(iii) The contribution to an understanding of the subject by the public likely to result from disclosure—whether disclosure of the requested information will contribute to public understanding. The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject as opposed to the individual understanding of the requester. A requester’s ability and expertise in the subject area as well as the requester’s intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) The significance of the contribution to public understanding—whether the disclosure is likely to contribute significantly to public understanding of Amtrak operations or activities. The public’s understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent.

(4) To determine whether the fee waiver requirement in paragraph (k)(2)(ii) of this section is met, Amtrak shall consider the following factors:

(i) The existence and magnitude of a commercial interest—whether the requesting party has a commercial interest that would be furthered by the requested disclosure. Amtrak shall consider any commercial interest of the requesting party (with reference to the definition of "commercial use" in paragraph (c)(1) of this section), or any person on whose behalf the requesting party may be acting that would be furthered by the requested disclosure. Requesters shall be given an opportunity to provide explanatory information regarding this consideration.

(ii) The primary interest in disclosure—whether the magnitude of the identified commercial interest of the requester is sufficiently large in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requester.” A fee waiver or reduction is justified where the public interest standard is satisfied and public interest is greater in magnitude than any identified commercial interest in disclosure.

(5) Requests for a fee waiver will be considered on a case-by-case basis, based upon the merits of the information provided. Where it is difficult to determine whether the request is commercial in nature, Amtrak may draw inference from the requester’s identity and the circumstances of the request.

(6) Requests for a waiver or reduction of fees must address the factors listed in paragraphs (k)(3) and (4) of this section. In all cases, the burden shall be on the requesting party to present evidence of information in support of a request for a waiver of fees.

(l) Aggregating requests. A requester may not file multiple requests at the same time in order to avoid payment of fees. Where Amtrak reasonably believes that a requester or a group of requesters acting in concert is attempting to divide a request into a series of requests for the purpose of avoiding fees, Amtrak may aggregate those requests and charge accordingly. Amtrak may presume that multiple requests of this type made within a thirty-day period have been made in order to avoid fees. Where requests are separated by a longer period, Amtrak may aggregate them only when there exists a solid basis for determining that aggregation is warranted. Multiple requests involving unrelated matters may not be aggregated.

§ 701.12 Other rights and services.

Nothing in this part shall be construed as entitling any person, as of right, to any service or the disclosure of any record to which such person is not entitled under the FOIA.

PART 800—ORGANIZATION AND FUNCTIONS OF THE BOARD AND DELEGATIONS OF AUTHORITY

Subpart A—Organization and Functions

§ 800.1 Purpose.
This part describes the organization, functions, and operation of the National Transportation Safety Board (Board).

§ 800.2 Organization.
The Board consists of five Members appointed by the President with the advice and consent of the Senate. One of the Members is designated by the President as Chairman with the advice and consent of the Senate and one as Vice Chairman. The Members exercise various functions, powers, and duties set forth in the Federal Aviation Act of 1958, as amended (49 U.S.C. 40101 et seq.), and the Independent Safety Board Act of 1974, as amended (49 U.S.C. 1101 et seq.). The Board is an independent agency of the United States. More detailed descriptions of the Board and its work are contained in other parts of this chapter VIII, notably parts 825, 830 through 835, and 840 through 850. Various special delegations of authority from the Board and the Chairman to the staff are set forth in subpart B of this part. The Board’s staff is comprised of the following principal components:

(a) The Office of the Managing Director, which assists the Chairman in the discharge of his functions as executive and administrative head of the Board; coordinates and directs the activities of the staff; is responsible for the day-to-day operation of the Board; and recommends and develops plans to achieve the Board’s program objectives. The Office of the Managing Director also provides executive secretariat services to the Board.

(b) The Office of Government, Public, and Family Affairs, which supplies the Congress and Federal, State, and local government agencies with information regarding the Safety Board’s activities, programs and objectives; supplies the public, the transportation industry and the news media with current, accurate information concerning the work, programs, and objectives of the Board; coordinates public and private responsibilities, including aid to survivors and families of accident victims, in the wake of transportation disasters. This Office maintains the 24-hour Communications Center, which assists in coordinating accident notification and launch operations for all modes and provides an off-hour base for family assistance functions during accident investigations.

(c) The Office of the General Counsel, which provides legal advice and assistance to the Board and its staff; prepares Board rules, opinions and/or orders, and advice to all offices on matters of legal significance; and represents the Board in judicial matters.

to which the Board is a party or in which the Board is interested.

(d) The Office of Administrative Law Judges, which conducts all formal proceedings arising under the Federal Aviation Act of 1958, as amended, including proceedings involving civil penalties and suspension or revocation of certificates, and appeals from actions of the Federal Aviation Administrator in refusing to issue airman certificates.

(e) The Office of Aviation Safety, which conducts investigations of all aviation accidents within the Board’s jurisdiction; prepares reports for submission to the Board and release to the public setting forth the facts and circumstances of such accidents, including a recommendation as to the probable cause(s); determines the probable cause(s) of accidents when delegated authority to do so by the Board; initiates safety recommendations to prevent future aviation accidents; participates in the investigation of accidents that occur in foreign countries and involve U.S.-registered and/or U.S.-manufactured aircraft; and conducts special investigations into selected aviation accidents involving safety issues of concern to the Board.

(f) The Office of Railroad Safety, which conducts investigations of railroad accidents within the Board’s jurisdiction; prepares reports for submission to the Board and release to the public setting forth the facts and circumstances of such accidents, including a recommendation as to the probable cause(s); determines the probable cause(s) of accidents when delegated authority to do so by the Board; initiates safety recommendations to prevent future railroad accidents; and conducts special investigations into selected railroad accidents involving safety issues of concern to the Board.

(g) The Office of Highway Safety, which conducts investigations of highway accidents, including railroad grade-crossing accidents, within the Board’s jurisdiction; prepares reports for submission to the Board and release to the public setting forth the facts and circumstances of such accidents, including a recommendation as to the probable cause(s); determines the probable cause(s) of accidents when delegated authority to do so by the Board; initiates safety recommendations to prevent future highway accidents; and conducts special investigations into selected highway accidents involving safety issues of concern to the Board.

(h) The Office of Marine Safety, which conducts investigations of marine accidents within the Board’s jurisdiction; prepares reports for submission to the Board and release to the public setting forth the facts and circumstances of such accidents, including a recommendation as to the probable cause(s); determines the probable cause(s) of accidents when delegated authority to do so by the Board; initiates safety recommendations to prevent future marine accidents; participates in the investigation of accidents that occur in foreign countries and involve U.S.-registered vessels; and conducts special investigations into selected marine accidents involving safety issues of concern to the Board.

(i) The Office of Pipeline and Hazardous Materials Safety, which conducts investigations of pipeline and hazardous materials accidents within the Board’s jurisdiction; prepares reports for submission to the Board and release to the public setting forth the facts and circumstances of such accidents, including a recommendation as to the probable cause(s); determines the probable causes of accidents when delegated authority to do so by the Board; initiates safety recommendations to prevent future pipeline and hazardous materials accidents; and conducts special investigations into selected pipeline and hazardous materials accidents involving safety issues of concern to the Board.

(j) The Office of Research and Engineering, which conducts research and carries out analytical studies and tests involving all modes, including readouts of voice and data recorders, flight path analysis and computer simulation/animation, component examination and material failure analysis; performs statistical analyses of transportation accident and incident data; maintains archival records of the Board’s accident investigation and
safety promotion activities and supports public access to these records; and administers the Board’s information technology infrastructure, including computer systems, networks, databases, and application software.

(k) The Office of Safety Recommendations & Accomplishments, which oversees the Board’s safety recommendations program, including the Board’s “MOST WANTED” recommendations, and the Board’s safety accomplishment program.

§ 800.3 Functions.

(a) The primary function of the Board is to promote safety in transportation. The Board is responsible for the investigation, determination of facts, conditions, and circumstances and the cause or probable cause or causes of: all accidents involving civil aircraft, and certain public aircraft; highway accidents, including railroad grade-crossing accidents, the investigation of which is selected in cooperation with the States; railroad accidents in which there is a fatality, substantial property damage, or which involve a passenger train; pipeline accidents in which there is a fatality, significant injury to the environment, or substantial property damage; and major marine casualties and marine accidents involving a public and a non-public vessel or involving Coast Guard functions. The Board makes transportation safety recommendations to Federal, State, and local agencies and private organizations to reduce the likelihood of recurrences of transportation accidents. It initiates and conducts safety studies and special investigations on matters pertaining to safety in transportation, assesses techniques and methods of accident investigation, evaluates the effectiveness of transportation safety consciousness and efficacy in preventing accidents of other Government agencies, and evaluates the adequacy of safeguards and procedures concerning the transportation of hazardous materials.

(b) Upon application of affected parties, the Board reviews in quasijudicial proceedings, conducted pursuant to the provisions of the Administrative Procedure Act, 5 U.S.C. 551 et seq., denials by the Administrator of the Federal Aviation Administrator of applications for airman certificates and orders of the Administrator modifying, amending, suspending, or revoking certificates or imposing civil penalties. The Board also reviews on appeal the decisions of the Commandant, U.S. Coast Guard, on appeals from orders of administrative law judges suspending, revoking, or denying seamen licenses, certificates, or documents.

(c) The Board, as provided in Part 801 of this chapter, issues reports and orders pursuant to its duties to determine the cause or probable cause or causes of transportation accidents and to report the facts, conditions and circumstances relating to such accidents; issues opinions and/or orders after reviewing on appeal the imposition of a civil penalty or the suspension, amendment, modification, revocation, or denial of any certificate or license issued by the Secretary of the Department of Transportation (who acts through the Administrator of the Federal Aviation Administration or the Commandant of the United States Coast Guard); and issues and makes available to the public safety recommendations, safety studies, and reports of special investigations.

[60 FR 61488, Nov. 30, 1995]

§ 800.4 Operation.

In exercising its functions, duties, and responsibilities, the Board utilizes:

(a) The Board’s staff, consisting of specialized offices dealing with particular areas of transportation safety and performing administrative and technical work for the Board. The staff advises the Board and performs duties for the Board that are inherent in the staff’s position in the organizational structure or that the Board has delegated to it. The staff is described more fully in §800.2.

(b) Rules published in the Federal Register and codified in this Title 49 of the Code of Federal Regulations. These rules may be inspected in the Board’s public reference room, or purchased from the Superintendent of Documents, Government Printing Office.
§ 800.5 Office locations.

The principal offices of the National Transportation Safety Board are located at 490 L’Enfant Plaza East, SW., Washington, DC 20594. The Board maintains field offices in selected cities throughout the United States.

The Board delegates to the Chief, Public Inquiries Branch, the authority to determine, initially, the withholding of a board record from inspection or copying, pursuant to part 801 of this chapter.

[63 FR 71606, Dec. 29, 1998]
§ 800.27 Delegation to investigative officers and employees of the Board.

[60 FR 61490, Nov. 30, 1995]

§ 800.28 Delegation to the Chief Financial Officer.

The Board delegates to the Chief Financial Officer the authority to settle claims for money damages of $2,500 or less against the United States arising under Section 2672 of 28 United States Code (the Federal Tort Claims Act) because of acts or omissions of Board employees.

[83 FR 71666, Dec. 29, 1998]

APPENDIX TO PART 800—REQUEST TO THE SECRETARY OF THE DEPARTMENT OF TRANSPORTATION TO INVESTIGATE CERTAIN AIRCRAFT ACCIDENTS

(a) Acting pursuant to the authority vested in it by Title VII of the Federal Aviation Act of 1958 (49 U.S.C. 1441) and section 304(a)(1) of the Independent Safety Board Act of 1974, the National Transportation Safety Board (Board) hereby requests the Secretary of the Department of Transportation (Secretary) to exercise his authority subject to the terms, conditions, and limitations of Title VII and section 304(a)(1) of the Independent Safety Board Act of 1974, and as set forth below to investigate the facts, conditions, and circumstances surrounding each accident from which the Board may determine the probable cause.

(b) The authority to be exercised hereunder shall include the investigation of all civil aircraft accidents involving rotorcraft, aerial application, amateur-built aircraft, restricted category aircraft, and all fixed-wing aircraft which have a certificated maximum gross takeoff weight of 12,500 pounds or less except:

(1) Accidents in which fatal injuries have occurred to an occupant of such aircraft, but shall include accidents involving fatalities incurred as a result of aerial application operations, amateur-built aircraft operations, or restricted category aircraft operations.

(2) Accidents involving aircraft operated in accordance with the provisions of Part 135 of the Federal Air Regulations entitled “Air Taxi Operators and Commercial Operators of Small Aircraft.”

(3) Accidents involving aircraft operated by an air carrier authorized by certificate of public convenience and necessity to engage in air transportation.

(4) Accidents involving midair collisions.

(c) Provided, That the Board may, through the chiefs of its field offices, or their designees who receive the initial notifications, advise the Secretary, through his appropriate designee, that the Board will assume the full responsibility for the investigation of an accident included in this request in the same manner as an accident not so included; and Provided further, That the Board, through the chiefs of its field offices, or their designees who receive initial notifications may request the Secretary, through his appropriate designee, to investigate an accident not included in this request, which would normally be investigated by the Board under section (b) (1) through (4) above, and in the same manner as an accident so included.

(d) Provided, That this authority shall not be construed to authorize the Secretary to hold public hearings or to determine the probable cause of the accident; and Provided further, That the Secretary will report to the Board in a form acceptable to the Board the facts, conditions, and circumstances surrounding each accident from which the Board may determine the probable cause.

(e) And provided further, That this request includes authority to conduct autopsies and such other tests of the remains of deceased persons aboard the aircraft at the time of the accident, who die as a result of the accident, necessary to the investigations requested hereunder and such authority may be delegated and redelegated to any official or employee of the Federal Aviation Administration (FAA). For the purpose of this provision, designated aviation examiners are not deemed to be officials or employees of the FAA.

(f) Invoking the provisions of section 701(f) of the Federal Aviation Act of 1958, and section 304(a)(1) of the Independent Safety Board Act of 1974, is necessary inasmuch as sufficient funds have not been made available to the Board to provide adequate facilities and personnel to investigate all accidents involving civil aircraft. This request, therefore, is considered to be temporary in nature and may be modified or terminated by written notice to the Secretary.

[49 FR 26232, June 27, 1984, as amended at 63 FR 71666, Dec. 29, 1998]
PART 801—PUBLIC AVAILABILITY
OF INFORMATION

Subpart A—Applicability and Policy

§ 801.1 Applicability.
(a) This part contains the rules that the National Transportation Safety Board (NTSB) follows in processing requests for records under the Freedom of Information Act (FOIA), 5 U.S.C. 552. These rules should be read together with the FOIA, which provides additional information about public access to records maintained by the NTSB.
(b) This part also provides for document services and the fees for such services, pursuant to 31 U.S.C. 9701.
(c) This part applies only to records existing when the request for the information is made. The NTSB is not required to create records for the sole purpose of responding to a FOIA request.
(d) Sections 801.51 through 801.59 of this chapter describe records that are exempt from public disclosure.

§ 801.2 Policy.
(a) In implementing 5 U.S.C. 552, it is the policy of the NTSB to make information available to the public to the greatest extent possible, consistent with the mission of the NTSB. Information the NTSB routinely provides to the public as part of a regular NTSB activity (such as press releases and information disclosed on the NTSB’s public Web site) may be provided to the public without compliance with this part. In addition, as a matter of policy, the NTSB may make discretionary disclosures of records or information otherwise exempt from disclosure under the FOIA whenever disclosure would not foreseeably harm an interest protected by a FOIA exemption; however, this policy does not create any right enforceable in court.
(b) Given the NTSB’s stated policy of providing as much information as possible regarding general NTSB operations and releasing documents involving investigations, the NTSB strongly encourages requesters seeking information to check the NTSB’s Web site for such information before submitting a FOIA request. For every investigation...
in which the NTSB has determined the probable cause of an accident, the NTSB’s docket management system will include a “public docket” containing documentation that the investigator-in-charge deemed pertinent to the investigation. Requesters may obtain these public dockets without submitting a FOIA request. The NTSB encourages all requesters to review the public docket materials before submitting a FOIA request.

§ 801.3 Definitions.

The following definitions shall apply in this part:
(a) “Record” includes any writing, drawing, map, recording, tape, film, photo, or other documentary material by which information is preserved. In this part, “document” and “record” shall have the same meaning.
(b) “Redact” refers to the act of making a portion of text illegible by placing a black mark on top of the text.
(c) “Public Docket” includes a collection of records from an accident investigation that the investigator who oversaw the investigation of that accident has deemed pertinent to determining the probable cause of the accident.
(d) “Non-docket” items include other records from an accident that the investigator who oversaw the investigation of that accident has deemed irrelevant or not directly pertinent to determining the probable cause of the accident.
(e) “Chairman” means the Chairman of the NTSB.
(f) “Managing Director” means the Managing Director of the NTSB.
(g) “Requester” means any person, as defined in 5 U.S.C. 551(2), who submits a request pursuant to the FOIA.

