§ 1430.213 Contract modifications and statutory changes in program.

(a) Producers in a dairy operation must notify FSA immediately of any changes that may affect their MILC. Changes include, but are not limited to changes to the starting month to receive payment for the next fiscal year, death of producer on the contract, new member joining the operation, member exiting the operation, transfer of shares by sale or other transfer action, or farm reconstitutions undertaken in accordance with §1430.213.

(b) CCC may modify an MILC if such modifications are desirable to carry out purposes of the program or to facilitate the program’s administration.

(c) Payments otherwise due under this subpart or the program will be adjusted or denied to the extent provided for by a statutory change in program eligibilities or requirements of any kind irrespective of whether the program contract preceded the statutory change. Operations will be given the option of accepting the changes or terminating the contract.

§ 1430.214 Reconstitutions.

(a) A dairy operation receiving MILC benefits may reorganize or restructure such that the constitution or makeup of its operation is reconstituted in another organizational framework. However, any operation that reorganizes or restructures after October 1, 2007, is subject to a review by FSA to determine if the operation was reorganized or restructured for the sole purpose of receiving multiple or additional MILC payments.

(b) A dairy operation that FSA determines has reorganized solely to receive additional MILC payments will be in violation of its contract and dealt in accordance with §1430.214.

(c) If during the contract period a change in the dairy operation occurs, the modification to the MILC will not take effect until the first day of the fiscal year following the month FSA received notification of the changes. Changes include but are not limited to any producer affiliated with a dairy operation that has an approved MILC.
