§ 1717.850 General.

(a) Scope and applicability. (1) This subpart R establishes policies and procedures for the accommodation, subordination or release of the Government’s lien on borrower assets, including approvals of supporting documents and related loan security documents, in connection with 100 percent private sector financing of facilities and other purposes. Policies and procedures regarding lien accommodations for concurrent supplemental financing required in connection with an RUS insured loan are set forth in subpart S of this part.

(2) This subpart and subpart S of this part apply only to debt to be secured under the mortgage, the issuance of which is subject to the approval of the Rural Utilities Service (RUS) by the terms of the borrower’s mortgage with respect to the issuance of additional debt or the refinancing or refunding of debt. If RUS approval is not required under such terms of the mortgage itself, a lien accommodation is not required. If the loan contract or other agreement between the borrower and RUS requires RUS approval with respect to the issuance of debt or making additions to or extensions of the borrower’s system, such required approvals do not by themselves result in the need for a lien accommodation.

(b) Overall policy. (1) Consistent with prudent lending practices, the maintenance of adequate security for RUS’s loans, and the objectives of the Rural Electrification Act (RE Act), it is the policy of RUS to provide effective and timely assistance to borrowers in obtaining financing from other lenders by sharing RUS’s lien on a borrower’s assets in order to finance electric facilities, equipment and systems, and certain other types of community infrastructure. In certain circumstances, RUS may facilitate the financing of such assets by subordinating its lien on specific assets financed by other lenders.

(2) It is also the policy of RUS to provide effective and timely assistance to borrowers in promoting rural development by subordinating RUS’s lien for financially sound rural development investments under the conditions set forth in §1717.858.

(c) Decision factors. In determining whether to accommodate, subordinate, or release its lien on property pledged by the borrower under the RUS mortgage, RUS will consider the effects of such action on the achievement of the purposes of the RE Act, the repayment and security of RUS loans secured by the mortgage, and other factors set forth in this subpart. The following factors will be considered in assessing the effects on the repayment and security of RUS loans:

(1) The value of the added assets compared with the amount of new debt to be secured;

(2) The value of the assets already pledged under the mortgage, and any effects of the proposed transaction on the value of those assets;

(3) The ratio of the total outstanding debt secured under the mortgage to the value of all assets pledged as security under the mortgage;

(4) The borrower’s ability to repay debt owed to the Government, as indicated by the following factors:

(i) Revenues, costs (including interest, lease payments and other debt service costs), margins, Times Interest Earned Ratio (TIER), Debt Service Coverage (DSC), and other case-specific economic and financial factors;

(ii) The variability and uncertainty of future revenues, costs, margins, TIER, DSC, and other case-specific economic and financial factors;

(iii) Future capital needs and the ability of the borrower to meet those needs at reasonable cost;

(iv) The ability of the borrower’s management to manage and control its system effectively and plan for future needs; and
(5) Other factors that may be relevant in individual cases, as determined by RUS.

(d) Environmental considerations. Under certain circumstances, such as when the project does not qualify for a categorical exclusion, the environmental requirements of 7 CFR part 1794 may apply to applications for lien accommodations, subordinations, and releases.

(e) Co-mortgagees. Other mortgagees under existing mortgages shared with RUS may have the right to approve requests for lien accommodations, subordinations and releases. In those cases, borrowers would have to obtain the approval of such mortgagees in order for the lien of the mortgage to be accommodated, subordinated or released. Any reference in this subpart to waiving by RUS of any of its rights under the mortgage shall apply only to the rights of RUS and shall not apply to the rights of any other co-mortgagee.

(f) Safety and performance standards.

(1) To be eligible for a lien accommodation or subordination from RUS, a borrower must comply with RUS standards regarding facility and system planning and design, construction, procurement, and the use of materials accepted by RUS, as required by the borrower’s mortgage, loan contract, or other agreement with RUS, and as further specified in RUS regulations.

(2) RUS “Buy American” requirements shall not apply.

(g) Advance of funds. (1) The advance of funds from 100 percent private loans lien accommodated or subordinated by RUS will not be subject to RUS approval. It is the private lender’s responsibility to adopt reasonable measures to ensure that such loan funds are used for the purposes for which the loan was made and the lien accommodation or subordination granted. RUS encourages lenders to adopt the following measures:

(i) Remit loan advances to a separate subaccount of the Cash-Construction Fund-Trustee Account;

(ii) Obtain a certificate from a registered professional engineer, for each year during which funds from the separate subaccount are utilized by the borrower, that all materials and equipment purchased and facilities constructed during the year from said funds comply with RUS safety and performance standards, as required by paragraph (f) of this section, and are included in an CWP or CWP amendment approved by the borrower’s board of directors;

(iii) Obtain an auditor’s certification from a Certified Public Accountant, for each year during which funds are advanced to or remitted from the separate subaccount, certifying:

(A) The amount of loan funds advanced to and remitted from the separate subaccount during the period of review;

(B) That based on the auditor’s review of construction work orders and other records, all moneys disbursed from the separate subaccount during the period of review were used for purposes contemplated in the loan agreement and the lien accommodation; and

(iv) Immediately notify RUS in writing if the lender is unable to obtain the certifications cited in paragraphs (g)(1)(ii) and (g)(1)(iii) of this section.

(2) The measures listed in paragraph (g)(1) of this section will normally be sufficient to meet the lender’s responsibility provided that additional measures are not reasonably required based on the particular circumstances of an individual case. Should a lender fail to carry out its responsibility in the manner described in this paragraph (g) or in another manner acceptable to RUS, RUS may disqualify such lender from participation in advance approval under §§1717.854 and 1717.857 and condition the lender’s receipt of a lien accommodation or subordination upon the lender providing satisfactory evidence that it will fulfill its responsibility under this paragraph (g).

(h) Contracting and procurement procedures. (1) Facilities financed with debt obtained entirely from non-RUS sources, without an RUS loan guarantee, are not subject to RUS post-loan requirements regarding contracting, procurement and bidding procedures; contract close-out procedures pertaining to project completion, final payment of contractor, and related matters; and standard forms of construction and procurement contracts listed in 7 CFR 1726.300.