Subpart B—Administration

§ 801.10 General.
(a) The NTSB’s Chief, Records Management Division, is responsible for the custody and control of all NTSB records required to be preserved under the Federal Records Act, 44 U.S.C. Chapters 21, 29, 31, and 33.
(b) The NTSB’s FOIA Officer shall be responsible for the initial determina-

49 CFR Ch. VIII (10–1–11 Edition)
§ 801.20 Processing of requests.

(a) The NTSB processes FOIA requests upon receipt. The NTSB FOIA Office may notify the requester that the NTSB has received the request. The

(b) The field offices of the NTSB shall not maintain, for public access, records maintained by the Chief, Records Management Division. Requests mailed to NTSB field offices will not satisfy the NTSB's requirements for submitting a FOIA request.

(c) The NTSB may work with a commercial reproduction firm to accommodate requests for reproduction of accident records from the public docket. The reproduction charges may be subject to change. The NTSB will update its FOIA Web site to reflect any such changes. Section 801.60 of this title contains a current fee schedule.

(d) The NTSB will not release records originally generated by other agencies or entities. Instead, the NTSB will refer such requests to the appropriate agency, which will make a release determination upon receiving and processing the referred request.

(e) Where a requester seeks a record on behalf of another person, and the record contains that person's personal information protected by Exemption 6 of the FOIA (see section 801.56 of this title), the NTSB requires the requester to submit a notarized statement of consent from the person whose personal information is contained in the record, before the NTSB releases the record.

(f) In general, the NTSB will deny requests for records concerning a pending investigation, pursuant to appropriate exemptions under the FOIA. The FOIA Office will notify the requester of this denial, and will provide the requester with information regarding how the requester may receive information on the investigation once the investigation is complete. The NTSB discourages requesters from submitting multiple FOIA requests in a continuing effort to obtain records before an investigation is complete.

§ 801.11 Segregability of records.

The initial decision of the FOIA Officer will include a determination of segregability. If it is reasonable to do so, the exempt portions of a record will be segregated and, where necessary, redacted, and the nonexempt portions will be sent to the requester.

§ 801.12 Protection of records.

(a) No person may, without permission, remove from the place where it is made available any record made available for inspection or copying under §801.10(c)(2) of this part. Stealing, altering, mutilating, obliterating, or destroying, in whole or in part, such a record shall be deemed a criminal offense.

(b) Section 641 of title 18 of the United States Code provides, in pertinent part, as follows:

"Whoever * * * steals, purloins, or knowingly converts to his use or the use of another, or without authority, sells, conveys or disposes of any record * * * or thing of value of the United States or of any department or agency thereof * * * shall be fined under this title or imprisoned not more than ten years, or both; but if the value of such property in the aggregate, combining amounts from all the counts for which the defendant is convicted in a single case, does not exceed the sum of $1,000, he shall be fined under this title or imprisoned not more than one year, or both."

(c) Section 2071(a) of title 18 of the United States Code provides, in pertinent part, as follows:

Whoever willfully and unlawfully conceals, removes, mutilates, obliterates, or destroys, or attempts to do so, or, with intent to do so takes and carries away any record, proceeding, map, book, paper, document, or other thing, filed or deposited * * * in any public office, or with any * * * public officer of the United States, shall be fined under this title or imprisoned not more than three years, or both.
§ 801.21 Initial determination.

The NTSB FOIA Officer will make an initial determination as to whether to release a record within 20 working days (excluding Saturdays, Sundays, and legal public holidays) after the request is received. This time limit may be extended up to 10 additional working days in accordance with §801.23 of this part. The person making the request will be notified immediately in writing of such determination. If a determination is made to release the requested record(s), such record(s) will be made available promptly. If the FOIA Officer determines not to release the record(s), the person making the request will, when he or she is notified of such determination, be advised of:

(a) The reason for the determination,
(b) the right to appeal the determination, and
(c) the name and title or positions of each person responsible for the denial of the request.

§ 801.22 Final determination.

Requesters seeking an appeal of the FOIA Officer’s initial determination must send a written appeal to the NTSB’s Managing Director within 20 days. The NTSB’s Managing Director will determine whether to grant or deny any appeal made pursuant to §801.21 within 20 working days (excluding Saturdays, Sundays, and legal public holidays) after receipt of such appeal, except that this time limit may be extended for as many as 10 additional working days, in accordance with §801.23.

§ 801.23 Extension.

In unusual circumstances as specified in this section, the time limits prescribed in either §801.21 or §801.22, may be extended by written notice to the person making a request and setting forth the reasons for such extension and the date on which a determination is expected to be dispatched. Such notice will not specify a date that would result in an extension for more than 10 working days. As used in this paragraph, “unusual circumstances,” as they relate to any delay that is reasonably necessary to the proper processing of the particular request, means—

(a) The need to search for and collect the requested records from field facilities or other establishments;
(b) The need to search for, collect, and appropriately examine and process a voluminous amount of records which are the subject of a single request; or
(c) The need to consult with another agency that has a substantial interest in the disposition of the request or with two or more components of the agency having substantial subject-matter interest therein.

Subpart D—Accident Investigation Records

§ 801.30 Records from accident investigations.

Upon completion of an accident investigation, each NTSB investigator (or “group chairman,” depending on the investigation) shall complete a factual report with supporting documentation and include these items in the public docket for the investigation. The Chief, Records Management Division, will then make the records available to the public for inspection or production by an order for commercial copying.
§ 801.31 Public hearings regarding investigations.

Within approximately four (4) weeks after a public hearing concerning an investigation, the Chief, Records Management Division, will make available to the public the hearing transcript. On or before the date of the hearing, the Chief, Records Management Division, will make the exhibits introduced at the hearing available to the public for inspection or commercial copy order.

§ 801.32 Accident reports.

(a) The NTSB will report the facts, conditions, and circumstances, and its determination of the probable causes of U.S. civil transportation accidents, in accordance with 49 U.S.C. 1131(e).

(b) These reports may be made available for public inspection in the NTSB’s public reference room and/or on the NTSB’s Web site, at http://www.ntsb.gov.

Subpart E—Other Board Documents

§ 801.40 The Board’s rules.

The NTSB’s rules are published in the Code of Federal Regulations as Parts 800 through 850 of Title 49.

§ 801.41 Reports to Congress.

The NTSB submits its annual report to Congress each year, in accordance with 49 U.S.C. 1117. The report will be available on the NTSB’s Web site, found at http://www.ntsb.gov. Interested parties may purchase the report from the Government Printing Office or review it in the NTSB’s public reference room. All other reports or comments to Congress will be available in the NTSB’s public reference room for inspection or by ordering a copy after issuance.

Subpart F—Exemption From Public Disclosure

§ 801.50 Exemptions from disclosure.

Title 5, United States Code section 552(a) and (b) exempt certain records from public disclosure. As stated in §801.2 of this title, the NTSB may choose to make a discretionary release of a record that is authorized to be withheld under 5 U.S.C. 552(b), unless it determines that the release of that record would be inconsistent with the purpose of the exemption concerned. Examples of records given in §§801.51 through 801.58 included within a particular statutory exemption are not necessarily illustrative of all types of records covered by the applicable exemption.

§ 801.51 National defense and foreign policy secrets.

Pursuant to 5 U.S.C. 552(b)(1), national defense and foreign policy secrets established by Executive Order, as well as properly classified documents, are exempt from public disclosure. Requests to the NTSB for such records will be transferred to the source agency as appropriate, where such classified records are identified. (See, e.g., Executive Order 12,958, as amended on March 25, 2003.)

§ 801.52 Internal personnel rules and practices of the NTSB.

Pursuant to 5 U.S.C. 552(b)(2), the following records are exempt from disclosure under FOIA:

(a) Records relating solely to internal personnel rules and practices, including memoranda pertaining to personnel matters such as staffing policies, and procedures for the hiring, training, promotion, demotion, or discharge of employees, and management plans, records, or proposals relating to labor-management relations.

(b) Records regarding:

1) Internal matters of a relatively trivial nature that have no significant public interest, and

2) Predominantly internal matters, the release of which would risk circumvention of a statute or agency regulation.

§ 801.53 Records exempt by statute from disclosure.

Pursuant to 5 U.S.C. 552(b)(3), the NTSB will not disclose records specifically exempted from disclosure by statute (other than 5 U.S.C. 552(b)), provided that such statute:

(a) Requires that the matters be withheld from the public in such manner as to leave no discretion on the issue, or
§ 801.54 (b) Establishes particular criteria for withholding or refers to particular types of matters to be withheld.

§ 801.54 Trade secrets and commercial or financial information.

Pursuant to 5 U.S.C. 552(b)(4), trade secrets and items containing commercial or financial information that are obtained from a person and are privileged or confidential are exempt from public disclosure.

§ 801.55 Interagency and intra-agency exchanges.

(a) Pursuant to 5 U.S.C. 552(b)(5), any record prepared by an NTSB employee for internal Government use is exempt from public disclosure to the extent that it contains—

(1) Opinions made in the course of developing official action by the NTSB but not actually made a part of that official action, or

(2) Information concerning any pending NTSB proceeding, or similar matter, including any claim or other dispute to be resolved before a court of law, administrative board, hearing officer, or contracting officer.

(b) The purpose of this section is to protect the full and frank exchange of ideas, views, and opinions necessary for the effective functioning of the NTSB. These resources must be fully and readily available to those officials upon whom the responsibility rests to take official NTSB action. Its purpose is also to protect against the premature disclosure of material that is in the developmental stage, if premature disclosure would be detrimental to the authorized and appropriate purposes for which the material is being used, or if, because of its tentative nature, the material is likely to be revised or modified before it is officially presented to the public.

(c) Examples of materials covered by this section include, but are not limited to, staff papers containing advice, opinions, or suggestions preliminary to a decision or action; preliminary notes; advance information on such things as proposed plans to procure, lease, or otherwise hire and dispose of materials, real estate, or facilities; documents exchanged in preparation for anticipated legal proceedings; material intended for public release at a specified future time, if premature disclosure would be detrimental to orderly processes of the NTSB; records of inspections, investigations, and surveys pertaining to internal management of the NTSB; and matters that would not be routinely disclosed in litigation but which are likely to be the subject of litigation.

§ 801.56 Unwarranted invasion of personal privacy.

Pursuant to 5 U.S.C. 552(b)(6), any personal, medical, or similar file is exempt from public disclosure if its disclosure would harm the individual concerned or would be a clearly unwarranted invasion of the person’s personal privacy.

§ 801.57 Records compiled for law enforcement purposes.

Pursuant to 5 U.S.C. 552(b)(7), any records compiled for law or regulatory enforcement are exempt from public disclosure to the extent that disclosure would interfere with enforcement, would be an unwarranted invasion of privacy, would disclose the identity of a confidential source, would disclose investigative procedures and practices, or would endanger the life or security of law enforcement personnel.

§ 801.58 Records for regulation of financial institutions.

Pursuant to 5 U.S.C. 552(b)(8), records compiled for agencies regulating or supervising financial institutions are exempt from public disclosure.

§ 801.59 Geological records.

Pursuant to 5 U.S.C. 552(b)(9), records concerning geological wells are exempt from public disclosure.

Subpart G—Fee Schedule

§ 801.60 Fee schedule.

(a) Authority. Pursuant to 5 U.S.C. 552(a)(4)(I) and 52 FR 10,012 (Mar. 27, 1987), the NTSB may charge certain fees for processing requests under the FOIA in accordance with paragraph (c) of this section, except where fees are limited under paragraph (d) of this section, or where a waiver or reduction of fees is granted under paragraph (e) of
this section. The NTSB may collect all applicable fees before sending copies of requested records to a requester. A requester must pay fees in accordance with the instructions provided on the invoice the FOIA Office sends to the requester.

(b) Definitions. For purposes of this section:

(1) Commercial use request means a request for or on behalf of a person who seeks information for a use or purpose that furthers his or her commercial, trade, or profit interests. This includes the furtherance of commercial interests through litigation. When it appears that the requester will use the requested records for a commercial purpose, either because of the nature of the request or because the NTSB has reasonable cause to doubt a requester’s stated use, the NTSB shall provide the requester with a reasonable opportunity to submit further clarification.

(2) Direct costs means those expenses that an agency actually incurs in searching for, reviewing, and duplicating records in response to a FOIA request. This includes the salaries of employees performing the work, as listed below, but does not include overhead expenses such as the costs of office space.

(3) Duplication means the copying of a record, or of the information contained in a record, in response to a FOIA request.

(4) Educational institution means a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, or an institution of vocational education, that operates a program of scholarly research. In order for a requester to demonstrate that their request falls within the category of an “educational institution,” the requester must show that the request is authorized by the qualifying institution and that the requester does not seek the records for commercial use, but only to further scholarly research.

(5) Representative of the news media or “news media requester” means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. For “freelance” journalists to be regarded as working for a news organization, they must demonstrate a solid basis for expecting publication through that organization (for example, a journalist may submit a copy of a publication contract for which the journalist needs NTSB records).

(6) Review means the examination of a record located in response to a request in order to determine whether any portion of it is exempt from disclosure. “Review” also includes processing the record(s) for disclosure, which includes redacting and otherwise preparing releasable records for disclosure. The NTSB may require review costs even if the NTSB ultimately does not release the record(s).

(7) Search means the process of looking for and retrieving records or information within the scope of a request. “Search” includes page-by-page or line-by-line identification of information within records and also includes reasonable efforts to locate and retrieve information from records maintained in electronic form or format. The NTSB will make an effort to conduct such searches in the least expensive manner.

(c) Fees. In responding to FOIA requests, the NTSB will charge the following fees unless a waiver or reduction of fees has been granted under paragraph (d) of this section:

(1) Search. (i) The NTSB will charge search fees for all requests, unless an educational institution, a noncommercial scientific institution, or a news media representative submits a request containing adequate justification for obtaining a fee waiver. These fees, however, are subject to the limitations of paragraph (d) of this section. The NTSB may charge for time spent searching even if the NTSB does not locate any responsive record or if the NTSB withholds the record(s) located because such record(s) are exempt from disclosure.

(ii) The NTSB will charge $4.00 for each quarter of an hour spent by clerical personnel in searching for and retrieving a requested record. Where clerical personnel cannot entirely perform a search and retrieval (for example, where the identification of records within the scope of a request requires
the assistance of professional personnel), the applicable fee will instead be $7.00 for each quarter hour of search time spent by professional personnel. Where a request requires the time of managerial personnel, the fee will be $10.25 for each quarter hour of time spent by these personnel.

(2) Duplication. The NTSB will charge duplication fees, subject to the limitations of paragraph (d) of this section.

(i) The NTSB utilizes the services of a commercial reproduction facility for requests for duplicates of NTSB public dockets and publications.

(ii) Regarding the reproduction of non-public records in response to a FOIA request, the NTSB will charge $0.10 per page for the duplication of a standard-size paper record. For other forms of duplication, the NTSB will charge the direct costs of the duplication.

(iii) Where the NTSB certifies records upon request, the NTSB will charge the direct cost of certification.

(3) Review. The NTSB will charge fees for the initial review of a record to determine whether the record falls within the scope of a request, or whether the record is exempt from disclosure. Such fees will be charged to requesters who make a request for commercial purposes. The NTSB will not charge for subsequent review of the request and responsive record; for example, in general, the NTSB will not charge additional fees for review at the administrative appeal level when the NTSB has already applied an exemption. The NTSB will charge review fees at the same rate as those charged for a search under paragraph (c)(1)(ii), above.

(c) Limitations on charging fees. For purposes of this section:

(1) The NTSB will not charge a fee for notices, decisions, orders, etc. provided to persons acting as parties in the investigation, or where required by law to be served on a party to any proceeding or matter before the NTSB. Likewise, the NTSB will not charge fees for requests made by family members of accident victims, when the NTSB has investigated the accident that is the subject of the FOIA request.

(2) The NTSB will not charge a search fee for requests from educational institutions or representatives of the news media.

(3) The NTSB will not charge a search fee or review fee for a quarter-hour period unless more than half of that period is required for search or review.

(4) Except for requesters seeking records for commercial use, the NTSB will provide the following items without charge:

(i) The first 100 pages of duplication (or the cost equivalent) of a record; and

(ii) The first two hours of search (or the cost equivalent) for a record.

(5) Whenever the total fee calculated under paragraph (c) of this section is $14.00 or less for any request, the NTSB will not charge a fee.

(6) When the NTSB’s FOIA Office determines or estimates that fees to be charged under this section will amount to more than $25.00, the Office will notify the requester of the actual or estimated amount of the fees, unless the requester has indicated a willingness to pay fees as high as those anticipated. If the FOIA Office is able to estimate only a portion of the expected fee, the FOIA Office will advise the requester that the estimated fee may be only a portion of the total fee. Where the FOIA Office notifies a requester that the actual or estimated fees will exceed $25.00, the NTSB will not expend additional agency resources on the request until the requester agrees in writing to pay the anticipated total fee. In circumstances involving a total fee that will exceed $250.00, the NTSB may require the requester to make an advance payment or deposit of a specific amount before beginning to process the request.

(7) The NTSB may charge interest on any unpaid bill starting on the 31st day following the date of billing the requester. Interest charges will be assessed at the rate provided at 31 U.S.C. 3717 and will accrue from the date of the billing until the NTSB receives payment. The NTSB shall follow the provisions of the Debt Collection Act of 1982 (Pub. L. 97–365, 96 Stat. 1749), as amended, and its administrative procedures, including the use of consumer reporting agencies, collection agencies, and offset.
National Transportation Safety Board § 801.60

(8) Where a requester has previously failed to pay a properly charged FOIA fee to the NTSB within 30 days of the date of billing, the NTSB may require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee, before the NTSB begins to process a new request or continues to process a pending request from that requester.

