To cite the regulations in this volume use title, part and section number. Thus, 7 CFR 1200.1 refers to title 7, part 1200, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 as of January 1
- Title 17 through Title 27 as of April 1
- Title 28 through Title 41 as of July 1
- Title 42 through Title 50 as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2011), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in eleven separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.
The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

[67 FR 44350, July 2, 2002]
§ 1200.3 Proposals.

(a) An order may be proposed by any organization certified pursuant to the Act or any interested person affected by the Act, including the Secretary. Any person or organization other than the Secretary proposing an order shall file with the Administrator a written application, together with a copy of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Administrator shall cause such investigation to be made and such consideration to be given as, in the Administrator’s opinion, are warranted. If the investigation and consideration lead the Administrator to conclude that the proposed order will not tend to effectuate the declared policy of the Act, or that for other proper reasons a hearing should not be held on the proposal, the Administrator shall deny the application, and promptly notify the applicant of such denial, which notice shall be accompanied by a brief statement of the grounds for the denial.

(b) If the investigation and consideration lead the Administrator to conclude that the proposed order will tend to effectuate the declared policy of the Act, or if the Secretary desires to propose an order, the Administrator shall sign and cause to be served a notice of hearing, as provided herein.

§ 1200.4 Reimbursement of Secretary’s expenses.

If provided for in the Act or any amendment thereto, expenses incurred by the Secretary in preparing or amending the order, administering the order, and conducting the referendum shall be reimbursed.

§ 1200.5 Institution of proceedings.

(a) Filing and contents of the notice of hearing. The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall contain a reference to the authority under which the order is proposed; shall define the scope of the hearing as specifically as may be practicable; shall contain either the terms or substance of the proposed order or a description of the subjects and issues involved; and shall state the time and place of such hearing, and the place where copies of such proposed order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as provided herein, unless the Administrator shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Administrator may determine to be reasonable in the circumstances: Except that in the case of hearings on amendments to an order, the time of the hearing may be less than 15 days but shall not be less than three days after the date of publication in the FEDERAL REGISTER.

(b) Giving notice of hearing and supplemental publicity. (1) The Administrator shall give or cause to be given notice of hearing in the following manner:

(i) By publication of the notice of hearing in the FEDERAL REGISTER;

(ii) By mailing a copy of the notice of hearing to each organization known by the Administrator to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as, in the Administrator’s discretion, are best calculated to bring the notice to the attention of the persons interested therein; and

(iv) By forwarding copies of the notice of hearing addressed to those Governors of the States and executive heads of territories and possessions of the United States and the mayor of the District of Columbia that are directly affected by such order.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by paragraph (b)(1)(i) of this section; failure to give notice in the manner provided in paragraphs (b)(2) (ii), (iii), and (iv) of this section shall not affect the legality of the notice.

(c) Record of notice and supplemental publicity. There shall be filed with the hearing clerk or submitted to the judge at the hearing an affidavit or certificate of the person giving the notice provided in paragraphs (b)(1) (ii) and (iv) of this section. In regard to the
§ 1200.9 Conduct of the hearing.

(a) Time and place. The hearing shall be held at the time and place fixed in the notice of hearing, unless the judge shall have changed the time or place, in which event the judge shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as provided in §1200.5 (relating to the giving of notice of the hearing): Except that if the change in time or place of hearing is made less than five days prior to the date previously fixed for the hearing, the judge either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) Appearances—(1) Right to appear. At the hearing, any interested person...
shall be given an opportunity to appear, either in person or through authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his or her name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names, addresses, and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting such appearance as the judge may request.

(2) Debarment of counsel or representative. (i) Whenever, while a proceeding is pending before the judge, such judge finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: Except that the judge may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

(ii) In case the judge has ordered that a person be precluded from further action as counsel or representative in the proceeding, the judge within a reasonable time thereafter shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) Failure to appear. If any interested person fails to appear at the hearing, that person shall be deemed to have waived the right to be heard in the proceeding.

(c) Order of procedure. (1) The judge shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record the notice of hearing as filed with the Office of the Federal Register and the affidavit or certificate of the giving of notice or the determination provided for in §1200.5(c).

(2) Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the judge shall announce.

(d) Evidence—(1) General. The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

(ii) When necessary, in order to prevent undue prolongation of the hearing, the judge may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

(iii) The judge shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) Objections. If a party objects to the admission or rejection of any evidence or to any other ruling of the judge during the hearing, such party shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the judge. The transcript shall not include argument or debate thereon except as ordered by the judge. The ruling of the judge on any objection shall be a part of the transcript. Only objections made before the judge may subsequently be relied upon in the proceeding.

(3) Proof and authentication of official records or documents. An official record or document, when admissible for any
§ 1200.10 Oral and written arguments.

(a) Oral argument before the judge. Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that the judge finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) Briefs, proposed findings, and conclusions. The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in §1200.9(d), that person shall include in the brief a given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) Offer of proof. Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge’s ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

§ 1200.10 Oral and written arguments.

(a) Oral argument before the judge. Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that the judge finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) Briefs, proposed findings, and conclusions. The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in §1200.9(d), that person shall include in the brief a given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) Offer of proof. Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge’s ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.
§ 1200.11 Certification of the transcript.

The judge shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings, and proposed conclusions and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the judge shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The judge shall attach to the original transcript of the testimony a certificate stating that, to the best of the judge’s knowledge and belief, the transcript is a true transcript of the testimony given at the hearing, except in such particulars as the judge shall specify, and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as the judge shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy and cause to be noted on other copies of the transcript, each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the judge. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effectuated in copies other than the official record copy.

§ 1200.12 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(b) Transcripts of hearings shall be made available to any person at actual cost of duplication.

§ 1200.13 Administrator’s recommended decision.

(a) Preparation. As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs and proposed findings and conclusions the Administrator shall file with the hearing clerk a recommended decision.

(b) Contents. The Administrator’s recommended decision shall include: (1) a preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions about such issues, including the reasons or basis for such proposed findings; (2) a ruling upon each proposed finding or conclusion submitted by interested persons; and (3) an appropriate proposed order effectuating the Administrator’s recommendations.

(c) Exceptions to recommended decision. Immediately following the filing of the recommended decision, the Administrator shall give notice thereof and opportunity to file exceptions thereto by publication in the Federal Register. Within a period of time specified in such notice any interested person may file with the hearing clerk exceptions to the Administrator’s proposed order and a brief in support of such exceptions. Such exceptions shall be in writing, shall refer, where practicable, to the related pages of the transcript, and may suggest appropriate changes in the proposed order.

(d) Omission of recommended decision. The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of the Secretary’s functions imperatively and unavoidably requires such omission.
§ 1200.14 Submission to Secretary.

Upon the expiration of the period allowed for filing exceptions or upon request of the Secretary, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: All motions and requests filed with the hearing clerk and rulings thereon; the certified transcript; any proposed findings or conclusions or written arguments or briefs that may have been filed; the Administrator’s recommended decision, if any; and such exceptions as may have been filed.

§ 1200.15 Decision by the Secretary.

(e) For the purposes of this section, ex parte communication means any oral or written communication not on the public record with respect to which reasonable prior notice to all interested parties is not given, but which shall not include requests for status reports (including requests on procedural matters) on a proceeding.

of this section the Deputy Administrator shall be in charge of and responsible for conducting the referendum. Each FSA county office shall be in charge and responsible for conducting such referendum in its State. Each county office shall be responsible for the proper holding of such referendum in its county. It shall be the duty of each FSA county office to conduct each referendum in a fair, unbiased, and impartial manner in accordance with the regulations in this subpart.

§ 1205.203 Voting eligibility.

(a) General eligibility requirements. The following persons shall be eligible to vote in an announced referendum—

(1) each person who was engaged in the production of Upland cotton during the representative period; and

(2) each person who is an importer of Upland cotton and who, during a 12-month period ending no later than 90 days prior to the conduct of the referendum, imported Upland cotton.

(b) Special eligibility requirements. (1)(i) A person may qualify as an eligible voter by meeting the eligibility requirements, but no such person shall be entitled to more than one vote regardless of the number of importing entities or Upland cotton farms in which the person is interested or the number of communities, counties, or States in which are located farms in which such person is interested: Provided, however, That the individual members of a qualified partnership shall each have one vote, but the partnership as such shall not have a vote and an individual who qualifies as an eligible voter by reason of that individual’s separate farming or importing operations will be entitled to one vote even though that person is interested in an entity such as (but not limited to) a corporation which is also eligible as a voter and entitled to one vote. A person who, as a guardian, administrator, executor, or trustee engages in the production of Upland cotton or importation of cotton will be eligible to vote in such a fiduciary capacity if, in such a capacity, that person qualifies as an eligible voter.

(ii) In such cases the person for whom he or she is acting in a fiduciary capacity will not be eligible to vote. An individual may, if otherwise eligible, cast a ballot in his or her individual capacity although that person may also cast a ballot as a guardian, administrator, executor, or trustee. An individual who holds more than one fiduciary position may vote as a fiduciary in each case in which that person is otherwise eligible, as for example, if an individual is administrator of estate X, he or she may cast a ballot as administrator of estate X, and if the same individual is administrator of estate Y, he or she may cast another ballot as administrator or estate Y.

(2) Where a group of several persons, such as a spouse or marital partner, and children, or unrelated individuals, are engaged in the production of Upland cotton under the same lease or cropping agreement, only the person or persons who signed or entered into the lease or cropping agreement shall be eligible to vote. In the event two or more persons are engaged in the production of Upland cotton as joint tenants, tenants in common, or owners of community property, each such person shall be entitled to one vote if otherwise qualified. For example, a husband or a wife is eligible to vote if he or she shares with his or her spouse in the proceeds of the required crop as an owner, cash tenant, share tenant, sharecropper or landlord of a fixed rent, standing rent or share tenant. Thus, if a husband and wife are tenants or sharecropper on a farm, jointly responsible under the rental or sharecropping agreement, both are eligible to vote. This is true whether the rental or sharecropping agreement is written, signed by both parties, or oral, provided both husband and wife made the oral agreement. A minor is not disqualified from voting solely because of minority if otherwise eligible and the minor is not less than 18 years of age.

(c) Voting by proxy prohibited. There shall be no voting by proxy or agent but a duly authorized officer of a corporation, association or their legal entity may cast its vote.

§ 1205.204 Voting.

(a) Place of voting. The FSA county office serving the county in which the producer’s farm is located shall be the producer’s polling place. For a person
§ 1205.205 Canvass of ballots.

Such canvassing shall be in the presence of at least one member of the FSA county office for producer ballots or an FSA representative for importer ballots and shall be open to the public. The canvassing and ballots shall be handled in such a manner so that no member of the public may see how any person voted in the referendum. The county office or FSA representative shall supervise the opening of the sealed ballot box, the opening of the envelopes containing the ballots and a determination as to:

(1) The number of eligible voters favoring the Order and where necessary, the amount of cotton represented by them;

(2) The number of eligible voters disapproving the Order and, where necessary, the amount of cotton represented by them.
(3) The number of ballots cast by voters found to be ineligible to vote in the referendum, and
(4) The number of spoiled ballots. The ballots determined to be spoiled or cast by ineligible voters shall not be considered as approving or disapproving the Order, and the persons who cast such ballots shall not be regarded as participating in the referendum.

(b) **Spoiled ballots.** A ballot shall be considered as a spoiled ballot if:
(1) It is mutilated or marked in such a way that it is not possible to determine with certainty how the ballot was intended to be counted, or
(2) It does not contain the signature of the voter, or the voter’s properly witnessed mark.

(c) **Challenge of ballots.** A producer ballot may be challenged by the member of the FSA county office and the importer ballot may be challenged by the representative of FSA. Before a challenged ballot is either counted or declared invalid, a determination shall be made by the FSA county office or representative of FSA as to the eligibility of the voter to vote in the referendum.

§ 1205.206 Reporting results of referendum.

(a) Each FSA county office shall transmit a written county summary of ballots showing the results of the referendum in its county to its State office.
(b) Each State office shall transmit a written summary of the referendum results from the county offices within its State to DAFO, and DAFO will provide a copy to the AMS. AMS will make the results available for public inspection for a period of 5 years following the end of the referendum period.
(c) AMS shall prepare and submit to the Secretary a report as to the results of the referendum. The Secretary shall then publically proclaim the results of the referendum.

§ 1205.207 Challenge of correctness of county summary of ballots.

The FSA state offices shall make a prompt investigation and decision in case of any dispute or challenge regarding the correctness of the county summary of ballots in any county:Provided, That no dispute of challenge shall be investigated unless it is brought to the attention of the State FSA office within 3 days after receipt by the FSA State office of the county summary of ballots from such county.

§ 1205.208 Disposition of ballots and records.

The FSA county office shall seal the voted ballots, challenged ballots found to be ineligible, spoiled ballots, register sheets, and summary sheets for the county in one or more envelopes or packages, plainly marked with the identification of the referendum, the date and the names of the county and State, and place them under lock and key in a safe place under the custody of the FSA county office for a period of 45 days after the referendum period. If no notice to the contrary is received by the end of such time, and after the ballots and other records have been examined by a representative of the State FSA office, the voted ballots and challenged ballots shall be destroyed, but the registers and county summary sheets shall be filed for a period of 5 years in the office of the FSA county office.

§ 1205.209 Confidential information.

(a) The ballots cast or the manner in which any person voted and all information furnished to, compiled by, or in the possession of the referendum agent shall be regarded as confidential.
(b) The ballots and other information or reports that reveal, or tend to reveal, the vote of any person covered under the Order and the voter list shall be strictly confidential and shall not be disclosed.

§ 1205.210 Additional instructions and forms.

AMS is hereby authorized to prescribe additional instructions and forms not inconsistent with the provisions of this subpart for the use of State and County FSA offices in conducting a referendum. Such additional instructions may include procedures for FSA county and State offices to report and announce the results of the preliminary count of the votes in the county and the State.

ASSESSMENTS

§ 1205.510 Levy of assessments.

(a) Producer assessments. An assessment of $1 per bale for cotton research and promotion is hereby levied on each bale of Upland cotton that is produced from cotton harvested and ginned except cotton consumed by any governmental agency from its own production. Such assessment shall be payable and collected only once on each bale.

(1) A supplemental assessment for cotton research and promotion in addition to the $1 per bale assessment provided for in paragraph (a) of this section, is hereby levied on each bale of Upland cotton harvested and ginned except cotton consumed by any governmental agency from its own production. The supplemental assessment rate shall be levied at the rate of five-tenths of one percent of:

(i) The current value of the cotton multiplied by the number of pounds of lint cotton or;

(ii) The current value of the cotton converted to a fixed amount per bale as reflected in the following assessment chart:

*Assessment is calculated on 5/10 of 1 percent of the midpoint of each 10¢ increment, based on a 500 lb. bale and converted to a fixed amount per bale.

(2) Each marketing year the collecting handler must select one of the two options for collecting the supplemental assessment as provided in paragraph (a)(1) of this section. The handler shall notify the Cotton Board as to the method selected at the time the handler files the first handler report each marketing year.

(b) Importer assessment. An assessment for cotton research and promotion of $1 per bale is hereby levied on each bale of cotton, or the bale equivalent thereof for cotton in cotton-containing products identified in the HTS conversion factor table in paragraph (b)(3) of this section and imported into the United States on or
after July 31, 1992. The $1 per bale assessment shall be converted to a fixed amount per kilogram to facilitate the U.S. Customs Service in collecting this assessment.

(1) A supplemental assessment for cotton research and promotion in addition to the $1 per bale assessment provided for in paragraph (b) of this section is hereby levied on each bale of cotton or bale equivalent of cotton in cotton-containing products, identified in this subpart, imported into the United States on or after July 31, 1992. The supplemental assessment shall be levied at the rate of five-tenths of one percent of the historical value of cotton as determined by the Secretary and expressed in paragraph (b)(2) of this section. The rate of the supplemental assessment on imported cotton will be the same as that levied on cotton produced within the United States. The supplemental assessment will be calculated as a fixed amount per kilogram and added to the $1 per bale or bale equivalent assessment to facilitate the Customs Service in collecting assessments.

(2) The 12-month average of monthly weighted average prices received by U.S. farmers will be calculated annually. Such weighted average will be used as the value of imported cotton for the purpose of levying the supplemental assessment on imported cotton and will be expressed in kilograms. The value of imported cotton for the purpose of levying this supplemental assessment is $1.0880 cents per kilogram.

(3) The following table contains Harmonized Tariff Schedule (HTS) classification numbers and corresponding conversion factors and assessments. The left column of the following table indicates the HTS classifications of imported cotton and cotton-containing products subject to assessment. The center column indicates the conversion factor for determining the raw fiber content for each kilogram of the HTS. HTS numbers for raw cotton have no conversion factor in the table. The right column indicates the total assessment per kilogram of the article assessed.

(i) Any line item entry of cotton appearing on Customs entry documentation in which the value of the cotton contained therein results in the calculation of an assessment of two dollars ($2.00) or less will not be subject to assessments as described in this section.

(ii) In the event that any HTS number subject to assessment is changed and such change is merely a replacement of a previous number and has no impact on the physical properties, description, or cotton content of the product involved, assessments will continue to be collected based on the new number.

(b) To apply for an exemption under this section, an eligible cotton producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before the beginning of the crop year as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(b) Each budget shall provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in this subpart.

(c) Subject to this section, any amendment or addition to an approved budget must be approved by the Department, including shifting funds from one program, plan, or project to another. Shifts of funds which do not cause an increase in the Board’s approved budget and which are consistent with governing bylaws need not have prior approval by the Department.

(d) The Board is authorized to incur such expenses, including provision for a reserve, as the Department finds reasonable and likely to be incurred by the Board for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Board.

(e) With approval of the Department, the Board may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Board. Any funds borrowed by the Board shall be expended only for start-up costs and capital outlays and are limited to the first year of operation of the Board.

(g) An additional charge shall be imposed on any person subject to a late payment charge in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed by the Department.

NATIONAL POTATO PROMOTION BOARD

§ 1207.320 Establishment and membership.

(a) There is hereby established a National Potato Promotion Board, hereinafter called the “Board”, composed of producers, importers, and a public member appointed by the Secretary. Producer members shall be appointed from nominations submitted by producers in the various States or groups of States pursuant to §1207.322. Importer members shall be appointed from nominations submitted by importers pursuant to §1207.322. The public member shall be nominated by Board members in such manner as recommended by the Board and approved by the Secretary, and shall be appointed by the Secretary.

(b) Producer membership upon the Board shall be determined on the basis of the potato production reported in the latest Crop Production Annual Summary Report issued by the Crop Reporting Board, U.S. Department of Agriculture. Unless the Secretary, upon recommendation of the Board, determines an alternate basis, there shall be one importer member position for each 5 million hundredweight, or major fraction thereof, of potatoes, potato product equivalents, and seed potatoes imported into the United States. Any State in which the potato producers fail to respond to an officially called nomination meeting may be combined with an adjacent State for the purpose of representation on the Board, in which case the Board’s producer member selected by the Secretary will represent both States, but such member’s voting power under §1207.325 shall not be increased.

(c) The number of importer member positions on the Board shall be based upon the total production within the new district or group of States.

(d) Should the Board fail to nominate a public member, the Secretary may appoint such member.

§ 1207.321 Term of office.

(a) The term of office of Board members shall be 3 years, beginning July 1, or such other beginning date as may be approved pursuant to regulations.

(b) The terms of office of the Board’s producer members shall be so determined that approximately one-third of the terms will expire each year. Importer and public member terms shall run concurrently. All members serving on the Board on the effective date of this amendment to the Plan shall continue serving the term to which they were appointed.

(c) Board members shall serve during the term of office for which they are selected and have qualified, and until their successors are selected and have qualified.

(d) No member shall serve for more than two full successive terms of office.

68
§ 1207.322 Nominations and appointment.

The Secretary shall select the producer, importer, and public members of the Board from nominations which may be made in the following manner.

(a) A meeting or meetings of producers shall be held in each State to nominate producer members for the Board. For nominations to the initial Board the meetings shall be announced by the U.S. Department of Agriculture. The Department may call upon other organizations to assist in conducting the meeting such as State and national organizations of potato producers. Such nomination meetings shall be held not later than 60 days after the issuance of this subpart. Any organization designated to hold such nomination meetings shall give adequate notice of such meetings to the potato producers affected; also to the Secretary so that a representative of the Secretary, if available, may conduct such meetings or act as secretary of such nomination meetings.

(b) After the establishment of the initial Board, the nominations for subsequent Board producer members shall be made by producers at meetings in the producing sections or States. The Board shall hold such meetings, or cause them to be held, in accordance with rules established pursuant to recommendation of the Board.

(c) Only producers may participate in designating producer nominees. Each producer is entitled to one vote only on behalf of himself, his partners, agents, subsidiaries, affiliates, and representatives for each position for which nominations are being held. If a producer is engaged in producing potatoes in more than one State, he shall elect the State in which he shall vote. In no event shall he vote in nominations in more than one meeting.

(d) The importer members shall be nominated by importers of potatoes, potato products and/or seed potatoes. The number of importer members on the Board shall be announced by the Secretary and shall not exceed five members. The Board may call upon organizations of potato, potato products and/or seed potato importers to assist in nominating importers for membership on the Board. If such organizations fail to submit nominees or are determined by the Board to not adequately represent importers, then the Board may conduct meetings of importers to nominate eligible importers for Board member positions. In determining if importer organizations adequately represent importers, the Board shall consider:

(1) How many importers belong to the association;

(2) What percentage of the total number of importers is represented by the association;

(3) Is the association representative of the potato, potato product, and seed potato import industry;

(4) Does the association speak for potato, potato product, and seed potato importers; and

(5) Other relevant information as may be warranted.

(e) The public member shall be nominated by the producer and importer members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of potatoes except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall prescribe such additional qualifications, administrative rules and procedures for selection and voting for each candidate as it deems necessary and the Secretary approves.

§ 1207.323 Acceptance.

Each person selected by the Secretary as a member of the Board shall qualify by filing a written acceptance with the Secretary promptly after being notified of such selection.

§ 1207.324 Vacancies.

To fill any vacancy caused by the failure of any person selected as a member of the Board to qualify, or in
§ 1207.325 Procedure.

(a) Each State (or district or group of States established pursuant to §1207.320) which has a member on the Board shall be entitled to not less than one vote for any production up to 1 million hundredweight, plus one additional vote for each additional 1 million hundredweight of production, or major fraction thereof, as determined by the latest crop production annual summary report issued by the Crop Reporting Board, U.S. Department of Agriculture. The casting of the votes for each State shall be determined by the members of the Board from that State.

(b) A majority of the Board members shall constitute a quorum and any action of the Board shall require a majority of concurring votes of those present and voting. At assembled meetings all votes shall be cast in person or by duly authorized proxy.

(c) For routine and noncontroversial matters which do not require deliberation and the exchange of views, and for matters of an emergency nature when there is not enough time to call an assembled meeting, the Board may act upon a majority of concurring votes of its members cast by mail, telegraph, or telephone. Any vote cast by telephone shall be confirmed promptly in writing.

§ 1207.326 Compensation and reimbursement.

Members of the Board shall serve without compensation but shall be reimbursed for reasonable expenses incurred by them in the performance of their duties as members of the Board.

(d) To develop programs and projects and to enter into contracts or agreements for the development and carrying out of programs or projects of research, development, advertising or promotion, and the payment of the costs thereof with funds collected pursuant to this plan;

(e) To keep minutes, books, and records which clearly reflect all of the acts and transactions of the Board. Minutes of each Board meeting shall be promptly reported to the Secretary;

(f) To cause the books of the Board to be audited by a certified public accountant at least once each fiscal period, and at such other time as the Board may deem necessary. The report of such audit shall show the receipt and expenditure of funds collected pursuant to this part. Two copies of each such report shall be furnished to the
Agricultural Marketing Service, USDA

§ 1207.342

Secretary and a copy of each such report shall be made available at the principal office of the Board for inspection by producers, handlers, and importers;

(i) To furnish the Secretary such information as he may request.

(j) To prepare and submit to the Secretary such reports from time to time as may be prescribed by the Secretary for appropriate accounting with respect to the receipt and disbursement of funds entrusted to the Board; and

Research and Promotion

§ 1207.335 Research and promotion.

The Board shall develop and submit to the Secretary for approval any programs or projects authorized in this section. Such programs or projects shall provide for:

(a) The establishment, issuance, effectuation and administration of appropriate programs or projects for the advertising and promotion of potatoes and potato products: Provided, however, That any such program or project shall be directed toward increasing the general demand for potatoes and potato products;

(b) Establishing and carrying on research and development projects and studies to the end that the marketing and utilization of potatoes may be encouraged, expanded, improved, or made more efficient: Provided, That quality control, grade standards and supply management programs shall not be conducted under, or as a part of, this plan; and

(c) The development and expansion of potato and potato product sales in foreign markets.

(d) No advertising or promotion program shall make any reference to private brand names or use false or unwarranted claims in behalf of potatoes or their products or false or unwarranted statements with respect to the attributes or use of any competing products.

Expenses and Assessments

§ 1207.341 Budget and expenses.

(a) At the beginning of each fiscal period, or as may be necessary thereafter, the Board shall prepare and recommend a budget on a fiscal period basis of its anticipated expenses and disbursements in the administration of this plan, including probable costs of research, development, advertising, and promotion. The Board shall also recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in §1207.344.

(b) The Board is authorized to incur such expenses for research, development, advertising, or promotion of potatoes and potato products, such other expenses for the administration, maintenance, and functioning of the Board, and any referendum and administrative costs incurred by the Department of Agriculture as are approved pursuant to §1207.361.

[37 FR 5008, Mar. 9, 1972, as amended at 49 FR 20806, May 17, 1984]

§ 1207.342 Assessments.

(a) The funds to cover the Board’s expenses shall be acquired by the levying of assessments upon handlers and importers as designated in regulations recommended by the Board and issued by the Secretary. Such assessments shall be levied at a rate fixed by the Secretary which shall not exceed one-half of one per centum of the immediate past ten calendar years United States average price received for potatoes by growers as reported by the Department of Agriculture and not more than one such assessment may be collected on any potatoes.

(b) Each designated handler, as specified in regulations, shall pay assessments to the Board on all potatoes handled by him, including potatoes he produced. Assessments shall be paid to the Board at such time and in such manner as the Board shall direct pursuant to regulations issued hereunder. The designated handler may collect the
assessments from the producer, or deduct such assessments from the proceeds paid to the producer on whose potatoes the assessments are made, provided he furnishes the producer with evidence of such payment.

(c) The importer of imported potatoes, potato products, or seed potatoes shall pay the assessment to the Board at the time of entry, or withdrawal, for consumption of such potatoes and potato products into the United States.

(d) The assessment on imported tablestock potatoes and frozen or processed potato products for ultimate consumption by humans and on seed potatoes shall be established by the Board so that the effective assessment shall be equal to that on domestic production.

(e) The Board may authorize other organizations to collect assessments in its behalf.

(f) The Board may exempt potatoes used for nonfood purposes, other than seed, from the provisions of this plan and shall establish adequate safeguards against improper use of such exemptions.

§ 1207.350 Reports.

(a) Each designated handler shall maintain a record with respect to each producer for whom he handled potatoes and for potatoes handled which he himself produced. He shall report to the Board at such times and in such manner as it may prescribe by regulations such information as may be necessary for the Board to perform its duties under this part. Such reports may include, but shall not be limited to, the following:

1. Total quantity of potatoes handled for each producer and for himself, including those which are exempt under the plan;
2. Total quantity of potatoes handled for each producer and for himself subject to the plan and assessments, and
3. Name and address of each person from whom he collected an assessment, the amount collected from each person, and the date such collection was made.

(b) Each importer shall report to the Board at such times and in such manner as it may prescribe such information as may be necessary for the Board to perform its duties under this part.

§ 1207.351 Books and records.

Each handler or importer subject to this part shall maintain and make available for inspection by authorized employees of the Board and the Secretary such books and records as are appropriate and necessary to carry out the provisions of this Plan and the regulations issued thereunder, including such records as are necessary to verify any reports required. Such records shall be maintained for at least 2 years beyond the marketing year of their applicability.

§ 1207.352 Confidential treatment.

All information obtained from books, records, or reports required pursuant to this part shall be kept confidential by all employees of the Department of Agriculture and of the Board, and by all contractors and agents retained by the Board, and only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or upon the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this Plan. Nothing in this section shall be deemed to prohibit:

All fiscal matters, programs or projects, rules or regulations, reports, or other substantive action proposed and prepared by the Board shall be submitted to the Secretary for his approval.

(a) The Secretary shall, whenever he finds that this plan or any provision thereof obstructs or does not tend to effectuate the declared policy of the act, terminate or suspend the operation of this plan or such provision thereof.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of the Board or of 10 percent or more of the potato producers and importers to determine whether potato producers and importers favor termination or suspension of this plan. The Secretary shall suspend or terminate such plan at the end of the marketing year whenever the Secretary determines that its suspension or termination is favored by a majority of the potato producers and importers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production or importation of potatoes or potato products, and who produced or imported more than 50 percent of the volume of the potatoes or potato products produced or imported by the producers and importers voting in the referendum.

§ 1207.363 Proceedings after termination.

(a) Upon the termination of this plan, the Board shall recommend not more than five of its members to the Secretary to serve as trustees for the purpose of liquidating the affairs of the Board. Such persons, upon designation by the Secretary, shall become trustees of all funds and property then in the possession or under control of the Board including claims for any funds unpaid or property not delivered or any other claim existing at the time of such termination.

(b) The said trustees shall (1) continue in such capacity until discharged by the Secretary; (2) carry out the obligations of the Board under any contracts or agreements entered into by it pursuant to this plan; (3) account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and of the trustees, to such person or persons as the Secretary may direct; and (4) upon the request of the Secretary execute such assignments or other instruments necessary or appropriate to vest in such person or persons full title and right to all of the funds, property, and claims vested in the Board of the trustees pursuant to this section.

(d) A reasonable effort shall be made by the Board or its trustees to return to producers and importers any residual funds not required to defray the necessary expenses of liquidation. If it is found impractical to return such remaining funds to producers and importers, such funds shall be disposed of in such manner as the Secretary may determine to be appropriate.

§ 1207.364 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this plan or of any regulation issued pursuant thereto, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this plan or any regulation issued thereunder, or (b) release or extinguish any violation of this plan or any regulation issued thereunder, or (c) affect or impair any rights or remedies of the United States, or of the Secretary, or of any other person, with respect to any such violation.

(4) No assessments shall be levied on otherwise assessable potatoes which are contained in imported products wherein potatoes are not a principal ingredient.

(c) Potatoes and potato products used for nonhuman food purposes, other than seed, are exempt from assessment but are subject to the disposition of exempted potatoes provisions of §1207.515 of this subpart.

(d) No more than one such assessment shall be made on any potatoes or potato products.

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments
shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(8), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer’s field or storage for the purpose of preparing such potatoes for market or for transporting such potatoes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise handles such potatoes. The first person who acquires seed potatoes from the producer thereof for subsequent disposition other than planting by said person shall be the designated handler of such potatoes. However, the seed producer will be the designated handler responsible for filing reports and making payments, unless he can show that the first person who obtained the potatoes from him disposed of them other than by planting. To show this the seed producer must submit to the Potato Board the name and address of the first person who obtained the potatoes from him and an invoice of sale or settlement sheet on which it is indicated that such person will be the designated handler.
§ 1207.513 Payment of assessments.

(a) Time of payment. The assessment on domestically produced potatoes shall become due at the time a determination of assessable potatoes is made in the normal handling process, pursuant to §1207.511. If no determination is made of the utilization of a lot, assessments shall be due on the entire lot when it enters the current of commerce. The assessment on imported potatoes, potato products, and seed potatoes shall become due at the time of entry, or withdrawal, for consumption into the United States.

(b) Responsibility for payment. (1) The designated handler is responsible for payment of the assessment on domestically produced potatoes. He may pay with no reimbursement from the producer. In the alternative, he may collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose potatoes the assessment is made, provided he furnishes the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable by the handler to the Board. Failure of the handler to collect or deduct such assessment does not relieve the handler of his obligation to remit the assessment to the Board.

(2) The Customs Service shall collect payment of assessment on imported potatoes, potato products, and seed potatoes from importers and forward such assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment directly to the Board at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) Payment directly to the Board. (1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report preferably on Board forms thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to §1207.511.

(3) Designated handlers who collect assessments from producers or withhold assessments from their accounts or pay the assessment themselves shall also include a list of all such producers whose potatoes were handled during the period, their addresses and the

Examples. A cooperative marketing association, or other person, who makes an accounting to the producer, or pay the proceeds of the sale to the producer would be the designated handler responsible for the assessment.

If no determination is made of the utilization of a lot, assessments shall be due on the entire lot when it enters the current of commerce. The assessment on imported potatoes, potato products, and seed potatoes shall become due at the time of entry, or withdrawal, for consumption into the United States.

(b) Any person who handles potatoes for a producer thereof under oral or written contract or agreement providing for the sale thereof shall be the designated handler for such potatoes, notwithstanding the fact that the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

(c) Any processor who purchases potatoes from the producer thereof shall be the designated handler even though the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

Failure of the handler to collect or deduct such assessment does not relieve the handler of his obligation to remit the assessment to the Board.

(2) The Customs Service shall collect payment of assessment on imported potatoes, potato products, and seed potatoes from importers and forward such assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment directly to the Board at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) Payment directly to the Board. (1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report (preferably on Board forms) thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to §1207.511.

total assessable quantities handled for each such producer.

(i) In lieu of such a list, the designated handler may substitute authentic copies of settlement sheets given to each producer provided such settlement sheets contain all the information listed above.

(ii) The words “final report” shall be shown on the last report at the close of his marketing season or at the end of each fiscal period if such handler markets potatoes on a year-round basis.

(4) Prepayment of assessment: (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit designated handlers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable potatoes. Such procedure may be permitted when it is considered by the designated handler to be the more practical method of payment.

(ii) Persons using such procedure shall provide a final annual accounting of actual handling and assessments.

(iii) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) Payment through cooperating agency. The Board may authorize other organizations to collect assessments in its behalf. In any State or area in which the Board has negotiated an agreement to collect assessments with an agency such as a State Potato Commission or a Potato Association approved by the Secretary, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such an agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers; to qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided, it may acquire such evidence from individual designated handlers.

(1) All such agreements are subject to the requirement of §1207.352 Confidential treatment, of the plan, the provisions of section 310(c) of the Act, and all applicable rules and regulations and financial safeguards in effect under the Act and the plan; and all affected persons shall agree to, and conduct their operations and activities in accordance with, such requirements.

(2) [Reserved]

§1207.514 Exemption for organic potatoes.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (b) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.
§ 1207.515  
(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells potatoes. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic potatoes, potato products, and seed potatoes—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic potatoes, potato products, and seed potatoes bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(b) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

§ 1207.515  
Safeguards.

The Board may require reports by designated handlers and importers on the handling, importation, and disposition of exempted potatoes. Also, authorized employees of the Board or the Secretary, may inspect such books and records as are appropriate and necessary to verify the reports on such disposition.

(b) Such records as are necessary to verify such reports.

§ 1207.533  
Availability of records.

(a) Each handler and importer required to make reports pursuant to this subpart shall make available for inspection by authorized employees of the Board or the Secretary during regular business hours, such records as are appropriate and necessary to verify reports required under this subpart.

(b) Importers shall also maintain for 2 years records on the total quantities of potatoes imported and on the total quantities of potato products imported, and a record of each importation of potatoes, potato products, and seed potatoes including quantity, date, and port of entry, and shall make such records available for inspection by authorized employees of the Board or the Secretary during regular business hours.

In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers by the Secretary.

(b) Nominations shall be made at regional caucuses of producers or importers, or by mail ballot as provided in paragraph (e), in accordance with procedures prescribed in this section.

(c) Except for initial Council members, whose nomination process will be initiated by the Secretary, the Council shall issue a call for nominations by February 1 of each year in which nominations for an appointment to the Council is to be made. The call shall include, at a minimum, the following information:

(1) A list by region of the vacancies for which nominees may be submitted and qualifications as to producers and importers.

(2) The date by which the names of nominees shall be submitted to the Secretary for consideration to be in compliance with paragraph (a) of this section.

(3) A list of those States, by region, entitled to participate in the nomination process.

(4) The date, time, and location of any next scheduled meeting of the Council, and national and State producer or importer associations, if known, and of the regional caucuses, if any.

(d)(1) Except as provided in paragraph (e), nominations for each position shall be made by regional caucus in the region entitled to nominate for such position. Notice of such caucus shall be publicized to all producers or importers within the region, and to the Secretary, at least 30 days prior to the caucus. The notice shall have attached to it the call for nominations from the Council and the Department’s equal opportunity policy. Except with respect to nominations for the initial appointments to the Council, the responsibility for convening and publicizing the regional caucus shall be that of the Council.

(2) All producers or importers within the region may participate in the caucus. However, if a producer is engaged in the production of mushrooms in more than one region or is also an importer, such person’s participation within a region shall be limited to one vote and shall only reflect the volume of such person’s production or imports within the applicable region.

(3) The regional caucus shall conduct the selection process for the nominees in accordance with procedures to be adopted at the caucus subject to the following requirements:

(i) There shall be two individuals nominated for each open position.

(ii) Each nominee shall meet the qualifications set forth in the call.

(iii) If a producer nominee is engaged in the production of mushrooms in
§ 1209.32 Acceptance.

Each individual nominated for membership on the Council shall qualify by filing a written acceptance with the Secretary at the time of nomination.

§ 1209.33 Appointment.

From the nominations made pursuant to §1209.31, the Secretary shall appoint the members of the Council on the basis of representation provided for in §1209.30, except that no more than one member may be appointed to the Council from nominations submitted by any one producer or importer.

§ 1209.34 Term of office.

(a) The members of the Council shall serve for terms of three years, except that the members appointed to the initial Council shall serve, proportionately, for terms of one, two, and three years.

(b) Members of the initial Council shall be designated for, and shall serve, terms as follows: One producer member each from regions 1, 2 and 3 shall be appointed for an initial term of one year; one producer member each from regions 1, 2, and 3 shall be appointed for an initial term of two years; and one producer member each from regions 2, 3, and 4 shall be appointed for an initial term of three years. Because current imports of fresh mushrooms are less than 35,000,000 pounds, the minimum established for representation on the
Council, importers will not initially have a member appointed to the Council.

(c)(1) Except with respect to terms of office of the initial Council, the term of office for each member of the Council shall begin on January 1 or such other date that may be approved by the Secretary.

(2) The term of office for the initial Council shall begin immediately following appointment by the Secretary, except that time in the interim period from appointment until the following January 1, or such other date that is the generally applicable beginning date for terms under paragraph (c)(1) approved by the Secretary, shall not count toward the initial term of office.

(d) Council members shall serve during the term of office for which they are appointed and have qualified, and until their successors are appointed and have qualified.

(e)(1) No member shall serve more than two successive three-year terms, except as provided in paragraph (e)(2)(i).

(2)(i) Those members serving initial terms of two or three years may serve one successive three-year term.

(ii) Those members serving initial terms of one year may serve two successive three-year terms.

(a) To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Council, the Secretary may appoint a successor from the most recent nominations submitted for open positions on the Council assigned to the region that the vacant position represents, or the Secretary may obtain nominees to fill such vacancy in such manner as the Secretary, by regulation, deems appropriate. Each such successor appointment shall be for the remainder of the term vacated. A vacancy will not be required to be filled if the unexpired term is less than six months.

(b)(1) No successor appointed to a vacant term of office shall serve more than two successive three-year terms on the Council, except as provided in paragraph (b)(2)(i).

(2)(i) Any successor serving longer than one year may serve one successive three-year term.

(ii) Any successor serving one year or less may serve two successive three-year terms.

(c) If a member of the Council consistently refuses to perform the duties of a member of the Council, or if a member of the Council is known to be engaged in acts of dishonesty or willful misconduct, the Council may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Council shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Council, a member may be removed by the Secretary upon showing of adequate cause, including the failure by a member to submit reports or remit assessments required under this part, if the Secretary determines that such member’s continued service would be detrimental to the achievement of the purposes of the Act.

§ 1209.36 Procedure.

(a) At a properly convened meeting of the Council, a majority of the members shall constitute a quorum.

(b) Each member of the Council will be entitled to one vote on any matter put to the Council, and the motion will carry if supported by a simple majority of those voting. At assembled meetings of the Council, all votes will be cast in person.

(c) In lieu of voting at a properly convened meeting and, when in the opinion of the chairperson of the Council such action is considered necessary, the Council may take action upon the concurring votes of a majority of its members by mail, telephone, telegraph, or any other means of communication, but any such action shall be confirmed promptly in writing. In that event, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a properly convened meeting of the Council. All votes shall be recorded in Council minutes.

(d) Meetings of the Council may be conducted by electronic communications, provided that each member is
§ 1209.37 Compensation and reimbursement.

The members of the Council shall serve without compensation but shall be reimbursed for necessary and reasonable expenses, including a reasonable per diem allowance, as approved by the Council and the Secretary, incurred by such members in the performance of their responsibilities under this subpart.

§ 1209.38 Powers.

The Council shall have the following powers:

(a) To receive and evaluate or, on its own initiative, develop and budget for proposed programs, plans, or projects to promote the use of mushrooms, as well as proposed programs, plans, or projects for research, consumer information, or industry information, and to make recommendations to the Secretary regarding such proposals;

(b) To administer the provisions of this subpart in accordance with its terms and provisions;

The Council shall not contract with any producer or importer for the purpose of mushroom promotion or research. The Council may lease physical facilities from a producer or importer for such promotion or research, if such an arrangement is determined to be cost effective by the Council and approved by the Secretary. Any contract or agreement shall provide that:

(1) The contractor or agreeing party shall develop and submit to the Council a program, plan, or project together with a budget or budgets that shall show the estimated cost to be incurred for such program, plan, or project;

(2) Any such program, plan, or project shall become effective upon approval of the Secretary;

(3) The contracting or agreeing party shall keep accurate records of all of its transactions and make periodic reports to the Council of activities conducted, submit accountings for funds received and expended, and make such other reports as the Secretary or the Council may require; and the Secretary may audit the records of the contracting or agreeing party periodically; and

§ 1209.40 Programs, plans, and projects.

(a) The Council shall receive and evaluate, or on its own initiative develop, and submit to the Secretary for approval any program, plan, or project authorized under this subpart. Such programs, plans, or projects shall provide for:
§ 1209.50 Budget and expenses.

(a)(1) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the Council shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(i) A statement of objectives and strategy for each program, plan, or project;

(ii) A summary of anticipated revenue, with comparative data for at least one preceding year;

(iii) A summary of proposed expenditures for each program, plan, or project; and

(iv) Staff and administrative expense breakdowns, with comparative data for at least one preceding year.

Each budget shall include a rate of assessment for such fiscal year calculated, subject to §1209.51(b), to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in paragraph (f).

The Council may change such rate at any time, as provided in §1209.51(b)(5).

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the Council shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Council to ensure that it contributes to an effective program of promotion, research, consumer information, or industry information. If it is found by the Council that any such program, plan, or project does not contribute to an effective program of promotion, research, consumer information, or industry information, then the Council shall terminate such program, plan, or project.

(d) In carrying out any program, plan, or project, no reference to a brand name, trade name, or State or regional identification of any mushrooms or mushroom product shall be made. In addition, no program, plan, or project shall make use of unfair or deceptive acts or practices with respect to the quality, value, or use of any competing product.

EXPENSES AND ASSESSMENTS
(d) The Council may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the Council shall retain complete control of their use. The donor may recommend that the whole or a portion of the contribution be applied to an ongoing program, plan, or project.

(e) The Council shall reimburse the Secretary, from funds received by the Council, for administrative costs incurred by the Secretary in implementing and administering this subpart, except for the salaries of Department employees incurred in conducting referenda.

(f) The Council may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in any reserve so established, except that the funds in the reserve shall not exceed approximately one fiscal year’s expenses. Such reserve funds may be used to defray any expenses authorized under this subpart.

§ 1209.51 Assessments.

(a) Any first handler initially purchasing, or otherwise placing into the current of commerce, mushrooms produced in the United States shall, in the manner as prescribed by the Council and approved by the Secretary, collect an assessment based upon the number of pounds of mushrooms marketed in the United States for the account of the producer, and remit the assessment to the Council.

(b) The rate of assessment effective during any fiscal year shall be the rate specified in the budget for such fiscal year approved by the Secretary, except that:

(1) The rate of assessment during the first year this subpart is in effect shall be one-quarter of one cent per pound of mushrooms marketed, or the equivalent thereof.

(2) The rate of assessment during the second year this subpart is in effect shall not exceed one-third of one cent per pound of mushrooms marketed, or the equivalent thereof.

(4) The rate of assessment during each of the fourth and following years this subpart is in effect shall not exceed one cent per pound of mushrooms marketed, or the equivalent thereof.

(5) The Council may change the rate of assessment for a fiscal year at any time with the approval of the Secretary as necessary to reflect changed circumstances, except that any such changed rate may not exceed the level of assessment specified in paragraphs (b)(1), (2), (3), or (4), whichever is applicable.

(c) Any person marketing mushrooms of that person’s own production to consumers in the United States, either directly or through retail or wholesale outlets, shall be considered a first handler and shall remit to the Council an assessment on such mushrooms at the rate per-pound then in effect, and in such form and manner prescribed by the Council.

(d) Only one assessment shall be paid on each unit of mushrooms marketed.

(e)(1) Each importer of mushrooms shall pay an assessment to the Council on mushrooms imported for marketing in the United States, through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(5) Only one assessment shall be paid on each unit of mushrooms imported.

(f) The collection of assessments under this section shall commence on all mushrooms marketed in or imported into the United States on or after the date established by the Secretary, and shall continue until terminated by the Secretary. If the Council is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive assessments on behalf of the Council and may hold such assessments until the Council is constituted, then remit such assessments to the Council.

(g)(1) Each person responsible for remitting assessments under paragraphs (a), (c), or (e) shall remit the amounts due from assessments to the Council on a monthly basis no later than the fifteenth day of the month following the month in which the mushrooms were marketed, in such manner as prescribed by the Council.

(2)(i) A late payment charge shall be imposed on any person that fails to remit to the Council the total amount for which the person is liable on or before the payment due date established under this section. The amount of the late payment charge shall be prescribed in rules and regulations as approved by the Secretary.

(ii) An additional charge shall be imposed on any person subject to a late payment charge, in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed in rules and regulations as approved by the Secretary.

(3) Any assessment that is determined to be owing at a date later than the payment due date established under this section, due to a person’s failure to submit a report to the Council by the payment due date, shall be considered to have been payable on the payment due date. Under such a situation, paragraphs (g)(2)(i) and (g)(2)(ii) of this section shall be applicable.

(h) The Council, with the approval of the Secretary, may enter into agreements authorizing other organizations to collect assessments in its behalf. Any such organization shall be required to maintain the confidentiality of such information as is required by the Council for collection purposes. Any reimbursement by the Council for such services shall be based on reasonable charges for services rendered.

(i) The Council is hereby authorized to accept advance payment of assessments for the fiscal year by any person, that shall be credited toward any amount for which such person may become liable. The Council shall not be obligated to pay interest on any advance payment.

§ 1209.235 Mail balloting.

(a) After the initial regional caucuses, the Council may conduct nominations of individuals as candidates for appointment to the Council by mail ballot in lieu of a regional caucus.

(b)(1) In the event of a mail ballot, all qualified individuals in a region interested in serving as a member on the Council or persons who are interested in nominating an individual to serve on the Council shall submit to the Council in writing such information as name, mailing address, number of pounds of mushrooms produced or imported, or such other information as may be required, in order to place such individual on the ballot.

(2) Notice of mail balloting to nominate candidates for a position on the Council shall be publicized by the Council to producers or importers in the region involved, and to the Secretary, at least 120 days before the region’s nominee ballot is issued.

(c) Once proposed nominations have been submitted from the applicable region, the Council shall cause each proposed nomination, if the individual qualifies, to be placed on the region’s nominee ballot. The Council then shall mail a ballot to each known producer or importer within the region.

(d) Distribution of ballots shall be announced by press releases, furnishing pertinent information on balloting, issued by the Council through newspapers and other publications having general circulation among producers in the mushroom producing areas involved or among mushroom importers.

(e) Each producer or importer shall cast a ballot for each open position on the Council assigned to the region in accordance with the procedures prescribed in §1209.31 of this part. The completed ballot must be returned to the Council or its designee within 30 days after the ballot is issued.

(f) Within 45 days after a mail ballot is issued, the Council shall validate the ballots cast, tabulate the votes, and provide the Secretary with the results of the vote and the identification of the region’s two nominees for each open position on the Council.

(g) The Council shall provide nominees with qualification statements and other specified information. Each nominee selected in the mail ballot will be contacted by the Council and

asked to forward such completed documentation to the Council within 14 days of such notification.

§ 1209.237 Appointment.

If an employee, partner, officer, or shareholder of a producer or importer is a current member of the Council, no nominee who is also an employee, partner, officer, or shareholder of such producer or importer shall be appointed to the Council. A Council member shall be disqualified from serving on the Council if such individual ceases to be affiliated with a producer or importer within the region the Council member represents.

GENERAL

§ 1209.239 Financial statements.

(a) As requested by the Secretary, the Council shall prepare and submit financial statements to the Secretary on a periodic basis. Each such financial statement shall include, but not be limited to, a balance sheet, income statement, and expense budget. The expense budget shall show expenditures during the time period covered by the report, year-to-date expenditures, and the unexpended budget. (b) Each financial statement shall be submitted to the Secretary within 30 days after the end of the time period to which it applies.

(c) The Council shall submit annually to the Secretary an annual financial statement within 90 days after the end of the fiscal year to which it applies.

ASSESSMENTS

§ 1209.251 Payment of assessments.

(a) Each first handler responsible for collecting assessments on domestic mushrooms shall collect the amounts assessed and remit such amounts to the Council on a monthly basis not later than the fifteenth day of the month following the month in which the mushrooms were marketed by the producer.

(b) Each first handler responsible for collecting assessments on domestic mushrooms shall collect the amounts assessed and remit such amounts to the Council on a monthly basis not later than the fifteenth day of the month following the month in which the mushrooms were marketed by the producer.

(c) Each importer shall be responsible for remittance to the Council of any assessment amount not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. Any such assessment amount shall be remitted to the Council on a monthly basis not later than the fifteenth day of the month following the month of entry or withdrawal for consumption into the United States. Any person who imports mushrooms, as principal or as an agent, broker, or consignee for any person who produces mushrooms outside the United States for marketing in the United States shall be considered an importer.

(d) Remittance shall be by check, draft, or money order payable to the Mushroom Council, and shall be accompanied by a report, on a form provided by the Council.

(e) A late payment charge shall be imposed on any first handler or importer who fails to make timely remittance to the Council of the total assessment amount for which the person is liable. Such late payment charge shall be imposed on any assessments not received by the last day of the month following the month in which the mushrooms involved were marketed or, in the case of imports, not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 15 days after the end of the month such assessments are due.

(f) In addition to the late payment charge, interest shall be charged at a rate of one and one-half percent per month on the outstanding balance, including the late payment charge and any accrued interest, of any account that remains delinquent beyond the last day of the second month following the month the mushrooms involved were marketed. However, first handlers
(a) Types of exemptions and requirements. (1) Any person who produces or imports, on average, 500,000 pounds or less of mushrooms annually and who desires to claim an exemption from assessments during a fiscal year shall apply to the Council, on a form provided by the Council, for a Certificate of Exemption. The producer or importer shall certify that the person’s production or importation of mushrooms shall not exceed 500,000 pounds, on average, for the fiscal year for which the exemption is claimed. An average shall be calculated by averaging a person’s estimated production or importation for the fiscal year for which an exemption is claimed with the person’s production or importation in the preceding fiscal year.

(2) To apply for an exemption for organic mushrooms:

(i) An eligible mushroom producer shall submit a request for exemption to the Council—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(ii) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Council and with the approval of the Secretary.

(iii) If the producer complies with the requirements of §1209.52 (a)(2), the Council will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Council will have 60 days to approve the exemption request; after August 15, 2005, the Council will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.
(iv) An eligible importer may submit documentation to the Council and request an exemption from assessment on 100 percent organic mushrooms—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers. If the importer complies with the requirements of this section, the Council will grant the exemption and issue a Certificate of Exemption to the importer. The Council will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic mushrooms bearing this HTS classification assigned by the Council will not be subject to assessments.

(v) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(vi) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(b) On receipt of an application, the Council shall determine whether an exemption may be granted. The Council then will issue, if deemed appropriate, a certificate of exemption to each person that is eligible to receive one. Each person who is exempt from assessment must provide an exemption number to the first handler in order not to be subject to collection of an assessment on mushrooms. First handlers and importers, except as otherwise authorized by the Council, shall maintain records showing the exemptee’s name and address along with the exemption number assigned by the Council. Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the Council for reimbursement of such assessments paid.

(c) Any person who desires to renew the exemption from assessments for a subsequent fiscal year shall reapply to the Council, on a form provided by the Council, for a certificate of exemption.

(d) The Council may require persons receiving an exemption from assessments to provide to the Council reports on the disposition of exempt mushrooms.

§ 1209.300 General.

A referendum to determine whether eligible producers and importers favor the amendment, continuation, suspension, or termination of the Mushroom Promotion, Research, and Consumer Information Order shall be conducted in accordance with these procedures.

§ 1209.301 Definitions.

Unless otherwise defined below, the definition of terms used in these procedures shall have the same meaning as the definitions in the Order.

(a) Administrator means the Administrator of the Agricultural Marketing Service, with power to delegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator's stead.

(b) Order means the Mushroom Promotion, Research, and Consumer Information Order, including an amendment to the Order.

(c) Referendum agent or agent means the individual or individuals designated by the Secretary to conduct the referendum.

(d) Representative period means the period designated by the Secretary.

(e) Person means any individual, group of individuals, partnership, corporation, association, cooperative, or any other legal entity. For the purpose of this definition, the term “partnership” includes, but is not limited to:

(1) A husband and wife who have title to, or leasehold interest in, mushroom production facilities and equipment as tenants in common, joint tenants, tenants by the entirety, or, under community property laws, as community property, and

(2) So-called “joint ventures”, wherein one or more parties to the agreement, informal or otherwise, contributed capital and others contributed labor, management, equipment, or other services, or any variation of such contributions by two or more parties so that it results in the production or importation of fresh mushrooms and the authority to transfer title to the mushrooms so produced or imported.

(f) Eligible producer means any person or entity defined as a producer who produces, on average, over 500,000 pounds annually of fresh mushrooms during the representative period and who:

(1) Owns or shares in the ownership of mushroom production facilities and equipment resulting in the ownership of the mushrooms produced;

(2) Rents mushroom production facilities and equipment but does not manage them and, as compensation, obtains the ownership of a portion of the mushrooms produced;

(3) Owns mushroom production facilities and equipment but does not manage them and, as compensation, obtains the ownership of a portion of the mushrooms produced;

(4) Is a party in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms who share the risk of loss and receive a share of the mushrooms produced. No other acquisition of legal title to mushrooms shall be deemed to result in persons becoming eligible producers.

(g) Eligible importer means any person or entity defined as an importer who imports, on average, over 500,000 pounds annually of fresh mushrooms during the representative period. Importation occurs when commodities originating outside the United States are entered or withdrawn from the U.S. Customs Service for consumption in the United States. Included are persons who hold title to foreign-produced mushrooms immediately upon release by the U.S. Customs Service, as well as any persons who act on behalf of others, as agents or brokers, to secure the release of mushrooms from the U.S. Customs Service when such mushrooms are entered or withdrawn for consumption in the United States.

§ 1209.302 Voting.

(a) Each person who is an eligible producer or importer, as defined in this
subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer’s share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity may cast a ballot on behalf of such producer or importing entity. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity, and that such individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) Ballots are to be cast by mail or fax.

§ 1209.303 Instructions.

The referendum agent shall conduct the referendum, in the manner herein provided, under the supervision of the Administrator. (2) The total volume of mushrooms produced by the voting producer during the representative period; and

(3) The total volume of mushrooms imported by the voting importer during the representative period.

(c) Give reasonable advance public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the dates, places, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as the agent may deem advisable.

(d) Mail to eligible producers and importers, whose names and addresses are known to the referendum agent, the instructions on voting, a ballot, and a summary of the terms and conditions of the Order. No person who claims to be eligible to vote shall be refused a ballot.

(e) Collect and safeguard ballots received by fax.

(f) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results.

(g) Prepare a report on the referendum.

(h) Prepare an announcement of the results for the public.

§ 1209.304 Subagents.

The referendum agent may appoint any individual or individuals deemed necessary or desirable to assist the agent in performing such agent’s functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1209.305 Ballots.

The referendum agent and subagents shall accept all ballots cast; but, should they, or any of them, deem that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.
§ 1209.306 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1209.307 Confidential information.

The ballots and other information or reports that reveal, or tend to reveal, the identity or vote of any person covered under the Act shall be held confidential and shall not be disclosed.

NATIONAL WATERMELON PROMOTION BOARD

§ 1210.320 Establishment and membership.

(a) There is hereby established a National Watermelon Promotion Board, hereinafter called the “Board.” The Board shall be composed of producers, handlers, importers, and one public representative appointed by the Secretary. An equal number of producer and handler representatives shall be nominated by producers and handlers pursuant to §1210.321. The Board shall also include one or more representatives of importers, who shall be nominated in such manner as may be prescribed by the Secretary. The public representative shall be nominated by the Board members in such manner as may be prescribed by the Secretary. If producers, handlers, and importers fail to select nominees for appointment to the Board, the Secretary may appoint persons on the basis of representation as provided in §1210.324. If the Board fails to adhere to procedures prescribed by the Secretary for nominating a public representative, the Secretary shall appoint such representative.

(b) Membership on the Board shall be determined on the basis of two handler and two producer representatives for each of seven districts in the contiguous States of the United States. Such districts as hereby established have approximately equal production volume according to the three-year average production as set forth in the USDA Crop Production Annual Summary Reports for 1979, 1980, and 1981. They are:

District #1—South Florida including all areas south of State Highway 50.
District #2—North Florida including all areas north of State Highway 50.
District #3—The States of Alabama and Georgia.
District #4—The States of South Carolina, North Carolina, Virginia, Delaware, Maryland, West Virginia, Pennsylvania, New Jersey, New York, Ohio, Michigan, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, and Maine.

District #6—The State of Texas.

(c) After two years, the Board shall review the districts to determine whether realignment of the districts is necessary and at least every five years thereafter the Board shall make such a review. In making such review, it shall give consideration to:

(1) The most recent three years USDA production reports or Board assessment reports if USDA production reports are unavailable;
(2) Shifts and trends in quantities of watermelon produced, and
(3) Other relevant factors.

As a result of this review, the Board may realign the districts subject to the approval of the Secretary. Any such realignment shall be recommended by the Board to the Secretary at least six months prior to the date of the call for nominations and shall become effective at least 30 days prior to such date.

(d) Importer representation on the Board shall be proportionate to the percentage of assessments paid by importers to the Board, except that at
least one representative of importers shall serve on the Board.

(e) Not later than 5 years after the date that importers are subject to the Plan, and every 5 years thereafter, the Secretary shall evaluate the average annual percentage of assessments paid by importers during the 3-year period preceding the date of the evaluation and adjust, to the extent practicable, the number of importer representatives on the Board.

(f) The Board consists of 14 producers, 14 handlers, at least one importer, and one public member appointed by the Secretary.

The notice shall have attached to it the call for nominations from the Board. The responsibility for convening and publicizing the district convention shall be that of the then members of the Board from that district.

(d) Nominations for importer positions that become vacant may be made by mail ballot, nomination conventions, or by other means prescribed by the Secretary. The Board shall provide notice of such vacancies and the nomination process to all importers through press releases and any other available means as well as direct mailing to known importers. All importers may participate in the nomination process: Provided. That a person who both imports and handles watermelons may vote for importer members and serve as an importer member if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

(e) All producers and handlers within the district may participate in the convention: Provided. That a person that produces and handles watermelons may vote for handler members only if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production; or the combined total volume of watermelon handled by the producer from the producer's own production and purchases from other producer's production is more than 50 percent of the producer's own production; and provided further. (c) Board members shall serve during the term of office for which they are selected and have qualified, and until their successors are selected and have qualified.

(a) Strengthen watermelons’ competitive position in the marketplace,

(b) Maintain and expand existing domestic and foreign markets, and

It shall be the objective of the Board to carry out programs and projects which will provide maximum benefit to the watermelon industry.

§ 1210.331 Programs and projects.

The Board shall develop and submit to the Secretary for approval any programs or projects authorized in this section. Such programs or projects shall provide for:

(a) The establishment, issuance, effectuation and administration of appropriate programs or projects for advertising and other sales promotion of watermelons designed to strengthen the position of the watermelon industry in the marketplace and to maintain, develop, and expand markets for watermelons;

(b) Establishing and carrying out research and development projects and studies to the end that the acquisition of knowledge pertaining to watermelons or their consumption and use may be encouraged or expanded, or to the end that the marketing and use of watermelons may be encouraged, expanded, improved, or made more efficient: Provided, That quality control, grade standards, supply management programs or other programs that would otherwise limit the right of the individual watermelon producer to produce watermelons shall not be conducted under, or as a part of, this Plan;

(c) The development and expansion of watermelon sales in foreign markets;

If the Board or the Secretary finds that a program or project does not further the purposes of the Act, then the Board or the Secretary shall terminate such program or project; and

(f) The Board to enter into contracts or make agreements for the development and carrying out of research and promotion and pay for the costs of such contracts or agreements with funds collected pursuant to §1210.341.

§ 1210.340 Budget and expenses.

(a) Prior to the beginning of each fiscal period, or as may be necessary thereafter, the Board shall prepare and recommend a budget on a fiscal period basis of its anticipated expenses and disbursements in the administration of this Plan, including probable costs of research, development, advertising, and promotion. The Board shall also recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in §1210.341.

(b) The Board is authorized to incur such expenses for research, development, advertising, or promotion of watermelons, such other expenses for the administration, maintenance, and functioning of the Board as may be authorized by the Secretary, and any referendum and administrative costs incurred by the Department of Agriculture. § 1210.341 Assessments.

(a) During the effective period of this subpart, assessments shall be levied on all watermelons produced and first handled in the United States and all watermelons imported into the United...
States for consumption as human food. No more than one assessment on a producer, handler, or importer shall be made on any lot of watermelons. The handler shall be assessed an equal amount on a per unit basis as the producer. If a person performs both producing and handling functions on any same lot of watermelons, both assessments shall be paid by such person. In the case of an importer, the assessment shall be equal to the combined rate for domestic producers and handlers and shall be paid by the importer at the time of entry of the watermelons into the United States.

The handler may collect producer assessments from the producer or deduct such assessments from the proceeds paid to the producer on whose watermelons the assessments are made. The handler shall maintain separate records for each producer's watermelons handled, including watermelons produced by said handler. In addition, the handler shall indicate the total quantity of watermelons handled by the handler, including those that are exempt under this Plan, and such other information as may be prescribed by the Board.

(d) Each importer shall be responsible for payment of the assessment to the Board on watermelons imported into the United States through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(e) Producer-handlers and handlers shall pay assessments to the Board at such time and in such manner as the Board, with the Secretary's approval, directs, pursuant to regulations issued under this part. Such regulations may provide for different handlers or classes of handlers and different handler payment and reporting schedules to recognize differences in marketing practices or procedures used in any State or production area.

(f) There shall be a late payment charge imposed on any handler or importer who fails to remit to the Board the total amount for which any such handler or importer is liable on or before the payment due date established by the Board under paragraph (e) of this section. The amount of the late payment charge shall be set by the Board subject to approval by the Secretary.

(g) There shall also be imposed on any handler or importer subject to a late payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the handler or importer is liable. The rate of such interest shall be prescribed by the Board subject to approval by the Secretary.

(h) The Board is hereby authorized to accept advance payment of assessments by handlers and importers that shall be credited toward any amount for which the handlers and importers may become liable. The Board shall not be obligated to pay interest on any advance payment.

(i) The Board is hereby authorized to borrow money for the payment of administrative expenses subject to the same fiscal, budget, and audit controls as other funds of the Board.

Such reserve funds may be used to defray any expenses authorized under this subpart.

REPORTS, BOOKS, AND RECORDS

§ 1210.350 Reports.

(a) Each handler shall maintain a record with respect to each producer for whom watermelons were handled and for watermelons produced and handled by the handler. (b) The import assessment shall be uniformly applied to imported watermelons that are identified by the numbers 0807.11.30 and 0807.11.40 in the Harmonized Tariff Schedule of the United States of any other number used to identify fresh watermelons for consumption as human food. The U.S. Customs Service (USCS) will collect assessments on such watermelons at the time of entry and will forward such assessment as per the agreement between USCS and USDA. Any importer or agent who is exempt from payment of assessments may submit the Board adequate proof of the volume handled by such importer for the exemption to be granted.

(c) Watermelons used for non-human food purposes are exempt from assessment requirements but are subject to the safeguard provisions of §1210.521.

§ 1210.516 Exemption for organic watermelons.

(a) A producer who produces only products that are eligible to be labeled as 100 percent organic under the National Organic Program (NOP) (7 CFR part 205), except as provided for in paragraph (h) of this section, or a handler who handles only products that are eligible to be labeled as 100 percent organic under the NOP; and who operates under an approved NOP system plan, and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for this exemption, the producer or handler shall submit the request to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer or handler continues to be eligible for the exemption.

(c) The request shall include the following: The applicant’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer or handler complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer or handler. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells watermelons. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic watermelons. The importer may request the exemption—on a form provided by the Board—at any time initially and
annually thereafter on or before January 1, as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers and handlers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic watermelons bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(b) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(70 FR 2756, Jan. 14, 2005)

§ 1210.517 Determination of handler.

The producer and handler assessments on each lot of watermelons handled shall be paid by the handler. Unless otherwise provided in this section, the handler responsible for payment of assessments shall be the first handler of such watermelons. The first handler is the person who initially performs a handling function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the watermelons in the current of commerce.

(a) The following examples are provided to aid in the identification of first handlers:

(1) Producer grades, packs, and sells watermelons of own production to a handler. In this instance, it is the handler, not the producer, who places the watermelons in the current of commerce. The handler is responsible for payment of the assessments.

(2) Producer packs and sells watermelons of that producer’s own production from the field, roadside stand, or storage to a consumer, trucker, retail or wholesale outlet, or other buyer who is not a handler of watermelons. The producer places the watermelons in the current of commerce and is the first handler.

(3) Producer purchases watermelons from another producer. The producer purchasing the watermelons is the first handler.

(4) Producer delivers field-run watermelons of own production to a handler for preparation for market and entry into the current of commerce. The handler, in this instance, is the first handler, regardless of whether the handler subsequently handles such watermelons for the account of the handler or for the account of the producer.

(5) Producer delivers field-run watermelons of own production to a handler for preparation for market and return to the producer for sale. The producer in this instance, is the first handler, except when the producer subsequently sells such watermelons to a handler.

(6) Producer delivers watermelons of own production to a handler who takes title to such watermelons. The handler who purchases such watermelons from the producer is the first handler.

(7) Producer supplies watermelons to a cooperative marketing association which sells or markets the watermelons and makes an accounting to the producer, or pays the proceeds of the sale to the producer. In this instance, the cooperative marketing association becomes the first handler upon physical delivery to such cooperative.

(8) Handler purchases watermelons from a producer’s field for the purpose
§ 1210.518 Payment of assessments.

(a) Time of payment. The assessment on domestically produced watermelons shall become due at the time the first handler handles the watermelons for non-exempt purposes. The assessment on imported watermelons shall become due at the time of entry, or withdrawal, into the United States.

(b) Responsibility for payment. (1) The first handler is responsible for payment of both the producer’s and the handler’s assessment. The handler may collect the producer’s assessment from the producer or deduct such producer’s assessment from the proceeds paid to the producer on whose watermelons the producer assessment is made. Any such collection or deduction of producer assessment shall be made not later than the time when the first handler handles the watermelons.

(2) The U.S. Customs Service shall collect assessments on imported watermelons from importers and forward such assessments under an agreement between the U.S. Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessments directly to the Board of any assessments due but not collected by the U.S. Customs Service at the time of entry, or withdrawal, on watermelons imported into the United States for human consumption.

(c) Payment direct to the Board. (1) Except as provided in paragraph (b) and (e) of this section, each handler and importer shall remit the required producer and handler assessments, pursuant to §1210.341 of the Plan, directly to the Board not later than 30 days after the end of the month such assessments are due. Remittance shall be by check, draft, or money order payable to the National Watermelon Promotion Board, or NWPB, and shall be accompanied by a report, preferably on Board forms, pursuant to §1210.350. To avoid late payment charges, the assessments must be mailed to the Board and postmarked within 30 days after the end of the month such assessments are due.

(2) Pursuant to §1210.350 of the Plan, each handler shall file with the Board a report for each month that assessable watermelons were handled. All handler reports shall contain at least the following information:

(i) The handler’s name, address, and telephone number;

(ii) Date of report (which is also the date of payment to the Board);

(iii) Period covered by the report;

(iv) Total quantity of watermelons handled during the reporting period;

(v) Date of last report remitting assessments to the Board; and

(vi) Listing of all persons for whom the handler handled watermelons, their addresses, hundredweight handled, and total assessments remitted for each producer. In lieu of such a list, the handler may substitute copies of settlement sheets given to each person, or computer generated reports, provided

such settlement sheets or computer reports contain all the information listed above.

(vii) Name, address, and hundredweight handled for each person claiming exemption for assessment.

(viii) If the handler handled watermelons for persons engaged in the growing of less than 10 acres of watermelons, the report shall indicate the name and address of such person and the quantity of watermelons handled for such person.

(3) The words “final report” shall be shown on the last report at the close of the handler’s marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(4) Prepayment of assessments. (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit handlers to make an advance payment of their total estimated assessments for the crop year to the Board prior to their actual determination of assessable watermelons. The Board shall not be obligated to pay interest on any advance payment.

(ii) Handlers using such procedures shall provide a final annual report of actual handling and remit any unpaid assessments not later than 30 days after the end of the last month of the designated handler’s marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(iii) Handlers using such procedures shall, after filing a final annual report, receive a reimbursement of any overpayment of assessments.

(iv) Handlers using such procedures shall, at the request of the Board to verify a producer’s refund claim, provide the Board with a handling report on any and all producers for whom the handler has provided handling services but has not yet filed a handling report with the Board.

(v) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board on request.

(d) Late payment charges and interest. (1) A late payment charge shall be imposed on any handler and importer who fails to make timely remittance to the Board of the total producer and handler and importer assessments for which any such handler and importer is liable. Such late payment shall be imposed on any assessments not received before the fortieth day after the end of the month such assessments are due. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 30 days after the end of the month such assessments are due.

(2) In addition to the late payment charge, one and one-half percent per month interest on the outstanding balance, including the late payment charge and any accrued interest, will be added to any accounts for which payment has not been received by the last day of the second month following the month of handling; Provided, that, handlers paying their assessments in accordance with paragraph (c)(4)(ii), will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (c)(4)(ii). Such interest will continue monthly until the outstanding balance is paid to the Board.

(e) Payment through cooperating agency. The Board may enter into agreements, subject to approval of the Secretary, authorizing other organizations, such as a regional watermelon association or State watermelon board, to collect assessments in its behalf. In any State or area in which the Board has entered into such an agreement, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers or producers. To qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided by the cooperating agency, it may acquire such evidence from
§ 1210.519 Failure to report and remit.

Any handler and importer who fails to submit reports and remittances according to the provisions of §1210.518 shall be subject to appropriate action by the Board which may include one or more of the following actions:

(a) Audit of the handler’s and importer’s books and records to determine the amount owed the Board.

(b) Establishment of an escrow account for the deposit of assessments collected. Frequency and schedule of deposits and withdrawals from the escrow account shall be determined by the Board with the approval of the Secretary.

(c) Referral to the Secretary for appropriate enforcement action.

(a) Application form. The Board shall make available to all importers a refund application form.

(b) Submission of refund application to the Board. The refund application form shall be submitted to the Board within 90 days of the last day of the year the watermelons were actually imported. The refund application form shall contain the following information:

(d) Payment of refund. Immediately after receiving the properly executed application for refund, the Board shall make remittance to the applicant.

Subpart D—Referendum Procedures

SOURCE: 66 FR 56388, Nov. 7, 2001; 67 FR 17907, Apr. 12, 2002, unless otherwise noted.

§ 1210.600 General.

Referenda to determine whether eligible producers, handlers, and importers favor the continuation, suspension, termination, or amendment of the Watermelon Research and Promotion Plan shall be conducted in accordance with this subpart.

§ 1210.601 Definitions.

Unless otherwise defined in this section, the definition of terms used in these procedures shall have the same meaning as the definitions in the Plan.

(a) Administrator means the Administrator of the Agricultural Marketing Service, with power to redelegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator’s stead.

(b) Department means the United States Department of Agriculture.

(c) Eligible handler means any person (except a common contract carrier of watermelons owned by another person) who handles watermelons, including a producer who handles watermelons of the producer’s own production, subject to the provisions of §1210.602(a) of this chapter, who handles watermelons as a person performing a handling function and either:

(1) Takes title or possession of watermelons from a producer and directs the grading, packing, transporting, and selling of the watermelons in the current of commerce;

(2) Purchases watermelons from producers;

(3) Purchases watermelons from handlers:

(4) Purchases watermelons from importers; or

(5) Arranges the sale or transfer of watermelons from one party to another and takes title or possession of the watermelons: Provided, That harvest crews and common carriers who collect and transport watermelons from the field to a handler are not handlers and that retailers, wholesale retailers, foodservice distributors, and foodservice operators are not handlers.

(d) Eligible importer means any person who imports 150,000 pounds or more watermelons annually into the United States as principal or as an agent, broker, or consignee for any person who produces watermelons outside the United States for sale in the United States. land, obtains the ownership of a portion of the watermelons produced thereon. Ownership of, or leasehold interest in land, and the acquisition, in any manner other than set forth in this subpart, of legal title to the watermelons grown on said land, shall not be deemed to result in such owners or lessees becoming producers. Persons who produce watermelons for non-food uses are not producers for the purposes of this subpart.

(f) Person means any individual, group of individuals, partnership, corporation, association, cooperative, or any other entity. For the purpose of this definition, the term partnership includes, but is not limited to:

(2) So-called joint ventures wherein one or more parties to the agreement, informal or otherwise, contributed land and others contributed capital, labor, management, equipment, or other services, or any variation of such contributions by two or more parties, so that it results in the production, handling, or importation of watermelons for market and the authority to transfer title to the watermelons so produced, handled, or imported.

(g) Referendum agent or agent means the individual or individuals designated by the Secretary to conduct the referendum.

(h) Representative period means the period designated by the Secretary pursuant to the Act.

(b) Proxy voting is not authorized, but an officer or employee of a corporate producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity may cast a ballot on behalf of such entity. Any individual so voting in a referendum shall certify that the individual is an officer, employee of the producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity and that the individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) Casting of ballots. All ballots are to be cast as instructed by the Secretary.

§ 1210.603 Instructions.

The referendum agent shall conduct the referendum, in the manner provided in this section, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions in this section, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. The ballot shall provide for recording essential information, including that
needed for ascertaining whether the person voting, or on whose behalf the vote is cast, is an eligible voter.

(c) Give reasonable public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the voting period, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as said agent may deem advisable.

(d) Mail to eligible producers; importers; and in the case of an order assessing handlers, handlers whose names and addresses are known to the referendum agent; the instructions on voting; a ballot; and a summary of the terms and conditions to be voted upon. No person who claims to be eligible to vote shall be refused a ballot. However, such persons may be required to submit evidence of their eligibility.

(e) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results in the presence of an agent of a third party authorized to monitor the referendum process.

(f) Prepare a report on the referendum.

(g) Announce the results to the public.

§ 1210.604 Subagents.

The referendum agent may appoint any individual or individuals necessary to assist the agent in performing such agent’s functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1210.605 Ballots.

The referendum agent and subagents shall accept all ballots cast. However, if an agent or subagent deems that a ballot should be questioned for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was questioned, by whom questioned, why the ballot was questioned, the results of any investigation made with respect to the questionable ballot, and the disposition of the questionable ballot. Ballots invalid under this subpart shall not be counted.

§ 1210.606 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on the results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1210.607 Confidential information.

All ballots cast and their contents and all other information or reports furnished to, compiled by, or in possession of, the referendum agent or subagents that reveal, or tend to reveal, the identity or vote of any producer, handler, or importer of watermelons shall be held strictly confidential and shall not be disclosed.

(c) Any person to whom funds, property, or claims have been transferred or delivered pursuant to the Order will be subject to the same obligations imposed upon Board and the trustees.

(d) Any residual funds not required to defray the necessary expenses of liquidation shall be turned over to the Department to be disposed of, to the extent practical, to one or more honey industry organizations in the interest of continuing honey promotion, research, and information programs.

§ 1212.84 Effect of termination or amendment.

(b) In order to apply for this exemption, an eligible peanut producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before August 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(a) Establishment of the U.S. Highbush Blueberry Council. There is hereby established a U.S. Highbush BlueberryCouncil, hereinafter called the Council, composed of no more than 16 members and alternates, appointed by the Secretary from nominations as follows:

(1) One producer member and alternate from each of the following regions:
   (i) Region #1 Western Region (all states from the Pacific east to the Rockies): Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming.
   (ii) Region #2 Midwest Region (all states east of the Rockies to the Great Lakes and south to the Kansas/Missouri/Kentucky state line): Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin.
   (iv) Region #4 Southern Region (all states south of the Virginia/Kentucky/Missouri/Kansas state line and east of the Rockies): Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, Puerto Rico, South Carolina, Tennessee, and Texas.

(2) One producer member and alternate from each of the top six blueberry producing states, based upon the average of the total tons produced over the previous three years. Average tonnage will be based upon production and assessment figures generated by the Council.

(3) Three importers and alternates.

(4) One exporter and alternate shall be filled by foreign blueberry producers currently shipping blueberries into the United States from the largest foreign blueberry production area, based on a three-year average.

(5) One first handler member and alternate shall be filled by a United States based independent or cooperative organization which is a producer/shipper of domestic blueberries.

(b) Adjustment of membership. At least once every five years, the Council will review the geographical distribution of United States production of blueberries and the quantity of imports. The review will be conducted through an audit of state crop production figures and Council assessment records. If warranted, the Council will recommend to the Secretary that the membership on the Council be altered to reflect any changes in the geographical distribution of domestic blueberry production and the quantity of imports. If the level of imports increases, importer members and alternates may be added to the Council.

(a) Voting for regional and state representatives will be made by mail ballot.

(c) Nomination and election of regional and state representatives where no commission or order is in place will be handled by the Council staff. The Council staff will seek nominations for members and alternates from the specific states and/or regions. Nominations will be returned to the Council office and placed on a ballot which will then be sent to producers in the state and/or region for a vote. The final nominee for member will have received the highest number of votes cast. The person with the second highest number of votes cast will be the final nominee for alternate. The persons with the third and fourth highest number of votes cast will be designated as additional nominees for consideration by the Secretary.

(d) Nominations for the importer, exporter, first handler, and public member positions will be made by the Council. Two nominees for each member and each alternate position will be submitted to the Secretary for consideration.

§ 1218.50 Budget and expenses.

(a) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the Council shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(1) A statement of objectives and strategy for each program, plan, or project;

(2) A summary of anticipated revenue, with comparative data or at least
§ 1218.51 Financial statements.

(a) As requested by the Secretary, the Council shall prepare and submit financial statements to the Secretary on a periodic basis. Each such financial statement shall include, but not be limited to, a balance sheet, income statement, and expense budget. The expense budget shall show expenditures during the time period covered by the report, year-to-date expenditures, and the unexpended budget.

(b) Each financial statement shall be submitted to the Secretary within 30 days after the end of the time period to which it applies.

(c) The Council shall submit annually to the Secretary an annual financial statement within 90 days after the end of the fiscal year to which it applies.

§ 1218.52 Assessments.

(a) The funds to cover the Council's expenses shall be paid from assessments on producers and importers, donations from any person not subject to assessments under this Order, and

(1) A summary of proposed expenditures for each program, plan, or project; and

(2) Staff and administrative expense breakdowns, with comparative data for at least one preceding year (except for the initial budget).

(b) Each budget shall provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in this subpart.

(c) Subject to this section, any amendment or addition to an approved budget must be approved by the Secretary, including shifting funds from one program, plan, or project to another. Shifts of funds which do not cause an increase in the Council's approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(d) The Council is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Council for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Council.

(e) With approval of the Secretary, the Council may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Council. Any funds borrowed by the Council shall be expended only for startup costs and capital outlays and are limited to the first year of operation of the Council.

(f) The Council may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the Council shall retain complete control of their use.

(g) The Council may also receive funds provided through the Department's Foreign Agricultural Service or from other sources, with the approval of the Secretary, for authorized activities.

(h) The Council shall reimburse the Secretary for all expenses incurred by the Secretary in the implementation, administration, and supervision of the Order, including all referendum costs in connection with the Order.

(i) The Council may not expend for administration, maintenance, and functioning of the Council in any fiscal year an amount that exceeds 15 percent of the assessments and other income received by the Council for that fiscal year. Reimbursements to the Secretary required under paragraph (h) are excluded from this limitation on spending.

(j) The Council may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in any reserve so established: Provided that the funds in the reserve do not exceed one fiscal period's budget. Subject to approval by the Secretary, such reserve funds may be used to defray any expenses authorized under this part.

other funds available to the Board including those collected pursuant to §1218.56 and subject to the limitations contained therein.

(b) The collection of assessments on domestic blueberries will be the responsibility of the first handler receiving the blueberries. In the case of the producer acting as its own first handler, the producer will be required to collect and remit its individual assessments.

(c) Such assessments shall be levied at a rate of $12 per ton on all blueberries. The assessment rate will be reviewed, and may be modified with the approval of the Secretary, after the first referendum is conducted as stated in §1218.71(b).

(d) Each importer of fresh and processed blueberries shall pay an assessment to the Council on blueberries imported for marketing in the United States, through the U.S. Customs Service.

(1) The assessment rate for imported fresh and processed blueberries shall be the same or equivalent to the rate for fresh blueberries produced in the United States.

(2) The import assessment shall be uniformly applied to imported fresh and frozen blueberries that are identified by the numbers 0810.40.0028 and 0811.90.2028, respectively, in the Harmonized Tariff Schedule of the United States or any other numbers used to identify fresh and frozen blueberries. Assessments on other types of imported processed blueberries, such as dried blueberries, puree, and juice, may be added at the recommendation of the Council with the approval of the Secretary.

The assessments due on imported fresh and processed blueberries shall be paid when they enter or are withdrawn for consumption in the United States.

(e) All assessment payments and reports will be submitted to the office of the Council. All final payments for a crop year are to be received no later than November 30 of that year. A late payment charge shall be imposed on any handler who fails to remit to the Council, the total amount for which any such handler is liable on or before the due date established by the Council. In addition to the late payment charge, an interest charge shall be imposed on the outstanding amount for which the handler is liable. The rate of interest shall be prescribed in regulations issued by the Secretary.

(f) Persons failing to remit total assessments due in a timely manner may also be subject to actions under federal debt collection procedures.

(g) The Council may authorize other organizations to collect assessments on its behalf with the approval of the Secretary.

or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 CFR part 205), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary. If a producer complies with the requirements in paragraph (c) of this section, the Council will grant an assessment exemption and issue a certification of exemption to the producer. For exemption requests received on or before August 15, 2005, the Council will have 60 days to approve the exemption request; after August 15, 2005, the Council will have 30 days to approve the exemption request. If the application is disapproved, the Council will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic fresh and frozen blueberries—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (d) of this section. If the importer complies with the requirements of this section, the Council will grant the exemption and issue a Certificate of Exemption to the importer. The Council will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic fresh and frozen blueberries bearing this HTS classification assigned by the Council will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(g) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(h) On receipt of an application, the Council shall determine whether an exemption may be granted. The Council then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. Each producer who is exempt from assessment must provide an exemption number to the first handler in order to be exempt from the collection of an assessment on blueberries. First handlers and importers, except as otherwise authorized by the Council, shall maintain records showing the exemptee’s name and address along with the exemption number assigned by the Council.

(i) Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the Council for reimbursement of such assessments paid. No interest will be paid on assessments collected by the U.S. Customs Service. Requests for reimbursement shall be submitted to the Council within 90 days of the last day of the year the blueberries were actually imported.

(j) Any person who desires an exemption from assessments for a subsequent fiscal year shall reapply to the Council, on a form provided by the Council, for a certificate of exemption.

(k) The Council may require persons receiving an exemption from assessments to provide to the Council reports
on the disposition of exempt blueberries and, in the case of importers, proof of payment of assessments.

§ 1218.54 Programs, plans, and projects.

(a) The Council shall receive and evaluate, or on its own initiative develop, and submit to the Secretary for approval any program, plan, or project authorized under this subpart. Such programs, plans, or projects shall provide for:

(1) The establishment, issuance, effectuation, and administration of appropriate programs for promotion, research, and information, including producer and consumer information, with respect to fresh and processed blueberries; and

(2) The establishment and conduct of research with respect to the use, nutritional value, sale, distribution, and marketing of fresh and processed blueberries, and the creation of new products thereof, to the end that the marketing and use of blueberries may be encouraged, expanded, improved, or made more acceptable and to advance the image, desirability, or quality of fresh and processed blueberries.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the Council shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Council to ensure that it contributes to an effective program of promotion, research, or information. If it is found by the Council that any such program, plan, or project does not contribute to an effective program of promotion, research, or information, then the Council shall terminate such program, plan, or project.

(d) No program, plan, or project including advertising shall be false or misleading or disparaging another agricultural commodity. Blueberries of all origins shall be treated equally.

§ 1218.60 Reports.

(a) Each first handler subject to this subpart may be required to provide to the Council periodically such information as may be required by the Council, with the approval of the Secretary, which may include but not be limited to the following:

(1) Number of pounds handled;

(2) Number of pounds on which an assessment was collected;

§ 1218.61 Books and records.

Each first handler, producer, and importer subject to this subpart shall maintain and make available for inspection by the Secretary such books and records as are necessary to carry out the provisions of this subpart and the regulations issued thereunder, including such records as are necessary to verify any reports required. Such records shall be retained for at least 2 years beyond the fiscal period of their applicability.

§ 1218.62 Confidential treatment.

All information obtained from books, records, or reports under the Act, this subpart, and the regulations issued thereunder shall be kept confidential by all persons, including all employees and former employees of the Council, all officers and employees and former officers and employees of contracting and subcontracting agencies or agreeing parties having access to such information. Such information shall not be available to Council members, producers, importers, exporters, or first handlers. Only those persons having a specific need for such information to effectively administer the provisions of this subpart shall have access to such information. Only such information so obtained as the Secretary deems relevant shall be disclosed by them, and then only in a judicial proceeding or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. Nothing in this section shall be deemed to prohibit:

(a) The issuance of general statements based upon the reports of the number of persons subject to this subpart or statistical data collected therefrom, which statements do not identify the information furnished by any person; and

(b) The publication, by direction of the Secretary, of the name of any person who has been adjudged to have violated this subpart, together with a statement of the particular provisions of this subpart violated by such person.

The rate of interest shall be prescribed
by the Secretary. The timeliness of a
payment to the Board shall be based on
the date the payment is actually re-

organizations to collect assessments on
its behalf with approval of the Sec-
retary.

(i) The collection of assessments

(b) The Board shall be composed of soybean producers appointed by the Secretary from nominations submitted pursuant to §1220.203. A soybean producer may only be nominated by the unit in which that soybean producer is a resident or producer.

(c) At the end of each three (3) year period, the Board shall review the geographic distribution of soybean production volume throughout the United States and may recommend to the Secretary a modification of paragraph (e) of this section, to best reflect the geographic distribution of soybean production volume in the United States. The Secretary may amend this subpart to make the changes recommended by the Board in levels of productions used to determine per unit representation. A unit may not, as a result of any modifications under this subsection, lose Board seats to which it is entitled at the time this subpart is initially issued unless its average annual production, as determined under paragraph (e)(6) of this section, declines below the levels required for representation, as specified in paragraphs (e)(1) through (5) of this section.

(d) At the end of each three (3) year period, the Secretary shall review the volume of production (minus the volume of production for which refunds have been paid) of each unit provided representation under paragraph (a) of this section, and shall adjust the boundaries of any unit and the number of Board members from each such unit to conform with the criteria set out in paragraphs (e)(1) through (5) of this section.

207
(e) The following formula will be used to determine the number of directors for each unit who shall serve on the Board:

1(i) Except as provided in paragraph (e)(1)(ii) of this section, each State will be considered as a separate unit.

(ii) States which do not have annual average soybean production equal to or greater than three million (3,000,000) bushels shall be grouped, to the extent practicable, into geographically contiguous units each of which, to the extent practicable, have a combined annual soybean production level which is equal to or greater than three million (3,000,000) bushels and each such unit shall be entitled to at least one representative on the Board.

2 Each unit that has an annual average soybean production of less than fifteen million (15,000,000) bushels shall be entitled to one representative on the Board.

3 Each unit which has an annual average soybean production of fifteen million (15,000,000) or more bushels but less than seventy million (70,000,000) bushels shall be entitled to two (2) representatives on the Board.

4 Each unit which has an annual average soybean production of seventy million (70,000,000) or more bushels but less than two hundred million (200,000,000) bushels shall be entitled to three (3) representatives on the Board.

5 Each unit which has an annual average soybean production of two hundred million (200,000,000) bushels or more shall be entitled to four (4) representatives on the Board.

6 For the purposes of this section, average annual soybean production shall be determined by using the average of the production for the State or unit over the five previous years, excluding the year in which production was the highest and the year in which production was the lowest.

(f) [Reserved]

§ 1220.202 Term of office.

(a) The members of the Board shall serve for terms of 3 years, except that the members appointed to the initial Board shall serve, proportionately, for terms of 1, 2, and 3 years.

(b) Each member shall continue to serve until a successor is appointed by the Secretary and has accepted the position.

(c) No member shall serve more than three consecutive 3-year terms in such capacity.

§ 1220.203 Nominations.

All nominations for appointments to the Board under §1220.204 shall be made in the following manner:

(a) After the issuance of this subpart by the Secretary, nominations shall be obtained by the Secretary as specified in paragraphs (a), (b), and (c) of this section from Qualified State Soybean Boards or for initial Board nominations, eligible organizations deemed qualified to nominate pursuant to paragraph (f) of the section. A Qualified State Soybean Board, or for initial Board nominations, an eligible organization shall only submit nominations for positions on the Board representing the unit, as established under §1220.201, in which such Qualified State Soybean Board operates.

(b) If the Secretary determines that a unit is not represented by a Qualified State Soybean Board or for initial Board nominations, an eligible organization, then the Secretary may solicit nominations from organizations which represent producers in that unit and from producers residing in that unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary.

(c) Where there is more than one State comprising a unit, the Secretary shall take into consideration the nominations submitted by Qualified State Soybean Boards or for initial Board nominations, eligible organizations, within the unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary. The Secretary shall consider the proportional levels of production in each State comprising the unit when appointing members to the Board representing that unit.
(d) At least two nominations shall be submitted for each position to be filled.

(e) Nominations may be submitted in order of preference and for the initial Board, in order of preference for staggered terms. Should the Secretary reject any nomination submitted and there are insufficient nominations submitted from which appointments can be made, the Secretary may request additional nominations under paragraph (a) or (b) of this section, whichever provision is applicable for such unit.

(f) Any organization authorized pursuant to State law to collect assessments from producers may notify the Secretary of the organization’s intent to nominate members to the initial Board for the State or unit, as established under §1220.201, in which such organization operates and is authorized by State law. Such eligibility shall be based only upon the criteria established pursuant to §1220.228(a)(1). There shall only be one organization authorized per State pursuant to this section to submit nominations to the initial Board. If no such entity exists in a State, any organization meeting those requirements of §1220.228(a)(2) may request eligibility to submit nominations.

§ 1220.204 Appointment.

From the nominations made pursuant to §1220.203, the Secretary shall appoint the members of the Board on the basis of representation provided for in §1220.201.

§ 1220.205 Nominee’s agreement to serve.

Any producer nominated to serve on the Board shall file with the Secretary at the time of nomination a written agreement to:

(a) Serve on the Board if appointed; and

(b) Agree to disclose any relationship with any soybean promotion entity or with any organization that has or is being considered for a contractual relationship with the Board.

§ 1220.206 Vacancies.

To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Board, the Secretary shall request nominations for a successor pursuant to §1220.203, and such successor shall be appointed pursuant to §1220.204.

§ 1220.207 Alternate members.

(a) The Secretary shall solicit, pursuant to the procedures of §1220.203, nominations for alternate members of the Board.

(b) The Secretary shall appoint one alternate member of the Board for each unit which has only one member pursuant to §1220.204 and §1220.205.

(1) A member of the Board for the unit which the alternate member represents is absent; and

(2) Such member, or in the case of incapacitation or death of the member, a relative, has contacted the appropriate officer of the Board to inform such officer of such absence;

(d) An alternate member of the Board, when attending Board meetings in an official capacity, shall have the rights, duties and obligations of a Board member.

§ 1220.208 Removal.

If the Secretary determines that any person appointed under this part fails or refuses to perform his or her duties properly or engages in acts of dishonesty or willful misconduct, the Secretary shall remove the person from office. A person appointed or certified under this part or any employee of the Board or Committee may be removed by the Secretary if the Secretary determines that the person’s continued service would be detrimental to the purposes of the Act.

§ 1220.209 Procedure.

(a) At a properly convened meeting of the Board, a majority of the members shall constitute a quorum.

(b)(1) Except for roll call votes, each member of the Board will be entitled to one vote on any matter put to the Board and the motion will carry if supported by a simple majority of those voting.

(2)(i) If a member requests a roll call vote, except as provided in paragraph
§ 1220.210

(b)(2)(ii) of this section, each unit as established under §1220.201, shall cast one vote for each percent, or portion of a percent, of the average total amount of assessments remitted to the Board that was remitted from the unit (minus refunds) during each of the three previous fiscal years of the Board under §1220.223.

(ii)(A) During the first fiscal year of the Board, the percentage used to determine the votes given to a unit will be based on annual average soybean production of the three previous years. If a unit is represented by more than one member, each member representing the unit shall receive an equal percentage of the votes allocated to the unit.

(B) During the second and third year this subpart is in effect, the percentage used to determine the votes given to a unit will be based upon averaging the unit’s percentage of annual assessments remitted to the Board (minus refunds).

(iii) Should a member representing a unit not be present, then the other members representing such unit shall vote, on an equal basis if there is more than one member representing the unit present, the number of votes which the absent member would have been entitled to vote.

(iv) A motion will carry on a roll call vote if approved by both a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).

(3) A member may not cast votes by proxy.

(c) In lieu of a properly convened meeting and, when in the opinion of the chairperson of the Board such action is considered necessary, the Board may take action upon the concurring votes of a majority of its members, or if a roll call vote is requested, a simple majority of all votes cast and a simple majority of all units voting by mail, telephone, facsimile, or telegraph, but any such action by telephone shall be confirmed promptly in writing. In the event that such action is taken, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a regular or special meeting of the Board.

(d) On or after the end of the three-year period beginning on the effective date of this subpart, the Board may recommend to the Secretary changes in the voting procedures of the Board described in paragraph (b) of this section.

(a) The Board is authorized to incur such expenses (including provision for a reasonable reserve) as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. However, during any fiscal year, expenses incurred by the Board for administrative staff costs and their benefits shall not exceed 1 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year. Such expenses shall be paid from assessments received pursuant to §1220.223. The administrative expenses of the Board, including the cost of administrative staff, shall not exceed 5 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year.

(b) The Board shall reimburse the Secretary, from assessments received pursuant to §1220.223, for administrative costs incurred after an Order has been submitted to the Department pursuant to section 1968(b) of the Act; Provided, that the Board shall only be required to reimburse the Secretary for one-half (50%) of the costs incurred by the Secretary to conduct the refund referendum relating to continuation of authority to pay refunds.

(c)(1) The Board may, with the approval of the Secretary, authorize a credit to Qualified State Soybean Boards of up to 5 percent of the amount to be remitted to the Board pursuant to §1220.223 and §1220.228 of this subpart to offset collection and compliance costs relating to such assessments and for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990.

(2) The portion of the credit authorized in paragraph (c)(1) of this section which compensates Qualified State Soybean Boards for fees paid to State
governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990:

(i) Shall not exceed one-half of such fees paid to State governmental agencies or first purchasers, and;

(ii) Shall not exceed 2.5 percent of the amount of assessments collected and remitted to the Board.

(3) Except for that portion of the credit issued pursuant to paragraph (c)(2) of this section, credits authorized by paragraph (c)(1) of this section will be included as part of the Board’s administrative expenses.

§ 1220.223 Assessments.

(a)(1) Except as prescribed by regulations approved by the Secretary or as otherwise provided in this section, each first purchaser of soybeans shall collect an assessment from the producer, and each producer shall pay such assessment to the first purchaser, at the rate of one-half of one percent (0.5%) of the net market price of the soybeans purchased. Each first purchaser shall remit such assessment to the Board or to a Qualified State Soybean Board, as provided in paragraph (a)(5) of this section.

(2) Any producer marketing processed soybeans or soybean products of that producer’s own production, shall remit to a Qualified State Soybean Board or to the Board, as provided in paragraph (a)(5) of this section, an assessment on such soybeans or soybean products at a rate of one-half of one percent (0.5%) of the net market price of the soybeans involved or the equivalent thereof.

(3) In determining the assessment due from each producer under paragraph (a)(1) or (a)(2) of this section, a producer who is contributing to a Qualified State Soybean Board shall receive a credit from the Board for contributions to such Qualified State Soybean Board on any soybeans assessed under this section in an amount not to exceed one-quarter of one percent of the net market price of the soybeans assessed.

(4) In order for a producer to receive the credit provided for in paragraph (a)(3) of this section, the Qualified State Soybean Board or the first purchaser must establish to the satisfaction of the Board that the producer has contributed to a Qualified State Soybean Board.

(5)(i) If the soybeans, for which an assessment is paid, were grown in a State other than the State which is the situs of the first purchaser, the first purchaser that collects the assessment shall remit the assessment and information as to the State of origin of the soybeans to the Qualified State Soybean Board operating in the State in which the first purchaser is located. The Qualified State Soybean Board operating in the State in which the first purchaser is located shall remit such assessments to the Qualified State Soybean Board operating in the State in which the soybeans were grown. If no such Qualified State Soybean Board exists in such State, then the assessments shall be remitted to the Board. The Board, with the approval of the Secretary, may authorize Qualified State Soybean Boards to propose modifications to the foregoing “State of Origin” rule to ensure effective coordination of assessment collections between Qualified State Soybean Boards.

(ii)(A) If a producer pledges soybeans grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits said soybeans in lieu of loan repayment, the Commodity Credit Corporation shall at the time of the loan settlement, collect from the producer the assessments due based on 0.5 percent of the principal loan amount received by the producer and remit the assessment to the Qualified State Soybean Board in the State in which the soybeans were pledged, or if no Qualified State Soybean Board exists in such State, the Board.

(B) If a producer redeems and subsequently markets soybeans which have been pledged as collateral for a loan issued by the Commodity Credit Corporation, the first purchaser shall collect and remit the assessments due pursuant to paragraph (a)(1) of this section; or if a producer markets such soybeans as processed soybeans or as soybean products, the producer shall remit.
the assessment pursuant to paragraph (a)(2) of this section.

(iii) Qualified State Soybean Boards and the Board shall coordinate assessment collection procedures to ensure that producers marketing soybeans are required to pay only one assessment per bushel of soybeans and collections are adjusted among States on a mutually agreeable basis.

(b) The collection of assessments pursuant to paragraph (a) of this section, shall commence on and after the date assessments are required to be paid and shall continue until terminated by the Secretary. If the Board is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive the assessments on behalf of the Board, and to hold such assessments until the Board is constituted, then remit such assessments to the Board.

(c)(1) Each person responsible for the collection of assessments under paragraph (a) of this section, shall collect and remit the assessments to the Board or a Qualified State Soybean Board on a monthly basis or as required by State law, but no less than quarterly, unless the Board, with the approval of the Secretary, has specifically authorized otherwise.

(2) Any unpaid assessments due the Board or a Qualified State Soybean Board from a person responsible for remitting assessments to the Board or a Qualified State Soybean Board pursuant to paragraph (a) of this section, shall be increased two percent (2%) each month beginning with the day following the date such assessments were due under this subpart. Any remaining amount due shall be increased at the same rate on the corresponding day of each month thereafter until paid.

(3) The amounts payable pursuant to this section shall be computed monthly on unpaid assessments and shall include any unpaid late charges previously applied pursuant to this section.

(4) For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person’s failure to submit a report to the Board or a Qualified State Soybean Board when due, shall be considered to have been payable by the date it would have been due if the report had been filed when due.

(d) Prior to the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(1) and subject to section 1969(n)(3) of the Act.

(b) To apply for an exemption under this section, the producer shall submit the request to the Board or other party as designated by the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: the producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 203 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

PROCEDURES

§ 1220.616 General.

An opportunity to request a referendum shall be provided to U.S. soybean producers to determine whether eligible producers favor the conduct of a referendum and the Request for Referendum shall be carried out in accordance with this subpart.

(a) The opportunity to request a referendum shall be provided at the county FSA offices.

(b) If the Secretary determines, based on results of the Request for Referendum that no less than 10 percent (not in excess of one-fifth of which may be producers in any one State) of all producers have requested a referendum
on the Order, a referendum will be held within 1 year of that determination.

(c) If the Secretary determines, based on the results of the Request for Referendum, that the requirements in paragraph (b) of this section are not met, a referendum will not be conducted.

(d) For purposes of paragraphs (b) and (c) of this section, the number of soybean producers in the United States is determined to be 589,182.

§ 1220.617 Supervision of the process for requesting a referendum.

The Administrator, AMS, shall be responsible for supervising the process of permitting producers to request a referendum in accordance with this subpart.

§ 1220.618 Eligibility.

(a) Eligible producers. Each person who was a producer and provides evidence that they or the producer entity they represent has paid an assessment on soybeans during the representative period is provided the opportunity to request a referendum. Each producer entity is entitled to only one request.

(b) Proxy Registration. Proxy registration is not authorized, except that an officer or employee of a corporate producer, or any guardian, administrator, executor, or trustee of a producer's estate, or an authorized representative of any eligible producer entity (other than an individual producer), such as a corporation or partnership, may request a referendum on behalf of that entity. Any individual who requests a referendum on behalf of any producer entity, shall certify that he or she is authorized by such entity to take such action.

(c) Joint and group interest. A group of individuals, such as members of a family, joint tenants, tenants in common, a partnership, owners of community property, or a corporation engaged in the production of soybeans as a producer entity shall be entitled to make only one request for a referendum; provided, however, that any individual member of a group who is an eligible producer separate from the group may request a referendum separately.

§ 1220.619 Time and Place for Requesting a Referendum.

(a) The opportunity to request a referendum shall be provided during a 4-week period beginning and ending on a date determined by the Secretary. Eligible persons shall have the opportunity to request a referendum by following the procedures in §1220.622 during the normal business hours of each county FSA office.

(b) Producers can determine the location of county FSA offices by contacting the nearest county FSA office, the State FSA office or through an online search of FSA's web site at www.fsa.usda.gov/pas/default.asp.

(c) Each eligible person shall request a referendum in the county FSA office where FSA maintains and processes the producer's, corporation's, or other entities administrative farm records. For the producer, corporation, or other entity not participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the producer, corporation, or other legal entity owns or rents land. An individual or authorized representative of a corporation who grows soybeans in more than one county would request a referendum in the county FSA office where the individual or corporation or other entity does most of its business.

§ 1220.620 Facilities.

Each county FSA office will provide:

(a) A polling place that is well known and readily accessible to producers in the county and that is equipped and arranged so that each person can complete and submit their request in secret without coercion, duress, or interference of any sort whatever, and

(b) A holding container of sufficient size so arranged that no request can be read or removed without breaking seals on the container.

§ 1220.621 Certification and request form.

Form LS–51–1 shall be used to request a referendum and certify producer eligibility. The form does not require a "yes" or "no" vote. Individual producers and representatives of other producer entities should read the form...
§ 1220.622 Certification and request procedures.

(a) To request that a referendum be conducted, each eligible producer shall, during the Request for Referendum period, be provided the opportunity to request a referendum during a specified period announced by the Secretary.

(1) Each eligible producer shall be required to complete form LS–51–1 in its entirety and sign it. The producer must legibly print his/her name and, if applicable, the producer entity represented, address, county, and telephone number. The producer must read the certification statement on form LS–51–1 and sign it certifying that:

(i) The person or the producer entity they represent was a producer of soybeans during the representative period;

(ii) The individual requesting a referendum on behalf of a corporation or other entity is authorized to do so; and

(iii) The individual has submitted only one request for a referendum unless they are also an authorized representative for another eligible corporation or other entity.

(2) The producer, corporation, or other entity must also provide documentation, such as a sales receipt, showing that the producer, corporation, or other entity has paid an assessment on soybeans during the representative period.

(3) Only a completed and signed form LS–51–1 accompanied by documentation showing that soybean assessments were paid during the representative period shall be considered a valid request for a referendum.

(b) To request a referendum, eligible producers may obtain form LS–51–1 in-person, by mail, or facsimile during the request for referendum period from the county FSA office where FSA maintains and processes the producer’s, corporation’s, or other entity’s administrative farm records. For producer, corporation, or other entity not participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the producer, corporation, or other entity owns or rents land.

(c) Producers or producer entities may return form LS–51–1 and the accompanying documentation in-person, by mail, or facsimile to the appropriate county FSA office. Form LS–51–1 returned in-person or by facsimile, must be received in the appropriate county FSA office prior to the close of the work day on the final day of the Request for Referendum period to be considered a valid request. Form LS–51–1 and the accompanying documentation returned by mail must be postmarked no later than midnight of the final day of the Request for Referendum period and must be received in the county FSA office prior to the start of canvassing Form LS–51–1.

(d) Producers who obtain form LS–51–1 in-person at the appropriate FSA county office may complete and return the form the same day, accompanied by documentation, such as a sales receipt, showing that soybean assessments were paid during the representative period.

§ 1220.623 Canvassing requests.

(a) Canvassing of Form LS–51–1 shall take place at the opening of county FSA offices on the 5th business day following the Request for Referendum period. Such canvassing, acting on behalf of the Administrator, AMS, shall be in the presence of at least two members of the county committee. If two or more of the counties have been combined and are served by one county office, the
canvassing of the requests shall be conducted by at least one member of the county committee from each county served by the county office. The FSA State committee or the State Executive Director if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the requests and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) The request for referendum should be canvassed as follows:

(1) **Number of eligible requests for a referendum.** Each person who was a producer during the representative period and provides documentation to prove that they paid an assessment will be considered eligible to request a referendum.

(2) **Number of ineligible requests for a referendum.** If FSA cannot determine that a producer is eligible based on the submitted documentation or if the producer fails to submit the required documentation, the producer shall be determined to be ineligible. FSA shall notify ineligible producers in writing as soon as practicable but no later than the 8th business day following the final day of the Request for Referendum period.

(c) **Appeal.** A person declared to be ineligible by FSA can appeal such decision and provide additional documentation to the FSA county office within 5 business days after the postmark date of the letter of notification of ineligibility. FSA will then make a final decision on the producer’s eligibility and notify the producer of the decision.

(d) **Number of valid requests for referendum.** A person has been declared eligible and has provided and completed all of the required information on form LS–51–1.

(e) **Number of invalid requests for a referendum.** An invalid request for referendum includes, but is not limited to the following:

(1) Form LS–51–1 is not signed or all required information has not been provided;

(2) Form LS–51–1 and supporting documentation returned in-person or by facsimile was not received by the last business day of the Request for Referendum period;

(3) Form LS–51–1 and supporting documentation returned by mail was not postmarked by midnight of the final day of the Request for Referendum period;

(4) Form LS–51–1 and supporting documentation returned by mail was not received in the county FSA office prior to canvassing of the ballots;

(5) Form LS–51–1 or supporting documentation is mutilated or marked in such a way that any required information on the form is illegible; or

(6) Form LS–51–1 and supporting documentation not returned to the appropriate county FSA office.

§ 1220.624 Confidentiality.

The names of persons requesting a referendum shall be confidential and may not be divulged except as the Secretary may direct.

§ 1220.625 Counting requests.

(a) The requests for a referendum shall be counted by county FSA offices on the same day as the requests are canvassed if there are no ineligibility determinations to resolve. For those county FSA offices that do have ineligibility determinations, the requests shall be counted no later than the 14th business day following the final day of the Request for Referendum period.

(b) Requests for a referendum shall be counted as follows:

(1) Total number of producers who returned a Request for Referendum form LS–51–1;

(2) Number of ineligible producers requesting a referendum;

(3) Number of eligible producers requesting a referendum;

(4) Number of valid requests for a referendum; and

(5) Number of invalid requests for a referendum.
§ 1220.626  FSA county office report.

The county FSA office report shall be certified as accurate and complete by the CED or designee, acting on behalf of the Administrator, AMS, as soon as may be reasonably possible, but in no event later than 18th business day following the final day of the specified period, have prepared and certified the county summary of requests on a form provided by the Administrator, FSA. Each county FSA office shall transmit the results in its county to the FSA State office. The results in each county may be made available to the public upon notification by the Administrator, FSA, that the final results have been released by the Secretary. A copy of the report shall be posted for 30 days following the date of notification by the Administrator, FSA, in the county FSA office in a conspicuous place accessible to the public. One copy shall be kept on file in the county FSA office for a period of at least 12 months after notification by the Secretary.

§ 1220.627  FSA State office report.

Each FSA State office shall transmit to the Administrator, FSA, as soon as possible, but in no event later than the 20th business day following the final day of the Request for Referendum period, a report summarizing the data contained in each of the reports from the county FSA offices. One copy of the State summary shall be filed for a period of not less than 12 months after the results have been released and available for public inspection after the results have been released.

§ 1220.628  Results of the request for referendum.

(a) The Administrator, FSA, shall submit to the Administrator, AMS, the reports from all State FSA offices. The Administrator, AMS shall tabulate the results of the Request for Referendum. USDA will issue an official press release announcing the results of the Request for Referendum and publish the same results in the Federal Register. In addition, USDA will post the official results at the following Web site: "http://www.ams.usda.gov/lsmarketingprograms".

Subsequently, State reports and related papers shall be available for public inspection upon request during normal business hours in the Marketing Programs Branch office, Livestock and Seed Program, AMS, USDA, Room 2068-S, STOP 0251, 1400 Independence Avenue, SW., Washington, DC.

(b) If the Secretary deems necessary, a State report or county report shall be reexamined and checked by such persons who may be designated by the Secretary.

§ 1220.629  Disposition of records.

Each FSA CED will place in sealed containers marked with the identification of the “Request for Soybean Referendum,” all of the form LS–51–1’s along with the accompanying documentation and county summaries. Such records will be placed in a secure location under the custody of the FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. If the county FSA office receives no notice to the contrary from the Administrator, FSA, by the end of the 12 month period as described above, the CED or designee shall destroy the records.

§ 1220.630  Instructions and forms.

The Administrator, AMS, is authorized to prescribe additional instructions and forms not inconsistent with the provisions of this subpart.

(d) The Board is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Amounts allocated by the Board for State generic promotion, research, and information programs will be based on requests submitted to the Board by qualified sorghum producer organizations when it is determined that these requests meet the goals and objectives stated in the Act and Order. The request shall include detailed programs, plans, or projects with budgets. Qualified sorghum producer organizations shall not submit requests for State generic promotion, research, and information programs that exceed the annual allocation amount determined by the Board which shall be the product of:

(1) Grain sorghum shall be initially assessed at a rate of 0.6 percent of net market value received by the producer pursuant to paragraph (e) of this section; and

Assessment rates may be raised or lowered no more than 0.2 percent of net market value received by producers and importers in any one calendar year. (g) Any unpaid assessment due to the Board pursuant to this section shall be increased 2 percent each month beginning with the day following the date such assessments were due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this paragraph, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purposes of this paragraph, any assessment determined at a later date than the date prescribed by this subpart because of a person’s failure to timely submit a report to the Board shall be considered to have been payable by the date it would have been due if the report had been filed timely. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date actually received by the Board.

(h) An additional charge shall be imposed on any person subject to a late payment charge in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed by the Secretary.

(i) Persons failing to remit total assessments due in a timely manner may also be subject to actions under Federal debt collection procedures.

(j) The Board may authorize other organizations to collect assessments on its behalf with the approval of the Secretary.

(k) The collection of assessments pursuant to this section shall begin with respect to sorghum handled on or after the effective date established by the Secretary and shall continue until terminated or suspended by the Secretary.

(l) If the Board is not in place by the date the first assessments are to be collected, the Secretary shall have the authority to receive assessments and invest them on behalf of the Board, and shall pay such assessments and any interest earned to the Board when it is formed. The Secretary shall have the authority to promulgate rules and regulations concerning assessments and

An importer shall certify that the importer will import less than and including 1,000 bushels of grain sorghum or 5,000 tons of sorghum forage, sorghum hay, sorghum haylage, sorghum billets, or sorghum silage.

(c) Upon receipt of an application, the Board shall determine whether an exemption may be granted. The Board then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. It is the responsibility of these persons to retain a copy of the certificate of exemption.

(d) Importers who receive a certificate of exemption shall be eligible for reimbursement of assessments collected by Customs. These importers shall apply to the Board for reimbursement of any assessments paid. No interest will be paid on the assessments collected by Customs. Requests for reimbursement shall be submitted to the Board within 90 days of the last day of the calendar year the sorghum was actually imported.

(e) Any person who desires an exemption from assessments for a subsequent calendar year shall reapply to the Board, on a form provided by the Board, for a certificate of exemption.

(f) The Board may require persons receiving an exemption from assessments to provide to the Board reports on the disposition of exempt sorghum and, in the case of importers, proof of payment of assessments.

(h) To apply for an exemption under this section, the applicant shall submit the request to the Board or other party as designated by the Board, on a form provided by the Board, at any time initially and annually thereafter on or before January 1 as long as the applicant continues to be eligible for the exemption.

Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR Part 205, provided all other criteria are met.

QUALIFICATION OF SORGHUM PRODUCER ORGANIZATIONS

§ 1221.128 Qualification.

(a) Organizations receiving qualification from the Secretary will be entitled to submit requests for funding to the Board pursuant to §1221.112(j)). Only one sorghum producer organization per State may be qualified.

(b) State-legislated sorghum promotion, research, and information organizations may request qualification and will be considered first for qualification by the Secretary.

(c) If a State-legislated sorghum promotion, research, and information organization does not elect to seek qualification from the Secretary within a specified time period as determined by the Secretary, or does not meet eligibility requirements as specified by the Secretary, then any State sorghum producer organization whose primary purpose is to represent sorghum producers within a State, or any other State organization that has sorghum producers as part of its membership, may request qualification.

(d) Qualification shall be based, in addition to other available information, upon a factual report submitted by the organization that shall contain information deemed relevant and specified by the Secretary for the making of such determination, including the following:

(1) The geographic territory covered by the organization’s active membership;

(2) The nature and size of the organization’s active membership, proportion of active membership accounted for by producers, a map showing the sorghum-producing counties in which the organization has active members, the volume of sorghum produced in each such county, the number of sorghum producers in each such county, and the size of the organization’s active sorghum producer membership in each such county;

(3) The extent to which the sorghum producer membership of such organization is represented in setting the organization’s policies;

(4) Evidence of stability and permanency of the organization;

(5) Sources from which the organization’s operating funds are derived;

(6) The functions of the organization; and

(7) The ability and willingness of the organization to further the purpose and objectives of the Act.
(e) The primary consideration in determining the eligibility of an organization shall be whether its sorghum producer membership consists of a sufficiently large number of sorghum producers who produce a relatively significant volume of sorghum to reasonably warrant its qualification to submit requests for funding to the Board. Any sorghum producer organization found eligible by the Secretary under this section will be qualified by the Secretary, and the Secretary’s determination as to eligibility shall be final.

§ 1221.129 Right of the Secretary.

All fiscal matters, programs, plans, or projects, rules or regulations, reports, or other substantive actions proposed and prepared by the Board shall be submitted to the Secretary for approval.

(b) The Secretary shall suspend or terminate this subpart at the end of the fiscal period whenever the Secretary determines that its suspension or termination is approved or favored by a majority of the producers and importers voting who, during a representative period determined by the Secretary, have been engaged in the production or importation of sorghum.

(c) If, as a result of a referendum the Secretary determines that this subpart is not approved, the Secretary shall:

(1) No later than 180 days after making the determination, suspend or terminate, as the case may be, collection of assessments under this subpart; and

(2) As soon as practical, suspend or terminate, as the case may be, activities under this subpart in an orderly manner.

If any provision of this subpart is declared invalid or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart or the applicability thereof to other persons or circumstances shall not be affected thereby.

the requests shall be conducted by at least one member of the county committee from each county served by the county office. The FSA State committee or the State Executive Director, if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the ballots and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) Canvassing of importer ballots will be performed by AMS personnel or any other person as deemed necessary.

(c) Form LS–379 should be canvassed as follows:

(1) Number of valid ballots. A person has been declared eligible by FSA or AMS to vote by completing Form LS–379 in its entirety, signing it, and providing supporting documentation that shows the person who cast the ballot during the voting period was engaged in the production or importation of sorghum. Such ballot will be considered a valid ballot.

(2) Number of ineligible ballots. If FSA or AMS cannot determine that a person is eligible based on the submitted documentation or if the person fails to submit the required supporting documentation, the person shall be determined to be ineligible. FSA or AMS shall notify ineligible persons in writing as soon as practicable but no later than the 8th business day following the final day of the voting period.

(d) Appeal. A person declared to be ineligible by FSA or AMS can appeal such decision and provide additional documentation to the FSA county office or AMS within 5 business days after the postmark date of the letter of notification of ineligibility. FSA or AMS will then make a final decision on the person’s eligibility and notify the person of the decision.

(e) Invalid ballots. An invalid ballot includes, but is not limited to the following:

(1) Form LS–379 is not signed or all required information has not been provided;

(2) Form LS–379 and supporting documentation returned in-person or by facsimile was not received by close of business on the last business day of the voting period;

(3) Form LS–379 and supporting documentation returned by mail was not postmarked by midnight of the final day of the voting period;

(4) Form LS–379 and supporting documentation returned by mail was not received in the county FSA or AMS office by the 5th business day following the final day of the voting period;

§ 1221.228 Counting ballots.

(a) Form LS–379 shall be counted by county FSA offices or the AMS office on the same day as the ballots are canvassed if there are no ineligibility determinations to resolve. For those county FSA offices that do have ineligibility determinations, the requests shall be counted no later than the 14th business day following the final day of the voting period.

(b) Ballots shall be counted as follows:

(1) Number of valid ballots cast;

day of the specified period. Each county FSA office shall transmit the results in its county to the FSA State office. The results in each county may be made available to the public upon notification by the Administrator, FSA, that the final results have been released by the Secretary. A copy of the report shall be posted for 30 calendar days following the date of notification by the Administrator, FSA, in the county FSA office in a conspicuous place accessible to the public. One copy shall be kept on file in the county FSA office for a period of at least 12 months after notification by FSA that the final results have been released by the Secretary.

§ 1221.230 FSA State office report.

Each FSA State office shall transmit to the Administrator, FSA, as soon as possible, but in no event later than the 20th business day following the final day of the voting period, a report summarizing the data contained in each of the reports from the county FSA offices. One copy of the State summary shall be filed for a period of not less than 12 months after the results have been released and available for public inspection after the results have been released.

§ 1221.231 Results of the referendum.

(a) The Administrator, FSA, shall submit to the Administrator, AMS, reports from all State FSA offices. The Administrator, AMS shall tabulate the results of the ballots. USDA will issue an official press release announcing the results of referendum and publish the same results in the Federal Register. In addition, USDA will post the official results on its Web site. State reports and related papers shall be available for public inspection upon request during normal business hours at the Marketing Programs Branch: Livestock and Seed Program, AMS, USDA, Room 2628-S, STOP 0251, 1400 Independence Avenue, SW., Washington, DC.

(b) If the Secretary deems necessary, a State report or county report shall be reexamined and checked by such persons who may be designated by the Secretary.

§ 1221.232 Disposition of records.

Each FSA CED will place in sealed containers marked with the identification of the "Sorghum Checkoff Program Referendum," all of the Forms LS–379 along with the accompanying documentation and county summaries. Such records will be placed in a secure location under the custody of FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. If the county FSA office receives no notice to the contrary from the Administrator, FSA, by the end of the 12 month period as described above, the CED or designee shall destroy the records.

§ 1221.233 Instructions and forms.

The Administrator, AMS, is authorized to prescribe additional instructions and forms not inconsistent with the provisions of this subpart.

§ 1221.234 Confidentiality

The names of persons voting in the referendum and ballots shall be confidential and the contents of the ballots shall not be divulged except as the Secretary may direct. The public may witness the opening of the ballot box and the counting of the votes but may not interfere with the process.

shall furnish the Board with annual fi-
nancial statements audited by a cer-
tified public accountant of all funds
distributed to such organizations pur-
suant to this subpart and any other re-
ports as may be required by the Sec-
retary or the Board in order to verify
the use of such funds.

§ 1230.75 Adjustment of accounts.
Whenever the Board or the Depart-
ment determines, through an audit of a
person’s reports, records, books or ac-
counts or through some other means
that additional money is due the Board
or that money is due such person from
the Board, such person shall be notified
of the amount due. Any amount due
due the Board shall be remitted to the
Board by the next date for remitting
assessments as provided in
§ 1230.71(b)(3). Any overpayment to the
Board shall be credited to the account
of the person remitting the overpay-
m and shall be applied against
amounts due in succeeding months ex-
cept that the Board shall make prompt
payment when an overpayment cannot
be adjusted by a credit.

§ 1230.76 Charges.
Any assessment not paid when due
shall be increased 1.5 percent each
month beginning with the day fol-
lowing the date such assessment was
due. Any remaining amount due, which
shall include any unpaid charges pre-
viously made pursuant to this section,
shall be increased at the same rate on
the corresponding day of each month
thereafter until paid. For the purpose
of this section, any assessment that
was determined at a date later than
prescribed by this subpart because of a
person’s failure to submit a report to
the Board when due shall be considered
to have been payable by the date it
would have been due if the report had
been filed when due. The timeliness of
a payment to the Board shall be based
on the applicable postmark date or the
date actually received by the Board,
whichever is earlier.

§ 1230.77 [Reserved]

(b) Release or extinguish any violation of this subpart or any regulation issued thereunder; or

(c) Affect or impair any rights or remedies of the United States, the Secretary, or any person with respect to any such violation.
§ 1230.87 Personal liability.

(e) The producer shall provide a copy of the Certificate of Exemption to each person responsible for collecting and remitting the assessment to the Board.

(f) The person responsible for collecting and remitting the assessment to the Board shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(g) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic porcine animals or pork and pork products on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic porcine animals or pork and pork products bearing this HTS classification assigned by the Board will not be subject to assessments.

(h) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(i) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(d) Date collection of assessment was made on each case of eggs handled.  

§ 1250.353 Books and records.  

Each handler subject to this subpart and persons subject to section 7(c) of the act shall maintain and make available for inspection by the Board or the Secretary such books and records as are necessary to carry out the provisions of the subpart and the regulations hereunder, including such records as are necessary to verify any reports required. Such records shall be retained for at least 2 years beyond the fiscal period of their applicability.  

§ 1250.354 Confidential treatment.  

(a) All information obtained from such books, records, or reports shall be kept confidential by all officers and employees of the Department of Agriculture and the Board, and only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or upon the request of the Secretary, or to which the Secretary or any officer of the United States is a party and involving this subpart. Nothing in this paragraph shall be deemed to prohibit (1) the issuance of general statements based upon the reports of the number of persons subject to this subpart or statistical data collected therefrom, which statements do not identify the information furnished by any person, (2) the publication, by direction of the Secretary, of general statements relating to refunds made by the Egg Board during any specific period of time, or (3) the publication, by direction of the Secretary, of the name of any person violating this subpart together with a statement of the particular provisions of this subpart violated by such person.
(b) All information with respect to refunds, except as provided in paragraph (a)(2) of this section, made to individual producers shall be kept confidential by all officers and employees of the Department of Agriculture and the Board.

CERTIFICATION OF ORGANIZATIONS

§ 1250.356 Certification of organizations.

Any organization may request the Secretary for certification of eligibility to participate in nominating members and alternate members on the Board to represent the geographic area in which the organization represents egg producers. Such eligibility shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

(a) Geographic territory covered by the organization’s active membership;

(b) Nature and size of the organization’s active membership, proportion of total of such active membership accounted for by producers of commercial eggs, a chart showing the egg production by State in which the organization has members, and the volume of commercial eggs produced by the organization’s active membership in such State(s);

(c) The extent to which the commercial egg producer membership of such organization is represented in setting the organization’s policies;

(d) Evidence of stability and permanency of the organization;

(e) Sources from which the organization’s operating funds are derived;

(f) Functions of the organization; and

(g) The organization’s ability and willingness to further the aims and objectives of the act.

The primary consideration in determining the eligibility of an organization shall be whether its egg producer membership consists of a substantial number of egg producers who produce a substantial volume of the applicable geographic area’s commercial eggs to reasonably warrant its participation in the nomination of members for the Board or to request the issuance of an order. The Secretary shall certify any organization which he finds to be eligible under this section and his determination as to eligibility shall be final.

MISCELLANEOUS

§ 1250.357 Suspension and termination.

(a) The Secretary shall, whenever he finds that this subpart or any provision thereof obstructs or does not tend to effectuate the declared policy of the act, terminate or suspend the operation of this subpart or such provision.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 percent or more of the number of egg producers voting in the referendum approving this subpart, to determine whether egg producers favor the termination or suspension of this subpart, and the Secretary shall suspend or terminate such subpart at the end of 6 months after he determines that suspension or termination of the subpart is approved or favored by a majority of the egg producers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production of commercial eggs, and who produced more than 50 percent of the volume of eggs produced by the egg producers voting in the referendum.

the Secretary, execute such assign-
ments or other instruments necessary
or appropriate to vest in such person
full title and right to all of the funds,
property, and claims vested in the
Board or the trustees pursuant to this
subpart.
(c) Any person to whom funds, prop-
erty, or claims have been transferred
or delivered pursuant to this subpart
shall be subject to the same obligation
imposed upon the Board and upon the
trustees.
(d) Any residual funds not required to
defray the necessary expenses of liq-
uidation shall be turned over to the
Secretary to be disposed of, to the ex-
tent practicable, in the interest of con-
tinuing one or more of the research or
promotion programs hitherto author-
ized.

§1250.359 Effect of termination or
amendment.
Unless otherwise expressly provided
by the Secretary, the termination of
this subpart or of any regulation issued
pursuant hereto, or the issuance of any
amendment to either thereof, shall not:

obligation, or liability which shall
have risen or which may hereafter
arise in connection with any provision
of this subpart or any regulation issued
thereunder;
(b) Release or extinguish any viola-
tion of this subpart or any regulation
issued hereunder; or
(c) Affect or impair any rights or
remedies of the United States, or of the
Secretary, or of any person, with re-
spect to any such violation.

§1250.360 [Reserved]

§1250.361 Right of the Secretary.
All fiscal matters, programs or
projects, rules or regulations, reports,
or other substantive action proposed
and prepared by the Secretary shall be sub-
mitted to the Secretary for his ap-
proval.

§1250.362 Amendments.
Amendments to this subpart may be
proposed, from time to time, by the
Board, or by an organization certified
pursuant to section 16 of the act, or by
any interested person affected by the
provisions of the act, including the
Secretary.

§1250.363 Separability.
If any provision of this subpart is de-
cclared invalid or the applicability
thereof to any person or circumstances
is held invalid, the validity of the re-
mainder of this subpart of the applica-
ability thereof to other persons or cir-
cumstances shall not be affected there-
by.

ASSESSMENTS, COLLECTIONS, AND REMITTANCES

§ 1250.514 Levy of assessments.

An assessment rate of 10 cents per case of commercial eggs is levied on each case of commercial eggs handled for the account of each producer. Each case of commercial eggs shall be subject to assessment only once. Producers meeting the requirements of §1250.348 are exempt from the provisions of the Act including this section. [55 FR 6974, Feb. 28, 1990, as amended at 59 FR 64560, Dec. 15, 1994]

§ 1250.515 Reporting period and payment.

(a) For the purpose of the payment of assessments, either a calendar month or a 4-week accounting period shall be considered the reporting period; however, other accounting periods may be used when approved by the Board on an individual basis. Each collecting handler shall register his reporting period with the Board. All changes in reporting periods shall be requested in writing and subject to approval by the Board.

(b) Each producer shall pay the required assessment on his commercial eggs pursuant to §1250.514 to the collecting handler designated in §1250.516 on or before the date of final settlement between the producer and the collecting handler for the eggs received by the collecting handler during each reporting period.

§ 1250.516 Collecting handlers and collection.

(a) Handlers responsible for collecting the assessments shall be any of the following:

(1) The first person to whom eggs are sold, consigned, or delivered by producers and who grades, cartons, or breaks such eggs. Such shell egg breaker or egg packer must collect and remit to the Board the assessments on all eggs handled except eggs for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(2) A person who buys or receives nest run eggs from a producer and who does not grade, carton, or break such eggs. Such person shall collect the assessment from the producer and remit to the Egg Board on all eggs handled except eggs for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(3) Except as otherwise provided in paragraph (a)(4) of this section, a producer who grades, cartons, or breaks
eggs of his own production shall be responsible for remitting the assessment to the Board on all eggs produced. This would include the eggs which he grades, cartons, or breaks as well as the nest run eggs which are graded, cartoned, or broken by another handler. Such a producer who remits the assessment on nest run eggs to the Board shall provide the handler specified in paragraph (a) (1) or (2) of this section with a written statement that the assessment has already been paid on the nest run eggs; or

(4) Upon approval of the Board, any person who handles eggs for a producer under a written contract that includes express provisions that said handler will remit the assessment on such eggs to the Board shall be the collecting handler notwithstanding the fact that the producer may have graded, cartoned, or otherwise processed the eggs.

Following are some examples to aid in identification of collecting handlers:

(i) Producer sells, assigns, consigns, or otherwise delivers nest run eggs of his own production to a shell egg packer or breaker for preparation for market—the shell egg packer or breaker is the collecting handler and is responsible for remitting to the Egg Board;

(ii) Producer grades, cartons, breaks, or otherwise prepares for marketing a portion of the eggs of his own production and delivers the remaining portion of his nest run eggs to a shell egg packer or breaker—the producer is the collecting handler and shall remit the assessment on his total production to the Board;

(iii) Producer sells all or a portion of his eggs in nest run form to a handler who is not a shell egg packer or breaker—the handler is responsible for collecting the assessment and remitting it to the Egg Board except for eggs covered by a statement indicating that an assessment has already been paid;

(iv) A shell egg packer or breaker who buys or receives nest run eggs from a handler who is not a shell egg packer or breaker—the handler is the collecting handler and shall remit such assessment to the Board;

(v) A shell egg packer or egg breaker buys nest run or graded eggs including underage eggs from another shell egg packer or egg breaker—the first shell egg packer or breaker is the collecting handler and shall remit such assessments to the Board.

(b) In the event of a producer's death, bankruptcy, receivership, or incapacity to act, the representative of the producer or his estate, or the person acting on behalf of creditors, shall be considered the producer of the eggs for the purpose of this subpart.

(c) The collecting handler may collect the assessment directly from the producer or deduct the assessment from the proceeds due or paid to the producer on whose eggs the assessment is made.

[41 FR 22925, June 8, 1976, as amended at 42 FR 60724, Nov. 29, 1977]
(2) On or before the 20th day after the end of each reporting period, each designated cooperating agency shall remit to the Egg Board the total amount of all assessments received from collecting handlers for said reporting period together with all collecting handler reports. In addition, each designated cooperating agency shall submit to the Egg Board such information as is required by the designation agreement with the Egg Board.

§ 1250.518 Receipts for payment of assessments.

(a) Each collecting handler shall give each producer whose eggs are subject to assessment a receipt for the commercial eggs handled by said collecting handler showing payment of the assessment. This receipt may be on a separate receipt form or included as part of the invoice or settlement sheet for the eggs, but in either event shall contain the following information:

(1) Name, address, and identification number of the collecting handler;

(2) Name and address of the producer who paid the assessment;

(3) Number of cases of eggs on which assessment was paid and the total amount of the assessment; and

(4) Date on which assessment was paid by producer.

(b) All eggs sold, consigned, or delivered from a collecting handler to another handler, excluding cartoned eggs and loose graded eggs sold to the bakeries, restaurants, and institutions, shall be accompanied with the collecting handler’s written statement that the assessment on the lot of eggs covered by the invoice has been paid or that lot of eggs or portion thereof is exempt from assessment under provisions of §1250.514.

§ 1250.519 Late-payment charge.

Any unpaid assessments due to the Board pursuant to §1250.347 shall be increased by a late-payment charge of 1.5 percent each month beginning with the day following the date such assessments are 30 days past due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. Assessments that are not paid when due because of a person’s failure to submit a handler report to the Board as required shall accrue late-payment charges from the time such assessments should have been remitted. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date payment is actually received by the Board, whichever is earlier.

[58 FR 34697, June 29, 1993]
under §1250.514 from collection of assessment, total number of cases of imported eggs handled, and total number of cases of eggs received from another handler and on which an assessment was already collected;

(v) The names and addresses of producers subject to assessment supplying eggs to the handlers and number of cases of eggs received from each producer;

(vi) Total amount of assessment due for eggs handled during the reporting period and remitted with the report; and

(vii) Such other information as may be required by the Board.

(2) Collecting handler reports shall be filed each reporting period following registration until such time as the Egg Board is notified in writing that the collecting handler has ceased to do business. During reporting periods in which the collecting handler does not handle any eggs, his report form shall state "No Eggs Handled."

(b) The Egg Board may require all persons subject to section 7(c) of the Act to make reports as needed for the enforcement and administration of the Order and as approved by the Secretary.

§1250.530 Certification of exempt producers.

(a) Number of laying hens. Egg producers not subject to the provisions of the Act pursuant to §1250.348 shall file with all handlers to whom they sell eggs a statement certifying their exemption from the provisions of the Act in accordance with the criterion of §1250.348. Certification shall be made on forms approved and provided by the Egg Board to collecting handlers for use by exempt producers. The certification form shall be filed with each handler on or before January 1 of each year as long as the producer continues to do business with the handler. A copy of the certificate of exemption shall be forwarded to the Egg Board by the handler within 30 days of receipt. The certification shall list the following: the name and address of the producer, the basis for producer exemption according to the requirements of §1250.348, and the signature of the producer.

(b) Organic Production. A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; only produces products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (b)(6) of this section; and is not a split operation shall be exempt from the payment of assessments.

(1) To apply for an exemption under this section, a producer shall submit a request for exemption to the Board on a form provided by the Board at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(2) The request shall include the following: the producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (b) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(3) If the producer complies with the requirements of this section, the Board will grant an assessment exemption and issue a certificate of exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(4) The producer shall provide a copy of the certificate of exemption to each handler to whom the producer sells eggs. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(5) The exemption will apply at the first reporting period following the issuance of the Certificate of Exemption.
§ 1250.535 Retention of records.

(a) Each person required to make reports pursuant to this subpart shall maintain and retain for at least 2 years beyond the fiscal period of their applicability:

(1) One copy of each report submitted to the Egg Board;

(2) Records of all exempt producers including certification of exemption as necessary to verify the address of each exempt producer; and

(3) Such other records as are necessary to verify reports submitted to the Egg Board.

(b) Egg producers subject to §1250.514 shall maintain and retain for at least 2 years beyond the period of their applicability:

(1) Receipts, or copies thereof, for payment of assessments; and

(2) Such records as are necessary to verify monthly levels of egg production.

§ 1250.536 Availability of records.

Each handler and egg producer subject to this subpart and all persons subject to section 7(c) of the Act shall make available for inspection and copying by authorized employees of the Egg Board and/or the Secretary during regular business hours, such information as is appropriate and necessary to verify compliance with this subpart.

§ 1250.537 Confidentiality.

All information obtained by officers and employees of the Department of Agriculture, the Egg Board, or any person under contract by the Egg Board or otherwise acting on behalf of the Egg Board from the books, records, and reports of persons subject to this subpart, and all information with respect to refunds of assessments made to individual producers, shall be kept confidential in the manner and to the extent provided in §1250.353 of the Order.

§ 1250.542 Patents, copyrights, trademarks, and information.

Patents, copyrights, trademarks, and information accruing from work pursuant to any plan or project undertaken by any person on behalf of the Egg Board, financed by assessment funds or other revenues of the Egg Board; shall become property of the U.S. Government as represented by the Egg Board; and such patents, copyrights, trademarks, and information may be licensed subject to approval by the Secretary of Agriculture. Upon termination of the Order, the Egg Board shall transfer custody of all such patents, copyrights, trademarks, and information to the Secretary of Agriculture pursuant to the procedure provided for in §1250.358 who shall utilize them in a manner that he determines to be in the best interest of egg producers. Funds generated from the use of patents, copyrights, trademarks, and information by the Egg Board will be considered income subject to the same fiscal, budget, and audit control as the other funds of the Egg Board. Ownership of inventions made by employees of the Board shall be determined in accordance with Executive Order 10096.
§ 1250.547 Personal liability.

(4) In order for a producer described in §1260.172(a) to receive the credit authorized in §1260.172(a)(3), the qualified
State beef council or the collecting person must establish to the satisfaction of the Board that the producer has contributed to a qualified State beef council.

(5) Each person responsible for the remittance of the assessment pursuant to §1260.172 (a) and (2) shall remit the assessment to the qualified State beef council in the State from which the cattle originated prior to sale, or if there is no qualified State beef council within such State, the assessment shall be remitted directly to the Board. However, the Board, with the approval of the Secretary, may authorize qualified State beef councils to propose modifications to the foregoing “State of origin” rule to ensure effective coordination of assessment collections between qualified State beef councils. Qualified State beef councils and the Board shall coordinate assessment collection procedures to ensure that producers selling or marketing cattle in interstate commerce are required to pay only one assessment per individual sale of cattle. For the purpose of this subpart, “State of origin” rule means the State where the cattle were located at time of sale, or the State in which the cattle were located prior to sale if such cattle were transported interstate for the sole purpose of sale. Assessments shall be remitted not later than the 15th day of the month following the month in which the cattle were purchased or marketed.

(6) If a State law or regulation promulgated pursuant to State law requires the payment and collection of a mandatory, nonrefundable assessment of more than fifty (50) cents per head on the sale and purchase of cattle, or the equivalent thereof for beef and beef products as described in §1260.172 (a)(1) and (2) for use by a qualified State beef council to fund activities similar to those described in §1260.169, and such State law or regulation authorizes the issuance of a credit of that amount of the assessment which exceeds fifty (50) cents to producers who waive any right to the refund of the assessment credited by the State due pursuant to this subpart, then any producer subject to such State law or regulation who pays only the amount due pursuant to such State law or regulation and this subpart, including any credits issued, shall thereby waive that producer’s right to receipt from the Board of a refund of such assessment for that portion of such refund for which the producer received credit pursuant to such State law or regulation.

(b) Importer assessments. (1) Importers of cattle, beef, and beef products into the United States shall pay an assessment to the Board through the U.S. Customs Service, or in such other manner as may be established by regulations approved by the Secretary.

(2) The assessment rates for imported cattle, beef, and beef products are as follows:

(3) The Board may prescribe by regulation, with the approval of the Secretary, an increase or decrease in the level of assessments for imported beef and beef products based upon revised determinations of live animal equivalencies.

(4) The assessments due upon imported cattle, beef and beef products shall be remitted to the Customs Service upon importation of the cattle, beef or beef products into the United States, or in such other manner as may be provided by regulations prescribed by the Board and approved by the Secretary.

(c) The collection of assessments pursuant to §1260.172 (a) and (b) shall begin with respect to cattle purchased or cattle, beef, and beef products imported on and after the effective date of this section and shall continue until terminated by the Secretary.

(d) Money remitted pursuant to this subpart shall be in the form of a negotiable instrument made payable as appropriate to the qualified State beef council or the “Cattlemen’s Beef Pro-motion and Research Board.” Such remittances and the reports specified in §1260.201 shall be mailed to the location designated by the Board.

Any unpaid assessments due to the Board pursuant to §1260.172 shall be increased 2.0 percent each month beginning with the day following the date such assessments were due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purposes of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person’s failure to submit a report to the Board when due shall be considered to have been payable by the date it would have been due if the report had been filed when due. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date actually received by the qualified State beef council or Board, whichever is earlier.

§ 1260.176 Adjustment of accounts.

Whenever the Board or the Department determines that money is due the Board or that money is due any person from the Board, such person shall be notified of the amount due. The person shall then remit any amount due the Board by the next date for remitting assessments as provided in §1260.172. Overpayments shall be credited to the account of the person remitting the overpayment and shall be applied against amounts due in succeeding months except that the Board shall make prompt payment when an overpayment cannot be adjusted by a credit.
§ 1260.181 Qualified State beef councils.

(a) Any beef promotion entity that is authorized by State statute or is organized and operating within a State, that receives assessments or contributions from producers and conducts beef promotion, research, consumer information, and/or industry information programs may apply for certification of qualification so that producers may receive credit pursuant to § 1260.172(a)(3) for contributions to such organization. The Board shall review such applications for certification and shall make a determination as to certification of such applicant.

(b) In order for the State beef council to be certified by the Board as a qualified State beef council, the council must:

(1) Conduct activities as defined in § 1260.169 that are intended to strengthen the beef industry’s position in the marketplace;

(2) Submit to the Board a report describing the manner in which assessments are collected and the procedure utilized to ensure that assessments due are paid;

(3) Certify to the Board that such council will collect assessments paid on cattle originating from the State or unit within which the council operates and shall establish procedures for ensuring compliance with this subpart with regard to the payment of such assessments;

(4) Certify to the Board that such organization shall remit to the Board assessments paid and remitted to the council, minus authorized credits issued to producers pursuant to § 1260.172(a)(3), by the last day of the month in which the assessment was remitted to the qualified State beef council unless the Board determines a different date for remittance of assessments.

(5) [Reserved]

(6) Certify to the Board that the council will furnish the Board with an annual report by a certified public accountant of all funds remitted to such council pursuant to this subpart and any other reports and information the Board or Secretary may request; and

(7) Not use council funds collected pursuant to this subpart for the purpose of influencing governmental policy or action, or to fund plans or projects which make use of any unfair or deceptive acts or practices including unfair or deceptive acts or practices with respect to the quality, value or use of any competing product.

Such information may include but is not limited to the following:

(a) The number of cattle purchased, initially transferred or which, in any other manner, is subject to the collection of assessment, and the dates of such transaction;

(b) The number of cattle imported; or the equivalent thereof of beef or beef products;

(c) The amount of assessment remitted;

(d) The basis, if necessary, to show why the remittance is less than the number of head of cattle multiplied by one dollar; and,

(e) The date any assessment was paid.

All information obtained from such books, records or reports required under the Act and this subpart shall be kept confidential by all persons, including employees and agents of the Board, officers and employees of the Department, and by all officers and employees of contracting organizations having access to such information, and shall not be available to Board members or any other producers or importers. Only those persons having a specific need for such information in order to effectively administer the provisions of this subpart shall have access to this information. In addition, only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or upon the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. Nothing in this section shall be deemed to prohibit:

(a) The issuance of general statements based upon the reports of the number of persons subject to this subpart or statistical data collected therefrom, which statements do not identify the information furnished by any person; and

§ 1260.212 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of
this subpart or of any regulation issued pursuant thereto, or the issuance of any amendment to either thereof, shall not:

(a) Affect or waive any right, duty, obligation, or liability which shall have arisen or which may hereafter arise in connection with any provision of this subpart or any regulation issued thereunder;

(b) Release or extinguish any violation of this subpart or any regulation issued thereunder; or,

(c) Affect or impair any rights or remedies of the United States, or of the Secretary, or of any person, with respect to any such violation.

§ 1260.213 Removal.

If the Secretary finds that the recommendation demonstrates adequate cause, the Secretary shall remove the person from office. A person appointed or certified under this part or any employee of the Board or Committee may be removed by the Secretary if the Secretary determines that the person's continued service would be detrimental to the purposes of the Act.

§ 1260.214 Personal liability.

No member, employee or agent of the Board or the Committee, including employees or agents of a qualified State beef council acting on behalf of the Board, shall be held personally responsible, either individually or jointly, in any way whatsoever, to any person for errors in judgment, mistakes or other acts of either commission or omission, or such member or employee, except for acts of dishonesty or willful misconduct.

§ 1260.215 Patents, copyrights, inventions and publications.

(a) Any patents, copyrights, inventions or publications developed through the use of funds collected by the Board under the provisions of this subpart shall be the property of the U.S. Government as represented by the Board, and shall, along with any rents, royalties, residual payments, or other income from the rental, sale, leasing, franchising, or other uses of such patents, copyrights, inventions, or publications, ensure to the benefit of the Board. Upon termination of this subpart, §1260.211 shall apply to determine disposition of all such property.

(b) Should patents, copyrights, inventions or publications be developed through the use of funds collected by the Board under this subpart and funds contributed by another organization or person, ownership and related rights to such patents, copyrights, inventions or publications shall be determined by agreement between the Board and the party contributing funds towards the development of such patent, copyright, invention or publication in a manner consistent with paragraph (a) of this section.

§ 1260.216 Amendments.

Amendments to this subpart may be proposed, from time to time, by the Board, or by any organization or association certified pursuant to the Act and this part, or by any interested person affected by the provisions of the Act, including the Secretary.

If any provision of this subpart is declared invalid or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart or the applicability thereof of other persons or circumstances shall not be affected thereby.

Subpart B—Rules and Regulations

SOURCE: 53 FR 5754, Feb. 26, 1988, unless otherwise noted.

§ 1260.301 Terms defined.

As used throughout this subpart, unless the context otherwise requires, terms shall have the same meaning as the definition of such terms as appears in Subpart A of this part.

§ 1260.302 Organic exemption.

(a) A producer who operates under an approved National Organic Program
§ 1260.310 Domestic assessments.

(a) A $1.00 per head assessment on cattle sold shall be paid by the producer of the cattle in the manner designated in §1260.311.

(b) If more than one producer shares the proceeds received for the cattle sold, each such producer is obligated to submit documentation to the Board and request an exemption from assessment on 100 percent organic cattle or beef and beef products—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic cattle or beef and beef products bearing this HTS classification assigned by the Board will not be subject to assessments.

(c) The request shall include the following: the producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2010 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board or QSBC will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board or QSBC will have 60 days to approve the exemption request; after August 15, 2005, the Board or QSBC will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each person responsible for collecting and remitting the assessment.

(f) The person responsible for collecting and remitting the assessment shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board or QSBC.

(g) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic cattle or beef and beef products—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic cattle or beef and beef products bearing this HTS classification assigned by the Board will not be subject to assessments.

(h) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(i) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(70 FR 2762, Jan. 14, 2005)
pay that portion of the assessments which are equivalent to the producer's proportionate share of the proceeds.

(c) Failure of the collecting person to collect the assessment on each head of cattle sold as designated in §1260.311 shall not relieve the producer of his obligation to pay the assessment to the appropriate qualified State beef council or the Cattlemen's Board as required in §1260.312.

§ 1260.311 Collecting persons for purposes of collection of assessments.

Collecting persons for purposes of collecting and remitting the $1.00 per head assessment shall be:

(a) Except as provided in paragraphs (b), (c), and (f) of this section, each person making payment to a producer for cattle purchased in the United States shall collect from the producer an assessment at the rate of $1-per-head of cattle purchased and shall be responsible for remitting assessments to the QSBC or the Board as provided in §1260.312. The collecting person shall collect the assessment at the time the collecting person makes payment or any credit to the producer's account for the cattle purchased. The person paying the producer shall give the producer a receipt indicating payment of the assessment.

(b) Any producer marketing cattle of that producer's own production in the form of beef or beef products to consumers, either directly or through retail or wholesale outlets, shall be responsible for remitting to the qualified State beef council or the Cattlemen's Board pursuant to §1260.312, an assessment on such cattle at the rate of $1.00 per head of cattle or the equivalent thereof. The obligation to remit the assessment shall attach upon slaughter of the cattle, and the producer responsible for remitting the assessment shall remit the assessment in the manner provided in §1260.312. For the purposes of this subpart, a producer marketing cattle of the producer's own production in the form of beef or beef products shall be considered a collecting person.

(c) In the States listed in the following chart there exists a requirement that cattle be brand inspected by State authorized inspectors prior to sale. In addition, when cattle are sold in the sales transactions listed below in those States, these State authorized inspectors are authorized to, and shall, except as provided for in paragraph (f) of this section, collect assessments due as a result of the sale of cattle. In those transactions in which inspectors are responsible for collecting assessments, the person paying the producer shall not be responsible for the collection and remittance of such assessments. The following chart identifies the party responsible for collecting and remitting assessments in these States:

1 For the purpose of this subpart, the term “country sales” shall include any sales not conducted at an auction or livestock market and which is not a sale to a slaughter/packer, feedlot, or order buyer or dealer.
(d) For cattle delivered on futures contracts, the commission firm or the market agency representing the seller in the delivery of cattle shall be the collecting person.

(e) In a case where a producer sells cattle as part of a custom slaughter operation, the producer shall be the collecting person in the same manner as if the cattle were slaughtered for sale.

(ii) The cattle shall have been continuously and exclusively under the producer’s ownership; and

(iii) The cattle are transported to a feedlot with such producer continuously owning the cattle through the entire feeding phase.

(4) For those cattle for which the assessment has been producer directed and paid in advance pursuant to paragraph (f)(1) of this section, the purchaser of the cattle shall not be required to collect and remit the assessment, but shall maintain on file a copy of the Certification of Producer Directed Payment of Cattle Assessments form completed and signed by the producer who originally transported the cattle under retained ownership.

(5) For those cattle for which the assessment has been producer directed and paid in advance pursuant to paragraph (f)(1) of this section, copies of the completed Certification of Producer Directed Payment of Cattle Assessments form shall be maintained on file by the producer, the QSBC or the Board, the feedlot operator, and the purchaser of the cattle for 3 years.

(d) Certified non-producer status for certain transactions.

(a) The assessment levied on each head of cattle sold shall not apply to cattle owned by a person:

(b) Market agencies. A person who is a market agency; i.e., commission merchant, auction market, or livestock market in the business of receiving lambs or lamb products for sale on commission for or on behalf of a producer, feeder, or seedstock producer, will be required to collect an assessment from the producer, feeder, or seedstock producer and pass the collected assessment on to the subsequent purchaser(s) until remitted by a first handler or exporter responsible for submitting assessments under this part.

(c) Failure to collect. Failure of a person to collect the assessment on lambs purchased from a producer, feeder, or seedstock producer shall not relieve the producer, feeder, or seedstock producer of their obligation to pay the assessment and to remit the assessment to the Secretary.

(d) Death, bankruptcy, receivership or incapacity to act. In the event of a producer’s, feeder’s, seedstock producer’s, or exporter’s death, bankruptcy, receivership or incapacity to act, the representative of such producer’s, feeder’s, seedstock producer’s, or exporter’s estate, the person acting on behalf of creditors or other person acting in such person’s stead, shall be considered the producer, feeder, or seedstock producer and shall be required to pay an assessment or collect an assessment.

Any remaining amount due, which shall include any unpaid charges previously made pursuant to this paragraph, shall be increased at the same rate on the corresponding day of each month thereafter until paid. Any assessment received at a date later than the date prescribed by this part, because of a person’s failure to submit a timely report to the Secretary, shall be considered to have been payable by the date it would have been due if the report had been filed in a timely manner. The timeliness of a payment to the Secretary shall be based on the applicable postmark date or the date actually received by the Secretary, whichever is earlier.

