**Subpart A—Durum Wheat Quality
Program**

§ 1413.101 Applicability.

(a) This subpart establishes the terms and conditions under which the Durum Wheat Quality Program (DWQP) as authorized by section 1613 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246) will be administered.

(b) This program will operate only to the extent appropriated funding is available.

(c) Subject to available funding, eligible producers of durum wheat will be partially compensated for the cost of purchasing and applying fungicides to a crop of durum wheat to control *Fusarium* head blight on acres accurately certified as planted to durum wheat. “Available funding” requires that there be a specific appropriation for the program that applies to a particular crop for which the producer seeks compensation under this program.

§ 1413.102 Definitions.

The following definitions apply to this subpart. The definitions in parts 718 and 1400 of this title also apply, ex-

cept where they conflict with the definitions in this section.

Application period means the dates established by the Deputy Administrator for Farm Programs for producers to apply for program benefits.

CCC means the Commodity Credit Corporation.

Crop year means the calendar year in which the wheat was harvested or intended to be harvested. For example, a reference to the 2010 crop year of wheat means wheat that when planted was intended for harvest in calendar year 2010.

Durum wheat means all varieties of white (amber) durum wheat as defined in the U.S. Standards for Wheat (7 CFR part 810, subpart M) including, but not limited to, hard amber durum wheat and amber durum wheat.

Flowering stage means the period of time during the wheat growth stage, after the head emergence has completed and prior to milk development in the kernel.

State committee, county committee or county office means the respective FSA committee or office.

United States means all 50 States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

USDA means the United States Department of Agriculture.

§ 1413.103 Administration.

(a) DWQP will be administered under the general supervision of the Executive Vice President, CCC (Administrator, Farm Service Agency (FSA)), or a designee, and will be carried out in the field by FSA State and county committees and FSA employees.

(b) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this subpart, except as specified in paragraph (e) of this section.

(c) The State FSA committee will take any action required by the provisions of this subpart that the county FSA committee has not taken. The State FSA committee will also:

(1) Correct, or require a county FSA committee to correct, any action taken by such county FSA committee that is

Commodity Credit Corporation, USDA

§ 1413.106

not in compliance with the provisions of this subpart.

(2) Require a county FSA committee to not take an action that is not in compliance with the provisions of this subpart.

(d) No provision or delegation to a State or county FSA committee will preclude the Administrator, Deputy Administrator, or a designee from determining any question arising under the program in this subpart, or from reversing or modifying any determination made by a State or county FSA committee.

(e) The Deputy Administrator may authorize State and county FSA committees to waive or modify non-statutory program requirements of this subpart in cases where failure to meet such requirements does not adversely affect operation of the program in this subpart. Producers have no right to seek an exception under this provision. The Deputy Administrator's refusal to consider cases or circumstances or decision not to exercise this discretionary authority under this provision will not be considered an adverse decision and is not appealable.

§ 1413.104 Eligibility.

(a) To be considered eligible for DWQP payments, the person or entity must have a share in the treated wheat crop on those acres planted to durum wheat on which an eligible fungicide was applied, as certified on the application, have incurred the cost of acquiring and applying eligible fungicide, and meet the requirements in paragraph (b) of this section.

(d) A person or entity determined to be a foreign person under part 1400 of this title is not eligible to receive benefits under this subpart, unless that person provides land, capital, and a substantial amount of active personal labor in the production of crops on such farm.

(f) To be considered an eligible fungicide under this subpart, the fungicide must be:

(3) Applied specifically to control Fusarium head blight on acres certified as planted by the producer to durum wheat for the applicable crop year.

(g) CCC will provide program benefits to reimburse eligible costs for a maximum of one fungicide treatment, including application cost, during the flowering stage, to a crop of durum wheat per crop year.
