

which the property or its use is donated. This requirement must also be imposed by the recipient on subgrants.

Subpart H—Standards for Financial Management Systems

§ 3015.60 Scope.

This subpart contains standards for financial management systems of recipients. No additional financial management standards or requirements shall be imposed by awarding agencies. Awarding agencies will, however, provide recipients with suggestions and assistance on establishing or improving financial management systems when such assistance is needed or requested.

§ 3015.61 Financial management standards.

The following standards shall be met by recipients and subrecipients in managing their financial management system.

(a) *Financial reporting.* Complete, accurate, and current disclosure of the financial results of each USDA sponsored project or program shall be made in accordance with the financial reporting requirements set forth in the grant or subgrant. When a USDA awarding agency requires reporting on an accrual basis, the recipient shall not be required to establish an accrual accounting system, but shall develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(b) *Accounting records.* The source and application of funds shall be readily identified by the continuous maintenance of updated records. Records, as such, shall contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, outlays, and income. When the recipient is a governmental entity, the records shall also contain liabilities.

(c) *Internal control.* Effective control over and accountability for all USDA grant or subgrant funds, real and personal property assets shall be maintained. Recipients shall adequately safeguard all such property and shall ensure that it is used solely for authorized purposes. In cases where projects are not 100 percent Federally funded,

recipients must have effective internal controls to assure that expenditures financed with Federal funds are properly chargeable to the grant supported project.

(d) *Budgetary control.* The actual and budgeted amounts for each grant or subgrant shall be compared. If appropriate, or required by the awarding agency, financial information shall be related to performance and unit cost data. When unit cost data is required, estimates based on available documentation may be accepted whenever possible.

(e) *Advance payments.* There shall be specific procedures established to minimize the time elapsing between the advance of Federal grant or subgrant funds and their subsequent disbursement by the recipient. When advances are made by a letter of credit method, the recipients shall make drawdowns as close as possible to the time of making the disbursements. This same procedure shall be followed by recipients who advance cash to subrecipients to ensure that timely fiscal transactions and reporting requirements are conducted.

(f) *Allowable costs.* Established procedures shall be used for determining the reasonableness, allowability, and allocability of costs in accordance with the cost principles prescribed by Subpart T of this part and the provisions of the grant award.

(g) *Source documentation.* Accounting records shall be supported by source documentation. These documentations include, but are not limited to, cancelled checks, paid bills, payrolls, contract and subgrant award documents.

(h) *Audit resolution.* A systematic method shall be employed by each recipient to assure timely and appropriate resolution of audit findings and recommendations.

Subpart I [Reserved]

Subpart J—Financial Reporting Requirements

§ 3015.80 Scope and applicability.

(a) This subpart prescribes requirements and forms for recipients to report financial information to USDA

§ 3015.81

and to request grant payments when a letter of credit is not used.

(b) This subpart need not be applied by recipients in dealing with their subrecipients. Recipients are encouraged not to impose on subrecipients more burdensome requirements than USDA imposes on them.

§ 3015.81 General.

(a) Except as provided in paragraphs (d) and (e) of this section, recipients shall use only the forms specified in §§ 3015.82 through 3015.85, and such other forms as may be authorized by OMB for:

(1) Submitting grant financial reports to awarding agencies, or

(2) Requesting grant payments when letters of credit or automatic prescheduled Treasury check advances are not used.

(b) Recipients shall follow all applicable standard instructions issued by OMB for use in connection with the forms specified in §§ 3015.82 through 3015.85. Awarding agencies may not issue substantive supplementary instructions that are inconsistent with this subpart or impose additional requirements on recipients without the approval of O&F and OMB. However, awarding agencies may shade out or instruct the recipient to disregard any line item that the awarding agency finds unnecessary for its decision-making purposes.

(c) Recipients shall not be required to submit more than one original and two copies of the forms required under this subpart.

(d) Awarding agencies may provide computer outputs to recipients to expedite or contribute to the accuracy of reporting. Awarding agencies may accept the required information from recipients in machine readable form or computer printouts instead of prescribed formats.

(e) When an awarding agency determines that a recipient's accounting system does not meet the standards for financial management systems contained in Subpart H of this part, it may require more frequent financial reports or more detail (or both) upon written notice to the recipient (without regard to § 3015.4) until such time as the standards are met.

7 CFR Ch. XXX (1-1-11 Edition)

(f) Awarding agencies may waive any report required by this subpart, if not needed.

(g) Awarding agencies may extend the due date for any financial report upon receiving a justified request from the recipient. The recipient should not wait until the due date if an extension is to be requested, but should submit the request as soon as the need becomes known. Failure by a recipient to submit a report by its due date may result in severe enforcement actions by USDA. These may include withholding of further grant payments, suspension or termination of the grant, etc. Therefore recipients are urged to submit reports on time.

§ 3015.82 Financial status report.

(a) *Form.* Recipients shall use Standard Form 269, Financial Status Report, to report the status of funds for all nonconstruction projects or programs.

(b) *Accounting basis.* Unless specified in the provisions of the grant or subgrant each recipient shall report program outlays and program income on the same accounting basis, *i.e.*, cash or accrual, which it uses in its accounting system.

(c) *Frequency.* The awarding agency may prescribe the frequency of the report for each project or program. However, the report shall not be required more frequently than quarterly except as provided in §§ 3015.4, 3015.81(e), or by statute. If the awarding agency does not specify the frequency of the report, it shall be submitted annually. Upon expiration or termination of the grant or cooperative agreement, if a period of time remains not covered by a periodic report (*i.e.*, a quarterly, semi-annual or annual report), a final report shall be required.

(d) *Due date.* When reports are required on a quarterly or semiannual basis, they shall be due 30 days after the reporting period. When required on an annual basis, they shall be due 90 days after the end of the grant or agreement period. In addition, final reports as defined in § 3015.82(c) shall be due 90 days after the expiration or termination of grant or agreement support, except in those instances where an extension has been granted.