Such records will be placed in a secure location under the custody of FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. If the county FSA office receives no notice to the contrary from the Administrator, FSA, by the end of the 12 month period as described above, the CED or designee shall destroy the records.

7 CFR Ch. XI (1–1–11 Edition)

§ 1291.3 Eligible grant applicants.

Eligible grant applicants are State departments of agriculture from the fifty states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

§ 1291.4 Eligible grant project.

(a) To be eligible for a grant, the project(s) must solely enhance the competitiveness of U.S. grown or U.S. territory grown eligible specialty crops, in either domestic or foreign markets.

(b) To be eligible for a grant, the project(s) must be completed within three calendar years after the grant agreement prescribed in §1291.8 of this part is signed. The grant period is established by the longest approved project submitted in the State plan. However, for cause, an extension of the grant period not to exceed three years may be granted by AMS on a case by case basis with a written request from the State.

(c) Projects should benefit the specialty crop industry and/or the public rather than a single organization, institution, individual, or commercial product. Single organizations, institutions, and individuals are eligible to participate as project partners.

(d) Multi-state projects that address solutions to problems that cross state boundaries are eligible.

§ 1291.5 Restrictions and limitations on grant funds.

(a) Grant funds may not be used to fund political activities in accordance with provisions of the Hatch Act (5 U.S.C. 1501–1508 and 7321–7326).

(b) Development or participation in lobbying activities pursuant to 31 U.S.C. 1352 including costs of membership in organizations substantially engaged in lobbying are unallowable.

(c) Grant funds shall supplement the expenditure of State funds in support of specialty crops grown in that State, rather than replace State funds.

(d) Grantees and subgrantees must comply with 7 CFR Part 3015.

(e) Capital expenditures for general purpose equipment, buildings, and land are unallowable as direct and indirect charges.

(f) Capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of $5000 or more have the prior approval of AMS.

(g) Rental costs of buildings and equipment are allowable as direct costs in accordance with the cost principles in subpart T of 7 CFR part 3015.

§ 1291.6 Completed application.

Completed applications shall be clear and succinct and shall include the following documentation satisfactory to AMS.

(a) One SF–424 “Application for Federal Assistance”.

(b) SF–424A “Budget Information—Non-Construction Programs” showing the budget for each project.

(c) One SF–424B “Assurances—Non-Construction Program”.

(d) Completed applications must also include one State plan to show how grant funds will be utilized solely to enhance the competitiveness of specialty crops. The State plan shall include the following:

1. **Cover page and granting processes.** Include the point of contact and lead
agency for administering the plan. Provide a description of the affirmative steps taken to conduct outreach to socially disadvantaged farmers and beginning farmers. Describe how these groups were identified and the methods used to reach out to them. Identify if an award was made to either a socially disadvantaged farmer or a beginning farmer. If steps were not taken to conduct outreach to these groups, provide a justification for why not. Provide a description of the affirmative steps taken to conduct a competitive grant process. Include the steps taken to conduct outreach to specialty crop stakeholders to receive and consider public comment to identify their priority needs in enhancing the competitiveness of specialty crops. Identify the methods used to solicit proposals that meet specialty crop stakeholders' needs, including any focus on multi-state projects. Include a description of the process used to review proposals in a fair and equitable manner. State departments of agriculture may also provide a copy of the issued request for proposals. If a competitive grant process was not used, provide a justification why not.

(2) Project title and abstract. Include the title of the project and an abstract of 200 or fewer words for each project.

(3) Project purpose. For each project, clearly state the purpose of the project. Describe the specific issue, problem, interest, or need to be addressed. Explain why the project is important and timely. If funding is being directed at a state marketing program, describe how the state will ensure that funding is being used solely to enhance the competitiveness of specialty crops as defined in §1291.2(n). If a project builds on a previous Specialty Crop Block Grant Program (SCBGP) or SCBGP–FB project, indicate clearly how the new project compliments previous work. For each project, indicate if the project will be or has been submitted to or funded by another Federal or State grant program.

(4) Potential impact. Discuss the number of people or operations affected, the intended beneficiaries of each project, and/or potential economic impact if such data are available and relevant to the project.

(5) Expected measurable outcomes. For each project, describe at least one distinct, quantifiable, and measurable outcome-oriented objective that directly and meaningfully supports the project’s purpose. The measurable outcome-oriented objective must define an event or condition that is external to the project and that is of direct importance to the intended beneficiaries and/or the public. Outcome measures may be long term that exceed the grant period. Describe how performance toward meeting outcomes will be monitored. For each project, include a performance-monitoring plan to describe the process of collecting and analyzing data to meet the outcome-oriented objectives.

(6) Work plan. For each project, explain briefly the activities that will be performed to accomplish the objectives of the project. Be clear about who will do the work. Include appropriate timelines.

(7) Budget narrative. The limit on indirect costs, not to exceed 10 percent, will be published in a FEDERAL REGISTER notice each fiscal year. Provide a justification if indirect costs exceed 10 percent or exceed that fiscal year’s limit as announced in the FEDERAL REGISTER. Provide in sufficient detail information about the budget categories listed on SF–424A for each project to demonstrate that grant funds are being expended on eligible grant activities that meet the purpose of the program.

(8) Project oversight. Describe the oversight practices that provide sufficient knowledge of grant activities to ensure proper and efficient administration for each project.

(9) Project commitment. Describe how all grant partners commit to and work toward the goals and outcome measures of each proposed project(s).

(10) Multi-state projects. If the project is a multi-state project, describe how the states are going to collaborate effectively with related projects with one state assuming the coordinating role. Indicate the percent of the budget covered by each state.

§ 1400.105 Attribution of payments.

(a) A payment made directly to a person or legal entity will be combined with the pro rata interest of the person or legal entity in payments received by a legal entity in which the person or legal entity has a direct or indirect
ownership interest, unless the payments of the legal entity have been reduced by the pro rata share of the person or legal entity.

(b) A payment made to a legal entity will be attributed to those persons who have a direct and indirect ownership interest in the legal entity, unless the payment of the legal entity has been reduced by the pro rata share of the person.

(c) Attribution of payments made to legal entities will be tracked through four levels of ownership in legal entities as follows:

(1) First level of ownership—any payment made to a legal entity that is owned in whole or in part by a person will be attributed to the person in an amount that represents the direct ownership interest in the first-tier or payment legal entity;

(2)(i) Second level of ownership—any payment made to a first-tier legal entity that is owned in whole or in part by another legal entity (referred to as a second-tier legal entity) will be attributed to the second-tier legal entity in proportion to the ownership of the second-tier legal entity in the first-tier legal entity;

(ii) If the second-tier legal entity is owned in whole or in part by a person, the amount of the payment made to the first-tier legal entity will be attributed to the person in the amount that represents the indirect ownership in the first-tier legal entity by the person.

(3) Third and fourth levels—except as provided in paragraph (2)(ii) of this section, any payments made to a legal entity at the third and fourth tiers of ownership will be attributed in the same manner as specified in paragraph (2)(i) of this section.

(4) Fourth-tier ownership—if the fourth-tier of ownership is that of a legal entity and not that of a person, a reduction in payment will be applied to the first-tier or payment legal entity in the amount that represents the indirect ownership in the first-tier or payment legal entity by the fourth-tier legal entity.

(d) For purposes of administering direct attribution, and to determine a person’s or legal entity’s ownership interest in a legal entity that receives a payment subject to limitation; the ownership interest on June 1 of each year will be used.

(1) If the change in ownership interest is due to the death of an interest holder in the legal entity or the legal entity did not exist on June 1 of the applicable year, the Deputy Administrator may determine that a change after June 1 is considered relevant or effective for the current year.

(2) Changes that occur after June 1 cannot be used to increase the amount of program payments a legal entity, or its members, is eligible to receive directly or indirectly for the applicable year.

(e) Direct attribution of payments is not applicable to a cooperative association of producers with respect to commodities produced by the members of the association that are marketed by the association on behalf of the members of the association. The payments will instead be attributed to the producers as persons.

§ 1400.106 Payment limits.

(a) Payments made to a person or legal entity will not exceed the amounts specified in subpart A of this part.

(b) Payments made to a joint operation cannot exceed, for each payment specified in subpart A of this part, the amount determined by multiplying the maximum payment amount specified in subpart A of this part by the number of persons and legal entities, other than joint operations, that comprise the ownership of the joint operation.

(c) Payments made to a legal entity will be reduced proportionately by an amount that represents the direct or indirect ownership in the legal entity by any person or legal entity that has otherwise reached the applicable maximum payment limitation.

(d) If the cash rent tenant is a joint operation, then each member or their spouse must make a significant contribution of active personal labor or active personal management as specified in §1400.203(a)(1)(ii) to be considered eligible for the member’s share of the program payments received by the joint operation on the cash rented land.

(e) If the cash rent tenant is a legal entity, then a significant contribution of active personal labor or active personal management must be made to the legal entity as specified in §1400.204(a)(2) for the legal entity to be considered eligible for the program payments on the cash rented land.

Subpart E—Foreign Persons

§ 1400.401 Eligibility.

(a) Subject to the conditions set out in paragraphs (b) and (c) of this section, any person who is not a citizen of the United States or an alien lawfully admitted into the United States for permanent residence under the Immigration and Nationality Act (8 U.S.C. 1101–1178) will be ineligible to receive any type of loans or payments made available under Title I of the Food, Conservation, and Energy Act of 2008, the Agricultural Market Transition Act, the Commodity Credit Corporation Charter Act (15 U.S.C. 714–714o), or subtitle D of Title XII of the Food Security Act of 1985 (16 U.S.C. 3831–3836), or under any contract entered into under Title XII of that Act (16 U.S.C. 3801–3845), with respect to any commodity produced, or land set aside from production, on a farm that is owned or operated by such person, unless such person is an individual who is providing land, capital, and a substantial amount of personal labor in the production of crops on such farm. Likewise, and subject to the same conditions, such persons may be ineligible for payments under any other program which by its own regulations specifically provides for such an ineligibility and adopts these regulations.

(b)(1) A corporation or other legal entity will be ineligible to receive payments, loans, and benefits if more than 10 percent of the ownership of the legal entity is held by persons who are not citizens of the United States or lawful aliens unless each foreign person who is a stockholder or other type of member provides a substantial amount of active personal labor in the production of crops on a farm owned or operated by such a legal entity. However, upon the written request of the legal entity, the Deputy Administrator may make payments in an amount determined by the Deputy Administrator to be representative of the percentage interest of the legal entity that is owned by citizens of the United States and lawful aliens or foreign stockholders or other type of member who provide a significant contribution of active personal labor in the production of crops on a farm owned or operated by such legal entity.

(2) In determining whether more than 10 percent of the ownership of a legal entity is held by persons who are not citizens of the United States or by lawful aliens, the ownership interest will be the higher of the amount of such interest on:

(i) The date the applicable program contract or agreement is executed by the legal entity or

(ii) Any other date prior to the final harvest date that is determined and announced by the Deputy Administrator to be normal in the area for the applicable program crop.

(3) A corporation or other legal entity must inform the county committee of any increase in such ownership that occurs after the applicable program contract or agreement is executed.

(4) In the event of an increase in such ownership after a payment, loan, or benefit has been made, the legal entity will refund such payment, loan, or benefit.

(5) Where there is only one class of stock or other similar unit of ownership, a person’s or legal entity’s percentage share of the limited partnership, corporation, or other similar legal entity will be based upon the outstanding shares of stock or other similar unit of ownership held by the person or legal entity as compared to the
§ 1400.402 Notification.

(a) Any legal entity, whether foreign or domestic, that executes a program contract or agreement under which a payment, loan, or benefit may be available must provide written notification to the county committee in the county where the legal entity conducts its farming operation if:

(1) Any person, group of persons, legal entity, or group of legal entities holds more than a 10 percent interest in such legal entity; and

(2) Such person, group of persons, legal entity, or group of legal entities, in accordance with §1400.401, are ineligible to receive a payment, loan, or benefit.

(b) Such written notification must include the name and social security number or taxpayer identification number of such a person or legal entity, if known, and of all persons and legal entities that hold an interest in the legal entity.

(c) The failure of the legal entity to provide this information will result in the ineligibility of the legal entity to receive any payment, loan, or benefit.

Subpart F—Average Adjusted Gross Income Limitation

§ 1400.500 Applicability.

(a) For the 2009 through 2012 crop, program, or fiscal years, a person or legal entity, other than a joint venture or general partnership, will not be eligible to receive, directly or indirectly, certain program payments or benefits described in §1400.1 if the average adjusted gross income of the person or legal entity exceeds the amounts in paragraphs (b) through (d) of this section for the 3 taxable years preceding the most immediately preceding complete taxable year, as determined by the Deputy Administrator.

(b) For 2009 through 2012 commodity programs set forth in §1400.1, a person or legal entity with an average adjusted gross nonfarm income as defined in §1400.3 that exceeds $500,000 will not be eligible to receive program payments or benefits as identified in §1400.1.

(c) For 2009 through 2012 commodity programs set forth in §1400.1, a person or legal entity that has an average adjusted gross farm income as defined in §1400.3 that exceeds $750,000 will not be eligible to receive a direct payment and other payments made applicable by statute or regulation.

(ii) Achieve enduring conservation treatment through use of a long-term agreement that is greater than 15 years in duration or through use of a deed restriction on the land.

(e) Determinations made under this subpart with regard to conservation programs will be based on the year for which the conservation program contract or agreement is approved and the determination will apply for the entire term of the subject agreement or contract.

(f) Vendors that receive payment for technical services provided in conjunction with programs made subject to this subpart by regulation or statute, but who are not beneficiaries of the program, are not subject to this subpart for services that are of the type that are also performed by the Federal Government in connection with such programs.

(g) Payments to an escrow agent, or other legal entity of similar capacity in which the recipient is maintaining temporary custody of the funds for eventual disbursement to an eligible program participant, are not subject to this subpart so long as the party ultimately receiving the payment is eligible under this subpart.

(h) Payments to States, counties, political subdivisions and agencies thereof, and Indian tribes as defined in §1400.3 are not subject to this subpart.

§1400.501 Determination of average adjusted gross income.

(a) Except as otherwise provided in this subpart, average adjusted gross farm income of a person or legal entity includes income or benefits derived from or related to the following:

(1) Production of crops, specialty crops, and unfinished raw forestry products;

(2) The production of livestock, including but not limited to, cattle, elk, reindeer, bison, horses, deer, sheep, goats, swine, poultry, fish and other aquaculture products used for food, honeybees, and products produced by, or derived from, livestock;

(5) The rental or lease of land or equipment, used for farming, ranching, or forestry operations, including water or hunting rights;

(6) The processing, packing, storing, shedding, and transporting of farm, ranch, and forestry commodities, including renewable energy;

(7) The feeding, rearing, or finishing of livestock;

(8) The sale of land that has been used for agriculture;

(9) Any payment or benefit, including benefits from risk management practices, crop insurance indemnities, and catastrophic risk protection plans;

(10) Payments and benefits authorized under any program made applicable to this subpart by statute or regulation;

(11) Any other activity related to farming, ranching, or forestry, as determined by the Deputy Administrator; and

(12) Any income reported on the Schedule F or other schedule used by the person or legal entity to report income from farming, ranching, or forestry operations to the Internal Revenue Service.

(b) Payments to States, counties, political subdivisions and agencies thereof, and Indian tribes as defined in §1400.3 are not subject to this subpart.
(1) For a person filing a separate tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the person for the applicable tax year;

(2) For a person filing a joint tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the applicable tax year unless a certified statement is provided by a certified public accountant or attorney specifying the manner in which such income would have been declared and reported if the persons had filed two separate returns and that this calculation is consistent with the information supporting the filed joint return;

(3) For a corporation, including a subchapter S corporation, the total reported “taxable income” as reported to the Internal Revenue Service plus the amount of the charitable contributions as reported on the final federal income tax return for the applicable tax year;

A new legal entity will have its adjusted gross income averaged only for those years of the base period for which it was in business; however, a new legal entity will not be considered “new” to the extent it takes over an existing operation and has any elements of common ownership or interests with the preceding legal entity, or with persons or legal entities with an interest in the “old” legal entity. When there is such commonality, income of the “old” legal entity will be averaged with that of the “new” legal entity for the base period.

§1400.502 Compliance and enforcement.

(a) To comply with the average adjusted gross income limitation, a person or legal entity, including all interest holders in a legal entity, general partnership, or joint venture, must provide annually the following as required by CCC:

(2) A certification from the person or legal entity that the average adjusted gross income of the person or legal entity does not exceed the applicable adjusted gross income limitation;

(3) The relevant Internal Revenue Service documents and supporting financial data as requested by CCC. Supporting financial data may include State income tax returns, financial statements, balance sheets, reports prepared for or provided to another Government agency, information prepared for a private lender, and other credible information relating to the amount and source of the person’s or legal entity’s income; or

(4) Authorization for CCC to obtain tax data from the Internal Revenue Service for purposes of verification of compliance with this subpart.
(b)(1) All persons and legal entities are subject to an audit by FSA of any information submitted in accordance with this subpart. As a part of this audit, income tax returns may be requested, and if requested, must be supplied by all related persons and legal entities.

(2) In addition to any other requirement under any Federal statute, relevant Federal income tax returns and documentation must be retained a minimum of two years after the end of the calendar year corresponding to the year for which payments or benefits are requested.

(c) Failure to provide necessary and accurate information to verify compliance, or failure to comply with this subpart’s requirements, will result in ineligibility for all program benefits subject to this subpart for the year or years subject to the request.

§ 1400.503 Commensurate reduction.

(a) Any program payment or benefit subject to this subpart provided to a legal entity, general partnership, or joint venture will be reduced by an amount commensurate with the direct and indirect ownership interest in the legal entity, general partnership, or joint venture of each person or legal entity determined to have an average adjusted gross income in excess of the applicable limitation under the standards provided elsewhere in this subpart for the direct recipient of such payments.

(b) Ownership interest in a legal entity will be reviewed to the fourth level of ownership, as specified in §1400.105, to determine whether a commensurate reduction is applicable and the extent of such reduction. If an ownership interest is not held by a person in the fourth level of ownership in a legal entity, no payment or benefit will be made with respect to such interest.

PART 1401—COMMODITY CERTIFICATES, IN KIND PAYMENTS, AND OTHER FORMS OF PAYMENT

Sec. 1401.1 Applicability.
1401.2 Payments in lieu of cash payments.
1401.3 Payments to persons with outstanding CCC loans.
1401.4 Commodity certificates.
1401.5 In kind payments.
1401.6 Assignments.
1401.7 Miscellaneous provisions.
1401.8 Subsequent holders.

§ 1401.1 Applicability.

This part shall be applicable to payments and loans made in accordance with the programs administered by the Commodity Credit Corporation (CCC) or the Farm Service Agency (FSA) as determined and announced by the Secretary of Agriculture or a designee of the Secretary. The definitions of the terms applicable to 7 CFR part 713 set forth at §713.3 also shall be applicable to this part, except that the term “commodity” shall mean any agricultural commodity.

§ 1401.2 Payments in lieu of cash payments.

(a) CCC will, in accordance with applicable program provisions, make payments in a form other than in cash to persons who otherwise are eligible to receive a cash payment from CCC. Further, subject only to statutory prohibition and notwithstanding any provisions of the contract to participate in a program administered by CCC or FSA, CCC may: at its option, make payments in a form other than in cash.

(b) As determined by CCC, payments in a form other than in cash may be made in the following manner:

(1) By delivery of a commodity to a person at a warehouse or other similar facility;

(2) By transfer of negotiable warehouse receipts;

(3) By the issuance of certificates which CCC shall redeem in accordance with this part;

§ 1401.3 Payments to persons with outstanding CCC loans.

(a) Persons with outstanding CCC loans who are eligible to receive payments from CCC, including a person authorized to receive a payment on behalf of another person, may be required to liquidate such loans in accordance with this section in order to be eligible to receive a payment authorized by §1470.2.

(b) A person with an outstanding CCC loan must, unless otherwise agreed upon by the person and CCC, redeem and sell to CCC a quantity of the commodity pledged as collateral for a CCC loan, as determined by CCC, in an amount equal in value to the value of the payment which would otherwise be made to such person. If the person has more than one outstanding CCC loan, CCC may, by contract or otherwise, prescribe which loan collateral the person shall be required to redeem in order to receive payment. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the deemed collateral. After redemption and the subsequent sale to CCC of the commodity pledged as collateral for such CCC loan, CCC shall make available to the person a like quantity of the commodity.

§ 1401.4 Commodity certificates.

(a) General. CCC may issue commodity certificates as a form of payment. Commodity certificates will bear a dollar denomination. Such certificate may be transferred, exchanged for the inventory of CCC (including the receipt in accordance with paragraph (e) of this section of loan collateral by a person to whom a loan secured by such collateral is made); or exchanged for cash, as provided for in this section. Commodity certificates shall be subject to the provisions of this part, and to any terms, conditions and restrictions provided on the certificate, which are incorporated by reference herein.

(b) Liens, encumbrances, and State law.

(1) The provisions of this section or the commodity certificates shall take precedence over any state statutory or regulatory provisions which are inconsistent with the provisions of this section or with the provisions of the commodity certificates.

(2) Commodity certificates shall not be subject to any lien, encumbrance, or other claim or security interest, except that of an agency of the United States Government arising specifically under Federal statute.

(3) The provisions of this paragraph (b) shall apply without regard to the identity of the holder of the certificate.

(c) Transferability. Any person may transfer a commodity certificate to any other person. However, any such transfer must be in the full amount of the certificate, and can be effected only by restrictive endorsement on the back of the certificate, showing the name of the transferee and the date of the transfer, and signed by the transferor. CCC will not honor any certificate bearing any endorsement to “bearer” or any other nonrestrictive endorsement, or otherwise transferred in a manner contrary to the regulations contained in this section. The person who submits a commodity certificate
Commodity Credit Corporation, USDA § 1401.4

to CCC shall endorse the certificate to CCC.

(d) Exchange of commodity certificate for CCC-owned commodities—(1) General. Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may exchange such certificate, by itself or together with other commodity certificates, for such commodities as are made available by CCC by endorsing and submitting the certificate to CCC. If a person submits commodity certificates for exchange in order that the person would be eligible to receive a quantity of a commodity which includes less than an entire unit in which the commodity is stored (e.g., less than an entire bale of cotton or an entire barrel of honey): (i) Such person may forfeit the partial unit of the commodity to CCC, or (ii) CCC may issue a check to such person for the partial unit of the commodity or permit such person to purchase the remainder of such unit at a price determined by CCC. A person may obtain information regarding commodities available for exchange and the procedure for exchange from Kansas City Commodity Office, FSA-USDA, Kansas City, MO 64141–0205.

(2) Minimum quantities. A holder of an amount of commodity certificates sufficient to acquire a carload lot, or other quantity as may be determined by CCC, may present such amount for exchange at any time on or before the expiration date of such certificates. A holder who is permitted to exchange the certificate for CCC-owned commodities but who does not possess commodity certificates in the amount specified in the preceding sentence may, not to exceed once during a calendar month, submit such certificates to CCC. CCC will, at CCC’s option, pay such holder by check in the amount of the certificate or transfer to such holder title to commodities owned by CCC.

(3) CCC-owned commodities stored by a person who submits commodity certificates to CCC. CCC may require or permit holders of commodity certificates to exchange such certificates for commodities owned by CCC which are stored by such holder, without making such commodities or kinds of commodities available to other holders of commodity certificates.

(4) Valuation. Except as otherwise may be announced by CCC, CCC will determine the value of CCC-owned commodities made available to holders of commodity certificates.

(5) Transfer of title, Title to commodities owned by CCC which are transferred to a person who submits commodity certificates to CCC shall be transferred in store, except as may be determined and announced by CCC. The person who submits certificates to CCC shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC. The transfer of title to such commodities shall occur without regard to any State law or any claim of lien against the commodity or proceeds thereof which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute.

(6) Expiration date. CCC may, at its option, discount or refuse to accept any commodity certificate presented for exchange after the expiration date stated on the certificate.

(e) Use of commodity certificates to receive loan collateral—(1) General. Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may use such certificate to receive commodities pledged as collateral for CCC loans made to such person, at any time on or before the expiration date stated on the certificate. A holder of a commodity certificate who wishes to receive a quantity of a commodity pledged by such person as collateral for a CCC loan in exchange for a certificate shall redeem and sell to CCC a quantity of the commodity equal in value to the dollar denomination of the certificate, as determined by CCC. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advanced storage payments received with respect to the redeemed loan collateral. Upon
submission of the certificate, which is endorsed to CCC, to the county FSA office which issued the loan, the holder of a commodity certificate will receive the quantity of the commodity which has been sold to CCC. Except as otherwise determined by CCC, if the holder of such certificate does not have commodities pledged as collateral for CCC loans equal in value to the dollar denomination of the certificate, as determined by CCC, CCC will, at CCC’s option and after the producer has submitted the certificate, pay the difference to the person by check or in the form of a new commodity certificate.

(2) Ineligible commodities. No person may use a commodity certificate to receive a quantity of tobacco, peanuts, or extra long staple cotton pledged as collateral for a CCC loan. No person may, before August 1, 1986, use a commodity certificate to receive a quantity of upland cotton pledged as collateral for a CCC loan.

(f) Cash redemption start date. (1) The person to whom a generic certificate is issued which has a date entered in block D may submit such certificate, endorsed to CCC, at the issuing county FSA office for payment by check in the amount of the certificate on or after the date entered in block D through the expiration date of the certificate. Such person may not exchange the certificate for commodities owned by CCC, except as otherwise agreed upon between such person and CCC.

(2) The person to whom a generic certificate is issued which has an entry of “S/H” in block D may exchange such certificate for commodities owned by CCC.

(g) “Generic” and commodity-specific commodity certificates—(1) General. If a commodity certificate indicates that it is a “generic” certificate, such certificate may, subject to the provisions of paragraphs (a) through (f) of this section, be exchanged for any commodity made available by CCC or, as appropriate, used to receive a quantity of any commodity which serves as collateral for a CCC loan. If a certificate is not a “generic certificate”, such certificate may be exchanged for the commodity specified on the certificate, except as may be determined and announced by CCC.

(2) Cotton program payments. Certificates issued as payments under the 1991 through 1995.upland cotton program, including payments issued in accordance with section 103(b)(5)(B) of the Agricultural Act of 1949, may be exchanged for CCC-owned upland cotton only during such times as determined and announced by CCC.

(3) Commodities not available in CCC inventory. Notwithstanding any other provision of this section, if a person submits a commodity specific certificate to CCC in exchange for a quantity of such commodity and CCC determines it is not possible to make such commodity available, CCC may: (i) Require such person to exchange the commodity specific certificate for a generic certificate; or (ii) refuse to accept submission of such certificate until CCC is able to make available a quantity of the commodity specified on such certificate.

(h) CCC, at its option, may discount or refuse to accept any certificate made, transferred, or submitted in violation of this section.

(i) Interest. With respect to producers who receive commodity certificates in accordance with the wheat, feed grains, upland cotton and rice price support and production adjustment programs authorized by parts 1413 and 1221 of this title, a producer to whom the certificate is issued who exchanges such a certificate with CCC for cash in accordance with subsection (f) of this section shall receive interest with respect to such certificate for a 150 day period. Such interest shall be the rate of interest determined in accordance with part
§ 1401.5 In kind payments.

(a) Subject to the provisions of §§1470.2 and 1470.3, CCC may make payments in the form of commodities. Quantities of commodities made available as payment shall be based upon the value of the commodity, as determined by CCC. Such quantity may be adjusted by CCC to reflect the location, quality, and other similar factors which CCC determines to affect the value of the commodity.

(b) The transfer of title to commodities made available in accordance with paragraph (a) of this section shall be in store, except as determined by CCC, and shall be made without regard to any State law or any claim of lien against the commodity, or proceeds thereof, which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute. The recipient of such commodities shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC.

§ 1401.6 Assignments.

Notwithstanding any other provision of this chapter, a payment made under this part may not be the subject of an assignment, except as determined and announced by CCC.

§ 1401.7 Miscellaneous provisions.

Except as determined by CCC, the following provisions of this title shall apply to this part:

(a) Part 13, Setoffs and Withholding.
(b) Part 707, Payments Due Persons Who Have Died, Disappeared, or Been Declared Incompetent.

(j) All other parts of the Code of Federal Regulations which are made applicable to this part.

(a) General. A person who acquires a commodity certificate from another person shall be considered to be a “subsequent holder” of the certificate. Subsequent holders of certificates who purchased a commodity certificate on or before January 1, 1990 may, after the expiration date specified on the certificate, submit the certificate to CCC for a payment from CCC determined in accordance with paragraph (b) of this section. All certificates must be submitted after January 2, 1991 and on or before May 28, 1991. Certificates submitted after May 28, 1991 shall not be accepted for payment. § 1403.4 Demand for payment of debts.

(a) When a debt is due CCC, an initial written demand for payment of such amount shall be mailed or hand-delivered to the debtor. If the debt is not paid in full by the date specified in the initial demand letter, or if a repayment schedule acceptable to CCC has not been arranged with the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals. The initial or subsequent demand letters shall specify the following:

(1) The basis for and the amount of the debt determined to be due CCC, including the principal, applicable interest, costs and other charges;
(2) CCC's intent to establish an account on a debt record 30 days after the date of the letter, or other applicable period of time, if the debt is not paid within that time;
(3) The applicable late payment interest rate.
   (i) If a late payment interest rate is specified in the contract, agreement or program regulation, the debtor shall be informed of that rate and the date from which the late payment interest has been accruing;
   (ii) If a late payment interest rate is not specified in the contract, agreement or program regulation, the debtor shall be informed of the applicable late payment interest rate set out in §1403.9;
(4) CCC's intent, if applicable, to collect the debt 30 days from the date of the initial demand letter, or other applicable period of time, by administrative offset from any CCC or FSA payments due or to become due to the debtor, and that the claim may be reported to other agencies of the Federal government for offset from any amounts due or to become due to the debtor;
(5) If not previously provided, the debtor's right to request administrative review by an authorized CCC official, and the proper procedure for making such request. If the request relates to the:
   (i) Existence or amount of the debt, it must be made within 15 days from the date of the letter, unless a different time period is specified in the contract, agreement or program regulation;
   (ii) Appropriateness of reporting to a credit reporting agency, it must be made within 30 days from the date of the letter; or

(7) That CCC maintains the right to initiate legal action to collect the amount of the debt;

(b) When CCC deems it necessary to protect the Government's interest, written demand may be preceded by other appropriate actions.

§ 1403.5 Collection by payment in full.

Except as CCC may provide in accordance with §1403.6, CCC shall collect debts owed to the Government, including applicable interest, penalties, and administrative costs, in full, whenever feasible whether the debt is being collected by administrative offset or by
§ 1403.6 Collection by installment payments.

(a) Payments in installments may be arranged, at CCC’s discretion, if a debtor furnishes satisfactory evidence of inability to pay a claim in full by the specified date. The size and frequency of installment payments shall:

(1) Bear a reasonable relation to the size of the debt and the debtor’s ability to pay; and

(2) Normally be of sufficient size and frequency to liquidate the debt in not more than three years.

(b) Except as otherwise determined by CCC, no installment arrangement will be considered unless the debtor submits a certified financial statement which reflects the debtor’s assets, liabilities, income, and expenses. The financial statement shall not be required to be submitted sooner than 15 business days following its request by CCC.

(c) All installment payment agreements shall be in writing and may require the payment of interest at the late payment interest rate in effect on the date such agreement is executed. The installment agreement shall specify all the terms of the arrangement and include provision for accelerating the debt in the event the debtor defaults. A confession of judgment provision may be included in the agreement.

(d) CCC may deem a repayment plan to be abrogated if the debtor fails to comply with its terms.

(e) If the debtor’s financial statement or other information discloses the ownership of assets which are not encumbered, the debtor may be required to secure the payment of an installment note by executing a security agreement and financing agreement which provides CCC a security interest in the assets until the debt is paid in full.

(f) If the debtor owes more than one debt to CCC, CCC may allow the debtor to designate the manner in which a voluntary installment payment is to be applied. If the debtor does not designate the application of a voluntary installment or partial payment, the payment will be applied to such debts as determined by CCC.

§ 1403.7 Collection by administrative offset.

(a) The provisions of this section shall apply to all debts due CCC except as otherwise provided in this part and part 1404 of this Chapter. This section is not applicable to:

(1) CCC requests for administrative offset against money payable to a debtor from the Civil Service Retirement and Disability Fund and CCC requests for salary offset against a present or former employee of the Federal Government which shall be made in accordance with regulations at part 3 of this title;

(2) CCC requests for administrative offset against a Federal income tax refund payable to a debtor which shall be made in accordance with §1403.18;

(3) Cases in which CCC must adjust, by increasing or decreasing, a payment which is to be paid under a contract in order to properly make other payments due by CCC;

(4) Any case in which collection of the type of debt involved by administrative offset is explicitly provided for or prohibited by statute; and

(5) IRS Notices of Levy which shall be honored in accordance with IRS statutes and regulations.

(b) Debts due CCC may be collected by administrative offset from amounts payable by CCC when:

(1) The debtor has been provided written notification of the basis and amount of the debt and has been given an opportunity to make payment. Such written notification and opportunity includes notice of the right to pursue an administrative appeal in accordance with part 780 of this Title or any other applicable appeal procedures, if not previously provided;

(2) The debtor has been provided an opportunity to request to inspect and copy the records of CCC related to the debt;

(3) The debtor has been notified in writing that the debt may be collected by administrative offset if not paid; and

(4) The debt has not been delinquent for more than ten years or legal action.
(c) Administrative offset shall also be effected against amounts payable by CCC:
   (1) When requested or approved by the Department of Justice; or
   (2) When a person is indebted under a judgment in favor of CCC.

(d) Debts due CCC from carriers for overcharges shall be offset against amounts due such carriers under freight bills involving shipments if:
   (1) The carrier, without reasonable justification, has declined payment of the debt or has failed to pay the debt after being given a reasonable opportunity to make payment; and
   (2) The period of limitation prescribed at 49 U.S.C. 11706(f) has not expired.

(e) Debts due CCC from carriers for loss or damage shall be offset against amounts due such carriers under freight bills involving shipments if:
   (1) Timely demand for payment was made on the carrier;
   (2) The carrier has declined payment of the debt without reasonable justification or has ignored the claim; and
   (3) The period of limitation prescribed at 49 U.S.C. 11707(e) has not expired.

(f) Any overcharge or loss or damage debt due CCC on which the applicable period of limitation has run may be offset against any amounts owing by CCC to the carrier which are subject to a defense of limitation.

(g) A payment due any person may be offset when there is a breach of a contract or a violation of CCC program requirements, and offset is considered necessary by CCC to protect the financial interests of the Government.

(h) In the case of any procurement contract with CCC which provides for invoicing at the time of shipment with delivery to be made at designated destination points when:
   (1) Payment is made to the contractor prior to receipt of evidence of delivery, and
   (2) CCC thereafter determines that the Contractor is indebted to CCC because of losses sustained from shortage, damage to or deterioration of the commodity while in transit and prior to delivery, CCC may offset such indebtedness against amounts payable to the Contractor under any other contract with CCC providing the Contractor has not assigned the proceeds of such contract in accordance with part 1404 of this chapter.

(i) CCC may effect administrative offset against a payment to be made to a debtor prior to completion of the procedures required by (b)(1–3) of this section if:
   (1) Failure to take the offset would substantially prejudice CCC’s ability to collect the debt; and
   (2) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(j)(1) Debts due any agency other than CCC shall be offset against amounts payable by CCC to a debtor when an agency of the U.S. Government has submitted a written request for offset which is mailed or hand-delivered to the appropriate FSA State office, Kansas City Management Office or Kansas City Commodity Office. Such written request must:
   (i) Bear the signature of an authorized representative of the requesting agency;
   (ii) Include a certification that all requirements of the law and the regulations for collection of the debt and for requesting offset have been complied with;
   (iii) State the name, address (including county), and, where legally available, the social security number or employer ID number of the debtor and a brief description of the basis of the debt, including identification of the judgment, if any.
   (iv) State the amount of the debt separately as to principal, interest, penalties, and administrative costs. Interest, if any, shall be computed on a daily basis to a date shown in the request. The amount to be offset shall not exceed the principal sum owed by the debtor, plus interest computed in accordance with the request, and any late payment interest, penalties and administrative costs that have been assessed;
   (v) Certify that the debtor has not filed for bankruptcy. If the debtor has filed for bankruptcy, a copy of the order of the bankruptcy court relieving
§ 1403.7

the agency from the automatic stay must be included; and

(vi) State the name, address, and telephone number of a contact person within the agency and the address to which payment should be sent.

(2) Unless prohibited by law, the head of an agency, or a designee, may defer or subordinate in whole or in part the right of the agency to recover through offset all or part of any indebtedness to such agency, or may withdraw a request for offset. Notice of such action must be sent to the appropriate FSA office.

(k)(1) After CCC has complied with the provisions of this part, CCC may request other agencies of the Government to offset amounts payable by them to persons indebted to CCC.

(2) In the case of a request to IRS for a tax refund offset, the provisions at §1403.18 shall apply.

(l)(1) Debts shall be collected by offset in the following order of priority without regard to the date of the request for such collection:

(i) Debts to CCC.

(ii) Debts to other agencies of USDA as determined by CCC.

(iii) Debts to other government agencies as determined by CCC.

(2) In the case of multiple debts involving the same debtor, CCC may, at its discretion, deviate from the usual order of priority in applying recovered amounts to debts owed other agencies when considered to be in the Government’s best interest. Such decision shall be made by CCC based on the facts and circumstances of the particular case.

(m)(1) No amounts payable to a debtor or by CCC shall be paid to an assignee until there have been collected any amounts owed by the debtor except as provided in this subsection.

(2) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC–36 shall be subject to offset for any debt owed to CCC or FSA without regard to the date notice of assignment was accepted by CCC or FSA.

(3) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC–252 shall be offset:

(i) Against any debt of the assignor entered on the debt record of the applicable FSA office prior to the filing of such form with CCC or FSA, or

(ii) At anytime, regardless of the date of filing of such form with CCC or FSA, if the debt which is the basis for the offset arises under the same contract under which the payment is earned by the assignor.

(4) With respect to all other Federal agencies, offset shall be made of any amounts due any other Federal agency which are entered on the debt record of the appropriate FSA office prior to the date the notice of assignment was accepted by CCC or FSA.

(5) Any amount due and payable to the assignor which remains after deduction of amounts paid to the assignee shall be available for offset.

(n) Amounts recovered by offset for CCC and FSA debts but later found not to be owed to the Government shall be promptly refunded.

(o) The debtor shall be notified whenever any offset action has been taken.

(p) Offsets made pursuant to this section shall not deprive a debtor of any right he might otherwise have to contest the debt involved in the offset action either by administrative appeal or by legal action.

(q) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor’s pro rata share of payments due any entity which the debtor participates in, either directly or indirectly, as determined by CCC.

(2) When CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the claim or debt.

(r) The amount to be offset shall not exceed the actual or estimated amount of the debt, including interest, administrative charges, and penalties, unless the Department of Justice requests that a larger specified amount be offset.

(s) Offset action will not be taken against payments when:

(1) The payment represents loan or purchase proceeds for a commodity which is subject to the rights of the holder of a prior valid enforceable lien. However, any amount that exceeds the
amount of the prior lien shall be available for offset.

(2) A debt has been discharged as provided in §1403.15.

(3) The amount payable to the debtor is used to satisfy a prior lien on property pledged as collateral for a CCC loan or sold to CCC. However, any amount exceeding the amount of the prior lien shall be available for offset.

(4) CCC determines such action will unduly interfere with the administration of a CCC or FSA program.

(5) The debt has been delinquent for more than ten years or legal action to enforce the debt due CCC is barred by an applicable period of limitation, whichever is later.

(c)(1) Notwithstanding the provisions of paragraph (b) of this section and §1403.4, with respect to debts which are based upon an unsettled CCC loan, offset action may be taken when the debtor has been:

(i) Provided written notification of the maturity date of the loan and the debtor has not repaid the loan by the maturity date or, in the case of a nonrecourse price support loan, has not repaid the loan or forfeited the loan collateral to CCC by the date specified by CCC;

(ii) Notified of CCC’s intent to establish an account on a debt record 30 days after the maturity date, or other applicable period of time, if the loan is not settled in accordance with the loan agreement;

(iii) Notified of the right to pursue an administrative appeal in accordance with part 780 of this title if such an opportunity has not been previously provided;

(iv) Provided an opportunity to inspect and copy CCC records related to the debt; and

(v) Notified in writing that the debt may be collected by administrative offset if the loan is not repaid or, with respect to nonrecourse loans only, settled through forfeiture of the loan collateral.

(2) After a claim has been established by CCC with respect to a loan which has not been settled by the date specified in the loan agreement:

(i) In the event CCC takes possession of the collateral which is security for a nonrecourse of recourse loan made in accordance with parts 1421, 1427, 1434, or 1435 of this chapter, the value of such loan collateral shall be determined by CCC in accordance with the provisions of such parts which are used to determine the settlement value of the collateral. The value of such collateral shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

(ii) In the event CCC takes possession of the collateral which is the security for any other loan, the value of such collateral, as determined by CCC, less any costs incurred by CCC in taking possession and disposing of the collateral, shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

§1403.8 Withholding.

(a) Withholding of a payment prior to the completion of an applicable offset procedure may be made from amounts payable to a debtor by CCC to ensure that the interests of CCC and the United States will be protected as provided in this section.

(b) A payment may be withheld to protect the interests of CCC or the United States only if CCC determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of CCC;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of CCC;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of CCC;

(5) The facts available to CCC are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of CCC has been obtained; or

(7) Such action has been requested by the Department of Justice.
§ 1403.9

(c) Except for debts due CCC or FSA, withholding action by CCC on amounts payable to debtors of other Government agencies may not be made unless requested by the Department of Justice.

[54 FR 52878, Dec. 22, 1989]

§ 1403.9 Late payment interest and administrative charges.

(a)(1) The provisions of this section are applicable to all persons whose debt to CCC becomes delinquent after January 1, 1990, unless the debtor and CCC agree otherwise.

(2) Late payment interest provisions of this section shall not apply:

(i) To debts owed by Federal agencies and State and local governments. Interest on debts owed by such entities shall be charged in accordance with applicable statutes or, if none are applicable, at the rate of interest charged by the U.S. Treasury for funds borrowed by CCC on the day the debt became delinquent;

(ii) If an applicable statute, regulation, agreement or contract either prohibits the charging of such interest or specifies the interest or charges applicable to the debt involved;

(iii) If the late payment interest is waived by CCC.

(b) CCC will assess late payment interest on the full amount of delinquent debts. For purposes of this section, the term “full amount of the delinquent debt” means the sum of the principal, accrued regular loan interest or accrued program interest, and any other charges which are otherwise due and owing to CCC on the delinquent debt at the time the late payment interest is assessed, except as provided in paragraphs (a)(2) and (d)(3) of this section.

(c) The late payment interest shall be expressed as an annual rate of interest which CCC charges on delinquent debts. The late payment interest rate shall be equal to the higher of the Treasury Department’s current value of funds rate or the rate of interest assessed under the Prompt Payment Act, determined as of the date specified in paragraphs (d)(1) and (d)(2) of this section.

(d)(1) When a debt results from a statute, regulation, contract or other agreement with specific provisions for late payment interest and payment due date, late payment interest shall accrue on the amount of the debt from the first day the debt became delinquent, unless otherwise provided by statute.

(2) With respect to debts not resulting from a statute, regulation, contract or agreement containing specific provisions for late payment interest and payment due date, late payment interest shall begin to accrue from the date on which notice of the debt is first mailed or hand-delivered to the debtor, except that, with respect to debts resulting from price support loans, late payment interest shall begin to accrue from the date on which a claim is established.

(3) The rate of late payment interest initially assessed will be fixed for the duration of the indebtedness, except when a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. CCC may then set a new rate of interest which reflects the late payment interest rate in effect at the time the new agreement is executed. All charges which accrued, but which were not collected under the defaulted agreement, shall be added to the principal to be paid under a new repayment agreement.

(4) The late payment interest on delinquent debts will accrue on a daily basis.

(e)(1) Except as specified in paragraphs (a)(2) and (e)(2) of this section, an additional interest rate of three (3) percent per annum will be assessed on any portion of a debt which remains unpaid 90 days after the date described in paragraph (d)(1) or (d)(2) of this section, if no repayment schedule satisfactory to CCC has been agreed upon. Such rate will be assessed retroactively from the date late payment interest began to accrue and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(2) With respect to debts resulting from price support loans, an additional interest rate of three (3) percent per annum will be assessed on a portion of a debt which remains unpaid 60 days after the date on which a claim was established. Such rate will be assessed.

When a debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard, and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, CCC may contact the employing agency to arrange for payment of the debt by allotment or otherwise, in accordance with section...
§ 1403.14 Prior provision of rights with respect to debt.

CCC will not provide an administrative appeal with respect to issues which were subject to administrative review at the debtor’s request as provided under another statute or regulation before:
(a) Effecting administrative offset;
(b) Referring the debt to private collection or credit reporting agencies;
(c) Referring the debt to the Office of Personnel Management (OPM) for salary offset against the current pay of a present or former Government employee; or
(d) Referring the debt to IRS for tax refund offset.

§ 1403.15 Discharge of debts.

(a) Except as required by other applicable regulation or statute, a debt or part thereof owed CCC shall be discharged and the records and accounts on that debt closed in the following situations:
(1) When an obligation or part thereof is discharged in bankruptcy;
(2) When an obligation or part thereof is the subject of a final judgment entered by a court of competent jurisdiction which is adverse to CCC;
(3) When a debt or part thereof is compromised and paid, the amount of such compromise;
(4) When collection of a debt by administrative offset is barred in accordance with §1403.7(s)(5).

(b) A debt or part thereof owed CCC may be discharged and the records and accounts on that debt closed when the Controller, CCC, has determined that such action is in the best interest of CCC.

(c) A claims official or claims officer may discharge a delinquent debt if such debt arises under the terms of the authority delegated to such official or officer in the following circumstances:
(1) The delinquent debt is owed by an entity which has been liquidated or dissolved and no legal remedy is feasible.
(2) The delinquent debt is owed by an individual who:
   (i) Is declared legally insane or incompetent;
   (ii) Possessed of no assets or other means of payment; and
   (iii) Possessed of no reasonable prospects of being able to pay the debt in the future.
(3) The delinquent debt was incurred by an individual who is deceased, and from whose estate recovery cannot be made.
(d) Debts discharged in accordance with this section may be reported to the Internal Revenue Service pursuant to §1403.19.

§ 1403.16 Referral of delinquent debts to credit reporting agencies.

(a) This section specifies the procedures that will be followed by CCC and the rights that will be afforded to farm producers when CCC reports delinquent debts to credit reporting agencies.
(b) Before disclosing information to a credit reporting agency in accordance with this part, CCC shall review the claim and determine that it is valid and delinquent.
(c) Before a debt may be referred to a credit reporting agency, the debtor must be notified, pursuant to §1403.4, of CCC’s intent to make such a report. Such notification shall include:
(1) CCC’s intent to disclose to a credit reporting agency that the debtor is responsible for the debt, and that such disclosure will be made not less than 60 days after notification to such debtor.
(2) The information intended to be disclosed to the credit reporting agency under paragraph (g)(1) of this section.
(3) The debtor’s right to enter a repayment agreement on the debt, including, at the discretion of CCC, installment payments, and that if such an agreement is reached, the debt will not be referred to a credit reporting agency.
(4) The debtor’s right to review of this action in accordance with paragraph (i) of this section.
(d) The debtor shall be notified, in writing at the debtor’s last known address, when CCC has reported any delinquent debt to a credit reporting agency.
(e) CCC shall notify each credit reporting agency to which an original disclosure of delinquent debt information was made of any substantial

change in the condition or amount of the claim.

(2) CCC shall promptly verify or correct, as appropriate, information about the debt on request of a credit reporting agency. The records of the debtor shall reflect any correction resulting from such request.

(f) Information reported to a credit reporting agency on delinquent debts shall be derived from the system of records maintained by CCC.

(g) CCC shall limit delinquent debt information disclosed to credit reporting agencies to:

(1) The name, address, taxpayer identification number, and other information necessary to establish the identity of the debtor;

This review shall only consider defenses or arguments which were not available or could not have been available at any previous appeal proceeding permitted under §1403.11.

(2) Upon receipt of a request for review within 30 days from the date of notice to the debtor of intent to refer delinquent debt information to a credit reporting agency, CCC shall suspend its schedule for disclosure to a credit reporting agency until a final decision regarding the appropriateness of disclosure to a credit reporting agency is made.

(3) Upon completion of the review, the reviewing official shall transmit to the debtor a written notification of the decision. If appropriate, the debtor shall be notified of the scheduled date on or after which the debt will be referred to the credit reporting agency. The debtor will also be notified of any changes from the initial notification in the information to be disclosed.

(j)(1) In accordance with guidelines established by the Executive Vice President, CCC, the responsible claims official shall report to credit reporting agencies delinquent debt information specified in paragraph (g) of this section.

(3) CCC shall not report delinquent debt information to credit reporting agencies when:

(i) The debtor has entered a repayment agreement covering the debt with CCC, and such agreement is still valid; or

(ii) CCC has suspended its schedule for disclosure of delinquent debt information pursuant to paragraph (i)(2) of this section.

(k) Disclosures made under this section shall be in accordance with the requirements of the Privacy Act, as amended (5 U.S.C. 552a).

(2) The amount of a debt discharged by the running of the statutory period of limitation for collecting the debt by administrative offset specified in 31 U.S.C. 3716.

(3) The amount of a debt discharged by CCC in accordance with § 1403.15(b).

§ 1403.21 Collection of 1988 and 1989 advance deficiency overpayments.

(a) The provisions of this section set forth the policies and procedures for collection of 1988 and 1989 advance deficiency overpayments (“overpayments”).

(b) The following definition shall be applicable to this section:

Financial hardship means that condition of a producer in which payment of the debt by lump sum would jeopardize the producer’s ability to provide food, shelter, and medical care to his immediate family, or to continue the producer’s farming operation, as determined by CCC.

(c) This section applies to collection of overpayments from those producers who are suffering financial hardship, as determined by CCC, and who also meet the following conditions, as determined by CCC:

(1) Who received an advance deficiency payment for the 1988 or 1989 crop of a commodity under part 1413 of this chapter;

(2) Who are required to provide a refund of at least $1,500 of such payment, as a result of the increase in market prices of the commodity;

(3) Who reside in a county, or in a county that is contiguous to a county where CCC has determined that farming, ranching, or aquaculture operations have been substantially affected as evidenced by a reduction in normal production for the county of at least 30 percent during two of the three crop years 1988, 1989, and 1990 by:

(i) A natural disaster designated by the Secretary of Agriculture;

(ii) A major disaster or emergency designated by the President under the Robert T. Stafford Disaster and Emergency Assistance Act (42 U.S.C. 5121 et seq.);

(4) Where the total quantity of the 1988 or 1989 crop of the commodity that the producers were able to harvest is less than the result of multiplying 65 percent of the farm payment yield established CCC for the crop by the sum of the acreage planted for the harvest and the acreage prevented from being planted (because of the disaster or emergency referred to in paragraph (c)(3) of this section) for the crop; and

(5) Who have applied to the County Farm Service Agency Office which issued the advance deficiency payment, no later than May 31, 1991, for a determination of eligibility for the repayment provisions of this section.

(d) CCC shall assess interest on delinquent debts for 1988 or 1989 overpayments as follows:

(1) CCC shall establish a regional annual interest rate for each of 12 geographic regions, corresponding to the extent practicable, as determined by CCC, with the 12 geographic districts of the Farm Credit System.

(2) Each regional annual interest rate shall not exceed the average of the interest rates charged by Farm Credit System institutions within the region to high-risk borrowers on 1-year operating loans, as determined by CCC based upon information provided to CCC by the Farm Credit System.

(3) Interest shall accrue at the established regional annual interest rate for the region in which the debt arose, beginning November 28, 1990.
Commodity Credit Corporation, USDA

(e) CCC shall not offset, in each of the crop years 1990, 1991, and 1992, more than \( \frac{1}{3} \) of the farm program payments otherwise due a producer, as a result of the producer’s delinquency in repaying the overpayment.

(f) CCC shall permit producers to repay the overpayment in three equal installments during each of the crop years 1990, 1991, and 1992, if the producers document to CCC that they have entered into agreements to obtain multiperil crop insurance policies for the 1991 and 1992 crop years.

Commodity Credit Corporation, USDA

§ 1405.7 Uruguay Round Agreements Act.

In the event the outlays by the United States for domestic support measures will exceed, in any required reporting period, the allowable levels under the Uruguay Round Agreements (as defined in section 2 of the Uruguay Round Agreements Act), CCC will, as determined by the Secretary of Agriculture, reduce the amount of payments and benefits to be made in any such reporting period, and/or collect a refund of payments or benefits previously made with respect to such reporting period, under parts 1412, 1413, 1421, 1427, 1430, 1434 and 1435 of this chapter in order to ensure that the level of domestic support provided by the United States complies with the

(a) To be eligible for any benefits or payments under 7 CFR part 1410 the producer must obtain at least the catastrophic level of insurance for each crop of economic significance in which the producer has an interest or provide a written waiver to the Secretary that waives any eligibility for emergency crop loss assistance in connection with the crop, if insurance is available in the county for the crop. In meeting this requirement, the producer may:

(1) Obtain at least the catastrophic level of crop insurance in all counties for each crop of economic significance in which the producer has an interest;

(2) Obtain at least the catastrophic level of crop insurance for some, but not all, crops of economic significance for which the producer has an interest, and sign a waiver; or

(3) Sign a waiver that waives any eligibility for crop loss assistance in connection with the producer’s crop.

(b) Crop of economic significance. The term “crop of economic significance” means a crop that has contributed in the previous year, or is expected to contribute in the current crop year, 10 percent or more of the total expected value of all crops grown by the producer. However, notwithstanding the preceding sentence, if the total expected liability under the catastrophic risk protection endorsement is equal to or less than the administrative fee required for the crop, such crop will not be considered a crop of economic significance.

§ 1405.8 Disqualification due to crop insurance violation.

(a) Section 515(h) of the Federal Crop Insurance Act (FCIA) provides that a person who willfully and intentionally provides any false or inaccurate information to the Federal Crop Insurance Corporation (FCIC) or to an approved insurance provider with respect to a policy or plan of FCIC insurance after notice and an opportunity for a hearing on the record, will be subject to one or more of the sanctions described in section 515(h)(3). In section 515(h)(3), the FCIA specifies that in the case of a violation committed by a producer, the producer may be disqualified for a period of up to 5 years from receiving any monetary or non-monetary benefit under a number of programs. The list includes, but is not limited to, benefits under:

(1) The FCIA.
(6) Title XII of the Food Security Act of 1985 (16 U.S.C. 3801 et seq.).
(7) The Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.).

(b) Violation determinations are made by FCIC. However, upon notice from FCIC to CCC that a producer has been found to have committed a violation to which paragraph (a) of this section applies, that person shall be considered ineligible for payments under the programs specified in paragraph (a) of this section that are funded by CCC for the same period of time for which, as determined by FCIC, the producer will be ineligible for crop insurance benefits of the kind referred to in paragraph (a)(1) of this section. Appeals of the determination of ineligibility will be administered under the rules set by FCIC.

(c) Other sanctions may also apply.

§ 1405.9 Commodity assessments.

(a) CCC will deduct from the proceeds of a marketing assistance loan an amount equal to the amount of an assessment otherwise required to be remitted to a State agency under a State statute by the producer of the commodity pledged as collateral for such loan or by the first purchaser of such commodity subject to the requirements of paragraph (b) of this section.

(1) The assessment will be collected in one of the following ways, as requested by the State, but not both:

(i) When the proceeds of the loan are disbursed; or

(ii) When the commodity pledged as collateral for the loan is forfeited to CCC, in which case CCC will collect from the producer the amount of the assessment submitted by CCC to the State.

(2) CCC will deduct from the proceeds of a marketing assistance loan an amount equal to the amount of an assessment otherwise authorized to be remitted to a federally authorized entity under a Federal statute by the producer of the commodity pledged as collateral for such loan or the first purchaser of such commodity as previously agreed to by CCC and the entity to whom the Secretary of Agriculture has authorized to collect such assessments.

(b) CCC will collect commodity assessments authorized under a State statute when:

(1) The State entity has:

(i) Requested that the assessment be collected;

(ii) Identified whether the assessment is to be collected at the time the loan proceeds are disbursed or at the time the commodity is forfeited to CCC;

(iii) Identified the person who may enter into an agreement with CCC that sets forth the obligations of the State and CCC with respect to the collection of the assessment; and
Commodity Credit Corporation, USDA

(iv) Provided an opinion from the Office of the Attorney General to CCC that concludes the person signing the agreement may obligate the State to comply with the agreement and the provisions of Public Law 108–470 have been met.

(2) The agreement described in paragraph (c) of this section has been executed by the appropriate State official and CCC.

(c) CCC will enter into an agreement with an authorized State official to collect commodity assessments when the actions set forth in paragraphs (b)(1) and (2) of this section have been completed. Such agreement will contain the obligations and responsibilities of the State and CCC. All such agreements will include provisions that provide:

(1) The State will indemnify CCC for any costs incurred in the collection of the assessment including costs incurred with respect to resolution of disputes arising from the requested collection of the assessment but not for administrative costs incurred by CCC in the collection of the assessment;

(2) The State, in cases where an assessment has been collected two or more times with respect to the same quantity of the commodity subject to the assessment, will refund the amount of the excess collection to the producer.

(3) The agreement may be terminated by either party upon 30 days notice.

(4) The State, in cases where the marketing assistance loan is made by a cooperative marketing association or a designated marketing association approved by CCC, or any other similar entity that is approved by CCC, to obtain such a loan on behalf of its members may enter into individual arrangements with such entity to facilitate the collection of the assessment with the approval of CCC.

§ 1410.1 Administration.
(a) The regulations in this part will be implemented under the general supervision and direction of the Executive Vice President, Commodity Credit Corporation (CCC), the Administrator, Farm Service Agency (FSA), or a designee, or the Deputy Administrator, FSA. In the field, the regulations in this part will be implemented by the FSA State and county committees (“State committees” and “county committees,” respectively).

(b) State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the Deputy Administrator.

(c) The State committee may take any action authorized or required by this part to be taken by the county committee, but which has not been taken by such committee, such as:
(1) Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or
(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation of authority herein to a State or county committee shall preclude the Executive Vice President, CCC, the Administrator, FSA, or a designee, or the Deputy Administrator, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee.

(e) Data furnished by prospective participants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result
in program benefits being withheld or denied.

(f) Notwithstanding other provisions of this section, the Erodibility Index (EI), suitability of land for permanent vegetative or water cover, factors for determining the likelihood of improved water quality, and adequacy of the planned practice to achieve desired objectives shall be determined by the Natural Resource Conservation Service (NRCS) or other sources approved by CCC, in accordance with the Field Office Technical Guide (FOTG) of NRCS or other guidelines deemed appropriate by NRCS. In no case shall such determination compel CCC to execute a contract that CCC does not believe will serve the purposes of the program established by this part. Any approved technical authority shall utilize CRP guidelines established by CCC.

(g) CCC may consult with the Forest Service (FS), a State forestry agency, or other organizations as determined by CCC to be necessary for developing and implementing conservation plans that include tree planting as the appropriate practice or as a component of a practice.

(h) CCC may consult with the Cooperative State Research, Education, and Extension Service to coordinate a related information and education program as deemed appropriate to implement the Conservation Reserve Program (CRP).

(i) CCC may consult with the National Marine Fisheries Service, U.S. Fish and Wildlife Service (FWS), or State wildlife agencies for such assistance as is determined necessary by CCC to implement the CRP.

(j) Except as agreed by CCC and the participant together:

1. The regulations in this part and others governing CRP as of September 30, 2008, will continue to govern contracts in effect as of that date (see 7 CFR part 1410 contained in the edition of 7 CFR parts 1200 to 1599 revised as of January 1, 2008); and

2. Except as specified in paragraph (j)(1) of this section, this part will apply to all CRP contracts.

[68 FR 24835, May 8, 2003, as amended at 74 FR 30911, June 29, 2009]

(a) Under the CRP, CCC will enter into contracts with eligible participants to convert eligible land to a conserving use during the contract period in return for financial and technical assistance.

(b) A participant must obtain and adhere to a conservation plan prepared in accordance with CRP guidelines, as established and determined by CCC. A conservation plan for eligible acreage must be obtained by a participant and must be approved by the conservation district in which the lands are located unless the conservation district declines to review the plan, in which case the provider of technical assistance may take such further action as is needed to account for lack of such review.

(c) The objectives of the CRP are to cost-effectively reduce water and wind erosion, protect the Nation’s long-term capability to produce food and fiber, reduce sedimentation, improve water quality, create and enhance wildlife habitat, and other objectives including, as appropriate, addressing issues raised by State, regional, and national conservation initiatives and encouraging more permanent conservation practices, such as, but not limited to, tree planting.

(d) Except as otherwise provided, a participant may, in addition to any payments under this part, receive cost-share assistance, rental or easement payments, tax benefits, or other payments from a State or a private organization in return for enrolling lands in CRP. However, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage under any law, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.4 Maximum county acreage.

(a) Except as provided in paragraph (b) of this section, the maximum acreage that may be placed in the CRP and the WRP may not exceed 25 percent of the total cropland in the county; further, no more than 10 percent of the cropland may be subject, in the aggregate, to a CRP or WRP easement.

(b) The restrictions in paragraph (a) of this section may be waived by CCC as follows:

(1) If CCC determines that such action would not adversely affect the local economy of the county and that operators in the county are having difficulties complying with conservation plans implemented under part 12 of this title; or

(2) Cropland in a county enrolled under continuous signup provisions as
Commodity Credit Corporation, USDA

§ 1410.5 Eligible persons.

(a) In order to be eligible to enter into a CRP contract in accordance with this part, a person must be an owner, operator, or tenant of eligible land and:

(1) If an operator of eligible land, seeking to participate without the owner, must have operated such land for at least 12 months prior to the close of the applicable signup period and must provide satisfactory evidence that such operator will be in control of such eligible land for the full term of the CRP contract period;

(2) If an owner of eligible land, must have owned such land for at least 12 months prior to the close of the applicable signup period, unless:

(i) The new owner acquired such land by will or succession as a result of the death of the previous owner;

(ii) The only ownership change in the 12-month period occurred due to foreclosure on the land and the owner of the land, immediately before the foreclosure, exercises a timely right of redemption from the mortgage holder in accordance with State law; or

(iii) As determined by the Deputy Administrator, the circumstances of the acquisition are such that present adequate assurance that the new owner of such eligible land did not acquire such land for the purpose of placing it in the CRP; or

(3) If a tenant, the tenant is a participant with an eligible owner or operator.

(b) Notwithstanding paragraph (a) of this section, under continuous signup provisions authorized by §1410.30, an otherwise eligible person must have owned or operated, as appropriate, the eligible land for at least 12 months before submitting the offer.

(c) The provisions of this section do not apply to beginning or socially disadvantaged farmers or ranchers who are eligible participants in the Transition Incentives Program as specified in §1410.64.

§ 1410.6 Eligible land.

(a) In order to be eligible to be placed in the CRP, land must be one of the following:

(1) Cropland that is subject to a conservation plan and has been annually planted or considered planted, as defined in §1410.2, to an agricultural commodity in 4 of the 6 crop years from 2002 through 2007, as determined by the CCC, provided further that field margins that are incidental to the planting of crops may also be considered qualifying cropland to the extent determined appropriate by the CCC; and is physically and legally capable of being planted in a normal manner to an agricultural commodity, as determined by the CCC; or

(2) Marginal pasture land, as determined by the CCC, that:

(i) Is determined to be suitable for use as a riparian buffer or is made eligible in a CREP for similar water quality purposes as determined by the CCC. A field or portion of a field of marginal pasture land may be considered to be suitable for use as a riparian buffer only if, as determined by CCC, it:

(A) Is located adjacent to permanent stream corridors excluding corridors that are considered gullies or sod waterways; and

(B) Is capable, when permanent grass, forbs, shrubs, or trees, are grown, or when planted with appropriate vegetation for the area, including vegetation suitable for wetland restoration or wildlife habitat, as determined appropriate by the CCC, of substantially reducing sediment and/or nutrient runoff that otherwise would be delivered to the adjacent stream or waterbody or for water quality purposes; or

(ii) [Reserved]

(3) Must be acreage enrolled in the CRP during the final year of the CRP contract provided the scheduled expiration date of the current CRP contract is before the effective date the new CRP contract, as determined by the CCC.
(b) Land qualifying under paragraphs (a)(1) or (a)(2) of this section must also meet one of the following criteria, to be eligible for a contract:

(1) Be a field or portion of a field determined to be suitable for use, as determined by the CCC, as a permanent wildlife habitat, filter strip, riparian buffer, contour grass strip, grass waterway, field windbreak, shelterbelt, living snowfence, other uses as determined by the CCC, land devoted to vegetation on salinity producing areas, including any applicable recharge area, or any area determined eligible for CRP based on wetland or wellhead protection area criteria. A field or portion of a field may be considered to be suitable for use as a filter strip or riparian buffer only if it, as determined by CCC:

(i) Is located adjacent to a stream, other waterbody of a permanent nature (such as a lake, pond, or sinkhole), or wetland; excluding such areas as gulies or sod waterways; and

(ii) Is capable, when permanent grass, forbs, shrubs or trees are grown, of substantially reducing sediment or nutrient runoff that otherwise would be delivered to the adjacent stream or waterbody;

(2) Be a field that has evidence of scour erosion caused by out-of-bank flows of water, as determined by CCC:

(i) In addition, such land must:

(A) Be expected to flood a minimum of once every 10 years; and

(B) Have evidence of scour erosion as a result of such flooding.

(ii) To the extent practicable, be the actual affected cropland areas of a field; however, the entire cropland area of an eligible field may be enrolled if:

(A) The size of the field is 9 acres or less; or

(B) More than one third of the cropland in the field is land that lies between the water source and the inland limit of the scour erosion.

(iii) Or, if the full field is not eligible for enrollment under this paragraph, be the cropland between the waterbody and inland limit of the scour erosion together with, as determined by the CCC, additional areas that would otherwise be unmanageable and would be isolated by the eligible areas.

(iv) Be planted to an appropriate tree species according to the FOTG, unless tree planting is determined to be inappropriate by NRCS, in consultation with the Forest Service, in which case the eligible cropland shall be devoted to another acceptable permanent vegetative cover in accordance with the FOTG;

(3) Be cropland that would facilitate a net savings in groundwater or surface water of the agricultural operation of the producer as determined by CCC;

(4) Be cropland in a portion of a field not enrolled in the CRP, if more than 50 percent of the remainder of the field is enrolled as a buffer practice, if the portion of the field not enrolled in the CRP will be enrolled as part of the buffer practice, and if as determined by CCC:

(i) The remainder of the field is infeasible to farm; and

(ii) The remainder of the field is enrolled at an annual payment rate not to exceed the maximum annual calculated soil rental rate;

(5) Be contributing to the degradation of water quality or posing an on-site or off-site environmental threat to water quality if such land remains in production;

(6) Be devoted to certain covers, as determined by the CCC, that are established and maintained according to the FOTG, provided such acreage is not required to be maintained as such under any life-span obligations, as determined by the CCC;

(7) Be non-irrigated or irrigated cropland that produces or serves as the recharge area, as determined by the CCC, for saline seeps, or acreage that is functionally related to such saline seeps, or where a rising water table contributes to increased levels of salinity at or near the ground surface;

(8) Have an EI of greater than or equal to 8 calculated by using the weighted average of the EI’s of soil map units within the field;

(9) Be within a public wellhead protection area;

(10) Be within a designated conservation priority area;

(11) Be designated as a cropped wetland and appropriate associated acreage, as determined by the CCC;
Commodity Credit Corporation, USDA

§ 1410.9

(12) Be cropland that, as determined by the CCC, is associated with non-cropped wetlands and would provide significant environmental benefits; or

(13) Notwithstanding paragraph (a)(1) of this section, be cropland devoted to a perennial crop, as determined by CCC; such cropland will only be eligible for continuous signup practices authorized by §1410.30 and CREP practices authorized by §1410.50(b).

(c) Notwithstanding paragraphs (a) and (b) of this section, land shall be ineligible for enrollment if, as determined by the CCC, land is:

(1) Federally-owned land unless the applicant has a lease for the contract period;

(2) Land on which the use of the land is restricted through deed or other restriction prior to enrollment in CRP prohibiting the production of agricultural commodities during any part of the contract term except for eligible land under paragraph (a)(2) and (3) of this section, as determined by CCC; or

(3) Land already enrolled in the CRP unless authorized by §1410.6(a)(3), as determined by the CCC.

§ 1410.7 Duration of contracts.

(a) Except as provided in paragraphs (b) or (c) of this section, contracts under this part shall be for a term of 10 years.

(b) In the case of land devoted to riparian buffers, filter strips, restoration of wetlands, hardwood trees, shelterbelts, windbreaks, wildlife corridors, or other practices deemed appropriate by CCC under the original terms of a contract subject to this part or for land devoted to eligible practices under a contract modified under §1410.10, the participant may specify the duration of the contract between 10 years and 15 years in length.

(c) All contracts shall expire on September 30 of the appropriate year.

§ 1410.8 Conservation priority areas.

(a) CCC may designate National conservation priority areas according to paragraph (c) of this section.

(b) Subject to CCC review, State PSA committees, in consultation with NRCS and the State Technical Committee, may designate conservation priority areas within guidelines established by the Deputy Administrator. Such designation must clearly define conservation and environmental objectives and provide analysis of how CRP can cost-effectively address such objectives. Generally, the total acreage of all conservation priority areas, in aggregate, shall not total more than 33 percent of the cropland in a State unless there are identified and documented extraordinary environmental needs, as determined by the Deputy Administrator.

(c) As determined by the Deputy Administrator, a region shall be eligible for designation as a priority area only if the region has actual significant adverse water quality, air quality, wildlife habitat, or other natural resource impacts related to activities of agricultural production, or if the designation helps agricultural producers to comply with Federal and State environmental laws.

(d) Conservation priority area designations shall expire after 5 years unless re-designated, except they may be withdrawn:

(1) At the request of the appropriate State water quality agency; or

(2) By the Deputy Administrator.

(e) In those areas designated as conservation priority areas, under this section, cropland is considered eligible for enrollment according §1410.6(b)(10) based on identified environmental concerns. These concerns may include water quality, such as assisting agricultural producers to comply with nonpoint source pollution requirements, air quality, or wildlife habitat (especially for threatened and endangered species or those species that may become threatened and endangered), as determined by the Deputy Administrator.

§ 1410.9 Conversion to trees.

An owner or operator who has entered into a CRP contract prior to November 28, 1990, may elect to convert areas of highly erodible cropland, subject to such contract, that is devoted to permanent vegetative cover, from such cover to hardwood trees, including alley cropping and riparian buffers.
§ 1410.10 Restoration of wetlands.

(a) An owner or operator who entered into a CRP contract on land that is suitable for restoration to wetlands or that was restored to wetlands while under such contract, may, if approved by CCC, subject to any restrictions as may be imposed by law, apply to transfer such eligible acres subject to such contract that are devoted to an approved cover from the CRP to the WRP. Transferred acreage shall be terminated from the CRP effective the day a WRP easement is filed. Participants will receive a prorated CRP annual payment for that part of the year the acreage was enrolled in the CRP according to §1410.42. Refunds of cost-share payments or applicable incentive payments need not be refunded unless specified by the Deputy Administrator.

(b) An owner or operator who has enrolled acreage in the CRP may, as determined and approved by CCC, restore suitable acres to wetlands with cost-share assistance provided that Federal cost-share assistance has not been received for wetland restoration on the same land. In addition to the cost-share limitation in §1410.41, an additional one-time financial incentive may be provided to encourage restoration of the hydrology of the site.

§ 1410.11 Farmable Wetlands Program.

(a) In addition to other allowable enrollments, land may be enrolled in this program through the Farmable Wetlands Program (FWP) within the overall Conservation Reserve Program provided for in this part.

(b) As determined by CCC, eligible owners and operators may enroll land in FWP provided that the land:

(1) Is a wetland, including a converted wetland, as determined by CCC, that has been planted or considered planted to an agricultural commodity, as defined in §1410.2, in 3 of the 10 most recent crop years and that does not exceed the size limitations of this section;

(2) Is enrolled to be a constructed wetland that is to be developed to receive flow from a row crop agriculture drainage system and is designed to provide nitrogen removal in addition to other wetland functions and that does not exceed the size limitations of this section;

(3) Was a commercial pond-raised aquaculture facility in any year during the period of calendar years 2002 through 2007; or

(4) Was cropped, after January 1, 1990, and before December 31, 2002, at least 3 of 10 crop years, was subject to the natural overflow of a prairie wetland, and does not exceed the size limitations of this section.

(c) In addition, land may be enrolled in FWP if the land is buffer acreage that provides protection for and is contiguous to land otherwise eligible under paragraphs (b)(1), (b)(2), or (b)(4) of this section, subject to other provisions of this section.

(d) Total enrollment in CRP under this section may not exceed 1 million acres. In addition, the maximum size of a land enrolled under this section may not exceed, as determined by CCC:

(1) 40 contiguous acres for land made eligible by paragraph (b)(1) of this section;
Commodity Credit Corporation, USDA § 1410.12

(2) 40 contiguous acres for land made eligible by paragraph (b)(2) of this section;

(3) 20 contiguous acres for land made eligible by paragraph (b)(4) of this section; or

(4) A suitable buffer as determined by the Deputy Administrator for lands added under paragraph (c) of this section.

(e) All participants subject to a CRP contract under this section must agree to establish and maintain, as appropriate, the practice described in paragraph (b) of this section to the maximum extent possible, as determined by CCC, in accordance with NRCS FOTG including, as appropriate, restoring the hydrology of the wetland and establishing vegetative cover (which may include emerging vegetation in water and bottomland hardwoods, cypress, and other appropriate tree species in shallow water areas), as determined by CCC.

(f) Offers for contracts under this section must be submitted under continuous signup provisions as authorized in § 1410.30.

(g) Except as otherwise determined by CCC, all other requirements of this part apply to enrollments under this section, and CCC may add such other requirements or conditions as it deems necessary. Such additional conditions include, but are not limited to, payment limitations, adjusted gross income limitations, and limitations on the amount of acreage that can be enrolled in any one county.

§ 1410.12 Emergency Forestry Program.

(a) In addition to other allowable enrollments, certain non-industrial private forest land located in Presidential- or Secretarial-declared primary disaster counties that suffered damage from hurricanes in calendar year 2005 may be enrolled through the Emergency Forestry Conservation Reserve Program (EFCRP) provided for in this section.

(b) Owners and/or operators may enroll non-industrial private forest land, as defined in § 1410.2, in the CRP provided that the private non-industrial forest land:

1. Has merchantable timber (timber on land on which the average tree has a trunk diameter of at least six inches measured at a point no less than four and one-half feet above the ground); and

2. Has experienced a loss of 35 percent or more of merchantable timber in a 2005 calendar year hurricane-affected county due to 2005 hurricanes.

(c) The provisions of § 1410.4 do not apply to this section.

(d) Any overall acreage enrollment limit imposed on CRP shall not apply to acreage enrolled under this section.

(e) All participants subject to a CRP contract entered into pursuant to this section must agree:

1. To restore the land, through site preparation and planting of, to the maximum extent practicable, native species or similar species as existing prior to hurricane damages as may be specified in the contract, and comply with other requirements as may be specified in the contract;

2. To establish temporary vegetative cover; and

3. That the contract term shall be for a period of 10 years, during which time standing timber may not be harvested from the enrolled land except as may be approved by CCC in the conservation plan as part of the normal maintenance of the forest land.

(f) Offers for contracts under this section shall be submitted under continuous signup provisions as authorized in § 1410.30.

(g) In evaluating contract offers to which this section applies, different factors, as determined by CCC, may be considered for priority purposes. These include but are not limited to soil erosion prevention, water quality improvement, wildlife habitat restoration, and mitigation of economic loss.

(h) In return for a contract entered into under this paragraph, a participant may opt for:

1. Annual rental payments authorized by § 1410.42, except that the payment rate shall be equal to:
   (i) The average rental rate for CRP contracts in the county in which the land is actually located; or
   (ii) In the case where no CRP contracts are enrolled in a county, the average rental rate will be the CRP rate
§§ 1410.13–1410.19

applicable to a nearby similarly-situated county.

(2) In lieu of the annual payments provided for in paragraph (h)(1) of this section, lump sum payment equal to the present value of the total amount of annual rental payments that would otherwise be paid under paragraph (h)(1) of this section.

(i) Cost-share assistance authorized under §1410.40 may be reduced by the value of salvaged timber or timber products which are removed to prepare the site for replanting.

(j) The provisions of §1410.7(c), which concern enrollment limits, do not apply to contracts to which this section applies.

(k) To avoid duplicate payments, participants under this section are not eligible to receive EFCRP funding for land on which the participant has or will receive funding under any other program that covers the same expenses.

(l) All other requirements of this part shall apply to enrollments under this section.

§§ 1410.13–1410.19 [Reserved]

§ 1410.20 Obligations of participant.

(a) All participants subject to a CRP contract must agree to:

(1) Carry out the terms and conditions of such CRP contract;

(2) Implement the conservation plan, which is part of such contract, in accordance with the schedule of dates included in such conservation plan unless the Deputy Administrator determines that the participant cannot fully implement the conservation plan for reasons beyond the participant’s control, and CCC agrees to a modified plan. However, a contract will not be terminated for failure to establish an approved vegetative or water cover on the land if, as determined by the Deputy Administrator:

(1) The failure to plant or establish such cover was due to excessive rainfall, flooding, or drought;

(ii) The land subject to the contract on which the participant could practically plant or establish to such cover is planted or established to such cover; and

(ii) The land on which the participant was unable to plant or establish such cover is planted or established to such cover after the wet or drought conditions that prevented the planting or establishment subside;

(3) Establish temporary vegetative cover either when required by the conservation plan or, as determined by the Deputy Administrator, if the permanent vegetative cover cannot be timely established;

(4) Comply with part 12 of this title;

(5) Not allow grazing, harvesting, or other commercial use of any crop from the cropland subject to such contract except for those periods of time approved in accordance with instructions issued by the Deputy Administrator;

(6) Establish and maintain the required vegetative or water cover and the required practices on the land subject to such contract and take other actions that may be required by CCC to achieve the desired environmental benefits and to maintain the productive capability of the soil throughout the contract period;

(7) Comply with noxious weed laws of the applicable State or local jurisdiction on such land;

(8) Control on land subject to such contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover as necessary or may be specified in the CRP conservation plan and to avoid an adverse impact on surrounding land, taking into consideration water quality, wildlife, and other needs, as determined by the Deputy Administrator; and

(9) Be jointly and severally responsible, if the participant has a share of the payment greater than zero, with the other contract participants in compliance with the provisions of such contract and the provisions of this part and for any refunds or payment adjustments that may be required for violations of any of the terms and conditions of the CRP contract and this part.

§ 1410.21 Obligations of the Commodity Credit Corporation.

CCC shall, subject to the availability of funds:

§ 1410.31 Acceptability of offers.

(a) Except as provided in paragraph (c) of this section, producers may submit offers for the amounts they are willing to accept as rental payments to

§ 1410.22 CRP conservation plan.

(a) The producer shall obtain a CRP conservation plan that complies with CCC guidelines and is approved by the conservation district for the land to be entered in the CRP. If the conservation district declines to review the CRP conservation plan, or disapproves the conservation plan, such approval may be waived by CCC.

(b) The practices and management activities included in the CRP conservation plan and agreed to by the participant must cost-effectively reduce erosion necessary to maintain the productive capability of the soil, improve water quality, protect wildlife or wetlands, protect a public wellhead, or achieve other environmental benefits as applicable. The producer must undertake management activities on the land as needed throughout the term of the CRP contract to implement the conservation plan.

(c) If applicable, a tree planting plan shall be developed and included in the CRP conservation plan. Such tree planting plan may allow up to 3 years to complete plantings if 10 or more acres of hardwood trees are to be established.

(d) If applicable, the CRP conservation plan shall address the goals included in the conservation priority area designation authorized under §1410.8.

(e) All CRP conservation plans and revisions of such plans shall be subject to the approval of CCC.

(f) Mid-cover management shall be conducted according to an approved conservation plan as part of the CRP contractual obligation such as light discing and burning as determined by the Deputy Administrator.

§ 1410.23 Eligible practices.

(a) Eligible practices are those practices specified in the conservation plan that meet all standards needed to cost-effectively:

1. Establish permanent vegetative or water cover, including introduced or native species of grasses and legumes, forest trees, and permanent wildlife habitat;

2. Meet other environmental benefits, as applicable, for the contract period; and

3. Accomplish other purposes of the program.

(b) Water cover is eligible cover for purposes of paragraph (a) of this section only if approved by the Deputy Administrator for purposes such as the enhancement of wildlife or the improvement of water quality. Such water cover shall not include ponds for the purpose of watering livestock, irrigating crops, or raising aquaculture for commercial purposes.

§§ 1410.24–1410.29 [Reserved]

§ 1410.30 Signup.

Offers for contracts shall be submitted only during signup periods as announced periodically by the Deputy Administrator, except that CCC may hold a continuous signup for land to be devoted to particular uses, as CCC deems necessary. Generally, continuous signup is limited to those offers that would otherwise rank highly under §1410.31(b) and may include high priority practices such as filter strips, riparian buffers, shelterbelts, field windbreaks, and living snow fences, grass waterways, shallow water areas for wildlife, salt-tolerant vegetation, and practices to benefit certain approved public wellhead protection areas.

§ 1410.31 Acceptability of offers.

(a) Except as provided in paragraph (c) of this section, producers may submit offers for the amounts they are willing to accept as rental payments to
enroll their acreage in the CRP. The offers may, to the extent practicable, be evaluated on a competitive basis in which the offers selected will be those where the greatest environmental benefits relative to cost are generated, and provided that the offer is not in excess of the maximum acceptable payment rate established by the Deputy Administrator for the for the area offered. Acceptance or rejection of any offer, however, shall be in the sole discretion of the CCC and offers may be rejected for any reason as determined needed to accomplish the goals of the program.

(b) In evaluating contract offers, different factors, as determined by CCC, may be considered from time to time for priority purposes to accomplish the goals of the program. Such factors may include, but are not limited to:

1. Soil erosion;
2. Water quality (both surface and ground water);
3. Wildlife benefits;
4. Soil productivity;
5. Likelihood that enrolled land will remain in non-agriculture use beyond the contract period, considering, for example, tree planting, permanent wildlife habitat, or commitments by a participant to a State or other entity to extend the conservation plan;
6. Air quality; and
7. Cost of enrolling acreage in the program.

c) Notwithstanding paragraph (b) of this section, when all other appropriate factors are equivalent, CCC may give preference to offers from residents of the county or contiguous county where the offered land is located.

d) Acreage determined eligible for continuous signup, as provided in §1410.30, may be automatically accepted in the program if the:

1. Land is eligible under §1410.6, as determined by the Deputy Administrator;
2. A producer is eligible under §1410.5; and
3. A producer accepts either the maximum payment rate CCC is willing to offer to enroll the acreage in the program or a lesser rate.

(a) In order to enroll land in the CRP, the participant must enter into a contract with CCC.

(b) The CRP contract is comprised of:

1. The terms and conditions for participation in the CRP;
2. The CRP conservation plan; and
3. Any other materials or agreements determined necessary by CCC.

(c) In order to enter into a CRP contract, the producer must submit an offer to participate as provided in §1410.30.

(d) An offer to enroll land in the CRP shall be irrevocable for such period as is determined and announced by CCC. The producer shall be liable to CCC for liquidated damages if the applicant revokes an offer during the period in which the offer is irrevocable as determined by the Deputy Administrator. CCC may waive payment of such liquidated damages if CCC determines that the assessment of such damages, in a particular case, is not in the best interest of CCC and the program.

(d) The CRP contract must, within the dates established by CCC, be signed by:

1. The producer; and
2. The owners of the cropland to be placed in the CRP and other eligible participants, if applicable.

(e) The Deputy Administrator is authorized to approve CRP contracts on behalf of CCC.

(f) CRP contracts may be terminated by CCC before the full term of the contract has expired if:

1. The owner loses control of or transfers all or part of the acreage under contract and the new owner does not wish to continue the contract;
2. The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC according to terms and conditions as determined by CCC;
3. The participant is not in compliance with the terms and conditions of the contract;
4. Acreage is enrolled in another Federal, State or local conservation program;
5. The CRP practice fails or is not established after a certain time period, as determined by the Deputy Administrator, and the cost of restoring the
practice outweighs the benefits received from the restoration;
(6) The CRP contract was approved based on erroneous eligibility determinations; or
(7) CCC determines that such a termination is needed in the public interest.

(g)(1) Contracts for land enrolled in CRP before January 1, 1995, that have been continuously in effect may be unilaterally terminated by all CRP participants on a contract except for contract acreage:
(i) Located within a certain distance determined appropriate by the applicable FOTG of a perennial stream, or other permanent waterbody to reduce pollution and to protect surface and subsurface water quality;
(ii) On which a CRP easement is filed;
(iii) That is considered to be a wetland by USDA according to part 12 of this title;
(iv) Located within a wellhead protection area;
(v) That is subject to frequent flooding, as determined by the Deputy Administrator;
(vi) That may be required to serve as a wetland buffer according to the FOTG to protect the functions and values of a wetland; or
(vii) On which there exist one or more of the following practices, installed or developed as a result of participation in the CRP or as otherwise required by the conservation plan:
(A) Grass waterways;
(B) Filter strips;
(C) Shallow water areas for wildlife;
(D) Bottom land timber established on wetlands;
(E) Field windbreaks; and
(F) Shelterbelts;
(2) With respect to terminations under this paragraph:
(i) Any land for which an early termination is sought by the participant must have an EI of 15 or less;
(ii) The termination shall become effective 60 days from the date the participant submits notification to CCC of the participant’s desire to terminate the contract;
(iii) Acreage terminated under this provision is eligible to be re-offered for CRP during future signup periods, provided that the acreage otherwise meets the current eligibility criteria; and
(iv) Participants must meet conservation compliance requirements of part 12 of this title to the extent applicable to other land.

(h) Except as allowed and approved by CCC where the new owner of land enrolled in CRP is a Federal agency that agrees to abide by the terms and conditions of the terminated contract, the participant in a contract that has been terminated must refund all or part of the payments made with respect to the contract plus interest thereon, as determined by CCC, and shall pay liquidated damages as provided for in the contract. CCC may permit the amount to be repaid to be reduced to the extent that such a reduction will not impair the purposes of the program. Further, a refund of all payments need not be required from a participant who is otherwise in full compliance with the CRP contract when the land is purchased by or for the United States, as determined by CCC.

§ 1410.33 Contract modifications.

(a) As agreed between CCC and the participant, a CRP contract may be modified in order to:
(1) Decrease acreage in the CRP;
(2) Permit the production of an agricultural commodity under extraordinary circumstances during a crop year on all or part of the land subject to the CRP contract as determined by the Deputy Administrator;
(3) Facilitate the practical administration of the CRP;
(4) During the final year of the CRP contract’s term, facilitate a transition of land subject to the contract from a retired or retiring owner or operator to a beginning or socially-disadvantaged farmer or rancher for the purpose of returning some or all of the land into production using sustainable grazing or crop production methods; provided that for this purpose “sustainable grazing and crop production methods” will be considered, as determined by the Deputy Administrator, to be methods that would be designed as part of an overall plan defined on an ecosystem level to be useful in the creation of integrated systems of plant and animal production practices that have a site specific application that would:
(i) Meet human needs for food and fiber;
(ii) Enhance the environment and the natural resource base;
(iii) Use nonrenewable resources efficiently; and
(iv) Sustain the economic viability of farming operation; or
(5) Accomplish the goals and objectives of the CRP, as determined by the Deputy Administrator.

(b) CCC may modify CRP contracts to add, delete, or substitute practices when, as determined by the Deputy Administrator:
(1) The installed practice failed to adequately provide for the desired environmental benefit through no fault of the participant; or
(2) The installed measure deteriorated because of conditions beyond the control of the participant; and
(3) Another practice will achieve at least the same level of environmental benefit.

(c) Offers to extend contracts may be made as allowed by law.

(d) CCC may terminate a CRP contract if the participant agrees to such termination and CCC determines such termination to be in the public interest.

§§ 1410.34–1410.39 [Reserved]

§ 1410.40 Cost-share payments.

(a) Cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, cost-share payments may be made only for the cost-effective establishment or installation of an eligible practice, as determined by CCC.

(c) Except as provided in paragraph (d) of this section, cost-share payments shall not be made to the same owner or operator on the same acreage for any eligible practices that have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under §1410.9(c), cost-share payments may be authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:
(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhance water quality, wildlife habitat, or increase protection of public wellheads; and
(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant’s actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount that, when added to such assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

(g) CCC may make cost-share payments for thinning of existing tree stands to benefit wildlife habitat and other resource conditions on enrolled land, as determined by CCC.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan. CCC may allow cost-share payments for maintenance costs, consistent with the provisions of §1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

§ 1410.50 Enhancement programs.

(a) For contracts to which a State, political subdivision, or agency thereof, has succeeded in connection with an approved conservation reserve state enhancement program, payments shall be made in the form of cash only. The provisions that limit the amount of payments per year that a person may receive under this part shall not be applicable to payments received by such State, political subdivision, or agency thereof in connection with agreements entered into under such enhancement programs carried out by such State, political subdivision, or agency thereof that has been approved for that purpose by CCC.

(b) CCC may enter into other conservation reserve enhancement program agreements in accordance with terms deemed appropriate by CCC, with a State, political subdivision, or agency thereof, to use the CRP to cost-effectively further specific conservation and environmental objectives of that State and the nation.

§ 1410.51 Transfer of land.

(a)(1) If a new owner or operator purchases or obtains the right and interest in, or right to occupancy of, the land subject to a CRP contract, as determined by the Deputy Administrator, such new owner or operator, upon the approval of CCC, may become a participant to a new CRP contract with CCC for the transferred land.

(2) For the transferred land, if the new owner or operator becomes a successor to the existing CRP contract, the new owner or operator shall assume all obligations of the CRP contract of the previous participant.

(3) If the new owner or operator is approved as a successor to a CRP contract with CCC, then, except as otherwise determined appropriate by the Deputy Administrator:

(i) Cost-share payments shall be made to the past or present participant who established the practice; and

(ii) Annual rental payments to be paid during the fiscal year when the land was transferred shall be divided between the new participant and the previous participant in the manner specified in §1410.42.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a CRP contract and the new owner or operator does not become a successor to such contract within 60 days, or such other time as the Deputy Administrator determines to be appropriate, of such transfer, such contract shall be terminated with respect to the affected portion of such land and the original participant:

(1) Forfeits all rights to any future payments for that acreage;

(2) Shall refund all previous payments received under the contract by the participant or prior participants, plus interest, except as otherwise specified by the Deputy Administrator; The provisions of §1410.32(h) shall apply.

(c) Federal agencies acquiring property, by foreclosure or otherwise, that contains CRP contract acreage cannot be a party to the contract by succession. However, through an addendum to the CRP contract, if the current operator of the property is one of the contract participants, such operator may, as permitted by CCC, continue to receive payments under such contract if:

(1) The property is maintained in accordance with the terms of the contract;

(2) Such operator continues to be the operator of the property; and

(3) Ownership of the property remains with such federal agency.

§ 1410.52 Violations.

§ 1410.56 Division of payments and provisions about tenants and share-croppers.

(a) Payments received under this part shall be divided as specified in the applicable contract and CCC shall ensure that producers who would have an interest in acreage being offered receive treatment that is equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement among persons seeking enrollment as to a person’s eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in the CRP.

(b) CCC may remove an operator or tenant from a CRP contract when:

(1) The operator or tenant requests in writing to be removed from the CRP contract;

(2) The operator or tenant files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by applicable bankruptcy laws;

(3) The operator or tenant dies during the contract period and the administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) A court of competent jurisdiction orders the removal from the CRP contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to paragraph (b) of this section, tenants shall maintain their tenancy throughout the contract.
period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with applicable State law, may be removed from a contract by CCC. CCC shall assume the tenancy is being maintained unless notified otherwise by a party to contract.

§ 1410.57 Payments not subject to claims.
Subject to part 1403 of this chapter, any cost-share or annual payment or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1410.58 Assignments.
Participants may assign the right to receive such cash payments, in whole or in part, as provided in part 1404 of this chapter.

§ 1410.59 Appeals.
(a) Except as provided in paragraph (b) of this section, a participant or person seeking participation may appeal or request reconsideration of an adverse determination in accordance with the administrative appeal regulations at parts 11 and 780 of this title.
(b) Determinations by NRCS assigned to make such determination for the Deputy Administrator may be appealed in accordance with procedures established under part 614 of this title or otherwise established by NRCS.

§ 1410.60 Scheme or device.
(a) If CCC determines that a person has employed a scheme or device to defeat the purposes of this part, or any part, of any program, payment otherwise due or paid such person during the applicable period may be required to be refunded with interest thereon as determined appropriate by CCC.
(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of cost-share assistance or annual rental payments, or obtaining a payment that otherwise would not be payable.
(c) A new owner or operator or tenant of land subject to this part who succeeds to the contract responsibilities shall report in writing to CCC any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest shall include a present, future, or conditional interest, reversionary interest, or any option, future or present, on such land, and any interest of any lender in such land where the lender has, will, or can legally obtain, a right of occupancy to such land or an interest in the equity in such land other than an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest shall be considered a scheme or device under this section.

§ 1410.61 Filing of false claims.
If CCC determines that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for payments under this part with respect to the program year in which the false information or claim was filed and the contract may be terminated, in which case a full refund of all prior payments may be demanded. False information or false claims include, but are not limited to, claims for payment for practices that do not comply with the conservation plan. Any amounts paid under these circumstances shall be refunded, together with interest as determined by CCC, and any amounts otherwise due to the participant shall be withheld. The remedies provided for in this section shall be in addition to any and all other remedies, criminal and/or civil, that may apply.

§ 1410.62 Miscellaneous.
(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payments due under this part shall be paid to the participant’s successor(s) under part 707 of this title.
(b) Unless otherwise specified in this part, payments under this part shall be subject to the requirements of part 12 of this title concerning highly erodible land and wetland conservation and payments.
(c) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to, criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law; provided further the Deputy Administrator may add to the contract such additional terms as needed to enforce these regulations that shall be binding on the parties and may be enforced to the same degree as provisions of these regulations.

(d) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of CRP acreage due to foreclosure and the new owner chooses not to continue the contract in accordance with §1410.51, refunds shall not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

(e) Cropland enrolled in CRP shall be classified as cropland for the time period enrolled in CRP and, after the time period of enrollment, may be removed from such classification upon a determination by the county committee that such land no longer meets the definition in part 718 of this title.

(f) Research projects may be submitted by the State committee and authorized by the Deputy Administrator to further the purposes of CRP. The research projects must include objectives that are consistent with this part, provide economic and environmental information, not adversely affect local agricultural markets, and be conducted and monitored by a bona fide research entity, as determined by the Deputy Administrator.

(g) As determined by CCC, incentives may be authorized to foster opportunities for Indian tribes and beginning, limited resource, and socially disadvantaged farmers and ranchers and to enhance long-term environmental goals.

(h) As determined by CCC, consistent with the purposes of CRP, the development of habitat for, and use of conservation practices for, native and managed pollinators may be authorized.

§ 1410.63 Permissive uses.

(a) Unless otherwise specified by the Deputy Administrator, no uses of any kind are authorized on designated CRP acreage during the contract period.

(b) Commercial shooting preserves may be operated on CRP acreage provided:

(1) The commercial shooting preserve is licensed by a State agency such as the State fish and wildlife agency or State department of natural resources;

(2) The commercial shooting preserve is operated in a manner consistent with the applicable State agency rules governing commercial shooting preserves;

(3) CRP cover is maintained according to the conservation plan and

(4) No barrier fencing or boundary limitations exist that prohibit wildlife access to or from the CRP acreage unless required by State law.

(c) The following activities may be permitted, as determined by CCC, on CRP enrolled land insofar as they are consistent with the conservation purposes of the program including timing, frequency, and duration as provided in an approved CRP conservation plan that identifies appropriate vegetative management requirements:

(1) Managed harvesting, including harvest of biomass, but only in exchange for a payment reduction as determined by CCC and in accordance with harvest frequency and timing of harvesting activities outside the official nesting and broodrearing season only as identified in an approved CRP conservation plan;

(2) Routine grazing, but only in exchange for a payment reduction as determined by CCC and in accordance with appropriate vegetative management requirements and stocking rates for the land, grazing frequency, and grazing periods outside the official nesting and broodrearing season only as identified in an approved CRP conservation plan;

(3) Prescribed grazing to control invasive species, but only in exchange
for a payment reduction as determined by CCC and in accordance with appropriate vegetative management requirements and stocking rates for the land, grazing frequency, and grazing periods outside the official nesting and broodrearing season only as identified in an approved CRP conservation plan;
(4) Harvesting, grazing, or other commercial use of the forage on the land in response to a drought or other emergency, but only in exchange for a payment reduction as determined by CCC;
(5) Wind turbines on CRP land installed in numbers and locations as determined appropriate by CCC considering the location, size, and other physical characteristics of the land, the extent to which the land contains wildlife and wildlife habitat, and the purposes of CRP, but only in exchange for a payment reduction as determined by CCC;
(6) Spot grazing, if necessary for control of weed infestation, and not to exceed a 30-day period according to an approved conservation plan, but only in exchange for a payment reduction as determined by CCC;
(7) Forestry maintenance such as pruning, thinning, and timber stand improvement on lands converted to forestry use, but only in accordance with a conservation plan, and only in exchange for a payment reduction as determined by CCC; and
(8) The sale of carbon, water quality, or other environmental credits, as determined appropriate by CCC.

§ 1410.64 Transition Incentives Program.

(a) To be eligible for the Transition Incentives Program, the retired or retiring owner or operator must, except as specified in paragraph (f) of this section:

(1) Have land that is expiring under an existing CRP contract with a 50 percent or greater interest as provided at §1410.42 (c);
(2) Sell or lease (under a qualifying nonrevocable lease of at least 5 years in length) expiring CRP land to a beginning or socially disadvantaged farmer or rancher who will return some or all of the land to production using sustainable grazing or crop production methods;
(3) Modify the CRP contract in accordance with §1410.33(a)(4);
(4) Allow the beginning or socially disadvantaged farmer or rancher to begin the organic certification process under the Organic Foods Production Act of 1990 during the last year of the contract, if requested by that farmer or rancher;
(5) Allow the beginning or socially disadvantaged farmer or rancher to develop a conservation plan for the land; and
(6) Allow the beginning or socially disadvantaged farmer or rancher to install conservation practices and initiate land improvements that are consistent with the conservation plan during the last year of the contract.

(b) To be eligible for participation in the Transition Incentives Program, the beginning or socially disadvantaged farmers or ranchers must:

(1) Certify that they meet the definition in §1410.2 of either a beginning farmer or rancher or a socially disadvantaged farmer or rancher;
(2) Obtain and implement a conservation plan; and
(3) Implement sustainable grazing or crop production in compliance with the conservation plan by the time specified in the plan.

(c) Eligible beginning or socially disadvantaged farmers or ranchers will be eligible immediately to reenroll partial field conservation practices in CRP, in accordance with the conservation plan and the provisions of this part, following the expiration of the CRP contract of the qualified retired or retiring owner or operator, provided that the beginning or socially disadvantaged farmer or rancher has control of the property and meets all other qualifying conditions of CRP, as specified in this part.

(d) Eligible beginning or socially disadvantaged farmers or ranchers will be eligible to enroll land in the Conservation Stewardship Program or the Environmental Quality Incentives Program, as specified in parts 1470 and 1466 of this chapter, provided that their offer to enroll otherwise meets all program conditions, and provided that the CRP
contract of the retired or retiring owner or operator has expired and the beginning or socially disadvantaged farmer or rancher has sufficient control of the property.

(e) As an incentive for selling or leasing land to a beginning or socially disadvantaged farmer or rancher who is not a family member, CCC will pay 2 years of additional CRP annual rental payments at the same contract rate to a retired or retiring owner or operator. The retired or retiring owner or operator must certify that the beginning or socially disadvantaged farmer or rancher is not a family member.

(f) Subject to all other program conditions, incentive payments may be allowed for contracts that have already expired if:

(1) The contract expired on or after June 18, 2008, and contract modification began on or before September 30, 2010;

(2) The transfer to the beginning or socially disadvantaged farmer or rancher will occur after the contract modification; and

(3) All other program conditions are otherwise met.

(g) Eligible retired or retiring owner or operator and eligible beginning or socially disadvantaged farmer or rancher must agree to be jointly and severally responsible, if the participant has a share of the payment greater than zero, with the other Transition Incentive Program agreement participants in compliance with the provisions of such Transition Incentive Program agreement and the provisions of this part and for any payment adjustments that may be required for violations of any of the terms or conditions of the Transition Incentive Program agreement and this part.

Subpart A—General Provisions

§ 1412.1 Applicability, statutory changes, interest, and contract provisions.

This part governs: How base acres and farm program payment yields are established or adjusted for the purpose of calculating direct and counter-cyclical payments for wheat, corn, grain sorghum, barley, oats, upland cotton, rice, peanuts, soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, pulse crops, and other designated oilseeds as determined and announced by the Commodity Credit Corporation (CCC), for the years 2008 through 2012; the month when producers on a farm may enter into annual Direct and Counter-cyclical Program (DCP) or Average Crop Revenue Election (ACRE) program contracts with CCC for each of the years 2008 through 2012, as applicable; and the peanut crop acreage bases and yields in order to receive 2008 through 2012 direct and counter-cyclical payments. Payments otherwise provided for in this part are subject to changes made by statute in rates, conditions, and eligibility notwithstanding any contract made under this part. However, any such modification may, as determined by the Deputy Administrator, allow producers the opportunity to withdraw from the contract. Also, if any refund comes due to CCC under this part, interest will be due from the date of the CCC disbursement except as determined by the Deputy Administrator. The provisions of this section will apply notwithstanding any other provision of this or any other part. In order to receive payment under this part a participant must comply with the regulations in this part and any additional requirements imposed by the program contract.

§ 1412.2 Administration.

(a) The program is administered under the general supervision of the Executive Vice-President, CCC, and will be carried out by Farm Service Agency (FSA) State and county committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee may take any action required by the regulations of this part that the county committee has not taken. The State committee will also:

(1) Correct, or require a county committee to correct, any action taken by such county committee that is not in
accordance with the regulations of this part; or
(2) Require a county committee to withhold taking any action that is not in accordance with this part.
(d) No provision or delegation to a State or county committee will preclude the Executive Vice President, or the Deputy Administrator, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.
(e) The Deputy Administrator has the authority in individual cases to authorize State and county committees to waive or modify deadlines (except statutory deadlines) and other non-statutory requirements, in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program. Producers and participants have no right to seek an exception under this provision. The Deputy Administrator’s refusal to consider cases or circumstances or decisions not to exercise this discretionary authority under this provision will not be considered an adverse decision and is not appealable.
(f) A representative of CCC may execute the FSA forms entitled “Direct and Counter-Cyclical Program Contract” and “Average Crop Revenue Election Program Contract” only under the terms and conditions determined and announced by the Executive Vice President, CCC. Any contract that is not executed in accordance with such terms and conditions, including any purported execution prior to or after the dates authorized by the Executive Vice President, CCC, is null and void and will not be considered to be a contract between CCC and the operator or any other producer on the farm.

§1412.3 Definitions.

The definitions set forth in this section are applicable for all purposes of administering the DCP. The terms defined in part 718 of this title and part 1400 of this chapter are also applicable, except where those definitions conflict with the definitions set forth in this section.

Where there is a conflict or a difference in definitions specified in this part and those that apply to the Average Crop Revenue Election (ACRE) program specified in subpart G of this part, the regulations of subpart G of this part will apply to the ACRE program.

ACRE guarantee price means the simple average, as determined by CCC, of the national average market prices of the covered commodity or peanuts for the most recent two crop years preceding the relevant current crop year. For example, for the 2009 program the relevant crop year is the 2009 crop year. Therefore, for the 2009 program, the ACRE guarantee price for the covered commodity or peanuts is equal to the simple average of the national average market prices of the covered commodity or peanuts for the 2007 and 2008 crops.

ACRE plug yield means the resulting yield determined by taking the applicable NASS county average yield for the covered commodity or peanuts, by practice if applicable, and multiplying it by 95 percent. The ACRE plug yield may be used by a farm in establishing an initial benchmark farm yield or reporting actual production in accordance with instructions issued by the Deputy Administrator. The ACRE plug yield is also used on a farm for a covered commodity or peanuts in a year where there are no acres of the covered commodity or peanuts planted. The ACRE plug yield may be found on the FSA Web site at: http://www.fsa.usda.gov/dcp/ by clicking “ACRE County Yields.” ACRE plug yields are used in benchmark farm yields. If the National Agricultural Statistical Service (NASS) data is not available for a particular practice of a covered commodity or peanuts from which an ACRE plug yield can be established, the Deputy Administrator may establish an ACRE plug yield for the practice of the covered commodity or peanuts based a computation of multiplying 95 percent times the yield determined based on production data available from FSA farm records in the county, or in the event sufficient records do not exist, another data source determined appropriate by the Deputy Administrator.
ACRE price means the higher of the following, as determined by CCC, for the covered commodity or peanuts:

1. The national average price received by producers during the 12-month marketing year (as defined in this part) for the relevant current crop of the covered commodity or peanuts (the relevant current crop for a program year is the corresponding crop for commodity for that year—for example, the current crop for the 2009 program is the 2009 crop), or

2. 70 percent of the marketing assistance loan rate for the relevant current crop of the commodity under 7 U.S.C. 8731–8757.

Actual farm production means all of a farm’s harvested and appraised production, including grazed acres, of a covered commodity or peanuts. Appraisals must be performed by appraisers acceptable to FSA. Appraisals performed according to the Non-Insured Crop Disaster Assistance Program (NAP) or crop insurance guidelines are generally deemed acceptable to FSA for DCP and ACRE Program purposes.

Actual farm revenue means the per acre amount computed by multiplying the actual farm yield, which is a per acre amount, of a covered commodity or peanuts times the ACRE price for the relevant current crop year. The relevant current crop year for these and other purposes is the crop year that corresponds to the calendar year in which the relevant program year ends. Therefore, for the 2009 contract or 2009 program, the relevant crop year would be the 2009 crop (that is, the crop considered to be the crop for the 2009 crop year).

Actual farm yield means the relevant current crop year, the per acre amount determined by dividing the actual farm production of a covered commodity or peanuts by the farm’s total planted and considered planted acres of the covered commodity or peanuts.

Actual State yield means the State’s per acre amount for the relevant current crop year for a commodity determined by dividing the actual production in the State of the covered commodity or peanuts by the total planted acres of the covered commodity or peanuts in the State.

Actual State revenue means the per acre amount for a covered commodity or peanuts determined for the relevant current crop year by multiplying the actual State yield by the covered commodity or peanuts times the ACRE price.

Average Crop Revenue Election (ACRE) means the program authorized by section 1105 of the Food, Conservation, and Energy Act of 2008 (7 U.S.C. 8715) according to subpart G of this part. Participation in the ACRE program requires a two-step process by the producer, specifically step 1 an election according to subpart G of this part followed by step 2 enrollment according to this part.

Average yield per planted acre means the actual farm production of a covered commodity or peanuts for a year divided by the farm’s planted acres.

Base acres means the number of acres established with respect to a covered commodity and peanuts on a farm pursuant to sections 1101 and 1302 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911) as in effect on September 30, 2007, subject to any adjustment in accordance with subpart B of this part.

Benchmark farm yield means, except as otherwise provided, a per acre yield for a covered commodity or peanuts computed using the Olympic average of the average yield per planted acre for the farm for the commodity for the 5 most recent crop years. The term “Olympic average” means that the highest and lowest per acre yields for the 5 years will be eliminated and the remaining annual entries will be averaged. CCC may make such adjustments as it deems necessary to create a fair yield for the farm so as to ensure the integrity of the ACRE Program. For purposes of determining a benchmark farm yield, yields on planted acres only will be considered except to the extent that the farm does not have a sufficient history to make a fair yield determination in which case a yield may be assigned by CCC.

Benchmark State yield means for a covered commodity or peanuts a per acre yield computed using the Olympic average of the average yield per planted acre for the State for the commodity for the 5 most recent crop years.
Commodity Credit Corporation, USDA

§ 1412.3

years. To the extent practicable, it will be calculated using data from NASIS. The benchmark State yield is used in determining the State ACRE guar- antee. CCC may make such adjust- ments in these yields as it deems neces- sary to provide for a fair yield and to ensure the integrity of the program.

Commercial agricultural production means the propagation and raising of agricultural products for commercial sale or barter having gross receipts or sales annually in excess of $1,000. The term includes pastures and land dev- oted to approved conserving uses.

Considered planted means acreage ap- proved as prevented planted in accord- ance with §718.103 of this title or the acreage considered planted to a cov- ered commodity pursuant to §1412.48.

Contract means the CCC-approved standard, uniform forms and appen- dixes specified by CCC that constitute the agreement for participation in the Direct and Counter-Cyclical Program or ACRE program, as applicable.

Contract period means the compliance period set out for the contract for the particular program year. The program year is designated in item 1 of the con- tract. Contracts for different program years will be referenced by their pro- gram year. Thus, for example, a refer- ence to the “2009 contract” means the contract for the 2009 program year and the relevant current crop for a program year is the corresponding crop for that commodity. Therefore, the relevant current crop for the 2009 program is, with respect to a particular com-modity, the 2009 crop. References to the “contract” period refer to the com-pliance period for the particular pro- gram year. The compliance periods for the various program years are as fol- lows:

(1) For the 2009 contract (and there- fore for the 2009 program), the period that begins on October 1, 2008 and ends on September 30, 2009;
(2) For the 2010 contract, the period that begins on October 1, 2009 and ends on September 30, 2010;
(3) For the 2011 contract, the period that begins on October 1, 2010 and ends on September 30, 2011;
(4) For the 2012 contract, the period that begins on October 1, 2011 and ends on September 30, 2012.

Contract year means the particular year of the particular contract based on the compliance period for the con- tract. The compliance year will run from October 1 to the following Sep- tember 30 and will have the same name as the corresponding fiscal year. For example, the 2009 contract year will be October 1, 2008, through September 30, 2009, and that year will be considered, too, the 2009 crop year. The contract for the 2009 crop year will be considered the contract for the 2009 crop. The same references will apply to all other years.

Counter-cyclical payment means a pay- ment made to eligible producers on a farm in accordance with subpart E of this part for covered commodities and peanuts.

Covered commodity means wheat, corn, grain sorghum, barley, oats, up- land cotton, long grain rice, medium grain rice, soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, pulse crops, and other oilseeds as deter- mined by the Secretary.

Crop year means the relevant con- tract year. For example, the 2009 crop year is the year that runs from October 1, 2008, through September 30, 2009, and references to payments for that year refer to payments made under con- tracts with the compliance year that runs during those dates.

DCP cropland means DCP cropland as defined in part 718 of this title.

Deputy Administrator means the Dep- uty Administrator for Farm Programs, FSA, or a designee.

Developed means:

(1) Land has been approved by the local government for uses other than commercial agricultural uses; and
(2) Construction activity has begun to install any aspect of the develop- ment, for example utilities or road- ways.

Direct payment means a payment made to eligible producers on a farm for peanuts and covered commodities in accordance with subpart E of this part.

Double-cropping means for covered commodities and peanuts, with- standing the meaning in §1412.47(e) for fruits and vegetables, the planting of a
covered commodity or peanuts for harvest in a crop year, in cycle with another covered commodity or peanuts on the same acres for harvest in the same crop year in counties that have been determined to be areas where there is determined to be substantial, successful and long-term double cropping of the crop and where the producer has followed customary production techniques and planting deadlines as determined by CCC (that is, using techniques and deadlines used by the majority of farmers in the region to double crop the particular crops involved). In a county determined capable of supporting such double-cropping the covered commodities or peanuts, as determined by CCC, both an initial crop and a subsequent crop will be considered planted or prevented planted acres for the purpose of Subpart G of this part. Notwithstanding any of the provisions of §718.103, in those instances where the subsequently planted or approved prevented planted covered commodity or peanuts cannot be recognized as double-cropped acreage under this definition, the subsequently planted covered commodity or peanuts will not be considered planted or prevented planted for any purpose.

Dry peas means Austrian, wrinkled seed, yellow, Umatilla, and green, excluding peas grown for the fresh, canning, or frozen market.

Effective price means the price calculated by the Secretary in accordance with §1412.53 for covered commodities and peanuts to determine whether counter-cyclical payments are required to be made under that section for a crop year.

Excess base acres means the number of base acres of covered commodities and peanuts on the farm that exceed the farm’s total DCP cropland.

Farm ACRE guarantee means, for a crop year of a covered commodity or peanuts, the per acre producer-paid crop insurance premium (if any) added to the result of multiplying the benchmark farm yield, which is a per acre amount, times the ACRE guarantee price. The farm ACRE guarantee is used in determining whether a farm is eligible for ACRE payments for a covered commodity or peanuts.

Fiscal year means the year running from October 1 to the following September 30 and will be designated by the same calendar year in which it ends. For example, the 2009 fiscal year ends September 30, 2009.

Harvested means the producer has removed the crop from the field by hand, mechanically, or by grazing of livestock. The crop is considered harvested once it is removed from the field and placed in or on a truck or other conveyance or is consumed by livestock through the act of grazing. Crops normally placed in a truck or other conveyance and taken off the crop acreage, such as hay, are considered harvested when in the bale, whether removed from the field or not.

Initial crop means acreage of a covered commodity or peanuts planted or approved as prevented planted for harvest as peanuts, grain, or lint. The initial crop includes reseeded or replanted crop acreage.

Limited resource farmer means, as determined in accordance with §1412.51, a farmer or rancher who meets both of the following criteria:

1. The person did not have, counting both direct and indirect interests, total gross farm sales for all farms in which that person has an interest of not more than the triggering level in both of the two calendar years that precede the calendar year in which the contract year begins. The triggering level is an indexed number that was originally set at $100,000. Beginning in October 2004, that number has been adjusted for inflation using the Prices Paid by the Farmer Index compiled by NASS. The triggering level for the DCP or ACRE contract will be the indexed number (see http://www.lrftool.sc.egov.usda.gov/tool.asp) as adjusted for the fiscal year that begins on the first day of the contract period.

2. The person’s total household income is at or below the national poverty level for a family of 4 or less than 50 percent of county median household income in each of the two most recent calendar years ending before the end of the program year, as CCC determines using U.S. Commerce Department Data.

Marketing year means the 12-month period beginning in the calendar year.
the crop is normally harvested as follows:
(1) Barley, oats, and wheat: June 1–May 31;
(2) Canola, flax and rapeseed, lentils, and dry edible peas: July 1–June 30;
(3) Upland cotton, peanuts, and rice: August 1–July 31; and
(4) Corn, grain sorghum, soybeans, sunflowers, safflower, mustard, crambe, sesame, and chickpeas: September 1–August 31.

Medium grain rice means medium and short grain rice.

Minimum and maximum guarantee means, with respect to the State ACRE guarantee for each of the 2010 through 2012 crop years, the adjusted amounts that assure that the State ACRE guarantee for a program year for a covered commodity or peanuts will not decrease or increase more than 10 percent from the announced State ACRE guarantee for the preceding program year.

National loan rate means the loan rate established as specified in §1421.9 of this chapter.

Oilseeds means a crop of soybeans, sunflower seed, rapeseed, canola, crambe, safflower, flaxseed, mustard seed, sesame seed, or, if determined and announced by CCC, another oilseed.

Payment acres means:
(1) Except as provided for in paragraph (2) of this definition, 85 percent of the base acres of a covered commodity or peanuts on a farm in accordance with §1412.71 or subpart B of this part, as applicable, for which direct or counter-cyclical or ACRE payments are made.

(2) For each of the 2009 through 2011 crop years, 83.3 percent of the base acres of a covered commodity or peanuts on a farm in accordance with §1412.71 or subpart B of this part, as applicable, for which direct or ACRE payments are made.

Payment yield means:
(1) For peanuts, the yield established pursuant to section 1302 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911) as in effect on September 30, 2007.

(2) For covered commodities, the yield established in accordance with subpart C of this part for a farm for a covered commodity.

(3) For designated oilseeds or pulse crops, the yield established in accordance with subpart C of this part for a farm for a crop of a designated oilseed and pulse crop.

Per acre producer-paid crop insurance premium means the insurance premiums paid by all producers of a farm for insurance on a covered commodity or peanuts, provided that at least some of the insured crop acreage is subject to a DCP contract and ACRE contract, divided by the total acres of the covered commodity or peanuts covered by the insurance; regardless of whether or not all of the acres insured are included on the farm’s reported acreage for other programs, or are subject to a DCP contract and ACRE contract. Fees for catastrophic risk protection plan of insurance coverage or noninsured crop disaster assistance program coverage are not per acre producer-paid crop insurance premiums. Example: Producers A, B, and C have an interest in barley on a farm and the farm is enrolled in ACRE. Producers A and B paid crop insurance premiums totaling $800 on 100 insured barley acres. Regardless of how many acres of barley are planted, the per acre producer-paid crop insurance premium for barley is equal to $8.

Planted acres for a State means for:
(1) Corn, sorghum, barley, oats, and wheat, the sum of harvested acres in a State, as reported by NASS and the sum of failed acres in a State, as reported by producers to FSA.

(2) All other crops, the sum of planted acres in a State, as reported by NASS.

(3) Crops where NASS data is not available, the planted acres as determined by CCC using other sources.

Planted and considered planted (P&CP) means with respect to an acreage amount, the sum of the planted and prevented planted acres approved by the FSA county committee on the farm for a crop. For the purposes of this part P&CP is limited to initially planted or prevented plant crop acreage, except for crops planted in an approved double-cropping sequence. Replacement crop acreage is not included as P&CP.

Processing means with respect to uses of a crop, non-fresh intended uses of crops enrolled in the project referred to
in §1412.48 for crops being grown pursuant to a contract for canning, pickling, frozen, juice, dry edible bean or pea, or such other uses deemed by CCC not to be fresh intended uses of crops mentioned in §1412.48.

_Pulse crop_ means dry peas, lentils, small chickpeas, and large chickpeas. Pulse crop bases will not generate direct payments and may only create counter-cyclical payments for the 2009 and subsequent crop years.

_Replacement crop_ means the planting or approved prevented planting of any crop for harvest following the failed planting or prevented planted acreage of a covered commodity or peanuts not in a recognized double-cropping sequence (as specified in this section). Replacement crops that are covered commodities or peanuts are not eligible for planted and considered planted credit under this part and cannot generate payments under this part.

_Reseeded or replanted crop_ means the second planting of a covered commodity or peanut crop on the same acreage after the first planting of that same crop has failed.

_Socially disadvantaged farmer or rancher_ means a farmer or rancher who is a member of a socially disadvantaged group whose members have been subjected to racial or ethnic prejudice because of their identity as members of a group without regard to their individual qualities. Gender is not included as a covered group. Socially disadvantaged groups include the following and no others unless approved in writing by the Deputy Administrator:

1. American Indians or Alaskan Natives,
2. Asians or Asian-Americans,
3. Blacks or African-Americans,
4. Hispanics or Hispanic-Americans, and
5. Native Hawaiians or other Pacific Islanders.

_State ACRE guarantee_ means the per acre amount for the crop which is 90 percent of the benchmark State yield times the ACRE guarantee price, subject to the minimum and maximum guarantee specified in these regulations.

_Subdivided_ means land has been approved or designated by the local government, or a unit thereof, for development or use as something other than commercial agricultural production or other non-agricultural use.

_Supportive and necessary contractual documents_ means those documents including, but not limited to, those items substantiating the DCP contract such as leases, deeds, signatures of contract participants, owners, operators, and other tenant signatures, as determined by the Secretary.

_Target price_ means, for peanuts, the price per ton; and for covered commodities, the price per bushel (or other appropriate unit in the case of upland cotton, rice, and other oilseeds) used to determine the payment rate for counter-cyclical payments.

A participant may obtain reconsideration and review of any adverse determination made under this part in accordance with the appeal regulations found at parts 11 and 780 of this title.

Subpart B—Establishment of Base Acres for a Farm for Covered Commodities

§1412.21 Election of base acres.

(a) Subject to adjustments in paragraph (b) of this section, base acres for covered commodities and peanuts are as defined in §1412.3.

(b) No later than April 1, 2009, owners on a farm may establish base acres for pulse crops.

(1) Subject to the limitations in accordance with paragraph (d) of this section and §1412.24, the base acres for pulse crops are equal to the sum of the following:

(i) The 4-year average of the acreage planted or prevented planted to the pulse crops during each of the 1998 through 2001 crop years for harvest, grazing, haying, silage, or other similar purposes, as determined by the Secretary, plus

(ii) The 4-year average of the acreage prevented from being planted to covered commodities during each of the
Commodity Credit Corporation, USDA

§ 1412.22 Failure to make pulse crop election.

If an owner fails to make an election for establishing pulse crop base acres on a farm by April 1, 2009, in accordance with §1412.21, that owner will be deemed to have made the election to determine all base acres for all covered commodities and peanuts on the farm as set forth in §1412.21.

§ 1412.23 Base acres and Conservation Reserve Program.

(a) Subject to paragraphs (b) and (c) of this section, eligible producers may, at the beginning of each fiscal year, adjust the base acres for covered commodities and peanuts with respect to the farm by the number of production flexibility contract acres or base acres protected by a Conservation Reserve Program contract entered into under section 1231 of the Food Security Act of 1985 (1985 Farm Bill, Pub. L. 99–198) that expired, was voluntarily terminated, or was early released on or after September 30, 2007.

(b) The total base acreage on a farm must not exceed the limitation of §1412.24.

(c) Adjustments to base acreage on a farm in accordance with this section must be completed by no later than June 1 of the fiscal year following the fiscal year the conservation reserve program contract expired or was voluntarily terminated.

(d) For the fiscal year in which an adjustment to base acres under this section is made, the owner of the farm may elect to receive either direct payments and counter-cyclical payments or ACRE payments, as applicable, with respect to the base acres added to the farm under this section or a prorated payment under the conservation reserve contract, but not both.

§ 1412.24 Limitation of total base acreage on a farm.

(a) The sum of the following must not exceed the total DCP cropland acreage on the farm, plus approved double-cropped acreage for the farm:

(1) The sum of all base acres established for the farm in accordance with this part, plus
(2) Any cropland acreage on the farm enrolled in a Conservation Reserve
§ 1412.31 Direct payment yields for covered commodities, except pulse crops.

(a) The direct payment yield for each covered commodity, except pulse crops, will be the payment yield established for the commodity for the farm in accordance with the regulations for covered commodities at part 1412 of this chapter in effect on January 1, 2008 (see 7 CFR part 1412, revised as of January 1, 2008).

(b) [Reserved]

§ 1412.32 Direct payment yield for designated oilseed and pulse crops.

(a) The direct payment yield for designated oilseeds for which a yield was not established by September 30, 2007, and pulse crops for the farm will be determined by multiplying the weighted average yield per planted acre for the crop on the farm, as determined in accordance with paragraph (b) of this section, times the ratio resulting from:

(1) The national average yield for the crop for the 1981 through 1983 crop years, as determined by CCC, divided by

(2) The national average yield for the crop for the 1998 through 2001 crop years, as determined by CCC.

(b) (1) The yield per planted acre for such designated oilseed for which a yield was not established by September 30, 2007, and for pulse crops on the farm, to be used for direct payment purposes, is calculated as follows:

(i) The sum of the production of the crop for the 1998 through 2001 crop years, as determined in accordance with paragraph (b)(2) of this section; divided by

(ii) The sum of the total planted acres of the crop for the 1998 through 2001 crop years.

(2) The production of the crop for each of the 1998 through 2001 crop years will be the higher of the following, except in a year in which the acreage planted to the crop was zero, in which case the production for the crop for such year will be zero:

(i) The total production for the applicable year based on the production evidence submitted in accordance with §1412.34; or

(ii) The amount equal to the product of:

(A) The total planted acres for the crop, times

(B) 75 percent of the harvested average county yield for that crop determined, where practicable, by calculating the weighted 4-year average of the National Agricultural Statistics Service (NASS) harvested acreage yields for the crop using the 1998 through 2001 crop years.

(3) The NASS harvested acreage yield to be used in paragraph (b)(2) of this section will be based on:

(A) The total planted acres for the crop, if available, for producers who irrigated the crop in the applicable years;

(B) 75 percent of the harvested average county yield for that crop determined, where practicable, by calculating the weighted 4-year average of the National Agricultural Statistics Service (NASS) harvested acreage yields for the crop using the 1998 through 2001 crop years.

(3) The NASS harvested acreage yield to be used in paragraph (b)(2) of this section will be based on:

(i) NASS harvested irrigated yield for the crop, if available, for producers who irrigated the crop in the applicable years;

(ii) NASS harvested non-irrigated yield for the crop, if available, for producers who did not irrigate the crop in the applicable years; or

(iii) NASS harvested blended yield for all acreage, regardless of whether or not the acres were irrigated or non-irrigated, for all crops in all counties for which the yields in paragraphs (b)(3)(i) and (ii) of this section are unavailable.

(4) If NASS harvested acreage yield data is not available, the Deputy Administrator will assign a yield to be

Subpart C—Establishment of Yields for Direct and Counter-Cyclical Payments
§ 1412.33 Payment yield for counter-cyclical payments for covered commodities.

The counter-cyclical payment yield for covered commodities on the farm will be equal to the counter-cyclical payment yield established for the covered commodity on the farm that was effective September 30, 2007. Counter-cyclical payment yields for designated oilseeds or eligible pulse crops for which direct payment yields were not established as of September 30, 2007, will be equal to the direct payment yield established in accordance with §§1412.32 or 1412.34, as applicable.

§ 1412.34 Submitting production evidence for establishing direct payment yields for oilseeds and pulse crops.

(a)(1) Reports of production evidence must be submitted when the owner elects to establish a direct payment yield for designated oilseeds for which a yield was not established by September 30, 2007, and pulse crops for the farm in accordance with §1412.32.

(2) Producer or third-party certification will not be accepted as proof of production evidence.

(b)(1) When disposition of production has been through commercial channels, CCC may require the producer to furnish documentary evidence in order to verify the information provided on the report of production. Acceptable evidence may include, but is not limited to, such items as:

(i) Production approved by the county committee for Loan Deficiency Payments;

(ii) Commercial receipts;

(iii) Settlement sheets;

(iv) Warehouse ledger sheets;

(v) Elevator receipts or load summaries, supported by other evidence showing disposition, such as sales documents;

(vi) Evidence from harvested or appraised acreage, approved for FCIC or multi-peril crop insurance loss adjustment settlement; or

(vii) Other production evidence determined acceptable by the Deputy Administrator.

(2) Such production evidence must show:

(i) The producer’s name,

(ii) The commodity,

(iii) The buyer or name of storage facility,

(iv) The date of transaction or delivery, and

(v) The quantity.

(c) When production of a designated oilseed for which a yield was not established by September 30, 2007, and pulse crops has been disposed of through non-commercial channels, then 75 percent of the county average yield as determined in accordance with §1412.32(b)(4) will be used.

(d) CCC may verify the production evidence submitted with records on file at the warehouse, gin, or other entity which received or may have received the reported production.

§ 1412.35 Incorrect or false production evidence of oilseeds and pulse crops.

(a) If production evidence submitted in accordance with §1412.34 is false or incorrect, as determined by the county committee, the county committee will determine whether the owner or producer submitting the production evidence for a farm acted in good faith or took action to defeat the purpose of the program.

(b)(1) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence did not act in good faith or took any action to defeat or undermine the purpose of the program, the county committee will:

(i) Require a refund of all direct and counter-cyclical payments earned for the farm for the first year such payments were made;

(ii) For designated oilseeds or pulse crops, reduce both the direct and counter-cyclical payment yields to 75
percent of the county average yield as determined in accordance with §1412.32(b)(4). That yield will then be reduced by the applicable direct payment yield factor in accordance with §1412.32(a)(1); and

(iii) Subject to paragraph (a)(2)(i) of this section, regarding the first year of payments, require a refund of an amount equal to the following for designated oilseeds or pulse crops for each year the false, incorrect, or unacceptable yield was used to make payments under the contract:

(A) The sum of the direct and counter-cyclical payments made using the false, incorrect or unacceptable evidence, minus

(B) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (b)(1)(ii) of this section.

(2) Notwithstanding paragraph (b)(1) of this section, if the county committee determines that the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence did not act in good faith or took action to defeat the purpose of the program, the Deputy Administrator may take further action, including but not limited to, any or all of the following:

(i) Make a further yield reduction for part or all of the designated oilseeds or pulse crops on the farm;

(ii) Make further payment reductions or refunds;

(iii) Determine that the owner or producer who submitted the evidence is ineligible for participation in future contracts unless the Deputy Administrator determines otherwise; or

(iv) Take other legal action.

(c) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence acted in good faith and did not take action to defeat the purpose of the program, the county committee will:

(1) Correct the counter-cyclical yield for the applicable covered commodity or peanuts to equal the yield that would have been calculated in accordance with §1412.33 based on accurate production evidence; and

(2) Require a refund of an amount equal to the following for each covered commodity and peanuts for each year the false, incorrect, or unacceptable yield was used to make payments under the contract:

(i) The sum of the direct and counter-cyclical payments made using the false, incorrect, or unacceptable evidence, minus

(ii) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (c)(1) of this section.

Subpart D—Direct and Counter-Cyclical Program and ACRE Program Contract Terms and Enrollment Provisions for Covered Commodities and Peanuts 2008 through 2012

§1412.41 Direct and counter-cyclical program contract or ACRE program contract.

(a) Except as specified in subpart G of this part, the following provisions apply to DCP and ACRE program contracts:

(1) With respect to fiscal year 2008 payments, CCC will, through the date announced by CCC, entertain offers for DCP contracts by eligible producers of covered commodities and peanuts. With respect to fiscal year 2009 payments, CCC will entertain offers by eligible producers for an annual DCP or ACRE program contract through August 14, 2009. With respect to fiscal years 2010 through 2012 payments, CCC will annually allow offers for a DCP or ACRE program contract by eligible producers on a farm having base acres with respect to a covered commodity or peanuts, through June 1 of each such fiscal year.

(2)(i) Eligible producers must execute and submit a DCP or ACRE program contract and furnish supportive and necessary contractual documents to the county FSA office where the records for the program farm are administratively maintained not later than August 14, 2009, for 2009 fiscal year contracts and not later than June 1 of the applicable year for 2010 through 2012 fiscal year contracts.
(i) Except as may otherwise be provided in statute for 2008, enrollment is not allowed after September 30 of the fiscal year in which the direct and counter-cyclical payments or ACRE program payments are requested.

(3) Under no circumstances will enrollment be permitted except as specified in this section. Contracts will not be approved unless all producers sharing in contract acreage with more than a zero share have submitted all applicable contracts and documentation necessary to make such approval, as determined by the Deputy Administrator. For those producers with an interest but a zero share of contract acreage, the contract will not be approved before all producers have signed the contract or furnished supportive and necessary contractual documents (such as cash leases in lieu of signing for a zero share). A contract not having all requisite signatures of producers having more than a zero share of contract acreage on or before the enrollment deadline will not be considered submitted to CCC for any purpose and will not be acted on or approved. Those contracts enrolled by a producer by the date specified in paragraph (a)(2)(i) of this section that were not signed by other producers according to this section will be deemed withdrawn and will not be approved. Producers on a farm are solely responsible for ensuring that enrollment occurs.

(4) Eligible producers who elect to enter into a contract with CCC must enroll all base acres on the farm. Enrollment of fewer than all base acres on the farm is not allowed.

(b) Eligible producers may withdraw from a contract at any time by the enrollment date specified in paragraph (a)(2)(i) of this section provided all signatories to the contract, including CCC, agree to the withdrawal in writing. DCP contracts enrolled prior to the decision of producers on a farm to elect the ACRE option for a fiscal year are considered withdrawn as specified in §1412.72. Producers electing the ACRE option according to §1412.72(d) must subsequently decide whether or not to enroll the farm in an ACRE program contract in accordance with the rules of this part.

(c) All contracts expire on September 30 of the fiscal year of the contract unless:

(1) Withdrawn in accordance with paragraph (b) of this section;

(2) Terminated in accordance with paragraphs (d) or (e) of this section; or

(3) Terminated at an earlier date by mutual consent of all parties, including CCC.

(d) A transfer or change in the interest of an owner or producer in the farm or in acreage on the farm subject to a contract will result in the termination of the contract and a refund of all direct and counter-cyclical and ACRE payments issued for the farm. The contract termination will be effective on the date of the transfer or change. Successors to the interest in the farm or crops on the farm subject to the contract may enroll the farm in a new contract and assume all obligations under the contract, only after all payments previously issued for the farm have been refunded to CCC.

(e) In the event a farm reconstitution is completed of a properly enrolled farm or farms in accordance with part 718 of this title, FSA will issue notices to the operator and owners of record on a farm that all producers with an interest in the base acres on the farm must sign a new DCP or ACRE program contract and provide supporting documentation such as leases and other contractual supportive documents not later than September 30 of the fiscal year direct and counter-cyclical or ACRE program payments are requested, after receiving written notification by the county committee indicating the reconstitution is completed. It is the responsibility of the operator and owners on a farm that producers with an interest in base acres are notified of the reconstitution and requirement for a new contract. If all producers have not signed the new contract by September 30, then no producers on the contract will be eligible for a direct or counter-cyclical payment or ACRE program payment for that farm for the year the contract was terminated.

437
§ 1412.42 Eligible producers.

(a) Producers eligible to enter into a contract are:

(1) An owner of a farm who assumes all or a part of the risk of producing a crop;

(2) A producer, other than an owner, on a farm with a share-rent lease for such farm, regardless of the length of the lease, if the owner of the farm enters into the same contract;

(3) A producer, other than an owner, on a farm who cash rents such farm under a lease expiring on or after September 30 of the year of the contract in which case the owner is not required to enter into the contract;

(4) A producer, other than an owner, on a farm who cash rents such farm under a lease expiring before September 30 of the year of the contract. The owner of such farm must also enter into the same contract; or

(5) An owner of an eligible farm who cash rents such farm under a lease expiring on or after September 30 of the year of the contract, if the tenant declines to enter into a contract for the applicable year. In the case of an owner covered by this paragraph, direct and counter-cyclical payments will not begin under the contract until the lease held by the tenant ends.

(b) A minor child will be eligible to enter into a contract only if one of the following conditions exist:

(1) The right of majority has been conferred upon the minor by court proceedings or statute;

(2) A guardian has been appointed to manage the minor’s property and the applicable program documents are executed by the guardian; or

(3) A bond is furnished under which a surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

(c) The owner of the farm may be considered the “producer” if there is no other producer, but the owner could have shared in the crop had a crop been produced, but only if the farm otherwise meets all the requirements for payment.

§ 1412.43 Reconstitutions.

Farms will only be reconstituted in accordance with part 718 of this title.

§ 1412.44 Notification of base acres.

The operator and owners of record of a farm will be notified in writing of the number of base acres eligible for enrollment in a contract, unless such operator or owners of record of a farm requests in writing not to be furnished with the notice. The operator and owners of record are responsible for notifying all other producers of a farm of the notice.

§ 1412.45 Reducing or terminating base acreage.

(a)(1) Subject to the limitation in paragraph (a)(2) of this section, a permanent reduction of all or a portion of a farm’s base acreage will be allowed when all owners of the farm execute and submit a written request for such reduction on a CCC-approved standard, uniform form designated by CCC to the FSA county office where the records for the farm are administratively maintained.

(2) A permanent reduction of all or a portion of a farm’s base acreages to negate or reduce a program violation is not allowed.

(b) When base acres on a farm are converted to a non-agricultural commercial or industrial use, the total base acres on the farm will be reduced accordingly regardless of the submission of a request for such reduction.

(c) The base acres of covered commodities and peanuts on a farm will be proportionately reduced when it is determined that the land has been subdivided and developed for multiple residential units or other nonfarming uses if, in the judgment of the county committee, the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless either of the following applies:

(1) The producers on the farm demonstrate that the land remains devoted to commercial agricultural production or is likely to be returned to the previous agricultural use and such land has not been divided from the farm with a farm reconstitution performed according to part 718 of this title or

(2) A properly constituted or reconstituted farm contains sufficient land that has not yet been subdivided and developed for multiple residential units.
Commodity Credit Corporation, USDA

§ 1412.47

(e) In any case in which either a direct or counter-cyclical payment has previously been made to a predecessor, such payment will not be paid to the successor, unless such payment has been refunded in full by the predecessor, in accordance with §1412.41(d).

§ 1412.46 Succession-in-interest.

(a) A succession in interest to a DCP or ACRE program contract is required if there has been a change in the operation of a farm, such as:

(1) A sale of land;

(2) A change of operator or producer, including a change in a partnership that increases or decreases the number of partners or changes who are partners;

(3) A foreclosure, bankruptcy, or involuntary loss of the farm;

(4) A change in producer shares to reflect changes in the producer’s share of the crop(s) that were originally approved on the contract; or

(5) An other change determined by the Deputy Administrator to be a succession that will not adversely affect nor defeat the purpose of the program.

(b) A succession in interest to the contract is not permitted if CCC determines that the change:

(1) Results in a violation of the landlord-tenant provisions specified in §1412.55; or

(2) Adversely affects or otherwise defeats the purpose of the program.

(c) If a producer who is entitled to receive direct and counter-cyclical payments dies, becomes incompetent, or is otherwise unable to receive the payment, CCC will make the payment in accordance with part 707 of this title.

(d) A producer or owner of an enrolled farm must inform the county committee of changes in interest in base acres on the farm not later than:

(1) August 1 of the fiscal year in which the change occurs if the change requires a reconstitution be completed in accordance with part 718 of this title or

(2) September 30 of the fiscal year in which the change occurs if the change does not require a reconstitution be completed in accordance with part 718 of this title.

§ 1412.47 Planting flexibility.

(a) Any crop may be planted and harvested on base acreage on a farm, except as limited elsewhere in this section. Any crop may be planted on DCP cropland in excess of the base acreage on a farm.

(b) Base acreage may be hayed or grazed at any time.

(c) Planting perennial fruits, vegetables (except mung beans, and pulse crops), or wild rice, as determined by the Deputy Administrator, is prohibited on base acreage of a farm enrolled in a DCP or ACRE program contract. Harvesting non-perennial fruits, vegetables (except mung beans and pulse crops), or wild rice, as determined by the Deputy Administrator, is prohibited on base acreage of a farm enrolled in a DCP or ACRE program contract.

(d) Notwithstanding the provisions of paragraph (c) of this section, perennial fruits, vegetables, and wild rice may be planted on base acreage of a farm enrolled in a contract, and non-perennial fruits, vegetables, and wild rice may be harvested on base acreage of a farm enrolled in a contract if:

(1) A producer double-crops fruits, vegetables, or wild rice with a covered commodity or peanuts in any region described in paragraph (e) of this section, in which case direct and counter-cyclical payments will not be reduced for the planting or harvesting of the fruit, vegetable, or wild rice;

(2) The farm has a history of planting fruits, vegetables, or wild rice, as determined by CCC, in which case the payment acres for the farm will be reduced on an acre-for-acre basis; or

(3) The producer has a history of planting a specific fruit, specific vegetable, or wild rice, as determined by
CCC, the producer may plant and harvest the specific fruit, specific vegetable, or wild rice for which the producer has a planting history, subject to the following:

(i) The acreage harvested must not exceed the simple average of the sum of acreage of the specific fruit, specific vegetable, or wild rice planted for harvest by the producer during the crop years 1991 through 1995 or 1998 through 2001, as designated by the producer, excluding any year in which the specific fruit, specific vegetable, or wild rice was not planted; and

(ii) The payment acres for the farm will be reduced on an acre-for-acre basis.

(e) Double-cropping for purposes of this section means planting for harvest fruits, vegetables, or wild rice on the same acres in cycle with a covered commodity or peanuts planted and harvested for peanuts, grain, or lint in a 12-month period under normal growing conditions for the region and being able to repeat the same cycle in the following 12-month period. § 1412.48 Planting Transferability Pilot Project.

(a) Notwithstanding §1412.47, for each of the 2009 and subsequent crop years, the Planting Transferability Pilot Project (Project) will permit, in accordance with the limitations and provisions of this section only, the planting of certain crops in certain States on base acres without violating the DCP or ACRE contract. Base acres on

Wyoming

None.

(f) Any acreage reduction required by paragraph (d) of this section will be applied beginning with the covered commodity or peanuts with lowest direct payment amount per acre until the acreage reduction amount is satisfied. Producers may agree to adjust the acre reduction between covered commodities and peanuts on the farm, only to the extent the total acre reduction amount does not change for the farm, and all producers affected by the adjustment agree to the adjustment in writing.

(g) For the purposes of this part, fruits, vegetables, and wild rice planted on base acreage of a farm under a DCP or ACRE program contract:

(1) Will be considered harvested at the time of planting, unless the producer pays a fee to cover the cost of a farm visit, in accordance with part 718 of this title, to verify that the fruit, vegetable, or wild rice has been destroyed before harvest, as determined by the Deputy Administrator, or

(2) Will not be considered as planted to a fruit, vegetable, or wild rice when reported by a producer on the farm with an intended use of green manure or forage, as determined by the Deputy Administrator, and a fee to cover the cost of a farm visit is paid by the producer, in accordance with part 718 of this title, to verify that the crop has not been harvested.

§ 1412.48 Planting Transferability Pilot Project.

(a) Notwithstanding §1412.47, for each of the 2009 and subsequent crop years, the Planting Transferability Pilot Project (Project) will permit, in accordance with the limitations and provisions of this section only, the planting of certain crops in certain States on base acres without violating the DCP or ACRE contract. Base acres on
farms participating in the Project will be reduced an acre (or portion thereof) for every acre (or portion thereof) planted in the Project, for the year in which the farm is participating in the Project.

(b) Producers interested in participating in the Project must first be enrolled in either a DCP or ACRE program contract and submit an offer for participation in the Project accompanied by a copy of the contract mentioned in paragraph (f) of this section no later than March 1 of the fiscal year in which participation in the Project is desired. At the conclusion of the signup period, CCC will determine if it received more offers than the acreage limitation paragraph (e) of this section allows. If the offers exceed the acreage limitation in the State, CCC will conduct a lottery style selection process and approve offers for participation in the Project that will ensure that the number of base acres eligible for each year under the Project are not exceeded. In the event that CCC cannot approve an offer in its entirety, at CCC’s discretion, CCC may give the producers the opportunity to enroll less acres in the Project. CCC will also notify producers of the results via administrative appeal. Producers in each of the States mentioned in this section can elect to participate in the Project with their offer as accepted by CCC, or, if CCC elects to offer approval of part of an offer, participate with their offer as reduced by CCC, or the producers can elect not to participate in the Project.

(c) Signup for the Project will be conducted as announced by the Deputy Administrator.

(d) Under the Project, crops permitted on DCP base acres are cucumbers, green peas, lima beans, pumpkins, snap beans, sweet corn, and tomatoes. These crops eligible for participation in this Project must be grown for processing.

(e) The States and the number of base acres eligible during each crop year for the Project under paragraph (a) of this section are:

(i) 9,000 acres in Illinois,
(ii) 9,000 acres in Indiana,
(iii) 1,000 acres in Iowa,
(iv) 9,000 acres in Michigan,
(v) 34,000 acres in Minnesota,
(vi) 4,000 acres in Ohio, and
(vii) 9,000 acres in Wisconsin.

(f) To be eligible to participate in the Project, producers on a farm must do all of the following for the commodity specified in paragraph (d) of this section:

(i) Enter into a contract to produce the commodity for processing;
(ii) Agree to produce the crop as part of a program of crop rotation on the farm to achieve agronomic and pest and disease management benefits;
(iii) Report acreage and production of the crop according to §1412.66 and provide evidence of disposition of the crop; and
(iv) File a notice of loss according to §1412.67, if the crop is either prevented from being planted or is impacted by disaster after planting.

(g) If base acres are recalculated while a farm is participating in this Project, the planting and production of a crop of a commodity specified in paragraph (d) of this section on base acres for which a temporary reduction was made under this section will be considered to be the same as the planting and production of the covered commodity or peanuts that was reduced.

(h) Reports will be prepared for Congress to periodically evaluate the supply and price of fresh and processed fruits and vegetables and evaluate if producers of fresh fruits and vegetables are being negatively impacted or existing production capacities are being supplanted.

(i) If DCP payments were issued prior to enrollment in this Project, the participants acknowledge that for the particular year of participation in the Project according to this section, DCP payments will be based on temporarily reduced base acres.

(j) In the event an ACRE program contract was approved either before or after enrollment in this Project according to this section, the ACRE program contract participants acknowledge that for the particular year of participation in the Project according to this section, ACRE payments will be

§ 1412.49 Apportionment of long and medium grain rice.

(a) Rice base acres are established pursuant to section 1101 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911) in effect on September 30, 2007, specified in §1412.3.

(b) Owners will designate the rice base acres in paragraph (a) of this section into two categories:

(i) Long grain rice, and

(ii) Medium grain rice. Medium grain rice includes short grain rice.

(c) Owners on a farm will elect rice base acres according to paragraph (b) of this section, based on the 4-year average of the percentages of:

(i) Acreage planted on the farm to long grain rice and medium grain rice during the 2003 through 2006 crop years, plus

(ii) Any acreage on the farm that producers were prevented from planting to long grain and medium grain rice during the 2003 through 2006 crop years because of drought, flood, other natural disaster, or other condition beyond the control of the producers.

(d) If long grain or medium grain rice was not planted on the farm in one or more years during the 2003 through 2006 crop years, the percentages of acreage planted in the applicable State to long grain and medium grain rice will be substituted for the “not planted” years on the farm in paragraph (c) of this section.

(e) If an election is not made according to this section, the percentages of acreage planted in the applicable State to long grain and medium grain rice will be used in determining the base acres required in paragraph (b) of this section for the farm.

(f) The purpose of this section is to determine long grain rice base and medium grain rice base on the farm. This section will not increase or decrease the:

(i) Number of base acres on the farm;

(ii) Number of payment acres on the farm; or

(iii) Payment yield on the farm from that for rice under sections 1101 and 1102 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911, 7912), as in effect on September 30, 2007, subject to any adjustment required in this part.

§ 1412.50 Matters of general applicability.

These regulations and CCC’s interpretation of the regulations and internal agency directives issued to State and county FSA offices are matters of general applicability and are not individually appealable in administrative appeals according to §§11.3 and 780.5 of this title. Additionally, these rules and any decisions of CCC and FSA that are not based on facts derived from an individual participant’s application, contract, or file, including but not limited to, decisions of whether or not to conduct a lottery, lottery selection process and results, signup deadlines, direct payment rates, counter-cyclical payment rates, or any other generally applicable payment rate or rates, national average market prices, determinations of production of crops produced in a State or States, actual State yields, benchmark State yields, program guarantee price or prices, or determinations of CCC regarding the percentage of acreage of a crop in State that is irrigated or non-irrigated, or any other similar determination that is made by CCC or FSA for use in all similarly situated applications, are not appealable under part 11 or part 780 of this title. The only extent by which the matters referenced in this section, and like similar generally applicable matters, are reviewable administratively in an appeal forum is whether FSA’s or CCC’s decision to apply the generally applicable matter is factually accurate and in conformance with the regulations in this part.

Subpart E—Financial Considerations Including Sharing Payments

§ 1412.51 Limitation of payments.

(a) The provisions of part 1400 of this chapter apply to this part. Payments under this part will not exceed the amounts specified in part 1400 of this chapter. As determined under that part, no person may receive more than $40,000 in direct payments or $65,000 in counter-cyclical payments with respect
§ 1412.52 Direct payment provisions.

(a) For 2008 through 2012 contracts, a final direct payment will be made to eligible producers on a farm enrolled in a contract with respect to covered commodities and peanuts for which payment yields and base acres are established on or after October 1 of the fiscal year following the fiscal year of the contract in which the direct payment was earned.

(b) For 2008 through 2011 contracts, at the option of the producer, 22 percent of the direct payment for the farm with respect to covered commodities and peanuts for which payment yields and base acres are established will be paid in any month from December through September of the fiscal year of the contract, as requested by the producer, as an advance direct payment. Advance direct payments are not available for the 2012 crop year. For any participant on the contract to receive an advance direct payment, all producers sharing in the direct payments for the farm must:

(1) Be in compliance with all requirements of the contract and the requirements in this part at the time of the advance payment;

(2) Sign the DCP or ACRE program contract designating payment shares and provide supporting and necessary contractual documentation. If all producers on the farm have not signed the contract designating payment shares in accordance with this paragraph, the contract will not be considered approved and no contract participant will be eligible for any payment for that farm for that contract. FSA has no obligation or responsibility to obtain signatures or requisite documents for DCP or ACRE program contract participants; and

(3) Comply with the provisions of parts 12 and 1400 of this title.

(c) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer’s share of the direct payment computed for the farm in accordance with the provisions of this section:

(1) The payment or portions thereof will not become available to or for any other producer and

(2) The producer must refund to CCC any amounts representing payments that exceed the payments determined by CCC to have been earned under the program authorized by this part. Part 1403 of this chapter is applicable to all unearned payments.

(d) The payment rates used to calculate direct payments with respect to covered commodities and peanuts on a farm enrolled in a contract are:

(1) Wheat—$0.52/bu.

(2) Corn—$0.28/bu.

(3) Grain sorghum—$0.35/bu.

(4) Barley—$0.24/bu.

(5) Oats—$0.024/bu.

(7) Long grain rice—$2.35/cwt.

(8) Medium grain rice—$2.35/cwt.

(9) Soybeans—$0.44/bu.

The first partial counter-cyclical payment will:
   (1) Be calculated in accordance with paragraphs (e)(1) through (4) of this section;

§ 1412.54 Sharing of contract payments.

(a) Each eligible producer on a farm will be given the opportunity to annually enroll in a DCP or ACRE program contract, as applicable, and receive payments determined to be fair and equitable as agreed to by all the producers on the farm and approved by the county committee.

(b) Each producer leasing a farm must provide a copy of their written lease to the county committee and, in the absence of a written lease, must provide to the county committee a complete written description of the terms and conditions of any oral agreement or lease. An owner’s or landlord’s signature, as applicable, affirming a zero share on a contract may be accepted as evidence of a cash lease between the owner or landlord and tenant, as applicable, as determined by CCC. Such signature or signatures, if entered on the contract to satisfy the requirement of furnishing a written lease, must be entered on the contract no later than as prescribed in §1412.41.

(c) When base acres are leased on a share basis, neither the landlord nor the tenant will receive 100 percent of the contract payment for the farm.

(d) CCC will approve a contract for enrollment and approve the division of payment when all of the following apply:

1. The landlords, tenants, and sharecroppers sign the contract and agree to the payment shares shown on the contract;
2. CCC determines that the interests of tenants and sharecroppers are being protected; and
3. CCC determines that the payment shares shown on the contract do not circumvent either the provisions of this part or the provisions of part 1400 of this chapter.

(e) For the 2008 crop year only:
1. A lease will be considered to be a cash lease if the lease provides for only a guaranteed cash payment for a specified amount or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).
2. If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or
the interest such producer would have had if the crop had been produced, or combination thereof, such agreement will be considered to be a share lease.

(3) If a lease provides for the greater of a determinable guaranteed amount or determinable share of the crop or crop proceeds, such agreement will be considered a share lease.

(4) If the lease is a cash lease, the landlord is not eligible for direct or counter-cyclical payments. The leasing of grazing or haying privileges is not considered cash leasing.

(f) For the 2009 through 2012 crop years:

(1) A lease will be considered to be a cash lease if the lease provides for only a guaranteed cash payment for a specified amount, or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).