(9) Where the NTSB reasonably believes that a requester or group of requesters acting together is attempting to divide a request into multiple series of requests for the purpose of avoiding fees, the NTSB may aggregate those requests and charge accordingly.

(d) Requirements for waiver or reduction of fees. For fee purposes, the NTSB will determine, whenever reasonably possible, the use to which a requester will put the requested records.

(1) The NTSB will furnish records responsive to a request without charge, or at a reduced charge, where the NTSB determines, based on all available information, that the requester has shown that:

(i) Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations of activities of the government, and

(ii) Disclosure of the requested information is not primarily in the commercial interest or for the commercial use of the requester.

(2) In determining whether disclosure of the requested information is in the public interest, the NTSB will consider the following factors:

(i) Whether the subject of the requested records concerns identifiable operations or activities of the federal government, with a connection that is direct and clear, and not remote or attenuated. In this regard, the NTSB will consider whether a requester’s use of the documents would enhance transportation safety or contribute to the NTSB’s programs.

(ii) Whether the portions of a record subject to disclosure are meaningfully informative about government operations or activities. The disclosure of information already in the public domain, in either a duplicative or substantially identical form, would not be as likely to contribute to such understanding where nothing new would be added to the public’s understanding.

(iii) Whether disclosure of the requested information would contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. The NTSB will consider a requester’s expertise in the subject area and ability to effectively convey information to the public.

(iv) Whether the disclosure is likely to enhance the public’s understanding of government operations or activities.

(3) In determining whether the requester is primarily in the commercial interest of the requester, the NTSB will consider the following factors:

(i) The existence and magnitude of any commercial interest the requester may have, or of any person on whose behalf the requester may be acting. The NTSB will provide requesters with an opportunity in the administrative process to submit explanatory information regarding this consideration.

(ii) Whether the commercial interest is greater in magnitude than any public interest in disclosure.

(4) Additionally, the NTSB may, at its discretion, waive publication, reproduction, and search fees for qualifying foreign countries, international organizations, nonprofit public safety entities, State and Federal transportation agencies, and colleges and universities, after approval by the Chief, Records Management Division.

(5) Where only some of the records to be released satisfy the requirements for a waiver of fees, the NTSB will grant a waiver for those particular records.

(6) Requests for the waiver or reduction of fees should address the factors listed in paragraphs (e)(2) and (e)(3) of this section, insofar as they apply to each request. The NTSB will exercise its discretion to consider the cost-effectiveness of its use of administrative resources in determining whether to grant waivers or reductions of fees.

(e) Services available free of charge.

(1) The following documents are available without commercial reproduction cost until limited supplies are exhausted:
§ 801.61 Appeals of fee determinations.

Requesters seeking an appeal of the FOIA Officer’s fee or fee waiver determination must send a written appeal to the NTSB’s Managing Director within 20 days. The NTSB’s Managing Director will determine whether to grant or deny any appeal made pursuant to §801.21 within 20 working days (excluding Saturdays, Sundays, and legal public holidays) after receipt of such appeal, except that this time limit may be extended for as many as 10 additional working days, in accordance with §801.23.

Statistical record means a record in a system of records maintained for statistical research or reporting purposes only and which is not used wholly or partially in any determination concerning an identifiable individual;

System Manager means the agency official who is responsible for the policies and practices of his particular system or systems of record, as specified in the NTSB notices of systems or records; and

System of records means a group of any records under the control of the NTSB from which information is retrieved by the name of an individual or by some identifying number, symbol, or other particular assigned to the individual, whether presently in existence or set up in the future.

Subpart B—Initial Procedures and Requirements

§ 802.5 Procedures for requests pertaining to individual records in a record system.

The NTSB may not disclose any record to any person or other agency, except pursuant to a written request by, or with the prior written consent of, the individual to whom the record pertains, provided the record under the control of the NTSB is maintained in a system of records from which information is retrieved by the name of the individual or by some identifying number, symbol, or other particular assigned to such individual. Written consent is not required if the disclosure is:

(a) To officers or employees of the NTSB who require the information in the official performance of their duties;

(b) Required under 5 U.S.C. 552, Freedom of Information Act;

(c) For a routine use compatible with the purpose for which it was collected;

(d) To the Bureau of the Census for uses pursuant to title 13, U.S.C.;

(e) To a recipient who has provided the NTSB with advance adequate assurance that the record will be used solely as a statistical research or reporting record and that it is to be transferred in a form not individually identifiable; or

(f) Pursuant to the order of a court of competent jurisdiction.

§ 802.6 Types of requests and specification of records.

(a) Types of requests. An individual may make the following request respecting records about himself maintained by NTSB in any system of records subject to the Act:

(1) Whether information concerning himself is contained in any system of records.

(2) Access to a record concerning himself. Such request may include a request to review the record and/or obtain a copy of all or any portion thereof.

(3) Correction or amendment of a record concerning himself.

(4) Accounting of disclosure to any other person or Government agency of any record concerning himself contained in any system of records controlled by NTSB except: (i) Disclosures made pursuant to the FOIA; (ii) disclosures made within the NTSB; (iii) disclosures made to another Government agency or instrumentality for an authorized law enforcement activity pursuant to subsection (b)(7) of the Act; and (iv) disclosures expressly exempted by NTSB from the requirements of subsection (c)(3) of the Act, pursuant to subsection (k) thereof.

(b) Specification of records. All requests for access to records must reasonably describe the system of records and the individual’s record within the
system of records in sufficient detail to permit identification of the requested record. Specific information regarding the system name, the individual’s full name, and other information helpful in identifying the record or records shall be included. Requests for correction or amendment of records shall, in addition, specify the particular record involved, state the nature of the correction or amendment sought, and furnish justification for the correction or amendment.

(c) Inadequate identification of record. Requests which do not contain information sufficient to identify the record requested will be returned promptly to the requester, with a notice indicating what information is lacking. Individuals making requests in person will be informed of any deficiency in the specification of the records at the time the request is made. Individuals making requests in writing will be notified of any such deficiency when their request is acknowledged.

§ 802.7 Requests: How, where, and when presented; verification of identity of individuals making requests; accompanying persons; and procedures for acknowledgment of requests.

(a) Requests—general. Requests may be made in person or in writing. Assistance regarding requests or other matters relating to the Act may be obtained by writing to the Director, Bureau of Administration, National Transportation Safety Board, 800 Independence Avenue, SW., Washington, DC 20594. The Director, Bureau of Administration, or his designee, on request, will aid an individual in preparing an amendment to the record or to an appeal following denial of a request to amend the record, pursuant to subsection (f)(4) of the Act.

(b) Written requests. Written requests shall be made to the Director, Bureau of Administration at the address given above, and shall clearly state on the envelope and on the request itself, “Privacy Act Request,” “Privacy Act Statement of Disagreement,” “Privacy Act Disclosure Accounting Request,” “Appeal from Privacy Act Adverse Determination,” or “Privacy Act Correction Request,” as the case may be. Actual receipt by the Director, Bureau of Administration, or his designee, shall constitute receipt.

(c) Requests made in person. Requests may be made in person during official working hours of the NTSB at the office where the record is located, as listed in the “Notice of Systems of Records” for the system in which the record is contained.

(d) Verification of identity of requester. (1) For written requests, the requester’s identity must be verified before the release of any record, unless exempted under the FOIA. This may be accomplished by adequate proof of identity in the form of a driver’s license or other acceptable item of the same type.

(2) For requests in person, the requester’s identity may be established by a single document bearing a photograph (such as a passport or identification badge) or by two items of identification containing name, address, and signature (such as a driver’s license or credit card).

(3) Where a request is made for reproduced records which are to be delivered by mail, the request must include a notarized statement verifying the requester’s identity.

(e) Inability to provide requisite documentation of identity. A requester who cannot provide the necessary documentation of identity may provide a notarized statement, swearing or affirming his identity and the fact that he is aware of the penalties for false statement imposed pursuant to 18 U.S.C. 1001, and subsection (i)(3) of the Act. Where requested, the Director, Bureau of Administration, or his designee, will assist the requester in formulating the necessary document.

(f) Accompanying persons. A requester may wish to have a person of his choice accompany him to review the requested record. Prior to the release of the record, the NTSB will require the requester to furnish the Director, Bureau of Administration or his designee, with a written statement authorizing disclosure of the record in the accompanying person’s presence.

(g) Acknowledgment of requests. Written requests to verify the existence of, to obtain access to, or to correct or amend records about the requester maintained by NTSB in any system of
records subject to the Act, shall be acknowledged in writing by the Director, Bureau of Administration, or his designee, within 3 working days after the date of actual receipt of the request by the Director, Bureau of Administration, or his designee. The acknowledgment shall advise the requester of the need for any additional information to process the request. Wherever practicable, the acknowledgment shall notify the individual whether his request has been granted or denied. When a request is made in person, every effort will be made to determine immediately whether the request will be granted. If such decision cannot be made, the request will be processed in the same manner as a written request. Records will be made available for immediate inspection whenever possible.

Subpart C—Initial Determinations

§ 802.8 Disclosure of requested information.

(a) The System Manager may initially determine that the request be granted. If so, the individual making the request shall be notified orally, or in writing, and the notice shall include:

(1) A brief description of the information to be made available;
(2) The time and place where the record may be inspected, or alternatively, the procedure for delivery by mail to the requesting party;
(3) The estimated cost for furnishing copies of the record;
(4) The requirements for verification of identity;
(5) The requirements for authorizing discussion of the record in the presence of an accompanying person; and
(6) Any additional requirements needed to grant access to a specific system of records or record.

(b) Within 10 working days after actual receipt of the request by the Director, Bureau of Administration, or his designee, to correct or amend the record, the System Manager shall either make the correction in whole or in part, or inform the individual of the refusal to correct or amend the record as requested, and shall set forth the additional information needed to clarify the request; or

(2) That the system of records identified does not include a record retrievable by the requester’s name or other identifying particulars.

(c) The System Manager shall advise the requester within 10 working days after actual receipt of the request by the Director, Bureau of Administration, or his designee, that the request for access has been denied, and the reason for the denial, or that the determination has been made to grant the request, either in whole or in part, in which case the relevant information will be provided.

[41 FR 22358, June 3, 1976, as amended at 41 FR 43154, Sept. 30, 1976]

Subpart D—Correction or Amending the Record

§ 802.10 Request for correction or amendment to record.

All requests for correcting or amending records shall be made in writing to the Director, Bureau of Administration, National Transportation Safety Board, 800 Independence Avenue., SW., Washington, DC 20594, and shall be deemed received upon actual receipt by the Director, Bureau of Administration. The request shall clearly be marked on the envelope and in the letter with the legend that it is a “Privacy Act Correction Request.” The request must reasonably set forth the portion of the record which the individual contends is not accurate, relevant, timely, or complete.

[41 FR 22358, June 3, 1976, as amended at 41 FR 43154, Sept. 30, 1976]

§ 802.11 Agency review of requests for correction or amendment of record.

Within 10 working days after actual receipt of the request by the Director, Bureau of Administration, or his designee, to correct or amend the record, the System Manager shall either make the correction in whole or in part, or inform the individual of the refusal to correct or amend the record as requested, and shall present the reasons for any denials.

[41 FR 22358, June 3, 1976, as amended at 41 FR 43154, Sept. 30, 1976]
§ 802.12 Initial adverse agency determination on correction or amendment.

If the System Manager determines that the record should not be corrected or amended in whole or in part, he will forthwith make such finding in writing, after consulting with the General Counsel, or his designee. The requester shall be notified of the refusal to correct or amend the record. The notification shall be in writing, signed by the System Manager, and shall include—

(a) The reason for the denial;
(b) The name and title or position of each person responsible for the denial of the request;
(c) The appeal procedures for the individual for a review of the denial; and
(d) Notice that the denial from the System Manager is appealable within 30 days from the receipt thereof by the requester to the Board.

The System Manager is allotted 10 working days (or within such extended period as is provided in the section concerning “unusual circumstances” infra) to respond to the request for review. If the requester does not receive an answer within such time, the delay shall constitute a denial of the request and shall permit the requester immediately to appeal to the Board, or to a district court.

Subpart E—Review of Initial Adverse Determination

§ 802.14 Review procedure and judicial review.

(a) A requester may appeal from any adverse determination within 30 days after actual receipt of a denial from the System Manager. The appeal shall be in writing addressed to the Chairman, National Transportation Safety Board, 800 Independence Avenue, SW., Washington, DC 20594, and shall contain a statement on the envelope and in the appeal: “Appeal from Privacy Act Adverse Determination.”

(b) The Board shall make a determination with respect to the appeal within 30 working days after the actual receipt of the appeal by the Chairman, except as provided for in “unusual circumstances” infra.

(c)(1) Review of denial of access. If the appeal upholds the denial of access to records, the Board shall notify the requester in writing, explaining the Board’s determination; state that the denial is a final agency action and that judicial review is available in a district court of the United States in the district where the requester resides or has his principal place of business, or where the agency records are located, or in the District of Columbia; and request a filing with the Board of a concise statement enumerating the reasons for the requester’s disagreement with the denial, pursuant to subsection (g) of the Act.

(2) Review of denial of correction or amendment. If the appeal upholds the denial in whole or in part for correction or amendment of the record, the same notification and judicial review privileges described in paragraph (c)(1) of this section shall apply.

(d) If the denial is reversed on appeal, the Board shall notify the requester in writing of the reversal. The notice shall include a brief statement outlining those portions of the individual’s record which were not accurate, relevant, timely, or complete, and corrections of the record which were made, and shall provide the individual with a courtesy copy of the corrected record.

(e) Copies of all appeals and written determinations will be furnished by the System Manager to the Board.

(f) In unusual circumstances, time limits may be extended by not more than 10 working days by written notice to the individual making the request. The notice shall include the reasons for the extension and the date on which a determination is expected to forthcoming. “Unusual circumstances” as used in this section shall include circumstances where a search and collection of the requested records from field offices or other establishments are required, cases where a voluminous amount of data is involved, and cases where consultations are required with other agencies or with others having a substantial interest in the determination of the request.

(g) Statements of Disagreement. (1) Written Statements of Disagreement may be furnished by the individual within 30 working days of the date of
actual receipt of the final adverse determination of the Board. They shall be addressed to the Director, Bureau of Administration, National Transportation Safety Board, 800 Independence Avenue, SW., Washington, DC 20594, and shall be clearly marked, both on the statement and on the envelope, "Privacy Act Statement of Disagreement."

(2) The Director, Bureau of Administration, or his designee, shall be responsible for ensuring that:
   (i) The Statement of Disagreement is included in the system of records in which the disputed item of information is maintained; and
   (ii) The original record is marked to indicate the information disputed, the existence of the Statement of Disagreement, and its location within the relevant system of records.

(3) The Director, Bureau of Administration, or his designee, may, if he deems it appropriate, prepare a concise Statement of Explanation indicating why the requested amendments or corrections were not made. Such Statement of Explanation shall be included in the system of records in the same manner as the Statement of Disagreement.Courtesy copies of the NTSB Statement of Explanation and the notation of dispute, as marked on the original record, shall be furnished to the individual who requested correction or amendment of the record.

(h) Notices of correction and/or amendment, or dispute. After a record has been corrected or a Statement of Disagreement has been filed, the Director, Bureau of Administration, or his designee, shall within 30 working days thereof, advise all previous recipients of the affected record as to the correction or the filing of the Statement of Disagreement. The identity of such recipients shall be determined pursuant to an accounting of disclosures required by the Act or any other accounting previously made. Any disclosure of disputed information occurring after a Statement of Disagreement has been filed shall clearly identify the specific information disputed and shall be accompanied by a copy of the Statement of Disagreement and a copy of any NTSB Statement of Explanation.

(2) Thirty days after he becomes subject to the reporting requirements by occupying a position covered under paragraph (a) of this section, if he occupies the position after that effective date.

(b) An employee required to submit a statement of employment and financial interests shall submit that statement in the format prescribed by the Managing Director.

(c) Board Members are subject to separate reporting requests under section 401 of the Executive order, and are not required to file statements pursuant to this section.

§ 805.735–17 Supplementary statements.

Changes in, or additions to, the information contained in an employee’s statement of employment and financial interests shall be reported in supplementary statements, in the format prescribed by the Managing Director, as of June 30th of each year. If there are not changes or additions, a negative report is not required. Notwithstanding the filing of the annual report required by this section, each employee shall at all times avoid acquiring a financial interest that could result, or taking an action that would result, in a violation of the conflict-of-interest provisions, 18 U.S.C. 208, or the provisions of this part.

§ 805.735–18 Interests of employees’ relatives.

The interest of a spouse, minor child, or other members of an employee’s immediate household is considered to be an interest of the employee. For the purpose of this section, “member of an employee’s household” means those blood relations who are residents of the employee’s household.
§ 805.735–19 Information not known by employees.

If any information required to be included on a statement of employment and financial interests or supplementary statement, including holdings placed in trust, is not known to the employee but is known to another person, the employee shall require that other person to submit information in his behalf.

§ 805.735–20 Information not required of employees.

An employee is not required to submit on a statement of employment and financial interests or supplementary statement, any information relating to the employee’s connection with, or interest in, a professional society or a charitable, religious, social, fraternal, recreational, public service, civic, or political organization, or a similar organization not conducted as a business enterprise. For the purpose of this section, educational and other institutions doing research and development or related work, involving grants of money from or contracts with the Government, are deemed “business enterprises” and are required to be included in an employee’s statement of employment and financial interests.

