§ 385.713 Reapplying for new entrant registration.

(a) A non-North America-domiciled motor carrier whose provisional new entrant registration has been revoked may reapply for new entrant registration no sooner than 30 days after the date of revocation.

(b) If the provisional new entrant registration was revoked because the new entrant failed to receive a Satisfactory rating after undergoing a compliance review, the new entrant must do all of the following:
   (1) Submit an updated MCS–150.
   (2) Submit evidence that it has corrected the deficiencies that resulted in revocation of its registration and will otherwise ensure that it will have basic safety management controls in effect.
   (3) Successfully complete a pre-authorization safety audit in accordance with § 385.607(c) of this part.
   (4) Begin the 18-month new entrant monitoring cycle again as of the date the re-filed application is approved.

(c) If the provisional new entrant registration was revoked because FMCSA found that the new entrant had failed to submit to a compliance review, it must do all of the following:
   (1) Submit an updated MCS–150.
   (2) Successfully complete a pre-authorization safety audit in accordance with § 385.607(c) of this Part.
   (3) Begin the 18-month new entrant monitoring cycle again as of the date the re-filed application is approved.
   (4) Submit to a compliance review upon request.
   (d) If the new entrant is a for-hire carrier subject to the registration provisions under 49 U.S.C. 13901 and also has had its operating authority revoked, it must re-apply for operating authority as set forth in part 365 of this subchapter.

§ 385.715 Duration of safety monitoring system.

(a) Each non-North America-domiciled carrier subject to this subpart will remain in the safety monitoring system for at least 18 months from the date FMCSA issues its new entrant registration, except as provided in paragraphs (c) and (d) of this section.

(b) If, at the end of this 18-month period, the carrier’s most recent safety rating was Satisfactory and no additional enforcement or safety improvement actions are pending under this subpart, the non-North America-domiciled carrier’s new entrant registration will become permanent.

(c) If, at the end of this 18-month period, FMCSA has not been able to conduct a compliance review, the carrier will remain in the safety monitoring system until a compliance review is conducted. If the results of the compliance review are satisfactory, the carrier’s new entrant registration will become permanent.

(d) If, at the end of this 18-month period, the carrier’s new entrant registration is suspended under § 385.709(a) of this subpart, the carrier will remain in the safety monitoring system until FMCSA either:
   (1) Determines that the carrier has taken corrective action; or
   (2) Completes measures to revoke the carrier’s new entrant registration under § 385.709(c) of this subpart.

§ 385.717 Applicability of safety fitness and enforcement procedures.

At all times during which a non-North America-domiciled motor carrier is subject to the safety monitoring system in this subpart, it is also subject to the general safety fitness procedures established in subpart A of this part and to compliance and enforcement procedures applicable to all carriers regulated by the FMCSA.

Subpart J—Remedial Directives

§ 385.801 Purpose and scope.

(a) This subpart establishes procedures for FMCSA’s issuance of notices of remedial directives and proposed determinations of unfitness.

(b) This subpart establishes the circumstances under which FMCSA will direct motor carriers (including owner-operators leased to motor carriers, regardless of whether the owner-operator has separate operating authority under part 365), in accordance with § 385.1(a), to install electronic on-board recorders (EOBRs) in their commercial motor vehicles as a remedy for threshold rate
