Centers for Medicare & Medicaid Services, HHS § 410.73

physician’s or clinical psychologist’s office and are either furnished without charge or are included in the physician’s or clinical psychologist’s bill.

(iii) The services are an integral, although incidental, part of the professional services performed by the clinical psychologist.

(iv) The services are performed under the direct supervision of the clinical psychologist. For example, when services are performed in the clinical psychologist’s office, the clinical psychologist must be present in the office suite and immediately available to provide assistance and direction throughout the time the service is being performed.

(v) The individual performing the service must be an employee of either the clinical psychologist or the legal entity that employs the supervising clinical psychologist, under the common law control test of the Act as more fully set forth in 20 CFR 404.1007.

(b) Application of mental health treatment limitation. The treatment services of a clinical psychologist and services and supplies furnished as an incident to those services are subject to the limitation on payment for outpatient mental health treatment services set forth in §410.155.

(c) Payment for consultations. A clinical psychologist or an attending or primary care physician may not bill Medicare or the beneficiary for the consultation that is required under paragraph (e) of this section.

(d) Qualifications. For purposes of this subpart, a clinical psychologist is an individual who—

(1) Holds a doctoral degree in psychology; and

(2) Is licensed or certified, on the basis of the doctoral degree in psychology, by the State in which he or she practices, at the independent practice level of psychology to furnish diagnostic, assessment, preventive, and therapeutic services directly to individuals.

(e) Agreement to consult. A clinical psychologist who bills Medicare Part B must agree to meet the requirements of paragraphs (e)(1) through (e)(3) of this section. The clinical psychologist’s signature on a Medicare provider/supplier enrollment form indicates his or her agreement.

(1) Unless the beneficiary’s primary care or attending physician has referred the beneficiary to the clinical psychologist, to inform the beneficiary that it is desirable for the clinical psychologist to consult with the beneficiary’s attending or primary care physician (if the beneficiary has such a physician) to consider any conditions contributing to the beneficiary’s symptoms.

(2) If the beneficiary assents to the consultation, in accordance with accepted professional ethical norms and taking into consideration patient confidentiality—

(i) To attempt, within a reasonable time after receiving the consent, to consult with the physician; and

(ii) If attempts to consult directly with the physician are not successful, to notify the physician, within a reasonable time, that he or she is furnishing services to the beneficiary.

(3) Unless the primary care or attending physician referred the beneficiary to the clinical psychologist, to document, in the beneficiary’s medical record, the date the patient consented or declined consent to consultation, the date of consultation, or, if attempts to consult did not succeed, the date and manner of notification to the physician.

§ 410.73 Clinical social worker services.

(a) Definition: clinical social worker. For purposes of this part, a clinical social worker is defined as an individual who—

(1) Possesses a master’s or doctor’s degree in social work;

(2) After obtaining the degree, has performed at least 2 years of supervised clinical social work; and

(3) Either is licensed or certified as a clinical social worker by the State in which the services are performed or, in the case of an individual in a State that does not provide for licensure or certification as a clinical social worker—

(1) Is licensed or certified at the highest level of practice provided by the
§ 410.74 Physician assistants’ services.

(a) Basic rule. Medicare Part B covers physician assistants’ services only if the following conditions are met:

(1) The services would be covered as physicians’ services if furnished by a physician (a doctor of medicine or osteopathy, as set forth in section 1861(r)(1) of the Act).

(2) The physician assistant—
   (i) Meets the qualifications set forth in paragraph (c) of this section;
   (ii) Is legally authorized to perform the services in the State in which they are performed;
   (iii) Performs services that are not otherwise precluded from coverage because of a statutory exclusion;
   (iv) Performs the services under the general supervision of a physician (The supervising physician need not be physically present when the physician assistant is performing the services unless required by State law; however, the supervising physician must be immediately available to the physician assistant for consultation.);
   (v) Furnishes services that are billed by the employer of a physician assistant; and
   (vi) Performs the services—
      (A) In all settings in either rural and urban areas; or
      (B) As an assistant at surgery.

(b) Services and supplies furnished incident to a physician assistant’s services. Medicare covers services and supplies (including drugs and biologicals that cannot be self-administered) that are furnished incident to the physician assistant’s services described in paragraph (a) of this section. These services and supplies are covered only if they—

(1) Would be covered if furnished by a physician or as incident to the professional services of a physician;
(2) Are the type that are commonly furnished in a physician’s office and are either furnished without charge or are included in the bill for the physician assistants’ services;
(3) Are, although incidental, an integral part of the professional service performed by the physician;
(4) Are performed under the direct supervision of the physician assistant (that is, the physician assistant is physically present and immediately available); and
