Requests for exceptions to the homeowner education requirement will be reviewed and granted on an individual

case-by-case basis. The State Director may grant an exception the homeownership education requirement for individuals in geographic areas within the State where the State Director verifies that certified homeownership education is not reasonably available in the local area in any of the formats listed in §3550.11(b). Whether such homeownership education is reasonably available will be determined based on factors including, but not limited to: Distance, travel time, geographic obstacles, and cost. On a case-by-case basis, the State Director also may grant an exception, provided the applicant borrower documents a special need, such as a disability, that would unduly impede completing a homeownership course in a reasonably available format.