(2) If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or the interest such producer would have had if the crop had been produced, or combination thereof, such agreement will be considered to be a share lease.

(3) If a lease provides for the greater of a determinable guaranteed amount or determinable share of the crop or crop proceeds, such agreement will be considered a cash lease.

(4) If the lease is a cash lease, the landlord is not eligible for direct, counter-cyclical, and ACRE program payments on the farm for the contract and must refund all payments received, plus interest, to run from the date of the CCC disbursement, as determined in accordance with part 1403 of this chapter.

§ 1412.61 Contract violations.

(a) Except as provided in paragraphs (b) and (c) of this section, violations of contract requirements will result in the termination of the contract. Upon such termination, all producers subject to the contract forfeit all rights to receive direct, counter-cyclical, and ACRE program payments on the farm for the contract and must refund all payments received, plus interest, to run from the date of the CCC disbursement, as determined in accordance with part 1403 of this chapter.

(b)(1) If there is a violation of §1412.47 and CCC determines that a violation is not serious enough to warrant termination of the contract under paragraph (a) of this section, payments may be made to the producers specified on the contract, but in an amount that is reduced by an amount equal to the sum of:

(i) The per-acre market value of the fruits, vegetables, and wild rice, as determined by the State Committee, times the number of acres in violation, plus

(ii) The direct, counter-cyclical, and ACRE program payments for each such acre.

(2) Producers must protect land enrolled in DCP from weeds, including noxious weeds, and erosion, including providing sufficient cover if determined necessary by the county committee. The first violation of this provision will result in a reduction in the direct payments for the farm by an amount equal to three times the cost of maintenance of the acreage, but not to exceed 50 percent of the total direct payments for the farm. The second violation of this provision will result in a reduction in the direct payments for the farm by an amount equal to three times the cost of maintenance of the acreage, not to exceed the total direct payments for the farm. For the 2009 and subsequent crop years, a third violation of this provision will result in a
§ 1412.62 Fruit, vegetable, and wild rice acreage reporting violations.

(a)(1) If an acreage report of fruits, vegetables, or wild rice planted on base acreage of a farm enrolled in DCP or the ACRE program is inaccurate but within tolerance as provided in paragraph (b) of this section and CCC determines the producer made a good faith effort to comply with the provisions of this section, the producers must accept a reduction in the direct, counter-cyclical, and ACRE program payments for each such acre.

(2) If an acreage report of fruits, vegetables, or wild rice planted on base acreage of a farm enrolled in DCP is inaccurate and exceeds the tolerance as provided in paragraph (b) of this section and CCC determines the producer made a good faith effort to comply with the provisions of this section, the producers must accept a reduction in the direct, counter-cyclical, and ACRE program payments for the farm in an amount equal to the sum of:

(i) The direct, counter-cyclical, and ACRE program payments in such year for each such acre, plus

(ii) Twice the average dollar value of the direct payment for the covered commodity and peanut base acres reduced because of the fruit, vegetable, and wild rice plantings on such acre, multiplied by the total number of acres in violation.

(3) The contract will be terminated if an acreage report of fruits, vegetables, or wild rice planted on base acres of a farm enrolled in DCP or ACRE program is inaccurate, and the county committee determines the producer did not make a good faith effort to comply with the provisions of this section. Upon such termination, producers subject to such contract must:

(i) forfeit all rights to receive direct, counter-cyclical, and ACRE program payments for the farm;

(ii) Refund all direct, counter-cyclical, and ACRE program payments received for the farm under the contract, plus interest as determined in accordance with part 1403 of this chapter; and

(iii) Be determined to be ineligible for all program benefits according to part 713 of this title.

(b) For the purposes of this section, tolerance is the amount by which the determined acreage may differ from the reported acreage and still be considered in compliance with program requirements. Tolerance for fruits, vegetables, and wild rice plantings is 5 percent of the reported fruit, vegetable, and wild rice acreage, not to exceed 50 acres.

§ 1412.63 Contract liability.

All signatories to a DCP or ACRE program contract are jointly and severally liable for contract violations and resulting repayments and penalties.

§ 1412.64 Inaccurate representation, misrepresentation, and scheme or device.

(a) Producers must report and certify program matters accurately. Errors in reporting may impact eligibility or extent of eligibility. Benefits under this part will be based on the most correct information available. Producers are responsible for refunding, with interest from the date of the CCC disbursement, any program benefits that were paid based on incorrect program information.

(b) For those cases in which FSA determines that an inaccurate representation or certification is a misrepresentation or scheme or device, such person will be ineligible to receive DCP or ACRE payments and will have the person's interest in all contracts terminated if it is determined that such person has done any of the following:

(1) Adopted any scheme or device that tends to defeat the purpose of this part;
§ 1412.65 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter apply to contract payments.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.

§ 1412.66 Acreage and production reports.

(a) As a condition of eligibility for payments under this part, the operator or owner must accurately submit a report of all cropland acreage on the farm in accordance with part 718 of this title.

(b) As a condition of eligibility for payments under this part, producers enrolled in the Project according to §1412.48 and those seeking payments under subpart G of this part, must accurately submit a report of production, no later than the acreage reporting date for the crop in the year immediately following the crop year of the reported crop acreage, for each crop either enrolled in the Project according to §1412.48 or for each covered commodity or peanuts on a farm enrolled in the ACRE program contract for which an acreage report greater than zero acres was filed according to paragraph (a) of this section. At the discretion of CCC, the report of production must be accompanied by documentation acceptable to CCC. The report must include the date harvest was completed. Records of production acceptable to CCC may include those specified in:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries of the crop that was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable as determined by CCC; and

(2) Such documentary evidence such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, as is necessary in order to verify the information provided if the crop has been fed to livestock or otherwise disposed of other than through commercial channels, provided the records are reliable or verifiable as determined by CCC. If the crop will be disposed of through retail sales, such as roadside stands, u-pick, etc. and the producer will not be able to certify acceptable records of production, the producer must request an appraisal of the crop acreage prior to harvest.

§ 1412.67 Notices of loss.

(a) If a notice of loss for prevented planting under a policy or plan of insurance or pursuant to part 1437 of this chapter has not already been filed, at least one producer having a share of a crop intended to be planted pursuant to §1412.48 or a having a share of a crop of a covered commodity or peanuts on a farm enrolled in the ACRE program must provide a notice of loss for prevented planting to CCC in the administrative FSA office for the farm, within 15 calendar days after the final planting date.

(b) For a prevented planting notice filed in accordance with this section, the notice of loss must include:

(1) Total acreage intended to be planted to the crop in the administrative county;

(2) Total acreage planted by the producer to the crop in the administrative county;

(3) Whether a purchase, delivery, or arrangement for purchase or delivery
was made for seed, chemicals, fertilizer, etc.; and

(4) When land preparation measures, for example, cultivation, were completed, and what has been done or will be done with the acreage, for example, abandoned, replanted, etc.

(c) A notice of loss provided beyond the time specified in paragraph (a) of this section may be considered timely filed if, at the discretion of CCC, provided at such time to permit an authorized CCC representative the opportunity to:

(1) Verify the information on the notice of loss by inspection of the specific acreage or crop involved; and

(2) Determine, based on information obtained by inspection of the specific acreage or crop involved, that an eligible cause of loss, as opposed to other circumstance, caused the claimed prevented planting.

§ 1412.68 Compliance with highly erodible land and wetland conservation provisions.

The provisions of part 12 of this title apply to this part.

§ 1412.69 Controlled substance violations.

The provisions of part 718 of this title apply to this part.

Subpart G—Average Crop Revenue Election (ACRE) Program

§ 1412.71 Administration.

(a) All of the provisions of this part apply to this subpart. To the extent that there is a conflict with the provisions of this part and subpart G of this part, the provisions of subpart G of this part apply.

(b) [Reserved]

§ 1412.72 Availability and election of alternative approach.

(a) As an alternative to receiving counter-cyclical payments under § 1412.53, and in exchange for a 20-percent reduction in direct payments under § 1412.52, as well as 30-percent reduction in established marketing assistance loan rates with respect to all covered commodities and peanuts on a farm, during each of the 2009, 2010, 2011, and 2012 crop years, as applicable, depending on the year the producer initially elects the ACRE option, producers, including owners, on a farm will have until August 14, 2009 to make an irrevocable election to instead receive ACRE program payments, computed in accordance with the regulations of this part, for the 2009 crop year through and including the 2012 crop year. During each of the 2010, 2011, and 2012, crop years, as applicable, depending on the year the producer initially elects the ACRE option, producers, including owners, on a farm will have until June 1, or such earlier date as may be determined and announced at the discretion of the Deputy Administrator, of 2010, 2011, and 2012, as applicable, to make an irrevocable election to instead receive ACRE program payments, computed in accordance with the regulations of this part, for the initial crop year for which the election is made through and including the 2012 crop year.

(b) If producers elect the ACRE option for a farm in accordance with paragraphs (a) and (d) of this section, any DCP contract enrolled prior to a timely election in a fiscal year will be considered withdrawn according to § 1412.41(b). The producers must still choose whether or not to enroll the ACRE elected farm in an ACRE program contract. DCP payments issued for the fiscal year of such election, including advance and partial program payments, must be refunded. No payments will be made available to participants under an ACRE program contract until such time as refunds have been remitted and enrollment has occurred as provided in this part, unless the Deputy Administrator determines to collect the refund instead by a setoff against the ACRE payment. Under no circumstances will election be construed to be an intent to enroll or an enrollment in the ACRE program.

(c) If a marketing assistance loan (including marketing assistance loans that have been repaid or immediately repaid) or loan deficiency payment has been computed prior to election of the ACRE option, the persons electing the ACRE option:
(1) Acknowledge that such marketing assistance loan (including any loan repayments) and loan deficiency payments will be recomputed based on reduced marketing assistance loan rates,
(2) Agree to immediately refund to CCC the difference in the amount of marketing assistance loan (including loan repayments) and loan deficiency payments as a result of the ACRE election.
(d) Eligible producers, including owners, on a farm electing ACRE participation by:
(1) August 14, 2009, will be considered to have irrevocably elected the ACRE option for the 2009, 2010, 2011, and 2012 crop years and, if applicable, withdrew prior enrolled 2009 DCP contracts according to §1412.41(b);
(2) June 1 of:
   (i) 2010, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2010, 2011, and 2012 crop years and, if applicable, withdrew prior enrolled 2010 DCP contracts according to §1412.41(b);
   (ii) 2011, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2011 and 2012 crop years and, if applicable, withdrew prior enrolled 2011 DCP contracts according to §1412.41(b); or
   (iii) 2012, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2012 crop year and, if applicable, withdrew prior enrolled 2012 DCP contracts according to §1412.41(b);
(e) If all of the producers on a farm fail to make an election under paragraphs (a) and (d), make different elections under paragraph (a), or fail to timely elect as required by paragraph (d), all of the producers on the farm will be deemed to have not made the ACRE election option and instead, provided DCP contract enrollment was previously made pursuant to this part, receive counter-cyclical payments under §1412.33 for all covered commodities and peanuts on the farm, and to otherwise not have made the election described in paragraph (a), for the applicable crop years.
(f) Eligible producers on a farm who elect the ACRE option according to this section are making the irrevocable election for all of the farm as constituted on the date of election irrespective of whether the same producers are present on the farm in subsequent years and irrespective of whether there is a change of ownership. That is, the producer election is binding on the farm, not just the producers on the farm at the time of the election. An election is for the entire farm and not for part of a farm. If the total number of planted and considered planted acres to all covered commodities and peanuts of the producers on the farm exceeds the total base acreage of the farm that is enrolled pursuant to this part, the producers on the farm may choose which commodity or commodities the ACRE option will apply to under this section. Although the election according to paragraph (b) of this section is irrevocable, for a farm enrolled as specified in this part, each year following the election by the final acreage reporting date for the crop the producers on a farm already having the ACRE option elected may choose the commodity or commodities the ACRE option will apply to under this section.
(g) “Timely elected” under this section means all requisite signatures of eligible producers on a farm are entered on the election form and accompanied by supportive and necessary contractual documents according to §1412.3.
(h) Unless an earlier date is determined and announced at the discretion of the Deputy Administrator, the election deadline for the ACRE option is August 14, 2009, for the 2009 election period and June 1 in each of the 2010, 2011, and 2012 fiscal years as specified in §1412.72(d) and there is no late file election period. The enrollment deadlines specified in this part and §1412.41 apply to enrollments of farms under DCP contracts or ACRE program contracts. For election of ACRE in a fiscal year, all requisite signatures and supportive documentary evidence must be furnished by August 14, 2009, for the 2009 election period and June 1 in each of the 2010, 2011, and 2012 fiscal years, or
Commodity Credit Corporation, USDA

§ 1412.73 Sharing of ACRE payments.

(a) Each eligible producer on a farm will be given the opportunity to elect the ACRE option and receive payments determined to be fair and equitable as agreed to by all producers on the farm and approved by the county committee.

(b) The provisions of §1412.54(f) regarding the classification of leases apply to ACRE.

(c) Shares of ACRE payments will be determined based on shares recorded on the report of acreage filed in accordance with §1412.66. Each eligible producer having a share of covered commodities or peanuts planted or considered planted on a farm enrolled under an ACRE program contract must do both of the following to be eligible for their share of an ACRE payment:

(1) Unless otherwise already enrolled on the ACRE program contract with a share of base acres on the farm, sign the ACRE program contract during the contract period.

(2) Have the producer’s share recorded on report of acreage filed in accordance with part 718 of this title and §1412.66 of this part.

(d) In a case where a producer has failed to sign an ACRE program contract for the producer’s reported share of covered commodities or peanuts planted or considered planted on a farm enrolled in accordance with this subpart, that producer’s share will not receive any consideration for payment and will not generate any payment to
§ 1412.74 Prior enrollment in DCP.

(a) If a farm was enrolled in a DCP contract according to subpart D of this part in a crop year prior to the time in which the producer elected the ACRE option according to §1412.72:

(1) The ACRE election option in such crop year will be considered a request to have the DCP contract withdrawn for that crop year. To participate in an annual ACRE program contract following election, the farm must be enrolled under an ACRE program contract by the producers according to this part. The election will in no way be construed by CCC to be an enrollment.

(2) All direct and counter-cyclical payments issued to any participant on that farm must be refunded to CCC.

(b) [Reserved]

§ 1412.75 Notice of Election.

(a) CCC will provide notice to operators and owners of record regarding the opportunity to make each of the elections described in §1412.72. The notice will include information:

(1) On the opportunity of the producers on a farm to make the election and

(2) Regarding the manner in which the election must be made and the time periods and manner in which notice of the election must be submitted to the CCC.

(b) CCC will provide the notice mentioned in paragraph (a) of this section to the operator and owners of record. The operator and owners are responsible for notifying all producers on the farm of the information contained in the notice.

§ 1412.76 Payments.

In the case of producers on a farm who make an election to receive ACRE payments for any of the 2009 through 2012 crop years for all covered commodities and peanuts and where enrollment according to this part has subsequently occurred, and where all other eligibility provisions have been satisfied, CCC will make ACRE payments available to the producers on a farm in accordance with this subpart. For each of the 2009 through 2012 crop years, as applicable when enrollment has occurred following election, CCC will make ACRE payments beginning October 1, or as soon as practicable thereafter, after the end of the applicable marketing year for the covered commodity or peanuts.

(a) CCC will make ACRE payments available to the producers on a farm for each crop year if the farm was enrolled according to this part following the election and:

(1) The actual State revenue for the crop year for the covered commodity or peanuts in the State determined under paragraph (c) of this section is less than

(2) The ACRE program guarantee for the crop year for the covered commodity or peanuts in the State determined under paragraph (d) of this section.

(b) Provided that the farm is enrolled following election and all other eligibility provisions are met, CCC will make ACRE payments available to the producers on a farm in a State for a crop year only if (as determined by CCC):

(1) The actual farm revenue for the crop year for the covered commodity or peanuts, as determined under paragraph (h) of this section is less than

(2) The farm ACRE benchmark revenue for the crop year for the covered commodity or peanuts, as determined under paragraph (i) of this section.

(c) The amount of the actual State revenue for a crop year of a covered commodity or peanuts will equal the product obtained by multiplying the average actual State yield for each planted acre for the crop year for the covered commodity or peanuts determined under paragraph (c)(1) of this section and the national average market price for the crop year for the covered commodity or peanuts determined under paragraph (c)(2) of this section.

(1) The average actual State yield for each planted acre for a crop year for a covered commodity or peanuts in a State will equal, as determined by CCC:

(i) The quantity of the covered commodity or peanuts that is produced in
the State during the crop year, divided by

(ii) The number of acres that are planted to the covered commodity or peanuts in the State during the crop year and

(2) The national average market price for a crop year for a covered commodity or peanuts in a State will equal the greater of

(i) The national average market price received by producers during the 12-month marketing year for the covered commodity or peanuts, as determined by the Secretary, or

(ii) The established marketing assistance loan rate for the covered commodity or peanuts as reduced according to §1412.72.

(d) The ACRE program guarantee for a crop year for a covered commodity or peanuts in a State will equal 90 percent of the product obtained by multiplying

(1) The average benchmark State yield for each planted acre for the crop year for the covered commodity or peanuts in a State determined under paragraph (e) of this section and

(2) The ACRE program guarantee price for the crop year for a covered commodity or peanuts determined under paragraph (f) of this section.

(e) The average benchmark State yield for each planted acre for a crop year for a covered commodity or peanuts in a State is equal to the average yield per planted acre for the covered commodity or peanuts in the State for the most recent 5 crop year yields, excluding each of the crop years with the highest and lowest yields or

(i) Previous average yields for a period of 5 crop years, excluding each of the crop years with the highest and lowest yields or

(ii) Average benchmark State yields for planted acres for the crop year for the covered commodity or peanuts in similar States.

(f) The ACRE program guarantee price for a crop year for a covered commodity or peanuts in a State is the simple average of the national average market price received by producers of the covered commodity or peanuts for the most recent 2 crop years, as determined by CCC.

(g) In the case of a State in which at least 25 percent of the acreage planted to a covered commodity or peanuts in the State is irrigated and at least 25 percent of the acreage planted to the covered commodity or peanuts in the State is not irrigated, CCC will calculate a separate ACRE program guarantee for the irrigated and non-irrigated areas of the State for the covered commodity or peanuts.

(h) The amount of the actual farm revenue for a crop year for a covered commodity or peanuts will equal the amount determined by multiplying:

(1) The actual yield for the covered commodity or peanuts of the producers on the farm and

(2) The national average market price for the crop year for the covered commodity or peanuts.

(i) The farm ACRE benchmark revenue for the crop year for a covered commodity or peanuts will equal the sum obtained by adding:

(1) The amount determined by multiplying

(i) The average yield per planted acre for the covered commodity or peanuts of the producers on the farm for the
§ 1412.77 Transfer of land and succession-in-interest.

(a) Land subject to an ACRE election will continue to be subject to the election even if there is a transfer of land or change in interest of any producer on the farm. If a new owner or operator or producer purchases or obtains the right and interest in, or right to occupancy of, the land subject to an ACRE election option, such new owner or operator or producer, upon the approval of CCC, may choose to become a participant to a new ACRE program contract with CCC with respect to such transferred land in accordance with §1412.41.

(b) A succession in interest to an ACRE program contract may be permitted if there has been a change in the operation of a farm such as:

(1) A sale of land;

(2) A change of operator or producer, including a change in a partnership that increases or decreases the number or changes who are partners;

(3) A foreclosure, bankruptcy, or involuntary loss of the farm;

(4) A change in the producer shares to reflect changes in the producer’s share of the crop(s) that were originally approved on the contract; or

(5) Another change as otherwise determined by the Deputy Administrator by which the succession will not adversely affect nor defeat the purpose of the program.

(c) A succession in interest to an ACRE program contract is not permitted if CCC determines that the change:

(1) Is not for all the time remaining under the ACRE program contract;

(2) Results in a violation of the landlord-tenant provisions specified in §1412.55; or

(3) Adversely affects or otherwise defeats the purpose of the program.

(d) The provisions of §1412.46(c) and (d) apply to ACRE participation.

(e) In any case in which a payment or payments have previously been made to a predecessor, such payment will not be paid to the successor, unless such payment has been refunded in full by the predecessor, in accordance with §1412.41(d).

(f) Producers who have reported a share interest on an acreage report of covered commodities and peanuts planted or prevented from being planted on a farm are not automatically considered successors. In accordance with §1412.73, such producers who have not already signed the ACRE program...
contract have until the end of the contract period to sign the ACRE program contract or that share will not receive payment consideration.

§ 1412.78 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of an ACRE contract, CCC may terminate the ACRE contract.

(2) If the ACRE contract is terminated by CCC in accordance with this paragraph:

(i) The participant will forfeit all rights to further payments under such contract and refund all payments previously received together with interest;

(ii) Pay liquidated damages to CCC in such amount as specified in such contract.

(iii) The acreage is ineligible for further DCP and ACRE participation from the time of termination through the end of the contract period regardless of the reason or reasons for such termination; and

(b) If the Deputy Administrator determines such failure does not warrant termination of such contract, the Deputy Administrator may authorize relief as the Deputy Administrator deems appropriate. Participants are not entitled to either relief or even the consideration of relief under this paragraph. Relief under this paragraph is solely discretionary by the Deputy Administrator.

(c) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and will not deter the accomplishment of the goals of the program.

§ 1412.79 Executed ACRE contract not in conformity with regulations.

If, after an ACRE contract is approved by CCC, it is discovered that such ACRE contract is not in conformity with the provisions of this part, the provisions of this part will prevail.

§ 1412.80 Division of program payments and provisions relating to tenants and sharecroppers.

(a) Payments received under this subpart will be divided in the manner specified in the applicable contract or agreement and CCC will ensure that producers, who would have an interest in acreage being offered, receive treatment that CCC deems to be equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement among persons seeking enrollment as to a person’s eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in ACRE.

(b) CCC may remove an operator or tenant from an ACRE contract when the operator or tenant:

(1) Requests, in writing to be removed from the ACRE contract;

(2) Files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by the provisions of applicable bankruptcy laws;

(3) Dies during the contract period and the Administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) Is the subject of an order of a court of competent jurisdiction requiring the removal from the ACRE contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to the provisions in paragraph (b) of this section, tenants must maintain their tenancy throughout the contract period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with provisions under applicable State law, may be removed from a contract by CCC. CCC will assume the tenancy is being maintained unless notified otherwise by a ACRE participant specified in the applicable contract.

Subpart A—Durum Wheat Quality Program

§ 1413.101 Applicability.
(a) This subpart establishes the terms and conditions under which the Durum Wheat Quality Program (DWQP) as authorized by section 1613 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246) will be administered.
(b) This program will operate only to the extent appropriated funding is available.
(c) Subject to available funding, eligible producers of durum wheat will be partially compensated for the cost of purchasing and applying fungicides to a crop of durum wheat to control Fusarium head blight on acres accurately certified as planted to durum wheat. "Available funding" requires that there be a specific appropriation for the program that applies to a particular crop for which the producer seeks compensation under this program.

§ 1413.102 Definitions.
The following definitions apply to this subpart. The definitions in parts 718 and 1400 of this title also apply, except where they conflict with the definitions in this section.

Application period means the dates established by the Deputy Administrator for Farm Programs for producers to apply for program benefits.

CCC means the Commodity Credit Corporation.

Crop year means the calendar year in which the wheat was harvested or intended to be harvested. For example, a reference to the 2010 crop year of wheat means wheat that when planted was intended for harvest in calendar year 2010.

Durum wheat means all varieties of white (amber) durum wheat as defined in the U.S. Standards for Wheat (7 CFR part 810, subpart M) including, but not limited to, hard amber durum wheat and amber durum wheat.

Flowering stage means the period of time during the wheat growth stage, after the head emergence has completed and prior to milk development in the kernel.

State committee, county committee or county office means the respective FSA committee or office.

United States means all 50 States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

USDA means the United States Department of Agriculture.

§ 1413.103 Administration.
(a) DWQP will be administered under the general supervision of the Executive Vice President, CCC (Administrator, Farm Service Agency (FSA)), or a designee, and will be carried out in the field by FSA State and county committees and FSA employees.
(b) FSA representatives do not have authority to modify or waive any of the provisions of the regulations of this subpart, except as specified in paragraph (e) of this section.
(c) The State FSA committee will take any action required by the provisions of this subpart that the county FSA committee has not taken. The State FSA committee will also:
(1) Correct, or require a county FSA committee to correct, any action taken by such county FSA committee that is
not in compliance with the provisions of this subpart.

(2) Require a county FSA committee to not take an action that is not in compliance with the provisions of this subpart.

(d) No provision or delegation to a State or county FSA committee will preclude the Administrator, Deputy Administrator, or a designee from determining any question arising under the program in this subpart, or from reversing or modifying any determination made by a State or county FSA committee.

(e) The Deputy Administrator may authorize State and county FSA committees to waive or modify non-statutory program requirements of this subpart in cases where failure to meet such requirements does not adversely affect the operation of the program in this subpart. Producers have no right to seek an exception under this provision. The Deputy Administrator's refusal to consider cases or circumstances or decision not to exercise this discretionary authority under this provision will not be considered an adverse decision and is not appealable.

§ 1413.106 Application process.

(a) To apply for DWQP payment, the producer must submit, to the FSA county office that maintains the producer's farm records for the agricultural operation, a completed application as specified in paragraph (c) of this section, including any supporting documentation required by FSA, and a report of acreage.

(b) The producer must submit a completed application for payment and required supporting documentation to the administrative FSA county office during the relevant, for the crop, application period announced by FSA which will end no later than September 15 of
the crop year in which the fungicide was applied to a crop of durum wheat. (c) A complete application includes all of the following:

(1) An application form provided by FSA;

(2) Certification of the total number and location of acres planted to durum wheat on which an eligible fungicide was applied specifically to control Fusarium head blight;

(3) Certification of the date durum wheat, on which an eligible fungicide was applied specifically to control Fusarium head blight, was planted;

(4) Certification of the type of eligible fungicide applied to acres certified as planted to durum wheat;

(5) Certification of the date eligible fungicide was applied to acres certified as planted to durum wheat;

(6) Documentation providing adequate proof, as determined by FSA, of the producer’s actual cost of purchasing and applying eligible fungicide to acres certified as planted to durum wheat for one treatment; and

(7) Any other documentation as determined by FSA to be necessary to make a determination of eligibility of the producer.

d) The producer requesting benefits under this program certifies the accuracy and truthfulness of the information provided in the application as well as any documentation filed with or in support of the application. All information provided is subject to verification by FSA.

e) Data furnished by the producer will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without all required data program benefits will not be approved or provided.

§1413.107 Availability of funds.

(a) The 2008 Farm Bill authorizes up to $10 million to be appropriated for each of the 2009 through 2012 fiscal years for DWQP. Payments will not be made for claims for a particular crop year until after the application deadline, which is September 15 of that crop year, for the crop for which payment for the fungicide application is sought and only if funds are made available through an appropriation.

(b) In the event that approval of all eligible applications for fungicide treatments for a particular crop would result in expenditures in excess of the amounts appropriated for that crop year, the FSA Deputy Administrator will prorate the funds by a national factor to reduce the total expected payments to the amount made available by the Secretary. FSA will prorate the payments in such manner as it determines appropriate and reasonable.

c) Claims that are unpaid or paid at a reduced rate for a crop year for any reason will not be carried forward for payment under other funds for later crop years, unless provided for by law and approved by the Deputy Administrator. Such unpaid claims will be considered, as to any unpaid amount, void and nonpayable.

§1413.108 Payment calculation.

(a) Subject to the availability of DWQP funds, the payment to an eligible producer will be the result of adding (adjusted for the producer’s share of the crop):

(1) The lesser of:

(i) The result of multiplying the number of acres certified by the producer as planted to durum wheat on which an eligible fungicide was applied, during the flowering stage, times the per acre national fungicide acquisition payment rate as set by the Deputy Administrator; or

(ii) Fifty percent of the producer’s actual cost of purchasing eligible fungicide for acres certified as planted to durum wheat and treated for the applicable crop year in a manner that would otherwise generate a payment under paragraph (a)(1)(i) of this section; plus

(2) The result of multiplying the number of acres certified as planted to durum wheat on which an eligible fungicide was applied during the flowering stage, times the State application per-acre payment rate set by the State committee, with such application payment not to exceed 50 percent of the actual application cost certified to by the producer.

(b) The national fungicide acquisition payment rate set by the Deputy Administrator will be based on 50 percent of the national average cost of eligible fungicide (only including the cost
of the chemical itself), applied to one acre of durum wheat for the applicable crop year.

(c) The State application payment rate set by the State committee will be based on 50 percent of the State average cost of applying an eligible fungicide to one acre of durum wheat for the applicable crop year.

§ 1413.109 Refunds, joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment in the application or this subpart, must be refunded to CCC.

(b) A refund required as specified in this section will be due with interest from the date of CCC disbursement and otherwise determined in accordance with paragraph (d) of this section and late payment charges as provided in part 1403 of this chapter.

(c) Persons signing an application for payment as having an interest in an operation will be jointly and severally liable for any refund and related charges found to be due as specified in this section.

(d) Interest will be applicable to any refunds required as specified in parts 792 and 1403 of this title. Such interest will be charged at the rate that the U.S. Department of the Treasury charges CCC for funds, and will accrue from the date CCC made the erroneous payment to the date of repayment.

(e) CCC may waive the accrual of interest if it determines that the cause of the erroneous determination was not due to any action of the person, or was beyond the control of the person committing the violation. Any waiver is at the discretion of CCC alone.

§ 1413.110 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions, or remedies as may apply, a producer will be ineligible for payment through the DWQP if the producer is determined by CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of the program,

(2) Made any fraudulent representation, or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this subpart to any producer engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due and all charges including interest will run from the date of disbursement of the CCC funds. Any producer engaged in acts prohibited by this section and any producer receiving payment as specified in this subpart will be jointly and severally liable with other persons or producers involved in such claim for payment for any refund due as specified in this section and for related charges. The remedies provided in this subpart will be in addition to other civil, criminal, or administrative remedies that may apply.

§ 1413.111 Miscellaneous provisions.

(a) Other interests. Any payment to any producer under this part will be made without regard to questions of title under State law, and without regard to any claim or lien against the commodity, or proceeds, in favor of the owner or any other creditor except agencies of the U.S. Government.

(b) Assignments. Any producer entitled to any payment may assign any payment(s) in accordance with regulations governing the assignment of payments in part 1404 of this chapter.

(c) Offsets. CCC may offset or withhold any amount due to CCC from any benefit provided under this subpart in accordance with the provisions of part 1403 of this chapter and part 792 of this title.

(d) Violations of highly erodible land and wetland conservation provisions. The provisions of part 12 of this title apply to this subpart. That part sets out certain conservation requirements as a general condition for farm benefits.

(e) Violations regarding controlled substances. The provisions of §718.6 of this title, which generally limit program payment eligibility for persons who have engaged in certain offenses with respect to controlled substances, will apply to this part.
§ 1413.112 Appeals.

(a) Appeals. Appeal regulations set forth at parts 11 and 780 of this title apply to determinations made under this subpart.

(b) Determinations not eligible for administrative review or appeal. CCC determinations and policies that are not limited to a specific individual producer’s application are not to be construed to be individual program eligibility determinations or adverse decisions and are, therefore, not subject to administrative review or appeal under 7 CFR part 11 or part 780 of this title (but nothing in the regulations for this program will limit the ability of the National Appeals Division to decide its own jurisdiction under part 11). Such determinations include, but are not limited to, application periods, deadlines, crop years, prices, general statutory or regulatory provisions that apply to similarly situated producers, national average payment prices, and payment factors established by CCC for DWQP for which this subpart applies or similar matters requiring CCC determinations.

§ 1413.113 Deceased individuals or dissolved entities.

(a) Payment may be made for an eligible application on behalf of an eligible producer who is now a deceased individual or is a dissolved entity if a representative who currently has authority to enter into a contract on behalf of the producer signs the application for payment.

(b) Legal documents showing proof of authority to sign for the deceased individual or dissolved entity must be provided.

(c) If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

§ 1413.114 Records and inspections.

(a) Any producer receiving DWQP payments, or any other legal entity or person who provides information for the purposes of enabling a producer to receive a DWQP payment, must:

1. Maintain any books, records, and accounts supporting the information for 3 years following the end of the year during which the request for payment was submitted, and
2. Allow authorized representatives of USDA and the U.S. Government Accountability Office, during regular business hours, to inspect, examine, and make copies of such books or records, and to enter the farm and to inspect and verify all applicable acreage in which the producer has an interest for the purpose of confirming the accuracy of information provided by or for the producer.

§ 1415.1 Purpose.

(a) The purpose of the Grassland Reserve Program (GRP) is to assist landowners and operators in protecting grazing uses and related conservation values by conserving and restoring grassland resources on eligible private
§ 1415.2 Administration.

(a) The regulations in this part set forth policies, procedures, and requirements for program implementation of GRP, as administered by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA). The regulations in this part are administered under the general supervision and direction of the NRCS Chief and the FSA Administrator. These two agency leaders:

(1) Concur in the establishment of program policy and direction, development of the national allocation formula, and development of broad national ranking criteria;

(2) Use a national allocation formula to provide GRP funds to NRCS State Conservationists and FSA State Executive Directors that emphasizes support for grazing operations, biodiversity of plants and animals, and grasslands under the greatest threat of conversion to uses other than grazing. The national allocation formula may also include additional factors related to improving program implementation, as determined by the NRCS Chief and the FSA Administrator. The allocation formula may be modified periodically to change the emphasis of any factor(s) in order to address a particular natural resource concern, such as the precipitous decline of a population of a grassland-dependent bird(s) or animal(s);

(3) Ensure the national, State, and local-level information regarding program implementation is made available to the public;

(4) Consult with USDA leaders at the State level and other Federal agencies with the appropriate expertise and information when evaluating program policies and direction; and

(5) Authorize NRCS State Conservationists and FSA State Executive Directors to determine how funds will be used and how the program will be implemented at the State level.

(b) At the State level, the NRCS State Conservationist and the FSA State Executive Director are jointly responsible for:

(1) Determining how funds will be used and how the program will be implemented at the State level to achieve the program purposes;

(2) Identifying State priorities for project selection based on input from the State Technical Committee;

(3) Identifying Department of Agriculture (USDA) employees at the field level responsible for implementing the program by considering the nature and extent of natural resource concerns throughout the State and the availability of human resources to assist with activities related to program enrollment;

(4) Developing, with advice from the State Technical Committee, program outreach materials at the State and local levels to help ensure landowners, operators, and tenants of eligible land are aware and informed that they may be eligible for the program;

(5) Approving conservation practices eligible for cost-share and cost-share rates;

(6) Developing GRP management plans and restoration agreements, when applicable;

(7) Administering and enforcing the terms of easements and rental contracts unless this responsibility is transferred to an eligible entity as provided in §1415.17 and §1415.18; and

(8) Developing, with advice from the State Technical Committee, criteria for ranking eligible land consistent with national criteria and program objectives and State priorities.

(c) The funds, facilities, and authorities of the Commodity Credit Corporation (CCC) are available to NRCS and FSA to implement GRP.

(d) Subject to funding availability, the program may be implemented in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(e) The NRCS Chief or the FSA Administrator may modify or waive a

The GRP management plan will include a description of the grazing management system, permissible and prohibited activities, any associated restoration plan or conservation plan, if applicable, and a description of USDA's right of ingress and egress.

Grazing value means the financial worth of the land as used for grazing or forage production. The term is used in the calculation of compensation for rental contracts and easements. For easements, this value is determined by NRCS through an appraisal process or a market survey process. For rental contracts, FSA determines the grazing value based upon an administrative process.

Historical and archeological resources mean resources that are:
(1) Listed in the National Register of Historic Places (established under the National Historic Preservation Act (NHPA), 16 U.S.C. 470, et seq.);

Participant means a person, legal entity, joint operation, or Indian Tribe who is accepted to participate in GRP through a rental contract or option agreement to purchase an easement.
Pastureland means grazing lands comprised of introduced or domesticated native forage species that are used primarily for the production of livestock. These lands receive periodic renovation and cultural treatments, such as tillage, aeration, fertilization, mowing, and weed control, and may be irrigated. This term does not include lands that are in rotation with crops.
Permanent easement means an easement that lasts in perpetuity or for the maximum duration allowed under the law of a State.
Private land means land that is not owned by a governmental entity and includes Tribal lands.
Purchase price means the amount paid to acquire an easement under a cooperative agreement between NRCS and an eligible entity. It is the fair market value of the easement.
Rangeland means a land cover or use category with a climax or potential plant cover composed principally of native grasses, grass-like plants, forbs, or shrubs suitable for grazing and browsing, and introduced forage species that are managed like rangeland. Rangeland includes lands re-vegetated naturally or artificially when routine management of that vegetation is accomplished mainly through manipulation of grazing. This term includes areas where introduced hardy and persistent grasses are planted and such practices as deferred grazing, burning, chaining, and rotational grazing are used with little or no chemicals or fertilizer being applied. Grasslands, savannas, many wetlands, some deserts, and tundra are considered to be rangeland. Certain communities of low forbs and shrubs, such as mesquite, chaparral, mountain shrub, and pinyon juniper are also included as rangeland.

Restoration plan is the portion of the restoration agreement that includes the schedule and conservation practices and activities to restore the functions and values of grasslands and shrublands, including protection of associated streams, ponds, and wetlands. The restoration plan incorporates the requirement that program participants will maintain GRP-funded conservation practices and activities for their expected lifespan as described in the plan.
Right of enforcement means a property interest in the easement the Chief may exercise on behalf of the United States under specific circumstances in order to enforce the terms of the conservation easement. The right of enforcement provides that the Chief has the right to inspect and enforce the easement if the eligible entity fails to uphold the easement or attempts to
§ 1415.4 Program requirements.

(a) Except as provided for under §1415.17, only landowners may submit applications for easements. For rental contracts, applicants must own or provide written evidence of control of the property for the duration of the rental contract.

(b) The easement or rental contract will require that the area be maintained in accordance with GRP goals and objectives for the term of the easement or rental contract, including the conservation, protection, enhancement, and if necessary, restoration of the grassland functions and values.

(c) All participants in GRP are required to implement a GRP management plan approved by NRCS. When an eligible entity holds the GRP easement, NRCS will develop GRP management plans with eligible entities. In cases where a participant receives ranking points on the basis of resource concerns other than grazing land concerns, all such resource concerns will be addressed in an applicable conservation plan.

(d) The easement or rental contract must grant USDA or its representatives a right of ingress and egress to the easement or rental contract area. For easements, this access is legally described by the conservation easement deed and the GRP management plan. Access to rental contract areas is identified in the GRP management plan.

(e) Easement participants are required to convey unencumbered title that is acceptable to the United States and provide consent or subordination agreements from each holder of a security or other interest in the land. The landowner must warrant that the easement granted the United States or eligible entity is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by USDA.

(f) Landowners are required to use a standard GRP conservation easement deed developed by USDA or developed by an eligible entity and approved by USDA under §1415.17 of this part. The easement grants development rights, title, and interest in the easement area in order to protect grassland and other conservation values.

(g) The program participant must comply with the terms of the easement or rental contract, and comply with all terms and conditions of the GRP management plan and any associated conservation plan or restoration agreement.

(h) Easements and rental contracts allow, consistent with their terms and the program purposes, the following activities as outlined in the GRP management plan:

(1) Common grazing practices, including maintenance and necessary conservation practices and activities (e.g., prescribed grazing; upland wildlife habitat management; prescribed burning; fencing, watering, and feeding necessary for the raising of livestock; and related forage and seed production) on the land in a manner that is consistent with maintaining the viability

Tribal land means:

(1) Land held in trust by the United States for individual Indians or Indian Tribes; or

(2) Land, the title to which is held by individual Indians or Indian Tribes subject to Federal restrictions against alienation or encumbrance; or

(3) Land which is subject to rights of use, occupancy, and benefit of certain Indian Tribes; or

(4) Land held in fee title by an Indian, Indian family, or Indian Tribe.

USDA means the Department of Agriculture and its agencies and offices, as applicable.
of grassland, forb, and shrub species common to the locality;

(2) Haying, mowing, or harvesting for seed production subject to appropriate restrictions, as determined by the State Conservationist, during the nesting season for birds in the local area that are in significant decline, or are conserved in accordance with Federal or State law;

(3) Fire pre-suppression, rehabilitation, and construction of firebreaks;

(4) Grazing related activities, such as fencing and livestock watering facilities;

(5) Facilities for power generation through renewable sources of energy production provided the scope and scale of the footprint of the facility and associated infrastructure is consistent with program purposes as determined by USDA through analysis of the potential site-specific environmental effects; and

(6) Other activities that USDA determines the manner, number, intensity, location, operation, and other features associated with the activity will not adversely affect the grassland resources or related conservation values protected under an easement or rental contract. This includes infrastructure development along existing right-of-ways where the easement deed allows the landowner to grant right-of-ways when it is determined by NRCS that granting such right-of-ways are in the public interest, that grassland resources and related conservation values will not be adversely impacted, and the landowner agrees to a restoration plan for the disturbed area as developed by NRCS, but at no cost to NRCS. This also includes undeveloped, passive, recreational uses such as hiking, camping, bird watching, hunting, and fishing as long as such uses, as determined by the grantee, do not impair the grazing uses and other conservation values.

(i) Easement and rental contracts prohibit the following activities:

(1) The production of crops (other than hay), orchards, vineyards, or other agricultural commodity that is inconsistent with maintaining grazing land and related conservation values; and

(2) Except as permitted under a restoration plan, the conduct of any other activity that would be inconsistent with maintaining grazing uses and related conservation values protected under an easement or rental contract.

(j) Rental contracts may be terminated by USDA without penalty or refund if the original participant dies, is declared legally incompetent, or is otherwise unavailable during the contract period.

(k) Participants, with the agreement of USDA, may convert a rental contract to an easement, provided that funds are available and the project meets conditions established by USDA. Land cannot be enrolled in both a rental contract option and an easement enrollment option at the same time. The rental contract will be terminated prior to the date the easement is recorded in the local land records office.

(l) Rental contract participants are required to suspend any existing crop land base and allotment history for the land under another program administered by the Secretary.

(m) Easement participants are required to eliminate any existing crop land base and allotment history for the land under another program administered by the Secretary.

§ 1415.5 Land eligibility.

(a) GRP is available on privately owned lands, which include private and Tribal land. Publicly owned land is not eligible.

(b) Land is eligible for funding consideration if the State Conservationist determines that the land is:

(1) Grassland, land that contains forbs or shrubland (including improved rangeland and pastureland) for which grazing is the predominant use; or

(2) Located in an area that has been historically dominated by grassland, forbs, or shrubland, and the State Conservationist, with advice from the State Technical Committee, determines that it is compatible with grazing uses and related conservation values, and

(i) Could provide habitat for animal or plant populations of significant ecological value if the land is retained in its current use or is restored to a natural condition.
§ 1415.6 Participant eligibility.

To be eligible to participate in GRP, an applicant, except as otherwise described in §1415.17:

(a) Must be a landowner for easement participation or be a landowner or have control of the eligible acreage being offered for rental contract participation;

(b) Agree to provide such information to USDA that is necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes;

(c) Meet the Adjusted Gross Income requirements in 7 CFR part 1400 of this title, unless exempted under part 1400 of this title;

(d) Meet the conservation compliance requirements found in part 12 of this title; and

(e) Comply with applicable registration and reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109–282, as amended) and 3 CFR parts 25 and 170.

§ 1415.7 Application procedures.

(a) Applicants, except as otherwise described under §1415.17, may submit an application through a USDA Service Center for participation in GRP. Applications may be submitted throughout the year.

(b) By filing an application for participation, the applicant consents to a USDA representative entering upon the land offered for enrollment for purposes of assessing the grassland functions and values and for other activities that are necessary for USDA to make an offer of enrollment. Generally, the applicant will be notified prior to a USDA representative entering upon their property.

(c) Applicants submit applications that identify the duration of the easement or rental contract for which they seek to enroll their land. Rental contracts may be for the duration of 10-years, 15-years, or 20-years; easements may be permanent in duration or for the maximum duration authorized by State law.

§ 1415.8 Establishing priority for enrollment of properties.

(a) USDA, at the national level, will provide to NRCS State Conservationists and FSA State Executive Directors, national guidelines for establishing State-specific ranking criteria for selection of applications for funding.

(b) NRCS State Conservationists and FSA State Executive Directors, with advice from State Technical Committees, establish criteria to evaluate and rank applications for easement and rental contract enrollment, including
Commodity Credit Corporation, USDA

§ 1415.9 Enrollment of easements and rental contracts.

(a) Based on the priority ranking, NRCS or FSA, as appropriate, will notify applicants in writing of their tentative acceptance into the program for either rental contract or conservation easement options. The letter notifies the applicant of the intent to continue the enrollment process unless otherwise notified by the applicant. Enrollment under cooperative agreements is described under §1415.17.

(b) An offer of tentative acceptance into the program neither binds USDA to acquire an easement or enter into a rental contract, nor binds the applicant to convey an easement, enter into a rental contract, or agree to restoration activities.

(c) Offer of enrollment will be through either:

(1) An agreement to purchase an easement presented by NRCS to the applicant which will describe the easement, the easement terms and conditions, and other terms and conditions that may be required by NRCS; or

(2) A rental contract will be presented by FSA to the applicant which

473
will describe the contract area, the contract terms and conditions, and other terms and conditions that may be required by FSA.

(d) For rental contracts, land will be considered to be enrolled in GRP once an FSA representative approves the GRP rental contract. FSA may withdraw the offer before approval of the contract due to lack of available funds or other reasons.

(e) For easements, after the option agreement to purchase an easement is executed by NRCS and the participant, the land will be considered enrolled in GRP. NRCS will proceed with the development of the GRP management plan, conservation or restoration plan if applicable, and various easement acquisition activities, which may include conducting a legal survey of the easement area, securing necessary subordination agreements, procuring title insurance, and conducting other activities necessary to record the easement or implement GRP.

(f) Prior to closing an easement, NRCS may withdraw the land from enrollment at any time due to lack of available funds, title concerns, or other reasons.

§ 1415.10 Compensation for easements and rental contracts acquired by the Secretary.

(a) The Chief will not pay more than the fair market value of the land, less the grazing value of the land encumbered by the easement.

(b) To determine this amount, the Chief will pay as compensation the lowest of:

(1) The fair market value of the land encumbered by the easement as determined by the Chief using—

(i) The Uniform Standards of Professional Appraisal Practice, or

(ii) An area-wide market analysis or market survey;

(2) The amount corresponding to a geographical cap, as determined by the State Conservationist, with advice from the State Technical Committee; or

(3) An offer made by the landowner.

(c) For 10-, 15-, and 20-year rental contracts, the participant will receive not more than 75 percent of the grazing value in an annual payment for the length of the contract, as determined by FSA. As provided by the regulations at part 1400 of this title, payments made under one or more rental contracts to a person or legal entity, directly or indirectly, may not exceed, in the aggregate, $50,000 per year.

(d) In order to provide for better uniformity among States, the NRCS Chief and FSA Administrator may review and adjust, as appropriate, State or other geographically based payment rates for rental contracts.

(e) Easement or rental contract payments received by a participant will be in addition to, and not affect, the total amount of payments that the participant is otherwise eligible to receive under other USDA programs.

(f) Easement payments will be made in a single payment to the landowner unless otherwise requested by the landowner.

(g) USDA may accept and use contributions of non-Federal funds to support the purposes of the program. These funds are available to USDA without further appropriation and until expended, to carry out the program.

(h) USDA recognizes that environmental benefits will be achieved by implementing conservation practices and activities funded through GRP, and that ecosystem credits may be gained as a result of implementing activities compatible with the purposes of a GRP easement, rental contract, or associated restoration agreement. USDA asserts no direct or indirect interest in these credits except:

(1) In the event the participant sells or trades credits arising from GRP funded activities, USDA retains the authority to ensure that the requirements for GRP rental contracts, easements, or restoration agreements are met and maintained consistent with this part; and

(2) If activities required under an ecosystem credit agreement may affect land covered under a GRP rental contract, easement, or restoration agreement, participants are required to obtain an assessment from USDA about the compatibility of the activity prior to entering into such agreements.
§ 1415.11 Restoration agreements.

(a) Restoration agreements are only authorized to be used in conjunction with easements and rental contracts. NRCS, in consultation with the program participant, determines if the grassland resources are adequate to meet the participant's objectives and the purposes of the program, or if a restoration agreement is needed. Such a determination is also subject to the availability of funding. USDA may condition participation in the program upon the execution of a restoration agreement depending on the condition of the grassland resources. When the functions and values of the grassland are determined adequate by NRCS, a restoration agreement is not required. However, if a restoration agreement is required, NRCS will set the terms of the restoration agreement. The restoration plan component of the restoration agreement identifies conservation practices and activities necessary to restore or improve the functions and values of the grassland to meet both USDA and the participant's objectives and purposes of the program. If the functions and values of the grassland decline while the land is subject to a GRP easement or rental contract through no fault of the participant, the participant may enter into a restoration agreement at that time to improve the functions and values with USDA approval and when funds are available.

(b) The NRCS State Conservationist, with advice from the State Technical Committee and in consultation with FSA, determines the conservation practices and activities and the cost-share percentages, not to exceed statutory limits available under GRP. A list of conservation practices and activities approved for cost-share assistance under GRP restoration plans is available to the public through the local USDA Service Center. NRCS may work through the local conservation district with the program participant to determine the terms of the restoration plan. The conservation district may assist NRCS with determining eligible conservation practices and activities and approving restoration agreements.

(c) Only approved conservation practices and activities are eligible for cost-sharing. Payments under the GRP restoration agreements may be made to the participant of not more than 50 percent for the cost of carrying out the conservation practices or activities. As provided by the regulations at part 1400 of this chapter, payments made under one or more restoration agreements to a person or legal entity, directly or indirectly, may not exceed, in the aggregate, $50,000 per year.

(d) The participant is responsible for the operation and maintenance of conservation practices in accordance with the restoration agreement.

(e) All conservation practices must be implemented in accordance with the FOTG.

(f) Technical assistance is provided by NRCS, or an NRCS approved third party.

(g) If the participant is receiving cost-share for the same conservation practice or activity from another conservation program, USDA will adjust the GRP cost-share rate proportionately so that the amount received by the participant does not exceed 100 percent of the costs of restoration.

(h) The participant cannot receive cost-share from more than one USDA cost-share program for the same conservation practice or activity on the same land.

(i) Cost-share payments may be made only upon a determination by a qualified individual approved by the NRCS State Conservationist that an eligible restoration practice has been established in compliance with appropriate standards and specifications.

(j) Conservation practices and activities identified in the restoration plan may be implemented by the participant or other designee.

(k) Cost-share payments will not be made for conservation practices or activities implemented or initiated prior to the approval of a rental contract or easement acquisition unless a written waiver is granted by the NRCS State Conservationist or FSA State Executive Director, as appropriate, prior to installation of the practice.

(l) Upon transfer of an easement with a restoration agreement to an eligible entity as described in §1415.18, the entity will be responsible for administration of the agreement and providing
funds for payment of any costs associated with the completion of the restoration agreement. The eligible entity may, with participant consent, revise an existing restoration agreement or develop a new restoration agreement. Restoration plans must be consistent with the GRP management plan or any associated conservation plan as described in §1415.4.

(m) Cooperating entities under §1415.17 will be responsible for development, administration, and implementation costs of restoration plans.

§1415.12 Modifications to easements and rental contracts.

(a) After an easement has been recorded, no substantive modification will be made to the easement. Modifications that would not result in acquisition or divestiture of additional property rights may be made.

(b) State Conservationists may approve modifications for restoration agreements and GRP management plans or conservation plans where applicable, as long as the modifications do not affect the provisions of the easement and meet program objectives.

(c) USDA may approve modifications to rental contracts, including corresponding changes to conservation plans, GRP management plans, and restoration plans to facilitate the practical administration and management of the enrolled area so long as the modification will not adversely affect the grassland functions and values for which the land was enrolled.

§1415.13 Transfer of land.

(a) Any transfer of the property prior to an applicant’s acceptance into the program will void the offer of enrollment, unless at the option of the State Conservationist or State Executive Director, as appropriate, an offer is extended to the new landowner and the new landowner agrees to the same easement or rental contract terms and conditions.

(b) After acreage is accepted in the program, for easements with multiple payments, any remaining easement payments will be made to the original participant unless NRCS receives an assignment of proceeds.

(c) Future annual rental payments will be made to the successor participant.

(d) The new landowner is responsible for complying with the terms of the recorded easement, and the contract successor is responsible for complying with the terms of the rental contract and for assuring completion of all activities and practices required by any associated restoration agreement. Eligible cost-share payments will be made to the new participant upon presentation that the successor assumed the costs of establishing the practices.

(e) With respect to any and all payments owed to participants, the United States bears no responsibility for any full payments or partial distributions of funds between the original participant and the participant’s successor. In the event of a dispute or claim on the distribution of cost-share payments, USDA may withhold payments, without the accrual of interest, pending an agreement or adjudication on the rights to the funds.

(f) The rights granted to the United States in an easement will apply to any of its agents or assigns. All obligations of the participant under the GRP conservation easement deed also bind the participant’s heirs, successors, agents, assigns, lessees, and any other person claiming under them.

(g) Rental contracts may be transferred to another landowner, operator, or tenant that acquires an interest in the land enrolled in GRP. The successor must be determined by FSA to be eligible to participate in GRP and must assume full responsibility under the contract. FSA may require a participant to refund all or a portion of any financial assistance awarded under GRP, plus interest, if the participant sells or loses control of the land under a GRP rental contract, and the new landowner, operator, or tenant is not eligible to participate in the program or declines to assume responsibility under the contract.

§1415.14 Misrepresentation and violations.

(a) The following provisions apply to violations of rental contracts:

(1) Rental contract violations, determinations, and appeals are handled in
Commodity Credit Corporation, USDA

§ 1415.17 Cooperative agreements.

(a) NRCS may enter into cooperative agreements which establish terms and conditions under which an eligible entity will use funds provided by NRCS to own, write, and enforce a grassland protection easement.

(b) To be eligible to receive GRP funding, an eligible entity must demonstrate:

(1) A commitment to long-term conservation of agricultural lands, ranch land, or grassland for grazing and conservation purposes;

(2) A capability to acquire, manage, and enforce easements;

(3) Sufficient number of staff dedicated to monitoring and easement stewardship;

(4) The availability of funds; and

(5) For nongovernmental organizations, the existence of a dedicated account and funds for the purposes of easement management, monitoring, and enforcement of each easement held by the eligible entity.

§ 1415.18 Assignments.

(a) Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

(b) If a participant that is entitled to a payment dies, is declared legally incompetent, or is otherwise unable to receive the payment, or is succeeded by another person who renders or completes the required performance, such a participant may be eligible to receive payment in such a manner as USDA determines is fair and reasonable in light of all the circumstances.

§ 1415.15 Payments not subject to claims.

Any cost-share, rental, or easement payment or portion thereof due any person under this part will be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1415.17 Cooperative agreements.

(a) NRCS may enter into cooperative agreements which establish terms and conditions under which an eligible entity will use funds provided by NRCS to own, write, and enforce a grassland protection easement.

(b) To be eligible to receive GRP funding, an eligible entity must demonstrate:

(1) A commitment to long-term conservation of agricultural lands, ranch land, or grassland for grazing and conservation purposes;

(2) A capability to acquire, manage, and enforce easements;

(3) Sufficient number of staff dedicated to monitoring and easement stewardship;

(4) The availability of funds; and

(5) For nongovernmental organizations, the existence of a dedicated account and funds for the purposes of easement management, monitoring, and enforcement of each easement held by the eligible entity.
(c) NRCS enters into a cooperative agreement with those eligible entities selected for funding. Once a proposal is selected by the State Conservationist, the eligible entity must work with the appropriate State Conservationist to finalize and sign the cooperative agreement, incorporating all necessary GRP requirements. The cooperative agreement addresses:

(1) The interests in land to be acquired, including the form of the easement deeds to be used and terms and conditions;

(2) The management and enforcement of the interests acquired;

(3) The responsibilities of NRCS;

(4) The responsibilities of the eligible entity on lands acquired with the assistance of GRP;

(5) The parcels accepted by the State Conservationist, landowners’ names, addresses, location map(s), and other relevant information in an attachment to the cooperative agreement;

(6) The allowance of parcel substitution upon mutual agreement of the parties;

(7) The manner in which violations are addressed;

(8) The right of the Secretary to conduct periodic inspections to verify the eligible entity’s enforcement of the easements;

(9) The manner in which the eligible entity will evaluate and report the use of funds to the Secretary;

(10) The eligible entity’s agreement to assume the costs incurred in administering and enforcing the easement, including the costs of restoration and rehabilitation of the land as specified by the owner and eligible entity. The entity will also assume the responsibility for enforcing the GRP management plan or conservation plan, as applicable. The eligible entity must incorporate any required plan into the conservation easement deed by reference or otherwise;

(11) The source of funding. The eligible entity may include a charitable donation or qualified conservation contribution (as defined by section 170(h) of the Internal Revenue Code of 1986) from the landowner as part of the entity’s share of the purchase price;

(12) The schedule of payments to an eligible entity, as agreed to by NRCS and the eligible entity;

(13) GRP funds may not be used for expenditures such as appraisals, surveys, title insurance, legal fees, costs of easement monitoring, and other related administrative and transaction costs incurred by the entity;

(14) NRCS may provide a share of the purchase price of an easement under the program. The eligible entity will be required to provide a share of the purchase price at least equivalent to that provided by NRCS. The Federal share will be no more than 50 percent of the purchase price, as defined in §1415.3;

(15) The eligible entity’s succession plan, which describes how its successors or assigns will hold, manage, and enforce the interests in land acquired in the event that the eligible entity is no longer able to fulfill its obligations under the cooperative agreement entered into with NRCS; and

(16) Other requirements deemed necessary by NRCS to protect the interests of the United States.

(d) Easements funded under the cooperative agreement option will be in perpetuity, except where State law prohibits a permanent easement, and will require that the easement area be maintained in accordance with GRP goals and objectives for the term of the easement.

(e) The entity may use its own terms and conditions in the conservation easement deed, but a conservation easement deed template used by the eligible entity will be submitted to the Chief within 30 days of the signing of the cooperative agreement. The conservation easement deed templates will be reviewed and approved by the Chief. NRCS reserves the right to require additional specific language or to remove language in the conservation easement deed to protect the interests of the United States.

(1) In order to protect the public investment, the conveyance document must contain a right of enforcement. NRCS will specify the terms for the right of enforcement clause to read as set forth in the GRP cooperative agreement. This right is a vested property right and cannot be condemned or terminated by State or local government;
(2) The eligible entity will acquire, hold, manage, and enforce the easement. The eligible entity may have the option to enter into an agreement with governmental or private organizations to carry out easement stewardship responsibilities if approved by NRCS.

(3) Prior to closing, NRCS must sign an acceptance of the conservation easement, concurring with the terms of the conservation easement and accepting its interest in the conservation easement deed.

(4) All conservation easement deeds acquired with GRP funds must be recorded in the appropriate land records. Proof of recordation will be provided to NRCS by the eligible entity; and

(5) The conservation easement deed must include an indemnification clause requiring the participant (grantor) to indemnify and hold harmless the United States from any liability arising from or related to the property enrolled in GRP.

§ 1415.18 Easement transfer to eligible entities.

(a) NRCS may transfer title of ownership to an easement to an eligible entity to hold and enforce the easement if:

(1) The Chief determines that transfer will promote protection of grassland, land that contains forbs, or shrubland;

(2) The owner authorizes the eligible entity to hold and enforce the easement; and

(3) The eligible entity agrees to assume the costs incurred in administering and enforcing the easement, including the costs of restoration or rehabilitation of the land as specified by the owner and the eligible entity, and the entity assumes responsibility for enforcing the GRP management plan or conservation plan, as applicable, as approved by NRCS.

(b) NRCS has the right to conduct periodic inspections to verify the eligible entities performance of the easement, which includes the terms and requirements set forth in the GRP management plan and any associated restoration or conservation plan for any easements transferred pursuant to this section.

(c) An eligible entity that seeks to hold and enforce an easement will apply to the NRCS State Conservationist for approval.

(d) The Chief may approve an application if the eligible entity:

(1) Has relevant experience necessary, as appropriate for the application, to administer an easement on grassland, land that contains forbs, or shrublands;

(2) Has a charter that describes the commitment of the eligible entity to conserving ranch land, agricultural land, or grassland for grazing and conservation purposes;

(3) Possesses the human and financial resources necessary, as determined by the Chief, to effectuate the purposes of the charter;

(4) Has sufficient financial resources to carry out easement administrative and enforcement activities;

(5) Presents proof of a dedicated fund for enforcement as described in §1415.17(b)(5), if the entity is a nongovernmental organization; and

(6) Presents documentation that the landowner has concurred in the transfer.

(e) The Chief or his or her successors and assigns, will retain a right of enforcement in any transferred GRP funded easement, which provides the Secretary the right to inspect the easement for violations and enforce the terms of this easement through any and all authorities available under Federal or State law, in the event that the eligible entity fails to enforce the terms of the easement, as determined by NRCS.

(f) Should an easement be transferred pursuant to this section, all warranties and indemnifications provided for in the deed will continue to apply to the United States. Upon transfer of the easement, the easement holder will be responsible for enforcement of the GRP management plan, as approved by NRCS, and implementation of any associated conservation or restoration plans and costs of such restoration as agreed to by the landowner and entity.

(g) Due to the Federal interest in the GRP easement, GRP-funded easements cannot be condemned.

§ 1415.19 Appeals.

(a) Applicants or participants may obtain a review of any administrative
determination concerning eligibility for participation utilizing the administrative appeal regulations provided in parts 614 and 780 of this title.

(b) Before a person may seek judicial review of any administrative action concerning eligibility for program participation under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for the purposes of judicial review, no decision will be a final agency action except a decision of the NRCS Chief or the FSA Administrator, as applicable, under these procedures.

(c) Any appraisals, market analysis, or supporting documentation that may be used by NRCS in determining property value are considered confidential information, and will only be disclosed as determined at the sole discretion of NRCS in accordance with applicable law.

(d) Enforcement actions undertaken by NRCS in furtherance of its Federally held property rights are under the jurisdiction of the Federal District Courts and are not subject to review under administrative appeal regulations.

§ 1415.20 Scheme or device.

(a) If it is determined by USDA that a participant has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid to such participant during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by USDA.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices, rental contracts, or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A participant who succeeds to the responsibilities under this part will report in writing to USDA any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

Subpart A—General Provisions for 2006 Emergency Agricultural Disaster Assistance Programs

§ 1416.1 Applicability.

(a) This part establishes the terms and conditions under which the following programs will be administered under Title III of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 for producers affected by the 2005 hurricanes listed in §1416.2:

1. Livestock Compensation Program (LCP);
2. Livestock Indemnity Program II (LIP II);
3. Citrus Disaster Program (Citrus Disaster);
4. Fruit and Vegetable Disaster Program (Fruit and Vegetable Disaster);
5. Tropical Fruit Disaster Program (Tropical Fruit);
6. Nursery Disaster Program (Nursery);
7. 2005 Hurricane Tree Assistance Program (Hurricane TAP);
8. Catfish Grant Program (Catfish Grants).

(b) The amount that may be expended for payments under subparts B through I of this part shall not exceed the amounts authorized in Title III of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(c) To be eligible for payments under these programs, producers must comply with all applicable provisions under subparts B through I of this part.

§ 1416.2 Eligible counties, hurricanes, and disaster periods.

(a) Except as provided in paragraph (c) of this section, the Commodity Credit Corporation (CCC) will provide assistance under the programs listed in §1416.1 to eligible producers who have suffered certain losses due to 2005 hurricanes Katrina, Ophelia, Rita, or Wilma, or a related condition, in the counties provided in paragraph (d) of this section. CCC funds for the programs in subparts B through I of this part are made available under the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(b) The “Disaster Period” is the time period in which losses occurred that may be considered eligible for the programs under subparts B, C, H and I of this part.

(c) The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 provides that no producer receives duplicative payments under the programs in subparts B through I of this part and any other Federal program for the same loss. Under the regulations at 7 CFR part 760, Subpart E, eligible livestock owners and contract growers were provided benefits for certain livestock deaths that occurred as a result of 2005 hurricanes Dennis, Katrina, Ophelia, Rita, or Wilma in many of the same counties as provided in paragraph (d) of this section. The benefits provided under 7 CFR part 760, Subpart E, are significantly greater than the benefits to be provided under Subpart C of this part. Accordingly, to ensure the statutory requirement that no producer receives duplicative payments under the program in Subpart C of this section and any other Federal program for the same loss, eligible livestock under the program in Subpart C of this section shall be limited...
§ 1416.2

(9) Catfish and crawfish in any county listed in paragraph (d) of this section that was an eligible county under 7 CFR 760.101.

(d) Counties are eligible for emergency disaster assistance under this Act if they received a Presidential designation or Secretarial declaration or are counties contiguous to such counties. Accordingly, the following counties are eligible:

Subpart D—Citrus Disaster Program

§1416.300 Applicability.
This subpart sets forth the terms and conditions applicable to the Citrus Disaster Program.

§1416.301 Definitions.
Citrus means eligible citrus types that are those listed within the Risk Management Agency (RMA) Florida Citrus Fruit Crop Provisions.

Grove means contiguous acreage of the same citrus crop.

§1416.302 Eligible crops and producers.
(a) A producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the citrus crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Producers that did not market citrus in both 2004 and 2005 are not eligible, except producers with groves that will be of fruit-bearing age for 2006, but were too immature to produce marketable fruit in 2004 or 2005.

(b)(1) Citrus producers will be reimbursed on a per-acre basis for each eligible grove. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates by CCC considering levels of loss correlating to the severity of damage caused by maximum sustained winds of the hurricane. The levels of damage that will determine payment rates are as follows:

Tier I—75 percent or greater crop loss and associated tree damage.

Tier II—50 to 74 percent crop loss and associated tree damage/loss.

Tier III—35 to 49 percent crop loss and associated tree damage/loss.

Tier IV —15 percent and greater associated tree damage only.

(2) Citrus producers who suffered citrus crop production losses and associated fruit-bearing tree damage, including related cleanup and rehabilitation costs, must provide to CCC a certified statement on a CCC-approved form of the level of destruction, the number of acres in the disaster-affected grove, and the geographic location of the losses.

(c) If the actual level of loss is greater than the level of loss associated with the tier based on the location of the grove, the applicant may submit a document to CCC to request the grove be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate. Regardless of the level of loss incurred, the grove can only be placed in the next lower-numbered tier.

(d) If the actual level of loss is less than the tier associated with the location band for the grove, the producer shall certify to the lower loss level, which must be 15 percent or more, on the application and a lower payment rate will be used by CCC based upon the tier rate associated with the lower loss level.

§1416.303 Application process.
(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is being filed according to §1416.5.

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible citrus crops were a direct result of the hurricane, in accordance with §1416.2.

§1416.304 Payment calculations.
(a) Payments will be calculated by multiplying the number of net acres in each tier times the applicable payment rate, as determined by CCC, times the producer's share of the loss. The number of net acres is determined by subtracting drainage ditches, canals, and other such land uses from the citrus acres planted in the grove. The following table provides the applicable payment rates for producers with crop insurance or NAP coverage and those without coverage:

Subpart E—Fruit and Vegetable Disaster Program

§ 1416.400 Applicability.

This subpart sets forth the terms and conditions applicable to the Fruit and Vegetable Disaster Program.

§ 1416.401 Definitions.

Other than plasticulture means conventional row-cropped fruits and vegetables, and those crops that are double cropped on a previous crop’s or season’s plastic.

Plasticulture means production practices where the soil has been bedded, fumigated, fertilized, an irrigation system installed, and covered with plastic mulch.

Specialty crop means any commercially grown fruit or vegetable eligible for crop insurance or NAP coverage.

§ 1416.402 Eligible fruit and vegetable producers.

(a) Producers of fruits and vegetables utilizing “plasticulture”, and “other than plasticulture” production practices are eligible for assistance. Producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Payments will be made on a per-acre basis, and are based on tiers and the severity of destruction as specified for citrus crops and the type of production practice.

(b) Producers must have at least a 35 percent loss in production, or a 15 percent or more associated crop damage. Producers must also document that the necessary materials and procedures were followed to produce vegetables using plasticulture or other than plasticulture.

(c)(1) Fruit and vegetable producers will be reimbursed on a per-acre basis for eligible acreage. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates developed by CCC. Estimates take into account levels of loss generally correlating to the severity of damage caused by maximum sustained winds of the applicable hurricanes. The levels of damage that will determine payment rates are as follows:

Tier I—75 percent or greater crop and/or yield loss
Tier II—50 to 74 percent crop and/or yield loss
Tier III—35 to 49 percent crop and/or yield loss
§ 1416.403 Tier IV—15 percent or more crop and/or field damage

(2) Fruit and vegetable producers who suffered crop production losses and associated crop damage, including related cleanup, must provide to CCC a certified statement on a CCC approved form of the level of destruction, the number of the disaster affected acres, and the geographic location of the losses.

(d) If the actual level of loss is greater than the tier associated with the location of the acreage, the applicant may submit documentation to CCC to request the acreage be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate.

(e) If the actual level of loss is less than the tier associated with the location of the acreage, the producer shall certify to the lower loss level on the application and a lower payment rate will be used by CCC based upon the tier rate associated with the lower loss level.

§ 1416.404 Payment calculations.

(a) Payments will be calculated by multiplying the number of net acres in each tier times the applicable payment rate, as determined by CCC, times the producer's share of the loss. The number of net acres is determined by subtracting drainage ditches, canals, and other such land uses from the planted fruit and vegetable acres. The following table provides the applicable payment rates for producers with crop insurance or NAP coverage and those without coverage:

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible tropical fruit crops were a direct result of the applicable disaster, as set forth in §1416.2.

§ 1416.504 Payment calculation.
(a) Payments are calculated by multiplying the number of affected acres by the payment rate times the producer's share of the crop. The payment rate for insured or NAP covered tropical fruit is a flat rate of $5000 per acre. The rate for uninsured or acreage without NAP coverage is $4750 per acre. The total payment is subject to the limitations in §1416.6.
(b) In addition to the prohibition in §1416.6(g), producers cannot receive duplicate benefits under this subpart and subpart H of this part, Hurricane TAP, for the same loss.

§ 1416.505 Availability of funds.

The value of the inventory is the producer’s wholesale price list, less the maximum customer discount they provide, not to exceed the prices in RMA’s “Eligible Plant List and Price Schedule.”

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible nursery crops were a direct result of the applicable hurricane during the disaster period.

§ 1416.603 Payment calculations.

(a) Payments are calculated by multiplying the difference between the beginning and ending inventory value times 25 percent times the producer’s share of the loss. The payment for production loss is subject to the payment limitation and AGI provisions.

(b) Producers are also eligible for a payment of $250 per acre for debris removal and associated costs from hurricane damage if they can document that these costs were equal to or greater than $250 per acre. None of the payment for cleanup is subject to the payment limitation and AGI provisions.

(f) A commodity that is purchased, substituted, or acquired by sale, gift or, exchange of an existing harvested, sheared, or slaughtered commodity, or through any other transaction is ineligible to be pledged as collateral for a marketing assistance loan; in addition a loan deficiency payment shall not be made with respect to such commodities.

§ 1421.6 Beneficial interest.

(a) To be eligible to receive marketing assistance loans and loan deficiency payments, a producer must have beneficial interest in the commodity that is tendered to CCC for a marketing assistance loan or is requested for a loan deficiency payment. For the purposes of this part, the term “beneficial interest” refers to a determination by CCC that a person has title to and control of the commodity that is tendered to CCC as collateral for a marketing assistance loan or of the commodity that will be used to determine a loan deficiency payment. A determination of whether a person has beneficial interest in a commodity is made by CCC in accordance with this part and is not based upon a determination under any State law or any other regulation of a Federal agency.

(b) Except as provided in paragraph (e) of this section, when requesting a marketing assistance loan for a loan commodity, in order to have beneficial interest in the commodity tendered as collateral for the loan, a person must:

(1) Be the producer of the commodity as determined in accordance with §1421.4;

(2) Have had ownership of the commodity from the time it was planted (with respect to wool and mohair from time of shearing) through the earlier the date the loan was repaid or the maturity date of the loan;

(3) Have control of the commodity. For control such person must have complete decision-making authority regarding whether the commodity will be tendered as collateral for a loan, when the loan will be repaid, or if the collateral will be forfeited to CCC in satisfaction of the loan obligations of such person, and where the commodity will be maintained during the term of the loan;

(4) Not have received any payment from any party with respect to the commodity; and

(5) If the commodity has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the commodity to a warehouse authorized in accordance with §1421.103(c).

(c) Except as provided in paragraph (e) of this section, when requesting a loan deficiency payment for a loan commodity, in order to have beneficial interest in the commodity a person must:

(1) Be the producer of the commodity as determined in accordance with §1421.4;

(2) Have had ownership of the commodity from the time it was planted, with respect to wool and mohair from the time of shearing, or from the time of slaughter for unshorn pelts, through the date the producer has elected to determine the loan deficiency payment rate;

(3) Have control of the commodity. For control such person must have complete decision-making authority regarding whether a loan deficiency payment will be requested with respect to the commodity; when the loan deficiency rate will be selected; and where the commodity will be maintained prior to the date on which the loan deficiency payment rate will be determined;

(4) Not have received any payment from any party with respect to the commodity; and

(5) If the commodity has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the commodity to a warehouse authorized in accordance with §1421.103(c).
§ 1421.6

beneficial interest in the commodity on the date of physical delivery and the producer will be considered to have lost beneficial interest as of 11:59 p.m. of such day. Accordingly, delivery of a commodity to entities such as a dairy, feedlot, ethanol plant, wool pool, feed mill, feed or grain bank, or unauthorized storage facility, will result in the loss of beneficial interest as of the date of delivery, regardless of any other action or agreement between such an entity and the producer unless such an entity has been authorized by CCC under §1421.103(c).

(d) Notwithstanding any provision of paragraphs (b) and (c) of this section and §1421.5(f), in order to facilitate handling situations involving the death of a producer, CCC will consider an estate, heirs of the deceased producer, and a person to whom title to a commodity has passed by virtue of State law upon the death of the producer to have beneficial interest in a commodity produced by the producer under the same terms and conditions that would otherwise be applicable to such producer;

(e) Notwithstanding any provision of paragraphs (b) and (c) of this section and §1421.5(f), a person who purchases or otherwise acquires a commodity from a producer under any circumstances does not obtain beneficial interest to the commodity whether such purchase or acquisition is made prior to the harvest of the crop or after harvest; however, CCC will consider a person to have beneficial interest in a commodity if, prior to harvest, such person has obtained title to the growing commodity at the same time that such person obtained full title to the land on which such crop was growing;

(f) If marketing assistance loans and loan deficiency payments are made available to producers through an approved cooperative marketing association in accordance with part 1425 of this chapter, the beneficial interest in the commodity must always have been in the producer-member who delivered the commodity to the approved cooperative marketing association or its member approved cooperative marketing association, except as otherwise provided in this section. If the producer-member who delivered the commodity does not retain the right to share in the proceeds from the marketing of the commodity as provided in part 1425 of this chapter, commodities delivered to an approved cooperative marketing association shall not be eligible to be pledged as collateral for a marketing assistance loan or be taken into consideration when a loan deficiency payment is made.

(g) A producer will lose beneficial interest in a commodity if the producer receives any payment from any person under any contractual arrangement with respect to a commodity if the person who is making the payment, or any person otherwise associated with the person making the payment, will at any time have title to the commodity or control of the commodity prior to or after harvest, shearing, or slaughter unless:

(1) Such payment is authorized in accordance with part 1425 of this chapter; or

(2) The payment is made as consideration for an option to purchase the commodity and such option contains the following language:

   Notwithstanding any other provision of this option to purchase or any other contract, title and control of the commodity and beneficial interest in the commodity as specified in 7 CFR 1421.6 shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

   (1) The maturity of any Commodity Credit Corporation (CCC) loan that is secured by such commodity;

   (2) The date CCC claims title to such commodity; or

   (3) Such other date as provided in this option.

(h) Inclusion in a contract of one or more of the following types of provisions will not result in the loss of beneficial interest in a commodity:

   (1) A provision that allows the producer to select the sales price of the commodity at a time the contract is entered into or at a later date, for example, a contract normally referred to as a deferred-price, forward or price later contract. The following conditions apply:

510
(i) Producers under a deferred-price, forward, or price later contract will lose beneficial interest in the commodity the earlier of receipt of any payment or once the commodity is applied in fulfillment of the delivery requirements of such a contract.

(ii) Beneficial interest in the commodity is retained by the producer if the contract has no restrictive or contradictory clauses within the contract that may cause the producer to lose beneficial interest in the commodity.

§ 1421.8 Eligible quantity.

(a) With respect to marketing assistance loans and loan deficiency payments for:

(1) Farm-stored commodities, all determinations of weight, and quality, except as otherwise agreed to or required by CCC, shall be determined at the time of delivery of the commodity to CCC or at the time the loan deficiency payment application is filed for measured requests, if applicable or selected for spot-check for certified requests.

(2) Warehouse-stored commodities, all determinations of grade, weight and quality, except as otherwise agreed to or required by CCC, shall be determined at the time the loan or LDP is requested when acceptable documentation, under §§1421.9, 1421.106, and 1421.107 as applicable, accompanies the loan or LDP request.

(b)(1) A producer may, before the final loan availability date for obtaining a marketing assistance loan for a commodity, repledge as collateral for securing a marketing assistance loan}

§ 1421.9 Basic loan rates.

(a) Basic marketing assistance loan rates for a commodity may be established on a National, State, regional, county basis or other basis, will be at rates that comply with applicable statutes, and may be adjusted by CCC to reflect grade, type, quality, location and other factors applicable to the commodity and as otherwise provided in this section.

(b) The basic marketing assistance loan rates for wheat, corn, barley, oats, grain sorghum, rice, peanuts, soybean, canola, flaxseed, mustard seed, rapeseed, safflower, sunflower seed, dry peas, lentils, chickpeas, crambe, sesame seed, wool, mohair and other crops designated by CCC will be determined by CCC and made available to State and county offices.

(c)(1) Subject to adjustment under paragraph (g) of this section in case of forfeiture, for all 2009 through 2012 crop year commodities, except rice and peanuts, warehouse-stored loans will be disbursed at levels based on the basic county marketing assistance loan rate for the county where the commodity is stored. For the 2008 crop year only, warehouse-stored loans will be disbursed at levels based on the basic county marketing assistance loan rate for the county where the commodity is stored, adjusted for the schedule of premiums and discounts established for the commodity on the basis of grade, type, and quality factors set forth on warehouse receipts or supplemental certificates and for other factors, as determined and announced by CCC.

(c)(2) Subject to adjustment under paragraph (g) of this section in case of forfeiture, for 2009 through 2012 crop years rice, warehouse-stored loans will be disbursed at levels based on the milling yields times the whole and broken kernel marketing assistance loan rates. For the 2008 crop year of rice only, warehouse-stored loans will be disbursed at levels based on the milling yields times the whole and broken kernel marketing assistance loan rates, adjusted for the schedule of discounts on the basis of grade and quality factors set forth on warehouse receipts or supplemental certificates and for other factors, as determined and announced by CCC.

(3) For peanuts, warehouse-stored loans will be disbursed at levels based on National loan rates by peanut type, adjusted for the schedule of premiums and discounts on the basis of grade,
quality, and other factors set forth on
warehouse receipts.
(d) The Secretary will establish a sin-
gle loan rate in each county for each
kind of other oilseeds, such as but not
limited to, sunflower, rapeseed, canola,
safflower, flaxseed, mustard seed,
crambe, sesame seed, and other oil-
seeds as designated by the Secretary.
(e) Adjustments by the Secretary to
establish loan rates for loan commod-
ities, except rice, on a county basis will
not be lower than 95 percent of the na-
tional average loan rate, if those loan
rates do not result in an increase in
outlays. Adjustments in this section
will not result in an increase in the na-
tional average loan rate for any year.
(f) For the 2009 through 2012 crops,
producers on farms in the Acreage Crop
Revenue Election program under part
1400 of this title will receive a 30 per-
cent reduction in loan rate as estab-
lished under this section for all loan
commodities from the farm, except
honey, wool, and mohair.
(g) For the 2009 through 2012 crop
years, premiums and discounts will not
be applicable for all eligible loan com-
modities, except for peanuts, at loan
disbursement; however, premiums and
discounts will apply if the eligible loan
commodities are forfeited and deliv-
ered to CCC and any deficiency must be
repaid to CCC.
[67 FR 63511, Oct. 11, 2002, as amended at 74
FR 15651, Apr. 7, 2009]
§ 1421.10 Loan repayment rates.
(a) For the 2008 through 2012 crops of
barley, corn, grain sorghum, oats,
wheat, dry peas, lentils, chickpeas, oil-
seeds, wool, mohair, and other crops as
designated by CCC (other than peanuts,
long grain rice, medium grain rice, and
confectionery and each other kind of
sunflower seed (other than oil sun-
flower seed)), a producer may repay a
nonrecourse marketing assistance loan
at a rate that is the lesser of:
(1) The loan rate established for the
commodity under §1421.9, plus interest;
or
(2) A rate (as determined by the Sec-
retary) that is calculated based on av-
erage market prices for the loan com-
modity during a preceding 30-day pe-
riod and that the Secretary has deter-
mined will minimize discrepancies in
marketing loan benefits across State
boundaries and across county bound-
aries; or
(3) A rate that the Secretary may de-
velop using alternative methods for
calculating a repayment rate for a loan
commodity that the Secretary deter-
mines will: Minimize potential loan
forfeitures; minimize the accumulation
of stocks of the commodity by the Fed-
eral Government; minimize the cost in-
curred by the Federal Government in
storing the commodity; allow the com-
modity produced in the U.S. to be mar-
keted freely and competitively, both
domestically and internationally; and
minimize discrepancies in marketing
loan benefits across State boundaries
and across county boundaries.
(b) To the extent practicable, CCC
will determine and announce repay-
ment rates under paragraphs (a)(2) and
(a)(3) of this section based upon market
prices at appropriate U.S. markets as
determined by CCC and these repay-
mnt rates may be adjusted to reflect
grade, type, quality, location, and
other factors for each crop of a com-
modity as follows:
(1) On a weekly basis in each county
for oilseeds, except canola, flaxseed,
soybeans, and sunflower seed;
(2) On a daily basis in each county for
barley, canola, corn, flaxseed, grain
sorghum, oats, soybeans, sunflower
seed and wheat; and
(3) On a weekly basis regionally for
dry peas, lentils, chickpeas, wool and
mohair.
(c)(1) For the 2008 through 2012 crops
of peanuts, a producer may repay a
nonrecourse loan at a rate that is the
lesser of:
(i) The loan rate established for the
commodity under §1421.9, plus interest;
or
(ii) A rate that the Secretary deter-
mines will: Minimize potential loan
forfeitures; minimize the accumulation
of stocks of the commodity by the Fed-
eral Government; minimize the cost in-
curred by the Federal Government in
storing the commodity; and allow the
commodity produced in the United
States to be marketed freely and com-
petitively, both domestically and
internationally.
(2) To the extent practicable, CCC
will determine and announce weekly
alternative repayment rates for peanuts.

(d) For the 2008 through 2012 crop of peanuts, the Secretary will require the repayment of handling and other associated costs paid under §1421.104 for all peanuts pledged as collateral for a loan that are redeemed under this section.

(e) The Secretary will permit producers to repay a marketing assistance loan for long grain rice and medium grain rice at a rate that is the lesser of:

1. The loan rate established for the commodity under §1421.9, plus interest; or
2. The prevailing world market price for the commodity, as determined and adjusted by the Secretary in accordance with this section.

(f) For purposes of this section, the Secretary will prescribe—

1. A formula to determine the prevailing world market price for long grain rice and medium grain rice
2. A mechanism by which the Secretary will announce periodically those prevailing world market prices.

(g) Adjustments will be made to the prevailing world market price for long grain rice and medium grain rice.

1. The prevailing world market price for long grain and medium rice determined under paragraph (f) of this section will be adjusted to U.S. quality and location.
2. In making adjustments under this subsection, the Secretary will establish a mechanism for determining and announcing the adjustments in order to avoid undue disruption in the U.S. market.

(h)(1) The prevailing world market price for a class of rice will be determined by CCC based upon a review of prices at which rice is being sold in world markets and a weighting of such prices through the use of information such as changes in supply and demand of rice, tender offers, credit concessions, barter sales, government-to-government sales, special processing costs for coatings or premixes, and other relevant price indicators, and will be expressed in U.S. equivalent values F.O.B. (free on board) vessel, U.S. port of export, per hundredweight as follows:
   (i) U.S. grade No. 2, 4 percent broken kernels, long grain milled rice; and
   (ii) U.S. grade No. 2, 4 percent broken kernels, medium grain milled rice; and
   (iii) U.S. grade No. 2, 4 percent broken kernels, short grain milled rice.
2. Export transactions involving rice and all other related market information will be monitored on a continuous basis. Relevant information may be obtained for this purpose from USDA field reports, international organizations, public or private research entities, international rice brokers, and other sources of reliable information.
3. The prevailing world market price for a class of rice adjusted to U.S. quality and location, the adjusted world price (AWP), as determined under paragraph (h)(5) of this section, will apply to this section.
4. The adjusted world price for each class of rice will equal the prevailing world market price for a class of rice (U.S. equivalent value) as determined under paragraphs (h)(1) and (h)(2) of this section and adjusted to U.S. quality and location as follows:
   (i) The prevailing world market price for a class of rice will be adjusted to reflect an F.O.B. mill position by deducting from such calculated price an amount that is equal to the estimated national average costs associated with:
   (A) The use of bags for the export of U.S. rice, and
   (B) The transfer of such rice from a mill location to F.O.B. vessel at the U.S. port of export with such costs including, but not limited to, freight, unloading, wharfage, insurance, inspection, fumigation, stevedoring, interest, banking charges, storage, and administrative costs.
   (ii) The price determined under paragraph (h)(4)(i) of this section will be adjusted to reflect the market value of the total quantity of whole kernels contained in milled rice by deducting the world value of broken kernels it contains, with the value of the broken kernels determined by multiplying a formulaic quantity of broken kernels (4 percent per hundredweight) by the world market value of broken kernels. The world market value of broken kernels will be based upon the relationship of whole and broken kernel world prices as estimated from observations of prices at which rice is being sold in world markets.
(iii) The price determined under paragraph (h)(4)(i) of this section will be adjusted to reflect the per-pound market value of whole kernels by dividing the price by the quantity of whole milled kernels contained in the milled rice (96 percent per hundredweight).

(iv) The price determined under paragraph (h)(4)(iii) of this section will be adjusted to reflect the market value of whole kernels contained in 100 pounds of rough rice by multiplying such price by the estimated national average quantity of whole kernel rice by class obtained from milling 100 pounds of rough rice.

(v) The price determined under paragraph (h)(4)(iv) of this section will be adjusted to reflect the total market value of rough rice by:
   (A) Adding to such price:
   (1) The market value of bran contained in the rough rice, computed by multiplying the domestic unit market value of bran by the estimated national average quantity of bran produced in milling 100 pounds of rice; and
   (2) The market value of broken kernels contained in the rough rice, computed by multiplying the estimated world market value of broken kernels by the estimated national average quantity of broken kernels produced in milling 100 pounds of rice;
   (B) Deducting from such price an estimated cost of milling rough rice; and an estimated cost of transporting rough rice from farm to mill locations.

(5) The adjusted world price for each class of rice, loan rate basis, will be determined by CCC and announced, to the extent practicable, on or after 7 a.m. Eastern Standard Time each Wednesday or more frequently as determined necessary by CCC, continuing through the later of:
   (i) The last Wednesday of July in the year in which the crop rice loan matures;
   (ii) The last Wednesday of the latest month the crop rice loans mature, or
   (iii) In the event that Tuesday is not a normal business day, the determination may be made on the next working day, on or after 7 a.m. Eastern Standard Time.

(i) The producer may repay a marketing assistance loan under this section for confectionery and each other kind of sunflower seed (other than oil sunflower seed) at a rate that is the lesser of:
   (1) The loan rate established for the commodity under §1421.9, plus interest, or
   (2) The repayment rate established for oil sunflower seed.

(j)(1) On a form prescribed by CCC, a producer may request to lock in the applicable repayment rate for a period of 60 calendar days or for the remaining life of the loan term, whichever is less, provided that no request may be granted within 14 calendar days of the end of the loan.

(2) The request to lock in the applicable repayment rate must be received in the FSA county service center that disbursed the loan.

(3) The repayment rate that is locked in will be the rate in effect when the request to lock in is approved.

(4) The repayment rate may be locked in on outstanding farm-stored or warehouse-stored loans.

(5) The repayment rate that is locked in will expire as provided in paragraph (j)(1) of this section.

(6) The requests can only be completed one time for a designated quantity.

(7) The requests can be made in person or by facsimile.

(8) The requests cannot be canceled, terminated, or changed after approval.

(9) The locked in applicable repayment rate will not transfer to any loan disbursed outside of the originating county where the commodity was stored.

(10) Once a repayment rate is locked in it cannot be extended.

(k) If a producer fails to repay a marketing assistance loan within the time prescribed by CCC under the terms and conditions of the request to lock in a market loan repayment rate, the producer may repay the loan:
   (1) On or before maturity, at the lesser of:
      (i) Principal plus interest as determined by CCC; or
      (ii) The repayment rate in effect on the day the repayment is received in the FSA County Service Center.
   (2) After maturity, at principal plus interest.
§ 1421.11

(l) When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval on a CCC-approved form and comply with the terms and conditions of such form, to remove a specified quantity of the commodity from storage. Approval does not constitute release of CCC’s security interest in the commodity or release of producer liability for amounts due CCC for the marketing assistance loan indebtedness if payment in full is not received by the county office. Failure to repay a marketing assistance loan within the time period prescribed by CCC in the case of a farm-stored loan and delivery of the pledged collateral to a buyer is a violation of the agreement. In the case of such violation, the producer must repay the loan principal and interest or another amount as determined by the Deputy Administrator, FSA, as specified in §1421.109.

(m) The producer may obtain county committee approval of a release of all or part of pledged collateral for a warehouse-stored loan at or before the maturity of such loan by paying to CCC:

(1) The principal amount of the marketing assistance loan and charges plus interest or

(2) An amount less than the principal amount of the marketing assistance loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the collateral for such loan.

(n) A partial release of marketing assistance loan collateral must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment of the marketing assistance loan must be released only to the producer. However, such receipt may be released to persons designated in a written authorization that is filed with the county office by the producer within 15 days before the date of repayment.

(o) The note and security agreement will not be released until the marketing assistance loan has been satisfied in full.

(p)(1) If the commodity is moved from storage without obtaining prior approval to move such commodity, such removal will constitute unauthorized removal or disposition, as applicable under §1421.109(b), unless the removal occurred on a non-workday and the producer notified the county office on the next workday of such removal.

(2) Any loan quantities involved in a violation of §1421.109 must be repaid under §1421.109(e).

(q) In the event of a severe disruption to marketing, transportation, or related infrastructure, the Secretary may modify the repayment rate otherwise applicable under this section for marketing assistance loans. Any adjustment made to the repayment rate for marketing assistance loans for a loan commodity under §1421.5 will be in effect on a short-term and temporary basis, as determined by the Secretary.

§ 1421.11 Spot checks.

(a) CCC may inspect the collateral for marketing assistance loans, and producers with such loans shall allow CCC access to the farm and storage facility as necessary to conduct collateral inspections, or “spot checks” as they are called. Spot checks will verify that the quality and quantity of farm-stored commodities pledged as collateral for marketing assistance loans are maintained by the producer.

(b) Loan deficiency payments are selected for spot check to ensure that all eligibility requirements, as required by CCC, are met in order to receive such loan deficiency payment.

(c) Producers must present production evidence for commodities acceptable to CCC when a spot check is conducted.

§ 1421.12 Production evidence.

(a) Producers who redeem marketing assistance loan collateral at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as CCC determines or receives a loan deficiency payment may be required to provide CCC with:

(1) Evidence of production of the collateral such as:

(i) Evidence of sales,

(ii) Delivery evidence,

(iii) Load summaries from warehouse, processor, or buyer,

(iv) Warehouse receipts

(v) Paid measurement service

(2) Any loan quantities involved in a violation of §1421.109 must be repaid under §1421.109(e).

(q) In the event of a severe disruption to marketing, transportation, or related infrastructure, the Secretary may modify the repayment rate otherwise applicable under this section for marketing assistance loans. Any adjustment made to the repayment rate for marketing assistance loans for a loan commodity under §1421.5 will be in effect on a short-term and temporary basis, as determined by the Secretary.

§ 1421.11 Spot checks.

(a) CCC may inspect the collateral for marketing assistance loans, and producers with such loans shall allow CCC access to the farm and storage facility as necessary to conduct collateral inspections, or “spot checks” as they are called. Spot checks will verify that the quality and quantity of farm-stored commodities pledged as collateral for marketing assistance loans are maintained by the producer.

(b) Loan deficiency payments are selected for spot check to ensure that all eligibility requirements, as required by CCC, are met in order to receive such loan deficiency payment.

(c) Producers must present production evidence for commodities acceptable to CCC when a spot check is conducted.

§ 1421.12 Production evidence.

(a) Producers who redeem marketing assistance loan collateral at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as CCC determines or receives a loan deficiency payment may be required to provide CCC with:

(i) Evidence of sales,

(ii) Delivery evidence,

(iii) Load summaries from warehouse, processor, or buyer,

(iv) Warehouse receipts

(v) Paid measurement service

(2) Any loan quantities involved in a violation of §1421.109 must be repaid under §1421.109(e).

(q) In the event of a severe disruption to marketing, transportation, or related infrastructure, the Secretary may modify the repayment rate otherwise applicable under this section for marketing assistance loans. Any adjustment made to the repayment rate for marketing assistance loans for a loan commodity under §1421.5 will be in effect on a short-term and temporary basis, as determined by the Secretary.

§ 1421.11 Spot checks.

(a) CCC may inspect the collateral for marketing assistance loans, and producers with such loans shall allow CCC access to the farm and storage facility as necessary to conduct collateral inspections, or “spot checks” as they are called. Spot checks will verify that the quality and quantity of farm-stored commodities pledged as collateral for marketing assistance loans are maintained by the producer.

(b) Loan deficiency payments are selected for spot check to ensure that all eligibility requirements, as required by CCC, are met in order to receive such loan deficiency payment.

(c) Producers must present production evidence for commodities acceptable to CCC when a spot check is conducted.

§ 1421.12 Production evidence.

(a) Producers who redeem marketing assistance loan collateral at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as CCC determines or receives a loan deficiency payment may be required to provide CCC with:

(1) Evidence of production of the collateral such as:

(i) Evidence of sales,

(ii) Delivery evidence,

(iii) Load summaries from warehouse, processor, or buyer,

(iv) Warehouse receipts

(v) Paid measurement service

(2) Any loan quantities involved in a violation of §1421.109 must be repaid under §1421.109(e).

(q) In the event of a severe disruption to marketing, transportation, or related infrastructure, the Secretary may modify the repayment rate otherwise applicable under this section for marketing assistance loans. Any adjustment made to the repayment rate for marketing assistance loans for a loan commodity under §1421.5 will be in effect on a short-term and temporary basis, as determined by the Secretary.

(ix) Core tests for wool and mohair
(x) Maximum eligible quantity as determined by CCC

(2) The storage location of the collateral that has not been otherwise disposed of and access to such collateral;
(3) Permission to inspect, examine, and make copies of the records and other written data as deemed necessary to verify the eligibility of the producer and commodity;
(4) In the case of wool and mohair, permission to examine and inspect the sheep herd; and
(5) Any other evidence requested by the county FSA service center or the Deputy Administrator, FSA.

(b) A producer who fails to provide acceptable evidence of production shall be required to repay the market gain or loan deficiency payment and charges, plus interest, as determined by CCC.

§ 1421.13 Special loan deficiency payments.
(a)(1) Eligible producers of unshorn pelts produced from live sheep and hay and silage derived from an eligible loan commodity as provided in §1421.5 are eligible to request unshorn pelt, hay, and silage quantities for a loan deficiency payment under subpart C of this part.
(2) Unshorn pelts, hay, and silage derived from an eligible loan commodity are not eligible to be pledged as collateral to obtain a marketing assistance loan under subpart B of this part.

§ 1421.102 Adjustment of basic loan rates.
(a) Basic loan rates are established under §1421.9 and will be adjusted or not adjusted as follows:
(1) For farm-stored commodities, except for peanuts, that exceed acceptable levels of contamination, the loan rate will be discounted to 10 percent of the base county marketing assistance loan rate.
(2) For farm-stored commodities where the test weight discounts are on the:
   (i) Crop year specific schedules of premiums and discounts, the loan rate shall be adjusted for the higher of the
discount for test weight or grade based on test weight.

(ii) Additional schedule of discounts, the marketing assistance loan rate shall be reduced to 20 percent of the county loan rate.

§1421.103 Authorized storage.

(a) Authorized farm storage is:

(1) A storage structure located on or off the farm, (excluding public warehouses that do not enter into an agreement with CCC), that CCC determines to be controlled by the producer which affords safe storage of collateral pledged for a marketing assistance loan;

(2) If determined and announced to be available in a State or county, on ground storage and other temporary storage structures approved by CCC.

(3) As determined by CCC, temporary authorized storage may also include:

(i) On-ground storage or;

(ii) Other storage arrangements.

(b) CCC may reduce the quantity of a commodity pledged as collateral for a loan made available under paragraph (a)(2) of this section to not more than 75 percent of such otherwise eligible quantity in order to protect the interests of CCC. CCC may also limit the length of time the commodity may be stored on-ground or in temporary structures to not more than 90 days. A marketing assistance loan made with respect to such commodity which is not moved to a structure specified in (a)(2) within 90 days of the date the loan was disbursed may be called by CCC.

(c)(1) Authorized warehouse storage consists of warehouses that:

(i) If Federally licensed, are in compliance with 7 CFR part 735 or

(ii) If not Federally licensed, are in compliance with State laws and that issue warehouse receipts that meet the criteria specified in §1421.107.

(iii) If not Federally licensed or in compliance with State Laws and issue warehouse receipts that meet the criteria specified in §1421.107, have entered into a storage agreement with CCC.

(2) Notwithstanding paragraph (c)(1) of this section, if storing peanuts, the warehouse must in all cases have entered into a storage agreement with CCC. For storing other crops, notwithstanding paragraph (c)(1) of this section, CCC may, on a case-by-case basis, still require a warehouse operator that would qualify under paragraphs (c)(1)(i) or (ii) of this section to enter into a storage agreement if deemed necessary by the Deputy Administrator to be needed to protect CCC’s interests.

§1421.104 Marketing assistance loan making.

(a)(1) CCC may conduct such lien searches, and may perfect its interest in loan commodities under State law, as it deems to be in its interest.

(2) The cost for terminating the financing statement for marketing assistance loans disbursed under this part before the end of the term shall be paid by the producer.

(3) If there are any liens or encumbrances on the commodity pledged as collateral for a marketing assistance loan made under this part, waivers that fully protect CCC’s interest must be obtained even though the liens or encumbrances are satisfied from loan proceeds disbursed under this part. No additional liens or encumbrances shall be placed on the commodity after such a loan is approved.

(b) Fees, charges, interest, and all applicable approved commodity assessment collections must be paid by the producer to CCC at a rate CCC determines or, in the case of assessments, at
Commodity Credit Corporation, USDA § 1421.105

a rate approved by the assessment authority. Such fees, charges, and interest include:

(1) A non-refundable loan service fee;

(2) Interest that accrues on a loan under part 1405 of this chapter.

(c) For the 2008 through 2012 crop years, to ensure proper storage of peanuts for which a loan is made under this section, the Secretary will pay reasonable handling and other associated costs (other than storage) incurred at the time at which the peanuts are placed in a warehouse stored loan. Such rates will be available in the State and county FSA offices.

(d) The cost of terminating a financing statement shall be paid by the producer.

§ 1421.105 Farm-stored marketing assistance loans.

(a) The producer of a commodity pledged as security for a farm-storage loan shall:

(1) Certify the quantity of such commodity on the loan application, or;

(2) Have such quantity measured by CCC at the measurement service rate established by CCC.

(b) The State committee may establish a marketing assistance loan percentage not to exceed a percentage CCC establishes or it may apply quality discounts to the loan rate in each year for each commodity on a State-wide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within the State to determine if the marketing assistance loan percentage should be reduced below the maximum marketing assistance loan percentage or the quality discounts should be applied to the basic county marketing assistance loan rate to provide CCC with adequate protection. Marketing assistance loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such reductions. Percentages established or loan rates adjusted for quality under this section shall apply only to new marketing assistance loans and not to outstanding marketing assistance loans. In determining loan percentages or the necessity to apply quality discounts, the State committee shall consider any factor at its discretion, including the following:

(1) General crop conditions;

(2) Factors affecting quality peculiar to an area within the State; and

(3) Climatic conditions affecting storability.

(c) An eligible quantity of a commodity that is commingled with an ineligible quantity of the commodity is not eligible to be collateral for a marketing assistance loan unless the producer, when requesting a marketing assistance loan designates all structures that may be used for storage of the marketing assistance loan collateral.

(1) In such cases, the producer is not required to obtain prior written approval from the county committee before moving marketing assistance loan collateral from one designated structure to another designated structure.

(2) In all other instances, if the producer intends to move marketing assistance loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be written and the eligible or ineligible commodity must be measured by a representative of the county office, at the producer's expense, before commingling. Prior to commingling, with respect to wool and mohair, a representative of the county committee may determine an average production of the wool and mohair in a manner approved by CCC.

(d)(1) Two or more producers may obtain:

(i) A single joint marketing assistance loan for commodities that are stored in the same farm storage facility; or

(ii) Individual marketing assistance loans for their share of the commodity that is commingled in a farm storage facility with commodities owned by other producers if such other producers execute an agreement that provides
that such producers shall obtain the permission of a representative of the county committee before removal of any quantity of the commodity from the storage facility. All producers who store a commodity in a farm storage facility in which commodities that have been pledged as collateral for a marketing assistance loan shall be liable for any damage incurred by CCC for the deterioration or unauthorized removal or disposition of such commodities.

(2) In such cases, each producer must execute a note and security agreement with CCC, and each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the requirements of this part. Each producer is also liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to their share in the commodity pledged as collateral. In addition, such producer may not amend the note and security agreement for the producer’s claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) A producer, when requesting a marketing assistance loan, shall designate in writing specific storage structures.

(2) The producer is not required to request prior approval before moving marketing assistance loan collateral between such designated structures.

(3) Movement of marketing assistance loan collateral to any other structures not designated or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to administrative actions.

(4) The producer is responsible for any loss in quantity or quality of the farm-stored commodity pledged as collateral.

(5) CCC shall not assume any loss in quantity or quality of the marketing assistance loan collateral for farm-stored loans.

§ 1421.106 Warehouse-stored marketing assistance loan collateral.

(a) A commodity may be pledged as collateral for a warehouse-stored marketing assistance loan in the quantity delivered to CCC for storage at a warehouse that meets standards for approval at part 1423 of this chapter. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) Two or more producers may obtain a single joint marketing assistance loan for commodities stored in an approved warehouse if the warehouse receipt pledged as collateral is issued jointly to the producers.

(c) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to such producer’s claimed share in the commodity pledged as collateral for the marketing assistance loan. In addition, such producer may not amend the note and security agreement with respect to the producer’s claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(d) Storage rates that CCC has approved to be deducted from marketing assistance loan proceeds are available in USDA State and county FSA service centers. Deductions shall be based upon entries on the warehouse receipt or supplemental certificate, but the storage rate shall not exceed the storage rate CCC has approved. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

(1) Storage charges through the maturity date have been prepaid; or

(2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the commodity covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against
Commodity Credit Corporation, USDA

§ 1421.107 Warehouse receipts.

(a) Warehouse receipts tendered to CCC under §1421.3 for marketing assistance loans must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of the eligible producer, the receipt must be properly endorsed on its reverse side certifying that the crop is free of encumbrances in order for title to vest in the holder. Receipts must be issued by an authorized warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the eligible commodity actually in storage in the warehouse of the original deposit.

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator’s commodity is invalid, the warehouse operator may offer the commodity to CCC for a marketing assistance loan if such warehouse is licensed under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an authorized warehouse must indicate that the commodity is insured. CCC shall not be responsible for the cost of such insurance.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, for rice, such receipt must also state the milling yield of the rice, and for wool, such receipts must also state the yield and micron of the wool.

(f) With respect to peanuts, a warehouse receipt must be submitted exhibiting grade, type, and segregation for peanuts tendered to CCC.

(g)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued by an authorized warehouse as specified in §1421.103(c)(1), as applicable, and must indicate:

(i) The name and location of the storing warehouse;

(ii) The warehouse code assigned by licensing authority;

(iii) The warehouse receipt number;

(iv) The date the receipt was issued;

(v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;

(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;

(x) The signature of the warehouse operator or the authorized agent; and

(xi) For warehouses operating under a merged warehouse code agreement (KC–385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (g)(1) of this section, additional commodity specific requirements shall be determined by CCC and be available at State and county offices and the Kansas City Commodity Office.

§ 1421.108  Transfers and reconcentrations.

(h) If a warehouse receipt indicates that the commodity tendered for loan grades “infested” or “contains excess moisture”, or both, the receipt must be accompanied by a supplemental certificate in order for the commodity to be eligible for a marketing assistance loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows “infested” and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the “infested” designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (h)(2)(iv) of this section.

(ii) When a supplemental certificate is issued under paragraphs (g)(1) and (h)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended under paragraph (h)(2)(iii) of this section, such quantity shall reflect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

(1) Barley: 14.5 percent;
(2) Corn: 15.5 percent;
(3) Grain sorghum: 14.0 percent;
(4) Oats: 14.0 percent;
(5) Rice: 14.0 percent;
(6) Soybeans: 14.0 percent;
(7) Wheat: 13.5 percent; and
(8) Peanuts: 10.0 percent.

(B) For the following commodities, 1.1 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

(1) Canola: 10.0 percent;
(2) Flaxseed: 9.0 percent;
(3) Mustard Seed: 10.0 percent;
(4) Rapeseed: 10.0 percent;
(5) Safflower Seed: 10.0 percent;
(6) Sunflower Seed: 10.0 percent;
(7) Crambe: 10.0 percent; and
(8) Sesame Seed: 10.0 percent.

(i)(1) If, under paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(j) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied by supplemental certificates completed under paragraph (g) of this section.

§ 1421.109 Personal liability of the producer.

(a) When a producer obtains a commodity marketing assistance loan, the producer agrees, in writing, not to:

(1) Provide an incorrect certification of the quantity or make any fraudulent or erroneous representation for the marketing assistance loan; or

(2) Remove or dispose of a quantity of commodity that is collateral for a CCC farm-stored loan without prior written approval from CCC in accordance with §1421.10.

(b) The violation of the terms and conditions of the note and security agreement, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible. If CCC determines that the producer has violated the terms and conditions of the applicable forms prescribed by CCC, liquidated damages will be assessed on the quantity of the commodity that is involved in the violation.

(b) Such violations as referred to in paragraph (a)(3) of this section may include, but are not limited to:

(1) Incorrect certification;

(2) Unauthorized removal; and

(3) Unauthorized disposition.

(c) If the county committee determines that the producer has committed such violations, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(d) Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent of the marketing assistance loan rate applicable to the loan note.

(e) When it has been determined that a violation of the terms and conditions of the note and security agreement has occurred as a result of unauthorized removal or disposition, CCC will determine the quantity of the commodity involved with respect to such violation and require the repayment of that portion of the marketing assistance loan which is equivalent to such quantity of the commodity. In the case of these violations, if CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages shall be assessed according to paragraph (d) of this section and the commodity involved in the violation must be redeemed at the lesser of:

(i) The rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement; or

(ii) The alternative repayment rate in effect on the date of the determination is issued by CCC that a violation has occurred, plus 15 percent of the original loan rate as provided on the note and security agreement.

(2) Did not act in good faith when the violation was committed, liquidated damages shall be assessed in accordance with paragraph (d) of this section, and administrative actions shall be taken in accordance with paragraph (h) of this section. The loan must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(f) When it has been determined that a violation of the terms and conditions of the note and security agreement has occurred as result of an incorrect certification, CCC will determine the quantity of the commodity involved with respect to such violation and require the repayment of that portion of the marketing assistance loan at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement. In the case of an incorrect certification, if CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages shall be assessed according to paragraph (d) of this section, and the commodity involved in the violation must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(2) Did not act in good faith about the violation, liquidated damages shall be assessed in accordance with paragraph (d) of this section and administrative actions shall be taken in accordance with paragraph (h) of this section. The loan must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(g) If the producer fails to pay such amount within 30 days from the date of notification of violations as provided in paragraphs (e)(1) and (f)(1) of this section, the producer must immediately repay the marketing assistance loan at the rate at which the loan was disbursed plus interest, and any other charges assessed under the note and security agreement.

(h) For violations subject to paragraphs (e)(2) and (f)(2) of this section, the producer must immediately repay the marketing assistance loan at the rate at which the loan was disbursed plus interest, and any other charges assessed under the note and security agreement. If the loan has already been repaid, any market gain previously realized on the loan, plus interest, must be refunded to CCC. CCC will demand delivery of any remaining loan collateral if not repaid within the 30 calendar day notification period.

(i) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide sufficient evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken.

(j) If the loan is accelerated, the producer may not repay the loan at the alternative loan repayment rate and may not utilize commodity certificate exchanges, unless authorized by CCC.

(k) Producers denied or rejected for a farm-stored loan for any reason under this section may apply for a warehouse-stored loan.

(l) The loan plus other charges shall be payable to CCC upon demand if a producer:

(1) Makes any fraudulent representation in obtaining a marketing assistance loan, maintaining, or settling a loan; or

(2) Disposes or moves the loan collateral without the approval of CCC.

(m) A producer shall be personally liable for damages resulting from a commodity delivered to or removed by
Commodity Credit Corporation, USDA § 1421.111

CCC containing mercurial compounds, toxin producing molds, or other substances poisonous or harmful to humans or animals or property.

(n) If the amount disbursed under a marketing assistance loan or in settlement thereof, exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(o) If the amount collected from the producer in satisfaction of the marketing assistance loan is less than the amount required under this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(p) In the case of joint loans, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the note.

(q) Any or all of the liquidated damages assessed under this section may be waived if the CCC determines that the violation occurred inadvertently, accidentally, or unintentionally.

§ 1421.111 Loan settlement.

(a) The value of the settlement of marketing assistance loan shall be made by CCC on the following basis:

(1) For nonrecourse marketing assistance loans, the schedule of premiums and discounts for the commodity provided that:

(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(2) For recourse marketing assistance loans, the proceeds from the sale of the commodity provided that:

(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the proceeds received from the sale of the commodity are greater than the sum of the amount due, plus any cost incurred by CCC in conducting the sale of the commodity, the amount of such excess shall be paid to the producer or, if applicable, to a secured creditor of the producer.

(3) If CCC sells the commodity described in paragraph (a)(1) and (a)(2) of this section in settlement of the marketing assistance loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale and CCC will deduct the amount of these costs from the sales proceeds. If CCC sells any commodity obtained by delivery or forfeiture under a non-recourse marketing assistance loan, CCC

§ 1421.110 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan for the 2008 and 2009 crop years, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan;

(2) The prevailing world market price, as determined by CCC, for rice or the alternative repayment rate for all other commodities, as determined by CCC.

(c) Commodity certificate exchanges may not be used when locking in a repayment rate under § 1421.10.

(d) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines.

(2) Purchasing a commodity certificate for the exact amount required to exchange the marketing assistance loan collateral.

(3) Immediately exchanging the purchased commodity certificate for the outstanding loan collateral.

(e) The authority to make commodity certificates available to the producer will terminate effective the ending of the 2009 crop year.

§ 1421.112 Foreclosure.

(a)(1) Upon maturity and non-payment of a warehouse-stored loan, title to the unredeemed collateral securing the marketing assistance loan shall immediately vest in CCC.

(2) Upon maturity and nonpayment of a farm-stored marketing assistance loan, title to the unredeemed collateral shall automatically transfer to CCC upon CCC demand.

(c) Settlements made by CCC for eligible commodities that are stored in an authorized warehouse shall be based on the settlement value at the time of the loan disbursement and the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents subject to adjustments for changes in quality and other factors.

(c) Settlements made by CCC for peanuts acquired by CCC and stored in an authorized warehouse shall be based on the settlement value at the time of the loan disbursement and the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents subject to adjustments for changes in quality and other factors.

(d) For peanuts forfeited to CCC, the Secretary will pay reasonable storage, handling, and other associated costs for all peanuts pledged as collateral that are forfeited under this section.

(e) In all cases, settlements may be adjusted for changes in quality and other factors affecting the value of the commodity.

(f) Beginning with the 2009 through 2012 crop years, premiums and discounts will apply to all eligible loan commodities forfeited and delivered to CCC. This will not require any additional adjustment for peanuts to the extent that such premiums and discounts were accounted for when the loan was made.

§ 1421.112 Foreclosure.

(a)(1) Upon maturity and non-payment of a warehouse-stored loan, title to the unredeemed collateral securing the marketing assistance loan shall immediately vest in CCC.

(2) Upon maturity and nonpayment of a farm-stored marketing assistance loan, title to the unredeemed collateral shall automatically transfer to CCC upon CCC demand.

(c) Settlements made by CCC for eligible commodities that are stored in other than authorized warehouses must be delivered to CCC as CCC instructs. Settlement will be based on entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(d) For eligible loan commodities that are delivered from other than an authorized warehouse, settlement will be made by CCC on the basis of the basic marketing assistance loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

(e) All eligible commodities that are stored in other than authorized warehouses must be delivered to CCC as CCC instructs. Settlement will be based on entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(f) Beginning with the 2009 through 2012 crop years, premiums and discounts will apply to all eligible loan commodities forfeited and delivered to CCC. This will not require any additional adjustment for peanuts to the extent that such premiums and discounts were accounted for when the loan was made.

§ 1421.112 Foreclosure.

(a)(1) Upon maturity and non-payment of a warehouse-stored loan, title to the unredeemed collateral securing the marketing assistance loan shall immediately vest in CCC.

(2) Upon maturity and nonpayment of a farm-stored marketing assistance loan, title to the unredeemed collateral shall automatically transfer to CCC upon CCC demand.

(3) When CCC acquires title to the unredeemed collateral, CCC shall not pay for any market value that such collateral may have in excess of the marketing assistance loan indebtedness (the unpaid amount of the note and charges plus interest).

(b) If the total amount due on a farm-stored loan (the unpaid amount of the note plus charges, and interest) is not satisfied upon maturity, CCC may remove the commodity from storage, and assign, transfer, and deliver the commodity or documents evidencing title thereto when, how, and upon terms as CCC determines. Disposition may also be effected without removing the commodity from storage. The commodity may be processed before sale and CCC may become the purchaser of the whole or any part of the commodity at either a public or private sale.

(1) The value of settlement for a farm-stored commodity removed by CCC from storage and shall be as provided in §1421.111.
Commodity Credit Corporation, USDA § 1421.201

(c) Recourse marketing assistance loan collateral may not be delivered or forfeited to CCC in satisfaction of the loan indebtedness.

Subpart C—Loan Deficiency Payments

SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.200 Applicability.

(a) During the loan availability period, loan deficiency payments will be made available to eligible producers when the alternative repayment rate is less than the applicable county loan rate.

(b) To be eligible to receive loan deficiency payments a producer must:

(1) Comply with all marketing assistance loan eligibility including beneficial interest requirements.

(2) Agree to forgo obtaining such loan, if applicable; and

(3) File in person, by mail or electronically a request for payment on a form prescribed by CCC; and

(4) Otherwise comply with all program requirements.

(c)(1) A producer must submit to the FSA Service Center a completed request for a loan deficiency payment on forms prescribed by CCC. This submission must be received on or before the date beneficial interest is lost in the commodity and before the final loan availability date for the commodity. Such completed and submitted forms indicate the producer’s intentions and further provide the terms and conditions of the loan deficiency payment program. If all or any of the provisions of this paragraph are not met by the producer, the producer may not obtain the loan deficiency payment benefit.

(2) With respect to a request for a loan deficiency payment for unshorn pelts, a completed request for such a payment must be submitted on or before the earlier of the date of slaughter of the lamb or the loss of beneficial interest in the lamb or the unshorn pelt produced from the lamb. In addition, the lamb must have been owned for not less than 30 days prior to the date such application is filed with CCC and must have been slaughtered for personal use, or sold for slaughter and slaughtered within 10 calendar days after the sale.

(d) For unshorn pelts, the lamb must be owned for a period of not less than 30 days in advance of the application and sold for immediate slaughter or slaughtered for personal use. Producers must submit acceptable production evidence to CCC under §1421.12 at the time of request. Producers who do not sell lambs for immediate slaughter are ineligible for a loan deficiency payment.

§ 1421.201 Loan deficiency payment rate.

(a) The loan deficiency payment rate for a crop shall be the amount by which the loan rate for the crop exceeds the rate at which CCC has announced that producers may repay their loans under §1421.10.

(b) The loan deficiency payment rate will be the rate in effect in the county where the commodity was marketed or stored on the date:

(1) The request for benefits is received in the FSA Service Center, if the producer retains beneficial interest in the quantity on that date;

(2) Beneficial interest was lost, as determined by CCC and as provided in §§1421.6 and 1421.13, if on the date the request for benefits was received in the

527
§ 1421.202 Loan deficiency payment quantity.

(a) A loan deficiency payment may be based on 100 percent of the net eligible quantity specified on acceptable evidence of production of the commodity certified as eligible for loan deficiency payment if such production evidence is provided for such commodity under §1421.12.

(b) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in the same storage facility. Two or more producers may obtain individual loan deficiency payments for their share of the commodity that is stored commingled in a farm storage facility with commodities for which a loan deficiency payment has been requested and shall be liable for any damage incurred by CCC for incorrect certification of such commodities under §1421.203.

(c) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in an authorized or unauthorized warehouse if the acceptable documentation representing an eligible commodity for which a loan deficiency payment is requested is completed jointly for such producers.

§ 1421.203 Personal liability of the producer.

(a) When a producer requests a loan deficiency payment, the producer agrees:

(1) When signing the Loan Deficiency Payment Agreement and Request, as applicable, that the producer will not provide an incorrect certification of the quantity or make any fraudulent representation, that CCC will rely upon when determining eligibility for a loan deficiency payment; and

(2) That violation of the terms and conditions of the loan deficiency payment request, as applicable, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible. If CCC determines that the producer has violated the terms and conditions of the applicable forms prescribed by CCC, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(b) Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent of the loan deficiency payment.

(c) If CCC determines that the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed according to paragraph (b) of this section and the producer must repay the loan deficiency payment applicable to the loan deficiency quantity involved in the violation and charges, plus interest applicable to the amount repaid. If the producer fails to pay such amount within 30 days from the date of notification the producer must repay the entire loan deficiency payment and any other charges plus interest.

(2) Did not act in good faith when the violation was committed, liquidated damages will be assessed in accordance with paragraph (b) of this section and the producer shall repay the entire loan deficiency payment and any other charges plus interest.
(d) CCC may waive the liquidated damages assessed according to paragraph (b) of this section if the CCC determines that the violation occurred inadvertently, accidentally, or unintentionally.

(e) If, for any violation to which paragraph (b) of this section applies, the county committee determines that CCC’s interest is not or will not be protected, the county committee shall:

(1) Call the producer’s farm-stored loans;
(2) Deny future farm-stored loans for the current and 2 following crop years;
(3) Deny loan deficiency payments for the current and 2 following crop years unless production evidence is presented to CCC. Depending on the severity of the violation, the county committee may deny future farm-stored loan and loan deficiency payments without production evidence.

(f) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide sufficient evidence and information regarding the circumstances that caused the violation, to the county committee; and
(2) Administrative action will be taken under this section.

(g) If the amount disbursed under loan deficiency payments exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and liquidated damages, plus interest.

(h) In the case of joint loan deficiency payments, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan deficiency payment application.

(i) Any or all of the liquidated damages assessed under the provisions of paragraph (b) of this section may be waived as determined by CCC.

§ 1421.300 Applicability.

(a) The regulations in this subpart are applicable to the 2008 through 2012 crops of eligible acreage planted to wheat, barley, oats or triticale that is grazed by livestock and not harvested in any other manner. This subpart sets forth the terms and conditions under which a grazing payment in lieu of a loan deficiency payment will be made by CCC.

(b) The form that is used in administering these payments is available in State and county FSA offices and shall be prescribed by CCC.

§ 1421.301 Administration.

(a) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA employees under the general direction and supervision of the State and county FSA committees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations in this part, as amended or supplemented.

(c) The State committee shall take any action required by this part which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations of this part; or
(2) Require a county committee to withhold taking any action which is
§ 1421.302 Eligible producer and eligible land.

(a) To be an eligible producer for a payment under this subpart, the person must be a producer of wheat, barley, oats, or triticale in the 2008 through 2012 crop years. Also, to be an eligible producer, the person must meet all other qualifications for payment that are set out in this subpart, set out in parts 12, 718, 1400, and 1405 of this title. A person will not be considered the producer of the crop unless that person was responsible for the planting of the crop and had control and title of the crop at all times, including, at the time of planting and the time of the request for a payment under, this subpart.

(b) A minor may participate in the program if the right of majority has been conferred on the minor by court order or by statute, or if the minor participates through a guardian authorized to act on the minor’s behalf in these matters. Alternatively, a minor may participate if the program documents are all signed by an acceptable (to CCC) guarantor or if bond, acceptable to CCC, is provided by a surety.

(c) For the crop to be eligible, the crop, in addition to other standards that may apply, must be grown on land that is classified as “cropland” in FSA farm records or on land that FSA determines has been cropped in the last 3 years except that the land may also qualify if the land is committed to a crop rotation, normal for the locality, that includes harvesting the subject crop for grain. These rules are designed to assure, to the extent practicable, that the available payment did not produce plantings that otherwise would not have occurred and the CCC may deny payments in any instance in which there is reason to believe that the planting was done for that purpose. To that end, if the commodity involved has not been previously grown by the producer or is not one which is not predominately produced locally, the producer must submit evidence of seed purchases for planting the commodities and other evidence deemed needed or appropriate by the COC in order to assure that the program goals are made and that the land was not planted to an eligible commodity simply to obtain a payment. Also, the land to be eligible must, for the year involved, be grazed and cannot, during the crop year, be harvested at any time for any purpose, except as determined by the Deputy Administrator to accommodate producers with a history of double-cropping when the crop to be harvested is not the crop for which a payment is to be made under this subpart. Land will be considered grazed only to the extent that the crop on the land is consumed in the field as live plants by livestock for the normal period of time for grazing in the area.

(d)(1) A producer must, at the time of the agreement made under this part to obtain a payment, meet all other eligible criteria for obtaining loan deficiency payments.

(2) For producers of triticale who obtain a payment under this subpart the producer must enter into an agreement with CCC to forgo any harvesting of triticale on the acreage for which such a payment is made.

(e)(1) No payment will be made if the crop could not have been harvested because of weather conditions or any other reason.

(2) The producer must retain the control and title of the commodity for which the payment is sought from the date of planting through the date on which the agreement is made with CCC to forgo any harvesting.
which mechanical harvesting of the crop would normally occur.

(f) Producers who elect to graze 2008 through 2012 crop wheat, barley, oats, or triticale will not be eligible for an indemnity under the Federal Crop Insurance Program provision of Chapter IV of this title or a payment under Noninsured Crop Assistance Program authorized under part 1437 of this chapter.

§ 1421.303 Time and method for application.

Application for the program provided in this subpart must be received, at the county office that is responsible for administering programs for the farm, no earlier than the date on which eligible crops would normally be harvested and no later than the final loan availability date as determined in accordance with §1421.5. The application must describe the land to be grazed and, in accordance with standards set by CCC, the tract/field location. The COC will determine the first harvest date which shall take into account the date on which such crops are, locally, normally harvested for any purpose. Where multiple producers are involved, the form must reflect each producer's share in the crop. No producer must receive payments under this subpart except to the extent that the payments are commensurate with that share. Should a person who is entitled to receive a payment under this subpart die, that payment, as earned, may be made to other persons as provided for in the rules set out in part 707. Third parties may also receive payments to the extent provided for in that part for other situations involving an incapacitation of the producer. Refusals to allow CCC to verify information on any form or report utilized for this subpart can result in program ineligibility and producers must provide CCC and its agent to the property involved and to all records as may be relevant to the making of payments under this subpart. Further, false statements will disqualify the producer from the program and may be subject to other sanctions including criminal sanctions.

§ 1421.304 Payment amount.

(a) The grazing payment rate shall be the loan deficiency payment in effect for the farm on the date which the producer submits a complete program application to CCC. For triticale, the grazing rate will be equal to the loan deficiency payment rate in effect for the predominant class of wheat in the county where the farm is located as of the date the application is filed.

(b) The payable units of production shall be computed by multiplying the eligible grazed acres by the applicable yield determined under paragraph (c) of this section.

(c) The payment yield shall be the yield in effect for the calculation of direct payments under part 1412 of this chapter. In a case of a farm for which a farm program payment yield is unavailable for a covered commodity, an appropriate payment yield for the covered commodity on the farm will be determined by CCC taking into consideration the farm program payment yields applicable to the commodity using three (3) similar farms. For triticale, the payment yield shall be the yield for wheat from three (3) similar farms in that county.

(d) No payment may be received or retained under this subpart to the extent that the payment, were they considered to be LDP’s, would place that person over the per person per year payment limit that applies to LDP’s. The producer agrees that the CCC may collect any payment considered to be an overpayment by reason of this sub-section by withholding LDP payments until the matter is resolved, by treating the LDP as being not payable to the extent that a grazing refund would otherwise be due, by setoff, or by any other means available to CCC.

(e) Payments can be withheld until the actual grazed acreage is verified and justified in connection with any other reports filed with FSA with respect to the farm (or filed with some other person or agency) and until all...
other necessary information is obtained. CCC may require such other verification as it deems appropriate to assure that the program goals are met.

(f) To receive the payment, the eligible producer must submit a request for payment on an application form as prescribed by CCC or FSA. The application may be obtained from the county FSA office, or from the USDA or FSA web site in the Internet. The form must be submitted to the county by the close of business on or before March 31 of the calendar year following the year the crop is normally harvested.

(g) The producer will be ineligible for payments under this subpart if any discrepancies between the reported acreage on the program form and other reports of acreage by the producer are not resolved by a date set by CCC.

§ 1421.305 Misrepresentation and scheme or device.

(a) A producer shall be ineligible to receive payments under this subpart if it is determined by DAFP, the State committee, or the county committee to have:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation;

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this subpart to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the producer’s actions, shall be refunded with interest together with such other sums as may become due. Any producer engaged in acts prohibited by this section and any person receiving payment under this subpart, as a result of such acts, shall be jointly and severally liable for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1421.306 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under this application, of this subpart, and if any refund of a payment to CCC shall become due for that or other reason in connection with the application, of this subpart, all payments made under this subpart to any producer shall be refunded to CCC together with interest as determined in accordance with paragraph (c) of this section and late-payment charges as provided for in part 1402 of this chapter.

(b) All persons listed on an application shall be jointly and severally liable for any refund due in connection with that application and for any related charges which may be determined to be due for any reason.

(c) Interest shall be applicable to refunds required from the producer. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment but the interest rate shall increase to reflect any increase in the rate charged to CCC by Treasury for any percent of time for which the interest assessment is collected. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the producer.

(d) Late payment interest shall be assessed on refunds in accordance with the provisions of, and subject to the rates in part 1403 of this chapter.

(e) Producers must refund to CCC any excess payments made by CCC with respect to any application in which they have an interest. Such refund shall be subject to interest at the same rate that applies to other refunds.

(a) A DMA is eligible to process any marketing assistance loan or loan deficiency payments only if approved in advance to handle such matters by the Farm Service Agency pursuant to this part; and:

(1) The DMA meets the financial requirements and other requirements in this subpart and part;

(2) The DMA is comprised solely of peanut producers or is a subsidiary of an organization of peanut producers;

(3) The DMA is not controlled directly or indirectly by a person or entity that acquires peanuts for processing or crushing through a business involved in buying and selling peanuts or peanut products;

(4) The DMA does not take title at any time to any peanuts for which it processes loans or loan deficiency payments, irrespective of whether such title is taken before or after those activities are performed. If such title or interest is taken, the DMA shall be responsible to return to CCC the full amount of the CCC proceeds disbursed with respect to the peanuts; and

(b) As part of performing the responsibilities in paragraph (a) of this section, DMAs shall:

(3) The entity’s tax identification number.

(4) A copy of any applicable incorporating or partnership documents.

[70 FR 33799, June 10, 2005. Redesignated at 74 FR 15656, Apr. 7, 2009]

§ 1421.405 Liability.

(a) DMAs shall indemnify CCC against any claim or loss by CCC in connection with the processing of any MALs or LDPs or other activity carried out by the DMA. If CCC pays any claim or suffers a loss as a result of the actions of DMA, or if a refund otherwise becomes due to CCC, payment in the amount of such losses or refund, plus interest, may be set-off by CCC from the financial security provided by DMA as required by this subpart. If the amount of the loss exceeds the amount of the financial security, such amount shall be paid to CCC by DMA with interest. Interest and other charges may be assessed consistent with §1403.9 of this chapter. Remedies provided in this section or part are in addition to other remedies or penalties, whether civil, criminal or otherwise, as may apply.

(b) If a DMA becomes liable to CCC under paragraph (a) of this section or otherwise in connection with this subpart, such DMA shall not be eligible to process a LDP or MAL until the claim amount owed CCC is paid in full, and the full amount of financial security required by this subpart has been restored.

[70 FR 33799, June 10, 2005. Redesignated at 74 FR 15656, Apr. 7, 2009]

§ 1421.406 Reporting requirements.

(a) Report of changes. A DMA shall furnish information to CCC within thirty calendar days relating to any
substantial change in the DMA operations including but not limited to the following:

(1) A change in its articles of incorporation;
(2) A resolution affecting loan or LDP operations.
(3) A change to the DMAs name, address, phone number, or related information on the DMA agreement.

(b) Other Information. The DMA shall supply such additional information as CCC may request related to the DMAs continued approval by CCC to process loans and LDPs under the authority provided in this subpart.

(c) CCC request for information. CCC may require a DMA to submit updated information, a new application, or a request for recertification whenever CCC becomes aware of any changes or has any reason to be uncertain that the DMA is operating in a manner that is consistent with the information already submitted, or consistent with this part.

(d) Annual recertification. Within 4 months after the end of the DMAs fiscal year, a DMA must submit the following information to CCC:

(1) A current financial statement prepared according to generally accepted accounting principles;
(2) A report of audit or review of the financial statement conducted by an independent Certified Public Accountant. The accountant’s report of audit or review shall include the accountant’s certifications, assurances, opinions, comments, and notes with respect to such financial statements.
(3) Additional financial security as determined by CCC, if the financial security on file with CCC does not meet current requirements or has expired.
(4) A report of changes as required under paragraph (a) of this section.

(e) Activity report. DMAs shall provide CCC reports of MAL and LDP volume and benefit earnings made by the DMA for individual producers, and gains received on behalf of each peanut producer, in a format as directed by CCC.

§ 1421.407 Suspension and termination.

(a) Suspension. If CCC determines that a DMA is not in compliance with the DMA agreement CCC may suspend the DMA from making peanut MALs and LDPs until the DMA corrects the violation, or longer.

(b) Termination. The DMA agreement may be terminated by the DMA upon 30-calendar day’s written notice to CCC. CCC may cancel the agreement at any time. Upon termination DMA shall immediately cease processing MAL or LDP requests and documents except as needed to preserve CCC’s position with respect to existing loans or LDPs.

§ 1421.408 Prohibited activity.

(a) DMAs approved to handle loans under this subpart may not:

(1) Discriminate against or deny any producer from receiving MALs or LDPs because of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status for which they would otherwise be eligible under the statutes regulating the MAL and LDP program.
(2) Pool peanuts for the purpose of obtaining peanut MALs or LDPs from CCC.
(3) Pool the proceeds obtained from peanut MALs or LDPs made by CCC.
(4) Process farm-stored certified or measured MALs or LDPs unless authorized by CCC.
(5) Take title to any peanuts.
(6) Operate the DMA under the same entity and tax identification number of a CCC-approved CMA.
(7) Refuse services to producers because the DMA was not granted a power of attorney for purposes of executing MAL documents to obtain MALs for the producer, repaying the MAL for the producer, obtaining LDPs for the producer, or marketing the producer’s peanuts.
(8) Adopt any scheme or device to circumvent the purpose of the peanuts MAL and LDP program regulations, the regulation governing DMAs, or the DMAs agreement with CCC.
§ 1421.409 Monitoring payment limitations.

DMAs shall monitor potential gains for producers and not disburse proceeds or permit loan repayments in lieu of forfeitures of the peanuts that would produce a gain over the per person per year limit allowed to the producer by this part and part 1400 of this chapter or which would otherwise be prohibited. Payment limitations are not applicable for the 2009 through 2012 crop years.

§ 1421.410 Recordkeeping requirements.

A DMA shall maintain producer MAL and LDP paper documents and electronic records for an indefinite period unless otherwise notified by CCC.

§ 1421.411 Forms.

For purposes of conducting business related to this part, a DMA shall use either current CCC forms or other forms approved by CCC. A DMA may perform functions under this part only when approval has been obtained by CCC.

§ 1421.412 Powers of attorney.

DMAs may hold a power of attorney from a producer allowing the DMA to sign MAL and LDP documents for the producer, but DMAs may obtain and hold such powers only in accordance with the requirements of CCC governing such powers.

§ 1421.413 Liens and waivers.

DMAs performing loan-related functions pursuant to the authority in this subpart shall determine, to the same extent as required for loans handled by FSA county offices, whether a lien on the peanuts exists by performing or obtaining a lien search for all peanuts to be pledged for each MAL, except that the cost associated with such lien search and any necessary lien waivers shall be borne by the DMA. If a lien exists, the DMA shall obtain, on an approved CCC form, a signed waiver from each lienholder with an interest in any such lien.

§ 1421.414 Producer request to a DMA for an MAL or LDP.

Peanut producers or their authorized agent may request that an MAL or LDP be processed by a DMA only if the DMA is approved under this subpart to process such a request and only if the producer supplies to the DMA:

(a) Beneficial interest information. Beneficial interest must be maintained by the producer according to §1421.6 for the peanuts to be eligible for MAL or LDP; accordingly, the producer must supply to the DMA such information as it needed to make that determination.

(b) Warehouse receipts and lien information. Producers must supply for all peanuts either individual paper warehouse receipts in the producer’s name or an electronic warehouse receipt (EWR) number and provider’s name. Producers must supply relevant lien information regarding the peanuts; however, the producer’s obligation in this regard does not relieve the DMA from making the appropriate lien search.

§ 1421.415 Processing marketing assistance loans.

DMAs shall take the following actions in the following order when an application for an MAL is filed:
Commodity Credit Corporation, USDA § 1421.418

(a) Make all the determinations that are a precondition for a loan, including lien determinations and if requested by the producer, enter into a power of attorney agreement with the producer.

(b) If there is an EWR for the peanuts, instruct the current holder to notify the electronic warehouse receipt provider to amend the electronic warehouse receipt to show the DMA as holder. If a paper receipt is involved, the DMA must obtain the receipt (and later, at the appropriate time include the receipt in the documents delivered to the CCC).

(c) Complete all MAL forms.

(d) After the producer or the person holding the power of attorney for the producer signs MAL document, provide the signatory with copies of the documents.

(e) Where there is an EWR for the peanuts notify the EWR provider to make CCC the holder of the EWR and secure an affirmation verifying that CCC has been made the holder of the EWR.

[70 FR 33799, June 10, 2005. Redesignated at 74 FR 15656, Apr. 7, 2009]

§ 1421.416 Processing loan deficiency payments.

(a) DMAs shall take the following actions in the following order when an application for an LDP is filed:

(1) In addition to other determinations as must be made, the DMA shall determined whether the producer has sufficient remaining eligibility under the applicable payment limit to allow the receipt of the LDP. If there is not sufficient eligibility, the DMA must refuse to process the request;

(2) If EWRs are applicable for the peanuts for which the LDP is sought, the DMA must instruct the current holder to notify the EWR provider to amend the EWR to show that the peanuts were used to obtain an LDP;

(3) The DMA must insure that the producer or the person holding the power of attorney for the producer signs the LDP documents; and

(4) If the peanuts and the producer are eligible for the loan and all other conditions have been met, the DMA may disburse funds to the producer subject to the time limits set out elsewhere in this part.

(b) The LDP rate applicable to the LDP request will be the rate in effect on the date the DMA receives the request except as may otherwise be provided for in this part.

§ 1421.417 Disbursing MAL and LDP proceeds.

(a) A DMA may request that CCC establish a drawdown account from which to disburse MAL and LDP amounts to producers, and designate the financial institution they wish to use.

(b) CCC will determine whether a drawdown account is justified and the amount of the account.

(c) If there is no drawdown account, MAL and LDP proceeds shall be distributed to the producer within 3 work days from the date the DMA receives MAL or LDP proceeds from CCC, after deduction of authorized charges or fees for services. If there is a drawdown account, the MAL and LDP proceeds shall be distributed to the producer within 3 days of the completion of the application.

(d) The DMA shall assess charges and fees at the same rate for each producer that it serves.

(e) If a drawdown account is used, CCC shall replenish the amount as necessary as it is drawn down.

(f) The DMA must notify CCC of the actual date on which the MAL is disbursed.

§ 1421.418 Submitting MAL and LDP documentation to FSA.

(a) Until such time as an alternative FSA loan or LDP making system is made available to DMAs, within 3 business days of any DMA prepared disbursement, the DMA shall group separately and submit to FSA:

(1) MALs with the same disbursement date, peanut type, warehouse code, and State where peanuts were inspected; and

(2) LDPs with the same LDP rate, approval date, and peanut type.

(b) Each of the groups identified in paragraph (a) of this section shall be
§ 1421.419  MAL or LDP servicing.

(a) The DMA shall be responsible for servicing MALs and are required to take the following actions:

(1) Send the producer a maturity notice letter before MAL maturity.

(2) Maintain the MAL or LDP documents according to FSA requirements.

(3) Transmit the necessary funds to repay the MAL to FSA.

(b) FSA shall process the CCC release of paper receipts or EWRs where such a release is appropriate.

§ 1421.420  Inspections and reviews.

The books, documents, papers, and records of the DMA and parent company shall be maintained for six years after the applicable crop year and shall be made available to CCC for inspection and examination at all reasonable times. At any time after an application is received, CCC shall have the right to examine all books, documents, papers, and determine whether the DMA is operating or has operated in accordance with the regulations in this part, any articles of incorporation, articles of association, partnership documents, agreements with producers, the representations made by the DMA in its application for approval, and, where applicable, its agreements with CCC. If the DMA is determined to be not complying with this part or any of its agreements, CCC will take appropriate action as provided in elsewhere in this subpart or other action CCC determines appropriate.

(2) Furnish a copy of any written lease agreement to CCC with the application. All leases are subject to CCC approval; and
(3) Have sufficient employees and management with technical qualifications and skills in the warehousing business regarding the commodities subject to the agreement.

(d) Unless otherwise provided in this part, each approved warehouse shall:

(1) Be maintained under the control of the warehouse operator;
(2) Be maintained in a good state of repair; and
(3) Maintain adequate equipment to receive, handle, store, preserve and deliver the applicable commodity.

§ 1423.5 Application requirements.

To apply for approval under this part, a warehouse operator shall submit to CCC the following:

(a) An application as prescribed by CCC for the applicable commodity storage agreement;
(2) Evidence of compliance with §1423.4;
(3) Current financial information sufficient to meet the requirements of §1423.6;
(4) For State licensed or non-licensed warehouse operators, a sample copy of the warehouse operator’s warehouse receipts or electronic warehouse receipt record descriptor when applicable; and
§ 1423.6 Financial information documentation requirements.

To be approved under this part, a warehouse operator shall submit a current financial statement at the time of application, and annually thereafter, as provided for in the applicable storage agreement.

§ 1423.7 Net worth alternatives.

Warehouse operators with net worth equal to or greater than the minimum net worth required, but less than the total net worth for the commodity involved in the particular agreement, may satisfy the net worth deficiency by furnishing one of the following:

(a) A bond which:
   (1) Is executed by a surety approved by the U.S. Department of the Treasury so long as the surety maintains someone authorized to accept service of legal process in the State where the warehouse is located.
   (2) Is executed on either a bond form obtained from CCC, or which is furnished under State law or operational rules for non-governmental supervisory agencies, if approved by CCC, so long as CCC determines that such alternative bond:
      (i) Provides adequate protection to CCC;
      (ii) Has been executed by a surety approved by the U.S. Department of the Treasury or has an acceptable blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond; and
      (iii) Is effective for at least 1 year and cannot be canceled without 120 days notice to CCC. Excess coverage on a bond for one warehouse will not be accepted by CCC against insufficient bond coverage on other warehouses;
   (b) Cash and negotiable securities. Any such cash or negotiable securities accepted by CCC will be returned to the warehouse operator when the period for which coverage was required has ended and CCC determines there is no liability under the storage agreement;
   (c) An irrevocable letter of credit meeting CCC requirements that is effective for at least 1 year and cannot be canceled without 120 days notice to CCC. The issuing bank must be a commercial bank insured by the Federal Deposit Insurance Corporation or a financial institution subject to the Farm Credit Act, or
   (d) Other alternative instruments and forms of financial assurance as the Deputy Administrator determines appropriate to secure the warehouse operator’s compliance with this section.

§ 1423.8 Approval or rejection.

(a) CCC will notify warehouse operators approved under this part in writing. Such approval does not relieve the warehouse operator of any obligation under any agreement to CCC or any other agency of the United States, and does not obligate CCC to use the warehouse.

(b) CCC will notify the warehouse operator of rejection under this part in writing. The notification will state the cause(s) for rejection. CCC will reconsider a warehouse for approval when the warehouse operator establishes that the reasons for rejection have been remedied or requests reconsideration of the action and presents to the Director, KCCO, in writing, information in support of such request. The warehouse operator may, if dissatisfied with the Director’s determination, obtain a review of the determination and an informal hearing by submitting a request with the Deputy Administrator. Appeals shall be as prescribed in part 780 of this title.

[71 FR 35773, June 22, 2006, as amended at 71 FR 42017, July 25, 2006]

§ 1423.9 Examination of warehouses.

Before approval, and while a storage agreement is in effect, a warehouse must be examined by a person designated by CCC periodically to determine compliance with this part. CCC or any other agency of USDA shall, at any time, have the right to inspect the warehouse storage facilities and any applicable records. Inspection or examination by CCC does not absolve the warehouse operator of any failure to
Commodity Credit Corporation, USDA

§ 1423.10 Exceptions for United States Warehouse Act licensed warehouses.

The financial requirements, net worth alternatives and examination provisions of this part do not apply if the warehouse operator is licensed under the U.S. Warehouse Act (USWA) for such commodities, but an examination under this part will be made of such a warehouse whenever CCC determines such action is necessary to protect its interests.

§ 1423.11 Delivery and shipping standards for cotton warehouses.

(a) Unless prevented from doing so by severe weather conditions, fire, explosion, flood, earthquake, insurrection, riot, strike, labor dispute, acts of civil or military authority, non-availability of transportation facilities or any cause beyond the control of the warehouse operator that renders performance impossible, the warehouse operator will:

(1) Deliver stored cotton without unnecessary delay.

(2) Be considered to have delivered cotton without unnecessary delay if, for the week in question, the warehouse operator has made available for shipment at least 4.5 percent of their applicable storage capacity in effect during the relevant week of shipment.

(b) The warehouse operator shall provide a written report to CCC on a weekly basis. The reporting week shall be the seven day period starting at midnight following the close of business on each Saturday and ending at midnight after close of business of the following Saturday. Before close of business of the first business day of the following week, the warehouse operator will provide following information to CCC:

(1) Bales made available for shipment (BMAS) during such week. BMAS is defined as any cotton bales that:

(i) Have been delivered, or are scheduled and ready for delivery during such week; and

(ii) Were scheduled and ready for delivery in a previous week, but were not picked up by the shipper and remain available for immediate loading and another shipping date has not been established, or such bales are not subject to a restocking fee as provided in the warehouse operator’s public tariff.

(2) Active shipping orders, by week; and

(3) Applicable storage capacity that is the higher of CCC approved capacity or the maximum number of bales stored at any time during the applicable crop year.

(c) The warehouse operator may resolve any claim for noncompliance from any entity other than CCC with the cotton shipping standard in a court of competent jurisdiction or through mutually agreed upon arbitration procedures. In no case will CCC provide assistance or representation to parties involved in arbitration proceedings arising with respect to activities authorized under the Cotton Storage Agreement.

§ 1423.12 Application, inspection, and annual agreement fees.

Each warehouse operator not licensed under USWA shall pay to CCC a fee or fees, including an application fee, inspection fee, and an annual agreement fee for each warehouse approved by CCC or for which approval is sought. The terms and conditions of such fees will be set forth in the applicable agreement.

§ 1423.13 Appeals, suspensions, and debarment.

(a) After initial approval, warehouse operators may request that CCC reconsider adverse actions when the warehouse operator establishes that the reasons for the action have been remedied or requests reconsideration of the action and presents to the Director, KCCO, in writing, information in support of such request. The warehouse operator may, if dissatisfied with the Director’s determination, obtain a review of the determination and an informal hearing by submitting a request to the Deputy Administrator. Appeals shall be as prescribed in part 780 of this title, and under such regulations the
warehouse operator shall be considered as a “participant.”

(b) Suspension and debarment actions taken under this part shall be conducted in accordance with part 1407 of this chapter. After expiration of the suspension or debarment period, a warehouse operator may, at any time, apply for approval under this part.

PART 1424—BIOENERGY PROGRAM

§ 1424.1 Applicability.

This part sets out regulations for the Bioenergy Program (program). It sets forth, subject to the availability of funds as provided herein, or as may be limited by law, the terms and conditions a bioenergy producer must meet to obtain payments under this program and from the Commodity Credit Corporation (CCC) for eligible bioenergy production. Additional terms and conditions may be set forth in the document required to request program benefits and in the program contract or agreement prescribed by CCC. This program is effective October 1, 2002, through September 30, 2006.

§ 1424.2 Administration.

This part shall be administered by the Executive Vice President, CCC, under the general direction and supervision of the Executive Vice President or designee. The Executive Vice President or designee may authorize a waiver or modification of deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program, and may set such additional requirements as will facilitate the operation of the program. The funds available for the program shall be limited as set by this rule, otherwise announced by the Executive Vice President, CCC, or limited by law.

§ 1424.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration under this subpart.

Agreement means the Bioenergy Program Agreement or other form prescribed by CCC that must be executed for participation in the program.

Application means the application form prescribed by CCC or another form that contains the same terms, conditions, and information required.

ATF means the Bureau of Alcohol, Tobacco, Firearms, and Explosives of the United States Department of Justice.

Base production means a biodiesel producer’s current FY’s biodiesel production from eligible commodities that is not an increase over biodiesel production in the previous FY to date.

Biodiesel means a mono alkyl ester manufactured in the United States and its territories that meets the requirements of an appropriate American Society for Testing and Materials Standard.

Biodiesel producer means a producer that produces and sells biodiesel who is also registered and in compliance with section 211 (b) of the Environmental Protection Agency Clean Air Act Amendment of 1990.

Bioenergy means ethanol and biodiesel produced from eligible commodities.

Conversion factor means:
(1) For ethanol production, a factor that converts the number of ethanol gallons back to commodity units as determined in the manner announced by CCC;
(2) For biodiesel production, the factor that will treat 1.4 gallons of biodiesel produced as having involved the consumption of one bushel of soybeans in any case when the feedstock was an eligible commodity that has a corresponding oil or grease market price; if there is none, then the factor shall be as determined and announced by CCC.

Eligible commodity means barley; corn; grain sorghum; oats; rice; wheat; soybeans; cotton seed; sunflower seed; canola; crambe; rapeseed; safflower; sesame seed; flaxseed; mustard seed; cellulosic crops, such as switchgrass and hybrid poplars; fats, oils, and greases (including recycled fats, oils and greases) derived from an agricultural product; and any animal byproduct (in addition to oils, fats and greases) that may be used to produce bioenergy, as CCC determines, that is produced in the United States and its territories.

Eligible producer means a bioenergy producer who meets all requirements for program payments.

Ethanol means anhydrous ethyl alcohol manufactured in the United States and its territories and sold either:

(1) For fuel use, rendered unfit for beverage use, produced at a facility and in a manner approved by ATF for the production of ethanol for fuel; or

(2) As denatured ethanol used by blenders and refiners and rendered unfit for beverage use.

Ethanol producer means a person authorized by ATF to produce ethanol.

FSA means the Farm Service Agency, USDA.

FY means the fiscal year beginning each October 1 and ending September 30 of the following calendar year.

KCCO means the FSA, Kansas City Commodity Office.

Posted County Price means the same Posted County Price for different locations as is used under other CCC commodity programs for marketing loan gains and other matters.

Producer is a legal entity (individual, partnership, cooperative, or corporation, etc.) who is a commercial bioenergy producer making application or otherwise involved under this program.

Quarter means the respective time periods of October 1 through December 31, January 1 through March 31, April 1 through June 30, and July 1 through September 30 of each FY, as applicable.

Sign-up period means the time period announced by CCC during which CCC will accept program agreements.

USDA means the United States Department of Agriculture.

§ 1424.4 General eligibility rules.

(a) An applicant must be determined eligible by KCCO and be assigned an agreement number.

(b) To be eligible for program payments, a producer must maintain records indicating for all relevant FY’s and FY quarters:

(1) The use of eligible commodities in bioenergy production;

(2) The quantity of bioenergy produced from an eligible commodity by location;

(3) The quantity of eligible commodity used by location to produce the bioenergy referred to in paragraph (b)(2) of this section; and

(4) All other records, needed, or required by the agreement to establish program eligibility and compliance.

(c) A producer must allow verification by CCC of all information provided. Refusal to allow CCC or any other agency of USDA to verify any information provided will result in a producer being determined not eligible.

(d) For producers not purchasing raw commodity inputs, the production must equal or exceed that amount of production that would be calculated using the raw commodity inputs and the conversion factor set out in §1424.3. A producer that purchases soy oil from a soybean crushing plant for further refinement into biodiesel must be able to prove to CCC’s satisfaction both soy oil purchases and biodiesel production for the applicable quarter. Any special conversion factors needed will be the province of CCC and CCC alone and CCC’s decision will be final.

(e) A producer must meet all other conditions set out in these regulations, in the agreement, or in other program documents.

§ 1424.5 Agreement process.

(a) To participate, an eligible producer must submit a signed agreement.
§ 1424.6 Payment application process.

(a) To apply for payments under this program during an FY, an eligible producer must:

(1) Submit an application or eligibility report for each quarter. Submit the last quarterly application or report of the FY within 30 calendar days of the end of the FY for which payment is requested. If the actual deadline is a non-workday, the deadline will be the next business day;

(2) Certify with respect to the accuracy and truthfulness of the information provided;

(3) Furnish CCC such certification, and access to such records, as CCC considers necessary to verify compliance with program provisions; and

(4) Provide documentation as requested by CCC of both the producer’s net purchases of eligible commodities and net production of bioenergy compared to such production at all locations during the relevant periods. CCC may adjust the formulaic payments otherwise payable to the producer if there is a difference between the amount actually used and certified and the amount of increased commodity use calculated under the formula.

(b) After applications or reports are submitted, eligible producers:

(1) Shall submit such additional supporting documentation as requested by KCCO when additional information is needed to determine eligibility;

(2) Will be notified in writing of their ineligibility and reason for the determination, when the application is determined ineligible by KCCO; and

(3) Shall promptly refund payments when a refund to CCC is due. If a refund is not made promptly, CCC may establish a claim.

