

§ 401.500

(2) Each Registered Pilot upon completing a series of assignments totaling more than 10 hours with no more than 2 hours rest between assignments, shall not perform pilotage services for at least 10 hours.

(b) In the event of an emergency or other compelling circumstances a pilotage pool may assign a Registered Pilot for service before his 10-hour rest period required under paragraph (a) of this section is completed. Pilotage pools shall advise the Director of each assignment made under this paragraph.

Subpart E—Penalties; Operations Without Registered Pilots

§ 401.500 Penalties for violations.

Any person, including a pilot, master, owner, or agent, who violates any provision of this part shall be liable to the United States for a civil penalty as set forth in 46 U.S.C. 9308.

[CGD 88-111, 55 FR Apr. 25, 1990. Redesignated at 61 FR 32655, June 25, 1996, and further redesignated by USCG-1998-3976, 63 FR 35139, June 29, 1998]

§ 401.510 Operation without Registered Pilots.

(a) A vessel may be navigated in the U.S. waters of the Great Lakes without a United States or Canadian Registered Pilot when the vessel or its cargo is in distress or jeopardy.

(b) A vessel may be navigated in the U.S. waters of the Great Lakes without a United States or Canadian Registered Pilot when the Director, with the concurrence of the Commander, 9th Coast Guard District, notifies the master that a United States or Canadian Registered Pilot is not available.

(1) Notification to the master that a pilot is not available will be made by the Director, either directly to the vessel or through the appropriate pilotage pool, orally or in writing as the circumstances admit, and shall not be deemed given until the notice is actually received by the vessel.

(2) The determination that a pilot is not available will be made on an indi-

46 CFR Ch. III (10-1-11 Edition)

vidual basis and only when a vessel has given proper notice of its pilotage service requirements to the pilotage pool having dispatching jurisdiction at the time. The vessel has no obligation or responsibility with respect to such notification other than properly informing the pilotage pool of its pilotage requirements. However, the failure or delay by the pool in processing a pilotage service request, or refusal or delay by the U.S. Coast Guard in notifying the vessel that a pilot is not available, does not constitute constructive notice that a pilot is not available, and the vessel is not relieved by such failure or delay from compliance with the Great Lakes Pilotage Act of 1960.

(3) Upon receipt of proper notice of a vessel's pilotage requirements, the pilotage pool shall then determine from the tour de role the availability of a pilot to render the service required. If no pilot is reasonably expected to be available for service within 6 hours of the time the pilotage services are required by the vessel, the pilotage pool shall promptly inform the Commandant through the U.S. Coast Guard communications system in the manner as may be prescribed from time to time by the Commandant. The Commandant shall be informed of:

- (i) Name and flag of the vessel;
- (ii) Route of vessel for which a pilot is not available;
- (iii) Time elapsing before a pilot is reasonably expected to become available;
- (iv) Whether vessel has an "other officer" on board;
- (v) Familiarity of master with route to be transited by the vessel;
- (vi) Draft of vessel; and
- (vii) Any circumstances of traffic or weather, or condition of the vessel or its cargo which would adversely affect the safety of the vessel in transiting without a pilot.

(4) When a pilot is expected to become available within 6 hours of the time pilot services are required, the vessel shall be informed that a pilot is available and the approximate time the pilot will report on duty. However, should any unusual circumstance or condition exist which may justify notification that a pilot is not available in less than 6 hours, the pilotage pool
