

(c) Federal agencies acquiring property, by foreclosure or otherwise, that contains BCAP contract acreage cannot be a party to the contract by succession. However, through an addendum to the contract, if the current operator of the property is one of the contract participants, the contract may remain in effect and, as permitted by CCC, such operator may continue to receive payments under such contract if CCC determines that such allowance is in the public interest and:

(1) The property is maintained in accordance with the terms of the contract;

(2) Such operator continues to be the operator of the property; and

(3) Ownership of the property remains with such Federal agency.

§ 1455.1 Purpose and administration.

(a) The purpose of this part is to specify requirements and definitions for the Voluntary Public Access and Habitat Incentive Program (VPA-HIP).

(b) VPA-HIP provides, within funding limits, grants to State and tribal governments to encourage owners and operators of privately-held farm, ranch, and forest land to voluntarily make that land available for access by the public for wildlife-dependent recreation, including hunting and fishing under programs administered by State and tribal governments. VPA-HIP is not an entitlement program and no grant will be made unless the application is acceptable to the Commodity Credit Corporation (CCC). CCC may re-

ject a application for any reason deemed sufficient by CCC.

(c) The regulations in this part are administered under the general supervision and direction of the Executive Vice President, CCC, or a designee, or the Deputy Administrator, Farm Programs (Deputy Administrator), Farm Service Agency (FSA).

§ 1455.2 Definitions.

(a) The definitions in part 718 of this chapter apply to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions apply to this part:

Appropriate wildlife habitat means habitat that is suitable or proper, as determined by the applicable State or tribal government, to support fish and wildlife populations in the area.

Farm land means the land that meets definition of “farmland” in § 718.2 of this title.

Forest land means land at least 120 feet wide and 1 acre in size with at least 10 percent cover (or equivalent stocking) by live trees of any size, including land that formerly had such tree cover and that will be naturally or artificially regenerated. Forest land includes transition zones, such as areas between forest and nonforest lands that have at least 10 percent cover (or equivalent stocking) with live trees and forest areas adjacent to urban and built-up lands. Roadside, streamside, and shelterbelt strips of trees must have a crown width of at least 120 feet and continuous length of at least 363 feet to qualify as forest land. Unimproved roads and trails, streams, and clearings in forest areas are classified as forest if they are less than 120 feet wide or an acre in size. Tree-covered areas in agricultural production settings, such as fruit orchards, or tree-covered areas in urban settings, such as city parks, are not considered forest land.

Privately-held land means farm, ranch, or forest land that is owned or operated by an individual or entity that is not an entity of any government unit or Tribe.

Ranch land means land that meets the definition of “farmland.”