§ 1424.7 Gross payable units.

(a) For ethanol, producers will be eligible for payments on gross payable units for only their ethanol production from eligible inputs that exceeds, for the program year to date, their total comparable production at all locations as compared to the comparable portion of the previous year. Producers of ethanol are not eligible for base production payments. Producers shall not be paid twice for the same increase and any decline in relative production between quarters will require a comparable refund. For example, if at the end of the first quarter, a producer were to be paid for an increase of 500 gallons of ethanol, but at the end of the second quarter, that producer’s year-to-date production was down to a net increase for the year of 450 gallons, then a refund would be due for the loss of the corresponding 50 gallons of net extra production. Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, the extra ethanol production from eligible inputs will be converted to gross payable units by dividing the gallons of increased ethanol by the applicable conversion factor.

(b) Biodiesel producers will be eligible for payments on gross payable units for all biodiesel production from eligible inputs. For eligibility purposes there will be two kinds of payment: additional production payments (APP), and base production payments (BPP). Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, gross payable units
for biodiesel production from eligible inputs will be calculated as follows:

(1) For APP, by dividing the gallons of increased biodiesel by the biodiesel conversion factor of 1.4. APP payments will be made on increases as compared with the previous FY. Producers will not be paid twice for the same production. Failure to maintain year to date biodiesel production increases between quarters will require a comparable APP refund as specified below. That is, for example, if a producer were to be paid, at the end of the first quarter, for 500 gallons of increased biodiesel production, but by the end of the second quarter that producer’s production, for the year to date, was only 450 gallons, then a refund of the APP premium would be due for the loss of the corresponding 50 gallons of net production increase.

(2) For BPP, which will be made on production not eligible for the APP, by dividing the base production by the biodiesel conversion factor of 1.4 and multiplying the result by 0.5 in FY 2003, 0.3 in FY 2004, 0.15 in FY 2005, or 0.0 (zero) in FY 2006 to determine base biodiesel production gross payable units.

(3) Adding the APP and BPP to determine biodiesel gross payable units.

(c) There shall only be one eligible producer per plant location.

(1) When producers move production from one plant to another between FY’s, the prior FY’s production for the producer for program payment calculations tied to increases in production shall be the greater of:

(i) The production at the plant operated by the producer in the prior FY, or

(ii) The production in the prior FY at the plant being taken over by the producer in the current FY.

(2) New producers who are taking over a plant with prior bioenergy production shall assume that production history for program purposes. For example: in FY 2002, Producer A produced 1,000 gallons of bioenergy in plant 1 and Producer B produced 500,000 of bioenergy in plant 2. In FY 2003, Producer A assumes operation of plant 2; Producer B moves to plant 3, which was not in the program in FY 2002, but with FY 2002 production of 400,000 gallons from eligible commodities; and Producer C assumes operations of plant 1. In FY 2003, for program purposes solely based on these respective plants, Producer A would have a prior FY production of 500,000 gallons; Producer B would have a prior FY production of 500,000 gallons; and Producer C would have a prior FY production of 1,000 gallons. These examples would apply when a producer moves its entire operation from one plant to another. Otherwise, for purposes of computing whether a producer has increased production in the current year from the previous year, the determination will be made by comparing for the current year the producer’s production figures from all locations in which the producer has an interest with, for the previous year, the sum of:

(i) Production at those locations by any person including, but not limited to, the producer, and

(ii) Additional production by the producer at any other location in that year.

(3) Also, as needed to avoid frustrating the goals of the program, the Executive Vice President of CCC may treat producers with common interests, common ownership, or common facilities or arrangements as the same producer.

§ 1424.8 Payment amounts.

(a) An eligible producer may be paid the amount specified in this section, subject to the availability of funds. Total available funds shall be as determined appropriate by CCC and shall not exceed $150 million in any of FY’s 2003 through 2006.

(b) For agreements submitted during an FY sign-up, applicants must project increases in production. Based on expected commodity prices, using the formula set out in this section, submissions will be assigned an expected payment value. When the payment value of all timely submitted and validly executed agreements exceed available funding, CCC may, at its discretion, prorate payments to be made under such agreements based on total available funding.

(c) When the payment value of all timely submitted applications exceed available funding, CCC will prorate
payments based on total available funding.

(d) Subject to this section and conditions in the agreement, a producer’s payment eligibility shall be adjusted at the end of each quarter, and calculated as follows:

(1) Gross payable units, calculated and determined in accordance with §1424.7, shall be converted to net payable units for producers whose annual bioenergy production is:

(i) Less than 65 million gallons, by dividing by 2.5;

(ii) Equal to or more than 65 million gallons, by dividing by 3.5;

(2) Net payable units calculated under paragraph (d)(1) of this section shall then be converted to a gross payment by multiplying net payable units by the per-unit value of the commodity as of the 10th business day before the start of the production quarter, determined as follows:

(i) For ethanol:

(A) For those agricultural commodities with an established Posted County Price, CCC will use the Posted County Price that CCC announces daily for the county in which the plant is located and applicable quality factors as CCC may establish.

(B) For agricultural commodities that CCC determines do not have Posted County Prices, CCC will use market data CCC determines to be appropriate for the applicable commodity.

(ii) For biodiesel made from:

(A) Soybeans or soy oil, CCC will use the Posted County Price for soybeans for the county where the plant is located.

(B) Eligible commodities other than soybeans or soy oil that have a corresponding oil or grease market price, CCC will first use the soy oil price published in the Agricultural Marketing Service’s weekly “Soybean Crush Report” (Decatur, Macon County, Illinois) for the applicable date. The resulting percentage will be multiplied by the soybean gross payment to determine the producer’s gross payment.

(C) Eligible commodities that do not have a corresponding oil or grease market price, in a manner as determined by CCC.

(3) The gross payment calculated under paragraph (d)(2) of this section shall be reduced to a net payment by multiplying the gross payment figure by the proration factor determined under paragraph (c) of this section.

(4) Subject to other provisions of this section, producers shall be paid the net current payment, if positive, determined for the quarter, subject to the requirements and refund provisions of this part.

(5) After the first quarter, adjustments shall be made based on changes in production. Refunds, when due, shall be due at the per unit values at which they were paid.

(6) For an FY, no producer may receive more than 5 percent of the available funding for this program.

(e) When the commodity’s conversion factor has been established, that factor will, as practicable, be posted on the program’s website.

(1) If the commodity’s conversion factor is not determined when the sign-up is announced, the conversion factor will be provided in a letter to producers with accepted agreements to the extent practicable.

(2) After FY 2003, changes to established conversion factors shall be announced in a press release issued by CCC 90 calendar days before the applicable FY’s sign-up, to the extent practicable.

§1424.9 Reports required.

Once an eligible producer has submitted a payment application, that producer shall file cumulative and per-plant information for each relevant bioenergy producing facility quarterly through the end of the applicable FY as specified by CCC or as otherwise needed to establish compliance with this part.

§1424.10 Succession and control of facilities and production.

A person who obtains a facility that is under contract under this part may request permission to succeed to the program agreement and CCC may grant such request if it is determined that permitting such succession would serve
the purposes of the program. If appropriate, CCC may require the consent of the original party to such succession. Also, CCC may terminate a contract and demand full refund of payments made if a contracting party loses control of a facility whose increased production is the basis of a program payment or otherwise fails to retain the ability to assure that all program obligations and requirements will be met.

§ 1424.11 Maintenance and inspection of records.
For the purpose of verifying compliance with the requirements of this part, each eligible producer shall make available at one place at all reasonable times for examination by representatives of USDA, all books, papers, records, contracts, scale tickets, settlement sheets, invoices, written price quotations, or other documents related to the program that is within the control of such entity for not less than three years from the payment date.

§ 1424.12 Appeals.
(a) A participant subject to an adverse determination under this part may appeal by submitting a written request to: Deputy Administrator, Commodity Operations, Farm Service Agency, United States Department of Agriculture, STOP 0550, 1400 Independence Avenue, SW., Washington, D.C. 20250–0550. The appeal must be delivered in writing to the Deputy Administrator or postmarked within 30 days after the date the Agency decision is mailed or otherwise provided to the participant. The Deputy Administrator may consider a late appeal if determined warranted by the circumstances.

(b) The regulations at 7 CFR part 11 apply to decisions made under this part.

(c) Producers who believe they have been adversely affected by a determination by the Agency must seek review with the Deputy Administrator before any other review may be requested within the Agency.

§ 1424.13 Misrepresentation and scheme or device.
(a) A producer shall be ineligible to receive payments under this program if CCC determines the producer:

(1) Adopted any scheme or device that tends to defeat the purpose of the program in this part;
(2) Made any fraudulent representation; or
(3) Misrepresented any fact affecting a program determination.
(b) Any funds disbursed pursuant to this part to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the bioenergy producer’s actions, shall be refunded with interest together with such other sums as may become due, plus damages as may be determined by CCC.
(c) Any producer or person engaged in an act prohibited by this section and any producer or person receiving payment under this part shall be jointly and severally liable for any refund due under this part and for related charges.
(d) The remedies provided in this part shall be in addition to other civil, criminal, or administrative remedies that may apply.
(e) Late payment interest shall be assessed on all refunds in accordance with the provisions and rates prescribed in part 1403 of this chapter.

§ 1424.14 Offsets, assignments, interest and waivers.
(a) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the bioenergy, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found in part 1403 of this chapter shall be applicable to agreement payments.
(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.
(c) Interest charged by CCC under this part shall be at the rate of interest that the United States Treasury charges CCC for funds, as of the date CCC made such funds available. Such interest shall accrue from the date such payments were made available to the date of repayment or the date interest increases as determined in accordance with applicable regulations.
(d) CCC may waive the accrual of interest and/or damages if CCC determines that the cause of the erroneous determination was not due to any action of the bioenergy producer.

§ 1425.1 Applicability.
This part sets forth the terms and conditions an approved Cooperative Marketing Association (CMA) must meet to obtain commodity marketing assistance loans (loans) and loan deficiency payments (LDP’s) from CCC on behalf of its members. A CMA meeting these terms and conditions may obtain loans and LDP’s for any eligible commodity for which a loan and LDP program is in effect.

§ 1425.2 Administration.
On behalf of CCC, the Farm Service Agency will administer the provisions of this part under the general direction and supervision of the Deputy Administrator for Farm Programs. In the field, the provisions of this part will be administered by the State and county PSA committees.

§ 1425.3 Definitions.
The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in parts 718 of this title and parts 1421 and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions in this section.

Active member is a member who has utilized the services offered by a CMA in one of the three preceding CMA fiscal years or such shorter period as may be provided in the CMA’s articles of incorporation or bylaws.

Approved cooperative marketing association (CMA) is a cooperative approved by CCC to participate in loan and LDP programs for any authorized commodity.

Authorized commodity is a commodity for which a CMA is approved by CCC to obtain marketing assistance loans or Loan deficiency payments.

Cooperative is a business owned and controlled by the producers who use its services and operated under generally accepted cooperative principles.

Eligible commodity is a commodity which meets the commodity’s eligibility requirements set forth in chapter XIV of this title, and is produced and delivered to the CMA from a producer eligible for loan or LDP.

Loan pool is any CMA pool containing commodities used by the CMA to obtain either loans or LDP’s.

Market gain is the sum of loan rate, minus the repayment rate on loans repaid with less than the loan rate, plus for LDP’s, the same rate, times the quantity of commodity. Market gains cannot exceed the producer’s applicable payment limitation as set out in part 1400 of this chapter.

Member is a producer who:
(a) Has fully paid for membership stock or earned equity credits in the CMA;
(b) Has executed a uniform marketing agreement with the CMA; and
(c) Is entitled to all CMA membership rights.

[63 FR 17312, Apr. 9, 1998, as amended at 67 FR 64458, Oct. 18, 2002]
§ 1425.4 Approval.

(a) For a cooperative to gain CMA status to participate in a marketing assistance loan or Loan deficiency payment program for the 2002 through 2007 crop years, a cooperative must submit an application for approval to CCC. An application must include:

1. A completed Form CCC–846 indicating commodities for which it seeks approval;
2. A balance sheet, dated within the last year, prepared for the cooperative and accompanied by a letter from an independent Certified Public Accountant, certifying that the balance sheet was prepared in accordance with generally accepted accounting principles;
3. A copy of the articles of incorporation or articles of association and all marketing agreements for loan pools, together with a certification that this material is current;
4. Resolutions made by the cooperative’s board of directors stating the cooperative will abide by provisions of this part, the nondiscrimination provisions thereof, and all other related CCC policies;
5. A detailed description of how proceeds from each loan pool will be distributed to members as provided for in §1425.18;
6. An executed form CCC-Cotton G, Cotton Cooperative Loan Agreement, by cooperatives applying for approval to participate in the cotton loan and LDP program; and
7. Other information as requested by CCC concerning the organizational, operational, financial or any other aspect of the cooperative requested by CCC related to the cooperative’s proposed methods of conducting CCC loan and LDP business.

(b) A CMA must submit, on an annual basis, the following information to CCC:

1. A completed Form CCC–846–1, which shall disclose:
   (i) The number of active and inactive CMA members;
   (ii) The CMA’s allocated equity;
   (iii) The CMA’s unallocated equity; and
   (iv) Quantity of each loan pool commodity delivered to the CMA for marketing and the portion of such commodities received from active members during the prior year.
2. The CMA’s latest balance sheet. This balance sheet must be dated within the past year and be accompanied by a letter from an independent Certified Public Accountant certifying that the balance sheet was prepared in accordance with generally accepted accounting principles.

§ 1425.14 Member business.

(a) At least 50 percent of a crop of an authorized commodity acquired by, or delivered to, a CMA for marketing must be produced by its members for the CMA to obtain a loan or LDP for such crop. CCC may, for a period not to exceed 2 years, waive this requirement if:

(2) The CMA’s plan, approved by CCC, will bring the CMA into compliance with the provisions of this section.

(b) Commodities purchased or acquired from CCC and processed products acquired from other processors or merchandisers shall not be considered in determining the volume of member or nonmember business.

§ 1425.15 Vested authority.

The marketing agreement between the CMA and its members shall give the CMA the authority to pledge the commodity as collateral for a loan, to place a lien on such commodity, and to market the commodity on behalf of its members even though the individual members retain the right, in effect, to determine the price at which the commodity can be marketed by the CMA.

§ 1425.16 Payment limitation.

CMA’s shall monitor market gains they receive from CCC on behalf of their members and not obtain market gains for a member above the member’s payment limitation determined in accordance with part 1400 of this chapter.

§ 1425.17 Eligible commodity and pooling.

(b) Loans and, if applicable, LDP’s will be available to CMA’s for any eligible commodity in a loan pool as provided in paragraph (e) of this section and the beneficial interest provisions of parts 1421 and 1427 of this chapter.

(e) A CMA may, for a period of time as specified in Handbook 1–CMA, include a commodity that is ineligible based on FSA records when the producer has certified to the CMA that the commodity is eligible. In these instances, CCC specifies a time period during which CMA’s may obtain loan or LDP’s on the applicable quantity while the eligibility status is resolved. If the final resolution is that the commodity was ineligible, the CMA must repay any loans outstanding with principal plus interest and any market gains obtained plus interest from the date of receiving the market gain through the repayment date.

(f) The CMA must have in inventory a quantity of commodity delivered by members of each class and grade at least equal to the quantity each class and grade pledged as loan collateral.

(l) A CMA shall not apply marketing losses from a commodity not used to obtain a loan or LDP against the marketing proceeds of a commodity used to obtain a loan or LDP.

(n) The CMA is responsible to CCC for any loss related to commodities the CMA pledged as collateral for loan or used to obtain LDP related to:

1. The CMA failing to comply with these regulations;
2. Changes in quantity or quality of either warehouse or farm stored commodities; or
3. Liens based on either the CMA’s or its members’ financial agreements.

(b)(1) Except as provided in paragraph (b)(2) of this section, loan pool proceeds shall not be combined with non-loan pool proceeds and the CMA shall distribute loan pool proceeds according to the information it provided CCC in accordance with §1425.4(b)(7).

(2) Sales proceeds from a loan pool may be combined with sales proceeds from other pools if the proceeds from such pools are allocated among the pools according to the quantity and quality of the commodity included in the pools.

(3) Loan and LDP proceeds shall only be issued to members involved in pools used for loans or LDP’s.

(4) When notified by CCC that loan and LDP distributions to a member must be reduced for a program year, farm, or crop, a CMA shall not make subsequent pool distributions and shall reimburse CCC for distributions previously issued, if applicable.

(3) Have a strength reading specified in the schedule of strength premiums and discounts for upland cotton;

(4) Have a micronaire specified in the schedule of micronaire premiums and discounts for upland cotton;

(5) Have an extraneous matter within the limits specified in the schedule of discounts for extraneous matter for upland cotton; and

(6) Have a uniformity specified in the schedule of uniformity premiums and discounts for upland cotton.

(e) To be eligible to receive marketing assistance loans and loan deficiency payments, a producer must have beneficial interest in the cotton that is tendered to CCC for a marketing assistance loan or loan deficiency payment. For the purposes of this part, the term “beneficial interest” refers to a determination by CCC that a person has the requisite title to and control of cotton that is tendered to CCC as collateral for a marketing assistance loan or is the cotton that will be used to determine a loan deficiency payment. A determination of whether a person has beneficial interest in cotton is made by CCC in accordance with this part and is not based upon a determination under any State law or any other regulation of a Federal agency.

(f) Except as provided in paragraph (h) of this section, when requesting a marketing assistance loan, in order to have beneficial interest in the cotton tendered as collateral for the loan, a person must:

(1) Be the producer of the cotton as determined in accordance with §1427.4;

(2) Have had ownership of the cotton from the time it was planted through the earlier the date the loan was repaid or the maturity date of the loan;
§ 1427.5

(3) Have control of the cotton from the time of planting through the maturity date of the loan. To have control of the cotton, such person must have complete decision making authority regarding whether the cotton will be tendered as collateral for a loan, when the loan will be repaid or if the collateral will be forfeited to CCC in satisfaction of the loan obligations of such person, and where the cotton will be maintained during the term of the loan; and

(g) Except as provided in paragraph (h) of this section, when requesting a loan deficiency payment, in order to have beneficial interest in the cotton a person must:

(1) Be the producer of the cotton as determined in accordance with § 1427.4;

(2) Have had ownership of the cotton from the time it was planted through the date the producer has elected to determine the loan deficiency payment rate; and

(3) Have control of the cotton from the time of planting through the date the producer has elected to determine the loan deficiency payment rate. To have control of the cotton, such person must have complete decision making authority regarding whether a loan deficiency payment will be requested with respect to the cotton; when the loan deficiency rate will be selected; and where the cotton will be maintained prior to the date on which the loan deficiency payment rate will be determined;

(4) If the cotton has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the cotton to a warehouse approved in accordance with § 1427.10. Delivery of the cotton to a location other than to such an approved warehouse will result in the loss of beneficial interest in the cotton on the date of physical delivery and the producer will be considered to have lost beneficial interest as of 11:59 p.m. of such day regardless of any other action or agreement between the entity where the cotton was delivered and the producer, unless such an entity has been approved by CCC under § 1427.10.

(h) Notwithstanding paragraphs (f) and (g) of this section, in order to facilitate the handling of situations involving the death of a producer, CCC

will consider an estate and a person to whom title to cotton has passed by virtue of State law upon the death of the producer to have beneficial interest in the cotton produced by the producer under the same terms and conditions that would otherwise be applicable to such producer;

(1) Notwithstanding paragraphs (f) and (g) of this section, a person who purchases or otherwise acquires cotton from a producer under any circumstances does not obtain beneficial interest to the cotton whether such purchase or acquisition is made prior to the harvest of the crop or after harvest except in one instance. CCC will consider a person to have beneficial interest in cotton if, prior to harvest, such person has obtained title to the growing cotton at the same time that such person obtained full title to the land on which such crop was growing;

(j) A producer will lose beneficial interest in cotton if the producer receives any payment from any person under any contractual arrangement with respect to cotton if the person who is making the payment, or any person otherwise associated with the person making the payment, will at any time have title to the cotton or control of the cotton prior to or after harvest unless:

(1) Such payment is authorized in accordance with part 1425 of this chapter; or

(2) The payment is made as consideration for an option to purchase the cotton and such option contains the following provision:

Notwithstanding any other provision of this option to purchase or any other contract, title and control of the cotton and beneficial interest in the cotton as specified in 7 CFR 1427.5 shall remain with the producer until the buyer exercises this option to purchase the cotton. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

(1) The maturity of any Commodity Credit Corporation (CCC) loan that is secured by such cotton;

(2) The date CCC claims title to such cotton; or

(3) Such other date as provided in this option.
Commodity Credit Corporation, USDA

§ 1427.7

(k) Absent other provisions causing the producer to lose beneficial interest in the cotton, inclusion in a contract of a provision that allows the producer to select the sales price of the cotton at the time the contract is entered into or at a later date, a contract normally referred to as a deferred price contract or a price later contract, will not result in the loss of beneficial interest in the cotton.

(l) Commodities produced under a contract in which the title to the seed remains with the entity providing the seed to the producer, including contracts for the production of hybrid seed, genetically modified commodities and other specialty seeds as approved in writing by CCC, are eligible to be pledged as collateral for a marketing assistance loan and a loan deficiency payment may be made with respect to such production if at the time of the request for such a loan or payment the producer has not:

(1) Received a payment under the contract; or

(2) Delivered the commodity to another person.

(m) Each bale of upland cotton sampled by the warehouse operator upon initial receipt which has not been sampled by the ginner must not show more than one sample hole on each side of the bale. If more than one sample is desired when the bale is received by the warehouse operator, the sample shall be cut across the width of the bale, broken in half or split lengthwise, and otherwise drawn under Agricultural Marketing Service (AMS) dimension and weight requirements. This requirement will not prohibit sampling of the cotton at a later date if authorized by the producer.

(n) Marketing assistance loans may be disbursed to eligible producers who store upland cotton in unapproved storage facilities only if the producer agrees to redeem the marketing assistance loan on the date on which the loan is disbursed with a commodity certificate exchange.

(o) If marketing assistance loans or loan deficiency payments are made available to producers through a CMA under part 1425 of this chapter, the beneficial interest in the cotton must always have been held by the producer-member who delivered the cotton to the CMA or its member, except as otherwise provided in this section. Cotton delivered to such a CMA shall not be eligible to receive a marketing assistance loan or a loan deficiency payment if the producer-member who delivered the cotton does not retain the right to share in the proceeds from the marketing of the cotton as provided in part 1425 of this chapter.

§ 1427.6 Disbursement of loans.

(a) Individual producers may request loans from:

(1) FSA County Service Centers;

(2) Loan servicing agents; or

(3) An approved cotton clerk who has entered into a written agreement with CCC on a form prescribed by CCC.

(b) Loan proceeds may be disbursed by CCC or a cotton commercial bank.

(c) The loan documents shall not be presented for disbursement unless the cotton covered by the mortgage or pledged as security is eligible under § 1427.5. If the cotton was not eligible cotton at the time of disbursement, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.7 Maturity of loans.

(a)(1) Form A loans and Form G loans mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed under § 1427.5.

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess of the amount of the loan, plus interest and charges.

561
§ 1427.8 Amount of loan.

(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.

(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600 pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section by the applicable loan rate.

(d) CCC will not increase the amount of the loan made for any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made for the weight of the bale or the classification of the bale, such error may be corrected.

(e) The loan rate as determined under paragraph (a) of this section adjusted for applicable premiums and discounts will be reduced by 30 percent during each of the 2009 through 2012 crop years for producers who make an irrevocable election to receive "Average Crop Revenue Election" program payments as provided in §1412 of this title or elsewhere in this title.

§ 1427.9 Classification of cotton.

(a) All cotton tendered for loan and loan deficiency payment must be classed by an AMS Cotton Classing Office or other entity approved by AMS.

(b) An AMS cotton classification must be based upon a representative sample drawn from the bale by samplers under AMS procedures and instructions.

(c) If the producer’s cotton has not been classified or sampled in a manner acceptable by CCC, the warehouse must sample such cotton and forward the samples to the AMS Cotton Classing Office or other entity approved by AMS. Such warehouse must be licensed by AMS or be approved by CCC to draw samples for submission to the AMS Cotton Classing Office.

(d) If a sample has been submitted for classification, another sample shall not be drawn, except for a review classification.

(e) Where review classification is not involved:

(1) If through error or otherwise two or more samples from the same bale are submitted for classification, the loan rate will be based on the classification having the lower loan value;

(2) CCC will use classification information received directly from AMS rather than AMS classification information received from the producer.

(f) CCC will base any cotton loan rate or loan deficiency payment rate on the most recent classification information available before the loan or loan deficiency payment has been calculated. CCC will not adjust such rates based on review classification information submitted subsequent to the original benefit calculation.

§ 1427.10 Approved storage.

(a) Eligible cotton may be pledged as collateral for loans only if stored at warehouses approved by CCC, unless the producer agrees to provisions of 1427.5(n).
Commodity Credit Corporation, USDA

§ 1427.11 Warehouse receipts.

(a) Producers may obtain loans on eligible cotton represented by warehouse receipts only if the warehouse receipts meet the definition of a warehouse receipt and provide for delivery of the cotton to bearer or are properly assigned by endorsement in blank, so as to vest title in the holder of the receipt or are otherwise acceptable to CCC. The warehouse receipt must:

(1) Contain the gin bale number;

(2) Contain the warehouse receipt number;

(3) Be dated on or before the date the producer signs the note and security agreement.

(b) Warehouse receipts, under §1427.3, when issued as block warehouse receipts will be accepted when authorized by CCC only if the owner of the warehouse issuing the block warehouse receipt owns the cotton represented by the block warehouse receipt and the warehouse is not licensed under the U.S. Warehouse Act.

(c)(1) Each receipt must set out in its terms the tare and the net weight of the bale represented by the receipt. The net weight shown on the warehouse receipt must be the difference between the gross weight as determined by the warehouse at the warehouse site and the tare weight. The

(e) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in §1427.23.

(f) With respect to crops of ELS cotton, a producer may obtain a loan on cotton that is not stored as otherwise provided in this section if such cotton is stored:

(1) At a commercial entity that is involved in the handling or storage of cotton in a county or area determined and announced by CCC as approved for outside storage of ELS loan collateral; and

(2) The site is constructed so as to prevent the accumulation of water under such cotton.

(e) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in §1427.23.
§ 1427.12

warehouse receipt may show the net weight established at a gin if gin weights are permitted by the licensing authority for the warehouse.

(2) The tare weight shown on the receipt must be the tare weight furnished to the warehouse by the ginner or entered by the ginner on the gin bale tag. A machine card type warehouse receipt reflecting an alteration in gross, tare weight, or net weight will not be accepted by CCC unless it bears, on the face of the receipt, the following legend or similar wording approved by CCC, duly executed by the warehouse or an authorized representative of the warehouse:

Corrected (gross, tare, or net) weight,
(Name of warehouse),
By (Signature or initials),
Date.

(3) Alterations in other inserted data on a machine card type warehouse receipt must be initialed by an authorized representative of the warehouse.

(d) If warehouse storage charges have been paid, the receipt must show that date through which the storage charges have been paid.

(e) If warehouse receiving charges have been paid or waived, the warehouse receipt must show such fact.

(f) The warehouse receipt must show the compression status of the bale; i.e., flat, modified flat, standard, gin standard, standard density (short), gin universal, universal density (short), or warehouse universal density. The receipt must show if the compression charge has been paid, or if the warehouse claims no lien for such compression.

§ 1427.13 Fees, charges and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC or, if applicable, to a loan servicing agent, at a rate determined by CCC. Such fee shall be in addition to a cotton clerk fee paid under paragraph (b) of this section. The fee amounts are available in State and county offices and are shown on the note and security agreement. Fees shall be deducted from the loan proceeds.

(b) Cotton clerks may only charge fees for the preparation of loan or loan deficiency payment documents at the rate determined by CCC.

(1) Such fees may be deducted from the loan or loan deficiency payment proceeds instead of the fees being paid in cash.

(2) The amount of such fees is available from CCC and is shown on the note and security agreement.

(c) Interest which accrues for a loan shall be determined under part 1405 of this chapter. All or a portion of such interest may be waived for a quantity of upland cotton which has been redeemed under §1427.19 at a level which is less than the principal amount of the loan plus charges and interest.

(d) For each crop of upland cotton, the producer, as defined in the Cotton Research and Promotion Act (7 U.S.C. 2101), shall remit to CCC an assessment which shall be transmitted by CCC to the Cotton Board and shall be deducted from the:

(1) Loan proceeds for a crop of cotton and shall be at a rate equal to one dollar per bale plus up to one percent of the loan amount; and

(2) Loan deficiency payment proceeds for a crop of cotton and shall be at a rate equal to up to one percent of the loan deficiency payment amount.

[71 FR 51427, Aug. 30, 2006, as amended at 73 FR 65721, Nov. 5, 2008]
Commodity Credit Corporation, USDA § 1427.15

(e) If the producers elects to forfeit the loan collateral to CCC, the producer shall pay to CCC, at the rates that are specified in the storage agreement between the warehouse and CCC, the following accrued warehouse charges:

(1) All warehouse storage charges associated with the forfeited cotton that accrued before the date that all required documents were provided to CCC; and

(2) Any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new ties as specified in §1427.11.

(3) Any warehouse storage charges associated with the forfeited cotton that accrued during the period of the loan and paid by CCC to the warehouse that:

(i) Exceed CCC’s maximum storage credit rate for the warehouse established in §1427.19 and

(ii) Were paid by CCC for periods subject to denied storage credits due to the cotton being stored outside as specified in §1427.19(h)(2)(i).

(4) Unpaid warehouse compression charges.

§ 1427.14 [Reserved]

§ 1427.15 Special procedure where funds are advanced.

(a) This special procedure is provided to assist persons or firms which, in the course of their regular business of handling cotton for producers, have made advances to eligible producers on cotton eligible to be pledged as collateral for a marketing assistance loan or to receive a loan deficiency payment. A person, firm, or financial institution which has made advances to eligible producers on eligible cotton may also obtain reimbursement for the amounts advanced under this procedure.

(b) This special procedure shall apply only:

(1) If such person or firm is entitled to reimbursement from the proceeds of the marketing assistance loans or loan deficiency payments for the amounts advanced and has been authorized by the producer to deliver the loan or loan deficiency payment documents to a county office for disbursement of the loans or loan deficiency payments; and

(2) To marketing assistance loan or loan deficiency payment documents covering cotton on which a person or firm has advanced to the producers, including payments to prior lienholders and other creditors, the note amounts shown on the Form A loan documents, except for:

(i) Authorized cotton clerk fees;

(ii) The research and promotion fee to be collected for transmission to the Cotton Board by CCC; and

(iii) CCC loan service charges.

(c)(1) All marketing assistance loan or loan deficiency payment documents shall be mailed or delivered to the appropriate county office and shall show the entire proceeds of the marketing assistance loans or loan deficiency payments, except for CCC loan service charges and research and promotion fees, for disbursement to:

(i) The financial institution which is to allow credit to the person or firm which made the loan or loan deficiency payment advances or to such financial institution and such person or firm as joint payees; or

(ii) The person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advances to the producers.

(2) The documents shall be accompanied by a Transmittal Schedule of Loan and Loan Deficiency Payment Documents (Transmittal) on a form prescribed by CCC, in original and two copies, numbered serially for each county office by the person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advance. The Transmittal shall show the amounts invested by the person, firm, or financial institution in the marketing assistance loans or loan deficiency payments.

(3) Upon receipt of the marketing assistance loan or loan deficiency payment documents and Transmittal, the county office will stamp one copy of the Transmittal to indicate receipt of the documents and return this copy to the person, firm, or financial institution.
§ 1427.16 Movement and protection of warehouse-stored cotton.

(a) CCC may insure or reinsure stored cotton against any risk, or otherwise take an action it deems necessary to protect the interest therein of CCC.

(b) A producer may transfer cotton loan collateral subject to the following conditions:

(1) The cotton is represented by an electronic warehouse receipt;

(2) The request is submitted by a producer or a properly designated agent of the producer;

(3) The transfer is agreed to by the receiving warehouse operator;

(4) The CCC marketing assistance loan that is secured by such cotton matures at least 30 days after the date on which the request for the transfer is submitted to CCC; and

(5) Any charges, fees, costs, or expenses incident to the transfer of cotton loan collateral under this paragraph must be paid by the requestor of the transfer.

(c) CCC will exclude from the calculation of any storage credits payable under §1427.19 the following periods:

(1) The period during which the cotton is in transit between warehouses; and

(2) Any period beyond 75 days starting from the date of transfer from the shipping warehouse, unless the shipping warehouse is:

(i) Not in compliance with any of the terms of its Cotton Storage Agreement, (ii) Storing cotton loan collateral outside, or (iii) Under common ownership with the receiving warehouse.

§ 1427.17 [Reserved]

§ 1427.18 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a marketing assistance loan or loan deficiency payment or in maintaining or settling a loan, or disposes of or moves the loan collateral without the prior written approval of CCC, such loan or loan deficiency payment shall be payable upon demand by CCC. The producer shall be liable for:

(i) The amount of the marketing assistance loan or loan deficiency payment;

(ii) Any additional amounts paid by CCC for the loan or loan deficiency payment;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts;

(v) Liquidated damages under paragraph (e) of this section; and

(vi) About amounts due for a loan, the payment of such amounts may not be satisfied by the forfeiture of loan collateral to CCC of cotton with a settlement value that is less than the total of such amounts or by repayment of such loan at the lower loan repayment rate as prescribed in §1427.19.

(2) If a producer makes a fraudulent representation or if the producer has disposed of, or moved the loan collateral without prior written approval
Commodity Credit Corporation, USDA § 1427.18

from CCC, the value of such collateral will be equal to its loan value, plus accrued interest, plus warehouse charges, and liquidated damages, as determined by CCC.

(b) If the amount disbursed under a marketing assistance loan, or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, the commodity pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the marketing assistance loan or loan deficiency payment is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement or loan deficiency payment application with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement or loan deficiency payment application and this subpart. Each producer shall also remain liable for repayment of the entire loan or loan deficiency payment amount until the loan is fully repaid without regard to their share in the cotton pledged as collateral for the loan or for which the loan deficiency payment was made. In addition, such producer may not amend the note and security agreement or loan deficiency payment application for the producer's claimed share in such cotton after execution of the note and security agreement or loan deficiency payment application by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or loan deficiency payment or in maintaining or settling a loan or disposing of or moving the loan collateral without the prior written approval of CCC. Accordingly, if CCC determines that the producer has violated the terms or conditions of the note or any applicable form required by CCC, liquidated damages shall be assessed on the quantity involved in the violation. Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent of the marketing assistance loan rate applicable to the loan note.

(f) When it has been determined that a violation of the terms and conditions of a loan deficiency application has occurred, CCC will determine the quantity of the cotton involved with respect to such violation and assess liquidated damages by multiplying the quantity of cotton involved in the violation by 10 percent of the marketing assistance loan rate.

(g) For cases other than first or second offenses, or any offense for which CCC cannot determine good faith when the violation occurred, CCC shall:

(1) Assess liquidated damages under paragraph (e) of this section; and

(2) Call the applicable marketing assistance loan involved in the violation and require repayment of any market gain previously realized for the applicable loan, plus any interest previously waived and any storage paid by CCC, and for a loan deficiency payment, require repayment of the loan deficiency payment and charges plus interest from the date the loan deficiency payment was made.

(h) If the county committee acting on behalf of CCC determines that the producer has committed a violation under paragraph (e) of this section, CCC shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances which caused the violation, to the county committee; and

(2) Administrative actions will be taken under paragraph (f) or (g) of this section.

(i) If CCC accelerates the maturity date for a loan under this section, the producer must repay the loan at principal and charges, plus interest and may not repay the loan at the lower of the loan repayment rate under §1427.19 or utilize the provisions of part 1401 of this chapter for such loan.

(j) Any or all of the liquidated damages assessed under paragraph (e) of
§ 1427.19 Repayment of loans.

(a) Warehouse receipts pledged as collateral for a CCC loan will not be released except as provided in this section.

(b) A producer, an authorized agent or anyone subsequently designated by the producer in the manner prescribed by CCC may redeem one or more bales of cotton pledged as collateral for a loan by payment to CCC of an amount applicable to the bales of cotton being redeemed determined under this section. CCC, upon proper payment for the amount due, shall release the warehouse receipts applicable to such cotton.

(c) A producer or agent or subsequent agent authorized in writing in a manner prescribed by CCC may repay the loan amount for one or more bales of cotton pledged as collateral for a marketing assistance loan:

(1) For upland cotton, at a level that is the lesser of:

(i) The loan level and charges, plus interest determined for such bales; or

(ii) The adjusted world price, as determined by CCC under §1427.25, in effect on the day the repayment is received by the county office, loan servicing agent, or cotton commercial bank that disbursed the loan.

(2) For ELS cotton, by repaying the loan amount and charges, plus interest determined for such bales.

(d) CCC shall determine and publicly announce the adjusted world price for each crop of upland cotton on a weekly basis.

(e) The difference between the loan level, excluding charges and interest, and the loan repayment level is the market gain. The total amount of any market gain realized by a person is subject to part 1400 of this chapter.

(f) Repayment of loans will not be accepted after CCC acquires title to the cotton under §1427.7.

(g) In the event that Thursday is a non-workday, such loan repayments will not be accepted beginning at 7 a.m. Eastern Standard time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made under §1427.25(e).

(h) For purposes of calculating loan-period accrued storage charges that...
Commodity Credit Corporation, USDA

§ 1427.21

CCC may credit to the loan repayment amount under paragraph (i) of this section:

(1) The warehouse storage rates to be used for the 2008 through 2011 crops will be the lower of:
   (i) The tariff storage rate for the warehouse for the 2005 crop or, for any warehouse not in existence in 2005, a CCC-assigned average 2005 crop tariff rate for the county or area; or
   (ii) For warehouses located in Arizona and California $3.93 per bale per month and for warehouses located in all States other than Arizona and California $2.39 per bale per month.

(2) The warehouse storage rates to be used for the 2012 and subsequent crops will be the lower of:
   (i) The tariff storage rate for the warehouse for the 2005 crop or, for any warehouse not in existence in 2005, a CCC-assigned average 2005 crop tariff rate for the county or area; or
   (ii) For warehouses located in Arizona and California $3.50 per bale per month and for warehouses located in all States other than Arizona and California $2.13 per bale per month.

(3) CCC will not credit the loan repayment amount for a bale for any storage charges that accrued while the cotton was stored outside, except that storage may be credited for up to 15-days of outside storage beginning on the day the warehouse was notified that the bale is under loan if the bale was inside on the 15th day from the date of notification.

(4) The loan period will be determined by CCC to begin:
   (i) For loan disbursed by the Farm Service Agency, on the date all loan documents, as determined and announced by CCC, have been received or
   (ii) For a loan disbursed by a Cooperative Marketing Association or an authorized loan servicing agent, on the date the loan was disbursed by CCC.

(i) An upland cotton loan repayment rate will not exceed the loan principal plus accrued interest for the period provided in §1427.19(j).

(2) When the prevailing adjusted world price of upland cotton, as determined under §1427.25, is less than the combined value of the loan principal, accrued interest, and warehouse storage that accrued during the period of the loan, CCC will permit the loan to be repaid at the adjusted world price less the storage charges that accrued during the period of the loan.

(j) For purposes of calculating interest charges on upland and extra long staple cotton loan principal, the loan period will be the period starting the date after the disbursement of the loan amount to, and including, the loan repayment date, except that interest is not charged for a loan that is disbursed and repaid on the same date.

(k) Repayment of loans will not be accepted after CCC acquires title to the cotton in accordance with §1427.7.

§ 1427.20 Handling payments and collections not exceeding $9.99.

Amounts of $9.99 or less will be paid to the producer only at their request. Deficiencies of $9.99 or less, including interest, may be disregarded unless CCC demands in writing that they be paid.

§ 1427.21 Settlement.

(a) The settlement of cotton loans will be made by CCC on the basis of the quality and quantity of the cotton delivered to CCC by the producer or acquired by CCC subject to the producer being responsible for, if applicable, warehouse receiving charges, new bale ties, unpaid warehouse compression, storage charges for and related to the certification of a bale and for any subsequent exchange of certificated receipts, storage charges for any period of yard storage, and storage charges in excess of any maximum storage credit rates as determined and announced by CCC.

(b) For purposes of settlements for cotton delivered to CCC in satisfaction of a loan obligation, CCC may elect to calculate such settlement values based on the net weight, condition, and classification as reflected on the warehouse receipt delivered to CCC, whether such receipt is the receipt issued by the original storing warehouse and presented for calculating the loan amount or a receipt issued by a subsequent warehouse due to the transfer of such bale while pledged as collateral for a CCC loan.
§ 1427.22 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan provided for upland cotton, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral. This provision terminates effective ending with the 2009 crop and will not be available for subsequent crops.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan, or

(2) The adjusted world price for cotton as determined by CCC.

(c) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines,

(2) Purchasing a commodity certificate for the exact amount required to exchange the marketing assistance loan collateral, and

(3) Immediately exchanging the purchased commodity certificate for the outstanding loan collateral.

(d) With respect to ELS cotton which is stored as provided in §1427.10(f), settlement of loans shall be made based upon the determination of the quantity and quality made by CCC at the time of acceptance of the cotton by CCC at the warehouse designated by CCC as provided in §1427.18(k).

(e) If CCC sells the commodity described in paragraph (a) of this section in settlement of the recourse loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale and CCC will deduct the amount of these costs from the sales proceeds. When CCC sells any cotton obtained by forfeiture under a marketing assistance loan, CCC will, in all instances, retain all proceeds obtained from the sale of the cotton and will not make any payment of any amount of such proceeds to any party, including the producer who had satisfied their obligation under the loan through forfeiture of the cotton to CCC.

(f) CCC will pay to the warehouse any unpaid storage or receiving charges for forfeited loan collateral, not to exceed the amount that accrued from the date that all necessary documents were received by CCC to the loan maturity date, as soon as practicable after the cotton is forfeited.

§ 1427.23 Cotton loan deficiency payments.

(a) In order to be eligible to receive such loan deficiency payments, the producer of the upland cotton must:

(1) Comply with all of the upland cotton marketing assistance loan eligibility requirements under this subpart;

(2) Agree to forgo obtaining such loans unless denied a loan deficiency payment due to payment limitation;

(3) Submit, on a form prescribed by CCC, to the FSA Service Center on or before beneficial interest is lost in such quantity and before the final loan availability date for the commodity:

(i) An indication of their intentions to receive a loan deficiency payment on the identified commodity or

(ii) A completed request for a loan deficiency payment for a quantity of eligible cotton under §1427.5(a).

(4) Provide warehouse receipts or, as determined by CCC, a list of gin bale numbers for such cotton showing, for each bale, the net weight established at the gin;

(5) For loan deficiency payments requested before ginning of the cotton based on a locked-in adjusted world price, provide identifying numbers for modules or other storage units that will correspond to the gin-assigned numbers of the bales produced from the unginned cotton; and

(6) Otherwise comply with all program requirements.

(b) The loan deficiency payment applicable to a crop of cotton shall be computed by multiplying the applicable loan deficiency payment rate, as determined under paragraph (c) of this

For the succeeding weekly period has been made under §1427.25(e).

§1427.24 [Reserved]

§1427.25 Determination of the prevailing world market price and the adjusted world price for upland cotton.

(a) CCC will determine the world market price for upland cotton as follows:

(1) During the period when only one daily price quotation is available for each growth quoted for Middling one and three-thirty-second inch (M 1 3/32-inch) cotton, CFR (cost and freight) Far East, the prevailing world market price for upland cotton will be based on the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M 1 3/32-inch cotton, CFR Far East.

(2) During the period when both a price quotation for cotton for shipment no later than August/September of the current calendar year (current Far East shipment price) and a price quotation for cotton for shipment no earlier than October/November of the current calendar year (forward Far East shipment price) are available for growths quoted for M 1 3/32-inch cotton, CFR Far East, the prevailing world market price for upland cotton will be based on the average of the current Far East shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M 1 3/32-inch cotton, CFR Far East, except as may be determined by the Secretary as specified in paragraph (c)(3)(iv) of this section.

(3) The upland cotton prevailing world market price determined as specified in paragraphs (a)(1) or (a)(2) of this section is referred to as the “Far East price” (FE).

(4) If quotes are not available for 1 or more days in the 5-day period, the available quotes during the period will be used. If no quotes are available during the Friday through Thursday period, the prevailing world market price will be based on the best available

7 CFR Ch. XIV (1–1–11 Edition)

world price information, as CCC determines.

(b) The upland cotton prevailing world market price, adjusted as specified in paragraph (c) of this section (adjusted world price (AWP)), will apply to the 2008 through 2012 crops of upland cotton and to the 2007 crop to the extent provided in §1427.1.

(c) The upland cotton AWP will equal the FE determined as specified in paragraph (a) of this section, adjusted as follows:

(1) FE will be adjusted to U.S. location by deducting the average costs to market, including average transportation costs, as determined by the Secretary.

(2) The price determined as specified in paragraph (c)(1) of this section will be adjusted to reflect the price of base quality upland cotton by deducting the difference, as CCC announces, between the applicable loan rate for an upland cotton crop for M 1 3/32-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton and the loan rate for base quality upland cotton.

(3) The prevailing world market price, adjusted as specified in paragraphs (c)(1) and (c)(2) of this section, may be further adjusted if it is determined that the adjustment is necessary to:

(i) Minimize potential loan forfeitures;

(ii) Minimize the accumulation of stocks of upland cotton by the Federal Government;

(iii) Ensure that upland cotton produced in the United States can be marketed freely and competitively, both domestically and internationally; and

(iv) Ensure an appropriate transition between current-crop and forward-crop price quotations, except that forward-crop price quotations may be used prior to July 31 of a marketing year only if there are insufficient current crop quotations and the forward-crop price quotation is the lowest such quotation available.

(d) The upland cotton AWP, determined as specified in paragraph (c) of this section, and the amount of the additional adjustment determined as specified in paragraphs (e) and (f) of this section, will be announced, to the extent practicable, at 4 p.m. eastern time each Thursday continuing through the last Thursday of March 2014 (March 27, 2014). In the event that Thursday is a non-workday, the determination will be announced, to the extent practicable, at 8 a.m. eastern time the next work day.

(e)(1)(i) AWP, determined as specified in paragraph (c) of this section, will be subject to a further coarse count adjustment as provided in this section regarding all qualities of upland cotton eligible for loan except the following upland cotton grades with a staple length of 13/4-inch or longer:

(A) White Grades—Strict Middling and better, leaf 1 through leaf 6; Middling, leaf 1 through leaf 6; Strict Low Middling, leaf 1 through leaf 6; and Low Middling, leaf 1 through leaf 5;

(B) Light Spotted Grades—Strict Middling and better, leaf 1 through leaf 5; Middling, leaf 1 through leaf 5; and Strict Low Middling, leaf 1 through leaf 5;

(C) Spotted Grades—Strict Middling and better, leaf 1 through leaf 2; and

(ii) Grade, leaf, and staple length must be determined as specified in §1427.9. If no such official classification is presented, the coarse count adjustment will not be made.

(2) The adjustment for upland cotton specified in paragraph (e)(1) of this section will be determined by deducting from AWP:

(i) The difference between FE, and

(A) During the period when only one daily price quotation for each growth quoted for “coarse count” cotton, CFR Far East, is available, the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, CFR Far East (Far East coarse count price); or

(B) During the period when both current Far East shipment prices and forward Far East shipment prices are available for the growths quoted for “coarse count” cotton, CFR Far East, the result calculated by the average of the current Far East shipment prices for the preceding Friday through Thursday for the three lowest-priced
Commodity Credit Corporation, USDA § 1427.25

growths of the growths quoted for “coarse count” cotton, CFR Far East (Far East coarse count price) minus

(ii) The difference between the applicable loan rate for an upland cotton crop for M 13/32-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton and the loan rate for an upland cotton crop for SLM 11/32-inch, leaf 4, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton.

(3) Regarding the determination of the Far East coarse count price specified in paragraph (e)(2)(i) of this section:

(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;

(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be considered; and

(iii) If quotes for three growths are not available for at least 3 days in the 5-day period, that week will not be considered, in which case the adjustment determined as specified in paragraph (e)(2) of this section for the latest available week will continue to be applicable.

(f)(1)(i) AWP, determined as specified in paragraph (c) of this section, will be subject to a further fine count adjustment as provided in this section regarding all upland cotton having a loan schedule premium or discount exceeding that for Middling, leaf 3, staple length 13/32-inch upland cotton, and

(ii) Grade, staple length, and leaf must be determined as specified in §1427.9. If no such official classification is presented, the fine count adjustment will not be made.

(2) The adjustment for upland cotton specified in paragraph (f)(1) of this section will be determined by deducting from AWP:

(i) The difference between FE, and

(A) During the period when only one daily price quotation for each growth quoted for “fine count” cotton, CFR Far East, is available the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “fine count” cotton, CFR Far East (Far East fine count price) minus

(B) During the period when both current Far East shipment prices and forward Far East shipment prices are available for the growths quoted for “fine count” cotton, CFR Far East, the result calculated by the average of the current Far East shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “fine count” cotton, CFR Far East (Far East fine count price) minus

(ii) The difference between the applicable loan rate for an upland cotton crop for M 13/32-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton and the loan rate for an upland cotton crop for SM 11/8-inch, leaf 2, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton.

(3) Regarding the determination of the Far East fine count price under paragraph (f)(2)(i) of this section:

(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;

(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be considered; and

(iii) If quotes for three growths are not available for at least 3 days in the 5-day period, that week will not be considered, in which case the adjustment determined as specified in paragraph (f)(2) of this section for the latest available week will continue to be applicable.

(g) In the determination of FE as specified in paragraph (a)(2) of this section, the Far East coarse count price specified in paragraph (e)(2)(i)(B) of this section, and the Far East fine count price as specified in paragraph (f)(2)(i)(B) of this section, CCC will use either current Far East shipment prices, forward Far East shipment prices, or any combination thereof to determine FE or the Far East coarse count price or the Far East fine count price used in the determination of the adjustment for upland cotton specified
§ 1427.100 Applicability.

(a) Regulations in this subpart are applicable beginning August 1, 2008. These regulations specify the terms and conditions under which CCC will make payments to eligible domestic users who entered into an Upland Cotton Domestic User Agreement with CCC to participate in the upland cotton domestic user program under section 1207 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246, referred to commonly as the "2008 Farm Bill").

(b) CCC will prescribe forms used in administering Economic Adjustment Assistance to Users of Upland Cotton.

§ 1427.101 Eligible upland cotton.

(a) For purposes of this subpart, eligible upland cotton is baled upland cotton, regardless of origin, that is opened by an eligible domestic user on or after August 1, 2008, and is either:

1. Baled lint, including baled lint classified by USDA's Agricultural Marketing Service as Below Grade;

2. Loose samples removed from upland cotton bales for classification purposes that have been rebaled;

3. Semi-processed motes that are of a quality suitable, without further processing, for spinning, papermaking, or production of non-woven fabric; or

4. Re-ginned (processed) motes.

(b) Eligible upland cotton must not be:

1. Cotton for which a payment, under the provisions of this subpart, has been made available;

2. Raw (unprocessed) motes, pills, linters, or other derivatives of the lint cleaning process; or

3. Textile mill wastes.

§ 1427.102 Eligible domestic users.

(a) For purposes of this subpart, a person regularly engaged in the business of opening bales of eligible upland cotton for the purpose of spinning, papermaking, or processing of non-woven cotton fabric in the United States, who has entered into an agreement with CCC to participate in the upland cotton user program, will be considered an eligible domestic user.

(b) Applications for payment under this subpart must contain documentation required by the provisions of the Upland Cotton Domestic User Agreement and other instructions that CCC issues.

§ 1427.103 Upland cotton Domestic User Agreement.

(a) Payments specified in this subpart will be made available to eligible domestic users who have entered into an Upland Cotton Domestic User Agreement with CCC and who have complied with the terms and conditions in this subpart, the Upland Cotton Domestic User Agreement, and instructions issued by CCC.

(b) Upland Cotton Domestic User Agreements may be obtained from Contract Reconciliation Division, Kansas City Commodity Office (KCCO), P.O. Box 419205, Stop 8758, Kansas City, Missouri 64141–6205. In order to participate in the program authorized by this subpart, domestic users must execute the Upland Cotton Domestic User Agreement and forward the original and one copy to KCCO.

§ 1427.104 Payment rate.

(a) Beginning August 1, 2008 and ending July 31, 2012, the payment rate for purposes of calculating payments as specified in this subpart will be 4 cents per pound.
Beginning August 1, 2012, the payment rate for purposes of calculating payments as specified in this subpart will be 3 cents per pound.

§ 1427.105 Payment.

(a) Payments specified in this subpart will be determined by multiplying the payment rate, as specified in § 1427.104, by

(1) In the case of baled upland cotton, whether lint, loose samples or reginned motes, but not semi-processed motes, the net weight of the cotton used (gross weight minus the weight of bagging and ties);

(2) In the case of unbaled reginned motes consumed, without rebaling, for an end use in a continuous manufacturing process, the weight of the reginned motes after final cleaning; and

(3) In the case of semi-processed motes which are of a quality suitable, without further processing, for spinning, papermaking, or manufacture of non-woven cotton fabric, 25 percent of the weight (gross weight minus the weight of bagging and ties, if baled) of the semi-processed motes; provided further, that with respect to semi-processed motes that are used prior to August 18, 2010, payment may be allowed by CCC in its sole discretion at 100 percent of the weight as determined appropriate for a transition of the program to the 25 percent factor.

(b) In all cases, the payment will be determined based on the amount of eligible upland cotton that an eligible domestic user consumed during the immediately preceding calendar month. For the purposes of this subpart, eligible upland cotton will be considered consumed by the domestic user on the date the bale is opened for consumption, or if not baled, the date consumed, without further processing, in a continuous manufacturing process.

(c) Payments specified in this subpart will be made available upon application for payment and submission of supporting documentation, as required by the CCC-issued provisions of the Upland Cotton Domestic User Agreement.

(d) All payments received by the agreement holder must be used for purposes as specified in section 1207 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246, referred to commonly as the 2008 Farm Bill). Authorized expenditures include acquisition, construction, installation, modernization, development, conversion, or expansion of land, plant, buildings, equipment, facilities, or machinery. Such capital expenditures must be directly attributable and certified as such by the user for the purpose of manufacturing upland cotton into eligible cotton products in the United States.

Subpart D—Recourse Seed Cotton Loans

Source: 67 FR 64459, Oct. 18, 2002, unless otherwise noted.

§ 1427.160 Applicability.

(a) This subpart is applicable to the 2008 through 2012 crops of upland and extra long staple seed cotton. These regulations set forth the terms and conditions under which recourse seed cotton loans shall be made available by CCC. Such loans will be available through March 31 of the year following the calendar year in which such crop is normally harvested. CCC may change the loan availability period to conform to State or locally imposed quarantines. Additional terms and conditions are in the note and security agreement which must be executed by a producer in order to receive such loans.

(b) Loan rates and the forms that are used in administering the recourse seed cotton loan program for a crop of cotton are available in FSA State and county offices. Loan rates will be based on the base quality loan rate for upland cotton and the national average loan rate for extra long staple cotton.

(c) A producer must, unless otherwise authorized by CCC, request the loan at the county office which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced. All note and security agreements and related documents necessary for the administration of the recourse seed cotton loan program shall be prescribed by CCC and shall be available at State and county offices.
(d) Loans shall not be available for seed cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1427.161 Administration.

(a) The recourse seed cotton loan program which is applicable to a crop of cotton shall be administered under the general supervision of the Executive Vice President, CCC, or a designee and shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by these regulations which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee which is not under the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not under the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), or a designee from determining any question arising under the recourse seed cotton program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, FSA, may authorize waiver or modification of deadlines and other program requirements where lateness or failure to meet such other requirements does not adversely affect the operation of the recourse seed cotton loan program.

(f) A representative of CCC may execute loan applications and related documents only under the terms and conditions determined and announced by CCC. Any such document which is not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

§ 1427.162 [Reserved]

§ 1427.163 Disbursement of loans.

(a) A producer or the producer’s agent shall request a loan at the county office for the county which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced and which will assist the producer in completing the loan documents, except that CMA’s designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain loans through a central county office designated by the State committee.

(b) Disbursement of each loan will be made by the county office of the county which is responsible for administering programs for the farm on which the cotton was produced, except that CMA’s designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain disbursement of loans at a central county office designated by the State committee. Service charges shall be deducted from the loan proceeds. The producer or the producer’s agent shall not present the loan documents for disbursement unless the cotton is in existence and in good condition. If the cotton is not in existence and in good condition at the time of disbursement, the producer or the agent shall immediately return the check issued in payment of the loan or, if the check has been negotiated, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.164 Eligible producer.

An eligible producer must meet the requirements of §1427.4.

§ 1427.165 Eligible seed cotton.

(a) Seed cotton pledged as collateral for a loan must be tendered to CCC by an eligible producer and must:

(1) Be in existence and in good condition at the time of disbursement of loan proceeds;
§ 1427.171 Approved storage.

(2) Be stored in identity-preserved lots in approved storage meeting requirements of §1427.171;
(3) Be insured at the full loan value against loss or damage by fire;
(4) Not have been sold, nor any sales option on such cotton granted, to a buyer under a contract which provides that the buyer may direct the producer to pledge the seed cotton to CCC as collateral for a loan;
(5) Not have been previously sold and repurchased; or pledged as collateral for a CCC loan and redeemed;
(6) Be production from acreage that has been reported timely under part 718 of this title; and
(b) The quality of cotton which may be pledged as collateral for a loan shall be the estimated quality of lint cotton in each lot of seed cotton as determined by the county office, except that if a control sample of the lot of cotton is classed by an Agricultural Marketing Service (AMS) Cotton Classing Office or other entity approved by CCC, the quality for the lot shall be the quality shown on the applicable documentation issued for the control sample.
(c) To be eligible for loan, the beneficial interest in the seed cotton must be in the producer who is pledging the seed cotton as collateral for a loan as provided in §1427.5(c).

§ 1427.166 Insurance.

The seed cotton must be insured at the full loan value against loss or damage by fire.

§ 1427.167 Liens.

If there are any liens or encumbrances on the seed cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.168 [Reserved]

§ 1427.169 Fees, charges, and interest.

(a) A producer shall pay a non-refundable loan service fee to CCC at a rate determined by CCC.
(b) Interest which accrues for a loan shall be determined under part 1405 of this chapter.

§ 1427.170 Quantity for loan.

(a) The quantity of lint cotton in each lot of seed cotton tendered for loan shall be determined by the county office by multiplying the weight or estimated weight of seed cotton by the lint turnout factor determined under paragraph (b) of this section.
(b) The lint turnout factor for any lot of seed cotton shall be the percentage determined by the county committee representative during the initial inspection of the lot. If a control portion of the lot is weighed and ginned, the turnout factor determined for the portion of cotton ginned will be used for the lot. If a control portion is not weighed and ginned, the lint turnout factor shall not exceed 32 percent for machine-picked cotton and 22 percent for machine-stripped cotton unless acceptable proof is furnished showing that the lint turnout factor is greater.
(c) Loans shall not be made on more than a percentage established by the county committee of the quantity of lint cotton determined as provided in this section. If the seed cotton is weighed, the percentage to be used shall not be more than 95 percent. If the quantity is determined by measurement, the percentage to be used shall not be more than 90 percent. The percentage to be used in determining the maximum quantity for any loan may be reduced below such percentages by the county committee when determined necessary to protect the interests of CCC on the basis of one or more of the following risk factors:
(1) Condition or suitability of the storage site or structure;
(2) Condition of the cotton;
(3) Location of the storage site or structure; and
(4) Other factors peculiar to individual farms or producers which related to the preservation or safety of the loan collateral. Loans may be made on a lower percentage basis at the producer's request.

§ 1427.171 Approved storage.

Approved storage shall consist of storage located on or off the producer's
farm (excluding public warehouses) which is determined by a county committee representative to afford adequate protection against loss or damage and which is located within a reasonable distance, as determined by CCC, from an approved gin. If the cotton is not stored on the producer’s farm, the producer must furnish satisfactory evidence that the producer has the authority to store the cotton on such property and that the owner of such property has no lien for such storage against the cotton. The producer must provide satisfactory evidence that the producer and any person having an interest in the cotton including CCC, have the right to enter the premises to inspect and examine the cotton and shall permit a reasonable time to such persons to remove the cotton from the premises.

§ 1427.172 Settlement.

(a) A producer may, at any time before maturity of the loan, obtain release of all or any part of the loan seed cotton by paying to CCC the amount of the loan, plus interest and charges.

(b)(1) A producer or the producer’s agent shall not remove from storage any cotton which is pledged as collateral for a loan until prior written approval has been received from CCC for removal of such cotton. If a producer or the producer’s agent obtains such approval, they may remove such cotton from storage, sell the seed cotton, have it ginned, and sell the lint cotton and cottonseed obtained therefrom. The ginner shall inform the county office in writing immediately after the seed cotton removed from storage has been ginned and furnish the county office the loan number, producer’s name, and applicable gin bale numbers. If the seed cotton is removed from storage, the loan principal plus interest and charges thereon must be satisfied not later than the earlier of:
   (i) The date established by the county committee;
   (ii) 5 days after the date of the producer received the AMS classification under §1427.9 (and the warehouse receipt, if the cotton is delivered to a warehouse), representing such cotton; or
   (iii) The loan maturity date.

(2) If the seed cotton or lint cotton is sold, the loan principal, interest, and charges must be satisfied immediately.

(3) A producer, except a CMA, may obtain a nonrecourse loan or loan deficiency payment under subpart A of this part, on the lint cotton, but:
   (i) The loan principal, interest, and charges on the seed cotton must be satisfied from the proceeds of the nonrecourse loan under subpart A of this part; or
   (ii) The loan deficiency payment must be applied to the loan principal, interest, and charges on the outstanding seed cotton loan.

(4) A CMA must repay the seed cotton loan principal, interest, and charges before pledging the cotton for a nonrecourse loan or before a loan deficiency payment can be approved under subpart A of this part, on the lint cotton. If CMA’s authorized by producers to obtain loans in their behalf remove seed cotton from storage before obtaining approval to move such cotton, such removal shall constitute conversion of such cotton unless the CMA:
   (i) Notifies the county office in writing the following morning by mail or otherwise that such cotton has been moved and is on the gin yard;
   (ii) Furnishes CCC an irrevocable letter of credit if requested; and
   (iii) Repays the loan principal, plus interest and charges, within the time specified by the county committee.

(5) Any removal from storage shall not be deemed to constitute a release of CCC’s security interest in the seed cotton or to release the producer or CMA from liability for the loan principal, interest, and charges if full payment of such amount is not received by the county office.

(c) If, either before or after maturity, the producer discovers that the cotton is going out of condition or is in danger of going out of condition, the producer shall immediately notify the county office and confirm such notice in writing. If the county committee determines that the cotton is going out of condition or is in danger of going out of condition, the county committee will call for repayment of the loan principal, plus interest and charges on
or before a specified date. If the producer does not repay the loan or have the cotton ginned and obtain a non-recourse loan under subpart A of this part on the lint cotton produced there-from within the period as specified by the county committee, the cotton shall be considered abandoned.

(d) If the producer has control of the storage site and if the producer subsequently loses control of the storage site or there is danger of flood or damage to the seed cotton or storage structure making continued storage of the cotton unsafe, the producer shall immediately either repay the loan or move the seed cotton to the nearest approved gin for ginning and shall, at the same time, inform the county office. If the producer does not do so, the seed cotton shall be considered abandoned.

§ 1427.173 Foreclosure.

Any seed cotton pledged as collateral for a loan which is abandoned or which has not been ginned and pledged as collateral for a non-recourse loan under subpart A of this part by the seed cotton loan maturity date may be removed from storage by CCC and ginned and the resulting lint cotton warehoused for the account of CCC. The lint cotton and cottonseed may be sold, at such time, in such manner, and upon such terms as CCC may determine, at public or private sale. CCC may become the purchaser of the whole or any part of such cotton and cottonseed. If the proceeds received from the sale of the cotton are less than the amount due on the loan (including principal, interest, ginning charges, and any other charges incurred by CCC), the producer shall be liable for such difference. If the proceeds received from the sale of the cotton are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the cotton, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1427.174 Maturity of seed cotton loans.

Seed cotton loans mature on demand by CCC but no later than May 31 following the calendar year in which such crop is normally harvested.

§ 1427.175 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a loan, maintaining a loan, or settling a loan or if the producer disposes of or moves the loan collateral without the prior approval of CCC, such loan amount shall be refunded upon demand by CCC. The producer shall be liable for:

(i) The amount of the loan;
(ii) Any additional amounts paid by CCC for the loan;
(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;
(iv) Applicable interest on such amounts; and
(v) Liquidated damages under paragraph (e) of this section.

(2) Notwithstanding any provision of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral acquired by CCC shall be equal to the sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a loan, or in settlement thereof, exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, seed cotton pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the loan is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement and the regulations in this subpart. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's
claimed share in the seed cotton pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement for the producer’s claimed share in such seed cotton, after execution of the note and security agreement by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or in maintaining or settling a loan or disposing of or moving the collateral without the prior approval of CCC. Accordingly, if CCC or the county committee determines that the producer has violated the terms or conditions of the note and security agreement, liquidated damages shall be assessed on the quantity of the seed cotton which is involved in the violation. If CCC or the county committee determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense;

(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith about the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(f) For first and second offenses, if CCC or the county committee determines that a producer acted in good faith when the violation occurred, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity affected by the violation, and charges plus interest applicable to the amount repaid;

(2) Assess liquidated damages under paragraph (e) of this section; and

(3) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan involved in the violation.

(g) For cases other than first or second offenses, or any offense for which CCC or the county committee cannot determine good faith when the violation occurred, the county committee shall:

(1) Assess liquidated damages under paragraph (e) of this section;

(2) Call the applicable loan involved in the violation.

(h) If CCC or the county committee determines that the producer has committed a violation under paragraph (e) of this section, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information to the county committee regarding the circumstances which caused the violation, and

(2) Administrative actions will be taken under paragraphs (f) or (g) of this section.

(i) Any or all of the liquidated damages assessed under the provision of paragraph (e) of this section may be waived as determined by CCC.

Subpart E—Standards for Approval of Warehouses for Cotton and Cotton Linters

SOURCE: 44 FR 67085, Nov. 23, 1979, unless otherwise noted.

§ 1427.1081 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as “CCC”) of warehouse(s) for the storage and handling of cotton and cotton linters, under a Cotton Storage Agreement, which are owned by CCC or held by CCC as security for price support loans. This subpart is not applicable to cotton or cotton linters purchased in storage for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining
Commodity Credit Corporation, USDA

§ 1427.1082

approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the “KCCO”).

(c) A warehouse must be approved by the KCCO and a storage agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart shall submit to CCC at KCCO:

(1) A completed Form CCC–49, “Application for Approval of Warehouse for Storage of Cotton and/or Cotton Linters,”

(2) A current financial statement on Form WA–51, “Financial Statement”, supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA–51 with approval of the Director, KCCO, or the Director’s designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman’s application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC-owned or -loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of $25,000 or the amount which results from multiplying the maximum storage capacity of the warehouse (the total number of bales of cotton or cotton linters which the warehouse can accommodate when stored in the customary manner) times ten (10) dollars per bale. The net worth need not exceed $250,000. If the calculated net worth exceeds $25,000, the warehouseman may satisfy any deficiency in net worth by furnishing bond (or acceptable substitute security) meeting the requirements of §1427.1083,

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected, upon request by CCC, any deficiencies in the performance of any storage agreement with CCC,
§ 1427.1083 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process and in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, “Warehouseman’s Bond”, except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC.

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days’ notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficien bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC. CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, “Irrevocable Letter of Credit”, or on such other form as may
§ 1427.1084 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage and handling of the commodity and periodically thereafter to determine its compliance with CCC’s standards and requirements.

§ 1427.1085 Exceptions.

Notwithstanding any other provisions of this report:

(a) The financial bond and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of cotton or cotton linters under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodity but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least $25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity,

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

§ 1427.1086 Approval of warehouse, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman’s obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. This notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC’s rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman’s failure to meet the standards set forth:

(1) In § 1427.1082, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination of notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director’s determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as “FSA”). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a “participant”; and

(2) In § 1427.1082(c)(2), the warehouseman’s administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any...
time, apply for approval under this subpart.

§ 1427.1087 Exemption from requirements.

(a) If warehousing services in any area cannot be secured under the provisions of this subpart and no reasonable and economical alternative is available for securing such services for commodities under CCC programs, the President or Executive Vice President, CCC may exempt, in writing, applicants in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to safeguard satisfactorily the interests of CCC.

(b) Warehousemen who are currently under contract with CCC will be required to meet the terms and conditions of these regulations at the time of renewal of their contract.

§ 1427.1088 Contract fees.

(a) Each warehouseman who has a non-federally licensed cotton warehouse must pay an annual contract fee for each such warehouse for which the warehouseman requests renewal of an existing Cotton Storage Agreement or approval of a new Cotton Storage Agreement as follows:

1. A warehouseman who has an existing Cotton Storage Agreement with CCC for the storage and handling of CCC-owned cotton or cotton pledged to CCC as loan collateral must pay an annual contract fee for each warehouse approved under such agreement in advance of the renewal date of such agreement.

2. A warehouseman who does not have an existing Cotton Storage Agreement with CCC for the storage and handling of CCC-owned cotton or cotton pledged to CCC as loan collateral but who desires such an agreement must pay a contract fee for each warehouse for which CCC approval is sought prior to the time that the agreement is approved by CCC.

(b) The amount of the contract fee shall be determined and announced annually in the Federal Register.

§ 1427.1089 OMB Control Numbers assigned pursuant to Paperwork Reduction Act.

The information collection requirements contained in this regulation (7 CFR part 1427) have been approved by the Office of Management and Budget under provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Numbers 0560–0040, 0560–0074, 0560–0027, and 0560–0059.

(a) The payment rate for payments made under this subpart shall be determined as follows:

(1) Beginning the Friday on or following August 1 and ending the week in which the LFQc, the LFQf, the USPFEc, and the USPFEf prices first become available, the payment rate shall be the difference between the USPFEc and the LFQc in the fourth week of a consecutive 4-week period in which the USPFEc exceed the LFQc each week, and the adjusted LFQc was less than 134 percent of the current crop year loan level for base quality U.S. Pima in all weeks of the 4-week period. If either or both the USPFEc and the LFQc are not available, the payment rate may be the difference between the USPFEf and the LFQf.

(b) Whenever a 4-week period under paragraph (a) of this section contains a combination of LFQ, LFQc, and LFQf for only one to three weeks, such as may occur in the spring when the LFQ is succeeded by the LFQc and the LFQf (spring transition), and at the start of a new marketing year when the LFQc and the LFQf are succeeded by the LFQ (marketing year transition), under paragraphs (a)(1) and (a)(2) of this section, during both the spring transition and the marketing year transition periods, the LFQc and USPFEc, in combination with the LFQ and USPFE, shall, to the extent practicable, be considered during such 4-week periods to determine whether a payment is to be issued. During both the spring transition and the marketing year transition periods, if either or both USPFEc price and the LFQc are not available, the USPFEf and the LFQf in combination with the USPFE price and LFQ shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(c) For purposes of this subpart, regarding the determination of the USPFE, USPFEc, USPFEf, the LFQ, the LFQc, and the LFQf:

(1) If daily quotations are not available for one or more days of the 4-day period, the available quotations during the period will be used;

(2) If none of the USPFE, USPFEc, or USPFEf prices is available, or if none of the LFQ, LFQc, or LFQf is available, the payment rate shall be zero and shall remain zero unless and until sufficient USPFE prices or the LFQ again becomes available, the USPFE, USPFEc, or USPFEf price exceeds the LFQ, the LFQc, or the LFQf, as the case may be, and the LFQ, the LFQc, or the LFQf, as the case may be, adjusted for transportation, is less than

(1) For domestic users, the weight on which settlement for payment of the ELS cotton was based (landed mill weight);

(2) For exporters, the shipping warehouse weight or the gin weight if the ELS cotton was not placed in a warehouse, of the eligible cotton unless the exporter obtains and pays the cost of having all the bales in the shipment reweighed by a licensed weigher and furnishes a copy of the certified weights.

(c) For the purposes of this subpart, eligible ELS cotton will be considered:

(1) Consumed by the domestic user on the date the bale is opened for consumption; and

(2) Exported by the exporter on the date that CCC determines is the date on which the cotton is shipped for export.

(d) Payments under this subpart shall be made available upon application for payment and submission of supporting documentation, as required by this subpart, CCC instructions, and the ELS Cotton Domestic User/Exporter Agreement.

During the period beginning on January 1, 2008, and ending December 31, 2012, the Secretary of Agriculture will support the price of cheddar cheese, butter, and nonfat dry milk by providing a standing offer to purchase those products from eligible offerors. The products must be made from cow’s milk produced in the United States. Purchases are subject to the terms and conditions in CCC’s purchase announcements.

§ 1430.101  Definitions.

For purposes of this subpart, the following definitions apply:

CCC means the Commodity Credit Corporation, USDA.

Eligible offeror means the person, firm, corporation, or other legal entity obligated by the purchase agreement with CCC. The product must not have been sold before to another party and the offeror must be the manufacturer of the dairy product offered or a marketing cooperative for the manufacturer.

Net removals means, for a given period of time, the total dairy product purchased by CCC through the program in this subpart plus the quantity of the product exported through the Dairy Export Incentive Program (as authorized in 15 U.S.C. 713a–14), less the quantity sold by CCC for unrestricted use.

(a) To be eligible for the program in this subpart, the products must be manufactured from dairy cow’s milk produced in the United States, and must not have been previously owned by CCC. Dairy cow in this instance means an animal of the kind that produces the majority of dairy products in the United States and not, for example, cows of other species of animals such as yaks or oxen.

(b) Products will be purchased only from eligible offerors of the product, and only in carlot weights.

(c) The products purchased must be of the following grades and moisture content, as evidenced by USDA-issued inspection certificates:

(1) Block cheddar cheese must be U.S. Grade A or higher, and the moisture content must not exceed 38.5 percent;

(2) Barrel cheddar cheese must be U.S. Extra Grade, and the moisture content must not exceed 36.5 percent;

(3) Butter must be U.S. Grade A or higher;

(4) Nonfat dry milk must be U.S. Extra Grade, and the moisture content must not exceed 3.5 percent.
(d) CCC may require other terms and conditions of purchase, as specified in CCC’s purchase announcement.

§ 1430.103 Purchase prices.

(a) CCC will offer to purchase products at the following prices for all regions of the United States:

1. Cheddar cheese in blocks for not less than $1.13 per pound; unless
   (i) Net removals of cheese for a period of 12 consecutive months exceed 200,000,000 pounds, but do not exceed 400,000,000 pounds, in which case the CCC block cheese purchase price will be not less than $1.03 per pound, during the immediately following month, or
   (ii) Net removals of cheese for a period of 12 consecutive months exceed 400,000,000 pounds, in which case the CCC block cheese purchase price will be not less than $0.93 per pound during the immediately following month;

2. Cheddar cheese in barrels for $0.03 per pound less than the cheddar cheese block price;

3. Butter for not less than $1.05 per pound; unless
   (i) Net removals of butter for a period of 12 consecutive months exceed 450,000,000 pounds, but do not exceed 650,000,000 pounds, in which case the CCC butter purchase price will be not less than $0.95 per pound during the immediately following month, or
   (ii) Net removals of butter for a period of 12 consecutive months exceed 650,000,000 pounds, in which case the CCC butter purchase price will be not less than $0.85 per pound during the immediately following month;

4. Nonfat dry milk for not less than $0.80 per pound, unless
   (i) Net removals of nonfat dry milk for a period of 12 consecutive months exceed 600,000,000 pounds, but do not exceed 800,000,000 pounds, in which case the CCC nonfat dry milk purchase price will be not less than $0.75 per pound during the immediately following month, or
   (ii) Net removals of nonfat dry milk for a period of 12 consecutive months exceed 800,000,000 pounds, in which case the CCC nonfat dry milk purchase price will be not less than $0.70 per pound during the immediately following month.

(b) CCC may offer to purchase cheddar cheese, butter, fortified nonfat dry milk, or fortified instant nonfat dry milk in consumer-sized ready-to-consume packages at a premium to the purchase prices for cheddar cheese, butter and nonfat dry milk specified in paragraph (a) of this section. Any such offers will be made through CCC’s purchase announcements, and such offers may be limited by quantity and to a specific time period.

(c) CCC may offer to purchase cheddar cheese with a lower moisture content than is specified in §1430.102(c) at a premium to the prices specified in paragraph (a) of this section. Any such offers will be made through CCC’s purchase announcements, and such offers may be limited by quantity and to a specific time period.

§ 1430.104 Sales from inventories.

(a) CCC may sell any dairy product purchased as specified in this subpart for unrestricted use at the market price prevailing for that product at the time of sale, except that the sale price will not be less than 110 percent of the purchase price specified in §1430.103(a), before any price reduction for the amount of CCC net removals of the dairy products.

(b) CCC may sell or distribute dairy products purchased under this section for restricted use when such sale is determined to maximize the return to CCC on its purchases.

(a) Have produced milk in the United States and commercially marketed the milk produced anytime during the period of October 1, 2007, through September 30, 2012;

(b) Enter into a MILC during the contract application period;

(c) Agree to all terms and conditions in the MILC and those that are otherwise contained in this subpart and comply with instructions issued by CCC;

(d) Provide proof of monthly milk production commercially marketed by all persons in the dairy operation during the contract period, to determine the total pounds of milk that will be converted to hundredweight (cwt.) used for payment;

(e) Submit timely production evidence according to §1430.209;

(f) Be actively engaged in the business of producing and marketing agricultural products anytime during the period of October 1, 2007, through September 30, 2012;

(g) Meet all adjusted gross income eligibility requirements of part 1400 of this chapter as regards any person or entity seeking to receive payment under this part. No person or entity may, generally, receive any payment for FY 2009 marketings and subsequent marketings if their nonfarm yearly income for the relevant base period for the relevant marketings as determined under the adjusted gross income rules (as in effect when the payment is sought) is over $500,000 as determined under this subpart. Further, for entities an otherwise due payment will be reduced commensurately to the extent that any person with an interest in the entity, as determined under the adjusted gross income rules had such income over that limit for the relevant period;

(h) Have submitted a contract during the applicable contract period for FYs 2008 through 2012:

(1) Except for 2009, and subject to the start month provision of §1430.205, must have for any fiscal year or month for which payment is sought to be paid submitted the FY 2008 through 2012 contract before the end of that fiscal year or month or

(2) For FY 2008 payments, if payments are generated under this part for that fiscal year, must have submitted a contract for the FY 2008 through 2012 program by October 1, 2009 and for FY 2009 the contract must have been submitted by the month for which payment is first sought except to the extent that §1430.205 explicitly permits the operation to pick a start month in

§ 1430.204 Requesting benefits.

(a) A request for benefits or contract application, under this subpart must be submitted on a form as prescribed by the Agency. Contract applications shall be submitted to the FSA office serving the county where the dairy operation is located. Contract applications must be received by FSA by the close of business on the date established by the Deputy Administrator. Contract applications received after such date shall be disapproved.

(b) The dairy operation requesting MILC benefits must certify the accuracy and truthfulness of the information in their contract application. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department to verify any information provided will result in disapproval.

(c) Contract applications will be approved by execution by FSA and producer of a MILC. All persons who share in the risk of a dairy operation’s total production must sign and certify the contract application.

§ 1430.205 Selection of starting month.

(a) A dairy operation that enters into a MILC contract with CCC must designate the starting month for each fiscal year for the calculation of payments and pound limits for the operation. Once a start month is chosen for a fiscal year the corresponding month will be the start month for each subsequent fiscal year unless changed by an affirmative request in writing on a form approved by CCC. The production start month must be selected on or before the 14th of the month before the month for which payment is sought. If such date falls on a weekend, the start month selection must be made on the last business day preceding the weekend. A dairy operation cannot select as the start month for payment a month which:

1. Has already begun, except as provided in paragraph (c)(1) of this section;
2. Has already passed; or
3. During which no milk production was produced by the dairy operation.

(b) For FY 2009, if the operation signs its FY 2008 through 2012 MILC contract within 30 days of the beginning of the application period it can pick any preceding FY 2009 month as its start month for that period or can use the normal rule of paragraph (c) of this section to pick the start month.

(c) Except as provided in paragraph (b) of this section, the start month for a fiscal year may only be

1. For the fiscal year in which the contract is submitted, the month the contract is submitted or
2. For a fiscal year that has not yet begun, any month, provided that a month may not be selected after the 14th of the preceding month.

(d) Dairy operations may change the production start month on or before the 14th day of the month previously selected.

(e) If a change of the production starting month is not made by the dates required by paragraph (d) of this section, the MILC production starting month cannot be changed until the next fiscal year. If the selected MILC production starting month is never modified, it will remain the same throughout the duration of the contract.

(f) MILC payments will be made consecutively to the dairy operation on a monthly basis after the production starting month has been designated until the earlier of the following:

1. Payment quantity is reached in accordance with §1430.207; or
2. The end of the applicable fiscal year.

(g)(1) MILC production start month selections made during the signup period designated by CCC may be made as provided in paragraph (b) of this section, otherwise MILC production start month selections must be made in accordance with paragraph (c) of this section. If a payment rate is not in effect
Commodity Credit Corporation, USDA

§ 1430.208 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations when the Boston Class I milk price under the applicable Federal milk marketing order is below $16.94 per cwt. No payments will be made to dairy operations for marketings during the months that the Boston Class I milk price under the applicable milk marketing order is equal to or exceeds $16.94.

(b) A per-hundredweight payment rate will be determined for the applicable month by:

(1) Subtracting from $16.94 the Class I milk price per cwt. in Boston;

(2) Multiplying the difference by 34 percent for marketings during the period beginning on October 1, 2007, and ending on September 30, 2008;

(3) Multiplying the difference by 45 percent for marketings during the period beginning on October 1, 2008, and ending on August 31, 2012; and

(4) Multiplying the difference by 34 percent for marketings in September 2012.

(c) The payment rate as calculated as specified in paragraph (b) of this section, will be adjusted to compensate for feed prices when the National Average Dairy Feed Ration Cost for a month is greater than the levels set in paragraphs (c)(1) and (c)(2) of this section.

The National Average Dairy Feed Ration Cost per cwt.

§ 1430.206 [Reserved]

§ 1430.207 Dairy operation payment quantity.

(a) The applicant’s payment quantity of milk will be determined by CCC, based on the quantity of milk that was produced and commercially marketed by each dairy operation per fiscal year.

(b) The maximum quantity of eligible production for which dairy operations, per separate and distinct operation, are eligible for payment per fiscal year under this subpart will be:

(1) 2,400,000 pounds (24,000 cwt.) for FY 2008 (October 1, 2007, through September 30, 2008);

(2) 2,983,000 pounds (29,830 cwt.) for FY 2009 (October 1, 2008 through September 30, 2009), FY 2010 (October 1, 2009, through September 30, 2010), FY 2011 (October 1, 2010, through September 30, 2011) and FY 2012 (October 1, 2011, through September 30, 2012), provided further an operation may receive payment for September, 2012, marketings only if its pre-September FY 2012 marketings did not exceed 2,400,000 pounds in which case new marketings that would not put the operation’s FY 2012 marketings over 2,400,000 pounds will be eligible for payments otherwise permitted in this rule.

(c) In accordance with these regulations, the Deputy Administrator will determine what is a separate and distinct operation. That decision will be final.

be calculated using the same procedures used to calculate the feed components of the estimated price of 16 percent Mixed Dairy Feed per pound noted on page 33 of the USDA monthly Agricultural Prices publication (including the data and factors noted in footnote 4). The payment rate adjustment for Entire Month feed prices will be determined by increasing $16.94 by the percentage that is 45 percent of the percentage by which the National Average Dairy Feed Ration Cost exceeds $7.35 per cwt. (except that $7.35 will be $9.50 for September 2012 marketings.)

(d) Each eligible dairy operation payment will be calculated, as determined by the Secretary, by:

1. Converting whole pounds of milk to hundredweight and
2. Multiplying the payment rate determined in paragraphs (b) and (c) of this section by the quantity of eligible production marketed by the operation during the applicable month as determined according to §1430.205 and other provisions of this subpart.

(e) Payments to dairy operations will be based on calculated payment rates rounded seven places to the right of the decimal.

(f) Payments under this subpart may be made to a dairy operation only up to the maximum production limitations set in §1430.207(b) of eligible production per applicable fiscal year.

(e) Payments under this subpart may be made to a dairy operation only up to the maximum production limitations set in §1430.207(b) of eligible production per applicable fiscal year.

(f) Dairy operations receiving benefits under this subpart, will receive earned payments on a monthly basis according to the MILC contract, to the extent practicable, not later than 60 days after the later of production evidence and all supporting documents for the applicable month are received by CCC or the entire month National Average Dairy Feed Ration Cost is made available by USDA, as applicable. Payments issued by CCC more than 60 days after the later of all production evidence and supporting documentation are received by CCC or the entire month National Average Dairy Feed Ration Cost is made available by USDA, whichever is later, will be subject to prompt payment interest as allowed by law. However, CCC will endeavor where possible to make payments within 60 days of the end of the marketing month.

§ 1430.209 Proof of market loss production.

(a) A dairy operation entering into a MILC must, based on instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation’s eligible production during the months of each fiscal year designated in the MILC. The dairy operation must also provide proof that the eligible production was commercially marketed during the months beginning October 1, 2007, and ending September 30, 2012. Evidence of milk production claimed for payment shall be provided to CCC with supporting documentation under paragraph (b) of this section. All information provided is subject to verification, spot check and audit by FSA. Further verification information may be obtained from the dairy operation’s milk handler or marketing cooperative if deemed necessary by CCC to verify provided information. Refusal to allow a representative of CCC or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility for benefits under this subpart.

(b) Eligible dairy operations marketing milk during the period specified in the MILC shall provide any available supporting documents from all producers in the dairy operation to assist CCC in verifying that the dairy operation produced and marketed milk commercially from the designated starting month and thereafter. Examples of supporting documentation include, but are not limited to: milk marketing payment stubs, tank records, milk handler records, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. Producers may also be required to allow CCC to examine the herd of cattle as production evidence. If supporting documentation requested
§ 1430.213 Contract modifications and statutory changes in program.

(a) Producers in a dairy operation must notify FSA immediately of any changes that may affect their MILC. Changes include, but are not limited to changes to the starting month to receive payment for the next fiscal year, death of producer on the contract, new member joining the operation, member exiting the operation, transfer of shares by sale or other transfer action, or farm reconstitutions undertaken in accordance with §1430.213.

(b) CCC may modify an MILC if such modifications are desirable to carry out purposes of the program or to facilitate the program’s administration.

(c) Payments otherwise due under this subpart or the program will be adjusted or denied to the extent provided for by a statutory change in program eligibilities or requirements of any kind irrespective of whether the program contract preceded the statutory change. Operations will be given the option of accepting the changes or terminating the contract.

§ 1430.214 Reconstitutions.

(a) A dairy operation receiving MILC benefits may reorganize or restructure such that the constitution or makeup of its operation is reconstituted in another organizational framework. However, any operation that reorganizes or restructures after October 1, 2007, is subject to a review by FSA to determine if the operation was reorganized or restructured for the sole purpose of receiving multiple or additional MILC payments.

(b) A dairy operation that FSA determines has reorganized solely to receive additional MILC payments will be in violation of its contract and dealt in accordance with §1430.214.

(c) If during the contract period a change in the dairy operation occurs, the modification to the MILC will not take effect until the first day of the fiscal year following the month FSA received notification of the changes. Changes include but are not limited to any producer affiliated with a dairy operation that has an approved MILC.
§ 1430.214 Violations.
(a) If producers in a dairy operation violate the MILC or the requirements of this subpart, CCC may:
(1) Terminate the MILC for the remainder of the fiscal year in which the violation occurs, and allow the producer to retain any payments received under the contract; or
(2) Allow the MILC to remain in effect and require the producer to repay a portion of the payments received commensurate with the violation’s severity, as CCC determines.
(b) A MILC is violated by the following actions:
(1) Failure to comply with the terms and conditions of the MILC and addendum;
(2) Reconstitutions of the dairy operation for the sole purpose of receiving multiple program benefits;
(3) Failure to comply with highly erodible land conservation and wetland provisions of this 7 CFR part 12 or their successor regulations;
(4) Failure to meet the definition of a dairy operation according to §1430.202;
(5) Any action that tends to defeat the purpose of the program, as CCC determines.
(c) The Deputy Administrator for Farm Programs (DAFP) of the Farm Service Agency may terminate any MILC by mutual agreement upon request of the participant if DAFP determines that termination is in the best interest of the public.
(d) The DAFP may determine that failure of the dairy operation to perform the MILC does not warrant termination and may require the participant to refund part of the payments received or accept adjustments in the payment as the DAFP determines to be appropriate.
§ 1430.215 [Reserved]
§ 1430.216 Contracts not in conformity with regulations.
If it is discovered that an MILC contract does not comply with this subpart as the result of a misunderstanding by someone who has signed the contract, the contract may be modified by mutual agreement. If the parties to the MILC cannot reach an agreement for such modification, the MILC shall be terminated and all payments paid or payable under the contract or part thereof shall be forfeited or refunded to CCC, except as may otherwise be allowed under §1430.214.
§ 1430.217 Offsets and withholdings.
CCC may offset or withhold any amount due CCC under this subpart under the provisions of part 1403 of this chapter or any successor regulations.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination under part 11 or 780 of this title.
§ 1430.220 Misrepresentation and scheme or device.

(1) Adopted a scheme or device that tends to defeat the purpose of this program;
(2) Made any fraudulent representation; or
(3) Misrepresented any fact affecting a determination under this program.

(b) CCC will take steps deemed necessary to protect the interests of the government.

§ 1430.221 Estates, trusts, and minors.

(a) Program documents executed by producers legally authorized to represent estates or trusts will be accepted only if such producers furnish evidence of the authority to execute such documents.

(b) A minor who is otherwise eligible for assistance under this part must:
(1) Establish that the right of majority has been conferred on the minor by court proceedings or by statute;
(2) Show that a guardian has been appointed to manage the minor’s property and the applicable program documents are executed by the guardian; or
(3) Furnish a bond under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1430.222 Death, incompetency, or disappearance.

In the case of death, incompetency, disappearance or dissolution of a producer that is eligible to receive benefits under this part, such persons as are specified in part 707 of this title may receive such benefits, as determined appropriate by FSA.

§ 1430.223 Maintenance and inspection of records.

(a) Producers approved for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested by CCC or FSA. Such records and accounts must be retained for 3 years after the date of payment to the dairy operation under this program. Destruction of the records 3 years after the date of payment shall be the risk of the party undertaking the destruction.

(b) Any funds disbursed to a producer or operation engaged in a misrepresentation, scheme, or device, shall be refunded to CCC. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1430.224 Refunds; joint and several liability.

(b) All producers signing a dairy operation’s application for payment as having an interest in the operation shall be jointly and severally liable for any refund, including related charges, that is determined to be due for any reason under the terms and conditions of the contract application and addendum or this part for such operation.

Subpart C—2004 Dairy Disaster Assistance Payment Program

SOURCE: 70 FR 56115, Sept. 26, 2005, unless otherwise noted.

§ 1430.300 Applicability.

(a) Subject to the availability of funds, this subpart sets forth the terms and conditions applicable to the 2004 Dairy Disaster Assistance Payment Program authorized by section 103 of Division B of Public Law 108–324. Benefits are available to eligible United States producers who have suffered dairy production losses and dairy spoilage losses in eligible counties as a result of a hurricane disaster in 2004.

(b) To be eligible for this program, a producer must have been a milk producer in 2004 in a county declared a disaster by the President of the United States due to a 2004 hurricane. Only losses occurring in those counties are eligible for payment in this program. Producers in contiguous counties that were not designated by the President as a disaster county due to a hurricane in 2004 are not eligible.

(c) Subject to the availability of funds, benefits shall be provided by the Commodity Credit Corporation (CCC) to eligible dairy producers. Additional terms and conditions may be set forth in the payment application that must be executed by participants to receive a disaster assistance payment for dairy production losses and dairy spoilage losses.

(d) To be eligible for payments, producers must comply with the provisions of, and their losses must meet the conditions of, this subpart and any other conditions imposed by CCC.

§ 1430.301 Administration.

(a) The 2004 Dairy Disaster Assistance Payment Program shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA), or a designee, and shall be carried out in the field by FSA State and county committees (State and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by the regulations of this subpart that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this subpart.

(d) No provision of delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the 2004 Dairy Disaster Assistance Payment Program and does not violate statutory limitations on the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in the 2004 Dairy Disaster Assistance Payment Program is voluntary, program benefits are not to be provided unless the participant furnishes all requested data.

§ 1430.302 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the 2004 Dairy Disaster Assistance Payment Program established by this subpart.

Application means the 2004 Dairy Disaster Assistance Payment Program Application.
Application period means the time period established by the Deputy Administrator for producers to apply for program benefits.

CCC means the Commodity Credit Corporation of the Department.

County committee means the FSA county committee.

County office means the FSA office responsible for administering FSA programs for farms located in a specific area in a state.

Dairy operation means any person or group of persons who, as a single unit, as determined by CCC, produces and markets milk commercially from cows and whose production facilities are located in the United States.

Department or USDA means the United States Department of Agriculture.

Deputy Administrator means the Duty Administrator for Farm Programs (DAFP), FSA, or a designee.

Disaster county means a county declared a disaster by the President of the United States due to a hurricane in 2004, and is only the county so declared, not a contiguous county.

Hundredweight or cwt. means 100 pounds.

Milk handler or cooperative means the marketing agency to, or through which, the producer commercially markets whole milk.

Milk marketings means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use. In counting milk toward production amounts, dumped milk will not be considered as marketed for commercial use. Such dumped milk shall be counted toward production but will be accounted for separately from milk that is marketed for normal commercial use as determined by the Deputy Administrator. All production in the months for which loss coverage is available will be counted in making determinations under this part, as determined by the Deputy Administrator, with care to avoid double counting, and with care to avoid a calculated loss that overstates the actual losses.

Payment pounds means the pounds of milk production from a dairy operation for which the dairy producer is eligible to be paid under this subpart.

Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or legal resident alien in the United States, and who directly or indirectly, as determined by the Secretary, shares in the risk of producing milk, and makes contributions (including land, labor, management, equipment, or capital) to the dairy farming operation of the individual or entity of the proceeds of this operation.

Starting base production means actual commercial production marketed by the dairy operation during the month of July 2004, or alternative period established by the Deputy Administrator.

Verifiable production records means evidence that is used to substantiate the amount of production marketed, including any dumped production, and that can be verified by CCC through an independent source.

§ 1430.303 Time and method of application.

(a) Dairy producers may obtain an Application, in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the Application at http://www.sc.egov.usda.gov.

(b) A request for benefits under this subpart must be submitted on a completed Application as defined in §1430.302. Applications and any other supporting documentation shall be submitted to the FSA county office serving the county where the dairy operation is located but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. The closing date shall be no sooner than October 11, 2005. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.
§ 1430.304 Eligibility.

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in counties declared a disaster by the President due to any hurricane in 2004. To be eligible to receive payments under this subpart, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2004 calendar year;

(2) Be a producer on a dairy farm operation physically located in a disaster county where production and milk spoilage losses were incurred as a result of 2004 hurricanes, and limiting their claims to losses occurring in those counties;

(3) Provide proof of monthly milk production dumped and commercially marketed by all persons in the eligible dairy operation during the third quarter of the 2004 milk marketing year, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer’s estate signs the application for payment. Proof of authority to sign for the deceased producer’s estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and comply with terms and conditions of this subpart, instructions issued by CCC and instructions contained in the Application to be eligible for benefits under this subpart.

(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2004 calendar year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties in eligible months.

(f) All payments under this part are subject to the availability of funds.

§ 1430.305 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that production and spoilage losses can be computed in accordance with §1430.306.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation’s commercial production, including any dumped production and dairy cow purchases, for each month of the period July 2004 through October 2004, and must specifically identify any dumped production for August through October 2004. If a month other than July 2004 is used for base creation purposes records for that month must be provided.

(1) A producer must certify and provide such proof as requested that losses for which compensation is claimed...
were hurricane-related and occurred in an eligible county in an eligible month.

(2) Additional supporting documentation may be requested by FSA as necessary to verify production or spoilage losses and dairy herd increases or decreases to the satisfaction of FSA.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation’s milk handler or marketing cooperative. Supporting documents may include, but are not limited to: tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production or spoilage losses, or any other documents available to confirm the production history and losses incurred by the dairy operation.

(d) Adequate proof of dairy cow additions to the milking herd during the eligible months can include, but are not limited to sales receipts, invoices, State health certificates, or any other documents available to confirm the cow purchases.

(e) All information provided to FSA by a producer is subject to verification, spot-check and audit by FSA. Also, FSA or another CCC representative may examine the dairy operation’s production or spoilage claims.

(f) If adequate proof of commercially-marketed production and supporting documentation is not presented to the satisfaction of CCC or FSA, the request for benefits will be rejected. In the case of a new producer that had no verifiable, actual, commercial production marketed by the dairy operation during the month of July 2004, but which suffered eligible losses, an alternate base period may be established by the Deputy Administrator.

§1430.306 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring in August through October 2004. Specifically, dairy production and spoilage losses incurred by producers under this subpart are determined on the established history of the dairy operation’s actual commercial production marketed from August through October 2004, and actual production dumped or otherwise not marketed from August through October 2004, as provided by the dairy operation consistent with §1430.305. Except as otherwise provided in these regulations, the starting base production, as defined in §1430.302, is adjusted downward by a percentage determined by CCC to determine the base production for the months of August through October 2004. These adjustments are made to account for the seasonal declines that can occur during those months. The base production for each of the months August through October 2004 is calculated by reducing the starting base production (July 2004, or alternate month approved by the Deputy Administrator for new producers) as follows:

(1) August 2004 base production is the starting base production reduced by 9 percent;

(2) September 2004 base production is the starting base production reduced by 15 percent;

(3) October 2004 base production is the starting base production reduced by 11 percent.

(b) The eligible dairy production losses for a dairy operation for each of the months of August through October 2004 will be:

(1) The new base production for the dairy operation calculated under paragraph (a) of this section less,

(2) For each such month for each dairy operation, the total of:

(i) Actual commercially-marketed production (not counting dumped production counted under paragraph (b)(1)(i) of this section); plus

(ii) The pounds of milk production dumped (whether related to the hurricane or not), or otherwise not commercially marketed (whether related to the hurricane or not). For dumping losses to be eligible, they must, as with other program losses, be hurricane-related, as described under paragraphs (c) and (d) of this section.

(c) Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the hurricane or is determined by FSA not to be hurricane-related. Actual production, as adjusted, that exceeds the adjusted
base production will mean that the dairy operation incurred no eligible production losses for the corresponding month as a result of the hurricane disaster, and that the production level for that month does not qualify for a payment under this program.

(d) Eligible dairy spoilage losses incurred by producers under this subpart for each of the months August through October 2004 will be determined based on actual milk produced in those months that was dumped on the farm as a result of the 2004 hurricanes. Proper documentation of milk dumped on the farm as a result of spoilage due to a hurricane must be provided to CCC as provided in §1430.305.

(e) Calculated production losses may be adjusted by FSA based on the monthly average of daily dairy cow additions or reductions to the milking herd during the period of July 1, 2004 through October 31, 2004, to account for production adjustments as a result of dairy cow purchases, sales, or death losses. Production adjustments can be calculated using the average number of dairy cows in a dairy operation’s milking herd and the average production per cow during each applicable month. Per-cow production averages during the months of August through October will be determined based on the actual per-cow production average during the month of July 2004 and reduced downward according to the seasonal decline percentages provided in paragraph (a) of this section, to determine the total production that may be credited back to the dairy operation’s total production losses. To qualify for the production adjustment:

1. Producers in eligible dairy operations must report any increases or decreases to the dairy cow milking herd during the period of July 1, 2004 through October 31, 2004.

2. Adequate supporting documentation according to §1430.305 must be provided to the satisfaction of the COC to verify any claims of herd increases or decreases during the eligible period.

3. Any cows purchased during the eligible period that would increase the dairy cow milking herd must have been to offset production losses as a result of the 2004 hurricanes.

(f) Eligible production and spoilage losses as otherwise determined under paragraphs (a) through (e) of this section are added together to determine total eligible losses incurred by the dairy operation subject to all other eligibility requirements as may be included in this part or elsewhere.

(g) Payment on eligible dairy operation losses is calculated using whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the operation’s eligible production loss among the producers of the dairy operation according to §1420.307(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, or marketing cooperative, or any other private party.

(b) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same losses, the producer must choose whether to receive the other program benefits or payments under this part, but shall not be eligible for both. The limitation on multiple benefits prohibits a producer from being compensated more than once for the same losses. If the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may, to avoid this restriction on such other benefits, refund the total amount of the payment to the administrative FSA office from which the payment was received.

§ 1430.307 Rate of payment and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production and spoilage losses determined according to §1430.306 is, depending on the State, the average monthly Mailbox milk price for the Florida, the Southeast, or the Appalachian States Marketing Orders as reported by the Agricultural Marketing Service during the months of August, September, and October of 2004. Maximum payment
Commodity Credit Corporation, USDA § 1430.310

rates for eligible losses for dairy operations located in specific states are as follows:

(1) Florida—$17.62 per hundredweight ($0.1762 per pound).

(2) Alabama, Georgia, Louisiana, and Mississippi—$16.26 per hundredweight ($0.1626 per pound).

(3) North Carolina and South Carolina—$15.59 per hundredweight ($0.1559 per pound).

(b) Subject to the availability of funds, each eligible dairy operation’s payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation’s total eligible losses. Where there are multiple producers in the dairy operation, individual producers’ payments are disbursed according to each producer’s share of the dairy operation’s production as specified in the Application.

(c) If the total value of losses claimed under paragraph (b) of this section exceeds the $10 million available for the 2004 Dairy Disaster Assistance Payment Program, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for the full three month period, August–October 2004 (not a monthly average for any one month), are greater than 20 percent of the total base production for those three months will be paid at the maximum rate under paragraph (a) of this section to the extent available funding allows. A loss of over 20 percent in only one or two of the eligible months does not itself qualify for the maximum per-pound payment. Total eligible losses for a producer, as calculated under §1430.305, of less than or equal to 20 percent during the eligibility period of August to October 2004 will be paid at a rate determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20 percent threshold.

(d) In no event shall the payment exceed the value determined by multiplying the producer’s total eligible loss times the average price received for commercial milk production in their area as defined in paragraph (a) of this section.

(e) A reserve may be created to handle claims that extend beyond the conclusion of the application period, but claims shall not be payable once the available funding is expended.

§ 1430.308 Availability of funds.

The total available program funds shall be $10 million as provided by section 193 of Division B of Public Law 108–224.

§ 1430.309 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§1430.307 and 1430.308.

§ 1430.310 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer shall be ineligible to receive assistance under this program if the producer is determined by FSA or CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable with other persons or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies that may apply.
§ 1430.311 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of a person that is eligible to receive benefits in accordance with this subpart, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

§ 1430.312 Maintaining records.

Persons applying for benefits under this program must maintain records and accounts to document all eligibility requirements specified herein. Such records and accounts must be retained for 3 years after the date of payment to the dairy operations under this program. Destruction of the records after such date shall be at the risk of the party undertaking the destruction.

§ 1430.313 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment under the application or this subpart, must be refunded to CCC.

(b) A refund required under this section shall be due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 1403.

(c) Persons signing a dairy operation’s application as having an interest in the operation shall be jointly and severally liable for any refund and related charges found to be due under this section.

(d) Interest shall be applicable to any refunds required in accordance with 7 CFR parts 792 and 1403. Such interest shall be charged at the rate the United States Department of the Treasury charges CCC for funds, and shall accrue from the date FSA or CCC made the erroneous payment to the date of repayment.

(e) FSA may waive the accrual of interest if it determines that the cause of the erroneous determination was not due to any action of the person, or was beyond the control of the person committing the violation. Any waiver is at the discretion of FSA alone.

§ 1430.314 Miscellaneous provisions.

(a) Offset. CCC may offset or withhold any amount due CCC under this subpart in accordance with 7 CFR part 1403.

(b) Claims. Claims or debts are settled in accordance with 7 CFR part 1403.

(c) Other interests. Payments or any portion thereof due under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(d) Assignments. Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

§ 1430.315 Termination of program.

This program ends after payment has been made to those applicants certified as eligible pursuant to the application period established in §1430.304. All eligibility determinations shall be final except as otherwise determined by the Deputy Administrator.

Subpart D—Dairy Market Loss Assistance Program

SOURCE: 64 FR 24934, May 10, 1999, unless otherwise noted.

§ 1430.500 Applicability.

This subpart establishes the Dairy Market Loss Assistance Program. The purpose of this program is to provide benefits to dairy operations under Public Law 105–277, 112 Stat. 2681; sections 805 and 825 of Public Law 106–78; and section 805 of Public Law 106–387 only, in order to provide financial assistance to dairy operations in connection with normal milk production that is sold on the commercial market.

§ 1430.501 Administration.

(a) The provisions of §§ 1430.351, 1430.352, 1430.354, 1430.355, and 1430.360 shall be applied to this subpart in the same manner as they are applied to the subpart in which they are located.

(b) The provisions of §§ 1430.1 through 1430.349, 1430.353, 1430.356 through 1430.359, 1430.361 through 1430.362, and 1430.400 through 1430.410 are not applicable to this subpart.

(c) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA committees under the general direction and supervision of the State and county FSA committees.

(d) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations in this subpart.

(e) The State committee shall take any action required by this subpart which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

(f) No delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(g) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program.

§ 1430.502 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the Dairy Market Loss Assistance Program established by this subpart.

Application means the Dairy Market Loss Assistance Program Payment application, CCC–1040.

§ 1430.503  Time and method for application.

(a) Dairy operations may obtain an application, Form CCC–1040 (Dairy Market Loss Assistance Program Payment Application), in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the CCC–1040 at http://www.fsa.usda.gov/dafp/psd/.

(b) A request for benefits under this subpart must be submitted on a completed Form CCC–1040. The Form CCC–1040 should be submitted to the county FSA office serving the county where the dairy operation is located but, in any case, must be received by the county FSA office by the close of business on February 28, 2001. Applications not received by the close of business on February 28, 2001, will be disapproved as not having been timely filed and the dairy operation will not be eligible for benefits under this program.

(c) All persons who share in the milk production of a dairy operation that marketed milk during the fourth quarter of 1998 must certify on the same CCC–1040 in order to obtain the total milk production of the dairy operation before the application is complete.

(d) The dairy operation requesting benefits under this subpart must certify with respect to the accuracy and truthfulness of the information provided in their application for benefits. All information provided is subject to verification and spot checks by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. Data furnished by the applicant will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government is punishable by imprisonment, fines and other penalties.

§ 1430.504  Eligibility.

(a) To be eligible to receive cash payments under this subpart, a dairy operation must:

1. Have produced and marketed milk commercially in the United States anytime during the fourth quarter of 1998;

2. Indicate all milk commercially marketed by all persons in the dairy operation during calendar year 1997 and 1998 to establish the base period for determining the total pounds of milk that will be converted to hundredweight (cwt) used for payment; and

3. Apply for payments during the application period.

(b) A dairy operation must submit a timely application and comply with all other terms and conditions of this subpart and those that are otherwise contained in the application to be eligible for benefits under this subpart.

§ 1430.505  Proof of production.

(a) Dairy operations selected for spotchecks by CCC must, in accordance with instructions issued by the Deputy Administrator, provide adequate proof that the dairy operation was commercially marketing milk anytime during the fourth quarter of 1998. The dairy operation must also provide proof of production for the 1997 or 1998 calendar year to verify the base period. The documentary evidence of milk production claimed for payment shall be reported to CCC together with any supporting documentation under paragraph (b) of this section. The pounds of 1997 or 1998 calendar year milk production must be documented using actual records.

(b) All persons involved in such dairy operation marketing milk during the fourth quarter of 1998 shall provide any
available supporting documents to assist the county FSA office in verifying that the dairy operation produced and marketed milk commercially during the fourth quarter of 1998 and the base period milk marketings indicated on Form CCC-1040. Examples of supporting documentation include, but are not limited to: tank records, milk handler records, milk marketing payment stubs, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. In the event that supporting documentation is not presented to the county FSA office requesting the information, dairy operations will be determined ineligible for benefits.

§ 1430.506 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations only on the first 26,000 cwt of milk produced by them from cows in the United States actually marketed in the United States during the base period. A payment rate will be determined after the conclusion of the application period, and shall be calculated by:

(1) Converting whole pounds of milk to cwt;

(2) Totaling the eligible cwt (not to exceed 26,000 cwt) of milk marketed commercially during the base period from all approved applications; and

(3) Dividing the amount available for Dairy Market Loss Assistance Program by the total eligible cwt submitted and approved for payment.

(b) Each dairy operation payment will be calculated by multiplying the payment rate determined in paragraph (a) (3) of this section by the dairy operation’s eligible production.

(c) In the event that approval of all eligible applications would result in expenditures in excess of the amount available, CCC shall reduce the payment rate in such manner as CCC, in its sole discretion, finds fair and reasonable.

§ 1430.507 Misrepresentation and scheme or device.

(a) A dairy operation shall be ineligible to receive assistance under this program if it is determined by the State committee or the county committee to have:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to a dairy operation engaged in a misrepresentation, scheme, or device, or to any other person as a result of the dairy operation’s actions, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1430.508 Maintaining records.

Dairy operations making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified in this subpart and the pounds of milk marketed commercially during the fourth quarter of 1998 and the base period. Such records and accounts must be retained for at least three years after the date of the cash payment to dairy operations under this program.

§ 1430.509 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under the application, or this subpart, and if any refund of a payment to CCC shall otherwise become due in connection with the application, or this subpart, all payments made under this subpart to any dairy operation shall be refunded to CCC together with interest.
as determined in accordance with paragraph (c) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All persons listed on a dairy operation’s application shall be jointly and severally liable for any refund, including related charges, which is determined to be due for any reason under the terms and conditions of the application or this subpart.

(c) Interest shall be applicable to refunds required of the dairy operation if CCC determines that payments or other assistance were provided to the producer was not eligible for such assistance. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment or the date interest increases as determined in accordance with applicable regulations. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the dairy operation.

(d) Interest determined in accordance with paragraph (c) of this section may be waived by CCC with respect to refunds required of the dairy operation because of unintentional misaction on the part of the dairy operation, as determined by CCC.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in 7 CFR part 1403.

(f) Dairy operations must refund to CCC any excess payments made by CCC with respect to such application.

(g) In the event that a benefit under this subpart was provided as the result of erroneous information provided by any person, the benefit must be repaid with any applicable interest.

§ 1430.510 New producers.

Notwithstanding other provisions of this subpart, producers who were new producers in 1999 or 2000 and not affiliated with other eligible producers may receive payments from sums made available after October 27, 2000 based on their 1999 production levels or for 2000, on their production levels from October 1, 1999 through September 30, 2000.

[66 FR 15177, Mar. 15, 2001]

§ 1430.511 Supplemental payments.

(a) Supplemental payments under Public Law 106–387 will be made available to dairy operations in connection with normal milk production that is sold on the commercial market.

(b) For supplemental payments made under this section, the payment rate shall be $0.6468 per cwt.

(c) For dairy operations that received a payment under sections 805 and 825 of Public Law 106–78 on less than 12 months production, an annual production level will be calculated by subtracting from the dairy operation’s production level for the period of October 1, 1999 through September 30, 2000 the production level on which previous payments were received.

Commodity Credit Corporation, USDA § 1430.604

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in 2005 as a result of a hurricane disaster or related condition, in a hurricane-affected county. To be eligible to receive payments under this subpart, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2005 calendar year;

(2) Be a producer on a dairy farm operation physically located in an eligible county where dairy production and milk spoilage losses were incurred as a result of 2005 hurricanes, or a related condition, in and limiting their claims to losses occurring in those counties and contiguous counties;

(3) Provide adequate proof, to the satisfaction of the County Committee, of monthly milk production dumped and commercially marketed by all persons in the eligible dairy operation during the base month and claim period that corresponds with the applicable hurricane-related disaster during the 2005 milk marketing year, or other period as determined by CCC, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer’s estate signs the application for payment. Proof of authority to sign for the deceased producer’s estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and comply with terms and conditions of this subpart, instructions issued by CCC and instructions contained in the Application to be eligible for benefits under this subpart.

(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2005 calendar year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties, in eligible months.

(f) All payments under this part are subject to the availability of funds.

(g) Eligible losses are determined from the applicable base month that corresponds to the hurricane disaster or related condition and must have occurred during the claim period applicable to the disaster as follows:

(1) For Hurricane Katrina and Hurricane Rita the base month is July 2005 and the corresponding claim period are the 2005 calendar months of August through December; and

(2) For Hurricane Ophelia and Hurricane Wilma the base month is September 2005 and the corresponding claim period are the 2005 calendar months of October through December.
§ 1430.605 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that dairy production and spoilage losses can be computed in accordance with §1430.606.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation’s commercial production, including any dumped production and dairy cow purchases, for each month of the applicable base month and claim period that corresponds with the applicable 2005 hurricane disaster or related condition, and must specifically identify any production during the applicable claim period that is dumped. If a month other than the applicable base month is used for base creation purposes, records for that month must be provided.

(1) A producer must certify and provide such proof as requested that losses for which compensation is claimed were hurricane-related and occurred in an eligible county in an eligible month.

(2) Additional supporting documentation may be requested by CCC as necessary to verify production or spoilage losses and dairy herd increases or decreases to the satisfaction of CCC.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation’s milk handler or marketing cooperative. Supporting documents may include, but are not limited to: Tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production or spoilage losses, or any other documents available to confirm or adjust the production history and losses incurred by the dairy operation.

(d) Adequate proof of dairy cow additions to the milking herd during the eligible months can include, but is not limited to: sales receipts, invoices, State health certificates, or any other documents available to confirm the cow purchases.

(e) If adequate proof of normally marketed production, dumped production, and any other relevant periods is not presented to the satisfaction of CCC, the request for benefits will be rejected. In the case of a new producer that had no verifiable, actual, commercial production marketed by the dairy operation during the applicable base month, but which suffered eligible losses, an alternate base period may be established by the Deputy Administrator.

§ 1430.606 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring during the applicable claim period, as provided by §1430.604(g), that corresponds with the hurricane-related disaster. Specifically, dairy production and spoilage losses incurred by producers under this subpart are determined on the established history of the dairy operation’s actual commercial production marketed during the applicable claim period that corresponds with the hurricane-related disaster, and actual production dumped or otherwise not marketed during that same claim period, as provided by the dairy operation consistent with §1430.605. Except as otherwise provided in these regulations, the starting base production, as defined in §1430.602 and established in §1430.604(g), is adjusted downward by a percentage determined by CCC to determine the base production for the applicable claim period that corresponds to the hurricane-related disaster. These adjustments are made to account for the seasonal declines that can occur during the months within the claim period. The base production for each of the applicable claim period months is calculated by reducing the starting base production of the applicable base month, or alternate month approved by the Deputy Administrator for new producers, as follows:

(1) August 2005 base production is the starting base production reduced by 8 percent;
(2) September 2005 base production is the starting base production reduced by 17 percent;
(3) October 2005 base production is the starting base production reduced by 11 percent. However, if losses occurred only as a result of Hurricanes
Ophelia and Wilma, for October 2005, base production is not reduced.

(4) November 2005 base production is the starting base production reduced by 6 percent, unless eligible losses occurred only as a result of Hurricanes Ophelia and Wilma, in which case, for November 2005, base production is not reduced.

(5) December 2005 base production is not reduced by a downward adjustment percentage.

(b) The eligible dairy production losses for a dairy operation for each of the claim period months of August through December 2005, as applicable, will be:

(1) The new base production for the dairy operation calculated under paragraph (a) of this section less,

(2) For each such month for each dairy operation, the total of:

(i) Actual commercially-marketed production (not counting dumped production counted under paragraph (b)(1)(i) of this section); plus

(ii) The pounds of milk production dumped (whether related to the hurricane or not), or otherwise not commercially marketed (whether related to the hurricane or not). For dumping losses to be eligible for payment, however, they must, as with other program losses, be hurricane related, as described under paragraphs (c) and (d) of this section.

(c) Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the hurricane or is determined by CCC not to be hurricane-related. Actual production, as adjusted, that exceeds the adjusted base production will mean that the dairy operation incurred no eligible production losses for the corresponding month as a result of the hurricane disaster, and that the production level for that month does not qualify for a production loss payment under this program.

(d) Eligible dairy spoilage losses incurred by producers under this subpart for each of the months August through December 2005, as applicable to the claim period that corresponds with the hurricane-related disaster, will be determined based on actual milk produced in those months that was dumped on the farm as a result of the 2005 hurricanes, or other related condition. Proper documentation of milk dumped on the farm as a result of spoilage due to a hurricane must be provided to CCC as provided in §1430.605.

(e) Calculated production losses may be adjusted by CCC based on the monthly average of daily dairy cow additions or reductions to the milking herd during the applicable claim period that corresponds with the hurricane-related disaster, to account for production adjustments as a result of dairy cow purchases, sales, or death losses. Production adjustments can be calculated using the average number of dairy cows in a dairy operation’s milking herd and the average production per cow during each applicable month. Per-cow production averages during the applicable claim period months will be determined based on the actual per-cow production average during the base month applicable to the hurricane-related disaster and reduced downward according to the seasonal decline percentages provided in paragraph (a) of this section, to determine the total production that may be credited back to the dairy operation’s total production losses. To qualify for the production adjustment credit:

(1) Producers in eligible dairy operations must report any increases to the dairy cow milking herd during the applicable base month and claim period that corresponds to the hurricane disaster condition to the eligible hurricane.

(2) Adequate supporting documentation according to §1430.605 must be provided to the satisfaction of the COC to verify any claims of herd increases during the eligible period.

(3) Any cows purchased during the eligible period that would increase the dairy cow milking herd must have been to offset production losses as a result of the 2005 hurricanes, or other related condition.

(f) Eligible production and spoilage losses as otherwise determined under paragraphs (a) through (e) of this section are added together to determine total eligible losses incurred by the
dairy operation subject to all other eligibility requirements as may be included in this part or elsewhere.

(g) Payment on eligible dairy operation losses is calculated using whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the operation’s eligible production loss among the producers of the dairy operation according to §1420.307(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, or marketing cooperative, or any other private party.

(h) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Department of Agriculture (USDA) for the same losses, the producer must choose whether to receive the other program benefits or payments under this part, but shall not be eligible for both. The limitation on multiple benefits prohibits a producer from being compensated more than once for the same losses. If the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may, to avoid this restriction on such other benefits, refund the total amount of the payment to the FSA administrative office from which the payment was received.

Editorial Note: At 71 FR 65711, Nov. 9, 2006, §1430.606(g) was amended by revising the reference to “§1420.305” to read “§1430.605”. However, because of inaccurate amendatory language, this amendment could not be incorporated.

§ 1430.607 Rate of payment and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production and spoilage losses determined according to §1430.606 is, depending on the State, the amount set forth below which is derived from the monthly Mailbox milk price for the Florida, the Southeast, Western Texas or the Appalachian States Marketing Orders as reported by the Agricultural Marketing Service. Maximum payment rates for eligible losses for dairy operations located in specific states are as follows:

1. Florida—$18.19 per hundredweight ($0.1819 per pound), which is averaged to account for the mailbox price during the months of August 2005 and October 2005 when the hurricane disasters occurred.

2. Louisiana—$16.47 per hundredweight ($0.1647 per pound), which is averaged to account for the mailbox price during the months of August 2005 and September 2005 when the hurricane disasters occurred.

3. Alabama, Arkansas, Georgia and Mississippi—$16.49 per hundredweight ($0.1649 per pound).

4. North Carolina—$15.39 per hundredweight ($0.1539 per pound).

5. Texas—$14.19 per hundredweight ($0.1419 per pound).

6. Tennessee—$15.38 per hundredweight ($0.1538 per pound).

(b) Subject to the availability of funds, each eligible dairy operation’s payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation’s total eligible losses. Where there are multiple producers in the dairy operation, individual producers’ payments are disbursed according to each producer’s share of the dairy operation’s production as specified in the Application.

(c) If the total value of losses claimed under paragraph (b) of this section exceeds the $17 million available for DDAP–II, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for the full disaster claim period that corresponds with the applicable hurricane-related disaster (not a monthly average for any one month), are greater than 20 percent of the total base production for those applicable claim period months will be paid at the maximum rate under paragraph (a) of this section to the extent available funding allows. A loss of over 20 percent in only one or two of the eligible months does not itself qualify for the maximum per-pound payment. Total eligible losses for a producer, as calculated under
§ 1430.606, of less than or equal to 20 percent during the eligible claim period will then be paid at a rate determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20-percent threshold.

(d) In no event shall the payment exceed the value determined by multiplying the producer’s total eligible loss times the average price received for commercial milk production in their area as defined in paragraph (a) of this section.

(e) A reserve may be created to handle pending or disputed claims, but claims shall not be payable once the available funding is expended.

§ 1430.608 Availability of funds.

The total available program funds shall be $17 million as provided by section 3014 of Title III of Public Law 109–234.

§ 1430.609 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§ 1430.607 and 1430.608 and other limitations as may apply.

§ 1430.610 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer shall be ineligible to receive assistance under this program if the producer is determined by CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable with other persons or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies that may apply.

§ 1430.611 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of a person that is eligible to receive benefits in accordance with this subpart, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by CCC.

§ 1430.612 Maintaining records.

Persons applying for benefits under this program must maintain records and accounts to document all eligibility requirements specified herein. Such records and accounts must be retained for 3 years after the date of payment to the dairy operations under this program. Destruction of the records after such date shall be at the risk of the party imposed with the recordkeeping requirements by this subpart.

§ 1430.613 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment under the application or this subpart, must be refunded to CCC.

(b) A refund required under this section shall be due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 1403.

(c) Persons signing a dairy operation’s application as having an interest in the operation shall be jointly and severally liable for any refund and related charges found to be due under this section.

(d) In accord with parts 792 and 1403 of this title, interest shall be applicable to any refunds required under this subpart. Such interest shall be charged
§ 1430.614 Miscellaneous provisions.

(a) CCC may offset or withhold any amount due CCC under this subpart in accordance with 7 CFR part 1403.

(b) Payments or any portion thereof due under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock or property of any kind, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(c) Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

[74 FR 15656, Apr. 7, 2009]

§ 1434.2 Administration.

(a) The regulations of this part shall be administered under the general supervision of the Executive Vice President, CCC, and shall be carried out in the field by State and county Farm Service Agency (FSA) committees.

(b) State and county committees, representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that has not been taken by the county committee. The State committee shall also:

any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not affect adversely the operation of the program.

(f) An approving official of CCC may execute loans and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void unless affirmed by the Executive Vice President, CCC.

§ 1434.3 Definitions.
The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in part 718 of this title shall also be applicable except where those definitions are inconsistent with the definitions set forth in this section or for purpose of program instruments created under this part.

Approving official is a representative of CCC who is authorized by the Executive Vice President, CCC, to approve loan documents prepared under this part.

§ 1434.4 Eligible producer.
(a) To be eligible to receive an individual or joint loan or loan deficiency payments under this part, a person must:

(1) Have produced honey in the United States during the calendar year for which a loan is requested and extracted on or before December 31 of such calendar year;

(2) Be responsible for the risk of keeping the bees and producing honey;

(3) Have a continuous beneficial interest in the honey from the time the honey was extracted through date of repayment of the loan;

(4) Store the honey pledged as loan collateral in eligible storage and in eligible containers that meet the requirements of §1434.7 and §1434.8, respectively; and

(5) Adequately protect the interests of CCC by providing security for a loan in accordance with the requirements in §1434.8 and by maintaining in good condition the honey pledged as security for a loan.

(b) A person who complies with paragraph (a) of this section, who enters into a contract to sell the honey used as collateral for a loan but retains a beneficial interest in the honey and who does not receive an advance payment from the purchaser to enter into the contract unless the purchaser is a cooperative marketing association (CMA) that is eligible under paragraph
(g) of this section, remains eligible for a loan.

(c) Two or more applicants may be eligible for a joint loan if:

(1) The conditions in paragraphs (a) and (b) of this section are met with respect to the commingled honey collateral stored in the same eligible containers they are tendering for a loan; and

(2) The commingled honey is not used as collateral for an individual loan that has not been repaid.

(d) Heirs who succeed to a beneficial interest in the honey are eligible for a loan if they:

(1) Assume the decedent’s obligation under a loan if such loan has already been obtained; and

(2) Assure continued safe storage of the honey if such honey has been pledged as collateral for a loan.

(e) A representative may be eligible to receive a loan on behalf of a person or estate who or which meets the requirements in paragraphs (a), (b), (c), and (d) of this section and that the honey tendered as collateral by the representative, in the capacity of a representative, shall be considered as tendered by the person or estate being represented.

(f) A minor who otherwise meets the requirements of this part for a loan shall be eligible to receive a loan only if the minor meets one of the following requirements:

(1) A court or statute has conferred the right of majority on the minor;

(g) A CMA that the Executive Vice President, CCC, determines meets the requirements for CMA’s in part 1425 of this title may be eligible to obtain a loan on behalf of those members who themselves are eligible to obtain a loan provided that:

(1) The beneficial interest in the honey must always, until loan repayment or forfeiture, remain in the member who delivered the honey to the eligible CMA or its member CMA’s, except as otherwise provided in this part; and

(2) The honey delivered to an eligible CMA shall not be eligible for a loan if the member who delivered the honey does not retain the right to share in the proceeds from the marketing of the honey as provided in part 1425 of this title.

§ 1434.5 Eligible honey.

To be eligible for a loan, the honey must:

(a) Have been produced by an eligible producer;

If any blends of honey contain such ineligible honey, the lot as a whole shall be considered ineligible for loan;

(4) Does not contain excessive bees or bee parts, paint chips, wood chips, or other foreign matter; and

(5) Is not fermenting; and

(d) Be stored in acceptable containers.

§ 1434.6 Beneficial interest.

(a) To be eligible to receive marketing assistance loans under this part...
Commodity Credit Corporation, USDA § 1434.7

a producer must have the beneficial interest in the honey that is tendered to CCC for a loan. The producer must always have had the beneficial interest in the honey unless, before the honey was extracted, the producer and a former producer whom the producer tendering the honey to CCC has succeeded had such an interest in the honey. Honey obtained by gift or purchase shall not be eligible to be tendered to CCC for loans. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent’s obligations under an existing loan shall be eligible to receive loans whether succession to the honey occurs before or after extraction so long as the heir otherwise complies with the provisions of this part.

(b) A producer shall not be considered to have divested the beneficial interest in the honey if the producer retains title and control of the honey including the right to make all decisions regarding the tender of such honey to CCC for a loan, and the producer:

(1) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such honey if all other eligibility requirements are met and the option to purchase contains the following provision:

"Notwithstanding any other provision of this option to purchase or any other contract, title and control of the honey and beneficial interest in the honey, as specified in 7 CFR 1434.6, must remain with the producer until the buyer exercises this option to purchase the honey. This option to purchase will expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

(1) The maturity of any Commodity Credit Corporation (CCC) loan which is secured by such honey;
(2) The date the CCC claims title to such honey; or
(3) Such other date as provided in this option."

(2) Enters into a contract to sell the honey if the producer retains title, and beneficial interest in the honey and the purchaser does not pay to the producer any advance payment amount or any incentive payment amount to enter into such contract except as provided in part 1425 of this chapter.

(c) If loans are made available to producers through an approved CMA in accordance with part 1425 of this chapter, the beneficial interest in the honey must always have been in the producer-member who delivered the honey to the CMA or its member CMA’s, except as otherwise provided in this section. Honey delivered to such a CMA shall not be eligible for loans if the producer-member who delivered the honey does not retain the right to share in the proceeds from the marketing of the honey as provided in part 1425 of this chapter.

(d) A producer may, before the final date for obtaining a loan for honey, re-offer as loan honey any honey that has been previously pledged if the loan was repaid with principal plus interest, the loan on such re-offered honey shall have the same maturity date as the original loan.

§ 1434.7 Approved storage.

(a) Loans will be made only on honey in approved storage, which shall consist of a storage structure located on or off the farm that is determined by CCC to be under the control of the producer and affords safe storage for honey pledged as collateral for a loan. If the honey located in a farm storage structure is pledged as collateral that secures more than one loan, the honey must be segregated so as to preserve the identity of the honey securing such loan. Honey securing a loan must also be segregated from any honey not pledged as collateral for a loan that is stored in the same structure.

(b) Producers may also obtain loans on honey packed in eligible containers and stored in facilities owned by third parties in which the honey of more than one person is stored if the honey is stored identity preserved or is segregated from all other honey. Each container of the segregated quantity of honey shall be marked with the producer's name, loan number, and lot number so as to identify the honey from other honey stored in the structure.
§ 1434.8 Containers and drums.

(a)(1) To be eligible for assistance under this part, honey must be packed in:
   (i) CCC-approved, 5-gallon plastic containers;
   (ii) 5-gallon metal containers;
   (iii) Steel drums with a capacity not less than 5 gallons nor greater than 70 gallons, or
   (iv) Plastic Intermediate Bulk Containers (IBC’s).

(2) Honey stored in plastic containers must be determined safe and secure from all possibility of contamination.

(3) Honey storage containers used for these purposes must meet requirements of the Federal Food, Drug and Cosmetic Act, as amended and other specified requirements, as determined by CCC and must be generally fit for the purpose for which they are to be used.

(4) CCC-approved 5-gallon plastic containers must hold approximately 60 pounds of honey. The containers must be free and clear of leakage and punctures and of suitable purity for food contact use and meet food storage standards as provided by CCC. Plastic containers must be new or previously used only to store honey. Plastic containers previously used to store chemicals, pesticides, or any other product or substance other than honey are ineligible for honey storage. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover opening must not be damaged in any way that will prevent a tight seal. Containers that have been punctured and resealed will not be acceptable;

(5) The 5-gallon metal containers must hold approximately 60 pounds of honey, and must be new, clean, sound, uncased, and free from appreciable dents and rusts. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover and container opening must not be damaged in any way that will prevent a tight seal. Containers that are punctured or have been punctured and resealed by soldering will not be acceptable; and

(6) The steel drums must be an open type and filled no closer than 2 inches from the top of the drums. Drums must be new or must be used drums that have been reconditioned inside and outside. Drums must be clean, treated inside and outside to prevent rusting, fitted with gaskets that provide a tight seal and have an inside coating suitable for honey storage.

(7) IBC’s are bulk containers with a polyethylene inner bottle and a galvanized steel protective cage, a capacity of either 275 or 330 gallons, and are reusable. IBC’s must be clean, sound and provide a tight seal.

(b) Honey shall not be eligible to be pledged as collateral for loans if such honey is stored in:

   (1) 55-gallon steel drums having a tare weight less than 38 pounds, 30-gallon steel drums having a tare weight less than 26 pounds, or drums having removable liners of polyethylene or other materials;
   (2) Bung-type drums;
   (3) Bulk tanks;
   (4) Containers that do not meet the specified requirements of paragraph (a) of this section or other CCC specifications or requirements.

   (5) Steel drums that are severely dented as to cause damage to their lining, improper seal, or stacking capabilities; and
   (6) Rusted drums with corroded areas.

§ 1434.9 Determination of quantity.

The amount of a marketing assistance loan and loan deficiency payment shall be based on 100 percent of the net weight in pounds of such quantity certified by the producer and verified by the county office representative for honey on Form CCC–633 (Honey) that is eligible to be pledged as security for the loan or LDP. Estimates of the quantity of honey shall be made on the basis of 12 pounds for each gallon of rated capacity of the container.

§ 1434.10 Application, availability, disbursement, and maturity.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the appropriate FSA county office responsible...
Commodity Credit Corporation, USDA

§ 1434.13 Transfer of producer's interest prohibited.

Absent written approval from CCC, the producer shall not transfer either the remaining interest in, or right to redeem, the honey pledged as collateral for a loan on honey nor shall anyone for administering the program as provided under part 718 of this title. To receive loans and loan deficiency payments for honey, a producer shall execute a note and security agreement or loan deficiency payment application on or before March 31 of the year following the year in which the honey was extracted.

(b) A producer must request a loan at the county office of the county where the honey is stored if the honey is stored at the producer’s farm. A producer who requests a loan on honey stored in eligible storage other than the producer’s farm, may request loans at either the county office of the county where the storage facility is located or at the county office of the county where the producer’s main place of business is located. A CMA must request loans at the county office for the county in which the principal office of the CMA is located unless the State committee designates another county office. If the CMA has operations in two or more States, the CMA must file its loan applications at the county office for the county in which its principal office for each State is located.

(c) Loans will be made on the honey as declared and certified by the producer on Form CCC–633 (Honey), (Honey Loan Certification and Worksheet) at the time the honey is pledged as collateral for a loan. The producer is also required to declare and certify on Form CCC–633 (Honey) the class (table or nontable) and floral source of the honey at the time the honey is pledged as collateral for a loan.

(d) The request for a loan shall not be approved until all producers having an interest in the honey sign the note and security agreement and CCC approves such note and security agreement. The disbursement of loans will be made by county offices on behalf of CCC, for honey that:

(1) Has been extracted;
(2) Is in eligible storage; and
(3) Has not been blended or mixed with ineligible honey.

(e) Loans mature on demand but not later than the last day of the ninth calendar month following the month in which the note and security agreement was approved. When the final maturity date falls on a non-workday for county offices, CCC shall extend the final date to the next workday. Before the date determined in paragraph (a) of this section, a producer may re-offer as loan collateral any eligible honey that has been offered previously for a CCC loan and the loan has been repaid at principal plus interest only.

(f) If, after a loan is made, CCC determines that the producer or the honey collateral is not in compliance with any of the provisions of this part, the producer shall refund the total amount disbursed under loan and charges plus interest, including late payment interest as provided in part 1403 of this title.

§ 1434.11 Fees and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC. The loan service fee shall be the smaller of one-half of 1 percent (.005) times the gross loan amount or $45 per loan plus $3 for each storage structure over one.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter.

§ 1434.12 Liens.

(a) CCC’s security interest in the honey pledged as collateral is first and superior to all other security interests.

(b) The county office shall file or record, as required by State law, all financing statements needed to perfect a security interest in honey pledged as collateral for a loan. The cost of filing and recording shall be for the account of CCC.

(c) If there are any other security interests, liens, or encumbrances on the honey, CCC shall obtain waivers that fully protect the interest of CCC even though the security interests, liens, or encumbrances are satisfied from the loan proceeds. No additional security interests, liens, or encumbrances shall be placed on the honey after the loan is approved.
§ 1434.14 Loss or damage.

The producer is responsible for any loss in quantity or quality of the honey pledged as collateral for a loan. CCC shall not assume any loss in quantity or quality of the loan collateral.

§ 1434.15 Personal liability.

(a) When applying for an individual or joint loan or loan deficiency payment, each producer agrees:

(1) When signing Form CCC–633 (Honey), Honey Loan Certification and Worksheet and Form CCC–677, Farm Storage Note and Security Agreement, the producer will:

(i) Provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest; and

(ii) Not remove or dispose of any amount of the loan quantity without prior written approval from CCC in accordance with this section.

(2) That violation of the terms and conditions of this part and Form CCC–677 will cause harm or damage to CCC in that funds may be disbursed to the producer for a loan quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(b) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification or:

(1) Unauthorized removal of honey, which shall include, but is not limited to, the movement of any loan quantity of honey from the storage structure in the commodity was stored when the loan was approved to any other storage structure whether or not such structure is located on the producer’s farm without prior written authorization from the county committee in accordance with §1434.14;

(2) Any unauthorized disposition, which shall include, but is not limited to, the conversion of any loan quantity pledged as collateral for a loan without prior written authorization from the county committee in accordance with this section.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for conduct that is in violation of this section. Accordingly, if the county committee determines that the producer has engaged in any such violation, liquidated damages shall be assessed in addition to any loan refund and other charges that may be due. The amount of such damages shall be computed using the quantity of honey that is involved in the violation and the following formula. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by 10 percent of the loan rate applicable to the loan note for each offense.

(2) Did not act in good faith with regard to the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 10 percent of the loan rate applicable to the loan note.

(d) For liquidated damages assessed in accordance with paragraph (c)(1) of this section, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity involved in the violation plus charges and interest; and

(2) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan for all of the honey under loan, plus charges and interest.

(e) For liquidated damages assessed in accordance with paragraph (c)(2) of this section, the county committee shall call the loan involved in the violation, and charges plus interest.

(f) The county committee:
§ 1434.15

(1) May waive the administrative actions taken in accordance with paragraphs (c)(1) and (d) of this section if the county committee determines that:
  (i) The violation occurred inadvertently, accidentally, or unintentionally; or
  (ii) The producer acted to prevent spoilage of the commodity.

(2) Shall not consider the following acts as inadvertent, accidental, or unintentional:
  (i) Movement of loan collateral off the farm;
  (ii) Movement of loan collateral from one storage structure to another on the farm; and
  (iii) Consumption of loan collateral.

(g) If there is any violation of the loan agreement or this part, the loan may be terminated in which case there must be a full refund of the loan plus interest and costs.

(h) If the county committee determines that the producer has violated this part or the loan agreement, the county committee shall notify the producer in writing that:
  (1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee, and
  (2) Administrative actions will be taken in accordance with paragraphs (d) or (e) of this section.

(i)(1) If a producer:
  (i) Makes any fraudulent or misleading representation in obtaining a loan, maintaining, or settling a loan; or
  (ii) Disposes or moves the loan collateral without the approval of CCC, such loan shall become payable upon demand by CCC. The producer shall be liable for:
    (A) The amount of the loan;
    (B) Any additional amounts paid by CCC with respect to the loan;
    (C) All other costs that CCC would not have incurred but for the fraudulent representation, the unauthorized disposition or movement of the loan collateral;
    (D) Interest on such amounts;
    (E) Late payment interest as may be provided for in part 1403 of this title; and
    (F) Liquidated damages assessed under paragraph (c) of this section; and
  (2) Notwithstanding any provisions of the note and security agreement, if a producer has made any such fraudulent or misleading representation to CCC or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC in accordance with this section, the value of the settlement for such collateral removed by CCC shall be determined by CCC according to this section.

(j) A producer shall be personally liable for any damages resulting from honey removed by CCC, containing mercurial compounds or other substances poisonous to humans, animals, or food commodities that are contaminated.

(k) If the amount disbursed under a loan or in settlement thereof exceeds the amount authorized under this part, the producer shall be personally liable for repayment of such excess and charges, plus interest, and for any other sanction as may be allowed by law.

(l) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(m) In the case of joint loans, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan note. Further, each producer who is a party to a joint loan will be jointly and severally liable for any violation of the terms and conditions of the note and security agreement, and the regulations set forth in this part. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer’s claimed share in the honey, or loan proceeds, after execution of the note and security agreement by CCC.

(n) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (c) of this section may be waived as determined by CCC.

(o) Remedies set out in this section are in addition to remedies the CCC
§ 1434.16

will have through its security interest on honey that secures the repayment of the loan made on the honey.

(p) All remedies provided for in this section or part are in addition to any remedies as may otherwise be provided for in law.

§ 1434.16 Release of the honey pledged as collateral for a loan.

(a)(1) A producer shall not move or dispose of any honey pledged as collateral for a loan until prior written approval for such removal or disposition has been received from the county committee in accordance with this section.

(2) A producer may at any time obtain a release of all or part of the honey remaining as loan collateral by paying to CCC the amount of the loan and any charges that had been made by CCC to the producer with respect to the quantity of the honey released, plus interest.

(3) When the proceeds of a sale of honey are needed to repay all or part of a loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the honey from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC’s security interest in the commodity or release the producer from liability for any amounts due and owing to CCC with respect to any loan indebtedness if full payment of such amounts is not received by the county office.

(b) The note and security agreement shall not be released until all loan liability has been satisfied.

(c) After satisfaction of a loan, CCC shall release CCC’s security interest in the honey at the producer’s request. The producer shall be responsible for payment of any fee for such release if such fee can be determined.

§ 1434.17 Liquidation of loans.

(a) The producer is required to repay the loan on or before maturity by payment of the amount of loan, plus any charges, plus interest.

(b) If a producer fails to settle the loan in accordance with paragraph (a) of this section within 30 calendar days from the maturity date of such loan, or other reasonable time period as established by CCC, a claim for the loan amount, plus charges, plus interest shall be established. CCC shall inform the producer before the maturity date of the loan of the date by which the loan must be settled or a claim will be established in accordance with part 1403 of this title.

§ 1434.18 Loan repayments.

(a) A honey producer may repay a nonrecourse marketing assistance loan during the loan period at a rate that is the lesser of:

(1) The principal, plus interest; or

(2) The alternative repayment rate for honey as determined by the Secretary.

(b) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the prevailing domestic market price for honey, on a monthly basis.

§ 1434.19 Settlement.

The value of the settlement of loans shall be made by CCC on the following basis:

(a) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:

(1) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(2) If the value of the collateral at settlement is greater than the amount
Commodity Credit Corporation, USDA

§ 1434.21

(a) Loan deficiency payments shall be available for 2008 through 2012 crop honey.

(b) In order to be eligible to receive loan deficiency payment for a crop of honey, the producer must:

(1) Comply with all of the program requirements to be eligible to obtain loan in accordance with this part;

(2) Agree to forego obtaining such loans;

(3) Submitted a request for a honey Loan deficiency payment on the form as CCC prescribes.

(4) Comply with §§1434.7 and 1434.8 or provide evidence of production as determined by CCC for such quantity; and

(5) Otherwise comply with all program requirements.

(c) The loan deficiency payment rate for a crop shall be the amount by which the marketing assistance loan rate exceeds the rate at which CCC has announced that producers may repay their marketing assistance loan in accordance with §1434.18.

(d) The loan deficiency payment applicable to a crop of honey shall be computed by multiplying the loan deficiency payment rate, as determined in accordance with paragraph (e) of this section, by the quantity of honey the producer is eligible to pledge as collateral for a price support loan for which a loan deficiency payment is required.

(e) Notwithstanding any provisions in this section, loan deficiency payments may be based on 100 percent of the net quantity specified on acceptable evidence of disposition of the honey certified as eligible for a loan deficiency payment if CCC determines that such quantity represented the quantity for the number of containers of honey initially certified for the loan deficiency payment when the payment was made.

(f) When applying for an individual loan deficiency payment, each producer agrees:

(1) The producer will provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest when submitting a request for a honey loan deficiency payment; and

(2) That violation of the terms and conditions of this part will cause harm or damage to CCC in that funds may be disbursed to the producer for a LDP quantity that is not actually in existence or for a quantity for which the producer is not eligible.
(g) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification.

§ 1434.22 Death, incompetency, or disappearance; appeals; other loan provisions.

(a) In the case of death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a loan, payment shall, upon proper application to the county office that made the loan, be made to the persons who would be entitled to such producer’s share under the regulations contained in part 707 of this title. Applications for loans may be made upon application of a representative of the producer as allowed under standard practice for farm programs.

Ability to market means, for purposes of determining the State cane sugar allotments and sugarcane processor allocations for Hawaii and Puerto Rico, the estimated quantity of sugar, raw value, as CCC determines, that will be produced in the cane State or by the sugarcane processor, as appropriate, during the applicable crop year; for determining the remaining State cane sugar allotments, the highest single year of sugar production for the State during the 1999 through 2003 crop years; for determining the sugarcane processor allocations for mainland cane States other than Louisiana, the highest single year of sugar production for the processor during the 1999 through 2003 crop years; and, for determining the sugarcane processor allocations for Louisiana, the simple average of two amounts for each processor, including:

(1) The production of sugar for the processor, stated in short tons, raw value, during Crop Year 2003, as determined by CCC; and
(2) The simple average of 3 years of the processor's production of sugar, stated in short tons, raw value, from among the 1999 through 2003 crop years, excluding the year in which the production was the highest and the year in which the production was the lowest. With respect to the 2003 crop year, each processor's production shall be the same as determined under paragraph (1).

Allocation means the division of the beef sugar allotment among the sugar beet processors in the United States and the division of each State's cane sugar allotment among the State’s sugarcane processors.

Beet sugar means sugar that is processed directly or indirectly from sugar beets, sugar beet molasses, or in-process beet sugar, whether produced domestically or imported.

Beet sugar allotment means that portion of the overall allotment quantity allocated to sugar beet processors.

CCC means the Commodity Credit Corporation.

Cane sugar means sugar derived directly or indirectly from sugarcane produced in the United States, including sugar produced from sugarcane molasses.

Cane sugar allotment means that portion of the overall allotment quantity allocated to sugarcane processors.

Cane sugar refiner means any person in the U.S. Customs Territory that refines raw cane sugar through affination or defecation, clarification, and further purification by absorption or crystallization.

Carry-in stocks means inventories of sugar owned by sugar beet processors, sugarcane processors, cane sugar refiners, and CCC and physically located in the United States at the beginning of the fiscal year.

Crop year means the period from October 1 through September 30, inclusive, and is identified by the year in which the crop year begins. For example, the 2002 crop year begins on October 1, 2002. The 2002 crop of sugar beets or sugar cane means domestically grown sugar beets or sugar cane processed during the 2002 crop year. The 2002 crop of sugar means sugar processed from domestically-grown sugar beets or sugarcane during the 2002 crop year. Sugar from de-sugaring molasses is considered to be from the crop year the de-sugaring occurred.

Deputy Administrator means the Deputy Administrator, Farm Programs, FSA, or designee.

Deficit means the quantity of sugar covered by an allocation of an allotment that CCC estimates a sugar beet processor or sugarcane processor will be unable to market during the crop
year in which marketing allotments are in effect.

_Edible molasses_ means molasses that is not to be further refined or improved in quality and that is to be distributed for human consumption, either directly or in molasses-containing products.

_Edible syrups_ means syrups that are not to be further refined or improved in quality and that are to be distributed for human consumption, either directly or in syrup-containing products.

_Executive Vice President, CCC,_ means the Executive Vice President, CCC, or designee.

_Facility_ means a factory, mill, or plant.

_Farm_ means that entity as defined in §718 of this title, except that when a State is subject to proportionate shares, producers will not be allowed to have farms reconstituted across State lines even if the farm land is adjoining.

_Fiscal year_ means that year beginning October 1 and ending the following September 30.

_FS&A_ means Farm Service Agency.

_Human consumption_ means sugar for use in human food, beverages, or similar products.

_Imports_ means sugar originating in foreign countries or areas and entered, or to be entered, into the United States customs territory.

_In-process beet sugar_ means the intermediate sugar-containing product, as CCC determines, produced from processing sugar beets. Like sugar beets, it is considered an input into the production of sugar regardless of whether it is produced domestically or imported.

_In-process cane sugar_ means the intermediate sugar-containing product, as CCC determines, produced from the processing of sugarcane. It is not raw sugar, nor is it suitable for direct human consumption.

_Market or marketing_ means the transfer of title associated with the sale or other disposition of sugar for human consumption in United States commerce. A marketing also includes a sale of sugar under the Feedstock Flexibility Program, the forfeiture of sugar loan collateral under the Sugar Loan Program, exportation of sugar from the United States Customs Territory eligible to receive credits under reexport programs for refined sugar or sugar-containing products administered by the Foreign Agricultural Service, or the sale of sugar eligible to receive credit for the production of polyhydric alcohol under the Polyhydric Alcohol program (see part 1530 of this title) administered by the Foreign Agricultural Service, and for any integrated processor and refiner, the movement of raw cane sugar into the refining process.

_Nonrecourse loan_ means a loan for which eligible sugar offered as loan collateral may be forfeited to CCC, at loan maturity, in satisfaction of loan indebtedness.

_Overall allotment quantity_ means, on a national basis, the total quantity of domestically produced sugar, raw value, processed from sugarcane, sugar beets or in-process beet sugar (whether the sugar beets or in-process beet sugar are produced domestically or imported), and the raw value equivalent of sugar in sugar products, that is permitted to be marketed by processors, during a crop year or other period in which marketing allotments are in effect.

_Past marketings_ means, for purposes of determining State cane sugar allotments and sugarcane processor allocations for States other than Louisiana, the average of the 2 highest years of sugar production during the 1996 through 2000 crop years; for Louisiana sugarcane processor allocations, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.

_Past processing_ means, for determining Hawaii and Puerto Rico’s allotments, the 3-year average of the 1996 through 2000 crop years; and for determining the remaining cane State allotments, the 3 crop years with the greatest production (in the States collectively) during the 1991 through 2000 crop years. Past processing, for determining the sugarcane processor allocation for States other than Louisiana, means the average of the 3 highest years of production during the 1996 through 2000 crop years; and, for determining sugarcane processor allocations in Louisiana, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.
Per-acre yield goal means a State’s yield level that is established at not less than the State’s two highest average per-acre yield years from among the 1999 through 2001 crop years as CCC determines to ensure an adequate net return per pound to State producers.

Proportionate share means the total acreage from which a producer may harvest sugarcane for sugar or seed during any crop year or other period in which marketing allotments are in effect.

Proportionate share State means a State with an established allotment and more than 250 sugarcane producers in the State, other than Puerto Rico.

Raw sugar means any sugar that is to be further refined or improved in quality other than in-process sugar.

Raw value of any quantity of sugar means its equivalent in terms of raw sugar testing 96 sugar degrees, as determined by a polarimetric test performed under procedures recognized by the International Commission for Uniform Methods of Sugar Analysis (ICUMSA). Direct-consumption sugar derived from sugar beets and testing 92 or more sugar degrees by the polariscope shall be translated into terms of raw value by multiplying the actual number of pounds of such sugar by 1.07. Sugar derived from sugarcane and testing 92 sugar degrees or more by the polariscope shall be translated into terms of raw value in the following manner:

\[ \text{raw value} = \left( \frac{\text{actual degree of polarization} - 92}{0.0175} \right) \times 0.93 \times \text{actual weight.} \]

For sugar testing less than 92 sugar degrees by the polariscope, derive raw value by dividing the number of pounds of the “total sugar content” (i.e., the sum of the sucrose and invert sugars) thereof by 0.972.

Reasonable carryover stocks means desirable inventories of sugar owned by sugar beet processors, sugarcane processors, cane sugar refiners, and CCC and on hand in the United States at the end of the fiscal year, as CCC determines.

State means any of the 50 States, the District of Columbia, or the Commonwealth of Puerto Rico.

Sugar means any grade or type of saccharine product derived, directly or indirectly, from sugarcane, sugar beets, sugarcane molasses, sugar beet molasses or in-process beet sugar whether domestically produced or imported and consisting of, or containing, sucrose or invert sugar, including raw sugar, refined crystalline sugar, edible molasses, edible cane syrup, liquid sugar, and in-process cane sugar.

Sugar products means products for human consumption, other than sugar, that contain 50 percent or more of sucrose, on a dry weight basis, and that are marketed by a sugar beet processor or sugarcane processor. In determining sugar subject to marketing allocations, only the sugar content of such products will be counted against the allocation.

Sugarcane processor means a person who commercially produces sugar, directly or indirectly, from sugarcane, has a viable processing facility, and a supply of sugarcane for the applicable allotment year.

Ton means a short ton or 2,000 pounds.

United States means the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

U.S. market value means, for sugarcane, the daily New York Board of Trade No. 14 contract price for raw sugar, or other price, as determined by CCC; for sugar beets, the Midwest refined beet sugar price published in Milling and Baking News, or other price, as determined by CCC.

USDA means the United States Department of Agriculture.

§ 1435.3 Maintenance of records.

(1) File a loan application, as CCC prescribes, no earlier than October 1 and no later than September 30 of the applicable crop year;

(2) Execute a note and security agreement, and storage agreement with CCC;

(3) Provide quantity and quality information as prescribed by CCC of the commodity to be pledged as collateral;

(4) Pay CCC a loan service fee, as determined by CCC, for the disbursement of each loan.

