§§ 1410.34–1410.39 [Reserved]

§ 1410.40 Cost-share payments.

(a) Cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, cost-share payments may be made only for the cost-effective establishment or installation of an eligible practice, as determined by CCC.

(c) Except as provided in paragraph (d) of this section, cost-share payments shall not be made to the same owner or operator on the same acreage for any eligible practices that have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under §1410.9(c), cost-share payments may be authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhance water quality, wildlife habitat, or increase protection of public wellheads; and

(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant's actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount that, when added to such assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

(g) CCC may make cost-share payments for thinning of existing tree stands to benefit wildlife habitat and other resource conditions on enrolled land, as determined by CCC.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan. CCC may allow cost-share payments for maintenance costs, consistent with the provisions of §1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

(c) Except as otherwise provided, a participant may, in addition to any

payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State or a private organization in return for enrolling lands in CRP. However, as provided under § 1410.40(f), a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.42 Annual rental payments.

(a) Subject to the availability of funds, annual rental payments shall be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the CRP contract.

(b) Annual rental payments, except for land accepted that was formerly enrolled under the WBP, include a payment based on a weighted average soil rental rate or marginal pastureland rental rate, as appropriate, and an incentive payment as a portion of the annual payment of certain practices, as determined by the Deputy Administrator. Payments for land accepted that was formerly enrolled under the WBP are limited to annual rental payments received under the WBP.

(c) The annual rental payment shall be divided among the participants on a single contract as agreed to in such contract.

(d) The maximum amount of rental payments that a person or legal entity may receive, directly or indirectly, under CRP for any fiscal year must not exceed \$50,000. The regulations in part 1400 of this chapter will be applicable for determining whether the limit has been exceeded.

(e) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be prorated based on the actual

days of ownership of the property by each party.

(f) CCC shall, when appropriate, prepare a schedule for each county that shows the maximum soil rental rate CCC may pay which may be supplemented to reflect special contract requirements. As determined by the Deputy Administrator, such schedule will be calculated based on the relative productivity of soils within the county using NRCS data and local FSA average cash rental estimates. The schedule will be available in the local FSA office and, as determined by the Deputy Administrator, shall indicate, when appropriate, that:

(1) Offers of contracts by producers who request rental payments greater than the schedule for their soil(s) will be rejected;

(2) Offers of contracts submitted under continuous signup authorized at § 1410.30 may be accepted without further evaluation when the requested rental rate is less than or equal to the calculated weighted soil rental rate, based on the three predominant soils listed; and

(3) Otherwise qualifying offers shall be ranked competitively based on factors established under § 1410.31 of this part in order to provide the most cost-effective environmental benefits, as determined by the Deputy Administrator.

(g) Additional financial incentives may be provided to producers who offer contracts expected to provide especially high environmental benefits, as determined by the Deputy Administrator.