§ 805.735–21 Confidentiality of statements.

Subject to the provisions of §805.735–24 concerning review of employee statements, each statement of employment and financial interests, and each supplementary statement, shall be held in confidence. The Personnel Officer is personally responsible for the retention of employee statements in confidence and may not disclose information from a statement or allow access to a statement, except to carry out the purpose of this part, or as the Civil Service Commission or the Chairman may determine for good cause shown.

§ 805.735–22 Effect of statements on other requirements.

The statements of employment and financial interests and supplementary statements required of employees are in addition to, and not in substitution for, or in derogation of, any similar requirement imposed by law, order, or regulation. The submission of a statement or supplementary statement by an employee does not permit him or any other person to participate in a matter in which his or the other person’s participation is prohibited by law, order, or regulation.

§ 805.735–23 Submission of statements by special Government employees.

(a) A special Government employee shall submit a statement of employment and financial interests which reports:

(1) All other employment; and

(2) The financial interests of the special Government employee which the Chairman determines are relevant in the light of the duties he is to perform.

(b) A special Government employee who is a consultant or expert shall submit a statement of employment and financial interests to the Personnel Officer, in the format prescribed by the Managing Director, at the time of his employment, and shall keep his statement current throughout his period of employment by submission of supplementary statements.

(c) The Chairman may waive the requirement in paragraph (a) of this section for the submission of a statement of employment and financial interests in the case of a special Government employee who is not a consultant or an expert when it has been determined that the duties of the position held by the special Government employee are of a nature, and at such a level of responsibility, that the submission of the statement by the incumbent is not necessary to protect the integrity of the Board. For the purpose of paragraphs (b) and (c) of this section, the following are examples of special Government employees who are not consultants and experts:

(1) A physician, dentist, or allied medical specialist whose services are procured to provide care and service to patients; or

(2) A veterinarian whose services are procured to provide care and service to animals.

§ 805.735–24 Review of financial statements.

(a) The Personnel Officer shall review each statement of employment and financial interests submitted under the regulations in this part (other than his own, which is reviewed by the Managing Director) to determine whether conflicts of interest or apparent conflicts of interest exist. If the review, or other information from other sources, indicates a conflict between the interests of an employee or special Government employee and the performance of his services for the Board, the Personnel Officer shall forward the statement, together with a position description of the employee involved, to the General Counsel of the Board.

(b) The employee or special Government employee whose statement has been referred under the provisions of paragraph (a) of this section will receive, from the General Counsel, advice and guidance regarding the matters questioned by the Personnel Officer. He will be afforded an opportunity to explain the conflict or appearance of conflict. It is expected that most problems will be settled at this informal stage. However, if an agreement cannot be reached after consultation, the matter shall be reported by the General Counsel, after consulting with the Managing Director, to the Chairman for resolution.

(c) The Chairman may provide the employee or special Government employee concerned with an additional opportunity to explain the conflict or appearance of conflict. If the matter cannot be resolved, the Chairman may invoke the disciplinary provisions of §805.735–27, or may decide that remedial steps shall be taken with regard to such employee or special Government employee. When the questions of conflict of interest are resolved at one of the stages of review, the reviewing official shall sign and date a copy of the employee's statement to evidence his clearance, and this statement shall thereafter be kept as provided in §805.735–21.

[40 FR 30239, July 17, 1975, as amended at 41 FR 39758, Sept. 16, 1976]

§ 805.735–25 Publication and interpretation.

(a) The Personnel Officer of the Board shall be responsible for making the regulations in this part and all revisions thereof, and the formats for statements of employment and financial interests available to:

(1) Each Member, employee, and special Government employee at the time of issuance and at least annually thereafter;

(2) Each new Member, employee, and special Government employee of the Board at the time of his entrance on duty; and

(3) Each Member, employee, and special Government employee of the Board at such other times as circumstances warrant.

(b) The Personnel Officer shall have available for review by Members, employees, and special Government employees of the Board, copies of such laws, Executive orders, Civil Service Commission regulations and instructions, and Board regulations as may currently appertain to their standards of ethical and other conduct.

(c) The General Counsel of the Board is designated to provide counseling and assistance to interpret the regulations in this part and matters relating to ethical conduct, particularly matters subject to the provisions of the conflict-of-interest laws and other matters covered by the Executive order. These counseling services are available to all Members, employees, and special Government employees at the General Counsel's office, by appointment for consultation or by written communication.

§ 805.735–26 Employee's complaint on filing requirements.

An employee who believes that his position has been improperly included under the regulations in this part, as one requiring the submission of a statement of employment and financial interests, may request review through the Board's grievance procedure.

§ 805.735–27 Disciplinary or remedial action.

(a) A violation of the regulations in this part by an employee or special Government employee may be cause
for disciplinary action in addition to any penalty prescribed by Federal statute or regulation, except for active duty officers or enlisted members of the Armed Forces detailed to the Board in which cases disciplinary actions may be effected against such military personnel by the parent military service. Disciplinary action may take the form of a warning, suspension, demotion, or removal, depending upon the gravity of the offense.

(b) Any employee or special Government employee who is charged with a violation of the regulations in this part shall be provided an opportunity to explain the violation, or appearance of violation, to the charging authority. The charging authority shall be the Managing Director of the Board.

(c) When, after consideration of the explanation, the charging authority decides that disciplinary action is not required, he may take appropriate remedial action. Remedial action may include, but is not limited to:

(1) Changes in assigned duties;
(2) Divestment by the employee or special Government employee of any financial interest that conflicts, or appears to conflict, with the performance of his official duties; or
(3) Disqualification for a particular assignment.

(d) Remedial or disciplinary action shall be effected in accordance with any applicable laws, Executive orders, and regulations.

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination
under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 807.131–807.139 [Reserved]

§ 807.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 807.141–807.148 [Reserved]

§ 807.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §807.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 807.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §807.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet
§ 807.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In
those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §807.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 807.161–807.169 [Reserved]

§ 807.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) Director, Bureau of Administration shall be responsible for coordinating implementation of this section. Complaints may be sent to Director, Bureau of Administration, 800 Independence Ave., SW., Room 902, Washington, DC 20594.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found;
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §807.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§ 821.1 Definitions.

National Transportation Safety Board
§ 821.2 Applicability and description of part.

The provisions of this part govern all air safety proceedings, including proceedings before a law judge on petition for review of the denial of any airman certificate (including a medical certificate), or on appeal from any order of the Administrator amending, modifying, suspending or revoking a certificate. The provisions of this part also govern all proceedings on appeal from an order of the Administrator imposing a civil penalty on a flight engineer, mechanic, pilot or repairman, or a person acting in such capacity. All proceedings on appeal to the Board from any initial decision or order of a law judge are also governed by this part.

§ 821.3 Description of docket numbering system.

In addition to sequential numbering of cases as received, each case formally handled by the Board will receive a letter prefix. These letter prefixes reflect the case type: “SE” for safety enforcement (certificate suspension/revocation) cases; “SM” (safety medical) for cases involving denials of medical certification; “CD” for cases involving
§ 821.6 Appearances and rights of witnesses.

(a) Any party to a proceeding may appear and be heard in person, or by an attorney or other representative designated by that party. Upon hearing, and for good cause shown, the Board may suspend or bar any person from practicing before it.

(b) Any person appearing in person in any proceeding governed by this part may be accompanied, represented and advised, and may be examined by, his or her own counsel or representative.

(c) Any person who submits data or evidence in a proceeding governed by this part may, by timely request, procure a copy of any document submitted by him or her testimony, on payment of reasonable costs. Original documents, data or evidence may be retained by a party upon permission of the law judge or the Board, upon substitution of a copy thereof.

(d) Any party to a proceeding who is represented by an attorney or representative shall notify the Board of the name, address and telephone number of that attorney or representative. In the event of a change in representation, the party shall notify the Board (in the manner provided in §821.7) and the other parties to the proceeding (pursuant to §821.8) before the new attorney or representative may participate in the proceeding in any way.

§ 821.7 Filing of documents with the Board.

(a) Filing address, method and date of filing. (1) Except as provided in paragraph (a)(2) of this section, documents are to be filed with the Office of Administrative Law Judges, National Transportation Safety Board, 490 L'Enfant Plaza East, SW., Room 4704, Washington, DC 20594, and addressed to the assigned law judge, if any. If the proceeding has not yet been assigned to a law judge, documents shall be addressed to the Case Manager.

(2) Subsequent to the filing of a notice of appeal from a law judge's initial decision or appealable order, the issuance of a decision permitting an interlocutory appeal, or the expiration of the period within which an appeal from the law judge's initial decision or appealable order may be filed, all documents are to be filed with the Office of General Counsel, National Transportation Safety Board, 490 L'Enfant Plaza East, SW., Room 6401, Washington, DC 20594.

(3) Documents shall be filed by personal delivery, by U.S. Postal Service first-class mail or by overnight delivery service. Except as specifically provided in Subpart I (governing emergency proceedings), facsimile filing is limited. Documents to be filed with a law judge or the Case Manager may be transmitted by facsimile, but such filing must be followed, no later than the next business day, by transmission of the original by personal delivery, first-class mail or overnight delivery service. Facsimile filing of documents to be filed with the Office of General Counsel is not permitted unless specifically authorized under Subpart I or requested by that office.

(4) Documents shall be deemed filed on the date of personal delivery; on the send date shown on the facsimile (where facsimile service is permitted under paragraph (a)(3) of this section or Subpart I); and, for mail delivery service, on the mailing date shown on the certificate of service, on the date shown on the postmark if there is no certificate of service, or on the mailing date shown by other evidence if there is no certificate of service and no postmark. Where the document bears a postmark that cannot reasonably be
§ 821.8 Service of documents.

(a) Who must be served. (1) Copies of all documents filed with the Board must be served on (i.e., sent to) all other parties to the proceeding, on the date of filing, by the person filing them. A certificate of service shall be a part of each document and any copy or copies thereof tendered for filing, and shall certify concurrent service on the Board and the parties. A certificate of service shall be in substantially the following form:

I hereby certify that I have this day served the foregoing [specify document] on the following party’s counsel or designated representatives [or party, if without counsel or representative], at the address indicated, by [specify the method of service (e.g., first-class mail, personal service, etc.)] [List names and addresses of all persons served]
Dated at , this day of 20

For (on behalf of)

(2) Service shall be made on the person designated in accordance with §821.7(f) to receive service. If no such person has been designated, service shall be made directly on the party.

(b) Method of service. (1) Service of documents by any party on any other party shall be accomplished by the method prescribed in §821.7(a)(3) for the filing of documents with the Board.

(2) Notices of hearing, written initial decisions, law judges’ appealable orders and Board orders on appeal shall be served by the Board on parties other than the Administrator by certified mail. Such documents may be served on the Administrator by first-class mail or facsimile. The Board may serve all other documents on the parties by first-class mail or facsimile.

(c) Where service shall be made. Except for personal service, parties shall be
§ 821.11 Extensions of time.

(a) On written request filed with the Board and served on all other parties, or oral request with any extension granted confirmed in writing and served on all other parties by the requestor, and for good cause shown, the law judge or the Board may grant an extension of time to file any document; however, no extension of time will be granted for the filing of a document to which a statutory time limit applies.

(b) Extensions of time to file petitions for reconsideration shall not be granted upon a showing of good cause, but only in extraordinary circumstances.

(c) The General Counsel is authorized to grant unopposed extensions of time on timely oral request without a showing of good cause in cases on appeal to the

§ 821.9 Intervention and amicus appearance.

(a) Intervention. Any person may move for leave to intervene in a proceeding, and may become a party thereto, if it is found that such person has a property, financial or other legitimate interest that will not be adequately represented by the existing parties, and that such intervention will not unduly broaden the issues or delay the proceeding. Except for good cause shown, no motion for leave to intervene will be entertained if filed less than 15 days prior to the hearing. The extent to which an intervenor may participate in the proceeding is wholly within the law judge’s discretion.

(b) Amicus curiae briefs. A brief of amicus curiae in a matter on appeal from a law judge’s initial decision or appealable order may be filed, if accompanied by written consent of all the parties, or by leave of the General Counsel if, in his or her opinion, the brief will not unduly broaden the matters at issue or prejudice any party to the proceeding. A brief may be conditionally filed with motion for leave. The motion for leave shall identify the interest of the movant and shall state the reasons why a brief of amicus curiae is desirable. Such brief and motion shall be filed within the brief time allowed the party whose position the brief would support, unless good cause for late filing is shown, in which event the General Counsel may provide an opportunity for response in determining whether to accept the amicus brief.

§ 821.10 Computation of time.

In computing any period of time prescribed or allowed by this part, by notice or order of a law judge or the Board, or by any applicable statute, the date of the act, event or default after which the designated period of time begins to run is not to be included in the computation. The last day of the period so computed is to be included unless it is a Saturday, Sunday or legal holiday for the Board, in which event the period runs until the end of the next day which is not a Saturday, Sunday or legal holiday. In all cases, Saturdays, Sundays and legal holidays for the Board shall be included in the computation of time, except they shall not be included in computations of time respecting petitions for review of determinations as to the existence of emergencies under §821.54.
§ 821.12 Amendment and withdrawal of pleadings.

(a) Amendment. At any time more than 15 days prior to the hearing, a party may amend its pleadings by filing an amended pleading with the Board and serving copies thereof on all other parties. After that time, amendment shall be allowed only at the discretion of the law judge. In the case of amendment of an answerable pleading, the law judge shall allow any adverse party a reasonable time to object or answer. Amendments to complaints shall be consistent with the requirements of 49 U.S.C. 44709(c) and 44710(c).

(b) Withdrawal. Except in the case of a petition for review, an appeal to the Board, a complaint, or an appeal from a law judge’s initial decision or appealable order, pleadings may be withdrawn only upon approval of the law judge or the Board.

§ 821.13 Waivers.

Waivers of any rights provided by statute or regulation shall either be in writing or by stipulation made at the hearing and entered into the record, and shall set forth the precise terms and conditions of the waiver.

§ 821.14 Motions.

(a) General. Any application to a law judge or to the Board for an order or ruling not otherwise provided for in this part shall be by motion. Prior to the assignment of the proceeding to a law judge, all motions shall be addressed to the Case Manager. Thereafter, and prior to the expiration of the period within which an appeal from the law judge’s initial decision may be filed, all motions shall be addressed to the law judge. At all other times, motions shall be addressed to the General Counsel.

(b) Form and content. Unless made during a hearing, motions shall be made in writing, shall state with particularity the grounds for the relief requested, and shall be accompanied by affidavits or other evidence relied upon. Motions introduced during a hearing may be made orally on the record, unless the law judge directs otherwise.

(c) Replies to motions. Except when a motion is made during a hearing, any party may file a reply, accompanied by such affidavits or other evidence as that party desires to rely upon, within 15 days after the date of service of the motion on that party. Upon notice to the parties, the law judge or the Board may, where appropriate, set a shorter time for filing a reply. Where a motion is made during a hearing, the reply may be made at the hearing, or orally or in writing within such time as the law judge may fix.

(d) Oral argument; briefs. No oral argument will be heard on a motion unless the law judge or the Board directs otherwise.

(e) Effect of pendency of motions. Except as provided in §§821.17(a) and 821.18(a), the filing or pendency of a motion shall not automatically alter or extend the time fixed in this part (or any extension thereof previously granted) for the parties to take any actions.

§ 821.15 Motion to disqualify a Board Member.

A motion requesting that a Board Member disqualify himself or herself from participating in a proceeding under this part shall be filed in writing with the Board.

§ 821.16 Interlocutory appeals from law judges’ rulings on motions.

Rulings of law judges on motions which are not dispositive of the proceeding as a whole may not be appealed to the Board prior to its consideration of the entire proceeding, except in extraordinary circumstances and with the consent of the law judge who made the ruling. Interlocutory appeals shall be disallowed unless the law judge finds, either orally on the record or in writing, that to allow such an appeal is necessary to prevent substantial detriment to the public interest or undue prejudice to a party. If an interlocutory appeal is allowed, any party may file a brief with the Board within such time as the law judge directs. No oral
argument will be heard unless the Board directs otherwise.

§ 821.17 Motions to dismiss, for judgment on the pleadings and for summary judgment.

(a) Motions to dismiss petition for review or complaint. A motion to dismiss a petition for review or a complaint may be filed in lieu of an answer, within the time limit for filing an answer set forth in §821.24(c) or §821.31(b). If such motion is not granted in its entirety, the answer shall be filed within 10 days after service of the law judge’s order on the motion.

(b) Motions to dismiss for lack of jurisdiction. A motion to dismiss on the ground that the Board lacks jurisdiction may be made by any party at any time.

(c) Motions for judgment on the pleadings. A party may file a motion for judgment on the pleadings on the basis that no answer has been filed, or that the pleadings disclose that there are no material issues of fact to be resolved and that party is entitled to judgment as a matter of law.

(d) Motions for summary judgment. A party may file a motion for summary judgment on the basis that the pleadings and other supporting documentation establish that there are no material issues of fact to be resolved and that party is entitled to judgment as a matter of law.