(5) If there are any liens or encumbrances on sugar or in-process sugar pledged as loan collateral, obtain waivers that fully protect CCC’s interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after loan approval; and
(6) Agree to reimburse CCC for any costs incurred as a result of the failure of the processor to obtain the waivers specified in subparagraph (5).

(b) No loan proceeds may be disbursed until the sugar and in-process sugar have actually been produced and are otherwise established as being eligible to be pledged as loan collateral.

(c)(1) A processor may, within the loan availability period, repledge as collateral sugar that previously served as loan collateral for a repaid loan. In making application for such a loan, the processor shall:
   (i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and
   (ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of §1435.102.

(d) Raw cane sugar loan disbursements shall be made without regard to the actual polarity or quality factors of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(e)(1) Loans will mature at the earlier of:
   (i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or
   (ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates under §1435.105(h).

(f) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan must:
   (1) Be requested by the processor during the following October;
   (2) Be made at the loan rate in effect at the time the first loan was made; and
   (3) Mature in 9 months less the number of months that the first loan was in effect.

§ 1435.104 Loan maintenance.

(a) All processors receiving loans shall:
   (1) Abide by the terms and conditions of the loan application, note and security agreement and storage agreement;
   (2) Pay interest on the principal at a rate determined in part 1405 of this chapter.

(b) The security interests CCC obtains as a result of the execution of security agreements by sugarcane and sugar beet processors shall be superior to all statutory and common law liens on raw cane sugar, refined beet sugar, and in-process sugar for the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) A processor receiving a loan under this part shall pay all eligible producers who have delivered or will deliver sugar beets or sugarcane to such processors for processing not less than the minimum payment levels CCC specifies for the applicable crop year.

   (1) In the case of sugar beets, the minimum payment shall not exceed the rate of payment provided for under the applicable contract between a sugar beet producer and a sugar beet processor.

   (2) In the case of sugarcane, CCC will annually determine and announce the annual grower minimum payment.

   (3) Processors are ineligible for loans for the crop year following their failure to meet the required minimum grower payment.

(d)(1) A processor shall maintain eligible sugar or in-process sugar of sufficient quality and quantity as collateral to satisfy the processor’s loan indebtedness to CCC. CCC shall not assume any loss in quantity or quality of the loan collateral.

   (2) The processor is responsible for storage costs through the loan maturity date or title transfer to CCC, whichever occurs later.
(3) Sugar and in-process sugar pledged as loan collateral need not be stored identity preserved.

(4) When the proceeds of the sale of loan collateral are needed to repay all or part of a sugar loan, the processor may request and obtain prior written approval from the loan making office by executing a loan collateral release request, as prescribed by CCC, to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer before loan repayment. Any such approval shall be subject to the terms and conditions set forth in the applicable form. The loan making office shall not approve such a request unless the buyer of the sugar agrees to pay CCC an amount necessary to satisfy the processor’s loan indebtedness regarding collateral being sold. Any such approval shall not:
   (i) Constitute a release of CCC’s security interest in the loan collateral; or
   (ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

§ 1435.105 Loan settlement and foreclosure.

(a) A processor may, any time before loan maturity, redeem all or any part of the loan collateral by paying CCC the applicable principal and interest.

(b) Forfeiture of sugar loan collateral will be accepted as payment in full of the principal and interest due under a nonrecourse loan, subject to applicable premiums and discounts based on the difference between specifications reported on the sugar loan certification report and actual loadout characteristics.

(c)(1) Forfeiture of in-process sugar serving as loan collateral will be accepted as payment in full of the principal and interest if the processor converts the in-process sugar into raw cane sugar or refined beet sugar of acceptable grade and quality for sugar eligible for loans within 1 month of loan maturity.

(2) The in-process sugar must be fully processed into raw cane sugar or refined beet sugar, before the processor shall transfer the sugar to CCC.

(3) On transfer of the sugar, CCC shall make a payment to the processor in an amount equal to the amount obtained by multiplying the difference between the loan rate for raw cane sugar or refined beet sugar, as appropriate, and the in-process loan rate the processor received by the quantity of sugar transferred to CCC. The loan agreement shall specify the quantity of sugar that can be forfeited to CCC.

(d) If the processor does not forfeit the collateral, but instead further processes the in-process sugar into raw cane sugar or refined beet sugar and repays the loan on the in-process sugar;
   (1) the processor may obtain a loan for the raw cane sugar or refined beet sugar, as appropriate, and
   (2) the term of a loan made under this subsection for a quantity of in-process sugar, when combined with the term of a loan made for the raw cane sugar or refined beet sugar derived from the in-process sugar, may not exceed 9 months.

(e) CCC shall not accept delivery of sugar in settlement of a nonrecourse loan in excess of the quantity of sugar that is shown on the note and security agreement minus any quantity that was redeemed or released for removal under this section.

(f) If the processor does not redeem any of the nonrecourse loan collateral, title to the unredeemed nonrecourse loan collateral as described in the note and security agreement will, without further CCC or processor action transfer to CCC in-store at the CCC-approved warehouse at 12 a.m. the next business day following the maturity date of the loan. Title, all rights, and interest to such sugar shall immediately vest in CCC.

(g) The value of the settlement of loans shall be made by CCC according to the CCC schedule of premiums and discounts.

(h) CCC may, at any time, accelerate the date for loan repayment including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(i) If a processor’s nonrecourse loan indebtedness is not satisfied under the provisions of this section or if forfeited in-process sugar is not converted to
raw or refined sugar within the prescribed time:
   (1) Interest on the processor’s indebtedness shall accrue as specified in part 1403 of this title and shall accrue until the debt is paid;
   (2) CCC may, upon notice, with or without removing the collateral from storage, sell such collateral at either a public or private sale;
   (3) The processor shall be liable for the deficiency if the net proceeds are less than the amount of principal, interest, and any other charges CCC incurs; and
   (4) If the processor forfeits the in-process sugar loan collateral but does not transfer raw or refined sugar of suitable quality to CCC within 1 month, CCC will charge liquidated damages, as provided in the loan agreement.

   (j) The CCC rates for the storage of forfeited sugar to approved warehouses for each crop year of 2008 through 2011 will be at least:
   (1) For refined sugar, 15 cents per hundredweight of refined sugar per month; and
   (2) For raw cane sugar, 10 cents per hundredweight of raw cane sugar per month.
   (3) For 2012 and subsequent crop years, rates for the storage of forfeited sugar will revert to those used before June 18, 2008.
   (4) For sugar located in space not approved by CCC for storage, the payment rate will be zero until such time as the processor delivers such sugar to a CCC-approved warehouse.

§ 1435.106 Miscellaneous provisions.

(a) The regulations governing setoffs and withholding set forth at parts 3 and 1403 of this title are applicable to the program set forth in this subpart.

(b) A producer or processor may obtain reconsideration and review of determinations made under this subpart under the regulations at parts 11 and 780 of this title.

(c) Any false certification, including those made for the purpose of enabling a processor to obtain a loan to which it is not entitled, will subject the person making such certification to liability under applicable Federal civil and criminal statutes.

Subpart C—Information Reporting and Recordkeeping Requirements

§ 1435.200 Information reporting.

(a) Every sugar beet processor, sugarcane processor, cane sugar refiner, and importer of sugar, syrup, and molasses shall report, by the 20th of each month, on CCC-required forms, its imports and receipts, processing inputs, production, distribution, stocks, and other information necessary to administer the sugar programs. If the 20th of the month falls on a weekend or a Federal holiday, the report shall be due the next business day.

(b) Any processor must, upon CCC’s request, provide such information as CCC deems appropriate for determining regional loan rates.

(c) Any processor must, upon CCC’s request, provide such information as CCC deems appropriate for determining whether processors of sugarcane or sugar beets will be able to market their respective sugar allocations.

(d) Each sugarcane producer located in Louisiana shall report, in the manner CCC prescribes, sugarcane yields and sugarcane planted acres.

(e) Importers of sugars, syrups, or molasses to be used for domestic human consumption or to be used for the extraction of sugar for domestic human consumption must report such information as CCC requires, including the quantities of the products imported and the sugar content or equivalent of the products.

(f) The Secretary will collect information on the production, consumption, stocks and trade of sugar in Mexico and publish the data in each edition of the World Agricultural Supply and Demand Estimates report.

(g) The Secretary will collect publicly available information on the production, consumption, and trade of high fructose corn syrup in Mexico and publish the data in each edition of the World Agricultural Supply and Demand Estimates report.

(h) Based on the information received under this subsection, the Secretary
shall publish on a monthly basis composite data on sugar production, imports, distribution, and stock levels.

(i) By November 20 of each year, sugar beet processors, sugarcane processors, sugarcane refiners, and importers of sugars, syrups, and molasses, as selected by CCC, will submit to CCC a report, as specified by CCC, from an independent Certified Public Accountant that reviews its information submitted to CCC during the previous October 1 through September 30 period.

(j) The sugar information reporting and recordkeeping requirements of this subpart are administered under the general supervision of the Executive Vice President, CCC.

§1435.201 Civil penalties.

(a) Any processor, refiner, or importer of sugar, syrup, and molasses who willfully fails or refuses to furnish the information, or who willfully furnishes false data required under §1435.200(a) through (e), is subject to a civil penalty of no more than the amount specified at §3.91(b)(10)(ii) of this title for each such violation.

(b) The Controller, CCC, shall assess civil penalties and interest.

(c) Affected processors, refiners, and importers of sugar, syrup, and molasses may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification from the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC, Stop 0501, 1400 Independence Ave. SW., Washington, DC 20250-0501.

(d) After reconsideration, affected processors, refiners, or importers of sugar, syrup, and molasses may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification from the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division under part 780 of this title.

§1435.300 Applicability.

(a) This subpart applies to the establishment and allocation of marketing allotments for:

(1) Processor marketings of sugar domestically processed from sugar beets or in-process beet sugar, whether such sugar beets or in-process beet sugar were produced domestically or imported.

(2) Processor marketings of sugar processed from sugarcane.

(3) Distribution of a processor’s allocation to producers in proportionate share States, and

(4) Harvesting sugarcane by producers subject to proportionate shares.

(b) This subpart does not apply to marketing imported raw or refined sugar.

(c) This subpart applies throughout the United States and Puerto Rico.

§1435.301 Annual estimates and quarterly re-estimates.

(a) Not later than August 1 before the beginning of the crop year, CCC will estimate, and make re-estimates as necessary but not later than the beginning of each quarter of such crop year, the:

(1) Quantity of sugar that will be subject to human consumption in the United States during the crop year;

(2) Quantity of sugar that will provide for reasonable carryover stocks;

(3) Quantity of sugar that will be used for human consumption in the United States from carry-in stocks;

(4) Quantity of sugar that will be available from domestically processed sugarcane, sugar beets, and in-process beet sugar; and

(5) Quantity of sugars, syrups, and molasses that will be imported for human consumption or for the extraction of sugar for human consumption in the United States and Puerto Rico (other than sugar imported for the production of polyhydric alcohol or to be refined and re-exported in refined form or in sugar-containing products), whether such articles are included in a tariff-rate quota or not.
(b) Calculation of all allotments, allocations, estimates, and re-estimates in this subpart will use available USDA statistics and estimates of production, consumption, and stocks, taking into account, where appropriate, data supplied in reports submitted pursuant to the reporting requirements set forth in §1435.200.

[67 FR 54928, Aug. 26, 2002, as amended at 74 FR 15365, Apr. 6, 2009]

§1435.302 Establishment of allotments.

(a) By the beginning of the crop year, CCC will establish the overall allotment quantity, beet sugar and cane sugar allotments, State cane sugar allotments, and allocations for processors marketing sugar domestically processed from sugarcane, sugar beets, or in-process beet sugar, whether the sugar beets or in-process beet sugar is domestically produced or imported at a level:

(1) That is sufficient to maintain raw and refined sugar prices above minimum prices to avoid forfeiture of loans to the CCC, but

(2) Not less than 85 percent of estimated quantity of sugar for domestic human consumption for the crop year.

(b) Determinations under this section to establish marketing allotments will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

[74 FR 15365, Apr. 6, 2009]

§1435.303 Adjustment of the overall allotment quantity.

(a) The overall allotment quantity may be adjusted, as CCC determines appropriate, but never to a quantity less than 85 percent of the estimated quantity of sugar for domestic human consumption for the crop year:

(1) To avoid forfeiture of sugar loan collateral to CCC,

(2) Ensure adequate supplies of raw and refined sugar in the domestic market, and,

(3) To reflect changes in estimated sugar consumption, stocks, production, or imports based on re-estimates under §1435.301.

(b) Determinations to adjust the overall allotment quantity will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

(c) The beet sugar allotment, cane sugar allotment, State cane sugar allotments, proportionate shares, and allocations to each sugar beet processor and sugarcane processor will be increased or decreased, as appropriate, to reflect an overall allotment quantity adjustment.

(d) If the overall allotment quantity is reduced under paragraph (a) of this section and the quantity of sugar and sugar products any individual processor marketed by the time of the reduction exceeds the processor’s reduced allocation, the quantity of excess sugar or sugar products marketed will be deducted from the processor’s allocation under an allotment next established.

§1435.304 Beet and cane sugar allotments.

(a) The allotment for beet sugar will be 54.35 percent of the overall allotment quantity.

(b) The allotment for cane sugar will be 45.65 percent of the overall allotment quantity.

(c) A sugar beet processor allocated a share of the beet sugar allotment may use only beet sugar to fill such allocation. A sugarcane processor allocated a share of the cane sugar allotment may use only cane sugar to fill such allocation.

[67 FR 54928, Aug. 26, 2002. Redesignated at 74 FR 15365, Apr. 6, 2009]

§1435.305 State cane sugar allotments.

(a) Hawaii and Puerto Rico will be allotted a total of 325,000 short tons, raw value, of the cane sugar allotment.

(b) A new entrant cane State will receive an allotment to accommodate a new processor’s allocation under 1435.308.

(c) Subject to paragraphs (a) and (b) of this section, the remaining cane States will be allotted, in aggregate, the remaining cane sugar allotment.

(d) The individual cane State allotments, other than a new entrant cane State, will be based on:

(1) Past marketings of cane sugar,

(2) Past processing of cane sugar, and
Commodity Credit Corporation, USDA § 1435.306

(3) The ability to market the sugar covered under the allotment assigned to the State.

(e) Past marketings and past processings will each be weighted by 0.25 and the ability to market will be weighted by 0.50 in determining the States’ respective cane sugar allotments. The weights may be adjusted, as CCC deems appropriate, for the crop year.

(f) Except when deficits are reassigned as provided in §1435.309, a processor may fill an allocation of a cane sugar allotment only with sugar processed from sugarcane grown in the State for which the allotment was established.

§ 1435.306 Allocation of marketing allotments to processors.

(a) Each sugar beet processor’s allocation, other than a new entrant’s, of the beet allotment will be calculated as the beet processor’s share times the beet sector allotment:

1. A beet processor’s share is calculated as the beet processor’s adjusted weighted average sugar production divided by the sum of all beet processors’ adjusted weighted average sugar production.

2. A beet processor’s weighted average sugar production equals 0.25 times its 1998-crop sugar production plus 0.35 times its 1999-crop sugar production plus 0.40 times its 2000-crop sugar production, with the 2000 sugar PIK payments added to its 2000-crop sugar production.

3. A beet processor’s weighted average sugar production shall be adjusted by the following, as CCC determines:

   (i) Increased 1.25 percent of the sum of all beet processors’ weighted average sugar production for opening a sugar beet processing factory during the 1998 through 2000 crop years;

   (ii) Decreased 1.25 percent of the sum of beet processors’ weighted average sugar production for closing a sugar beet processing factory during the 1998 through 2000 crop years;

   (iii) Increased 0.25 percent of the sum of all beet processors’ weighted average sugar production for opening a molasses desugarization facility during the 1998 through 2000 crop years; and

   (iv) Increased 1.25 percent of the sum of all beet processors’ weighted average sugar production for suffering a substantial quality loss on stored beets, as CCC determines, during the 1998 through 2000 crop years.

(b) Each sugarcane processor’s, other than a new entrant’s, allocation from a State cane sugar allotment will be calculated as the cane processor’s share times the State cane sector allotment.

1. Each cane processor’s share will be calculated as the processor’s production base divided by the sum of the State’s processor production bases.

2. A processor’s production base is the sum of 0.50 times its ability to market plus 0.25 times its past processings plus 0.25 times its past marketings. These weights may be adjusted as CCC deems appropriate for the crop year.

(c) An informal hearing will be held in August of each year, if requested by affected sugarcane processors and growers by July 15th, to afford all interested persons the opportunity to comment on the next crop year’s marketing allotments and allocations. After consideration of comments obtained at the hearing, a final determination on cane State allotments and processor allocations will be announced.

(d) During any crop year in which marketing allotments are in effect and allocated to processors, the quantity of sugar and sugar products that a processor markets shall not exceed the quantity of the processor’s allocation.

(e) Paragraph (d) of this section will not apply to:

1. Any sugar marketings to facilitate the export of sugar or sugar-containing products as long as such exports are not eligible to receive credits under reexport programs administered by the Foreign Agricultural Service for refined sugar or sugar-containing products;

2. Any sugar marketings for nonhuman consumption, except for the sale of sugar for the production of ethanol or other bioenergy under the Feedstock Flexibility program or the sale of sugar for the production of polyhydric alcohol under the...
Polyhydric Alcohol program administered by the Foreign Agricultural Service; and

(3) Any processor marketings of sugar to another processor made to enable the purchasing processor to fulfill its allocation if such sales;
   (i) Are made before May 1, and
   (ii) Reported to CCC within 51 days of the date of sale.

(f) Paragraph (d) of this section also shall not apply to marketings of purchased sugar marketed in the crop year of the purchase, but does apply to marketings of sugar purchased as part of a transaction pursuant to paragraph (e)(3) of this section.

(g) Paragraph (d) of this section also will not apply to the marketing of beet sugar processed from purchased in-process beet sugar if the processor purchased the in-process beet sugar before October 1, 2008.

(h) A sugar beet processor and a sugarcane processor marketed a share of the beet sugar allotment may use only beet sugar to fill such allocation. A sugarcane processor allocated a share of the cane sugar allotment may only use cane sugar to fill such allocation.

§1435.307 Transfer of allocation.

(a) If a sugarcane processing facility is sold or transferred to another owner or is closed as part of a corporate consolidation CCC will transfer the allotment allocation to the purchaser or successor.

(b) In proportionate share States, allocations, based on the number of acres of sugarcane base being transferred and the pro rata amount reflecting the grower’s contribution to allocation of the processor for the sugarcane base being transferred, will be transferred between facilities if the transfers are based on:
   (1) Written consent of the crop-share owners, or their representatives,
   (2) Written certification from the processor that will accept the additional sugarcane deliveries that its processing capacity will not be exceeded,
   (3) CCC will only consider requests for transfer of allocation submitted during the month of May. The request must include the grower’s sugar production history for crop years 1997 through 2003. The facility with the grower’s history will be required to certify the history when requested by the grower, and
   (4) Allocation transfers will be effective for the next fiscal year after the request is submitted to CCC, that is beginning October 1.

(c) If a sugar beet processing facility or a sugarcane processing facility located in a non-proportionate share State is closed, and the growers that delivered their crops to the closed facility elect to deliver their crops to another processor, the growers may petition the Executive Vice President, CCC, to transfer their share of the allocation from the processor that closed the facility to their new processor. If CCC approves transfer of the allocations, it will distribute the closed facility’s allocation based on the contribution of the growers’ production history to the closed facility’s allocation. CCC may grant the allocation transfer upon:
   (1) Written request by a grower to transfer allocation,
   (2) Written approval of the processor that will accept the additional deliveries,
   (3) Evidence satisfactory to CCC that the new processor has the capacity to accommodate the production of petitioning growers, and
   (4) Determinations by the CCC will be made within 60 days after the filing of the petition.

(d) Subject to a transfer of allocation, if any, described in paragraph (c) of this section being completed, CCC will consider a processor to be permanently terminated and eliminate the processor’s remaining allocation and distribute it to all other processors on a pro-rata basis when the processor:
   (1) Has been dissolved,
   (2) Has been liquidated in a bankruptcy proceeding,
   (3) Has not processed sugarcane or sugar beets for 2 consecutive crop years,
   (4) Has notified CCC that the processor has permanently terminated operations, or
Commodity Credit Corporation, USDA  

§ 1435.308 New entrants.

(a) The Secretary may assign a new entrant sugarcane processor an allocation that provides a fair, efficient, and equitable distribution of allocations:

(1) Applicants must demonstrate their ability to process, produce, and market sugar for the applicable crop year;

(2) CCC will consider any adverse effects of the allocation upon existing processors and producers;

(3) CCC will conduct a hearing on a new entrant application if an interested processor or grower requests a hearing.

(4) A new entrant’s allocation is limited to no more than 50,000 short tons, raw value, for the first crop year, and

(5) A new entrant will be provided, as determined by CCC:

(i) A share of its State’s cane allotment if the processor is located in Hawaii, Florida, Louisiana, or Texas or

(ii) A share of the overall mainland cane allotment if the processor is located in any mainland State not listed in paragraph (a)(5)(i) of this section.

(b) For proportionate share States, CCC will establish proportionate shares for the sugarcane required to fill the allocation.

(c) If a new entrant beet processor constructs a new facility or reopens a facility that currently has no allocation, but last produced beet sugar from sugar beets and sugar beet molasses prior to the 1998 crop year, CCC will:

(1) Assign an allocation to the new entrant to enable it to achieve a facility utilization rate comparable to other similarly-situated sugar beet processors and

(2) Reduce all other beet processor allocations by a like amount on a pro rata basis.

(d) If a new entrant acquires an existing facility with production history that processed sugar beets for the 1998 or subsequent crop year, CCC will:

(1) Assign the allocation to the buyer to reflect the historical contribution of the sold facilities, unless the buyer and seller have agreed upon a different allocation amount, or

(2) If the new entrant and the processor holding the allocation of the existing facility cannot agree on an allocation amount, the new entrant will be denied a beet sugar allocation.

[74 FR 15366, Apr. 6, 2009]

§ 1435.309 Reassignment of deficits.

(a) CCC will determine, from time to time, whether sugar beet or sugarcane processors will be unable to market their allocations.

(b) Sugar beet and sugar cane processors will report to CCC current inventories, estimated production, expected marketings, and any other pertinent factors CCC deems appropriate to determine a processor’s ability to market their allocation.

(c) If CCC determines a sugarcane processor will be unable to market its full allocation for the crop year in which an allotment is in effect, the deficit will be reassigned as follows:

(1) First, to allocations of other sugarcane processors within that State based on each processor’s initial allocation share of the State’s allotment, but no processor may receive reassigned allocation such that its allocation exceeds its estimated total sugar supply.

[74 FR 15366, Apr. 6, 2009]
§ 1435.310

(2) If the deficit cannot be eliminated after reassignment within the same State, be reassigned to the other cane States based on each State’s initial share of the cane sugar allotment, but no State may receive reassigned State allotment such that its allocation exceeds its estimated total sugar supply, with the reassigned quantity to each State being allocated according to paragraph (c)(1) of this section.

(3) If the deficit cannot be eliminated by paragraphs (c)(1) and (c)(2) of this section, be reassigned to CCC. CCC shall sell such quantity from inventory unless CCC determines such sales would have a significant effect on the sugar price.

(4) If any portion of the deficit remains after paragraphs (c)(1), (c)(2), and (c)(3) of this section have been implemented, be reassigned to imports of raw cane sugar.

(d) The initial estimate of the sugarcane deficit will be reassigned by June 1. CCC will conduct later reassignments if CCC determines, after June 1, that a sugarcane processor will be unable to market its full allocation.

(e) If CCC determines that a sugar beet processor is unable to market its full allocation for the crop year in which an allotment is in effect, the deficit will:

(1) First, be reassigned proportionately to allocations of other sugar beet processors, depending on the capacity of other processors to fill the portion of the deficit to be reassigned to them, accounting for the interests of associated producers.

(2) If the deficit cannot be eliminated by paragraph (e)(1) of this section, be reassigned to CCC. CCC shall sell such quantity from inventory unless CCC determines such sales would have a significant effect on the sugar price.

(3) If any portion of the deficit remains after paragraphs (e)(1) and (e)(2) of this section have been implemented, be reassigned to imports of raw cane sugar.

(f) The crop year allocation of each sugar beet or sugarcane processor who receives a reassignment will be increased accordingly for that year.

§ 1435.310 Sharing processors’ allocations with producers.

(a) Every sugar beet and sugarcane processor must provide CCC a certification that:

(1) The processor intends to share its allocation among its producers fairly and equitably, and in a manner adequately reflecting each producer’s production history, and

(2) The processor has, in the previous allotment year, shared its allocation among producers fairly and equitably, reflecting each producer’s production history. If a processor is unable to provide such certification, CCC may reduce or eliminate its marketing allocation.

(b) CCC will determine that a processor in a proportionate share state has met the conditions of paragraph (a) of this section if the processor establishes a grower payment plan that incorporates the following provisions:

(1) Pays growers for sugar from their delivered sugarcane in the following priority:

(i) Sugar production from proportionate share acreage; as established under §1435.311, for producers determined by CCC, who;

(A) Delivered to the mill in at least one of the crop years 1999, 2000, or 2001, or

(B) Obtained an allocation transfer from a predecessor mill.

(ii) Sugar production from base acreage, as established under §1435.312, but exclusive of the acreage described in paragraph (b)(1)(i) of this section, for producers who meet the requirements of paragraph (b)(1)(i) of this section, then

(iii) All other sugar production.

(2) In determining the payment priority, a processor may aggregate the acreage of an operator (producer making the crop production decisions) across all the operator’s farms delivering cane to the processor.

(c) CCC will determine that a processor not in a proportionate share
state, which is cooperatively owned by producers, has met the conditions of paragraph (a) of this section if the processor shares its allocation with its producers according to its cooperative membership agreement.

(d) CCC will disclose farm base and reported acres data in a proportionate share state to processors upon their request for growers delivering to their mill. In the case of multiple producers on a farm or growers delivering to more than one mill, subject mills will be responsible for coordinating proportionate share data.

(e) Any producer or processor may request arbitration of a dispute regarding the sharing of the processor’s allocation among the producers. Arbitration will be available on behalf of CCC at the State FSA office for the State in which the processor is located. Subsequent review of the arbitration decision is available at the discretion of the Executive Vice President, CCC. Any arbitration is subject to appeal to the Office of the Administrative Law Judge, USDA.

§ 1435.312 Establishment of acreage bases under proportionate shares.

(a) CCC will establish a sugarcane crop acreage base for each farm subject to proportionate shares as the simple average of the acreage planted and considered planted for harvest for sugar or seed (meaning only those varieties dedicated to the production of sugarcane to produce sugar for human consumption) on the farm in the 2 highest of the 1999 through 2001 crop years. Acreage considered planted shall be determined under §1435.315.

(b) In establishing crop acreage bases, CCC will:

(1) Not consider acreage prevented from planting, and

(2) Consider acreage planted to sugarcane that fails.

(c) In establishing crop acreage bases, CCC will allow producers who have not previously reported their sugarcane acreage to do so by a date CCC determines and announces. Late-filed acreage reports will be accepted as the Deputy Administrator determines appropriate.

(d) The farm’s crop acreage base shall be used to determine the farm’s proportionate share.

(e) The regulations at part 718 of this title shall apply to this subpart, except reconstitution of farms with a sugar crop acreage base shall not be allowed across State lines.

[67 FR 54928, Aug. 26, 2002, as amended at 74 FR 15367, Apr. 6, 2009]
§ 1435.313 Permanent transfer of acreage base histories under proportionate shares.

(a) A sugarcane producer on a farm may transfer all or a portion of the producer’s acreage base history of land owned, operated, or controlled to any other farm in the State that the producer owns, operates, or controls under the Deputy Administrator-issued instructions. The transfer will reduce permanently the transferring farm’s sugarcane acreage base history and increase the receiving farm’s crop acreage base.

(1) All farm owners must agree in writing to the transfer.

(2) Producers may transfer sugarcane acreage base histories under this section by the date the State FSA committee establishes annually.

(b) Sugarcane acreage base that has been converted to nonagricultural use on or before May 13, 2002, may be transferred to other land suitable for the production of sugarcane under the following terms:

(1) CCC must notify 1 or more affected landowners within 90 days of becoming aware of the conversion, of their rights to transfer the base to 1 or more farms owned by the landowner;

(2) The landowner has 90 days from the date the landowner was notified to transfer the base;

(3) If the landowner does not exercise this transfer right, the grower of record will have 90 days after being notified by CCC to transfer the base to 1 or more farms owned by the grower;

(4) If the transfers as specified under paragraphs (b)(2) or (3) of this section are not accomplished during the specified periods, FSA county committees will place the base into a pool for possible reassignment to other farms;

(5) After providing notice to farm owners, operators and growers of record in the county, the committee will accept requests from farm owners, operators, and growers in the county;

(6) The county committee will assign the base to other sugarcane farms in the county that are eligible and capable of accepting the acreage base, based on a random drawing among requests received under paragraph (b)(5) of this section;

(7) Any unassigned base will be made available to the State FSA committee and be allocated to remaining FSA county committees in the State representing counties with farms eligible for assignment of the base, based on a random drawing; and

(8) After the acreage base has been reassigned, the acreage base will remain on the farm and subject to the transfer provisions of paragraph (a) of this section.

[67 FR 54928, Aug. 26, 2002, as amended at 74 FR 15367, Apr. 6, 2009]

§ 1435.314 Temporary transfer of proportionate share due to disasters.

(a) If, for reasons beyond the control of a producer on a farm, such producer is unable to harvest sugarcane acreage relative to all or a portion of the proportionate share established for the farm, the Secretary may preserve, on producer application and written consent of all owners of the farm, for a period of not more than 5 consecutive years, the acreage base history of the farm to the extent of the proportionate share involved.

(b) Such proportionate share may be transferred, with the written consent of all owners of the farm, for 1 crop year to other farm owners or operators subject to the following conditions:

(1) The acreage base history of the transferring farm will be preserved for a period from 1 to 5 years; and

(2) Acreage base history will not be increased on the receiving farm.

(c) Producers who transfer a proportionate share under this section will be required to:

(1) Initiate the transfer in the county FSA office where the proportionate shares are established; and

(2) Obtain approval from the transferring county FSA committee.

(d) All transfers made under this section must be completed by the date the State FSA committee establishes.

§ 1435.315 Adjustments to proportionate shares.

Whenever CCC determines that, because of a natural disaster or other condition beyond the control of producers adversely affecting a sugarcane
crop, the amount of sugarcane produced by producers subject to proportionate shares will not be sufficient to enable state processors to produce sufficient sugar to meet the State’s cane sugar allotment and provide a normal carryover of sugar. CCC may uniformly allow producers to harvest sugarcane in excess of their proportionate shares, or suspend proportionate shares entirely.

§ 1435.316 Acreage reports for purposes of proportionate shares.

(a) A report of planted and failed acreage shall be required on farms that produce sugarcane for sugar or seed. Such report shall also specify the total acreage intended for harvest for sugar and seed.

(b) The reports required under paragraph (a) of this section shall be on forms prescribed by CCC and shall be filed annually with the county FSA committee by the applicable final reporting date CCC establishes. The farm operator or farm owner shall file such reports.

(c) Acreage reports will be used to determine compliance with proportionate shares and acreage bases for future proportionate shares.

(d) An acreage report may be accepted after the established date for reporting if physical evidence is still available for inspection that may be used to make a determination relative to:

1. Existence of the crop;
2. Use made of the crop;
3. Lack of crop; or
4. Disaster condition affecting the crop.

(e) The farm operator shall pay the cost of a farm visit by an authorized FSA employee unless the county FSA committee has determined that failure to report in a timely manner was beyond the producer’s control.

(f) The farm operator may revise an acreage report. Revised reports shall be filed in accordance with CCC instructions and shall be accepted at any time if:

1. Evidence exists for inspection and determination of:
   i. Existence of the crop;
   ii. Use made of the crop;
   iii. Lack of crop; or
   iv. Disaster condition affecting the crops.

2. The farm has not already been inspected and the acreage already determined or harvesting of sugarcane already begun.

(g) Provisions of part 718 of this chapter will apply for field inspections, tolerance, and variance. Assessments for false acreage reporting will be applied under §1435.318.

§ 1435.317 Revisions of allocations and proportionate shares.

The Executive Vice President, CCC, may modify any processor’s allocation or any producer’s proportionate share on the same basis as the initial allocation or proportionate share was required to be established.

§ 1435.318 Penalties and assessments.

(a) Any sugar beet or sugarcane processor who knowingly markets sugar or sugar products in excess of the processor’s allocation will be liable to CCC for a civil penalty in an amount equal to 3 times the U.S. market value, at the time the violation was committed, of that quantity of sugar involved in the violation.

(b) CCC may assess liquidated damages, as specified in a surplus allocation survey and agreement, with respect to a surplus allocation still existing after the end of a crop year if the processor had a surplus allocation because the processor provided incomplete or erroneous information to CCC.

(c) Under §359f(c)(5) of the Agricultural Adjustment Act of 1938, as amended, any producer of sugarcane whose farm has a proportionate share, and who knowingly harvests or allows to be harvested an acreage of sugarcane for sugar or seed in excess of the farm’s proportionate share shall pay to CCC a civil penalty in an amount equal to 1.5 times the U.S. market value of the quantity of sugar that is marketed by the processor of such sugarcane in excess of the allocation of such processor, for the year in which the violation was committed. However, civil penalties will not be assessed when the producer harvests acreage for sugar or seed in excess of the farm’s proportionate share, if the excess sugarcane harvested is:
(1) Processed by a sugarcane processor that does not exceed its marketing allocation; or

(2) Diverted to a use other than sugar or seed if:

(i) The sugarcane producer requests and pays for a CCC field inspection, and

(ii) CCC verifies the disposition of the excess harvest is not for sugar or seed.

(d) Any penalty assessed under paragraph (b) of this section shall be prorated among the producers of all sugarcane acquired by the processor from excess acres.

(e) Any person filing a false acreage report that exceeds tolerance will be subject to an assessment not to exceed the amount specified at §3.91(b)(10)(iii) of this title. Whenever the failure of a producer to comply fully with the terms and conditions applicable to proportionate shares would result in an assessment, the Deputy Administrator may authorize the waiver or reduction of the assessment in such amounts as determined to be equitable about the seriousness of the failure, the producer’s good-faith effort to comply fully with such terms and conditions, and the producer’s substantial performance.

(f) Any person who knowingly violates any provision of this subpart other than paragraph (d) of this section is subject to the assessment of a civil penalty by CCC of not more than the amount specified at §3.91(b)(10)(iv) of this title for each violation.

Subpart F—Processor Sugar Payment-In-Kind (PIK) Program

§1435.500 General statement.

This subpart shall be applicable to sugar beet and sugarcane processors throughout the United States who, acting in conjunction with the producers of the sugarcane or sugar beets processed by the processors, reduce sugar production in return for a payment of sugar from CCC when CCC determines that such action will reduce forfeitures.
§ 1435.501 Bid submission procedures.

(a) After announcement by CCC that a program authorized by this subpart is in effect, processors who desire to participate in the program must submit a bid to CCC, on a form prescribed by CCC, that specifies:

1. The number of acres that the processor, acting in conjunction with the producers, will divert;

2. The previous consecutive 3-year simple average sugar beet or sugarcane yield on that acreage while under contract (years with no production contracted with a producer will not be considered (for first-time producers, however, the previous consecutive 3-year simple average sugar beet or sugarcane yield for all the producers under contract who delivered to the applicable factory will be used));

3. The previous 3-year simple average sugar content of the producer’s sugar beets or sugarcane (for first-time producers, the previous 3-year simple average sugar content for all beets or cane delivered to that factory will be used);

4. The processor’s previous 3-year simple average recovery rate (for processors that have not been fully operational during the last 3 years, the simple average for those years that they were fully operational);

5. The value of CCC sugar to be received as payment; and

6. Other information CCC deems necessary for program administration;

or

(b) The following acreage is ineligible for enrollment in the PIK program:

1. If planted, acreage that is not harvestable,

2. Acreage devoted to roads or other non-producing areas, or

3. If planted, acreage on which a crop insurance indemnity or replant payment was received for the current crop or for which a claim has been, or will be, filed to receive a crop insurance indemnity or replant payment for the current crop, except for replant payments for acreage actually replanted before the end of the normal planting period.

(c) If planted, the diverted acres cannot be grazed until after the sugar beets or sugarcane are destroyed by disk ing, plowing, or other means of mechanical destruction. In addition, the sugar beets or sugarcane on the diverted acres may not be used for any commercial purpose.

(d) The acreage offered must meet the following requirements:

1. If less than or equal to 15 acres, then the acreage bid must consist of one of the following:

   - One contiguous area of land,
   - One or more entire permanent fields, or
   - One or more entire permanent fields and one contiguous area of land to complete the balance;

2. If more than 15 acres, then the acreage bid must consist of one of the following:

   - One or more areas of land of at least 15 contiguous acres each with one remaining area of land of less than 15 contiguous acres to complete the balance,
   - One or more entire permanent fields, or
   - One or more entire permanent fields and one area of contiguous land to complete the balance.

(e) For a program involving desugaring capacity, or other measures of sugar production, not involving acreage diversion, the bid must contain the information CCC determine necessary to conduct the program.

§ 1435.502 Bid selection procedures.

(a) For bids in which the processor offers to remove acreage of sugar beets or sugarcane from production, CCC will rank bids on the basis of the bid amount as a percentage of the expected sugar produced from the retired acreage. Bids with the lowest of such percentages will be selected first. In the case of identical bids, selection may be based on random selection or pro rata shares, as CCC deems appropriate.

(b) CCC will reject bids for which the bid amounts exceed the expected sugar produced from the retired acreage.

(c) For bids in which the processor offers to remove sugar production capacity from production, CCC will rank the bids on the basis of the capacity to be removed from production.

(d) All acceptable bids specified in paragraphs (a) and (c) of this section will be further reviewed by CCC and ranked in order of the greatest reduction in sugar program that can be achieved at the lowest cost to CCC.

§ 1435.503 In-kind payments.

(a) CCC will, through such methods as CCC deems appropriate, make payments in the form of sugar held in CCC inventory.

(b) To the maximum extent practicable, CCC will use its inventory in making an in-kind payment based on the following priority:

(1) CCC-owned sugar held in storage by the processor;

(2) CCC-owned sugar held in storage by any other processor in the same region as the producer;

(3) CCC-owned sugar held in storage by any other processor that is not in the same region as the producer; and

(4) CCC-owned sugar held in storage anywhere in the United States, if CCC determines that such sugar is eligible to be used for in-kind payments.

(c) The value of CCC-owned inventory is dependent upon the storage location of the sugar and the type of sugar (raw or refined). CCC will announce the value of its inventory before bid solicitation. Accordingly, the quantity of sugar CCC will provide in terms of an in-kind payment to a processor will be determined by dividing:

1. The total of the processor’s bid amount that CCC accepts, by
2. The value of CCC’s inventory at the storage location at which title will transfer from CCC to the processor.

§ 1435.504 Timing of distribution of CCC-owned sugar.

Distribution of sugar from CCC inventory will occur in such manner as CCC determines appropriate.

§ 1435.505 Miscellaneous provisions.

(a) CCC may permit processors to bid, in lieu of acreage, desugarizing capacity or other measures of sugar production as CCC determines.

(b) The contract shall provide for the payment of liquidated damages if a processor fails to comply with the obligations specified in the CCC production diversion contract.

(c) CCC will transfer title of the sugar to the processor by notifying the processor or assignee that the sugar is available. CCC will stop storage payments on this sugar on the date of transfer.

§ 1436.1 Applicability.

The regulations of this part provide the terms and conditions under which CCC may provide low-cost financing for producers to build or upgrade on-farm storage and handling facilities. Because liens and security interests related to this activity may be governed by State law, CCC may adapt certain procedures relating to those issues that may vary between States.

§ 1436.2 Administration.

(a) The Farm Storage Facility Loan Program will be administered under the general supervision of the Executive Vice President, CCC or designee and will be carried out in the field by FSA State committees, FSA county committees and FSA employees.

(b) FSA State committees, FSA county committees and FSA employees, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The FSA State committee will take any action required by these regulations that has not been taken by the county committee. The FSA State committee will also:

(1) Correct, or require the FSA county committee to correct, any action taken by such FSA county committee that is not in accordance with the regulations of this part; and

(2) Require the FSA county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or FSA county committee will preclude the Executive Vice President, CCC, or a designee, or the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or FSA county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and FSA county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the Farm Storage Facility Loan Program.

(f) A representative of CCC may execute Farm Storage Facility Loan Program applications and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by CCC, will be void.

(g) The purpose of the Farm Storage Facility Loan program is to provide CCC funded loans for producers of grains, oilseeds, pulse crops, sugar, hay, renewable biomass, fruits and vegetables (including nuts), and other storable commodities, as determined by the Secretary, to construct or upgrade storage and handling facilities for the eligible facility loan commodities they produce.

[66 FR 4612, Jan. 18, 2001, as amended at 74 FR 41587, Aug. 18, 2009]

§ 1436.3 Definitions.

The following definitions will be applicable to the program authorized by this part and will be used in all aspects of administering this program: 

**Aggregate outstanding balance** means the sum of the outstanding balances of all loans disbursed under this part to each borrower signing the note and security agreement.

**Assumption** means the act or agreement by which one borrower takes over or assumes the debt of another borrower.

**Cold storage facility** means a facility or rooms within a facility that are specifically designed and constructed for the cold temperature storage of perishable commodities. The temperature
and humidity in these facilities must be able to be regulated to specified conditions required for the commodity requiring storage.

*Collateral* means the storage structure; the drying, handling, and cold storage equipment; and any other equipment securing the loan.

*Commercial facility* means any structure, used in connection with or by any commercial operation including, but not limited to, grain elevators, warehouses, dryers, processing plants, or cold storage facilities used for the storage and handling of any agricultural product, whether paid or unpaid. Any structure suitable for the storage of an agricultural product that is in working proximity to any commercial storage operation will be considered to be part of a commercial storage operation.

*Commercial storage* means the storing of any agricultural product, whether paid or unpaid, for persons other than the owner of the structure, except for family members and tenants or landlords with a share in the eligible facility loan commodity requiring storage.

*A crop of economic significance* means any insurable facility loan commodity that contributes 10 percent or more of the total expected value of all crops grown by the loan applicant except if the expected liability under the catastrophic level of crop insurance for a crop is equal to or less than the administrative fee for the crop, that crop shall not be economically significant.

*Facility loan commodity* means corn, grain sorghum, oats, wheat, barley, rice, raw or refined sugar, soybeans, sunflower seed, canola, rapeseed, safflower, flaxseed, mustard seed, crambe, sesame seed, other oilseeds as determined and announced by CCC, dry peas, lentils, or chickpeas harvested as whole grain, peanuts, hay, renewable biomass, and fruits and vegetables (including nuts). Corn, grain sorghum, wheat, and barley are included whether harvested as whole grain or other than whole grain.

*Financing statement* means the appropriate document that gives legal notice of a security interest in personal property when properly filed or recorded.

*Hay* means a grass or legume that has been cut and stored. Commonly used grass mixtures include rye grass, timothy, brome, fescue, coastal Bermuda, orchard grass, and other native species, depending on the region. Forage legumes include alfalfa and clovers.

*Non-moveable or non-salable collateral* means either collateral the county committee determines cannot be sold and moved to a new location because of the type of construction involved or because the collateral has deteriorated to the point that it has no sale recovery value.

*Renewable biomass* means any organic matter that is available on a renewable or recurring basis including renewable plant material such as feed grains or other agricultural commodities (including, but not limited to, soybeans and switchgrass), other plants and trees (excluding old-growth timber), algae, crop residue (including, but not limited to, wood waste, wood residues, and food and yard waste) used for the production of energy in the form of heat, electricity, and liquid, solid, or gaseous fuels. Manure from any source is not included.

*Resale collateral value* means collateral that can be sold and moved to a new location for which compensation equal to the outstanding loan value can be expected.

*Satisfactory credit history* means a history of repaying debts as they came due unless the failure to repay or tardiness in payment was due to circumstance beyond the applicant’s control as determined by CCC upon proof submitted by the applicant.

*Severance agreement* means an agreement under which a party may consent to the security interest of another in property thereby allowing the severance of a fixture from the real estate. *Subordination agreement* means any agreement under which a party may subordinate a security interest in property to the interest of another party.

§ 1436.4 Application for loans.

(a) An application for a loan must be submitted:
(1) For all loans, except loans for renewable biomass storage facilities and cold storage facilities for fruits and vegetables, to the administrative county office that maintains the records of the farm or farms to which the application applies. With State office approval, loans may be made or serviced by a county office other than the administrative county office.

(2) For loans for renewable biomass storage facilities and cold storage facilities for fruits and vegetables, to the administrative county FSA office that maintains the records of the farm or farms to which the application applies, if the facility will be located on land that has farm records established at the county office. If the commodities will be produced on land that does not have farm records established at the county office, the application must be submitted to the county FSA office that services the county where the facility will be located.

(b) Upon request, the applicant must furnish information and documents as the State or county committee deems reasonably necessary to support the application. This may include financial statements, receipts, bills, invoices, purchase orders, specifications, drawings, plats, or written authorization of access.

(c) For sugar storage facility loans, a loan application must be submitted to the county FSA office that maintains the applicant’s records. If no such records exist, loan applications must be submitted to the county office serving the headquarters location of the sugar processor.

(d) Submitting an application does not ensure loan approval nor create any liability on behalf of CCC. Borrowers who authorize delivery, site preparation, or construction actions without an approved loan, do so at their own risk.

[74 FR 41587, Aug. 18, 2009]

§ 1436.5 Eligible borrowers.

(a) Borrower means a person who, as landowner, landlord, operator, producer, tenant, leaseholder, sharecropper, or processor of domestically produced sugarcane or sugar beets:

(1) Has a satisfactory credit history according to the definition in §1436.3 and as recommended to the approving committee by a FSA employee with FSA loan approval authority;

(2) Demonstrates an ability to repay the debt arising under this program using a financial statement acceptable to CCC prepared within 90 days of the date of application, as recommended to the approving committee by a FSA employee with FSA loan approval authority;

§ 1436.6 Eligible storage or handling equipment.

(a) For all eligible facility loan commodities, except sugar and fruits and vegetables, loans may be made only for the purchase and installation of eligible storage facilities, and permanently affixed drying and handling equipment, or for the remodeling of existing storage facilities or permanently affixed drying and handling equipment as provided in this section. The loan collateral must be used for the purpose for which it was delivered, erected, constructed, assembled, or installed for the entire term of the loan. Eligible storage and handling facilities include the following:

1. New conventional-type cribs or bins designed and engineered for whole grain storage and having a useful life of at least 15 years;

d) Loans for all eligible facility loan commodities, except sugar and fruits and vegetables, may be approved for financing additions to or modifications of an existing storage facility with an expected useful life of at least 15 years if the county committee determines there is a need for the capacity of the structure, but loans will not be approved solely for the replacement of worn out items such as motors, fans, or wiring.

e) Loans for all eligible facility loan commodities except sugar and fruits and vegetables may be approved for new storage and handling components of a pre-owned structure provided the completed facility has a useful life of at least 15 years. The pre-owned structure must be purchased and moved to a new storage location. Eligible items for such a loan include the cost of purchasing and moving the used structure.

vii. Electrical equipment, including labor and materials for installation, such as lighting, motors, and wiring integral to the proper operation of the sugar storage and handling equipment; and

viii. Concrete foundations, aprons, pits, and pads (including site preparation, labor and materials) essential to the proper operation of the sugar storage and handling equipment.

2. Sugar storage facility, loans may be approved for financing additions to or modifications of an existing storage facility with an expected useful life of at least 15 years if CCC determines there is a need for the capacity of the structure.

3. No sugar storage facility loans will be made for:

§ 1436.7

the stored commodity to maintain its shape (such as fences or bags);
(iii) Used or pre-owned structures or handling equipment;
(iv) Structures that are not suitable for storing raw or refined sugar;
(v) Weigh scales.

(g) The provisions of this paragraph apply only to fruit and vegetable cold storage facility loans.

(3) For cold storage facility loans, loans may be approved for financing additions or modifications to an existing storage facility with an expected useful life of at least 15 years if CCC determines there is a need for the capacity of the structure.

(4) No cold storage facility loans will be made for:
(i) Portable structures;
(ii) Portable handling and cooling equipment;
(iii) Used or pre-owned structures, or cooling and handling equipment;
(iv) Structures that are not suitable for a fruit or vegetable cold storage facility.

§ 1436.8

§ 1436.7 Loan term.

(a) For eligible facility loan commodities other than sugar, the term of the loan will be 7, 10, or 12 years, based on the total loan principal, from the date a promissory note and security agreement is completed on both the partial and final loan disbursements. The applicant will choose, if applicable, a loan term when submitting the loan application and total cost estimates.

(1) For a loan with the principal of $100,000 or less, the term is 7 years.

(2) For loans from $100,000.01 through $250,000, the borrower will choose a term of 7 or 10 years.

(3) For loans from $250,000.01 through $500,000, the borrower will choose a loan term of 7, 10, or 12 years.

(b) No extensions of the loan term will be granted. The loan balance and all related costs are due at the end of the loan term.

(c) For a sugar-related loan:
(1) CCC, at its discretion, may authorize a maximum loan term of 15 years. The minimum loan term of a sugar-related loan is 7 years.

(2) The loan balance and costs are due at the end of the loan term, which will be granted. The loan balance and all related costs are due at the end of the loan term.

§ 1436.8 Security for loan.

(a) Except as agreed to by CCC, all loans must be secured by a promissory note and security agreement covering the farm storage facility and such other assurances as CCC may demand, subject to the following:
(1) The promissory note and security agreement must grant CCC a security
Commodity Credit Corporation, USDA § 1436.8

interest in the collateral and must be perfected in the manner specified in the laws of the State where the collateral is located.

(2) CCC’s security interest in the collateral must be the sole security interest in such collateral except for prior liens on the underlying real estate that by operation of law attach to the collateral if it is or will become a fixture. If any such prior lien on the real estate will attach to the collateral, a severance agreement must be obtained in writing from each holder of such a lien, including all government or USDA agencies. No additional liens or encumbrances may be placed on the storage facility after the loan is approved unless CCC approves otherwise in writing.

(b) For any loan amounts of $50,000 or less, CCC will not require a severance agreement from the holder of any prior lien on the real estate parcel on which the storage facility is located, if the borrower:

(1) Agrees to increase the down payment on the storage facility loan from 15 percent to 20 percent; or

(2) Provides other security such as an irrevocable letter of credit, bond, or other form of security, as approved by CCC.

(c) For loan amounts exceeding $50,000, or when the aggregate outstanding balance will exceed $50,000 or for loans in which the approving county or State committee determines, as a result of financial analysis, that additional security is required, a lien on the real estate parcel on which the farm storage facility is located is required in the form of a real estate mortgage, deed of trust, or other security instrument approved by USDA’s Office of the General Counsel, provided further that:

(1) CCC’s interest in the real estate must be superior to all other liens, except a loan may be secured by a junior lien on real estate when the loan is adequately secured and a severance agreement is obtained from prior lien holders.

(2) A loan will be considered to be adequately secured when the real estate security for the loan is at least equal to the loan amount.

(3) If the real estate is covered by a prior lien, a lien waiver may be obtained by means of a subordination agreement approved for use in the State by USDA’s Office of the General Counsel. CCC will not require such an agreement from any agency of USDA.

(d) Title insurance or a title opinion is required for loans secured by real estate.

(e) Real estate liens, with prior CCC approval, may cover land separate from the collateral if a lien on the underlying real estate is not feasible and if:

(1) The borrower owns the separate acreage and the acreage is not subject to any other liens or mortgages that are superior to CCC’s lien interest and

(2) The acreage is of adequate size and value at the time of the application as determined by the county committee to adequately secure and insure repayment of the loan.

(f) A borrower, in lieu of such liens required by this section, may provide an irrevocable letter of credit, bond, or other form of security, as approved by CCC.

(g) If an existing structure is remodeled and an addition becomes an attached, integral part of the existing storage structure, CCC’s security interest will include the remodeled addition as well as the existing storage structure.

(h) For all farm storage facility loans, except sugar loans, the borrower must pay the cost of loan closings by attorneys, title opinions, title insurance, title searches, filing, and recording all real estate liens, fixture filings, appraisals if requested by the borrower, and all subordinations. CCC will pay costs relating to credit reports, collateral lien searches, and filing and recording financing statements for the collateral.

(i) All loans of $50,000 or less that are secured with collateral with no resale value, as determined by CCC, may require additional security.

(j) For sugar storage facility loans, in addition to other requirements in this section, additional security, including real estate, chattels, crops in storage, and other assets owned by the applicant, is required if deemed necessary by CCC to adequately secure the loan. A sugar storage facility loan will generally be considered to be adequately secured when the CCC-determined
§ 1436.9 Loan amount and loan application approvals.

(a) The cost on which the loan will be based is the net cost of the eligible facility, accessories, and services to the applicant after discounts and rebates, not to exceed a maximum per-bushel, -ton or, -cubic foot cost established by the FSA State committee.

(b) The net cost for all storage facilities and handling equipment:

(1) May include the following: All real estate lien related fees paid by the borrower, including attorney fees, except for filing fees; environmental and historic review fees including archaeological study fees; the facility purchase price; sales tax; shipping; delivery charges; site preparation costs; installation cost; material and labor for concrete pads and foundations; material and labor for electrical wiring; electrical motors; off-farm paid labor; on-farm site preparation and construction equipment costs not to exceed commercial rates approved by the county committee; and new on-farm material approved by the county committee.

(2) May not include secondhand material or any other item determined by the approving authority to be ineligible for loan.

(c) The maximum total principal amount of the farm storage facility loan is 85 percent of the net cost of the applicant’s needed storage or handling facility, including equipment, not to exceed $500,000 per loan.

(d) The storage need requirement for eligible facility loan commodities will be determined as follows:

(1) For facility loan commodities, except sugar and fruits and vegetables:

(i) Multiply the average of the applicant’s share of the acres farmed for the most recent three years for each type of facility loan commodity requiring suitable storage at the proposed facility;

(ii) By a yield determined reasonable by the county committee;

(iii) Multiply by two (for 2 years production); and

(iv) Subtract existing storage capacity in the units of measurement, such as bushels, tons, or cubic feet, for the type of storage needed to determine remaining storage need.

(v) Compare capacity of proposed facility with storage need (calculated as specified in paragraphs (d)(1)(i)–(iv) of this section) to determine if applicant is eligible for additional storage.

(2) For sugar storage facility loans,

(i) Identify past processing volume and marketing allotments;

(ii) Use the processor’s projection of processing volume, available storage capacity, volume not to be marketed due to marketing allotment, and other appropriate factors affecting the processor’s storage need to estimate the storage need requirement, and

(iii) Compare capacity of proposed facility with storage need (estimated as specified in paragraphs (d)(2)(i)–(ii) of this section) to determine if additional storage is required.

(3) For cold storage facilities for fruits and vegetables:

(i) Multiply the average of the applicant’s share of the acres farmed for the most recent three years for each eligible fruit and vegetable commodity requiring cold storage at the proposed facility;

(ii) By a yield determined reasonable by the county committee;

(iii) Determine cold storage needed (calculated as specified in paragraphs (d)(3)(i)–(ii) of this section) with the assistance of CSREES, land-grant university, or ARS publications; and

(iv) Subtract existing cold storage capacity to determine remaining storage need.
(v) Compare capacity of proposed cold storage facility with cold storage need (calculated as specified in paragraphs (d)(3)(i)-(iv) of this section) to determine if applicant is eligible for additional cold storage.

(4) For all eligible facility loan commodities, except sugar, if acreage data is not available, including prevented planted acres, or data is not applicable to the storage need, a reasonable acreage projection may be made for newly acquired farms, changes in cropping operations, or in facility loan commodity crops being grown for the first time.

(e) When a storage structure has a larger capacity than the applicant’s needed capacity, as determined by CCC, the net cost eligible for a loan will be prorated. Only costs associated with the applicant’s needed storage capacity will be considered eligible for loan under this part.

(f) Any borrower with an outstanding loan must use the financed structure only for the storage of eligible facility loan commodities. If a borrower uses such structure for other purposes such as office space or display area, the loan amount will be adjusted for the ineligible space as determined by CCC.

(g) The FSA county committee may approve applications, if loan funds are available, up to the maximum approval amount unless the Deputy Administrator, Farm Programs, or the FSA State committee establishes a lower limit for county committee approval authority.

(h) Farm storage facility loan approvals, for all eligible facility loan commodities except sugar, will expire 4 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee. A second 4 month extension, for a total of 12 months from the original approval date, may be approved by the FSA State Committee. This authority will not be re-delegated. Sugar storage facility loan approvals will expire 8 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee.

(i) For sugar storage facility loans, the agency approval officials may only approve loans, subject to available funds.

§ 1436.10 Down payment.

(a) A minimum down payment representing the difference between the net cost of the storage facility and the amount of the loan determined in accordance with §1436.9 will be made by the loan applicant to the supplier or contractor before either the partial or final loan disbursements.

(b) The down payment must be in cash unless some other form of payment is approved by CCC. The down payment may be obtained by the borrower from another lending source.

(c) The down payment may not include any trade-in, discount, rebate, credit, deferred payment, post-dated check, or promissory note to the supplier or contractor.

§ 1436.11 Disbursements and assignments.

(a) At the request of the borrower, one partial disbursement of loan principal and one final disbursement will be available. The partial loan disbursement will be made to facilitate the purchase and construction of an eligible facility and will be made after the approved applicant has completed construction on part of the structure. County FSA personnel will inspect and verify the amount of construction completed.

(1) The amount of the partial loan disbursement will be determined by CCC and made after the borrower provides acceptable documentation for that portion of the completed construction to the County Committee.

(2) Security required for the amount of the partial loan disbursement will be required before the partial loan disbursement is finalized.

(3) The final disbursement of the loan by CCC will be made after the farm storage facility has been completely and fully delivered, erected, constructed, assembled, or installed and a
CCC representative has inspected and approved such facility.

(4) All additional security needed to fully secure both the partial and final loan disbursements must be received before the final loan disbursement.

(b) Both the partial and final loan disbursements will be made only if the borrower furnishes satisfactory evidence of the total cost of the facility and payment of all debts on the facility in excess of the amount of the loan. If deemed appropriate by CCC, the partial and final disbursement may have separate notes and separate security instruments.

(c) Both the partial and final loan disbursement will be made jointly to the borrower and the contractor or supplier, except disbursement may be made to the borrower solely where CCC determines, based upon information made available to CCC by the borrower, that the borrower has paid the contractor or supplier all amounts that are due and owing with respect to the facility and that all applicable liens, security interests, or other encumbrances have been released.

(d) A release of liability will be required from all contractors and suppliers providing goods and services to the loan applicant.

(e) Loan proceeds cannot be assigned.

(f) For sugar storage facility loans, only one disbursement will be made and such disbursement will be regarded as a final disbursement.

(74 FR 41591, Aug. 18, 2009)

§ 1436.12 Interest and fees.

(a) Loans will bear interest at the rate equivalent, as determined by CCC, to the rate of interest charged on Treasury securities of comparable term and maturity on the date the loan is initially approved.

(b) The interest rate for each loan will remain in effect for the term of the loan.

(c) Each borrower on a loan application must pay a non-refundable application fee in such amount determined appropriate by CCC; the fee will be not less than $100 per borrower. The loan application fee is determined based on the cost of the fees associated with the loan, including, but not limited to, the cost to CCC for lien searches, security filings, and credit reports.

(d) For sugar storage facility loans, paragraph (c) of this section does not apply.

(73 FR 41591, Aug. 18, 2009)

§ 1436.13 Loan installments, delinquency, and acceleration of maturity date.

(a) Equal installments of principal plus interest will be amortized over the loan term for purposes of setting a payment schedule. Installments are due and payable not later than the last day of each 12-month period of each of the partial and final loan disbursements, until the principal plus interest has been paid in full.

(b) Each installment may be paid in cash, money order, wire transfer, or by personal, certified, or cashier’s check. Each payment will be applied first to accrued interest and then to principal.

(c) When installments are not paid on the due date:

(1) CCC will generally mail a demand for payment to the debtor after the due date has passed.

(2) If the installment is not paid within 30 calendar days of the due date or if a new due date acceptable to CCC has not been established based on a financial plan submitted by the debtor, CCC may send two subsequent written demands at approximately 30 calendar day intervals unless CCC needs to take other action to protect the interests of CCC.

(3) If the debtor files an appeal according to §1436.18, CCC will generally cease collection action until the appeal process is complete, however, CCC may withhold any payments due the debtor and, depending on the outcome of the appeal, any payments due the debtor may later be offset and applied to reduce the indebtedness.

(4) In lieu of a foreclosure on the collateral or the land securing a loan in the case of a delinquency, CCC may permit a rescheduling of the debt or other measures consistent with the collection of other debts under the provisions of part 1403 of this chapter. Any rescheduling or alternate repayment arrangements will be permitted only with prior approval from the Deputy
Commodity Credit Corporation, USDA

§ 1436.15

Administrator, Farm Programs. Alternatively, CCC may implement such other collection procedures as it deems appropriate.

(d) A claim will be established against a borrower for any amounts remaining due after liquidation of the loan.

(e) CCC may declare the entire indebtedness immediately due and payable if the borrower violates any of the terms and conditions of this part, fails to pay any installment on time, or breaches any of the terms and conditions of any of the instruments executed in connection with the loan, or if, during the life of the loan, the collateral is used in connection with or by any unauthorized commercial facility including, but not limited to, elevators, warehouses, dryers, processing plants, or retail or wholesale cold storage facilities.

(f) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor’s pro rata share of payments due any entity that the borrower participates in, either directly or indirectly, as determined by CCC.

(2) Against related persons or entities, irrespective of the debtor’s share, when CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the debt.

(g) The loan may be paid in full or in part without penalty at any time before maturity.

(h) Upon payment of a loan, CCC will release CCC’s security interest in the collateral.

§ 1436.14 Taxes.

The borrower must pay, when due, all real and personal property taxes that may affect CCC’s security interest in all collateral or land securing the note evidencing the loan. To protect its interests, CCC may pay any unpaid taxes with respect to the collateral or land securing a loan made in accordance with this part, and if CCC does so, the borrower will reimburse CCC for such payment, and if unpaid by the borrower, such debt will become due immediately.

[66 FR 4612, Jan. 18, 2001, as amended at 74 FR 41591, Aug. 18, 2009]

§ 1436.15 Maintenance, liability, insurance, and inspections.

(a) The borrower must maintain the loan collateral in a condition suitable for the storage of one or more of the facility loan commodities. For purpose of this section, the term “loan collateral” will mean any property of any kind that was built or improved, or acquired using a loan made under this part.

(b) Until the loan has been repaid, the borrower will be liable for all damages to or destruction of the loan collateral. CCC will not assume any loss of the loan collateral.

(c) CCC may conduct annual collateral inspections to insure compliance with this part. The borrower must consent to such inspection as a term of the loan and failure to supply such access will put the borrower into default.

(d) Structures must be insured against all perils in all cases and must also be insured against flooding if the structure is located in a flood plain, as determined by CCC. Proof of flood insurance, if required, and proof of all peril structural insurance, must be provided to CCC annually. CCC must be listed as a loss payee on all peril and flood insurance policies.

(e) CCC will have rights of ingress and egress where the facility is located. Failure of the borrower to secure such access will render a borrower ineligible for the loan and, if a loan has already been made will constitute a loan default for which the remaining balance of the loan will become immediately due and payable.

(f) For sugar storage facility loans, in addition to the requirements of paragraph (d) of this section, sugar processors must also insure the contents of storage structures used as collateral for a sugar storage facility loan against all perils.

§ 1436.16 Foreclosure, liquidation, assumptions, sales or conveyance, or bankruptcy.

(a) The collateral or land securing a loan may be sold by CCC whenever CCC has declared the entire indebtedness immediately due and payable under this part as follows:

(1) If a demand for payment is not received by the due date acceptable to CCC, CCC may call the loan and initiate foreclosure proceedings by issuing a liquidation letter to the borrower.

(2) The debtor may voluntarily agree to allow removal of the collateral to facilitate sale by signing an agreement for sale. If the debtor objects to removal of collateral, the law of the State where the collateral exists will be used to foreclose on the property.

(3) For loans with movable collateral and no real estate lien, CCC may sell the collateral for the best price obtainable. Sales proceeds will be distributed in the following order:

(i) To CCC to satisfy the debtor's indebtedness including all costs associated with selling the collateral.

(ii) Payment to junior lien holders if approved by USDA's Office of the General Counsel and then to the borrower or other persons as determined appropriate by that office.

(4) For loans with non-movable or non-salable collateral, as determined by CCC, and no real estate lien, CCC may establish a claim according to 7 CFR part 1403.

(5) For loans secured with a real estate lien, CCC may obtain an appraisal of the property. Sales proceeds will be distributed in the following order:

(i) To CCC to satisfy the debtor's indebtedness including all costs associated with selling the collateral and the appraisal.

(ii) To junior lien holders if approved by USDA's Office of the General Counsel; or

(iii) To the borrower or other persons as determined appropriate by that office.

(b) Assumption by another borrower of a farm storage facility loan is permitted subject to county committee approval and the subsequent borrower's ability to show a satisfactory credit history. An assumption of the loan may be approved when the collateral is sold by CCC to an otherwise eligible borrower, the current borrower will convey the collateral or property securing the loan to another eligible borrower, or the borrower is dead, incompetent, or missing and an eligible borrower wants to assume the loan.

(1) Requests for approval of assumptions must be made to the county committee by the borrower, the borrower's successors, or representatives of the borrower. If approval is granted, the borrower’s successors or representatives must execute a new farm storage facility note and security agreement for the balance of the term of the loan.

(2) The principal amount of the loan will include the unpaid amount of the loan, interest computed to the date of assumption, all past due installments, and any other charges that may be required.

(c) The borrower may voluntarily convey the collateral to CCC before repaying the loan. Before a borrower sells or conveys the facilities or other property securing a loan without repaying the loan in full, the borrower must obtain approval for the sale or conveyance from the FSA county committee with the understanding that sale proceeds must be paid to satisfy the borrower's indebtedness to CCC.

(d) If any significant changes are made to the legal or operating status of the farming operation with an outstanding Farm Storage Facility Loan, the borrower must do one of the following:

(1) Find an eligible borrower or entity to assume the loan as specified in paragraph (b) of this section,

(2) Repay the loan, or

(3) Undergo new financial analysis, as approved and determined by CCC, to ensure CCC’s interests are protected and that the current borrower is in a position to continue making the scheduled loan payments.

(e) Remedies provided for in this section will, unless CCC determines otherwise, be subject to the administrative appeals provided for elsewhere in this part, including those that are found at §1436.13.

[66 FR 4612, Jan. 18, 2001, as amended at 74 FR 41591, Aug. 18, 2009]
§ 1436.17 Environmental compliance.

(a) Except as otherwise specified in this section, prior to approval of any farm storage facility loan, an environmental evaluation will be completed to determine if the proposed action will have any adverse impacts on the environment and cultural resources.

(b) If it is determined that a proposed action or group of proposed actions will not result in any adverse impact, the action will be considered as being categorically excluded for the purpose of compliance with the National Environmental Policy Act (NEPA), 40 CFR parts 1500–1508.

(c)(1) If adverse environmental impacts (either direct or indirect) are identified, an environmental assessment will be completed in accordance with the Council on Environmental Quality’s Regulations for Implementing the Procedural Provisions of NEPA.

(2) The environmental assessment will be used to develop an action that results in no significant environmental impact on the human environment or cultural resources.

(3) No action will be approved that has been determined to have significant impacts on the human environment or cultural resources.

(d)(1) In order to minimize the exposure to environmental liabilities from the presence of contamination on real estate collateral, an evaluation will be made of the economic and environmental risks to the real estate collateral posed by the presence of hazardous substances and petroleum products.

(2) If the evaluation made under paragraph (d)(1) of this section reveals that the collateral is or may be contaminated, then the applicant will be notified and given an option of offering as collateral other real estate that is free from contamination or remediating the contamination on the original site offered as collateral.

§ 1436.18 Appeals.

The appeal, reconsideration, or review of all determinations made under this part, except for provisions for which there are no appeal rights because they are determined rules of general applicability, must be in accordance with parts 11 and 780 of this title.

§ 1436.19 Equal Opportunity and Non-discrimination requirements.

(a) No recipient of a Storage Facility loan will directly, or through contractual or other arrangement, subject any person or cause any person to be subjected to discrimination on the basis of race, religion, color, national origin, gender, or other prohibited basis. Borrowers must comply with all applicable Federal laws and regulations regarding equal opportunity in hiring, procurement, and related matters. FSFL borrowers are subject to the non-discrimination provisions applicable to Federally assisted programs contained in 7 CFR parts 15 and 15b.

(b) With respect to any aspect of a credit transaction, CCC will not discriminate against any applicant on the basis of race, color, religion, national origin, disability, sex, marital status, familial status, parental status, sexual orientation, genetic information, political beliefs, reprisal, or age, provided the applicant can execute a legal contract. FSFL is subject to the non-discrimination provisions applicable to Federally conducted programs contained in 7 CFR parts 15d and 15e. Nor will CCC discriminate on the basis of whether all or a part of the applicant’s income derives from any public assistance program, or whether the applicant in good faith, exercises any rights under the Consumer Protection Act.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (who also serves as Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.
(d) No provision or delegation to a State or county committee shall preclude the Executive Vice-President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines (except statutory deadlines) in cases where lateness to file does not adversely affect operation of the program.

(f) Items including, but not limited to, application periods, coverage periods, application deadlines, fees, prices, yields, and payment factors established for NAP in accordance with this part that are used for similarly situated participants and eligible crops are not to be construed to be individual program eligibility determinations or extent of eligibility determinations and are, therefore, not subject to administrative review.

§ 1437.3 Definitions.

The definitions and program parameters set out in this section shall be applicable for all purposes of administering the Noninsured Crop Disaster Assistance Program provided for in this part. Although the terms defined in part 718 of this title and part 1400 of this chapter shall also be applicable, the definitions set forth in this section shall govern for all purposes of administering the Program.

Administrative county office means the county FSA office designated to make determinations, handle official records, and issue payments for the producer in accordance with 7 CFR part 718.

Animal Unit Days (AUD) means an expression of expected or actual stocking rate for pasture or forage.

Application Closing Date means the last date, as determined by CCC, producers can submit an application for coverage for noninsured crops for the specified crop year.

Catastrophic coverage means a catastrophic risk protection (CAT) level of crop insurance available in accordance with section 508(b) of the Federal Crop Insurance Act, as amended.

Controlled environment means, with respect to those crops for which a controlled environment is expected to be provided, including but not limited to ornamental nursery, aquaculture (including ornamental fish), and floriculture, an environment in which everything that can practicably be controlled with structures, facilities, growing media (including but not limited to water, soil, or nutrients) by the producer, is in fact controlled by the producer.

Crop year means the calendar year in which the crop is normally harvested or in which the majority of the crop would have been harvested. For value loss and other specific commodities, see the applicable subpart and section of this part. For crops for which catastrophic coverage is available, the crop year will be as defined by such coverage.

Fiber means a slender and greatly elongated natural plant filament, e.g., cotton, flax, etc. used in manufacturing, as determined by CCC.

Final planting date means the date which marks the end of the planting period for the crop and in particular the last day, as determined by CCC, the crop can be planted to reasonably expect to achieve 100 percent of the expected yield in the intended harvest year or planting period.

Food means a material consisting essentially of protein, carbohydrates, and fat used in the body to sustain growth, repair, and vital processes including the crops used for the preparation of food, as determined by CCC.

Good farming practices means the cultural practices generally used for the crop to make normal progress toward maturity and produce at least the individual unit approved yield. These practices are normally those recognized by Cooperative State Research, Education, and Extension Service as compatible with agronomic and weather conditions.

Harvested means the producer has removed the crop from the field by hand, mechanically, or by grazing of livestock. The crop is considered harvested once it is removed from the field and placed in a truck or other conveyance.
or is consumed through the act of grazing. Crops normally placed in a truck or other conveyance and taken off the crop acreage, such as hay are considered harvested when in the bale, whether removed from the field or not. Industrial crop means a commercial crop, or other agricultural commodity utilized in manufacturing. Industrial crops include castor beans, chia, crambe, crotalaria, cuphea, guar, guayule, hesperaloe, kenaf, lesquerella, meadowfoam, milkweed, plantago, ovato, sesame and other crops specifically designated by CCC.

**Industrial crop** means a commercial crop, or other agricultural commodity utilized in manufacturing. Industrial crops include castor beans, chia, crambe, crotalaria, cuphea, guar, guayule, hesperaloe, kenaf, lesquerella, meadowfoam, milkweed, plantago, ovato, sesame and other crops specifically designated by CCC.

**Intended Use** means for a crop or a commodity, the end use for which it is grown and produced.

Multiple planted means the same crop is planted and harvested during two or more distinct planting periods in the same crop year, as determined by CCC.

**Normal harvest date** means the date harvest of the crop is normally completed in the administrative county, as determined by CCC.

**Seed crop** means propagation stock commercially produced for sale as seed stock for eligible crops.

Seeded forage means forage on acreage mechanically seeded with forage vegetation at regular intervals, at least every 7 years, in accordance with good farming practices.

**T-Yield** means the yield which is based on the county expected yield of the crop for the crop year and is used on an adjusted or unadjusted basis to calculate the approved yield for crops covered under the NAP when less than four years of actual, assigned, or appraised yields are available in the APH database.

**Transitional yield** means an estimated yield of that name provided in the Federal Crop Insurance Corporation (FCIC) actuarial table which is used to calculate an average/approved APH yield for crops insured under the Federal Crop Insurance Act when less than four years of actual, temporary, and/or assigned yields are available on a crop by county basis.

§ 1437.4 Eligibility.

(a) Noninsured crop disaster assistance is available for loss of production or prevented planting of eligible commercial crops or other agricultural commodities:

1. Planted during the planting period, which means the time during which a majority of the crop is normally planted in the area, as determined by CCC, and is considered timely-planted for NAP purposes;

2. Prevented from being planted during the planting period;

3. Planted during the late planting period, which means the time after the planting period, during which certain crops, as determined by CCC, may be planted and remain eligible for reduced NAP coverage; and

4. Determined by CCC to be eligible crops:

(i) For which catastrophic coverage is not available; or

(ii) For specific perils not included under available catastrophic coverage.

(b) When other conditions are met, NAP may be available for an eligible loss of:

1. Any commercial crop grown for food, excluding livestock and their by-products;

2. Any commercial crop planted and grown for livestock consumption, including but not limited to grain and forage crops; except for the 2001 and preceding crop years assistance for forage produced on Federal- and State-owned lands is available only for seeded forage.

3. Any commercial crop grown for fiber, excluding trees grown for wood, paper, or pulp products; and

4. Any commercial production of:

(i) Aquacultural species (including ornamental fish);

(ii) Floricultural crops;

(iii) Ornamental nursery plants;

(iv) Christmas tree crops;

(v) Turfgrass sod;

(vi) Industrial crops;

(vii) Seed crops, including propagation stock such as non-ornamental seedlings, sets, cuttings, rootstock, and others, as determined by CCC; and

(viii) Sea grass and sea oats.

§ 1437.5 Coverage period.

(a) The coverage period is the time during which coverage is available against loss of production of the eligible crop as a result of natural disaster.

(b) The coverage period for annual crops, including annual forage crops, begins the later of 30 calendar days after the date the application for coverage is filed; or the date the crop is planted, not to exceed the late planting period; and ends on the earlier of the date harvest is complete; the normal harvest date of the crop in the area; the date the crop is abandoned; or the date the crop is destroyed.

(c) Except as otherwise specified in this part, the coverage period for biennial and perennial crops begins 30 calendar days after the application closing date; and ends as determined by CCC.

(d) Except as otherwise specified in this part, the coverage period for value loss crops, including ornamental nursery, aquaculture, Christmas tree crops, ginseng, and turfgrass sod; and other eligible crops, including floriculture and mushrooms begins 30 calendar days after the application closing date; and ends the last day of the crop year, as determined by CCC.

(e) The coverage period for honey begins 30 calendar days after the application closing date and ends the last day of the crop year, as determined by CCC.

(f) The coverage period for maple sap begins 30 calendar days after the application closing date and ends on the earlier of the date harvest is complete; or the normal harvest date.

(g) For biennial and perennial forage crops the coverage period begins the later of 30 calendar days after the application closing date; for first year seedings, the date the crop was planted; or the date following the normal harvest date. The coverage ends on the normal harvest date of the subsequent year.

§ 1437.6 Application for coverage and service fee.

(a) With respect to each crop, commodity, or acreage, producers must file an application for coverage under this part in the administrative county FSA office no later than the application closing date.

(b) The service fee must be paid at the time of the application. The service fee is $100 per crop per administrative county, up to $300 per producer per administrative county, but not to exceed $900 per producer.

(c) The service fee will be applied per administrative county by crop definition and planting period, as determined by CCC.

(d) Limited resource farmers may request that the service fee be waived and must request such a waiver prior to, or at the same time the application for coverage is filed. For this purpose, a “limited resource farmer” shall be given the meaning assigned by 7 CFR 457.8.

§ 1437.7 Records.

(a) Producers must maintain records of crop acreage, acreage yields, and production for the crop for which an application for coverage is filed in accordance with §1437.5. For those crops or commodities for which it is impractical, as determined by CCC, to maintain crop acreage, yields or production, producers must maintain records, in addition to the available records required by this section, as may be required in subparts C, D and E, of this part. Producers must retain records of the production and acreage yield for a minimum of 3 years for each crop for which an application for coverage is filed in accordance with §1437.6. Producers may be selected on a random or targeted basis and be required to provide records acceptable to CCC to support the certification provided. For each harvested crop for which producers file an application for payment in accordance with §1437.10, producers must provide documentary evidence acceptable to CCC of production and the date harvest was completed, including production of crops planted after the planting period or late planting period. Such documentary evidence must be provided no later than the acreage reporting date for the crop in the subsequent crop year. Records of a
previous crop year’s production for inclusion in the actual production history database used to calculate an approved yield for the current crop year must be certified by the producer no later than the acreage reporting date for the crop in the current crop year. Production data provided after the acreage reporting date in the current crop year for the crop may be included in the actual production history data base for the calculation of subsequent approved yield calculations if accompanied by acceptable records of production as determined by CCC. Records of production acceptable to CCC may include:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries if the eligible crop was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable as determined by CCC; and

(2) Such documentary evidence such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, as is necessary in order to verify the information provided if the eligible crop has been fed to livestock, or otherwise disposed of other than through commercial channels, provided the records are reliable or verifiable as determined by CCC.

(b) During any crop year that a notice of loss is filed according to this part:

(1) Producers of hand-harvested crops shall, in addition to providing acceptable production records according to this part, notify the administrative county office that harvest is complete. This notification must be made before deterioration or destruction of the crop residue and within 15 days after harvest is completed. If an appraisal of the crop acreage is determined necessary by CCC, the producer shall not destroy the crop residue until the crop acreage is released by an FCIC- or CCC-qualified loss adjustor. Producers may, at their expense, request that an appraisal by certified FCIC or CCC loss adjusters of hand-harvested crop acreage be completed during non-loss crop years in order to maintain accurate actual production history.

(2) Producers shall not allow the gathering (gleaning) of any produce left in the field following normal harvest of the crop acreage until the crop acreage is released by a qualified CCC or FCIC loss adjuster, as determined by CCC. Except, crop acreage may be released by an authorized CCC representative for acceptable gleaning operations, as determined by CCC, when producers and gleaners agree to provide acceptable records, as determined by CCC, of the quantity of the crop gleaned.

(c) Producers must provide verifiable evidence, as determined by CCC, of:

(1) An interest in the commodity produced or control of the crop acreage on which the commodity was grown at the time of disaster; and

(2) The authority of the applicable individual to execute program documents.

(d) Reports of acreage planted or intended but prevented from being planted must be provided to CCC at the administrative FSA office for the acreage no later than the date specified by CCC for each crop and location. Reports of acreage filed beyond the date specified by CCC for the crop and location may, however, be considered timely filed if all the provisions of 7 CFR 718.103 are met. In the case of a crop-share arrangement, all producers will be bound by the acreage report filed by the landowner or operator unless the producer files a separate acreage report prior to the date specified by CCC for the crop and location. Reports of acreage planted or intended and prevented from being planted must include all of the following information:

(1) Number of acres of the eligible crop in the administrative county (for each planting in the event of multiple planting) in which the producer has a share;

(2) Zero acres planted when the producer’s crop for which an application for coverage was filed, is not planted;

(3) The producer’s share of the eligible crop at the time an application for coverage was filed;

(4) The FSA farm serial number;

(5) The identity of the crop, practices, intended uses, and for forage crops, the predominant species or type and variety of the vegetation;

(6) The identity of all producers sharing in the crop;
(7) The date the crop was planted or planting was completed, including the age of the perennial crops; and
(8) The acreage intended but prevented from being planted.

(e) Producers receiving a guaranteed payment for planted acreage, as opposed to receiving a payment only upon delivery of the production must provide documentation of any written or verbal contract or arrangement with the buyer to CCC. Net production, as determined by CCC, may be adjusted upward by the amount of production corresponding to the amount of the contract payment received.

(f) Producers must provide documentation of any salvage value received by or made available for the quantity of the crop or commodity that cannot be marketed or sold in any market, as determined by CCC and any value received by or made available for a secondary use of the crop or commodity.

(g) Producers requesting payment under this part must maintain records which substantiate gross revenue for the tax year preceding the crop year for which coverage is requested.

(h) Producers requesting a waiver of service fees as a limited resource producer must maintain records which substantiate annual gross income for the two tax years preceding the crop year for which coverage is requested.

§ 1437.9 Causes of loss.

(a) To be eligible for benefits under this part, an eligible cause of loss must result in:

(1) A loss of production greater than 50 percent of the approved yield in accordance with subpart B of this part;
(2) Prevented planting of greater than 35 percent of the intended crop acreage according to subpart C of this part;
(3) A value loss of greater than 50 percent of the pre-disaster value according to subpart D of this part, or
(4) An AUD loss of greater than 50 percent of the expected AUD according to subpart E of this part.

(b) The quantity of the crop or commodity will not be reduced for any quality consideration unless a zero value is established.

(c) Eligible causes of loss include:

(1) Damaging weather occurring before or during harvest, including but not limited to drought, hail, excessive moisture, freeze, tornado, hurricane, excessive wind, or any combination thereof;
(2) Adverse natural occurrence before or during harvest, such as earthquake, flood, or volcanic eruption; and
(3) A related condition, including but not limited to heat, insect infestation, or disease, which occurs as a result of an adverse natural occurrence or damaging weather occurring before or during harvest that directly causes, accelerates, or exacerbates the destruction or deterioration of an eligible crop, as determined by CCC.

(d) Due to the unique requirements, such as controlled environments, necessary for successful production of some crops and commodities; not all eligible causes of loss will apply to all crops and commodities.

(e) Ineligible causes of loss include but are not limited to:

(1) Negligence or malfeasance of the producer;
(2) Failure of the producer to reseed to the same crop during the same planting period in those areas and under such circumstances where it is customary;
(3) Failure of the producer to follow good farming practices, as determined by CCC.
§ 1437.10 Notice of loss, appraisal requirements, and application for payment.

(a) When an eligible crop is damaged by an eligible cause of loss, at least one producer having a share in the unit must provide a notice of loss to CCC in the administrative FSA county office for the unit, within:

(1) For prevented planting claims, 15 calendar days after the final planting date,

(2) For low yield claims and allowable value loss, the earlier of:

(i) 15 calendar days after the damaging weather or adverse natural occurrence, or date loss of the crop or commodity becomes apparent for low yield claims; and

(ii) 15 calendar days after the normal harvest date;

(b) For each crop for which a notice of loss is filed, producers must provide the following information:

(1) Crop by type or variety, as applicable;

(2) The cause of the crop damage;

(3) Date the loss occurred, as applicable;

(4) Date the damage or loss became apparent;

(5) The existence of a guaranteed payment through a contract or agreement for planted acreage as opposed to delivery of production, if one exists;

(6) Type of crop loss occurred, e.g. prevented planting or low yield;

(7) Practices employed to grow the crop, e.g. irrigated or non-irrigated;

(8) For prevented planting:

(i) Total acreage intended to be planted to the crop in the administrative county;

(ii) Total acreage planted by the producer to the crop in the administrative county;

(iii) Whether a purchase, delivery, or arrangement for purchase or delivery was made for seed, chemicals, fertilizer, etc.; and

(iv) What and when land preparation measures, e.g. cultivation, etc. were completed and indicate what has been done or will be done with the acreage, e.g. abandoned, replanted, etc.

(9) For low yield:

(i) Total acreage planted by the producer to the crop in the administrative county;

(ii) Total acreage of the crop in the administrative county affected;

(iii) What and when land preparation measures and practices, e.g. cultivation, planting, irrigated, etc. were completed before and after the loss; and

(iv) What will be done with the affected crop acreage, e.g. harvested, destroyed and replanted to a different crop, abandoned, etc.

(10) Any such other information requested by CCC to establish the loss.

(c) A notice of loss provided beyond the time specified in paragraph (a) of this section may be considered timely filed if, at the discretion of CCC, provided at such time to permit an authorized CCC representative the opportunity to:

(1) Verify the information on the notice of loss by inspection of the specific acreage or crop involved; and

(2) Determine, based on information obtained by inspection of the specific acreage or crop involved, that an eligible cause of loss, as opposed to other circumstance, caused the claimed damage or loss.

(d) Producers who file a notice of loss, using the appropriate CCC form, for crop acreage that will not be harvested as intended, such as abandoned, put to another use, replanted to the
same or a different crop, or in the case of forage, acreage intended to be mechanically harvested and grazed, must:

(1) Not put the crop to another use or prepare the acreage for replanting or otherwise change any conditions of the crop or acreage until written notification of release of the crop or acreage is received from CCC;

(2) Request, using the appropriate FSA form, an appraisal of the un-harvested acreage for potential production and release of the crop or acreage:
   (i) No less than 15 calendar days before replanting or in the case of forage intended to be mechanically harvested, grazing of the crop acreage.
   (ii) Within 15 calendar days after the acreage is abandoned, for example, discontinued care for the crop or provided care so insignificant as to provide no benefit to the crop, as determined by CCC.
   (iii) No later than the normal harvest date of the crop, as determined by CCC.

(3) Request the loss adjustor on the day the initial appraisal is completed, or request in any manner of written correspondence received in the FSA administrative county office no later than 15 calendar days after the request for initial appraisal is submitted, that the appraisal be deferred until the end of the growing season, the producer be permitted to establish representative sample areas according to paragraph (d)(4) of this section, and that the acreage be released immediately when:
   (i) Time is critical for replanting, or other urgent reasons; and
   (ii) Producers and loss adjustors cannot resolve disagreement with the initial appraisal of the acreage to be released.

(4) Establish representative sample areas of the acreage according to the loss adjustor’s instructions received on the day the initial appraisal is completed or, if the loss adjustor is not available, according to the FCIC Loss Adjustment Manual (LAM) and applicable FCIC crop handbooks. Report the size, number, and location of the areas in any manner of written correspondence received in the FSA administrative county office, no later than 15 calendar days after requesting a deferred appraisal and before the acreage is put to another use or replanted. Representative sample areas must be of adequate construction and numbers to provide acceptable sampling results and maintained in sound condition, as determined by CCC, until released by CCC.

(5) If possible, be present for the appraisal involving un-harvested crop acreage and accept or contest the results of the loss adjustor’s appraisal. Producers unable to be present for the appraisal may contest the results of the appraisal in the FSA administrative county office.

(e) For the 2005 and subsequent crop years, crop acreage for which an application for coverage has been filed, that is intended for production of forage seed and for which a notice of loss is filed indicating the crop acreage will not be harvested as seed, will be appraised for potential production of seed when producers provide CCC acceptable evidence of a contract to produce seed for the current crop year or acceptable records of acreage and seed production for three or more of the last 5 consecutive crop years, as determined by CCC.

(f) Forage acreage for which a notice of loss is filed that was intended to be mechanically harvested but will be grazed and not mechanically harvested, or that was intended to be grazed but will be mechanically harvested and not grazed, does not require an appraisal or release of crop acreage.

(g) Producers must apply for payments prior to the earlier of the:
   (1) Date an application for coverage is filed for the crop for the subsequent crop year; or
   (2) Application closing date for the crop for the subsequent crop year.

§1437.11 Average market price and payment factors.

(a) An average market price will be used to calculate assistance under this part and will be:
   (1) A dollar value per the applicable unit of measure of the eligible crop;
   (2) Determined on a harvested basis without the inclusion of transportation, storage, processing, marketing, or other post-harvest expenses, as determined by CCC;
§ 1437.12

(3) Comparable with established FCIC prices; and
(4) Determined, as practicable, for each intended use of a crop type within a State, as determined by CCC, for a crop year.

(b) For these purposes, where needed, an Animal-unit-days (AUD) value will be based on the national average price of corn and the daily requirement of 13.6 megacalories of net energy for maintenance of 1 animal unit.

(c) Payment factors will be used to calculate assistance for crops produced with significant and variable harvesting expenses that are not incurred because the crop acreage was prevented planted or planted but not harvested, as determined by CCC.

(d) An adjusted market price will be calculated based on the provisions in this section and others as may apply. A final payment price will be determined by multiplying, as appropriate, the average market price by the applicable payment factor (i.e., harvested, unharvested, or prevented planting) by 55 percent or, by multiplying the applicable AUD (as adjusted, if adjusted) by 55 percent.

§ 1437.12 Crop definition.

(a) For the purpose of providing benefits under this part, CCC will, at its discretion, define crops as specified in this section.

(b) CCC may separate or combine types and varieties as a crop when specific credible information as determined by CCC is provided showing the crop of a specific type or variety has a significantly different or similar value when compared to other types or varieties, as determined by CCC.

(c) CCC may recognize two or more different crops planted on the same acreage intended for harvest during the same crop year as two or more separate crops. The crop acreage may include a crop intended for harvest before planting of a succeeding crop or a succeeding crop interseeded with the preceding crop prior to intended harvest of the preceding crop. The acreage must be in an area where the practice is recognized by CCC as able to achieve the expected yield, as determined by CCC.

(d) CCC may consider crop acreage that is harvested more than once during the same crop year from the same plant as a single crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(e) CCC may consider each planting period of multiple planted acreage as a separate crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(f) CCC may define forage as separate crops according to the intended method of harvest, either mechanical harvest or grazed.

(g) Forage acreage intended to be grazed may be further defined as warm and cool season forage crops.

(h) Forage acreage intended to be mechanically harvested may be defined as a separate crop from grazed forage and may be separated based upon the commodity used as forage, to the extent such separation is allowed under paragraph (b) of this section.

(i) Crop acreage intended for the production of seed may be considered a separate crop from other intended uses, as determined by CCC, if all the following criteria apply:

1. The specific crop acreage is seeded, or intended to be seeded, with an intent of producing commercial seed as its primary intended use;
2. There is no possibility of other commercial uses of production from the same crop without regard to market conditions; and
3. The growing period of the specific crop acreage is uniquely conducive to the production of commercial seed and not conducive to the production of any other intended use of the crop, (e.g. vernalization in a biennial crop such as carrots and onions) and that accommodation renders the possibility of production for any other intended use of the crop improbable.

§ 1437.13 Multiple benefits.

(a) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same crop
Commodity Credit Corporation, USDA

§ 1437.14 Payment and income limitations.

(a) NAP payments shall not be made in excess of $100,000 per person per crop year under this part.

(b) NAP payments shall not be made to a person who has qualifying gross revenues in excess of $2 million for the most recent tax year preceding the year for which assistance is requested. Qualifying gross revenue means:

(1) With respect to a person who receives more than 50 percent of such person’s gross income from farming, ranching, and forestry operations, the annual gross income for the taxable year from such operations; and

(2) With respect to a person who receives 50 percent or less of such person’s gross income from farming, ranching, and forestry operations, the person’s total gross income for the taxable year from all sources.

(c) CCC will pay, for up to one year, simple interest on payments to producers which are delayed. Interest will be paid on the net amount ultimately found to be due, and will begin accruing on the 31st day after the date the producer signs, dates, and submits a properly completed application for payment on the designated form, or the 31st day after a disputed application is adjudicated. Interest will be paid unless the reason for failure to timely pay is due to the producer’s failure to provide information or other material necessary for the computation of payment, or there was a genuine dispute concerning eligibility for payment.

(d) Rules set out in 7 CFR part 1400 shall apply in implementing the restrictions of this section.

§ 1437.15 Miscellaneous provisions.

(a) To be eligible for benefits under this part, producers must be in compliance with the highly erodible land and wetlands provisions of part 12 of this title.

(b) The provisions of §718.11 of this title, providing for ineligibility for benefits for offenses involving controlled substances, shall apply.

(c) A person shall be ineligible to receive assistance under this part for the crop year plus two subsequent crop years if it is determined by the State or county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(d) All amounts paid by CCC to any such producer, applicable to the crop year in which a violation of this part occurs, must be refunded to CCC together with interest and other amounts as determined appropriate to the circumstances by CCC.

(e) All persons with a financial interest in the operation receiving benefits under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(f) In the event that any request for assistance or payments under this part was established as result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded with applicable interest.

(g) The liability of any person for any penalty under this part for any refund to CCC or related charge arising
§ 1437.101
in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U. S. C. 3729.

(b) The appeal regulations at parts 11 and 780 of this title apply to decisions made according to this part.

(i) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof.

(j) For the purposes of 28 U.S.C. 3201(e), the Secretary hereby waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who as a condition of such waiver agree to apply the benefits to reduce the amount of the judgement lien.

(k) The provisions of parts 1400, 1403 and 1404 of this chapter apply to NAP.

(l) In the case of death, incompetence or disappearance of any person who is eligible to receive payments under this part, such payments will be disbursed in accordance with part 707 of this title.

Subpart B—Determining Yield Coverage Using Actual Production History

§ 1437.101 Actual production history.

Actual production history (APH) is the unit’s record of crop yield by crop year for the APH base period. The APH base period consists of ten crop years of actual yield, T-yield, assigned yield, and zero credited yield, immediately preceding the crop year for which an approved yield is calculated in accordance with this part. APH will be used, except as otherwise indicated in this part, as the basis for providing non-insured crop disaster assistance.

[71 FR 13744, Mar. 17, 2006]

§ 1437.102 Yield determinations.

(a) An actual yield is the total amount of harvested and appraised production from unit acreage for the crop year on a per-acre, or other basis, as applicable.

(b) A T-yield (county expected yield): (1) Is the Olympic average (disregarding the high and low yields) of historical yields of the crop in the county for the five consecutive crop years immediately preceding the previous crop year. For example, for the 2005 crop year, the five consecutive crop years immediately preceding the previous crop year would be 1999 through 2003.

(2) Will be the same as the FCIC transitional yield if crop insurance is available for the crop, but not necessarily for the cause of loss if excluded by policy provisions, in the administrative county.

(3) Will be calculated so as to be comparable to the FCIC transitional yield most reasonable to the area if crop insurance was available for the crop (but not necessarily for the cause of loss) in contiguous counties, but not in the immediate county.

(4) Will be based on the most representative available historical information, as determined by CCC, from such sources as, but not limited to, actual acreage and production data of participating producers in the county; or in similar areas; National Agricultural Statistics Service data; Cooperative State Research, Education, and Extension Service records, Federal Crop Insurance data, and credible non-government studies. Such data is based on the acreage intended for harvest.

(5) May be adjusted on an administrative county-wide basis for:

(i) Yield variations due to different farming practices in the administrative county such as irrigated, non-irrigated, and organic practices; and

(ii) Cultural practices when such practices in the administrative county are different from those used on acreage to establish the yield.

(6) Will, for all land for those producers who have land physically located in multiple counties and administered in one county office, be based on the administrative county’s expected yield for the crop.

(7) May be reduced, on a specific APH basis, when, as determined by CCC, it does not accurately reflect the productive capability of specific crop acreage.

(8) Will be used in the actual production history base period when less than
Commodity Credit Corporation, USDA

§ 1437.102

*four consecutive crop years of actual, assigned, or zero-credited yields, as applicable, are available.*

(c) An assigned yield is:

(1) Equal to 75 percent of the approved yield calculated for the most recent crop year for which the producer did not certify a report of production.

(2) Used, after the first crop year an approved yield for the crop is calculated, in the actual production history base period when the producer reports acreage for the crop but fails to certify a report of production. Producers may have only one assigned yield in the actual production history base period.

(3) May be replaced with an actual yield when the producers provide a certification of production and acceptable production records for the applicable crop year in accordance with §1437.7.

(4) May not be used if the acreage of a crop in the administrative county in which the unit is located for the crop year increases by more than 100 percent over any year in the preceding seven crop years, or significantly from the previous crop years, as determined by CCC, unless producers provide:

(i) Detailed documentation of production costs, acres planted, and yield for the crop year for which the producer is requesting assistance, or

(ii) If CCC determines the documentation is inadequate, proof that the eligible crop, had it been harvested, could have been marketed at a reasonable price.

(5) May be used, notwithstanding paragraph (c)(4) of this section, if:

(i) The planted acreage for the crop has been inspected by a third party acceptable to CCC, or

(ii) The FSA county executive director, with the concurrence of the FSA state executive director, makes a recommendation for an exemption from the requirements and CCC approves such recommendation.

(d) A zero-credited yield:

(1) Will be used in the applicable crop year of the actual production history base period for each crop year following the crop year containing an assigned yield, for which producers do not certify a report of acreage or production, as determined by CCC.

(2) May be replaced with an actual yield when the producer provides a certification of production and acceptable production records for the applicable crop year in accordance with §1437.7.

(e) An approved yield:

(1) Is used in the calculation of the requisite loss and payment.

(2) Is a simple average of a minimum of four base period crop year yields, i.e., actual yield, T-yield, assigned yield, or zero-credited yield. The base period is 10 crop years, except 5 crop years for apples and peaches, immediately preceding the crop year for which an approved yield is calculated, not including any crop year the crop was out of rotation, not planted, or prevented from being planted.

(3) Shall be calculated according to the following criteria when the producer does not have at least four consecutive crop years of actual, assigned, or zero credited yields beginning with the most recent crop year.

(i) If there are no certified acceptable production records of actual production for the most recent crop year, or zero credited or assigned yields in the producer's APH base period, and no formula provided for the producer under paragraphs (e)(3)(ii) through (iv) of this section, then the approved yield for the current crop year will be calculated on the simple average of 65 percent of the applicable T-yield for each of the minimum four APH crop years.

(ii) If certified acceptable production records of actual production are available for only the most recent crop year and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the one actual yield plus 80 percent of the applicable T-yield for the remaining three of the minimum four APH crop years.

(iii) If certified acceptable production records of actual production are available for only the two most recent crop years and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the two actual yields plus 80 percent of the applicable T-yield for the remaining two of the minimum four APH crop years.
(iv) If certified acceptable production records of actual production are available for only the three most recent crop years and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the three actual yields plus 100 percent of the applicable T-yield for the remaining crop year of the minimum four APH crop years.

(f) If, for one or more actual production history crop years used to establish the approved yield, the actual or appraised yield is less than 65 percent of the current crop year T-yield due to losses incurred in a disaster year, as determined by CCC, producers may request CCC replace the applicable yield with a yield equal to 65 percent of the current crop year T-yield.

(g) If approved yields were calculated for any of the 1995 through 2000 crop years, and subsequently in that period production was not certified, producers may request CCC replace the missing yields for such years with yields equal to the higher of 65 percent of the current crop year T-yield or the missing crop years actual yield.

(h) If producers add land in the farming operation and do not have available production records for the added land CCC will calculate an approved yield for the new unit by utilizing the actual production history yields for the existing unit. In the event the crop suffers a loss greater than 50 percent of the initial approved yield for the crop year and unit acreage has increased by more than 75 percent of the historical average acreage, CCC may adjust the approved yield, as determined by CCC.

(i) If a producer is a new producer, the approved yield may be based on unadjusted T-Yields or a combination of actual yields and unadjusted T-Yields. A new producer is a person who has not been actively engaged in farming for a share of the production of the eligible crop in the administrative county for more than two APH crop years. Formation or dissolution of an entity which includes individuals with more than two APH crop years of production history during the base period does not qualify the new entity as a new producer for APH determination purposes.

(j) A producer who has not shared in the risk of the production of the crop for more than two crop years during the base period, as determined by CCC, will have an approved yield calculated based on a combination of 100 percent of the applicable T-yield and any actual yield for the minimum crop years of the producer’s APH base period. Producers who have produced the crop for one or two crop years must provide CCC, at the administrative FSA office serving the area in which the crop is located, a certification of production and production records for the applicable crop years in accordance with §1437.7.

(k) Further adjustments may be made as necessary to accomplish the purposes of this program.

§ 1437.103  Late-planted acreage.

(a) Producers planting crop acreage after the final planting date and during the late planting period, as determined by CCC, may be eligible for reduced coverage.

(b) Multiple-planted crops, crops with a growing period of 60 calendar days or less, value-loss crops, and fall season small grain crops intended only for grain are not eligible for reduced coverage under late planting provisions.

(c) For crops with a growing period of:

(1) 61 to 120 calendar days and planted:

(i) One to five calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage regardless of the day planted.

(ii) Six to twenty calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage plus an additional one percent of the expected production of the applicable late-planted crop acreage for each day beyond five days.

(iii) 21 or more calendar days after the final planting date, production will be assigned equal to 50 percent of the

7 CFR Ch. XIV (1–1–11 Edition)
producer’s expected production of the applicable late-planted crop acreage.

(2) 121 days and up and planted:

(i) One to five calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage regardless of the day planted.

(ii) Six to 25 days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage plus an additional one percent of the applicable late-planted crop acreage for each day beyond five days.

(iii) 26 or more calendar days after the final planting date, production will be assigned equal to 50 percent of the producer’s expected production of the applicable late-planted crop acreage.

§ 1437.104 Assigned production.

(a) When determining losses under this section, assigned production will be used to offset the loss of production when, as determined by CCC, any of the following has occurred:

(1) The loss is a result of an ineligible cause of loss and the loss has not been otherwise accounted for.

(2) The unit acreage was destroyed without consent notwithstanding §1437.10(d).

(3) The producer has a contract to receive a guaranteed payment for all or a portion of the production, as opposed to or regardless of delivery of such production.

(4) The crop is planted after the STC-established final planting date according to §1437.103.

(5) Irrigation equipment is not capable of supplying adequate water to sustain the expected production of a normal irrigated crop.

(6) For normal irrigated annual, biennial, and perennial crops, the irrigation practice is not used.

(7) For normal irrigated annual and biennial crops, the supply of available water at the beginning of the crop year is not adequate.

(8) For normal irrigated perennial crops, the supply of available water at the beginning of the crop year is not adequate as a result of an ineligible cause of loss.

§ 1437.105 Determining payments for low yield.

(a) Except to the extent that the loss calculation provisions of other subparts apply, and subject to limitations set out elsewhere in this part and in this title and to the availability of funds, payments under this part shall be made on eligible crops with eligible losses by:

(1) Multiplying the total eligible acreage planted to the eligible crop by the producer’s share, and subject to provisions for specific crops provided elsewhere in this part;

(2) Multiplying the product of paragraph (a)(1) of this section by 50 percent of the approved yield per acre for the commodity for the producer.

(3) Multiplying the net production of the total eligible acreage by the producer’s share;

(4) Subtracting the product of paragraph (a)(3) of this section from the product of paragraph (a)(2) of this section;

(5) Multiplying the difference calculated under paragraph (a)(4) of this section by the final payment price calculated under §1437.11;

(6) Multiplying the value of salvage and secondary use by the producer’s share and subtracting the result from the result of paragraph (a)(5) of this section.

(b) Further adjustments may be made as needed to accomplish the purposes and goals of the program.

§ 1437.106 Honey.

(a) Honey production eligible for benefits under this part includes table and non-table honey produced commercially.

(b) All of a producer’s honey will be considered a single crop, regardless of type or variety of floral source or intended use.

(c) The crop year for honey production is the calendar year, January 1 through December 31.
(d) In addition to filing a report of acreage in accordance with § 1437.7, honey producers must provide a record of colonies to CCC. The report of colonies must be filed before the crop year for which producers seek to maintain coverage. The report of colonies shall include:

(1) Any changes in the total number of colonies; and
(2) The movement of any colonies into any additional counties.
(i) Payments will be based on the amount of losses for this community in excess of a 50 percent loss level at a rate determined in accord with this part and the authorizing legislation.

§ 1437.107 Maple sap.

(a) NAP assistance for maple sap is limited to maple sap produced on private property for sale as sap or syrup. Eligible maple sap must be produced from trees that:
(1) Are located on land the producer controls by ownership or lease;
(2) Are managed for production of maple sap;
(3) Are at least 30 years old and 12 inches in diameter; and
(4) Have a maximum of 4 taps per tree according to the tree’s diameter.
(b) The crop year for maple sap production is the calendar year, January 1 through December 31.
(c) If producers file an application for coverage in accordance with § 1437.6, tree acreage containing trees from which maple sap is produced or is to be produced must be reported to CCC no later than the beginning of the crop year.
(d) In addition to the applicable records required under § 1437.7, producers must report the:
(1) Total number of eligible trees on the unit;
(2) Average size and age of producing trees; and

(e) A maximum county-expected-yield for maple sap shall be 10 gallons of sap per tap per crop year unless acceptable documentary evidence, as determined by CCC, is available to CCC to support a higher county-expected-yield.
(f) The average market price for maple sap must be established for the value of the sap before processing into syrup. If price data is available only for maple syrup, this data must be converted to a maple sap basis. The wholesale price for a gallon of maple syrup shall be multiplied by 0.00936 to arrive at the average market price of a gallon of maple sap.
(g) The actual production history for maple sap shall be recorded on the basis of gallons of sap per tap.
(h) The unit’s expected production is determined by:
(1) Multiplying the number of taps placed in eligible trees; by
(2) The approved per tap yield as determined in accordance with § 1437.102.

§ 1437.301 Value loss.

(a) Special provisions are required to assess losses and calculate assistance for a few crops and commodities which do not lend themselves to yield loss situations. Assistance for these commodities is calculated based on the loss of value at the time of disaster. § 1437.401

Forage.

(a) Forage eligible for benefits under this part is limited to mature vegetation, as determined by CCC, produced in a commercial operation in three or more of the last five crop years, except producers who have not produced forage for the minimum period in order to preserve vegetation and prevent erosion, or otherwise mitigate the impact of disaster conditions, as determined by CCC, shall not be penalized. §§ 1437.311–1437.400 [Reserved]

Subpart E—Determining Coverage of Forage Intended for Animal Consumption

§ 1437.401 Forage.
§ 1437.402 Carrying capacity.

(a) CCC will establish a carrying capacity for all grazed forage present in the county for purposes of administering this program and to that end:

(1) Multiple carrying capacities may be determined for a specific vegetation if factors, such as soil type, elevation, and topography, result in a significant difference of carrying capacity within the county.

(2) CCC may establish separate carrying capacities for irrigated and non-irrigated forage acreage when acreage of traditionally irrigated forage (forage actually irrigated 3 of the last 5 crop years) is present in the county.

(b) Producers may provide evidence that unit forage management and maintenance practices are improvements over those practices generally associated with the established carrying capacity. Based on this evidence, CCC may adjust the expected AUD for the specific forage acreage upward for...
the crop year NAP assistance is requested by:

(1) Three percent when at least 1 practice was completed at least 1 time in the previous 5 crop years and such practice can be expected to have a positive impact on the forage’s carrying capacity in the crop year NAP assistance is requested;

(2) Five percent when 2 or more practices were completed at least 1 time in the previous 5 crop years and such practices can be expected to have a positive impact on the forage’s carrying capacity in the crop year NAP assistance is requested; and

(3) Greater than 5 percent when producers provide acceptable records, as determined by CCC, of higher forage production or an increase in animal units supported on the specific forage acreage in 3 of the 5 crop years immediately before the crop year NAP assistance is requested.

§ 1437.403 Determining payments.

Subject to payment limits, availability of funds, and other limits as may apply, payments for losses of forage reported to FSA as intended to be grazed will be determined by:

(a) Multiplying the eligible acreage by the producer’s share;

(b) Dividing the result from paragraph (a) of this section by the carrying capacity or adjusted per day carrying capacity established for the specific acreage, as determined by CCC;

(c) Multiplying the result from paragraph (b) of this section by the number of days established as the grazing period;

(d) Adding adjustments of AUD for practices and production to the product of paragraph (c) of this section;

(e) Multiplying the result from paragraph (d) of this section by the applicable percentage of loss established by CCC;

(f) Multiplying the amount of assigned AUD, as determined by CCC, by the producer’s share;

(g) Subtracting the result from paragraph (f) of this section from the result from paragraph (e) of this section;

(h) Multiplying the result from paragraph (d) of this section by 0.50;

(i) Subtracting the result from paragraph (h) of this section from the result from paragraph (g) of this section; and

(j) Multiplying the result from paragraph (i) of this section by the final payment price established in accordance with § 1437.11.

§ 1437.404 Information collection requirements under the Paperwork Reduction Act; OMB control number.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for the regulation in this part is 0560–0175.

Subpart F—Determining Coverage in the Tropical Region

SOURCE: 71 FR 52739, Sept. 7, 2006, unless otherwise noted.

§ 1437.501 Applicability; definition of “tropical region” and additional definitions.

(a) This subpart shall only apply to covered tropical crops in the tropical region for the 2006 and subsequent crops years, as those terms are defined in this subpart. Benefits under this part may be extended to those crops only to the extent that they are otherwise eligible for assistance under this part. Covered crops shall not apply to “value loss” crops, as defined elsewhere in this part. For those crops that are covered by this subpart, loss and payment determinations for the program covered in this part shall be determined by the rules that otherwise apply to the program subject to the modifications provided by this subpart. The rules that otherwise apply include, but are not limited to, limitations on payments that appear elsewhere in this part.

(b) For purposes of this subpart:

(1) Tropical region includes, as may be further limited by the Deputy Administrator: Hawaii, American Samoa, Guam, the U.S. Virgin Islands, Puerto Rico, and the former Trust Territory of the Pacific Islands (the Commonwealth of the Northern Mariana Islands, the

(2) *2006 and subsequent crops* means those crops in the ground on or after January 1, 2006.

(3) *Covered tropical crops* means those crops and commodities in the tropical region governed by this subpart, those being all crops and commodities in the tropical region that are otherwise eligible for generating a benefit claim under this part, except for value-loss crops as defined elsewhere in this part.

(c) The Deputy Administrator may adjust requirements for assistance so as to provide a fair transition from previous rules for crop covered by this subpart to those provisions which are provided for in this subpart.

§ 1437.502 Coverage periods and fees for covered tropical crops.

(a) The crop year for all covered tropical crops is the calendar year (January 1 through December 31 beginning in 2006 through subsequent years).

(b) The application closing date for all covered tropical crops is December 1 of the calendar year before the applicable crop year.

(c) For covered tropical crops, per county per crop year, a maximum service fee of $100.00 is required of the producer for coverage of:

(1) With respect to annual and biennial crops, all plantings of the same crop planted during the crop year, as determined by CCC.

(2) With respect to perennial crops, all acreage of the crop existing during the crop year, as determined by CCC.

(d)(1) Multiple planting periods and final planting dates are not applicable for covered tropical crops. However, nothing in this section shall prohibit assigning different production expectations to different fields.

(2) The coverage period for perennial and other crops covered by this subpart begins on January 1 of the relevant crop year and ends on December 31 of that year.

§ 1437.503 Covered losses and record-keeping requirements for covered tropical crops.

(a) Prevented planting coverage is not available for covered tropical crops, other than in Hawaii and Puerto Rico, except as approved by the Deputy Administrator in special cases.

(b) Except in Hawaii and Puerto Rico, or as otherwise approved by the Deputy Administrator in individual cases, eligible causes of loss for covered tropical crops will only include hurricanes, typhoons, and named tropical storms.

(c) Producers who have applied for coverage on covered tropical crops must maintain for the full coverage period contemporaneous records. Contemporaneous records are those created at the time of planting and harvesting of the crop for which the application for coverage is filed. In this regard:

(1) Producers may be selected on a random or targeted basis for compliance review with this requirement and any other requirements that may apply to this program.

(2) A failure to maintain acceptable contemporaneous records throughout the crop year may be treated by CCC as grounds of ineligibility for benefits under this part.

§ 1437.504 Notice of loss for covered tropical crops.

(a) The provisions of §1437.10(c) regarding late filed notice of loss do not apply to covered tropical crops.

(b) Where a notice of loss for covered tropical crops is provided according to §1437.10, producers must provide records maintained according to §1437.503(c) of the:

(1) Number of acres or other basis of measurement, as applicable, of the crop from which production could be achieved existing on the day the eligible natural disaster occurred or, for prolonged natural disasters, such as a drought and similar damage where applicable, existing on the day the notice of loss is filed.

(2) Amount, including zero, as applicable, of production harvested, before or after the disaster, from those crop plantings (damaged or undamaged) which were in existence on the farm at the time of the disaster including production from the covered plantings (in existence at the time of the loss event) that may occur after the loss event even when, to the extent provided for.
in paragraph (c) of this section, the harvest occurs after the end of the crop year. Crop acreage of the covered crop that is in existence at the time of the loss event that can be harvested after the eligible natural disaster must be harvested, or continue to be harvested, and the harvested acres and production reported to FSA according to this subpart, except that for perennial crops the requirement ends with the end of the crop year. For non-perennial crops the obligation to harvest ends with the end of the life-cycle for the plantings that were in existence at the time of the loss event. In this regard:

(i) Except as otherwise determined by FSA, such production, before or after the loss event, will be taken into account in computing eligibilities.

(ii) Production that must be reported under paragraph (b)(2)(i) of this section includes, except in the case of perennial plants, all production irrespective of whether the production occurs in the same crop year.

(iii) For perennial plants, only production in the same crop year must be reported.

(iv) All production that must be reported for covered tropical crops will, except as specified by the Deputy Administrator, be taken into account in the loss determinations made under this part. The producer is obligated to maximize that production. That is, harvesting and other production activities for the plants in the ground at the time of the disaster must be undertaken or continue to be undertaken, to the maximum extent possible, for the full reporting period, that being the period for which production could count against a loss as indicated in this subpart.

(3) Failure to keep sufficient records to allow the computations provided for in this subpart is grounds for denial of the claim.

(c) Producers with coverage of a covered tropical crop for a crop year must, by the earlier of 90 calendar days after the crop year ends or the date a notice of loss is filed, file a certified report setting out the:

(1) Collective acres of the crop acreage planted or in the ground during the crop year.

(2) Total production harvested from the crop acreage for the full crop year in the case of a perennial plant and for the full life of the plants for other crops.

(d) With respect to the report required in paragraph (c) of this section:

(1) If a report is filed before the end of the crop year, an updated crop report must be filed within 90 calendar days from the end of the crop year to supplement the original report;

(2) If the report is for any annual or biennial crops where production continued or could have continued beyond the period covered in the reports otherwise filed under this section, an additional report of production must be filed within 30 days of the end of the last countable production for the covered crop or 30 days after the last date on which such production could have been obtained, whichever is later.

(3) A failure to file an adequate report where a report is required by this section may result in the producer being treated as having a zero yield capability for the crop year involved for purposes of constructing a crop history. Alternatively, the Deputy Administrator may assign another sanction for that failure. In addition to other sanctions as may apply, a failure to file such reports may be grounds for denial of a claim. The Deputy Administrator may adjust crop histories as determined appropriate to create, to the extent practicable, an appropriate crop history for loss computation purposes.

(4) Such reports as are provided for in this subsection must be filed for every crop year for which there is coverage, irrespective of whether a claim is filed for that year.

(e) Unless otherwise specified by the Deputy Administrator, appraisals are not required of crop acreage for covered tropical crops on Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

(f) All crop acreage for covered tropical crops for which a notice of loss is filed must not be destroyed until authorized by CCC.
§ 1437.505 Application for payment for the tropical region.

(a) For producers of covered tropical crops in Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau, an application for payment must be filed at the same time as the filing of the notice of loss required under §§ 1437.10 and 1437.504.

(b) For producers in Puerto Rico and Hawaii, an application for payment for such crops must be filed by the later of:

1. The date on which the notice of loss is filed in accordance with §§ 1437.10 and 1437.502(i), and
2. The date of the completion of harvest for the specific crop acreage that existed at the time of loss for which the notice of loss was filed.

Subpart A—Common Provisions

§ 1450.1 Administration.

(a) The regulations in this part are administered under the general supervision and direction of the Executive Vice President, Commodity Credit Corporation (CCC), or a designee. In the field, the regulations in this part will be implemented by the Farm Service Agency (FSA) State and county committees ("State committees" and "county committees," respectively).

(b) State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the FSA Deputy Administrator for Farm Program (Deputy Administrator).

(c) The State committee may take any action authorized or required by this part to be taken by the county committee, but which has not been taken by such committee, such as:

1. Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or
2. Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation of authority to a State or county committee will preclude the Executive Vice President, CCC, or a designee, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee.
(e) Data furnished by participants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

   (i) Are by-products of preventive treatments that are removed to reduce hazardous fuels, to reduce or contain disease or insect infestation, or to restore ecosystem health;
   (ii) Would not otherwise be used for higher-value products; and
   (iii) Are harvested in accordance with applicable law and land management plans and the requirements for old-growth maintenance, restoration, and management direction of 16 U.S.C. 6512 (specifically, sections 102(e)(2), (3), and (4) of the Healthy Forests Restoration Act of 2003 and large-tree retention provisions of subsection (f)); or
(2) Any organic matter that is available on a renewable or recurring basis from non-Federal land or land belonging to an Indian or Indian Tribe that is held in trust by the United States or subject to a restriction against alienation imposed by the United States, including:

Yard waste means any renewable biomass generated from municipal or residential land, such as urban forestry materials, construction or demolition materials, trimmings from grasses and trees, or biomass removed due to invasive species or weather-related disaster, that can be separated from and has low potential (such as contamination with plastics, metals, chemicals, or other toxic compounds that cannot be removed) for the generation of toxic byproducts resulting from conversion, and that otherwise cannot be recycled for other purposes (such as post-consumer waste paper).

§ 1450.3 General.

(a) The objectives of BCAP are to:

(1) Support the establishment and production of eligible crops for conversion to bioenergy and biobased products in selected project areas; and

(2) Assist agricultural and forest landowners and operators with matching payments to support the collection, harvest, storage, and transportation costs of eligible material for use in a biomass conversion facility.

(b) A participant must implement and adhere to a conservation plan, forest stewardship plan, or equivalent plan prepared in accordance with BCAP guidelines, as established and determined by CCC. A conservation plan, forest stewardship plan, or equivalent plan for contract acreage must be approved by the conservation district in which the lands are located, or, in the case of Federal lands, the appropriate approval authority of jurisdiction. If the conservation district declines to review the conservation plan, forest stewardship plan, or equivalent plan, the provider of technical assistance may take such further action as is needed to account for lack of such review.

(c) Agricultural and forest landowners and operators must comply with any applicable existing conservation plan, forest stewardship plan, or equivalent plan and all other applicable laws, regulations, or Executive Orders for any removal of eligible material for use in a biomass conversion facility to receive matching payments.

(d) Except as otherwise provided in this part, a participant may receive, in addition to any payments under this part, financial assistance, rental or easement payments, tax benefits, or other payments from a State or a private organization in return for enrolling lands in BCAP, without any commensurate reduction in BCAP payments.

§ 1450.4 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of a BCAP contract, CCC may terminate the BCAP contract.

(2) If the BCAP contract is terminated by CCC in accordance with this paragraph:

(i) The participant will forfeit all rights to further payments under the contract and must refund all payments previously received, plus interest; and

(ii) The participant must pay liquidated damages to CCC in an amount as specified in the contract.

(b) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and would not deter the accomplishment of the purposes of BCAP.

§ 1450.5 Performance based on advice or action of USDA.

(a) The provisions of §718.303 of this title relating to performance based on the action or advice of an authorized representative of USDA applies to this part, and may be considered as a basis to provide relief to persons subject to sanctions under this part to the extent that relief is otherwise permitted by this part.

(b) [Reserved]

§ 1450.6 Access to land.

(a) For purposes related to this program, the participant must upon request provide any representative of USDA, or designee thereof, with access to land that is:

(1) The subject of an application for a contract under this part; or

(2) Under contract or otherwise subject to this part.

(b) For land identified in paragraph (a) of this section, the participant must
provide such representatives or designees with access to examine records for the land to determine land classification, eligibility, or for other purposes, and to determine whether the participant is in compliance with the terms and conditions of the BCAP contract.

§ 1450.7 Division of payments and provisions about tenants and sharecroppers.

(a) Payments received under this part will be divided as specified in the applicable contract. CCC may refuse to enter into a contract when there is a disagreement among persons or legal entities seeking enrollment as to a person’s or legal entity’s eligibility to participate in the contract as a tenant or sharecropper, and there is insufficient evidence, as determined by CCC, to indicate whether the person or legal entity seeking participation as a tenant or sharecropper has an interest in the acreage offered for enrollment in the BCAP.

(b) CCC may remove an operator or tenant from a BCAP contract when:

(1) The operator or tenant requests in writing to be removed from the BCAP contract;

(2) The operator or tenant files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by applicable bankruptcy laws;

(3) The operator or tenant dies during the contract period and the administrator of the estate fails to succeed to the contract within a period of time determined appropriate by CCC; or

(4) A court of competent jurisdiction orders the removal of the operator or tenant from the BCAP contract and such order is received by CCC.

(c) Tenants who fail to maintain tenancy on the acreage under contract for any reason may be removed from a contract by CCC.

§ 1450.8 Payments not subject to claims.

(a) Subject to part 1403 of this chapter, any payment or portion of the payment due any person or legal entity under this part will be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any creditor, except agencies of the U.S. Government.

(b) [Reserved]

§ 1450.9 Assignments.

(a) Participants may assign the right to receive cash payments under BCAP, in whole or in part, as provided in part 1404 of this chapter.

(b) [Reserved]

§ 1450.10 Appeals.

(a) Except as provided in paragraph (b) of this section, a person or legal entity applying for participation may appeal or request reconsideration of an adverse determination in accordance with the administrative appeal regulations at parts 11 and 780 of this title.

(b) Determinations by the Natural Resources Conservation Service may be appealed in accordance with procedures established under part 614 of this title or otherwise established by the Natural Resources Conservation Service.

§ 1450.11 Scheme or device.

(a) If CCC determines that a person or legal entity has employed a scheme or device to defeat the purposes of this part, or any part, of any USDA program, payment otherwise due or paid such person or legal entity during the applicable period may be required to be refunded, with interest calculated from the date of disbursement of the funds by CCC, as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person or legal entity of any payments, or obtaining a payment that otherwise would not be payable.

(c) A new owner or operator or tenant of land subject to this part who succeeds to the contract responsibilities must report in writing to CCC any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest may include a present, future, or conditional interest, reversionary interest, or any option, future or present, on such land, and any interest of any lender in such land where the lender has, will, or can legally obtain, a right of occupancy to such land or an interest in the equity in such land other than...
an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest will be considered a scheme or device under this section.

§ 1450.12 Filing of false claims.
(a) If CCC determines that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant will be ineligible for payments under this part with respect to the fiscal year in which the false information or claim was filed and the contract may be terminated, in which case CCC may demand a full refund of all prior payments.
(b) False information or false claims include, but are not limited to, claims for payment for practices that do not comply with the conservation plan, forest stewardship plan, or equivalent plan. Any amounts paid under these circumstances must be refunded to CCC, together with interest as determined by CCC, and any amounts otherwise due the participant will be withheld.
(c) The remedies provided for in this section will be in addition to any other remedy available to CCC and in addition to any criminal penalty or any other remedy available to the United States.

§ 1450.13 Miscellaneous.
(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payments due under this part may be paid to the participant’s successor(s) in accordance with part 707 of this title.
(b) Unless otherwise specified in this part, payments under this part will be subject to the compliance requirements of part 12 of this title concerning highly erodible land and wetland conservation and payments.
(c) Any remedies permitted CCC under this part will be in addition to any other remedy, including, but not limited to, criminal remedies or actions for damages in favor of CCC, or the United States as may be permitted by law.
(d) Absent a scheme or device to defeat the purposes of BCAP, when an owner loses control of BCAP acreage enrolled under subpart C of this part due to foreclosure and the new owner chooses not to continue the contract in accordance with §1450.215 refunds will not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

Subpart B—Matching Payments

§ 1450.100 General.
(a) A person or legal entity with the right to collect or harvest eligible material for the sale and delivery of such eligible material to a qualified biomass conversion facility, may be eligible for payment under the provisions of this subpart.
(b) [Reserved]

§ 1450.101 Qualified biomass conversion facility.
(a) To be considered a qualified biomass conversion facility, a biomass conversion facility must enter into an agreement with CCC and must:
(1) Meet all applicable regulatory and permitting requirements by applicable Federal, State, or local authorities;
(2) Agree in writing to:
(i) Maintain accurate records of all eligible material purchases and related documents regardless of whether matching payments will be sought by the seller; and
(ii) Make available at one place and at all reasonable times for examination by representatives of USDA, all books, papers, records, contracts, scale tickets, settlement sheets, invoices, written price quotations, or other documents related to BCAP for not less than 3 years after the date that eligible material was delivered to the qualified biomass conversion facility;
(iii) Clearly indicate the actual tonnage delivered on the scale ticket or equivalent to be provided to the eligible material owner;

accurate moisture measurement equipment to determine the dry ton weight equivalent of actual tonnage delivered;
(vi) Pay fair market value for eligible material regardless of whether the seller has applied for or receives a matching payment authorized by this subpart.

(b) For a qualified biomass conversion facility, CCC can:
(1) Periodically inform the public that payments may be available for deliveries of eligible material to such qualified biomass conversion facility;
(2) Maintain a listing of qualified biomass conversion facilities for general public access and distribution that may include general information about the facility and its eligible material needs; and
(3) Suspend, terminate, or take other actions as appropriate when CCC determines a qualified biomass conversion facility fails to comply with the agreement.

§ 1450.102 Eligible material owner.
(a) In order to be eligible for a payment under this subpart, a person or legal entity must:
(1) Be a producer of an eligible crop that is produced on contract acreage authorized by subpart C of this part; or
(2) Have the right to collect or harvest eligible material and such person may only receive payment if the risk of loss for the material transferred to that person occurred prior to the time the payment is made that will be used to determine the matching payment that is requested under this subpart; and
(3) Certify that the eligible material for which a payment may be issued according to §1450.106 has been harvested according to a conservation plan, forest stewardship plan, or equivalent plan, and, if not crop residues, are byproducts of preventative treatments that are removed to reduce hazardous fuels, to reduce or contain disease or insect infestation, or to restore ecosystem health.

(b) A qualified biomass conversion facility that meets the requirements of paragraph (a) of this section may be considered an eligible material owner if it otherwise meets the definition in this part.

§ 1450.103 Eligible material that qualifies for payment.
(a) Except for paragraph (b) of this section, in order to qualify, as determined by CCC, for a payment under this subpart:

(1) Carry out and certify compliance with the terms and conditions of the payment application including adherence to a conservation plan, forest stewardship plan, or equivalent plan, as appropriate; and

(2) Be jointly and severally responsible, if the participant has a share of the payment greater than zero, with other contract participants for compliance with the provisions of such contract and the provisions of this part, and for any refunds or payment adjustments that may be required for violations of any of the terms and conditions of the BCAP contract and this part.

§ 1450.106 Payments.

(a) Payments under this subpart will be for a term not to exceed 2 years beginning the date that CCC issues the first payment, under this subpart to the participant and for each participant runs from the date that the participant receives a matching payment from CCC even though the participant may over time change facilities. The Deputy Administrator may further limit the period to reflect participation in BCAP for any time prior to October 27, 2010 as the Deputy Administrator deems appropriate. In addition, where ownership of a source of material has changed, or where it is deemed that other circumstances warrant, the Deputy Administrator may apply the time limit applicable to a person or entity or to another person or entity to assure that the 2-year limit is not avoided by private arrangement or other circumstance.

(b) Payments under this subpart will be paid at a rate of $1 for each $1 per dry ton provided by the qualified biomass conversion facility for the market-based sale of eligible material in an amount up to $45 per dry ton.

Subpart C—Establishment Payments and Annual Payments

§ 1450.200 General.

(a) As provided in this subpart, establishment payments and annual payments may be provided by CCC to producers of eligible crops within a project area.

(b) [Reserved]

(c) The project area needs to be physically located near a biomass conversion facility or facilities, as determined by CCC.

(d) Project area proposals may limit the nature and types of eligible crops to be established within a project area.

§ 1450.202 Project area selection criteria.

(a) In selecting project areas, CCC will consider:

1. The dry tons of the eligible crops proposed to be produced in the proposed project area and the probability that such crops will be used for BCAP purposes;

§ 1450.205 Duration of contracts.
(a) Contracts under this subpart will be for a term of up to:
(1) 5 years for annual and non-woody perennial crops; and
(2) 15 years for woody perennial crops.
(b) The establishment time period may vary due to: Type of crop, agronomic conditions (for example, establishment time frame, winter hardiness), and other factors.

§ 1450.206 Obligations of participant.
(a) All participants subject to a BCAP contract must:
(1) Carry out the terms and conditions of the contract;

(7) Establish temporary vegetative cover either within the timeframes required by the conservation plan, forest stewardship plan, or equivalent plan or as determined by the Deputy Administrator, if the eligible crops cannot be timely established; and
(8) If the participant has a share of the payment greater than zero, be jointly and severally responsible with the other contract participants for compliance with the provisions of such contract and the provisions of this part, and for any refunds or payment adjustments that may be required for violations of any of the terms and conditions of the contract and this part.
(b) Payments may cease and producers may be subject to contract termination for failure to establish eligible crops.
(c) A contract will not be terminated for failure by the participant to establish an approved cover on the land if, as determined by CCC:
§ 1450.207 Conservation plan, forest stewardship plan, or equivalent plan.

(a) The producer must implement a conservation plan, forest stewardship plan, or equivalent plan that complies with CCC guidelines and is approved by the appropriate conservation district for the land to be entered in BCAP. If the conservation district declines to review the conservation plan, forest stewardship plan, or equivalent plan, or disapproves the conservation plan, forest stewardship plan, or equivalent plan, such approval may be waived by CCC.

(b) The practices and management activities included in a conservation plan, forest stewardship plan, or equivalent plan must be implemented in a cost-effective manner that meets BCAP purposes as determined by CCC.

(c) If applicable, a tree planting plan must be developed and included in the conservation plan, forest stewardship plan, or equivalent plan. Such tree planting plan may allow a reasonable time to complete plantings, as determined by CCC.

(d) Each conservation plan, forest stewardship plan, or equivalent plan, and any revision of the plan, will be subject to approval by CCC.

§ 1450.208 Eligible practices.

(a) Eligible practices are those practices specified in the conservation plan, forest stewardship plan, or equivalent plan that meet all standards needed to cost-effectively establish:

(1) Annual crops;

§ 1450.209 Signup.

(a) Offers for contracts may be submitted on a continuous basis to CCC as determined by the Deputy Administrator.

(b) [Reserved]

§ 1450.210 Acceptability of offers.

(a) Acceptance or rejection of any contract offered will be at the sole discretion of CCC, and offers may be rejected for any reason as determined appropriate to accomplish the purposes of BCAP.

(b) An offer to enroll land in BCAP will be irrevocable for such period as is determined and announced by CCC. The producer will be liable to CCC for liquidated damages if the applicant revokes an offer during the period in which the offer is irrevocable as determined by CCC. CCC may waive payment of such liquidated damages if CCC determines that the assessment of such damages, in a particular case, is not in the best interest of CCC and BCAP.

§ 1450.211 BCAP contract.

(a) In order to enroll land in BCAP, the participant must enter into a contract with CCC.

(b) The contract is comprised of:

(1) The terms and conditions for participation in BCAP;

(2) The conservation plan, forest stewardship plan, or equivalent plan; and

(3) Any other materials or agreements determined necessary by CCC.

(c) In order to enter into a contract, the producer must submit an offer to participate as specified in §1450.209;

(d) The contract must, within the dates established by CCC, be signed by:

(1) The producer; and

(2) The owners of the eligible land to be placed in the BCAP and other eligible participants, if applicable.

(e) The Deputy Administrator is authorized to approve contracts on behalf of CCC.

(f) CCC will honor contracts even in the event that a project area biomass conversion facility does not become fully or partially operational.

(g) Contracts may be terminated by CCC before the full term of the contract has expired if:

(1) The owner loses control of or transfers all or part of the acreage
§ 1450.214 Annual payments.

(a) Annual payments will be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the BCAP contract.

§ 1450.213 Levels and rates for establishment payments.

(a) CCC will pay not more than 75 percent of the actual or average cost (whichever is lower) of establishing non-woody perennial crops and woody perennial crops specified in the conservation plan, forest stewardship plan, or equivalent plan.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by CCC. This means that the calculated 75 percent of the average cost may represent less than 75 percent of the actual cost for an individual participant.

(c) Except as otherwise provided for in this part, a participant may receive, in addition to any payment under this part, establishment assistance, rental payments, or tax benefits from a State or a private organization in return for enrolling lands in BCAP without a commensurate reduction in BCAP establishment payments.

§ 1450.212 Establishment payments.

(a) Establishment payments will be made available upon a determination by CCC that an eligible practice, or an identifiable portion of a practice, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, such payments will be made only for the cost-effective establishment or installation of an eligible practice, as determined by CCC.

(c) Except as provided in paragraph (d) of this section, such payments will not be made to the same owner or operator on the same acreage for any eligible practices that have been previously established, or for which such owner or operator has received establishment assistance from any Federal agency.

(d) Establishment payments may be authorized for the replacement or restoration of practices on land for which assistance has been previously allowed under BCAP, only if the failure of the original practice was due to reasons beyond the control of the participant, as agreed to by CCC.

(e) In addition, CCC may make partial payments when the participant completes identifiable components of the contract. CCC may make supplemental establishment payments, if necessary.

§ 1450.211 Establishment payments.

(a) Establishment payments will be made available upon a determination by CCC that an eligible practice, or an identifiable portion of a practice, has been established in compliance with the terms and conditions of the contract.

(b) The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC according to terms and conditions as determined by CCC.

(c) The participant is not in compliance with the terms and conditions of the contract.

(d) The BCAP practice fails or is not established after a certain time period, as determined CCC, and the cost of restoring or establishing the practice outweighs the benefits received from the restoration or establishment.

(e) The contract was approved based on erroneous eligibility determinations; or

(f) CCC determines that such a termination is needed in the public interest.

§ 1450.210 Establishment payments.

(a) Establishment payments will be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the BCAP contract.
§ 1450.215 Transfer of land.

(a)(1) If a new owner or operator purchases or obtains the right and interest in, or right to occupancy of, land subject to a BCAP contract, such new owner or operator, upon the approval of CCC, may become a participant to a new BCAP contract with CCC for the transferred land.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a BCAP contract and the new owner or operator does not become a successor to such contract within 60 days of such transfer, or such other time as CCC determines to be appropriate, such contract will be terminated with respect to the affected portion of such land, and the original participant:

(1) Forfeits all rights to any future payments for that acreage;

(2) Must refund all previous payments received under the contract by the participant or prior participants, plus interest, except as otherwise specified by CCC. The provisions of §1450.211(g) will apply.
§ 1455.2 Definitions.

(a) The definitions in part 718 of this chapter apply to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions apply to this part:

Appropriate wildlife habitat means habitat that is suitable or proper, as determined by the applicable State or tribal government, to support fish and wildlife populations in the area.

Farm land means the land that meets definition of “farmland” in §718.2 of this title.

Privately-held land means farm, ranch, or forest land that is owned or operated by an individual or entity that is not an entity of any government unit or Tribe.

Ranch land means land that meets the definition of “farmland.”
§ 1455.10 Eligible grant applicants.

(a) A State or Tribal government may apply for a VPA–HIP grant.

(b) Any applications received by an individual or entity that is not a State or tribal government will not be considered.

§ 1455.11 Application procedure.

(a) Request for applications (RFA). CCC will issue periodic RFAs for VPA–HIP on www.grants.gov, subject to available funding. Unless otherwise specified in the applicable RFA, applicants must file an original and one hard copy of the required forms and an application.

(b) Single application. A State or tribal government must include all proposed activity under a single application per RFA review period. Multiple applications from an applicant during a single RFA period will not be considered. The applicant is the individual State or Tribe; any application from any unit of the State or tribal government must be coordinated for a single submission of one application from the State or Tribe.

(c) Incomplete applications. Incomplete applications will not be considered for funding. However, incomplete applications may be returned, and may be resubmitted, if time permits.

(d) Providing data. Data furnished by grant applicants will be used to determine eligibility for the VPA–HIP benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(e) Required forms. The following forms must be completed, signed, and submitted as part of the application; other forms may be required, as specified in the applicable RFA:

1. Application for Federal Assistance;
2. Budget Information—Non-Construction Programs; and
3. Assurances—Non-Construction Programs.

(f) Application. Each application must contain the following elements; additional required elements may be specified in the applicable RFA:

1. Title page;
2. Table of contents;
3. Executive summary, which includes:
   i. Activities. Provide a summary of the application that briefly describes activities proposed to be funded under the grant.
   ii. Objectives, funding, performance, and other resources. Include objectives and tasks to be accomplished, the amount of funding requested, how the work will be performed, whether organizational staff, consultants or contractors will be used, and whether other resources will be used;
4. Eligibility certification that certifies that the applicant is a State or tribal government and the individual submitting the application is acting in a representative capacity on behalf of the State or tribal government;
5. Application narrative that must include, but is not limited to, the following:
   i. Project title. The title of the proposed project must be brief (not to exceed 75 characters) yet describe the essentials of the project.
   ii. Information sheet. A separate one-page information sheet listing each of the evaluation criteria referenced in the RFA, followed by the page numbers of all relevant material and documentation contained in the application that address or support the criteria.
Commodity Credit Corporation, USDA

§ 1455.20 Criteria for grant selection.

(a) Incomplete or non-responsive applications will not be evaluated. Applicants may revise their applications and re-submit them prior to the published deadline if there is sufficient time to do so.

(b) After all applications have been evaluated using the evaluation criteria and scored in accordance with the point allocation specified in the RFA, a list of all applications in ranked order, together with funding level recommendations, will be submitted to the Deputy Administrator, FSA.

(c) Unless supplemented in a RFA, applications for grants for VPA–HIP will be evaluated using the criteria listed in this section. The distribution of points to be awarded per criterion will be identified in the RFA.

1. Benefits. The application will be evaluated to determine whether and to what extent the project’s anticipated outcomes promote improvement of public access for wildlife-dependent recreation and intended environmental benefits.

2. Project description and feasibility. The application will be evaluated on the extent and quality to which the applicant demonstrates a reasonable approach to the project, sufficient resources to complete the project, and a capability to complete the project in a timely manner.

3. Widespread acceptance and maximizing participation of landowners. The application will be evaluated based on the applicant’s plan for encouraging the participation of owners and operators of privately-held farm, ranch, and forest land, and for engaging the public.

(iii) Objectives of the project. This section must include the following:

(A) A description of how the VPA–HIP funding will be used to encourage public access to private farm, ranch, and forest land for hunting, fishing, and other recreational purposes;

(B) A description of the methods that will be used to achieve the provisions of paragraph (f)(5)(iii)(A) of this section;

(C) A description of how and to what extent the proposed program will meet with widespread acceptance among landowners;

(D) A detailed description of how and to what extent the land enrolled will have appropriate wildlife habitat and how program funds may be used to improve those habitats;

(E) A detailed description of how and to what extent public hunting and other recreational access will be increased on land enrolled under a Conservation Reserve Enhancement Program as specified under §1410.50 of this chapter, or if Conservation Reserve Enhancement Program land is not available, specify that there is no impact;

(F) A detailed description of how any additional Federal, State, tribal government, or private resources will be used to carry out grant activities; and

(G) A detailed description of how the public will be made aware of the location of the land enrolled.

(iv) Work plan. Applications must discuss the specific tasks to be completed using grant and matching funds. The work plan should show how customers will be identified, key personnel to be involved with administration of the grant, and the evaluation methods to be used to determine the success of specific tasks and overall objectives of a VPA–HIP grant. The budget must present a breakdown of the estimated costs associated with VPA–HIP activities and allocate these costs to each of the tasks to be undertaken. Additional funds from Federal, State, tribal government, or private resources as well as grant funds and resources provided in kind must be accounted for in the budget.

(v) Performance evaluation criteria. Applications should discuss how the State or tribal government will evaluate whether the program for which the grant is being sought will meet the stated goals for the State or tribal program, including but not limited to landowner and recreationist participation, outreach, and cost-effectiveness.

(vii) Other similar efforts. The applicant must describe its previous accomplishments and outcomes in public access activities, if any.

(viii) Qualifications of personnel. Applicants must describe the qualifications of personnel expected to perform key tasks, and whether these personnel are to be full- or part-time employees or contract personnel.
users. Additionally, the extent to which the applicant has identified and established relationships with the partners necessary to achieve the project’s goals will be evaluated.

(4) **Appropriate wildlife habitat.** The application will be evaluated to determine whether the applicant demonstrates expertise in providing technical assistance with respect to establishing and maintaining appropriate wildlife habitat on public access land.

(5) **Strengthening wildlife habitat for lands under the Conservation Reserve Enhancement Program (CREP).** The application will be evaluated to determine whether the project proposes to provide incentives to increase public hunting and other recreational access on land enrolled under CREP as authorized by §1410.50.

(6) **Additional private, Federal, State, or tribal government resources.** The application will be evaluated to determine the extent to which the support letters provided by other organizations involved with the project demonstrate specific and quantified commitments to the project. Applications that demonstrate additional resources will receive more points, all else being equal, than those that do not.

(7) **Making available the location of enrolled land.** The application will be evaluated to determine how the project proposes to make available to the public the location of the land enrolled.

(8) **Performance evaluation criteria.** The application will be evaluated to determine whether the applicant has included outcome-based performance measures.

(9) **Administrative capabilities.** The application will be evaluated to determine whether the grant applicant has a track record of administering the project or, in the absence of a track record, the capacity to administer the project. Applicants that have demonstrated capable financial systems and audit controls, personnel and program administration performance measures, and clear rules of governance will receive more points than those not evidencing this capacity.

(10) **Delivery.** The application will be evaluated to determine whether the applicant has a track record in implementing public access or similar programs or, in the absence of an actual track record, the capacity to implement a public access program. The applicant’s potential for delivering an effective public access program and the expected effects of that program will also be assessed.

(11) **Work plan and budget.** The work plan will be reviewed for detailed actions and an accompanying timetable for implementing the components of the application. Clear, logical, realistic, and efficient plans will result in a higher score. Budgets will be reviewed for completeness and whether and to what extent additional resources were committed by Federal, State, or tribal government, and private resources.

(12) **Qualifications of those performing the tasks.** The application will be reviewed to determine if key personnel have appropriate knowledge, skills, and abilities with respect to wildlife-dependent recreation including hunting or fishing on privately-held farm, ranch, and forest land, funds control, grants management, performance monitoring and evaluation, or other activities relevant to the success of the proposed public access program.

**§ 1455.21 Additional responsibilities of grantee.**

(a) Before receiving grant funding, the grantee will be required to sign an agreement similar in form and substance to the form of agreement published within or as an appendix to the RFA. The agreement will require the grantee to commit to do all of the following:

(1) Take all practicable steps to develop continuing sources of financial support from other Federal, State, tribal government, or private resources;

(2) Make arrangements for the monitoring and evaluation of the activities related to implementation of the public access program of the owners or operators that enroll farm, ranch, and forest land; and

(3) Provide an accounting for the money received by the grantee under this subpart.

(b) Grantees will be required to monitor funds or services as specified in paragraph (c) of this section, and must
Commodity Credit Corporation, USDA

§ 1455.31

agree to that monitoring before grant funds are awarded.

(c) The grantee must certify that the grant funds and services will not be used for ineligible purposes. Specifically, grant funds and services may not be used to:

(1) Duplicate or replace current services; however, grant funds may be used to expand the level of effort or service beyond what is currently being provided;

(2) Pay costs of preparing the application for funding under VPA–HIP;

(3) Pay costs of the project incurred prior to the date of grant approval;

(4) Fund political activities;

(5) Pay any judgment or debt owed to the United States;

(6) Pay for the design, repair, rehabilitation, acquisition, or construction of a building or facility (including a processing facility);

(7) Purchase, rent or pay for the installation of fixed equipment, other than property identification signs;

(8) Pay for the repair of privately owned vehicles; or

(9) Pay for research and development not directly related to quantifying the performance of VPA–HIP lands enrolled with funding from VPA–HIP.

(d) Grant agreements under this part will be for a term of up to 3 years.

(e) Grantees that are States will have the grant amount reduced by 25 percent if opening dates for migratory bird hunting in the State are not consistent for residents and non-residents. This paragraph does not apply to grantees that are Tribal governments.

(f) Failure of the grantee to execute a grant agreement in a timely fashion, as determined by CCC, will be construed to be a withdrawal from VPA–HIP.

(j) **Change in scope or objectives.** The Grantee must obtain prior approval from FSA for any change to the scope or objectives of the approved project. Failure to obtain prior approval of changes to the scope of work or budget may result in suspension, termination, or recovery of grant funds.

(k) **Exceptions.** CCC may, in individual cases, make an exception to any requirement or provision of this part, provided that any such exception is not inconsistent with any applicable law or opinion of the Comptroller General, and provided further, that CCC determines that the application of the requirement or provision would adversely affect the Federal Government’s interest.

Subpart A—Tobacco Transition Assessments

§ 1463.1 General.

The Commodity Credit Corporation (CCC) will levy assessments from January 1, 2005 through September 30, 2014 on certain domestic manufacturers and importers of tobacco products as provided for in this subpart in order to fund the issuance of payments made under subpart B of this part and to fund other activities authorized by Title VI of the American Jobs Creation Act of 2004. The total amount of assessments that may be collected under this part shall not exceed $10.140 billion.

§ 1463.2 Administration.

The provisions of this subpart will be administered under the general supervision of the Executive Vice President, CCC.

§ 1463.3 Definitions.

The definitions in this section shall apply for all purposes of administering the provisions of this subpart.

Act means Title VI of the America Jobs Creation Act of 2004 (Public Law 108–357).

With respect to the 39th and 40th quarterly payments due on September 30, 2014, the adjusted market share will be the entity’s share of a class of tobacco during the April 1–June 30, 2014 quarter.

Base period means the period July 1 through June 30 immediately preceding the beginning of a fiscal year.

CCC’s point of contact means, for items physically sent to CCC, “Fibers, Peanuts, and Tobacco Analysis Group, Economic and Policy Analysis Staff, Farm Service Agency, United States Department of Agriculture (USDA), STOP 0515, Room 3720–S, 1400 Independence Avenue, SW., Washington, DC 20250–0515” unless otherwise specified by CCC through actual notice.

Calendar year means the period January 1 through December 31.

Market share means the share of each domestic manufacturer and importer of a class of tobacco product, to the fourth decimal place, of the total volume of domestic sales of the class of tobacco product in the base period. Such sales shall be determined by CCC by using the total volume of such class of tobacco product that is removed into domestic commerce in the base period.

National assessment means the total amount of funding that CCC has determined to be necessary to collect in a calendar year quarter, CCC may adjust the national assessment for one or more classes of tobacco established for a particular year with respect to succeeding calendar year quarters.

§ 1463.5 Division of national assessment among classes of tobacco.

(a) Except as provided in paragraph (b) of this section, the national assessment will be divided by CCC among each class of tobacco based upon CCC’s determination of each class’s share of the excise taxes paid using for all years the tax rates that applied in fiscal year 2005. The value of the excise taxes paid for each class of tobacco will be based upon the reports filed by domestic manufacturers and importers of tobacco products with the Department of the Treasury and the Department of Homeland Security:

(b) For fiscal year 2005, the national assessment will be divided as follows:

(1) Cigarettes, 96.331 percent;
(2) Cigars, 2.783 percent;
(3) Snuff, 0.539 percent;
(4) Roll-your-own tobacco products, 0.171 percent;
(5) Chewing tobacco, 0.111 percent; and
(6) Pipe tobacco, 0.066 percent.

(c) For fiscal years 2006 through 2014, the division of the national assessment for each class of tobacco will be adjusted annually.

§ 1463.6 Determination of persons liable for payment of assessments.

(a) All domestic manufacturers and importers of tobacco products are required to pay to CCC their proportionate share of a calendar year’s national assessment. Such entities are those that import or manufacture tobacco products in a calendar year and are required to report to the United States Department of the Treasury or to the Department of Homeland Security the removal of tobacco products into domestic commerce under the Revenue Code or are required to pay taxes under chapter 52 of such code.

(b)(1) Such entities must provide to CCC’s point of contact:

(i) Entity name; mailing address of the entity’s principal place of business; an office or individual that CCC may
contact for further information; an e-mail address and postal address at which they wish to receive notifications required by the Act to be made to them by CCC; and

(ii) On a monthly basis for each class of tobacco, the total amount of tobacco products, summarized by employer identification number or such other method as may be prescribed by CCC, that are required to be reported to the United States Department of the Treasury or to the Department of Homeland Security in each month beginning October 1, 2004, and ending September 30, 2014.

(2) The information required to be submitted to CCC under paragraph (b)(1) of this section must be submitted by:

(i) With respect to fiscal year 2005 activities occurring prior to February 10, 2005, by February 25, 2005; and

(ii) With respect to all other activities, on the same date the information was required to be submitted to the United States Department of the Treasury or to the Department of Homeland Security.

§ 1463.7 Division of class assessment to individual entities.

(a) In order to determine the assessment owed by an entity, that portion of the national assessment assigned to each class of tobacco will be further divided at the entity level. The amount of the assessment for each class of tobacco to be paid by each domestic manufacturer and importer of tobacco products will be determined by multiplying:

(1) With respect to each class of tobacco, the adjusted market share of such manufacturer or importer; by

(2) The total amount of the assessment for that class of tobacco for the calendar year quarter.

(b) For purposes of determining the volume of domestic sales of each class of tobacco products and for each entity, such sales shall be based upon the reports filed by domestic manufacturers and importers of tobacco with the Department of Treasury and the Department of Homeland Security and shall correspond to the quantity of the tobacco product that is removed into domestic commerce by each such entity:

(1) For cigarettes and cigars, on the number of cigarettes and cigars reported on such reports;

(2) For all other classes of tobacco, on the number of pounds of those products.

(c) In determining the adjusted market share of each manufacturer or importer of a class of tobacco products, except for cigars, CCC will determine to the fourth decimal place an entity’s share of excise taxes paid of that class of tobacco product during the immediately prior calendar year quarter. With respect to cigars, CCC will determine the adjusted market share for each manufacturer or importer of a class of tobacco products based on the number of such products removed into domestic commerce.

(d) The amount of a quarterly assessment owed by a domestic manufacturer or importer of tobacco products that must be remitted to CCC by the end of a calendar year quarter is based upon the application of the manufacturer’s or importer’s adjusted market share to the amount of the national assessment that has been allocated to one of the six specified tobacco product sectors under §1463.5. As provided in §1463.3, this adjusted market share is determined by the actions of such manufacturer or importer in a prior calendar year quarter. Accordingly, this amount must be remitted to CCC whether or not the manufacturer or importer is engaged in the removal of tobacco or tobacco products into commerce in the calendar year quarter in which it receives notification of the amount of assessment owed to CCC.

§ 1463.8 Notification of assessments.

(a) Once CCC has determined a national assessment, CCC will collect that amount on a quarterly basis from all domestic manufacturers and importers of tobacco products subject to §1463.5.

