§ 1151.18 Illustrative examples.

(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Arts.

(1) A museum exhibition catalogue or small press editions supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications;

(2) A theatre performance supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) A performing arts organization receiving Federal funds and offering, for example, a specific event in an inaccessible facility may arrange to provide a reasonable opportunity for that specific event to be offered to the public at large in an alternative accessible space; e.g., a theatre offering four different plays a season may offer at least one performance of each play in an alternative accessible space.

(4) Recipients of federal funds should make every effort to assure that they do not support organizations or individuals that discriminate;

(5) A handicapped person with experience and expertise equal to qualification standards established by a planning or advisory board may not be excluded from participation on the board on the basis of handicap. This does not mean that every planning or advisory board necessarily must include a handicapped person.