(e) Appeals of dismissal, judgment on the pleadings and summary judgment orders. When a law judge grants a motion to dismiss, a motion for judgment on the pleadings or a motion for summary judgment, and terminates the proceeding without a hearing, an appeal of such order to the Board may be filed pursuant to the provisions of §821.47. When a motion to dismiss, a motion for judgment on the pleadings or a motion for summary judgment is granted in part, §821.16 applies.

§ 821.18 Motion for a more definite statement.

(a) A party may, in lieu of an answer, file a motion requesting that the petitioner’s statement of reasons and supporting facts in a petition for review or the Administrator’s allegations of fact in a complaint be made more definite and certain. The motion shall cite the defects complained of and the details sought. If the motion is granted and the law judge’s order is not complied with within 15 days after service thereof, the law judge shall strike the portion or portions of the petition for review or complaint to which the motion is directed. If the motion is denied, the moving party shall file an answer within 10 days after service of the law judge’s order on the motion.

(b) A party may file a motion to clarify an answer in the event that the answer fails to respond clearly to the petition for review or the complaint.

§ 821.19 Depositions and other discovery.

(a) Depositions. After a petition for review or a complaint is filed, any party may take the testimony of any person, including a party, by deposition, upon oral examination or written questions, without seeking prior Board approval. Reasonable notice shall be given in writing to the other parties, stating the name of the witness and the time and place of the taking of the deposition. A copy of any notice of deposition shall be served on the law judge to whom the proceeding has been assigned or, if no law judge has been assigned, on the Case Manager. In other respects, the taking of any deposition shall be in compliance with the provisions of 49 U.S.C. 46104(c).

(b) Exchange of information by the parties. At any time before the hearing, at the request of any party, the parties may exchange information, such as witness lists, exhibit lists, curricula vitae and bibliographies of expert witnesses, and other pertinent data. Any party may also use written interrogatories, requests for admissions and other discovery tools. The requesting party shall set the time for compliance with the request, which shall be reasonable and give due consideration to the closeness of the hearing, especially in emergency proceedings governed by Subpart I. Copies of discovery requests and responses shall be served on the law judge to whom the proceeding has been assigned or, if no law judge has been assigned, on the Case Manager.
§ 821.20 Subpoenas, witness fees, and appearances of Board Members, officers and employees.

(a) Subpoenas. Except as provided in paragraph (c) of this section, subpoenas requiring the attendance of witnesses, or the production of documentary or tangible evidence, for the purpose of taking depositions or at a hearing, may be issued by the presiding law judge (or the chief law judge, if the proceeding has not been assigned to a law judge) upon application by any party. The application shall show the general relevancy and reasonable scope of the evidence sought. Any person upon whom a subpoena is served may, within 7 days after service of the subpoena, but in any event prior to the return date thereof, file with the law judge who issued the subpoena a motion to quash or modify the subpoena, and such filing shall stay the effectiveness of the subpoena pending final action by the law judge on the motion.

(b) Witness fees. Witnesses shall be entitled to the same fees and expenses for mileage as are paid to witnesses in the courts of the United States. The fees and expenses shall be paid by the party at whose request the witness is subpoenaed or appears. The Board may decline to process a proceeding further should a party fail to compensate a witness pursuant to this paragraph.

(c) Board Members, officers and employees. In order to encourage a free flow of information to the Board’s accident investigators, the Board disfavors the use of its personnel in enforcement proceedings. Therefore, the provisions of paragraph (a) of this section are not applicable to Board Members, officers and employees, or the production of documents in their custody. Applications for subpoenas requiring the attendance of such persons, or the production of such documents, must be addressed to the General Counsel, and shall set forth the need of the moving party for the testimony or documents sought, and a showing that such material is not now, and was not otherwise, reasonably available from other sources. Only upon the General Counsel’s written approval for the issuance of a subpoena requiring a Board Member, officer or employee to provide testimony and/or to produce documents in connection with discovery or at a hearing may a law judge issue such a subpoena. The law judge shall not permit the testimony or documentary evidence provided by a Board Member, officer or employee to include any expression of opinion, or any account of statements of a party made during the Board’s investigation of any accident.

§ 821.21 Official notice.

Where a law judge or the Board intends to take official notice of a material fact not appearing in the evidence in the record, notice shall be given to all parties, who may within 10 days file a petition disputing that fact.

Subpart C—Special Rules Applicable to Proceedings Under 49 U.S.C. 44703

§ 821.24 Initiation of proceeding.

(a) Petition for review. Where the Administrator has denied an application for the issuance or renewal of an airman certificate, the applicant may file with the Board a petition for review of
§ 821.25 Burden of proof.

In proceedings under 49 U.S.C. 44703, the burden of proof shall be upon the petitioner.

§ 821.26 Motion to dismiss petition for review for lack of standing.

Upon motion by the Administrator within the time limit for filing an answer, a petition for review shall be dismissed for lack of standing in either of the following instances:

(a) If the petition seeks the issuance of the same type of certificate that was under an order of suspension on the date of the denial; or

(b) If the petition seeks the issuance of the same type of certificate that had been revoked within one year of the date of the denial, unless the order revoking such certificate provides otherwise.

Subpart D—Special Rules Applicable to Proceedings Under 49 U.S.C. 44709

§ 821.30 Initiation of proceeding.

(a) Appeal. Where the Administrator has issued an order amending, modifying, suspending or revoking a certificate, the affected certificate holder (respondent) may file with the Board an appeal from the Administrator’s order. The respondent shall simultaneously serve a copy of the appeal on the Administrator. The appeal must be filed with the Board within 20 days after the date on which the unrestricted medical certificate denial was issued.

(b) Form and content of appeal. The appeal may be in letter form. It shall identify the certificate or certificates affected and the Administrator’s action from which the appeal is sought.

(c) Effect of filing timely appeal with the Board. Timely filing with the Board of an appeal from an order of the Administrator shall postpone the effective date of the order until final disposition of the appeal by the law judge or the Board, except where the order appealed from is an emergency or other immediately effective order, in which case the effectiveness of the order will
§ 821.31 Complaint procedure.

(a) Filing, time of filing and service on respondent. The order of the Administrator from which an appeal has been taken shall serve as the complaint. The Administrator shall (except as provided in §821.55(a) with respect to emergency proceedings) file the complaint with the Board within 10 days after the date on which he or she was served with the appeal by the respondent, and shall simultaneously serve a copy of the complaint on the respondent. If the Administrator has determined that the respondent lacks qualification to be a certificate holder, the order filed as the complaint, or an accompanying statement, shall identify the pleaded factual allegations on which this determination is based.

(b) Answer to complaint. The respondent shall (except as provided in §821.55(b) with respect to emergency proceedings) file with the Board an answer to the complaint within 20 days after the date on which the complaint was served by the Administrator, and shall simultaneously serve a copy of the answer on the Administrator. Failure by the respondent to deny the truth of any allegation or allegations in the complaint or an accompanying statement, shall identify the pleaded factual allegations on which this determination is based.

§ 821.32 Burden of proof.

In proceedings under 49 U.S.C. 44709, the burden of proof shall be upon the Administrator.

§ 821.33 Motion to dismiss stale complaint.

Where the complaint states allegations of offenses which occurred more than 6 months prior to the Administrator’s advising the respondent as to reasons for proposed action under 49 U.S.C. 44709(c), the respondent may move to dismiss such allegations as stale pursuant to the following provisions:

(a) In those cases where the complaint does not allege lack of qualification of the respondent:

(1) The Administrator shall be required to show, by reply filed within 15 days after the date of service of the respondent’s motion, that good cause existed for the delay in providing such advice, or that the imposition of a sanction is warranted in the public interest, notwithstanding the delay or the reasons therefor.

(2) If the Administrator does not establish good cause for the delay, or for the imposition of a sanction in the public interest notwithstanding the delay, the law judge shall dismiss the stale allegations and proceed to adjudicate the remaining portion of the complaint, if any.

(b) In those cases where the complaint alleges lack of qualification of the respondent, the law judge shall first determine whether an issue of lack of qualification would be presented if all of the allegations, stale and timely, are assumed to be true. If so, the law judge shall deny the respondent’s motion. If not, the law judge shall proceed as in paragraph (a) of this section.

Subpart E—Law Judges

§ 821.35 Assignment, duties and powers.

(a) Assignment of law judge and duration of assignment. The chief law judge shall assign a law judge to preside over each proceeding. Until such assignment, motions, requests and documents shall be addressed to the Case Manager for handling by the chief law judge, who may handle these matters personally or delegate them to other law judges for decision. After assignment of a proceeding to a law judge, all motions, requests and documents shall be addressed to that law judge. The authority of the assigned law judge shall terminate upon the expiration of the period within which appeals from initial decisions or appealable orders may be filed, or upon the law judge’s withdrawal from the proceeding.

(b) Powers of law judge. Law judges shall have the following powers:
(1) To give notice of, and to hold, pre-hearing conferences and hearings, and to consolidate proceedings which involve a common question of law or fact;
(2) To hold conferences, before or during the hearing, for the settlement or simplification of issues;
(3) To issue subpoenas, and to take depositions or cause depositions to be taken;
(4) To dispose of procedural requests or similar matters;
(5) To rule on motions;
(6) To regulate the conduct of hearings;
(7) To administer oaths and affirmations;
(8) To examine witnesses;
(9) To receive evidence and rule upon objections and offers of proof; and
(10) To issue initial decisions.

(c) Disqualification. A law judge shall withdraw from a proceeding if, at any time, he or she deems himself or herself disqualified. If the law judge does not withdraw, and if an appeal from the law judge’s initial decision is filed, the Board will, on motion of a party, determine whether the law judge should have withdrawn and, if so, order appropriate relief.

Subpart F—Hearing

§ 821.37 Notice of hearing.

(a) Time and location of hearing. The law judge to whom the proceeding is assigned (or the chief judge) shall set a reasonable date, time and place for the hearing. Except as provided with respect to emergency proceedings in §821.56(a), a written notice of hearing shall be served on the parties at least 30 days in advance of the hearing. The law judge may set the hearing for a date fewer than 30 days after the date of the issuance of the notice of hearing if all of the parties consent to an earlier hearing date. In setting the date of the hearing, due regard shall be given to the parties' discovery needs. In setting the place of the hearing, due regard shall be given to the location of the subject incident, the convenience of the parties and their witnesses, and the conservation of Board funds. Another relevant factor in determining the place of the hearing is the convenience of the hearing site to scheduled transportation service. Only in the most extraordinary circumstances may consideration be given to locating a hearing in a foreign country.

(b) Hearing in several sessions. Where appropriate, the law judge may hold a hearing in more than one session, at the same or different locations.

§ 821.38 Evidence.

Each party shall have the right to present a case-in-chief, or defense, by oral and documentary evidence, to submit evidence in rebuttal, and to conduct such cross-examination as may be required for a full and true disclosure of the facts. Hearsay evidence (including hearsay within hearsay, where there are acceptable circumstantial indicia of trustworthiness) shall be admissible. All material and relevant evidence should be admitted, but the law judge may exclude unduly repetitious evidence.

§ 821.39 Argument and submissions.

At the hearing, the law judge shall give the parties adequate opportunity for the presentation of arguments in support of, or in opposition to, motions, objections and proposed rulings. Prior to the issuance of the initial decision, the parties shall be afforded a reasonable opportunity to submit for consideration proposed findings and conclusions, and supporting reasons therefor.

§ 821.40 Record.

The transcript of testimony and exhibits, together with all papers, requests and rulings filed in the proceeding before the law judge, shall constitute the exclusive record of the proceeding. Copies of the transcript may be obtained by any party upon payment of the reasonable cost thereof. A copy of the transcript may be examined at the National Transportation Safety Board, Office of Administrative Law Judges, Public Docket Section.
§ 821.42 Initial decision by law judge.

(a) Written or oral decision. The law judge may render his or her initial decision orally at the close of the hearing, or in writing at a later date, except as provided with respect to emergency proceedings in § 821.56(c).

(b) Content. The initial decision shall include findings and conclusions upon all material issues of fact, credibility of witnesses, law and discretion presented on the record, together with a statement of the reasons therefor.

(c) Furnishing parties with, and issuance date of, oral decision. If the initial decision is rendered orally, a copy thereof, excerpted from the hearing transcript, shall be furnished to the parties by the Office of Administrative Law Judges. Irrespective of the date on which the copy of the decision is transmitted to the parties, the issuance date of the decision shall be the date on which it was orally rendered.

§ 821.43 Effect of law judge's initial decision or appealable order and appeal therefrom.

If no appeal from the law judge’s initial decision or appealable order is timely filed, the initial decision or order shall become final with respect to the parties, but shall not be binding precedent for the Board. The filing of a timely notice of appeal with the Board shall stay the effectiveness of the law judge’s initial decision or order, unless the basis for the decision or order is that the Board lacks jurisdiction.

Subpart H—Appeal From Initial Decision

§ 821.47 Notice of appeal.

(a) Time within which to file notice of appeal. A party may appeal from a law judge’s initial decision or appealable order by filing with the Board, and simultaneously serving on the other parties, a notice of appeal, within 10 days after the date on which the oral initial decision was rendered or the written initial decision or appealable order was served (except as provided in § 821.57(a) with respect to emergency proceedings). At any time before the time limit for filing an appeal from an initial decision or appealable order has passed, the law judge may, for good cause, reopen the matter on notice to the parties.

(b) Request for reconsideration of law judge’s initial decision or order. A law judge may not reconsider an initial decision or appealable order after the time for appealing to the Board from the decision or order has expired, or after an appeal has been filed with the Board. However, a timely request for reconsideration by the law judge of the initial decision or appealable order, filed before an appeal to the Board is taken, will stay the deadline for filing an appeal until 10 days after the date on which the law judge serves his or her decision on the reconsideration request. For the purpose of this paragraph, if a request for reconsideration and a notice of appeal are filed on the same day, the reconsideration request will be deemed to have been filed first.

§ 821.48 Briefs and oral argument.

(a) Appeal brief. Except as provided in § 821.57(b) with respect to emergency proceedings, each appeal must be perfected, within 50 days after the date on which the oral initial decision was rendered, or 30 days after the date on which the written initial decision or appealable order was served, by the filing, and simultaneous service on the other parties, of a brief in support of the appeal. An appeal may be dismissed by the Board, either on its own initiative or on motion of another party, where a party who has filed a notice of appeal fails to perfect the appeal by filing a timely appeal brief.

(b) Form and content of appeal brief. (1) In addition to the general form requirements for documents set forth in § 821.7(c)(2), the appeal brief must be typewritten, double-spaced, on 8½-by-11 inch paper. The appeal brief shall set forth the name, address and telephone number of the party, or the attorney or other representative filing the brief on the party’s behalf. No appeal brief may contain more than 35 pages of text without prior leave of the General Counsel, upon a showing of good cause.

(2) The appeal brief shall enumerate the appealing party’s objections to the law judge’s initial decision or appealable order, and shall state the reasons
§ 821.50 Petition for rehearing, reargument, reconsideration or modification of an order of the Board.

(a) General. Any party to a proceeding may petition the Board for rehearing, reargument, reconsideration or modification of a Board order on appeal from a law judge’s initial decision or order. An initial decision or appealable order of a law judge that has become final because no timely appeal was taken therefrom may not be the subject of a petition under this section.

(b) Timing and service. The petition must be filed with the Board, and simultaneously served on the other parties, within 30 days after the date of service of the Board’s order on appeal from the law judge’s initial decision or order.

(c) Content. The petition shall state briefly and specifically the matters of record alleged to have been erroneously decided, and the ground or grounds relied upon. If the petition is based, in whole or in part, upon new matter, it shall set forth such new matter and shall contain affidavits of prospective witnesses, authenticated documents, or both, or an explanation of why such substantiation is unavailable, and shall explain why such new matter could not have been discovered in the exercise of due diligence prior to the date on which the evidentiary record closed.

(d) Repetitious petitions. Repetitious petitions will not be entertained by the Board, and will be summarily dismissed.

(e) Reply to petition. Any other party to the proceeding may file a reply to the petition within 15 days after the date on which the petition was served on that party. A copy of such reply shall simultaneously be served on the petitioner and any other parties to the proceeding.

(f) Stay of effective date of Board’s order. The filing of a petition under this section shall operate to stay the
§ 821.52 General.

(a) Applicability. This subpart shall apply to any order issued by the Administrator under 49 U.S.C. 44709 as an emergency order, as an order not designated as an emergency order but later amended to be an emergency order, and any order designated as immediately effective or effective immediately.

(b) Effective date of emergency. The procedure set forth herein shall apply as of the date on which written advice of the emergency character of the Administrator’s order is received and docketed by the Board.

(c) Computation of time. Time shall be computed in accordance with the provisions of § 821.10.

(d) Waiver. Except as provided in § 821.54(f), or where the law judge or the Board determines that it would unduly burden another party or the Board, a certificate holder (respondent) affected by an emergency or other immediately effective order of the Administrator may, at any time after filing an appeal from such an order, waive the applicability of the accelerated time limits of this subpart; however, such a waiver shall not serve to lengthen any period of time for doing an act prescribed by this subpart which expired before the date on which the waiver was made.

§ 821.53 Appeal.

(a) Time within which to file appeal. An appeal from an emergency or other immediately effective order of the Administrator must be filed within 10 days after the date on which the Administrator’s order was served on the respondent. The respondent shall simultaneously serve a copy of the appeal on the Administrator.

(b) Form and content of appeal. The appeal may be in letter form. It shall identify the certificate or certificates affected and indicate that an emergency or other immediately effective order of the Administrator is being appealed.