(b) 30 calendar days prior to the end of each calendar year quarter domestic manufacturers and importers of tobacco products will receive notification of:

If prior to 30 calendar days before the end of a calendar year quarter CCC has not notified an entity of the amount that is required to be remitted in that quarter, no interest will be assessed by CCC under paragraph (d) of this section until 30 calendar days have elapsed from the date CCC provided notification of the amount owed.

(b) Payments due under this subpart must be submitted to CCC by electronic fund transfer unless prior written approval has been obtained from CCC.

(c) The final two calendar year quarterly payments due to CCC under this part shall be due to CCC on September 30, 2014.

(d) Notwithstanding any other provision of this chapter, if CCC has not received payment of assessments determined to be owed at the end of a calendar year quarter, CCC will assess interest on such unpaid amount beginning on the first day of the calendar year quarter immediately following the end of such prior quarter. Such interest will be at the rate CCC assesses on delinquent debts in accordance with part 1403 of this title.

(e) With respect to funds placed in escrow that are refunded to the domestic manufacturer or importer of tobacco products due to the resolution of an appeal, interest will be paid on such amount from the date of receipt by CCC until the date of the refund. Such civil penalty will be imposed by CCC taking into account the severity of the action; whether the action is of a repetitive nature; and the disruption the action has caused with respect to other parties subject to this subpart. Any such civil penalty will not exceed two percent of the value of the kind of tobacco products manufactured or imported by such entity in the fiscal year in which the violation occurred.

§ 1463.11 Appeals and judicial review.

(a) An entity may appeal any adverse determination made under this subpart, including with respect to the amount of the assessment, by submitting a written statement that sets forth the basis of the dispute by submitting such a request to the Executive Vice President, CCC, at 1400 Independence Avenue, SW., Room 4080-S, Washington DC 20250-0514, within 30 business days of the date of receipt of the notification by CCC of its determination.

(b) The Executive Vice President shall assign a person to act as the hearing officer on behalf of CCC. The duty of the hearing officer will be to develop an administrative record that will provide the Executive Vice President, or a designee, with sufficient information to render a final determination on the matter in dispute. The hearing to be conducted by the hearing officer will be an informal hearing at which the appellant may present oral and written evidence in support of the appellant’s position. A copy of the rules of conduct that will be applicable to the proceeding will be provided to the appellant upon receipt of the appeal by CCC.

(c) With respect to any appeal filed under this section regarding an assessment imposed on a domestic manufacturer or importer of tobacco products, the rules of conduct will provide that within 30 calendar days of receiving the final submission of material by the appellant, CCC will render a final administrative decision. In the event CCC has not rendered a decision by such date, all administrative remedies available to the appellant shall be deemed to be exhausted.

(d) Any domestic manufacturer or importer of tobacco products aggrieved by a determination made by CCC under this subpart may seek review of the determination upon the exhaustion of the administrative remedies provided by this part in the United States District Court for the District of Columbia, or for the district in which such importer or manufacturer has its principal place of business.

§ 1463.105 Base quota levels for eligible quota holders.

(a) The BQL is determined separately for each kind of tobacco for each farm for which a 2004 basic marketing year quota was established under part 723 of this title. Any marketing quota assigned by FSA to a new farm in 2003 or 2004, other than through transfer from another farm, shall not be considered when determining the BQL.

(b) For burley tobacco quota holders BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

1. Farm BQL. The 2004 basic quota, multiplied by the BQL adjustment factor 1.071295. (NOTE: The factor adjusts the 2004 basic quota to the 2002 basic quota level.)

2. Quota holder BQL. The farm BQL multiplied by the quota holder’s ownership share in the farm. (NOTE: In the case of undivided tract ownership, BQL must be distributed among the tract quota holders by the tract owners.)

(c) For flue-cured tobacco quota holders the BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

(d) For quota holders of all other kinds of tobacco the BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

1. Farm BQL. The basic allotment established for the farm in 2002 multiplied by the county average production yield. The following NASS yields are to be used for any county without production:

   (iii) The parties to the agreement are unable to agree to the disposition of the contract payment to be made with respect to the farm.

(f) Any tobacco marketing quota preserved under part 1410 of this chapter as the result of the enrollment of a farm in the Conservation Reserve Program shall be included in the determination of the BQL of the farm.

§ 1463.106 Base quota levels for eligible tobacco producers.

(a) BQL is determined separately, for each of the years 2002, 2003 and 2004, for each kind of tobacco and for each farm for which a 2002 farm marketing quota had been established under part 723 of this title.

(b) The BQL for producers of burley tobacco is established as follows:
§ 1463.106

(1) The 2002-crop year BQL for burley producers is the 2002 effective quota pounds actually marketed, adjusted for disaster lease and transfer, and considered-planted undermarketings and overmarketings. The BQL is then multiplied by the producer's share in the 2002 crop to determine the producer's 2002 BQL. Adjustments for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:

(i) Disaster-leased pounds are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm;

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.12486 has been applied to the overmarketed pounds.

(ii) The 2003-crop year BQL for burley producers is the 2003 effective quota pounds actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:

(i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm.

(ii) Considered-planted pounds are added to the farm's actual marketings, and includes only undermarketings that were not part of the farm's 2004 effective quota.

(c) The BQL for producers of flue-cured tobacco is established by year, as follows:

(1) The 2002-crop year BQL for flue-cured producers is the effective 2002 quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings. The BQL is then multiplied by the producer's share in the 2002 crop to determine the producer's 2002 BQL. Adjustments for disaster lease and transfer and considered-planted undermarketings and overmarketings are calculated as follows:

(i) Disaster-leased pounds are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm.

(ii) Considered-planted pounds are added to the farm's actual marketings, and include only undermarketings that

were not part of the farm’s 2003 effective quota.

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.10497 has been applied to the overmarketed pounds.

(2) The 2003-crop year BQL for flue-cured producers is the 2003 effective quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:

(i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm.

(ii) Considered-planted pounds are added to the farm’s actual marketings, and includes only undermarketings that were in not part of the farm’s 2004 effective quota.

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.23457 has been applied to the overmarketed pounds.

§ 1463.107 Payment to eligible quota holders.

(a) The total amount of contract payments that may be made to an eligible quota holder shall be the product obtained by multiplying:

$7.00 per pound × the BQL for the quota holder as determined under §1463.105 for each kind of tobacco

(b) During each of the fiscal years 2005 through 2014, CCC will make a payment to each eligible quota holder in an amount equal to 10 percent of the total amount due under a contract entered into under this subpart, except that in the case an application was filed after June 17, 2005, the applicant will receive only the TTPP payments that have not been made as of the date the contract is approved. However, in order for the contract participant to receive the 2005 TTPP payment an application to enter into a TTPP contract must be filed no later than June 17, 2005. CCC may, in its discretion, extend any deadline set forth in this paragraph. However, CCC will make the FY 2005 payment between June and September of 2005, and subsequent payments will be made in January, to the extent practicable, of each FY.

§ 1463.108 Payment to eligible tobacco producers.

(a) Subject to paragraph (b) of this section, the total amount of contract payments that may be made to an eligible tobacco producer shall be the product obtained by multiplying:

$3.00 per pound × the BQL for the producer determined under §1463.106 for each kind of tobacco

(b) Payments to an eligible producer shall be equal to:

(1) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in all of the 2002, 2003, and 2004 marketing years, 100 percent of the rate specified in paragraph (a) of this section;

(2) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in any two of the 2002, 2003, and 2004 marketing years, 2/3 of the rate specified in paragraph (a) of this section; and

(3) For an eligible producer that produced tobacco that was marketed, or considered by CCC as planted under a marketing quota in any one of the 2002, 2003, and 2004 marketing years, 1/3 of the rate specified in paragraph (a) of this section.
§ 1463.109 Contracts.

(a) CCC will enter into a contract with eligible tobacco quota holders and producers. To the extent a person has filed such a contract with CCC, but a final administrative decision has not been made with respect to such person’s status as an eligible quota holder or tobacco producer prior to the final enrollment date, CCC will enter into such a contract only upon the issuance of a final determination of eligibility and the passing of any deadline for any administrative appeal under parts 780 and 11 of this title.

(b)(1) If contracts or other written claims are provided to CCC by June 3, 2005, by two or more persons with respect to the same tobacco BQL used to calculate a program payment, CCC will not issue such payment until CCC has determined the eligibility status of each claimant.

(2) If CCC has made a payment to a person after June 3, 2005, a person who is not an eligible holder or producer, as identified on FSA records, for such farm, or claims to be an eligible tobacco holder or producer and submits a contract or other written claim with CCC for the same quota used to issue the initial payment, CCC will issue no further payments for such farm until CCC has determined the eligibility status of each person who has submitted a contract or other written claim for such farm and the occurrence of the repayment of the initial payment made by CCC.

§ 1463.110 Misrepresentation and scheme or device.

A person must refund all payments received on all contracts entered into under this subpart, plus interest as determined in accordance with part 1403 of this chapter, and pay to CCC liquidated damages as specified in the contract, if CCC determines the person has:

(a) Erroneously represented any fact affecting a program determination made in accordance with this subpart;

(b) Adopted any scheme or device that tends to defeat the purpose of the program; or

(c) Made any fraudulent representation affecting a program determination made in accordance with this subpart.

§ 1463.111 Offsets and assignments.

(a) TTPP payments made to any person under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the tobacco quota, tobacco marketing allotment, or the farm for which a tobacco quota had been established under part 723 of this title by any creditor or any other person.

(b) The provisions of part 1404 of this title shall not apply to this part.

(c) A quota holder or tobacco producer who is eligible to receive a payment under this part may assign a payment, or a portion thereof, to be made under this part to another person using the correct CCC form. Such an assignment will become effective upon approval by CCC. In order to provide for the orderly issuance of payments under this part, CCC may limit, in its sole discretion, the number of assignments that may be made with respect to a contract.

(d)(1) CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. Unless there is consideration for such contract in an amount equal to or greater than the
discounted value of the payments, subject to the assignment, based on the discount rate established for such payments by CCC, CCC will not approve any assignment other than to:

(i) A family member; or

(ii) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner’s consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.

(2) The discount rate established by CCC will be determined by adding 200 basis points to the prime lending rate, as determined by CCC. If this sum is a fraction of a number, CCC will round the discount rate to the nearest whole number. Rounding of a half percent will be to the next higher whole number.

(e) CCC will issue a payment to an assignee only to the extent and amount of payment that CCC would otherwise have issued to the quota holder or producer in the absence of the assignment. In accordance with part 1403 of this title, any claim owed by the assignor to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the assignee.

(f) CCC will report to the Internal Revenue Service any payment assigned under this section as income earned by the assignee.

§ 1463.112 Successor in interest contracts.

(a) A quota holder or tobacco producer who is eligible to receive a payment under this part, and for whom a claim has not been established by the United States, may enter into a successor in interest contract with another party using the correct CCC form. Such successor in interest contract will become effective upon approval by CCC, and will not include the 2005 payment. Only one such successor in interest contract may be entered into by a quota holder or tobacco producer with respect to a farm for each kind of tobacco.

(b) Annually, CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. This discount rate will be determined as provided in §1463.111(d)(2). Unless there is consideration for such contract in an amount equal to or greater than the discounted value of the payments, subject to the successor in interest or contract, based on the discount rate established for such payments by CCC, CCC will not approve any succession in interest contract other than to:

(1) A family member; or

(2) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner’s consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.

(c) CCC will issue a payment, except the 2005 payment, to a successor party only if such party is otherwise in compliance with all other applicable regulations, which includes for successors to producer contracts only the wetlands and highly erodible land provisions of part 12 of this chapter. In accordance with part 1403 of this title, any claim owed by the successor party to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the successor party.

(d) CCC will report to the Internal Revenue Service any payment made under a successor in interest contract as income earned by the successor party.

§ 1463.113 Issuance of payments in event of death.

If a quota holder or tobacco producer who is eligible to receive a payment under this subpart dies, the right to receive payments shall be transferred to the estate of the quota holder or tobacco producer unless such person is survived by a spouse or one or more dependents, in which case the right to receive the payments shall be transferred to the surviving spouse.
§ 1463.114 Appeals.

A person may obtain reconsideration and review of any adverse determination made under this subpart in accordance with the appeal regulations found at parts 11 and 780 of this title.

Subpart C—Miscellaneous Provisions

§ 1463.201 Refunds of importer assessments.

Assessments paid on imported flue-cured or burley tobacco under sections 106A and 106B of the Agricultural Act of 1949 with respect to imports in the 2004 and prior marketing years may be refunded by CCC in accordance with the provisions of 7 CFR 1464.105 that were in effect prior to March 30, 2005, so long as such request for refunds are filed in accordance with such part no later than:

(a) August 1, 2005 for flue-cured tobacco; and

(b) November 1, 2005 for burley tobacco.

Subpart A—General Provisions

§ 1465.1 Purposes and applicability.

Through the Agricultural Management Assistance program (AMA), the Natural Resources Conservation Service (NRCS) provides financial assistance funds annually to producers in 16 statutorily designated States to: Construct or improve water management structures or irrigation structures; plant trees to form windbreaks or to improve water quality; and mitigate risk through production diversification or resource conservation practices including soil erosion control, integrated pest management, or the transition to organic farming. AMA is applicable in Connecticut, Delaware, Hawaii, Maine, Maryland, Massachusetts, Nevada, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Utah, Vermont, West Virginia, and Wyoming.

§ 1465.2 Administration.

(a) Administration and implementation of AMA’s conservation provisions for the Commodity Credit Corporation (CCC) is assigned to NRCS, using the funds, facilities, and authorities of the CCC. Accordingly, where NRCS is mentioned in this part, it also refers to the CCC’s funds, facilities, and authorities, where applicable.

(b) NRCS will:

(1) Provide overall management and implementation leadership for AMA;

(2) Establish policies, procedures, priorities, and guidance for implementation;

(3) Establish payment limits;

(4) Determine eligible practices;

(5) Develop and approve AMA plans of operation and contracts with selected participants;
(6) Provide technical leadership for implementation, quality assurance, and evaluation of performance;
(7) Make AMA allocation and contract funding decisions; and
(8) Issue payments for completed conservation practices.

(c) No delegation in this part to lower organizational levels will preclude the Chief of NRCS from determining any issues arising under this part or from reversing or modifying any determination made under this part.

§ 1465.3 Definitions.

The following definitions apply to this part and all documents used in accordance with this part, unless specified otherwise:

Agricultural land means cropland, grassland, rangeland, pasture, and other agricultural land on which agricultural or forest-related products or livestock are produced. Other agricultural lands may include cropped woodland, marshes, incidental areas included in the agricultural operation, and other types of agricultural land used for production of livestock.

Agricultural operation means a parcel or parcels of land whether contiguous or noncontiguous, which the producer is listed as the operator or owner/operator in the Farm Service Agency (FSA) record system, which is under the effective control of the producer at the time the producer applies for a contract, and which is operated by the producer with equipment, labor, management and production, forestry, or cultivation practices that are substantially separate from other operations.

(2) Encompass all portions of an agricultural operation receiving AMA assistance;
§ 1465.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the O&M agreement that addresses the operation and maintenance of the conservation practices applied under the contract.

(b) NRCS expects the participant to operate and maintain each conservation practice installed under the contract for its intended purpose for the conservation practice lifespan as specified in the O&M agreement.

(c) NRCS may periodically inspect the conservation practice(s) during the contract duration to ensure that operation and maintenance requirements are being carried out, and that the conservation practice is fulfilling its intended objectives.

(d) Conservation practices installed before the contract execution, but included in the contract to obtain the environmental benefits agreed upon, must be operated and maintained as specified in the contract and O&M agreement.

(e) If NRCS finds during the contract that a participant is not operating and maintaining practices in an appropriate manner, NRCS may terminate and request a refund of payments made for that conservation practice under the contract.

§ 1465.25 Contract violations and termination.

(a) If NRCS determines that a participant is in violation of the terms of a contract, O&M agreement, or other documents incorporated into the contract, NRCS will give the participant notice and 60 days, unless otherwise determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, the State Conservationist may terminate the AMA contract.

(b) Notwithstanding the provisions of (a) of this section, a contract termination will be effective immediately upon a determination by the State Conservationist that the participant has submitted false information or filed a false claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of §1465.35, or in a case in which the actions of the
party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract, the participant will forfeit all rights to future payments under the contract and refund all or part of the payments received, plus interest. Participants violating AMA contracts may be determined ineligible for future NRCS-administered conservation program funding.

(1) The State Conservationist may require only a partial refund of the payments received if the State Conservationist determines that a previously installed conservation practice can function independently and is not affected by the violation or the absence of other conservation practices that would have been installed under the contract.

(2) If NRCS terminates a contract due to breach of contract, or the participant voluntarily terminates the contract before any contractual payments have been made, the participant will forfeit all rights for further payments under the contract and will pay such liquidated damages as prescribed in the contract. The State Conservationist will have the option to waive the liquidated damages depending upon the circumstances of the case.

(i) When making all contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the existence of hardships beyond the participant’s control that have prevented compliance with the contract. If the participant claims hardship, that claim must be well documented and cannot have existed when the applicant applied for participation in the program.

(ii) The participant may voluntarily terminate a contract if NRCS agrees based on NRCS’ determination that termination is in the public interest.

(iii) In carrying out NRCS’ role in this section, NRCS may consult with the local conservation district.
§ 1465.33 Equitable relief.

(a) If a participant relied upon the advice or action of any authorized NRCS representative and did not know, or have reason to know, that the action or advice was improper or erroneous, the participant may be eligible for equitable relief under 7 CFR part 635, section 635.3. The financial or technical liability for any action by a participant that was taken based on the advice of an NRCS certified TSP is the responsibility of the certified TSP and will not be assumed by NRCS when NRCS authorizes payment.

(b) If a participant has been found in violation of a provision of the AMA contract or any document incorporated by reference through failure to comply fully with that provision, the participant may be eligible for equitable relief under 7 CFR part 635, section 635.4.

§ 1465.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any participant will be made without regard to questions of Title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 will be applicable to contract payments.

(b) AMA participants may assign any payments in accordance with 7 CFR part 1404.

§ 1465.35 Misrepresentation and scheme or device.

(a) A participant who is determined to have erroneously represented any fact affecting an AMA determination made in accordance with this part will not be entitled to contract payments and must refund to NRCS all payments plus interest, as determined in accordance with 7 CFR part 1403.

(b) A participant will refund to NRCS all payments, plus interest, as determined by NRCS with respect to all NRCS contracts to which they are a party if they are determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of AMA;

(2) Made any fraudulent representation;

(3) Adopted any scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program; or

(4) Misrepresented any fact affecting an AMA determination.

(c) Where paragraph (a) or (b) of this section applies, the participant’s interest in all contracts will be terminated. In accordance with §1465.25(c), NRCS may determine the producer ineligible for future funding from any NRCS conservation programs.

§ 1465.36 Environmental services credits for conservation improvements.

NRCS recognizes that environmental benefits will be achieved by implementing conservation practices funded through AMA, and that environmental credits may be gained as a result of implementing activities compatible with the purposes of an AMA contract. NRCS asserts no direct or indirect interest on these credits. However, NRCS retains the authority to ensure that operation and maintenance requirements for AMA-funded improvements are met, consistent with §1465.21 and §1465.22. Where activities may impact the land under an AMA contract, participants are highly encouraged to request an operation and maintenance compatibility determination prior to entering into any credit agreements. The AMA conservation program contract may be modified in accordance with policies outlined in §1465.24 provided the modifications meet AMA purposes and are in compliance with this part.

PART 1466—ENVIRONMENTAL QUALITY INCENTIVES PROGRAM

Subpart A—General Provisions

Sec. 1466.1 Applicability.
1466.2 Administration.
1466.3 Definitions.
1466.4 National priorities.
1466.5 National allocation and management.
1466.6 State allocation and management.
§ 1466.1 Applicability.

(a) The purposes of the Environmental Quality Incentives Program (EQIP) are to promote agricultural production, forest management, and environmental quality as compatible goals, and to optimize environmental benefits. Through EQIP, the Natural Resources Conservation Service (NRCS) provides assistance to eligible farmers and ranchers to address soil, water, and air quality, wildlife habitat, surface and groundwater conservation, energy conservation, and related natural resource concerns. EQIP’s financial and technical assistance helps producers comply with environmental regulations and enhance agricultural and forested lands in a cost-effective and environmentally beneficial manner. The purposes of the program are achieved by planning and implementing conservation practices on eligible land.

(b) EQIP is available in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

§ 1466.2 Administration.

(a) The funds, facilities, and authorities of the Commodity Credit Corporation (CCC) are available to NRCS for carrying out EQIP. Accordingly, where NRCS is mentioned in this Part, it also refers to the CCC’s funds, facilities, and authorities where applicable.

(b) NRCS supports “locally led conservation” by using State Technical Committees at the State level and local working groups at the county or parish level to advise NRCS on issues relating to the EQIP implementation such as:

(1) Identification of priority resource concerns;

(2) Identification of which conservation practices should be eligible for financial assistance; and

(3) Establishment of payment rates.

(c) No delegation in this Part to lower organizational levels shall preclude the Chief from making any determinations under this Part, or from reversing or modifying any determination made under this Part.

(d) NRCS may enter into agreements with other Federal or State agencies, Indian tribes, conservation districts, units of local government, public or private organizations, and individuals to assist NRCS with implementation of the program in this Part.

Nonindustrial private forest land means rural land, as determined by the Secretary, that has existing tree cover or is suitable for growing trees; and is owned by any nonindustrial private individual, group, association, corporation, Indian Tribe, or other private legal entity that has definitive decision-making authority over the land.

Operation and maintenance means work performed by the participant to keep the applied conservation practice functioning for the intended purpose during the conservation practice lifespan. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Operation and maintenance (O&M) agreement means the document that, in conjunction with the EQIP plan of operations, specifies the operation and maintenance responsibilities of the participant for conservation practices installed with EQIP assistance.
§ 1466.4 National priorities.

(a) The following national priorities, consistent with statutory resource concerns that include soil, water, wildlife,
Commodity Credit Corporation, USDA

§ 1466.6

air quality, and related resource concerns, will be used in EQIP implementation:

(1) Reductions of nonpoint source pollution, such as nutrients, sediment, pesticides, or excess salinity in impaired watersheds consistent with total maximum daily loads (TMDLs) where available; the reduction of surface and groundwater contamination; and the reduction of contamination from agricultural point sources, such as concentrated animal feeding operations;

(2) Conservation of ground and surface water resources;

(3) Reduction of emissions, such as particulate matter, nitrogen oxides, volatile organic compounds, and ozone precursors and depleters that contribute to air quality impairment violations of National Ambient Air Quality Standards;

(4) Reduction in soil erosion and sedimentation from unacceptable levels on agricultural land; and

(5) Promotion of at-risk species habitat conservation.

(b) In consultation with other Federal agencies, NRCS will undertake periodic reviews of the national priorities and the effects of program delivery at the State and local level to adapt the program to address emerging resource issues. NRCS will:

(1) Use the national priorities to guide the allocation of EQIP funds to the NRCS State offices,

(2) Use the national priorities in conjunction with State and local priorities to assist with prioritization and selection of EQIP applications, and

(3) Periodically review and update the national priorities utilizing input from the public and affected stakeholders to ensure that the program continues to address priority resource concerns.

§ 1466.5 National allocation and management.

The Chief allocates EQIP funds to the State Conservationists to implement EQIP at the State and local level. In order to optimize the overall environmental benefits over the program duration, the Chief will:

(a) Use an EQIP fund allocation formula that reflects national priorities and that uses available natural resource and resource concerns data to distribute funds to the State level. This procedure will be updated periodically to reflect adjustments to national priorities and information about resource concerns and program performance. The data used in the allocation formula will be updated as they become available.

(b) Provide a performance incentive to NRCS in States that demonstrate a high level of program accomplishment in implementing EQIP. The Chief shall consider factors such as strategically planning EQIP implementation, effectively addressing national priorities and measures, State and local resource concerns, the program delivery effectiveness, the use of TSPs, and the number of contracts with historically underserved producers.

(c) Establish State level EQIP performance goals based on national, regional, and State priorities.

(d) Ensure that national, State and local level information regarding program implementation such as resource priorities, eligible practices, ranking processes, payment schedules, fund allocation, and program achievements are made available to the public.

(e) Consult with other Federal agencies with the appropriate expertise and information when evaluating the considerations described in this section.

(f) Authorize the State Conservationist, with advice from the State Technical Committee and local working groups, to determine how funds will be used and how the program will be administered to achieve national priorities in each State.

(g) Utilize assessment, evaluation, and accountability procedures based on actual natural resource and environmental outcomes and results.

§ 1466.6 State allocation and management.

The State Conservationist will:

(a) Identify State priority resource concerns, with the advice of the State Technical Committee, which directly contribute toward meeting national priorities and measures, and will use NRCS's accountability system and other accountability tools to establish local level goals and treatment objectives;
(b) Identify, as appropriate and necessary, designated conservationists who are NRCS employees that are assigned the responsibility to administer EQIP in specific areas; and
(c) Use the following to determine how to manage EQIP and how to allocate funds within a State:
   (1) The nature and extent of priority resource concerns at the State and local level;
   (2) The availability of human resources, incentive programs, educational programs, and on-farm research programs from public, private, and Tribal sources, to assist with the activities related to the priority resource concerns;
   (3) The existence of multi-county and/or multi-State collaborative efforts to address regional priority resource concerns;
   (4) Program performance and results;
   (5) The degree of difficulty that producers face in complying with environmental laws; and
   (6) The presence of additional priority resource concerns and specialized farming operations, including but not limited to, specialty crop producers, organic producers, and small-scale farms.

§ 1466.7 Outreach activities.
NRCS will establish program outreach activities at the national, State, and local levels in order to ensure that producers whose land has environmental problems and priority resource concerns are aware and informed that they may be eligible to apply for program assistance. Special outreach will be made to eligible producers with historically low participation rates, including but not restricted to, limited resource, socially disadvantaged, small-scale, or beginning farmers or ranchers, Indian Tribes, Alaska Natives, and Pacific Islanders.

§ 1466.8 Program requirements.
(a) Program participation is voluntary. The applicant must develop an EQIP plan of operations for the agricultural or nonindustrial private forest land to be treated that serves as the basis for the EQIP contract. NRCS provides participants with technical assistance and payments to plan and apply needed conservation practices.
(b) To be eligible to participate in EQIP, an applicant must:
   (1) Be in compliance with the highly erodible land and wetland conservation provisions found at part 12 of this title;
   (2) Have an interest in the agricultural operation as defined in part 1400 of this chapter;
   (3) Have control of the land for the term of the proposed contract period;
      (i) The Chief may determine that land administered by the Bureau of Indian Affairs (BIA), Indian land, or other such circumstances provides sufficient assurance of control,
      (ii) If the applicant is a tenant of the land involved in agricultural production or forestry management, the applicant shall provide the Chief with the written concurrence of the landowner in order to apply a structural conservation practice,
   (4) Submit an EQIP plan of operations or plan developed for the purposes of acquiring an air or water quality permit, provided these plans contain elements equivalent to those elements required by an EQIP plan of operations and are acceptable to the State Conservationist as being consistent with the purposes of the program;
   (5) Supply information, as required by NRCS, to determine eligibility for the program, including but not limited to, information to verify the applicant’s status as a limited resource, beginning farmer or rancher, and payment eligibility as established by part 1400 of this chapter; and
   (6) Provide a list of all members of the legal entity and embedded entities along with members’ tax identification numbers and percentage interest in the entity. Where applicable, American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.
(c) Eligible land includes agricultural land and nonindustrial private forest land, and other land on which agricultural products, livestock, or forest-related products are produced and resource concerns may be addressed. Other agricultural lands include cropped woodland, marshes, incidental
areas included in the agricultural operation, and other types of agricultural land used for production of livestock. However, land may be considered for enrollment in EQIP only if NRCS determines that the land is:
(1) Privately owned land;
(2) Publicly owned land where:
   (i) The land is a working component of the participant’s agricultural and forestry operation, and
   (ii) The participant has control of the land for the term of the contract, and
   (iii) The conservation practices to be implemented on the public land are necessary and will contribute to an improvement in the identified resource concern; or
(3) Indian land.
(d) Sixty percent of available EQIP financial assistance will be targeted to conservation practices related to livestock production, including practices on grazing lands and other lands directly attributable to livestock production, as measured at the national level.
(e) NRCS will establish a national target to set aside five percent of EQIP funds for socially disadvantaged farmers or ranchers and an additional five percent of EQIP funds for beginning farmers or ranchers.

§ 1466.9 EQIP plan of operations.
(a) All conservation practices in the EQIP plan of operations must be approved by NRCS and developed and carried out in accordance with the applicable NRCS technical guidance.
(b) The participant is responsible for implementing the EQIP plan of operations.
(c) The EQIP plan of operations must include:
   (1) A description of the participant’s specific conservation and environmental objectives to be achieved;
   (2) To the extent practicable, the quantitative or qualitative goals for achieving the participant’s conservation, natural resource, and environmental objectives;
   (3) A description of one or more conservation practices in the conservation management system, including conservation planning, design, or installation activities, to be implemented to achieve the conservation and environmental objectives;
   (4) A description of the schedule for implementing the conservation practices, including timing, sequence, operation, and maintenance; and
   (5) Information that will enable evaluation of the effectiveness of the plan in achieving the environmental objectives.
(d) If an EQIP plan of operations includes an animal waste storage or treatment facility, the participant must agree to develop and implement a CNMP or demonstrate to the satisfaction of the designated conservationist that a CNMP has been implemented.
(e) If an EQIP plan of operations addresses forestland, the participant must develop and implement a forest management plan.
(f) A participant may receive assistance to implement an EQIP plan of operations for water conservation only if the assistance will facilitate a reduction in ground and surface water use on the agricultural operation, unless the producer is participating in a watershed-wide project, as approved by the State Conservationist, which will effectively conserve water in accordance with §1466.20.

Subpart B—Contracts and Payments

§ 1466.10 Conservation practices.
(a) NRCS will determine the conservation practices for which participants may receive program payments. A list of eligible practices will be available to the public.
(b) Payments will not be made to a participant for a conservation practice that either the applicant or another producer has applied prior to application for the program. Payments will not be made for a conservation practice that has been initiated or implemented prior to contract approval, unless a waiver was granted by the State Conservationist or designated conservationist prior to the practice implementation.
(c) A participant will be eligible for payments for water conservation and
irrigation related conservation practices only on land that has been irrigated for two of the last five years prior to application for assistance.

(d) Where new technologies or management approaches that provide a high potential for optimizing environmental benefits have been developed, NRCS may approve interim conservation practice standards that incorporate the new technologies and provide financial assistance for pilot work to evaluate and assess the performance, efficiency, and effectiveness of the new technology or management approach.

[74 FR 2313, Jan. 15, 2009]

§ 1466.11 Technical services provided by qualified personnel not affiliated with USDA.

(a) NRCS may use the services of qualified TSPs in performing its responsibilities for technical assistance.

(b) Participants may use technical services from qualified personnel of other Federal, State, and local agencies, Indian Tribes, or individuals who are certified as TSPs by NRCS.

(c) Technical services provided by qualified personnel not affiliated with USDA may include, but are not limited to: conservation planning; conservation practice survey, layout, design, installation, and certification; and information; education; and training for producers.

(d) NRCS retains approval authority of work done by non-NRCS personnel for the purpose of approving EQIP payments.

[74 FR 2313, Jan. 15, 2009]

§ 1466.20 Application for contracts and selecting applications.

(a) In evaluating EQIP applications, the State Conservationist or designated conservationist, with advice from the State Technical Committee or local working group, takes into account the following guidelines:

(i) Any producer who has eligible land may submit an application for participation in EQIP. Applications are accepted throughout the year. Producers who are members of a joint operation may file a single application for the joint operation.

(ii) The State Conservationist, to the greatest extent practicable, will group applications of similar crop, forestry, and livestock operations for evaluation purposes.

(iii) The State Conservationist will evaluate applications within each established grouping.

(b) In selecting EQIP applications, the State Conservationist or designated conservationist, with advice from the State Technical Committee or local working group, may establish ranking pools to address a specific resource concern, geographic area, or agricultural operation type or develop a ranking process to prioritize applications for funding that address national, State, and local priority resource concerns, taking into account the following guidelines:

(i) The State Conservationist or designated conservationist will periodically select the highest ranked applications for funding based on applicant eligibility, fund availability, and the NRCS ranking process. The State Conservationist or designated conservationist will rank all applications according to the following factors:

(ii) The degree of cost-effectiveness of the proposed conservation practices;

(iii) The magnitude of the expected environmental benefits resulting from the conservation treatment and the priority of the resource concerns that have been identified at the local, State, and national levels;

(iv) How effectively and comprehensively the project addresses the designated resource concern or resource concerns;

(v) Use of conservation practices that provide long-term environmental enhancements;

(vi) Compliance with Federal, State, Tribal, or local regulatory requirements concerning soil, water and air quality; wildlife habitat; and ground and surface water conservation;

(vii) Willingness of the applicant to complete all conservation practices in an expedited manner;

(viii) The ability to improve existing conservation practices or systems, which are in place at the time the application is accepted, or that complete a conservation system;
(viii) Other locally defined pertinent factors, such as the location of the conservation practice, the extent of natural resource degradation, and the degree of cooperation by local producers to achieve environmental improvements.

(2) For applications that include water conservation or irrigation efficiency practices, the State Conservationist will give priority to those applications where:

(i) Consistent with State law in which the producer’s eligible land is located, there is a reduction in water use in the agricultural operation, or where the producer agrees not to use any associated water savings to bring new land under irrigation production, other than incidental land needed for efficient operations.

(ii) A producer who brings new land under irrigated production may be excluded from this latter condition if the producer is participating in a watershed-wide project that will effectively conserve water. The State Conservationist will designate eligible watershed-wide projects that effectively conserve water, using the following criteria:

(A) The project area has a current, comprehensive water resource assessment;

(B) The project plan has demonstrated effective water conservation management strategies; and

(C) The project sponsors have consulted relevant State and local agencies.

(3) If the State Conservationist determines that the environmental values of two or more applications for payments are comparable, the State Conservationist will not assign a higher priority to the application solely because it would present the least cost to the program.

(4) The ranking will not give preferential treatment to applications based on size of the operation.

(5) The ranking process will determine the order in which applications will be selected for funding. The approving authority for EQIP contracts will be the State Conservationist or designee, except that the approving authority for any EQIP contract greater than $150,000 and up to $300,000 will be the appropriate NRCS Regional Assistant Chief.

(6) The State Conservationist will make available to the public all information regarding priority resource concerns, the list of eligible practices, payment rates, and how the EQIP program is implemented in the State.

(74 FR 2313, Jan. 15, 2009)

§ 1466.21 Contract requirements.

(a) In order for a participant to receive payments, the participant must enter into a contract agreeing to implement one or more conservation practices. Technical services may be included in the contract.

(b) An EQIP contract will:

(1) Identify all conservation practices to be implemented, the timing of practice installation, the operation and maintenance requirements for the practices, and applicable payments allocated to the practices under the contract;

(2) Be for a minimum duration of one year after completion of the last practice, but not more than 10 years;

(3) Incorporate all provisions as required by law or statute, including requirements that the participant will:

(i) Not implement any practices within the agricultural or forestry operation that would defeat the program’s purposes;

(ii) Refund any program payments received with interest, and forfeit any future payments under the program, on the violation of a term or condition of the contract, consistent with the provisions of § 1466.26;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations, including operation and maintenance of the EQIP contract’s conservation practices, consistent with the provisions of § 1466.25;

(iv) Implement a comprehensive nutrient management plan when the EQIP contract includes an animal waste management facility;

(v) Implement a forest management plan when the EQIP plan of operations addresses nonindustrial private forest land;
(vi) Supply information as may be required by NRCS to determine compliance with the contract and program requirements;

(vii) Specify the participant’s responsibilities for operation and maintenance of the applied conservation practices, consistent with the provisions of §1466.22; and

(4) Specify any other provision determined necessary or appropriate by NRCS.

(c) The participant must start at least one financially assisted practice within the first 12 months of signing a contract. If a participant, for reasons beyond their control, is unable to start conservation practice within the first year of the contract, the participant can request a waiver from the State Conservationist.

(d) Each contract will be limited to no more than $300,000. The Chief may waive this contract limitation to allow up to $450,000 for projects of special environmental significance that include methane digesters, other innovative technologies, and projects that will result in significant environmental improvements. Projects of special environmental significance must meet the following criteria, as determined by the Chief:

(1) Site-specific evaluation documents have been completed, documenting that the project will have substantial positive impacts on critical resources in or near the project area (e.g., impaired water bodies, at-risk species, drinking water supplies, or air quality attainment);

(2) The project clearly addresses a national priority and State, Tribal, or local priority resource concerns, as applicable; and

(3) The project assists the participant in complying with Federal, State, and local regulatory requirements.

[74 FR 2313, Jan. 15, 2009]

§ 1466.23 Payment rates.

(a) The State Conservationist or designated conservationist will develop a list of conservation practices, eligible for payment under the program, which considers:

(1) The conservation practice cost-effectiveness, implementation efficiency, and innovation,

(2) The degree and effectiveness in treating priority resource concerns,

(3) The number of resource concerns the practice will address,

(4) The longevity of the practice’s environmental benefits,

(5) The conservation practice’s ability to assist producers in meeting regulatory requirements, and

(6) Other pertinent local considerations.

(b) Payment rates will be established by the State Conservationist or designated conservationist, with advice from the State Technical Committee and local working groups.

(c) Determining payment rates. (1) A payment to a producer for performing a practice may not exceed, as determined by the State or designated conservationist:

§ 1466.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the O&M agreement that addresses the operation and maintenance of conservation practices applied under the contract.

(b) NRCS expects the participant to operate and maintain each conservation practice installed under the contract for its intended purpose for the conservation practice lifespan as specified in the O&M agreement.

(c) Conservation practices installed before the contract execution, but included in the contract to obtain the environmental benefits agreed upon, must be operated and maintained as specified in the contract and O&M agreement.

(d) NRCS may periodically inspect the conservation practice during the contract duration as specified in the O&M agreement to ensure that operation and maintenance requirements are being carried out, and that the conservation practice is fulfilling its intended objectives.

(e) If NRCS finds during the contract that a participant is not operating and maintaining practices in an appropriate manner, NRCS may terminate and request a refund of payments made for that conservation practice under the contract.

[74 FR 2313, Jan. 15, 2009]
Commodity Credit Corporation, USDA

§ 1466.24

(a) Except for contracts entered into prior to October 1, 2008, or as provided in paragraph (b) of this section, the total amount of payments paid to a person or legal entity under this Part may not exceed an aggregate of $300,000, directly or indirectly, for all contracts, including prior year contracts, entered into during any 6-year period. For the purpose of applying this requirement, the 6-year period will include those payments made in fiscal years 2009–2014. Payments received for technical assistance shall be excluded from this limitation.

(b) The Chief may waive the $300,000 payment limitation, allowing up to $450,000 per person or legal entity for projects of special environmental significance, as defined in §1466.21(d).

(c) Payments for conservation practices related to organic production to a person or legal entity, directly or indirectly, may not exceed in aggregate $20,000 per year or $80,000 during any 6-year period.

(d) To determine eligibility for payments, NRCS will use the following criteria:

(1) The provisions in part 1400 of this chapter, Payment Limitation and Payment Eligibility, subparts A and G.

(2) States, political subdivisions, and entities thereof will not be considered to be persons or legal entities eligible for payment.

(3) To be eligible to receive an EQIP payment, all legal entities or persons applying, either alone or as part of a joint operation, must provide a tax identification number and percentage interest in the legal entity. In accordance with 7 CFR 1400, an applicant applying as a joint operation or legal entity must provide a list of all members of the legal entity and joint operation and associated embedded entities, along with the members' social security numbers and percentage interest.
in the joint operation or legal entity. Where applicable, American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.

(4) With regard to contracts with Indian tribes or Indians represented by BIA, payments exceeding the payment limitation may be made to the Tribal participant if a BIA or Tribal official certifies in writing that no one individual, directly or indirectly, will receive more than the payment limitation. The Tribal entity must also provide, annually, a listing of individuals and payments made, by social security or tax identification number or other unique identification number, during the previous year for calculation of overall payment limitations. The BIA or Tribal entity must also produce, at the request of NRCS, proof of payments made to the person or legal entity that incurred costs or sacrificed income related to conservation practice implementation.

(5) Any cooperative association of producers that markets commodities for producers will not be considered to be a person eligible for payment.

(6) Eligibility for payments in accordance with part 1400, subpart G of this chapter, average adjusted gross income limitation, will be determined prior to contract approval.

(7) To be eligible for payments for conservation practices related to organic production or the transition to organic production, a participant will develop and implement an organic system plan as defined in §1466.3.

(8) Eligibility for higher payments in accordance with paragraph (b) of this section will be determined at the time of contract approval.

(9) Any participant that utilizes a unique identification number as an alternative to a tax identification number will utilize only that identifier for any and all other EQIP contracts to which the participant is a party. Violators will be considered to have provided fraudulent representation and be subject to full penalties of §1466.35.

(10) A participant will not be eligible for payments for conservation practices on eligible land if the participant receives payments or other benefits for the same practice on the same land under any other conservation program administered by USDA.

(11) The State Conservationist may issue advance payments to historically underserved producers up to 30 percent of the anticipated amount of the costs incurred for the purpose of purchasing materials or services to implement a conservation practice.

(12) Before NRCS will approve and issue final payment, the participant must certify that the conservation practice has been completed in accordance with the contract, and NRCS, or an approved TSP, must certify that the practice has been carried out in accordance with the applicable NRCS technical guidance.

§ 1466.25 Contract modifications and transfers of land.

(a) The participant and NRCS may modify a contract if both parties agree to the contract modification, the EQIP plan of operations is revised in accordance with NRCS requirements, and the contract is approved by the designated conservationist.

(b) It is the participant’s responsibility to notify NRCS when he/she either anticipates the voluntary or involuntary loss of control of the land covered by an EQIP contract.

(c) The participant and NRCS may agree to transfer a contract to another party.

(1) To receive an EQIP payment, the transferee must be determined by NRCS to be eligible to participate in EQIP and must assume full responsibility under the contract, including the O&M agreement for those conservation practices already installed and those conservation practices to be installed as a condition of the contract.

(2) If the transferee is ineligible or refuses to accept future payments, NRCS will terminate the contract and may require the transferor to refund and/or forfeit all payments received.

(d) NRCS may require a participant to refund all or a portion of any financial assistance earned under EQIP if the participant sells or loses control of the land covered by an EQIP contract and the new owner or controller is not
eligible to participate in the program or refuses to assume responsibility under the contract.

(e) In the event a conservation practice fails through no fault of the participant, the State Conservationist may issue payments to re-establish the practice, at the rates established in accordance with §1466.23, provided such payments do not exceed the payment limitation requirements as set forth §1466.24.

[74 FR 2313, Jan. 15, 2009]

§1466.26 Contract violations and terminations.

(a) The State Conservationist may terminate, or by mutual consent with the parties, terminate the contract where:

(1) The parties to the contract are unable to comply with the terms of the contract as the result of conditions beyond their control;

(2) Termination of the contract would, as determined by the State Conservationist, be in the public interest; or

(3) A participant fails to correct a contract violation within the time period defined by NRCS.

(b) If a contract is terminated in accordance with the provisions of paragraphs (a)(1) and (a)(2) of this section, the State Conservationist may allow the participant to retain a portion of any payments received appropriate to the effort the participant has made to comply with the contract, or, in cases of hardship, where forces beyond the participant’s control prevented compliance with the contract. If a participant claims hardship, such claims must be clearly documented and cannot have existed when the applicant applied for participation in the program.

(c) If NRCS determines that a participant is in violation of the terms of a contract, O&M agreement, or documents incorporated by reference into the contract, NRCS shall give the participant a period of time, as determined by NRCS, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, NRCS may terminate the EQIP contract in accordance with §1466.26(e).

(d) Notwithstanding the provisions of paragraph (c) of this section, a contract termination shall be effective immediately upon a determination by NRCS that the participant has submitted false information or filed a false claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of §1466.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(e) If NRCS terminates a contract due to breach of contract, the participant will forfeit all rights to future payments under the contract, pay liquidated damages, and refund all or part of the payments received, plus interest. Participants violating EQIP contracts may be determined ineligible for future NRCS-administered conservation program funding.

(1) NRCS may require a participant to provide only a partial refund of the payments received if a previously installed conservation practice can function independently, is not adversely affected by the violation or the absence of other conservation practices that would have been installed under the contract.

(2) The State Conservationist will have the option to reduce or waive the liquidated damages, depending upon the circumstances of the case.

(i) When terminating a contract, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the existence of hardships beyond the participant’s control that have prevented compliance with the contract. If a participant claims hardship, that claim must be well documented and cannot have existed when the applicant applied for participation in the program.

(ii) In carrying out its role in this section, NRCS may consult with the local conservation district.

(f) The State Conservationist, in consultation with the State Technical Committee, may terminate a contract.
§ 1466.27 Conservation Innovation Grants (CIG).

(a) Definitions. In addition to the terms defined in §1466.3 of this part, the following definitions shall be applicable to this section:

(1) EQIP eligible means any farming entity, land, and practice that meets the definitions of EQIP as defined in 7 CFR 1466.

(2) Grant agreement means a document describing a relationship between NRCS and a State or local government, or other recipient whenever the principal purpose of the relationship is the transfer of a thing of value to a recipient in order to accomplish a public purpose of support or stimulation authorized by Federal law, and substantial Federal involvement is not anticipated.

(3) Grant Review Board consists of the NRCS Deputy Chief for Programs, Deputy Chief for Science and Technology, Deputy Chief for Soil Survey and Resource Assessment, one Regional Assistant Chief, and one State Conservationist. The Review Board makes recommendations for grant awards to the Chief.

(4) Peer Review Panel means a panel consisting of Federal and non-Federal technical advisors who possess expertise in a discipline or disciplines deemed important to provide a technical evaluation of project proposals submitted under this notice.

(5) Project means the activities as defined within the scope of the grant agreement.

(6) Project Director means the individual responsible for the technical direction and management of the project as designated in the application.

(b) Purpose and scope—(1) Purpose. The purpose of CIG is to stimulate the development and adoption of innovative conservation approaches and technologies while leveraging Federal investment in environmental enhancement and protection, in conjunction with agricultural production. Notwithstanding any limitation of this part, NRCS will administer CIG in accordance with this section. Unless otherwise provided for in this section, the provisions of 7 CFR 3015 and related Departmental regulations will be used to administer grants under CIG.

(2) Geographic scope. Applications for CIG are accepted from the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(3) Program scope. Grants will be awarded using a two-tiered process. A nationwide grants competition will be announced in the FEDERAL REGISTER. In addition, at the Chief’s discretion, each State Conservationist may implement a separate State-level component of CIG.

(4) Program focus. Applications for CIG should demonstrate the use of innovative approaches and technologies to leverage Federal investment in environmental enhancement and protection, in conjunction with agricultural production. CIG will fund projects that promote innovative on-the-ground conservation, including pilot projects and field demonstrations of promising approaches or technologies. CIG projects are expected to lead to the transfer of conservation technologies, management systems, and innovative approaches (such as market-based systems) into NRCS technical manuals and guides, or to the private sector. Technologies and approaches eligible for funding in a project’s geographic area through EQIP are not eligible for CIG funding except where the use of those technologies and approaches demonstrates clear innovation. The burden falls on the applicant to sufficiently describe the innovative features of the proposed technology or approach.

(5) Innovative conservation projects or activities. For the purposes of CIG, the proposed innovative project or activity must encompass the development and field testing, evaluation, and implementation of:
Commodity Credit Corporation, USDA  § 1466.27

(i) Conservation adoption incentive systems, including market-based systems; or,

(ii) Promising conservation technologies, practices, systems, procedures, and approaches.

To be given priority consideration, the innovative project or activity:

(iii) Will have been studied sufficiently to indicate a good probability for success;

(iv) Demonstrates, tests, evaluates, or verifies environmental (soil, water, air, plants, and animal) effectiveness, utility, affordability, and usability in the field;

(v) Adapts conservation technologies, practices, systems, procedures, approaches, and incentive systems to improve performance, and encourage adoption;

(vi) Introduces conservation systems, approaches, and procedures from another geographic area or agricultural sector; and

(vii) Adapts conservation technology, management, or incentive systems to improve performance.

(c) Availability of funding. (1) CIG funding will be available for single- or multi-year projects. Funding for CIG will be announced in the Federal Register through a Request for Proposals (RFP). The Chief will determine the funding level for CIG on an annual basis. Funds for CIG are derived from funds made available for EQIP. The Chief may establish funding limits for individual grants.

(2) Selected applicants may receive grants of up to 50 percent of the total project cost. Applicants must provide non-Federal funding for at least 50 percent of the project cost, of which up to one-half (25 percent of total project cost) may be from in-kind contributions. An exception regarding matching funds may be made for grants that are awarded to either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Up to 75 percent of the required matching funds for these projects may derive from in-kind contributions.

(3) CIG is designed to provide financial assistance to grantees. Procurement of any technical assistance required to carry out a project is the responsibility of the grantee. Technical oversight for grant projects will be provided by a Federal grant representative, who will be designated by NRCS.

(4) There are some costs that grantees may not cover using CIG funds, such as costs incurred prior to the effective date of the grant, entertainment costs, any indirect cost exceeding fifteen percent, or renovation or refurbishment of facilities. A detailed list of costs not allowed will be published in the Request for Proposals.

(d) Natural resource conservation concerns. CIG applications must describe the use of innovative approaches or technologies to address a natural resource conservation concern or concerns. The natural resource concerns for CIG will be identified by the Chief, and may change each year. The natural resource concerns will be published in the RFP.

(e) Eligibility information—(1) Organization or individual eligibility. To be eligible, CIG applicants must be an Indian Tribe; State or local unit of government; non-governmental organization; or individual.

(2) Project eligibility. To be eligible, projects must involve landowners who meet the eligibility requirements of §1466.8(b)(1) through (3) of this part. Further, all agricultural producers receiving a direct or indirect payment through participation in a CIG project must meet those eligibility requirements.

(3) Beginning and Limited Resource Farmers and Ranchers, and Indian Tribes. Up to 10 percent of the total funds available for CIG may be set-aside for applications from either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Funds not awarded from the set-aside pool will revert back into the general CIG funding pool.

(f) Application and submission information. The CIG RFP will contain guidance on how to apply for the grants competition. CIG will be advertised through the Federal Register, the NRCS Web site, and grants.gov. Grant applications will be available on the NRCS Web site, or by contacting NRCS
CIG grant applications will consist of standard cover sheet and budget forms, in addition to a narrative project description and required legal declarations and certifications.

(g) Application review and grant awards. Complete applications will be evaluated by a peer review panel and scored based on the Criteria for Proposal Evaluation identified in the RFP. Scored applications will be forwarded to a Grant Review Board. The Grant Review Board will make recommendations for awards to the Chief. Final award selections will be made by the Chief. Grant awards will be made by the NRCS National Office after selection of the grantees is made and after the grantee agrees to the terms and conditions of the NRCS Grant document.

(h) State component. (1) At the discretion of the Chief, each State Conservationist has the option of implementing a State-level CIG component. A State program will follow the requirements of this section, except for those features described in this paragraph (h).

(2) Funding availability, application, and submission information for State competitions will be announced through public notices (and on the State NRCS Web site), separately from the national program. The State component will emphasize projects that cover limited geographic areas, including individual farms, multi-county areas, or small watersheds.

(3) The State Conservationist will determine the funding level for the grants competition, with individual grants not to exceed $75,000.

(4) The State Conservationist may choose to adhere to the CIG national natural resource concerns, or may select a subset of those concerns that more closely match the natural resource concerns in his or her State.

(5) Applications will be scored by the State Technical Committee, or a subcommittee thereof, based on the national Criteria for Proposal Evaluation published in the CIG RFP. Scored applications will be forwarded to the State Conservationist, who will make the award selections.

(6) In addition to abiding by the in-kind contribution exception for Limited Resource and Beginning Farmers and Ranchers, and Indian Tribes in paragraph (c)(2) of this section, the State Conservationist in each participating State will determine if and how to provide additional special consideration to underserved groups.

(i) Grant agreement. The CCC, through NRCS, will use a grant agreement with selected grantees to document participation in CIG.

(j) Patents and inventions. Allocation of rights to patents and inventions shall be in accordance with USDA regulation 7 CFR 3019.36. This regulation provides that small businesses normally may retain the principal worldwide patent rights to any invention developed with USDA support. In accordance with 7 CFR 3019.2, this provision will also apply to commercial organizations for the purposes of CIG. USDA receives a royalty-free license for Federal Government use, reserves the right to require the patentee to license others in certain circumstances, and requires that anyone exclusively licensed to sell the invention in the United States must normally manufacture it domestically.

(k) Violations. A person found in violation of this section is subject to the provisions contained in 7 CFR part 3015 and related Departmental regulations.

§ 1466.30 Appeals.

A participant may obtain administrative review of an adverse decision under EQIP in accordance with parts 11 and 614 of this title. Determination in matters of general applicability, such as payment rates, payment limits, the designation of identified priority resource concerns, and eligible conservation practices are not subject to appeal.
Commodity Credit Corporation, USDA § 1466.35

§ 1466.31 Compliance with regulatory measures.
Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, permits, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant’s performance under the contract.

§ 1466.32 Access to operating unit.
Any authorized NRCS representative shall have the right to enter an agricultural operation or tract for the purposes of determining eligibility and for ascertaining the accuracy of any representations related to contract performance. Access shall include the right to provide technical assistance, determine eligibility, inspect any work undertaken under the contract, and collect information necessary to evaluate the conservation practice performance, specified in the contract. The NRCS representative shall make an effort to contact the participant prior to exercising this provision.

§ 1466.33 Equitable relief.
(a) If a participant relied upon the advice or action of any authorized NRCS representative and did not know, or have reason to know, that the action or advice was improper or erroneous, NRCS may accept the advice or action as meeting program requirements and may grant relief, to the extent it is deemed desirable by NRCS, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant. The financial or technical liability for any action by a participant that was taken based on the advice of a NRCS certified non-USDA TSP is the responsibility of the certified TSP and will not be assumed by NRCS when NRCS authorizes payment. Where a participant believes that detrimental reliance on the advice or action of a NRCS representative resulted in an ineligibility or program violation, but the participant believes that a good-faith effort to comply was made, the participant may request equitable relief under § 635.3 in chapter VI of this title.

(b) If, during the term of an EQIP contract, a participant has been found in violation of a provision of the EQIP contract, the O&M agreement, or any document incorporated by reference through failure to fully comply with that provision, the participant may be eligible for equitable relief under § 635.4 in chapter VI of this title.

§ 1466.34 Offsets and assignments.
(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person, joint venture, legal entity or tribe shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to contract payments.

(b) EQIP participants may assign any payments in accordance with part 1404 of this chapter.

§ 1466.35 Misrepresentation and scheme or device.
(a) A person, joint venture, legal entity or tribe that is determined to have erroneously represented any fact affecting a program determination made in accordance with this Part shall not be entitled to contract payments and must refund to NRCS all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) A producer who is determined to have knowingly:
   (1) Adopted any scheme or device that tends to defeat the purpose of the program;
   (2) Made any fraudulent representation;
   (3) Adopted any scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program; or
   (4) Misrepresented any fact affecting a program determination, shall refund to NRCS all payments, plus interest determined in accordance with 7 CFR...
§ 1466.36 Environmental credits for conservation improvements.

NRCS recognizes that environmental benefits will be achieved by implementing conservation practices funded through EQIP, and environmental credits may be gained as a result of implementing activities compatible with the purposes of an EQIP contract. NRCS asserts no direct or indirect interest on these credits. However, NRCS retains the authority to ensure that operation and maintenance (O&M) requirements for EQIP-funded improvements are met, consistent with §§1466.21 and 1466.22. Where activities may impact the land under an EQIP contract, participants are highly encouraged to request an O&M compatibility determination from NRCS prior to entering into any credit agreements.

(b) The Chief, NRCS, may implement WRP in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

§ 1467.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief.

(b) The Chief is authorized to modify or waive a provision of this part if the Chief deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the environmental and cost-efficiency goals of the WRP. This authority cannot be further delegated. The Chief may not modify or waive any provision of this part that is required by applicable law.

(c) The State Conservationist will seek advice from the State Technical Committee on the development of the geographic area rate caps of compensation for an easement, a priority ranking process, and related policy matters.

(d) NRCS may delegate at any time easement management, monitoring, and enforcement responsibilities to other Federal or State agencies that have the appropriate authority, expertise, and technical and financial resources, as determined by NRCS to carry out such delegated responsibilities.

(e) NRCS may enter into cooperative agreements with Federal or State agencies, conservation districts, and private conservation organizations to assist NRCS with program implementation, including the provision of technical assistance.

(f) NRCS shall consult with the U.S. Department of the Interior’s Fish and Wildlife Service (FWS) at the local

This requirement applies to all members of a legal entity, and who will materially and substantially participate in the operation of the farm or ranch. In the case of an individual, individually or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in the county or State where the farm is located. In the case of a legal entity or joint operation, material and substantial participation requires that each of the members provide some amount of the management, labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Chief means the Chief of the Natural Resources Conservation Service or the person delegated authority to act for the Chief.

Commenced conversion wetland means a wetland or converted wetland for which the Farm Service Agency has determined that the wetland manipulation was contracted for, started, or for which financial obligation was incurred before December 23, 1985.

Conservation district means any district or unit of State or local government formed under State or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a “conservation district,” “soil conservation district,” “soil and water conservation district,” “resource

Conservation Reserve Program (CRP) means the program administered by the Commodity Credit Corporation pursuant to 16 U.S.C. 3831–3836.

Contract means the legal document that specifies the obligations and rights of NRCS and any person or legal entity accepted to participate in the program. A WRP contract is an agreement for the transfer of assistance from NRCS to the participant for conducting the prescribed program implementation actions.

Converted wetland means a wetland that has been drained, dredged, filled, leveled, or otherwise manipulated (including any activity that results in impairing or reducing the flow, circulation, or reach of water) for the purpose, or to have the effect of, making the production of an agricultural commodity possible if such production would not have been possible but for such action; and before such action such land was wetland; and such land was neither highly erodible land nor highly erodible cropland.

Cost-share payment means the payment made by NRCS to a participant to carry out conservation practices and to achieve the protection of wetland functions and values, including necessary activities, as set forth in the Wetlands Reserve Plan of Operations (WRPO).

Easement means a reserved interest easement, which is an interest in land defined and delineated in a deed whereby the landowner conveys all rights, title, and interests in a property to the grantee, but the landowner retains those rights, title, and interests in the property which are specifically reserved to the landowner in the easement deed.

Easement area means the land encumbered by an easement.

Easement payment means the consideration paid to a landowner for an easement conveyed to the United States under the WRP, or the consideration paid to an Indian Tribe or tribal members for entering into 30-year contracts.

Easement Restoration Agreement means the agreement used to implement the Wetland Restoration Plan of Operations for projects enrolled through the permanent easement, 30-year easement, or 30-year contract enrollment options.

Landowner means a person or legal entity having legal ownership of eligible land. Landowner may include all forms of collective ownership including joint tenants, tenants in common, and life tenants. The term landowner includes trust holders of acreage owned by Indian Tribes.

Lands substantially altered by flooding means areas where flooding has created wetland hydrologic conditions which, with a high degree of certainty, will develop wetland soil and vegetation characteristics over time.

Legal entity means an entity that is created under Federal or State law and that owns land or an agricultural commodity; or produces an agricultural commodity.

Limited Resource Farmer or Rancher means a person with direct or indirect gross farm sales not more than $100,000 in each of the previous two years (to be increased to adjust for inflation using
Commodity Credit Corporation, USDA

§ 1467.3 Prices Paid by Farmer Index as compiled by National Agricultural Statistical Service (NASS), and who has a total household income at or below the national poverty level for a family of four, or less than 50 percent of county median household income in each of the previous two years (to be determined annually using U.S. Department of Commerce data).

Maintenance means work performed to keep the enrolled area functioning for program purposes for the duration of the enrollment period. Maintenance includes actions and work to manage, prevent deterioration, repair damage, or replace conservation practices on enrolled lands, as approved by NRCS.

Natural Resources Conservation Service (NRCS) is an agency of the United States Department of Agriculture, including when NRCS carries out program implementation using the funds, facilities, or authorities of the Commodity Credit Corporation (CCC).

Option agreement to purchase means the legal document that is the equivalent of a real estate option contract for purchasing land. The landowner signs the option agreement to purchase, which is authorization for NRCS to proceed with the easement acquisition process, and to incur costs for surveys, where applicable, title clearance and closing procedures on the easement. The option becomes a contract for sale and obligates CCC funding after it is executed by NRCS and transmitted to the landowner.

Participant means a person or legal entity who has been accepted into the program and who is receiving payment or who is responsible for implementing the terms and conditions of an option to purchase agreement, 30-year contract, or restoration cost-share agreement, and the associated WRPO.

Person means a natural person, a legal entity, or an Indian Tribe, but does not include governments or their political subdivisions.

Prairie Pothole Region means the counties designated as part of the Prairie Pothole National Priority Area for the Conservation Reserve Program (CRP) as of June 18, 2008.

Private land means land that is not owned by a governmental entity, and includes acreage owned by Indian Tribes, as defined in this Part.

Restoration Cost-Share Agreement means the legal document that describes the rights and obligations of participants who have been accepted to participate in WRP restoration cost-share enrollment option that is used to implement conservation practices and activities to protect, restore, or enhance wetlands values and functions to achieve the purposes of the program. The restoration cost-share agreement is an agreement between NRCS and the participant to share in the costs of implementing the Wetland Restoration Plan of Operations.

Riparian areas means areas of land that occur along streams, channels, rivers, and other water bodies. These areas are normally distinctly different from the surrounding lands because of unique soil and vegetation characteristics, may be identified by distinctive vegetative communities that are reflective of soil conditions normally wetter than adjacent soils, and generally provide a corridor for the movement of wildlife.

Socially disadvantaged farmer or rancher means a farmer or rancher who has been subjected to racial or ethnic prejudices because of their identity as a member of a group without regard to their individual qualities.

State Technical Committee means a committee established by the Secretary of the United States Department of Agriculture (USDA) in a State pursuant to 16 U.S.C. 3861.

Wetland means land that:

(1) Has a predominance of hydric soils;

(2) Is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and

(3) Supports a prevalence of such vegetation under normal circumstances.

Wetland functions and values means the hydrological and biological characteristics of wetlands and the socio-economic value placed upon these characteristics, including:
§ 1467.4 Program requirements.

(a) General. (1) Under the WRP, NRCS may purchase conservation easements from, or enter into 30-year contracts or restoration cost-share agreements with, eligible landowners who voluntarily cooperate to restore, protect, or enhance wetlands on eligible private and Tribal lands. The 30-year contract enrollment option is only available to acreage owned by Indian Tribes.

(2) To participate in WRP, a landowner must agree to the implementation of a WRPO, the effect of which is to restore, protect, enhance, maintain, and manage the hydrologic conditions of inundation or saturation of the soil, native vegetation, and natural topography of eligible lands. NRCS may provide cost-share assistance through a restoration cost-share agreement or an easement restoration agreement for the conservation practices and activities that promote the restoration, protection, enhancement, maintenance, and management of wetland functions and values. For easement transactions, NRCS may implement such conservation practices and activities through an agreement with the landowner, a contract with a vendor, or a cooperative agreement with a cooperating entity. Specific restoration, protection, enhancement, maintenance, and management actions may be undertaken by the landowner, NRCS, or other designee.

(b) Acreage limitations. (1) Except for areas devoted to windbreaks or shelterbelts after November 28, 1990, no more than 25 percent of the total cropland in any county, as determined by the FSA, may be enrolled in the CRP and the WRP, and no more than 10 percent of the total cropland in the county may be subject to an easement acquired through the WRP.

(2) NRCS and FSA shall concur before a waiver of the 25 percent limit of this paragraph can be approved for an easement proposed for enrollment in the WRP. Such a waiver will only be approved if the waiver will not adversely affect the local economy, and operators in the county are having difficulties complying with the conservation plans implemented under 16 U.S.C. 3812.

(c) Landowner eligibility. To be eligible to enroll in the WRP, a person, legal entity, or Indian Tribe must be in compliance with the highly erodible land and wetland conservation provisions in 7 CFR part 12. Persons or legal entities must be in compliance with the Adjusted Gross Income Limitation provisions at Subpart G of 7 CFR part 1400, and:

(1) Be the landowner of eligible land for which enrollment is sought;

(2) For easement applications, have been the landowner of such land for the 7-year period prior to the time the land is determined eligible for enrollment unless it is determined by the State Conservationist that:

(i) The land was acquired by will or succession as a result of the death of the previous landowner;

(ii) The ownership change occurred due to foreclosure on the land and the
Commodity Credit Corporation, USDA

§ 1467.4

owner of the land immediately before the foreclosure exercises a right of redemption from the mortgage holder in accordance with State law; or

(iii) The land was acquired under circumstances that give adequate assurances, as determined by NRCS, that such land was not acquired for the purposes of placing it in the program, such as demonstration of status as a beginning farmer or rancher.

(3) Agree to provide such information to NRCS as the agency deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes.

(d) When a parcel of land that has been accepted for enrollment into the WRP is sold or transferred prior to the easement being perfected, the application or option agreement to purchase will be cancelled and acres will be removed from enrollment. If the new landowner wishes to continue enrollment, a new application must be filed so that all eligibility criteria may be examined and documented.

(e) Land eligibility. (1) Only private land or land owned by Indian Tribes may be considered for enrollment into WRP.

(2) NRCS shall determine whether land is eligible for enrollment and whether, once found eligible, the lands may be included in the program based on the likelihood of successful restoration of wetland functions and values when considering the cost of acquiring the easement and the cost of the restoration, protection, enhancement, maintenance, and management.

(3) Land shall only be considered eligible for enrollment in the WRP if NRCS determines, in consultation with the FWS, that:

(i) The enrollment of such land maximizes wildlife benefits and wetland values and functions;

(ii) Such land is:

(A) Farmed wetland or converted wetland, together with adjacent lands that are functionally dependent on the wetlands; or

(B) Cropland or grassland that was used for agricultural production prior to flooding from the natural overflow of a closed basin lake or pothole, together with the adjacent land, where practicable, that is functionally dependent on the cropland or grassland; and

(iii) The likelihood of the successful restoration of such land and the resultant wetland values merit inclusion of such land in the program, taking into consideration the cost of such restoration.

(4) Land may be considered farmed wetland or converted wetland under paragraph (3)(i)(A) of this section if such land is identified by NRCS as:

(i) Wetlands farmed under natural conditions, farmed wetlands, prior converted cropland, commenced conversion wetlands, farmed wetland pastures, and lands substantially altered by flooding so as to develop wetland functions and values; or

(ii) Former or degraded wetlands that occur on lands that have been used or are currently being used for the production of food and fiber, including rangeland and forest production lands, where the hydrology has been significantly degraded or modified and will be substantially restored.

(5) Land under paragraph (e)(3)(i)(B) of this section may be considered for enrollment into 30-year easements if it meets the criteria under paragraph (e)(3) of this section, it is located in the Prairie Pothole Region as defined under §1467.3 of this part, and the size of the parcel offered for enrollment is a minimum of 20 contiguous acres. Such land meets the requirement of likelihood of successful restoration only if the soils are hydric and the depth of water is 6.5 feet or less.

(6) If land offered for enrollment is determined eligible under paragraph (e)(3) and (e)(5) of this section, then NRCS may also enroll land adjacent or contiguous to such eligible land together with the eligible land, if such land maximizes wildlife benefits and:

(i) Is farmed wetland and adjoining lands enrolled in CRP, with the highest wetland functions and values, and is likely to return to production after it leaves CRP;

(ii) Is a riparian area along streams or other waterways that links or, after restoring the riparian area, will link wetlands which are protected by an
§ 1467.5 Application procedures.

(a) Application for participation. To apply for enrollment, a landowner must submit an Application for Participation in the WRP.

(b) Preliminary agency actions. By filing an Application for Participation, the landowner consents to an NRCS representative entering upon the land for purposes of assessing the wetland functions and values, and for other activities, such as the development of the preliminary WRPO, that are necessary or desirable for NRCS to evaluate applications. The landowner is entitled to accompany an NRCS representative on any site visits.

(c) Voluntary reduction in compensation. In order to enhance the probability of enrollment in WRP, a landowner may voluntarily offer to accept a lesser payment than is being offered by NRCS.

§ 1467.6 Establishing priority for enrollment of properties in WRP.

(a) When evaluating easement, 30-year contract, or restoration cost-share agreement offers from landowners, the NRCS, with advice from the State Technical Committee, may consider:

1. The conservation benefits of obtaining an easement, or other interest in the land;

2. The cost effectiveness of each easement or other interest in eligible land, so as to maximize the environmental benefits per dollar expended;

3. Whether the landowner or another person is offering to contribute financially to the cost of the easement or other interest in the land to leverage Federal funds;

4. The extent to which the purposes of the easement program would be achieved on the land;

5. The productivity of the land; and
(6) The on-farm and off-farm environmental threats if the land is used for the production of agricultural commodities.

(b) To the extent practicable, taking into consideration costs and future agricultural and food needs, NRCS shall give priority to:

(1) Obtaining permanent easements over shorter term easements; and

(2) Acquiring easements based on the value of the easement for protecting and enhancing habitat for migratory birds and other wildlife, in consultation with FWS.

(c) NRCS, in consultation with the State Technical Committee, may place higher priority on certain geographic regions of the State where restoration of wetlands may better achieve State and regional goals and objectives.

(d) Notwithstanding any limitation of this part, the State Conservationist may, at any time, exclude enrollment of otherwise eligible lands if the participation of the adjacent landowners is essential to the successful restoration of the wetlands and those adjacent landowners are unwilling or ineligible to participate. The State Conservationist may coordinate with other Federal, State, and nonprofit organizations to encourage the restoration of wetlands on adjacent ineligible lands, especially in priority geographic areas.

(e)(1) The Chief will conduct an assessment during fiscal year 2008 and each subsequent fiscal year for the purpose of determining the interest and allocations for the Prairie Pothole Region to enroll land determined eligible under §1467.4(d)(5) of this part into 30-year easements. Annually, the Chief will provide specific instructions for the assessment in writing to the applicable State Conservationists.

(2) The Chief will make an adjustment to the allocation for an applicable State for a fiscal year, based on the results of the assessment conducted under paragraph (e)(1) of this section for the State during the previous fiscal year.

§ 1467.7 Enrollment process.

(a) Tentative Selection. Based on the priority ranking, NRCS will notify an affected landowner of tentative acceptance into the program.

(b) Effect of notice of tentative selection. The notice of tentative acceptance into the program does not bind NRCS or the United States to enroll the proposed project in WRP, nor does it bind the landowner to continue with enrollment in the program. The notice informs the landowner of NRCS' intent to continue the enrollment process on their land unless otherwise notified by the landowner.

(c) Acceptance and effect of offer of enrollment. (1) Easement. For applications requesting enrollment through an easement, an option agreement to purchase will be presented by NRCS to the landowner, which will describe the easement area; the easement compensation amount; the easement terms and conditions; and other terms and conditions for participation that may be required by NRCS as appropriate. The landowner accepts enrollment in the WRP by signing the option agreement to purchase. NRCS will continue with easement acquisition activities after the property has been enrolled.

(2) Restoration cost-share agreement. For applications requesting enrollment through the restoration cost-share agreement option, a restoration cost-share agreement shall be presented by NRCS to the landowner, which will describe the enrolled area, the agreement terms and conditions, and other terms and conditions for participation that may be required by NRCS as appropriate. The landowner accepts enrollment in the WRP by signing the restoration cost-share agreement. NRCS will proceed with implementation of the WRPO after the property has been enrolled.

(3) 30-year contract. For applications requesting enrollment through the 30-year contract option, a 30-year contract shall be presented by NRCS to the landowner, which will describe the contract area, the contract terms and conditions, and other terms and conditions for participation that may be required by NRCS as appropriate. The landowner accepts enrollment in the WRP by signing the 30-year contract. NRCS will proceed with implementation of the WRPO after the property has been enrolled.
document establishes the terms of enrollment consistent with the terms and conditions of this part, and identifies the:

(i) Scope of the agreement between NRCS and the landowner;
(ii) Basis for NRCS to obligate funds; and
(iii) Nature and method through which NRCS will provide WRP technical and financial assistance to the landowner.

(2) The option agreement to purchase between NRCS and the landowner under the easement option constitutes the agreement for:

(i) Granting an easement on the enrolled land as set forth under §1467.11;
(ii) Implementing a WRPO which provides for the restoration and protection of the functions and values of wetlands;
(iii) Recording the easement in accordance with applicable State law; and
(iv) Ensuring the title to the easement is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by NRCS.

(3) The terms of the easement identified in paragraph (d)(2)(i) of this section includes the landowner’s agreement to the implementation of a WRPO identified in paragraph (d)(2)(ii) of this section. In particular, the easement deed identifies that NRCS has the right to enter the easement area to undertake, on a cost-share basis with the landowner or other entity, any activities to restore, protect, manage, maintain, enhance, and monitor the wetland and other natural values of the easement area.

(4) At the time NRCS enters into an agreement to purchase, NRCS agrees, subject to paragraph (e) of this section, to acquire and provide for restoration of the land enrolled into the program.

(e) Withdrawal of offer of enrollment
Prior to execution of the easement deed by the United States and the landowner, NRCS may withdraw the land from enrollment at any time due to lack of availability of funds, inability to clear title, sale of the land, risk of hazardous substance contamination, or other reasons. The offer of enrollment to the landowner shall be void if not executed by the landowner within the time specified.

§1467.8 Compensation for easements and 30-year contracts.

(a) Determination of easement payment rates. (1) Compensation for an easement under this part shall be made in cash in such amount as is agreed to and specified in the option agreement to purchase or 30-year contract.

(2) Payments for non-permanent easements or 30-year contracts shall be not more than 75 percent of that which would have been paid for a permanent easement as determined by the methods listed in paragraph (a)(3) of this section.

(3) NRCS shall pay as compensation the lowest of the following:

(i) The fair market value of the land using the Uniform Standards for Professional Appraisal Practices, or based on an area-wide market analysis or survey;
(ii) The geographic area rate cap determined under paragraph (a)(4) of this section; or
(iii) The landowner offer.

(4) The State Conservationist, in consultation with the State Technical Committee, shall establish one or more geographic area rate caps within a state. The State Conservationist shall submit geographic area rate caps and supporting documentation to the Chief for approval. Each State Conservationist will determine the geographic area rate cap using the best information which is readily available in that State. Such information may include: Soil types, type(s) of crops capable of being grown, production history, location, real estate market values, and tax rates and assessments.

(b) Acceptance of offered easement compensation. (1) NRCS will not acquire any easement unless the landowner accepts the amount of the easement payment offered by NRCS. The easement payment may or may not equal the fair market value of the interests and rights to be conveyed by the landowner under the easement. By voluntarily participating in the program, a landowner waives any claim to additional

7 CFR Ch. XIV (1–1–11 Edition)
compensation based on fair market value.

(2)(i) For easements or 30-year contracts valued at $500,000 or less, NRCS will provide compensation in up to 30 annual payments, as requested by the participant, as specified in the option agreement to purchase or 30-year contract between NRCS and the participant.

(ii) For easements or 30-year contracts valued at more than $500,000, the Secretary may provide compensation in at least 5, but not more than 30 annual payments. NRCS may provide compensation in a single payment for such easements or 30-year contracts when, as determined by the Chief, it would further the purposes of the program. The applicable payment schedule will be specified in the option agreement to purchase, warranty easement deed, or 30-year contract between NRCS and the participant.

(c) Reimbursement of a landowner’s expenses. For completed easement conveyances, NRCS will reimburse participants for their fair and reasonable expenses, if any, incurred for legal boundary surveys and other related costs, as determined by NRCS. The State Conservationist, in consultation with the State Technical Committee, may establish maximum payments to reimburse participants for reasonable expenses, if incurred.

(d) Tax implications of easement conveyances. Subject to applicable regulations of the Internal Revenue Service, a participant may be eligible for a bargain sale tax deduction which is the difference between the fair market value of the easement conveyed to the United States and the easement payment made to the participant. NRCS disclaims any representations concerning the tax implications of any easement or cost-share transaction.

(e) Per acre basis calculations. If easement payments are calculated on a per acre basis, adjustment to stated easement payment will be made based on final determination of acreage.

§ 1467.9 Wetlands Reserve Enhancement Program.

(a) Wetlands Reserve Enhancement Program (WREP). (1) The purpose of WREP is to target and leverage resources to address high priority wetlands protection, restoration, and enhancement objectives through agreements with States (including a political subdivision or agency of a State), nongovernmental organizations, and Indian Tribes.

(2) Funding for WREP agreements will be announced in the Federal Register.

(i) The announcement will provide details on the priorities for funding, required level of partner matching funds, ranking criteria, level of available funding, and additional criteria as determined by the Chief.

(ii) The Chief will determine the funding level for WREP on an annual basis. Funds for WREP are derived from funds available for WRP.

(3) Proposals will be submitted to the State Conservationist of the State in which the majority of the project area resides.

(i) State Conservationists will evaluate proposals based on the ranking criteria established in the announcement and provide proposals recommended for funding to the Chief.

(ii) The Chief will evaluate proposals recommended for funding and make final funding selections, in accordance with ranking factors identified in the announcement.

(4) Selected proposals and associated funding will be provided to the State Conservationist to enter into WREP agreements with the eligible partner to carry out the project.

(b) Reserved Rights Pilot. (1) The Chief shall carry out a reserved rights pilot subject to the requirements established in this part.

(2) Under the reserved rights pilot, a landowner may reserve grazing rights in the warranty easement deed or 30-year contract, if the State Conservationist determines that the reservation and use of the grazing rights:

(i) Is compatible with the land subject to the easement or 30-year contract; and

(ii) Is consistent with the long-term wetland protection and enhancement goals for which the easement or 30-year contract was established; and

(iii) Complies with a WRPO developed with NRCS.
§ 1467.10 Cost-share payments.

(a) NRCS may share the cost with participants of implementing the WRPO on the enrolled land. The amount and terms and conditions of the cost-share assistance shall be subject to the following restrictions on the costs of establishing or installing conservation practices or activities specified in the WRPO:

(1) On enrolled land subject to a permanent easement, NRCS will offer to pay at least 75 percent but not more than 100 percent of such costs; and

(2) On enrolled land subject to a non-permanent easement, 30-year contract, or restoration cost-share agreement, NRCS will offer to pay at least 50 percent but not more than 75 percent of such costs.

(b) Cost-share payments may be made only upon a determination by NRCS that an eligible conservation practice or component of the conservation practice has been implemented in compliance with appropriate NRCS standards and specifications; or an eligible activity has been implemented in compliance with the appropriate requirements detailed in the WRPO. Identified conservation practices or activities may be implemented by the participant, NRCS, or other NRCS designee.

(c) Cost-share payments may be made for replacement of an eligible conservation practice, if NRCS determines that the practice is still needed and that the failure of the original conservation practice was due to reasons beyond the control of the participant.

(d) A participant may seek additional cost-share assistance from other public or private organizations as long as the conservation practices or activities funded are in compliance with this part. In no event shall the participant receive an amount that exceeds 100 percent of the total actual cost of the restoration.

§ 1467.11 Easement and 30-year contract participation requirements.

(a) Easement requirements. (1) To enroll land in WRP through the permanent or non-permanent easement option, a landowner shall grant an easement to the United States. The easement shall require that the easement area be maintained in accordance with WRP goals and objectives for the duration of the term of the easement, including the restoration, protection, enhancement, maintenance, and management of wetland and other land functions and values.

(2) For the duration of its term, the easement shall require, at a minimum, that the participant, and the participant’s heirs, successors and assigns, shall, consistent with the terms of this part, cooperate in the restoration, protection, enhancement, maintenance, and management of the land in accordance with the warranty easement deed and with the terms of the WRPO. In addition, the easement shall grant to the United States, through NRCS:

(i) A right of access to the easement area;

(ii) The right to permit compatible uses of the easement area, including such activities as hunting and fishing, managed timber harvest, or periodic haying or grazing, if such use is consistent with the long-term protection

(a) The development of the WRPO will be made through the local NRCS representative, in consultation with the State Technical Committee, with consideration of site-specific technical requirements.

and enhancement of the wetland resources for which the easement was established;

(iii) All rights, title and interest in the easement area; and

(iv) The right to restore, protect, enhance, maintain, and manage activities on the easement area.

(3) The participant shall convey title to the easement in a manner that is acceptable to NRCS. The participant shall warrant that the easement granted to the United States is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by NRCS.

(4) The participant shall:

(i) Comply with the terms of the easement;

(ii) Comply with all terms and conditions of any associated contract or agreement;

(iii) Agree to the permanent retirement of any existing cropland base and allotment history for the easement area under any program administered by the Secretary, as determined by the FSA;

(iv) Agree to the long-term restoration, protection, enhancement, maintenance, and management of the easement in accordance with the terms of the easement and related agreements;

(v) Have the option to enter into an agreement with governmental or private organizations to assist in carrying out any participant responsibilities on the easement area; and

(vi) Agree that each person or legal entity that is subject to the easement shall be jointly and severally responsible for compliance with the easement and the provisions of this part and for any refunds or payment adjustment which may be required for violation of any terms or conditions of the easement or the provisions of this part.

(b) 30-year contract requirements.

(1) To enroll land in WRP through the 30-year contract option, a landowner shall enter into a contract with NRCS. The contract shall require that the enrolled area be maintained in accordance with WRP goals and objectives for the duration of the contract, including the restoration, protection, enhancement, maintenance, and management of wetland and other land functions and values.

(2) For the 30-year duration, the contract shall require, at a minimum, that the participant, and the participant’s heirs, successors and assigns, shall, consistent with the terms of this part, cooperate in the restoration, protection, enhancement, maintenance, and management of the land in accordance with the contract and with the terms of the WRPO. In addition, the contract shall grant to NRCS:

(i) A right of access to the contract area;

(ii) The right to permit compatible uses of the contract area, including such activities as a traditional Tribal use of the land, hunting and fishing, managed timber harvest, or periodic haying or grazing, if such use is consistent with the long-term protection and enhancement of the wetland resources for which the contract was established; and

(iii) The right to restore, protect, enhance, maintain, and manage activities on the enrolled area.

(3) The participant shall:

(i) Comply with the terms of the contract;

(ii) Comply with all terms and conditions of any associated agreement;

(iii) Agree to the long-term restoration, protection, enhancement, maintenance, and management of the enrolled area in accordance with the terms of the contract and related agreements;

(iv) Have the option to enter into an agreement with governmental or private organizations to assist in carrying out any participant responsibilities on the enrolled area;

(v) Agree that each person or legal entity that is subject to the contract shall be jointly and severally responsible for compliance with the contract and the provisions of this part and for any refunds or payment adjustment which may be required for violation of any terms or conditions of the contract or the provisions of this part.

input from FWS and the Conservation District.

(b) The WRPO will specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO will be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result. Specifically, the WRPO will consider and address, to the extent practicable, the on-site alterations and off-site watershed conditions that adversely impact the hydrology and associated wildlife and wetland functions and values. NRCS will review, revise, and supplement the WRPO as needed throughout the duration of the enrollment to ensure that program goals are fully and effectively achieved.

(74 FR 2328, Jan. 15, 2009, as amended at 74 FR 26285, June 2, 2009)

§ 1467.13 Modifications.

(a) Easements. (1) After an easement has been recorded, no modification will be made in the easement except by mutual agreement with the Chief and the participant. The Chief will consult with FWS and the Conservation District prior to making any modifications to easements.

(2) Approved modifications will be made only in an amended easement, which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

(3) The Chief may approve modifications to facilitate the practical administration and management of the easement area or the program so long as the modification will not adversely affect the wetland functions and values for which the easement was acquired or when adverse impacts will be mitigated by enrollment and restoration of other lands that provide greater wetland functions and values at no additional cost to the government.

(4) Modifications must result in equal or greater environmental and economic values to the United States and address a compelling public need, as determined by the Chief.

(b) WRPO. Insofar as is consistent with the easement and applicable law, the State Conservationist may approve modifications to the WRPO that do not affect provisions of the easement in consultation with the participant and with consideration of site specific technical input from the FWS and the Conservation District. Any WRPO modification must meet WRP regulations and program objectives, comply with the definition of wetland restoration as defined in §1467.3, must result in equal or greater wildlife benefits, wetland functions and values, and ecological and economic values to the United States.

§ 1467.14 Transfer of land.

(a) Offers voided. Any transfer of the property prior to the enrollment of the easement, 30-year contract, or restoration cost-share agreement contract, including the landowner entering into a contract or purchase agreement to sell the land subject to offer, shall void the offer of enrollment.

(b) Payments to landowners. For easements with multiple annual payments, any remaining easement payments will be made to the original participant unless NRCS receives an assignment of proceeds.

(c) Claims to payments. With respect to any and all payments owed to participants, NRCS shall bear no responsibility for any full payments or partial distributions of funds between the original participant and the participant’s successor. In the event of a dispute or claim on the distribution of cost-share payments, NRCS may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

§ 1467.15 Violations and remedies.

(a) Easement violations. (1) In the event of a violation of the easement, 30-year contract, or any restoration cost-share agreement involving the participant, the participant shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist determines is necessary to correct the violation at the landowner’s expense.
(2) Notwithstanding paragraph (a)(1) of this section, NRCS reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of NRCS when such actions are deemed necessary to protect important wetland functions and values or other rights of the United States under the easement. The participant shall be liable for any costs incurred by the State Conservationist as a result of the participant’s negligence or failure to comply with easement or contractual obligations.

(3) At any time there is a material breach of the easement covenants or any associated agreement, the easement shall remain in force and NRCS may withhold or require the refund of any easement and cost-share payments owed or paid to participants. Such withheld or refunded funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement. This remedy is in addition to any and all legal or equitable remedies available to the United States under applicable Federal or State law.

(4) The United States shall be entitled to recover any and all administrative and legal costs, including attorney’s fees or expenses, associated with any enforcement or remedial action.

(b) 30-Year Contract and Restoration Cost-Share Agreement violations. (1) If the NRCS determines that a participant is in violation of the terms of a 30-year contract, or restoration cost-share agreement, or documents incorporated by reference into the 30-year contract or restoration cost-share agreement, the participant shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist determines is necessary to correct the violation. If the violation continues, the State Conservationist may terminate the 30-year contract or restoration cost-share agreement.

(2) Notwithstanding the provisions of paragraph (b)(1) of this section, a restoration cost-share agreement or 30-year contract termination is effective immediately upon a determination by the State Conservationist that the participant has:

(i) Submitted false information;
(ii) Filed a false claim;
(iii) Engaged in any act for which a finding of ineligibility for payments is permitted under this part; or
(iv) Taken actions NRCS deems to be sufficiently purposeful or negligent to warrant a termination without delay.

(3) If NRCS terminates a restoration cost-share agreement or 30-year contract, the participant will forfeit all rights for future payments under the restoration cost-share agreement or 30-year contract, and must refund all or part, as determined by NRCS, of the payments received, plus interest.

§ 1467.16 Payments not subject to claims.

Any cost-share, contract, or easement payment or portion thereof due any person under this part shall be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1467.17 Assignments.

Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

§ 1467.18 Appeals.

(a) A person participating in the WRP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any administrative action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision shall be a final Agency action except a decision of the Chief of the NRCS under these procedures.

(c) Any appraisals, market analysis, or supporting documentation that may be used by the NRCS in determining
§ 1467.19 Scheme and device.

(a) If it is determined by the NRCS that a participant has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such participant during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by NRCS.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices, contracts, or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A participant who succeeds to the responsibilities under this part shall report in writing to the NRCS any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

§ 1467.20 Market-based conservation initiatives.

(a) Acceptance and use of contributions. Section 1241(e) of the Food Security Act of 1985, as amended, (16 U.S.C. 3841(e)), allows the Chief to accept and use contributions of non-Federal funds to support the purposes of the program. These funds shall be available without further appropriation and until expended, to carry out the program.

(b) Ecosystem Services Credits for Conservation Improvements. (1) USDA recognizes that environmental benefits will be achieved by implementing conservation practices and activities funded through WRP, and that environmental credits may be gained as a result of implementing activities compatible with the purposes of a WRP easement, 30-year contract, or restoration cost-share agreement. NRCS asserts no direct or indirect interest in these credits. However, NRCS retains the authority to ensure that the requirements of the WRPO, contract, and easement deed are met. Where activities required under an environmental credit agreement may affect land covered under a WRP easement, 30-year contract, or restoration cost-share agreement, participants are highly encouraged to request a compatibility assessment from NRCS prior to entering into such agreements.

(2) Section 1222(f)(2) of the Food Security Act of 1985 as amended, does not allow wetlands restored with Federal funds to be utilized for Food Security Act wetland mitigation purposes.

Subpart A—General Provisions

§ 1468.1 Purpose.

(a) Through the Conservation Farm Option (CFO), the Commodity Credit Corporation (CCC) provides financial assistance to eligible farmers and ranchers to address soil, water, and related natural resource concerns, water quality protection or improvement; wetland restoration and protection; wildlife habitat development and protection; and other similar conservation purposes on their lands in an environmentally beneficial and cost-effective manner. The Natural Resources Conservation Service (NRCS) may provide technical assistance, upon request by the producer or landowner.

(b) The CCC provides a single contract and annual payments for implementation of innovative and environmentally-sound methods for addressing natural resource concerns for producers of wheat, feed grains, cotton, and rice, resulting in consolidation of payments that would have been available under the Conservation Reserve Program (CRP), the Wetlands Reserve Program cost-share agreements (WRP), and the Environmental Quality Incentives Program (EQIP). CFO participation is determined through two step process: first, the Chief, with FSA concurrence, selects CFO pilot project areas based on proposals submitted by the public; then CCC accepts applications from eligible producers or owners within the selected pilot project area.

§ 1468.2 Administration.

(a) CFO is carried out using Commodity Credit Corporation funds and will be administered on behalf of CCC by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA) as set forth below.

(b) NRCS will:

(1) Provide overall program management and implementation for CFO;

(2) Establish policies, procedures, priorities, and guidance for program implementation, including determination of pilot project areas;

(3) Establish annual payment rates consistent with EQIP, CRP, and WRP payment rates;

(4) Make funding decisions and determine allocations of program funds, with FSA concurrence;

(5) Determine eligibility of practices;

(6) Provide technical leadership for conservation planning and implementation, quality assurance, and evaluation of program performance.

(c) FSA will:

(1) Be responsible for the administrative processes and procedures including applications, contracting, and financial matters, such as payments to participants, assistance in determining participant eligibility, and program accounting; and

(2) Provide leadership for establishing, implementing, and overseeing administrative processes for applications, contracts, payment processes, and administrative and financial performance reporting.

(d) NRCS and FSA will cooperate in establishing program policies, priorities, and guidelines related to the implementation of this part.

(e) No delegation herein to lower organizational levels shall preclude the Chief of NRCS, or the Administrator of FSA, or a designee, from determining any question arising under this part or from reversing or modifying any determination made under this part that is the responsibility of their respective agencies.

§ 1468.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Applicant means a producer or owner in an approved pilot project area who has requested in writing to participate in CFO.

Chief means the Chief of NRCS, or designee.

§ 1468.3

district, land conservation committee, or similar legally constituted body.

Conservation farm plan means a record of a participant’s decisions, and supporting information for treatment of a unit of land or water as a result of the planning process, that meets the local NRCS Field Office Technical Guide (FOTG) criteria for each natural resource and takes into account economic and social considerations. The plan describes the schedule of operations and activities needed to solve identified natural resource problems, and take advantage of opportunities, at a conservation management system level. In the conservation farm plan, the needs of the client, the resources, and Federal, state, Tribal, and local requirements will be met.

Conservation practice means a specified treatment, such as structural, vegetative, or a land management practice, which is planned and applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any person who has been accepted for participation in the program.

County executive director means the FSA employee responsible for directing and managing program and administrative operations in one or more FSA county offices.

Farm Service Agency county committee means a committee elected by the agricultural producers in the county or area, in accordance with Sec. 8(b) of the Soil Conservation and Domestic Allotment Act, as amended, or designee.

Field office technical guide means the official NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The guide contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. A copy of the guide for that area is available at the appropriate NRCS field office.

Indian tribe means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Innovative technology means the use of new management techniques, specific treatments, or procedures such as structural or vegetative measures used in field trials or as interim conservation practice standards that have the purpose of solving or reducing the severity of natural resource use problems or that take advantage of resource opportunities. Innovative technologies used by program participants must be able to achieve the required level of resource protection.

Land management practice means conservation practices that primarily require site-specific management techniques and methods to conserve, protect from degradation, or improve soil, water, or related natural resources in the most cost-effective manner. Land management practices include, but are not limited to nutrient management, manure management, integrated pest management, integrated crop management, irrigation water management, tillage or residue management, strip cropping, contour farming, grazing management, wildlife management, resource conserving crop rotations, cover crop management, and organic matter and carbon sink management.

Liquidated damages means a sum of money stipulated in the contract which the participant agrees to pay, in addition to refunds and other charges, if the participant breaches the contract, and represents an estimate of the anticipated or actual harm caused by the breach, and reflects the difficulties of proof of loss and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

Local work group means representatives of FSA, the Cooperative State Research, Education, and Extension Service (CSREES), the conservation district, and other Federal, State, and local government agencies, including Tribes and Resource Conservation and Development councils, with expertise in natural resources who consult with NRCS on decisions related to CFO implementation.
Operation and maintenance means work performed by the participant to keep the applied conservation practice functioning for the intended purpose during its life span. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means an applicant who is a party to a CFO contract.

Secretary means the Secretary of the United States Department of Agriculture.

State conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Basin Area.

State technical committee means a committee established by the Secretary in a state pursuant to 16 U.S.C. 3861.

Technical assistance means the personnel and support resources needed to conduct conservation planning; conservation practice survey, layout, design, installation, and certification; training, certification, and quality assurance for professional conservationists; and evaluation and assessment of the program.

Unit of concern means a parcel of agricultural land that has natural resource conditions that are of concern to the participant.

§ 1468.4 Establishing Conservation Farm Option (CFO) pilot project areas.

(a) CCC may periodically solicit proposals from the public to establish pilot project areas in the Federal Register.

(b) Pilot projects may involve one or more participants. Each owner or producer within an approved pilot project area must submit an application in order to be considered for enrollment in the CFO. This pilot project area may be a watershed, a subwatershed, an area, or an individual farm that can be geographically described and has specific environmental sensitivities or significant soil, water, and related natural resource concerns. The pilot project area must have acreage enrolled in a production flexibility contract, which is authorized by the Agricultural Marketing and Transition Act of 1996. After these pilot project area proposals are received, the Chief, with FSA concurrence, will select proposals for funding.

(c) CCC will select pilot project areas based on the extent the individual proposal:

(1) Demonstrates innovative approaches to conservation program delivery and administration;

(2) Proposes innovative conservation technologies and system;

(3) Provides assurances that the greatest amount of environmental benefits will be delivered in a cost effective manner;

(4) Ensures effective monitoring and evaluation of the pilot effort;

(5) Considers multiple stakeholder participation (partnerships) within the pilot area;

(6) Provides additional non-Federal funding; and

(7) Addresses the following:

(i) Conservation of soil, water, and related natural resources,

(ii) Water quality protection or improvement,

(iii) Wetland restoration and protection,

(iv) Wildlife habitat development and protection,

(v) Other similar conservation purposes.

§ 1468.5 General provisions.

(a) Program participation is voluntary.

(b) Participation in the CFO is limited to producers of wheat, feed grains, cotton, or rice who have a production flexibility contract, in accordance with part 1412 of this chapter, on the farm enrolling in CFO and who are eligible for either CRP (7 CFR part 1410), EQIP (7 CFR part 1466), or WRP (7 CFR part 1467).

(c) The participant is responsible for the development of a conservation farm plan for the farm or ranch and may request assistance from NRCS or a third party in writing both the conservation farm plan and installing the
practices outlined within the plan. Conservation practices in the conservation farm plan that would have been eligible for payment under CRP, EQIP, or cost-share agreements under WRP are eligible for CFO payment. The provisions for determining eligibility for payment and the calculation of payment under CFO will be similar to those specified for the eligible conservation practices under CRP, EQIP, or cost-share agreements under WRP. For land retirement payments, the CRP payment schedule in effect for the applicable soils at the time the CFO contract is signed will be utilized. CCC will provide annual payments to a participant for such conservation practices as specified in the time schedule set forth in the conservation farm plan.

§ 1468.6 Practice eligibility provisions.

(a) Practices may be eligible for payment under CFO if the conservation practice specified in the conservation farm plan is determined to be an eligible practice, as determined by the Chief, in accordance with:

(1) 7 CFR part 1410 for land retirement rental payments and practices that are eligible under CRP;
(2) 7 CFR part 1467 for wetland restoration or protection practices that are eligible under WRP; or
(3) 7 CFR part 1466 for conservation practices that are eligible under EQIP.

(b) For practices that are installed on retired land, the CRP cost-share rate for practices must be utilized.

§ 1468.7 Participant eligibility provisions.

Participants in the CFO must at the time of enrollment:

(a) Have a production flexibility contract in accordance with part 1412 of this chapter on the farm enrolling in CFO.

(b) Agree to forgo earning future payments under the Conservation Reserve Program authorized by part 1410 of this chapter, the Wetlands Reserve Program cost-share payments authorized by part 1467 of this chapter, and Environmental Quality Incentives Program authorized by part 1466 of this chapter, on the farm enrolled in the CFO for the term of the CFO contract.

(c) Be in compliance with the highly erodible land and wetland conservation provisions found at part 12 of this title;
(d) Have control of the land for the term of the proposed contract period;
(1) An exception may be made by the Chief in the case of land allotted by the Bureau of Indian Affairs (BIA), tribal land, or other instances in which the Chief determines that there is sufficient assurance of control.
(2) If the applicant is a tenant of the land involved in agricultural production the applicant shall provide CCC with the written authorization by the landowner to apply the structural or vegetative practice.
(3) If the applicant is a landowner, the landowner is presumed to have control.
(e) Submit a proposed conservation farm plan to CCC that is in compliance with the terms and conditions of the program. To receive payment under the CFO, the participant must also meet the eligibility requirements, as determined by the Chief, in:

(1) 7 CFR part 1410 if the land retirement rental payment and practice determined eligible in accordance with § 1468.6(a);
(2) 7 CFR part 1467 if the wetland restoration or protection practice was determined eligible in accordance with § 1468.6(b), or
(3) 7 CFR part 1466, if the conservation practice was determined eligible in accordance with § 1468.6(c).
(4) Comply with the provisions at § 1412.304 of this chapter for protecting the interests of tenants and sharecroppers, including provisions for sharing, on a fair and equitable basis, payments made available under this part, as may be applicable.
(5) Supply information as required by CCC to determine eligibility for the program.
(6) Comply with all the provisions of the CFO contract which includes the conservation farm plan approved by the local conservation district.

§ 1468.8 Land eligibility provisions.

Land may be eligible for enrollment in CFO, if CCC determines that the farm or ranch is enrolled in a production flexibility contract, authorized by the Agricultural Marketing Transition
Commodity Credit Corporation, USDA § 1468.9

Act of 1996 and if the land upon which the CFO conservation practice will be applied is determined to be eligible land as determined by the Chief, in accordance with:

(a) 7 CFR part 1410, if the practice was determined an eligible land retirement rental payment and cost-share practice similar to CRP in accordance with §1468.6(a);
(b) 7 CFR part 1467, if the practice was determined an eligible wetland restoration or protection practice similar to WRP in accordance with §1468.6(b); or
(c) 7 CFR part 1466, if the practice was determined an eligible conservation practice similar to EQIP in accordance with §1468.6(c).

§ 1468.9 Conservation farm plan.

(a) The conservation farm plan forms the basis of the CFO contract. Prior to contract approval, a conservation farm plan must be written and approved. In deciding whether to approve a conservation farm plan, CCC may consider whether:

(1) The participant will use conservation practices to solve the natural resource concerns that will maximize environmental benefits per dollar expended, and
(2) The conservation practice would have been eligible for enrollment in the CRP, EQIP, or under the WRP cost-share agreements.
(b) The conservation farm plan for the farm or ranch unit of concern shall:

(1) Describe any resource conserving crop rotation, and all other conservation practices, to be implemented and maintained on the acreage that is subject to contract during the contract period;
(2) Address the resource concerns identified in the CFO pilot project area proposal;
(3) Contain a schedule for the implementation and maintenance of the practices described in the conservation farm plan;
(4) Ensure that net environmental benefits under a CRP contract are maintained or exceeded for the whole farm, as constituted by FSA, when terminating a CRP contract and enrolling in a CFO contract; and
(5) Meet the objectives of the pilot project area.
(c) The conservation farm plan is part of the CFO contract.
(d) The conservation farm plan must allow the participant to achieve a cost-effective resource management system, or some appropriate portion of that system, identified in the applicable NRCS field office technical guide or as approved by the State Conservationist.
(e) Participants are responsible for implementing the conservation farm plan in compliance with this part.
(f) Upon a participant’s request, the NRCS may provide technical assistance to a participant.

(1) Participants may, at their own cost, use qualified professionals, other than NRCS personnel, to provide technical assistance. NRCS retains approval authority over the technical adequacy of work done by non-NRCS personnel for the purpose of determining CFO contract compliance.
(2) Technical and other assistance provided by qualified personnel not affiliated with NRCS may include, but not limited to: conservation planning; conservation practice survey, layout, design, and installation; information, education, and training for producers; and training and quality assurance for professional conservationists.

(g) All conservation practices scheduled in the conservation farm plan are to be carried out in accordance with the applicable NRCS Field Office Technical Guide. The State Conservationist may approve use of innovative conservation measures that are not contained in the NRCS Field Office Technical Guide.

(h) (1) To simplify the conservation planning process for the participant, the conservation farm plan may be developed, at the request of the participant, as a single plan that incorporates, other Federal, state, Tribal, or local government program or regulatory requirements. CCC development or approval of a conservation farm plan shall not constitute compliance with program, statutory and regulatory requirements administered or enforced by a non-USDA agency, except as agreed to by the participant and the relevant Federal, state, local or tribal entities.
(2) CCC may accept an existing conservation plan developed and required for participation in any other CCC or USDA program if the conservation plan otherwise meets the requirements of this part. When a participant develops a single conservation farm plan for more than one program, the participant shall clearly identify the portions of the plan that are applicable to the CFO contract. It is the responsibility of the participant to ascertain and comply with all applicable statutory and regulatory requirements.

Subpart B—Contracts

§ 1468.20 Application for CFO program participation.

(a) Any eligible owner or producer within an approved pilot project area may submit an application for participation in the CFO to a service center or other USDA county or field office(s) of FSA or NRCS, where the pilot project area is located.

(b) CCC will accept applications throughout the fiscal year. CCC will rank and select the offers of applicants periodically, as determined appropriate by the State Conservationist. The application period will begin after a pilot project area has been approved.

(c) The designated conservationist, in consultation with the local work group, will develop ranking criteria to prioritize applications within a pilot project area which consists of more than one owner or producer. NRCS will prioritize applications from the same pilot project area using the criteria specific to the area. The FSA county committee, with the assistance of the designated conservationist and designated FSA official, will approve for funding the application in a pilot project area based on eligibility factors of the applicant and the NRCS ranking.

(d) The designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria. An applicant has the option of offering and accepting less than the maximum program payments allowed, offering to apply more conservation practices to the land in order to increase the likelihood of being enrolled. In evaluating the applications, the designated conservationist will take into consideration the following factors:

1. Soil erosion;
2. Water quality;
3. Wildlife benefits;
4. Soil productivity;
5. Conservation compliance considerations;
6. Likelihood to remain in conserving uses beyond the contract period, including tree planting and permanent wildlife habitat;
7. State water quality priority areas;
8. The environmental benefits per dollar expended; and
9. The degree to which application is consistent with the pilot project proposal.

(e) If two or more applications have an equal rank, the application that will result in the least cost to the program will be given greater consideration.

§ 1468.21 Contract requirements.

(a) In order for an applicant to receive annual payments, the applicant must enter into a contract agreeing to implement a conservation farm plan. The FSA county committee, with NRCS concurrence, will use the NRCS ranking consistent with the provisions of §1468.20 and grant final approval of the contract.

(b) A CFO contract will:

1. Incorporate by reference all portions of a conservation farm plan applicable to CFO;
2. Be for a duration of 10 years, and may be renewed, subject to the availability of funds, for a period not to exceed 5 years upon mutual agreement of CCC and the participant;
3. Provide that the participant will:
   (i) Not conduct any practices on the farm or ranch unit of concern consistent with the goals of the contract that would tend to defeat the purposes of the contract, or reduce net environmental and societal benefits;
   (ii) Refund with interest any program payments received and forfeit any future payments under the program, on the violation of a term or condition of the contract, in accordance with the provisions of §1468.25 of this part;
   (iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject

768
to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, in accordance with the provisions of §1468.24 of this part;

(iv) Agree to forego participation in CRP, EQIP, and the cost-share agreements under WRP, along with future payments associated with these programs, with regard to the land under the CFO contract;

(v) Supply information as required by CCC to determine compliance with the contract and requirements of the program;

(4) Specify the participant’s requirements for operation and maintenance of the applied conservation practices in accordance with the provisions of §1468.22 of this part, and

(5) Include any other provision determined necessary or appropriate by CCC.

(c) There is a limit of one CFO contract at any one time for each farm, as constituted by FSA.

(d) The contract will incorporate the operation and maintenance of conservation practices applied under the contract, including those practices transferred from terminated CRP and EQIP contracts and WRP cost-share agreements. For persons wishing to transfer from CRP, EQIP, or WRP to CFO, practices included in CRP, EQIP, or WRP to CFO, practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate, unless otherwise stated in the conservation farm plan.

§ 1468.23 Annual payments.

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with §1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with §1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice which would have qualified for payment under EQIP which was determined eligible in accordance with §1468.6(c);
§ 1468.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

§ 1468.25 Contract violations and termination.

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto.

Subpart A—General Provisions

§ 1469.1  Applicability.

(a) This part sets forth the policies, procedures, and requirements for the Conservation Security Program (CSP) as administered by the Natural Resources Conservation Service (NRCS) for enrollment during calendar year 2004 and thereafter.

(b) CSP is applicable only on privately owned or Tribal lands in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico,
Commodity Credit Corporation, USDA

§ 1469.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Activity means an action other than a conservation practice that is included as a part of a conservation stewardship contract; such as a measure, incremental movement on a conservation index or scale, or an on-farm demonstration, pilot, or assessment.

Agricultural land means cropland, rangeland, pastureland, hayland, private non-industrial forest land if it is an incidental part of the agricultural operation, and other land on which food, fiber, and other agricultural products are produced. Areas used for strip-cropping or alley-cropping and silvo-pasture practices will be included as agricultural land. This includes land of varying cover types, primarily managed through a low input system, for the production of food, fiber or other agricultural products.

Agricultural operation means all agricultural land and other lands determined by the Chief, whether contiguous or noncontiguous, under the control of the applicant and constituting a cohesive management unit, that is operated with equipment, labor, accounting system, and management that is substantially separate from any other. The minimum size of an agricultural operation is a field.

Applicant means a producer as defined in this rule who has requested in writing to participate in CSP.

Beginning farmer or rancher means an individual or entity who:

(1) Has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years, as defined in 7 U.S.C. 1991(a). This requirement applies to all members of an entity; and

(2) Will materially and substantially participate in the operation of the farm or ranch.

(i) In the case of a contract with an individual, solely, or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in
§ 1469.3

the county or State where the farm is located.

(ii) In the case of a contract with an entity, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management, or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Benchmark condition inventory means the documentation of the resource condition or situation pursuant to § 1469.7(a) that NRCS uses to measure an applicant’s existing level of conservation activities in order to determine program eligibility, to design a conservation stewardship contract, and to measure the change in resource conditions resulting from conservation treatment.

Certified Conservation Planner means an individual certified by NRCS who possesses the necessary skills, training, and experience to implement the NRCS nine-step planning process to meet client objectives in solving natural resource problems. The certified conservation planner has demonstrated skill in assisting producers to identify resource problems, to express the client’s objectives, to propose feasible solutions to resource problems, and assists the producers select and implement an effective alternative that treats resource concerns and consistent with client’s objectives.

Chief means the Chief of NRCS, USDA or designee.

Conservation district means any district or unit of State or local government formed under State, territorial, or Tribal law for the express purpose of developing and carrying out a local soil and water conservation program. Such a district or unit of government may be referred to as a "conservation district," "soil conservation district," "soil and water conservation district," "resource conservation district," "land conservation committee," or similar name.

Conservation practice means a specified treatment, such as a structural or land management practice, that is planned and applied according to NRCS standards and specifications.

Conservation Reserve Program (CRP) means the Commodity Credit Corporation program administered by the Farm Service Agency pursuant to 16 U.S.C. 3831–3836.

Conservation stewardship contract means a legal document that specifies the rights and obligations of any participant who has been accepted to receive assistance through participation in CSP.

Conservation stewardship plan means the conservation planning document that builds on the inventory of the benchmark condition documenting the conservation practices currently being applied; those practices needing to be maintained; and those practices, treatments, or activities to be supported under the provisions of the conservation stewardship contract.

Conservation system means a combination of conservation practices, measures and treatments for the treatment of soil, water, air, plant, or animal resource concerns.

Conservation treatment means any and all conservation practices, measures, and works of improvement that have the purpose of alleviating resource concerns, solving or reducing the severity of natural resource use problems, or taking advantage of resource opportunities.

Considered to be planted means a long-term rotation of alfalfa or multi-year grasses and legumes; summer fallow; typically cropped wet areas, such as rice fields, rotated to wildlife habitat; or crops planted to provide an adequate seedbed for re-seeding.

Cropland means a land cover/use category that includes areas used for the production of adapted crops for harvest, including but not limited to land in row crops or close-grown crops, forage crops that are in a rotation with row or close-grown crops, permanent hayland, horticultural cropland, orchards, and vineyards.

Designated conservationist means an NRCS employee whom the State Conservationist has designated as responsible for administration of CSP in a specific area.
Enhancement payment means CSP payments available to all tiers as described in §1469.23(d).

Enrollment categories means a classification system used to sort out applications for payment. The enrollment category mechanism will create distinct classes for funding defined by resource concerns, levels of treatment, and willingness to achieve additional environmental performance.

Existing practice component of CSP payments means the component of a CSP payment as described in §1469.23(b).

Field means a part of an agricultural operation which is separated from the balance of the agricultural operation by permanent boundaries, such as fences, permanent waterways, woodlands, and crop-lines in cases where farming practices make it probable that such crop-line is not subject to change, or other similar features.

Field Office Technical Guide (FOTG) means the official local NRCS source of resource information and the interpretations of guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. It contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. Guides can be reviewed at the local USDA Service Center or online at http://www.nrcs.usda.gov/technical/fotg.

Forage and animal balance means that the total amount of available grazing forage and the addition of any roughage supply (hay, silage, or green chop) is balanced with the amount consumed by the total number of livestock and wildlife to meet their daily consumption needs.

Forest land means a land cover/use category that is at least 10 percent stocked by single-stemmed woody species of any size that will be at least 4 meters (13 feet) tall at maturity. Also included is land bearing evidence of natural regeneration of tree cover (cut over forest or abandoned farmland) that is not currently developed for non-forest use. Ten percent stocked, when viewed from a vertical direction, equates to an aerial canopy cover of leaves and branches of 25 percent or greater. The minimum area for classification as forest land is 1 acre, and the area must be at least 100 feet wide. Exceptions may be made by the Chief for land primarily managed through a low-input system for food, fiber or other agricultural products.

Hayland means a subcategory of “cropland” managed for the production of forage crops that are machine harvested. The crop may be grasses, legumes, or a combination of both.

Incidental forest land means forested land that includes all nonlinear forested riparian areas (i.e., bottomland forests), and small associated woodlots located within the bounds of working agricultural land or small adjacent areas and that are managed to maximize wildlife habitat values and are within the NRCS FOTG standards for a wildlife practice. However, silvopasture that meets NRCS practice standards will be considered as pasture or range land and not incidental forestland since silvopasture is one type of intense grazing system. Areas of incidental forest land that are not part of a linear conservation practice are limited individually in size to 10 acres or less and limited to 10 percent in aggregate of the total offered acres.

Indian Tribe means any Indian Tribe, band, Nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Indian trust lands means real property in which:

(1) The United States holds title as trustee for an Indian or Tribal beneficiary; or

(2) An Indian or Tribal beneficiary holds title and the United States maintains a trust relationship.

Joint operation means a general partnership, joint venture, or other similar business arrangement as defined in 7 CFR 718.2.

Land cover/use means a term that includes categories of land cover and categories of land use. Land cover is the vegetation or other kind of material
that covers the land surface. Land use is the purpose of human activity on the land; it is usually, but not always, related to land cover. The National Resources Inventory uses the term land cover/use to identify categories that account for all the surface area of the United States.

**Land management practice** means conservation practices and measures that primarily use site-specific management techniques and methods to conserve, protect from degradation, or improve soil, water, air, or related natural resources in the most cost-effective manner. Land management practices include, but are not limited to, nutrient management, energy management, manure management, integrated pest management, integrated crop management, resource conserving crop rotations, irrigation water management, tillage or residue management, strip cropping, contour farming, grazing management, and wildlife habitat management.

**Limited resource producer** means a producer:

1. With direct or indirect gross farm sales not more than $100,000 in each of the previous two years (to be increased starting in FY 2004 to adjust for inflation using Prices Paid by Farmer Index as compiled by National Agricultural Statistical Service (NAS8S)); and
2. Who has a total household income at or below the national poverty level for a family of four, or less than 50 percent of county median household income in each of the previous 2 years (to be determined annually using Commerce Department Data).

**Liquidated damages** means a sum of money stipulated in the conservation stewardship contract which the participant agrees to pay NRCS if the participant fails to adequately complete the contract. The sum represents an estimate of the anticipated or actual harm caused by the failure, and reflects the difficulties of proof of loss and the inconvenience or non-feasibility of otherwise obtaining an adequate remedy.

**Local work group** means representatives of local offices of FSA, the Cooperative State Research, Education, and Extension Service, the conservation district, and other Federal, State, and local government agencies, including Indian Tribes, with expertise in natural resources who advise NRCS on decisions related to implementation of USDA conservation programs.

**Maintenance** means work performed to keep the applied conservation practice functioning for the intended purpose during its life span. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

**Management intensity** means the degree and scope of practices or measures taken by a producer which are beyond the quality criteria for a given resource concern or beyond the minimum requirements of a management practice, and which may qualify as additional effort necessary to receive an enhancement payment.

**Measure** means one or more specific actions that is not a conservation practice, but has the effect of alleviating problems or improving the treatment of the resources.

**Minimum level of treatment** means the specific conservation treatment NRCS requires that addresses a resource concern to a level that meets or exceeds the quality criteria according to NRCS technical guides or the minimum tier requirements to address resource concerns as defined in §1469.5(e).

**Nationally significant resource concerns** means the significant resource concerns identified by NRCS in this rule and in the sign-up notice as basic program eligibility requirements.

Pastured cropland will receive the same stewardship payment as cropland.

*Pastureland* means a land cover/use category of land managed primarily for the production of introduced forage plants for grazing animals and includes improved pasture. Pastureland cover may consist of a single species in a pure stand, a grass mixture, or a grass-legume mixture. Management usually consists of cultural treatments: fertilization, weed control, reseeding or renovation, and control of grazing.

*Practice life span* means the time period in which the conservation practices are to be used and maintained for their intended purposes as defined by NRCS technical references.

*Priority resource concern* means nationally significant resource concerns and local resource concerns, approved by the Chief, for which enhancement payments will be available.

*Producer* means an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing any crop or livestock; and is entitled to share in the crop or livestock available for marketing from a farm (or would have shared had the crop or livestock been produced).

*Quality criteria* means the minimally acceptable level of treatment as defined in the technical guide of NRCS, required to achieve a resource management system for identified resource considerations for a particular land use.

*Rangeland* means a land cover/use category on which the climax or potential plant cover is composed principally of native grasses, grasslike plants, forbs, or shrubs suitable for grazing and browsing, and introduced forage species that are managed like rangeland. This term would include areas where introduced hardy and persistent grasses are planted and such practices as deferred grazing, burning, chaining, and rotational grazing are used, with little or no chemicals or fertilizer being applied. Grasslands, savannas, prairie, many wetlands, some deserts, tundra, coastal marshes and wet meadows are considered to be rangeland. Certain communities of low forbs and shrubs, such as mesquite, chaparral, mountain shrub, and pinyon-juniper, are also included as rangeland.

*Resource concern* means the condition of natural resources that may be sensitive to change by natural forces or human activity. Resource concerns include the resource considerations listed in Section III of the FOTG, such as soil erosion, soil condition, soil deposition, water quality, water quantity, animal habitat, air quality, air condition, plant suitability, plant condition, plant management, and animal habitat and management.

§ 1469.4 Significant resource concerns.

(a) Soil quality and water quality are nationally significant resource concerns for all land uses.

(b) For each sign-up, the Chief may determine additional nationally significant resource concerns for all land uses. Such significant resource concerns will reflect pressing conservation needs and emphasize off-site environmental benefits. In addition, the Chief may approve other priority resource concerns for which enhancement payments will be offered for specific locations and land uses.

§ 1469.5 Eligibility requirements.

(a) In general—To be eligible to participate in CSP:

(1) Applicants must meet the requirements for eligible applicants, including any additional eligibility criteria and contract requirements that may be included in a CSP sign-up notice pursuant to §1469.6(c);

(2) Land must meet the definition of eligible land; and

(3) The application must meet the conservation standards established pursuant to this section.

(b) Applicants may submit only one application for each sign-up. Producers who are participants in an existing conservation stewardship contract are not eligible to submit another application.

(c) Eligible applicants. To be eligible to participate, an applicant must—

(1) Be in compliance with the highly erodible land and wetland conservation provisions found in 7 CFR Part 12;
(2) Have control of the land for the life of the proposed contract period.
   (i) The Chief may make an exception for land allotted by the Bureau of Indian Affairs (BIA), Tribal land, or other instances in which the Chief determines that there is sufficient assurance of control; and
   (ii) If the applicant is a tenant, the applicant must provide NRCS with the written evidence or assurance of control from the landowner;

(3) Share in risk of producing any crop or livestock and be entitled to share in the crop or livestock available for marketing from the agricultural operation (landlords and owners are ineligible to submit an application for exclusively cash rented agricultural operations);

(4) Complete a benchmark condition inventory for the entire agricultural operation or the portion being enrolled in accordance with §1469.7(a); and

(5) Supply information, as required by NRCS, to determine eligibility for the program, including but not limited to information related to eligibility criteria in the sign-up notice, and information to verify the applicant’s status as a beginning or a limited resource farmer or rancher.

(d) Eligible land:
   (1) To be eligible for enrollment in CSP, land must be:
      (i) Private agricultural land;
      (ii) Private non-industrial forested land that is an incidental part of the agricultural operation;
      (iii) Agricultural land that is Tribal, allotted, or Indian trust land;

Other land must be treated in Tier III contracts; and
      (vi) A majority of the agricultural operation must be within a watershed selected for sign-up.
   (2) The following land is not eligible for enrollment in CSP:
      (i) Land enrolled in the Conservation Reserve Program;
      (ii) Land enrolled in the Wetlands Reserve Program;

      (v) Land referred to in paragraphs (d)(2)(i), (ii) (iii) and (iv) of this section may not receive CSP payments, but the conservation work on this land may be used to determine if an applicant meets the minimum level of treatment on the eligible land and may be described in the conservation stewardship plan.
   (3) The following land is not eligible for any payment component in CSP:
      Land that is used for crop production after May 13, 2002, that had not been planted, considered to be planted, or devoted to crop production, as determined by NRCS, for at least 4 of the 6 years preceding May 13, 2002.
   (4) Delineation of the agricultural operation.
      (i) The applicant will delineate the agricultural operation to include all agricultural lands, other incidental parcels identified in paragraph (d)(1)(iv) of this section, and other lands, identified in paragraph (d)(1)(v) of this section under the control of the applicant and constituting a cohesive management unit, and is operated with equipment, labor, accounting system, and management that is substantially separate from any other land.
      (ii) In delineating the agricultural operation, USDA farm boundaries may be used. If farm boundaries are used in the application, the entire farm area must be included within the delineation. An applicant may offer one farm or aggregate farms into one agricultural operation and any other additional eligible land not within a farm boundary.

(e) Conservation standards—(1) Minimum tier eligibility requirements:
(i) An applicant is eligible to participate in CSP Tier I only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed the nationally significant resource concerns of Water Quality and Soil Quality to the minimum level of treatment as specified in paragraphs (e)(2) and (3) of this section on part of the eligible land uses within the agricultural operation. Only the acreage meeting such requirements is eligible for stewardship and existing practice payments in CSP.

(ii) An applicant is eligible to participate in CSP Tier II only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed the nationally significant resource concerns of water quality and soil quality to the minimum level of treatment as specified in paragraphs (e)(2) and (3) of this section for all eligible land uses on the entire agricultural operation. Under Tier II, the entire agricultural operation must be enrolled in CSP.

(iii) An applicant is eligible to participate in CSP Tier III only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed all of the applicable resource concerns to the minimum level of treatment as specified in paragraph (e)(4) of this section for all eligible land uses on the entire agricultural operation. Practices or activities shall not be required for participation in the program unless they would have an ultimate conservation benefit as demonstrated by the Conservation Practice Physical Effects matrix in the FOTG. Under Tier III, the entire agricultural operation is enrolled in CSP including other land as defined in §1469.5(d)(1)(v).

(2) The minimum level of treatment on cropland for Tier I and Tier II:

(i) The minimum level of treatment for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive.

(ii) The minimum level of treatment for water quality on cropland is considered achieved if the benchmark inventory indicates that the current level of treatment addresses the risks that nutrients, pesticides, sediment, and salinity present to water quality by meeting or exceeding the quality criteria for the specific resource concerns of nutrients, pesticides, sediment and salinity for surface water and nutrients, pesticides and salinity for ground water.

(iii) The Chief may make minor exceptions to criteria for areas, such as tropical and tundra regions, where technology tools are being refined or testing is needed to review performance data.

(3) The minimum level of treatment on pastureland and rangelands for Tier I and Tier II is vegetation and animal management accomplished by following a grazing management plan that provides for:

(i) A forage-animal balance;

(ii) Proper livestock distribution;

(iii) Timing of use; and

(iv) Managing livestock access to water courses.

(4) The minimum level of treatment for Tier III:

(i) The minimum level of treatment for Tier III is having a fully implemented resource management system that meets the quality criteria for the local NRCS FOTG for all applicable resource concerns and considerations with the following exceptions:

(A) The minimum requirement for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive;

(B) The minimum requirement for water quantity—irrigation water management on cropland or pastureland is considered achieved when the current level of treatment and management for the system results in a water use index value of at least 50; and

(C) The minimum requirement for wildlife is considered achieved when the current level of treatment and management for the system results in an index value of at least 0.5 using a general or species specific habitat assessment guide; and

(ii) All riparian corridors, including streams and natural drainages, within the agricultural operation are buffered to restore, protect, or enhance riparian resources. Riparian corridors, as appropriate, will be managed or designed to intercept sediment, nutrients, pesticides, and other materials in surface...

runoff; reduce nutrients and other pollutants in shallow subsurface water flow; lower water temperature; and provide litter fall or structural components for habitat complexity or to slow out-of-bank floods.

(5) In the instance of a significant natural event, such as drought, wildfire, pestilence, or flooding which would prevent the participant or applicant from achieving the minimum requirements, those requirements will be considered met so long as the participant or applicant can provide documentation of their stewardship prior to such an event.

§ 1469.6 Enrollment criteria and selection process.

(a) Selection and funding of priority watersheds. (1) NRCS will prioritize watersheds based on a nationally consistent process using existing natural resource, environmental quality, and agricultural activity data along with other information that may be necessary to efficiently operate the program. The watershed prioritization and identification process will consider several factors, including but not limited to:
   (i) Potential of surface and ground water quality to degradation;
   (ii) Potential of soil to degradation;
   (iii) Potential of grazing land to degradation;
   (iv) State or national conservation and environmental issues e.g., location of air non-attainment zones or important wildlife/fisheries habitat; and
   (v) Local availability of management tools needed to more efficiently operate the program, such as digital soils information.

(2) Priority watersheds selected, in which producers would be potentially eligible for enrollment, will be announced in the sign-up notice.

(b) Enrollment categories. The Chief may limit new program enrollments in any fiscal year to enrollment categories designed to focus on priority conservation concerns and levels of historic conservation treatment, including the producer’s willingness to achieve additional environmental performance or conduct enhancement activities.

(2) All applications which meet the sign-up criteria within the priority watersheds will be placed in an enrollment category regardless of available funding.

(3) NRCS will develop subcategories within each enrollment category and include them in the sign-up notice. The development of subcategories may consider several factors, including:
   (i) Willingness of the applicant to participate in local conservation enhancement activities;
   (ii) Targeting program participation for Limited Resource Producers;
   (iii) Targeting program participation to water quality priority areas for nutrient or pest management;
   (iv) Targeting program participation for locally important wildlife/fisheries habitat creation and protection; and
   (v) Other priorities as determined by the Secretary.

(4) At the beginning of each sign-up, the Chief will announce the order in which categories and subcategories are eligible to be funded.

(5) All eligible applications will be placed in the highest priority enrollment category and sub-category for which the application qualifies.

(6) Enrollment categories and subcategories will be funded in priority order until the available funds specified in the CSP sign-up notice are exhausted.

(c) Sign-up process. (1) NRCS will publish a CSP sign-up notice with sufficient time for producers to consider the benefits of participation prior to the opening of the sign-up period. In the public sign-up notice, the Chief will announce and explain the rationale for decisions for the following information:
   (i) Any additional program eligibility criteria that are not listed in §1469.5;
   (ii) Any additional nationally significant resource concerns that are not listed in §1469.4(a) that will apply;
   (iii) Any additional requirements that participants must include in their CSP applications and contracts that are not listed in §1469.21;
(iv) Information on the priority order of enrollment categories and subcategories for funding contracts;
(v) Specific information on the level of funding that NRCS estimates will go toward stewardship, existing practice, and enhancement payments;
(vi) An estimate of the total funds NRCS expects to obligate under new contracts during a given sign-up, and an estimate for the number of enrollment categories and contracts NRCS expects to be able to fund; and
(vii) The schedule for the sign-up process, including the deadline(s) for applying.

(2) NRCS will accept applications according to the timeframes specified in the sign-up notice.

(d) Selection of contracts. (1) NRCS will determine whether the application meets the eligibility criteria, and will place applications into an enrollment category and subcategory based on the criteria specified in the sign-up notice and into a Tier based on the criteria in 1469.5(e). Enrollment categories will be funded in the order designated in the sign-up notice until the available funding is exhausted. NRCS will determine the number of categories that can be funded in accordance with the sign-up notice, and will inform the applicant of its determinations.

(2) NRCS will develop a conservation stewardship contract for the selected applications. If the contract falls within the enrollment categories and subcategories funded in the given sign-up, NRCS will make payments as described in the contract in return for the implementation and/or maintenance of a specified level of conservation treatment on all or part of the agricultural operation.

§ 1469.7 Benchmark condition inventory and conservation stewardship plan.

(a) The benchmark condition inventory and associated case file information must include:

(1) A map, aerial photograph, or overlay that delineates the entire agricultural operation, including land use and acreage;

(2) A description of the applicant’s production system(s) on the agricultural operation to be enrolled;

(3) The existing conservation practices and resource concerns, problems, and opportunities on the operation;

(4) Other information needed to document existing conservation treatment and activities, such as, grazing management, nutrient management, pest management, and irrigation water management plans;

(5) A description of the significant resource concerns and other resource concerns that the applicant is willing to address in their contract through the adoption of new conservation practices and measures; and,

(B) Individual conservation practices and measures to be installed during the contract, consistent with the requirements for the tier(s) of participation and the relevant resource concerns,

(C) Eligible enhancement activities as selected by the applicant and approved by NRCS, and

(D) A schedule for transitioning to higher tier(s) of participation, if applicable;
(vi) A description of the conservation activities that is required for a contract to include a transition to a higher tier of participation;

(vii) Information that will enable evaluation of the effectiveness of the plan in achieving its environmental objectives; and

(viii) Other information determined appropriate by NRCS and described to the applicant.

(2) The conservation stewardship plan may be developed with assistance from NRCS or NRCS-certified Technical Service Providers.

(3) All additional conservation practices in the conservation stewardship plan for which new practice payments will be provided must be carried out in accordance with the applicable NRCS FOTG.

§ 1469.8 Conservation practices and activities.

(a) Conservation practice and activity selection. (1) The Chief will provide a list of structural and land management practices and activities eligible for each CSP payment component. If the Chief’s designee provides the list, it will be approved by the Director of the Financial Assistance Programs Division of NRCS. When determining the lists of practices and activities and their associated rates, the Chief will consider:

(i) The cost and potential conservation benefits;

(ii) The degree of treatment of significant resource concerns;

(iii) The number of resource concerns the practice or activity will address;

(iv) Locally available technology;

(v) New and emerging conservation technology;

(vi) Ability to address the resource concern based on site specific conditions; and,

(vii) The need for cost-share assistance for specific practices and activities to help producers achieve higher management intensity levels or to advance in tiers of eligibility.

(2) To address unique resource conditions in a State or region, the Chief may make additional conservation practices, measures, and enhancement activities eligible that are not included in the national list of eligible CSP practices.

(3) NRCS will make the list of eligible practices and activities and their individual payment rates available to the public.

(b) NRCS will consider the qualified practices and activities in its computation of CSP payments except as provided for in paragraph (d) of this section.

(c) NRCS will not make new practice payments for a conservation practice the producer has applied prior to application to the program.

(d) New practice payments will not be made to a participant who has implemented or initiated the implementation of a conservation practice prior to approval of the contract, unless a waiver was granted by the State Conservationist or the Designated Conservationist prior to the installation of the practice.

(e) Where new technologies or conservation practices that show high potential for optimizing environmental benefits are available, NRCS may approve interim conservation practice standards and financial assistance for pilot work to evaluate and assess the performance, efficacy, and effectiveness of the technology or conservation practices.

(f) NRCS will set the minimum level of treatment within land management practices at the national level; however, the State Conservationist may supplement specific criteria to meet localized conditions within the State or areas.

§ 1469.9 Technical assistance.

(a) NRCS may use the services of NRCS-approved or certified Technical Service Providers in performing its responsibilities for technical assistance.

(b) Technical assistance may include, but is not limited to: Assisting applicants during sign-up, processing and assessing applications, assisting the participant in developing the conservation stewardship plan; conservation practice survey, layout, design, installation, and certification; information, education, and training for producers; and quality assurance activities.
§ 1469.20

(c) NRCS retains approval authority over the certification of technical assistance done by non-NRCS personnel.

(d) NRCS retains approval authority of the conservation stewardship contracts and contract payments.

(e) Conservation stewardship plans will be developed by NRCS certified conservation planners.

Subpart B—Contracts and Payments

§ 1469.20 Application for contracts.

(a) Applications must include:

(1) A completed self-assessment workbook;

(2) Benchmark condition inventory and conservation stewardship plan in accordance with §1469.7 for the eligible land uses on the entire operation or, if Tier I, for the portion being enrolled;

(3) Any other requirements specified in the sign-up notice;

(4) For Tier I, clear indication of which acres the applicant wishes to enroll in the CSP; and,

(5) A certification that the applicant will agree to meet the relevant contract requirements outlined in the sign-up notice.

(b) Producers who are members of a joint operation, trust, estate, association, partnership or similar organization must file a single application for the joint operation or organization.

(c) Producers can submit only one application per sign-up.

(d) Participants can only have one active contract at any one time.

§ 1469.21 Contract requirements.

(a) To receive payments, each participant must enter into a conservation stewardship contract and comply with its provisions. Among other provisions, the participant agrees to maintain at least the level of stewardship identified in the benchmark inventory for the portion of land being enrolled for the entire contract period, as appropriate, and implement and maintain any new practices or activities required in the contract.

(b) Program participants will only receive payments from one conservation stewardship contract.

(c) CSP participants must address the following requirements or additional resource concerns to the minimum level of treatment by the end of their conservation stewardship contract:

(1) Tier I contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the part of the agricultural operation enrolled in CSP.

(2) Tier II contract requirements:

(i) Address an additional locally significant resource concern, as described in section III of the NRCS FOTG over the entire agricultural operation. Applicants may satisfy this requirement by demonstrating that the locally significant resource concern is not applicable to their operation or that they have already addressed it in accordance with NRCS’ quality criteria; and

(ii) Additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(3) Tier III contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(d) Transition to a higher tier of participation.

(1) Upon agreement by NRCS and the participant, a conservation stewardship contract may include provisions that lead to a higher tier of participation during the contract period. Such a transition does not require a contract modification if that transition is laid out in the schedule of contract activities. In the event that such a transition begins with Tier I, only the land area in the agricultural operation that meets the requirements for enrollment in Tier I can be enrolled in the contract until the transition occurs. Upon transition from Tier I to a higher tier of participation, the entire agricultural operation must be incorporated into the contract. All requirements applicable to the higher tier of participation would then apply. NRCS will calculate all stewardship, existing practice, new practice payments, and enhancement payments using the applicable enrolled acreage at the time of the payment.
§ 1469.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the operation and maintenance of the conservation practice(s) applied under the contract.

(b) The participant must operate and maintain any new conservation practice(s) for which a payment was received to ensure that the new practice or enhancement achieves its intended
§ 1469.23 Program payments.

(a) Stewardship component of CSP payments. (1) The conservation stewardship plan, as applicable, divides the land area to be enrolled in the CSP into land use categories, such as irrigated and non-irrigated cropland, irrigated and non-irrigated pasture, pastured cropland and range land, among other categories.

(2) NRCS will determine an appropriate stewardship payment rate for each land use category using the following methodology:

(i) NRCS will initially calculate the average 2001 rates using the Agriculture Foreign Investment Disclosure Act (AFIDA) Land Value Survey, the National Agriculture Statistics Service (NASS) land rental data, and Conservation Reserve Program (CRP) rental rates.

(ii) Where typical rental rates for a given land use vary widely within a State or between adjacent States, NRCS will adjust the county-level rates to ensure local and regional consistency and equity.

(iii) The State Conservationists can also contribute additional local data, with advice from the State Technical Committee.

(iv) The final stewardship payment rate will be the adjusted regional rates described in paragraph (a)(2)(i) through (iii) of this section multiplied by a reduction factor of 0.25 for Tier I, 0.50 for Tier II, and 0.75 for Tier III.

(v) Pastured cropland will receive the same stewardship payment as cropland.

(3) NRCS will compute the stewardship component of the CSP payment as the product of: the number of acres in each land use category (not including "other" or land not in the applicant’s control); the corresponding stewardship payment rate for the applicable acreage; and a tier-specific percentage. The tier-specific percentage is 5 percent for Tier I payments, 10 percent for Tier II payments, and 15 percent for Tier III payments.

(4) Other incidental parcels as defined in §1469.5(d)(1)(iv) may be given a stewardship rate as though they were the land use to which they are contiguous if they are serving a conservation purpose, such as wildlife habitat. Payment is limited to not more than ten percent of the contract acres. Minimum treatment requirements for the contract tier apply.

(5) Other land, as defined in §1469.5(d)(1)(v), is not included in the stewardship payment computation.

(6) NRCS will publish the stewardship payment rates at the announcement of each program sign-up.

(b) Existing practice component of CSP payments. (1) The Chief will determine and announce which practices will be eligible for existing practice payments in accordance with §1469.8(a).

(2) With exceptions including, but not limited to, paragraph (b)(3) and (4) of this section, NRCS may pay the participant a percentage of the average 2001 county cost of maintaining a land management, and structural practice that is documented in the benchmark condition inventory as existing upon enrollment in CSP. The Chief may offer alternative payment methods such as paying a percentage of the stewardship payment as long as the payment will
not exceed 75 percent (or, in the case of a beginning farmer or rancher, 90 percent) of the average 2001 county costs of installing the practice in the 2001 crop year. NRCS will post the rates for payment at the time of the sign-up notices on the NRCS website and in USDA Service Centers.

(3) NRCS will not pay for maintenance of equipment.

(4) NRCS will not pay an existing practice component of CSP payments for any practice that is required to meet conservation compliance requirements found in 7 CFR Part 12.

(5) Existing practice payments are not intended to pay for routine maintenance activities related to production practices or practices considered typical in farm and ranch operations for a specific location.

(6) Existing practice payments will be made only on practices that meet or exceed the practice standards described in the FOTG.

(7) The Chief may reduce the rates in any given sign-up notice.

(c) New practice payments. (1) The Chief will determine and announce which practices will be eligible for new practice payments in accordance with §1469.8(a).

(2) If the conservation stewardship contract requires the implementation of a new structural or land management practice, NRCS may pay a percentage of the cost of installing the new practice. NRCS will provide the list of approved practices and the percentage cost-share rate for each practice at the time of each CSP sign-up notice.

(3) Participants may contribute to their share of the cost of installing a new practice through in-kind sources, such as personal labor, use of personal equipment, or donated materials. Contributions for a participant’s share of the practice may also be provided from non-Federal sources, as determined by the Chief.

(4) Cost-share payments may be provided by other programs; except that payments may not be provided through CSP and another program for the same practice on the same land area.

(5) If additional practices are installed or implemented to advance a contract from one tier of participation to a higher tier, the practice must be certified as meeting FOTG practice standards by NRCS.

(6) In no instance will the total financial contributions for installing a practice from all public and private entity sources exceed 100 percent of the actual cost of installing the practice.

(7) NRCS will not pay a new practice payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(8) The Chief may reduce the rates in any given sign-up notice.

(d) Enhancement component of CSP payments. (1) The Chief will establish a list of conservation practices and activities that are eligible for enhancement payments for a given sign-up. State Conservationists, with advice from the State Technical Committees, will tailor the list to meet the needs of the selected watersheds and submit to the Chief for concurrence.

(2) NRCS may pay an enhancement component of a CSP payment if a conservation stewardship plan demonstrates to the satisfaction of NRCS that the plan’s activities will increase conservation performance including activities related to energy management as a result of additional effort by the participant and result in:

(i) The improvement of a resource concern by implementing or maintaining multiple conservation practices or measures that exceed the minimum eligibility requirements for the contract’s Tier of participation as outlined in the sign-up notice and as described in §1469.5(e) and the contract requirements in §1469.21; or

(ii) An improvement in a local resource concern based on local priorities and in addition to the national significant resource concerns, as determined by NRCS.

(3) NRCS may also pay an enhancement component of a CSP payment if a participant:

(i) Participates in an on-farm conservation research, demonstration, or pilot project as outlined in the sign-up notice; or

(ii) Cooperates with other producers to implement watershed or regional resource conservation plans that involve

787
§ 1469.23

at least 75 percent of the producers in the targeted area; or

(iii) Carries out assessment and evaluation activities relating to practices included in the conservation stewardship plan as outlined in the sign-up notice.

(4) NRCS will not pay the enhancement component of a CSP payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(5) **Eligible enhancement payments.** (i) State Conservationists, with advice from the State Technical Committees, will develop proposed enhancement payment amounts for each practice and activity.

(ii) An enhancement payment will be made to encourage a producer to perform or continue a management practice or activity, resource assessment and evaluation project, or field-test a research, demonstration, or pilot project that produces enhanced environmental performance and benefits or produces information and data to improve a resource concern or update the NRCS technical guides. Enhancement payments will be:

(A) For activities where NRCS can demonstrate the economic value of the environmental benefits, based on a given activity’s expected environmental benefit value. The payment may not exceed the activity’s expected economic value; or

(B) For activities where NRCS cannot demonstrate the economic value of the environmental benefits, a rate that will not exceed a producer’s cost to implement a given activity.

(iii) NRCS will post the list of approved enhancement activities and payment amounts for each activity concurrent with the CSP sign-up notice.

(6) The Chief may set a not-to-exceed limit or variable payment rate for the enhancement payment in any given sign-up notice.

(7) Enhancements above the minimum criteria for the resource concern that are included in the benchmark inventory may be included in the first CSP payment.

(e) Contracts will be limited as follows:

(1) $20,000 per year for a Tier I conservation stewardship contract.

(2) $35,000 per year for a Tier II conservation stewardship contract, or

(3) $45,000 per year for a Tier III conservation stewardship contract.

(4) Stewardship components of CSP payments cannot exceed $3,500 per year for Tier I, $10,500 per year for Tier II, or $13,500 per year for Tier III.

(5) The new practice payment will not exceed 50 percent of the average county costs of installing the practice (or a similar practice, if new) in the 2001 crop year with the exception of beginning and limited resource producers, in which case the new practice payment may be up to 65 percent.

(f) The new practice and enhancement components of the conservation stewardship contract payment may increase once the participant applies and agrees to maintain additional conservation practices and activities as described in the conservation stewardship plan.

(g) The Chief of NRCS may limit the stewardship, practice, and enhancement components of CSP payments in order to focus funding toward targeted activities and conservation benefits the Chief identifies in the sign-up notice and any subsequent addenda.

(h) In the event that annual funding is insufficient to fund existing contract commitments, the existing contracts will be pro-rated in that contract year.

(i) NRCS may not make any payments to participants for:

(1) Practices within their conservation stewardship plan that are required to meet conservation compliance requirements found in 7 CFR Part 12.

(2) Practices that are included in maintenance agreements (with financial reimbursements for maintenance) that existed prior to the conservation stewardship contract approval;

(3) Construction or maintenance of animal waste storage or treatment facilities or associated waste transport or transfer devices for animal feeding operations;

(4) The purchase or maintenance of equipment;

(5) A non-land based structure that is not integral to a land based practice, as determined by the Chief; or
§ 1469.25 Contract violations and termination.

(a) If the NRCS determines that a participant is in violation of the terms of a contract, or documents incorporated by reference into the contract, NRCS will give the participant a reasonable time, as determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If the violation continues, the State Conservationist may terminate the conservation stewardship contract.

(b) Notwithstanding the provisions of paragraph (a) of this section, a contract termination is effective immediately upon a determination by the State Conservationist that the participant has: submitted false information; filed a false claim; engaged in any act for which a finding of ineligibility for payments is permitted under this part; or taken actions NRCS deems to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract due to breach of contract, the participant will forfeit all rights for future payments under the contract, and must refund all or part of the payments received, plus interest, and liquidated damages as determined in accordance with part 1403 of this chapter. The State Conservationist may require only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(d) If NRCS terminates a contract due to breach of contract, or the participant voluntarily terminates the contract before any contractual payments have been made, the participant will forfeit all rights for further payments under the contract, and must pay such liquidated damages as are prescribed in the contract. The State Conservationist has the option to waive the liquidated damages, depending upon the circumstances of the case.

(e) When making any contract termination decisions, the State Conservationist may reduce the amount of money owed by the participant by a proportion which reflects the good faith effort of the participant to comply with the contract, or the hardships beyond the participant’s control that have prevented compliance with the contract including natural disasters or events.

(f) The participant may voluntarily terminate a contract, without penalty or repayment, if the State Conservationist determines that the contract terms and conditions have been fully complied with before termination of the contract.
§ 1469.30 Fair treatment of tenants and sharecroppers.
Payments received under this part must be divided in the manner specified in the applicable contract or agreement, and NRCS will ensure that potential participants who would have an interest in acreage being offered receive treatment which NRCS deems to be equitable, as determined by the Chief. NRCS may refuse to enter into a contract when there is a disagreement among multiple applicants seeking enrollment as to an applicant’s eligibility to participate in the contract as a tenant.

§ 1469.31 Appeals.
(a) An applicant or a participant may obtain administrative review of an adverse decision under CSP in accordance with parts 11 and 614, Subparts A and C, of this title, except as provided in paragraph (b) of this section.
(b) Participants cannot appeal the following decisions:
(1) Payment rates, payment limits, and cost-share percentages;
(2) Eligible conservation practices; and,
(3) Other matters of general applicability.
(c) Before a participant can seek judicial review of any action taken under this part, the participant must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision will be a final agency action except a decision of the Chief under these procedures.

§ 1469.32 Compliance with regulatory measures.
Participants who carry out conservation practices are responsible for obtaining the authorities, permits, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants must comply with all laws and are responsible for all effects or actions resulting from their performance under the contract.

§ 1469.33 Access to agricultural operation.
Any authorized NRCS representative has the right to enter an agricultural operation for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and conditions of the contract. Access includes the right to provide technical assistance, inspect any work undertaken under the contract, and collect information necessary to evaluate the performance of conservation practices in the contract. The NRCS representative will make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1469.34 Performance based on advice or action of representatives of NRCS.
If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the action or advice was improper or erroneous, the State Conservationist may accept the advice or action as meeting the requirements of CSP. In addition, the State Conservationist may grant relief, to the extent it is deemed desirable by CCC, to provide a fair and equitable treatment because of the good faith reliance on the part of the participant.

§ 1469.35 Offsets and assignments.
(a) Except as provided in paragraph (b) of this section, NRCS will make any payment or portion thereof to any participant without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 are applicable to contract payments.
(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing
Commodity Credit Corporation, USDA

§ 1469.36 Misrepresentation and scheme or device.

(a) If the Department determines that a participant erroneously represented any fact affecting a CSP determination made in accordance with this part, the participant’s conservation stewardship contract will be terminated immediately in accordance with §1469.25(b). The participant will forfeit all rights for future contract payments, and must refund payments received, plus interest, and liquidated damages as described in §1469.25.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of CSP;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a CSP determination, must refund to NRCS all payments, plus interest, and liquidated damages as determined in accordance with §1469.25 received by such participant with respect to all contracts. In addition, NRCS will terminate the participant’s interest in all conservation stewardship contracts.

(c) If the producer acquires land subsequent to enrollment in CSP, that land is not considered part of the agricultural operation; however, if the land was previously owned or controlled by them before the date of enrollment and after May 13, 2002, then NRCS will conduct an investigation into the activity to see if there was a scheme or device.

PART 1470—CONSERVATION STEWARDSHIP PROGRAM

§ 1470.1 Applicability.

(a) This part sets forth the policies, procedures, and requirements for the Conservation Stewardship Program (CSP) as administered by the Natural Resources Conservation Service (NRCS), for enrollment during fiscal year (FY) 2009 and thereafter.

(b) The purpose of CSP is to encourage producers to address resource concerns in a comprehensive manner by:

(1) Undertaking additional conservation activities; and

(2) Improving, maintaining, and managing existing conservation activities.

(c) CSP is applicable in any of the 50 States, District of Columbia, Commonwealth of Puerto Rico, Guam, Virgin Islands of the United States, American Samoa, and Commonwealth of the Northern Mariana Islands.

(d) NRCS provides financial assistance and technical assistance to participants for the conservation, protection, and improvement of soil, water, and other related natural resources, and for any similar conservation purpose as determined by NRCS.
§ 1470.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief, NRCS, who is a Vice President of the Commodity Credit Corporation (CCC).

(b) The Chief is authorized to modify or waive a provision of this part if the Chief deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the purposes of the program. This authority cannot be further delegated. The Chief may not modify or waive any provision of this part which is required by applicable law.

(c) To achieve the conservation goals of CSP, NRCS will:

(1) Make the program available nationwide to eligible applicants on a continuous application basis with one or more ranking periods to determine enrollments. One of the ranking periods will occur in the first quarter of each fiscal year, to the extent practicable; and

(2) Develop conservation measurement tools (CMT) for the purpose of carrying out the program.

(d) During the period beginning on October 1, 2008, and ending on September 30, 2017, NRCS will, to the maximum extent practicable:

(1) Enroll in CSP an additional 12,769,000 acres for each fiscal year; and

(2) Manage CSP to achieve a national average rate of $18 per acre, which includes the costs of all financial and technical assistance and any other expenses associated with program enrollment and participation.

(e) The State Conservationist will:

(1) Obtain advice from the State Technical Committee and local working groups on the development of State-level technical, outreach, and program matters, including:

(i) Establishment of ranking pools appropriate for the conduct of CSP within the State to ensure program availability and prioritization of conservation activities. Ranking pools may be based on watersheds, geographic areas, or other appropriate regions within a State and may consider high-priority regional and State-level resource concern areas;

(ii) Identification of not less than three, nor more than five priority resource concerns in particular watersheds, geographic areas, or other appropriate regions within a State;

(iii) Identification of resource-conserving crops that will be part of resource-conserving crop rotations;

(iv) Development of design protocols and participation procedures for participation in on-farm research, and demonstration and pilot projects; and

(v) Evaluation of Cooperative Conservation Partnership Initiative (CCPI) projects and allowable program adjustments for the conduct of projects.

(2) Assign NRCS employees as designated conservationists to be responsible for CSP at the local level; and

(3) Be responsible for the program in their assigned State.

(f) NRCS may enter into agreements with Federal, State, and local agencies, conservation districts, Indian tribes, private entities, and individuals to assist NRCS with program implementation.

§ 1470.3 Definitions.

The following definitions will apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Agricultural land means cropland, rangeland, and pastureland on which agricultural products or livestock are produced and resource concerns may be addressed. Agricultural lands may also include other land and incidental areas included in the agricultural operation as determined by NRCS. Other agricultural lands include cropped woodland, marshes, incidental areas included in the agricultural operation, and other types of agricultural land used for production of livestock.

Agricultural operation means all agricultural land and other land, as determined by NRCS, whether contiguous or noncontiguous:

(1) Which is under the effective control of the applicant; and

(2) Which is operated by the applicant with equipment, labor, management, and production or cultivation practices that are substantially separate from other operations.

Animal waste storage or treatment facility means a structural conservation practice used for storing or treating animal waste.
Applicant means a person, legal entity, joint operation, or Indian tribe that has an interest in an agricultural operation, as defined in 7 CFR part 1400, who has requested in writing to participate in CSP.

Beginning farmer or rancher means:
(i) Has not operated a farm, ranch, or nonindustrial private forest land (NIPF), or who has operated a farm, ranch, or NIPF for not more than 10 consecutive years (this requirement applies to all members of a legal entity); and

(ii) Will materially and substantially participate in the operation of the farm or ranch.

(2) In the case of a contract with an individual, individually, or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in the county or State where the farm is located.

(3) In the case of a contract with a legal entity or joint operation, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Chief means the Chief of NRCS, or designee.

Conservation activities means conservation systems, practices, or management measures needed to address a resource concern or improve environmental quality through the treatment of natural resources, and includes structural, vegetative, and management activities as determined by NRCS.

Conservation district means any district or unit of State, tribal, or local government formed under State, tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a “conservation district,” “soil conservation district,” “soil and water conservation district,” “resource conservation district,” “land conservation committee,” “natural resource district,” or similar name.

Conservation measurement tool means procedures developed by NRCS to estimate the level of environmental benefit to be achieved by a producer using the proxy of conservation performance.

Conservation planning means using the planning process outlined in the applicable National Planning Procedures Handbook (NPPH).

Conservation practice means a specified treatment, such as a structural or vegetative practice or management technique, commonly used to meet a specific need in planning and carrying out conservation programs for which standards and specifications have been developed. Conservation practices are in the NRCS Field Office Technical Guide, section IV, which is based on the National Handbook of Conservation Practices.

Conservation stewardship plan means a record of the participant’s decisions that describes the schedule of conservation activities to be implemented, managed, or improved. Associated supporting information that identifies and inventories resource concerns and existing conservation activities, establishes benchmark data, and documents the participant’s conservation objectives will be maintained with the plan.

Conservation system means a combination of conservation practices, management measures, and enhancements used to address natural resource and environmental concerns in a comprehensive, holistic, and integrated manner.

Contract means a legal document that specifies the rights and obligations of any participant who has been accepted into the program. A CSP contract is an agreement for the transfer of assistance from NRCS to the participant for installing, adopting, improving, managing, and maintaining conservation activities.

Designated conservationist means an NRCS employee whom the State Conservationist has designated as responsible for CSP at the local level.
Effective control means possession of the land by ownership, written lease, or other legal agreement and authority to act as decisionmaker for the day-to-day management of the operation both at the time the applicant enters into a stewardship contract and for the required period of the contract.

