

Federal Communications Commission

§ 54.507

discount rate, that eligible school or library shall receive a proportionate share of the shared services for which support is sought. For schools, the average discount shall be a weighted average of the applicable discount of all schools sharing a portion of the shared services, with the weighting based on the number of students in each school. For libraries, the average discount shall be a simple average of the appli-

cable discounts to which the libraries sharing a portion of the shared services are entitled.

(c) *Matrix.* The Administrator shall use the following matrix to set a discount rate to be applied to eligible interstate services purchased by eligible schools, school districts, libraries, or library consortia based on the institution's level of poverty and location in an "urban" or "rural" area.

Schools and Libraries discount matrix		Discount level	
How disadvantaged?		Urban discount	Rural discount
% of students eligible for national school lunch program			
<1		20	25
1-19		40	50
20-34		50	60
35-49		60	70
50-74		80	80
75-100		90	90

(d) [Reserved]

(e) *Interstate and intrastate services.* Federal universal service support for schools and libraries shall be provided for both interstate and intrastate services.

(1) Federal universal service support under this subpart for eligible schools and libraries in a state is contingent upon the establishment of intrastate discounts no less than the discounts applicable for interstate services.

(2) A state may, however, secure a temporary waiver of this latter requirement based on unusually compelling conditions.

(f) *State support.* Federal universal service discounts shall be based on the price of a service prior to the application of any state provided support for schools or libraries.

[62 FR 32948, June 17, 1997, as amended at 62 FR 41304, Aug. 1, 1997; 63 FR 2130, Jan. 13, 1998; 63 FR 70572, Dec. 21, 1998; 75 FR 75414, Dec. 3, 2010]

§ 54.506 [Reserved]

§ 54.507 Cap.

(a) *Amount of the annual cap.* In funding year 2010 and subsequent funding years, the \$2.25 billion funding cap on federal universal service support for schools and libraries shall be automatically increased annually to take into account increases in the rate of infla-

tion as calculated in paragraph (a)(1) of this section.

(1) *Increase calculation.* To measure increases in the rate of inflation for the purposes of this paragraph (a), the Commission shall use the Gross Domestic Product Chain-type Price Index (GDP-CPI). To compute the annual increase as required by this paragraph (a), the percentage increase in the GDP-CPI from the previous year will be used. For instance, the annual increase in the GDP-CPI from 2008 to 2009 would be used for the 2010 funding year. The increase shall be rounded to the nearest 0.1 percent by rounding 0.05 percent and above to the next higher 0.1 percent and otherwise rounding to the next lower 0.1 percent. This percentage increase shall be added to the amount of the annual funding cap from the previous funding year. If the yearly average GDP-CPI decreases or stays the same, the annual funding cap shall remain the same as the previous year.

(2) *Public notice.* When the calculation of the yearly average GDP-CPI is determined, the Wireline Competition Bureau shall publish a public notice in the FEDERAL REGISTER within 60 days announcing any increase of the annual funding cap based on the rate of inflation.

(3) *Amount of unused funds.* All funds collected that are unused shall be carried forward into subsequent funding