§ 821.54 Petition for review of Administrator’s determination of emergency.

(a) Time within which to file petition. A respondent may, within 2 days after the date of receipt of an emergency or other immediately effective order of the Administrator, file with the Board a petition for review of the Administrator’s determination that an emergency, requiring the order to be effective immediately, exists. This 2-day time limit is statutory and the Board has no authority to extend it. If the respondent has not previously filed an appeal from the Administrator’s emergency or other immediately effective order, the petition shall also be considered a simultaneously filed appeal from the order under § 821.53.

(b) Form, content and service of petition. The petition may be in letter form. A copy of the Administrator’s order, from which review of the emergency determination is sought, must be attached to the petition. If a copy of the order is not attached, the petition will be dismissed. While the petition need only request that the Board review the Administrator’s determination as to the existence of an emergency requiring the order to be effective immediately, it may also enumerate the respondent’s reasons for believing that the Administrator’s emergency determination is not warranted in the interest of aviation safety. The petition must be filed with the Board by overnight delivery service or facsimile and simultaneously served on the Administrator by the same means.

(c) Reply to petition. If the petition enumerates the respondent’s reasons for believing that the Administrator’s emergency determination is unwarranted, the Administrator may, within 2 days after the date of service of the petition, file a reply, which shall be strictly limited to matters of rebuttal. Such reply must be filed with the Board by overnight delivery service or facsimile and simultaneously served on the respondent by the same means. No submissions other than the respondent’s petition and the Administrator’s
reply in rebuttal will be accepted, except in accordance with paragraph (d) of this section.

(d) Hearing. No hearing shall be held on a petition for review of an emergency determination. However, the law judge may, on his or her own initiative, and strictly in keeping with the prohibition on ex parte communications set forth in §821.61, solicit from the parties additional information to supplement that previously provided by the parties.

(e) Disposition. Within 5 days after the Board’s receipt of the petition, the chief law judge (or, if the case has been assigned to a law judge, the law judge to whom the case is assigned) shall dispose of the petition by written order, and, in so doing, shall consider whether, based on the acts and omissions alleged in the Administrator’s order, and assuming the truth of such factual allegations, the Administrator’s emergency determination was appropriate under the circumstances, in that it supports a finding that aviation safety would likely be compromised by a stay of the effectiveness of the order during the pendency of the respondent’s appeal.

(f) Effect of law judge’s ruling. If the law judge grants the petition, the effectiveness of the Administrator’s order shall be stayed until final disposition of the respondent’s appeal by a law judge or by the Board. In such cases, the remaining provisions of this subpart (§§821.55–821.57) shall continue to apply, unless the respondent, with the Administrator’s consent, waives their applicability. If the petition is denied, the Administrator’s order shall remain in effect, and the remaining provisions of this subpart shall continue to apply, unless their applicability is waived by the respondent. The law judge’s ruling on the petition shall be final, and is not appealable to the Board. However, in the event of an appeal to the Board from a law judge’s decision on the merits of the emergency or other immediately effective order, the Board may, at its discretion, note, in its order disposing of the appeal, its views on the law judge’s ruling on the petition, and such views shall serve as binding precedent in all future cases.
§ 821.56 Hearing and initial decision or appealable order of law judge.

(a) Notice of hearing. Within 3 days after the date on which the Board receives the Administrator’s complaint, or immediately upon the issuance of a law judge’s order disposing of a petition for review of the Administrator’s emergency determination, if later, the parties shall be served with a written notice of hearing, setting forth the date, time and place of the hearing. The hearing shall be set for a date no later than 30 days after the date on which the respondent’s appeal was received and docketed. To the extent that they are not inconsistent with this section, the provisions of §821.37(a) shall also apply.

(b) Conduct of hearing. The provisions of §§821.38, 821.39 and 821.40, concerning the taking of evidence, argument and submissions by the parties, and the composition of the hearing record, shall apply to proceedings governed by this subpart.

(c) Initial decision and effect of initial decision or appealable order. The law judge’s initial decision shall be made orally on the record at the termination of the hearing. The provisions of §821.42, concerning the content of the initial decision, the furnishing of copies of the initial decision to the parties and the issuance date of the initial decision, and the provisions of §821.43, concerning the effect of the law judge’s initial decision or appealable order and any appeal therefrom, shall apply to proceedings governed by this subpart.

§ 821.57 Procedure on appeal.

(a) Time within which to file notice of appeal. A party may appeal from a law judge’s initial decision or appealable order by filing with the Board, and simultaneously serving on the other parties, a notice of appeal, within 2 days after the date on which the initial decision was orally rendered or the appealable order was served. The time limitations for the filing of documents respecting appeals governed by this subpart will not be extended by reason of the unavailability of the hearing transcript.

(b) Briefs and oral argument. Each appeal in proceedings governed by this subpart must be perfected, within 5 days after the date on which the notice of appeal was filed, by the filing, and simultaneous service on the other parties, of a brief in support of the appeal. Any other party to the proceeding may file a brief in reply to the appeal brief within 7 days after the date on which the appeal brief was served on that party. A copy of the reply brief shall simultaneously be served on the appealing party and any other parties to the proceeding. Unless otherwise authorized by the Board, all briefs in connection with appeals governed by this subpart must be filed and served by overnight delivery service, or by facsimile confirmed by personal or first-class mail delivery of the original. Aside from the time limits and methods of filing and service specifically mandated by this paragraph, the provisions of §821.48 shall apply.

(c) Issues on appeal. The provisions of §821.49(a) shall apply in proceedings governed by this subpart.

(d) Petition for rehearing, reargument, reconsideration or modification of order. The only petitions for rehearing, reargument, reconsideration or modification of an order which the Board will entertain in proceedings governed by this subpart are those based on the ground that new matter has been discovered. Such petitions must:

(1) Set forth the new matter;

(2) Contain affidavits of prospective witnesses, authenticated documents, or both, or an explanation of why such substantiation is unavailable; and

(3) Contain a statement explaining why such new matter could not have been discovered in the exercise of due diligence prior to the date on which the evidentiary record closed.

Subpart J—Ex Parte Communications

§ 821.60 Definitions.

As used in this subpart:
Board decisional employee means a Board Member, law judge or other employee who is, or who may reasonably be expected to be, involved in the decisional process of the proceeding;

Ex parte communication means an oral or written communication not on the public record with respect to which reasonable prior notice to all parties is not given, but does not include requests for status reports on any matter or proceeding covered by this part.

§ 821.61 Prohibited ex parte communications.

(a) The prohibitions of this section shall apply from the time a petition for review or an appeal is filed unless the person responsible for the communication has knowledge that a petition for review or an appeal will be filed, in which case the prohibitions shall apply at the time of the acquisition of such knowledge. Such prohibitions shall continue until the time of the Board’s final disposition of the petition, appeal and any ancillary matters, such as the adjudication of a claim for fees and expenses under the Equal Access to Justice Act.

(b) Except to the extent required for the disposition of ex parte matters as authorized by law:

(1) No interested person outside the Board shall make or knowingly cause to be made to any Board decisional employee an ex parte communication relevant to the merits of the proceeding;

(2) No Board decisional employee shall make or knowingly cause to be made to any interested person outside the Board an ex parte communication relevant to the merits of the proceeding. Ex parte communications solely relating to matters of Board procedure or practice are not prohibited by this section.

§ 821.62 Procedures for handling ex parte communications.

A Board decisional employee who receives, makes or knowingly causes to be made a communication prohibited by § 821.61 shall place in the public record of the proceeding:

(a) All such written communications;

(b) Memoranda stating the substance of all such oral communications; and

(c) All written responses, and memoranda stating the substance of all oral responses, to the communications described in paragraphs (a) and (b) of this section.

§ 821.63 Requirement to show cause and imposition of sanction.

(a) Upon receipt of a communication made or knowingly caused to be made by a party in violation of § 821.61, the presiding law judge (or the chief law judge, if the proceeding has not been assigned to a law judge) or the Board, to the extent consistent with the interests of justice and the policy of the underlying statutes it administers, require the party to show cause why its claim or interest in the proceeding should not be dismissed, denied, disregarded or otherwise adversely affected on account of such violation.

(b) The Board, to the extent consistent with the interest of justice and the policy of the underlying statutes it administers, consider a violation of § 821.61 sufficient grounds for a decision adverse to a party who has knowingly committed or knowingly caused such a violation to occur. Alternatively, the Board may impose a sanction on the party’s attorney or representative, including suspending or barring the attorney or representative from practicing before it, where such action would be appropriate and penalizing the party represented would not be in the interest of justice.

Subpart K—Judicial Review of Board Orders

§ 821.64 Judicial review.

(a) General. Judicial review of a final order of the Board may be sought as provided in 49 U.S.C. 1153 and 46110 by the filing of a petition for review with the appropriate United States Court of Appeals within 60 days of the date of entry (i.e., service date) of the Board’s order. Under the applicable statutes, any party may appeal the Board’s decision. The Board is not a party in interest in such appellate proceedings and, accordingly, does not typically participate in the judicial review of its decisions. In matters appealed by the Administrator, the other parties should
anticipate the need to make their own defense.

(b) Stay pending judicial review. No request for a stay pending judicial review will be entertained if it is received by the Board after the effective date of the Board’s order (see §821.50(b)). If a stay action is to be timely, any request must be filed sufficiently in advance of the effective date of the Board’s order to allow for a reply and Board review.

PART 825—RULES OF PROCEDURE FOR MERCHANT MARINE APPEALS FROM DECISIONS OF THE COMMANDANT, U.S. COAST GUARD

§ 825.1 Applicability.

The provisions of this part govern all proceedings before the National Transportation Safety Board (Board) on appeals taken from decisions, on or after April 1, 1975, of the Commandant, U.S. Coast Guard, sustaining orders of an administrative law judge, revoking, suspending, or denying a license, certificate, document, or register in proceedings under:

(a) R.S. 4450, as amended (46 U.S.C. 239);

(b) Act of July 15, 1954 (46 U.S.C. 239a–b); or

(c) Section 4, Great Lakes Pilotage Act (46 U.S.C. 216(b)).

§ 825.5 Notice of appeal.

(a) A party may appeal from the Commandant’s decision sustaining an order of revocation, suspension, or denial of a license, certificate, document, or register in proceedings described in §825.1, by filing a notice of appeal with the Board within 10 days after service of the Commandant’s decision upon the party or his designated attorney. Upon good cause shown, the time for filing may be extended.

(b) Notice of appeal shall be addressed to the Docket Clerk, National Transportation Safety Board, Washington, DC 20594. At the same time, a copy shall be served on the Commandant (GL), U.S. Coast Guard, Washington, DC 20590.

(c) The notice of appeal shall state the name of the party, the number of the Commandant’s decision, and, in brief, the grounds for the appeal.

§ 825.10 Referral of record.

Upon receipt of a notice of appeal, the Commandant shall immediately transmit to the Board the complete record of the hearing upon which his decision was based. This includes the charges, the transcript of testimony, and hearing proceedings (including exhibits), briefs filed by the party, the decision of the administrative law judge, and the Commandant’s decision on appeal. It does not include intra-agency staff memoranda provided as advice to the Commandant to aid in his decision.

§ 825.15 Issues on appeal.

The only issues that may be considered on appeal are:

(a) A finding of a material fact is erroneous;

(b) A necessary legal conclusion is without governing precedent or is a departure from or contrary to law or precedent;

(c) A substantial and important question of law, policy, or discretion is involved; or

(d) A prejudicial procedural error has occurred.

§ 825.20 Briefs in support of appeal.

(a) Within 20 days after the filing of a notice of appeal, the appellant must file, in the same manner as prescribed for the notice in §825.5, a brief in support of the appeal.

(b) This document shall set forth:

(1) The name and address of the appellant;

(2) The number and a description of the license, certificate, document, or register involved;

616
§ 825.40 Ex parte communications.

(a) As used in this section:

Board decisional employee means a Board Member or employee who is or who may reasonably be expected to be involved in the decisional process of the proceeding;

Ex parte communication means an oral or written communication not on the public record with respect to which reasonable prior notice to all parties is not given, but it shall not include requests for status reports on any matter or proceeding covered by this part.

Ex parte communications regarding solely matters of Board procedure or practice are not prohibited by this paragraph.

(d) A Board employee who receives or who makes or knowingly causes to be made a communication prohibited by paragraph (c) of this section, shall place on the public record of the proceeding:

(1) All such written communications;

(2) Memoranda stating the substance of all such oral communication; and

(3) All written responses, and memoranda stating the substance of all oral responses, to materials described in paragraphs (d) (1) and (2) of this section.

e) Upon receipt of a communication knowingly made or caused to be made in violation of paragraph (c) of this section, the Board may, to the extent consistent with the interests of justice and the policy of the underlying statutes, require the party to show cause why his or her interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(f) The Board may, to the extent consistent with the interests of justice and the policy of the underlying statutes administered by the Board, consider a violation of this section sufficient grounds for a decision adverse to a party who has knowingly committed such violation or knowingly caused such violation to occur.

PART 826—RULES IMPLEMENTING THE EQUAL ACCESS TO JUSTICE ACT OF 1980

Subpart A—General Provisions

Sec.
826.1 Purpose of these rules.
826.2 When the Act applies.
826.3 Proceedings covered.
826.4 Eligibility of applicants.
826.5 Standards for awards.
826.6 Allowable fees and expenses.
826.7 Rulemaking on maximum rates for attorney fees.
826.8 Awards against the Federal Aviation Administration.

Subpart B—Information Required From Applicants

826.22 Net worth exhibit.
826.23 Documentation of fees and expenses.
826.24 When an application may be filed.
other representative who enters an appearance and participates in the proceedings. Proceedings to grant or renew certificates or documents, hereafter referred to as “licenses,” are excluded, but proceedings to modify, suspend, or revoke licenses or to impose a civil penalty on a flight engineer, mechanic, pilot, or repairman (or person acting in that capacity) are covered if they are otherwise “adversary adjudications.” For the Board, the type of proceeding covered includes (but may not be limited to) aviation enforcement cases appealed to the Board under sections 501, 609, 611 and 901 of the Federal Aviation Act (49 U.S.C. 44101 et seq., 44720–44711, 44715, 46301).

(b) The Board may also designate a proceeding not listed in paragraph (a) as an adversary adjudication for purposes of the Act by so stating in an order initiating the proceeding or designating the matter for hearing. The Board’s failure to designate a proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the procedure is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

§ 826.4 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adversary adjudication for which it seeks an award. The term “party” is defined in 5 U.S.C. 551(3). The applicant must show that it meets all conditions of eligibility set out in this subpart and in subpart B.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than $2 million;

(2) The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interests, and not more than 500 employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 141j(a)) with not more than 500 employees; and

(5) Any other partnership, corporation, association, or public or private organization with a net worth of not more than $7 million and not more than 500 employees.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered an “individual” rather than a “sole owner of an unincorporated business” if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant’s direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation, or other entity that directly or indirectly controls or owns a majority of the voting shares or other interest of the applicant, or any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this part, unless the administrative law judge determines that such treatment would be unjust and contrary to the purposes of the Act in light of the actual relationship between the affiliated entities. In addition, the administrative law judge may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(g) An applicant that participates in a proceeding primarily on behalf of one
or more other persons or entities that would be ineligible is not itself eligible for an award.

§ 826.5 Standards for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding, or in a significant and discrete substantive portion of the proceeding, unless the position of the agency over which the applicant has prevailed was substantially justified. The burden of proof that an award should not be made to an eligible prevailing applicant is on the agency counsel, who may avoid an award by showing that the agency’s position was reasonable in law and fact.

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

§ 826.6 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b)(1) No award for the fee of an attorney or agent under these rules may exceed $75 indexed as follows:

(2) No award to compensate an expert witness may exceed the highest rate at which the agency pays expert witnesses. However, an award may also include the reasonable expenses of the attorney, agent, or witness as a separate item, if the attorney, agent, or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent, or expert witness, the administrative law judge shall consider the following:

(1) If the attorney, agent, or witness is in private practice, his or her customary fee for similar services, or if an employee of the applicant, the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent, or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project, or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or
§ 826.7 Rulemaking on maximum rates for attorney fees.

(a) In addition to increases based on cost of living (see §826.6), attorney fees in some or all of the proceedings covered by this part may also be increased beyond the statutory cap of $75 if warranted by special factors (such as limited availability of attorneys qualified to handle certain types of proceedings). The Board will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act.

(b) Any person may file with the Board a petition for rulemaking to increase the maximum rate for attorney fees by demonstrating that a special factor(s) justifies a higher fee. The petition shall identify the rate the petitioner believes the Board should establish and the proceeding(s) or types of proceedings in which the rate should be used. It should also explain fully the reasons why the higher rate is warranted. The Board will respond to the petition within 60 days after it is filed, by initiating a rulemaking proceeding, denying the petition, or taking other appropriate action.

§ 826.8 Awards against the Federal Aviation Administration.

When an applicant is entitled to an award because it prevails over an agency of the United States that participates in a proceeding before the Board and takes a position that is not substantially justified, the award shall be made against that agency.

Subpart B—Information Required From Applicants

§ 826.21 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant and the proceeding for which an award is sought. The application shall show that the applicant has prevailed and identify the position of the agency in the proceeding that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant’s net worth does not exceed $2 million (if an individual) or $7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)), or in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant’s belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes this agency to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney for the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

§ 826.22 Net worth exhibit.

