§ 4120.4 Special rules.

(a) When a State Director determines that local conditions require a special rule to achieve improved administration consistent with the objectives of this part, the Director may approve such rules. The rules shall be subject to

(b) The authorized officer may require permittees or lessees to remove range improvements which they own on the public lands if these improvements are no longer helping to achieve land use plan or allotment goals and objectives or if they fail to meet the criteria under §4120.3–4 of this title.

(c) Whenever a grazing permit or lease is cancelled in order to devote the public lands covered by the permit or lease to another public purpose, including disposal, the permittee or lessee shall receive from the United States reasonable compensation for the adjusted value of their interest in authorized permanent improvements placed or constructed by the permittee or lessee on the public lands covered by the cancelled permit or lease. The adjusted value is to be determined by the authorized officer. Compensation shall not exceed the fair market value of the terminated portion of the permittee’s or lessee’s interest therein. Where a range improvement is authorized by a range improvement permit, the livestock operator may elect to salvage materials and perform rehabilitation measures rather than be compensated for the adjusted value.

(d) Permittees or lessees shall be allowed 180 days from the date of cancellation of a range improvement permit or cooperative range improvement agreement to salvage material owned by them and perform rehabilitation measures necessitated by the removal.

§ 4120.3–7 Contributions.

The authorized officer may accept contributions of labor, material, equipment, or money for administration, protection, and improvement of the public lands necessary to achieve the objectives of this part.

§ 4120.3–8 Range improvement fund.

(a) In addition to range developments accomplished through other resource management funds, authorized range improvements may be secured through the use of the appropriated range improvement fund. One-half of the available funds shall be expended in the State and district from which they were derived. The remaining one-half of the fund shall be allocated, on a priority basis, by the Secretary for on-the-ground rehabilitation, protection and improvement of public rangeland ecosystems.

(b) Funds appropriated for range improvements are to be used for investment in all forms of improvements that benefit rangeland resources including riparian area rehabilitation, improvement and protection, fish and wildlife habitat improvement or protection, soil and water resource improvement, wild horse and burro habitat management facilities, vegetation improvement and management, and livestock grazing management. The funds may be used for activities associated with on-the-ground improvements including the planning, design, layout, contracting, modification, maintenance for which the Bureau of Land Management is responsible, and monitoring and evaluating the effectiveness of specific range improvement projects.

(c) During the planning of the range development or range improvement programs, the authorized officer shall consult the resource advisory council, affected permittees, lessees, and members of the interested public.

§ 4120.3–9 Water rights for the purpose of livestock grazing on public lands.

Any right that the United States acquires to use water on public land for the purpose of livestock watering on public land will be acquired, perfected, maintained, and administered under the substantive and procedural laws of the state within which such land is located.

§ 4120.4 Special rules.

(a) When a State Director determines that local conditions require a special rule to achieve improved administration consistent with the objectives of this part, the Director may approve such rules. The rules shall be subject to
