§ 648.262 Accountability measures for red crab limited access vessels.

(a) Closure authority. NMFS shall close the EEZ to fishing for red crab in excess of the incidental limit by commercial vessels for the remainder of the fishing year if the Regional Administrator determines that the TAL has been harvested. (b) Adjustment for an overage. (1) If NMFS determines that the TAL was exceeded in a given fishing year, the exact amount of the landings overage will be deducted, as soon as is practicable, from a subsequent single fishing year’s TAL, through notification consistent with the Administrative Procedure Act.

(2) If NMFS determines that the ACL was exceeded in a given fishing year, the exact amount of an overage that was not already deducted from the TAL under paragraph (b)(1) of this section will be deducted, as soon as is practicable, from a subsequent single fishing year’s TAL, through notification consistent with the Administrative Procedure Act.