(a) Each applicant except a qualified tax-exempt organization or cooperative association must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §826.4(f) of this part) when the proceeding was initiated. The exhibit may be in any form
§ 826.23 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. The administrative law judge may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

§ 826.24 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding, but in no case no later than the 30 days after the Board’s final disposition of the proceeding. This 30-day deadline is statutory and the Board has no authority to extend it.

(b) If review or reconsideration is sought or taken of a decision to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

(c) For purposes of this rule, final disposition means the later of (1) the date on which an unappealed initial decision by an administrative law judge becomes administratively final; (2) issuance of an order disposing of any petitions for reconsideration of the Board’s final order in the proceeding; (3) if no petition for reconsideration is filed, the last date on which such a petition could have been filed; or (4) issuance of a final order or any other final resolution of a proceeding, such as a settlement or voluntary dismissal, which is not subject to a petition for reconsideration.

§ 826.37 Decision.

The administrative law judge shall issue an initial decision on the application within 60 days after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant’s eligibility and status as a prevailing party and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the agency’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether

§ 826.36 Further proceedings.

(a) Ordinarily the determination of an award will be made on the basis of the written record; however, on request of either the applicant or agency counsel, or on his or her own initiative, the administrative law judge assigned to the matter may order further proceedings, such as an informal conference, oral argument, additional written submissions, or an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application and shall be conducted as promptly as possible.

(b) A request that the administrative law judge order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

§ 826.35 Settlement.

The applicant and agency counsel may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding, or after the underlying proceeding has been concluded. If a prevailing party and agency counsel agree on a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement.

§ 826.34 Comments by other parties.

Any party to a proceeding other than the applicant and agency counsel may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the administrative law judge determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

§ 826.33 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under §826.36.

§ 826.32 Answer to application.

(a) Within 30 days after service of an application, counsel representing the agency against which an award is sought may file an answer to the application. Unless agency counsel requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award requested.

(b) If agency counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted by the administrative law judge upon request by agency counsel and the applicant.

(c) The answer shall explain in detail any objections to the award requested and identify the facts relied on in support of agency counsel’s position. If the answer is based on any alleged facts not already in the record of the proceeding, agency counsel shall include with the answer either supporting affidavits or a request for further proceedings under §826.36.

§ 826.31 Decision.

The administrative law judge shall issue a decision on the application within 60 days after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant’s eligibility and status as a prevailing party and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the agency’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether
§ 826.38  Board review.

Either the applicant or agency counsel may seek review of the initial decision on the fee application, or the Board may decide to review the decision on its own initiative, in accordance with subpart H of part 321 for FAA safety enforcement matters appealed under section 609 of the Federal Aviation Act. If neither the applicant nor agency counsel seeks review and the Board does not take review on its own initiative, the initial decision on the application shall become a final decision of the Board 30 days after it is issued. Whether to review a decision is a matter within the discretion of the Board. If review is taken, the Board will issue a final decision on the application or remand the application to the administrative law judge who issued the initial fee award determination for further proceedings.

§ 826.39  Judicial review.

Judicial review of final Board decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 826.40  Payment of award.

An applicant seeking payment of an award shall submit to the disbursing official of the FAA a copy of the Board’s final decision granting the award, accompanied by a statement that the applicant will not seek review of the decision in the United States courts.

Applications for award grants in cases involving the FAA shall be sent to: The Office of Accounting and Audit, AAA–1, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591. The agency will pay the amount awarded to the applicant within 60 days, unless judicial review of the award or of the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

Subpart A—General

§ 830.1  Applicability.

This part contains rules pertaining to:

(a) Initial notification and later reporting of aircraft incidents and accidents and certain other occurrences in the operation of aircraft, wherever they occur, when they involve civil aircraft of the United States; when they involve certain public aircraft, as specified in this part, wherever they occur; and when they involve foreign civil aircraft where the events occur in the United States, its territories, or its possessions.

(b) Preservation of aircraft wreckage, mail, cargo, and records involving all civil and certain public aircraft accidents, as specified in this part, in the
National Transportation Safety Board § 830.2

United States and its territories or possessions.

[50 FR 40112, Aug. 7, 1995]

§ 830.2 Definitions.

As used in this part the following words or phrases are defined as follows:

Aircraft accident means an occurrence associated with the operation of an aircraft which takes place between the time any person boards the aircraft with the intention of flight and all such persons have disembarked, and in which any person suffers death or serious injury, or in which the aircraft receives substantial damage. For purposes of this part, the definition of “aircraft accident” includes “unmanned aircraft accident,” as defined herein.

Civil aircraft means any aircraft other than a public aircraft.

Fatal injury means any injury which results in death within 30 days of the accident.

Incident means an occurrence other than an accident, associated with the operation of an aircraft, which affects or could affect the safety of operations.

Operator means any person who causes or authorizes the operation of an aircraft, such as the owner, lessee, or bailee of an aircraft.

Public aircraft means an aircraft used only for the United States Government, or an aircraft owned and operated (except for commercial purposes) or exclusively leased for at least 90 continuous days by a government other than the United States Government, including a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of that government. “Public aircraft” does not include a government-owned aircraft transporting property for commercial purposes and does not include a government-owned aircraft transporting passengers other than: transporting (for other than commercial purposes) crewmembers or other persons aboard the aircraft whose presence is required to perform, or is associated with the performance of, a governmental function such as firefighting, search and rescue, law enforcement, aeronautical research, or biological or geological resource management; or transporting (for other than commercial purposes) persons aboard the aircraft if the aircraft is operated by the Armed Forces or an intelligence agency of the United States. Notwithstanding any limitation relating to use of the aircraft for commercial purposes, an aircraft shall be considered to be a public aircraft without regard to whether it is operated by a unit of government on behalf of another unit of government pursuant to a cost reimbursement agreement, if the unit of government on whose behalf the operation is conducted certifies to the Administrator of the Federal Aviation Administration that the operation was necessary to respond to a significant and imminent threat to life or property (including natural resources) and that no service by a private operator was reasonably available to meet the threat.

Serious injury means any injury which: (1) Requires hospitalization for more than 48 hours, commencing within 7 days from the date of the injury was received; (2) results in a fracture of any bone (except simple fractures of fingers, toes, or nose); (3) causes severe hemorrhages, nerve, muscle, or tendon damage; (4) involves any internal organ; or (5) involves second- or third-degree burns, or any burns affecting more than 5 percent of the body surface.

Substantial damage means damage or failure which adversely affects the structural strength, performance, or flight characteristics of the aircraft, and which would normally require major repair or replacement of the affected component. Engine failure or damage limited to an engine if only one engine fails or is damaged, bent fairings or cowlings, dented skin, small punctured holes in the skin or fabric, ground damage to rotor or propeller blades, and damage to landing gear, wheels, tires, flaps, engine accessories, brakes, or wingtips are not considered “substantial damage” for the purpose of this part.

Unmanned aircraft accident means an occurrence associated with the operation of any public or civil unmanned aircraft system that takes place between the time that the system is activated with the purpose of flight and the time that the system is deactivated.
§ 830.5

Subpart B—Initial Notification of Aircraft Accidents, Incidents, and Overdue Aircraft

§ 830.5 Immediate notification.

The operator of any civil aircraft, or any public aircraft not operated by the Armed Forces or an intelligence agency of the United States, or any foreign aircraft shall immediately, and by the most expeditious means available, notify the nearest National Transportation Safety Board (NTSB) office when:

(a) An aircraft accident or any of the following listed serious incidents occur:

(1) Flight control system malfunction or failure;

(2) Inability of any required flight crewmember to perform normal flight duties as a result of injury or illness;

(3) Failure of any internal turbine engine component that results in the escape of debris other than out the exhaust path;

(4) In-flight fire;

(5) Aircraft collision in flight;

(6) Damage to property, other than the aircraft, estimated to exceed $25,000 for repair (including materials and labor) or fair market value in the event of total loss, whichever is less.

(7) For large multiengine aircraft (more than 12,500 pounds maximum certificated takeoff weight):

(i) In-flight failure of electrical systems which requires the sustained use of an emergency bus powered by a back-up source such as a battery, auxiliary power unit, or air-driven generator to retain flight control or essential instruments;

(ii) In-flight failure of hydraulic systems that results in sustained reliance on the sole remaining hydraulic or mechanical system for movement of flight control surfaces;

(iii) Sustained loss of the power or thrust produced by two or more engines; and

(iv) An evacuation of an aircraft in which an emergency egress system is utilized.

(8) Release of all or a portion of a propeller blade from an aircraft, excluding release caused solely by ground contact;

(9) A complete loss of information, excluding flickering, from more than 50 percent of an aircraft’s cockpit displays known as:

(i) Electronic Flight Instrument System (EFIS) displays;

(ii) Engine Indication and Crew Alerting System (EICAS) displays;

(iii) Electronic Centralized Aircraft Monitor (ECAM) displays; or

(iv) Other displays of this type, which generally include a primary flight display (PFD), primary navigation display (PND), and other integrated displays;

(10) Airborne Collision and Avoidance System (ACAS) resolution advisories issued either:

(i) When an aircraft is being operated on an instrument flight rules flight plan and compliance with the advisory is necessary to avert a substantial risk of collision between two or more aircraft; or

(ii) To an aircraft operating in class A airspace.

(11) Damage to helicopter tail or main rotor blades, including ground damage, that requires major repair or replacement of the blade(s);

(12) Any event in which an operator, when operating an airplane as an air carrier at a public-use airport on land:

(i) Lands or departs on a taxiway, incorrect runway, or other area not designed as a runway; or

(ii) Experiences a runway incursion that requires the operator or the crew

SOURCE: 53 FR 15847, May 4, 1988, unless otherwise noted.

§ 831.1 Applicability of part.

Unless otherwise specifically ordered by the National Transportation Safety Board (Board), the provisions of this part shall govern all accident or incident investigations, conducted under the authority of title VII of the Federal Aviation Act of 1958, as amended, and the Independent Safety Board Act of 1974. Rules applicable to accident hearings and reports are set forth in part 845.

§ 831.2 Responsibility of Board.

(a) Aviation. (1) The Board is responsible for the organization, conduct, and control of all accident or incident investigations, see §830.2 of this chapter, within the United States, its territories and possessions, where the accident or incident involves any civil aircraft or certain public aircraft (as specified in §830.5 of this chapter), including an investigation involving civil or public aircraft (as specified in §830.5) on the one hand, and an Armed Forces or intelligence agency aircraft on the other hand. It is also responsible for investigating accidents/incidents that occur outside the United States, and which involve civil aircraft and/or certain public aircraft, when the accident/incident is not in the territory of another country (i.e., in international waters).

(2) Certain aviation investigations may be conducted by the Federal Aviation Administration (FAA), pursuant to a “Request to the Secretary of the Department of Transportation to Investigate Certain Aircraft Accidents,” effective February 10, 1977 (the text of the request is contained in the appendix to part 800 of this chapter), but the Board determines the probable cause of such accidents or incidents.1 Under no circumstances are aviation investigations where the portion of the investigations is so delegated to the FAA by the Board considered to be joint investigations in the sense of sharing responsibility. These investigations remain NTSB investigations.

(3) The Board is the agency charged with fulfilling the obligations of the United States under Annex 13 to the Chicago Convention on International Civil Aviation (Eighth Edition, July 1994), and does so consistent with State Department requirements and in coordination with that department. Annex 13 contains specific requirements for the notification, investigation, and reporting of certain incidents and accidents involving international civil aviation. In the case of an accident or incident in a foreign state involving civil aircraft of U.S. registry or manufacture, where the foreign state is a signatory to Annex 13 to the Chicago Convention of the International Civil Aviation Organization, the state of occurrence is responsible for the investigation. If the accident or incident occurs in a foreign state not bound by the provisions of Annex 13 to the Chicago Convention, or if the accident or incident involves a public aircraft (Annex 13 applies only to civil aircraft), the conduct of the investigation shall be in consonance with any agreement entered into between the United States and the foreign state.

1The authority of a representative of the FAA during such investigations is the same as that of a Board investigator under this part.
§ 831.5 Priority of Board investigations.

Any investigation of an accident or incident conducted by the Safety Board directly or pursuant to the appendix to part 800 of this chapter (except major marine investigations conducted under 49 U.S.C. 1131(a)(1)(E)) has priority over all other investigations of such accident or incident conducted by other Federal agencies. The Safety Board shall provide for the appropriate participation by other Federal agencies in any such investigation, except that such agencies may not participate in the Safety Board’s determination of the probable cause of the accident or incident. Nothing in this section impairs the authority of other Federal agencies to conduct investigations of an accident or incident under applicable provisions of law or to obtain information directly from parties involved in, and witnesses to, the transportation accident or incident, provided they do so without interfering with the Safety Board’s investigation. The Safety Board and other Federal agencies shall assure that appropriate information obtained or developed in the course of their investigations is exchanged in a timely manner.

§ 831.6 Request to withhold information.

(1) General. The Trade Secrets Act provides criminal penalties for unauthorized government disclosure of trade secrets and other specified confidential commercial information. The Freedom of Information Act authorizes withholding of such information; however, the Independent Safety Board Act, at 49 U.S.C. 1114(b), provides that the Board may, under certain circumstances, disclose information related to trade secrets.

(2) Procedures. Information submitted to the Board that the submitter believes qualifies as a trade secret or confidential commercial information subject either to the Trade Secrets Act or FOIA Exemption 4 shall be so identified by the submitter on each and every page of such document. The Board shall give the submitter of any information so identified, or information the Board has substantial reason to believe qualifies as a trade secret or confidential commercial information subject either to the Trade Secrets Act or FOIA Exemption 4, the opportunity to comment on any contemplated disclosure, pursuant to 49 U.S.C. 1114(b). In all instances where the Board determines to disclose pursuant to 49 U.S.C. 1114(b) and/or 5 U.S.C. 552, at least 10 days' notice will be provided the submitter. Notice may not be provided the submitter when disclosure is required by a law other than FOIA if the information is not identified by the submitter as qualifying for withholding, as is required by this paragraph, unless the Board has substantial reason to believe that disclosure would result in competitive harm.

(3) Voluntarily-provided safety information. It is the policy of the Safety Board that commercial, safety-related information provided to it voluntarily and not in the context of particular accident/incident investigations will not be disclosed. Reference to such information for the purposes of safety recommendations will be undertaken with consideration for the confidential nature of the underlying database(s).

(b) Other. Any person may make written objection to the public disclosure of any other information contained in any report or document filed, or otherwise obtained by the Board, stating the grounds for such objection. The Board, on its own initiative or if such objection is made, may order such information withheld from public disclosure when, in its judgment, the information may be withheld under the provisions of an exemption to the Freedom of Information Act (5 U.S.C. 552, see part 801 of this chapter), and its release is found not to be in the public interest.

§ 831.7 Right to representation.

Any person interviewed by an authorized representative of the Board during the investigation, regardless of the form of the interview (sworn, unsworn, transcribed, not transcribed, etc.), has the right to be accompanied, represented, or advised by an attorney or non-attorney representative.

§ 831.8 Investigator-in-charge.

The designated investigator-in-charge (IIC) organizes, conducts, controls, and manages the field phase of the investigation, regardless of whether a Board Member is also on-scene at the accident or incident site. (The role of the Board member at the scene of an accident investigation is as the official spokesperson for the Safety Board.)

The IIC has the responsibility and authority to supervise and coordinate all resources and activities of all personnel, both Board and non-Board, involved in the on-site investigation. The IIC continues to have considerable organizational and management responsibilities throughout later phases of the investigation, up to and including Board consideration and adoption of a report or brief of probable cause(s).

§ 831.9 Authority of Board representatives.

(a) General. Any employee of the Board, upon presenting appropriate credentials, is authorized to enter any property where an accident/incident
subject to the Board’s jurisdiction has occurred, or wreckage from any such accident/incident is located, and do all things considered necessary for proper investigation. Further, upon demand of an authorized representative of the Board and presentation of credentials, any Government agency, or person having possession or control of any transportation vehicle or component thereof, any facility, equipment, process or controls relevant to the investigation, or any pertinent records or memoranda, including all files, hospital records, and correspondence then or thereafter existing, and kept or required to be kept, shall forthwith permit inspection, photographing, or copying thereof by such authorized representative for the purpose of investigating an accident or incident, or preparing a study, or related to any special investigation pertaining to safety or the prevention of accidents. The Safety Board may issue a subpoena, enforceable in Federal district court, to obtain testimony or other evidence. Authorized representatives of the Board may question any person having knowledge relevant to an accident/incident, study, or special investigation. Authorized representatives of the Board also have exclusive authority, on behalf of the Board, to decide the way in which any testing will be conducted, including decisions on the person that will conduct the test, the type of test that will be conducted, and any individual who will witness the test.

(b) Aviation. Any employee of the Board, upon presenting appropriate credentials, is authorized to examine and test to the extent necessary any civil or public aircraft (as specified in §830.5), aircraft engine, propeller, appliance, or property aboard such aircraft involved in an accident in air commerce.

(c) Surface. (1) Any employee of the Board, upon presenting appropriate credentials, is authorized to test or examine any vehicle, vessel, rolling stock, track, pipeline component, or any part of any such item when such examination or testing is determined to be required for purposes of such investigation.