Enhancement means a type of conservation activity used to treat natural resources and improve conservation performance. Enhancements are installed at a level of management intensity that exceeds the sustainable level for a given resource concern, and those enhancements directly related to a practice standard are applied in a manner that exceeds the minimum treatment requirements of the standard.

Joint operation means, as defined in part 1400 of this chapter, a general partnership, joint venture, or other similar business arrangement in which the members are jointly and severally liable for the obligations of the organization.

Legal entity means, as defined in part 1400 of this chapter, an entity created under Federal or State law.

Limited Resource Farmer or Rancher means:

(1) A person with direct or indirect gross farm sales not more than the current indexed value in each of the previous 2 years ($142,000 is the amount for 2010, adjusted for inflation using Prices Paid by Farmer Index as compiled by the National Agricultural Statistical Service); and

(2) Has a total household income at or below the national poverty level for a family of four, or less than 50 percent of county median household income in each of the previous 2 years (to be determined annually using Department of Commerce Data).

Liquidated damages means a sum of money stipulated in the CSP contract that the participant agrees to pay NRCS if the participant fails to fulfill the terms of the contract. The sum represents an estimate of the technical assistance expenses incurred to service the contract, and reflects the difficulties of proof of loss and the inconvenience or non-feasibility of otherwise obtaining an adequate remedy.

Local working group means the advisory body as described in 7 CFR part 610.

Management measure means one or more specific actions that is not a conservation practice, but has the effect of alleviating problems or improving the treatment of the natural resources.

that wants to market an agricultural product as organically produced.

**Natural Resources Conservation Service** means an agency of USDA which has responsibility for administering CSP using the funds, facilities, and authorities of the CCC.

**Nonindustrial private forest land** means rural land that has existing tree cover or is suitable for growing trees, and is owned by an individual, group, association, corporation, Indian tribe, or other private legal entity that has definitive decisionmaking authority over the land.

**Resource concern** means a specific natural resource problem that is likely to be addressed successfully through the implementation of conservation activities by producers.

**Resource-conserving crop** means a crop that is one of the following:

1. A perennial grass;
2. A legume grown for use as forage, seed for planting, or green manure;
3. A legume-grass mixture;
4. A small grain grown in combination with a grass or legume, whether inter-seeded or planted in rotation.

**Resource-conserving crop rotation** means a crop rotation that:

1. Includes at least one resource-conserving crop as determined by the State Conservationist;
2. Reduces erosion;

A socially disadvantaged group is a group whose members have been subject to racial or ethnic prejudice because of their identity as members of a group, without regard to their individual qualities. These groups consist of American Indians or Alaskan Natives, Asians, Blacks or African Americans, Native Hawaiians or other Pacific Islanders, and Hispanics. resources on land active in agricultural, forestry, or related uses. The term includes the following:

(1) Technical services provided directly to farmers, ranchers, forest producers, and other eligible entities, such as conservation planning, technical consultation, preparation of forest stewardship management plans, and assistance with the design and implementation of conservation activities; and

(2) Technical infrastructure, including processes, tools, and agency functions needed to support delivery of technical services, such as technical standards, resource inventories, training, data, technology, monitoring, and effects analyses.

**Technical Service Provider** means an individual, private-sector entity, or public agency certified by NRCS to provide technical services to program participants in lieu of, or on behalf of, NRCS as referenced in 7 CFR part 652.

**§ 1470.4 Allocation and management.**

(a) The Chief will allocate acres and associated funds to State Conservationists:

(1) Primarily on each State’s proportion of eligible land to the total amount of eligible land in all States; and

(2) On consideration of:

(i) The extent and magnitude of the conservation needs associated with agricultural production in each State based on natural resource factors that consider national, regional, and State-level priority ecosystem areas,

(ii) The degree to which implementation of the program in the State is, or will be, effective in helping producers address those needs, and

(iii) Other considerations determined by the Chief to achieve equitable geographic distribution of program participation.

(b) The State Conservationist will allocate acres to ranking pools, to the extent practicable, based on the same factors the Chief considers in making allocations to States.

(c) Of the acres made available for each of fiscal years 2009 through 2012 to carry out CSP, NRCS will use, as a minimum:

(1) Five percent to assist beginning farmers or ranchers, and

(2) Five percent to assist socially disadvantaged farmers or ranchers.

(d) In any fiscal year, allocated acres that are not enrolled by a date determined by NRCS may be reallocated with associated funds for use in that fiscal year under CSP. As part of the reallocation process, NRCS will consider several factors, including demand from applicants, national and regional conservation priorities, and prior-year CSP performance in States.

(e) Of the CSP funds and acres made available for each fiscal year:

(1) The Chief will reserve 6 percent of funds and acres to ensure an adequate source of funds and acres for the CCPI. Of the funds and acres reserved, the Chief will allocate:

(i) Ninety percent to projects based on the direction of State Conservationists, with the advice of State Technical Committees; and

(ii) Ten percent to projects based on a national competitive process established by the Chief. In determining funding allocation decisions for these projects, NRCS will consider the extent to which they address national and regional conservation priorities.

(2) Any funds and acres reserved for the CCPI in a fiscal year that are not obligated by April 1 of that fiscal year may be used to carry out other CSP activities during the remainder of that fiscal year.

**§ 1470.5 Outreach activities.**

(a) NRCS will establish program outreach activities at the national, State, and local levels to ensure that potential applicants who control eligible land are aware and informed that they may be eligible to apply for program assistance.

(b) Special outreach will be made to eligible producers with historically low participation rates, including but not restricted to, beginning farmers or ranchers, limited resource farmers or ranchers, and socially disadvantaged farmers or ranchers.

(c) NRCS will ensure that outreach is provided so as not to limit producer participation because of size or type of operation or production system, including specialty crop and organic production.
(d) NRCS will conduct focused outreach in regions of national significance in order to maximize program participation. These areas could include landscapes such as the Chesapeake Bay watershed and Great Lakes basin.

§ 1470.6 Eligibility requirements.

(a) Eligible applicant. To be an eligible applicant for CSP, a producer must be the operator in the Farm Service Agency (FSA) farm records management system. Potential applicants that are not in the FSA farm records management system must establish records with FSA. Potential applicants whose records are not current in the FSA farm records management system must update those records prior to the close of the evaluation period to be considered eligible. NRCS may grant exceptions to the “operator of record” requirement for producers, tenants, and owners in the FSA farm records management system that can demonstrate, to the satisfaction of NRCS, they will operate and have effective control of the land. Applicants must also meet all of the following requirements:

(1) Have effective control of the land unless an exception is made by the Chief in the case of land administered by the BIA, Indian lands, or other instances in which the Chief determines that there is sufficient assurance of control;

(2) Be in compliance with the highly erodible land and wetland conservation provisions found at 7 CFR part 12;

(3) Be in compliance with Adjusted Gross Income provisions found at 7 CFR part 1400;

(4) Supply information, as required by NRCS, to determine eligibility for the program, including but not limited to, information related to eligibility requirements and ranking factors; conservation activity and production system records; information to verify the applicant’s status as a historically underserved producer, if applicable; and payment eligibility as established by 7 CFR part 1400; and

(5) Provide a list of all members of the legal entity and embedded entities along with members’ tax identification numbers and percentage interest in the entity. Where applicable, American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.

(b) Eligible land. A contract application must include all of the eligible land on an applicant’s agricultural operation, except as identified in paragraph (b)(3) of this section. A participant may submit an application(s) to enter into an additional contract(s) for newly acquired eligible land, which would then compete with other applications in a subsequent ranking period. The land as described below is part of the agricultural operation and eligible for enrollment in the CSP:

(1) Private agricultural land;

(2) Agricultural Indian lands;

(3) NIPF:

(i) By special rule in the statute, NIPF is eligible land,

(ii) No more than 10 percent of the acres enrolled nationally in any fiscal year may be NIPF,

(iii) The applicant will designate by submitting a separate application if they want to offer NIPF for funding consideration,

(iv) If designated for funding consideration, then the NIPF component of the operation will include all the applicant’s NIPF. If not designated for funding consideration, then the applicant’s NIPF will not be part of the agricultural operation; and

(4) Other private agricultural land, as determined by the Chief, on which resource concerns related to agricultural production could be addressed by enrolling the land in CSP.

(c) Ineligible land. The following ineligible lands are part of the agricultural operation, but ineligible for inclusion in the contract or for payment in CSP:

(1) Land enrolled in the Conservation Reserve Program (CRP), 7 CFR part 1410;

(2) Land enrolled in the Wetlands Reserve Program (WRP), 7 CFR part 1467;

(3) Land enrolled in the Grassland Reserve Program (GRP), 7 CFR part 1415;

(4) Land enrolled in the Conservation Security Program, 7 CFR part 1469;

(5) Public land including land owned by a Federal, State, or local unit of government; and
§ 1470.7 Enhancements and conservation practices.

(a) Participant decisions describing the additional enhancements and conservation practices to be implemented under the conservation stewardship contract will be recorded in the conservation stewardship plan.

(b) NRCS will make available to the public the list of enhancements and conservation practices available to be installed, adopted, maintained, and managed through the CSP.

(c) NRCS will make available bundled suites of conservation activities for participants to voluntarily select to include as part of their conservation stewardship plans. The bundles will be designed to coordinate the installation and adoption of enhancements with each other to address resource concerns in a more comprehensive and cost-effective manner.

(d) CSP encourages the use of other NRCS programs to install conservation practices that are required to meet agreed-upon stewardship thresholds, but the practices may not be compensated through CSP.

§ 1470.8 Technical and other assistance.

(a) NRCS may provide technical assistance to an eligible applicant or participant either directly or through a technical service provider (TSP) as set forth in 7 CFR part 652.

(b) NRCS retains approval authority over certification of work done by non-NRCS personnel for the purpose of approving CSP payments.

(c) NRCS will ensure that technical assistance is available and program specifications are appropriate so as not to limit producer participation because of size or type or operation or production system, including specialty crop and organic production. In providing technical assistance to specialty crop and organic producers, NRCS will provide appropriate training to field staff to enable them to work with these producers and to utilize cooperative agreements and contracts with nongovernmental organizations with expertise in delivering technical assistance to these producers.

(d) NRCS will assist potential applicants dealing with the requirements of certification under the National Organic Program and CSP requirements concerning how to coordinate and simultaneously meet eligibility standards under each program.

(e) NRCS may utilize the services of State foresters and existing technical assistance programs such as the Forest Stewardship Program of the U.S. Forest Service, in coordinating assistance to NIPF owners.

Subpart B—Contracts and Payments

§ 1470.20 Application for contracts and selecting offers from applicants.

(a) Submission of contract applications. Applicants may submit an application to enroll all of their eligible land into CSP on a continuous basis.

(b) Stewardship threshold requirement. To be eligible to participate in CSP, an applicant must submit to the designated conservationist for approval, a contract application that:

(1) Indicates the applicant’s conservation activities, at the time of application, are meeting the stewardship threshold for at least one resource concern;

(2) Would, at a minimum, meet or exceed the stewardship threshold for at least one priority resource concern in addition to the resource concern described in paragraph (b)(1) of this section by the end of the conservation stewardship contract by:

(i) Installing and adopting additional conservation activities, and
(ii) Improving, maintaining, and managing conservation activities present on the agricultural operation at the time the contract application is accepted by NRCS;

(3) Provides a map, aerial photograph, or overlay that:
   (i) Identifies the applicant’s agricultural operation and NIPF component of the operation, and
   (ii) Delineates eligible land with associated acreage amounts; and

(4) If the applicant is applying for on-farm research and demonstration activities or for pilot testing, describes the nature of the research, demonstration, or pilot testing in a manner consistent with design protocols and application procedures established by NRCS.

(c) Evaluation of contract applications. NRCS will conduct one or more ranking periods each fiscal year.

(1) To the extent practicable, one ranking period will occur in the first quarter of the fiscal year;

(2) In evaluating CSP applications, the State Conservationist or designated conservationist will rank applications based on the following factors, using the CMT, to the maximum extent practicable:
   (i) Level of conservation treatment on all applicable priority resource concerns at the time of application,
   (ii) Degree to which the proposed conservation treatment on applicable priority resource concerns effectively increases conservation performance,
   (iii) Number of applicable priority resource concerns proposed to be treated to meet or exceed the stewardship threshold by the end of the contract, and
   (iv) Extent to which other resource concerns, in addition to priority resource concerns, will be addressed to meet or exceed the stewardship threshold by the end of the contract period;

(3) In the event that application ranking scores from (2) above are similar, the application that represents the least cost to the program will be given higher priority; and

(4) The State Conservationist or designated conservationist may not assign a lower payment than the applicant would otherwise be eligible to receive.

(d) Weighting of ranking factors. To the extent the CSP objective of additional conservation is not being achieved, as determined by the Chief, NRCS will adjust the weighting of ranking factors in order to place emphasis on increasing net conservation benefits.

(e) State and local priorities. The Chief may develop and use additional criteria for evaluating applications that are determined necessary to ensure that national, State, and local conservation priorities are effectively addressed.

(f) Ranking pools. Ranking pools will be established in accordance with §1470.2(e)(1)(i).

(1) NIPF will compete in ranking pools separate from agricultural land. An applicant with both NIPF and agricultural land will have the options to submit:
   (i) One application for NIPF;
   (ii) One application for agricultural land; or
   (iii) Two applications, one for each land type.

(2) An applicant with an agricultural operation or NIPF component of the operation that crosses ranking pool boundaries will make application and be ranked in the ranking pool where the largest acreage portion of their operation occurs.

(3) Within each State or established ranking pool, the State Conservationist will address conservation access for certain farmers or ranchers, including:
   (i) Socially disadvantaged farmers or ranchers; and
   (ii) Beginning farmers or ranchers.

(g) Application pre-approval. The State Conservationist or designated conservationist will make application pre-approval determinations during established ranking periods based on eligibility and ranking score.

(h) Field verification. NRCS will conduct onsite field verification prior to obligation of contract funding to substantiate the accuracy of the information provided by pre-approved applicants during the application process.
§ 1470.21 Contract requirements.

(a) After a determination that the application will be approved and a conservation stewardship plan will be developed in accordance with §1470.22, the State Conservationist or designee will enter into a conservation stewardship contract with the participant to enroll all of the eligible land on a participant's agricultural operation.

(b) The conservation stewardship contract will:

(1) Provide for payments over a period of 5 years;

(2) Incorporate by reference the conservation stewardship plan;

(3) State the payment amount NRCS agrees to make to the participant annually, subject to the availability of funds;

(4) Incorporate all provisions as required by law or statute, including requirements that the participant will:

(i) Implement the conservation stewardship plan approved by NRCS during the term of the contract,

(ii) Operate and maintain conservation activities on the agricultural operation consistent with §1470.23,

(iii) Comply with the terms of the contract or documents incorporated by reference into the contract,

(iv) Refund as determined by NRCS, any program payments received with interest, and forfeit any future payments under the program, upon the violation of a term or condition of the contract, consistent with §1470.27,

(v) Refund as determined by NRCS, all program payments received with interest, upon the transfer of the right and interest of the participant, in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, consistent with §1470.25,

(vi) Maintain and make available to NRCS upon request, appropriate records documenting applied conservation activity and production system information, and provide evidence of the effective and timely implementation of the conservation stewardship plan and contract, and

(vii) Not engage in any action during the term of the conservation stewardship contract on the eligible land covered by the contract that would interfere with the purposes of the conservation stewardship contract;

(5) Permit all economic uses of the land that:

(i) Maintain the agricultural or forestry nature of the land, and

(ii) Are consistent with the conservation purposes of the contract;

(6) Include a provision to ensure that a participant will not be considered in violation of the contract for failure to comply with the contract due to circumstances beyond the control of the participant, including a disaster or related condition, as determined by the State Conservationist; and

(7) Include such other provisions as NRCS determines necessary to ensure the purposes of the program are achieved.

§ 1470.22 Conservation stewardship plan.

(a) NRCS will use the conservation planning process as outlined in the NPPH to encourage participants to address resource concerns in a comprehensive manner.

(b) The conservation stewardship plan will contain a record of the participant's decisions that describes the schedule of conservation activities to be implemented, managed, or improved under the conservation stewardship contract.

(c) Associated supporting information maintained with the participant's plan will include:

(1) CMT documentation that will be the basis for:

(i) Identifying and inventorying resource concerns,

(ii) Establishing benchmark data on the condition of existing conservation activities, and

(iii) Documenting the participant's conservation objectives to reach and exceed stewardship thresholds;

(2) A plan map delineating enrolled land with associated acreage amounts;

(3) In the case where a participant wishes to initiate or retain organic certification, documentation that will support the participant's transition to or participation in the National Organic Program;

(4) In the case where a participant is approved for the on-farm research and demonstration or pilot testing option,
§ 1470.23 Conservation activity operation and maintenance.

The participant will maintain and manage existing conservation activities on the agricultural operation to at least the level of conservation performance identified at the time the application is obligated into a contract for the conservation stewardship contract period, and additional activities installed and adopted over the term of the conservation stewardship contract.

§ 1470.24 Payments.

(a) Annual payments. Subject to the availability of funds, NRCS will provide, as appropriate, annual payments under the program to compensate a participant for installing and adopting additional conservation activities, and improving, maintaining, and managing existing conservation activities. A split-rate annual payment structure will be used to provide separate payments for additional and existing conservation activities in order to place emphasis on implementing additional conservation.

(1) To receive annual payments, a participant must:
   (i) Install and adopt additional conservation activities as scheduled in the conservation stewardship plan. At least one additional enhancement must be scheduled, installed, and adopted in the first fiscal year of the contract. All enhancements must be scheduled, installed, and adopted by the end of the third fiscal year of the contract, and
   (ii) As a minimum, maintain existing activities to the level of existing conservation performance identified at the time the application is obligated into a contract for the conservation stewardship contract period;

(2) To earn annual payments for an eligible land use, a participant must schedule, install, and adopt at least one additional conservation activity on that land-use type. Eligible land-use types that fail to have at least one additional conservation activity scheduled, installed, and adopted will not receive annual payments;

(3) A participant’s annual payments will be determined using the conservation performance estimated by the CMT and computed by land-use type for eligible land earning payments. Conservation performance is prorated over the contract term so as to accommodate, to the extent practicable, participants earning equal annual payments in each fiscal year;

(4) The annual payment rates will be based to the maximum extent practicable, on the following factors:
   (i) Costs incurred by the participant associated with planning, design, materials, installation, labor, management, maintenance, or training,
   (ii) Income foregone by the participant, and
   (iii) Expected environmental benefits, determined by estimating conservation performance improvement using the CMT;

(5) The annual payment method will accommodate some participant operational adjustments without the need for contract modification.
   (i) Enhancements may be replaced with similar enhancements without adjustment of annual payment as long as the conservation performance is determined by NRCS to be equal to or better than the conservation performance of the additional enhancements offered at enrollment. An enhancement replacement that results in a decline below that conservation performance level will not be allowed, and
   (ii) Adjustments to existing activities may occur consistent with conservation performance requirements from §1470.23; and

(6) Enhancements may be applied on other land included in an agricultural operation, as determined by NRCS.

(b) Supplemental payments. Subject to the availability of funds, NRCS will provide a supplemental payment to a participant receiving annual payments, who also agrees to adopt a resource-conserving crop rotation.

(1) The State Conservationist will determine whether a resource-conserving crop rotation is eligible for supplemental payments based on whether the resource-conserving crop rotation is...
(2) A participant must agree to adopt and maintain a beneficial resource-conserving crop rotation for the term of the contract to be eligible to receive a supplemental payment. A resource-conserving crop rotation is considered adopted when the resource-conserving crop is planted on at least one-third of the rotation acres. The resource-conserving crop must be adopted by the third fiscal year of the contract and planted on all rotation acres by the fifth fiscal year of the contract; and

(3) The supplemental payment is set at a rate needed to encourage a producer to adopt a resource-conserving crop rotation and will be based, to the maximum extent practicable, on costs incurred and income foregone by the participant and expected environmental benefits, determined by estimating conservation performance improvement using the CMT.

(c) On-farm research and demonstration or pilot testing. A participant may be compensated through their annual payment for:

(1) On-farm research and demonstration activities; or

(2) Pilot testing of new technologies or innovative conservation activities.

(d) Minimum contract payment. NRCS will make a minimum contract payment to participants who are socially disadvantaged farmers or ranchers, beginning farmers or ranchers, or limited resource farmers or ranchers, at a rate determined by the Chief in any fiscal year that a contract’s payment amount total is less than $1,000. Definitions of socially disadvantaged farmers or ranchers, beginning farmers or ranchers, and limited resource farmers or ranchers are contained in §1470.3.

(e) Timing of payments. NRCS will make payments as soon as practicable after October 1 of each fiscal year for activities carried out in the previous fiscal year. For newly enrolled contracts, payments will be made as soon as practicable after October 1 following the fiscal year of enrollment.

(f) Non-compensatory matters. A CSP payment to a participant will not be provided for:

(1) New conservation practices or enhancements applied with financial assistance through other USDA conservation programs;

(2) The design, construction, or maintenance of animal waste storage or treatment facilities, or associated waste transport or transfer devices for animal feeding operations; or

(3) Conservation activities for which there is no cost incurred or income foregone by the participant.

(g) Payment limits. A person or legal entity may not receive, directly or indirectly, payments that, in the aggregate, exceed $40,000 during any fiscal year for all CSP contracts entered into, and $200,000 for all CSP contracts entered into during any 5-year period, excluding funding arrangements with federally recognized Indian tribes or Alaska Native corporations, regardless of the number of contracts entered into under the CSP by the person or legal entity.

(h) Contract limits. Payments under a conservation stewardship contract with joint operations will be limited to $80,000 per fiscal year and $400,000 over the term of the initial contract period, excluding funding arrangements with federally recognized Indian tribes or Alaska Native corporations. The payment limits for contracts with persons or legal entities are contained in §1470.24(g).

(i) Payment limitation provisions for individual Indians and Indian tribes. Payment limitations apply to individual tribal member(s) when applying and subsequently being granted a contract as an individual(s). Contracts with Indian tribes or Alaska Native corporations are not subject to payment or contract limitations. Indian tribes and BIA will certify in writing that no one individual, directly or indirectly, will receive more than the payment limitation. Certification provided at the time of contract obligation will cover the entire contract period. The tribal entity must also provide, upon request from NRCS, a listing of individuals and payment made, by Social Security number or other unique identification number, during the previous year for calculation of overall payment limitations.

(j) Tax Identification Number. To be eligible to receive a CSP payment, all
Commodity Credit Corporation, USDA § 1470.26

legal entities or persons applying, either alone or as part of a joint operation, must provide a tax identification number and percentage interest in the legal entity. In accordance with 7 CFR part 1400, an applicant applying as a joint operation or legal entity must provide a list of all members of the legal entity and joint operation and associated embedded entities, along with the members’ Social Security numbers and percentage of interest in the joint operation or legal entity. Payments will be directly attributed to legal entity members for the purpose of complying with §1470.24(g).

(k) Unique tax identification numbers. Where applicable, American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment. Any participant that utilizes a unique identification number as an alternative to a tax identification number will utilize only that identifier for any and all other CSP contracts to which the participant is a party. Violators will be considered to have provided fraudulent representation and be subject to full penalties of §1470.36.

(l) Payment data. NRCS will maintain detailed and segmented data on CSP contracts and payments to allow for quantification of the amount of payments made for:

(1) Installing and adopting additional activities;
(2) Improving, maintaining, and managing existing activities;
(3) Participation in research and demonstration or pilot projects; and
(4) Development and periodic assessment and evaluation of conservation stewardship plans developed under this rule.

§ 1470.25 Contract modifications and transfers of land.

(a) NRCS may allow a participant to modify a conservation stewardship contract if NRCS determines that the modification is consistent with achieving the purposes of the program.

(b) NRCS will allow modification to a conservation stewardship contract to remove contract acres enrolled in the CRP, WRP, or GRP or other Federal or State programs that offer greater natural resource protection. Such modifications are consistent with the purposes of CSP. Participants will not be subject to liquidated damages or refund of payments received for enrolling land in these programs.

(c) NRCS will not allow a participant to modify a conservation stewardship contract to increase the contract obligation beyond the amount of the initial contract, with exception for contracts approved by NRCS for renewal or other exceptional cases as determined by the Chief.

(d) Land under contract will be considered transferred if the participant loses control of the acreage for any reason.

(i) The participant is responsible to notify NRCS prior to any voluntary or involuntary transfer of land under contract;

(ii) If all or part of the land under contract is transferred, the contract terminates with respect to the transferred land unless:

(i) The transferee of the land provides written notice within 60 days to NRCS that all duties and rights under the contract have been transferred to, and assumed by, the transferee, and

(ii) The transferee meets the eligibility requirements of the program; and

(e) Contract payment adjustments due to modifications will be reflected in the fiscal year following the modification.

§ 1470.26 Contract renewal.

(a) At the end of an initial conservation stewardship contract, NRCS may allow a participant to renew the contract to receive payments for one additional 5-year period, subject to the availability of funds, if they meet criteria from paragraph (b) of this section.

(b) To be considered for contract renewal, the participant must:

(1) Be in compliance with the terms of their initial contract as determined by NRCS;

(2) Add any newly acquired eligible land that is part of the agricultural operation and meets minimum treatment criteria as established and determined by NRCS;
(3) At a minimum, meet stewardship thresholds for at least two priority resource concerns; and
(4) Agree to adopt additional conservation activities to address at least one additional priority resource concern during the term of the renewed conservation stewardship contract.

§ 1470.27 Contract violations and termination.

(a) The State Conservationist may terminate, or by mutual consent with the participants, terminate a contract where:
(1) The participants are unable to comply with the terms of the contract as the result of conditions beyond their control; or
(2) As determined by the State Conservationist, it is in the public interest.

(b) If a contract is terminated in accordance with the provisions of paragraph (a) of this section, the State Conservationist may allow the participant to retain a portion of any payments received appropriate to the effort the participant has made to comply with the contract, or in cases of hardship, where forces beyond the participant’s control prevented compliance with the contract. If a participant claims hardship, such claims must be clearly documented and cannot have existed when the applicant applied for participation in the program.

(c) If NRCS determines that a participant is in violation of the contract terms or documents incorporated therein, NRCS will give the participant a period of time, as determined by NRCS, to correct the violation and comply with the contract terms and attachments thereto. If a participant continues in violation, NRCS may terminate the CSP contract in accordance with paragraph (e) of this section.

(d) Notwithstanding the provisions of paragraph (c) of this section, a contract termination will be effective immediately upon a determination by NRCS that the participant:
(1) Has submitted false information or filed a false claim;
(2) Engaged in actions that are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(e) If NRCS terminates a contract, the participant will forfeit all rights to future payments under the contract, pay liquidated damages, and refund all or part of the payments received, plus interest. Participants violating CSP contracts may be determined ineligible for future NRCS-administered conservation program funding.

(1) NRCS may require a participant to provide only a partial refund of the payments received if a previously installed conservation activity has achieved the expected conservation performance improvement, is not adversely affected by the violation or the absence of other conservation activities that would have been installed under the contract, and has met the associated operation and maintenance requirement of the activity; and

(2) NRCS will have the option to reduce or waive the liquidated damages, depending upon the circumstances of the case—
(i) When terminating a contract, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the existence of hardships beyond the participant’s control that have prevented compliance with the contract. If a participant claims hardship, that claim must be well documented and cannot have existed when the applicant applied for participation in the program, and
(ii) In carrying out its role in this section, NRCS may consult with the local conservation district.

Subpart C—General Administration

§ 1470.30 Fair treatment of tenants and sharecroppers.

Payments received under this part must be divided in the manner specified in the applicable contract. NRCS will ensure that tenants and sharecroppers who would have an interest in acreage being offered receive treatment which NRCS deems to be equitable, as determined by the Chief.
NRCS may refuse to enter into a contract when there is a disagreement among joint applicants seeking enrollment as to an applicant’s eligibility to participate in the contract as a tenant.

§ 1470.31 Appeals.
A participant may obtain administrative review of an adverse decision under this part in accordance with 7 CFR parts 11 and 614. Determinations in matters of general applicability, such as payment rates, payment limits, the designation of identified priority resource concerns, and eligible conservation activities are not subject to appeal.

§ 1470.32 Compliance with regulatory measures.
Participants will be responsible for obtaining the authorities, rights, easements, permits, or other approvals or legal compliance necessary for the implementation, operation, and maintenance associated with the conservation stewardship plan. Participants will be responsible for compliance with all laws and for all effects or actions resulting from the implementation of the contract.

§ 1470.33 Access to agricultural operation.
NRCS, or its authorized representative, will have the right to enter an agricultural operation for the purpose of determining eligibility and for ascertaining the accuracy of any representations, including natural resource information provided by an applicant for the purpose of evaluating a contract application. Access will include the right to provide technical assistance, determine eligibility, assess natural resource conditions, inspect any work undertaken under the contract, and collect information necessary to evaluate the implementation of conservation activities in the contract. NRCS, or its authorized representative, will make an effort to contact the participant prior to the exercise of this provision.

§ 1470.34 Equitable relief.
(a) If a participant relied upon the advice or action of NRCS and did not know, or have reason to know, that the action or advice was improper or erroneous, the participant may be eligible for equitable relief under 7 CFR part 635. The financial or technical liability for any action by a participant that was taken based on the advice of a TSP will remain with the TSP and will not be assumed by NRCS.
(b) If a participant has been found in violation of a provision of the conservation stewardship contract or any document incorporated by reference through failure to comply fully with that provision, the participant may be eligible for equitable relief under 7 CFR part 635.

§ 1470.35 Offsets and assignments.
(a) Any payment or portion thereof due to any participant under this part will be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 will be applicable to contract payments.
(b) Any participant entitled to any payment may assign such payments in accordance with regulations governing assignment of payment found at 7 CFR part 1404.

§ 1470.36 Misrepresentation and scheme or device.
(a) If NRCS determines that an applicant intentionally misrepresented any fact affecting a CSP determination, the application will be determined ineligible immediately.
(b) A participant who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part will not be entitled to contract payments and must refund to NRCS all payments, plus interest determined in accordance with 7 CFR part 1403.
(c) A participant will refund to NRCS all payments, plus interest determined in accordance with 7 CFR part 1403, received by such participant with respect to all CSP contracts if they are determined to have:
   (1) Adopted any scheme or device that tends to defeat the purpose of the program;
   (2) Made any fraudulent representation;
§ 1470.37 Environmental credits for conservation improvements.

NRCS believes that environmental benefits will be achieved by implementing conservation activities funded through CSP. These environmental benefits may result in opportunities for the program participant to sell environmental credits. Any requirements related to these environmental credits must be compatible with the purposes of the contract. NRCS asserts no direct or indirect interest on these credits. However, NRCS retains the authority to ensure that operation and maintenance (O&M) requirements for CSP-funded improvements are met, consistent with §1470.21 and §1470.23. Where actions may impact the land and conservation activities under a CSP contract, NRCS will at the request of the participant, assist with the development of an O&M compatibility assessment prior to the participant entering into any credit agreement.

1484.13 What special definitions apply to the Cooperator program?
1484.14 Is my organization eligible to participate in the Cooperator program?
Can a Cooperator appeal the determinations of the Deputy Administrator?

Subpart A—General Information

§ 1484.10 What is the effective date of this part?

This part applies to activities that are conducted in accordance with the Cooperators’ FY 2000 and subsequent marketing plan years. The Cooperator Program is administered by personnel of the Foreign Agricultural Service.

§ 1484.11 Has the Office of Management and Budget reviewed the paperwork and record keeping requirements contained in this part?

The paperwork and record keeping requirements imposed by this part have been submitted to the Office of Management and Budget (OMB) for emergency review and reinstatement under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). OMB has previously assigned control number 0551–0026 for this information collection.

§ 1484.12 What is the Cooperator program?

(a) Under the Foreign Market Development Cooperator (Cooperator) Program, FAS enters into project agreements with eligible nonprofit U.S. trade organizations to share the costs of certain overseas marketing and promotion activities that are intended to create, expand, or maintain foreign markets for U.S. agricultural commodities and products. FAS does not provide brand promotion assistance to Cooperators under this program.

(b) FAS enters into project agreements with those eligible nonprofit U.S. trade organizations that have the broadest possible producer representation of the commodity being promoted and gives priority to those organizations that are nationwide in membership and scope. Project agreements involve the promotion of agricultural commodities on a generic basis. Project agreements do not involve activities targeted directly toward consumers purchasing as individuals. Activities must contribute to the maintenance or growth of demand for the agricultural commodities and generally address long-term foreign import constraints and export growth opportunities by focusing on matters such as reducing infrastructural or historical market impediments; improving processing capabilities; modifying codes and standards; and identifying new markets or new applications or uses for the agricultural commodity or product in the foreign market.

(c) The Cooperator program generally operates on a reimbursement basis.

(d) FAS policy is to ensure that benefits generated by Cooperator agreements are broadly available throughout the relevant agricultural sector and no one entity gains an undue advantage or sole benefit from program activities.

§ 1484.13 What special definitions apply to the Cooperator program?

For purposes of this part the following definitions apply:

Activity—a specific market development effort undertaken by a Cooperator to address a constraint or opportunity.

Administrator—the Vice President, CCC, who also serves as Administrator, FAS, USDA, or designee.

Agricultural commodity—an agricultural commodity, food, feed, fiber, wood, livestock or insect, and any product thereof; and fish harvested from a U.S. aquaculture farm, or harvested by a vessel as defined in title 46, United States Code, in waters that are not waters (including the territorial sea) of a foreign country.

Attache/Counselor—the FAS employee representing USDA interests in the foreign country in which promotional activities are conducted.

Commodity Division—the office within the Foreign Agricultural Service responsible for the commodity covered by the project agreement.

Compliance Review Staff—the office within the Foreign Agricultural Service responsible for performing periodic reviews of Cooperators to ensure compliance with this part.
§ 1484.14 Is my organization eligible to participate in the Cooperator program?

(a) To participate in the Cooperator program, an entity must be a nonprofit U.S. agricultural trade organization and contribute at least 50 percent of the value of resources provided by FAS for activities conducted under the project agreement.

(b) FAS may require that a project agreement include a contribution level greater than that specified in paragraph (a) of this section. In requiring a higher contribution level, FAS will take into account such factors as past Cooperator contributions, previous Cooperator program funding levels, the length of time an entity participates in the program, and the entity’s ability to increase its contribution.

(c) FAS will enter into Cooperator agreements only for the promotion of eligible commodities.
Subpart B—Application and Fund Allocation

§ 1484.20 How can my organization apply to the Cooperator program?

FAS will publish a Notice in the Federal Register that it is accepting applications for participation in the Cooperator program for a specified marketing plan year. Applications shall be submitted in accordance with the terms and requirements specified in the Notice. An application shall contain basic information about the applicant and the proposed program, a strategic plan, and performance measures. FAS may request any additional information which it deems necessary to evaluate a Cooperator program application.

(a) Basic applicant and program information. All Cooperator program applications shall contain:

1. The name and address of the applicant;
2. The name of the Chief Executive Officer (or designee);
3. The name and telephone number of the applicant’s primary contact person;
4. A description of management and administrative capability;
5. The name(s) of the person(s) responsible for managing the program;
6. A description of prior export promotion experience;
7. A description of the organization, its membership, and membership criteria;
8. A list of affiliated organizations;
9. The applicant’s Federal Tax Identification Number;
10. The dollar amount of FAS resources requested under the Cooperator program;
11. The value of the applicant’s contribution, stated in dollars or as a percentage of paragraph (a)(10) of this section;
12. The value of contributions from other sources, stated in dollars or as a percentage of paragraph (a)(10) of this section;
13. A description of the eligible commodity(s); the associated commodity aggregate code(s), obtained from FAS; and the percentage of U.S. origin content by weight, exclusive of added water; and
14. A certification statement, and, if requested by the Deputy Administrator, a written explanation supporting the certification, that any funds received will supplement, but not supplant, any private or industry funds or other contributions to program activities. The written explanation, if necessary, shall indicate why the Cooperator is unlikely to carry out the activities without Federal financial assistance. The certification shall also state that information contained in the application is true and accurate and that all records supporting the claim that project funds do not supplant other funds will be made available to authorized officials of the U.S. Government.

(b) Strategic plan and performance measures. All Cooperator program applications shall also contain:

1. A description of the U.S. and world market situation for the eligible commodity;
2. Data summarizing historical and projected U.S. production, U.S. exports to the world, world trade, and U.S. market share;
3. A summary of proposed activity budgets by country or region;
4. A summary of proposed administrative budgets by country or region;
5. A list of all countries that define any designated region;
6. For each country or region for which activities are proposed:
   (i) A market assessment, including the constraint(s) impeding U.S. exports, the export growth opportunities, the performance of competing suppliers, expected changes in demand, etc.;
   (ii) The long-term strategy that will be used to counteract the constraints and achieve additional U.S. exports;
   (iii) Previous activities, performance, and evaluation results;
   (iv) Projected export goals and U.S. market share; and
   (v) Performance indicators against which future success in addressing the constraint(s) or opportunities may be measured;
7. A description of all proposed activities, including the requested FAS resources and the specific goals and benchmarks to be used to measure the effectiveness of each activity;
§ 1484.21 How does FAS determine which Cooperator program applications are approved?

(a) General. FAS allocates funds in a manner that effectively supports the strategic decision-making initiatives of the Government Performance and Results Act (GPRA) of 1993. In deciding whether a proposed project will contribute to the effective creation, expansion, or maintenance of foreign markets, FAS seeks to identify those projects that would demonstrate a clear, long-term agricultural trade strategy by market or product and a program effectiveness time line against which results can be measured at specific intervals using quantifiable product or country or region goals. These performance indicators are part of FAS’ resource allocation strategy to fund applicants which can demonstrate performance based on a long-term strategic plan and address the performance measurement objectives of the GPRA.

(b) Approval criteria. FAS will consider a number of factors when reviewing proposed projects, including:

(1) The ability of the organization to provide an experienced U.S.-based staff with technical and international trade expertise to ensure adequate development, supervision, and execution of the proposed project;

(2) The organization’s willingness to contribute resources, including cash and goods and services of the U.S. industry and foreign third parties;

(3) The conditions or constraints affecting the level of U.S. exports and market share for the agricultural commodities and products;

(4) The degree to which the proposed project is likely to contribute to the creation, expansion, or maintenance of foreign markets;

(5) The degree to which the strategic plan is coordinated with other private or U.S. government-funded market development projects;

(6) Past program results and evaluations, if applicable; and

(7) Previous Cooperator program funding.

§ 1484.22 How are Cooperator program funds allocated?

After determining which applications to recommend for approval, the Commodity Divisions recommend funding levels for the approved applicants within their respective divisions. Applications then compete for funds on the basis of the following allocation criteria (the number in parentheses represents a percentage weight factor). Data used in the calculations for contribution levels, past export performance and past demand expansion performance will cover not more than a 6-year period, to the extent such data is available. The method for applying the following criteria will be described in the Cooperator program announcement in the Federal Register:

(a) Contribution Level (40%).
(b) Past Export Performance (20%).
(c) Past Demand Expansion Performance (20%).
(d) Future Demand Expansion Goals (10%).
(e) Accuracy of Past Demand Expansion Projections (10%).
Commodity Credit Corporation, USDA

§ 1484.33 Must Cooperators follow certain financial management guidelines?

(a) A Cooperator shall implement and maintain a financial management system that conforms to generally accepted accounting principles.

(b) A Cooperator shall institute internal controls and provide written guidance to commercial entities participating in its activities to ensure their compliance with these provisions. Each Cooperator shall maintain all original records and documents relating to program activities for 5 calendar years following the end of the applicable marketing plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government. A Cooperator shall also maintain adequate documentation related to the proper disposition of all property purchased by the Cooperator and for which the Cooperator is reimbursed with program funds.

(c) A Cooperator shall maintain its records of expenditures and contributions in a manner that allows it to provide information by marketing plan year, country or region, activity number, and cost category. Such records shall include:

(1) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);

(2) Original receipts for any other program related expenditure in excess of $25.00;

(3) The exchange rate used to calculate the dollar equivalent of each expenditure made in a foreign currency and the basis for such calculation;

(4) Copies of reimbursement claims;

(5) An itemized list of claims charged to the Cooperator’s FMD account;

(6) Documentation with accompanying English translation supporting each reimbursement claim, including original evidence to support the financial transactions, such as canceled checks, receipted paid bills, contracts.
§ 1484.34 Must Cooperators adhere to specific standards of ethical conduct?

(a) A Cooperator shall conduct its business in accordance with the laws and regulations of the country(s) in which each activity is carried out.

(b) Neither a Cooperator nor its affiliates shall make export sales of agricultural commodities covered under the terms of a project agreement. Neither a Cooperator nor its affiliates shall charge a fee for facilitating an export sale. For the purposes of this paragraph, “affiliate” means any partnership, association, company, corporation, trust, or any other such party in which the Cooperator has an investment, other than a mutual fund. A Cooperator may collect check-off funds and membership fees that are required for membership in the Cooperator’s organization.

(c) The Cooperator shall not use program activities or program funds to promote private self interests or conduct private business, except as members of sales teams.

§ 1484.52 What are the guidelines for computing the value of non-cash contributions?

(b) All claims for reimbursement shall be submitted by the Cooperator’s U.S. office to the Director, Marketing Operations Staff, FAS, USDA.
(c) FAS will not reimburse claims submitted later than 6 months after the end of a marketing plan year.

(d) If FAS overpays a reimbursement claim, the Cooperator shall repay FAS within 30 days the amount of the overpayment either by submitting a check payable to FAS or by offsetting its next reimbursement claim.

(a) Policy. In general, FAS operates the Cooperator program on a reimbursable basis.

(b) Exception. Upon request, FAS may make two types of advance payments to a Cooperator. The first is a revolving fund operating advance provided by FAS only to Cooperators with foreign offices supported with project funds. The second is a special advance payment used to pay an impending large cost item. FAS will provide this type of advance expense payment in lieu of direct payments by FAS to vendors or other third parties. All Cooperators, with or without project fund-supported foreign offices, are eligible to request special advance payments. Normally, special advance payments received from FAS must be liquidated by the Cooperator within 90 days from the date of receipt. Prior to making an advance, FAS may require the participant to submit security in a form and amount acceptable to FAS to protect FAS’ financial interests. FAS will not make any special advance payment to a Cooperator where a special advance is outstanding from a prior marketing plan year. Cooperators shall deposit and maintain advances in insured, interest-bearing accounts, unless such accounts are prohibited by law or custom of a host country.

(c) Refunds due FAS. A participant shall return any unexpended portion of an advance, plus any interest earned, either by submitting a check payable to FAS or by offsetting its next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

Subpart E—Reporting, Evaluation, and Compliance

§ 1484.70 Must Cooperators report to FAS?

(a) End-of-year contribution report. Not later than January 31 of the year following the completion of the marketing plan year, a Cooperator shall submit two copies of a report which identifies contributions made by the Cooperator and the U.S. industry during that marketing plan year. A suggested format of a contribution report is available on the FAS home page (http://www.fas.usda.gov/mos/programs/fnotice.html) on the Internet or from the Director, Marketing Operations Staff, FAS, USDA.

(b) Trip reports. Not later than 45 days after completion of travel (other than local travel), a Cooperator shall submit a trip report. (c) Research reports. Not later than 6 months after the end of its marketing plan year, a Cooperator shall submit a report on any research conducted in accordance with its application.

(d) Submission of reports. A Cooperator shall submit the reports required by this section to the appropriate Division Director. § 1484.71 Are Cooperator documents subject to the provisions of the Freedom of Information Act?

(a) Documents submitted to FAS by Cooperators are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR part 1, Subpart A—Official Records, and, specifically, 7 CFR 1.11—Handling Information from a Private Business.

(b) If requested by a person located in the United States, a Cooperator shall provide to such person a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. The Cooperator may charge a fee not to exceed the costs for assembling, duplicating, and distributing the materials.

(c) The results of any research conducted by a Cooperator under an agreement shall be the property of the U.S. Government.

§ 1484.72 How is program effectiveness measured?

(b) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan. The evaluation results guide the development and scope of a Cooperator’s program, contribute to program accountability, and provide evidence of program effectiveness.

(c) A Cooperator shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. FAS reserves the right to have direct input and control over design, scope, and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(d) A Cooperator shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the Cooperator and the Division Director and specified in the Cooperator’s application approval letter. A program evaluation shall contain:

§ 1484.73 Are Cooperators penalized for failing to make required contributions?

A Cooperator’s contribution requirement is specified in the Cooperator program allocation letter. If a Cooperator fails to contribute the amount specified in its allocation approval letter, the Cooperator shall pay to Commodity Credit Corporation in U.S. dollars the difference between the amount it has contributed and the amount specified in the allocation approval letter. A Cooperator shall remit such payment by December 31 following the end of the marketing plan year.

§ 1484.74 How is Cooperator program compliance monitored?

(a) The Compliance Review Staff (CRS), FAS, performs periodic on-site reviews of Cooperators to ensure compliance with this part.

(b) In order to verify that federal funds received by a Cooperator do not supplant private or U.S. industry funds or contributions pursuant to §1550.20(a)(14), FAS will consider the Cooperator’s overall marketing budget from year to year, variations in promotional strategies within a country or region, and new markets.

(c) The Director, CRS, will notify a Cooperator through a compliance report when it appears that Commodity Credit Corporation may be entitled to recover funds from that Cooperator. The compliance report will state the basis for this action.

§ 1484.75 How does a Cooperator respond to a compliance report?

(a) A Cooperator shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. This response shall include any money owed to Commodity Credit Corporation if the Cooperator does not wish to contest the compliance report. The Director, CRS, at the Director’s discretion, may extend the period for response up to an additional 30 days. If the Cooperator does not respond to the compliance report within the required time period or, if after review of the Cooperator’s response, the Director, CRS, determines that Commodity Credit Corporation may be entitled to recover funds from the Cooperator, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(b) If, after review of the compliance report and response, the Deputy Administrator determines that the Cooperator owes money to FAS, the Deputy Administrator will notify the Cooperator. The Deputy Administrator may initiate action to collect such amount pursuant to 7 CFR Part 1403, Debt Settlement Policies and Procedures. Determinations of the Deputy Administrator will be in writing and in sufficient detail to inform the Cooperator of the basis for the determination. The Cooperator has 30 days from the date of the Deputy Administrator’s initial determination to submit any money owed to Commodity Credit Corporation or to request reconsideration.

§ 1484.76 Can a Cooperator appeal the determinations of the Deputy Administrator?

(a) The Cooperator may appeal the determinations of the Deputy Administrator to the Administrator. An appeal must be in writing and be submitted to the Office of the Administrator within 30 days following the date of the initial determination by the Deputy Administrator or the determination on reconsideration. The Cooperator may request a hearing.

(b) If the Cooperator submits its appeal and requests a hearing, the Administrator, or the Administrator’s designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the Cooperator bears the cost of a transcript; however, the Administrator may have a transcript prepared at FAS’s expense.

(c) The Administrator will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing, or receipt of any transcript, whichever is later. The determination of the Administrator will be the final determination of FAS. The Cooperator must exhaust all administrative remedies contained in this section before pursuing judicial review of a determination by the Administrator.

(F) If the proposal is for two or more years, an explanation why the proposal should be funded on a multiyear basis; and 
(G) A certification and, if requested by the Deputy Administrator, a written explanation supporting the certification, that any funds received will supplement, but not supplant, any private or third party funds or other contributions to program activities. The justification shall indicate why the participant is unlikely to carry out the activities without Federal financial assistance. In determining whether federal funds received supplemented or supplanted private or third party funds or contributions, CCC will consider the participant’s overall marketing budget from year to year, variations in promotional strategies within a country and new markets.

(ii) Applications submitted by a small-sized entity seeking funds under an EIP/MAP agreement shall contain a certification that it is a small business within the standards established by 13 CFR part 121. For purposes of determining size, a cooperative will be considered a single entity.

(iii) Applicants seeking funds for brand promotion shall contain the information required by §1485.16(g)(1) and (2) in order to justify a rate of reimbursement higher than specified therein.

(3) Strategic plan. (i) All MAP and EIP/MAP applications shall contain: 
(A) A summary of proposed budgets by country and commodity aggregate code; 
(B) A description of the world market situation for the exported agricultural commodity; 
(C) A description of competition from other exporters, including U.S. firms, where applicable; 
(D) A statement of goals and the applicant’s plans for monitoring and evaluating performance towards achieving these goals. 
(E) For each country, if applicable, five years of: 
(1) historical U.S. export data; 
(2) U.S. market share; and 
(3) MAP funds received; 
(F) For each country, three years of projected U.S. export data and U.S. market share; 
(G) Country strategy, including constraint(s) impeding U.S. exports, strategy to overcome constraints, previous activities in the country, the projected impact of the proposed program on U.S. exports; 
(H) A justification for any new overseas office; 
(I) A description of any demonstration projects, if applicable (see §1485.13(d)(1) through (4)); 
(J) Data summarizing historical and projected exports, market share and MAP budgets for the world; and 
(K) A description of overall program goals for the ensuing 3–5 years;

(ii) MAP applications for brand promotion assistance shall also contain: 
(A) A description of how the brand promotion program will be publicized to U.S. and foreign commercial entities; 
(B) The criteria that will be used to allocate funds to U.S. and foreign commercial entities; and 
(C) A justification for conducting a brand promotion program with foreign commercial entities, if applicable.

(b) CCC may request any additional information which it deems necessary to evaluate an MAP or EIP/MAP application. In particular, CCC may require additional performance measurement, as required by the Government Performance and Results Act of 1993.

(c) Eligible contributions. (1) In calculating the amount of contributions that it will make, and the contributions it will receive from a U.S. industry, a foreign third party or a State agency, the MAP applicant may include the costs (or such prorated costs) listed under paragraph (c)(2) of this section if: 
(i) Expenditures will be made in furtherance of an approved activity, and 
(ii) The contributor has not been or will not be reimbursed by any other source for such costs.

(2) Subject to paragraph (c)(1) of this section, eligible contributions are: 
(i) Cash; 
(ii) Compensation paid to personnel;
Commodity Credit Corporation, USDA

§ 1485.14 Application approval and formation of agreements.

(a) General. CCC will, consistent with available resources, approve those applications which it considers to present the best opportunity for developing, maintaining or expanding export markets for U.S. agricultural commodities. The selection process, by its nature, involves the exercise of judgment. CCC’s choice of participants and proposed promotion projects requires that it consider and weigh a number of factors that cannot be mathematically measured—i.e., market opportunity, market strategy and management capability.
(b) Approval criteria. In assessing the applications it receives and determining which it will approve, CCC considers the following criteria:

(1) The effectiveness of program management;
(2) Soundness of accounting procedures;
(3) The nature of the applicant organization, with greater weight given to those organizations with the broadest base of producer representation;
(4) Prior export promotion or direct export experience;
(5) Previous MAP funding;
(6) Adequacy of the applicant’s strategic plan in the following categories:
   (i) Description of market conditions;
   (ii) Description of, and plan for addressing, market constraints;
   (iii) Reasonable likelihood of plan success;
(4) Export volume and value and market share goals in each country;
(v) Description of evaluation plan and suitability of the plan for performance measurement; and
(vi) Past program results and evaluations, if applicable.

(c) Allocation factors. After determining which applications to approve, CCC determines how it will allocate resources among participants based on the following factors, in addition to those in paragraph (b) of this section:
(1) Size of the budget request in relation to projected value of exports;
(2) Where applicable, size of the budget request in relation to actual value of exports in prior years;
(3) Where applicable, participant’s past projections of exports compared with actual exports;
(4) Level of participant’s, State’s, and industry’s contributions;
(5) Market share goals in target country(ies);
(6) The degree to which the product to be exported consists of U.S. grown agricultural commodities;
(7) The degree of value-added processing in the U.S.; and
(8) General administrative and overhead costs compared to direct promotional costs.

(d) Approval decision. (1) CCC will approve those applications which it determines best satisfy the criteria and factors specified above. In addition, CCC will only approve applications for EIP/MAP when there is sufficient U.S. industry need for a brand promotion and there is no eligible MAP participant interested in or capable of undertaking the brand promotion.

(2) CCC will not provide assistance to a single company for brand promotion in a single country for more than five years. This five year period shall not begin prior to the 1994 program or the participant’s first activity plan year, whichever is later. In limited circumstances, the five year limitation may be waived if the Deputy Administrator determines that further assistance is necessary in order to meet the objectives of the program.

(e) Formation of agreements. CCC will notify each applicant in writing of the final disposition of its application. CCC will send a program agreement, allocation approval letter and a signature card to each approved applicant. The allocation approval letter will specify any special terms and conditions applicable to a participant’s program, including the required level of participant contribution. An applicant that decides to accept the terms and conditions contained in the program agreement and allocation approval letter should so indicate by having its Chief Executive Officer sign the program agreement and by submitting the signed agreement to the Director, Marketing Operations Staff, FAS, USDA. Final agreement shall occur when the Administrator signs the agreement on behalf of CCC. The application, the program agreement, the allocation approval letter and these regulations shall establish the terms and conditions between CCC and the approved applicant.

(f) Signature cards. The participant shall designate at least two individuals in its organization to sign program agreements, reimbursement claims and advance requests. The participant shall submit the signature card signed by those designated individuals and by the
§ 1485.15 Activity plan.

(a) General. A participant shall develop a specific activity plan(s) based on its strategic plan and the allocation approval letter and shall submit an activity plan for each year in which it engages in program activities. An activity plan handbook, available from the Division Director, provides suggested formats and codes for activity plans and amendments.

(b) An activity plan shall contain:

(1) A written presentation of all proposed activities including:
   (i) A short description of the relevant constraint;
   (ii) A description of any changes in strategy from the strategic plan;
   (iii) A budget for each proposed activity, identifying the source of funds;
   (iv) Specific goals and benchmarks to be used to measure the effectiveness of each activity. This will assist CCC in carrying out its responsibilities under the Government Performance and Results Act of 1993 that requires performance measurement of Federal programs, including the MAP. Evaluation of MAP’s effectiveness will depend on a clear statement by participants of goals, method of achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants’ activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding.

(2) A staffing plan for any overseas office, including a listing of job titles, position descriptions, salary ranges and any request for approval of supergrade salaries; and

(3) An itemized administrative budget for any overseas office.

(c) Activity plans for small-sized entities operating through an SRTG shall contain a certification that it is a small-sized entity within the standards established by 13 CFR part 121.

(d) Requests for approval of “supergrades”. (1) Ordinarily, CCC will not reimburse any portion of a non-U.S. citizen employees compensation that exceeds the highest salary level in the Foreign Service National (FSN) salary plan applicable to the country in which the employee works. However, a participant may seek a higher level of reimbursement for a non-U.S. citizen who will be employed as a country director or regional director by requesting that CCC approve that employee as a “supergrade”.

(2) To request approval of a “supergrade”, the participant shall include in its activity plan a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the employee concerned. The participant shall also justify why the highest FSN salary level is insufficient.

(3) Where a non-U.S. citizen will be employed as a country director, the MAP participant may request approval for a “Supergrade I” salary level, equivalent to a grade increase over the existing top grade of the FSN salary plan. The “supergrade” and its step increases are calculated as the percentage difference between the second highest and the highest grade in the FSN salary plan with that percentage applied to each of the steps in the top grade. Where the non-U.S. citizen will be employed as a regional director, with responsibility for activities and/or offices in more than one country, the MAP participant may request approval for a “Supergrade II” salary level which is calculated relative to a “Supergrade I” in the same way the latter is calculated relative to the highest grade in the FSN salary plan.

(e) Submission of the activity plan. A participant shall submit three copies of an activity plan to the Division Director and a copy of the relevant country section(s) to the Attaché/Counselor(s) concerned.

(f) Activity plan approval. CCC shall indicate in an activity plan approval letter which activities and budgets are approved or disapproved, and shall indicate any special terms and conditions that apply to the participant including any requirements with respect to contributions and program evaluations. A
participant may undertake promotional activities directly or through a foreign third party; however, the participant shall be responsible and accountable to CCC for all such promotional activities and related expenditures.

(g) Activity plan changes. (1) A participant may request changes to an activity plan by submitting one copy of an APAR to each of the Division Director and the Attache/Counselor(s) concerned.

(2) An APAR for a new activity shall contain the information required in paragraph (b) of this section. All other APAR's shall contain the activity description, the proposed budget and a justification for transfer of funds, if applicable.

(c) Subject to paragraph (a) of this section, but for generic promotion activities only, CCC will also reimburse, in whole or in part, the cost of:

(1) Compensation and allowances for housing, educational tuition, and cost of living adjustments paid to a U.S. citizen employee or a U.S. citizen contractor stationed overseas subject to the limitation that CCC shall not reimburse that portion of:

(ii) Allowances that exceed the rate authorized for U.S. Embassy personnel;

(2) Approved “supergrade” salaries for non-U.S. citizens and non-U.S. contractors;

(3) Compensation of a non-U.S. citizen staff employee or non-U.S. contractor subject to the following limitations:

§ 1485.18 Advances.

(a) Policy. In general, CCC operates MAP and EIP/MAP on a reimbursable basis. CCC will not advance funds to an EIP/MAP participant or to an MAP participant for brand promotion activities.

(b) Exception. Upon request, CCC may advance payments to an MAP participant for generic promotion activities.

Prior to making an advance, CCC may require the participant to submit security in a form and amount acceptable to CCC to protect CCC’s financial interests. Total payments advanced shall not exceed 40 percent of a participant’s approved annual generic activity budget. However, CCC will not make any advance to an MAP participant where an advance is outstanding from a prior activity plan year.

(c) Refunds due CCC. A participant shall expend the advance on approved generic promotion activities within 90 calendar days after the date of disbursement by CCC. A participant shall return any unexpended portion of the advance, plus a prorated share of all proceeds generated (i.e., premiums generated from certificate sales and interest earned), either by submitting a check payable to CCC or by offsetting its next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.20 Financial management, reports, evaluations and appeals.

(d) CCC will not reimburse claims submitted later than 6 months after the end of a participant’s activity plan year.

(e) If CCC reimburses a claim with commodity certificates, CCC will issue commodity certificates with a face value equivalent to the amount of the claim which shall be in full accord and satisfaction of such claim.

(f) If CCC overpays a reimbursement claim, the participant shall repay CCC within 30 days of the overpayment either by submitting a check payable to CCC or by offsetting its next reimbursement claim.

(g) If a participant receives a reimbursement or offsets an advanced payment which is later disallowed, the participant shall within 30 days of such disallowance repay CCC the amount owed either by submitting a check payable to CCC or by offsetting its next reimbursement claim.

(h) The participant shall report any actions having a bearing on the propriety of any claims for reimbursement to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director(s).

An MAP participant shall also maintain all documents related to employment such as employment applications, contracts, position descriptions, leave records and salary changes, and all records pertaining to contractors.

(3) A participant shall maintain its records of expenditures and contributions in a manner that allows it to provide information by activity plan, country, activity number and cost category. Such records shall include:

(i) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);
(ii) Original receipts for any other program related expenditure in excess of $25.00;
(iii) The exchange rate used to calculate the dollar equivalent of expenditures made in a foreign currency and the basis for such calculation;
(iv) Copies of reimbursement claims;
(v) An itemized list of claims charged to each of the participant’s CCC resources accounts;
(vi) Documentation with accompanying English translation supporting each reimbursement claim, including original evidence to support the financial transactions such as canceled checks, receipted paid bills, contracts or purchase orders, per diem calculations, travel vouchers, and credit memos; and
(vii) Documentation supporting contributions must include: the dates, purpose and location of the activity for which the cash or in-kind items were claimed as a contribution; who conducted the activity; the participating groups or individuals; and, the method of computing the claimed contributions. MAP participants must retain and make available for audit documentation related to claimed contributions.

(4) Upon request, a participant shall provide to CCC originals of documents supporting reimbursement claims.

(b) Reports. (1) End-of-Year Contribution Report. Not later than 6 months after the end of its activity plan year, a participant shall submit two copies of a report which identifies, by activity and cost category and in U.S. dollar equivalent, contributions made by the participant, the U.S. industry and foreign third parties during that activity plan year. A suggested format of a contribution report is available from the Division Director.

(2) Trip reports. Not later than 45 days after completion of travel (other than local travel), an MAP participant shall submit a trip report. The report must include the name(s) of the traveler(s), purpose of travel, itinerary, names and affiliations of contacts, and a brief summary of findings, conclusions, recommendations or specific accomplishments.

(4) A participant shall submit the reports required by this subsection to the appropriate Division Director. Trip reports and research reports shall also be submitted to the Attache/Counselor concerned. All reports shall be in English and include the participant’s agreement number, the countries covered, date of the report and the period covered in the report.

(5) CCC may require the submission of additional reports.

(6) A participant shall provide to the FAS Compliance Review Staff upon request any audit reports by independent public accountants.

(c) Evaluation—(1) Policy. (i) The Government Performance and Results Act (GPRA) of 1993 (5 U.S.C. 306; 31 U.S.C. 1105, 1115–1119, 3615, 9703–9704) requires performance measurement of Federal programs, including MAP. Evaluation of MAP’s effectiveness will depend on a clear statement by participants of goals to be met within a specified time, schedule of measurable milestones for gauging success, plan for achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants’ activities is to achieve additional exports of
Commodity Credit Corporation, USDA § 1485.20

U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding. A participant that can demonstrate additional sales compared to a representative base period, taking into account extenuating factors beyond the participant’s control, will have met the overall objective of the GPRA and the need for evaluation.

(ii) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan and activity plan. The evaluation results guide the development and scope of a participant’s program, contributing to program accountability and providing evidence of program effectiveness.

(iii) An MAP participant shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. CCC reserves the right to have direct input and control over design, scope and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(2) Types of evaluation. (i) An activity evaluation is a review of an activity to determine whether such activity achieved the goals specified in the activity plan. Unless specifically exempted in the activity plan, all activity evaluations shall be completed within 90 days following the end of the MAP participant’s activity plan year.

(ii) A brand promotion evaluation is a review of the U.S. and foreign commercial entities’ export sales to determine whether the activity achieved the goals specified in the activity plan. These evaluations shall be completed within 90 days following the end of the participant’s activity plan year.

(iii) A program evaluation is a review of the MAP participant’s entire program or any appropriate portion of the program to determine the effectiveness of the participant’s strategy in meeting specified goals. An MAP participant shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the MAP participant and the Division Director and specified in the MAP participant’s activity plan approval letter.

(3) Contents of program evaluation. A program evaluation shall contain:

(i) The name of the party conducting the evaluation;

(ii) The activities covered by the evaluation (including the activity numbers);

(iii) A concise statement of the constraint(s) and the goals specified in the activity plan;

(iv) A description of the evaluation methodology;

(v) A description of additional export sales achieved, including the ratio of additional export sales in relation to MAP funding received;

(vi) A summary of the findings, including an analysis of the strengths and weaknesses of the program(s); and

(vii) Recommendations for future programs.

(4) An MAP participant shall submit via a cover letter to the Division Director, an executive summary which provides assessment of the program evaluation’s findings and recommendations and proposed changes in program strategy or design as a result of the evaluation.

(5) If as a result of an evaluation or audit of activities of a participant under the program, CCC determines that further review is needed in order to ensure compliance with the requirements of the program, CCC may require the participant to contract for an independent audit of the program activities.

(d) Appeals. (1) The Director, Compliance Review Staff (Director, CRS) will notify a participant through a compliance report when it appears that CCC may be entitled to recover funds from that participant. The compliance report will state the basis for this action.

(2) A participant may, within 60 days of the date of the compliance report, submit a response to the Director, CRS. The Director, CRS, at the Director’s discretion, may extend the period for response up to an additional 30 days. If the participant does not respond to the compliance report within the required time period or, if after review of the participant’s response, the Director, CRS, determines that CCC may be entitled to recover funds from the participant, the Director, CRS, will
§ 1485.21 Failure to make required contribution.

An MAP participant’s contribution requirement will be specified in the MAP allocation letter and the activity plan approval letter. The amount specified will be the amount of contribution to be furnished by the applicant and other sources as indicated in the participant’s application. The MAP participant shall pay to CCC in dollars the difference between the amount actually contributed and the amount specified in the allocation approval letter. An MAP participant shall remit such payment within 90 days after the end of its activity plan year.

§ 1485.22 Submissions.

The participant may make any submissions required by this regulation either by hand delivery to the Director, Marketing Operations Staff, FAS, USDA or by commercial service delivery or U.S. mail. If delivery occurs by commercial “next-day” mail service or U.S. regular mail, first class prepaid, the material shall be deemed submitted as of the date of the commercial service or U.S. registered mail receipt. For all other permissible methods of delivery, the material shall be deemed submitted as of the date received by the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.23 Miscellaneous provisions.

(a) Disclosure of program information.

(1) Documents submitted to CCC by participants are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR part 1, Subpart A—Official Records, and specifically 7 C.F.R. 1.11, Handling Information from a Private Business.

(2) If requested by a person located in the United States, a participant shall provide a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. The participant may charge a fee not to exceed the costs for assembling, duplicating and distributing the materials.

[63 FR 29941, June 2, 1998; 63 FR 32041, June 11, 1998]
(3) The results of any research conducted by a participant under an agreement, shall be the property of the U.S. Government.

(b) Ethical conduct. (1) A participant shall conduct its business in accordance with the laws and regulations of the country in which an activity is carried out.

(2) Neither an MAP participant nor its affiliates shall make export sales of agricultural commodities and products covered under the terms of the agreement. Neither an MAP participant nor its affiliates shall charge a fee for facilitating an export sale. A participant may, however, collect check-off funds and membership fees that are required for membership in the participating organization. For the purposes of this paragraph, “affiliate” means any partnership, association, company, corporation, trust, or any other such party in which the participant has an investment other than in a mutual fund.

(3) An MAP participant shall not limit participation to members of its organization. The MAP participant shall publicize its program and make participation possible for commercial entities throughout the participant’s industry or, in the case of SRTGs, throughout the corresponding region.

(4) A participant shall select U.S. agricultural industry representatives to participate in activities such as trade teams, sales teams, and trade fairs based on criteria that ensure participation on an equitable basis by a broad cross section of the U.S. industry. If requested, a participant shall submit such selection criteria to CCC for approval.

(5) All participants should endeavor to ensure fair and accurate fact-based advertising. Deceptive or misleading promotions may result in cancellation or termination of an agreement.

(6) The participant must report any actions or circumstances that have a bearing on the propriety of the program to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director.

(c) Contracting procedures. (1) Neither the Commodity Credit Corporation (CCC) nor any other agency of the United States Government or any official or employee of the CCC or the United States Government has any obligation or responsibility with respect to participant contracts with third parties.

(2) A participant shall:

(i) Ensure that all expenditures for goods and services reimbursed, in excess of $25.00, by CCC are documented by a purchase order, invoice, or contract and that such documentation demonstrates competition in acquiring the goods or services;

(ii) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or official, or the employee’s or officer’s family or partners has a financial interest;

(iii) Conduct all contracting in an openly competitive manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids and requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(iv) Base solicitations for professional and technical services on a clear and accurate description of the requirements for the services to be procured;

(v) Perform some form of price or cost analysis such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered prices.

(d) Disposable capital goods. (1) Capital goods purchased by the MAP participant and reimbursed by CCC that are unusable, unserviceable, or no longer needed for project purposes shall be disposed of in one of the following ways:

(i) The participant may exchange or sell the goods provided that it applies any exchange allowance, insurance proceeds or sales proceeds toward the purchase of other property needed in the project;

(ii) The participant may, with CCC approval, transfer the goods to other MAP participants and activities, or to a foreign third party; or

(iii) The participant may, upon Attache/Counselor approval, donate the goods to a local charity, or convey the goods to the Attache/Counselor, along...

with an itemized inventory list and any documents of title.

(2) A participant shall maintain an inventory of all capital goods with a value of $100 acquired in furtherance of program activities. The inventory shall list and number each item and include the date of purchase or acquisition, cost of purchase, replacement value, serial number, make, model, and electrical requirements.

(3) The participant shall insure all capital goods acquired in furtherance of program activities and safeguard such goods against theft, damage and unauthorized use. The participant shall promptly report any loss, theft, or damage of property to the insurance company.

(e) Contracts between MAP participants and brand participants. Where CCC approves an application for brand promotion, the MAP participant shall enter into an agreement with each approved brand participant which shall:

(1) Specify a time period for such brand promotion, and require that all brand promotion expenditures be made within the MAP participant’s approved activity plan period;

(2) Make no allowance for extension or renewal;

(3) Limit reimbursable expenditures to those made in countries and for activities approved in the activity plan;

(4) Specify the percentage of promotion expenditures that will be reimbursed, reimbursement procedures and documentation requirements;

(5) Include a written certification that the brand participant either owns the brand of the product it will promote or has exclusive rights to promote the brand in each of the countries in which promotion activities will occur;

(6) Require that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as “Product of the U.S.”, “Product of the U.S.A.”, “Grown in the U.S.”, “Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; such origin identification is conspicuously displayed in a manner that is easily observed, and that, to the fullest extent possible, the origin identification conforms to the U.S. standard of 1/6” (.42 centimeters) in height based on the lower case letter “o”. A participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labelling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labelling requirement;

(7) Specify documentation requirements for a U.S. brand applicant seeking priority consideration for assistance based on eligibility as a small-sized entity;

(8) Require that the U.S. brand participant submit to the MAP participant a statement certifying that any Federal funds received will supplement, but not supplant, any private or third party funds or other contributions to program activities; and

(9) The participant shall require the brand participant to maintain all original records and documents relating to program activities for five calendar years following the end of the applicable activity plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government.

(f) EIP/MAP participants shall ensure that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as “Product of the U.S.”, “Product of the U.S.A.”, “Grown in the U.S.”, “Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; such origin identification is conspicuously displayed in a manner that is easily observed, and that, to the fullest extent possible, the origin identification conforms to the U.S. standard of 1/6” (.42 centimeters) in height based on the lower case letter “o”. An EIP/ MAP participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labelling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case
by case basis, whether sufficient justification exists to grant an exemption from the labelling requirement;

(g) Travel shall conform to U.S. Federal Travel Regulations (41 CFR parts 301 through 304) and air travel shall conform to the requirements of the "Fly America Act (49 U.S.C. 1517)." The MAP participant shall notify the Attaché/Counselor in the destination countries in writing in advance of any proposed travel.

(h) Proceeds. Any income or refunds generated from an activity, i.e., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the participant’s next reimbursement claim. However, where CCC reimburses a participant with CCC commodity certificates, such participant may retain any income generated by the sale of such certificates.

§ 1485.24 Applicability date.
This Subpart applies to activities that are approved in accordance with the participant’s 1995 program and corresponding activity plan year.

§ 1485.25 Paperwork reduction requirements.
The paperwork and record keeping requirements imposed by this final rule have been submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1980. OMB has assigned control number 0551-0027 for this information collection.

PART 1486—EMERGING MARKETS PROGRAM

Subpart A—General Information

Sec.
1486.100 What is the Emerging Markets Program?
1486.101 What special definitions apply to this program?
1486.102 Is there a list of eligible emerging market countries?
1486.103 Are regional projects possible under the program?
§ 1486.100 What is the Emerging Markets Program?

(a) The principal purpose of the EMP is to assist U.S. entities in developing, maintaining, or expanding the exports of U.S. agricultural commodities and products by providing partial funding for technical assistance activities that promote U.S. agricultural exports to emerging markets, a consistent with U.S. foreign policy interests. The Program is intended primarily to support export market development efforts of the private sector, but the Program’s resources may also be used to assist public agricultural organizations as well. Technical assistance may include activities such as feasibility studies, market research, sector assessments, orientation visits, specialized training, business workshops, and similar undertakings.

(b) The EMP may be used to support exports of U.S. agricultural commodities and products only through generic activities.

(c) Only initiatives that support the export of U.S. agricultural commodities and products are eligible for assistance from the program. The Program’s resources may not be used to support the export of another country’s products to the United States, or to promote the development of a foreign economy as a primary objective.

(d) The program is administered by personnel of USDA’s Foreign Agricultural Service.

§ 1486.101 What special definitions apply to this program?

For purposes of this subpart, the following definitions apply:

Activities—components of a project which, when implemented collectively, are intended to achieve a specific market development objective.

Administrator—the Administrator of FAS, or designee.

Advisory Committee—a group of representatives from the private sector appointed by the Secretary of Agriculture whose primary mission is to review proposals requesting funding under the EMP and make recommendations on projects and programs that can enhance exports through the use of program funds.

Agreement—a written assistance agreement under this part.

Agricultural Commodity—an agricultural commodity, food, feed, fiber, wood, livestock, or insect, and any product thereof; and fish harvested from a U.S. aquaculture farm or harvested by a vessel as defined in Title 46, United States Code, in waters that are not waters (including the territorial sea) of a foreign country.

Attache/Counselor—the Foreign Agricultural Service employee representing United States Department of Agriculture interests in the foreign country in which promotional activities are conducted.

CCC—Commodity Credit Corporation.

Compliance Review Staff—the office within the Foreign Agricultural Service responsible for performing reviews of Recipients to ensure compliance under this part.

Constraint—a condition in a particular country or region which inhibits the development, expansion, or maintenance of exports of a specific U.S. agricultural commodity or product.

Cost Share/Contribution—the amount of funding (cash and in-kind) U.S. entities are willing to commit from their own resources in support of an approved project.
Commodity Credit Corporation, USDA

Deputy Administrator—the Deputy Administrator, Commodity and Marketing Programs, Foreign Agricultural Service, or designee.

Emerging Market—any country or regional grouping that is taking steps toward a market-oriented economy through the food, agriculture, or rural business sectors of the economy of the country; has the potential to provide a viable and significant market for United States agricultural commodities or products; a population greater than 1 million; and a per capita income level below the level for upper middle-income countries as determined by the World Bank.

EMP—Emerging Markets Program.

FAS—Foreign Agricultural Service.

Generic Promotion—an activity that does not involve or promote the exclusive or predominant use of an individual company name or logo or brand name.

Project—an approach or undertaking made up of one or more activities which, taken together, are intended to achieve a specific market development objective.

Project Funds—the funds made available to a Recipient by the Commodity Credit Corporation under an agreement, and authorized for expenditure in accordance with this part.

Proposal—an application for funding.

Recipient—a U.S. entity receiving financial assistance directly from the Commodity Credit Corporation or Foreign Agricultural Service to carry out a project.

SRTG—State Regional Trade Group.

STRE—sales and trade relations expenses including meals, receptions, refreshments, checkroom fees, tips, and dining decorations.

UES—Unified Export Strategy.

USDA—United States Department of Agriculture.

§ 1486.102 Is there a list of eligible emerging market countries?

The World Bank periodically redefines the income limits on upper middle-income economies. Consequently, an absolute list of “emerging market” countries has not been established. However, CCC will provide general guidance on country eligibility in each program announcement.

§ 1486.103 Are regional projects possible under the program?

Projects that focus on regions, such as the Caribbean Basin, rather than individual countries, are eligible for consideration provided such projects target qualifying emerging markets in the specified region. CCC may consider activities which target qualified emerging markets in a specific region, but are conducted in a non-emerging market because of its importance as a central location and ease of access to that region.

Subpart B—Eligibility, Applications, and Funding

§ 1486.200 What entities are eligible to participate in the program?

To participate in the EMP, U.S. private or government entities must demonstrate a role or interest in the exports of U.S. agricultural commodities or products. Government organizations consist of federal, state, and local agencies. Private entities include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and profit-making entities and consulting businesses.

§ 1486.201 Under what conditions may research and consultant organizations, individuals, or any other for-profit entity apply to the program?

(a) Proposals from research and consulting entities will be considered for funding assistance only with evidence of substantial participation in and financial support by U.S. industry to a proposed project. Such support most credibly is provided in the form of actual monetary contributions to the cost of a project.

(b) For-profit entities shall not use program funds to conduct private business or to promote private self-interests. For-profit entities may not use program funds to supplement the costs of normal day-to-day operations or to promote their own products or services beyond specific uses approved in a given project.

§ 1486.202 Are there any ineligible entities?

Foreign organizations, whether government or private, may participate as
third parties in activities carried out by U.S. entities, but are not eligible for funding assistance from the program.

§ 1486.203 Which commodities/products are eligible for consideration under the program?

All U.S. agricultural commodities/products except tobacco are eligible for consideration. Agricultural product(s) should be comprised of at least 50 percent U.S. origin content by weight, exclusive of added water, to be eligible for funding. Projects which seek support for multiple commodities are also eligible.

§ 1486.204 Are multi-year proposals eligible for funding?

Proposals for projects exceeding 1 year in duration may be considered. If approved, funding for multi-year projects is normally provided 1 year at a time, with commitments beyond the first year subject to interim evaluations intended to assess the progress of the project toward meeting its intended objectives.

§ 1486.205 What types of funding are available under the program?

CCC has established three pools of funding within the EMP—the Central Fund, the Quick Response Marketing Fund, and the Technical Issues Resolution Fund. Each year CCC will inform the public of the process by which interested eligible entities may submit proposals for funding under the Central Fund. Because of the time sensitive nature of issues intended to be addressed, the Quick Response Marketing Fund and the Technical Issues Resolution Fund will be available continuously with no application deadline.

§ 1486.206 What is the Quick Response Marketing Fund?

(a) This fund was established to address priority constraints to market access that arise because of unforeseen events; market conditions in emerging markets are often less predictable than in more developed countries. It allows responsiveness to time-sensitive marketing problems or opportunities, such as a change in an import regime or the removal of a trade embargo; an unexpected or unusual change in the political or financial situation in a country; or a significant change in crop conditions—any of which may have an immediate impact on the access of particular commodities or products to specific markets.

(b) Proposals for the Quick Response Marketing Fund must identify specific market access issues that also face time constraints. Application content, evaluation, and reporting requirements are the same as for the Central Fund.

§ 1486.207 What is the Technical Issues Resolution Fund?

(a) This fund was established to address technical barriers to trade in emerging markets worldwide by providing technical assistance, training, and exchange of expertise. These include plant quarantine, animal health, food safety, and other technical barriers to U.S. exports based on unsound or incomplete scientific information.

(b) Funding priorities are principally those issues that are time sensitive and are strategic areas of longer term interest. Funding decisions are determined primarily through a review process that includes FAS and relevant regulatory agencies. The review is based upon the following criteria:

1. The activity occurs in an eligible country or region of market priority;
2. The trade constraint warrants intervention;
3. The proposed activity is likely to achieve an impact in the short- or long-term;
4. The Recipient is qualified to undertake the proposed activity;
5. The budget requested is reasonable and includes leveraged resources;
6. If applicable, a U.S. domestic constraint or trade issue can be resolved in support of a proposed activity; and
7. The activity has support from USDA field offices.

(c) Because of the time sensitive nature of the issues intended to be addressed by these funds, proposals, whether private or government, may be submitted at any time during the year. Reviews of proposals are scheduled on a monthly basis. An expedited review may be requested but must be justified.

(d) Application content, evaluation, and reporting requirements are the same as for the Central Fund.
§ 1486.208 How does an entity apply to the program?

CCC will periodically announce that it is accepting proposals for participation in the EMP. All relevant information, including application deadlines (for the Central Fund) and proposal content, will be noted in the announcement. Proposals must be submitted in accordance with the terms and requirements specified in the announcement. CCC may request any additional information it deems necessary from any applicant in order to evaluate properly any proposal.

§ 1486.209 How are program applications evaluated and approved?

(a) General. Proposals received by the application deadline stated in the announcement for the Central Fund undergo a multi-phase review by FAS staff and the EMP Advisory Committee to determine qualifications, quality and appropriateness of projects, and reasonableness of project budgets.

(b) Evaluation criteria. FAS will consider a number of factors when reviewing proposals, including:

1. The ability of the entity to provide an experienced U.S.-based staff with knowledge and expertise to ensure adequate development, supervision, and execution of the proposed project;

2. The entity’s willingness to contribute resources, including cash and goods and services of the U.S. industry, with greater weight given to cash contributions (for private sector proposals only);

3. The conditions or constraints affecting the level of U.S. exports and market share for the agricultural commodity/product;

4. The degree to which the proposed project is likely to contribute to the development, maintenance, or expansion of U.S. agricultural exports to emerging markets;

5. Demonstration of how a proposed project will benefit a particular industry as a whole; and

6. Past program results and evaluations, if applicable.

7. The following priority technical assistance activities:

(i) Projects and activities which use technical assistance designed specifically to improve market access in emerging markets such as activities intended to mitigate the impact of sudden political events or economic and currency crises in order to maintain U.S. market share;

(ii) Marketing and distribution of value-added products, including new products or new uses. Examples include food service development, market research on potential for consumer-ready foods or new uses of a product, and export feasibility studies.

(iii) Studies of food distribution channels in emerging markets, including infrastructural impediments to U.S. exports; such studies may include cross-commodity activities which focus on problems which affect more than one industry, e.g., grain storage handling and inventory systems development;

(iv) Projects that specifically address various constraints to U.S. exports, including sanitary and phytosanitary issues and other non-tariff barriers;

(v) Assessments and follow-up activities designed to improve country-wide food and business systems, to reduce trade barriers, to increase prospects for U.S. trade and investment in emerging markets, or to determine the potential use for general export credit guarantees;

(vi) Projects that help foreign governments collect and use market information and develop free trade policies that benefit American exporters as well as the target country or countries; and

(vii) Short-term training in agriculture and agribusiness trade that will benefit U.S. exporters, including seminars and training at trade shows designed to expand the potential for U.S. agricultural exports by focusing on the trading system.

(c) Approval decision. CCC will approve those applications that it determines best satisfy the criteria and factors specified in paragraph (b) of this section. All decisions regarding the disposition of an application are final.

§ 1486.210 Are there any limits on the funding of proposals?

(a) The EMP is a relatively small program intended primarily to promote access to qualified emerging markets. Its funds are intended for focused
§ 1486.300 How are applicants notified of decisions on their applications?

FAS will notify each applicant in writing of the final decision on its application. For approvals, letters will contain the notice of approval and any required qualifications or adjustments to the original proposal. For rejections, letters will explain reasons why the proposals were not approved for funding.

Subpart C—Program Operations

§ 1486.301 How is the working relationship established between CCC and the Recipient of program funding?

(a) FAS will send an approval letter followed by a project agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of EMP funding and cost-share contribution requirements. The applicant is authorized to begin implementation of the project as of the date of the approval letter, unless otherwise indicated.

(b) An applicant who accepts the terms and conditions contained in the agreement should so indicate by having the appropriate authorizing official sign the agreement and submit it to the Director, Marketing Operations Staff, FAS, USDA. The applicant may not be reimbursed for approved project expenses until the Recipient’s authorizing official and CCC have signed the agreement.

§ 1486.302 Can changes be made to a project once it has been approved?

(a) Approved projects may be modified if circumstances change in such a way that they would likely affect the progress and ultimate success of a project. All requests for project modifications must be made in writing to FAS and must include:

(1) A justification as to why changes to the project as originally designed are needed;

(2) An explanation of the necessary adjustments in approach or strategy;

(3) A description of necessary changes in the project’s time line(s); and

(4) Necessary changes to the project’s budget (e.g., shifting of budgetary resources from one line item to another in order to accommodate the changes).

(b) Extensions of project time lines must be approved and made by FAS.

§ 1486.303 What specific contracting procedures must be adhered to?

(a) The Recipient has full and sole responsibility for the legal sufficiency of all contracts it may enter into with one or more third parties in order to carry out an approved project and shall assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Recipient. Neither CCC nor any other agency of the United States Government or any official or employee of CCC or the United States Government has any obligation or responsibility with respect to Recipient contracts with third parties.

(b) Recipients are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid to third parties in any part with project funds must be covered by written contracts.

(d) A Recipient shall:
Commodity Credit Corporation, USDA

§ 1486.402

(1) Ensure that all expenditures for goods and services in excess of $25 reimbursed by CCC are documented by a purchase order, invoice, or contract;

(2) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or officer, or the employee’s or officer’s family or partners has a financial interest or gains a financial benefit;

(3) Conduct all contracting in an open manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids, or requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(4) Base each solicitation for professional or consulting services on a clear and accurate description of the requirements for the services to be procured;

(5) Perform some form of fee, price, or cost analysis, such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered fees or prices; and

(6) Document the decision-making process.

Subpart D—Contributions and Reimbursements

§ 1486.400 What are the rules on cost sharing?

(a) The EMP is intended to complement, not supplant, the efforts of the U.S. private sector. Therefore, no private sector proposal will be considered without the element of cost-share from the participant and/or U.S. partners.

(b) There is no minimum or maximum amount of cost share. The degree of commitment to a proposed project represented by the amount and type of private funding are both used in determining which proposals will be approved. The type of cost share is also not specified, though some contributions are ineligible (§ 1486.402 below). Cost-share may be actual cash invested or professional time of staff assigned to the project. Proposals in which the private sector is willing to commit funds, rather than in-kind items such as staff resources, and those with higher amounts of cost-share, will be given priority consideration.

(c) Cost-sharing is not required for proposals from federal, state, or local government agencies. It is mandatory from all other eligible entities, even when they are party to a joint proposal with a government agency.

(d) Contributions from federal, state, or local government agencies or programs may not be counted toward the cost share requirement. Similarly, contributions from foreign (non-U.S.) organizations may not be counted toward the cost share requirement, but may be included in the total cost of the project.

(e) An activity that is initiated by FAS, and undertaken by an entity at the request of FAS, may be exempted from the contribution requirement. This determination is made at the discretion of FAS.

§ 1486.401 What cost share contributions are eligible?

(a) Eligible contributions are those expenses that:

(1) Have not been or will not be reimbursed by any other source outside of the Recipient or other participating U.S. entity;

(2) Are incurred during the period covered by the project agreement;

(3) Are directly related to activities necessary to implement an approved project; and

(4) Are not proscribed under § 1486.402.

(b) Contributions must be included in a project’s line item budget.

§ 1486.402 What are ineligible contributions?

(a) The following are not eligible as contributions:

(1) Normal operating expenses and other costs not directly related to the project;

(2) Any portion of salary or compensation of an individual who is the focus of a promotional activity;

(3) Depreciation, e.g., office equipment;

(4) The cost of insuring articles owned by private individuals;

(5) The cost of product development or product modifications;

(6) Slotting fees or similar sales expenditures;
§ 1486.403

(7) Funds, services, capital goods, or personnel provided by any U.S. government agency;

(8) Capital investments made by a third party, such as permanent structures, real estate, and the purchase of office equipment and furniture;

(9) The value of any services generated by a third party which involve no expenditure by the Recipient or third party, e.g., free publicity;

(10) The cost of developing any application/proposal for EMP funding;

(11) Costs included as contributions for any other federally-assisted project or program;

(12) Membership fees in clubs and social or professional organizations; and

(13) Any expenditure made prior to approval of an EMP-funded project.

(b) The Deputy Administrator shall determine, at his or her discretion, whether any cost not expressly listed in this section may be included as an eligible contribution.

§ 1486.403 What expenditures may CCC reimburse under the program?

(a) A Recipient may seek reimbursement for an expenditure if:

(1) The expenditure is reasonable and is specified in the project budget in furtherance of an approved activity; and

(2) The Recipient has not been or will not be reimbursed for such expenditure by any other source.

(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(1) Salaries and benefits of the Recipient’s existing personnel or any other participating entity that are assigned to EMP-funded projects; however, reimbursement is limited to:

(ii) The actual assigned time of the employee to the project; and

(iii) Benefits at a maximum rate of 30 percent of the existing salary of the employee, prorated to the time assigned to the project. In addition, reimbursement for an employee’s time spent on an EMP-funded project must be in lieu of compensation from the Recipient or any other participating entity.

(2) Consulting fees for professional services; however, reimbursement for consulting fees is limited to the daily rate of a General Schedule U.S. Government employee, GS–15/Step 10 in effect during the calendar year in which the project or activity is approved for funding. Reimbursement is authorized only for actual days worked and is not authorized for travel and rest days. Benefits are not reimbursable.

(3) STRE, including breakfast, lunch, dinner, and refreshments when part of an approved overseas trade activity; miscellaneous courtesies such as checkroom fees, taxi fares, and tips; and representation expenses such as the costs of social events or receptions that are primarily attended by foreign officials, and which are held at foreign venues. Such expenses must conform to the American Embassy representation funding guidelines as the standard for judging the appropriateness of STRE event costs. STRE incurred in the United States is not authorized for reimbursement, but may be counted as a cost-share contribution to the project.

(4) Travel expenses, subject to the following:

(i) Air travel, limited to the full-fare economy class rate and must comply with the Fly America Act, 49 U.S.C. App. 1517. The CCC will not reimburse any portion of air travel in excess of the full fare economy rate or when the participant fails to notify the Counselor/Attache in the destination country in advance of the travel unless the Deputy Administrator determines it was impractical to provide such notification.

(ii) Per diem, limited to the allowable rate for each domestic or foreign locale (41 CFR Chapter 301). Expenses in excess of the authorized per diem rates may be allowed in special or unusual circumstances (41 CFR Chapter 301, subpart D), and must be approved in advance.

(iii) All other expenses while in travel status must conform to U.S. Federal Travel Regulations (41 CFR Chapters 301 and 304).

(5) Direct administrative costs.
§ 1486.405 How are Recipients reimbursed for project expenditures?

(a) After implementation of an EMP project for which CCC has agreed to provide funding, Recipients may submit claims for reimbursement of the expenses incurred to the extent CCC has agreed to pay for such costs. Reimbursement for approved project expenses is limited to 85 percent of the amount specified in the project agreement. The Recipient may be reimbursed for the remaining 15 percent of the funds after the final performance report containing the information required by the agreement is submitted to and approved by FAS.

(b) A format for reimbursement claims is available from the Marketing Operations Staff, FAS, USDA.

(c) Final reimbursement claims must be made no later than 90 days after the completion date of the project, and are appropriate to their backgrounds may be covered on a pro-rated basis).
§ 1486.406 Subject to a complete final performance report acceptable to FAS.

(d) Any duplicate payment or overpayment made by CCC shall be returned by the Recipient promptly after discovery of the overpayment by the Recipient or within 30 days after notification by FAS, either by submitting a check made payable to the Commodity Credit Corporation and referencing the applicable project, or by offsetting as a credit on the next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1486.406 Will CCC make advance payments to Recipients?

(a) Policy. In general, CCC operates the EMP on a cost reimbursable basis.

(b) Exception. Upon request, CCC may make advance payments to a Recipient against an approved project budget. Up to 40 percent of the approved project budget may be provided as an advance, either at one time or in incremental payments. Advances should be limited to the minimum amounts needed and requested as close as is administratively feasible to the actual time of disbursement by the Recipient. Reimbursement claims will be used to offset advances. Recipients shall deposit and maintain advances in insured, interest-bearing accounts.

(c) Refunds due CCC. A Recipient shall expend all advances within 90 calendar days after the date of disbursement by CCC. A Recipient shall return all interest earned by advances plus any unexpended portion of the advance within 90 calendar days after the date of disbursement by CCC by submitting a check payable to CCC. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

Subpart E—Reporting, Evaluation, and Compliance

§ 1486.500 What are the reporting requirements of the program?

(a) Performance Reports. (1) Recipients are required to submit regular progress reports in accordance with the project agreement. Quarterly progress reports are required for all projects with a duration of 1 year or longer. Projects of less than 1 year in duration generally require a mid-term report.

(2) Final performance reports must be submitted no later than 90 days after completion of the project, both electronically (preferably in PDF format) and in hard copy.

(3) Reporting requirements and formats for both quarterly progress reports and final performance reports are specified in the project agreement between CCC and the Recipient entity.

(4) All final performance reports will be made available to the public.

(b) Financial Reports. Final financial reports must be submitted no later than 90 days after completion of the project. Such reports must provide a final accounting of all project expenditures by cost category, and include the accounting of actual contributions made to the project by the Recipient and all other participating entity or entities.

§ 1486.501 What is the rule on notifying field offices of international travel?

The Recipient must advise the Agricultural Counselor(s) or Attache(s) in the country or countries of any planned visits by the Recipient or its consultants or other participants to such country or countries under terms of its agreement. Failure to notify the Counselor/Attache may result in disallowance of the travel expenditures.

§ 1486.502 How is project effectiveness measured?

Project evaluations may be carried out by FAS at its option with or without Recipients. FAS may also seek outside expertise to conduct or participate in evaluations.

§ 1486.503 How is program compliance monitored?

(a) The CRS, FAS, performs periodic on-site reviews of Recipients to ensure compliance with this part, applicable federal regulations, and the terms of the project agreements. Program funds spent inappropriately or on unapproved activities must be returned to CCC. The CRS will review contributions from Recipients for compliance with project budgets as approved and specified in the agreements.
(b) The Director, CRS, will notify a Recipient through a compliance report when, in the opinion of the Director, CRS, it appears that CCC is entitled to recover funds from that Recipient. The report will state the basis for this action.

§ 1486.504 How does a Recipient respond to a compliance report?

(a) A Recipient shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. The Director, CRS, at his or her discretion, may extend the period for response up to an additional 30 days. The response shall include:

1. Repayment of any funds determined to be due to CCC;
2. Submission of documentation or evidence of any other required action; or
3. A request for reconsideration of any finding and the supporting justification.

(b) If after review of the compliance report and response, the Director, CRS determines that the Recipient owes money to CCC, the Director, CRS, will so inform the Recipient and provide a detailed basis for the decision. The Recipient has 30 days from the date of the Director’s, CRS, determination to submit any money owed to CCC or to request reconsideration.

(c) If the Recipient does not respond to the compliance report within the required time period, the Director, CRS, may initiate action to collect any amount owed to CCC pursuant to 7 CFR Part 1403, Debt Settlement Policies.

§ 1486.505 Can a Recipient appeal the determinations of the Director, CRS?

(a) A Recipient may appeal the determinations of the Director, CRS, to the Deputy Administrator, CMP. The request must be in writing and be submitted to the Office of the Deputy Administrator, CMP, within 30 days following the date of the original determination. The Recipient may request a hearing.

(b) If the Recipient submits its appeal and requests a hearing, the Deputy Administrator, or the Deputy Administrator’s designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the Recipient bears the cost of the transcript; however, the Deputy Administrator or designee may have a transcript prepared at FAS’s expense.

(c) The Deputy Administrator or the Deputy Administrator’s designee will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing, or receipt of any transcript, whichever is later. The determination of the Deputy Administrator will be the final determination of FAS. The Recipient must exhaust all administrative remedies contained in this section before pursuing judicial review of a determination by the Deputy Administrator.

§ 1486.506 When will a project be reviewed?

Any project or activity funded under the program is subject to review or audit at any time during the course of implementation or after the completion of the project.

§ 1486.507 What is the effect of failing to make required contributions?

A Recipient’s contribution requirement is specified in the project agreement. If a Recipient fails to contribute the total specified in the agreement, the difference between the amount contributed and the total must be repaid to the CCC in U.S. dollars. If a Recipient is reimbursed by CCC for less than the amount of funds approved in the agreement, then the final cost share shall equal, on a percentage basis, the original ratio of private contributions to the authorized EMP funding level.

§ 1486.508 How long must Recipients maintain original project records?

Each Recipient shall maintain all original records and documents relating to the project for 3 calendar years following the end of the project’s completion. All documents and records related to the project, including records pertaining to contractors, shall be made available upon request.
§ 1486.509 Are Recipients allowed to charge fees for specific activities in approved projects?

Reasonable activity fees or registration fees, if identified as such in a project budget, may be charged for projects approved for program funding. Income or refunds generated from an activity, however, for which the expenditures have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the Recipient’s reimbursement claim. Any activity fees charged must be used to offset activity expenses. Such fees may not be used as profit or counted as cost-share. The intent to charge a fee must be part of the original proposal, along with an explanation of how such fees are to be used.

§ 1486.510 What is the policy regarding disclosure of program information?

(b) Progress reports, final performance reports, and the results of any research or other activity conducted by a Recipient under an agreement, shall be the property of the U.S. Government.

§ 1486.511 What is the general policy regarding ethical conduct?

(a) The Recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent and any member of his or her immediate family, his or her partner, or an entity which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to sub-agreements. However, Recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the Recipient.

(b) A Recipient shall conduct its business in accordance with the laws and regulations of the country in which an activity is carried out.

§ 1486.512 Has the Office of Management and Budget reviewed the paperwork and record keeping requirements contained in this part?

The paperwork and record keeping requirements imposed by this part have been submitted to the Office of Management and Budget (OMB) for review and under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). OMB has assigned control number 0551-0043 for this information collection.

§ 1487.1 What special definitions apply to the TASC program?

For purposes of this part, the following definitions apply:

CCC—Commodity Credit Corporation.

Eligible Organization—Any U.S. organization, including, but not limited to, U.S. government agencies, State government agencies, non-profit trade associations, universities, agricultural cooperatives, and private companies.
§ 1487.2 What is the TASC program?

Under the TASC program, CCC, an agency and instrumentality of the United States within the Department of Agriculture, provides funds to eligible organizations, on a grant basis, to implement activities that are intended to address a sanitary, phytosanitary, or related technical barrier that prohibit or threaten the export of U.S. specialty crops that are currently available on a commercial basis. The TASC program is intended to benefit the represented industry rather than a specific company or brand. This program is administered by FAS.

§ 1487.3 What activities are eligible?

(a) General. In order to be eligible for funding under the TASC program, activities must address sanitary, phytosanitary, or technical barriers to export of specialty crops. Examples of expenses that CCC may agree to cover under the TASC program include, but are not limited to: initial pre-clearance programs, export protocol and work plan support, seminars and workshops, study tours, field surveys, development of pest lists, pest and disease research, database development, reasonable logistical and administrative support, and travel and per diem expenses.

(b) Location of activities. Eligible projects may take place in the United States or abroad.

§ 1487.4 Are there any limits on the scope of proposals?

(a) Funding cap. Proposals which request more than $500,000 of CCC funding in a given year will not be considered.

(b) Length of activities. Funding will not be provided for projects that have received TASC funding for 5 years. The 5 years do not need to be consecutive.

(c) Target countries. Proposals may target all eligible export markets, including single countries or reasonable regional groupings of countries.

(d) Multiple proposals. Applicants may submit multiple proposals, but no participant may have more than five approved projects underway at any given time.

§ 1487.5 What is the process for submitting proposals?

(a) General. Periodically the CCC will inform the public of the process by which interested eligible organizations may submit proposals for TASC program funding. This announcement will, among other things, include information on any deadlines for submitting proposals and the address of the office to which the proposals should be sent. The CCC also may announce the availability of a Quick Response Fund within the TASC program. Proposals submitted under any form of quick response process may be submitted at any time during the year but must meet the basic requirements of the program and any specific requirements of that particular process. Organizations interested in participating in the TASC program may submit their proposals electronically or in paper copy. Although no specific format is required, a sample format for proposals is available from the address provided in this rule.

(b) Contents of proposals. TASC proposals must contain complete information about the proposed projects, including, at a minimum, the following:

(i) Organizational information, including:

(ii) Type of organization;

(iii) Name, telephone number, fax number, and e-mail address of the primary contact person;
(iv) A description of the organization and its membership; and
(v) A description of the organization’s experience in technical assistance projects, including activities involved and project results.

(2) Project information, including:
(i) A brief project title;
(ii) The amount of funding requested and a justification for why federal funding is needed;
(iii) Beginning and ending dates for the proposed project;
(iv) A market assessment, including a brief description of the specific export barrier to be addressed by the project;
(v) The goals of the project, and the expected benefits to the represented industry;
(vi) A description of the activities planned to address the export barrier;
(vii) An itemized list of all estimated costs associated with the project for which reimbursement will be sought; and
(viii) Information indicating all financial and in-kind support to the proposed project, and the resources to be contributed by each entity that will contribute to the project’s implementation. This may include the organization that submitted the proposal, private industry entities, host governments, foreign third parties, CCC, FAS, or other Federal agencies. Support may include cash, goods, and services. Although highly encouraged, financial support from the participant is not required.

(3) Export information, including:
(i) Performance measures for three years, beginning with the year that the project would begin, which will be used to measure the effectiveness of the project;
(ii) A benchmark performance measure for the year prior to the year that the project would begin; and
(iii) The viability of long-term sales to this market.

§ 1487.6 What are the criteria for evaluating proposals?

(a) Evaluation criteria. FAS will use the following criteria in evaluating proposals:

1. The nature of the specific export barrier and the extent to which the proposal is likely to successfully remove, resolve, or mitigate that barrier;
2. The potential trade impact of the proposed project on market retention, market access, and market expansion, including the potential for expanding commercial sales in the targeted market;
3. The completeness and viability of the proposal;
4. The ability of the organization to provide an experienced staff with the requisite technical and trade experience to execute the proposal;
5. The extent to which the proposal is targeted to a market in which the United States is generally competitive;
6. The cost of the project and the amount of other resources dedicated to the project, including cash and goods and services of the U.S. industry and foreign third parties;
7. The degree to which time is essential to addressing specific export barriers;
8. In cases where the CCC receives multiple proposals from different applicants which address essentially the same barrier, the nature of the applicant organization will be taken into consideration, with a greater weight given to those organizations with the broadest base of producer representation.

(b) Evaluation process. FAS will review all proposals for eligibility and completeness and will evaluate each proposal against the factors described in paragraph (a) of this section. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal, and submit the proposals and funding recommendations to appropriate officials within FAS for decision. FAS may, when appropriate to the subject matter of the proposal, request the assistance of other U.S. government experts in evaluating the merits of a proposal.

Commodity Credit Corporation, USDA

§ 1487.7 How are agreements formalized?

Following the approval of a proposal, the CCC will enter into a written agreement with the organization that submitted the proposal. This program agreement will incorporate the proposal as approved by the FAS, include a maximum dollar amount that may be reimbursed (the funding level), and identify terms and conditions under which the CCC will reimburse certain costs of the project. Program agreements also will outline any specific responsibilities of the participant, including, but not limited to, the timely and effective implementation of program activities and the submission of a written report(s), on no less than an annual basis, which evaluates the TASC project using the performance measures presented in the approved proposal.

[68 FR 42564, July 18, 2003]

§ 1487.8 How are payments made?

(a) Reimbursement. (1) Following the implementation of a project for which the CCC has agreed to provide funding, a participant may submit claims for reimbursement of eligible expenses to the extent that the CCC has agreed to pay such expenses. Any changes to approved activities must be approved in writing by the FAS before any reimbursable expenses associated with the change can be incurred. A participant will be reimbursed after the CCC reviews the claim and determines that it is complete.

(2) All claims for reimbursement must be received no later than 90 calendar days following the expiration or termination date of the program agreement. For program agreements which extend beyond twelve months, all claims for reimbursement must be received no later than 90 calendar days following the next anniversary of the effective date of the agreement.

(3) Participants shall maintain complete records of all program expenditures, identified by TASC agreement number, program year, country or region, activity number and cost category. Such records shall be accompanied by original documentation which supports the expenditure and shall be made available to the FAS upon request.

(4) Participants shall maintain all records and documents relating to TASC projects, including the original documentation which supports reimbursement claims, for a period of 3 calendar years following the expiration or termination date of the program agreement. Such records and documents will be subject to verification by FAS and shall be made available upon request to authorized officials of the U.S. Government. FAS may deny a claim for reimbursement if the claim is not supported by acceptable documentation.

(5) In the event that a reimbursement claim is overpaid or is disallowed after payment already has been made, the participant shall return the overpayment amount or the disallowed amount to the CCC within 30 days after realizing the overpayment or receiving notification of the overpayment or disallowed amount.

(b) Advances. Participants may request advances of funds, not to exceed 85 percent of the funding approved in any given program year. All advanced funds must be either fully expended or the balance returned by check made payable to the CCC no later than the 90th calendar day following the date of disbursement of the advance to the participant. Upon the expenditure of advance funds, participants must submit reimbursement claims to offset the advance charged to them.

(c) Interest. Participants shall deposit and maintain advanced funds in insured, interest-bearing accounts. Interest earned on outstanding advances must be returned by check made payable to the CCC at the time the advance is either fully expended or itself returned.

Date of delivery means the on-board date of the ocean bill of lading, or the date of an airway bill, or, if exported by rail or truck, the date of entry shown on an authenticated landing certificate or similar document issued by an official of the government of the importing country. If delivery is before export, the date of delivery means (1) the date(s) of the warehouse receipt(s), or other evidence acceptable to CCC, covering the commodity in a warehouse acceptable to CCC, or (2) the on-board carrier (truck, rail car or lash or seabee barge) date of a through bill of lading covering commodities in a container or a lash or seabee barge at a U.S. inland or coastal point.

Delivery before export may be (1) in a warehouse in the United States acceptable to CCC by issuance or transfer of the warehouse receipt to the importer, or (2) f.a.s. or f.o.b. (a) Upon receiving a request for a sale registration complying with the applicable provisions of this subpart,
§ 1488.6 Amendments to financing agreement.

The financing agreement may be amended provided such amendment is in conformity with GSM–5 at the time of amendment and is determined to be in the interest of CCC. Amendments may include extension of the period for delivery or the period for export, and change in the interest rate. After the commodity has been delivered, CCC will consider requests to increase the amount of the sale registration value for any quantity within the tolerance in the sales contract and for carrying charges provided such requests relate to the same sale as originally registered with CCC.

§ 1488.7 Expiration of period(s) for delivery and/or export.

(a) Unless delivery by the exporter to the importer is made within such period as may be provided in the financing agreement or any amendment thereof, or under paragraph (b) of this section, the financing agreement will no longer be valid.

(b) If the Assistant Sales Manager determines that delay in delivery was due solely to causes without the fault or negligence of the exporter, the period for delivery may be extended by CCC by the period of such delay.

(c) If delivery is made before export under the terms of the financing agreement, failure to export within the period specified therefor in the financing agreement shall constitute a breach of the financing agreement. In such case, if full payment under the bank obligation or account receivable has not been received, the account receivable and the bank obligation shall, at the option of the Assistant Sales Manager, become immediately due and payable, and liquidated damages shall be payable in accordance with §1488.11.

DOCUMENTS REQUIRED FOR FINANCING

§ 1488.8 Documents required after delivery.

(a) CCC will purchase an exporter's account receivable only if the Treasurer, Commodity Credit Corporation, United States Department of Agriculture, Washington, DC 20250, receives the documents specified in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations within forty-five days, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, after date of delivery of commodities exported or to be exported under the financing agreement.

(b) The exporter shall submit a “Combined Application for Disbursement, Assignment of Account Receivable and Certification” which shall include:

(1) A written application for disbursement, showing the financing agreement number and the port value of the commodity delivered.

(2) An assignment of the account receivable arising from the export sale, in form and substance acceptable to CCC.

(3) The exporter's certification (i) that he has entered into a contract to sell an eligible commodity; (ii) of the
Commodity Credit Corporation, USDA § 1488.9

date of sale, the grade, quality, quantity, agreed upon price for the commodity and payment terms and interest in accordance with the financing agreement; (iii) that he has in his files documents evidencing the export sale contract and the obligation of the importer to him for the financed portion of the export sale and will retain and furnish them to CCC on demand until 3 years after the end of the financing period; (iv) that agricultural commodities of the grade, quality, and quantity called for in the exporter’s sale as registered with CCC have been delivered to the foreign importer; and (v) that he knows of no defenses to the account receivable assigned to CCC.

(c) A copy of the sales invoice to the foreign importer, or, if the commodity has been sold through an intervening purchaser, a copy of the exporter’s sales invoice to the intervening purchaser and of the intervening purchaser’s sales invoice to the foreign importer.

(d) A copy of the document evidencing export provided for in §1488.9 and, if the consignee is other than the foreign importer named in the financing agreement, such additional information as CCC may request to show that export was made in accordance with the instructions of, or the export sale contract with, the foreign importer. If delivery is before export in a warehouse acceptable to CCC, the warehouse receipt or other documents acceptable to CCC evidencing delivery of the commodity to the importer or his agent. If delivery is before export in a container or a lash or seabee barge at a U.S. inland or coastal point, for export shipment under a through bill of lading, one copy of the through bill of lading with an onboard (truck, rail car, or lash or seabee barge) endorsement, dated and signed or initialed on behalf of the export carrier. The through bill of lading must be certified by the exporter as a true copy and must show the quantity, the date, and place of loading the commodity on a truck, or rail car, or lash or seabee barge, the name of the originating carrier, the destination of the commodity, and the name of both the exporter and the importer.

(e) A bank obligation or obligations in accordance with §1488.7(c), §1488.10, §1488.12 and paragraph (i) of this section, naming CCC as beneficiary, in form and substance acceptable to CCC, covering the amount of the application for disbursement, citing the financing agreement number; and providing for the payment of interest in accordance with §1488.14.

(f) On receipt of the documents described in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations, the Treasurer, CCC will pay promptly to the exporter the amount of the account receivable or the dollar amount of sales registered in accordance with §1488.5, whichever is the lesser.

(g) If an acceptable application for disbursement and the supporting documents described in paragraphs (b) through (e) of this section have not been received by CCC within 45 days from the date of the delivery, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, the financing agreement shall be void.

(h) [Reserved]

(i) If for any reason a draft drawn under a foreign bank obligation is dishonored or if the issuing bank is insolvent, in bankruptcy, in receivership, or in liquidation, or has made an assignment for the benefit of creditors, or for any other reason discontinues or suspends payments to depositors or creditors, or otherwise ceases to operate on an unrestricted basis, any balance due on the account receivable assured by the obligation issued by such bank shall, at the option of CCC, become immediately due and payable. CCC may permit the substitution of another acceptable foreign bank obligation covering such balance due if confirmed in accordance with §1488.12.

§ 1488.9 Evidence of export.

(a) If the commodity is exported by rail or truck, the exporter shall furnish to the Treasurer, CCC, one copy of the bill of lading covering the commodity exported, certified by the exporter as
§ 1488.9a Evidence of export for commodities delivered before export.

For commodities delivered before export under a financing agreement for which the financial period is 12 months or less, the exporter shall furnish a certification to the Treasurer, CCC, within 60 days from the date of delivery or such extension of time as may be granted by the Treasurer or Assistant Treasurer, CCC, certifying that the commodities have been exported. The certification must include the name of the ocean carrier, the date the commodities were loaded aboard the ocean carrier and the financing agreement number.

DOCUMENTS REQUIRED AFTER FINANCING

§ 1488.10 Evidence of entry into country of destination.

(a) Commodities exported under a financing agreement must enter the destination country specified in the financing agreement.

(b) For a financing agreement under which the financing period is in excess of 12 months, within 90 days, or such extension of time as may be granted in writing by the Assistant Sales Manager, following shipment from the United States of any agricultural commodity exported under the financing agreement, the exporter shall furnish to the office specified in § 1488.22, documentary evidence verifying entry of the commodity into the country of destination specified in the financing agreement. The documentary evidence must:

(1) Identify the agricultural commodity (or permit identification through supplementary documents also furnished) as that exported under the financing agreement,

(2) State the quantity and date of entry of the commodity into the destination country, and

(3) Be signed by (i) a customs official of the destination country, or (ii) the importer, or (iii) a representative of an independent superintending or controlling firm.

(c) When the commodity enters the country of destination in bond, a statement by the importer will be acceptable which:

(1) Identifies the commodity as that exported under the financing agreement,

(2) States the quantity of the commodity entered under bond and date of entry into the destination country, and

(3) Certifies that the commodity will be withdrawn from bonded storage at a later date for consumption in the destination country.
Commodity Credit Corporation, USDA

§ 1488.12

(d) If the evidence of entry is in other than the English language, the exporter shall also provide an English translation thereof.

(e) Failure to furnish, within the time specified, evidence of entry of the commodity into the country of destination shall constitute prima facie evidence of failure to enter or to cause the entry of the commodity into such country as required. In such case, the financing agreement may be terminated by the Assistant Sales Manager, and if full payment under the bank obligation or account receivable has not yet been received, the bank obligation and the account receivable shall at the option of CCC, become due and payable and liquidated damages shall be payable in accordance with §1488.11. The remedy herein provided shall not be exclusive of other rights available to the Federal government if the commodity enters a country other than that specified in the financing agreement.

DELIVERY REQUIREMENTS

§ 1488.11 Liquidated damages.

Failure of the exporter to export or cause to be exported, within the period provided therefor, any agricultural commodity financed, when delivery is made before export under the terms of the financing agreement, or failure of the exporter to enter or cause the entry of, such commodity into the country of destination, shall constitute a breach of the financing agreement which will result in serious and substantial damage to CCC and to its program. Since it will be difficult, if not impossible, to prove the exact amount of such damage, the exporter shall pay to CCC promptly on demand, as reasonable compensation and not as a penalty, liquidated damages in lieu of probable actual damages, as follows:

(a) For each day of delay in exportation after the final date for exportation, when delivery is made before export under the terms of the financing agreement, .15 percent of the amount financed under the financing agreement for the commodity not exported; (c) for failure, after exportation, to enter or cause the entry of the commodity not exported; (e) for failure, after exportation, to enter or cause the entry of the commodity into the country of destination, at the rate of 5 percent a year of the amount financed under the financing agreement for such commodity from the start of the financing period until payment to CCC of the amount financed; Provided however, That the aggregate of all amounts assessed under this §1488.11 with respect to the same commodity shall not exceed 5 percent of the amount financed for such commodity. Liquidated damages shall not be assessed: Under paragraph (a) of this section if the Assistant Sales Manager determines that the delay was due to such causes as acts of God or government or public enemy, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather; under paragraph (b) of this section if the Assistant Sales Manager determines that failure to export was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy; and under paragraph (c) of this section if the Assistant Sales Manager determines that failure to enter or cause the entry of the commodity into the country of destination was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy.

BANK OBLIGATIONS AND REPAYMENT

§ 1488.12 Coverage of bank obligations.

(a) U.S. banks and branch banks shall be liable without regard to risk (1) for payment of bank obligations issued by them or (2) for payment of bank obligations confirmed by them without regard to risk if a requirement for such confirmation is included in the financing agreement or (3) as provided in paragraphs (c) and (d) of this section.

(b) An obligation issued by a foreign bank must be confirmed and advised, as provided in paragraphs (a), (c), (d), (e), and (f) of this section, by a U.S. bank or a branch bank, or may be confirmed by an agency bank when determined by the President or Vice President, CCC after consultation with the
§ 1488.13 CCC drafts.

Controller, CCC, to be in the interest of CCC.

(c) A U.S. bank must confirm the full amount of an obligation issued by its foreign branch. CCC will hold the U.S. bank liable for payment without regard to risks.

(d) If a branch bank confirms an obligation issued by its home office, or by another branch of its home office, it must confirm the full amount thereof. CCC will hold the branch bank liable for payment without regard to risks.

(e) If CCC accepts an agency bank confirmation of a foreign bank obligation, it must be for the full amount thereof without regard to risks and will be subject to such terms and conditions as may be contained in the financing agreement. CCC will not accept an agency bank confirmation of an obligation issued by its home office, or by a branch of its home office.

(f) Except as provided in paragraphs (a), (c), and (d) of this section, if a U.S. bank or a branch bank confirms an obligation issued by a foreign bank, it must confirm at least 10 percent pro rata and must advise the remainder of the foreign bank obligation. The percentage of confirmation shall be the same for both the account receivable and the interest portions of the obligation. For the confirmed amount, except as provided in paragraph (a)(2) of this section, CCC will hold the U.S. bank or branch bank liable for commercial or non-commercial risks. CCC will hold the foreign bank liable without regard to risks for all amounts not recovered from the U.S. or branch bank.

(g) Under special circumstances, on application in writing, the Vice President, CCC, may reduce or waive requirements for 10 percent confirmation by a U.S. or branch bank, but a bank will not be relieved of any obligation it undertakes.

(h) Any bank obligation which provides for a bank acceptance of a time draft by CCC (banker's acceptance) shall not be acceptable to CCC.

(i) CCC will consent to cancellation or reduction of a bank obligation to the extent of any payment it receives from other sources or amounts otherwise payable under such bank obligation.

(j) Collection of accounts receivable purchased under GSM-5 will be effected through the issuance by CCC of sight drafts against the bank obligations, but this method of collection shall not be exclusive of any other collection procedures or rights available to CCC.

§ 1488.14 Interest charges.

The account receivable assigned to CCC and the related bank obligation(s) shall bear interest as specified in this section. Rates of interest applicable to financing agreements shall be published in USDA announcement. The interest rate applicable to that portion of an account receivable for which payment is assured by a bank obligation issued or confirmed for all risks according to §1488.12(a)(i) or pro rata confirmed by a U.S. bank shall be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable to that portion of an account receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a branch bank shall, when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by an agency bank confirmation may, when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable will be the rate in effect on the date CCC receives the sale registration request under §1488.4. Interest shall accrue on the account receivable from the date of delivery or the weighted average delivery date of the agricultural commodities delivered under the financing agreement to the date of payment, or to the date of expiration of the financing period, or to the date of expiration of the bank obligation, whichever occurs first, and shall be payable as specified in the financing agreement. Thereafter, interest shall accrue on any unpaid part of both the principal and interest due as of such expiration date.

§ 1488.15 Advance payment.

If, before expiration of the financing period, the exporter or the U.S. bank or the agency or branch bank accepts payment from or on behalf of the foreign importer of any part of the account receivable, it shall be remitted promptly to CCC. Such prepayment shall be applied first to interest on the unpaid balance of the account receivable to the date CCC receives such prepayment and then to the principal.

§ 1488.16 Liability for payment.

If delivery is made within the coverage of the bank obligation(s) submitted in accordance with §1488.8, CCC will look to the obligating bank or banks and the foreign importer, rather than to the exporter or intervening purchaser, for payment of all amounts due at maturity of the account receivable and of the bank obligation(s), but the exporter and the intervening purchaser shall remain liable for any loss arising from breach of any contractual obligation, certification or warranty made by them pursuant to the financing agreement, and the exporter shall remain liable for any amounts not covered by the bank obligation which are owing to CCC, and any remittance or refund required by §1488.15 and §1488.18, together with interest thereon at the rate specified in the documents evidencing the account receivable, as well as for any liquidated damages provided for in §1488.11. The liability of the bank and the importer under their respective obligations shall be several.

MISCELLANEOUS PROVISIONS

§ 1488.17 Assignment.

The exporter shall not assign any claim or rights or any amounts payable under the financing agreement, in whole or in part, without written approval of the Vice President, CCC, or the Controller, CCC.

§ 1488.18 Covenant against contingent fees.

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure the financing agreement on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the
§ 1488.19

purpose of securing business. For breach or violation of this warranty, CCC shall have the right, without limitation on any other rights it may have, to annul the financing agreement without liability to CCC. Should the financing agreement be annulled, CCC will promptly consent to the reduction or cancellation or related bank obligations except for amounts outstanding under a financing agreement. Such amounts shall, on demand, be refunded to CCC by the exporter.

§ 1488.19 [Reserved]

§ 1488.20 Officials not to benefit.

No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the financing agreement or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the financing agreement if made with a corporation for its general benefit.

§ 1488.21 Exporter's records and accounts.

CCC shall have access to and the right to examine any directly pertinent books, documents, papers and records of the exporter involving transactions related to the financed export credit sale until the expiration of three years after the end of the financing period.

§ 1488.22 Communications.

(a) Unless otherwise provided, written requests, notifications, or communications by the applicant pertaining to the financing agreement shall be addressed to the Assistant Sales Manager, Commercial Export Programs, Office of the General Sales Manager, U.S. Department of Agriculture, Washington, DC 20250.

(b) [Reserved]

§ 1488.23 OMB Control Numbers assigned pursuant to the Paperwork Reduction Act.

The information collection requirements contained in these regulations (7 CFR part 1488) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551–0021.

(b) NRCS shall—
(1) Provide overall program management and implementation leadership for FRPP;
(2) Develop, maintain, and ensure that policies, guidelines, and procedures are carried out to meet program goals and objectives;
(3) Ensure that the FRPP share of the cost of an easement or other deed restrictions in eligible land shall not exceed 50 percent of the appraised fair market value of the conservation easement;

(9) Monitor and ensure conservation plan compliance with highly erodible land and wetland provisions in accordance with 7 CFR part 12; and
(10) Provide leadership for establishing, implementing, and overseeing administrative processes for easements, easement payments, and administrative and financial performance reporting.

(c) NRCS shall enter into cooperative agreements with eligible entities to assist NRCS with implementation of this part.

§ 1491.3 Definitions.

The following definitions will apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Agricultural uses are defined by the State’s farm or ranch land protection program or equivalent, or where no program exists, agricultural uses should be defined by the State agricultural use tax assessment program. (If NRCS finds that a State definition of agriculture is so broad that an included use could lead to the degradation of soils and agriculture productivity, NRCS reserves the right to impose greater deed restrictions on the property than allowable under that State definition of agriculture in order to protect agricultural use and related conservation values.)

Certified entity means an eligible entity that NRCS has determined to meet the requirements of §1491.4(d) of this part.

Chief means the Chief of NRCS, USDA.

Commodity Credit Corporation (CCC) is a Government-owned and operated entity that was created to stabilize, support, and protect farm income and prices. CCC is managed by a Board of Directors, subject to the general supervision and direction of the Secretary of Agriculture, who is an ex-officio director and chairperson of the Board. CCC provides the funding for FRPP, and NRCS administers FRPP on its behalf.

Conservation Easement means a voluntary, legally recorded restriction, in the form of a deed, on the use of property, in order to protect resources such as agricultural lands, historic structures, open space, and wildlife habitat.

Conservation Plan is the document that—
(1) Applies to highly erodible cropland;
(2) Describes the conservation system applicable to the highly erodible cropland and describes the decisions of the person with respect to location, land use, tillage systems, and conservation treatment measures and schedules; and
(3) Is approved by the local soil conservation district in consultation with the local committees established under Section 8(b)(5) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 5909(b)(5)) and the Secretary, or by the Secretary.

Cooperative agreement means the document that specifies the obligations and rights of NRCS and eligible entities participating in the program.

Dedicated fund means an account held by an eligible entity sufficiently capitalized for the purpose of covering expenses associated with the management, monitoring, and enforcement of conservation easements and where such account cannot be used for other purposes.

Eligible entity means federally recognized Indian Tribes, State, unit of local
government, or a non-governmental organization, which has a farmland protection program that purchases agricultural conservation easements for the purpose of protecting agriculture use and related conservation values by limiting conversion to non-agricultural uses of the land.

Fair market value means the value of a conservation easement as ascertained through standard real property appraisal methods, as established in §1491.4(g).

Farm and ranch land of statewide importance means, in addition to prime and unique farmland, land that is of statewide importance for the production of food, feed, fiber, forage, biofuels, and oil seed crops. Criteria for defining and delineating this land are to be determined by the appropriate State agency or agencies. Generally, additional farmlands of statewide importance include those that are nearby prime farmland and that economically produce high yields of crops when treated and managed according to acceptable farming methods. Some may produce as high a yield as prime farmlands if conditions are favorable. In some States, additional farmlands of statewide importance may include tracts of land that have been designated for agriculture by State law in accordance with 7 CFR part 657.

Farm and ranch land of local importance means farm or ranch land used to produce food, feed, fiber, forage, biofuels, and oil seed crops, that are not identified as having national or statewide importance. Where appropriate, these lands are to be identified by the local agency or agencies concerned. Farmlands of local importance may include tracts of land that have been designated for agriculture by local ordinance.

Farm or Ranch Succession Plan means a general plan to address the continuation of some type of agricultural business on the conserved land; the farm or ranch succession plan may include specific intra-family succession agreements or strategies to address business asset transfer planning to create opportunities for beginning farmers and ranchers.

Field Office Technical Guide (FOTG) means the official local NRCS source of resource information and interpretations of guidelines, criteria, and requirements for planning and applying conservation practices and conservation management systems. The FOTG contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Forest land means a land cover or use category that is at least 10 percent stocked by single-stemmed woody species of any size that will be at least 13 feet tall at maturity. Also included is land bearing evidence of natural regeneration of tree cover (cutover forest or abandoned farmland) that is not currently developed for non-forest use. Ten percent stocked, when viewed from a vertical direction, equates to an aerial canopy cover of leaves and branches of 25 percent or greater.

Forest management plan means a site-specific plan that is prepared by a professional resource manager, in consultation with the participant, and is approved by the State Conservationist. Forest management plans may include a forest stewardship plan, as specified in section 5 of the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103a); another practice plan approved by the State Forester; or another plan determined appropriate by the State Conservationist. The plan complies with applicable Federal, State, Tribal, and local laws, regulations and permit requirements.

Historical and archaeological resources mean resources that are:

(1) Listed in the National Register of Historic Places (established under the National Historic Preservation Act (NHPA), 16 U.S.C. 470, et seq.),

(2) Formally determined eligible for listing in the National Register of Historic Places (by the State Historic Preservation Officer (SHPO) or Tribal Historic Preservation Officer (THPO) and the Keeper of the National Register in accordance with section 106 of the NHPA),

**Imminent harm** means easement violations or threatened violations that, as determined by the Chief, would likely cause immediate and significant degradation to the conservation values; for example, those violations that would adversely impact agriculture use, productivity, and related conservation values or result in the erosion of topsoil beyond acceptable levels as established by NRCS.

**Indian Tribe** means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 et seq., which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians (25 U.S.C. 450(b)(e)).

**Land Evaluation and Site Assessment System (LESA)** means the land evaluation system approved by the NRCS State Conservationist used to rank land for farm and ranch land protection purposes, based on soil potential for agriculture, as well as social and economic factors, such as location, access to markets, and adjacent land use. (For additional information see the Farmland Protection Policy Act rule at 7 CFR part 658.)

**Landowner** means a person, legal entity, or Indian tribe having legal ownership of land and those who may be buying eligible land under a purchase agreement. **Other productive soils** means farm and ranch land soils, in addition to prime farmland soils that include unique farmland and farm and ranch land of statewide and local importance.

**Pending offer** means a written bid, contract, or option extended to a landowner by an eligible entity to acquire a conservation easement before the legal title to these rights has been conveyed for the purpose of limiting non-agricultural uses of the land.

**Prime farmland** means land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, without intolerable soil erosion, as determined by the Secretary.

**Purchase price** means the appraised fair market value of the easement minus the landowner donation.

It has the special combination of soil quality, location, growing season, and moisture supply needed to economically produce sustained high quality or high yields of specific crops when treated and managed according to acceptable farming methods. Examples of such crops include citrus, tree nuts, olives, cranberries, fruits, and vegetables. Additional information on the definition of prime, unique, or other productive soil can be found in 7 CFR part 657 and 7 CFR part 658.

§ 1491.4 Program requirements.

(a) Under FRPP, the Chief, on behalf of CCC, shall provide funding for the purchase of conservation easements or other interests in eligible land that is subject to a pending offer from an eligible entity for the purpose of protecting the agricultural use and related conservation values of the land by limiting nonagricultural uses of the land. Eligible entities submit applications to NRCS State Offices to partner with NRCS to acquire conservation easements on farm and ranch land. NRCS enters into cooperative agreements with selected entities and provides funds for up to 50 percent of the fair market value of the easement. In return, the entity agrees to acquire, hold, manage, and enforce the easement. A Federal right of enforcement must also be included in each FRPP funded easement deed for the protection of the Federal investment.

(b) The term of all easements or other interests in land shall be in perpetuity unless prohibited by State law. In States that limit the term of the easement or other interest in land, the term of the easement or other interest in land must be the maximum allowed by State law.

(c) To be eligible to receive FRPP funding, an entity must meet the definition of “eligible entity” as listed in §1491.3. In addition, eligible entities interested in receiving FRPP funds must demonstrate:

(1) A commitment to long-term conservation of agricultural lands;

(2) A capability to acquire, manage, and enforce easements;

(3) Sufficient number of staff dedicated to monitoring and easement stewardship; and

(4) The availability of funds.

(d) To be eligible as a “certified entity,” an entity must be qualified to be an “eligible entity” and have demonstrated, as determined by the Chief:

(1) The ability to complete acquisition of easements in a timely fashion;

(2) The ability to monitor easements on a regular basis;

(3) The ability to enforce the provisions of easement deeds;

(4) Experience enrolling parcels in the Farm and Ranch Lands Protection Program (FRPP) or the Farmland Protection Program (FPP);

(5) For non-governmental organizations, the existence of a dedicated fund for the purposes of easement management, monitoring, and enforcement where such fund is sufficiently capitalized in accordance with NRCS standards. The dedicated fund must be dedicated to the purposes of managing, monitoring, and enforcing each easement held by the eligible entity; and

(6) Other certification criteria, including having a plan for administering easements enrolled under this part, as determined by the Chief.

(e) Review and Revocation of Certification.

(1) The Chief shall conduct a review of certified entities every three years to ensure that the certified entities are meeting the certification criteria established in §1491.4(d).

(2) If the Chief finds that the certified entity no longer meets the criteria in §1491.4(d), the Chief may:
(i) Allow the certified entity a specified period of time, at a minimum 180 days, in which to take such actions as may be necessary to meet the criteria; and

(ii) Revoke the certification of the entity, if after the specified period of time, the certified entity does not meet the criteria established in §1491.4(d).

(f) Eligible land:

(1) Must be privately owned land on a farm or ranch and contain at least 50 percent prime, unique, Statewide, or locally important farmland, unless otherwise determined by the State Conservationist; contain historical or archaeological resources; or furthers a State or local policy consistent with the purposes of the program; and is subject to a pending offer by an eligible entity;

(2) Must be cropland, rangeland, grassland, pasture land, or forest land that contributes to the economic viability of an agricultural operation or serves as a buffer to protect an agricultural operation from development;

(3) May include land that is incidental to the cropland, rangeland, grassland, pasture land, or forest land if the incidental land is determined by the Secretary to be necessary for the efficient administration of a conservation easement;

(4) May include parts of or entire farms or ranches;

(5) Must not include forest land of greater than two-thirds of the easement area. Forest land that exceeds the greater of 10 acres or 10 percent of the easement area shall have a forest management plan before closing;

(6) Unless otherwise determined by the Chief, NRCS shall not provide FRPP funds for the purchase of an easement or other interest in land on land owned in fee title by an agency of the United States, a State or local government, or by an entity whose purpose is to protect agricultural use and related conservation values, including those listed in the statute under eligible land, or land that is already subject to an easement or deed restriction that limits the conversion of the land to nonagricultural use;

(7) Must be owned by landowners who certify that they do not exceed the adjusted gross income limitation eligibility requirements set forth in part 1400 of this title;

(8) Must possess suitable on-site and off-site conditions which will allow the easement to be effective in achieving the purposes of the program. Suitability conditions may include, but are not limited to, hazardous substances on or in the vicinity of the parcel, land use surrounding the parcel that is not compatible with agriculture, and highway or utility corridors that are planned to pass through or immediately adjacent to the parcel; and

(9) May be land on which gas, oil, earth, or other mineral rights exploration has been leased or is owned by someone other than the applicant may be offered for participation in the program. However, if an applicant submits an offer for an easement project, USDA will assess the potential impact that the third party rights may have upon achieving the program purposes. USDA reserves the right to deny funding for any application where there are exceptions to clear title on any property.

(g) Prior to FRPP fund disbursement, the value of the conservation easement must be appraised. Appraisals must be completed and signed by a State-certified general appraiser and must contain a disclosure statement by the appraiser. The appraisal must conform to the Uniform Standards of Professional Appraisal Practices or the Uniform Appraisal Standards for Federal Land Acquisitions, as selected by the entity. State Conservationists will provide the guidelines through which NRCS will review appraisals for quality control purposes.

(h) The landowner shall be responsible for complying with the Highly Erodible Land and Wetland Conservation provisions of the Food Security Act of 1985, as amended, and 7 CFR part 12.

(74 FR 2818, Jan. 16, 2009, as amended at 74 FR 31581, July 2, 2009)
(b) The Chief shall determine whether an eligible entity is a certified entity based on the criteria set forth in §1491.4(d); information provided by the entity’s application; and data in the national FRPP database.

(c) The State Conservationist shall notify each entity if it has been determined eligible, certified, or ineligible.

(d) Entities with cooperative agreements entered into after the effective date of this part will not have to resubmit an annual application for the duration of the cooperative agreement. Entities may reapply for eligibility when their cooperative agreements expire.

(e) Throughout the fiscal year, eligible entities may submit to the appropriate NRCS State Conservationist applications for parcels, in that State, with supporting information to be scored, ranked, and considered for funding.

(f) At the end of each fiscal year, the lists of pending, unfunded parcels shall be cancelled unless the entity requests that specific parcels be considered for funding in the next fiscal year. Entities must submit a new list of parcels each fiscal year in order to be considered for funding unless they request that parcels from the previous fiscal year be considered.

§ 1491.6 Ranking considerations and proposal selection.

(a) Before the State Conservationist can score and rank the parcels for funding, the eligibility of the landowner and the land must be assessed.

(b) The State Conservationist shall use National and State criteria to score and rank parcels. The national ranking criteria will be established by the Chief and the State criteria will be determined by the State Conservationist, with advice from the State Technical Committee. The national criteria shall comprise at least half of the ranking system score.

(c) When funds are available, the State Conservationist shall announce the date on which ranking of parcels shall occur. A State Conservationist may announce more than one date of ranking in a fiscal year.

(d) All parcels submitted throughout the fiscal year shall be scored. All parcels will be ranked together in accordance with the national and state ranking criteria before parcels are selected for funding.

(e) The parcels selected for funding shall be listed on the agreements of the entities that submitted the parcels and the agreements shall be signed by the State Conservationist and the eligible entity. Funds for each fiscal year’s parcels shall be obligated with a new signature each year on an amendment to the agreement. Parcels funded on each fiscal year’s amendment shall have a separate deadline for closing and requesting reimbursement.

(f) The national ranking criteria are:
   (1) Percent of prime, unique, and important farmland in the parcel to be protected;
   (2) Percent of cropland, pastureland, grassland, and rangeland in the parcel to be protected;
   (3) Ratio of the total acres of land in the parcel to be protected to average farm size in the county according to the most recent USDA Census of Agriculture;
   (4) Decrease in the percentage of acreage of farm and ranch land in the county in which the parcel is located between the last two USDA Censuses of Agriculture;
   (5) Percent population growth in the county as documented by the United States Census;
   (6) Population density (population per square mile) as documented by the most recent United States Census;
   (7) Proximity of the parcel to other protected land, such as military installations land owned in fee title by the United States or a State or local government, or by an entity whose purpose is to protect agricultural use and related conservation values, or land that is already subject to an easement or deed restriction that limits the conversion of the land to nonagricultural use;
   (8) Proximity of the parcel to other agricultural operations and infrastructure; and
   (9) Other additional criteria as determined by the Chief.

(g) State or local criteria, as determined by the State Conservationist, with advice of the State Technical Committee, may include:
(1) The location of a parcel in an area zoned for agricultural use;
(2) The performance of an entity experience in managing and enforcing easements. Performance must be measured by the closing efficiency or percentage of monitoring that is reported. Years of an entity’s existence shall not be used as a ranking factor;
(3) Multifunctional benefits of farm and ranch land protection including social, economic, historical and archaeological, and environmental benefits;
(4) Geographic regions where the enrollment of particular lands may help achieve National, State, and regional conservation goals and objectives, or enhance existing government or private conservation projects;
(5) Diversity of natural resources to be protected;
(6) Score in the Land Evaluation and Site Assessment (LESA) system. This score serves as a measure of agricultural viability (access to markets and infrastructure);
(7) Existence of a farm or ranch succession plan or similar plan established to encourage farm viability for future generations; and
(8) Landowner willingness to allow public access for recreational purposes.

(h) State ranking criteria will be developed on a State-by-State basis. The State Conservationist will make available a full listing of applicable National and State ranking criteria.

§ 1491.21 Funding.
(a) Subject to the statutory limits, the State Conservationist, in coordination with the cooperating entity, shall determine the NRCS share of the cost of purchasing a conservation easement or other interest in the land.
(b) NRCS may provide up to 50 percent of the appraised fair market value of the conservation easement, as determined in §1491.4(g). An entity shall share in the cost of purchasing a conservation easement in accordance with the limitations of this part.
(c) A landowner may make donations toward the acquisition of the conservation easement.
(d) The entity must provide a minimum of 25 percent of the purchase price of the conservation easement.
(e) FRPP funds may not be used for expenditures such as appraisals, surveys, title insurance, legal fees, costs of easement monitoring, and other related administrative and transaction costs incurred by the entity.
(f) If the State Conservationist determines that the purchase of two or more
§ 1491.22 Conservation easement deeds.

(a) Under FRPP, a landowner grants an easement to an eligible entity with which NRCS has entered into an FRPP cooperative agreement. The easement shall require that the easement area be maintained in accordance with FRPP goals and objectives for the term of the easement.

(b) Pending offers by an eligible entity must be for acquiring an easement in perpetuity, except where State law prohibits a permanent easement. In such cases where State law limits the term of a conservation easement, the easement term shall be for the maximum allowed under state law.

(c) The entity may use its own terms and conditions in the conservation easement deed, but a conservation easement deed template used by the eligible entity shall be submitted to the NRCS National Headquarters within 30 days of the signing of the cooperative agreement. The conservation easement deed templates must be reviewed and approved by the NRCS National Headquarters in advance of use. NRCS reserves the right to require additional specific language or to remove language in the conservation easement deed to protect the interests of the United States. The Chief may exercise the option to promulgate standard minimum conservation deed requirements as a condition for receiving FRPP funds.

(d) The conveyance document must include a “right of enforcement” clause. NRCS shall specify the terms for the “right of enforcement” clause to read as set forth in the FRPP cooperative agreement. This right is a vested property right and cannot be condemned by State or local government.

(e) As a condition for participation, a conservation plan shall be developed by NRCS in consultation with the landowner and implemented according to the NRCS Field Office Technical Guide. NRCS may work through the local conservation district in the development of the conservation plan. The conservation plan will be developed and managed in accordance with the Food Security Act of 1985, as amended, 7 CFR part 12 or subsequent regulations, and other requirements as determined by the State Conservationist. To ensure compliance with this conservation plan, the easement shall grant to the United States, through NRCS, its successors or assigns, a right of access to the easement area.

(f) The cooperating entity shall acquire, hold, manage and enforce the easement. The cooperating entity may have the option to enter into an agreement with governmental or private organizations to carry out easement stewardship responsibilities.

(g) Prior to easement closing, NRCS must sign an acceptance of the conservation easement, concurring with the terms of the conservation easement and accepting its interest in the conservation easement deed.

(h) All conservation easement deeds acquired with FRPP funds must be recorded. Proof of recordation shall be provided to NRCS by the cooperating entity.

(i) Impervious surfaces shall not exceed two percent of the FRPP easement area, excluding NRCS-approved conservation practices. The NRCS State Conservationist may waive the two percent impervious surface limitation on a parcel by parcel basis, provided that no more than ten percent of the easement area is covered by impervious surfaces. Before waiving the two percent limitation, the State Conservationist must consider, at a minimum:
Commodity Credit Corporation, USDA § 1491.31

population density; the ratio of open prime other important farmland versus impervious surfaces on the easement area; the impact to water quality concerns in the area; the type of agricultural operation; and parcel size. All FRPP easements must include language limiting the amount of impervious surfaces within the easement area.

(j) The conservation easement deed must include an indemnification clause requiring the landowner (grantor) to indemnify and hold harmless the United States from any liability arising from or related to the property enrolled in FRPP.

(k) The conservation easement deed must include an amendment clause requiring that any changes to the easement deed after its recordation must be consistent with the purposes of the conservation easement and this part.

Subpart C—General Administration

§ 1491.30 Violations and remedies.

(a) In the event of a violation of the terms of the easement, the eligible entity shall notify the landowner. The landowner may be given reasonable notice and, where appropriate, an opportunity to voluntarily correct the violation in accordance with the terms of the conservation easement.

(b) In the event that the entity fails to enforce any of the terms of the conservation easement, as determined in the sole discretion of the Chief, the Chief and his or her successors or assigns may exercise the United States’ rights to enforce the terms of the conservation easement through any and all authorities available under Federal or State law.

(c) Notwithstanding paragraph (a) of this section, NRCS, upon notification to the landowner, reserves the right to enter upon the easement area at any time to monitor conservation plan implementation or remedy deficiencies or easement violations, as it relates to the conservation plan. The entry may be made at the discretion of NRCS when the actions are deemed necessary to protect highly erodible soils and wetland resources. The landowner will be liable for any costs incurred by the NRCS as a result of the landowner’s negligence or failure to comply with the easement requirements as it relates to conservation plan violations.

(d) The United States shall be entitled to recover any and all administrative and legal costs from the participating entity, including attorney’s fees or expenses, associated with any enforcement or remedial action as it relates to the enforcement of the FRPP easement.

(e) In instances where an easement is terminated or extinguished, NRCS shall collect CCC’s share of the conservation easement based on the appraised fair market value of the conservation easement at the time the easement is extinguished or terminated. CCC’s share shall be in proportion to its percentage of original investment.

(f) In the event NRCS determines it must exercise its rights identified under a conservation easement or other interest in land, NRCS shall provide written notice by certified mail to the grantee at the grantee’s last known address. The notice will set forth the nature of the noncompliance by the grantee and a 60-day period to cure. If the grantee fails to cure within the 60-day period, NRCS shall take the action specified under the notice. NRCS reserves the right to decline to provide a period to cure if NRCS determines that imminent harm may result to the conservation values or other interest in land it seeks to protect.

§ 1491.31 Appeals.

(a) A person or eligible entity which has submitted an FRPP proposal and is therefore participating in FRPP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person or eligible entity may seek judicial review of any administrative action taken under this part,
§ 1491.32 Scheme or device.

(a) If it is determined by the NRCS that a cooperating entity has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such a cooperating entity during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by NRCS on behalf of CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person or entity of payments for easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

Subpart A—Restrictions and Criteria for Export Credit Guarantee Programs

§ 1493.1 General statement.

This subpart sets forth the restrictions which apply to the use of credit guarantees under the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM–102) and the Intermediate Credit Guarantee Program (GSM–103) and the criteria considered by CCC in determining the annual allocations of credit guarantees to be made available with respect to each participating country. This subpart also sets forth the criteria considered by CCC in the review and approval of proposed allocation levels for GSM–102 and/or GSM–103 credit guarantees which may be made available in connection with export sales of specific U.S. agricultural commodities to these countries. These restrictions and criteria are interrelated and will be applied and considered together in the process of determining which sales opportunities under GSM–102 or GSM–103 will best meet the purposes of the programs.

§ 1493.2 Purposes of programs.

CCC may use export credit guarantees:

(a) To increase exports of U.S. agricultural commodities;

(b) To compete against foreign agricultural exports;

(c) To assist countries, particularly developing countries, in meeting their food and fiber needs; and

(d) For such other purposes as the Secretary of Agriculture determines appropriate, consistent with the provisions of § 1493.6.

§ 1493.3 Restrictions on programs and cargo preference statement.

(a) Restrictions on use of credit guarantees. (1) Export credit guarantees authorized under these regulations shall not be used for foreign aid, foreign policy, or debt rescheduling purposes.

(2) CCC shall not make credit guarantees available in connection with sales of agricultural commodities to any country that the Secretary determines cannot adequately service the debt associated with such sales.

(b) Cargo preference laws. The provisions of the cargo preference laws shall not apply to export sales with respect to which credit is guaranteed under these programs.

§ 1493.4 Criteria for country allocations.

The criteria considered by CCC in reviewing proposals for country allocations under the GSM–102 or GSM–103 programs, will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market for particular U.S. agricultural commodities in the importing country;

(b) Financial and economic ability of the importing country to adequately service CCC guaranteed debt;

(c) Financial status of participating banks in the importing country as it would affect their ability to adequately service CCC guaranteed debt;

(d) Political stability of the importing country as it would affect its ability to adequately service CCC guaranteed debt; and

(e) Current status of debt either owed by the importing country to CCC or to lenders protected by CCC’s guarantees.

§ 1493.5 Criteria for agricultural commodity allocations.

The criteria considered by CCC in reviewing proposals for specific U.S. commodity allocations within a specific country allocation will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market in the importing country for the particular U.S. agricultural commodity under consideration;

(b) The best use to be made of the export credit guarantees in assisting the importing country in meeting its particular needs for food and fiber, as may be determined through consultations with private buyers and/or representatives of the government of the importing country;

(c) Evaluation, in terms of program purposes, of the relative benefits of providing payment guarantee coverage
for sales of the U.S. agricultural commodity under consideration compared to providing coverage for sales of other U.S. agricultural commodities; and

(d) Evaluation of the near and long term potential for sales on a cash basis of the U.S. commodity under consideration.

§ 1493.6 Additional required determinations for GSM–103.

Notwithstanding any other provision under this part, CCC shall not guarantee under the GSM–103 program the repayment of credit made available to finance an export sale unless the Secretary of Agriculture determines that such sale will:

(a) Develop, expand or maintain the importing country as a foreign market, on a long-term basis, for the commercial sale and export of U.S. agricultural commodities, without displacing normal commercial sales;

(b) Improve the capability of the importing country to purchase or use, on a long-term basis, U.S. agricultural commodities; or

(c) Otherwise promote the export of U.S. agricultural commodities.

Subpart B—CCC Export Credit Guarantee Program (GSM–102) and CCC Intermediate Export Credit Guarantee Program (GSM–103) Operations

§ 1493.10 General statement.

(a) Overview. (1) This subpart contains the regulations governing the operations of the Export Credit Guarantee Program (GSM–102) and the Intermediate Credit Guarantee Program (GSM–103). The GSM–102 and GSM–103 programs of the Commodity Credit Corporation (CCC) were developed to expand U.S. agricultural exports by making available export credit guarantees to encourage U.S. private sector financing of foreign purchases of U.S. agricultural commodities on credit terms. Under GSM–102, credit guarantees are issued for terms of up to three years. Under GSM–103, credit guarantees are issued for terms of from three to ten years.

(2) The programs operate in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. financial institutions would be unwilling to provide financing without CCC’s guarantee. The programs are operated in a manner intended not to interfere with markets for cash sales. The programs are targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by these programs is the CCC payment guarantee. The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and interest due from, but not paid by, the foreign bank issuing an irrevocable letter of credit in connection with the export sale to which CCC’s guarantee coverage pertains. By approving an exporter’s application for a payment guarantee, CCC encourages private sector, rather than governmental, financing and incurs a substantial portion of the risk of default by the foreign bank. CCC assumes this risk, in order to be able to operate the programs for the purposes specified in §1493.2.

(b) Credit facility mechanism. Typically, in export sales of U.S. agricultural commodities, payment by the importer is made under an irrevocable letter of credit. For the purpose of the GSM–102 and GSM–103 programs, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made in one of the two following ways:

(1) An irrevocable foreign bank letter of credit, issued in favor of the exporter, specifically stating the deferred payment terms under which the foreign bank is obligated to make payments in U.S. dollars as such payments become due; or
(2) An irrevocable foreign bank letter of credit, issued in favor of the exporter, that is supported by a related obligation specifically stating the deferred payment terms under which the foreign bank is obligated to make payment to the exporter, or the exporter’s assignee, in U.S. dollars as such payments become due. The exporter may assign the right to proceeds under the letter of credit or related obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the irrevocable foreign bank letter of credit or its related obligation. The GSM–102 and GSM–103 programs are designed to protect the exporter or the exporter’s assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the foreign bank obligated under the letter of credit or related obligation.

(c) Program administration. The GSM–102 and GSM–103 programs will be administered pursuant to this part and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this part. These programs are under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see §1493.20(c), “Contacts P/R”).

(d) Country allocations and program announcements. From time to time, CCC will issue a Program Announcement to announce a GSM–102 and/or GSM–103 program allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof. Exporters may negotiate export sales to buyers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter’s sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified “undesignated” or “unallocated” dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the “unallocated” or “undesignated” portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an “allocated” or “undesignated” dollar amount will contain further information on the “unallocated” or “undesignated” portion of the country allocation.

§ 1493.20 Definition of terms.

Terms set forth in this part, in CCC Program Announcements and Notices to Participants, and in any CCC-originated documents pertaining to the GSM–102 and GSM–103 programs will have the following meanings:

(a) Assignee. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) CCC. The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 et seq.), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) Contacts P/R. A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the GSM–102 or GSM–103
program. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) Date of export. One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) Date of sale. The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) Discounts and allowances. Any consideration provided directly or indirectly, by or on behalf of the exporter or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) Eligible interest. The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(h) Exported value. (1) Where CCC announces coverage on a FAS or FOB basis and:
   (i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or
   (ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity;

   (2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

   (3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

   (i) Exporter. A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.30.

   (j) FAS/USDA. The Foreign Agricultural Service, U.S. Department of Agriculture.

   (k) Foreign bank letter of credit. An irrevocable commercial letter of credit,
subject to the current revision of the Uniform Customs and Practices for Documentary Credits (International Chamber of Commerce Publication No. 500, or latest revision), providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(1) **GSM.** The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(m) **GSM–102.** A CCC program, also referred to as the “Export Credit Guarantee Program,” under which payment guarantees are approved for a credit period not exceeding 3 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

(n) **GSM–103.** A CCC program, also referred to as the “Intermediate Export Credit Guarantee Program,” under which payment guarantees are approved for a credit period no less than 3 years but not exceeding 10 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

(o) **Guaranteed value.** The maximum amount, exclusive of interest, that CCC agrees to pay the exporter or assignee under CCC’s payment guarantee, as indicated on the face of the payment guarantee.

(p) **Importer.** A foreign buyer that enters into a contract with an exporter, or with an intervening purchaser, for an export sale of agricultural commodities to be shipped from the U.S. to the foreign buyer.

(q) **Incoterms.** The following customary terms, as defined by the International Chamber of Commerce, Incoterms (current revision):

(1) Free Alongside Ship (FAS),
(2) Free on Board (FOB),
(3) Cost and Freight (CFR, or alternatively, C&F, C and F, or CNF), and
(4) Cost Insurance and Freight (CIF).

(r) **Intervening purchaser.** A party that agrees to purchase U.S. agricultural commodities from an exporter and sell the same agricultural commodities to an importer.

(s) **Late interest.** Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(t) **Payment guarantee.** An agreement under which CCC, in consideration of a fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee, this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter’s assignee in the event of a default by a foreign bank on its payment obligation under the foreign bank letter of credit issued in connection with a guaranteed sale or under the foreign bank’s related obligation.

(u) **Notice to participants.** A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter’s application for such payment guarantee is approved.

(v) **Port value.** (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the U.S. point of export, the value, FAS or FOB basis, of the export sale, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, including the upward tolerance, if any, as provided by the export sales contract, is measured by the CFR or CIF value of the agricultural commodity less the value of ocean freight and, in the case of CIF sales,
§ 1493.30 Information required for program participation.

Before CCC will accept an application for a payment guarantee under either the GSM–102 program or the GSM–103 program, the applicant must qualify for participation in these programs. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine whether the applicant is eligible for participation in the programs.

(a) Submission of documentation. In order to qualify for participation in the GSM–102 and GSM–103 programs, an applicant must submit to CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant’s headquarters office and the name and address of an agent in the U.S. for the service of process;
(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.
(3) The place of incorporation of the applicant, if the applicant is a corporation;
(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular GSM–102 or
Commodity Credit Corporation, USDA

§1493.40 Application for payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

(1) Name of the destination country.
(2) Name and address of the importer.
(3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country.
(4) Date of sale.
(5) Exporter’s sale number.
(6) Delivery period as agreed between the exporter and the importer.
(7) A full description of the commodity (including packaging, if any).
(8) Mean quantity, contract loading tolerance and, if necessary, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance.
(9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified.
(10) Description and value of discounts and allowances, if any.
§ 1493.50 Certification requirements for obtaining payment guarantee.

By providing the statement in § 1493.40(a)(18), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in § 1493.40(a)(18), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by § 1493.20(c).

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to § 1493.30 has not changed, the exporter still meets all of the qualification requirements of § 1493.30, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a GSM–102 or GSM–103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

§ 1493.60 Payment guarantee.

(a) CCC’s obligation. The payment guarantee will provide that CCC agrees to pay the exporter or the exporter’s assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or the related obligation. Payment by CCC will be in U.S. dollars.

(b) Period of guarantee coverage. The payment guarantee will apply to the period beginning either on the date(s) of export(s) or on the date when interest begins to accrue, whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter’s application for a payment guarantee.

