Federal Acquisition Regulation

22.1102

pay such underpaid employees from accrued payments due the contractor on the contract, or on any other prime contract (whether subject to the Service Contract Act or not) with the contractor. The agency shall place the amount withheld in a deposit fund. Such withheld funds shall be transferred to the Department of Labor for disbursement to the underpaid employees on order of the Secretary (or authorized representatives), an Administrative Law Judge, or the Administrative Review Board. In addition, the Department of Labor has given blanket approval to forward withheld funds pending completion of an investigation or other administrative proceeding when disposition of withheld funds remains the final action necessary to close out a contract.

22.1023 Termination for default.

As provided by the Act, any contractor failure to comply with the requirements of the contract clauses related to the Act may be grounds for termination for default (see paragraph (k) of the clause at 52.222–41, Service Contract Act of 1965).

22.1024 Cooperation with the Department of Labor.

The contracting officer shall cooperate with Department of Labor representatives in the examination of records, interviews with service employees, and all other aspects of investigations undertaken by the Department. When asked, agencies shall furnish the Wage and Hour Administrator or a designee, any available information on contractors, subcontractors, their contracts, and the nature of the contract services. The contracting officer shall promptly refer, in writing to the appropriate regional office of the Department, apparent violations and complaints received. Employee complaints shall not be disclosed to the employer.

22.1025 Ineligibility of violators.

A list of persons or firms found to be in violation of the Act is contained in the Excluded Parties List System (see 9.404). No Government contract may be awarded to any violator so listed because of a violation of the Act, or to any firm, corporation, partnership, or association in which the violator has a substantial interest, without the approval of the Secretary of Labor. This prohibition against award to an ineligible contractor applies to both prime and subcontracts.

22.1026 Disputes concerning labor standards.

Disputes concerning labor standards requirements of the contract are handled under paragraph (t) of the contract clause at 52.222–41, Service Contract Act of 1965, and not under the clause at 52.233–1, Disputes.

Subpart 22.11—Professional Employee Compensation

22.1101 Applicability.

The Service Contract Act of 1965 was enacted to ensure that Government contractors compensate their blue-collar service workers and some white-collar service workers fairly, but it does not cover bona fide executive, administrative, or professional employees.

22.1102 Definition.

Professional employee, as used in this subpart, means any person meeting the definition of employee employed in a bona fide professional capacity given in 29 CFR part 541. The term embraces members of those professions having a recognized status based upon acquiring professional knowledge through prolonged study. Examples of these professions include accountancy, actuarial computation, architecture, dentistry,
engineering, law, medicine, nursing, pharmacy, the sciences (such as biology, chemistry, and physics), and teaching. To be a professional employee, a person must not only be a professional but must be involved essentially in discharging professional duties.

22.1103 Policy, procedures, and solicitation provision.

All professional employees shall be compensated fairly and properly. Accordingly, the contracting officer shall insert the provision at 52.222-46, Evaluation of Compensation for Professional Employees, in solicitations for negotiated service contracts when the contract amount is expected to exceed $650,000 and the service to be provided will require meaningful numbers of professional employees. This provision requires that offerors submit for evaluation a total compensation plan setting forth proposed salaries and fringe benefits for professional employees working on the contract. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure. Plans indicating unrealistically low professional employees compensation may be assessed adversely as one of the factors considered in making an award.