(2) Any examination or testing shall be conducted in such a manner so as not to interfere with or obstruct unnecessarily the transportation services provided by the owner or operator of such vehicle, vessel, rolling stock, track, or pipeline component, and shall be conducted in such a manner so as to preserve, to the maximum extent feasible, any evidence relating to the transportation accident, consistent with the needs of the investigation and with the cooperation of such owner or operator.

§ 831.10 Autopsies.

The Board is authorized to obtain, with or without reimbursement, a copy of the report of autopsy performed by State or local officials on any person who dies as a result of having been involved in a transportation accident within the jurisdiction of the Board. The investigator-in-charge, on behalf of the Board, may order an autopsy or seek other tests of such persons as may be necessary to the investigation, provided that to the extent consistent with the needs of the accident investigation, provisions of local law protecting religious beliefs with respect to autopsies shall be observed.

§ 831.11 Parties to the investigation.

(a) All Investigations, regardless of mode. (1) The investigator-in-charge designates parties to participate in the investigation. Parties shall be limited to those persons, government agencies, companies, and associations whose employees, functions, activities, or products were involved in the accident or incident and who can provide suitable qualified technical personnel actively to assist in the investigation. Other than the FAA in aviation cases, no other entity is afforded the right to participate in Board investigations.

(2) Participants in the investigation (i.e., party representatives, party coordinators, and/or the larger party organization) shall be responsive to the direction of Board representatives and may lose party status if they do not comply with their assigned duties and activity prescriptions or instructions,
or if they conduct themselves in a manner prejudicial to the investigation.

(3) No party to the investigation shall be represented in any aspect of the NTSB investigation by any person who also represents claimants or insurers. No party representative may occupy a legal position (see §845.13 of this chapter). Failure to comply with these provisions may result in sanctions, including loss of status as a party.

(4) Title 49, United States Code § 1132 provides for the appropriate participation of the FAA in Board investigations, and §1131(a)(2) provides for such participation by other departments, agencies, or instrumentalities. The FAA and those other entities that meet the requirements of paragraph (a)(1) of this section will be parties to the investigation with the same rights and privileges and subject to the same limitations as other parties, provided however that representatives of the FAA need not sign the “Statement of Party Representatives to NTSB Investigation” (see paragraph (b) of this section).

(b) Aviation investigations. In addition to compliance with the provisions of paragraph (a) of this section, and to assist in ensuring complete understanding of the requirements and limitations of party status, all party representatives in aviation investigations shall sign the “Statement of Party Representatives to NTSB Investigation” immediately upon attaining party representative status. Failure timely to sign that statement may result in sanctions, including loss of status as a party.

§831.12 Access to and release of wreckage, records, mail, and cargo.

(a) Only the Board’s accident investigation personnel, and persons authorized by the investigator-in-charge to participate in any particular investigation, examination or testing shall be permitted access to wreckage, records, mail, or cargo in the Board’s custody.

(b) Wreckage, records, mail, and cargo in the Board’s custody shall be released by an authorized representative of the Board when it is determined that the Board has no further need of such wreckage, mail, cargo, or records. When such material is released, Form 6120.15, “Release of Wreckage,” will be completed, acknowledging receipt.

§831.13 Flow and dissemination of accident or incident information.

(a) Release of information during the field investigation, particularly at the accident scene, shall be limited to factual developments, and shall be made only through the Board Member present at the accident scene, the representative of the Board’s Office of Public Affairs, or the investigator-in-charge.

(b) All information concerning the accident or incident obtained by any person or organization participating in the investigation shall be passed to the IIC through appropriate channels before being provided to any individual outside the investigation. Parties to the investigation may relay to their respective organizations information necessary for purposes of prevention or remedial action. However, no information concerning the accident or incident may be released to any person not a party representative to the investigation (including non-party representative employees of the party organization) before initial release by the Safety Board without prior consultation and approval of the IIC.

§831.14 Proposed findings.

(a) General. Any person, government agency, company, or association whose employees, functions, activities, or products were involved in an accident or incident under investigation may submit to the Board written proposed findings to be drawn from the evidence produced during the course of the investigation, a proposed probable cause, and/or proposed safety recommendations designed to prevent future accidents.

(b) Timing of submissions. To be considered, these submissions must be received before the matter is calendared for consideration at a Board meeting. All written submissions are expected to
have been presented to staff in advance of the formal scheduling of the meeting. This procedure ensures orderly and thorough consideration of all views.

(c) Exception. This limitation does not apply to safety enforcement cases handled by the Board pursuant to part 821 of this chapter. Separate ex parte rules, at part 821, subpart J, apply to those proceedings.

PART 835—TESTIMONY OF BOARD EMPLOYEES

§ 835.1 Purpose.

This part prescribes policies and procedures regarding the testimony of employees of the National Transportation Safety Board (Board) in suits or actions for damages and criminal prosecutions arising out of transportation accidents when such testimony is in an official capacity and arises out of or is related to accident investigation. The purpose of this part is to ensure that the time of Board employees is used only for official purposes, to avoid entangling the Board in controversial issues that are not related to its duties, to avoid spending public funds for non-Board purposes, to preserve the impartiality of the Board, and to prohibit the discovery of opinion testimony.

§ 835.2 Definitions.

Accident, for purposes of this part includes "incident."

Board accident report means the report containing the Board’s determinations, including the probable cause of an accident, issued either as a narrative report or in a computer format ("briefs" of accidents). Pursuant to section 701(e) of the Federal Aviation Act of 1958 (FA Act), and section 304(c) of the Independent Safety Board Act of 1974 (49 U.S.C. 1154(b)) (Safety Act), no part of a Board accident report may be admitted as evidence or used in any suit or action for damages growing out of any matter mentioned in such reports.

Factual accident report means the report containing the results of the investigator’s investigation of the accident. The Board does not object to, and there is no statutory bar to, admission in litigation of factual accident reports. In the case of a major investigation, group chairman factual reports are factual accident reports.

§ 835.3 Scope of permissible testimony.

(a) Section 701(e) of the FA Act and section 304(c) of the Safety Act preclude the use or admission into evidence of Board accident reports in any suit or action for damages arising from accidents. These sections reflect Congress’ “strong * * * desire to keep the Board free of the entanglement of such suits.” Rep. No. 93–1192, 93d Cong., 2d Sess., 44 (1974), and serve to ensure that the Board does not exert an undue influence on litigation. The purposes of these sections would be defeated if expert opinion testimony of Board employees, which may be reflected in the views of the Board expressed in its reports, were admitted in evidence or used in litigation arising out of an accident. The Board relies heavily upon its investigators’ opinions in its deliberations. Furthermore, the use of Board employees as experts to give opinion testimony would impose a significant administrative burden on the Board’s investigative staff. Litigants must obtain their expert witnesses from other sources.
(b) For the reasons stated in paragraph (a) of this section and §835.1, Board employees may only testify as to the factual information they obtained during the course of an investigation, including factual evaluations embodied in their factual accident reports. However, they shall decline to testify regarding matters beyond the scope of their investigation, and they shall not give any expert or opinion testimony.

(c) Board employees may testify about the firsthand information they obtained during an investigation that is not reasonably available elsewhere, including observations recorded in their own factual accident reports. Consistent with the principles cited in §835.1 and this section, current Board employees are not authorized to testify regarding other employee’s reports, or other types of Board documents, including but not limited to safety recommendations, safety studies, safety proposals, safety accomplishments, reports labeled studies, and analysis reports, as they contain staff analysis and/or Board conclusions.

(d) Briefs of accidents may be released in conjunction with factual accident reports. Nevertheless, they are not part of those reports and are not to be admitted in evidence or used in a deposition approved under this part.

(e) Not all material in a factual accident report may be the subject of testimony. The purpose of the factual accident report, in great part, is to inform the public at large, and as a result the factual accident report may contain information and conclusions for which testimony is prohibited by this part.

(f) No employee may testify in any matter absent advance approval by the General Counsel as provided in this part.

§ 835.4 Use of reports.

(a) As a testimonial aid and to refresh their memories, Board employees may use copies of the factual accident report they prepared, and may refer to and cite from that report during testimony.

(b) Consistent with section 701(e) of the FA Act and section 304(c) of the Safety Act, a Board employee may not use the Board’s accident report for any purpose during his testimony.

§ 835.5 Manner in which testimony is given in civil litigation.

(a) Testimony of Board employees with unique, firsthand information may be made available for use in civil actions or civil suits for damages arising out of accidents through depositions or written interrogatories. Board employees are not permitted to appear and testify in court in such actions.

(b) Normally, depositions will be taken and interrogatories answered at the Board’s office to which the employee is assigned, and at a time arranged with the employee reasonably fixed to avoid substantial interference with the performance of his duties.

(c) Board employees are authorized to testify only once in connection with any investigation they have made of an accident. Consequently, when more than one civil lawsuit arises as a result of an accident, it shall be the duty of counsel seeking the employee’s deposition to ascertain the identity of all parties to the multiple lawsuits and their counsel, and to advise them of the fact that a deposition has been granted, so that all interested parties may be afforded the opportunity to participate therein.

(d) Upon completion of the deposition of a Board employee, the original of the transcript will be provided the deponent for signature and correction, which the Board does not waive. A copy of the transcript of the testimony and any videotape shall be furnished, at the expense of the party requesting the deposition, to the Board’s General Counsel at Washington, DC headquarters for the Board’s files.

§ 835.6 Request for testimony in civil litigation.

(a) A written request for testimony by deposition or interrogatories of a Board employee relating to an accident shall be addressed to the General Counsel, who may approve or deny the request consistent with this part. Such
§ 835.10 Testimony in Federal, State, or local criminal investigations and other proceedings.

(a) As with civil litigation, the Board prefers that testimony be taken by deposition if court rules permit, and that testimony await the issuance of the factual accident report. The Board recognizes, however, that in the case of coroner’s inquests and grand jury proceedings this may not be possible. The Board encourages those seeking testimony of Board employees to contact the General Counsel as soon as such testimony is being considered. Whenever the intent to seek such testimony is communicated to the employee, he shall immediately notify the General Counsel.

(b) In any case, Board employees are prohibited from testifying in any civil, criminal, or other matter, either in person or by deposition or interrogatories, absent advance approval of the

§ 835.9 Procedure in the event of a subpoena in civil litigation.

(a) If the Board employee has received a subpoena to appear and testify in connection with civil litigation, a request for his deposition shall not be approved until the subpoena has been withdrawn.

(b) Upon receipt of a subpoena, the employee shall immediately notify the General Counsel and provide all information requested by the General Counsel.

(c) The General Counsel shall determine the course of action to be taken and will so advise the employee.

[63 FR 71608, Dec. 29, 1998]

§ 835.8 Testimony by current Board employees regarding prior activity.

Any testimony regarding any accident within the Board’s jurisdiction, or any expert testimony arising from employment prior to Board service is prohibited absent approval by the General Counsel. Approval shall only be given if testimony will not violate § 835.1 and § 835.3, and is subject to whatever conditions the General Counsel finds necessary to promote the purposes of this part as set forth in § 835.1 and § 835.3.

[63 FR 71608, Dec. 29, 1998]

§ 835.7 Testimony of former Board employees.

It is not necessary to request Board approval for testimony of a former Board employee, nor is testimony limited to depositions. However, the scope of permissible testimony continues to be constrained by all the limitations set forth in § 835.3 and § 835.4.

§ 835.11

General Counsel. The Board discourages the serving of a subpoena for testimony but, if issued, it should be served on the General Counsel, rather than the employee.

(c) If permission to testify by deposition or in person is granted, testimony shall be limited as set forth in §835.3. Only factual testimony is authorized; no expert or opinion testimony shall be given.

[63 FR 71608, Dec. 29, 1998]

§ 835.11 Obtaining Board accident reports, factual accident reports, and supporting information.

It is the responsibility of the individual requesting testimony to obtain desired documents. There are a number of ways to obtain Board accident reports, factual accident reports, and accompanying accident docket files. Our rules at parts 801 and 837 of this chapter explain our procedures, as will our web site, at www.ntsb.gov. Or, you may call our Public Inquiries Branch, at (800) 877–6799. Documents will not be supplied by witnesses at depositions, nor will copying services be provided by deponents.

Two sets of procedures are here established, dependent on the type of material sought. Rules governing requests for employee testimony, as opposed to material production, can be found at 49 CFR part 835. Document production shall not accompany employee testimony, absent compliance with this part and General Counsel approval.

§ 837.3 Published reports, material contained in the public accident investigation dockets, and accident database data.

(a) Demands for material contained in the NTSB’s official public docket files of its accident investigations, or its computerized accident database(s) shall be submitted, in writing, to the Public Inquiries Branch. Demands for specific published reports and studies should be submitted to the National Technical Information Service. The Board does not maintain stock of these

§ 845.2 Nature of hearing.

Transportation accident hearings are convened to assist the Board in determining cause or probable cause of an accident, in reporting the facts, conditions, and circumstances of the accident, and in ascertaining measures which will tend to prevent accidents and promote transportation safety. Such hearings are factfinding proceedings with no formal issues and no adverse parties and are not subject to the provisions of the Administrative Procedure Act (Pub. (a) All hearings shall normally be open to the public (subject to the provision that any person present shall not be allowed at any time to interfere with the proper and orderly functioning of the board of inquiry).

(b) Sessions shall not be open to the public when evidence of a classified nature or which affects national security is to be received.
§ 845.10 Determination to hold hearing.

The Board may order a public hearing as part of an accident investigation whenever such hearing is deemed necessary in the public interest: Provided, that if a quorum of the Board is not immediately available in the event of a catastrophic accident, the determination to hold a public hearing may be made by the Chairman of the Board.

§ 845.11 Board of inquiry.

Parties shall be represented by suitable qualified technical employees or members who do not occupy legal positions.

(b) No party shall be represented by any person who also represents claimants or insurers. Failure to comply with this provision shall result in loss of status as a party.

(b) Parties shall submit at the prehearing conference copies of any additional documentary exhibits they desire to offer. (d) Expedited hearings. When time permits, the chairman of the board of inquiry may hold a prehearing conference. Such matters shall be controlled by rulings of the chairman of the board of inquiry on his own motion. If the examination of a witness by a party is interrupted by a ruling of the chairman of the board of inquiry, opportunity shall be given to show materiality, relevancy, or competency of the testimony or evidence sought to be elicited from the witness.

Any party may submit proposed findings to be drawn from the testimony and exhibits, a proposed probable cause, and proposed safety recommendations designed to prevent future accidents. The proposals shall be submitted within the time specified by the presiding officer at the close of the hearing, and shall be made a part of the public docket. Parties to the hearing shall serve copies of their proposals on all other parties to the hearing.

Subpart C—Board Reports

§ 845.40 Accident report.

(a) The Board will issue a detailed narrative accident report in connection with the investigation into those accidents which the Board determines to warrant such a report. The report will set forth the facts, conditions and circumstances relating to the accident and the probable cause thereof, along with any appropriate recommendations.
§ 845.41 Petitions for reconsideration or modification.

(a) Petitions for reconsideration or modification of the Board’s findings and determination of probable cause filed by a party to an investigation or hearing or other person having a direct interest in the accident investigation will be entertained only if based on the discovery of new evidence or on a showing that the Board’s findings are erroneous. The petitions shall be in writing. Petitions which are repetitious of proposed findings submitted pursuant to § 845.27, or of positions previously advanced, and petitions filed by a party to the hearing who failed to submit proposed findings pursuant to § 845.27 will not be entertained. Petitions based on the discovery of new matter shall: identify the new matter; contain affidavits of prospective witnesses, authenticated documents, or both, or an explanation of why such substantiation is unavailable; and state why the new matter was not available prior to Board’s adoption of its findings. Petitions based on a claim of erroneous findings shall set forth in detail the grounds relied upon.

(b) When a petition for reconsideration or modification is filed with the Board, copies of the petition and any supporting documentation shall be served on all other parties to the investigation or hearing and proof of service shall be attached to the petition. The other parties may file comments no later than 90 days after service of the petition.

(c) Oral presentation before the Board normally will not form a part of proceedings under this part. However, the Board may permit oral presentation where a party or interested person makes an affirmative showing that the written petition for reconsideration or modification is an insufficient means to present the party’s or person’s position to the Board. Where oral presentation is allowed, the Board will specify the issues to be addressed and all parties to the investigation or hearing will be given notice and the opportunity to participate.

§ 845.50 Public docket.

(a) The public docket shall include all factual information concerning the accident. Proposed findings submitted pursuant to § 831.12 or § 845.27 and petitions for reconsideration and modification submitted pursuant to § 845.41, comments thereon by other parties, and the Board’s rulings, shall also be placed in the public docket.

(b) The docket shall be established as soon as practicable following the accident, and material shall be added thereto as it becomes available. Where a hearing is held, the exhibits will be introduced into the record at the hearing.

(c) A copy of the docket shall be made available to any person for review at the Washington office of the Board. Copies of the material in the docket may be obtained, upon payment of the cost of reproduction, from the Public Inquiries Section, Bureau of Administration, National Transportation Safety Board, Washington, DC 20594.

§ 845.51 Investigation to remain open.

Accident investigations are never officially closed but are kept open for the submission of new and pertinent evidence by any interested person. If the Board finds that such evidence is relevant and probative, it shall be made a part of the docket and, where appropriate, parties will be given an opportunity to examine such evidence and to comment thereon.
