenue, rate, and service information in sufficient detail to demonstrate that all products during such year comply with all applicable provisions of title 39

§ 3050.22

of the United States Code. The report shall provide the items in paragraphs (b) through (j) of this section.

(b) The volume and revenue generated by each product;

(c) The attributable costs of, and the contribution to institutional costs made by, each product;

(d) The quality of service received by each market dominant product, including the speed of delivery and the reliability of delivery;

(e) For each market dominant workshare discount offered during the reporting year:

(1) The per-item cost avoided by the Postal Service by virtue of such discount;

(2) The percentage of such per-item cost avoided that the per-item workshare discount represents;

(3) The per-item contribution made to institutional costs; and

(4) The factual and analytical bases for its conclusion that one or more of the exception provisions of 39 U.S.C. 3622(e)(2)(A) through (D) apply.

(f) For each market dominant negotiated service agreement:

(1) Identify its rates and service features;

(2) Estimate its costs, volumes, and revenues;

(3) Analyze its effect on the operational performance of the Postal Service, specifying the affected operations and, to the extent possible, quantifying the effect;

(4) Analyze the contribution of the agreement to institutional costs for its most recent year of operation. The year analyzed shall end on the anniversary of the negotiated service agreement that falls within the fiscal year covered by the Postal Service's annual periodic reports to the Commission and include the 12 preceding months. The analysis shall show all calculations and fully identify all inputs. Inputs used to estimate the effect on total contribution to the Postal Service, such as unit costs and price elasticities, shall be updated using fiscal year values; and

(5) Analyze the effect of the negotiated service agreement (and other functionally equivalent negotiated service agreements) on the marketplace. If there were harmful effects, ex-

plain why those effects were not unreasonable.

(g) For each competitive negotiated service agreement:

(1) Identify its rates and service features; and

(2) Estimate its costs, volumes, and revenues.

(h) For market tests of experimental products:

(1) Estimate their costs, volumes, and revenues individually, and in aggregate, by market dominant and by competitive product group;

(2) Estimate the quality of service of each individual experimental product; and

(3) Indicate whether offering the experimental product has created an inappropriate competitive advantage for the Postal Service or any mailer.

(i) For each nonpostal service, estimate its costs, volumes, and revenues; and

(j) Provide any other information that the Postal Service believes will help the Commission evaluate the Postal Service's compliance with the applicable provisions of title 39 of the United States Code.

§ 3050.22 Documentation supporting attributable cost estimates in the Postal Service's section 3652 report.

(a) The items in paragraphs (b) through (p) of this section shall be reported when they have changed from those used in the most recent Annual Compliance Determination.

(b) The CRA report, including relevant data on international mail services;

(c) The Cost Segments and Components (CSC) report;

(d) All input data and processing programs used to produce the CRA report, to include:

(1) CSC Reconciliation to Financial Statement and Account Reallocations;

(2) Manual Input Requirement (reflecting direct accounting or modeled costs);

(3) The CSC "A" report (showing how indirect costs are distributed to products based on the distribution of direct costs);

(4) The CSC "B" report (showing how indirect Property Equipment Supplies
