

§ 520.8

46 CFR Ch. IV (10–1–11 Edition)

§ 520.8 Effective dates.

(a) *General.* (1) No new or initial rate, charge, or change in an existing rate, that results in an increased cost to a shipper may become effective earlier than thirty (30) calendar days after publication.

(2) An amendment which deletes a specific commodity and applicable rate from a tariff, thereby resulting in a higher “cargo n.o.s.” or similar general cargo rate, is a rate increase requiring a 30-day notice period.

(3) Rates for the transportation of cargo for the U.S. Department of Defense may be effective upon publication.

(4) Changes in rates, charges, rules, regulations or other tariff provisions resulting in a decrease in cost to a shipper may become effective upon publication.

(b) *Amendments.* The following amendments may take effect upon publication:

(1) Those resulting in no change in cost to a shipper;

(2) The canceling of a tariff due to cessation of all service by the carrier between the ports or points covered by the tariff;

(3) The addition of a port or point to a previously existing origin or destination grouping; or

(4) Changes in charges for terminal services, canal tolls, additional charges, or other provisions not under the control of the common carriers or conferences, which merely acts as a collection agent for such charges and the agency making such changes does so without notifying the tariff owner.

(c) *Controlled carriers.* Published rates by or for controlled carriers shall be governed by the procedures set forth in part 565 of this chapter.

§ 520.9 Access to tariffs.

(a) *Methods to access.* Carriers and conferences shall provide access to their published tariffs, via a personal computer (“PC”), by:

(1) Dial-up connection via public switched telephone networks (“PSTN”); or

- (2) The Internet (Web) by:
- (i) Web browser; or
 - (ii) Telnet session.

(b) *Dial-up connection via PSTN.* (1) This connection option requires that tariffs provide:

(i) A minimum of a 14.4Kbps modem capable of receiving incoming calls;

(ii) Smart terminal capability for VT-100 terminal or terminal emulation access; and

(iii) Telephone line quality for data transmission.

(2) The modem may be included in a collection (bank) of modems as long as all modems in the bank meet the minimum speed.

(c) *Internet connection.* (1) This connection option requires that systems provide:

(i) A universal resource locator (“URL”) Internet address (e.g., <http://www.tariffsrus.com> or <http://1.2.3.4>); and/or

(ii) A URL Internet address (e.g., <telnet://tariffsrus> or <telnet://1.2.3.4>), for Telnet session access over the Internet.

(2) Carriers or conferences shall ensure that their Internet service providers provide static Internet addresses.

(d) *Commission access.* Commission telecommunications access to systems must include connectivity via a dial-up connection over PSTNs or a connection over the Internet. Connectivity will be provided at the expense of the publishers. Any recurring connection fees, hardware rental fees, usage fees or any other charges associated with the availability of the system are the responsibility of the publisher. The Commission shall only be responsible for the long-haul charges for PSTN calls to a tariff initiated by the FMC.

(e) *Limitations.* (1) Tariffs must be made available to any person without time, quantity, or other limitations.

(2) Carriers are not required to provide remote terminals for access under this section.

(3) Carriers and conferences may assess a reasonable fee for access to their tariff publication systems and such fees shall not be discriminatory.

(4) Tariff publication systems shall provide user instructions for access to tariff information.

(f) *Federal agencies.* Carriers and conferences may not assess any access charges against the Commission or any other Federal agency.
