Federal Property Management Regulations

§ 101–5.307

(a) Furnished by the employee and prescribed in writing by his personal physician as reasonably necessary to maintain the employee at work, and

(b) Prescribed by a physician providing medical care in performance-of-duty injury or illness cases under the Federal Employees’ Compensation Act.

(c) To appraise and report work environment health hazards as an aid in preventing and controlling health risks;

(d) To provide health education to encourage employees to maintain personal health; and

(e) To provide specific disease screening examinations and immunizations.

(f) In addition, employees may be referred, upon their request, to private physicians, dentists, and other community health resources.

§ 101–5.305 Agency participation.

At the time the space requirements for a building or a group of adjoining buildings are developed by GSA, the prospective occupying agencies will be canvassed by GSA to determine if they wish to participate in the occupational health services program. Each agency desiring to participate in the program will be requested to furnish GSA with a written commitment, signed by an authorized official, that it is prepared to reimburse GSA, or such other agency as is designated pursuant to §101–5.106(b), on a yearly per capita basis for each of its employees housed in the building or buildings covered by the program.

§ 101–5.306 Economic feasibility.

(a) The studies by GSA which lead to the development of space requirements and the determinations made as the result thereof will constitute the feasibility studies and the Administrator’s determination contemplated by §101–5.104.

(b) Each determination to provide health services will be governed by the principles stated in §101–5.303 and will be in consonance with the general standards and guidelines furnished Federal agencies by the Public Health Service of the Department of Health, Education, and Welfare.

§ 101–5.307 Public Health Service.

(a) The only authorized contact point for assistance of and consultation with the Public Health Service is the Federal Employee Health Programs, Division of Hospitals, Public Health Service, Washington, DC 20201. Other Federal agencies may be designated by the GSA Regional Administrator, pursuant to §101–5.105(b) to operate occupational health services. Designated agencies should contact the Public Health Service directly on all matters dealing with the establishment and operation of these services.

(b) Public Health Service should be consulted by the designated agency on such matters as types, amounts, and approximate cost of necessary equipment; the scope of the services to be provided if it is affected by the amount of space and number of building occupants; types and amounts of supplies, materials, medicines, etc., which should be stocked; and the approximate cost of personnel staffing in cases where this method of operation is chosen, etc. PHS should also be asked to develop and monitor standards under
§ 101–5.4900  
which each health unit would be operated.
