

Federal Management Regulation

§ 102–37.240

(2) A letter, signed and dated by you, confirming and certifying the applicant's eligibility and containing an evaluation of the applicant's ability to use the aircraft or vessel for the purpose stated in its letter of intent and any other supplemental information concerning the needs of the donee which supports making the allocation.

(b) For each SF 123 that GSA approves, you must include:

(1) Your distribution document, signed and dated by the authorized donee representative; and

(2) A conditional transfer document, signed by you and the intended donee, and containing the special terms and conditions prescribed by GSA.

§ 102–37.230 What must a letter of intent for obtaining surplus aircraft or vessels include?

A letter of intent for obtaining surplus aircraft or vessels must provide:

(a) A description of the aircraft or vessel requested. If the item is an aircraft, the description must include the manufacturer, date of manufacture, model, and serial number. If the item is a vessel, it must include the type, name, class, size, displacement, length, beam, draft, lift capacity, and the hull or registry number, if known;

(b) A detailed description of the donee's program and the number and types of aircraft or vessels it currently owns;

(c) A detailed description of how the aircraft or vessel will be used, its purpose, how often and for how long. If an aircraft is requested for flight purposes, the donee must specify a source of pilot(s) and where the aircraft will be housed. If an aircraft is requested for cannibalization, the donee must provide details of the cannibalization process (time to complete the cannibalization process, how recovered parts are to be used, method of accounting for usable parts, disposition of unsalvageable parts, etc.) If a vessel is requested for waterway purposes, the donee must specify a source of pilot(s) and where the vessel will be docked. If a vessel is requested for permanent docking on water or land, the donee must provide details of the process, including the time to complete the process; and

(d) Any supplemental information (such as geographical area and population served, number of students enrolled in educational programs, etc.) supporting the donee's need for the aircraft or vessel.

§ 102–37.235 What type of information must a SASP provide when requesting surplus property for cannibalization?

When a donee wants surplus property to cannibalize, include the following statement on the SF 123: "Line Item Number(s) _____ requested for cannibalization.". In addition to including this statement, provide a detailed justification concerning the need for the components or accessories and an explanation of the effect removal will have on the item. GSA will approve requests for cannibalization only when it is clear from the justification that disassembly of the item for use of its component parts will provide greater potential benefit than use of the item in its existing form.

§ 102–37.240 How must a transfer request for surplus firearms be justified?

To justify a transfer request for surplus firearms, the requesting SASP must obtain and submit to GSA a letter of intent from the intended donee that provides:

(a) Identification of the donee applicant, including its legal name and complete address and the name, title, and telephone number of its authorized representative;

(b) The number of compensated officers with the power to apprehend and to arrest;

(c) A description of the firearm(s) requested;

(d) Details on the planned use of the firearm(s); and

(e) The number and types of donated firearms received during the previous 12 months through any other Federal program.

§ 102-37.245

CUSTODY, CARE, AND SAFEKEEPING

§ 102-37.245 What must a SASP do to safeguard surplus property in its custody?

To safeguard surplus property in your custody, you must provide adequate protection of property in your custody, including protection against the hazards of fire, theft, vandalism, and weather.

§ 102-37.250 What actions must a SASP take when it learns of damage to or loss of surplus property in its custody?

If you learn that surplus property in your custody has been damaged or lost, you must always notify GSA and notify the appropriate law enforcement officials if a crime has been committed.

§ 102-37.255 Must a SASP insure surplus property against loss or damage?

No, you are not required to carry insurance on Federal surplus property in your custody. However, if you elect to carry insurance and the insured property is lost or damaged, you must submit a check made payable to GSA for any insurance proceeds received in excess of your actual costs of acquiring and rehabilitating the property prior to its loss, damage, or destruction.

DISTRIBUTION OF PROPERTY

§ 102-37.260 How must a SASP document the distribution of surplus property?

All SASPs must document the distribution of Federal surplus property on forms that are prenumbered, provide for donees to indicate the primary purposes for which they are acquiring property, and include the:

(a) Certifications and agreements in §§ 102-37.200 and 102-37.205; and

(b) Period of restriction during which the donee must use the property for the purpose for which it was acquired.

§ 102-37.265 May a SASP distribute surplus property to eligible donees of another State?

Yes, you may distribute surplus property to eligible donees of another State, if you and the other SASP determine that such an arrangement will be

41 CFR Ch. 102 (7-1-11 Edition)

of mutual benefit to you and the donees concerned. Where such determinations are made, an interstate distribution cooperative agreement must be prepared as prescribed in § 102-37.335 and submitted to the appropriate GSA regional office for approval. When acting under an interstate distribution cooperative agreement, you must:

(a) Require the donee recipient to execute the distribution documents of its home SASP; and

(b) Forward copies of executed distribution documents to the donee's home SASP.

§ 102-37.270 May a SASP retain surplus property for its own use?

Yes, you can retain surplus property for use in operating the donation program, but only if you have a cooperative agreement with GSA that allows you to do so. You must obtain prior GSA approval before using any surplus property in the operation of the SASP. Make your needs known by submitting a listing of needed property to the appropriate GSA regional office for approval. GSA will review the list to ensure that it is of the type and quantity of property that is reasonably needed and useful in performing SASP operations. GSA will notify you within 30 calendar days whether you may retain the property for use in your operations. Title to any surplus property GSA approves for your retention will vest in your SASP. You must maintain separate records for such property.

SERVICE AND HANDLING CHARGES

§ 102-37.275 May a SASP accept personal checks and non-official payment methods in payment of service charges?

No, service charge payments must readily identify the donee institution as the payer (or the name of the parent organization when that organization pays the operational expenses of the donee). Personal checks, personal cashier checks, personal money orders, and personal credit cards are not acceptable.
