assess the extent and effectiveness of the contractor’s efforts to control or mitigate the overrun.

(2) The contractor should normally be rewarded for an underrun within its control, up to the maximum award fee rating allocated for cost control, provided the adjectival rating for all other award fee evaluation factors is very good or higher (see FAR 16.401(e)(iv)).

(3) The contractor should be rewarded for meeting the estimated cost of the contract, but not to the maximum rating allocated for cost control, to the degree that the contractor has prudently managed costs while meeting contract requirements. No award shall be given in this circumstance unless the average adjectival rating for all other award fee evaluation factors is satisfactory or higher.

(f) When an AF arrangement is used in conjunction with another contract type, the award fee’s cost control factor will only apply to a subjective assessment of the contractor’s efforts to control costs and not the actual cost outcome incentivized under the basic contract type (e.g. CPIF, FPIF).

(g)(1) The contractor’s performance against the subcontracting plan incorporated in the contract shall be evaluated. Emphasis may be placed on the contractor’s accomplishment of its goals for subcontracting with small business, HUBZone small business, women-owned small business, veteran-owned small business, and service-disabled veteran-owned small business concerns.

(2) The contractor’s performance against the contract target for participation as subcontractors by small disadvantaged business concerns in the NAICS Major Groups designated by the Department of Commerce (see FAR 19.201(c)) shall also be evaluated if the clause at FAR 52.219-26, Small Disadvantaged Business Participation—Incentive Subcontracting, is not included in the contract (see FAR 19.1204(c)).

(3) The contractor’s achievements in subcontracting high technology efforts as well as the contractor’s performance under the Mentor-Protégé Program, if applicable, may also be evaluated.

(4) The evaluation weight given to the contractor’s performance against the considerations in paragraphs (g)(1) through (g)(3) of this section should be significant (up to 15 percent of available award fee). The weight should motivate the contractor to focus management attention to subcontracting with small, HUBZone, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns, and with small disadvantaged business concerns in designated NAICS Major Groups to the maximum extent practicable, consistent with efficient contract performance.

(h) When contract changes are anticipated, the contractor’s responsiveness to requests for change proposals should be evaluated. This evaluation should include the contractor’s submission of timely, complete proposals and cooperation in negotiating the change.

(i) Only the award fee performance evaluation factors set forth in the performance evaluation plan shall be used to determine award fee scores.

(j) The Government may unilaterally modify the applicable award fee performance evaluation factors and performance evaluation areas prior to the start of an evaluation period. The contracting officer shall notify the contractor in writing of any such changes 30 days prior to the start of the relevant evaluation period.

1816.405–275 Award fee evaluation rating.

(a) All award fee contracts shall utilize the adjectival rating categories and associated descriptions as well as the award fee pool available to be earned percentages for each adjectival rating category contained in FAR 16.401(e)(iv).

(b) The following numerical scoring system shall be used in conjunction with the FAR adjectival rating categories and associated descriptions (see FAR 16.401(e)(iv)).

(1) Excellent (100–91)

(2) Very good (90–76)

(3) Good (75–51)

(4) Satisfactory (50)

(5) Unsatisfactory (less than 50) No award fee shall be paid for an unsatisfactory rating.

(c) As a benchmark for evaluation, in order to be rated “Excellent” overall, the contractor would typically be
under cost, on or ahead of schedule, and providing outstanding technical performance.

(d) A weighted scoring system appropriate for the circumstances of the individual contract requirement should be developed. In this system, each evaluation factor (e.g., technical, schedule, cost control) is assigned a specific percentage weighting with the cumulative weightings of all factors totaling 100. During the award fee evaluation, each factor is scored from 0–100 according to the ratings defined in 1816.405–275(b). The numerical score for each factor is then multiplied by the weighting for that factor to determine the weighted score. For example, if the technical factor has a weighting of 60 percent and the numerical score for that factor is 80, the weighted technical score is 48 (80 × 60 percent). The weighted scores for each evaluation factor are then added to determine the total award fee score.

[76 FR 6698, Feb. 8, 2011]

1816.405–276 Award fee payments and limitations.

(a) Interim award fee payments. The amount of an interim award fee payment (see 1816.405–273(b)) is limited to the lesser of the interim evaluation score or 80 percent of the fee allocated to that interim period less any provisional payments (see paragraph (b) of this subsection) made during the period.

(b) Provisional award fee payments. Provisional award fee payments are payments made within evaluation periods prior to an interim or final evaluation for that period. Provisional payments may be included in the contract and should be negotiated on a case-by-case basis. For a service contract, the total amount of award fee available in an evaluation period that may be provisionally paid is the lesser of a percentage stipulated in the contract (but not exceeding 80 percent) or the prior period’s evaluation score. For an end item contract, the total amount of provisional payments in a period is limited to a percentage not to exceed 80 percent of the prior interim period’s evaluation score.

(c) Fee payment. The Fee Determination Official’s rating for both interim and final evaluations will be provided to the contractor within 45 calendar days of the end of the period being evaluated. Any fee, interim or final, due the contractor will be paid no later than 60 calendar days after the end of the period being evaluated.

1816.406 Contract clauses.

1816.406–70 NASA contract clauses.

(a) As authorized by FAR 16.406(e), the contracting officer shall insert the clause at 1852.216–76, Award Fee for Service Contracts, in solicitations and contracts when an award fee contract is contemplated and the contract deliverable is the performance of a service.

(b) As authorized by FAR 16.406(e), the contracting officer shall insert the clause at 1852.216–77, Award Fee for End Item Contracts, in solicitations and contracts when an award fee contract is contemplated and the contract deliverables are hardware or other end items for which total contractor performance cannot be measured until the end of the contract. When the clause is used in a fixed-price award fee contract, it shall be modified by deleting references to base fee in paragraphs (a), and by deleting paragraph (c)(1), the last sentence of (c)(4), and the first sentence of (c)(5).

(c) The contracting officer may insert a clause substantially as stated at 1852.216–83, Fixed Price Incentive, in fixed-price-incentive solicitations and contracts utilizing firm or successive targets. For items subject to incentive price revision, identify the target cost, target profit, target price, and ceiling price for each item.

(d) The contracting officer shall insert the clause at 1852.216–84, Estimated Cost and Incentive Fee, in cost-plus-incentive-fee solicitations and contracts.

(e) The contracting officer may insert the clause at 1852.216–85, Estimated Cost and Award Fee, in cost award fee solicitations and contracts. When the contract includes performance incentives, use Alternate I. When the clause is used in a fixed-price