(c) Terms of the CCC payment guarantee. The terms of CCC’s coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) Final date to export. The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) Reserve coverage for loading tolerances. The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) Ineligible exports. Commodities with a date of export prior to the date of receipt by CCC of the exporter’s telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for GSM–102 or GSM–103 guarantee coverage, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) Foreign agricultural component. CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in § 1493.20(z). CCC may not provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(h) Additional requirements. The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions, or qualifications, as stated in the payment guarantee are binding on the exporter or the exporter’s assignee.

(i) Amendments. A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC’s liability under the payment guarantee, may result in an
§ 1493.70 Guarantee rates and fees.

(a) Guarantee fee rates. The payment guarantee fee rates will be based upon the length of the payment terms provided for in the export sale contract, the degree of risk that CCC assumes, as determined by CCC, and any other factors which CCC determines appropriate for consideration. A current schedule of the guarantee fee rates charged by CCC under GSM-102 and GSM-103 will be available upon request from the FAS/USDA office specified in the Contacts P/R.

(b) Calculation of fee. The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) Payment of fee. The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter’s check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) Refunds of fee. Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC’s approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.80 Evidence of export.

(a) Report of export. The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

1. Payment guarantee number
2. Date of export
3. Exporter’s sale number
4. Exported value
5. Quantity
6. A full description of the commodity exported
7. Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter’s application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference.
8. Description and value of discounts and allowances, if any.
9. Number of the Agreement assigned by USDA under another program if any portion of the export sale was also approved for participation in the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program.
10. The exporter’s statement, “All §1493.90 Certifications Are Being Made In This Evidence Of Export” which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.90.

(b) Time limit for submission of evidence of export. The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

1. Significant financial harm to CCC;
2. The undermining of an essential regulatory purpose of the program;
3. Obstruction of the fair administration of the program; or
4. A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.
(c) Export sales reporting. Exporters may have a mandatory reporting responsibility under Section 602 of the Agricultural Trade Act of 1978 (7 U.S.C. 5712), as amended by Section 1531 of the Food, Agriculture, Conservation, and Trade Act of 1990 for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.100 Proof of entry.

(a) Diversion. The diversion of commodities covered by a GSM–102 or GSM–103 payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) Records of proof of entry. Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the GSM–102 or GSM–103 programs in the country that was the intended country of destination of such commodities. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

1. That the agricultural commodity entered the importing country;
2. The identification of the export carrier;
3. The quantity of the agricultural commodity;
4. The kind, type, grade and/or class of the agricultural commodity; and
5. The date(s) and place(s) of unloading of the agricultural commodity in the importing country. [Records of proof of entry need not be submitted with a claim for loss, except as may be provided in §1493.110(b)(4)(ii).]
§ 1493.110 Notice of default and claims for loss.

(a) Notice of default. If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P.R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

1. Payment guarantee number;
2. Name of the country;
3. Name of the defaulting bank;
4. Due date;
5. Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
6. Date of foreign bank’s refusal to pay, if applicable; and
7. Reason for foreign bank's refusal to pay, if known.

(b) Filing a claim for loss. A claim for a loss by the exporter or the exporter’s assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P.R. The claim for loss must include the following information and documents:

1. Payment guarantee number;
2. A certification that the scheduled payment has not been received;
3. A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the foreign bank obligation applicable to the claim;
4. A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter’s assignee that each page of each document is a true and correct copy:
   (i)(A) The foreign bank letter of credit securing the export sale; and
   (B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter. Such related obligation must be demonstrated in one of the following ways:
      (1) The related obligation, including a specific promise to pay on deferred payment terms, may be contained in the letter of credit as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit; or
      (2) The related obligation may be memorialized in a separate document(s) specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obliged to repay the U.S. financial institution on deferred payment terms; or
   (3) The letter of credit payment obligations may be specifically identified in a separate document(s) setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by the U.S. financial institution pursuant to, and subject to repayment in accordance with the terms of, such related obligation; or
   (4) The related obligation may be memorialized in the form of a promissory note executed by the foreign bank issuing the letter of credit in favor of the U.S. financial institution submitting the claim;
   (ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;
   (iii)(A) The exporter’s invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or
   (B) If there was an intervening purchaser, both the exporter’s invoice to
the intervening purchaser and the intervening purchaser’s invoice to the importer;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter’s assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to §1493.80(a).

(c) Subsequent claims for defaults on installments. If the initial claim is found in good order, the exporter or an exporter’s assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the foreign bank to make scheduled installments on the same export shipment, the exporter or the exporter’s assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.120 Payment for loss.

(a) Determination of CCC’s liability. Upon receipt in good order of the information and documents required under §1493.110, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter’s assignee, CCC will pay the exporter or the exporter’s assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC’s liability. CCC’s maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

1. The guaranteed value as stated in the payment guarantee, plus eligible interest; or
2. The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter’s assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank’s letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter, unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter’s assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

1. The exporter complies with the reporting requirements under §1493.80
§ 1493.130 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter’s assignee, CCC will notify the foreign bank of CCC’s rights under the subrogation agreement to recover all money in default.

(b) Receipt of monies. (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter’s assignee from the importer, the foreign bank, or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the exporter or the exporter’s assignee, the exporter or the exporter’s assignee shall owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter’s assignee to CCC. Such interest will be charged only on CCC’s share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC.

The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter’s assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter’s assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a GSM-102 or GSM-103 payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.130—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under GSM-102 or GSM-103.

Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter’s assignee has engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §1493.50(b) and §1493.90(d) or the failure of an exporter to comply with the provisions of §1493.100 or §1493.140(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment.
guarantee or at the time of assignment of the payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the foreign bank and/or the importer.

APPENDIX A TO §1493.130—I LLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.130(c), regarding pro rata sharing of recoveries made for claims filed under the GSM–102 and GSM–103 programs. A typical case might be as follows:

1. The U.S. bank enters into a $300,000 three-year credit arrangement with the foreign bank calling for equal annual payments of principal and annual payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

2. The foreign bank fails to make the final principal payment of $100,000, both due on January 31.

3. On February 10, the U.S. bank files a claim in good order with CCC.

4. CCC’s guarantee states that CCC’s maximum liability is limited to 98 percent of the principal amount due ($98,000) and interest at a rate of 8 percent per annum (basis 365 days) on 98 percent of the principal ($7,840).

5. CCC pays the claim on February 22.

6. The latest bond equivalent rate of the 52-week Treasury bill auction average which has been published by the Department of Treasury in effect on the date of non-payment (January 31) is 9 percent. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of non-payment by CCC (February 11) is 7 percent.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the payment guarantee would be computed as follows:

1. CCC’s Obligation under the Payment Guarantee:

   (a) Principal coverage— $98,000.00
   (b) Interest coverage— $7,840.00

   $105,840.00

   (c) Late interest due from CCC (7% per annum for 11 days × $105,840).

   $221.28

2. Foreign Bank’s Obligation under the Letter of Credit or the Related Obligation:

   (a) Principal due January 31.
   (b) Penalty interest due (12% per annum for 22 days × $100,000).

   $795.62

   (c) Amount owed by foreign bank as of February 22.

   $110,795.62

3. Amount of Foreign Bank’s Obligation Not Covered by CCC’s Payment Guarantee:

   $4,668.55

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party’s respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is $110,000, CCC would be entitled to 95.75 percent ($100,000.00 divided by $106,063.28) and the holder of the payment guarantee would be entitled to 4.21 percent ($4,668.55 divided by $110,795.62) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, §1493.130(b) would apply.

§ 1493.140 Miscellaneous provisions.

(a) Assignment. (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

   (i) Made to one party acting for two or more parties or

   (ii) Subject to further assignment.

   (2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at
§ 1493.140

the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) Ineligibility of financial institutions to receive an assignment. A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) Ineligibility of financial institutions to receive proceeds. A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) Alternative satisfaction of payment guarantees. CCC may, with the agreement of the exporter’s assignee, establish procedures, terms and/or conditions for the satisfaction of CCC’s obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC’s obligation.

(e) Maintenance of records and access to premises. (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter’s assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a GSM–102 or GSM–103 payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter, The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter’s assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter’s, exporter’s assignee’s, agent’s, intervening purchaser’s or related company’s books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter’s assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain
directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.100(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) Responsibility of program participants. It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants relating to the GSM–102 or GSM–103 program, as applicable. Applicants for payment guarantees under these programs are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) Submission of documents by principal officers. All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter’s assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the authorized person or officer. Further, the exporter or exporter’s assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter’s assignee. If acknowledgment of receipt is requested, the exporter or exporter’s assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter’s assignee must also submit a self-addressed courier service order which includes the recipient’s billing code for such service.

(h) Officials not to benefit. No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) OMB control number assigned pursuant to the Paperwork Reduction Act. The information collection requirements contained in this part (7 CFR part 1493) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551–0004.

Subpart C—CCC Facility Guarantee Program (FGP) Operations

SOURCE: 62 FR 42656, Aug. 8, 1997, unless otherwise noted.

§1493.200 General statement.

This subpart governs the Commodity Credit Corporation’s (CCC) Facility Guarantee Program (FGP). CCC will issue facility payment guarantees for project applications meeting the terms and conditions of the Facility Guarantee Program (FGP) and where private sector financing is otherwise not available. This subpart describes the criteria and procedures for applying for a facility payment guarantee, and contains the general terms and conditions of such a guarantee. These general terms and conditions may be supplemented by special terms and conditions specified in program announcements or notices to participants published prior to the issuance of a facility payment guarantee and, if so, will be incorporated by reference on the face of the facility payment guarantee issued by CCC.

§1493.210 Definition of terms.

Terms set forth in this subpart will have the following meaning:

Assignee. A financial institution in the United States which, for adequate
§ 1493.220 Exporter eligibility.

products, and only where there is a firm contract for the sale of goods or services for the establishment or improvement of an agriculture-related facility. The contract may be contingent, however, on the issuance of a CCC facility payment guarantee.

(c) Initial payment requirement. The contract for sale of goods or services between the exporter and the importer shall obligate the importer to make an initial payment(s) to the exporter of at least 15 percent of the net contract value in §1493.260(b)(1). Such initial payment(s) shall be in U.S. dollars or instruments having a definite value in U.S. dollars, and shall be made prior to the export of the goods or services.

(d) Required method of payment. CCC will issue a facility payment guarantee only in connection with a sale in which payment will be made under either:

(e) Form of letter of credit. The foreign bank letter of credit referred to in paragraph (d) of this section shall be an irrevocable commercial letter of credit, subject to the revision of the International Chamber of Commerce Uniform Customs and Practices for Documentary Credits; in effect when the letter of credit is issued, providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(f) Form of related obligation. The related obligation referred to in paragraph (d) of this section shall be in one of the following forms:

(1) A letter of credit including a specific promise to pay on deferred payment terms as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit;

(2) A separate document specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obligated to repay the U.S. financial institution on deferred payment terms;

(3) A separate document setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by a U.S. financial institution pursuant to, and subject to, repaying; in accordance with the terms of such related obligation; or

requirement listed in paragraph (a)(15) of this section; and

(ii) Financial institution in the U.S. indicating an interest in financing the export sales of goods or services under the facility payment guarantee for an amount at least equal to the net contract value listed in paragraph (a)(14) of this section less the initial payment requirement listed in paragraph (a)(15) of this section. The financial institution must state that such financing would not otherwise be available without an FGP payment guarantee;

(16) The description and dollar amount of discounts and allowances provided in connection with the sale of goods or services covered by the facility payment guarantee;

(17) The facility base value in §1493.260(b)(2) obtained by subtracting paragraphs (a)(15) and (a)(16) of this section from paragraph (a)(14) of this section;

(iv) An analysis, including price, cost, and other assumptions (the reasons why U.S. agricultural commodities or products will be more competitive inputs than commodities or products from other sources, and whether the projected use of U.S. agricultural commodities or products depends on the availability of U.S. export bonus or credit guarantee programs), of which inputs listed in paragraph (a)(20)(i) of this section will represent increased imports of U.S. agricultural commodities or products:

(A) To a greater degree than imports of agricultural commodities or products from other countries;
(B) To or at levels significantly above those expected in the absence of the project; and

(C) For a period of five years from the final date of export or until expiration of the facility payment guarantee, whichever comes first.

(A) Within the emerging market; and

(B) In any other country;

(ii) Quantities, by country of origin, of products imported into the emerging market during the past year which would compete with such outputs; and

(25) The exporter’s signature.

(b) Application fee. The exporter shall pay the application fee specified in the program announcement at the time the application is submitted. An application will not be considered without payment of the specified fee. The application fee is nonrefundable.

(c) Letter of preliminary commitment. CCC will determine whether, in its judgment, the project in connection with which the exporter seeks a facility payment guarantee is likely to increase exports of U.S. agricultural commodities or products to an emerging market; and whether the project is likely to benefit primarily U.S. agricultural commodities or products as opposed to commodities or products originating in other countries. If necessary, CCC may seek additional information from an applicant prior to making its determination. If CCC determines that an application meets these standards and appears to represent, in CCC’s judgment, the best use of available resources, CCC will respond to the applicant with a letter of preliminary commitment indicating CCC’s interest in issuing a facility payment guarantee conditioned on its approval of the exporter’s final application.

§ 1493.250 Final application and issuance of a facility payment guarantee.

(a) Final application. An exporter who has received a letter of preliminary commitment may, within six months of the date of such letter, submit a final application to CCC for a facility payment guarantee which shall include the following information:

(1) A cover sheet with the title: “Application for a Facility Payment Guarantee—Final Commitment.”

(2) A letterhead statement from the importer’s bank or other documentation confirming the importer has the financial ability to comply with the initial payment requirement in § 1493.230(c);

(3) Written evidence of a firm sale signed by the exporter and the importer, specifying at minimum, the following information: Goods or services to be exported, quantities of such items, delivery terms (e.g., FOB, CFR, CIF), delivery period(s), contract value, payment terms, and date of sale. A sales contract may be contingent upon obtaining a facility payment guarantee;

(4) A description of any changes in the information submitted in the preliminary application; and

(5) The exporter’s signature.

(b) Additional information. CCC shall have the right to request the exporter to furnish any other information and
documentation it deems pertinent to the evaluation of the exporter's final application for a final commitment. CCC may request from the exporter an independent engineering study or economic feasibility study relating to the project.

(c) Final commitment letter. After making a favorable determination on the exporter's submissions, CCC will issue a final commitment letter indicating the applicable exposure fee rate and stating that CCC is prepared to issue a facility payment guarantee upon receiving full payment of the exposure fee within an allotted time. The letter will also indicate the key terms and coverage of the guarantee to be issued. CCC will also inform exporters in writing when it denies their request for a facility payment guarantee.

(d) Exposure fee. The exposure fee is calculated by multiplying the requested guaranteed value (up to the maximum established by CCC's final commitment letter) by the exposure fee rate. Once the facility payment guarantee is issued to the exporter, CCC will ordinarily not refund the exposure fee. If CCC does not issue a facility payment guarantee, or issues a guarantee for only part of the coverage requested, CCC will make a full or pro rata refund of the exposure fee, as appropriate.

(e) Issuance of the facility payment guarantee. Upon receipt of the exposure fee, CCC will issue a facility payment guarantee.

§ 1493.260 Facility payment guarantee.

(a) CCC's maximum obligation. CCC will agree to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value stipulated on the face of the facility payment guarantee, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or related obligation. The exact amount of CCC's liability in the event of default will be determined in accordance with §1493.310(b).

(b) Calculation of maximum guarantee coverage. CCC will determine the maximum amount of its obligation under a facility payment guarantee by calculating a:

(1) Net contract value equal to the contract value minus:
   (i) The value of goods that are not U.S. goods; and
   (ii) The cost of services that are not U.S. services (except those services the exporter requests CCC to determine are vital to the success of the project and approved to be included in the net contract value);

(2) Facility base value equal to net contract value minus:
   (i) The amount to be paid in accordance with the initial payment requirement in §1493.230(c); and
   (ii) The amount of discounts and allowances; and

(3) Maximum guaranteed value equal to:
   (i) A principal amount determined by multiplying the facility base value (as determined in §1493.260(b)(2)) by the guaranteed percentage specified in the program announcement; and
   (ii) Interest on such principal amount at the rate specified in the applicable program announcement, not to exceed the investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(c) Value and cost. For the purposes of this section:

(1) Value means declared customs value of the goods; or, in the absence of specific information regarding declared customs value, the fair market whole-sale value of the imported goods in the United States at the time they were acquired by the participant; and

(2) Cost means actual amount paid by the exporter for the services in an arms-length transaction; or in the absence of an arms-length transaction, the fair market value of the services at the time the services were provided.

(d) U.S. content test. (1) CCC will issue a guarantee only if the following items collectively represent less than 50 percent of the net contract value in §1493.260(b)(1):
   (i) The value of imported components (except for raw materials) that are assembled, processed, or manufactured into U.S. goods included in the net contract value;
   (ii) The cost of services that are not U.S. services (including freight on foreign flag carriers and transportation insurance registered with foreign
Commodity Credit Corporation, USDA § 1493.260

agents) that, at the request of the exporter, CCC determines are vital to the success of the project and approves their inclusion in the net contract value;

(2) For purpose of this subsection, minor or cosmetic procedures (e.g., affixing labels, cleaning, painting, polishing) do not qualify as assembling, processing or manufacturing;

(3) For purpose of this subsection, local services which involve costs for hotels, meals, transportation, and other similar services incurred in the emerging market are not U.S. services.

(e) Period of guarantee coverage. The payment guarantee will apply to the period beginning on the date(s) of export(s) and will continue during the credit term specified in the facility payment guarantee. For goods, the period of coverage will also apply from the date on which interest begins to accrue, if earlier than the date of export. The final payments of principal and interest by the foreign bank must come due within the period of guarantee coverage.

(f) Terms of the CCC facility payment guarantee. The terms of CCC’s coverage will be set forth in the facility payment guarantee and will include the provisions of this subpart, which may be supplemented by any program announcement(s) or notice(s) to participants in effect at the time the facility payment guarantee is approved by CCC.

(g) Final date to export. The final date to export will be stated in the facility payment guarantee.

(h) Ineligible exports. Goods or services with a date of export prior to the date CCC issues the facility payment guarantee are ineligible for coverage unless approved by the GSM.

(i) Additional requirements. The facility payment guarantee may contain such additional terms, conditions, and limitations as are deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the facility payment guarantee, are binding on the exporter or the exporter’s assignee.

(j) Amendments. Exporters must notify CCC of any amendments concerning contracts covered by a facility payment guarantee. CCC will determine if the contract amendments will require amendments to the facility payment guarantee. Amending the facility payment guarantee may result in an increase to the exposure fee. Requests made by the exporter to amend the facility payment guarantee so as to change the guaranteed value must have the concurrence of the assignee when an assignment has been made.

(k) Effective date. The facility payment guarantee shall become effective on the date of export of the goods or services.

APPENDIX TO § 1493.260—ILLUSTRATION OF FGP COVERAGE OF IMPORTED RAW MATERIALS, COMPONENTS, AND SERVICES THAT ARE NOT U.S. SERVICES

The following example illustrates CCC’s regulations and policy options with regard to issuing a payment guarantee for a project which includes imported raw materials, imported components, and services that are not U.S. services:

1. Ten grain trucks and one truck scale are to be exported from the U.S. to an emerging market. The trucks will provide the ability to purchase larger quantities of grain from the U.S. The contract value totals $2,025,000, cost, insurance and freight (CIF) basis.

2. The fenders, hoods and doors of the trucks have been manufactured and assembled in the U.S. and contain some imported raw materials (sheet metal).

3. Imported components consist of starters and alternators, with a U.S. customs valuation of $149,000. These items are installed into the trucks in the U.S.

4. The truck scale was imported from Canada into the U.S. with a U.S. customs valuation of $20,000.

5. A U.S. citizen, will travel on a foreign airline carrier to the emerging market (airfare is $1,000) to instruct mechanics in repair and maintenance of the trucks. He will be paid a salary for this service and, in addition, will be reimbursed separately for local costs in the emerging market (e.g., hotel, meals, transportation) which are estimated to be $5,000.

6. The trucks are to be shipped on foreign flag vessels, and the marine insurance is to be placed with a foreign agent. The combined cost of these services that are not U.S. services for which the exporter seeks coverage is estimated to be $500,000.

CCC’S APPROVAL OF SERVICES THAT ARE NOT U.S. SERVICES

CCC agrees to include in the net contract value the foreign flag freight and marine insurance ($500,000) and the airfare ($1,000) of the U.S. instructor ($1493.260(b)(1)).
§ 1493.270  
**Calculation of Net Contract Value**

CCC will calculate the net contract value by subtracting from the contract value ($2,025,000) the U.S. customs value of the truck scale ($20,000) in accordance with §1493.260(b)(1)(i) and the local costs to be incurred by the U.S. instructor ($5,000) in accordance with §1493.260(b)(1)(ii) to equal $2,000,000.

**CCC’s Determination of U.S. Content Eligibility**

The imported components and services that are not U.S. services approved for coverage total $650,000 (i.e., $149,000 for starters and alternators, $1,000 for airfare, $500,000 for freight and insurance; or 32.5 percent of the net contract value of $2,000,000 (§ 1493.260(b)(1)). Since this is less than 50 percent of the net contract value the transaction meets the U.S. content test (§ 1493.260(d)).

§ 1493.270 Certifications.

(a) Exporter’s signature. The exporter’s signature on documentation submitted to CCC under this subpart, is the exporter’s certification that:

1. There have not been and are no arrangements for any payments in violation of the Foreign Corrupt Practices Act of 1977, as amended, or other U.S. Laws;

2. All information submitted to CCC is true and correct; and

3. The exporter is in compliance with this subpart.

(b) False certification. False certifications under this subpart may result in the termination of the facility payment guarantee, suspension or debarment, or civil or criminal action.

§ 1493.280 Evidence of export report.

(a) Report of export. The exporter is required to provide CCC an evidence of export report for each shipment of goods or provision of services covered under the facility payment guarantee. Each report must be numbered in chronological order and contain the following information in the order prescribed below:

1. The facility payment guarantee number;

2. The date goods or services were exported or provided;

3. The exporter’s sale number, bill of lading numbers, or identification of other documents that may be submitted to establish the contract value of the goods or services exported or provided;

4. The net contract value of the exported goods or services as determined in accordance with §1493.260(b)(1);

5. The amount paid in accordance with the initial payment requirement (§1493.230(c));

6. A description and dollar value of discounts and allowances, if any;

7. The exported value of the shipment which is the net contract value of the goods or services exported in paragraph (a)(4) of this section minus:

   (i) The initial payment requirement listed in paragraph (a)(5) of this section; and

   (ii) The dollar amount of any discounts and allowances listed in paragraph (a)(6) of this section;

8. The name of the carrier and, if applicable, the name of the vessel;

9. The final payment schedule showing the payment due dates and amounts of principal, and payment due dates for interest accrual. If the payment schedule is unknown, the exporter must indicate in writing that: “The payment schedule will be provided in an amendment to the evidence of export report when the payment schedule has been determined;”

10. Written statements that:

   (i) The goods exported or services provided were included in the final application for a final commitment as approved by CCC for coverage under the facility payment guarantee and this subpart;

   (ii) The specifications and quantity of goods or services exported conform to the information contained in the exporter’s application documents for a facility payment guarantee, or if different, that CCC has approved of such changes;

   (iii) A letter of credit has been opened in favor of the exporter by the foreign bank shown on the facility payment guarantee to cover the dollar amount of the sale of goods or services exported less the amount paid in accordance with the initial payment requirement and less discounts and allowances; and

11. The exporter’s signature.

(b) Final report of export. The final evidence of export report submitted
under a facility payment guarantee must contain:

1. A written statement that exports under the facility payment guarantee have been completed;
2. The information requested in §1493.280(a) for the shipment(s) included in the final report; and
3. The combined total of all dollar amounts reported under §1493.280 (a) and (b) for all reports.

(c) Time limit for submission of evidence of export report. Unless extended by CCC for good cause, the exporter must submit to CCC an evidence of export report:

1. Within 60 days of the date goods are exported by rail or truck;
2. Within 30 days of the date goods are exported by any other carrier; or
3. Within 30 days of the date of export of services.

(d) Late reports. If the evidence of export report is not received by CCC within the time period for filing, the facility payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would likely result, in:

1. Significant financial harm to CCC;
2. The undermining of an essential regulatory purpose of the FGP;
3. The obstruction of the fair administration of the FGP; or
4. A threat to the integrity of the FGP.

§ 1493.290 Proof of entry.

(a) Diversion. The diversion of goods covered by a facility payment guarantee to a country other than that shown on the facility payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) Records of proof of entry. Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the goods authorized by the facility payment guarantee. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include:

1. For goods: An original certificate, signed by a duly authorized customs or port official of the emerging market, by the importer, by an agent or representative of the vessel or ship line which delivered the goods to the emerging market, or by a private surveyor in the emerging market, or other documentation deemed acceptable by CCC:
   i. Showing that the goods entered the emerging market;
   ii. Identifying the export carrier;
   iii. Describing the goods; and
   iv. Indicating date and place the goods were unloaded in the emerging market.
2. [Reserved]

§ 1493.300 Notice of default and claims for loss.

(a) Notice of default. If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter’s assignee must submit a notice of default to CCC as soon as possible, but not later than ten days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter’s assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the facility payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if approved by the Controller, CCC. The notice of default must include:

1. Facility payment guarantee number;
2. Name of the emerging market;
3. Name of the defaulting bank;
4. Payment due date;
5. Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
6. Date of foreign bank’s refusal to pay, if applicable; and
7. Reason for the foreign bank’s refusal to pay, if known.
§ 1493.310 Payment for loss.

(a) Determination of CCC’s liability. Upon receipt in good order of the information and documents required under §1493.300, CCC will determine whether or not a loss has occurred for which CCC is liable under the facility payment guarantee, this subpart, program announcement(s) and notice(s) to participants. If CCC determines that it is liable to the exporter or the exporter’s assignee, CCC will pay the exporter or the exporter’s assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC’s liability. CCC’s maximum liability for any claims for loss submitted with respect to any facility payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the facility payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the facility payment guarantee) of the exported value indicated in the evidence of export report (§1493.280(a)(7)), plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter’s assignee beginning with the first day after the claim was found by CCC to be in good order and continuing

§ 1493.300 Filing a claim for loss. A claim for a loss by the exporter or the exporter’s assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address shown on the Contacts P/R. The claim for loss must include the following information and documents:

(1) Facility payment guarantee number;

(2) A certification that the scheduled payment has not been received;

(3) A certification of the amount of accrued interest in default, the date interest began to accrue and the interest rate on the foreign bank obligation applicable to the claim; and

(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter’s assignee that each page of each document is a true and correct copy:

(i) (A) The foreign bank’s letter of credit securing the export sale, and;

(B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter.

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill; or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the emerging market;

(iii) The exporter’s sales invoice(s) showing the value and basis of sale (e.g., FOB, CFR, or CIF) or, if services are billed separately, documents that the exporter or its assignee relied upon in extending the credit to the issuing foreign bank;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter’s assignee, if applicable, to the amount of payment in default. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the evidence of export report(s) previously submitted by the exporter to CCC pursuant to §1493.280.

(c) Subsequent claims for defaults on installments. The exporter or an exporter’s assignee need only provide one claim which meets full documentation requirements relating to a covered transaction. For subsequent claims relating to such failures of the foreign bank to make scheduled installments on the same export, the exporter or the exporter’s assignee need only submit to CCC a notice of such failure containing the information stated in paragraphs (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and the date the original claim was filed with CCC.
Commodity Credit Corporation, USDA  § 1493.320

until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank’s letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter, unless it is determined to be in the best interest of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter’s assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to the value of goods or services covered by a facility payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.270 and §1493.280 excluding post-export adjustments (i.e., corrections of evidence of export reports); and

(2) The exporter or the exporter’s assignee furnishes the statements and documents specified in §1493.300.

§ 1493.320 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter’s assignee, CCC will notify the foreign bank of CCC’s rights under the subrogation agreement to recover all monies in default.

(b) Receipt of monies. (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter’s assignee from the importer, the foreign bank or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 days from the date of recovery by the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter’s assignee to CCC. Such interest will be charged only on CCC’s share of the recovery.

(2) If CCC recovers monies that should be applied to a facility payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the facility payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 days from the date of recovery or 15 days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the facility payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter’s assignee or any other source whatsoever, will be allocated by CCC to the exporter or the exporter’s assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined
amount of principal and interest in default. Once CCC has paid out a particular claim under a facility payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix to §1493.320 provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the facility payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter engaged in fraud, or has been or is in breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the facility payment guarantee or for fulfilling obligations under the FGP. Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter’s assignee engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §1493.270 or the failure of an exporter to comply with the provisions of §1493.290 or §1493.330(e) will not affect the validity of any facility payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the facility payment guarantee or at the time of assignment of the facility payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the foreign bank or the importer.

APPENDIX TO §1493.320—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.320, regarding pro rata sharing of recoveries made for claims filed under the FGP. For the purpose of this example only, even though CCC interest coverage is on a floating rate basis, a constant rate of interest is assumed. A typical case might be as follows:

1. The U.S. bank enters into a $300,000 three-year credit arrangement for the export sale of goods and services with the foreign bank calling for equal semi-annual payments of principal and semi-annual payment of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

2. Exported value reported to CCC equals $300,000.

3. The foreign bank fails to make the final principal payment of $50,000 and an interest payment of $2,493.15, both due on January 31.

4. On February 10, the U.S. bank files a notice of default and claim in good order with CCC.

5. CCC’s guarantee states that CCC’s maximum liability is limited to 95 percent of the principal amount due ($47,500) and interest at a rate of 8 percent per annum (basis 365 days) on 95 percent of the principal ($1,894.80).

6. CCC pays the claim on February 22.

7. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the facility payment guarantee would be computed as follows:

1. CCC’s Obligation under the Facility Payment Guarantee:

   (a) Principal coverage—(95% × $50,000) ............................. $47,500.00
   (b) Interest coverage—(8% × $47,500 × 182/365) ................... 1,894.80
   Total .................................................. 49,394.80

2. Foreign Bank’s Obligation under the Letter of Credit or the Related Obligation:

   (a) Principal due January 31 50,000.00
   (b) Interest due January 31 (10% × $50,000 × 182/365) 2,493.15
   Amount owed by foreign bank as of January 31 ... 52,493.15
   (c) Penalty interest due (12% per annum for 22 days × $50,000) ................. 361.64
   Amount owed by foreign bank as of February 22 ...... 52,854.79

   (d) Amount paid by CCC on February 22 ...................... 49,499.00

§ 1493.330 Miscellaneous provisions.

(a) Assignment. (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a facility payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the facility payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be subject to further assignment. Any assignment may be made to one party as agent or trustee for two or more parties participating in the assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof to such financial institution and to the exporter issued the facility payment guarantee in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) Ineligibility of financial institutions to receive an assignment. A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a facility payment guarantee if, at the time of assignment, such financial institution:

(1) Is in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or a branch, agency or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) Ineligibility of financial institutions to receive proceeds. A financial institution will be ineligible to receive proceeds payable under a facility payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a facility payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) Alternative satisfaction of facility payment guarantees. CCC may, with the agreement of the exporter (or if the right to proceeds payable under a facility payment guarantee has been assigned, with the agreement of the exporter’s assignee), establish procedures, terms or conditions for the satisfaction of CCC’s obligations under a facility payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the facility payment guarantee and would not result in CCC paying more than the amount of CCC’s obligation.

(e) Maintenance of records and access to premises. (1) For a period of five years after the date of expiration of the coverage of a facility payment guarantee, the exporter or the exporter’s assignee,
as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for goods or services exported in connection with a facility payment guarantee, including those records generated and maintained by agents, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter’s assignee, as applicable, during regular business hours from the effective date of the facility payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter’s, exporter’s assignee’s, or a related company’s books, records, and accounts concerning transactions relating to the facility payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, manufacturing, processing, and administrative and incidental costs, both normal and unforeseen.

(2) The exporter must maintain the proof of entry required by §1493.290(b), and must provide access to such document if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) Responsibility of program participants. It is the responsibility of all program participants to review, and fully acquaint themselves with, this subpart, program announcement(s), and notice(s) to participants relating to the FGP, as applicable. Applicants for facility payment guarantees under this program are hereby on notice that they will be bound by any terms contained in applicable program announcement(s) or notice(s) to participants issued prior to the date of approval of a facility payment guarantee.

(g) Submission of documents by principal officers. All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters’ assignees under this subpart must be signed by a principal or officer of the exporter or exporter’s assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by:

(1) Wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and

(2) The name and title of the authorized person or officer. Further, the exporter or exporter’s assignee must ensure that all information/reports required under this subpart are submitted within the required time limits.

If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter’s assignee. If acknowledgment of receipt is requested, the exporter or exporter’s assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter’s assignee must also submit a self-addressed courier service order which includes the recipient’s billing code for such service.

(h) Officials not to benefit. No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of the facility payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the facility payment guarantee if made with a corporation for its general benefit.

(i) Deadlines. (1) Where a deadline is fixed in terms of days, it means business days and excludes Saturdays, Sundays and federal holidays.

(2) Where a deadline is fixed in terms of months, the deadline falls on the same day of the month as the day triggering the deadline period, or if there is no same day, the last day of the month; and

(3) Where a deadline would otherwise fall on a Saturday, Sunday or federal holiday, the deadline shall be the next business day.

Subpart D—CCC Supplier Credit Guarantee Program Operations

SOURCE: 61 FR 33831, July 1, 1996, unless otherwise noted.
§ 1493.400 General statement.

(a) Overview. (1) This subpart contains the regulations governing the operations of the Supplier Credit Guarantee Program (SCGP). The restrictions and criteria set forth at subpart A for the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM–102) and the Intermediate Credit Guarantee Program (GSM–103) will apply to this subpart. The SCGP was developed to expand U.S. agricultural exports by making available payment guarantees to encourage U.S. exporters to extend financing on credit terms of not more than 180 days to importers of U.S. agricultural commodities.

(2) The SCGP operates in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. exporters would be unwilling to provide financing without CCC’s guarantee. The program is operated in a manner intended not to interfere with markets for cash sales. The program is targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by this program is the SCGP payment guarantee (payment guarantee). The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter’s right to proceeds, specified amounts of principal and, where applicable, interest due from, but not paid by, the importer in connection with the export sale to which CCC’s guarantee coverage pertains. By approving an exporter’s application for a payment guarantee, CCC encourages private sector, rather than government, financing and incurs a substantial portion of the risk of default by the importer. CCC assumes this risk in order to be able to operate the program for the purposes specified in §1493.2.

(b) Credit facility mechanism. (1) For the purpose of the SCGP, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made under an unconditional and irrevocable importer obligation to a U.S. exporter payable in U.S. dollars, as defined in §1493.410(n).

(2) The exporter may assign the right to proceeds under the importer obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the importer obligation.

(3) The SCGP payment guarantee is designed to protect the exporter or the exporter’s assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the importer under the importer’s obligation.

(c) Program administration. The SCGP will be administered pursuant to subpart A and this subpart and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this subpart. This program is under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see §1493.410(c), “Contacts P/R”).

(d) Country allocations and program announcements. From time to time, CCC will issue a Program Announcement to announce a SCGP allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof, will indicate the form of promissory note required by CCC, and will provide other pertinent information. Exporters may negotiate export sales to importers in that country for one of the commodities specified in the
§ 1493.410 Definition of terms.

Terms set forth in this subpart and in CCC Program Announcements, Notices to Participants, and any other CCC-originated documents pertaining to the SCGP will have the following meanings:

(a) **Assignee.** A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) **CCC.** The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 et seq.), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) **Contacts P/R.** A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the SCGP. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) **Date of export.** One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) **Date of sale.** The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) **Discounts and allowances.** Any consideration provided directly or indirectly, by or on behalf of the exporter, or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity’s value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) **Eligible interest.** The maximum amount of interest, based on the interest rate indicated in CCC’s payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter’s assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-
(h) **Exported value.** (1) Where CCC announces coverage on a FAS or FOB basis and:
   
   (i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or
   
   (ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or
   
   (2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) **Exporter.** A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.420.

(j) **FAS/USDA.** The Foreign Agricultural Service, U.S. Department of Agriculture.

(k) **GSM.** The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(l) **Guaranteed value.** The maximum amount, exclusive of interest, that CCC agrees to pay the exporter or assignee under CCC’s payment guarantee, as indicated on the face of the payment guarantee.

(m) **Importer.** A foreign buyer that enters into a contract with an exporter, or with an intervening purchaser, for an export sale of agricultural commodities to be shipped from the U.S. to the foreign buyer.

(n) **Importer obligation.** A promissory note or notes that conform(s) with the requirements for such note(s) specified in the applicable country or regional Program Announcement(s).

(o) **Incoterms.** The following customary terms, as defined by the International Chamber of Commerce, Incoterms® current revision:

1. Free Alongside Ship (FAS);
2. Free on Board (FOB);
3. Cost and Freight (CFR, or alternatively, C&F, C and F, or CNF); and

(p) **Intervening purchaser.** A party that agrees to purchase U.S. agricultural commodities from an exporter and sell the same agricultural commodities to an importer.

(q) **Late interest.** Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(r) **Notice to participants.** A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter’s application for such payment guarantee is approved.

(s) **Payment guarantee.** An agreement under which CCC, in consideration of a
fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee (including the required form of promissory note), this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter’s assignee in the event of a default by an importer under the importer obligation.

(t) **Port value.** (1) Where CCC announces coverage on a FAS or FOB basis and:
   
   (i) Where the commodity is sold on a FAS or FOB basis, U.S. point of export, the value, FAS or FOB basis, U.S. point of export, of the export sale, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or
   
   (ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, including the upward tolerance, if any, as provided by the export sales contract, is measured by the CFR or CIF value of the agricultural commodity less the value of ocean freight and, in the case of CIF sales, less the value of marine and war risk insurance, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or
   
   (2) Where CCC announces coverage on a CFR or CIF basis and where the commodity was sold on CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

   (3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo), which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the port value.

(u) **Program announcement.** An announcement issued by CCC which provides information on specific country and commodity allocations and may identify eligible agricultural commodities and countries, length of credit periods which may be covered, specific dollar limitations for CCC exposure in particular countries, the form of promissory note required for a particular country or region, and include other information and requirements.

(v) **SCGP.** The Supplier Credit Guarantee Program described by this subpart.

(w) **United States or U.S.** All of the 50 states, the District of Columbia, and the territories and possessions of the United States.

   (2) A product of an agricultural commodity—
      
      (i) 90 percent or more of the agricultural components of which by weight, excluding packaging and added water, is entirely produced in the United States; and
      
      (ii) That the Secretary determines to be a high value agricultural product. For purposes of this definition, fish entirely produced in the United States include fish harvested by a documented fishing vessel as defined in title 46, United States Code, in waters that are not waters (including the territorial sea) of a foreign country.

(y) **USDA.** United States Department of Agriculture.

(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.;

(3) The place of incorporation of the applicant, if the applicant is a corporation;

(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular export sale contemplated by the applicant under this subpart;

(5) A certified statement describing the applicant’s participation, if any, during the past three years in U.S. Government programs, contracts or agreements; and

(6) A certification that: “I certify, to the best of my knowledge and belief, that neither [name of applicant] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. ["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC.”

(b) Previous qualification. Any exporter that is qualified under subpart B, §1493.30 is qualified under this section to submit applications for a SCGP payment guarantee, and the information provided by the exporter pursuant to §1493.30 will be deemed to also have been provided under this section. Each application must include the statement required by §1493.430(a)(17) incorporating the certifications of §1493.440, including the certification in §1493.440(e) that the information previously provided pursuant to §1493.420 has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) Additional submissions. CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) Ineligibility for program participation. An applicant may be ineligible to participate in the SCGP if:

(1) Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§ 1493.430 Application for a payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

(1) Name of the destination country;

(2) Name and address of the importer;

(3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country;

(4) Date of sale;

(5) Exporter’s sale number;
§ 1493.440 Certification requirements for payment guarantee.

By providing the statement in §1493.430(a)(17), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in §1493.430(a)(17), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.410(x); and

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of

(6) Delivery period as agreed between the exporter and the importer;

(7) A full description of the commodity (including packaging, if any);

(8) Mean quantity, contract loading tolerance and, if the exporter chooses, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance;

(9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified;

(10) Description and value of discounts and allowances, if any;

(11) Port value (includes upward loading tolerance, if any);

(12) Guaranteed value;

(13) Guarantee fee;

(14) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale;

(15) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA under one of these programs should be included, as applicable;

(16) Other information as requested by CCC or specified in Program Announcements and Notices to Participants, as applicable; and

(17) The exporter’s statement, “ALL SECTION 1493.440 CERTIFICATIONS ARE BEING MADE IN THIS APPLICATION” which, when included in the application by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.440.

(b) An application for a payment guarantee may be approved as submitted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in §1493.450(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

(c) Ineligible exporter. An exporter will be ineligible to obtain a payment guarantee if such exporter:

(1) Directly or indirectly owns or controls the importer;

(2) Is directly or indirectly owned or controlled by the importer; or

(3) Is directly or indirectly owned or controlled by a person(s) or entity(ies) which also owns or controls the importer.

§ 1493.440 Certification requirements for payment guarantee.
the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to §1493.420 has not changed, the exporter still meets all of the qualification requirements of §1493.420, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to the particular transaction and claim that the guaranteed portion of the port value exceeded the prevailing U.S. market value for the same, or same type of agricultural commodity or product. In making this determination, CCC will adjust the prevailing U.S. market value for estimated freight and/or insurance costs if the export sale was made on a CFR or CIF basis. Payment by CCC will be in U.S. dollars.

§1493.450 Payment guarantee.

(a) CCC’s obligation. The payment guarantee will provide that CCC agrees to pay the exporter or the exporter’s assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the importer fails to pay under the importer obligation. Unless CCC determines with respect to the particular transaction and claim that the guaranteed portion of the port value exceeded the prevailing U.S. market value for the same, or same type of agricultural commodity or product. In making this determination, CCC will adjust the prevailing U.S. market value for estimated freight and/or insurance costs if the export sale was made on a CFR or CIF basis. Payment by CCC will be in U.S. dollars.

(b) Period of guarantee coverage. The payment guarantee will apply to a credit period not exceeding 180 days beginning either on the date(s) of export(s) or from the date when interest begins to accrue whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter’s application for a payment guarantee.

(c) Terms of the CCC payment guarantee. The terms of CCC’s coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) Final date to export. The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) Reserve coverage for loading tolerances. The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) Ineligible exports. Commodities with a date of export prior to the date
§ 1493.460 Guarantee rates and fees.

(a) Guarantee fee rates. The current payment guarantee fee rate(s) will be available by Program Announcement.

(b) Calculation of fee. The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) Payment of fee. The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter’s check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) Refunds of fee. Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC’s approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.470 Evidence of export.

(a) Report of export. The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

(1) Payment guarantee number;
(2) Date of export;
(3) Exporter’s sale number;
(4) Exported value;
(5) Quantity;
(6) A full description of the commodity exported;
(7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter’s application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference;
(8) Description and value of discounts and allowances, if any;
(9) Number of the Agreement assigned by USDA under any other program if any portion of the export sale was also approved for participation in any of the following CCC or USDA export program: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program; and

§ 1493.460 Guarantee rates and fees.

(a) Guarantee fee rates. The current payment guarantee fee rate(s) will be available by Program Announcement.

(b) Calculation of fee. The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.
Commodity Credit Corporation, USDA

§ 1493.490 Proof of entry.

(a) Diversion. The diversion of commodities covered by a SCGP payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) Records of proof of entry. Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the guarantee.

911
with the SCGP in the country that was
the intended country of destination of
such commodities. Records dem-
onstrating proof of entry must be in
English or be accompanied by a cer-
tified or other translation acceptable
to CCC. Records acceptable to meet
this requirement include an original
certification of entry signed by a duly
authorized customs or port official of
the importing country, by the im-
porter, by an agent or representative of
the vessel or shipline which delivered
the agricultural commodity to the im-
porting country, or by a private sur-
voyer in the importing country, or
other documentation deemed accept-
able by the GSM showing:
(1) That the agricultural commodity
entered the importing country;
(2) The identification of the export
carrier;
(3) The quantity of the agricultural
commodity;
(4) The kind, type, grade and/or class
of the agricultural commodity; and
(5) The date(s) and place(s) of unload-
ing of the agricultural commodity in
the importing country. (Records of
proof of entry need not be submitted
with a claim for loss, except as may be
provided in §1493.500(b)(4)(ii).)
§ 1493.500 Notice of default and claims
for loss.
(a) Notice of default. If the importer
fails to make payment pursuant to the
terms of the importer obligation, the
exporter or the exporter’s assignee
must submit a notice of default to CCC
as soon as possible, but not later than
10 calendar days after the date that
payment was due from the importer
(the due date). A notice of default must
be submitted in writing to the Treas-
urer, CCC, at the address specified in
the Contacts P/R. If the exporter or the
exporter’s assignee fails to promptly
notify CCC of defaults in accordance
with this paragraph, CCC may make
the payment guarantee null and void
with respect to any payment(s) appli-
able to such default. This time limit
may be extended only under extraor-
dinary circumstances and if such ex-
tension is determined by the Con-
troller, CCC, to be in the best interests
of CCC. The notice of default must in-
clude:
(1) Payment guarantee number;
(2) Name of the country;
(3) Name of the defaulting importer;
(4) Due date;
(5) Total amount of the defaulted
payment due, indicating separately the
amounts for principal and interest;
(6) Date of importer’s refusal to pay,
if applicable; and
(7) Reason for importer’s refusal to
pay, if known.
(b) Filing a claim for loss. A claim for
a loss by the exporter or the exporter’s
assignee will not be paid if it is made
later than six months from the due
date of the defaulted payment. A claim
for loss must be submitted in writing
to the Treasurer, CCC, at the address
specified in the Contacts P/R. The
claim for loss must include the fol-
lowing information and documents:
(1) Payment guarantee number;
(2) A certification that the scheduled
payment has not been received;
(3) A certification of the amount of
accrued interest in default, the date in-
terest began to accrue, and the interest
rate on the importer obligation appli-
cable to the claim;
(4) A copy of each of the following
documents, with a cover document con-
taining a signed certification by the
exporter or the exporter’s assignee that
each page of each document is a true
and correct copy:
(i) The importer obligation;
(ii) Depending upon the method of
shipment, the negotiable ocean carrier
or intermodal bill(s) of lading signed
by the shipping company with the on-
board ocean carrier date for each ship-
ment, the airway bill, or, if shipped by
rail or truck, the entry certificate or
similar document signed by an official
of the importing country;
(iii)(A) The exporter’s invoice show-
ing, as applicable, the FAS, FOB, CFR
or CIF values; or
(B) If there was an intervening pur-
chaser, both the exporter’s invoice to
the intervening purchaser and the in-
tervening purchaser’s invoice to the
importer;
(iv) An instrument, in form and sub-
stance satisfactory to CCC, sub-
rogating to CCC the respective rights
of the exporter and the exporter’s as-
signee, if applicable, to the amount of
payment in default under the applicable export sale. The instrument must reference the applicable importer obligation; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to §1493.470(a).

(c) Subsequent claims for defaults on installments. If the initial claim is found in good order, the exporter or an exporter’s assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the importer to make scheduled installments on the same export shipment, the exporter or the exporter’s assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b) (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.510 Payment for loss.

(a) Determination of CCC’s liability. Upon receipt in good order of the information and documents required under §1493.500, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter’s assignee, CCC will pay the exporter or the exporter’s assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC’s liability. Subject to a determination by CCC with respect to prevailing U.S. market value pursuant to §1493.450(a) of this part, CCC’s maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

1. The guaranteed value as stated in the payment guarantee, plus eligible interest; or
2. The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter’s assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract or the importer obligation unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter’s assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not, except pursuant to a determination under §1493.450(a) of this part, hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

1. The exporter complies with the reporting requirements under §§1493.470 and 1493.480, excluding post-export adjustments (i.e., corrections to evidence of export reports); and
2. The exporter or the exporter’s assignee furnishes the statements and documents specified in §1493.500.
§ 1493.520 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter’s assignee, CCC will notify the importer of CCC’s rights under the subrogation agreement to recover all moneys in default.

(b) Receipt of monies. (1) In the event that moneys for a defaulted payment are recovered by the exporter or the exporter’s assignee from the importer or any other source whatsoever, such moneys shall be immediately paid to the Treasurer, CCC. If such monies are not recovered by CCC within 15 business days from the date of recovery by the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter’s assignee to CCC. Such interest will be charged only on CCC’s share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer, and recoveries received by CCC from the exporter, the exporter’s assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter’s assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a payment guarantee, CCC pro rates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.520—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under SCGP. Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter’s assignee has engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §§1493.440(b) and 1493.480(d) or the failure of an exporter to comply with the provisions of §§1493.490 or 1493.530(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the importer.
APPENDIX A TO §1493.520—I ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.520(c), regarding pro rata sharing of recoveries made for claims filed under the SCGP. A typical case might be as follows:

1. The U.S. exporter enters into a $200,000, 180 day credit arrangement with the importer calling for two equal payments of principal and two equal payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum (basis 360 days) on overdue amounts until the overdue amount is paid. (Basis for interest calculation may be 360 or 365 days.)

2. The importer fails to make the final principal payment of $100,000 and an interest payment of $2,500.00 (10% per annum for 90 days on $100,000), both due on January 31.

3. On February 10, the U.S. exporter files a claim in good order with CCC.

4. CCC’s guarantee states that CCC’s maximum liability is limited to 60 percent of the principal amount due ($60,000) and interest at a rate of 8 percent per annum (basis 365 days) on 60 percent of the principal outstanding ($1,183.56) (8% per annum for 90 days on $60,000). (CCC’s basis for interest calculation is 365 days.)

5. CCC pays the claim on February 22.

6. The average investment rate of the most recent 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of non-payment by CCC (January 31) is 7 percent. (CCC’s late interest rate.)

COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the payment guarantee would be computed as follows:

1. CCC’s Obligation under the Payment Guarantee:

   (a) Principal coverage—
       (60% $100,000) ............... $60,000.00

   (b) Interest coverage—
       (8% per annum for 90 days on $60,000, basis 365 days) ............... $1,183.56

   ..............................................

   ..............................................

   (c) Late interest due from CCC (7% per annum for 11 days on $61,183.56, basis 365 days) ............... 129.07

   (d) Amount paid by CCC on February 22 ........... $61,312.63

2. Importer’s obligation under the importer obligation:

   (a) Principal due January 31 ...................... $100,000.00

   (b) Penalty interest due (12% per annum for 22 days on $102,500.00, basis 360 days) ............... 751.67

   (c) Amount owed by importer as of February 22 ......................... $103,251.67

3. Amount of importer’s obligation not covered by CCC’s payment guarantee:

   $41,939.04 ($103,251.67 – 61,312.63)

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party’s respective interest in any recovery of losses, the total amount due under the importer obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the importer is $103,251.67, CCC would be entitled to 59.38 percent ($61,312.63 divided by $103,251.67) and the holder of the payment guarantee would be entitled to 40.62 percent ($41,939.04 divided by $103,251.67) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, §1493.520(b) would apply.

§ 1493.530 Miscellaneous provisions.

(a) Assignment. (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

   (i) Made to one party acting for two or more parties; or

   (ii) Subject to further assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.
§ 1493.530

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) Ineligibility of financial institutions to receive an assignment. A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(c) Ineligibility of financial institutions to receive proceeds. A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(d) Alternative satisfaction of payment guarantees. CCC may, with the agreement of the exporter (or if the right to proceeds payable under the payment guarantee has been assigned, with the agreement of the exporter’s assignee), establish procedures, terms and/or conditions for the satisfaction of CCC’s obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC’s obligation.

(e) Maintenance of records and access to premises. (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter’s assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter’s assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter’s, exporter’s assignee’s, agent’s, intervening purchaser’s, or related company’s books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter’s assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.490(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

§ 1494.10

(f) Responsibility of program participants. It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants issued pursuant to this subpart. Applicants for payment guarantees are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) Submission of documents by principal officers. All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters’ assignees under this subpart must be signed by a principal or officer of the exporter or exporter’s assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by: Wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the authorized person or officer. Further, the exporter or exporter’s assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter’s assignee. If acknowledgment of receipt is requested, the exporter or exporter’s assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter’s assignee must also submit a self-addressed courier service order which includes the recipient’s billing code for such service.

(h) Officials not to benefit. No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) OMB control number assigned pursuant to the Paperwork Reduction Act.

The information requirements contained in this part (7 CFR part 1493, subpart D) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551–0037.

Subpart A—Export Enhancement Program Criteria

§ 1494.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity
Credit Corporation’s (CCC) Export Enhancement Program (EEP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for EEP initiatives which will best meet the program’s objectives. The objectives of the program are to discourage unfair trade practices by other countries, to increase U.S. agricultural commodity exports, and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the EEP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted commodities in targeted destinations. In the operation of the EEP, CCC will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1494.20 Criteria.

The criteria considered by CCC in reviewing proposals for initiatives will include, but not be limited to, the following:

(a) The expected contribution of proposed initiatives in furthering trade policy negotiations and, in particular, in furthering the U.S. trade policy negotiating strategy of countering competitors' subsidies and other unfair trade practices by displacing such countries' subsidized exports in targeted countries;

(b) The contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. agricultural commodities;

(c) The effect that sales facilitated by initiatives would have on non-subsidizing exporters of agricultural products; and

(d) The subsidy requirements of proposed initiatives compared to the expected benefits.

Subpart B—Export Enhancement Program Operations

§ 1494.301 Information required for program participation.

Before CCC will consider an offer from an interested person, such person must qualify for participation in the program. Based upon information submitted by the interested person and available from public sources, CCC will determine whether the interested person is eligible for participation in the program.

(a) **Submission of documentation.** An interested person that wishes to qualify as an eligible exporter must furnish the following information or documentation to CCC at the address referenced in the Notice to Exporters—EEP Contacts:

(1) The address of the interested person's office and the name and address of an agent in the U.S. for the service of process;

(4) The name and address of an office(s) of the interested person within the U.S., if the interested person is a foreign corporation or other foreign entity; and

(6) The following certification: "I certify, to the best of my knowledge and belief, that neither [name of interested person] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. ["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of
§ 1494.401 Performance security.

(a) Requirement to establish performance security. Prior to the submission of an offer to CCC in response to an Invitation, an eligible exporter must establish performance security, in a form which is acceptable to CCC, in order to guarantee the eligible exporter’s faithful performance of the Agreement. If CCC enters into an Agreement with the eligible exporter, this performance security must remain in effect until its cancellation or reduction is authorized by CCC pursuant to paragraph (f) of this section. An offer made by an eligible exporter will not be considered if proof of the establishment of the performance security is not made available to CCC by 3 p.m. on the date for which the offer is submitted for consideration.

(b) Form of performance security. The performance security must be acceptable to CCC and may be an irrevocable standby letter of credit, a bond, or a certified or cashier’s check. If a standby letter of credit is furnished as performance security, the opening bank must be a U.S. bank or a foreign bank. If the standby letter of credit is opened by a foreign bank, it must be 100 percent confirmed by a U.S. bank. If a
bond is furnished as performance security, the surety(ies) must be among those appearing on the list of approved sureties maintained by the U.S. Department of the Treasury. If a cashier’s or certified check is furnished as performance security, the bank issuing the cashier’s or certified check must be a U.S. bank.

(c) Amount of performance security. The amount of the performance security to be furnished to CCC in response to a particular Invitation will depend upon whether the eligible exporter intends to select “Option A” or “Option B” for the timing of the bonus payment. If the eligible exporter furnishes performance security under “Option A” of the applicable Invitation, the eligible exporter may request payment of the bonus after export of the eligible commodity but before entry of the commodity into the eligible country. If the eligible exporter furnishes performance security under “Option B” of the applicable Invitation, the eligible exporter may request payment of the bonus only after the exported eligible commodity has entered into the eligible country. The applicable Invitation will specify the exact amount of performance security for the eligible commodity required under either “Option A” or “Option B” and the method and rate for determining liquidated damages. After the exporter and CCC enter into an Agreement, the exporter may request CCC to change the performance security option for an entire Agreement from “Option B” to “Option A” and, if CCC agrees to this change, the exporter will increase the performance security amount to the level required by the applicable Invitation for “Option A”.

(d) Additional security. The exporter shall promptly furnish such additional security as CCC may determine is necessary to protect CCC under an Agreement if the surety(ies) or obligating bank:

(1) Becomes unacceptable to the U.S. Government or CCC; and/or
(2) Fails to furnish reports on its financial condition as required by the U.S. Government or CCC.

(e) Right to funds under the performance security. If CCC enters into an Agreement with an exporter under the EEP, CCC will have the right to funds from the performance security established by the exporter for such Agreement to recover:

(1) The amount of any bonus paid to the exporter under the Agreement if the exporter fails to perform in accordance with such Agreement;
(2) Any funds owed by the exporter to CCC related to the specific EEP Agreement for which the performance security was established, including those for liquidated damages, discounts for late performance, overpayments made by CCC, storage charges, or other damages or charges as determined by CCC; and/or
(3) Any amounts or funds that could be owed by the exporter to CCC in accordance with subparagraphs (e)(1) and (2) of this section for unfulfilled obligations under the Agreement if the performance security should expire prior to the exporter’s fulfillment of these obligations. Should the exporter fulfill these obligations, in accordance with the Agreement, after CCC has drawn upon the performance security, CCC will return the funds drawn to the exporter or other appropriate party, as determined by CCC. CCC may return the performance security if it determines that the exporter is not liable for any damages incurred by CCC as a result of the exporter’s failure to fulfill its obligations under the Agreement and that the exporter will not retain any bonus payment which was not earned.

(f) Cancellation or reduction of performance security. (1) CCC will agree, upon request by the exporter, to a cancellation of the performance security established for an Agreement when CCC determines, on the basis of evidence provided by the exporter or other evidence available to CCC, that:

(i) The exporter has fully performed under the Agreement;
(ii) The exporter has fully compensated CCC for all costs incurred or damages suffered by CCC, unless CCC has determined to hold the exporter harmless for such damages pursuant to §1494.801(d) as a result of the exporter’s nonperformance of the Agreement; or
(iii) It is no longer in the best interest of the EEP to require the exporter to maintain the performance security, and the exporter submits to CCC a
written statement agreeing that all other terms and conditions of the Agreement will remain unchanged pending final resolution of the exporter's liabilities to CCC.

(2) To support a request for the cancellation of performance security furnished in connection with an Agreement, the exporter must provide to CCC evidence of the export of the eligible commodity as provided by §1494.701(c), and the entry of the eligible commodity into the eligible country or countries. The entry certification must be in English or accompanied by a certified or other translation acceptable to CCC. To show entry of the eligible commodity into the eligible country, the exporter must furnish to CCC an original certification signed by a duly authorized customs or port official of the eligible country, by the eligible buyer, by an agent or representative of the vessel or shipline which delivered the eligible commodity to the eligible country, or by a private surveyor in the target country or other documentation deemed acceptable by the GSM showing:

(i) That the eligible commodity entered the eligible country;
(ii) The identification of the export carrier;
(iii) The quantity of the eligible commodity unloaded;
(iv) The kind, type, grade and/or class of the eligible commodity; and
(v) The date(s) and place(s) of unloading of the eligible commodity in the eligible country.

(3) If the exporter makes multiple shipments against a sales contract with an eligible buyer, CCC may agree to a proportional reduction in the amount of the required performance security when the exporter has furnished evidence that the exporter has performed under the Agreement with respect to a particular shipment.

(4) Upon the payment of liquidated damages by an exporter to CCC under a specific Agreement or the determination by CCC, pursuant to §1494.801(d), to hold the exporter harmless for the payment of liquidated damages owed to CCC under a specific Agreement, CCC will allow the exporter to cancel or reassign that portion of the performance security opened for such specific Agreement that would relate to the value of the liquidated damages.

§ 1494.501 Submission of offers to CCC.

(a) Consideration of offers. Unless otherwise specified in the Invitation, CCC will consider offers on a daily basis from the date of issuance of the Invitation until such time that CCC announces that offers will no longer be accepted under the Invitation, the total quantity of the eligible commodity announced in the Invitation has been awarded, or the Invitation has expired as indicated by the expiration date shown in the Invitation.

(1) Prior to the submission of an offer to CCC, the eligible exporter must have entered into a sales contract, as defined in §1494.201(bb), with an eligible buyer for the export sale and the delivery of the eligible commodity to the eligible country.

(2) The date of sale of the eligible exporter’s sales contract with an eligible buyer must be after the issuance date of the applicable Invitation.

(3) The sales contract between the eligible exporter and an eligible buyer may be conditioned upon the eligible exporter’s entering into an Agreement with CCC under the EEP for the payment of a bonus.

(4) CCC will not be responsible to any person for any loss caused by the failure of the eligible exporter to obtain a CCC bonus.

(5) The eligible exporter must promptly notify CCC in writing of any amendment to the sales contract with an eligible buyer.

(b) Submission of offers. Eligible exporters must submit offers, or modifications or withdrawals thereof, to the address, telephone, telex or facsimile numbers specified in the Notice to Exporters—Contacts for EEP. Telephonic offers must be confirmed in writing immediately thereafter by telex or facsimile. If a telephonic offer is not confirmed in writing by 9 a.m. on the next business day, the offer will not be considered. The date and time affixed to submissions will be as determined by CCC.

(c) Content of offers. Offers to CCC for a CCC bonus under the EEP must contain the information shown below in the same numerical order as shown
Commodity Credit Corporation, USDA § 1494.501

below. CCC reserves the right to reject any offer that so materially departs from this prescribed format that its consideration would hinder the offer review process. The applicable Invitation may require the submission of further information necessary for the consideration of an offer.

(1) The use of the numerical designation assigned to the applicable Invitation, which shall signify that the offer is submitted subject to all the terms and conditions of this subpart and the Invitation in response to which the offer is being submitted for consideration by CCC.

(2) The date and time for which the offer is submitted for consideration. The time shall be stated as “after 3 p.m.” For example, the information required by paragraphs (c)(1) and (c)(2) of this section could be stated as follows: “Invitation No. GSM-500-I, Revision No. X, For Consideration After 3 p.m. on August 1, 1991.”

(3) The full business name and address of the eligible exporter making the offer.

(4) The name and title of the individual signing the offer.

(5) The telephone number and telex or facsimile number of the eligible exporter submitting the offer.

(6) The CCC bonus in dollar and cents requested by the eligible exporter for each unit of measure of the eligible commodity to be exported to the eligible country. The offer shall contain only one CCC bonus. In offers submitted in response to an Invitation in which CCC has announced the bonus amount, the eligible exporter shall state the dollar and cents amount of the Announced CCC Bonus.

(7) The quantity, on a net weight basis, (less any dockage, if applicable) of the eligible commodity for which the eligible exporter wishes to receive a CCC bonus pursuant to an EEP Agreement. This quantity shall be exclusive of tolerances and expressed in the unit of measure specified in the applicable Invitation. This quantity may be less than the sales contract quantity.

(8) The U.S. coast of export. The Invitation may require the eligible exporter to indicate: The coasts of export if more than one coast of export is allowable for an offer; the Canadian port if the eligible commodity is to be transshipped through a Canadian port on the St. Lawrence River; or the U.S. city and state from which the shipments will cross the border into the eligible country if the eligible commodity is to be shipped by rail or truck.

(9) The quality of the eligible commodity to be exported to the eligible buyer, if required by the applicable Invitation, including any additional quality specifications not found in the Invitation but included in the tender specifications by the eligible buyer or the sales contract with the eligible buyer. The Invitation may limit an offer to one or more quality designations for the eligible commodity.

(10) The names of the eligible buyer and the eligible country. Unless otherwise provided for in the applicable Invitation, an offer shall contain only one eligible buyer and one eligible country. The Invitation may also provide that the eligible buyer need not necessarily be located in the eligible country.

(11) The date of sale of the sales contract with the eligible buyer.

(12) The number assigned by the eligible exporter to the sales contract.

(13) The quantity of the eligible commodity specified in the sales contract, expressed in the unit of measure specified in the applicable Invitation.

(14) The sales contract loading tolerance, if any, expressed in a percentage.

(15) The sales contract unit price, delivery terms (e.g., FOB, C&F, etc.); the nature of any arrangements or understandings of the eligible exporter and any other person that would affect the sales contract, including but not limited to, arrangements or understandings concerning commissions, rebates, and other payments if applicable; credit payment terms (e.g., GSM-102, GSM-103, or other credit arrangements); and, if required by the applicable Invitation, the discharge port. The possible credit payment terms referenced in an offer are for CCC’s information only and are not to be construed as a contingency for consideration or acceptance. The eligible exporter is fully responsible for the arrangement of such payment terms independently from the EEP offer and
CCC bears no responsibility if such credit payment terms cannot be secured.

(16) The delivery period specified in the sales contract expressed on the basis of either shipment from the United States or the Canadian transshipment port or arrival in the eligible country. If an arrival period is shown, the offer must also indicate an anticipated shipment period. If a multiple month delivery schedule is agreed upon in the sales contract the offer must specify the quantity of the eligible commodity to be delivered each month or at other specified intervals.

(17) Any options which may be exercised by the eligible buyer under the sales contract. If the offer is accepted by CCC, the exporter must immediately inform CCC if any such options are exercised by the buyer.

(18) The name and address of the sales agent, if any, for the sales contract.

(19) The designation of bonus payment under "Option A" or "Option B," as described in §1494.401(c).

(20) The words "ALL ITEM 20 CERTIFICATIONS ARE BEING MADE IN THIS OFFER" which, when included in the offer by the eligible exporter, will indicate that the eligible exporter is certifying that:

(i) The information furnished to CCC with respect to the sales contract is correct.

(ii) The date of sale with an eligible buyer was after the issuance date of the applicable Invitation.

(iii) The sale does not replace any sale made to the eligible buyer by the eligible exporter, or any affiliate or subsidiary of the eligible exporter, prior to the issuance date of the applicable Invitation.

(iv) There are no other arrangements or understandings between the eligible exporter and any other person that would alter the information provided under paragraph (c) of this section.

(v) There were and will be no corrupt payments or extra sales services, or other items extraneous to the export sale provided in connection with the export sale, and the transaction complied with applicable U.S. law.

(vi) The CCC bonus requested in the offer has been arrived at independently, without any consultation, communication, or agreement with any other eligible exporter or competitor relating to:

(A) The amount of the CCC bonus;

(B) The intention to submit an offer; or

(C) The methods or factors used to calculate the CCC bonus requested;

(vii) The CCC bonus requested in the offer has not been and will not knowingly be disclosed by the eligible exporter, directly or indirectly, to any other eligible exporter or competitor before the time the offer is to be considered by CCC, unless otherwise required by law;

(viii) No attempt has been made, or will be made, by the eligible exporter to induce any other concern to submit, or not to submit, an offer for the purpose of restricting competition;

(ix) The signatory of the offer:

(A) Is the person in the eligible exporter’s organization responsible for determining the CCC bonus being requested and has not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section; or

(B) Has been authorized in writing to act as agent for the eligible exporter for the purposes of paragraphs (b) and (c) of this section and certifies that the eligible exporter named in the offer and the signatory have not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section;

(x) If the eligible commodity is vegetable oil or a vegetable oil product, that none of the eligible commodity has been or will be used as the basis of a claim of a refund, as drawback, pursuant to Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(xi) The agricultural commodity or product to be exported under an EEP Agreement is a U.S. agricultural commodity as defined by §1494.201(gg).

(xii) The eligible exporter is providing the assurances required by §§15.4 and 15b.5 of this title (7 CFR part 15 relates to various non-discrimination provisions);
(xiii) The eligible exporter still meets all of the qualification and program eligibility requirements of §1494.301 and will immediately notify CCC if there is a change of circumstances which should cause it to fail to meet such requirements; and

(xiv) The eligible exporter is providing any other certification required by the applicable Invitation.

Any eligible exporter which is unable to make the certifications specified in this subparagraph (c)(20) must provide a written statement to that effect to CCC and may include any explanation or any additional information for the consideration of CCC. CCC will reject an offer if the eligible exporter states that it is unable to provide the required certifications, unless CCC determines that acceptance of the offer would be in the best interests of the EEP.

(d) Conditional offers. Any qualification or condition in, or added to, the offer and not expressly authorized by this subpart or the applicable Invitation may make such offer ineligible for consideration by CCC.

(e) CCC's right to additional information. CCC may require the individual who signed the offer to provide documentary evidence of such individual's authority to execute an Agreement with CCC on behalf of the eligible exporter making the offer. CCC may require the eligible exporter to submit any other information which CCC deems necessary for consideration of the eligible exporter's offer. The exporter must furnish a copy of the sales contract to CCC upon request.

(f) Considerations in making an offer. In making an offer, the eligible exporter should take into consideration that the exchange of CCC Certificates which may be issued as a bonus will be governed by the terms and conditions stated on the certificates and by any applicable regulations or procedures issued by or on behalf of CCC.

§ 1494.601 Acceptance of offers by CCC.

(a) Establishment of acceptable sales prices and CCC bonuses. For each Invitation, CCC will establish sales prices for the eligible commodity and CCC bonus amounts which would be acceptable to CCC in terms of furthering the objectives of the EEP.

(1) In establishing acceptable sales prices for the eligible commodity, CCC will consider available relevant market data.

(2) In determining acceptable CCC bonus amounts, CCC may take into consideration factors such as, but not limited to, the following: The prevailing domestic market price of the eligible commodity; the price of the same agricultural commodity exported by other exporting countries to the eligible country; ocean freight rates for the export of the eligible commodity from the U.S. and other exporting countries to the eligible country; the particular preferences or purchasing practices of buyers in the eligible country which would customarily affect the acceptability of the eligible commodity relative to that of competing exports of the same agricultural commodity to the eligible country from other exporting countries; and the cost effectiveness of the payment of a CCC bonus amount in view of CCC's obligation to maximize the use of resources available for the operation of the EEP.

(3) The acceptable sales prices and bonus amounts will be modified by CCC as necessary to take advantage of updated information that becomes available to CCC.

(b) Acceptance of offers for a CCC bonus on a competitive basis. An offer from an eligible exporter for a CCC bonus on a competitive bonus that meets all of the requirements of this subpart will first be reviewed to determine if the offer contains an acceptable sales price. If the sales price contained in the offer is found to be acceptable, then the CCC bonus contained in the offer will be reviewed to determine if the CCC bonus requested is found to be acceptable. Offers with acceptable sales prices and acceptable CCC bonuses will be accepted under each Invitation beginning with the offer having the lowest CCC bonus amount, subject to the limitations in paragraphs (f) and (h) of this section.

(c) Acceptance of offers for an announced CCC bonus. Offers from eligible exporters for an Announced CCC Bonus
§ 1494.701 Payment of bonus.

(a) Forms of bonus. The bonus may be paid to the exporter in CCC Certificates or in any other form specified in the applicable Invitation which CCC determines to be appropriate.

(b) Quantity on which bonus is paid. The quantity of the eligible commodity exported from the U.S. which is eligible for the payment of a CCC bonus is the net weight (less any dockage, if applicable) or count which is established by the Official Inspection Certificate, the Official Weight Certificate or the export bill of lading, whichever is less. If the exporter has furnished performance security under "Option A" of the applicable Invitation and wishes the bonus to be paid prior to the entry of the eligible commodity into the eligible country, this quantity will be used in calculating the bonus value for the purposes of making payment to the exporter. If the exporter is not paid the bonus until the commodity enters into the eligible country, then this quantity will also be used in calculating the bonus value for the purposes of making payment to the exporter, unless in the determination of CCC, there is evidence to suggest that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country. The payment of a bonus value to an exporter does not indicate that the bonus has been earned by the exporter under the Agreement; pursuant to §1494.801(a)(3), the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement and the exporter submits proof of such entry to CCC.

(c) Request for bonus payment under “Option A.” If the exporter has furnished performance security under “Option A” of the applicable Invitation and wishes the bonus to be paid after export of the eligible commodity, the exporter must, within 30 calendar days after the date of export of the eligible

that meet all of the requirements of this subpart and which contain an acceptable sales price will be accepted under each Invitation on a first-come, first-served basis according to the time of receipt of the offer, as determined by CCC, subject to the limitations in paragraphs (f) and (h) of this section.

(d) Notification of acceptance of offers. CCC will notify an eligible exporter by telephone of the acceptance or rejection of its offer as soon as possible after review of the exporter’s offer by CCC but not later than 10 a.m. of the next business day after the date the offer was submitted for consideration. If an offer is rejected, CCC will notify the eligible exporter of the basis for the rejection. Acceptance of offers will be confirmed in writing. The date of the telephonic notification of acceptance by CCC of the eligible exporter’s offer will be the effective date of the exporter’s Agreement with CCC.

(e) Announcement of acceptance of offers. CCC will generally announce the acceptance of offers by public press release as soon as possible after the notification to the exporter. The announcement will generally include the eligible commodity, the eligible country, the exporter, the delivery period, the CCC bonus, and, if applicable, the class of the eligible commodity.

(f) Limitation on acceptance of offers. The total quantity of the eligible commodity, exclusive of tolerances, to be exported under all offers that are accepted by CCC pursuant to a particular Invitation will not be greater than the total quantity of the eligible commodity stated in such Invitation. CCC may refuse to accept further offers under an applicable Invitation if the quantity of the eligible commodity, exclusive of tolerances, already accepted totals the quantity, exclusive of tolerances, that is being tendered for by the eligible buyer, even though such quantity may be less than the total quantity available under that Invitation.

(g) Rejection of offers. Any offer or part of an offer submitted for consideration that is not accepted by CCC by 10 a.m. of the next business day after the date for which the offer was submitted for consideration will be deemed to have been rejected.

(h) CCC’s right of rejection. Notwithstanding any other provisions of this subpart, CCC reserves the right to reject any or all offers submitted for consideration on a particular day, including those offers that have acceptable sales prices and CCC bonus amounts.
commodity, furnish to the Director, at the address referenced in the Notice to Exporters—Contacts for EEP, a written request for payment of the bonus. All documents submitted to support such a request must be acceptable to the Director.

(1) To support each bonus payment request, the exporter must furnish to the Director the following:
   (i) The original or an original copy of the on-board bill of lading issued for the export carrier and signed by an agent of the export carrier. The bill of lading must show:
      (A) The identification of the export carrier;
      (B) The date and place of issuance;
      (C) The quantity of the eligible commodity;
      (D) An on-board date; and
      (E) That the eligible commodity is destined for the eligible country.
   (ii) The original or an original copy of the Official Weight Certificate, as required in the applicable Invitation. The certificate must show:
      (A) The identification of the export carrier, if known at the time of issuance;
      (B) The date and place of issuance; and
      (C) The weight or count of the eligible commodity.
   (iii) The original or an original copy of the Official Inspection Certificate, as required in the applicable Invitation. The certificate must show:
      (A) The identification of the export carrier, if known at the time of issuance;
      (B) The date and place of issuance;
      (C) The quantity of the eligible commodity to which the certificate relates; and
      (D) The quality description of the eligible commodity.
   (iv) If the documents submitted under paragraphs (c)(1)(ii) and (iii) of this section do not specify the export carrier, the exporter must also submit a signed certification that the commodity represented by the Official Inspection and/or the Official Weight certificates is the identical eligible commodity represented on the export bill of lading.

(2) If the export of the eligible commodity was by lash barge, the exporter must furnish, in addition to the documents required by paragraph (c)(1) of this section, a statement from the vessel’s agent showing that the lash barge was loaded to the lash vessel named in the on-board lash bill of lading and that the eligible commodity is destined for the eligible country.

(3) If the export of the eligible commodity was from a Canadian transshipment port on the St. Lawrence River, the exporter must furnish to the Director the following, in addition to the documents required by paragraph (c)(1) of this section:
   (i) Documentary evidence covering the movement of the eligible commodity from the United States to the export carrier described in the on-board bill of lading issued at the Canadian transshipment port and showing the information provided in paragraphs (c)(1) and, if applicable, (c)(2) of this section; and
   (ii) A certification that the eligible commodity exported is the identical eligible commodity that was shipped from the United States.

(4) If the export of the eligible commodity was by railcar or truck, the exporter must furnish to the Director the following, in addition to the documents required by paragraphs (c)(1)(ii) and (iii) of this section:
   (i) The authenticated landing certificate or similar document issued by the government of the eligible country; and
   (ii) The original or an original copy of the bill of lading issued at the point of loading the railcar or truck. The bill of lading must show:
      (A) The identification of the export carrier;
      (B) The date and place of issuance;
      (C) The quantity of the eligible commodity;
      (D) The date that the railcar or truck was loaded; and
      (E) That the eligible commodity is destined for the eligible country.

(d) Request for bonus payment under “Option B.” If the exporter has furnished performance security under “Option B” of the applicable Invitation and wishes the bonus to be paid after the entry of the exported eligible commodity into the eligible country, the exporter must, within 60 calendar days
§ 1494.801 Enforcement and termination of agreements with CCC.

(a) Performance in accordance with an Agreement with CCC. (1) An exporter which enters into an Agreement with CCC must ensure that the eligible commodity is exported from the U.S. and enters the eligible country in accordance with the terms and conditions of the Agreement.

(2) The diversion of the eligible commodity to a country other than the eligible country is prohibited. Transshipments of the eligible commodity are permitted only if specifically allowed in the applicable Invitation or for shipment through a Canadian transshipment port on the St. Lawrence River if the eligible commodity had been shipped from the United States via the Great Lakes coastal range and its identity had been preserved until shipped from Canada.

(3) Regardless of whether or not a bonus has been paid by CCC to the exporter pursuant to §1494.701, the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement. In order to retain a bonus or request payment of a bonus, depending upon the option chosen for furnishing performance security, and to request cancellation of the performance security, the exporter must provide evidence to CCC, as specified in §1494.401(f)(2), that the eligible commodity entered into the eligible country. If, on the basis of evidence available to it, CCC determines that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country, CCC will not release the amount of performance security corresponding to the amount of eligible commodity for which insufficient evidence of entry into the eligible country was presented to CCC until:

(i) CCC recovers from the exporter the amount of the bonus corresponding to such amount of the eligible commodity, if the exporter has already been paid the bonus under performance security “Option A”; and

(ii) The requirements of either §1494.401(f)(1)(ii) or §1494.401(f)(1)(iii) have been met.

(4) The failure of an exporter to perform in full and to fulfill all of its obligations under the Agreement will constitute a breach of the Agreement. An exporter which breaches the Agreement may be required to forfeit its right to receive or retain part or all of the bonus authorized or paid under the Agreement and may also be liable to CCC for damages. Examples of an exporter’s failure to perform under the
Agreement include, but are not limited to, the following:

(i) The exporter does not ship all of the required amount of the eligible commodity in accordance with the delivery period stated in the Agreement;
(ii) The exporter exports an amount of the eligible commodity that is inconsistent with the quality specifications in the Agreement;
(iii) The exporter is unable to provide a certification that all of the eligible commodity exported pursuant to the Agreement was entered into the eligible country;
(iv) The eligible commodity is transshipped through any country, other than Canada, unless specifically allowed in the applicable Invitation; or
(v) The eligible commodity is transshipped through Canada without having its identity preserved.

(5) If the eligible commodity is to be delivered to the eligible buyer in multiple shipments, CCC may decide to consider the shipments separately in determining whether the exporter has failed to perform under the Agreement.

(b) Return of bonus. An exporter that fails to fulfill all of its obligations under the Agreement shall be in default. If an exporter that has already been paid the bonus value defaults, CCC shall have the right to recover the bonus value paid for the quantity of the eligible commodity with respect to which the exporter failed to perform under the Agreement.

(1) If CCC has paid this bonus value in the form of a CCC Certificate(s), the exporter shall pay to CCC the higher of:

(i) The dollar value of the CCC Certificate(s);
(ii) The dollar amount received for the CCC Certificate(s) if the CCC Certificate(s) was transferred to another party; or
(iii) The dollar amount of the proceeds from the sale of the CCC-owned commodities exchanged for the CCC Certificate(s) if the commodities were sold to another party.

(2) If CCC has paid this bonus value in some other form, as specified in the applicable Invitation, the exporter shall pay to CCC the dollar and cents amount or equivalent of the bonus value paid to the exporter.

(c) Liability for liquidated damages. The exporter’s failure to perform under the Agreement will cause serious and substantial losses to CCC, such as damages to the EEP and CCC’s domestic price support program, storage charges, and administrative and other costs incurred. If the exporter breaches the Agreement, the exporter will be liable to pay to CCC as liquidated damages an amount obtained by applying the method or rate for determining damages specified in the applicable Invitation to the quantity of the eligible commodity with respect to which the exporter failed to perform under such Agreement. In submitting an offer in response to an Invitation issued under this subpart, the exporter agrees that such liquidated damages are reasonable estimates of the probable actual damages which may be incurred by CCC.

(d) Decision to hold the exporter harmless for liquidated damages. CCC will hold an exporter harmless for the payment of liquidated damages if:

(1) The exporter’s failure to perform under the Agreement was due to causes solely without the exporter’s fault or negligence and the exporter had taken the necessary action to enable it to export the required quantity of the eligible commodity and enter it into the eligible country; or

(2) The eligible commodity was lost or destroyed after it had been placed aboard the export carrier.

In making the decision whether to hold an exporter harmless pursuant to this paragraph, CCC may consider any information available to CCC, including any information provided to it by the exporter.

(e) Fraud, scheme or device. Notwithstanding any other provision of law, CCC may take action to recover any bonus paid or to hold the exporter liable for the payment of damages caused to CCC if the exporter engages in fraud with respect to the EEP, or adopts or participates in adopting a scheme or device which is designed to evade this subpart or which has the effect of evading this subpart. Such acts shall include, but are not limited to:

(1) Concealing information which is required by this subpart; or
(2) Submitting information which is known by the exporter to be false or erroneous.

(f) CCC’s right to recover amounts due CCC by exporters. If the exporter breaches its obligations under the Agreement and becomes liable to CCC for repayment of the bonus value or for liquidated or other damages, CCC reserves the right to recover such amounts due CCC by making a claim against the performance security furnished to CCC, as described under §1494.401, or by taking any other measures available to CCC as a result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(g) Shipping tolerances. If the exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is less than the quantity specified in §1494.501(c)(7) but not less than such quantity minus 5 percent, the exporter shall not be required to pay liquidated damages for failure to perform under the Agreement for the quantity which failed to be exported and entered into the eligible country. If an exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is greater than the quantity specified in §1494.501(c)(7), the exporter may request payment of the bonus value based upon the actual quantity, on a net weight basis, exported and entered into the eligible country, but not greater than the quantity specified in §1494.501(c)(7), plus 5 percent.

(h) Termination of agreements. (1) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, as a result of:

(i) the failure of the exporter to carry out any provisions of the Agreement;

(ii) the failure of the exporter to maintain a business office in the U.S.;

(iii) the failure of the exporter to maintain an agent in the U.S. for service of process; or

(iv) the suspension or debarment of the exporter from participation in CCC or other U.S. Government programs.

If an Agreement is terminated by CCC pursuant to this subparagraph, CCC will not compensate the exporter for any costs incurred by the exporter. The exporter will be liable to CCC for any funds owed to CCC for the repayment of any bonus already paid and may be liable to CCC for liquidated or other damages suffered by CCC. If CCC intends to hold the exporter liable for liquidated damages, and it has not already so notified the exporter prior to the termination of the Agreement, CCC will generally do so at the time that it notifies the exporter of the termination of the Agreement.

(2) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, if CCC determines it to be in the best interest of CCC. If an agreement is so terminated, the exporter will be compensated for reasonable losses, as determined by CCC, resulting from such termination. These losses will not include lost profits and will not exceed the bonus value under the Agreement.

(i) Amendment of agreements. (1) CCC will have the authority to amend an Agreement, either before or after such Agreement has been breached by the exporter, if the exporter requests that the Agreement be amended and CCC determines that such amendment would serve the best interests of the EEP. The exporter may be required to submit documentary evidence to CCC to demonstrate that it is making progress toward fulfilling the Agreement before CCC will consider amending the Agreement. All requests for amendments submitted by exporters, and all amendments made by CCC to an Agreement, under this subpart shall be in writing.

(2) Prior to amending an Agreement with the exporter, CCC will consider whether the amendment to the Agreement should include a reduction in the CCC bonus or a modification of the sales price. If CCC determines that the CCC bonus and the sales price are still acceptable, it may amend the Agreement to incorporate the exporter’s requested change, while maintaining the current CCC bonus and sales price, provided that the amendment would otherwise serve the best interests of the EEP. If CCC determines that the CCC bonus and/or the sales price are no longer acceptable, due to changes in market or other conditions, it will so
Commodity Credit Corporation, USDA

inform the exporter. If the exporter still requests that the Agreement be amended, CCC and the exporter will enter into discussions in an attempt to arrive at a new CCC bonus and/or sales price which would be acceptable to CCC. If these discussions are successful, then CCC may amend the Agreement to incorporate the exporter’s requested change as well as the new CCC bonus and/or sales price, provided that the amendment would otherwise serve the best interests of the EEP. If these discussions are unsuccessful, then the Agreement will not be amended and the exporter will be considered to be in breach of the Agreement if it fails to perform under the terms of the Agreement.

1. Amendments to sales contracts. In the event of an amendment to the sales contract between the exporter and the eligible buyer or a change in the delivery schedule, CCC will determine whether the amendment or change would constitute a breach of the Agreement. If CCC determines that the amendment or change would constitute a breach of the Agreement, CCC may terminate the Agreement. In the alternative, if CCC determines that a continuation of the Agreement would serve the best interests of the EEP, and if the exporter requests an amendment, CCC may amend the Agreement to take into account the amendment to the sales contract or change in delivery schedule. An amendment to an Agreement will be in accordance with paragraph (i)(1) of this section. CCC will promptly advise the exporter of its determination in writing by letter, facsimile, or telex.

§ 1494.901 Dispute resolution and appeals.

(a) Dispute resolution. (1) The Director of the CCC Operations Division (Director, CCCOD) and the exporter will attempt to resolve any disputes, including any adverse determinations made by CCC, arising under the EEP, this subpart, the applicable Invitation, or the Agreement.

(2) The exporter may seek reconsideration of a determination by the Director, CCCOD relating to the Agreement by submitting a letter requesting reconsideration to the Director, CCCOD, within 30 days of the date of the determination. For the purposes of this section, the date of a determination will be the date of the letter or other means of notification to the exporter of the determination. The exporter may include with the letter requesting reconsideration any additional information which it wishes the Director, CCCOD, to consider in reviewing its request. The Director, CCCOD, will respond to the request for reconsideration within 30 days of the date on which the request or the final documentary evidence submitted by the exporter is received by him, whichever is later, unless the GSM extends the time permitted for response. If the exporter fails to request reconsideration of a determination by the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting such a request.

(3) If the exporter requested a reconsideration of a determination by the Director, CCCOD, pursuant to subparagraph (a)(2) of this section, and the Director, CCCOD, upheld the original determination, then the exporter may appeal the determination to the GSM in accordance with the procedures set forth in paragraph (b) of this section. If the exporter fails to appeal the determination to the GSM, then any funds owed to CCC will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting an appeal to the GSM.

(b) Appeal procedures. (1) An exporter which has exhausted the procedures set forth in paragraph (a) of this section may appeal to the GSM a determination of the Director, CCCOD, relating to the Agreement between the exporter and CCC. An appeal to the GSM must be in writing and filed with the office of the GSM no later than 30 days following the date of the final determination by the Director, CCCOD. In this appeal to the GSM, the exporter shall be entitled to an administrative hearing before the GSM, if the exporter indicates in its appeal letter that it desires such a hearing.

(2) If the exporter does not desire an administrative hearing, the exporter
may submit any additional written information or documentation which it desires the GSM to consider in acting upon its appeal. This information or documentation may be submitted to the GSM up until the time that a decision is made by the GSM. The GSM will base the determination upon information contained in the administrative record. The GSM will endeavor to make a decision on an appeal not involving a hearing within 60 days of the date on which the GSM receives the appeal or the date that final documentary evidence is submitted by the exporter to the GSM, whichever is later.

(3) If the exporter has indicated that it desires an administrative hearing, the GSM will set a date and time for the hearing which is mutually convenient for the GSM and the exporter. This date will ordinarily be within 60 days of the date on which the GSM receives the request for hearing. The hearing will be an informal procedure. The exporter and/or its counsel may present any administrative or documentary evidence to the GSM which it desires to have the GSM consider in making a determination. A transcript of the hearing will not ordinarily be prepared unless the exporter bears the costs involved in preparing the transcript, although the GSM may arrange to have a transcript prepared at the expense of the Government if it is determined to be appropriate. The exporter may provide additional written information to the GSM up until the time that the GSM makes a determination. The GSM will base the determination upon the information contained in the administrative record and will endeavor to make a decision within 60 days of the date of the hearing or the date of receipt of the transcript, if one is to be prepared, whichever is later.

(4) The decision of the GSM will be the final determination of CCC and the exporter will be entitled to no further administrative appellate rights.

(5) If the GSM upholds a determination of the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC.

(c) Failure to comply with determination. If, for any reason, the exporter has failed to pay funds to CCC which have been determined to be owed to CCC under the Agreement and the exporter has exhausted its rights under this section or has failed to exercise such rights, then CCC will have the right to withdraw funds from the performance security established by the exporter or to take any other measures available to CCC as result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(d) Exporter’s obligation to perform. The exporter will continue to have an obligation to perform under the Agreement pending the conclusion of all procedures under this section.

§ 1494.1001 Miscellaneous provisions.

(a) Assignments. The exporter may not assign the Agreement or any rights thereunder, including the right to receive a bonus under the Agreement.

(b) Maintenance of records and access to premises. (1) For a period of five years after CCC agrees to the cancellation of an exporter’s performance security for an Agreement, the exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with the Agreement. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, will have full and complete access to the premises of the exporter during regular business hours from the effective date of the Agreement until the expiration of such five-year period to inspect, examine, audit and make copies of the exporter’s books, records and accounts concerning transactions relating to the Agreement, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. From the effective date of the Agreement and until the expiration of such five-year period, the exporter may be required to make available to the Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the
review of transactions undertaken by the exporter in connection with the performance of an EEP Agreement.

(2) The exporter must maintain the certification of entry specified in §1494.401(f)(2), and must provide access to such document if requested by the Secretary of Agriculture or an authorized representative, for the five-year period specified in subparagraph (b)(1) of this section.

(c) Arrival verification reviews. CCC will review, on an annual basis, a sufficient number of exports made in connection with EEP Agreements to ensure that the eligible commodity which was exported pursuant to each such Agreement arrived in the eligible country specified in the Agreement.

(d) Signatory on certifications. Any certification required from a person pursuant to this subpart or an Invitation must be signed by the person, if an individual, or by a partner or officer of the person, if the person is a partnership or a corporation, respectively.

(e) Officials not to benefit. No member of or Delegate to Congress, or Resident Commissioner, will participate or share in any of the benefits of any Agreement entered into pursuant to the EEP, but this provision may not be construed to extend to an Agreement made by CCC with a corporation for its general benefit.

(f) Paperwork Reduction Act. The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control number 0551–0028.

Subpart C—Dairy Export Incentive Program Criteria

Source: 56 FR 26324, June 7, 1991, unless otherwise noted.

§1494.1100 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation’s (CCC) Dairy Export Incentive Program (DEIP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for DEIP initiatives which will best meet the program’s objectives. The objectives of the program are to increase U.S. agricultural commodity exports and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the DEIP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted dairy products in targeted destinations. In the operation of the DEIP, CCC will make reasonable efforts to avoid the displacement of commercial export sales of U.S. dairy products and to ensure that sales facilitated by the DEIP are in addition to, and not in place of, any export sales of dairy products that the exporter would have otherwise made in the absence of the program.

§1494.1101 Criteria.

The criteria considered in evaluating and approving proposals for the DEIP are those set forth in §1494.20 of this part.

Subpart D—Dairy Export Incentive Program Operations

§1494.1200 Program operations.

This subpart contains the regulations governing the operation of the Dairy Export Incentive Program (DEIP) of the Commodity Credit Corporation (CCC). Under the DEIP, CCC facilitates the export of U.S. dairy products by paying bonuses to exporters which export U.S. dairy products to targeted markets in accordance with the terms and conditions of an Agreement entered into between the exporter and

CCC. Except as otherwise provided in this subpart, the program operations provisions of subpart B of this part, relating to the Export Enhancement Program, will also apply to the DEIP. Any terms or conditions applicable to a particular Invitation for Offers (Invitation) under the DEIP, beyond those terms or conditions set forth in this subpart or subpart B of this part, will be specifically provided for in such Invitation.

§ 1494.1201 Paperwork Reduction Act.

The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control No. 0551–0029.

All provisions of the CCC Charter Act (15 U.S.C. 714 et seq.) and any other statutory provisions that are generally applicable to CCC are applicable to FFPr and the regulations set forth in this part.

An application shall contain the items specified in paragraph (b) of this section and shall be submitted electronically to FAS at the address set forth at http://www.fas.usda.gov. An entity that has not yet met the eligibility requirements in §1499.3 may submit an application, but FAS will not enter into an agreement with an entity until FAS had made a determination of eligibility under §1499.3.

(b) An applicant shall include the following items in its application:

(1) A completed Form SF–424, which is a standard application for Federal assistance;

(2) An introduction that contains the elements specified in paragraph (c) of this section; and

(3) A plan of operation that contains the elements specified in paragraph (d) of this section.

(c) The introduction shall include:

In order to determine whether the entity is financially responsible, FAS may require it to submit corporate policies and financial materials that have been audited or otherwise reviewed by a third party;

(4) A person or agent located in the United States with respect to which service of judicial process may be obtained by FAS on behalf of the entity; and

(5) An operating financial account in the proposed targeted country, or a satisfactory explanation for not having such an account and a description of how a FFPr agreement would be administered without such an account.

(b) In determining whether an entity will be eligible to be a participant, FAS may consider the entity’s previous compliance or noncompliance with the provisions of this part and part 1599 of this title. FAS may consider matters such as whether the entity corrected deficiencies in the implementation of an agreement in a timely manner and whether the entity has timely and accurately filed reports and other submissions that are required to be filed with FAS and other agencies of the United States.

(c) The agreement will include a budget that sets forth the maximum amounts of sale proceeds and CCC-provided funds that may be expended for various purposes under the agreement. A participant may make adjustments to this budget without prior approval from FAS only as specified in the agreement.
(d) Prior to providing any donated commodities or CCC-provided funds to a participant under an agreement, FAS may require the participant to complete a training program administered by FAS that is designed to ensure that the participant is aware of, and has the capacity to complete, all required reporting and audit functions set forth in this part.
(e) A participant will be prohibited from using CCC-provided funds to acquire goods and services, either directly or indirectly through another party, from certain countries that will be specified in the agreement. Any violation of this provision of the agreement will be a basis for immediate termination by CCC of the agreement, in addition to the imposition of any other applicable civil and criminal penalties.
(f) The agreement will prohibit the sale or transshipment of the donated commodities to a country not specified in the agreement for as long as such donated commodities are controlled by the participant.

(2) The original, or a true copy of, each on-board bill of lading indicating
§ 1499.7 Transportation of goods.

(a) Shipments of donated commodities are subject to the requirements of the participant will be reimbursed in the manner set forth in the agreement.

(b) If the participant arranges for transportation in accordance with §1499.7(b)(2), and the participant has used a freight forwarder, the participant shall cause the freight forwarder to submit the documents specified in §1499.6(a) in order to receive payment from CCC.

(c) In no case will CCC reimburse a participant for demurrage costs or pay demurrage to any other entity.

(d) If FAS has agreed to pay the costs of transporting, storing, and distributing the donated commodities from the designated port or point of entry, the participant will be reimbursed in the manner set forth in the agreement.

(e) If the agreement authorizes the payment of CCC-provided funds, CCC will pay these funds to the participant on a reimbursement for expenses basis, except as provided in paragraph (f)(1) of this section. The participant shall request the payment of CCC-provided funds to reimburse it for authorized expenses in the manner set forth in the agreement.

(f)(1) A participant may request an advance of the amount of funds specified in the agreement. FAS will not approve any request for an advance if:

(i) It is received earlier than 60 days after the date of a previous advance made in connection with the same agreement; or

(ii) Any required reports, as specified in §1499.13 and in the agreement, are more than six months in arrears.

(2) Except as may otherwise be provided in the agreement, the participant shall deposit and maintain in a bank account located in the United States all funds advanced by CCC. The account shall be interest-bearing, unless the exceptions in §3019.22(k) of this title apply, or FAS determines that this requirement would constitute an undue burden. The participant shall remit semi-annually to CCC any interest earned on the advanced funds. The participant shall, no later than 10 days after the end of each calendar quarter, submit a financial statement to FAS accounting for all funds advanced and all interest earned.

(3) The participant shall return to CCC any funds that are advanced by CCC if such funds have not been obligated as of the 180th day after the advance was made. Such funds and interest shall be transferred to FAS within 30 days of such date.

(g) If a participant is required to pay funds to CCC in connection with an agreement, the participant shall make such payment in U.S. dollars, unless otherwise approved in advance by FAS.

(h) Suppliers of commodities shall seek payment according to the purchase contract with CCC.
(a) Transportation of donated commodities and other goods such as bags that may be provided by CCC under FFPPr will be acquired under a specific agreement in the manner determined by FAS. Such transportation will be acquired:

(1) CCC in accordance with the Federal Acquisition Regulations (FAR), USDA’s procurement regulations set forth in chapter 4 of title 48 of the Code of Federal Regulations (the AGAR), and directives issued by the Director, Office of Procurement and Property Management, USDA; or

(2) The participant, with reimbursement by CCC, in the manner specified in the agreement.

(c) A participant that acquires transportation in accordance with paragraph (b)(2) of this section may only use the services of a freight forwarder that is licensed by the FMC and that would not have a conflict of interest in carrying out the freight forwarder duties. To assist FAS in determining whether there is a potential conflict of interest, the participant must submit to FAS a certification indicating that the freight forwarder:

(1) Is not engaged in, and will not engage in, supplying commodities or furnishing ocean transportation or ocean transportation-related services for commodities provided under any FFPPr agreement to which the participant is a party; and

(2) Is not affiliated with the participant and has not made arrangements to give or receive any payment, kickback, or illegal benefit in connection with its selection as an agent of the participant.

(d) A participant that is responsible for transportation under paragraph (b)(2) of this section shall declare in the transportation contract the point at which the ocean carrier will take custody of commodities to be transported.

§ 1499.8 Entry and handling of commodities.

(a) The participant shall make all necessary arrangements for receiving the donated commodities in the targeted country, including obtaining appropriate approvals for entry and transit. The participant shall store and maintain the donated commodities in good condition from the time of delivery at the port of entry or the point of receipt from the originating carrier until their distribution, sale or barter.

(b) The participant shall, as provided in the agreement, arrange for transporting, storing, and distributing the donated commodities from the designated point and time where title to the commodities passes to the participant by contracting directly with suppliers of services, as set forth in the agreement.

(c)(1) If a participant arranges for the packaging or repackaging of donated commodities that are to be distributed, the participant shall ensure that the packaging:

(i) Is plainly labeled in the language of the targeted country;

(ii) Contains the name of the donated commodities;

(iii) Includes a statement indicating that the donated commodities are furnished by the people of the United States of America; and,

(iv) Includes a statement indicating that the donated commodities shall not be sold, exchanged or bartered.

(2) If a participant arranges for the reprocessing and repackaging of donated commodities that are to be distributed, the participant shall ensure that the packaging:

(i) Is plainly labeled in the language of the targeted country;

(ii) Contains the name of the reprocessed product;

(iii) Includes a statement indicating that the reprocessed product was made with commodities furnished by the people of the United States of America; and,

(iv) Includes a statement indicating that the reprocessed product shall not be sold, exchanged or bartered.

(3) If a participant distributes donated commodities that are not packaged, the participant shall, to the extent practicable, display:

(i) Banners, posters or other media informing the public of the name and source of the donated commodities; and

(ii) A statement that the donated commodities may not be sold, exchanged, or bartered.
§ 1499.9 Damage to or loss of commodities.

(a) FAS will be responsible for the donated commodities prior to the transfer of title to the commodities to the participant. The participant will be responsible for the donated commodities following the transfer of title to the commodities to the participant. The title will transfer as specified in the agreement.

(b) A participant shall inform FAS, in the manner and within the time period set forth in the agreement, of any damage to or loss of the donated commodities that occurs following the transfer of title to the commodities to the participant. The participant shall take all steps necessary to protect its interests and the interests of CCC with respect to any damage to or loss of the donated commodities that occurs after title has been transferred to the participant. The agreement will specify whether the participant is responsible for obtaining a survey in the event that the donated commodities are damaged or lost following the transfer of title to the commodities to the participant.

(c) If the donated commodities are damaged or lost during the time that they are in the care of the carrier:

(1) And either FAS or the participant engages the services of an independent cargo surveyor, the surveyor will provide to FAS and the participant any report, narrative chronology or other commentary that it prepares;

(2) FAS and the participant will provide to each other the names and addresses of any individuals known to be present at the time of discharge or during the survey who can verify the quantity of damaged or lost commodities;

(3) And the participant engages the services of the surveyor, CCC will reimburse the participant for the reasonable costs, as determined by FAS, of the survey, unless:

(i) The participant was required by the agreement to pay for the survey;

(ii) The survey was a delivery survey and the surveyor did not also prepare a discharge survey; or

(iii) The survey was not conducted contemporaneously with the discharge of the vessel, unless FAS determines that such action was justified under the circumstances;

(4) Any survey obtained by the participant shall, to the extent practicable, be conducted jointly by the surveyor, the participant, and the carrier, and the survey report shall be signed by all parties;

(5) And the damage or loss occurred with respect to a bulk grain shipment, if the agreement provides that the participant is responsible for survey and outturn reports, the participant shall engage the services of an independent cargo surveyor to:

(i) Observe the discharge of the cargo;

(ii) Report on discharging methods, including scale type, calibrations and any other factor that may affect the accuracy of scale weights, and, if scales are not used, state the reason therefor and describe the actual method used to determine weight;

(iii) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;

(iv) Advise on the quality of sweepings;

(v) Obtain copies of port or vessel records, if possible, showing the quantity discharged; and

(vi) Notify the participant immediately if the surveyor has reason to believe that the correct quantity was not discharged or if additional services are necessary to protect the cargo; and

(6) And the damage or loss occurred with respect to a container shipment, if the agreement provides that the participant is responsible for survey and outturn reports, the participant shall engage the services of an independent cargo surveyor to list the container numbers and seal numbers shown on the containers, indicate whether the
seals were intact at the time the containers were opened, and note whether the containers were in any way damaged.

(d) If the participant has title to the donated commodities, and the value of any damaged donated commodities is in excess of $1,000, the participant shall immediately arrange for an inspection by a public health official or other competent authority approved by FAS and provide to FAS a certification by such public health official or other competent authority regarding the exact quantity and condition of the damaged commodities. The value of damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by CCC with respect to such commodities. The participant shall inform FAS of the results of the inspection and indicate whether the damaged commodities are:

1. Fit for the use authorized in the agreement and, if so, whether there has been a diminution in quality; or
2. Unfit for the use authorized in the agreement.

(e)(1) If the participant has title to the donated commodities, the participant shall arrange for the recovery of that portion of the donated commodities designated as suitable for the use authorized in the agreement. The participant shall dispose of donated commodities that are unfit for such use in the following order of priority:

1. Sale for the most appropriate use, i.e., animal feed, fertilizer, industrial use, or another use approved by FAS, at the highest obtainable price;
2. Donation to a governmental or charitable organization for use as animal feed or other non-food use; or
3. Destruction of the commodities if they are unfit for any use, in such manner as to prevent their use for any purpose.

The participant shall arrange for all U.S. Government markings to be obliterated or removed before the donated commodities are transferred by sale or donation.

(f) A participant may retain any proceeds generated by the disposal of the donated commodities in accordance with paragraph (e)(1) of this section and shall use the proceeds for expenses related to the disposal of the donated commodities and for activities specified in the agreement.

(g) The participant shall notify FAS immediately and provide detailed information about the actions taken in accordance with paragraph (e)(1) of this section, including the quantities, values, and dispositions of commodities determined to be unfit.

§ 1499.10 Claims for damage to or loss of commodities.

(a) FAS will be responsible for claims arising out of damage to or loss of a quantity of the donated commodities prior to the transfer of title to the commodities to the participant.

(b) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be $20,000 or greater, the participant will be responsible for:

1. Initiating a claim arising out of such damage or loss, including actions relating to collections pursuant to commercial insurance contracts; and
2. Notifying FAS immediately and providing detailed information about the circumstances surrounding such damage or loss, the quantity of damaged or lost donated commodities, and the value of the damage or loss.

(c) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be less than $20,000, the participant will be responsible for providing detailed information about the damage or loss in the next report required to be filed under §1499.13(c)(1) or (2) and shall not be required to initiate a claim collection action.

(d)(1) The value of a claim for lost donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by CCC with respect to such commodities.

2. The value of a claim for damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by CCC with respect to such commodities, less any funds generated if such commodities
§ 1499.11 Use of commodities and sale proceeds.

(a) A participant must use the donated commodities in accordance with the agreement.

(b) A participant shall not permit the distribution, handling, or allocation of donated commodities on the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliation of the potential consumers or beneficiaries.

(c) A participant shall not permit the distribution, handling, or allocation of donated commodities by the military forces or any government or insurgent group without the specific authorization of FAS.

(d) A participant may sell or barter donated commodities only if such sale or barter is provided for in the agreement or the participant is disposing of damaged commodities as specified in §1499.9. The participant shall sell the donated commodities at a reasonable market price in the economy where the sale occurs. The participant shall use any sale proceeds, income, or goods or services derived from the sale or barter of the donated commodities only as provided in the agreement.

(e) The participant shall deposit all sale proceeds and income into a separate, interest-bearing account unless the exceptions in §3019.22(k) of this title apply, the account is in a country where the laws or customs prohibit the payment of interest, or FAS determines that this requirement would constitute an undue burden.

(f) A participant may use sale proceeds or income to purchase real or personal property only if local law permits the participant to retain title to such property. However, the participant shall not use sale proceeds or income to pay for the acquisition, development, construction, alteration or upgrade of real property that is:

(1) Owned or managed by a church or other organization engaged exclusively in religious pursuits; or

(2) Used in whole or in part for sectarian purposes, except that a participant may use sale proceeds or income to pay for repairs to or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of donated commodities, but only if such structure is not used in whole or in part for any religious or sectarian purposes while the donated commodities are stored in it. If such use is not specifically provided for in the agreement, such use may only occur after receipt of written approval from FAS.

(g) A participant shall endeavor to comply with §§3019.41 through 3019.43 of this title when procuring goods and services and when engaging in construction work to implement the agreement. The participant shall also establish procedures to prevent fraud. As provided for in the agreement, the participant shall enter into a written contract with each provider of goods, services or construction work that requires the provider to maintain adequate records to account for all donated commodities or funds or both provided to the provider by the participant and to submit periodic reports to the participant. The participant shall submit a copy of the signed contracts to FAS.

§ 1499.12 Subrecipients.

(a) If provided for in the agreement, a participant may utilize the services of a subrecipient to implement activities under this agreement. The participant...
shall enter into a written subagreement with the subrecipient, and provide a copy of such subagreement to FAS, in the manner set forth in the agreement, prior to the transfer of any donated commodities, sale proceeds, income or CCC-provided funds to the subrecipient. Such written subagreement shall require the subrecipient to pay to the participant the value of any donated commodities, sale proceeds, income, or CCC-provided cash funds that are not used in accordance with the subagreement or are lost, damaged, or misused as a result of the subrecipient’s failure to exercise reasonable care.

(b) If a participant demonstrates to FAS that it is not feasible to enter into a subagreement with a subrecipient, FAS may grant approval to proceed without a subagreement; provided, however, that the participant must obtain such approval from FAS prior to transferring any donated commodities, sale proceeds, income, or CCC-provided funds to the subrecipient.

(c) The participant shall monitor the actions of a subrecipient as necessary to ensure that donated commodities or funds provided to the subrecipient are used for authorized purposes in compliance with applicable laws and regulations and the agreement and that performance goals are achieved. The participant shall provide in the subagreement that the subrecipient must comply with applicable provisions of the regulations set forth in Chapter XXX of this title.

§ 1499.13 Recordkeeping and reporting requirements.

(a) A program participant shall retain records and permit access to records in accordance with the requirements of §3019.53 of this title. The date of submission of the final expenditure report, as referenced in §3019.53(b) of this title, shall be the final date of submission of the forms required by paragraphs (c)(1) and (2) of this section as prescribed by FAS.

(b) A participant shall, within 30 days after export of all or a portion of the donated commodities, submit evidence of such export to FAS, in the manner set forth in the agreement. The evidence may be submitted through an electronic media approved by FAS or by providing the carrier’s on board bill of lading. The evidence of export must show the kind and quantity of commodities exported, the date of export, and the country where commodities were delivered.

(c)(1) A participant shall submit to FAS information, using a form as prescribed by FAS, covering the receipt, handling and disposition of the donated commodities. Under these provisions, refiners may enter raw sugar unrestricted by the quantitative limit established for the raw sugar tariff-rate quota or the requirements of certificates of quota eligibility provided for in 15 CFR part 2011, as long as licensees under the programs export an equivalent quantity of refined sugar, either as refined sugar or as an ingredient in sugar containing products, or use the refined sugar in the production of certain polyhydric alcohols.

§ 1530.101  Definitions.

Affiliated persons means two or more persons where one or more of said persons directly or indirectly controls or has the power to control the other(s), or, a third person controls or has the power to control the others. Indications of control include, but are not limited to: interlocking management or ownership, identity of interests among family members, shared facilities and equipment, and common use of employees.

§ 1530.103 License eligibility.

(a) A raw cane sugar refiner, a manufacturer of sugar containing products, or a producer of certain polyhydric alcohols, that owns and operates a facility within the U.S. Customs Territory, is eligible for a license to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program, respectively.

(b) No person may apply for or hold more than one license, including a license held by an affiliated person.

(c) Notwithstanding paragraph (b) of this section, a person who owns one or more wholly-owned subsidiary corporations manufacturing sugar containing products or producing certain polyhydric alcohols, which would otherwise qualify for an individual license, is eligible for a consolidated license to cover the program transactions and other program activities of both the parent corporation and the subsidiary corporation(s). The program transactions and other program activities of the subsidiary corporation(s) covered by a consolidated license shall be treated as the activities of the corporation holding the consolidated license.
§ 1530.104 Application for a license.

(a) A person seeking a license shall apply in writing to the Licensing Authority and shall submit the following information:

(1) The name and address of the applicant;

(2) The address at which the applicant will maintain the records required under §1530.110;

(3) The address(es) of the applicant’s processing plant(s), including any wholly-owned subsidiary(s) and plant(s) in the case of a consolidated license, and including those of any co-packer(s);

(4) In the case of a refined sugar product, the polarity of the product and the formula proposed by the refiner for calculating the refined sugar in the product;

(5) In the case of a sugar containing product, the percentage of refined sugar (100 degree polarity), on a dry weight basis, contained in such product(s);

(6) In the case of polyhydric alcohol, the quantity of refined sugar used producing certain polyhydric alcohols; and

(7) A certification explaining that the applicant is not affiliated with any other licensee, or explaining any affiliations, should they exist.

(b) A documentation agreement must be concluded with the Licensing Authority.

(c) Notwithstanding paragraphs (a) and (b) of this section, licensees may receive credit for the exportation or transfer of refined sugar, the exportation of a sugar containing product, or the production of certain polyhydric alcohols prior to the corresponding date of entry of raw cane sugar or the date of transfer of refined sugar.

(d) Licensees are encouraged to submit monthly program transaction reports, but shall report no later than 90 days from the date of entry, transfer, export, or use.

(e) A refiner may enter raw sugar, or a manufacturer or producer may receive a transfer of refined sugar, in anticipation of the transfer or export of refined sugar (refiner), the export of sugar in sugar containing products (manufacturer) or the production of a polyhydric alcohol (producer) not to exceed the value of a bond or letter of credit, which must be established pursuant to §1530.107 of this part. The value of a bond or letter of credit shall not exceed the license limits established in this section.

(f) A refiner shall not exceed a license balance of 50,000 metric tons, raw value for the sum of all charges and credits.

(g) A refiner may enter raw sugar from Mexico and re-export, within 30 days of entry, refined sugar to Mexico without a charge against the refiner’s
license balance. If the refined sugar is not re-exported to Mexico within 30 days of entry, the license shall be charged the quantity that has not been re-exported.

(h) A manufacturer or a producer shall not exceed a license balance of 10,000 short tons, refined value for the sum of all charges and credits.

(i) A manufacturer’s or a producer’s consolidated license balance, or the sum of a parent company and wholly-owned subsidiary license balances if held separately, shall not exceed a license balance of 25,000 short tons, refined value for the sum of all charges and credits.

(j) For the purposes of the programs governed by this part, sugar is fully substitutable. The refined sugar transferred, exported, or used does not need to be the same sugar produced by refining raw sugar entered under subheading 1701.11.20 of the HTS.

(k) A licensee may use an agent to carry out the requirements of participation in the program. The licensee must retain ownership of and responsibility for the product until exported from the U.S. Customs Territory, to a restricted foreign trade zone, or used in the production of certain polyhydric alcohols, and must establish and maintain sufficient documentation, as agreed in the documentation agreement pursuant to §1530.110, to substantiate export of the product or the production of certain polyhydric alcohols.

(l) A license may be assigned only with the written permission of the Licensing Authority and subject to such terms and conditions as the Licensing Authority may impose.

(m) The Licensing Authority may impose such conditions, limitations or restrictions in connection with the use of a license at such time and in such manner as the Licensing Authority, at his or her discretion, determines to be necessary or appropriate to achieve the purposes of the relevant program.

§ 1530.106 License charges and credits.

(a) A license shall be charged or credited for the quantity of sugar entered, transferred, exported, or used, adjusted to a dry weight basis. Refiner quantities shall be adjusted to raw value, using the formulas set forth in paragraphs (a) (1), (2), and (3) of this section. Manufacturer and producer quantities shall be adjusted to 100 degrees polarity on a dry weight basis.

(1) To adjust the raw value for sugar with a polarization of less than 92 degrees, divide the total sugar content by 0.972 (polarization \times outturn weight/0.972).

(2) To adjust the raw value for sugar with polarization of 92 degrees or above, multiply the polarization times 0.0175, subtract 0.68, and multiply the difference by the outturn weight (\text{(polarization \times 0.0175)} - 0.68 \times \text{outturn weight}).

(3) To determine the quantity of refined sugar that must be transferred or exported to equal a corresponding quantity of entered raw sugar charged to a license, divide the quantity of entered raw sugar by 1.07 (raw quantity/1.07).

(b) [Reserved]

§ 1530.107 Bond or letter of credit requirements

(a) The licensee may charge program sugar in anticipation of the transfer or export of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols, if the licensee establishes a performance bond or a letter of credit with the U.S. Department of Agriculture, which meets the criteria set forth in this section.

(b) The bond or letter of credit may cover entries made either during the period of time specified in the bond (a term bond) or for a specified entry (a single entry bond).

(c) Only the licensee who will refine the sugar, manufacture the sugar containing product, or produce certain polyhydric alcohols may be the principal on the bond or letter of credit covering such sugar to be re-exported or used in the production of certain polyhydric alcohols. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond or letter of credit shall be made effective no later than the date of entry of the
§ 1530.108 Revocation or surrender of licenses.

(a) A license may be revoked upon written notice by the Licensing Authority.

(b) A licensee may surrender a license when the sum of all credits is equal to or greater than the sum of all charges.

§ 1530.109 Reporting.

(a) A licensee may submit as often as monthly for charges and credits against a license balance, but must submit at least a quarterly report to the Licensing Authority not later than 90 days after the earliest transaction in the report for which credits or charges are being submitted. The licensee need not report when there have not been transactions during the reporting period.

(b) Reports may be submitted by e-mail, U.S. mail, private courier, or in person, but must be in an integrated database format acceptable to the Licensing Authority. A copy of this format may be obtained from the Licensing Authority. Applicants unable to submit a report in the specified electronic format may seek a temporary waiver to permit them to submit the report on paper.

(c) The reports must include the following for all program transactions:

1. A unique number associated with the transaction;
2. The date of the entry, transfer (only a refiner shall report transfers to the Licensing Authority), export, or use;
3. The quantity of program sugar entered, transferred, exported as refined sugar, or used in the production of certain polyhydric alcohols;
4. The licensee’s license number, or if a transfer is being reported, the licensee’s license number as well as the transfer recipient’s license number;
5. The country of origin (entry of raw sugar) or final destination (refined sugar exports), using the exact country code designated in the HTS; and
6. The initial and final polarization, and final weight (when available) for entries of raw sugar.

(d) Licensees have an affirmative and continuing duty to maintain the accuracy of the information contained in the reports.

1. The licensee shall immediately notify the Licensing Authority and promptly request that previously claimed credits be charged back upon discovery that previously claimed exports of refined sugar, refined sugar in sugar containing products, or refined sugar used in the production of polyhydric alcohol were re-entered into the U.S. Customs Territory without substantial transformation, not used in the production of certain polyhydric alcohols, made under a false underlying proof of export, or made but previously submitted exports do not otherwise satisfy the requirements of regulations or the documentation agreement.

2. Charge backs shall be as of the date of the erroneously claimed credit.
§ 1530.110 Records, certification, and documentation.

(a) A licensee shall establish a documentation agreement with the Licensing Authority before submitting for credit against a license. The licensee shall propose to the Licensing Authority a list of documents to substantiate entries, transfers, exports, or use as appropriate. The Licensing Authority shall consider the licensee’s proposal to assure that it provides that a program transaction is fully substantiated, and shall then respond in writing to the licensee in a timely fashion outlining any deficiencies. Once agreed, the licensee shall submit a notarized letter specifying the documents to be maintained on file and certifying that the charges and credits made pursuant to § 1530.106 will be kept on file, identifiable by a unique number, and available for inspection pursuant to § 1530.110.

(b) For all transactions, the documentation shall:
(1) Substantiate the information required in § 1530.109 (c), and the completion of the reported transaction;
(2) Establish the buyer and seller specifications for a transaction;

(4) Provide the correct telephone numbers and addresses of any agents, consignees, foreign purchasers, and non-vessel operating common carriers used in completing the transaction;
(5) Indicate the port of entry or export for the program transaction;
(6) Provide the percentage of sugar in a sugar containing product or certain polyhydric alcohols; and
(7) Provide the name of export carrier, vessel name, and container number.

(c) The licensee shall maintain the documentation established in the documentation agreement for 5 years from the date of such program transaction.

(d) Upon request, the licensee shall make the records, outlined by the documentation agreement and identified (associated) by the unique number assigned by the licensee to the program transaction as reported to the Licensing Authority for posting against a license balance, available for inspection and copying by the Licensing Authority, the Compliance Review Staff of the Foreign Agricultural Service, and/or the Office of the Inspector General, USDA, the U.S. Department of Justice, or any U.S. Government regulatory or investigative office.

§ 1530.111 Enforcement and penalties.

(a) The Licensing Authority may revoke credits granted on a license if the credits granted do not meet the requirements set forth in the regulations of this part, or if the licensee does not voluntarily charge back credits erroneously claimed in accordance with these regulations. The Licensing Authority may also recommend revocation of a license, if the licensee has been in violation of § 1530.109 (c) of this part.

(b) The Administrator of the Foreign Agricultural Service, USDA, may suspend or revoke a license upon recommendation of the Licensing Authority. Suspension of a license will be governed by 7 CFR part 3017, subpart D and debarment will be governed by 7 CFR part 3017, subpart C.

§ 1530.112 Administrative appeals.

(a) The licensee may appeal the Licensing Authority’s determination by filing a written notice of appeal, signed by the licensee or the licensee’s agent, with the Director, Import Policies and Programs Division, Foreign Agricultural Service (Director), or his or her designee. The decision on such an appeal shall be made by the Director, and will be governed by § 3017.515 of this title. The appeal must be filed not later than 30 days after the date of the Licensing Authority’s determination, and shall contain the licensee’s written argument.

(b) The licensee may request an informal hearing. The Director shall arrange a place and time for the hearing, except that it shall be held within 30 days of the filing date of the notice of appeal if the licensee so requests.

(c) The licensee may be represented by counsel, and shall have full opportunity to present any relevant evidence, documentary or testimonial. The Director may permit other individuals to present evidence at the hearing and the licensee shall have an opportunity to question those witnesses.
§ 1530.113 Waivers.

Upon written application of the licensee or at the discretion of the Licensing Authority, and for good cause, the Licensing Authority may extend the period for transfer, export, or production, and/or may temporarily increase a maximum license limit, may extend the period for submitting regularly scheduled reports, or may temporarily waive or modify any other requirement imposed by this part if the Licensing Authority determines that such a waiver will not undermine the purpose of the relevant program or adversely affect domestic sugar policy objectives. The Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.114 Implementation.

Current program participants may qualify under this rule upon concluding a documentation agreement with the Licensing Authority, but must conclude a documentation agreement within 24 months of the effective date of this rule. Participant license balances, as of the effective date of this rule, shall continue under this rule.

A request under this subpart may be filed by an entity, including a firm, group or workers, trade association, or certified or recognized union which is representative of a domestic industry producing a perishable product like or directly competitive with a perishable product that such entity claims is being imported from Israel into the United States at a reduced duty or duty-free under the provisions of a trade agreement between the United States and Israel entered into under section 102(b)(1) of the Trade Act of 1974, as amended, in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to such domestic industry.

§ 1540.23 Contents of request.

A request for emergency action under section 404 of the Trade and Tariff Act of 1984 shall be submitted in duplicate to the Administrator, Foreign Agricultural Service, United States Department of Agriculture, Washington, DC 20250. (a) A description of the imported perishable product(s) allegedly causing, or threatening to cause, serious injury;

(b) Data showing that the perishable product allegedly causing, or threatening to cause, serious injury is being imported from Israel in increased quantities as compared with imports of the same product from Israel during a previous representative period of time (including a statement of why the period selected by the petitioner should be considered to be representative);

(c) Evidence of serious injury or threat thereof to the domestic industry substantially caused by the increased quantities of imports from Israel; and

(d) A statement indicating why emergency action would be warranted under section 404 (including all available evidence that the injury caused by the increased quantities of imports from Israel would be relieved by the withdrawal of the reduction of the duty or elimination of the duty-free treatment provided to the product under the trade agreement). A copy of the petition and the supporting evidence filed with the United States International Trade Commission under section 201 of the Trade Act of 1974, as amended, must be provided with the request for emergency action.

§1540.24 Determination of the Secretary of Agriculture.

If the Secretary of Agriculture has reason to believe that the perishable product(s) which is the subject of a petition under this subpart is being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing a perishable product like or directly competitive with the imported perishable product and that emergency action is warranted, the Secretary, within 14 days after the filing of the petition under §1540.23 shall recommend to the President that the President take emergency action. If the Secretary determines not to recommend the imposition of emergency action, the Secretary, within 14 days after the filing of the petition, will publish in the Federal Register a notice of such determination and will so advise the petitioner.

PART 1560—PROCEDURES TO MONITOR CANADIAN FRESH FRUIT AND VEGETABLE IMPORTS

§ 1560.1 Scope.

This part outlines the procedures that will be used by the Administrator of the Foreign Agricultural Service to monitor and inform the Secretary of Agriculture of data regarding the importation of fresh fruits and vegetables from Canada.

§ 1560.2 Definitions.

The following definitions shall be applicable to this part:

(b) Average Monthly Import Price means the average unit value for all shipments of a particular Canadian fresh fruit or vegetable imported into the United States from Canada during a particular calendar month based on official data from the U.S. Customs Service and/or the Bureau of Census, and shall be calculated by dividing the total value of the fresh fruit or vegetable imported in that month by the total quantity of the fresh fruit or vegetable imported in that month.

(c) Average Planted Acreage means the average of the annual planted acreage in the U.S. for a particular fresh fruit or vegetable for the preceding five years excluding the years with the highest and lowest acreages based on available data from agencies within the United States Department of Agriculture and data from appropriate state agencies, as required.

§ 1560.3 Determination of fresh fruit or vegetable.

The specific group of articles that will be monitored as a particular fresh fruit or vegetable will be determined based on the practicability of monitoring at the eight digit subheading level of the Harmonized Tariff Schedule of the United States. The determination of practicability will be made by the Administrator taking into account: (a) The availability of reliable volume and price data on imports from Canada and data on U.S. planted acreage, (b) market differentiation for the group of articles, and (c) such other factors as the Administrator determines to be appropriate.

§ 1560.4 Calculation of data to support imposition of temporary duty.

The Administrator will inform the Secretary when the following conditions are met with respect to a particular fresh fruit or vegetable imported into the United States from Canada:

(a) If for each of five consecutive working days the import price of the fresh fruit or vegetable is below ninety percent of the corresponding five-year average monthly import price for such fresh fruit or vegetable excluding the years with the highest and lowest corresponding monthly import price; and

(b) The planted acreage in the United States for such fresh fruit or vegetable based on the most recent data available is no higher than the average planted acreage over the preceding five years excluding the years with the highest and lowest planted acreages. For the purposes of calculating any planted acreage increase attributed directly to a reduction in wine grape planted acreage existing on October 4, 1987 shall be excluded.

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

Sec. 1570.10 General statement.

Subpart B—SOAP and COAP Drawback Certification

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program

Criteria

§ 1570.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Sunflowerseed Oil Assistance Program (SOAP) and Cottonseed Oil Assistance Program (COAP) administered by the Foreign Agricultural Service (FAS). These criteria are interrelated and will be considered together in order to select eligible countries for SOAP and COAP initiatives which will best meet the programs’ objective. The objective of the programs is to encourage the sale of additional quantities of sunflowerseed oil and cottonseed oil in world markets at competitive prices. Under the SOAP and the COAP, bonuses are made available by FAS to enable exporters to meet prevailing world prices for sunflowerseed oil and cottonseed oil in targeted destinations. In the operation of the SOAP and the COAP, FAS will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1570.20 Criteria.

The criteria considered by FAS in reviewing proposals for SOAP and COAP initiatives will include, but not be limited to, the following:

(a) The expected contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. sunflowerseed and/or cottonseed oil;

(b) The subsidy requirements of proposed initiatives in relation to the sums made available to operate the programs in any given fiscal year; and

(c) The likelihood that sales facilitated by initiatives would have the unintended effect of displacing normal commercial sales of sunflowerseed and/or cottonseed oil.

Subpart B—SOAP and COAP

Drawback Certification

§ 1570.1100 Drawback certification.

An offer submitted by an exporter to FAS for an export bonus under the SOAP or the COAP must contain, in addition to any other information required by FAS, a certification stating the following: “None of the eligible commodity (sunflowerseed oil and/or cottonseed oil) has been or will be used as the basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax, or fee imposed under Federal law on an imported commodity or product.” This certification must be signed by the exporter, if the exporter is an individual, or by a partner or officer of the exporter, if the exporter is a partnership or a corporation, respectively. FAS will reject any offer that does not contain the prescribed certification.

SOURCE: 75 FR 9089, Mar. 1, 2010, unless otherwise noted.
§ 1580.101 General statement.

This part provides regulations for the Trade Adjustment Assistance (TAA) for Farmers program as authorized by the Trade Act of 1974, amended by Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107–210), and re-authorized and modified by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5). The regulations establish procedures by which a group of producers of raw agricultural commodities or fishermen (jointly referred to as “producers”) can petition for certification of eligibility and through which individual producers covered by a certified petition can apply for technical assistance and cash benefits for the development and implementation of approved business adjustment plans.

§ 1580.102 Definitions.

As used in the part, the following terms mean:

Agricultural commodity means any commodity in its raw or natural state; found in chapters 1, 3, 4, 5, 6, 7, 8, 10, 12, 14, 23, 24, 41, 51, and 52 of the Harmonized Tariff Schedule of the United States (HTS).

Articles like or directly competitive generally means products falling under the same HTS number used to identify the agricultural commodity in the petition. A “like” product means substantially identical in inherent or intrinsic characteristics, and the term “directly competitive” means articles that are substantially equivalent for commercial purposes (i.e., adapted to the same uses and essentially interchangeable therefore). For fishery products, competition could be either from farm-raised or wild-caught products.

Authorized representative means an entity that represents a group of agricultural commodity producers or fishermen.

Average price received by the producer means the average of the 3 marketing year prices per unit received by the producer from the first level of sales for the commodity.

Cash receipts mean the value of commodity marketings during the calendar year, irrespective of the year of production, as calculated by the Economic Research Service of the USDA.

Certification of eligibility means the date on which the Administrator (FAS) announces in the Federal Register or by Department news release, whichever comes first, a certification of eligibility to apply for trade adjustment assistance.

Contributed importantly means a cause which is important, but not necessarily more important than any other cause.

County price maintained by the Secretary means a daily price obtained from a USDA agency for the commodity and producer location, except that weekly or monthly prices may be used if daily prices are unavailable.

Department means the U.S. Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs of the Farm Service Agency (FSA).

Family member means an individual to whom a producer is related as spouse, lineal ancestor, lineal descendent, or sibling, including:

(1) Great grandparent;
(2) Grandparent;
(3) Parent;
(4) Children, including legally adopted children;
(5) Grandchildren;
(6) Great grandchildren;
(7) Sibling of the family member in the farming operation; and
(8) Spouse of a person listed in paragraphs (1) through (7) of this definition.

Filing period means the dates during which petitions may be submitted, as published in the Federal Register.

FSA means the Farm Service Agency of the U.S. Department of Agriculture.

Group means three or more producers who are not members of the same family.

Impacted area means one or more States of the United States.

Marketing year means the marketing season or year designated by the Administrator (FAS) with respect to an agricultural commodity. In the case of an agricultural commodity that does not have a designated marketing year, a calendar year will be used.

National average price means the average price paid to producers for an agricultural commodity in a marketing year as determined by the National Agricultural Statistics Service (NASS) of the U.S. Department of Agriculture, or
the National Marine Fisheries Service of the National Oceanic and Atmospheric Administration, when available, or when unavailable, as determined by the Administrator (FAS).

NIFA means the National Institute of Food and Agriculture, the Federal agency within the U.S. Department of Agriculture which administers the Federal agricultural extension programs.

Producer means a person who shares in the risk of producing an agricultural commodity and is entitled to a share of the commodity for marketing; including an operator, a sharecropper, or a person who owns or rents the land on which the commodity is produced; or a person who reports gain or loss from the trade or business of fishing on the person’s annual Federal income tax return for the taxable year that most closely corresponds to the marketing year with respect to which a petition is filed.

Raw or natural state means unaltered by any process other than cleaning, grading, coating, sorting, trimming, mixing, conditioning, drying, dehulling, shelling, chilling, cooling, blanching, irradiating, or fumigating.

United States means the 50 States of the United States, the District of Columbia, and Puerto Rico.

Value of production means the value of commodities produced during the crop year calculated as production times the marketing year average price. This may be equal to cash receipts when the crop year for the commodity runs from January through December.

§ 1580.201 Petitions for trade adjustment assistance.

(a) A group of producers in the United States or its authorized representative may file a petition for trade adjustment assistance.

(b) Filings may be written or electronic, as provided for by the Administrator (FAS), and submitted to FAS no later than the last day of the filing period announced in the Federal Register. Petitions received after this date will be returned to the sender.

(c) Petitions shall include the following information:

(1) Name, business address, phone number, and e-mail address (if available) of each producer in the group, or its authorized representative. The petition shall identify a contact person for the group.

(2) The agricultural commodity and its Harmonized Tariff Schedule of the United States (HTS) number.

(3) The production area represented by the group or its authorized representative. The petition shall indicate if the group is filing on behalf of all producers in the United States, or if it is filing solely on behalf of all producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area.

(4) The beginning and ending dates for the marketing year upon which the petition is based. A petition may be filed for only the most recent full marketing year for which data are available for national average prices, or quantity of production, or value of production, or cash receipts.

(5) A justification statement explaining why the petitioners should be considered eligible for adjustment assistance.

(6) Supporting information justifying the basis of the petition, including required data for the petitioned marketing year and the previous 3 marketing years.

(i) Whenever possible, the petitioners shall use national average data compiled by the National Agricultural Statistics Service (NASS) or the National Marine Fisheries Service (NMFS), to determine national average prices, or quantity of production, or value of production, or cash receipts. If NASS or NMFS has not compiled such data for the commodity, the petitioners shall provide alternative data for the marketing year under review and for the
previous 3 marketing years, and identify the source of the data. In such cases the Administrator (FAS) shall determine if the alternative data is acceptable.

(ii) If the petition is filed on behalf of producers in a specifically identified impacted area, the petitioners shall provide the national average prices or county prices if applicable, or quantity of production or value of production, or cash receipts for the petitioned commodity in the impacted area for the marketing year under review and for the previous 3 marketing years, and identification of the data source.

(iii) The Administrator (FAS) may request petitioners to provide records to support their data.

(d) Once the petition is received, the Administrator (FAS) shall determine if it meets the requirements of §1580.201(c) of this part, and if so, publish notice in the FEDERAL REGISTER that a petition has been filed and that an investigation is being initiated. The notice shall identify the agricultural commodity, including any like or directly competitive commodities, the marketing year being investigated, the data being used, and the production area covered by the petition. The notice may also announce the scheduling of a public hearing, if requested by the petitioner. If the petition does not meet the requirements of §1580.201(c) of this part, the Administrator (FAS) shall notify as soon as practicable the contact person or the authorized representative for the group of the deficiencies.

§ 1580.202 Hearings, petition reviews, and amendments.

(a) If the petitioner, or any other person found by the Administrator (FAS) to have a substantial interest in the proceedings, submits not later than 10 days after the date of publication of notice in the FEDERAL REGISTER under §1580.201(d) of this part, a request in writing for a hearing, the Administrator (FAS) shall provide for a public hearing and afford such interested person an opportunity to be present, to produce evidence, and to be heard.

(b) If the petitioner or any other person having an interest in the proceedings takes issue with any of the information published in the FEDERAL REGISTER concerning the petition, such person may submit to the Administrator (FAS) their comments in writing or electronically for consideration by the Administrator (FAS) not later than 10 days after the date of publication of notice in the FEDERAL REGISTER under §1580.201(d) of this part.

(c) A producer or group of producers that resides outside of the State or region identified in the petition filed under paragraph (a) of this section, may file a request to become a party to that petition not later than 15 days after the date that the notice is published in the FEDERAL REGISTER under §1580.201(d) of this part. The Administrator (FAS) may amend the original petition to expand the impacted area and include the additional filer, or consider it a separate filing.

(d) The Administrator (FAS) shall publish in the FEDERAL REGISTER as soon as practicable any changes to the original notice resulting from any actions taken under this section.

§ 1580.203 Determination of eligibility and certification by the Administrator (FAS).

(a) As soon as practicable after the petition has been filed, but in any event not later than 40 days after that date, the Administrator (FAS) shall certify a group of producers as eligible to apply for adjustment assistance under this chapter if the Administrator (FAS) determines:

(1) At least one of the following:

(i) The national average price of the agricultural commodity produced by the group during the most recent marketing year for which data are available is less than 85 percent of the average of the national average price for the commodity in the 3 marketing years preceding such marketing year; or

(ii) The quantity of production of the agricultural commodity produced by the group during such marketing year is less than 85 percent of the average of the quantity of production of the commodity produced by the group in the 3 marketing years preceding such marketing year; or

(ii) The value of production of the agricultural commodity produced by
the group during such marketing year
is less than 85 percent of the average
value of production of the commodity
produced by the group in the 3 mar-
keting years preceding such marketing
year; or
(iv) The cash receipts for the agricul-
tural commodity produced by the
group during such marketing year are
less than 85 percent of the average of
the cash receipts for the commodity
produced by the group in the 3 mar-
keting years preceding such marketing
year;
(2) The volume of imports of articles
like or directly competitive with the
agricultural commodity produced by
the group in the marketing year with
respect to which the group files the pe-
tition increased compared to the aver-
age volume of such imports during the
3 marketing years preceding such mar-
keting year; and
(3) The increase in such imports con-
tributed importantly to the decrease in
the national average price, or quantity
of production, or value of production,
or cash receipts for, the agricultural
commodity.
(b) In any case in which there are
separate classes of goods within an ag-
ricultural commodity, the Adminis-
trator (FAS) shall treat each class as a
separate commodity in determining:
(1) Group eligibility;
(2) The national average price, or
quantity of production, or value of pro-
duction, or cash receipts; and
(3) The volume of imports.
(c) Upon making a determination,
whether affirmative or negative, the
Administrator (FAS) shall promptly
publish in the FEDERAL REGISTER a
summary of the determination, to-
gether with the reasons for making the
determination.
(d) In addition, the Administrator
(FAS) shall notify producers covered
by a certification how to apply for ad-
justment assistance. Notification
methods may include direct mailings
to known producers, messages to di-
rectly affected producer groups and or-
ganizations, electronic communica-
tions, Web site notices on the Internet,
use of broadcast print media, and trans-
mittal through local USDA of-
fices.
(e) Whenever a group of agricultural
producers is certified as eligible to
apply for assistance, the Administrator
(FAS) shall notify NIFA, the Agricul-
tural Marketing Service, and FSA who
will assist in informing other producers
about the TAA for Farmers program
and how they may apply for trade ad-
justment assistance.
§1580.301 Application for trade adjust-
ment assistance.
(a) Only producers covered by a cer-
tification of eligibility under §1580.203
of this title, may apply for adjustment
assistance.
(b) An eligible producer may submit
an application for adjustment assis-
tance by submitting to FSA a design-
ated application form at any time
after the certification date but not
later than 90 days after the certifi-
cation date. If the 90-day application
period ends on a weekend or legal holi-
day, the producer may apply the fol-
lowing business day.
(c) When submitting an application,
the producer shall provide sufficient
documentation to establish that:
(1) The producer produced the agri-
cultural commodity in the marketing
year for which the petition is filed and
in at least 1 of the 3 marketing years
preceding that marketing year;
(2) There has been a decrease in the
quantity of the agricultural com-
modity produced by the producer in the
marketing year for which the petition
is certified from the most recent prior
marketing year preceding that mar-
keting year for which data is available;
or
(3) There has been a decrease in the
price of the agricultural commodity
based on:
(i) The price received for the agricul-
tural commodity by the producer dur-
ing the marketing year with respect to
which the petition is filed from the av-
erage price for the commodity received
by the producer in the 3 marketing
years preceding that marketing year;
or
(ii) The effective posted county price
maintained by the Secretary for the
agricultural commodity on the date on
which the Administrator (FAS) accepts
a petition for consideration as pub-
lished in the FEDERAL REGISTER from
the average effective posted county level price for the commodity in the 3 marketing years preceding that date. If USDA prices are not available, prices from verifiable sources, including universities, cooperatives, or local markets, may be used.

(4) If a petition is certified with respect to a commodity not produced by the producer every year, the producer may establish the average price received by the producer for the commodity in the 3 marketing years preceding the year in which the petition is filed by using annual price data for the 3 most recent marketing years in which the producer produced the commodity.

(5) The producer must certify that the producer has not received cash benefits under the Trade Adjustment Assistance for Workers or Trade Adjustment Assistance for Firms programs; or TAA for Farmers benefits based on the production of an agricultural commodity covered by another TAA for Farmers petition.

(d) The producer must certify that:

(2) For petitions certified for 2009 and subsequent crops, their average gross nonfarm income and average adjusted gross farm income meet requirements set forth in part 1400 of this title, subpart F, and payment limitation requirements set forth in part 1400 of this title, subparts A and B, effective December 29, 2008; and,

(e) The total amount of payments made to a producer for which the application was approved may not exceed the limitations on payments applicable to:

(2) For petitions certified for 2009 and subsequent crops, the counter-cyclical payments, including the Average Crop Revenue Election (ACRE) set forth in part 1400 of this title, subparts A and B, effective December 29, 2008; and

(f) If requested by FSA, a producer must provide documentation regarding average adjusted gross income and payment limitations.

§ 1580.302 Technical assistance and services.

Any producer who may be entitled to a payment may assign their rights to such payment in accordance with 7 CFR part 1404 or successor regulations as designated by the Department.

(e) The Deputy Administrator may, in consultation with the Administrator, FAS, authorize the State and County committees to waive or modify non-statutory deadlines or other program requirements in cases where lateness or failure to meet such other requirements by applicants does not adversely affect the operation of the program.

§ 1580.502 Maintenance of records, audits, and compliance.

(a) Producers making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested. (b) At all times during regular business hours, authorized representatives of the U.S. Department of Agriculture or any agency thereof, the Comptroller General of the United States shall have access to the premises of the producer in order to inspect, examine, and make copies of the books, records, and accounts, and other written data as specified in paragraph (a) of this section.

(c) Audits of certifications of average adjusted gross income may be conducted as necessary to determine compliance with the requirements of this subpart. § 1580.503 Recovery of overpayments.

(a) If the Administrator (FAS) determines that any producer has received any payment under this program to which the producer was not entitled, or has expended funds received under this program for purpose that was not approved by the Administrator (FAS) such producer will be liable to repay such amount. The Administrator (FAS) may waive such repayment if it is determined that:
(1) The payment was made without fault on the part of the producer; and
(2) Requiring such repayment would be contrary to equity and good conscience.

(b) Unless an overpayment is otherwise recovered, or waived under paragraph (a) of this section, the Administrator (FAS), shall recover the overpayment as a debt following the procedures in 7 CFR part 3. The requirement for demand and notice and opportunity for a hearing under the debt collection procedures in 7 CFR part 3 shall satisfy the notice and hearing requirements under 19 U.S.C. 2401f(c), and the appeal procedures in §1580.505 of this part shall not apply to collection of overpayments.

(1) Knowingly has made, or caused another to make, a false statement or representation of a material fact, or
(2) Knowingly has failed, or caused another to fail, to disclose a material fact; and, as a result of such false statement or representation, or of such nondisclosure, such producer has received any payment under this program to which the producer was not entitled, the Administrator (FAS) shall suspend and debar such producer from any future payments under this program, as provided in 19 U.S.C. 2401f(b).

(c) Criminal penalty. Whoever makes a false statement of a material fact knowing it to be false, or knowingly fails to disclose a material fact, for the purpose of obtaining or increasing for himself or for any other producer any payments authorized to be furnished under this program shall be fined not more than $10,000 or imprisoned for not more than 1 year, or both.

(vi) Notify the participant immediately if the surveyor has reason to believe that the correct quantity was not discharged or if additional services are necessary to protect the cargo; and

(6) And the damage or loss occurred with respect to a container shipment, if the agreement provides that the participant is responsible for survey and outturn reports, the participant shall engage the services of an independent cargo surveyor to list the container numbers and seal numbers shown on the containers, indicate whether the seals were intact at the time the containers were opened, and note whether the containers were in any way damaged.

(d) If the participant has title to the donated commodities, and the value of any damaged donated commodities is in excess of $1,000, the participant shall immediately arrange for an inspection by a public health official or other competent authority approved by FAS and provide to FAS a certification by such public health official or other competent authority regarding the exact quantity and condition of the damaged commodities. The value of damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by CCC with respect to such commodities. The participant shall inform FAS of the results of the inspection and indicate whether the damaged commodities are:

(1) Fit for the use authorized in the agreement and, if so, whether there has been a diminution in quality; or

(2) Unfit for the use authorized in the agreement.

(e)(1) If the participant has title to the donated commodities, the participant shall arrange for the recovery of that portion of the donated commodities designated as suitable for the use authorized in the agreement. The participant shall dispose of donated commodities that are unfit for such use in the following order of priority:

(i) Sale for the most appropriate use, i.e., animal feed, fertilizer, industrial use, or another use approved by FAS, at the highest obtainable price;

(ii) Donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iii) Destruction of the commodities if they are unfit for any use, in such manner as to prevent their use for any purpose.

(2) The participant shall arrange for all U.S. Government markings to be obliterated or removed before the donated commodities are transferred by sale or donation.

(f) A participant may retain any proceeds generated by the disposal of the donated commodities in accordance with paragraph (e)(1) of this section and shall use the proceeds for expenses related to the disposal of the donated commodities and for activities specified in the agreement.

(g) The participant shall notify FAS immediately and provide detailed information about the actions taken in accordance with paragraph (e) of this section, including the quantities, values and dispositions of commodities determined to be unfit.
§ 1599.10 Claims for damage to or loss of commodities.

(a) FAS will be responsible for claims arising out of damage to or loss of a quantity of the donated commodities prior to the transfer of title to the commodities to the participant.

(b) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be $20,000 or greater, the participant will be responsible for:
   (1) Initiating a claim arising out of such damage or loss, including actions relating to collections pursuant to commercial insurance contracts; and
   (2) Notifying FAS immediately and providing detailed information about the circumstances surrounding such damage or loss, the quantity of damaged or lost donated commodities, and the value of the damage or loss.

(c) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be less than $20,000, the participant will be responsible for providing detailed information about the damage or loss in the next report required to be filed under §1599.13(c)(1) or (2) and shall not be required to initiate a claim collection action.

(d)(1) The value of a claim for lost donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by FAS with respect to such commodities.

(2) The value of a claim for damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by FAS with respect to such commodities, less any funds generated if such commodities are sold in accordance with §1599.9(e)(1).

(e) If FAS determines that a participant is not exercising due diligence in the pursuit of a claim, FAS may require the participant to assign its rights to pursue the claim to FAS.

(f)(1) The participant may retain any funds obtained as a result of a claims collection action initiated by it in accordance with this section, or recovered pursuant to any insurance policy or other similar form of indemnification, but such funds shall only be expended for purposes approved in advance by FAS.

(2) FAS will retain any funds obtained as a result of a claims collection action initiated by it under this section; provided, however, that if the participant paid for the freight or a portion thereof, FAS will use a portion of such funds to reimburse the participant for such expense on a prorated basis.

§ 1599.11 Use of commodities and sale proceeds.

(a) A participant must use the donated commodities in accordance with the agreement.

(b) A participant shall not permit the distribution, handling, or allocation of donated commodities on the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliation of the potential consumers or beneficiaries.

(c) A participant shall not permit the distribution, handling, or allocation of donated commodities by the military forces or any government or insurgent group without the specific authorization of FAS.

(d) A participant may sell or barter donated commodities only if such sale or barter is provided for in the agreement or the participant is disposing of damaged commodities as specified in §1599.9. The participant shall sell the donated commodities at a reasonable market price in the economy where the sale occurs. The participant shall use any sale proceeds, income, or goods or services derived from the sale or barter of the donated commodities only as provided in the agreement.

(e) The participant shall deposit all sale proceeds and income into a separate, interest-bearing account unless the exceptions in §3019.22(k) of this title apply, the account is in a country where the laws or customs prohibit the payment of interest, or FAS determines that this requirement would constitute an undue burden.

(f) A participant may use sale proceeds or income to purchase real or personal property only if local law permits the participant to retain title to
§ 1599.13 Recordkeeping and reporting requirements.

(a) A program participant shall retain records and permit access to records in accordance with the requirements of §3019.53 of this title. The date of submission of the final expenditure report, as referenced in §3019.53(b) of this title, shall be the final date of submission of the forms required by paragraphs (c)(1) and (2) of this section, as prescribed by FAS.

(b) A participant shall, within 30 days after export of all or a portion of the donated commodities, submit evidence of such export to FAS, in the manner set forth in the agreement. The evidence may be submitted through an electronic media approved by FAS or by providing the carrier’s on board bill of lading. The evidence of export must show the kind and quantity of commodities exported, the date of export, and the country where commodities were delivered.

(c)(1) A participant shall submit to FAS information, using a form as prescribed by FAS, covering the receipt, handling and disposition of the donated

§ 1599.12 Subrecipients.

(a) If provided for in the agreement, a participant may utilize the services of a subrecipient to implement activities under this agreement. The participant shall enter into a written subagreement with the subrecipient, and provide a copy of such subagreement to FAS, in the manner set forth in the agreement, prior to the transfer of any donated commodities, sale proceeds, income or FAS-provided funds to the subrecipient. Such written subagreement shall require the subrecipient to pay to the participant the value of any donated commodities, sale proceeds, income, or FAS-provided cash funds that are not used in accordance with the subagreement or are lost, damaged, or misused as a result of the subrecipient’s failure to exercise reasonable care.

(b) If a participant demonstrates to FAS that it is not feasible to enter into a subagreement with a subrecipient, FAS may grant approval to proceed without a subagreement; provided, however, that the participant must obtain such approval from FAS prior to transferring any donated commodities, sale proceeds, income, or FAS-provided funds to the subrecipient.

(c) The participant shall monitor the actions of a subrecipient as necessary to ensure that donated commodities or funds provided to the subrecipient are used for authorized purposes in compliance with applicable laws and regulations and the agreement and that performance goals are achieved. The participant shall provide in the subagreement that the subrecipient must comply with applicable provisions of the regulations set forth in Chapter XXX of this title.
§ 1599.14 Noncompliance with an agreement.

If a participant fails to comply with a term of an agreement, FAS may take one or more of the enforcement actions set forth in §3019.62 of this title and, if appropriate, initiate a claim against the participant. FAS may also initiate a claim against a participant if the donated commodities are damaged or lost or the sale proceeds, income, or FAS-provided funds are lost due to an action or omission of the participant.

§ 1599.15 Suspension, termination, and closeouts of agreements.

(a) An agreement may be suspended or terminated by FAS if it determines that:

(1) The continuation of the assistance provided under the agreement is no longer necessary or desirable; or

(2) The participant has noncomplied with a term of the agreement or a condition specified in the agreement; or

(3) The participant fails to meet the standards of performance set forth in the agreement.

(b) A participant shall not unilaterally terminate an agreement.

(c) In the event of a suspension or termination of an agreement, FAS shall notify the participant in writing of the reasons for the suspension or termination and shall give the participant an opportunity to respond to the notice.

(d) A participant shall provide to FAS all information and documentation required under the agreement and shall make all records and books available for inspection by FAS.

(e) A participant shall, in the manner specified in the agreement, submit to FAS interim and final evaluations of the implementation of the agreement. Unless otherwise provided in the agreement, the evaluations shall be submitted at the mid-point and end-point of the implementation period. The participant shall arrange for the evaluations to be conducted by an independent third party that:

(i) Is financially and legally separate from the participant’s organization;

(ii) Has staff with demonstrated knowledge, analytical capability, language skills and experience in conducting evaluations of development programs involving agriculture, education, and nutrition;

(iii) Uses acceptable analytical frameworks such as comparison with non-project areas, surveys, involvement of stakeholders in the evaluation, and statistical analyses;

(iv) Uses local consultants, as appropriate, to conduct portions of the evaluation; and

(v) Provides a detailed outline of the evaluation, major tasks, and specific schedules prior to initiating the evaluation.

(f) Receipt by FAS of the evaluations referred to in paragraph (e)(1) of this section is a condition for the participant to retain any funds provided by FAS to carry out the evaluations.

(g) A participant shall submit to FAS the financial reports and information outlined in §3019.52 of this title. The agreement will specify the acceptable forms and time requirements for submission.
(2) Storage facilities are inadequate to prevent spoilage or waste, or distribution of the donated commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the targeted country.

(b) An agreement may be terminated in accordance with §3019.61 of this title. If an agreement is terminated, the participant shall:

(1) Be responsible for the safety of any undistributed donated commodities and dispose of such commodities only as agreed to by FAS; and

(2) Follow the closeout procedures in §§3019.71 through 3019.73 of this title.

(c) An agreement will be considered completed when FAS and the participant have fulfilled their responsibilities under the agreement or the agreement has been terminated. The procedures in §§3019.71 through 3019.73 of this title will apply to the closeout of a completed agreement.

§ 1599.16 Appeals.

A participant may appeal a determination arising under this part to FAS. Such appeal will be in writing and submitted to the FAS official and in the manner set forth in the agreement. The participant will be given an opportunity to have a hearing before a final decision is made regarding its appeal.
