

(3) The Navy may agree to modify the amount calculated in accordance with paragraph (d)(1) of this subsection if it determines that a modification is appropriate to the particular situation. In so doing, the Navy may agree to the allocation of a smaller or larger portion of the amount calculated in accordance with paragraph (d)(1) of this subsection, to private sector work.

(i) Any smaller amount shall not be less than the sum of the costs specified in paragraphs (d)(1)(i) and (d)(1)(ii) of this subsection.

(ii) Any larger amount shall not exceed the sum of the costs specified in paragraph (d)(1)(i) of this subsection and the amount of indirect costs that would have been allocated to the private sector work in accordance with the contractor's established accounting practices.

(iii) In determining whether such a modification is appropriate, the Navy will consider factors such as the impact of pre-existing firm-fixed-price Navy contracts on the amount of costs that would be reimbursed by the Navy, the impact of pre-existing private sector work on the cost benefit that would be received by the contractor, and the extent to which allocating a smaller or larger portion of costs to private sector work would provide a sufficient incentive for the contractor to obtain additional private sector work.

(e) *Procedure.* A contractor may submit a request for a shipbuilding capability preservation agreement, together with appropriate justification, through the Deputy Assistant Secretary of the Navy for Ships, to the Assistant Secretary of the Navy for Research, Development and Acquisition, who has approval or disapproval authority. The contractor should also provide an informational copy of any such request to the cognizant administrative contracting officer.

PART 5242—CONTRACT ADMINISTRATION

AUTHORITY: 5 U.S.C. 301, 10 U.S.C. 2202, DOD Directive 5000.35

Subpart 5242.90—Refunds Requirements (Spares and Support Equipment)

5242.9000 Requests for refunds.

(a) *Policy.* (1) This subpart establishes uniform policy and procedures on requesting refunds for spare parts or items of support equipment. This policy is not intended to diminish the responsibility of Navy contracting personnel to properly price spare parts and items of support equipment. Further, it is not intended to serve as a mechanism for the recovery of excess profits.

(2) In accordance with the guidance set forth in paragraph (c) of this section, contracting activities shall request a refund whenever the contract price of any spare part or item of support equipment significantly exceeds the item's intrinsic value as defined in the clause at 5252.242-9000. Refunds shall be requested only for the difference between the intrinsic value of the item at the time an agreement on price was reached and the contract price. Refunds will not be requested to recoup the amount of cost decreases that occur over time due to productivity gains (beyond economic quantity considerations) or changes in market conditions.

(b) *Examples.* The following are examples of circumstances which may establish a basis for a refund request or pricing adjustment:

(1) A technical or engineering analysis results in a determination that the intrinsic value is significantly lower than the historical price.

(2) The price paid for an item bought competitively in similar quantity and circumstances (e.g., urgency, delivery terms) is significantly less than the former sole source price.

(3) Prices paid to the manufacturer of an item indicate the amount previously charged by the prime contractor for the item significantly exceeded the intrinsic value of the prime contractor's efforts in providing the item.

(c) *Solicitation provisions.* The contracting officer shall insert the clause at 5252.242-9000 in solicitations, Basic Ordering Agreements, and contracts (as defined in FAR 2.101) which contain

Department of the Navy

5252.242-9000

or may contain requirements for spare parts or items of support equipment, except those contracts awarded as a result of competitive small purchase procedures and orders under federal supply schedules. If added to existing contracts, the clause will not apply to items or components ordered by the Government prior to the date of incorporation of the clause into the contract. Heads of Contracting Activities (HCAs) are delegated, without power of redelegation, authority to establish monetary thresholds below which refunds will not be requested.

SOURCE: 53 FR 16282, May 6, 1988, unless otherwise noted.

Subpart 5252.2—Texts of Provisions and Clauses

5252.215-9000 Submission of cost or pricing data.

As prescribed at 5215.407, insert the following provision:

SUBMISSION OF COST OR PRICING DATA (NOV 1987)

(a) It is expected that this contract will be awarded based upon a determination that there is adequate price competition; therefore, the offeror is not required to submit or certify cost or pricing data (SF 1411) with its proposal.

(b) If, after receipt of the proposals, the contracting officer determines that adequate price competition does not exist in accordance with FAR 15.804-3, the offeror shall provide certified cost or pricing data as requested by the contracting officer.

(End of clause)

Alternate I (NOV 1987). As prescribed at 5215.407, substitute the following paragraph (b):

(b) If, after receipt of the proposals, the contracting officer determines that adequate price competition does not exist, the offeror shall provide certified cost or pricing data as requested by the contracting officer. The offeror shall provide the requested data within¹ calendar days from the date of the contracting officer's request.

(End of clause)

5252.242-9000 Refunds.

As prescribed in 5242.9000 insert the following clause:

REFUNDS (SPARES AND SUPPORT EQUIPMENT)
(DEC 1986)

(a) In the event that the price of a spare part or item of support equipment delivered under this contract significantly exceeds its intrinsic value, the contractor agrees to refund the difference. Refunds will only be made for the difference between the intrinsic value of the item at the time an agreement on price was reached and the contract price. Refunds will not be made to recoup the amount of cost decreases that occur over time due to productivity gains (beyond economic purchase quantity considerations) or changes in market conditions.

(b) For purposes of this clause, the intrinsic value of an item is defined as follows:

(1) If the item is one which is sold, or is substantially similar or functionally equivalent to one that is sold in substantial quantities to the general public, intrinsic value is the established catalog or market price, plus the value of any unique requirements, including delivery terms, inspection, packaging, or labeling.

(2) If there is no comparable item sold in substantial quantities to the general public, intrinsic value is defined as the price an individual would expect to pay for the item based upon an economic quantity as defined in FAR 52.207-4, plus the value of any unique requirements, including delivery terms, inspection, packaging, or labeling.

(c) At any time up to two years after delivery of a spare part or item of support equipment, the contracting officer may notify the contractor that based on all information available at the time of the notice, the price of the part or item apparently exceeds its intrinsic value.

(d) If notified in accordance with paragraph (c) of this clause, the contractor

¹To be completed by the contracting officer.
